BEAVER BOARD

If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.

We carry a large stock in assorted sizes.

MAIL ORDERS

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt service.

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.
Office Hours—8 A. M. to 6 P. M.

Advertise in The Graphic and get quick results.

BASEBALL LEAGUE NOW FORMED

Preparing for Interesting Summer in Sporting Matters Here.

A meeting of the Campbellton Baseball League was held in the Curling Rink Wednesday evening and the following officers appointed for the coming year:
President—M. M. Movat.
Vice-Pres.—J. P. Jardine.
Secy.—G. F. Miles.
Field Committee—J. P. Jardine.
Chairman; Dr. Jos. Price and A. H. Ingram.
All teams desiring to enter the Baseball League will either communicate immediately with the Secretary or at the next meeting called by the President.

Did you read "The Blooming Angel" in the Saturday Evening Post? See the picture with Madge Kennedy at the Opera House on Monday and Tuesday.

WHAT ABOUT IT?
Our merchants and business men generally are reminded that the Graphic is fully equipped to handle any kind of printing required for the office or business generally. We can supply you promptly with counter check books, loose leaf forms, ledger sheets, transfer binders. In fact almost anything required in your business. Special forms designed for any business.

"Capt. Kidd Jr." was a popular stage play before it was adopted for the screen for Mary Pickford.

DALHOUSIE TOWN COUNCIL MEETING

Council Getting Down to Work and Good Results Are Looked For.

Dalhousie, May 13.—The regular meeting of the Dalhousie Town Council was held on Wednesday evening, May 13th. The Mayor and all aldermen except Alderman Barbour, present.
The minutes of the last meeting were read and adopted and a few small accounts passed.
The Council authorized the Roads and Streets Committee to get estimates of permanent side-walks.
May 20th, was appointed Clean Up Day.

A. T. LeBlanc, M. P. P. spoke briefly before the Council explaining bill authorizing the issuing of debentures for \$5000 to build permanent side-walks. Also spoke of housing problem and steam ferry service at Dalhousie.

A long resolution moved by Alderman Delaney, seconded by Alderman McNeil re Tourist Convention, tabled in the appointment of a strong committee, which will meet in the Dalhousie Chambers on Monday night to consider ways and means to make the convention a complete success. The committee will consist of the following: C. H. LaBelle, Chairman; Harry McEvoy, I. B. Deacon, Adam Bugeault, D. G. Stewart, E. R. Gaudet, Murray McKay, S. L. T. Clifford, Chas. Capt. W. A. R. Cragg, D. McDonald, As. Barthe, S. Blanchard, W. A. Gallop, Andrew Loggie, Dr. A. G. Ferguson, T. G. Scott and Frank Barberie.

MORE SALARY INCREASES ASKED

Town Employees Want More Pay—Other Matters Attended to.

A meeting of the Town Council was held in the Clerk's Office last evening. His Worship Mayor Murray presiding. There were present Couns. Bissett, Ingram, Dickie, Jamieson, Bellefleur. The minutes of the previous meeting were read and approved.
The Clerk read a communication from Hon. Robt. Murray asking the town's intention, re the balance of the amount apportioned to the Town under the Housing Scheme. Other towns were asking for increased amounts. The Clerk was instructed to write the Provincial Sec-Treas. that the Town required the full amount.

A letter from Premier Foster was read. This stated that an increase of \$500 had been authorized for loans under the Housing Scheme.

Frank Dolman and John Nelson firemen at Electric Light Station are applying for an increase of pay. Referred to Electric Light Committee.
Wm. Savidant, Commissioner of Public Charities asks for an increase of \$5.00 per month. Referred to Public Charities Committee.

Chief of Police Adams asks for another policeman for the summer months. Referred to Police and License Committee.

A number of applications for trucking were read and referred to the Police and License Committee.
The usual departmental accounts were ordered paid.
An informal talk took place in reference to various town services and His Worship remarked that "this is where a town manager would come in. Some one to see that the work is properly done and the orders of the Council carried out."

DRIVES ARE COMING WELL

Big Freshet Now and Logs Running Freely—Some Damage.

The heavy rain of last Saturday night and Sunday made a very high freshet on all branches of the Restigouche and other brooks and river, and stream driving, which had been practically at a standstill for lack of water commenced in earnest, and good progress is being made, the logs running freely.

It is said that water in the main river and branches rose six feet in a few hours and in some cases overflowed the banks doing some damage. At Christopher Brook the new diversion was damaged, about fifty feet of the roadbed being washed away and Monday trains delayed. Repairs have been made and traffic resumed.

BRICK CAMPAIGN NOW UNDER WAY

Another Means to Raise Funds For Soldiers' Memorial Hospital Work.

The Trustees of the Restigouche and Bay Chaleur Soldiers' Memorial Hospital wish to announce they are launching a Brick Campaign with an objective of \$15,000 to pay for the brick to be used in the building. The approximate cost of laying a brick in the building is five cents. The bricks have therefore been issued in that denomination and we would ask the support of the people of the three counties in this campaign.

We would like as many as possible of the supporters of the hospital to sell bricks for us which can be obtained in books of \$25.00 from any of the undersigned members of the Brick Campaign Committee, Alex. McLennan, H. A. Carr, H. G. Millican, B. J. Collier, Secy.

COMMUTATION FARES HAVE ADVANCED

Increase on All Canadian Railway Lines Dates From May 1st.
Effective May 1st Commutation Fares have advanced on all Canadian Railways, and patrons of the Canadian National Railways have been advised that ten trip tickets purchased prior to May 1st will not be honored, but should be handed in to the nearest ticket agent, so that refund of the portions may be obtained.
Patrons are also advised that this increase in Commutation Fares applies to ten trip, fifty trip and scholars forty trip tickets. Ten trip tickets are limited to three months, instead of one year as heretofore, while regular fifty trip and scholars forty trip tickets are limited to one month.
All who are holding these tickets purchased prior to May 1st should at once put them in line for redemption, either to the nearest Ticket Agent, or to the General Passenger Department, Moncton—May 5-2-wks.

CLEAN UP DAY IS FRIDAY

Everybody Get Busy and Make Campbellton a Cleaner Place to Live In.

To-morrow, Friday, May 14th has been proclaimed Clean Up Day by the Town Council, and it is hoped the citizens generally will get busy and make a good job of cleaning up Campbellton. There are many vacant lots along the front street which should be improved in some way, and all rubbish removed.

The following is the official notice in reference to Clean Up Day.

FRIDAY, 14th INST., has been appointed by the Town Council as a general "Clean-up-Day" for Campbellton, and it is particularly requested that all our towns people take special pride in having their premises cleaned up and all refuse material removed.

As one day may be too short a time in which to do the work required, Saturday may be included, when school children will be free to help. Never mind your play on those two days boys. Get busy. Help your parents to improve the appearance of your surroundings.

Persons not having teams had better make early arrangements with truckmen to avoid disappointment.

Town teams and men will be busy cleaning up the streets. The Town Clerk will give instructions regarding the disposal of all refuse material, including garbage, tin cans, iron hoops, wire and other waste material. Call him up by phone or see him personally.

Ashes will be hauled away by the Town teams free of charge if so desired. Notify the Town Clerk or Street Commissioner.

Empty medicine bottles, if good, should not be dumped. Let the boys wash them thoroughly and make pocket money for themselves by selling them to the Doctors or Druggists, who are always willing to pay a good price for them. "Waste not, want not." Encourage thrift. Get busy.

By order of the Mayor,
JOHN T. REID,
Town Clerk.

Auckland, N. Z., May 2.—The Prince of Wales resumed his tour of New Zealand by train today, the strike of the railwaymen having been ended. This afternoon the prince reached Taumaranui, having been welcomed everywhere with enthusiasm.

An interesting incident connected with the service is related. Prior to the settlement of the walkout the Prince was told there would be no difficulty in finding men to run the royal train.

"Will they run trains for the people?" the Prince inquired.

"At present they will not," a rail road official replied.

"That being so," the Prince, responded, they cannot run trains for me. I am one of the people."

Mary Pickford in "Capt. Kidd Jr." will have you many a hearty laugh.

DELEGATION HAS GOOD HEARING

Feel Confident that Good Results Will Come From Visit to Ottawa.

The delegation from the Campbellton Board of Trade which last week proceeded to Ottawa to interview Acting Premier Sir Geo. E. Foster and Acting Minister of Public Works Hon. Dr. Reid have returned.

A special meeting of the Council of the Board of Trade was held last evening to hear this report.

Mr. W. D. Duncan, chairman of the Committee made a verbal report which upon the whole was very encouraging.

The delegation, which was composed of Messrs. W. D. Duncan, W. H. Miller and D. A. Stewart were fortunate in arranging a meeting with Sir George Foster and Hon. Dr. Reid Friday afternoon and set the bridge matter fully before them.

While it was impossible for the government to pledge to undertake this work this year on account of the present financial conditions the necessity for the work was fully acknowledged and the promise given that the Dominion government would assist in the work and the appropriation necessary would be made just as soon as any new work was undertaken.

The other members of the delegation also reported and they were unanimous in expressing the opinion that everything looked very favorable to the erecting of the bridge.

LOCAL MILLS ABOUT READY

Some Have Commenced Operations and Others Will Start Soon.

The lumber mills along the Restigouche have commenced operations or will do so in a few days and the season bids fair to be the busiest ever experienced on the North Shore. With the addition of the two Fraser Mills, which are nearing completion, and will be saving early in July, a very large lumber cut is anticipated.

The two mills of the Richards Fig. Co., at Richardsville are running. One commenced Monday and the other Tuesday.

The W. H. Miller Co's shingle mill has commenced operations and the long lumber mill will be ready in a few days.

The Shives Lumber Co's big mill at Athol and the shingle mill here will be running as soon as logs are available.

The Chaleur Bay mills will also be running shortly.

MR. CHAS. ROBINSON CONTINUES IN OFFICE

The continuance of the office of the Returned Soldiers' Aid Commission under Charles Robinson, secretary, is an announcement which is received with general satisfaction by the returned men. They regard it as especially important to have such an institution still kept up in St. John now that the employment offices and the pensions offices have been closed, for there is still much work to be done towards helping needy or problem cases. Mr. Robinson has made himself thoroughly liked and trusted by returned men who feel that he is working in their interests and he has done much to help a large number of them.

Confidence and self reliance is the big thing in the business world today. Good clothes go a long way to give it to you. Even if one has it, good clothes are necessary to back it up.

Young Men Insist On "Style"—
Very Well—We've Got It.

We agree with the young men that dressing well is good business. Wearing snappy looking clothes, isn't merely a fancy. It's sound judgment. The most conservative investment a young man can make is to put his money into one of these very stylish Spring Suits.

A Special Showing
of Young Men's Suits
\$50.00

You'll find clothes comfort and correctness in these new suits. They possess remarkably attractive style features. Excellent workmanship. A wide range of materials and colorings. The assortment is big; everything a young man wants.

A large Assortment of single and double breasted models—all wool goods \$45 to \$60.

Spring Coats in many New Shades \$22.00, \$25.00 \$26.50 and up.

HOW TO KILL QUACK GRASS

Methods to Be Employed to Eliminate This Garden and Field Nuisance.

This weed is a perennial, propagated by seeds and sweeping root-stalks, persistent in all deep ploughed lands and in all crops, having great power in spreading and choking out other plants.

The permanent means of breaking this weed under control is to adopt for the area infested a sort of rotation of crops or cropping plan which includes a hood crop, once in three or four years. A short rotation of three years duration is preferable—where there is a hood crop, only one crop of hay is a three year period conditions which tend to give the best the least chance of flourishing. Another suitable rotation is one of four years duration of one year each in hood, grain, clover and timothy hay crop. For timothy hay or pasture areas the procedure is as follows:

Allow the plan to exhaust its substance in the production of a hay crop, which should be cut and moved as soon as the seed is formed, and before it is in bloom. Plough shallow, roll, and once or twice break up the soil and then cultivate with a stiff tooth cultivator until the root-stalks have been pulled to the surface of a soil. When the accumulation of roots is so great as to interfere with the efficient working of the cultivator remove or burn them and continue cultivating in order to complete the work. In the autumn, ridge or deep roots to the depth of four or five inches. Frost is an agent in the control of quack grass that should be made use of on every possible occasion.

Grain areas that contain quack are not in fit condition to be seeded down to grasses and clovers, nor are they in shape for the growing of profitable crops in the future until after control measures have been introduced. Immediately after harvest stubble land should be shallow ploughed, disc once or twice to break down and consolidate the furrow slices after which the stiff tooth cultivator can be employed to advance to obtain the necessary depth to facilitate the drawing of the root stalks or underground stems of quack to the surface. Cultivation should be thorough and the fall treatment as outlined for meadow or pasture land will apply on stubble.

THE STIFF TOOTH CULTIVATOR IS AN ESSENTIAL IMPLEMENT IN ANY CULTURAL PLAN FOR THE CONTROL OF QUACK GRASS. THE DISC HARROW USED AS THE COMBATANT IMPLEMENT ACTS AS A FORCE AGAINST THE SUCCESS OF OTHERWISE THOROUGH TREATMENT. THE USE OF THE DISC HARROW IN THIS CONNECTION SHOULD BE LIMITED TO WORK OF DISINTEGRATING AND PULVERIZING SOIL AND SURFACE RATHER THAN BREAK EACH ROOT INTO SEVERAL PARTS. EACH SMALL PIECE LIKE THE POTATO SET IS CAPABLE OF ESTABLISHING A NEW PLANT.

The following spring the area treated as described should be planted to hood crop for which manure may be applied, before the last ploughing or riding in the fall or during the winter or spring. This brings us to the first year of the rotation in which period the procedure in cropping would be as outlined in the rotations recommended.

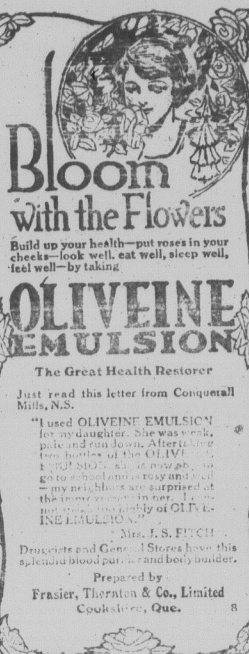

Where no regular hood crop is grown, which is poor farm practice, rape or buckwheat sown on an infested area after it has been thoroughly cultivated and the root-stalks removed, prove excellent smothering crops. For late sowing and as "first aid" in the control of the weed on an exceptionally dirty field where other crops would be choked out and before attempting a hood crop the two mentioned crops are very useful. Smothering crops, however, are recommended only as a temporary means of control. It is only by thorough persistent cultural methods and the proper rotation of crops that any satisfactory degree of success will be attained.

STORY ABOUT RETREAT FROM MONS

Sir Philip Gibbs Tells Interesting Story of Said Retreat.

Sir Philip Gibbs tells a story in "Realities of War" about Sir John French and Sir Nevill Macready which is interesting. The retreat from Mons, described in the press as masterly and orderly, was at times a little hurried. Sir Nevill Macready, as Adjutant-General to Sir John French, occupied a chateau near to that of the Commander-in-Chief, while the G. H. Q. were scattered about in private houses. One night the Adjutant-General and Colonel Childs were writing in their room, when the Colonel, impressed by the unusual quiet outside, thought he would step over to Sir John French's quarters. He returned shortly and interrupted Sir Nevill's work quite abruptly with: "General, the whole box of tricks have gone. We've been left behind." "Forgotten?" answered General Macready. "The dirty dogs!" Sir Nevill, Colonel Childs, the Judge Advocate-General and an orderly or two had just time to scramble into a motor, and in their race after the G. H. Q. were snatched all the way "Ald" until they were lost in the night. They thought they had lost me for ever." So Sir Nevill tells the story. Will he tell it after dinner at the Castle?

[The point of the last sentence is that Lord French is now Viceroy of Ireland and General Macready is in command of the forces in that country.]

Bloom with the Flowers

Build up your health—put roses in your cheeks—look well, eat well, sleep well, feel well by taking

OLIVEINE EMULSION

The Great Health Restorer

Just read this letter from Conquestal Mills, N.S.

"I used OLIVEINE EMULSION for my daughter. She was only 12 years old and was suffering from a severe case of scurvy. After taking a few bottles of OLIVEINE she was completely cured and her health was restored."

Prepared by Fraser, Tarrant & Co., Limited, Campbellton, Que.

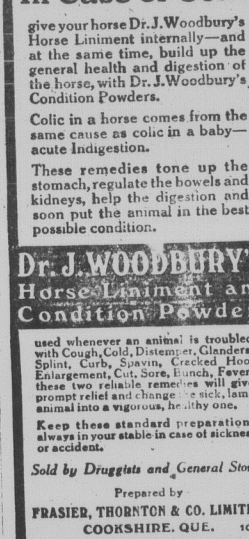

In Case of Colic

Give your horse Dr. J. Woodbury's Horse Liniment internally—and at the same time, build up the general health and digestion of the horse, with Dr. J. Woodbury's Condition Powder.

Colic in a horse comes from the same cause as colic in a baby—acute indigestion.

These remedies tone up the stomach, regulate the bowels and kidneys, help the digestion and soon put the animal in the best possible condition.

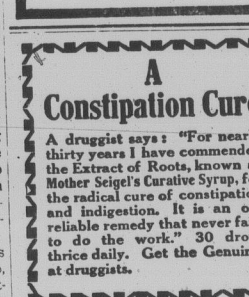

DR. J. WOODBURY'S
Horse Liniment and Condition Powders

Used whenever an animal is troubled with Cough, Cold, Distemper, Croup, Spent, Curb, Spavin, Cracked Hoof, Etc., etc., etc., these two reliable remedies will give prompt relief and change a sick, lame animal into a vigorous, healthy one.

Keep these standard preparations always in your stable in case of sickness or accident.

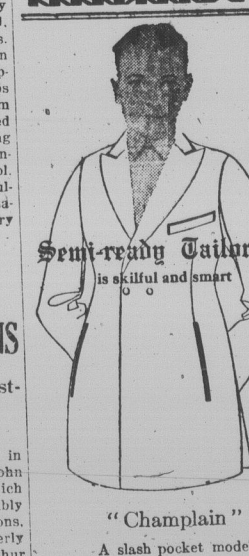

Sold by Druggists and General Stores

Prepared by FRASIER, TARRANT & CO., LIMITED, CAMPBELLTON, QUE.

A Constipation Cure

A druggist says: "For nearly thirty years I have commended the Extract of Roots, known as Mother Seigel's Carative Syrup, for the radical cure of constipation and indigestion. It is an old reliable remedy that never fails to do the work." 30 drops daily. Get the Genuine, at druggists.

Semi-ready Tailoring
is skillful and smart

"Champlain"
A slash pocket model

YOUNG Men find in Semi-ready Tailoring their highest ideal of smart and clever clothes

Since the United States began to make faces at our good Canadian dollar, we have designed suits that are smart and more refined than the American models.

Here is one model—The Champlain—which earned much praise at the International Designers' Convention held in Montreal and attended by every tailor designer in America.

In Scotch Tweeds.
English Worsteds.
Serges and Vicunas.

And fancy weaves—you may choose this new model.

ADVOCATE MUSIC IN THE SCHOOLS

Barrie, Ont., School Board Favors Employment of Music Teacher.

At the recent meeting of the Barrie, Ont., Board of Education the question of appointing a music teacher for schools came up. A committee was appointed to look into the matter.

The Toronto, Ont., Separate School Board has appointed a second music instructor for its schools.

Stridivarius, monarch of the art of violin making, had reached the age of 50 before his hand and eye had acquired supreme his best instruments when he was between 56 and 58 years of age.

Handel was 18 years old before he published any of his great works; and he was 56 when "The Messiah," the grandest and most popular of his oratorios, appeared.

St. Louis, Mo., has formed a Civic Music League to advance the interests of music in that city.

Denver, Colo., has a municipal music commission, which controls a municipal auditorium seating 3,600 and a concert hall seating 10,000; a municipality at hand, which gives free daily concerts; free organ recitals by a municipal organist; and a municipal choir director who has developed a choir of 300 voices. The commission intend forming a symphony orchestra to round out its activities.

The Central Music Co., of Johnston, Pa., has formed among its employees a symphony orchestra of 50 men.

All the grammar schools of New Bedford, Mass., have orchestras made up of pupils taking music lessons in some one or other instrument. The High School also has an orchestra of advanced pupils, which give concerts several times throughout the year.

THE POTATO CROP

The potato is one of our most important food crops, and yet it is one that very often does not receive the attention it should. It is the practice of many farmers to leave the planting of potatoes until practically all other crops are in. With the exception of the middle of the season, the Maritime Provinces this late planting means a much smaller yield than there would be if the planting were done before the middle of the season. The middle of May or beginning of June the seed potatoes have sprouted so much that when these are broken off at planting time the new shoots will not come on with the same vigor as they did early in the season. Furthermore it is important for the potato to get a good root system before the hot weather sets in.

It is of the greatest importance to use good seed. Two lots of seed of the same variety and of the same age, but one much older than the other, will give a difference of three hundred or more bushels per acre in the crop, as has for instance one lot of Irish Cobbler yielded at the rate of 375 bushels per acre and another 37 bushels per acre. The best Green Mountain stock yielded 330 bushels per acre and one of the poorest 46 bushels per acre.

If possible, one should know where the seed was grown the previous year. If it came from a crop, the plants of which grew vigorously until cut down by frost, then, if free from disease, it will, as a rule, yield a much better crop than if it is from a crop, the plants of which withered in the middle of summer and the tubers lay in the soil until the next season. If it is from a small crop the previous year when the plants died up early the plants this year are likely to be weak and the yield not very good. Good sized sets of from four to six ounces have been found the most satisfactory, taking one year with another, although if the season is particularly favorable, the smaller sets will produce a good crop, but one cannot tell what the season will be, hence it is better to be on the safe side.

The distance of planting which has been found most economical in most places in Canada is, rows two and a half to three feet apart, and sets twelve to fourteen inches apart in the rows. While quite shallow planting has given the highest average yields at Ottawa, it is necessary to plant about four inches deep for field culture to enable one to harrow before the potatoes are up without pulling up the sets.

The varieties which have been most generally satisfactory in Canada and Irish Cobbler as an early potato and Green Mountain as a main crop or later variety. Other varieties which cannot be distinguished from Green Mountain and are included in the Green Mountain group are Gold Coin, Uncle Sam, Wee MacGregor and Delaware. The Dooley of the Rural group has done well in the warmer parts of Ontario, and in coast climates Burbank is also popular.

WEATHER PROPHECIES

An exchange says: Local weather prophets predict that the cold and chilly weather of early May will continue for another three weeks yet or at least until the moon again changes. This change takes place on May 15—following that event, the weather will be warm and mild. We hope that their predictions will not adhere to the literal truth. The weather has been quite long enough to suit the ideals of our poor mortals. Half of the population of Nova Scotia has expressed the regret that Great Britain ever took this country from the Indians.

Thrift Is The Theme Today

And although ready-to-wear clothes have advanced in price, due to conditions entirely beyond our control, you can still buy high grade, ready-for-service apparel at figures which mean real economies. Let us show you our latest models which are typical of these money savings.

Dry Goods, Boots and Shoes,
Ready-to-wear Clothing.

CAMPBELLTON, N.B.

If a friend of yours asked you the above question you certainly would say show me. We will act as your friend. You will be wanting, maybe, a Coat, Suit, Caps, Hats, Pants, Shirts, Overalls, Gloves, Underwear, Raincoat, a Waist, Skirt, Dress, Sweater, Underskirt, Night Gown, Undervest, Stockings, Boots, almost anything in Men's and Women's Ready-to-Wear. Every time you make your purchases from us you will Save Money, because our prices are very reasonable, owing to our large buying capacity. Our quick turn over allows us to work on a small margin of profit. Buying for Cash and selling for Cash give us another concession, which in turn we give to you. Our goods are of Standard Quality, backed by the reputation of good reliable makers who stood the test for years and are sure to give you satisfaction.

Next—Every time you make a purchase, the clerk will hand you our cash register receipt on which is printed the amount and date of your purchase. Keep these receipts together between now and the twenty-sixth of June until 10 o'clock P. M., then bring them to our store clerk, then with the clerk put them in an envelope, which will be provided for the occasion, seal it and leave your name and address. The largest amount of purchases between the thirtieth of April and the twenty-sixth of June, at 10 o'clock in the evening will win the first prize of twenty dollars (\$20.00); the next the second prize, fifteen dollars (\$15.00); and the third prize, ten dollars (\$10.00).

These prizes are as a remembrance of our first anniversary at Campbellton which falls on the twenty-sixth day of June.

Councillor Currie, Town Clerk J. T. Reid, and H. B. Anslow of the Graphic have kindly consented to act as judges for this contest, and will open all the envelopes containing the receipts.

The results will be announced in the following week's Graphic.

S. A. DRIVE ON ALL NEXT WEEK

Solicitors Will Call on All to Give Funds for Work of Salvation Army.

Campbellton, N. B., May 11, 1920.—The Salvation Army are endeavoring to carry on a Drive throughout Canada for the purpose of raising additional funds to enable them to more fully carry on their work.

The public generally is well acquainted with the ambitions of the Salvation Army and the effective way that they are doing their work. Restigouche County has been asked for a proportionate amount in making up the total sum that the Salvation Army people are asking for. Restigouche County has helped the Salvation Army in the past and we believe that at this time, when again asked, the people will do their part.

It is well known that the people of the Town of Campbellton have been solicited for funds along nearly every enterprise that makes for good within the last years and in every case, have adequately answered to the wants, and we trust that the people of the town will again respond to this invitation. Canvassers will call upon them during the following week. Business men will be canvassed by business men and the homes will be solicited by ladies and we bespeak for them a kind reception and a giving in proportion to the promptings of your individual hearts for after all, it is a question of the heart rather than the pocket. All and any sums are thankfully accepted from 5c. up. Do not let the opportunity go by because you have not any great amount of money but contribute a part you can.

TIME EXTENDED FOR FILING PAPERS

Finance Department Has Given Extension of Time to File Tax Returns.

Orders have been sent out from the finance department extending the time for filing income tax returns for the whole Dominion to May 31st. W. B. Bradner, commissioner of taxation told your correspondent to night that this action had been taken on account of the fact that persons liable to the tax are absent from the country and because greater time is needed to secure returns from Great Britain, Holland and other European countries. It was impossible for many firms with head offices overseas and branch offices in Canada to file returns by today, and therefore the extension of time has been granted. All the data required to fill out the papers could not be obtained on this side of the ocean. Many insurance, mortgage and financial companies were in this situation. The act gave the minister power to extend the time if found necessary, but if the returns are not in by May 31 Mr. Bradner says that the penalties will be rigidly enforced.

FRESHET IN MIRAMICHI.
Word reached here Monday night that an abnormally high freshet on the South West Miramichi caused considerable damage to the river banks, behind which were held millions of feet of logs. Owing to the heavy rain on Sunday and the fact that there was still considerable snow in the woods, along the river banks, previous to Sunday's rain, the water of the South West branch of the Miramichi rose to a great height. Monday afternoon the pressure of water on the banks caused a break through which the logs poured, and efforts to repair the damage were unavailing and late in the day, the heavy pressure began to pile the logs against the railway bridge which spans the river a short distance this side of Newcastle.

AUCTION SALE.
There will be sold at Public Auction at the residence of Mr. and Mrs. A. Marley, Richardville on Wednesday, May 19th, starting at 10 o'clock, stock and moveables.

T. ROBINSON, Auctioneer.

ASSESSOR'S NOTICE.

Public notice is hereby given that the undersigned have been appointed Assessors for the Town of Campbellton for the year 1920 and that any person or body corporate liable to be assessed, or his or their agents may furnish the said Assessors with a written detailed statement of the real and personal estate and income of such person or body corporate within ten days from the date thereof.

Dated at Campbellton, N. B., this 13th day of May, A. D. 1920.

P. H. BLUTH, DEPUTY MAYOR.

VICTOR J. MARTIN

Assessors for the Town of Campbellton.

May 13-20 Wks.

BIGAMIST GETS TWO YEARS

Much Married Man Sent To Dorchester by Chatham Magistrate.

Chatham, N. B., May 10.—A most remarkable example of rascality and gall was unfolded in the Chatham Police Court on Friday, when Francis C. Stocks of St. John, said to be an Englishman and returned soldier, confessed to the crime of bigamy and was remanded for sentence. Both of the man's wives were in court. The victim of this fellow's duplicity, Miss Carrie McEwen, one of the finest young ladies in town, met Stocks when she was attending the millinery openings at Easter, at St. John, and he soon afterwards came to Chatham to see her and was introduced by her to the St. Andrew's church choir. He came once or twice more, spending the Sunday here and singing psalms in the choir, and then he and the young lady were married by Dr. Wyllie, Apr. 28th, after which he returned to St. John and spent a couple of days with his wife and child, then returning to Chatham. The St. John wife got an inkling that something was wrong, and came to Chatham last Wednesday to investigate. An effort seems to have been made to hush the matter up, but after it came to the notice of the Police Magistrate, who received a sworn statement from Mrs. Stocks, a warrant for bigamy was issued and served on the much-married man. Clerk of the Peace Whalen, appeared for the prosecution on Friday. The prisoner pleaded guilty to the charge. The magistrate remanded the convicted bigamist till Monday. Mrs. Stocks and Miss McEwen were in court and in tears. Mrs. Stocks is reported as having said that Stocks was no good anyway, as he was always running after other women.

Francis Stocks, alias Francis Scott, was sentenced at eleven o'clock Monday morning in the local police court by Magistrate Connors to two years in the penitentiary for the crime of bigamy.

LAND INSPECTOR GAINS 20 POUNDS

Every Joint and Muscle Ached Before He Took Tanlac—Sproy as Boy Now.

"Well, sir, you can believe it or not, but I have gained twenty pounds in the past six weeks," said R. D. Hales, Land Inspector, 212 Silver St., Sturgeon's Creek, Manitoba, in a conversation with a Tanlac representative a few days ago.

"For years and years before I commenced taking Tanlac I have been in bad health and hardly saw a day that was free from pain and suffering," continued Mr. Hales. "My stomach was all out of order and what I ate would sour and settle into a lump in my chest and turn like a ball of fire. I had lumbago of the worst sort and if I stooped over and tried to straighten up again, the pains were so severe I just seemed to be wrenching every muscle in my back. I had rheumatism all through my arms, legs and feet and every joint in my back ached. My feet would swell so that I could hardly get my shoes on and my legs pained me until it was all I could do to walk. My joints would stiffen and hurt so bad it was agony if I tried to bend my arms and legs. I was subject to awful headache spells, I lost weight and strength and in fact, I was in misery all day long. I hardly knew what a night's rest was for I would lie wide awake for hours with every joint and muscle aching no matter what position I lay in.

"Several of my friends had recommended Tanlac to me so highly that I commenced taking it and I could just feel my troubles leaving me and the pains easing up! And now since I have taken four bottles of Tanlac my stomach is in fine condition and I can eat anything set before me without suffering the least bit afterwards. I haven't a trace of rheumatism in my body, my feet never swell up and my joints don't stiffen any more. The lumbago has disappeared entirely and I am so active that I feel as spry as a boy. The headaches have also left me and when I go to bed I sleep like a log till time to get up. My lost weight and strength have come back to me and I am feeling better in every way than I have in many years. All praise is due to Tanlac and as long as I live I can never say too much for such a remarkable medicine." TANLAC is sold in Campbellton by THOMAS WRAN, Druggist; in Jacques River, by E. S. McALLISTER, and in Archibald Settlement by M. SWEARER, also in Chandler by ARTHUR NADEAU.

"He's always boasting of his ancestors."

"Yep. Too bad his grandchildren aren't going to have any ancestors worth boasting about."

BANK STOCK OFFERED PUBLIC

A Most Attractive Financial Investment Offered to the General Public.

The directors of the Provincial Bank of Canada, as a measure to provide funds for the accommodation of its customers and the increased business being offered, have decided to increase the paid-up capital of the Bank by \$1,000,000.

This increase follows upon a similar increase, amounting to \$1,000,000—announced about a year ago, which new issue was about 70% oversubscribed. In addition to this new issue an increase in the dividend, rate to 6% from 5%, has practically been decided upon, beginning with the next fiscal year, from July 1st.

The assets of the bank now amount to approximately \$10,000,000 and a large increase in deposits has taken place during the past year.

Any person interested can procure full information by applying to any manager of this bank in the district.

OBITUARY.

Mrs. Harris Sears.
The death of Mrs. Harris Sears occurred at the home of her daughter, Mrs. J. A. Gray, Chatham, on April 24th, aged 76 years.

She is survived by three daughters, and two sons. The daughters are: Miss Minnie V. Sears, Exton, Mass.; Mrs. John Harquail, Campbellton, and Mrs. John Gray, Chatham. The sons are: W. F. at Exton and William Sears, at Exton. Mrs. Sears was formerly Miss Eliza Dymart, daughter of Robert Dymart, Cocagne.

Burial was held from the train, Shediac, on Monday, April 28th, services at Grand Digge church were conducted by Rev. Fr. Bellevue.

The pallbearers were John Gray, Chatham; John Harquail, Campbellton; W. F. Sears, Exton; Allison Dymart, M.P.E.; A. J. Dymart, Henry Dymart, Cocagne.

MAY OPPOSE HON. DR. ROBERTS

Election at St. John to Confirm Hon. Dr. Robert's to Seat.

St. John, N. B., May 2.—Dr. Roberts, Minister of Public Health, having recently accepted a paid office under the Crown, must now enter into a contest for his seat in the House of Assembly. There was a feeling that the Conservatives might not oppose Dr. Roberts, but recent events have dispelled that belief. It is now announced that a strong candidate to be put forth by the Opposition party. It is understood that Colonel McLaren, the man upon whom the Conservatives' eyes are focused. The Government has not yet set the date for the bye-election but it is thought they will soon do so.

OBITUARY.

Mrs. Catherine Adams.
The death of Mrs. Catherine Adams, wife of Mr. A. J. Adams of Matapedia, occurred at her home on Thursday evening, April 22nd, after an illness extending over a number of years. Deceased who was in her 72nd year leaves to mourn the loss of a sister and loving wife and mother, her husband, two daughters and one son of Matapedia. The funeral service was held in the Matapedia Roman Catholic Church, where a large number gathered to pay their last tribute to the deceased.

RESTIGOUCHE BOY AT HALIFAX

F. W. Dickie in New Transportation Company At Citadel City.

(Halifax Evening Mail.)
Messrs. Samuel, Curry and Dickie, Limited, have opened offices in the Forhan Building, 29 Upper Water St., here and 216 St. Nicholas, Montreal, where they will carry on a general forwarding, agents, commission merchants, customs, insurance and ship brokers.

An introduction to the general public is hardly necessary as these three popular transportation men are well and favorably known in commercial circles. Mr. Curry has for the last ten years been closely identified with Furness, Withy and Co., largely with the Canadian Government, Montreal Marine.

Mr. Samuel is, possibly, not as well known in Halifax, although carrying the past export season he held the position of chief clerk in the G.G.M.V. offices here. He is, however, no stranger to the Montreal shipping public, having been connected with the foreign department of the C.N.R. for the past ten years and will be in charge of the new army office in that city.

Mr. Dickie's name is one that has been much before the public here for the past three years as chief clerk in the general freight office of the C.N.R. He is also favorably known in other cities, having 171 various positions with both the C.N.R. and C.P.R. in Western Canada.

The success of the new firm is assured under the direction and management of these three young men of ability and energy.

DEATH OF CROWN PRINCESS

Duke of Connaught's Daughter Died in Sweden Recently.

London, May 2.—The Duke of Connaught received word of the death of his daughter the Crown Princess of Sweden, when he returned to London last night from Baginboto from a small family birthday party which was promptly concluded, the tragic confidence of his bereavement happening on the Duke's seventieth birthday. The occurrence has excited universal sympathy.

The Duke tomorrow would have opened the Canadian Hostel provided through the \$50,000 presented to the late Duchess by Canadian women. This engagement has also been abandoned.

CHANGE OF FIRE BOX.

Fire Box No. 24, formerly situated at the corner of Aberdeen and Andrew Streets, had been changed to corner of Patterson and Andrew Streets.

NEWSY ITEMS FROM NEARBY PLACES

Gathered by Graphic Correspondents—Contributions to this Column are Solicited from every District of the Bay of Chaleur.

NEW CARLISLE.

Mr. and Mrs. J. F. Marcotte and family have left town and moved to Amos, Que. Mr. Marcotte was well known here having been assistant to Hon. Mr. Kelly for several years. Mr. Mathieu of Quebec has taken his place.

Miss Frances Robinson is visiting in Campbellton.

Congratulations are being extended to Mr. and Mrs. Edmond Bisson on the arrival of a baby boy.

Mrs. Arnold of Chandler and Mr. Guy Kempfer are visiting at Mrs. W. L. Kempfer's.

Mr. Mitchell, shoemaker from Montreal is practicing his business in town, and will now mend all bad shoes caused by the bad side-walks.

Miss Florence Cooke has returned from holidaying in Montreal.

Miss R. Hamilton spent the week-end here from New Richmond.

Mrs. Belford Assels spent a few days in Campbellton last week.

Miss Merle Caldwell has returned from visiting her sister Mrs. Fallow in New Richmond.

We are sorry to hear Mr. Clyde Jacobson is very ill with appendicitis.

Mr. Stuart Hall is spending a few days at his home here.

Mr. and Mrs. Aubrey Bliss are receiving congratulations on the arrival of a bouncing baby boy.

Mr. H. S. Scott has resigned his position as Station Agent here.

Mr. Scott has fulfilled this position for the last eighteen years and was well liked by all whom he served in that capacity.

His place is taken by Mr. Dewey Smollett who has also had experience in that work previous to his going overseas, and who is well known by all here and fully capable of the position.

As is usually the case when one tries to correspond to the "Graphic" there is always the criticism that would rather have this paper come to us every week with no news whatever of New Carlisle in it, which gives to those of us in foreign parts the idea that we are all dead.

As it was with other correspondents, so it has been with me, where thrusts have been made at us to stop writing these newsy items of this paper and strange to say these criticisms are generally not subscribers.

I wish to inform all those on whom the cap fits, that they have a correspondent who is not soft enough to give in to them, and is one who believes in getting value for every cent of his money, and scolding substitutes, second class goods etc., is not afraid to admit it, and the more they rub this old fellow the more brightly he will shine.

EEL RIVER CROSSING, N. B.

An architect and a carpenter are now busy finishing the interior of the R. C. church here. They have 81,000 feet of sheeting to use, which is a job of three months. More carpenters are wanted. The architect has blue prints from St. John to draw the plans and the decorations are very artistic. As soon as the work is done here recently for the purpose of setting the Dundee church.

Mrs. Earl Golden has returned to the village after spending some time at her home in Pointe à Nim.

Mr. Walter Everett and Mr. Michael McLean from Sherbrooke, Que., were here recently for the purpose of securing jobs for the cut of pulpwood on the limits bought by Mr. Everett last winter.

The young people of the village gave a very enjoyable dance in the Forester's Hall on Tuesday evening. At midnight lunch was served at Mr. George Silas' restaurant.

Mr. Charlie Beckingham of Dalhousie is here visiting his many friends. He is looking well after a few months in a Toronto Military Hospital.

Mrs. Auguste Goggin, formerly of Eel River and now a resident of Bathurst, spent last Sunday and Monday here.

Miss Marion Miller, teacher in the advanced department, spent last Saturday at her home in Blacklands.

Misses Ida Golden and Anna Poirier attended the Paul Dufault recital in Campbellton last week.

The GERHARD HEINTZMAN

Something Fascinating About It

THE joy of the dance—the laughing lilt of the latest rag—a bounding, resounding cataract of soul-stirring sound—isn't that the picture your mind calls up when you think of music?

Perhaps that's the phase of music you best appreciate—the glad, joyous, joyful abandon, the vim and vigor of echoing melody.

Then—when you come to buy your piano it's the big feature you'll look for—the power to lift you out of yourself with the care-free, bountiful cheeriness of its song.

You'll be wise to hear first and foremost the flexible tone of

Canada's Greatest Piano

Note how it responds to the happy mind, makes the last red

ANDREW'S BOOK STORE, Opposite Subway. CAMPBELLTON, N. B.

STUNG

THIS is the story of a man in an Indiana town. He sent to an out-of-town house for his bathroom outfit. When it arrived—seven days later—no number in the Home Town would take the job of tapping the main and connecting the pipes. So he lived on until a "jack-of-all-trades" to make the connections. This fellow did a poor job, naturally the connection leaked, and the city officials had him arrested for tapping a water main without a license. If you wish to verify this story, just write to the Mayor of Rochester, Ind., and he will tell you it is true. But what concerns us is: Are there any of our citizens who, for the sake of a FANCIED bargain, would risk sending away from home for goods so easily handled by the home dealer? And for less money than the out-of-town concern charges for the same thing?

THE SALVATION ARMY

JUBILEE.

One of the most notable tributes to the work and accomplishments of the Salvation Army is undoubtedly that paid by His Majesty King George V., who has seized the opportunity of the present Jubilee of the Army to write to General Booth, its respected head as follows: "On the occasion of the Jubilee of the Salvation Army, I heartily congratulate you and its mem-

bers on the mighty achievements of a system founded half a century ago by your distinguished father. By its works of love and mercy, both in peace and war, the Salvation Army has become honored and endeared to the hearts of the nations of the world. Equally telling tributes have been received from the heads of both church and state in all civilized countries, from Lloyd George, Mr. Asquith, MacKenzie King, Sir George Foster, Sir Edmund Walker and hundreds of others. If it was only from a sense of gratitude to the Army for its splendid services to our boys and other boys at the front, we should all be glad of the opportunity of doing something at its Jubilee celebration to add to its equipment for still greater service to humanity. In its other work during the last half century, whether for the care of homeless waifs and stray children, for poor unfortunate girls, for old maid and decrepit working men, for the unemployed, hungry and unsheltered millions who have been helped by the Army, the generous belief it has administered has sprung from and been dictated by the spirit

PLEBISCITE WILL BE HELD IN JULY

Will Vote on Two Questions When the Elections Are Held.

FREDERICTON, May 7.—Announcement was made by Premier Foster, this afternoon, that the plebiscite on the provincial prohibition law now in force as a war measure in New Brunswick, will be held early in July. The Premier said that the date of the plebiscite had not been definitely decided on, but that it would be announced at least a month before polling takes place and that the question to be submitted at the plebiscite will be announced at least a month before the date of the plebiscite.

"It is the desire of the government that the questions should be as plain as possible and there will not be more than two questions submitted," said the Premier, who intimated that the questions had already been definitely decided upon, although announcement is being withheld until the date of the plebiscite is fixed.

of Self Denial. No duty has been too obscure, too hard, too humble, too despised,—no sacrifice, whether personal or family, or of worldly prospects, too great for the men and women workers of the Army, so long as they could serve and bless their fellowmen. The sacrificial basis of their services enables the Army to make one dollar go as far as two or three used by other agencies. For some of us for years past the Army has been our proxy, and a faithful one at that. Now it asks us in this Jubilee year to show greater self denial, and give some work to it, to forward its appeal to others, as well as to generously aid it with a quick ready response of our own in a generous Jubilee contribution for the extension of help to others. May the response be worthy of the occasion and of the cause. Be ready for the solicitors next week.

IMPROVEMENTS FOR DALHOUSIE

New Council Making Plans for Civic Improvements At Shiretown.

Improvement naas fit bkgq zbmhs Dalhousie, May 11.—The Dalhousie Town Council will hold its regular monthly session to-morrow evening in the Council Chamber. Having appointed their Secretary-Treasurer, Auditor, Legal Advisor, and Water Supervisor, with all the regular committees appointed at a special meeting held recently, the new council will no doubt lose no time in giving careful consideration to the following questions, which seem to be interesting the people of the shiretown.

The improvement of our Water system, the building of concrete sidewalks and the general repairing of our streets will no doubt engage the attention of the council. In addition to our splendid water service by gravitation, the town is fortunate in having two splendid artesian wells about 400 feet deep, at the head of Brunswick Street, which, when tested by a Toronto expert, were considered strong enough in water to supply a town four times the size of Dalhousie. All that is required, is proper machinery, and expert experience to work out what might be considered a small heritage, handed down to the good folks of the shiretown.

When a town like Woodstock asks the Legislature power to issue bonds for the sum of \$30,000, to build permanent sidewalks, can any reasonable person blame our new town council, if, at their request, the Legislature granted that the sum of \$5,000, be expended for safe sidewalks? If rumour or correct plans will be made to start a system of permanent sidewalks, by beginning at the North East end of William St. going towards the Post Office, and as Alderman O'Keefe, chairman of the Roads and Streets Committee, is very favorably impressed with the width of the piece of permanent sidewalk, that was made at the request of the federal Post Office Department, after the Post Office was built, we can look forward to having a sidewalk about six feet in width.

See Douglas MacLean as Jim Gleason in "Capt. Kidd Jr."

Special Inducement to Saturday Buyers

As we are giving up store on June 1st, 1920, Balance of Stock must be cleared at once. Be sure to come in on Saturday and see what cash will do to save Dollars. :: ::

J. F. GALLAGHER

Ready-to-Wear Week at D. Goldenberg & Co.

The inclement weather and lateness of the season has tempted us to make some unusual reductions on all Ready-to-Wear Merchandise for Men, Women, Boys and Girls. Every garment is marked in plain figures off which you will reduce 20c on the Dollar off the regular price. The biggest value in popular priced merchandise.

Sale Starts Friday, May 14th and Ends Saturday, May 22nd.

Don't Miss This Opportunity.

LADIES' SUITS

We offer you the choice of any Ladies Suit in our splendidly assorted stock at a straight reduction of 20 cents on the dollar. The latest arrivals are included. Plenty Blue and Black, Tailored, Braided and Fancy Embroidered effects are here, and the fact that every suit was marked in the first place with an unusually small margin of profit, makes this sale of very great importance. Prices range from \$25.00 to \$70.00 less 20 cents on the dollar.

LADIES' COATS

Made of Velour, Serge, Tinseltone and Tweed, three quarter and full length, half and full belted. All this spring styles in the leading shades. Your choice less 20 cents on the dollar.

LADIES' DRESSES

The balance of our dresses in Crepe de Chene, Georgette, Taffeta and Serge. Your choice of any of these beautiful dresses at less 20 cents on the dollar.

LADIES' SKIRTS

Blue and Black Serge, sizes 23 to 36. Also plain Tweed, big and small Checked Tweed, Silk and Silk Poplin. A large variety to choose. Less 20 cents on the dollar.

LADIES' BLOUSES

in Crepe de Chene, Georgette, Plain and Striped Silk, made in pretty styles and dainty shades. A large variety to choose from less 20 cents on the dollar.

WHITE VOILE BLOUSES

Made of Fine White Voile with large or small collar or V neck, long sleeves in about five different styles. Sizes 34 to 48. Less 20 cents on the dollar.

LADIES' SWEATERS

We have never shown such a large variety of styles and shades in All Wool Sweaters. It will pay you to buy now while you can get one. Less 20 per cent.

LADIES' HOSE

in Silk, Cashmere, Lisle and Cotton, all sizes and shades at less 20 per cent.

GIRLS' COATS

We have a few Children's and Girls' Spring Coats left. If you want something different than the ordinary come in and see them. These dainty coats are in Velour, Serge and Tweed. Sizes 6 to 16 years. You can have one less 20 per cent.

MEN'S SUITS

Made by the best makers such as Semi Ready, Leishmans and Royal Clothing. The materials are Blue and Black Serge, Worsted and Tweed. Some lined with serge lining, others with silk in the latest models for young men, middle aged men and the conservative dresser, short and stout men, tall and slim men, in fact we have a model to fit the most particular dresser. Every garment is made to fit and keep the shape when worn. Sizes 35 to 48. As to prices, ask the men who bought from us and they will tell you our prices are reasonable. Our prices are marked in plain figures, off these we will give you 20 P. C. Discount.

MEN'S RAIN COATS

We have a big range of Rain Coats in Tweed Top and Rubberized with or without belts. Also Black with Cape (Enverness) and without cape. All sizes. Your choice less 20 per cent.

MEN'S PANTS

A big assortment of Men's Pants in Blue and Black Serge, Tweed and Worsted. All sizes. Your choice less 20 per cent.

MEN'S UNDERWEAR

Combinations and Two Pieces. Medium and Light weight. All sizes. Less 20 per cent.

Neatly Notes of Town and Country Gathered by Graphic

CLEANING UP STREETS.
Men are hard at work giving the streets a thorough cleaning up.

MAIDS WANTED.
The Graphic can place two maids in good positions if they apply promptly.

Remember Victor Pote!—that long lean lanky chap? Well he's the village constable in "Captain Kidd Jr." and he's some constable.

SUCCESSFUL ROSE DAY.
Last Saturday, Rose Day under the auspices of the Catholic Girls Guild was very successful and a tidy sum was realized for the Hotel Dieu Hospital.

A COMPLAINT.
The citizens of Sugarloaf Street complain that their sidewalk is in very bad condition and also that the street light at the corner of Sugarloaf and Victoria Streets has been out of commission for about three weeks.

LOCATED AT BATHURST.
An interesting addition to the list of business men of the town was made this week when Mr. A. I. Tower, formerly of Campbellton, opened his shop and office in the Jaillet block. Mr. Tower is a jeweler and optician and he proposes to undertake all kinds of work in these very interesting fields of endeavor. Northern Light.

NOTICE!
REGARDING "AUCTION OF SOULS."

In answer to the many enquiries regarding "The Auction of Souls," which was advertised for early showing at the Opera House, the management wish to announce that owing to an unforeseen change in bookings the dates previously arranged for presentation have had to be set back. However the picture will be shown this month and definite announcement of the dates, etc., will be made very shortly, probably in next week's papers.

AUTO SERVICE.
J. E. Olcamp will be at the St. Louis Hotel and Florence Hotel every morning except Sunday with auto back to carry passengers to Cross Point Station. After May 15th he will have an auto ready at any time to carry travellers down the Gaspé Coast. Auto meets every ferry to drive passengers to any point. May 13-4-wks.

IN MEMORIAM.
There departed this life May 10th, 1919 James Sydney Ross, leaving his parents, four brothers and one sister. One again our circle broken. Another loved one's gone. The golden gates were opened wide. A gentle voice said come, And angels from the other side. Welcomed our loved one home. Inserted by his Parents, Brothers and Sisters.

Mother S ECZEMA OI

Will cure all forms of Eczema, heads, Pimples, Barbers Itch the skin not directly caused by internal organs.

An invaluable toilet article, or skin bright and clear.

The Graphic now has a supply of the latest and best deed forms which will be supplied to magistrates at \$1.50 per dozen or 15c. each.**BRICK DRIVE.**
Many citizens are diligently selling the little bricks in an endeavor to raise money for the Soldiers' Memorial Hospital and are meeting with a ready sale. Buy a book and get busy.**You have often heard the expression "Greased Lightning" but just what does it mean?**
The closing chapter of "The Great Radium Mystery" will be shown at the Opera House on Friday and Saturday. An exciting and surprising finish—Don't miss it!**TO OUR ADVERTISERS.**
So much demand is being made upon our advertising space, that to accommodate all, we are issuing twelve pages weekly. Any of our friends who have been disappointed in not being able to procure space can now do so. We have a number of excellent positions which are now available. Make contracts early and receive the best service.**Agricultural department officials in New Brunswick are of the opinion that there will be a considerable reduction this year in the seeded acreage of the province. The security and high prices of seed oats and potatoes will prevent many farmers from seeding as much ground as usual, although other crops will probably be as large as in other years if the weather conditions prove favorable.****Planting has already commenced on some of the well drained hillside and dry lands, but the season is backward by from two to three weeks, and it probably will be two weeks before seeding is being generally carried on. The scarcity of fertilizer and the continued cool weather are both detrimental to farming. The provincial government is encouraging the use of lime for fertilizer this year and it is believed it will have excellent results, especially on clover land. Similar conditions prevail in Aroostook county and in New England at large. Boston reports say that there will be less vegetable planting this year than last and that higher prices are likely. Farm help is scarce in New England as well as in Canada. Hon. J. P. Tweedie, minister of agriculture, says: "The whole situation impresses me with the view that the gross acreage seeded in New Brunswick this year will be smaller than last year."****BORN.**
At Campbellton N. B., on May 6th, 1920, to Mr. and Mrs. Sam Allanach, a son.**EXPERIMENTAL FARM NOTES.**
Good sized sets of from one and a half to two ounces have been found the most successful, taking one year with another, although if the season is particularly favourable smaller sets will produce a good crop, but one cannot tell what the season will be, hence it is better to be on the safe side. The distance of planing which has been found most economical in most places in Canada is, rows two and a half to three feet apart and sets twelve to fourteen inches apart in the rows. While shallow planting has given the highest average yields at Ottawa. It is necessary to plant about four inches deep for field culture to enable one to harrow before the potatoes are up without pulling up the sets.**The varieties which have been most generally satisfactory in Canada are Irish Cobbler as an early potato and Green Mountain as a main crop or variety. Other varieties which cannot be distinguished from Green Mountain and are included in the Green Mountain group are Gold Coin, Uncle Sam, Wee MacGregor and Delaware. The Dooley of the Rural group has done well in the warmer parts of Ontario, and in coast climates Burbank is also popular.****W. T. Macoun, Dominion Horticulturist.**
Joys of a Conductor.
Old Lady—Will you please put me down at the same place as you did last Friday week?**"BOUND (by a strict agreement) and GAGGED (by his solemn promise)"—The new serial commencing at the Opera House on Friday and Saturday is a delightful mixture of comedy and thrills.****REMOVED.**
Mr. Wm. Brown has removed his stock from the O'Leary Street store to the store on Roseberry Street recently occupied by The New Studio, now the Elite Studio has taken quarters in the photograph studio on Water Street opposite McDonald's drug store.**WANTED AT ONCE.**
An experienced dry-goods salesman. One who speaks both English and French preferred. Apply at M. P. MOORES.**LOST.**
Lost last evening, a sterling silver brooch with name "Margaret." Finder please leave with Chief of Police and receive reward. May 13-1-pd.**NOTICE TO AUTO OWNERS.**
Public notice is hereby given to all owners of automobiles that the Municipality of the Township of Mann, P. Q., have a bylaw in force prohibiting the running of auto or auto trucks on the public roads before the 20th day of May, and that all persons violating said bylaw will on summary conviction be fined \$25.00 and costs or in default of same, 30 days in the common goal.**Above bylaw does not apply to clergymen or doctors.**

There are as many different varieties of tea as of roses—but only ONE Red Rose Tea.

Red Rose is a blend of about a dozen varieties of teas, chiefly hill-town ASSAMS—the richest and strongest teas grown.

The skilful blending of these teas produces the delightful and distinctive Red Rose flavor.

The rich, strong ASSAM leaves in the Red Rose package are so full of tea essence that three teaspoonfuls go as far as five of ordinary tea.

The Red Rose combination of Quality and Economy is obtainable only in the Red Rose package.

Red Rose Coffee is as generously good as Red Rose Tea.

EXPERIMENTAL FORESTS NOW

Dominion Government Have Set Out New Forest at Petawawa.

Canadians have now been familiar for a long time with the words "experimental forest," and while the heading of this paragraph may seem a little new, a moment's reflection will show that the good work which our experimental forests have done for agriculture and forestry is likely to be of great benefit to the people of this country.

Now realize that a large proportion of Canada is admirably suited to growing of timber, but is not suited to the growing of ordinary field crops. Rough, hilly land, sandy plains and ridges, and ridges strewn with boulders are types of soil better suited to growing trees than to growing anything else. At the same time the increasing price of lumber all over the world proves to Canadians that the forests growing on these non-arable lands will continue to form one of Canada's greatest resources.

In the Upper Ottawa country and in many other parts of Canada there are districts from which a crop of timber has been taken by the lumbermen, but which have not been occupied since that time by settlers. These districts are now being covered again by a new growth of timber, but in many cases it is not as good timber as years ago. It is here that the knowledge and skill of the forest engineer comes in. He can by weeding out the inferior trees give the better species like pine and spruce a chance to develop and to cover the country. Details of such work have been reduced to a system in Europe, as many Canadians learned when they served in the trenches in France, but experience in regard to European forests cannot be taken as a guide in a country like Canada, where many conditions are different. To study this problem of how to reproduce good forests as quickly as possible on cut-over or burned-over lands, the Dominion Government, at the request of the Honorary Advisory Council for Scientific and Industrial Research, instructed the Forestry Branch of the Department of the Interior to establish an experimental forest on part of the military reservation at Petawawa. The tract is an ideal one as it presents conditions as they appear over a large part of Ontario and Quebec.

Three working seasons have now been spent on the experimental forest at Petawawa and already much information has been gained as to the rapidity of tree growth. With these studies continued and extended, Canadians will in years to come know as much about their forests and how to handle them as the French know about theirs.

DISEASES OF BEES
Bee diseases are of two kinds:—(1) diseases of the adult bee, which, happily, in Canada, have so far been of a transient nature because no effective treatment is known; and diseases of the brood, of which there are three, American foulbrood, European foulbrood, and Sacbrood.

Since each of these three diseases is treated differently, and since the first two cause great loss when neglected, it is important that every beekeeper should be able to recognize and distinguish them so as to treat the serious ones effectively and with least delay.

The diseases affect the larva or young stage of the bee. In American foulbrood, the larva, just after capping, becomes a coffee-colored mass which is so tenacious or viscid that it will rope out some three to a length of several inches if a toothpick is inserted into the cell and withdrawn and it has an "unpleasant" sticky odor. The mass dries down to a scale that adheres tightly to the lower wall of the cell. The surface of the cell containing the affected larva is usually discolored and it is often irregularly perforated, or it may be removed altogether.

In European foulbrood, most of the larvae are fresh before they are capped over. They lose their shape and collapse at the bottom of the cell, appearing, if they had been noticed and turning to a light cream or gray colour. The decayed larva has a slightly sour smell to which is sometimes added a strong odor of putrefaction. The mass ropes out either not at all, or but little, and the dried scale is easily detached.

In Sacbrood, the full grown larva lies stretched out on its back in the cell, discolored but with skin and shape intact. The pupae of the larva are watery and contain curd-like particles.

American foulbrood is treated by shaking the bees from a pan hive, enclosing frames fitted with foundation without any of the honey, and taking away the combs of brood and honey which contain the spores of the disease. The bees must not be allowed access to the honey unless it has been boiled for an hour, although it is fit for human use. The combs may be rendered into wax. The hive should be disinfected by introducing young Italian queens and keeping the colonies strong and well supplied with stores. This disease will spread very rapidly during a honey dearth in late spring and early summer. In severe cases, the colonies should be left queenless for one or two weeks before the Italian queens are introduced.

Sacbrood usually disappears after a few weeks and calls for no treatment.

THE RELIABLE REMEDY

EGYPTIAN LINIMENT

"I have now used Douglas' Egyptian Liniment for 2 years, and find it gives the best satisfaction for man and beast. I used the liniment on 4 cows during the winter for lump in leg, and a mare's hind leg cured each case in 24 hours. I also found it good for muscular rheumatism and lameness."—Signed, Alan Scheldt, New Hamburg, Ont.

This Liniment will also stop bleeding at once and prevent blood poisoning. 35c A BOTTLE SOLD BY ALL DEALERS.

DOUGLAS & CO., Manufacturers, P.O. Box 100, New Hamburg, Ont.

MAJOR LEAGUE RECORD BROKEN

Boston, May 2.—The Major league record for the number of innings in a single game went to smash Saturday when for twenty-six innings and three hours and fifty minutes the Boston and Brooklyn Nationals battled to 1 to 1 on Braves' field. Joe Ossinger for Boston, and Leon Cadore for Brooklyn, stayed in the box for the entire game. Ossinger allowed only nine hits, struck out six men and gave five bases on balls. Cadore was hit fifteen times, struck out nine men and gave four bases on balls. (Called on account of darkness, twenty-six innings.)

Batteries—Cadore and Kruger, Ed. Holt; Ossinger and O'Neil, Gowdy. Other National League results for Saturday follow:

A GIFT

combining Luxurious Beauty and Everyday Utility

NOTHING receives such close inspection and appraisal as the Wedding Present—not only by the Bride and Groom themselves—but by all the guests.

HOLMES & EDWARDS Silverware is welcome as a practical, sensible gift, of course. But in addition it possesses that exclusive, exquisite beauty and superlative quality which set it apart—a gift delightfully distinctive and everlastingly prized.

HOLMES & EDWARDS is the highest-priced silverware made. It is superior in craftsmanship and finish. And in the five staple pieces—those most frequently used—it is protected at the wear points.

Your Jeweller has an interesting showing of suitable presentations—in those dignified, pleasing patterns which convey an inexpressible touch of refinement.

"SILVER ISLAND"
(Set of six teaspoons, \$4.75)
On the back of the bowl and handle—just where the wear comes—a piece of pure silver is welded in. Because of this protection the even beauty of Holmes & Edwards Silverware is not marred by use.

"SUPER PLATE"
(Set of six teaspoons, \$4.00)
Holmes & Edwards Super-Plate is protected at the wear points, including the tip of the bowl, by an extra heavy coat of silver. This double plating means added service and satisfaction.

Manufactured Exclusively in Canada by THE STANDARD SILVER CO. OF TORONTO, LIMITED

Protected where the wear comes

Local and Gen

Short Paragraphs Which Passing Interest to G

SAILING ON SCHEDULE
The steam ferry was launched Thursday evening, began the season's work Friday afternoon. The time schedule is the same as previous years.

DO NOT LIKE IT
Many Bathurst residents are petitioning the Town Council to do away with Daylight time and go back to the slower.

NO TIDINGS
No tidings of Clarence Wright, who left a camp some two weeks ago on the Northwest Miramichi, have been secured and the searching party is still hunting the woods.—Advocate.

WILL SPEAK HERE
The Rev. Mr. Fish of Toronto, Past Master of M. W. P. G. Chapter, will speak in the L. O. J. No. 64 Hall on Saturday evening, May 15th. All Orangemen are asked to be present and visiting brethren welcome.

TEACHERS RETURNING
There are indications that numerous former New Brunswick school teachers who are now located in the west are anxious to return home. Several have already come back, and many teachers in the west have recently applied for schools in this province. With higher salaries here it is possible that the exodus, which at one time was serious, has about ended.

OPEN SEASON CLOSED
The open season for killing muskrat in New Brunswick closed Saturday and it is estimated that the number killed, particularly along the St. John River, was the largest in history while prices have been far in excess of those paid in any previous year. About \$5 per skin has been the ruling price for good skins and Indians and others who have been engaged in killing animals have reaped a rich harvest.

LOCAL CONDITIONS, GOVERN.
Hon. P. J. Veniot stated, Friday, that a general order lifting the prohibition of motor traffic on the highways was not to be issued, as that matter rested with the supervisors of the various districts who would make announcements when the frost was out of the roads in their districts. In Restigouche the roads are now fit for use and cars will be permitted to proceed over them.

CHILD BURNED
A very regrettable accident, fraught with fatal results, occurred towards the end of last week at a home in the Big River settlement when a little girl named Teda Boucher, the eight-year-old daughter of Mr. and Mrs. Henry Boucher, was so severely burned about the face and body that she died after being removed to the J. H. Dunn Hospital in town.—Bathurst Light.

PURCHASED ANOTHER PLANT
It is reported at Chatham on good authority that the Fraser Company Limited will shortly add to their large holdings, the property of the Dominion Pulp Company, Limited of Chatham. Negotiations between the parties which have been going on for some time will practically close this week and the transfer of the property will take place at once.

British Columbia Woman Speaks Plainly.

Her Message is to Everyone.

Those who have found relief are the people who want all sufferers to know what they gained from their experience. Mrs. B. Walker, of Surrey, B.C., writes, praising GIN PILLS for the immediate relief given by these splendid Pills. Mrs. Walker says:—

"I advise people who have not used GIN PILLS to try them. I have been troubled for years with weak kidneys, and one box of GIN PILLS cured me. I recommend them as an absolute and reliable cure."

Derangement of kidneys or bladder is so very serious that, at the first sign of pain in side or back, treatment with GIN PILLS should begin. The duty of the kidneys is to cleanse the blood. If weak or inactive, uric acid and other poisons and waste are carried to the joints and muscles, causing inflammation, rheumatism, sciatica, neuralgia, lumbago, constant headache, dizziness, feebly before the eyes, gravel or stones in the bladder, general debility and lameness. If you have any of these symptoms, get GIN PILLS at once. Free sample on request. At druggists or dealers, 50c a box. Money refunded if not relieved.

Middle Aged Women

Women should take warning from such symptoms as heat flashes, shortness of breath, excessive nervousness, irritability, and the blues—which indicate the approach of the inevitable "Change" that comes to all women nearing middle age. We have published volumes of proof that Lydia E. Pinkham's Vegetable Compound is the greatest aid women can have during this trying period.

Read About These Two Women:
Present, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run-down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my trouble, which I never proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. Gomez, and Stephen St., Fremont, Ohio.

Urbana, Ill.—"During Change of Life, in addition to the annoying symptoms I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt so weak that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I took my dose. I would try it. I soon began to gain in strength and the annoying symptoms disappeared and my Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. Frank Haxson, 1316 South Orchard Street, Urbana, Ill.

Nothing adds so much to the beauty of a home as floors that are properly cared for; on the other hand, floors that are not protected are unpleasant to look at, are hard to keep clean, and become injured through wear. Don't neglect your floors, beautify them and save them. Save the surface and you save all.

MARBLE-ITE Floor Finish is the perfect treatment for floors of all kinds. It is the one floor finish that has a money-back guarantee attached to every can.

In 24 hours MARBLE-ITE dries hard with a beautiful finish that will not show heel marks. It has a high gloss, yet is tough enough to stand any amount of wear without injury. It can be washed with soap and water and it will not mar nor scratch white.

We invite you to call and discuss this method of beautifying and protecting your floors. We can give you full details regarding this or any other painting or varnishing problem. We have a complete stock of MARTIN-SENOUR Paints and Varnishes. For every purpose—For every surface.

HOW MUSTARD IS GROWN

Expert Advice As to How Mustard Seed Should be Planted.

The seeds of two species of Mustard are used commercially, namely White Mustard (*Brassica alba*) and Black Mustard (*Brassica nigra*). The common names of both species are somewhat misleading as in both the flowers are yellow, while the seeds are yellow in White Mustard and brown to dark purple in Black Mustard.

Both species grow rapidly, and the seeds can be sown from the beginning of May to the end of the first week in June. The crop will, as a rule, be ready for cutting in August.

Experiments with both species were carried out at the Central Experimental Farm during 1916, and also to some extent during 1917 and 1918. The seeds were obtained from the United States, France, Holland, Sweden, and Russia.

The plots were of various sizes and the rates of sowing per acre also varied considerably. The yield of seeds varied and was influenced largely by the dryness or otherwise of the season at the time of flowering. The seed-pods of White Mustard usually remain closed when ripe, but in Black Mustard the pods open as they ripen and allow the seeds to escape, constantly the latter crop has to be cut as soon as the first pods are ripe.

The particulars of yield per acre, for White Mustard are as follows:—Sown at the rate of 7 lbs. per acre, yield of seed at the rate of 325½ lb. per acre.

Sown at the rate of 11½ lbs. per acre, yield of seed at the rate of 22½ lb. per acre.

Sown at the rate of 14½ lbs. per acre, yield of seed at the rate of 34½ lb. per acre.

Sown at the rate of 18½ lbs. per acre, yield of seed at the rate of 39½ lb. per acre.

Sown at the rate of 22½ lbs. per acre, yield of seed at the rate of 44½ lb. per acre.

Sown at the rate of 26½ lbs. per acre, yield of seed at the rate of 49½ lb. per acre.

Sown at the rate of 30½ lbs. per acre, yield of seed at the rate of 54½ lb. per acre.

Sown at the rate of 34½ lbs. per acre, yield of seed at the rate of 59½ lb. per acre.

Sown at the rate of 38½ lbs. per acre, yield of seed at the rate of 64½ lb. per acre.

Sown at the rate of 42½ lbs. per acre, yield of seed at the rate of 69½ lb. per acre.

Sown at the rate of 46½ lbs. per acre, yield of seed at the rate of 74½ lb. per acre.

Sown at the rate of 50½ lbs. per acre, yield of seed at the rate of 79½ lb. per acre.

SUGAR PRICES WILL GO UP

Said Prices Will Go Up Thirty Cents a Pound.

Sugar which some years ago was obtainable at five cents a pound is likely to go to 30 cents or more, according to some local merchants. Over fifty thousand tons of raw sugar are now on their way to Canadian ports but it is not expected that this will reduce prices. The Government Merchant Marine ships have been used to bring raw sugar to Canada, and it was reported a short time ago that the action of the Government fleet would have a tendency to hold down prices. Prices are still lagging behind American prices, but the margin is not expected to continue.

Of the sugar coming to St. John's, 10,000 tons are in connection with contracts made by the Atlantic Refinery to be refined for the Canadian Refining Company of New York, and delivered to the For-Miller Brokerage Company of Chicago. This sugar has already been sold in the Western States and export permits for it have been granted. Canadian refiners could do a large export business in sugar if it were not for the embargo on exports.

In regard to the general situation a local merchant said there was no prospect of lower prices for sugar until the best root production of Germany, France and Austria returned to something like normal. In spite of the fact that the British Government acquired considerable quantities of raw sugar at comparatively low prices, sugar in England is now selling at 25 to 27 cents, with the probability of the price going up to 35 cents in the near future.

Before the war the sugar production was about 16,000,000 tons. Cuba produced about 1,000,000. The best sugar industry was practically extinguished in Europe during the war. Now the Cuban sugar planters who were held down to low prices before the war and during the war are taking advantage of the situation to charge the maximum price obtainable. The initial basis for prices was given last year by Attorney General Palmer, when he allowed the Louisiana plant a price of 17 cents. This angered the Cuban planters, who have since been boosting the prices of their crop all along the line.

POTATO DEALERS ARE ANXIOUS

Boycott Cuts Demand in Ontario and Many Cars on Hand.

Potato merchants in New Brunswick are watching with interest the result of the consumer boycott of potatoes in various Ontario cities. At Toronto the dealers have over thirty cars of the tubers, and are in a quandary as to what to do about them. If sent to Montreal they may find that by the time they have reached there Montreal will be boycotting potatoes. The fact that some Ontario dealers are showing a disposition to let the potatoes rot rather than reduce prices is creating feeling among the people.

Demands are being made in the press that the Government step in and take charge of the business of marketing farm produce, as is done with cattle and other produce in Australia. One result will apparently be to extend the co-operative movement among farmers for the disposal of their products, and eliminate some of the middlemen, who have been proceeding on the plan of charging all the traffic will bear.

DANCES KILL MODESTY, DOCTOR TELLS Y. W. C. A.

Newark, N. J.—"Dances of today are the East African sex dances, the dances of cannibals that tend to kill all modesty in girls," Dr. Margaret Sullivan of Jersey City told a gathering of prominent women at the Y. W. C. A.

"The girls of today do up their faces like circus clowns. You cannot expect your little girl in her teens," she warned, "to go out to an evening party clad as the young girl of today is too often clad and throw her into the arms of a dancing partner and expect her to come back the same girl. You have deprived her of her greatest defense—her modesty."

SCALE OF WAGES BEING SOUGHT

Local Mill Men Want Increase in Pay For This Season.

On the busy North Shore, as a result of organization, a new wage schedule is being sought by the mill men. The companies which are interested are Shivers Lumber Co., Rio Mfg. Co., W. H. Miller and the Fraser Lumber Co. Dalhousie Lumber Co., the Restigouche Boom Co., and A. Barberie. Band or rotary sawyers with riggers are asking \$8 a day, hand and rotary sawyers \$6.00; hand saw filer, without helper, \$14.00; gang sawyer \$6.00 round saw filer \$5.50; lathe sawyer \$5.00; handmen such as millright helpers, assistant foremen, pop sawyers and helpers \$5.00, blacksmiths \$7.00; mill engine \$7.00, deal workers \$5.00; general labor \$4.00.

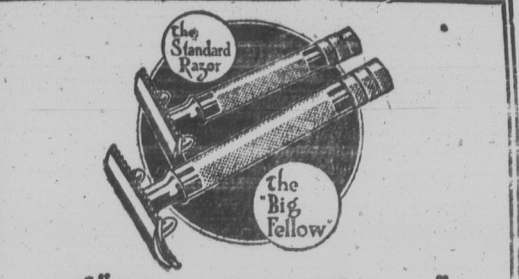

Among the conditions set forth is that nine hours constitute a day work, overtime to be paid for at the rate of time and a half with double time for Sundays and various holidays. Daylight saving time is taboed.

PULP WORKERS GET MORE PAY

A committee of the Local International Brotherhood of Pulp & Sulphate workers with Mr. Labelle, organizer, met in conference with W. G. Stevens, manager of the Bonaville Pulp Co., Ltd. on Saturday last and drew up a schedule of wages and conditions. This mill, which has been operating with two shifts, turned over to three tours of eight hours each and commenced operations under the new arrangements.

The two workers got an increase in wages of twenty per cent, while all other labor received an increase of thirty per cent. The workers work the nine hour day as formerly.

NOMINATED FOR MODERATOR Professor James Ballantyne, former minister of Knox Church, Ottawa, was nominated by the Presbytery of Ottawa as Moderator of the General Assembly which meets in June.

the Big Fellow

THIS is the NEW Gillette Safety Razor—bigger and weightier in the handle and the head, as the picture shows, but it takes the same good Gillette Blade that has made the Gillette Safety Razor Known the World Over.

No advance in the price—\$5.00.

Men who like something with more heft to the handle than the Standard Gillette, will now enjoy Gillette shaving with its perfect edges and freedom from Strapping and Honing.

This is the handsome case of polished Gum Wood—mitered corners—and very compact.

Dealers will be glad to let you see the Gillette "Big Fellow".

LARGE INCREASE IN PAPER MONEY

Ratio of Gold Has Fallen From 70 Per Cent to 18 Per Cent.

New York, May 12.—In an address before the Sales Managers' Club of New York, O. P. Austin, statistician of the National City Bank, presented the latest figures of world currency, national debts, interest charges, and other Governmental expenditures, showing that the paper money of the world exclusive of that issued by the Bolsheviks had increased from \$7,000,000,000 at the beginning of the war to \$40,000,000,000 at the date of Armistice, and \$50,000,000,000 at the present time; also that the national debts of the world had grown from \$4,000,000,000 in 1913 to \$18,000,000,000 in 1919, while world credits, in other form of inflation, had also enormously increased.

The ratio of gold to paper currency of the world, he said, which stood in 1913 at about 70 per cent, was at the close of the war 18 per cent, and at the present time approximately 12 per cent. Especially startling was the fact that while the increase in world paper had been \$33,000,000,000 during the war period, the increase since the close of hostilities had been \$16,000,000,000, or about one-half as much in the 18 months of after-war peace as in the 51 months of actual war.

The world budgets are now approaching the limits of which, as before the war, and the annual interest charges on world national debts now over \$9,000,000,000 a year, amount to \$1,750,000,000, immediately preceding the war.

The One Who Suffered.

"Son," said old Klossman, "you must give up smoking; it affects the heart."

"Don't worry, father; my heart's all right."

"That may be, but it gives me palpitation every time I see you light one of those expensive cigars."

MAKING MONEY ON PULP WOOD

New Brunswick Farmers Are Making Money on Lots and Pulp Wood.

Practically every New Brunswick farmer, owning timber land, has this hauling distance of a navigable river, is taking advantage of the present high price of spruce, fir and hemlock and hauling as much as he can spare down the river's edge. Last year buyers paid \$16 a thousand for selected logs; this year the price is \$23 a thousand, on the river banks, and there is hardly enough offering to meet the demand.

Many of the woodland owners are content with these returns, however, and have installed individual machines on their farms and with the American price for laths up to \$10 a thousand, it is expected that they will get good returns for their work.

Dealers point out that the United States lath market is high now and may break at any time, but it is not so high as the one on the inside that is prevailing below a cent a lath a bundle. The local pro-war price of laths was ninety cents a thousand.

There is a strong boom in pulp cut pulp, and it is said that farmers in striking distance of the rivers are making an average cut of fifty cords each and are getting \$11 a cord loaded on cars. The early spring price for pulp was \$12 a cord, and here is no prospect of the market suffering a bear movement. Last year the price averaged between \$9 and \$9.50 a cord. So steady is the demand at present that many contractors, especially those who are agents for firms across the border are offering a bonus, or a share of their commissions, to the lumbermen.

PERSONALS

Mrs. J. B. Sowerby very pleasantly entertained a number of young people at her home on last Friday evening.

Miss Frances Robinson has returned to her home in New Carlisle after visiting relatives here.

Miss Elizabeth Mott of Dalhousie spent a few days in town this week.

Mrs. J. F. Gallagher has returned from Montreal where she attended the graduation exercises of the Royal Victoria Hospital.

Mr. and Mrs. Thos. Wran are visiting in Montreal.

Mr. W. F. Napier has returned from a trip to Boston and other cities.

Mr. Alfred Gilkes of New Richmond was in town on Saturday.

Mr. and Mrs. W. H. Boulet have returned from their wedding trip to West Virginia.

Dr. Leslie, professor of Music at Toronto, was in town for the week end and sang at both morning and evening services in St. Andrew's Church.

Mr. Jas. McFavish of the Imperial Oil Limited, St. John, was in town for a few days this week leaving for Munster accompanied by Mr. H. Currie of the Imperial Oil Limited here.

Mr. and Mrs. Daniel Currie left on Tuesday for Bathurst, where they will reside in future.

Mrs. B. A. Movat and Miss Hazel Movat have returned to town after spending the winter months in Toronto.

Mr. Harold Movat, who has been attending the University of Toronto, has also returned to town.

Mr. John P. Hamilton of Black Lands was a visitor to town on Tuesday.

Miss Dorothy Wheeler of the Montreal called here on account of the serious illness of her brother Mr. Fred Wheeler.

Miss Lillie Wheeler, who has been in Saskatoon and Miss Barbara Wheeler of Regina, Sask., are also in town.

Miss Ada Wyers returned on Monday evening from Moncton, where she has been for the past four weeks, having undergone an operation at the Moncton Hospital.

Miss Gladys Wyers has returned from a visit with Mrs. C. M. Snow, Moncton.

Mr. B. Hillo has returned from a week's visit to Montreal and was accompanied by Mr. Chas. Ayscough of St. Quentin.

Miss Val Roy left on Monday for her home in West Bathurst where she will visit for three or four weeks.

Mrs. H. E. Mann of Halifax is visiting relatives in town.

Mr. Clifton Adams is visiting in Toronto and Hamilton.

Mr. A. Kelly, Esq., was in Fredericton Wednesday attending a meeting of the N. B. Temperance Alliance.

Mr. J. D. McLellan of New Carlisle, Que., is spending a few days in town.

Mr. Glenford A. Movat has returned from Fredericton where he was a student at the University.

Mr. Ingram McKenzie has returned from Fredericton for the summer vacation.

Mr. J. V. Cote of the Provincial Bank of Canada, has been transferred to the Quebec branch. Mr. Cote has made many friends during his residence in town, who will regret to hear of his departure.

How far could you travel without clothes, money, food or friends? See "The Wager" first episode of "Bound and Gagged" at the Opera House Friday and Saturday.

DALHOUSIE.

Mr. and Mrs. MacFarlane who spent the winter months in Boston, arrived here last week to spend the summer. They are staying at the home of Mr. and Mrs. Albert Gallop, Adelaide St. They were given a hearty welcome by their friends.

Mr. A. Foster, Montreal, inspector for the Provincial Bank of Canada, and Mr. Philippe LeBlanc, Moncton, manager for the Dalhousie Branch of the Provincial Bank, are in town this week, guests at the Queen. The new bank is now open for business, and is quite an addition to the east end of William St.

Many friends of Mrs. D. McNeish of Dalhousie, will regret to learn that she is very ill.

Mrs. P. Nadeau and her son R. A. Nadeau, Montreal, were in town today on business connected with property owned by Mrs. Nadeau in the

Bernier, The Tailor

shirtown. Mrs. Nadeau left for Campbellton, en route to Pore, P. Q., where she will conduct the "South Beach Hotel" which is owned by her brother Charles Lamb of Chandler, to continue his studies.

Alex. McLellan, Campbellton, was among the visitors to Dalhousie on Monday, and registered at the Queen.

Mrs. C. H. LaBilloy, a spending a few weeks in Halifax, N. S., visiting her daughter Mrs. J. M. Colton. On her return she will visit her daughter, Mrs. R. L. Lemox, at St. John, N. B., L. G. Pinault, M. D., Campbellton, was in Dalhousie last week.

Mrs. W. Walsh, who has not been enjoying good health for sometime, is visiting her husband's friends at Thetford Mines, P. Q., and is much improved in health.

Rev. A. A. Boucher, who spent the winter months the guest of his brother Doctor Boucher, in Boston, was here last week on business. He left yesterday for North Carolina, where he will be chaplain in an institution of learning in that state.

Mr. and Mrs. Clifford Shirley, Montreal, are spending a few days in town, the guests of Mr. Shirley's parents, Mr. and Mrs. Ed. Shirley.

Mrs. Wm. Good and her sister Mrs. Simpson, St. John, N. B., were visitors to Campbellton, on Monday.

Mrs. Alexis LeBlanc was in Campbellton today, the guest of her brother Mr. Bugeud of the Florence Hotel.

Mrs. David Champoux, Campbellton was a visitor to town recently.

Mr. and Mrs. Ed. Dean, St. John, N. B., have arrived at the new Arran Hotel. They will proceed at once to make improvements to the Hotel, to be ready early to receive a great number of visitors, who are to be with us on June 16th and 17th.

Mr. R. Allan Christie, manager of the Campbellton and Dalhousie Opera Houses, was in town on Friday last, and during the evening spoke briefly to a large audience. He proposes making some improvements to the "Star Theatre" which will be very much appreciated, Mr. Christie speaking to the Vice President for the Tourist Association for Restigouche Co., offered the use of the Star Theatre, for the exhibition of the views of Fishing, Gam and Lumber in New Brunswick, that the convention intend showing as a part of their programme, during their two days stay in the shire.

Tonight at the call of Mayor Barberie, a meeting of ladies is being held in the Court House, to appoint committees, to work for the advancement of the Bay Chaleurs Soldiers Memorial Hospital at Campbellton.

Mrs. S. J. Beckingham, President of the Wos. Institution of Dalhousie, who has spent the winter months, the guest of her sons in British Columbia and California, has returned home and speaks highly of her visit. Mrs. Beckingham was much missed, and no doubt from this out the institute will be active in assisting the different progressive movements that are on foot to improve our pretty little town.

A very pleasant event took place on Tuesday, May 6th, when Miss Ruth Foran celebrated her fifteenth birthday.

For many little friends were invited to spend the evening with her, games were enjoyed, refreshments were served by Mrs. J. W. Cooke and Mrs. R. Willett.

Miss Foran was the recipient of many useful and handsome gifts. Among those present were: Teh Misses Ena Simpson, Myra Wallace, Helen Elsliger, Myrtle McGrath, Mary Coleman, Martine Monello, Rhoda Harbour, Gertie Cooke, Marion Campbell, Corina Blanchard, and Messrs. Billy Mott, William Pallen, Hughie Connacher, Lawrence Cooke, Colwell Stewart, Willie Blanchard, Albert Colvin, Leo Blanchard. All went away well pleased with the evening's enjoyment.

Mrs. Albert Boudreau and child are visiting friends in Bathurst.

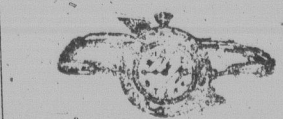

Mrs. Philippe Maine was called last week to Tracadie, N. B., on account of the serious illness of her mother.

According to H. H. McNill, the veteran Light House Keeper here, it is over forty years since the spring was so late in using lights in the light-houses of Harbour of Dalhousie.

Miss Kate Bateman spent the weekend in Dalhousie the guest of Mrs. Wm. S. Simpson.

Who is The Masked Rider in "The Great Radium Mystery"? See the finish at the Opera House this Friday and Saturday.

Wallace Irwin wrote "The Blooming Angel" in which Madge Kennedy will appear at the Opera House on Monday and Tuesday next.

The Tale of Perfect Time in a Watch From Mastering is interesting, between them lies the secret. The Mainspring is the power which it transmits to the active parts of the watch. The Hairspring has the control and regulates the motion. The setting is most delicate; imagine a 100th part of a hair, (impossible isn't it?) Yet it is enough to interfere in its performance, so wonderful is the adjustment. The friction from accumulating dirt; lack of oil, etc., destroy these perfect fittings. Do not let your watch run to ruin from neglect. Remember my business is the care of watches, and my opinion costs nothing.

TRAIN WRECK ON C. N. RAILWAY

Two Killed Others Injured—Train Plunged Into Nashwaak River Monday.

Two trainmen were killed, another badly scalded and three others painfully but not seriously bruised and shaken up when Train No. 644, a way freight from Fredericton to Newcastle on the Canada Eastern Railway was yesterday suddenly plunged over an embankment into the Nashwaak river from the approach to the bridge about two miles north of the Marysville station.

The Dead are: John Gillis, engineer, aged 40 years, of Newcastle.

The Injured are: John Estabrooks, brakeman, aged 37 years, of Fredericton.

Clifford Hughes, fireman, of Fredericton, badly scalded about the arms and legs.

Walter Long, conductor, of South Devon, bruised and scratched.

Nicholas Osborne, brakeman, of Devon, bruised and scratched.

Following a heavy rain on Sunday, a dam on the Nashwaak River, owned by the Nashwaak Pulp and Paper Company, gave away and the rush of logs thus released tore away the embankment, so that when the train came along the locomotive, tender and one freight car rolled down the embankment of almost twenty feet into the river.
