MINERS VOTE TO CONTINUE STRIKE

'12 PER CENT REDUCTION IN CANADIAN RAILWAYMEN'S WAGES

GREEKS POSTPONE DRIVE AWAITING ASSURANCE OF SUPPORT FROM BRITISH

Constantine May Order Local Smash East of Ushak in Order to Maintain Prestige—British Waiting to See If Turkish Nationalists Will Accept Sevres Treaty Before Making Any Promises.

Constantinople, June 17.—The Greek offensive against the Turkish Nationalists has been halted while final decision of the British is pending. In any case, however, the Greeks are expected to launch a local offensive east of Ushak, where the Turks are badly placed. This offensive would be ordered for the purpose of maintaining the prestige of King Constantine, General Ismet Pasha, commander of Nationalist troops at Eski Shehr, has summed up the Greek position by saying: "They are in the same position as a man who has started to sneeze and finds himself unable to do so."

It is believed here that the British are waiting to see if the Turkish Nationalists are willing to accept the revised Sevres treaty which was discussed at London with Nationalist representatives last March. The Nationalists are in a dilemma. They are afraid of both the British and the Russian Bolsheviks and they are closely watching Enver Pasha, who is acting as a Soviet emissary in the Near East. The Nationalists desire to meet the Allied viewpoint, but Enver is trying to overthrow Mustapha Kemal, head of the Nationalist Government. The Nationalists wish, in case of the acceptance of the London modifications to the treaty, that the Allies will agree to protect them against the wrath of the Bolsheviks.

Yousouf Kemal, foreign minister of the Nationalist Government, is said to be on his way to Adalia, from which port he will sail for Rome. It is declared he also intends to visit Paris.

SINN FEINERS BURN RAILWAY SIGNAL BOXES

Campaign of Destruction Around British Capital

London, June 17.—Several railway signal boxes around London were burned last night by parties of men, alleged to be Sinn Feiners, who sprinkled oil over the boxes before lighting them. At Acton, Uxbridge, Wembley, Bromley and other stations, boxes were destroyed but railroad men prevented similar action at Southall, where a signal man had been overpowered and bound by an attacking party. At Barnes station, several men held up a signal man at the point of revolvers and bound him before destroying the signal box. A signalman at Clapton Junction, an important point on the Great Eastern Railway, was shot and wounded, but he set the signal at "danger" and telephoned for aid. Scotland Yard officials were out all night making efforts to trace the miscreants, who are reported to have escaped.

CAMPAIGN SPREADING.

London, June 17.—A campaign of widespread cutting of railway and signal wires and burning of signal boxes around London, attended by violence against signalmen, was carried out during last night by Sinn Feiners and members of the Irish Self-Determination League. Nine men were arrested. The official police statement says: "All the men arrested gave local addresses. They are young Irishmen between 17 and 22. It has been known for some time that the heads of the Irish Self-Determination League in London have been in correspondence with the so-called Irish Republican Army, which has been directing the murders and outrages in Ireland."

THE WEATHER

TOMORROW—FAIR AND WARM. Forecast for June 18—Sunny. Today—Light to moderate winds; fair to overcast, with local showers; clearing tonight. Saturday—Fair and warm. The highest and lowest temperatures during the 24 hours previous to 8 a.m. of today: Stations. High. Low. Weather. Calgary. 60. 44. Rain. Winnipeg. 50. 32. Clear. Port Arthur. 52. 32. Clear. Parry Sound. 70. 55. Rain. Toronto. 84. 69. Rain. Kingston. 72. 54. Rain. Ottawa. 72. 54. Fair. Montreal. 76. 54. Fair. Quebec. 74. 46. Cloudy. Father Point. 58. 42. Cloudy. St. John. 58. 44. Clear. Halifax. 62. 46. Cloudy. Weather Notes. Pressure is low from the Hudson Bay district to Arizona, and over Newfoundland, while it is high to the southeast and over the North Pacific states. Local rain has fallen in Alberta, Manitoba and Ontario, while scattered showers have occurred in the Maritime Provinces. The weather continues fair and warm.

WAGE CUT FOR RAILWAYMEN ON CANADA'S ROADS

Companies Notify Men of 12 Per Cent Reduction.

REFUSAL NOT EXPECTED

Deficits Make Lowering of the Payrolls Imperative.

Montreal, June 17.—The Canadian railway companies today formally advised their employees, through their representatives, in conference here, that on July 1 they would be invited to accept a 12 per cent wage reduction. The number of men to whom the wage decrease applies is 150,000. The decrease is to become effective on July 1.

The reasons given for the decrease are: 1. Inability of the railways to continue present wages, despite short times in shops and elsewhere, and the adoption of every economy possible. 2. A deficit of \$11,000,000 by the Grand Trunk this year. 3. The action of the United States railway board, whose decisions have always been copied in Canada in declaring a wage reduction of 12 per cent.

The union representatives here stated they will report the proposals of the railroads to their respective unions. The point most strongly labored by the men's representatives was that the time between now and July 1 was insufficient in which to give thorough consideration to the proposals.

It was pointed out that the railway companies were aware that any change made by the United States labor board would be applied simultaneously here if it were to be continued, and the good relations which exist between railroads and employees in Canada maintained.

Refusal Not Anticipated. The men were not told what would happen if they refused the decrease in wages, and when railway officials were asked they replied that they did not anticipate any refusal.

Those who follow the railway officials' lead in the following general chairmen of the various crafts interested: W. G. Dewar, Brotherhood of Railway Trainmen; Thomas Todd, Order of Railway Conductors; W. J. Mowell, Brotherhood of Engineers and Firemen.

The companies were represented by Vice-President Robb of the Grand Trunk, and Vice-President Grant Hall of the C. P. R.

Maintenance of way and shop crafts were also called into conference, but the United States labor board has not yet given a decision respecting their refusal, their case will be taken up later.

Did George Have Right To Move That Stable?

Carolina Hicks Says "No" — Judge Macbeth Will Decide the Question.

Carolina Hicks is suing George Chandler at the county court today for a stable which she says he wrongfully removed from her property, 39 William street. The plaintiff, who now resides in St. Thomas, said that Chandler was her tenant in the house, and that when he moved away he took the stable with him. Chandler said that he had received permission to erect the stable when he rented with a handsome silver flagon and two suitably engraved by the officers of his majesty's Canadian navy serving in Canadian and imperial ships and by senior civil officers of the department, at headquarters, the royal naval college and the dockyards. The flagon is a replica of one taken from one of the captured ships of the Spanish Armada.

Foreigners and colored men were interested spectators at the trial. The plaintiff's counsel, a number of foreigners to testify on her behalf, and in order to get the facts from them it was necessary to use an interpreter. "One foreign witness said that the structure's dimensions were more like the size of a chicken coop than a stable. He described it as being five feet square and seven feet high. Another witness described it as being 10 feet by 14 feet by 7 feet.

The case will probably be concluded this afternoon.

PRESENTATION TO ADMIRAL.

Ottawa, June 17.—(Canadian Press).—On his retirement from the directorship of the Canadian Naval Service, Admiral Sir Charles E. Kingsmill was yesterday presented with a handsome silver flagon and two suitably engraved by the officers of his majesty's Canadian navy serving in Canadian and imperial ships and by senior civil officers of the department, at headquarters, the royal naval college and the dockyards. The flagon is a replica of one taken from one of the captured ships of the Spanish Armada.

SCOTCH WHISKY SEIZED.

Cleveland, June 17.—Twelve hundred quarts of Scotch whisky, discovered in a compartment in the hold of the pleasure yacht Tranquilla, a Canadian vessel, were seized by prohibition agents yesterday. The boat was captured by Lakewood police two days ago, after a sun battle with three men, who escaped.

HOW YOU FEEL THE FIRST DAY AT THE OFFICE

—Lemen, in St. Louis Post-Dispatch.

SENSATIONAL CATCH TITLES FOR SUNDAY SERMONS NOT ESSENTIAL STATES PASTOR OF ST. ANDREW'S

"Certain Element Would Be Attracted," Says Rev. D. C. MacGregor, "And Perhaps After All Any Way to Get the People to Hear the Gospel Has Its Justification"—"Striking Sermon Titles Are All Right," Declares Rev. A. C. Bingham.

Are sensational catch themes for the Sunday sermon essential? Unlike Rev. Byron Stauffer of Toronto, who contends that there has been much foolish talk about sensationalism, Rev. D. C. MacGregor of St. Andrew's Presbyterian Church advises that the unusual text does not appeal to him personally. "Of course," he added, "every man should judge for himself and devise his own system. There is no doubt but that a certain element in every community will be attracted, and perhaps after all any way to get the people to hear the gospel has its justification." "Striking sermon titles are all right," asserted Rev. A. C. Bingham of the Egerton Street Baptist Church. "Care must be exercised, however, that there follows no falsification of the material which they expect when they attend. Of course, I realize that any sermon will leave a different impression on different people. It is impossible to satisfy every one. It is so easy, however, to directly falsify the original impression obtained by the person upon reading the announcement."

"A great deal can be said about sensational catch titles," said Rev. T. S. Roy, Talbot Street Baptist Church. "It is all right to select a striking theme, but it is quite another question to realize just where to draw the line. Generally I believe that the attractive title has little value. It is really only the curious persons who will be attracted, and the question that confronts one would be whether any material good will come of it. To me, the sensational pew is to be desired rather than the sensational sermon. Let the people bring in the newcomers. It is my opinion that it is only the interested ones mainly who will read the announcements in any event. Church advertising, however, is desirable on a larger scale than ever before, but of a decided judicious nature. A striking subject incidentally need not necessarily be a sensational one."

"However, personally I do not believe that permanent building can be achieved by the real sensationalism, and I feel safe that this view is held by the best ministers of the continent. As an example, S. Parker Cadman, probably the greatest writer on 'preaching,' flays unmercifully the sensational sermon."

"I do not care to make any comment," replied Rev. G. A. Leichter, Adelaide Street Baptist Church, when questioned as to his opinion of sensational addresses.

Favor Appointment of Women to the Senate

Calgary, June 17.—Members of the National Council of Women yesterday afternoon went on record as favoring the appointment of women to the Senate in Canada. The resolution was adopted with but one dissenting vote.

Among those who spoke in favor of the resolution were Mrs. Jessie McVior of St. John, N. B., Mrs. Rose of London, Ont., Dr. Stowe Gullen of Toronto, and Magistrate Emily Murphy of Edmonton.

The report from the committee on the suppression of objectionable printed matter stated that 50 American magazines, many of which were objectionable, were allowed to come into Canada untaxed.

The report pointed out that magazines published primarily to advertise goods of another country were very large, and its attractive advertising increases the amount of goods which Canadians are buying in the United States. This, it was said, was no small matter when Canada lost approximately \$102,781,216 in one year owing to the adverse exchange rate.

"Objectionable films are the cause of the wave of youthful crime which has swept over the country," says the report of the motion picture committee.

A resolution that all matters pertaining to moving pictures be referred to the standing committee of objectionable printed matter was carried.

TWO KILLED WHEN SOVIET FACTIONS ENGAGE IN FIGHT

Mexico City, June 17.—Two persons were killed and four wounded during a fight between two Soviet factions in the eastern part of the state of Michoacan yesterday. The clash was caused by a dispute between the factions over the ownership of a hill midway between the two towns of Etacuaro and Villah Guadalupe.

Soviet elements in the village of Chilchota, in the same state, attempted yesterday to take over municipal authority, but federal troops arrived in time to suppress the uprising.

GOVERNMENT CANDIDATE IN BRITISH BY-ELECTION DEFEATED BY ADMIRAL

London, June 17.—The Lloyd George candidate was defeated in a by-election today when Rear-Admiral M. F. Suter, running on an anti-waste platform, was elected for the Hertford constituency, rendered vacant by the resignation of Pemberton Billing, Independent. The result of the balloting, which was announced this afternoon, was: Admiral Suter, Independent, 12,329; Sir H. Carr-Saunders, Coalition Unionist, 5,553.

At the 1916 general election, Mr. Billing had a majority of 2,470 in a three-cornered contest.

THOUSANDS OF MINERS TO RETURN REGARDLESS OF RESULT OF THE VOTE

FEDERATION FEARING MENACE OF JAPANESE, DEMANDS EXCLUSION

Resolution Is Most Drastic Ever Considered by Organized Labor.

CALL ON CONGRESS

Three Cities Begin Campaigns to Get Next Convention.

Denver, Col., June 17.—Demand that Congress take action to protect the nation's interest against the growing menace of Japanese immigration and colonization is made in a resolution submitted today to the annual convention of the American Federation of Labor. The declaration, submitted by Mr. McGuire, of the San Francisco Labor Council, has the approval of the Japanese Exclusion League of California, Los Angeles Anti-Asiatic Association, and the Japanese Exclusion League of Washington, various patriotic, civic and fraternal organizations on the Pacific coast.

Labor leaders declare that the resolution is the most drastic measure on the Japanese question ever considered by organized labor. It calls for the following restrictions: "Absolute exclusion in future of all Japanese immigration, not only male but female, and not only laborers, skilled and unskilled, but farmers and men of small trades and professions, as recommended by Theodore Roosevelt. Permission for temporary residence only for tourists, students, artists, commercial men, teachers and others."

"Such exclusion to be enforced by United States officials under United States laws and regulations, as done with immigration admitted or excluded from all other countries, and not as at present under an arrangement whereby control and regulation is surrendered by us to Japan."

Apply for Convention. "Compliance on the part of all departments of the federal government with the constitution, and abandonment of threat or attempt to take advantage of certain phrases of that document as to treaties, which it is claimed give the treaty-making powers authority to violate plain provisions of the constitution and statutes in the following matters:

"A. To nullify state rights and state laws for control of land, and other matters plainly within the state's jurisdiction."

"B. To grant American citizenship to races of yellow color, which are made ineligible for such citizenship."

"Fair treatment, protection in property rights, legally acquired, for Japanese legally entitled to residence in California, and the privilege of engaging in any business desired, except such as may be now or hereafter denied by law, provided particularly they may not hereafter buy or lease agricultural lands."

Three cities have already begun campaigns to get the 1922 convention of the federation. They are Port Worth, Texas, Cincinnati, O., and Birmingham, Ala.

REPUUDIATES I. F. O. T. U.

Denver, June 17.—The executive council of the American Federation of Labor has completely repudiated the International Federation of Trade Unions as it is now conducted.

This announcement was made last night at the convention headquarters of President Samuel Gompers, who made public a copy of a letter sent to the secretariat of the European trade union movement at Amsterdam.

LONDON CENSUS IS ALMOST COMPLETED

Returns Will Be Sent to Ottawa Monday.

That Monday will witness the dispatch to Ottawa of the complete census returns for London is the belief today of Lieut.-Col. French, census commissioner.

The actual work, we may say, is practically over, but we will be kept busy the remainder of the week checking up the entire report. This in itself is a tedious but necessary task. In addition to this, the enumerators are going back over their allotment seeking those whom they previously were unable to get in touch with. However, I fully expect that we will be finished Monday, and the figures on their way to Ottawa."

The work has proceeded satisfactorily from the start, the commissioner asserts, and the public has responded nobly to the call for co-operation, he adds.

KING PETER OUT OF DANGER.

Belgrade, June 17.—King Peter of Serbia, who has been seriously ill, is steadily improving in health and is said by his physicians to be out of all danger.

Over Half a Million of Striking Coal Diggers Have Refused To Cast Ballots On Newest Proposals — Men Dissatisfied With Way Leaders Have Permitted Affairs To Drift — Will Act For Themselves.

AGAINST ACCEPTANCE. London, June 17.—It was unofficially reported this afternoon that the ballot of the coal miners on the strike settlement proposition has resulted against acceptance of the owners' terms, but whether the reported adverse majority is sufficient to warrant continuance of the strike was not stated. The executive committee of the miners' union met late today to receive the ballot.

FAVOR CONTINUING STRIKE.

London, June 17.—The ballot of the coal miners on the question of a strike settlement favors a continuation of the strike, it was officially announced this afternoon.

The result of the ballot, according to official announcement, was: For acceptance of the mine owners' terms, 183,827; for rejection, 432,511. Thus the vote gave the necessary majority for a continuation of the strike.

London, June 17.—Canadian Associated Press.—Serious dissatisfaction has arisen among the rank and file of the Miners' Federation over the vote on the owners' latest proposals, and many of the men as a consequence are expected to take matters into their own hands and return to work under their own arrangements. The situation is somewhat confused, however, and the miners' executive is meeting today to consider it. There is no doubt that at the bulk of the figures on the voting now available indicate the men have voted against acceptance. It is not known whether the two-thirds majority required to continue the strike has been secured. It is estimated that more than 50 per cent of the federation's 1,000,000 members abstained from voting. If the two-thirds majority is secured the mine leaders are faced with the possibility that the strike must be continued, while the government's £10,000,000 bonus will be withdrawn and thousands of men will return to work. The way the dispute has been allowed to drift, and the failure of the miners' leaders to offer advice or recommendations to the districts on the issue involved in the ballot, are said to be causes of serious dissatisfaction in some quarters. The ballot appears to have been taken in the most casual way.

The settlement of the dispute between the masters and men in the Lancashire cotton industry has given much relief to a harassed public. Half a million workers were involved in this trouble.

The situation in the engineering trades, however, suggests grave doubts for the future, and there are signs of trouble in several other industries over proposed reductions of wages.

GOVT. HAS NO POWER TO INVESTIGATE THE PRICE OF BREAD HERE

Ald. Bridge Receives Notification From Attorney-General's Dept.

Ald. John Bridge, president of the local chamber of commerce, who recently wrote to Attorney-General W. E. Raney seeking permission for the city council to empower a commission to investigate the bread situation in London, this morning received a reply signed by Edward Bay, K.C., deputy attorney-general, stating that he "does not think this Government has the power to order an inquiry as you suggest."

Ald. Bridge is endeavoring to get in personal touch with the attorney-general in order that a complete understanding may be reached on the subject.

The letter continues: "The board of commerce act seems to me to have taken over almost everything in the way of food prices," and points out that the public inquiries act, which gives power to the Provincial Legislature to appoint commissions, limits its scope to the conduct of public businesses, and administration of justice, and that an investigation of the bread situation "is not lawfully within its scope."

A second communication will be addressed to the attorney-general's department asking for an investigating commission. No. 1 and No. 2 committees at meetings held this week, having passed resolutions instructing City Clerk S. Baker to request in writing that the attorney-general grant the council power to appoint a commission of investigation. This request will likely be forwarded to Toronto by the city clerk today.

"We may have to go to the Dominion department for authority to investigate," declared Ald. Bridge to the Advertiser today. "I am going to get in personal touch with the attorney-general's department, and will see this thing through."

Ald. Bridge has declared war on local bakers, alleging that 12 cents per 24-ounce loaf is exorbitant. And that they can sell bread here at a profit for 10 cents per loaf.

STEAMSHIP ARRIVALS.

London, June 17.—Arrived: Oristano (British), from Montreal.

THIEVES ENTER RESIDENCE OF WM. H. GRAHAM

Interrupted by Ringing of the Telephone Bell.

GOT \$113 AND TWO RINGS

Mrs. Graham Descending To Ground Floor Hears the Front Door Squeak.

Alarmed by the ringing of the telephone bell thieves were interrupted in their activities about 1:30 this morning at the residence of Wm. H. Graham, 189 Wharfedale road, and departed in haste not before, however, they had purloined \$113 in money and two diamond rings of considerable value. A wrist watch and an expensive diamond brooch were overlooked by the visitors.

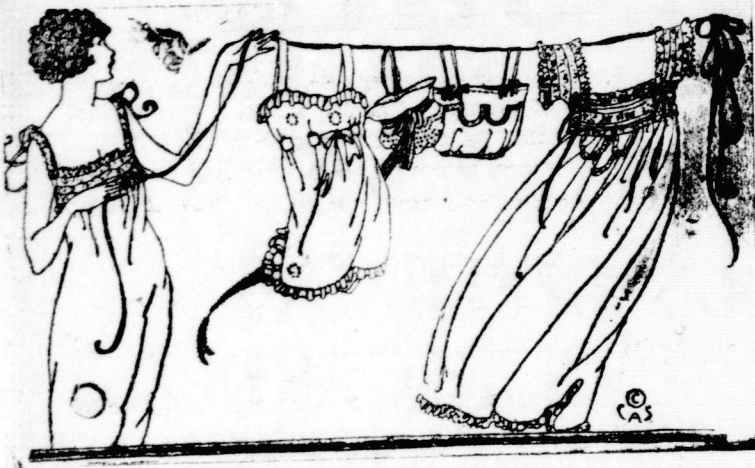

Awakened by the persistent ringing of the telephone Mrs. Graham arose, and upon descending to the lower floor was just in time to hear the front door squeak as in the act of shutting. Immediately calling her husband a thorough search of the place was conducted and it was discovered that the sum of \$105, mostly in American bills, had been taken from a purse beneath the mattress in the bedroom, while \$8 had been removed from Mr. Graham's trousers pocket. The diamond rings were also missing. Mr. and Mrs. Graham were sleeping in a sleeping porch at the head of the stairs. Entrance to the house was effected by use of one of the dining-room windows.

DENIES REPORTS THAT MEXICAN OIL FIELDS ARE BEING DEPLETED

Mexico City, June 17.—Reports of the depletion of Mexican oil fields were described as "absurd and unfounded" last night by the treasury and commerce and industry departments of the Mexican Government. They made public figures showing that since 1901 production of oil in Mexico has constantly increased, and stated that it was estimated the total output for the present year would be more than 350,000,000 barrels.

SALE OF WHITEWEAR VACATION APPAREL SAMPLES SATURDAY FOR MEN AND BOYS

547 GARMENTS ABOUT ONE-THIRD OFF

INFANTS' WHITEWEAR, TOO

SEPARATE SCHOOLS HOLD BIG PICNIC AT SPRINGBANK PARK

Nearly 2,000 Children and Many Adults Enjoy the Annual Outing.

Springbank Park was the mecca of 5,000 people on Thursday, when the annual picnic of the separate schools of this city was held. From an early hour until late in the day the great park echoed with a medley of shouts and cries, while nearly 2,000 children thoroughly enjoyed the long list of sports prepared for them. Because the morning was devoted entirely to baseball none of the races or other sports were run until late in the afternoon. The long wait, however, only served to whet the appetites of the youngsters, and so every event was closely contested. So many children entered the races, many of the event had to be run in two and three heats. Many Novelty Events. After the more conventional foot races had been either won or lost, a little bit of variety and therefore spice, was injected into the program by some novelty events which provided considerable amusement. A pea and spoon race was staged for girls and boxing in barrels was a feature for the boys. Because many sought pugilistic honors, Wilfrid Ellis, the champion boxer, was forced to fight eight rivals at least. Following are the winners of the races: Girls under six—K. Loughlin, L. Croteau, A. Ashwell and D. Molesse. Boys under six—J. Lannahan, J. Bonk, J. Coles and P. Merlino. Girls under eight—M. Harding, M. Galbraith, F. Galbraith and M. Dodd. Boys under eight—T. Matthew, L. O'Mera, T. O'Mera, J. Sullivan. Girls under twelve—H. Galbraith, B. Giles, M. Vickotcher. Boys under twelve—A. Breen, C. Covert, J. Wilkinson.

NO DANGER OF WATER SHORTAGE IN THIS CITY

Both Reservoirs Flowing Over States E. V. Buchanan.

London is in practically no danger of a water shortage this summer, according to General Manager E. V. Buchanan of the public utilities commission. "Both reservoirs are flowing over," he informed The Advertiser today, "and several wells are standing idle. The only thing that will cause a shortage is a breakdown in a number of pumps at one time, which is a remote possibility."

"A drought lasting until September would, of course, present a shortage, but this possibility is more remote than the other one." Regarding the iron sediment present in water from the Horton street wells, which while causing no depreciation in the quality of city water from a public health standpoint, is not looked upon with favor by the consumers. Mr. Buchanan stated that a filtration plant to eliminate this mineral is now on order to cost \$30,000, and will be installed in the near future at Horton and Ridout streets. "We will erect it ourselves," he stated, "but have ordered the filters from an outside firm. However, using our influence we succeeded in having this firm build their order for six large tanks to be used in the plant, with a local boiler factory. This new filtration plant will include an aeration tower, which we will erect ourselves."

Regarding the milky appearance of some city drinking water, Mr. Buchanan repeated his former explanation, namely: that this is due to the presence of minute air bubbles, which rapidly dis-

appear upon allowing the water to stand for a few seconds. "It is similar to bubbles in soda water. This can be proven if one listens with ear over a tumbler of the water, when he can hear the bubbles breaking at the surface. The water also becomes clear from below upwards, whereas if it were a sediment it would settle, becoming clear from above downward."

LARGELY ATTENDED SHARE-HOLDERS MEETING OF LONDON MOTORS, LIMITED.

Thursday afternoon, at their plant at 4 King street, the second shareholders' meeting of London Motors, Limited, was held. There was a very large attendance of shareholders present, and much enthusiasm was shown. The opening of the meeting was preceded by several pleasing selections rendered by the Selby-Young Orchestra, who had contributed their services. Just before the meeting was called to order by the chairman, Mr. Stansell, like a bride adorned for her husband, the London Six made her appearance and was placed in position ready for a scrutinizing inspection. Banked on both sides by palms, with a large Union Jack forming the background, the London Six gave a thrill of real satisfaction to every stockholder, making them proud indeed of their connection with the company and Mr. Stansell's achievement, also the progress made in the very brief period since the company was organized.

Mr. Stansell addressed the meeting briefly, and upon the suggestion from the chair, a standing vote was taken, signifying their confidence and enthusiasm of the progress made, and every member responded heartily. At intervals during the meeting, the orchestra rendered very pleasing numbers, and the meeting was closed by the playing of the National Anthem, following which the London Six was given a thorough inspection by the stockholders, who one and all were highly pleased with CANADA'S QUALITY CAR.

20 MACHINE GUNNERS AT COVE RANGES TODAY

Over twenty men will take part in the first of the Machine Gunners' rifle practices tomorrow afternoon at the Cove ranges in preparation for the inter-brigade competition. As well as a rifle competition, the teams from battalions at Chatham, St. Marys, Stratford and the Sarnia Company will compete in machine gun firing and speed tests. The Machine Gunners are requested to make the ranges by 1:30 o'clock tomorrow afternoon, where they'll report to Capt. Murray Walsh.

C. FREY WILL REMAIN WITH MIDDLESEX BRANCH, DEPT. OF AGRICULTURE

Report Carried in Toronto Papers incorrect, States R. A. Finn.

R. A. Finn, local representative of the department of agriculture, expressed undisturbed surprise today relative to the announcement in Toronto papers that among the graduates from the Ontario Agricultural College to accept positions at the various provincial bureaus is C. Frey, who, it is reported, will go to the Halton County Office. As Mr. Finn advises, Frey immediately upon his graduation from the O. A. C. accepted the position as assistant with the local bureau, and has been actually engaged in his duties throughout Middlesex County since June 1. "It will certainly be news to him," remarked Mr. Finn, "as there is not the slightest possibility of his going to Halton County, as stated."

MR. MINK DIES

Latest Addition to Zoog Was Injured Before Joining Springbank Colony.

A fall has been cast over the Springbank zoo, death having grimly stepped in and depleted the population by one. While no veteran member was removed by the grim reaper, gloom remains, because the latest addition was taken, namely, the full-grown mink, captured during a raid on the chicken house of Mrs. C. Chambers, 27 Adelaide street, early this week. The animal was caught in a trap, and death ensued as a result of injuries received at that time. Its spine and one leg were fractured by the trap, and it was not many hours before it succumbed. Following arrival there it drank a little milk and died, much to the disgust of London's younger generation, and a few of the

old "uns" who contemplated viewing the brownish-black marauder during a future week-end visit to the zoo. The animal was buried at Springbank, no effort being made to retain its pelt (mink fur being very valuable), owing to the fact that it is in poor condition during the summer season. The mink was captured in the chicken coop by a trap set after two valuable chickens had been killed. These animals, which are members of the weasel family, are rarely seen in this district.

LUCAN ST. PATS BEATEN.

A good game of ball was played on Thursday night at Sunshine Park between St. Peters and St. Patricks. St. Peters winning by a score of 3 to 1. St. Peters in the second inning scored their nine runs. Batteries: St. Peters, Elliott, Nopper and Molesse, Elliott; St. Patricks, Morley, Munro and Parks.

Compare the Cost to health, and you're sure to use the pure, delicious cereal drink—INSTANT POSTUM instead of tea or coffee. "There's a Reason"

This week-end we are showing in three new arrivals in White Canvas.

Two low heel styles and a new Two-Strap pattern, with a Cuban heel.

Prices at \$2.75 and \$3.00.

Hubert Ashplant and Sons

Impressions Make Character Says Dr. Clare, in Discussing Present-Day School System

Vice-President of Ontario Neuro-Psychiatric Association Sees Menace to Mental Health of Child in Too Much "Grind" and Routine — 150 Psychiatrists Attend Convention At Ontario Hospital.

Specialists in nervous diseases from all parts of the province gathered at the Ontario Hospital here Wednesday, when the annual session of the Ontario Neuro-Psychiatric Association was held. Members of the association numbered about 150, and six splendid medical papers were read during the afternoon and evening sessions by experts in this branch of medical science.

High tea was served on the grounds, the members being guests of Dr. W. J. Robinson and staff, after which an inspection of the reception hospital with its additions recently completed and opened was in order. The session opened at 2 p.m., when the visitors were welcomed by His Worship Mayor E. S. Little, Dr. Hugh Stevenson, M. L.A., and Dr. W. J. Robinson, medical superintendent of the Ontario Hospital.

One of the most interesting papers read during the afternoon was that by Dr. Barrett, medical director, State Psychopathic Hospital, University of Michigan, on "The Psychopathic Hospital, its Scope and Value to the State." Dr. Barrett was recently elected president of the American Psychopathic Association at Boston, and at the evening session here was elected to become an honorary member of the Ontario Psychopathic Association.

Draws Comparison. Dr. Barrett began his paper by drawing attention to the present day conception of the use of hospitals for the mental defective. In comparison to the mental defective, he asserted that they required public and personal help.

Dicks Flower Shop

not a productive cause of it. He cited several cases and said "If we carefully investigate the epileptic we will find a minutely impaired function of the nervous system manifested by signs such as the pupils or condition of the muscles."

Other signs of organic changes he described and mentioned diet as an important item in treatment. He cited a case where an Ottawa patient went out "on a big ice cream orgy," and as a result "took 17 fits in one day."

Bromides Not Successful. "Bromides are not successful in the treatment of epilepsy," he concluded, "and they must be associated with a correction in diet." During the evening session a symposium on neurosyphilis was given by Dr. F. Luney of the Institute of Public Health here, Dr. Stevenson of the Ontario Hospital, and Dr. W. Mitchell, assistant medical superintendent of the Westminster Psychopathic Hospital.

Dr. Harvey Clare of Toronto, vice-president of the association, who acted as chairman at the meetings, delivered a paper on "Are There Psychiatric Dangers in the Present School System?" during the afternoon session. "A child may become excited, elated, or active and no harm be done," he read, "but if his circumstances or environment are such that these are kept up too long they will do him harm permanently."

He mentioned motion picture shows, motor car rides, foods, and sports as sources which play upon a child's emotions and stated that those of a city child are at high pitch constantly, compared to the youth of rural districts. "Repression of normal desires occasionally may be good for one," continued Dr. Clare, "but when this repression is continued indefinitely, it will certainly produce results that are not desirable. If we could control all the impressions upon a young mind we would be pretty near able to control the development of character. We cannot control all the impressions, but we can get some, and can control the development of some neuroses."

Routine is Harmful. "Is our school system, as developed at the present time, intended to relieve the child's mind of the constant and continuous emotions that may do him harm? This continual grind of routine and pressure to keep up in his class is going to do him harm. It is difficult to adjust our school machine to suit all types, to turn out the same type of finished product. It is the impressions of mind that affect character."

"Each child must be considered separately and personally, and this will be a difficult problem. I think it is worth while for the psychiatrists of this province to be always ready at any time to emphasize the fact that anything that will make the child's life happier will better make his character better when he grows up." Dr. McNaughton read a paper based on similar lines.

"Home training, environment, and educational institutions as they affect the crisis of adolescence," was the subject of a paper prepared by Dr. E. Clarke, but read in his absence by Dr. S. G. Chalk.

The study of the individual along with home investigation," the paper stated. "A study physically and mentally of the child will be a big step forward. This needs more of a general supervisor of special classes. It is only among these lines that the crisis of adolescence can be met." In the discussion which followed, Dr. Clare asserted that physicians are not taking the proper interest in the schools.

**HOUSE OF INDUSTRY
EMPLOYEE GUILTY OF
A SERIOUS OFFENSE**

James Snell Convicted On Evidence of Mute Girl Inmate.

ST. THOMAS, June 16.—The charge against James Snell, an employee at the House of Industry, of committing a serious offense against the person of Daisy Penny, an inmate of the institution, was proven at the sittings of the court of general sessions this afternoon. The jury found Snell guilty, and he will be sentenced Saturday morning.

The young woman, who is deaf and dumb and an imbecile, gave birth to a baby a couple of weeks ago. The offense, or repeated offenses, according to the girl's confession, took place last fall in the stable of the establishment. Her testimony was corroborated by another male resident of the house.

The unfortunate girl told her story by lip movement, and she was apparently understood by the matron, Mrs. Attridge. The hearing of the charge was being held at the House of Industry, a man of about 60 years old, and made an emphatic denial of the offense.

Rex vs. Bancroft. The complaint of Elizabeth Addley, Malahide, against James Bancroft and his wife, Fanny Bancroft, of common assault, was given to the jury, and a verdict of guilty returned against both this afternoon.

The accused were given suspended sentence, and they entered into a recognizance to pay Mrs. Addley any expense she was put by reason of the effect of the assault.

The Judge Congratulated. Barristers Barnum and McCrimmon, of the bar of the county, tendered Judge Ermattinger their congratulations over his honor's advancement to the senior judgeship of the county, and hoped for his good health and happiness for many years yet. Both paid the judge some well-toiled compliments over his legal qualifications, his urbanity, patience and careful consideration of the cases reaching his court for adjudication. It was a pleasure to continue the ever pleasant relations with his honor, said Mr. Barnum, and as one of the oldest, yet youngest-appearing and best-looking members of the bar, Mr. McCrimmon had a greater right to as being one of his old associates in the days when his honor was a practicing barrister.

Another Case Sleeping Sickness. Suffering from an attack of sleeping sickness for the past couple of weeks, Mrs. W. F. Louie died this afternoon. A son survives, W. H. Vosburg, Hincks street, St. Thomas. William Neal and Henry Neal, Niagara Falls, Ont., are brothers. Mrs. Louie's death is the third taking place in the city from the disease.

Object to Elimination. The trades and labor council goes on record as opposed to the elimination of the state to the elimination of Pinatone Zoo and the labor men will ask the council to decline the recommendation of No. 4 committee that the animals be sold or otherwise disposed of by the Humane Society. The trades and labor council look upon the preservation of the zoo as a source of entertainment for adults and children.

When turning too close to the bank of Hiawatha ravine when unloading rubbish, a team and wagon went over and rolled over the hillside to the bottom. Neither were hurt.

STANDARD DRUG STORES

PRESENT A BIG NEW SALE--NAMESLY A SAMPLING SALE

For the last four years it has been almost impossible to procure samples of any kind, but since conditions are somewhat righted, we have been successful in procuring the co-operation of many of our friends among the manufacturers to give you a regular carnival of samples. LONDONERS HAVE MANY USES FOR MILK BOTTLES

Use Them for Coal Oil, Pickle Containers, etc.

That many London householders are using milk bottles for coal oil, paraffin and pickle containers, and then wonder why their milk dealers deliver sour milk, is the assertion of Dr. C. S. Tannin, dairy inspector for the London Board of Health. He states that when milk placed in these bottles is tainted even the third day thereafter. The dealer, he asserts, is blamed, although he must wash 5,000 empty bottles.

State cream has another factor in bringing disapproval upon the milkman, as when householders allow this to stand in bottles they must be washed by hand to remove it. He urges householders to first wash bottles with cold water immediately after emptying, to be followed by warm water, until thoroughly cleaned.

"If every citizen did this little bit of work," he declares, "things would be soon fixed up, and the milk dealers would not be compelled to bear the brunt of unnecessary complaints."

TWO ARTISTIC RECITALS

Given by Pupils of Chas. E. Percy at Conservatory Hall.

Two very artistic recitals were given this week at Conservatory Hall by piano and vocal pupils of Mr. Charles E. Percy, the junior pupils on Wednesday and the intermediate pupils appearing last evening.

It is impossible to single out any one or two in a program of this type, but it may be said that both performances were a delight to the large audiences present. Much real musical talent is being developed along the best musical lines was fully evinced.

Those taking part were as follows: Misses Pearl Foster, Amy Trevethick, Margaret Campbell, Edna Blythe, Madeline Wood, Ida Sherlock, Verona York, Messrs. George McCracken, Allan Kay and W. R. Rutledge, Mr. McKel, Katherine Davis, Helen Holmes, George Sinclair, Daisy Mitchell, Irene Sinclair, Hazel Atkins, Elsie Chambers, Esther Richmond, Annie Cohen, Paul James, Stuart McCallum, Doris Jenkins and Helen Clark, pianists.

NEW YORK STOCK EXCHANGE.

New York, June 17.—Wall Street, 10:30 a.m.—The proposed stock dividend on Louisville and Nashville, and the 50 per cent reduction in the Crucible Steel dividend were reflected in the irregular trend of prices. Louisville and Nashville rose 2 points, and Crucible Steel fell 2 1/2 points. Within the first half hour, however, the market again lapsed into its recent weakened condition. Atlantic Gulf common and preferred were especially weak, losing 1 1/2 and 3 points at low record. New York Central, Erie, Rock Island, St. Paul, Union Pacific, and Southern Railway were also weak.

A few things gained among sugars and related specialties soon were reflected in the market. Hay, for example, was up 1/2 point. The market was generally weak, with a few exceptions. The following are the closing prices of the principal stocks and bonds:

Trunk Lines	Open	High	Low	Close
Baltimore & Ohio	37 1/2	38	37 1/2	37 1/2
Erie	18 1/2	19	18 1/2	18 1/2

KNOLLWOOD PARK CITIZENS LOSE THEIR ACTION

Will Have To Pay Original Assessment of Sewer.

The assessment department of this city was vindicated by County Judge Talbot Macbeth presiding at a court of appeal held at the court house this morning, when the assessment was confirmed in four appeals against the decisions of the court of revision. The city appealed and won, two cases of the court of revision being set aside. The other cases were those of R. H. Peck and A. E. Hayward appealing against income taxation, and these cases the original assessment was also confirmed.

The city of London appealed against a reduction of \$11,000 made by the court of revision in the costs of a sewer at Knollwood Park and against a reduction by the same court of \$1,200 on the cost of Egerton street sewer, winning both cases. The original assessment stands in these latter cases, with no reduction for the ratepayers.

City Briefs

Y CAMP.—Two big "Y" leadership camps will be held July 18 to 23, one at Beausoleil Island, Georgian Bay, and one at Algonquin Park.

RECEIVES DEGREE.—Orville Wyckoff, son of Dr. A. J. Wyckoff, received his degree of optometry at the Royal College of Science at the commencement in Toronto, June 15.

MAKING PREPARATIONS.—Five officials of the local Salvation Army moved to Port Franks this morning to make preparations for the opening of the Scout and Guard camp to be opened there on July 1.

STEAM PIPE BREAKS.—The fire department was called Thursday afternoon to the residence of Gordon Wright, 420 Ridout street, where a disconnected hot water pipe had resulted in filling the building with steam and smoke.

W. O. EXPORT CLUB.—To facilitate the work of nominating officers for the Western Ontario Export Club recently formed, the local committee of that body appointed to nominate officers and to draft bylaws, will ask the more important boards of trade in each county to nominate men for the executive. From the names received the different committees will be selected.

CAN'T AFFORD 'EM.—E. V. Buchanan, general manager of the public utilities commission, has received a communication from a firm in Old Town, Maine, offering him a pair of Australian Black Swans for the Springfield zoo for \$80. "I don't think we can afford them," said Mr. Buchanan to The Advertiser this morning, "although that is the lowest price quoted on them so far, \$100 a pair being the usual price."

SPECIAL COURSE.—A special training course in physical activities, including athletics, games and aquatics, is being planned for all members in the city of London, who will meet one evening each week for a period of four weeks to cover as much as possible of the physical program of the C. S. E. T. A meeting will be held Thursday evening, June 23, at the home of Mrs. J. E. Butler, at the date of the first lesson of the course will be taken up.

ONTARIO TO GO DRY JULY 18

Secretary of State Directs Issuance of Proclamation.

Ottawa, June 17.—The Citizen this morning says: Ontario will go dry on the 18th of July, according to present plans of the Government. The cabinet yesterday authorized the secretary of state to formally gazette on Saturday a date when the referendum shall be effective, and if it is then gazetted, as is proposed, it will go into operation thirty days later, or on July 18. After that date the importation of intoxicating liquors into the province will be banned.

A proclamation has also been authorized for issuing in New Brunswick, whereby the Government takes control of the traffic in that province, where in the province the Government may now import liquor, whereas elsewhere it is prohibited. It is the intention of the Government to repeal the old act the needed uniformity throughout the province will be established.

Axe Falls In Civil Service Many Let Out

[Special to The Advertiser.]

Ottawa, June 17.—The civil service today is in a state bordering on panic as a result of an order-in-council passed in connection with the question of reclassification and weeding-out processes recommended by Griffiths and Associates to be carried out. As a result of the order over 100 employees in the inside service of these departments and double that number in the outside service are being let out. As a consequence, the departments in question are in a condition approaching a complete disorganization, and much sympathy is being expressed for those on whom the axe has fallen.

Sir George Foster stated today that it was the intention of the Government to carry out the same plan in connection with other departments of the Government so that something approaching a knowledge of the victim. It is safe to say that Sir George Foster is the most unpopular minister in the Government at Ottawa.

MURRELLS SHOULD NOT BE ALLOWED TO PITCH QUILTS

Inspector Dunlop Makes Report On County Jail.

CONDITIONS EXCELLENT

Compliments Those in Charge of County Bastille.

Today W. W. Dunlop, inspector of prisons and charities for Ontario, issued a most complimentary report of his inspection of the Middlesex County Jail on Monday.

Among his recommendations was one that instead of allowing Sidney Murrell, William Murrell and Henry Jack, who are awaiting trial on a charge of murdering Russell Campbell at Melbourne on Monday, April 11, to pitch quilts in the jail yard that they be walked around the yard. His contention is that they might conceal one of the horses and later use it as a weapon.

He found that there was a man in charge of the three prisoners at all times, and at night a turnkey or a night watchman was wide awake within easy hearing distance of their cells. He recommended that another permanent turnkey be appointed in order to shorten the hours of those now on duty, as long hours did not tend toward efficiency.

The inspector found 49 cells and seven day cells, or exercise rooms, at the jail. There were 25 prisoners there on remand and eleven of these were on remand.

The general condition of the building was described as "excellent, clean, neat and in good order." The beds and the bedding were clean and the ventilation good.

All the prisoners were in good health and received wholesome food. The bedding was changed once a week and the prisoners' clothes changed weekly. Each inmate was forced to take a bath each week.

Short term men were given an occupation while incarcerated. "The discipline and management of the jail are excellent, and reflect on those in charge," the inspector reported.

MANY W. O. TEACHERS TO TAKE COURSE IN KINDERGARTEN WORK

Eighty Have Already Registered for School, Starting July 5.

Dr. John Dearness, principal of the London Normal School, has announced that commencing July 5, a kindergarten and primary course for teachers of Western Ontario who wish to specialize in kindergarten and primary grade school work will open.

The course will continue for about one month, concluding during the first week in August. Teachers Public School is available for the course, but this afternoon that advance registration is indicative of the fact that this building is not to accommodate all candidates.

About 80 teachers from various parts of Ontario have already registered for the course, which will be in charge of a staff of kindergarten directors from public schools in Western Ontario.

COUNTY REGIMENTS WILL BREAK CAMP EARLY TOMORROW

Special Trains Will Convey Soldiers to Their Homes.

Early tomorrow morning three county regiments on Carling Heights will break camp. At 6:45 a.m. portions of the Bruce and the Hurons will leave on the regular G. T. R. Stratford train from the Rectory street station.

A portion of the Middlesex Battalion will leave for Stratford at 7:40, while others will proceed to St. Thomas at 2:20 over

SMALL BENEFIT TO COUNTY IN ROADS SYSTEM

Elgin Reeves Express View
That Only Slight Advant-
ages Accrue.

VILLAGE OF FARM LANDS

Vienna, Formerly Prosperous
Centre, Now Has Only
300 Population.

ST. THOMAS, June 16.—A general admission came from the reeves of the villages today at the June session of the county council that the system of road roads is of little direct benefit to these municipalities, and that in case of extensive frontage of farm lands on the village streets, some substantial consideration should be allowed the municipalities for their upkeep, where these thoroughfares are connected with the public improved highways.

A motion by Reeve Barron of Springfield that a committee be named to arrange for the taking over the agricultural land of the village at the connecting links of the good road system was defeated. The object being that the roads adjoining these lands be improved on similar lines to those governing the good roads system. Reeve Barron was supported in his motion by Reeves Thompson and Paton, who yet failed to grasp the benefits promised the village municipalities by the good roads act.

Reeve Paton told the council that Dutton was losing by the connection, inasmuch that last year it cost his municipality \$200 for tarvia to keep the village "link" in shape nor did that save the connecting street from the havoc made by the heavy traffic to and from the improved roads converging towards the village.

Neither Village Nor Township.
Reeve Clutter of Vienna would be happy if his once prosperous corporation were back in the township of Bayham. His municipality was a hybrid affair, neither village nor township. It had now only a population of 300, although held an ancient act of incorporation and covered an area of 1,300 acres of farming lands. Here it was a hardship to be placed on the terms as applied to village roadways, but the ratepayers were bearing the burden, until some relief reached them from the council. There was a time when Vienna was one of the most progressive villages in the county.

County Roads Summarized.
Reeve Stalker, chairman of the good roads system, reported that approximately 100 miles of the old gravelled roads would be resurfaced this year with broken stone or gravel. The committee had completed the purchases of the following additional gravel pits: John T. Locker, 2 acres, Houghton, at \$1,000; Wesley Irvine, gravel pit, Southwood, 3 acres, \$2,000; Walker pit, Aldborough, 2 acres, \$2,000. At the Hathaway gravel pit 500 cords of gravel had been handled during the year 1921. The committee let by contract to Cleveland & Miller, Dutton, work of hoisting 1,000 yards of gravel from lake bank to top of in concession 12, lot 15, Dunwich, at 40 cents per yard, and the price paid Mr. Lunn was 50 cents a cord. The expenditures on the county roads for the year 1921 up to June 16, was \$25,815.

Object To Gate Expense.
Reeve Mills of Aylmer failed to have a resolution carried transferring the upkeep of railway gates at dangerous crossings to the county council. Mr. Mills had been informed that the department would assist in their maintenance to the extent of 40 per cent.

Teamsters' Wages.
The reeves of the several municipalities, in comparing the wages paid the employees under the good roads system and that allowed around home, found the figures to be about the same. Teamsters were paid on the good roads now \$6, truck drivers, \$4, and laborers \$3.

No Lady Assistant.
The petition from the association of the board of trades in reference to the appointment of a lady assistant for the office agricultural representatives was turned down.

SENTENCED TO 23 MONTHS.
WINNIPEG, Man., June 15.—Walter Inman, found guilty of theft of street car tickets from the Winnipeg Electric Railway, was today sentenced to 23 months in jail. Inman, employed by the company as a box man, was the leader in the theft of tickets, which were sold to a number of agents at \$3.00 per hundred.

ONTARIO HOSPITAL NURSES WHO PASSED THEIR EXAMINATIONS

TORONTO, June 16.—Following is the list of the candidates from the Ontario Hospital, London, who were successful in the examinations of the Ontario Hospitals Training School for Nurses:

Graduating Class—Grace Bailey, Jessie Blank, Florence Winter, Intermediate Class—Mrs. Effie Grosvenor, Mrs. May Robinson, Primary Class—Frances Bancroft, Mary Grant, Caroline Jackson, Helena Jeffries, Ida Miller, Irene Sproule, Eva Sinclair, Christine Sutherland, Eva Whittaker.

LOYD GEORGE WILL FIGHT INSURRECTION IN COALITION RANKS

Ready To Move Vote in Dis-
pute Himself If It Is
Necessary.

LONDON, June 16.—(By Canadian Associated Press.)—Premier Lloyd George is fully determined to fight the insurrection engineered within the Coalition ranks by Unionist members who intend voting against the salary of Right Honorable Dr. Christopher Addison, former minister of health, who is now minister without portfolio, as a general protest against spending money before it is voted by Parliament.

Regarding the suggestion that he is prepared to resign, Dr. Addison declares that such a course would end all party discipline. Mr. Lloyd George, who has resolved to move the vote for the salary himself, if necessary, and stake dissolution of Parliament upon it. In anti-coalition quarters it is admitted that the matter is not worth forcing an election on. The probability, therefore, is that many Unionists who signed the protest will abstain from voting, while the Coalition whips will insure a full attendance of those whose loyalty can be relied upon.

CANADIAN CATTLE FREER FROM DISEASE THAN HOME SUPPLY

Declares One Scottish Witness
At the Embargo Inquiry.

LONDON, June 16.—(By Canadian Press.)—More Scottish witnesses appeared today before the cattle commission. One of them said that the Glasgow corporation had consistently for twenty years advocated the admission of Canadian store cattle, which he said, were free from disease than the home supply. In his opinion the evidence pointed to the fact that Canadian cattle imports would lower the price of meat.

One witness reminded the commission that the minister of agriculture lost his election at Dudley on the embargo question. The president of the London Retail Meat Traders urged the necessity of providing the country with a more abundant supply of home killed meat, such as would come from Canada.

The Glasgow Herald, commenting on the evidence of Hon. Duncan Marshall, minister of agriculture for Alberta, says it was notable on account of the minister's frank presentation of the Canadian case.

"A year ago," says the Herald, "when he attended the Highland show, Mr. Marshall impressed the agriculturists of Scotland as an administrator whose grip on practical affairs was as refreshing as his breezy oratory. His estimate that it would take fourteen pounds to bring a Canadian steer over here is important. He used this argument to combat the fears expressed that either Irish or English and Scottish raisers of cattle would be driven out of business through competition from Canada. With franchises at the present level, only the best of Canada's surplus would be likely to be shipped."

BURGULARS SECURE MUCH LOOT.
HAMILTON, Ont., June 16.—It was reported today that burglars last night entered the home of William Goldberg, of this city, and took Mrs. Goldberg, who is in ill-health, from her bed, placed a handkerchief over her face, and took diamond ear-rings from her ears. The burglars then entered the room of Mr. Goldberg and stole a diamond brooch and a ring. The stolen goods were valued at \$2,000, it is said. The telephone wires leading to the Goldberg residence were cut before the intruders began operations upon the Goldberg jewelry.

NAVAL DEFENCE DECISION MAY BE POSTPONED

Such Course Likely To Meet
Approval of British
Premier.

HOLD CONFERENCE

Great Britain, United States,
Japan, Canada, Australia
and New Zealand.

LONDON, June 16.—(By Grattan O'Leary, Staff Correspondent, Canadian Press, Limited.)—Despite the fact that Premier Hughes of Australia, and Premier Hughes of New Zealand, will endeavor to have the conference of prime ministers discuss and, if possible, decide upon an imperial policy in the matter of naval defence, it seems practically certain that Premier Meighen will have the support of the British prime minister in his demand that the question be postponed, and that no steps be taken until after the constitutional conference has been held.

Review Position.
To understand Canada's position on this question it is necessary to go back to the imperial conference of 1917. At that conference the Dominion premiers asked the admiralty for an expression of opinion as to the best naval policies for the dominions to pursue. The admiralty promptly replied with a memorandum urging a single navy for the whole empire, under centralized control. The dominions were to be given representation on the board of admiralty, but the dominions of the dominions were to have no voice in the disposition of their fleets in either peace or war, the control being vested exclusively in Britain.

Prompt Exception.
To such a remarkable proposal the dominion premiers took strong and prompt exception. They replied with a memorandum drafted by Sir Robert Borden repudiating the principle of centralization and laying down as an essential basis of any scheme to be adopted, complete control of local fleets by local parliaments. It was admitted that centralized direction was necessary during the war, but emphasis was laid on the fact that the question of actual participation, as well as the control and supervision of the fleets during peace must rest with the dominions. To this the admiralty made no reply, but upon the suggestion of the dominion premiers, Lord Jellicoe was commissioned to visit the dominions and report upon the character of the navies best suited to their needs.

Jellicoe's Report.
Lord Jellicoe's report, it will be remembered, was tabled in the Canadian House of Commons two sessions ago, when the Government and Parliament took the ground that no action should be taken with respect to it until the constitutional conference determined the precise mechanism under which the dominions are to express their voice in the foreign affairs of the empire. There the question stands today, and Premier Meighen holds that as the present conference is not a constitutional conference, and therefore, cannot deal with or settle the question of constitutional relations, it has no right to deal with the naval question at all. He will, of course, urge the postponement of the matter on other grounds, including that of the general desire for disarmament, and the wisdom of awaiting international developments, but it is mainly on the ground of standing by the decision of the Canadian Government and Parliament regarding the Jellicoe report that he will rest his case.

Anglo-Jap Alliance.
The question is more or less bound up with that of the Anglo-Japanese alliance, and Premier Hughes, backed by certain influences here, will put up strong opposition against having the treaty denounced and the naval question postponed. It is not improbable that this difficulty may be met by a proposal for a conference of all parties interested in the Pacific, which would include the Governments of the United States, Great Britain, Japan, Canada, Australia and New Zealand. Such a conference, it is felt, might do more to settle whatever difficulties and problems exist in regard to the Pacific than any policy of alliances or navies, and it is believed that if Canada took the lead in the matter the object could be achieved. Australia might oppose opposition, but Lloyd George, who it is thought, is like-minded toward renewing the Japanese alliance and anxious to cut expenditures to the lowest possible minimum, would probably support the scheme.

Financial Stringency.
The British Government at present is encountering difficulty on the question of expenditure, the press of all shades of politics crying out against commitments of all kinds, and any proposal which promises to reduce naval outlay is not unlikely to receive his hearty welcome. Meanwhile, Premier Meighen, who is preparing his position on the various questions to come before the conference with great care, is having the utmost difficulty in avoiding engagements of all kinds. Representing, as he does, the senior dominion at the conference, he is naturally the center of considerable attention, this being increased by a suspicion already being voiced in the press that his attitude in the conference is likely to run counter to that of some of the other dominions.

SIMS MENTIONED AS "POSSIBLE" FOR THE PRESIDENCY

Citizens of U. S. Tying Denby's
Hands by Letter
Route.

WASHINGTON, June 16.—(By Canadian Press.)—A new factor has entered the lists on behalf of Admiral Sims, and as a result belief grows here that he will either not be punished for his famous "jackass" speech when he returns, or merely be given a formal reprimand, which will be lenient.

Great numbers of letters are pouring into Congress from different states, the greater number of these are reported by Congressmen to be favorable to Sims. Some letters from the Middle West are even declaring for Sims for president in 1924. This flood of letters will make it difficult, it is believed here, for Secretary Denby to take any severe action.

G. T. R. ARBITRATORS FIND THE EVIDENCE "HARD TO FOLLOW"

Whole Day Taken Up With
Discussion of Manifest
Freight.

MONTREAL, June 16.—A day of figures was spent today by the Grand Trunk arbitration commission, sitting to consider the value of the system prior to its acquisition by the Dominion Government. A number of details were covered regarding the system, and the evidence was so complex that even the arbitrators could hardly follow it completely.

stand the whole day, and during the afternoon his testimony mainly regarded manifest freight. At the end Chairman Sir Walter Cassels inquired what all this evidence meant, while Sir Thomas White said he was unable to see any value in it, except as to possible future earnings regarding manifest freight.

**WHY BE WEAK
AND NERVOUS**

As a result of pale, thin watery blood—Nuxated Iron will help make you strong and well again. It has been used and highly endorsed by former United States Senators, Judges of U. S. Courts, many physicians and prominent men. Even the Pope at Rome has written especially of the merits of Nuxated Iron in a communication to the Pharmacope Normale. Over 4,000,000 people are using it annually to help build red blood, strength and endurance. At all drug-

test freight. Hon. Mr. Taft thought the evidence relevant, but the weight of it is a little hard to follow. A letter from President Howard G. Kelly of the Grand Trunk, setting forth statements as to the maintenance of way and car repairs, was filed for discussion tomorrow.

START FOR FORT NORMAN.
EDMONTON, Alta., June 15.—The Imperial Oil Company's drilling crew for the season's operations at Fort Norman leaves this city today, going by way of Peace River. Headquarters for this season's work will be on B. Island, opposite the site of the present well.

TO CONTEST MACMASTER'S SEAT.
LONDON, June 15.—Stanley Machin, of the London Chamber of Commerce, probably will be the Unionist candidate for the Chertsey seat, vacant through the resignation of Sir Donald MacMaster.

PAGE OF INTEREST TO WOMEN

PERSONALS

Mrs. J. D. Croil is visiting Mr. and Mrs. Ernest Reynolds, 588 Dufferin avenue.

Mrs. F. A. Fitzgerald, King street, is visiting her daughter, Mrs. White, in Victoria, B. C.

Mr. and Mrs. F. G. Rumball and family are now spending the week-ends at their summer cottage, Port Stanley.

Col. Lyne-Evans was among the London golfers who went to Hamilton on Wednesday to play against the Hamilton team.

Miss Lorraine Black of Windsor has returned home after spending a few days with Mrs. Martin Smith, Waterloo street.

Mrs. Cramer, Miss Helen Cramer and Mrs. McLean of Guelph, are guests with Mrs. McLean's daughter, Mrs. Charles, Princess avenue.

Mr. Alderman William Gerry, accompanied by Mr. John Gerry, have left for England, where they will spend the summer months.

Miss Gladys Binks and Miss Betty Harkness, two promising children, sang a delightful duet at the flower service in the First Methodist Church last Sunday.

Mrs. W. E. Robinson has been in Toronto this week, attending the Bishop Strachan graduation exercises, and returning home accompanied by her daughter, Miss Ruth Robinson.

Mr. Rutnam, who has been visiting her mother, Mrs. W. English street, for the past few months, sailed last night for her home in Ceylon, accompanied by her small daughter.

Master William Day York-Hardy, a pupil at the Empress Avenue School, yesterday received a check from the Ontario Safety League as a prize in the recent contest for drawings from pupils of the Ontario schools. The prize drawing was of an automobile crossing a railway track and was very well conceived. The judges were Mr. G. A. Reid, R.C.A., and Mr. A. Lismer.

An attractive miscellaneous shower was given on Wednesday night by Miss Laura Ballie, Maitland street, in honor of the bride-elect, Miss Olive Ballie, about 25 guests being present. The affair was given in a prettily decorated box on the top of which reigned the loveliest of kewpies. Another attractive feature of the shower was a clothing-linen, decked with marguerites, coming all manner of small and useful kitchen utensils. The house itself was decorated with peonies and quantities of marguerites.

The lawn of St. Andrew's Church presented a pretty sight yesterday afternoon at the holding of the annual June tea by the W. M. S. of the church. Tables had been covered with white cloths, and between the church and the main entrance, where Mrs. James Ross, Mrs. W. J. Carson, Mrs. Peter Macdonald and Mrs. Jessie McMillan presided. Tea followed a very fine meeting held in St. Andrew's hall, the speaker being Miss Dickson, a missionary from Southern Ontario, who spoke of the work being done among the people of that country. She pointed out that Canada should be especially interested in this part of China, as practically all the Chinese who come to Canada are from that district, and further mentioned that St. Andrew's Church missionary, Miss Whiteley labored there. During the afternoon Miss Lita Layman contributed a vocal solo.

ELSWORTH-SMALE.
A quiet wedding took place on Wednesday evening at the Centennial Methodist parsonage, when Miss Winifred Emily Smale, daughter of Mr. and Mrs. W. R. Smale of 434 Elizabeth street, London, became the bride of Rev. John Elsworth, of Toronto, the Rev. H. D. Ferguson officiating. After a brief honeymoon, Mr. and Mrs. Elsworth will reside in the city.

VOLLECK-BRADT.
A quiet wedding was solemnized at the Methodist parsonage, Cayuga, on Wednesday, June 15, by the Rev. W. C. Almack, when Miss Sadie Bradt, daughter of Mr. John Bradt of North Cayuga, became the bride of Mr. James Henry Volleck of Canfield. Miss Jean Tomlinson was bridesmaid, and Mr. Kenneth Bradt, brother of the groom, was groomsmen.

SHOEBOTTOM-WILSON.
A quiet wedding took place on Wednesday, June 15, at the Sileam parsonage, when the Rev. Mr. Willens officiating, when Miss Sadie Wilson, daughter of Mr. and Mrs. Wm. Wilson of the 5th Concession, London Township, became the bride of Mr. Walter Shoebottom of London Township. The bride wore a smart blue suit and hat to match. After the wedding dinner Mr. and Mrs. Shoebottom left on an 8-miled motor trip through the Huron lake district, and will be home to their friends on the 5th Concession, after July 1.

WYATT-BEESON.
A pretty wedding took place on Saturday afternoon, June 11, at the home of Mr. and Mrs. L. Beeson, when Miss Gertrude M. Beeson became the bride of Mr. John Wyatt of this city. Rev. W. C. Ridgford officiating. The bride, who was given in marriage by her brother, Mr. Leonard Beeson, wore a graceful gown of white silk with overdress of lace, tulle veil, bordered with orange blossoms, and carried a bouquet of Ophelia roses. Her bridesmaid, Miss A. Jackson, wore a smart gown of white. Mr. VanCamp of this city was the groomsmen, and Miss Amy Beeson, niece of the bride, made a dainty flower girl, carrying a basket of roses and sprays. Mr. and Mrs. Wyatt will reside in this city.

HOLMBERG-POTTER.
A wedding of interest to Londoners took place in Christ Church, Sault Ste.

Lady Randolph Churchill

LADY RANDOLPH CHURCHILL.
Prominent in British social circles, who recently suffered the loss of a foot, following an accident. She is the mother of Mr. Winston Churchill, M.P., a prominent member of the British cabinet.

PIKE-WHITELEY.
A very pretty wedding was solemnized at the home of Mr. and Mrs. W. H. Copland, Harrison, on Tuesday, June 7, at high noon, when their daughter Helen Beatrice was united in marriage to Mr. John Wesley Pike, son of Mr. Abraham Pike of Tottenham.

CRUMLIN W. M. S.
The regular monthly meeting of the W. M. S. of Crumlin Presbyterian Church was held at the home of Mrs. J. Pardy, the president. The topic "The Quiet Ways of God's Providence" was taken by Mrs. R. Woods. Miss Hilda Gee favored with a solo and Mrs. Leitch, president of Bailey's W. M. S. gave an excellent paper, entitled "Our Ways." At the close of the meeting the hostess served dainty refreshments.

CLINTON ORANGE LODGE.
A ladies' Orange Lodge was this week organized in Clinton by Mrs. Burrows of Hamilton, the following officers being elected:

Worshipful Mistress, Mrs. R. Ball; deputy worshipful Mistress, Mrs. Paxman; chaplain, Miss L. Potter, recording secretary, Mrs. J. E. Cook; financial secretary, Mrs. W. McClinchey; treasurer, Miss V. West; first lecturer, Mrs. W. H. Holway; second lecturer, Mrs. W. Shobbrook; mistress of ceremonies, Mrs. L. Stevenson; senior committee, Mrs. George Handley and Mrs. H. Glazier; editors, Mrs. A. Clarkson and Mrs. H. Glazier; guardian, Mr. L. Stevenson; inside guard, Mr. R. Fisher; outside guard, Mr. W. Shobbrook.

LOCAL DAY NURSERY PLANNING TO RAISE \$2,500 FOR EXPENSES
General Welfare Supplies the Other \$2,500—Opportunity To Help Matron.

At the regular meeting of the day nursery board held yesterday afternoon at the home of Mrs. J. M. Slater, Waterloo street, plans were discussed for the raising of \$2,500 to carry out the work of the day nursery for the coming year. The total amount needed for mere running expenses is \$5,000, and this budget was cut to \$2,500 by the General Welfare Association, it has become necessary to raise the additional \$2,500 in some legitimate way, so that the work may be carried on in the same successful manner as it has been for the past year. What manner in which this money will be raised is as yet kept secret. The nursery takes care of from 25 to 35 children daily, and for such must have an efficient matron, cook and assistant. By the way, it is only right that this matron has been a half-holiday each week and that half-holiday presents an opportunity for some kindly person interested in children to relieve at the nursery. Donations of fruit are always acceptable, as the nursery tries to do its own canning during the fruit season so as to save expenses.

The above estimate of running expenses for the nursery does not include the money for repairs, which are constantly having to be done. And to raise money for this purpose the day nursery board is holding a rummage sale in the fall.

DAVIS-DAVIS.
The marriage of Miss Bernice Coven Davis to Mr. Evans Greenwood, formerly of this city, took place on Wednesday at the Pro-Cathedral Church of the Redeemer, Calgary, Lord Bishop of Calgary, D.D., officiating. The bride is the daughter of Mr. Alfred Davis, member of the board of directors of the C.M.S. of this city. The groom is the son of the late Dean Davis, D.D., and Mrs. Davis, of this city.

The bride, who was given away by her father, wore a gown of ivory tulle with a long court train lined with white satin. Both gown and train were embroidered with pearls. Her veil was of white tulle, embroidered with pearls. She carried a large bouquet of lilies of the valley and orchids.

Miss Olive Davis, sister of the bride, who was the maid of honor, wore a gown of pale pink organdie and taffeta with a long court train lined with white satin. She carried a bouquet of white and mauve lilies. The other attendants of the bride were Miss Dorothy Davis, Miss Margaret Davis, and Mrs. Douglas Hutchings. Miss Davis was groomed in orchid organdie over tulle. Miss Hutchings was in pale green organdie over tulle. All wore long court trains.

Rev. L. E. Davis, brother of the groom, served as best man. The ushers were Mrs. W. E. Underwood, Mrs. E. G. Loughheed and Count Bernard De Houssey De Saut. The church was decorated with palms, canterbury bells and white lilies. The ceremony was performed with a full choral service, the choir boys preceding the bride to the altar. The home of the bride, which was the scene of a reception held after the ceremony, was decorated with trailing ivy and lilies. The lights were shaded with white and pink. Streamers of ribbon entwined with asparagus fern hung from the chandeliers to the corners of the table, on which the bride's cake was placed, and the whole was lighted with candles in a silver candelabra.

The bridal party received the guests in a bower of palms and lilies. Those assisting in the house were: Mrs. L. E. Davis, Mrs. W. E. Underwood, Mrs. King Richardson, Mrs. F. R. Newmark, Miss Hanna Bouché, Miss Trainer, Miss Hazel Lindsay, Miss Marion English and Miss Edna Robinson.

The bride's traveling costume was a dress of brown silk canton crepe, a brown hat trimmed with quills and a coat to match, and she wore a bouquet of lilies of the valley. Col. and Mrs. Davis, after a wedding tour in Alaska, will go to Ottawa where they will make their home.

Mr. R. E. Davis was the only London guest who attended the wedding.

CASHMERE LADIES' AID.
The Ladies' Aid of Cashmere Methodist Church have recently had their church redecorated and the windows frosted, which makes a great improvement in its appearance. Last night the Ladies' Aid and Young Ladies' Mission Circle held a lawn social at the home of Wellington Dark. The members conducted a very successful bazaar. Refreshments of various kinds were also on sale and well patronized. The following took part in the splendid program: Joeek Ballantyne, comedian; Mr. Cottrell of London; a male quartet; Miss Madeline Johnston and the Medames McKitchie, all of Bothwell, Rev. Dr. Huser, the pastor, acted as chairman. The proceeds amounted to about \$120.

AT CUPID'S CALL

BY MAY CHRISTIE.

Copyright, 1921, by the McClure Newspaper Syndicate)

IV.—MARYS AWAKENING!

"I've promised to marry Dick Calardin," Eve's voice came like a thunder-bolt on Mary's ears. For a breathless moment she stared incredulously at the fair-haired speaker.

Then common sense came quickly to her rescue. Eve was referring to some other man! The fiancé that she spoke of—why, it couldn't possibly be Dick! Dick, for the past five hours, had been making deliberate love to her, anyone would have thought he wouldn't possibly be such a rogue and scamp!

Eve's light, affected tones broke in on Mary's meditations.

"How on earth did you come to meet him?"

"Meet—whom?" stammered Mary, coming back to earth.

"Why, the man that I'm engaged to," Dick Calardin, she said, with a laugh. "The man who was seeing you off just now—the rough diamond from the backwoods!"

The heart of Mary sank. Her lips felt dry and stiff as she made answer. "Your guardian, Mr. Carrington Bellairs, sent me down on a business matter with his client."

Eve leaned forward, curiously printed on every line of her pretty, shallow little face.

"What sort of business, might I ask?"

Mary assumed a small, distant air. "Why, the man that I'm engaged to, Dick Calardin, he must be put in her proper place—and soon. She had been flirting, too, with the highly eligible Dick Calardin! Why hadn't Eve but recently seen her gazing into the eyes of a young man, and holding hands with him in a protracted, sentimental parting?"

And now this humble Mary Drew was actually trying to snub her!

With a pre-occupied gesture—one of Eve's principal assets in the great game of camouflage—she leaned forward and touched Mary's knee with her right hand. The light from above glinted on the diamonds of her engagement ring.

"My dear, I'm awfully sorry!" Her voice was cool and sweet. "I'm an utter fool over business! And quite naturally you wouldn't wish to tell me."

BIG SOCIETY EVENT AT BETHEMANUEL CHURCH

A society event took place in the Bethemmanuel M. E. Church, Grey street, yesterday afternoon at 3 o'clock, when Vera Madeline, daughter of the Rev. H. D. Wright and Mrs. Wright, Grey street, became the bride of Mr. Charles Henry Ashby of Montreal, the Rev. S. R. Drake, superintendent of the B. M. E. Conference of this district, officiating. An arched trellis of pink and white artificial roses stood at the front of the church, before which the ceremony was performed, tall palms and vases of pink and white peonies banking the platform. White kneeling cushions had been placed within the arch, and to this place came the youthful bride, preceded by the four ushers, who walked extremely slow and with dignity, followed by two graceful bridesmaids groomed in pink.

The bride, who came in on the arm of her father, was prettily groomed in white charmeuse, made with pleated underskirt and long court train caught up to the shoulders with pearl ornaments.

The bride's train was fastened to her head with a narrow band of pearls, and in her arm she carried a bridal bouquet of pale pink roses, showered with white ribbons and orange blossoms. Streamers of white ribbons, showered with orange blossoms also fell from her bodice of charmeuse. Attending her as bridesmaids were Miss Gertrude Bell of St. Catharines, in pale pink organdie, made with tiny fluffs and sash, a pale pink organdie hat and bouquet of pink carnations. Miss Harriet Lawson of Windsor, in another bridesmaid, was groomed in pink silk of a deeper shade, with trimmings of white maribou, wore a deep pink hat, encircled with pearls, and carried a bouquet of pink carnations. Mr. Opier Giffith of Moose Jaw, Sask., acted as best man, and Mr. George Harris, and Mr. Leslie Cromwell of this city, Mr. Gerald Slaughter of St. Thomas, and Mr. Willoughby Wright of Battle Creek, Mich., acted as ushers. Mrs. Wright, mother of the bride, wore a black lace gown and corsage of orchids and sweet peas.

During the ceremony, soft music was played on the piano by Miss Hunter, who wore a flame-colored, fleecy gown, a pale orchid scarf, and corsage of deep pink roses.

During the signing of the register, Mrs. Jennie Bowles of Windsor, contralto, sang sweetly, Mrs. Bowles was in a black lace gown, and Mrs. Ophelia Bowles, an interesting ceremony, following the wedding was the presentation to the bride and groom of a handsome Bible, the gift of Rev. Mr. and Mrs. Hall of Winnipeg, who had married the bride's father and mother.

After the ceremony a reception was held at the home of the bride's parents, about 100 guests being present. Later in the evening Mr. and Mrs. Ashby left for their home in Montreal, where the groom is engaged as a

Among the guests present were: Mrs. Celia Alma Prince of New York City, in a royal purple gown with overdress of black lace and handsome necklace of pearls; Mrs. Mary Scott of Windsor; Mrs. George Beck of Windsor, in melon-colored georgette flowered with blue; Mrs. Montier of Sandwich, in black silk and blue and white net with long white satin streamers; Mrs. Archibald Duncan, in grey with sand trimmings and sash; Mrs. Ball, her daughter, in grey silk and wide pink hat; Mrs. Hunter, in yellow georgette, and many others.

Previous to the ceremony many interesting social events were held in honor of the bride, among them a china shower, given by Mrs. Paul Leith, of Hill street, and a miscellaneous shower of which Madame Moxley was the hostess.

When you want your entertainment to be successful, you must let the people know where it is going to be held, and what entertainment you intend to give. It is the best preparation for an advertisement under the heading of "Amusements."

Personal Health Service
(By WILLIAM BRADY, M.D., Noted Physician and Author.)

What To Carry on That Vacation.
At this time of year many readers go away on camping or automobile trips and wish to know what they should carry in the emergency outfit.

For the benefit of campers and vacationists who merely desire to be equipped to care for everyday emergencies the following list is suggested:

1. Tincture of iodine, one ounce.
2. Absorbent cotton, one 4-ounce carton.
3. Sterile gauze, three one-yard folds in sealed envelopes.
4. Gauze bandages, one-inch, two-inch, three-inch, two of each.
5. Zinc oxide adhesive plaster, one inch by five yards on spool.
6. Flexible collodion, one ounce.
7. Alcohol, one-half pint.
8. Boric acid powder, one-half pound.
9. Sterile petrolatum, two one-ounce tubes.
10. Freshly prepared cold cream, two

neutral ointment for general use in place of noxious or harmful salves; 10. sunburn and chaps; 11. quick stimulant for fainting, shock, collapse or weakness, in doses of half to one teaspoonful in a little water, antacid for stomach, for little headache, etc., in doses of a few drops in water; antidote for insect bites, applied locally, diluted with five to ten parts of water; 12. cathartic, 12. mild laxative, 14. instantaneous emetic for any emergency, in dose of one or two tablets in a tablespoonful of water; 15. has dangerous than opiates or acetanilide combinations for relief of headache, and other pains; 16. convenient, clean way to apply a counter-irritant for relief of colic, cramp, stiffness, soreness and pain.

The entire list might be cut in halves or even fourths if weight and carrying space is a problem.

QUESTIONS AND ANSWERS.
Looking for Thistles, You Overlook the Four-Leaf Clovers.

After ten to fourteen hours' sleep I arise with burning headaches every day, take a dose of cathartic, and eagerly search the paper to see if you have anything to say about headaches. You carefully avoid mentioning the subject. Your discourse on acetanilide so affected me that now I take only one headache powder a day. Am 27 years old, and have doctored for five years. Professional

musicalian. Salts habit only recently acquired; up until two years ago never was constipated.

ANSWER—Irregular life, irregular meals, irregular hours of sleep. Ten hours would be ample for you, and fourteen hours is enough to auto-intoxicate a hired man. The daily cathartic habit is very bad. My friend, you take your acetanilide too lightly, and your head aches also. A daily dose of acetanilide will inevitably break down the blood corpuscles, weaken the heart, damage the nervous system, and make you a physical, if not a mental wreck in time. No doubt a few weeks of thorough hygienic treatment would relieve your headaches and put you in the way to regain normal health.

If New Jersey Commish Can't Name a Referee, Will Call Off the Fight

FLINT 'PROTESTS' LONDON WIN—BIG FIELD IN 10-MILE BIKE RACE

STUTZ AND PINTO TURN BACK VEHICLES, BUT GAME GOES IN FOR PROTEST

Stutz in Two Double Plays Within Ace of Triple Murder, and Pinto Lifts Homer — Ump's Decision Wrong, Say Vehics.

FLINT, June 16.—The champions took the second game and the series from the Vehics today, 4 to 1, but may have to play the ball game over again. Ted Anderson protested it on Umpire Grifflin's decision in the ninth.

With Shay on second through a hit and Emmet's overthrow of first, and the score 2 to 1, Briger hit to Harper. Harper made a stab for Shay, who left the base line and circled around him. Harper shot out Briger. The umpire allowed Shay was safe. There was a big hullabaloo, ending with the protest. Affidavits by Flint players will charge the umpire with saying he was supposed to see only one play.

Pinto followed with a crash over the center field fence—the longest hit ever made in Athletic Park.

Shay's single, Briger's sacrifice, Pinto's out and Stutz's single to left scored the first run in the third. Pinto accounted for the second on his force out of Briger, who had walked; Stutz's second hit, and Calbert's short fly to right.

The game was a hurling duel all the way, with Dodge and Stutz, who played fairly even go of it. Spectacular playing by Stutz checked two Flint rallies, however.

In the first frame the midgest third baseman executed a clever double play. Gray walked, to open and Emmet doubled down the third base line. Oakes popped to Malmquist, but Hunter slammed a hot one inside of third. Stutz grabbed it, quickly touched out Gray and flagged the batter at first.

The same player broke up another run effort in the fourth. Oakes stroled and Hunter was hit in the side. Anderson shot to the left of Stutz, who forced a stellar one-handed pickup, forcing Hunter at second, while Malmquist pegged out Anderson at first base.

Had Stutz been able to tag Oakes, who was going to third at the time, a triple play would have resulted.

Gray's triple to deep right, and Oakes' single to midfield gave the Vehics their only run in the sixth.

Anderson protested it on Umpire Grifflin's decision in the ninth.

HURON'S LEAD TOO BIG FOR BEAVERS' HEAVY ONSLAUGHT

Kirley Put In At An Inopportune Time To Hold the Advantage.

SARNIA, Ont., June 16.—After attaching a ten-run lead with a furious batting rally in the eighth that resulted in four tallies, McMillan being chased out of the box in favor of Horne, Manager Jordan switched Kirley into the box, the Hurons combing his delivery for five hits and five runs before he was retired. Schaffer's running one-handed stab of Maloney's long fly to centre in the eighth featured. W. Kelly, who strained his ankle in yesterday's game, was the grandstander's gun, watching the game. Both managers shifted their line-ups today. Grimes, regular first sacker of the Beavers, having been sent home until he was again fit to play.

Until he was weakened in the eighth, McMillan had the Beavers at his mercy, while his team mates were having little difficulty with Berly's offerings. The score: A. B. R. H. P. O. A. E.

First race—Yellowhand, Valor, Dunboyne.
Second race—Cresthill, Candidate II., Mohican.
Third race—Morvich, Lally, June Grass.
Fourth race—Leonard II., John P. Grier, Audacious.
Fifth race—Royce Roofs, Yuracart, Sun Dial II.
Sixth race—Evil, June, Balance.
Best bet—Morvich.

Miss Crestwood?
This is the sweet petoot served by the faithful down at Death Valley today. If memory serves correctly, she was our best last time, only to be beaten a whisker. Today is another day, and I have it so strong as to believe there might be a little "assistance" somewhere. You have the answer on your mitt. Starella is good and fresh, as also Naughty Nibla. The latter was whispered about overnight.

Escovar has worked so well of late that I am forced to give him the preference. This is a pretty shifty trick. The choice will in all probability be out the way. This is a mighty fast bound, but oh, boy, how he can step when collared. Basil has an outside chance to spill the frioles, especially if the going turns muddy. The Virginian's task was so impressive that I am selecting him to win right back. This bird may have been a bit underated. Corydon is a fair sort thought not much, while Whirling Dun never has raced to some of his real good morning tracks. Believe Idle Hour, which will have Lyke in the pilot house, is taken as the best bet of the day. "Only needs to race to morning trials to win back-jumping."

So is the gal appended by the closies. Miss Muffins, Fallacy and Cho Cho are closely bunched. The latter was well supported Wednesday. Vitamin is another from old vet. It would seem that some smart operators believe he is as good as in. They were willing to take almost any old price overnight. James B. Brown is a splendid looker, and smart things are expected of him by the stable connections. The same may be said of Saddle and Boots.

Over at Canada the work is General. General. General. The big horse always runs his race. "Right off the reel," he hasn't a thing to beat in the fifth. In fact, this looks like an excellent place to run and shoot into a tannery. Lady Rochester at present at the top of her form is the special bet along by the clockers.

FONTAINEBLEAU, France, June 16.—Miss Cecil Lettich, British Women's open golf champion, and Miss Joyce Wethered, the 19-year-old runner-up in the recent British women's open golf championship tournament, played at Turnberry, Scotland, will meet tomorrow in the final of the women's French open golf matches.

DOUBLES IN 17TH WIN FOR PIRATES

Glazner, Adams and Yellowhorse All Trottled Out by Mooney.

PITTSBURG, June 16.—Pittsburg defeated Brooklyn 6 to 5 in a spectacular seventeen-inning game here today. Glazner and Smith were opposing pitchers for the first eight innings, but each gave way to relief pitchers. Manna took Smith's place and Adams later went on the mound for Pittsburg, with the score 5 to 5. Yellowhorse pitched the two final innings for the Pirates. Pittsburg won the game in the last part of the seventeenth inning on doubles by Carey and Maraville with one out.

THE SCORE.—R.H.E. Brooklyn 000 002 003 000 000 00—5 14 1. Pittsburg 010 000 040 000 000 01—6 11 1. Smith, Manna and Kreuger; Glazner, Adams, Yellowhorse and Schmitt.

MORE OVERTIME.—ST. LOUIS, June 16.—Nicholson's home run in the fifteenth inning, scoring Southworth ahead of him, allowed Boston to defeat St. Louis here today by 5 to 4.

THE SCORE.—R.H.E. Boston 001 101 000 000 002—5 14 1. St. Louis 000 001 000 000 001—4 6 0. Watson, McQuillan and O'Neill; Gibson; Pelties, North and Clemons.

JOHN L.?—CHICAGO, June 16.—John L. Sullivan's timely doubles and Alexander's great pitching were responsible for Chicago defeating New York 5 to 4 in thirteen innings today. It was the second extra-innings game of the series.

THE SCORE.—R.H.E. New York 000 101 000 000 2—4 14 1. Chicago 000 010 001 000 3—5 13 0. Douglas, Benton, Neph and Smith; Alexander and Killifer, O'Farrell.

A SLUG-FEST.—CINCINNATI, June 16.—Philadelphia and Cincinnati slugged a slugfest here today, the home team winning by a score of 3 to 7. Marquard lasted six innings and was relieved by Napier. The Phillies used five pitchers.

THE SCORE.—R.H.E. Philadelphia 000 031 002—7 14 6. Cincinnati 000 012 203 10x—9 13 7. Hubbell, Kneib, Betts, Wilhelm, Baumgartner and Brugg; Marquard, Napier and Wingo.

RIGID CLEAN-UP OF MEAT SHOPS

Health Board Starts Campaign Against Infected Meat—Defies City Council.

In ordering the closing of one butcher shop in London and the stern warning of another, which action was taken at yesterday afternoon's meeting of the Board of Health, the health commissioners of the City of London have started a campaign for clean meat in the city. A bylaw will be framed, which will make it an offense to put unsold carcasses in ice boxes. This practice was said to be general and a direct source of infection. The board also considered Inspector Sanders' report that many grocery stores are selling meat without such food being properly covered and protected from flies. They gave him full powers to act in this matter in order that all meat offered for sale in London may be guaranteed against unsanitary practices.

BRITISH PEERS CHAMPION THE CAUSE OF IRELAND

Unexpected Appeal on Ireland's Behalf Meets Warm Response in British House of Lords—Lord Buxton Demands That Government Give Country a Lead—Says Lloyd George Must Put All Cards on Table.

London, June 16.—Strong pleas for the amendment of the Irish home rule act came unexpectedly today from the House of Lords, the feature of the debate being the first speech made by Lord Buxton since he returned from South Africa, where he has served as governor-general. Incidentally, Lord Buxton disclosed that he, with other peers, had explored the ground with a view to negotiations for a settlement of the Irish difficulty, but he said they had arrived at no conclusion that only practical initiative must come from the Government itself.

RELATIVES CLAIM RUSH WAS BRUTALLY MUTILATED
BELFAST, June 16.—A dispatch was received today by a Belfast newspaper from relatives of Thomas Rush, who was shot to death last Sunday evening at Lisacul, near Castlereagh by crown forces, declaring that Rush was shot and terribly mutilated by the crown forces. The dispatch says the newspaper reports as to the manner of the death of Rush were untrue.

A United States inquiry is demanded by relatives, the telegram added. "Please help. There is abundant evidence, but we are helpless here." The telegram was signed "Rush, of Magheraferry."

A dispatch from Dublin last Tuesday announced the shooting of Rush. It said he was reported to be a pensioner of the American army, that he returned to Ireland fourteen months ago, and that he probably was a United States citizen.

The dispatch in describing the shooting gave the official version. It said crown forces had surprised about 50 civilians, who were believed to be drilling. The civilians scattered, but were pursued by troops, who reportedly summoned them to halt. The civilians refused to stop, however, and the crown forces, after chasing them for two miles, opened fire. Rush was among those killed.

STRONG MILITARY FORCE SWEEPING MONAGHAN COUNTY
DUBLIN, June 16.—The Government forces have been making a sweeping round-up of certain areas in the last few days, with the apparent idea of making large captures and sifting them for men who are "wanted." The operations have been in progress in Monaghan County all this week. Hundreds of arrests were made, but today they were released with the exception of about a dozen persons.

Five cavalry regiments invested Carrickmacross, Monaghan County, early this morning and commandeered several private houses. They made several arrests, including a dispatch carrier of the "Irish Republican Army." Similar raids occurred at Wexford and Athlone.

FIVE THOUSAND TROOPS.
BELFAST, June 17.—It has been known for some time that the military authorities have contemplated strong measures in South Monaghan and Cavan, where there have been numerous murders, and it is reported here that a big sweep of 5,000 troops had taken place. Police and military headquarters, however, profess ignorance.

Independent confirmation cannot be obtained in Belfast, as Monaghan is completely isolated, the telephones having been dismantled, apparently by the authorities, to prevent news of the operations from becoming public until they are completed.

It is believed that a blockade system is about to be established in the affected area, with headquarters at Dundalk.

CENTRAL DUBLIN ALARMED BY HEAVY FUSILLADE
DUBLIN, June 16.—The residents of Central Dublin were terrified last night by fusillade of shot beginning at 11 o'clock and continuing at intervals of half an hour. The intensity of the revolver, rifle and machine gun firing recalled that of the Easter rebellion of 1916. Cornhill, Westmoreland and Daniel streets were swept by bullets. Searchlights played from Dublin Castle on the area.

No information could be obtained at headquarters concerning the cause of the shooting, but a semi-official statement said that civilians fired at sentries over the ruins of the burned customs house and the fire was returned. At headquarters it was stated that bombs were thrown and revolver shots fired at a troop train near the Drumcondra station in Dublin this morning, three soldiers being wounded, one seriously.

An auxiliary patrol was ambushed this morning at the North Wall quay. One of the attackers was captured with a bomb in his possession in his possession. There were no casualties.

MAIL TRAIN HELD UP BY REBELS, MAILS TAKEN
DUBLIN, June 16.—Robert Healy, a solicitor, who recently was demobilized, was found shot dead today at Ballygarry.

While going to his home from Court, where he had given testimony in a case of attempted robbery, J. J. MacMahon was fired at and wounded. Two men did the shooting. MacMahon was taken to a hospital in a critical condition.

A bank official was held up today on North Quay by armed men and robbed of £45.
The Carnegie library on Castle Island was set on fire today and destroyed. The night mail train from Belfast to Dublin was held up at Dilly by one hundred armed men. Two cars containing Belfast merchandise were destroyed and the mails were taken.

Robert Kane, tried by court-martial for having in his possession five cartridges and caps and bullets, was sentenced today to ten years penal servitude. Patrick O'Donnell was sentenced to fifteen years for having two hundred pounds of ammunition.

BILL BRENNAN SAYS DEMPSEY WILL WIN CHAMPIONSHIP BOUT

Watches Carpenter Train, But Not Favorably Impressed.

Manhasset, N. Y., June 17.—George Carpenter, challenger for the heavy-weight championship, went into retirement again today. Spectators were strictly excluded from the French fighter's camp, and Carpenter put in a hard day of real work under the supervision of his trainers.

Those who were privileged to get a line on Carpenter's paces yesterday, which was "open day" at the camp, are still busy this morning discussing the chances of the French challenger in the light of the speed and style he is exhibiting on the days of public training.

Among the throng that surrounded the outdoor boxing ring in the training camp here yesterday afternoon was "Knockout Bill" Brennan of Chicago, who was defeated by Dempsey in the champion's last defence of the title. Brennan never took his eyes off the

lithe, active figure of the European title holder.
Incidentally, Carpenter, who had been apprised of the presence of the man who had made the best showing against Dempsey of any of his challengers, at times watched Brennan out of the corner of the eye. Afterwards Brennan was asked what he thought of the chances of Carpenter against Dempsey. "Physically, Carpenter seems to be in splendid condition, and he is a neat boxer and fast on his feet. He seems to pack a good punch, but it does not appear to me that he will have much of a chance against Dempsey. If the world's champion lands one of his left hooks in Carpenter's stomach it will settle the fight then and there. From Carpenter's boxing style I would say he is not a hard man to hit, and anyone that Dempsey lands solidly on is going to drop."

STILLMAN SERVANTS
TELL OF BEAUVAIS'
VISIT TO COTTAGESAttempts Made in Divorce
Court At Poughkeepsie To
Prove Misconduct.

POUGHKEEPSIE, N. Y. June 16.—Attempts to prove misconduct by Mrs. Anne U. Stillman in her relations with her servant and part Indian guide, Fred Beauvais, were made today in the divorce case instituted by James A. Stillman, New York banker.

Three former Stillman servants told of Beauvais and Mrs. Stillman occupying adjoining rooms in the "Red Cottage" and the "Blue Cottage" at the banker's estate in the Pocantico Hills. They also swore, it was said, that they had seen letters written to Mrs. Stillman by the guide.

Irene Kelly, a parlor maid, frequently saw Beauvais standing beside Mrs. Stillman's bed, playing the phonograph and reading to the banker's wife, according to a report of her testimony.

Mary Kelly, a maid, declared Mrs. Stillman sometimes used to wear a plain band ring with the initials "F. B." engraved on the inside. Asked whether she had ever noticed her mistress with a wedding ring on her finger, the maid replied that Mrs. Stillman's wedding ring always had reposed in a jewel box on her bureau.

During her testimony it was said she told of having seen Beauvais' handwriting, not only on letters, but within the moccasins worn by Guy Stillman, the infant son, who Mr. Stillman charges is the son of Beauvais. Inscribed within one moccasin, it was said, she testified, were the words, "I hope Guy will always be good to his mother," and in the other, "I hope Guy will some day know his father."

Margaret McDonough, the nurse of Alexander Stillman, a young boy, testified, it was asserted, that on one occasion in 1919, Mrs. Stillman, Beauvais, Alexander and a Miss Fegan, dwelt in the upper story of the "Blue Cottage," while Guy and his nurse slept below.

Early one morning Miss McDonough, according to a report of her testimony, was passing the bathroom upstairs and saw Mrs. Stillman come out of the door in her kimono and enter her own room. The nurse followed, and noticed that Mrs. Stillman's bed appeared not to have been slept in during the night.

Then, it was said she testified, she walked down the corridor, looked into the adjoining room, which had been occupied by Beauvais, and observed that the bed had been slept in.

Mrs. Stillman attended the hearings today, and large crowds gathered outside on the sidewalks to catch a glimpse of her as she entered and departed.

It was understood that the attorneys for Mr. Stillman protested at today's hearing that reports of the testimony taken today had been somewhat garbled somewhere on the trip into print.

Because the public learned that they had agreed to produce Mr. Stillman for cross-examination June 28, his attorney announced, it was said, that they would not put Mr. Stillman on the stand on that date, but at a later unannounced time, so that he might be spared the gaze of the curious.

WITNESS AT RADIAL
PROBE NOT ALWAYS
A GOOD PESSIMISTHydro Commission Counsel
Produces Some Very
Optimistic Reports.

TORONTO, Ont., June 16.—Robert I. Todd, the Indianapolis Electric Railway expert, who yesterday told the royal commission inquiring into radial railway projects of the Ontario Hydro-Electric Power Commission that practically none of the electric railways in the United States were paying, and whose testimony with reference to the proposed hydro radial railways lines in this province was of a pessimistic character, was confronted today with evidence showing that at home he is not a pessimist on electric railway matters.

Not Always Pessimistic. C. C. Robinson, counsel for the Ontario Hydro Electric Power Commission, brought forth a report of an address given by Mr. Todd in Toledo, Ohio, last February, when he assured the audience that while the electric railways were passing through a period of stress, there was a very bright future ahead.

The accuracy of the report was admitted by Mr. Todd. It was pointed out to him that two of his suggestions were in line with the hydro-electric commission's ambitions. One was that the local freight haul, on the electric lines should be developed and the other was that the long haul business for through passengers should be built up.

Yet Mr. Todd continued to find flaws in the hydro-electric commission's proposition. The hydro estimates count upon hauling of 1,700,000 tons of freight during the next year of operation on 322 miles of line. Commissioner Mitchell asked the witness if this was possible, or if he knew of any electric line in the United States which was hauling freight in such quantities.

"There ain't no such animal," was Mr. Todd's way of answering the question.

Most Unusual Showing. Mr. Todd admitted being startled by the "most unusual" showing of 7,000 tons per mile per annum of freight haulage on the St. Catharines-Port Colborne branch of the Niagara Division, yet shook his head when questioned as to the possibility of a business of four thousand tons per mile per annum on all the hydro lines.

"I don't know of anything that can produce half of that," he said, "except that St. Catharines-Port Colborne branch."

The inquiry will proceed tomorrow.

BLAZING THE WAY
THROUGH PATHLESS
FOREST, SAYS CHOWN

Declares World Has Seen No
Such Venture Before In
Its History.

WHITBY, Ont., June 16.—Rev. Dr. S. D. Chown, general superintendent of the Methodist Church in Canada, addressing the Bay of Quinte Methodist conference here today on Church Union, said that to wait for the Anglican Church to unite would be to postpone organic union with the Presbyterian and Congregational Churches indefinitely, while the Methodist Church was ready with open hands to receive any proposals looking toward union with the Anglican Church.

Dealing with the action of the Presbyterian General Assembly, Dr. Chown stated that he had already been in conference with Rev. Dr. G. C. Pidgeon of the Presbyterian committee on union, and with Rev. Dr. Gunn, minister of the Congregational union, representing the Congregational union, he said that to wait for the Anglican Church to unite would be to postpone organic union with the Presbyterian and Congregational Churches indefinitely, while the Methodist Church was ready with open hands to receive any proposals looking toward union with the Anglican Church.

A. F. OF L., WITHOUT
DISCUSSION, TURNS
DOWN THE O. B. U.Appeal of Negroes Is Met by
Uproar in Convention.

DENVER, Col., June 16.—The American Federation of Labor today emphatically repudiated the One Big Union idea. Without discussion, the first annual convention of the federation sustained the action of its committee on organization in non-concurring on a resolution calling for "one body of workers through amalgamations, federations and protective agreements."

The declaration presented by J. L. Pauley of the West Virginia State Federation of Labor also urged all national and international unions to insert clauses in their working agreements whereby they can "render such assistance as is needed by any and all crafts when called upon to do so." It asked that all unions arrange the dates of their contracts so that they would expire at the same time.

The convention was thrown into confusion when several delegates by objection, denied the negro delegation permission to introduce a resolution condemning the mob violence of the "Ku Klux Klan" or "White Caps" of the South.

President Samuel Gompers had great difficulty in restoring order, as nearly a score of delegates jumped from their seats and demanded the names of the delegates who had objected. He declined to give the names. As the confusion increased, President William H. Hays, of the United Brotherhood of Carpenters and Joiners, arose and

said: "If you want to know who the objector is—it is I."

HARTLEY DEWART, K.C., DENIES NEGLIGENCE BY LIBERAL ORGANIZERS

Describes Reports in Circulation as Outcome of Summer Brainstorm.

TORONTO, June 16.—"A summer brainstorm" was what H. Hartley Dewart, K.C., Liberal leader in Ontario, tonight termed a report in circulation here to the effect that a special committee appointed a year ago to arrange for the reorganization of the Liberal party in this province was carrying on without consulting him, and that a movement was on foot to depose him as leader.

Mr. Dewart said it was untrue that he was being ignored in any way by the Liberals carrying through the reorganization of the party.

"I wasn't made a member of the committee any more than was Hon. Mackenzie King," Mr. Dewart said, "but I have been kept in touch with what they have been doing, and am in hearty accord with their plans for reorganization."

MARRIAGE LICENSE REORGANIZATION.

TORONTO, June 16.—Reorganization in connection with the issuing of marriage licenses will go into effect by September 1, according to Provincial Secretary H. C. Nixon. After that date all marriage licenses are to be issued by municipal clerks, and jewelers will no longer have the privilege of issuing licenses.

PARK CONCERT PLEAS.

DON'T

Overlook This Great

DISSOLUTION

SALE

Only
Two More
Days!

Saturday
and
Monday

Hundreds of men have taken advantage of this unusual selling event to secure clothes made to measure at about HALF the ordinary price.

One of the partners in The Regent Tailors is withdrawing from the firm and it becomes necessary for us to raise the money with which to take up his share. Hence the reason for this Dissolution Sale.

So great has been the demand for Regent Clothes at this specially reduced price that by Monday night we will have sold all that we need to sell to realize our objective. To-morrow and Monday, therefore, you still have the opportunity to secure a

Suit or
Overcoat

Made to Your Individual
Measure for Only

\$15

These are our regular \$25 and \$30 Suits, and the materials include the very newest tweeds, worsteds, heather mixtures, plain and fancy weaves in great variety, etc. You have a wonderful range from which to make selection.

Remember that the sale positively ends on Monday night. Up to that time we guarantee to fill at the special price of \$15 all orders for suits that are received. And every suit we make is guaranteed to be entirely to your satisfaction.

Additional salesmen will be on hand to give prompt and careful service. Shop as early in the day as you can.

MYSTERY VEILS DESTINATION OF MACHINE-GUNS

Taken From Customs Officers
by Police On Search
Warrant.

THEFT IS ALLEGED

Shipment Being Held by U. S.
Customs Authorities Pending
Investigation.

NEW YORK, June 16.—Ownership of the 405 machine-guns and the hundreds of spare parts seized yesterday by customs officials after they were found secreted on the steamer East Side, and presumed to have been destined for Ireland, is still a subject of investigation by government officials. The guns, through the agency of a federal warrant of detention, were restored today to the possession of customs officials, from whom they were taken on a search and seizure warrant by the Hoboken police.

Hearing Called Off.
A hearing set for today was intended to bring out the story of how they came to be on board the East Side and to establish the claim of Frank Williams, that they were stolen from his warehouse, but the hearing was declared off after the federal writ had been served.

Detectives at Work.
Customs officials said they would take the arms from Hoboken police headquarters to a customs storehouse tomorrow, and there hold them until the mystery surrounding their discovery is solved. Federal agents are working on several angles of the case, including an attempt to trace the guns from the factory in which they were manufactured. They are also questioning present and former members of the crew of the steamer East Side.

The inquiry will extend to Norfolk, to which port the ship cleared after leaving New York last night. Mr. Williams, through his attorney, is also conducting an investigation to determine the identity of the parties who, he claims, stole the guns from his warehouse.

If you have any article for sale that you want to dispose of very quickly, use an advertisement in The London Advertiser.

THE PROPOSED TAX ON BACHELORS

—Yardley, in San Francisco Bulletin.

U. S. SENATE WANTS BRITAIN TO HAVE NAVAL SUPREMACY

Lenroot Says If America Went
to War With Britain Nothing
Would Matter.

POINDEXTER SNEERS

Also Says Britain and Japan
Would Become Offensive
If U. S. Was a Weak
Power.

Washington, June 16.—That the time has come when the country should understand that a war at any time in the future between the United States and Great Britain would mean the "end of civilization and that it will make very little difference what happens afterwards," was the statement made in the Senate recently by Senator Lenroot of Wisconsin. Senator Lenroot was opposing the \$500,000,000 naval appropriation bill, and it was in the course of an interchange of views with Senator Poinexter, acting chairman of the commission on naval affairs, that the naval supremacy of Great Britain was brought into the debate.

Senator Lenroot brought up the question of British supremacy on the seas when he said that he was in favor of the United States maintaining itself as the world's second naval power. "Who is to be the first?" asked Senator Walsh of Montana. "I frankly state that Great Britain is the first, and I see no reason why the United States should attempt to outstrip Great Britain," Senator Lenroot answered. "The senator thinks," Senator Poin-

exter interrupted, "we ought to take our hats off every time we meet Great Britain and bow." "I am very glad," replied Senator Lenroot, "that we get the senator's real views very gradually in this debate. If the senator is advocating this program, as he evidently is from his remarks, because he wants to rival Great Britain, and have a navy that will either equal hers or exceed it, it is time the Senate and the country knew it."

Rivalry Not Wanted.
"We have not concealed that at all. That was put in the form of a written report of the naval affairs committee upon the resolution of the senator from Idaho (Mr. Borah) during the last session of Congress. I do not want any rivalry with Great Britain. I am sure we are not going to have any trouble with Great Britain, but it will militate—if we can use what is apparently a paradoxical word in that connection—in favor of peace if we are able to maintain our rights," Senator Poinexter said.

Senator Poinexter added that he did not want the United States to be the first naval power, but he did want it to have a navy equal to that of any other nation. "We have very little prospect, indeed, of our entering into an agreement for disarmament, if the United States, as a condition of entering into such an agreement," said Senator Lenroot, "is going to insist upon becoming the first naval power of the world. I do not want the United States to occupy any such position. I am not at all certain but that Great Britain might not be very willing to do so, and I want to say right here, Mr. President, that we might as well frankly state this one fact, that if the English-speaking peoples of the world shall at any time in the future engage in war with each other, civilization will be gone, and it will make very little difference what happens afterwards."

Senator Lenroot argued that, owing to the vast extent of her possessions, Great Britain needs a larger navy than the United States, and that this fact should be recognized. "The senator from Washington has said," Senator Pomerene interrupted, "that he does not fear that we are going to have war with Japan. I am going to have war with Japan, and I think that none of us are fearing we are going to have war with Great Britain. The query I want to put to him is this. He favors this big navy either with England or Japan. If he were in fear of war with either of those countries how big a navy would he want?"

"If I wanted war with either of those nations," replied Senator Poinexter, "I would want a little, weak navy. That would be the quickest way to bring it on. Just as soon as Japan and Great Britain realize that the United States is helpless they are going to begin the assertion of their rights in an offensive way here and there, not that that is the policy of the nations, but that inevitably follows where a strong power is dealing with a weak one."

"We do it ourselves on many occasions, and with the highest-spirited people, such as the American people, thank God, still are, they are not going to put up with that kind of treatment, and that will lead to war, and the only way you can preserve peace, until you bring about an agreement between the powers for a limitation of armaments, is for the United States to be in a position where it can command respect and enforce justice throughout the world."

"Great Britain and Japan both know that we are not a weak nation, and there was just one time in the history of the United States when we took advantage of the fact that we were a big nation against a little nation," Senator Pomerene answered, "and we paid \$25,000,000 for that lesson."

"We should not have paid it," Poinexter replied "the senator is referring to the Colombian Treaty. I think that was one of the greatest mistakes made in United States ever made. I argued that the other day. I do not think we did right in paying that \$25,000,000. I would rather have seen it paid to our own people."

ORDER-IN-COUNCIL WILL SHUT OFF OPEN FAUCETS

OTTAWA, June 16.—The date when Ontario will become a "bone dry" province is likely to be fixed by order-in-council tomorrow or Saturday. Either July 19 or 20, is mentioned as the probable date. The 60-day period which must elapse after the holding of the plebiscite before the order-in-council can be passed will probably pass an order-in-council without delay. After the passage of the order-in-council, 30 days must elapse before the province becomes bone dry.

MONTREAL, G. T. R. SHOPS CLOSE.
MONTREAL, June 16.—The shops of the Grand Trunk Railway at Point St. Charles, a Montreal suburb, will close from the night of June 23 to the morning of July 4, it was announced this afternoon by the railroad.

Perhaps you want a domestic in a hurry. Then use The London Advertiser classified columns, and you will be quickly supplied, because everybody reads The London Advertiser.

RANGER'S JOB IS NO 'SNAP,' DIARY SHOWS

Frears of a Fierce Storm in
the Mountains Are
Related.

Seattle, June 16.—The forest ranger "The name has a fine, romantic sound, hasn't it? Spotting fires—that sounds like an easy job. Anybody can see a fire."

Here is an excerpt from the diary of a forest lookout—one day out of the life of Rowland Adheson, who is stationed on Jumbo Point, at an elevation of 5,806 feet, in the Snoqualmie National Forest. The diary follows:

7:30 a.m. (cloudy)—Can see maximum distance. Looks as if storm was coming from the south.
7:30 a.m.—Received call from French Creek (Lind). He will be there most of this side of White Horse. Storm tried to him about 11. Then told Darrington to

the day.
Called Bruck at 7 a.m. He and Wing started on their trip to the peak. This afternoon will go as far as Sauk Station.

Located smoke from Lampson donkey. McCaughy and the one opposite supply at French Creek.

Call French Creek.
Call Sauk—saw smoke—they were burning.

9:00 a.m.—Located smoke at John Adkins. Called Bruck. He said he had a burning permit.

3:00 p.m.—Received call from Chan at Whitechuck bridge on his way to Goldman Creek to cut out a log.

4:15 p.m.—Received call from Lind at Hazel. Hot down there.

5:00 p.m.—Took a look up Clear Creek Valley. Everything O. K. Then went down for water.

Storm in the Mountains.
6:30 p.m.—Received call from Lind at Welton—rain hard; received shock over phone while talking. A big storm coming about White Horse. Lightning striking every few minutes. I called up Sauk, told Hoodwin I would disconnect my phone; then went up on top to watch.

Light on Tent Stick.
About 9 p.m. Talked with Bruck; told him that rain was coming down in sheets from this side of White Horse. Storm tried to him about 11. Then told Darrington to

come this way, but currents of air kept it around White Horse.

7:15 p.m.—Lightning struck one-fourth mile down from peak between Jumbo and White Horse. Felt shock and earth tremble. In five minutes had a fire which burned in good order.

Wind blowing regular hurricane. Could hear a peculiar buzzing or hissing sound by the fly or top, but thought it was the wind.

8 p.m.—Was getting ready to write. Lightning struck close—tent lighted up—felt mountain jar, heard rocks crash. Got up to see if I could locate it, but could not. Flashing—went to bed but could not sleep, too much lightning.

Storm was centering around Mount Pew and coming back down the valley. Put my head out the tent to watch it. Certainly looked wicked. Saw six fires across Gold Hill up toward Whitechuck. Got up—saw lightning strike south of Sauk up in the hills, later saw fire. Lightning struck wire down in Whitechuck, twice in Sauk near Sauk station or Whitechuck bridge. Later located fire near bridge.

Light on Tent Stick.
About 9 p.m. Talked with Bruck; told him that rain was coming down in sheets from this side of White Horse. Storm tried to him about 11. Then told Darrington to

look and see my light on top. So took up lantern. Got up there—heard this peculiar buzzing sound. Located it, saw a blue flame coming from end of stick which propped up fly.

Called Sauk—Whiting explained. Went back—put my hand to stick—flame disappeared. Each time I touched up where I had staff wrapped with fire, felt a tickling sensation. Higher up I held stick louder the buzz and larger the flame, but when brought near my body or too near the ground flame disappeared. Call Sauk again. This time I connected a wire to phone line, raised it to top—attached it to tent pole. Immediately flame appeared on end of wire and ten pole. Held staff in air—flame appeared—brought it to wire it disappeared. Was trying to ring bell at Sauk. They said that they felt the electricity hit the phone at first but because it was a steady current could not tell the difference after first shock.

By this time flame on sticks and rock

had disappeared and could only get flame to appear on my staff when held high and toward the storm, which was going north toward Mount Baker. It had stopped thundering and lightning when I first saw the blue flame on the stick, otherwise if it had still been lightning when I held my staff up I would have received a nice little shock. It was 10:30 p.m. when all the excitement was over. No rain, then wind had died down. Altogether a strange but wonderful night on old Jumbo.

What is the use of storing up that old sideboard when you can easily sell it through an advertisement in The London Advertiser? Classified ads are read by everybody, and you will be able to find a customer readily.

THE TRIALS OF A HOUSEWIFE

How They Have Been Endured and How Overcome by
Lydia E. Pinkham's Vegetable Compound

Experience of a Providence Woman

Providence, R. I.—"I took Lydia E. Pinkham's Vegetable Compound for a female trouble and backache. I began just after my baby was born, and I did the best I could about getting my work done, but I had awful bearing-down pains so I could not stand on my feet. I read in the papers about Lydia E. Pinkham's Vegetable Compound and the good it was doing other women, and I have got dandy results from it and will always recommend it. I am as strong and healthy as any woman; and I give my thanks to it for my health."—Mrs. J. A. McQuitty, 610 W. Walnut St., Bloomington, Ill.

Ohio woman for three years could hardly keep about and do her housework. She was so ill. Made well by Lydia E. Pinkham's Vegetable Compound. "For about three years I was very nervous and had backache, sideache, dragging-down pains, could not sleep at night, and had no appetite. At times I could hardly do my housework. I got medicine from the doctor but it did not help me. I saw Lydia E. Pinkham's Vegetable Compound advertised in a newspaper and took it with good results, and am now able to do my housework. I recommend your medicine to my friends and you may publish my testimonial."—Mrs. J. A. McQuitty, R. 15, Fayette, Ohio.

An Illinois woman relates her experience:
Bloomington, Ill.—"I was never very strong and female trouble kept me so weak. I had no interest in my housework. I had such a backache I could not cook a meal or sweep a room without raging with pain. Rubbing my back with alcohol sometimes eased the pain for a few hours, but did not stop it. I heard of Lydia E. Pinkham's Vegetable Compound, and six bottles of it have made me as strong and healthy as any woman; and I give my thanks to it for my health."—Mrs. J. A. McQuitty, 610 W. Walnut St., Bloomington, Ill.

The conditions described by Mrs. Cassen, Mrs. Ball, and Mrs. McQuitty will appeal to many women who struggle on with their daily tasks in just such conditions—in fact, it is said that the tragedy in the lives of some women is almost beyond belief. Day in and day out they slave in their homes for their families—and beside the daily routine of housework, often make clothes for themselves and for their children, or work in their gardens, all the while suffering from those awful bearing-down pains, backache, headaches, nervousness, the blues, and troubles which sap the very foundation of life until there comes a time when nature gives out and an operation seems inevitable. If such women would only profit by the experience of these three women, and remember that Lydia E. Pinkham's Vegetable Compound is the natural restorative for such conditions it may save them years of suffering and unhappiness.

There is hardly a neighborhood in any town or hamlet in the United States wherein some woman does not reside who has been restored to health by this famous medicine. Therefore ask your neighbor, and you will find in a great many cases that at some time or other she, too, has been benefited by taking it, and will recommend it to you. For more than forty years this old-fashioned root and herb medicine has been restoring suffering women to health and strength.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

TO HORTICULTURE SOCIETY CREDIT DUE

Initiated Plans for Beautifying Old Portion of St. Thomas Cemetery.

ST. THOMAS, June 16.—Local Horticultural Society should have had the credit of initiating the plans and putting them into effect of cleaning up the old portion of St. Thomas Cemetery. Chairman Dr. Bennett pronounces the condition of the original burial grounds as disgraceful and unwarranted. It will take a dozen men for a couple of weeks to do any kind of a job, declares the doctor, and even then that portion of the grounds will not be properly cleaned. The doctor characterizes the neglect shown the last resting places of St. Thomas old settlers and of many pioneers of the township as simply shameful. And people well off, too, declares the chairman of the society,

who decline to assist in uncovering the graves of rubbish and weeds and refuse to contribute a cent towards making the place look decent.

Crossing the Sands. Over one hundred Orientals from Mahomet, Sanctorum went over to Brantford today in 25 autos, where the Degree of Humiliation will be given with goat accompaniment to a number of local novitiates.

John K. Watson Injured. Painting the veranda at his home on Tuesday, John K. Watson, Hincks street, slipped and fell a distance of about twelve feet. He came down on his head and shoulders, and remained for some time semi-conscious. Mr. Watson remains in a serious condition.

MAN FALLS FROM ROOF LEG BADLY FRACTURED

WOODSTOCK, June 16.—Andrew Ross sustained a badly-fractured leg this morning, when he fell from the roof of a house which he was shingling. Ross, with two other men, was shifting the shingling jacks when the scaffold broke, the men lost their hold and were pitched to the side of the roof. Ross fell to the ground, while the other two men saved themselves by grasping the eavestrough and holding on until they could be rescued.

BANK MANAGER DIES. TORONTO, June 16.—The death occurred here this afternoon of William Moffatt, general manager of the Imperial Bank.

MANY MINERS REFRAIN FROM BALLOTING

Strong Vote Against Accepting Owners' Offer in Some Districts.

LONDON, June 16.—The miners' ballot is going strongly against acceptance of the owners' proposals looking to a settlement of the coal strike. In Wales and Durham the majority is three to one against acceptance, and in other districts are less decided, and it will not be known until tomorrow whether the necessary two-thirds majority for a continuance of the strike will be obtained. A feature of the balloting has been the many thousands of abstentions and the heavy toll against acceptance in some districts believed to have been anxious for a settlement. The executive of the miners' federation has authority to act on the result of the ballot, but it is thought that if the margin proves narrow, the executive will call another conference of delegates before making a decision. The balance of opinion, however, is that next week will see mining operations resumed.

ANGLICAN CLERGY REFUSE INCREASE IN THEIR STIPEND

WINNIPEG, Man., June 16.—Voting to stand by their parishioners for better or for worse, in what they believed will be a period of after-war reaction, Anglican clergy of the diocese of Rupert's Land, assembled in synod here today, refused to grant themselves an increase in stipend. A recommendation brought in by the committee on the archbishop's charge, suggests a minimum of \$1,800 for a married clergyman and \$1,500 for a single man. It was defeated. The salary situation, it was decided, will remain as it is at present, with no set minimum. A married clergyman in the country receives about \$1,500 per annum. A delegation from the Methodist General Assembly was received, following which the synod voted to do all in its power from now till the General Synod session in October to educate the people to a spirit of unity.

DEATH COMES TO DIVER 25 FEET BELOW SURFACE

Comrades Fail To Understand Drowning Man's Frantic Signals.

SAULT STE. MARIE, Mich., June 16.—Death, in one of its most terrifying forms, came to Damon S. Godfrey, a diver in the employ of the Great Lakes Towing and Wrecking Company today, when the great copper helmet he wore as part of his diving dress became loosened in some way while Godfrey was down 25 feet on the bottom of Georgian Bay near Little Current, Ont. Little by little the water began to trickle inside the diver's rubber suit. As the helmet worked still looser, Godfrey signalled frantically to his mates on the lighter above to be hauled up, but in some way, it is said, his jerks at the lifeline were not properly understood, owing to the lines becoming tangled, and the men at the air pump continued to send down fresh air. Finally when no further signals were received, the helpers became alarmed and hauled the diver up. When the helmet was unscrewed, Godfrey's head toppled over to one side. He had been dead for several minutes. Godfrey had been in the employ of the Great Lakes Company for fifteen years, and was considered one of the most expert deep water divers on the Great Lakes. He was 55 years old and lived at the Canadian 800. A widow, three daughters and four sons survive.

WEEKLY EDITORS SPEND DELIGHTFUL DAY IN CALGARY

Entertained by City and by Women's Press Club.

CALGARY, Alta., June 16.—When the C. P. R. special train drew up at the platform in Calgary bearing the delegates of the Canadian Weekly Newspaper Association from the convention which was held in Vancouver, a very large and enthusiastic group of friendly newspapermen and citizens greeted them, and despite the whirl of gaiety experienced since leaving Vancouver at Field, Lake Louise and Banff, the visitors showed no weariness, but just entered into the further festivities provided for them by the citizens of Calgary, the fast-growing city of the West.

Acting Mayor John W. Huggill was on hand to extend the welcome at the depot, along with representatives of the city and the Women's Press Club. The entertainment provided included a ride for some on a scenic car, while others enjoyed the theatres as a diversion since leaving Vancouver. Through the generosity of the C. P. R. and the general manager of the Pullman Hotel, the beautiful ballroom of the renowned hostelry was placed at the disposal of the visitors. The orchestra played for dancing until midnight, and, needless to say, it was thoroughly enjoyed. In the opinion of the officials of the association, nothing has been omitted to make the delegates enjoy themselves, and the hospitality of the greatest transportation company in the world has been at its best. Too much praise cannot be bestowed upon the railway officials accompanying the train, and attending to the wants in the slightest detail of any one member of the party.

Through A. B. Calder, representative of W. E. W. Beatty, the president of the C. P. R., the delegates expressed their sincere appreciation of the courtesy extended to them, and for the innumerable enjoyments which greeted them while traveling across the prairies.

Today the delegates were hospitably entertained by the board of trade, enjoying a delightful drive through the city and luncheon at the Plaza, which was presided over by Mayor Adams. After the toast to the "King," Mayor Adams proposed the toast of "Our Guests," which was responded to by W. R. Davies of the Renfrew Mercury, who paid a glowing tribute to Western Canada, and expressed the hope that the East would become better acquainted with the West. He believed that in the future, now that they appreciated the West better than ever, that they would put their heel on that serpent of racial propaganda whenever it showed its head.

A. E. Calnan of the Picton Gazette paid a great tribute to Roy Sales, the manager of the association, and asked Mr. Cowie to make a little presentation to him, showing their appreciation of his work since his appointment. J. L. Cowie, Carberry, Man., then asked Mr. Sales to receive a very handsome bag, to which Mr. Sales suitably responded. Subsequently thanks were returned to the mayor of Calgary, the board of trade and the citizens of Calgary for their kindness on behalf of the delegates by the Rev. A. H. More, St. Johns News, Quebec, and A. R. Brennan, vice-president and proprietor of the Summerville Journal, P.E.I.

POLISH SOLDIERS ARE MUCH WORSE THAN REDS

Little War Victim Tells Harrowing Tale on Arrival in St. Thomas.

ST. THOMAS, June 16.—An unfortunate little victim of the Great War and of the mad revolution that has ravaged Russia and Poland, arrived in this city this week, and is now stopping at the home of Mr. and Mrs. Benjamin Genrich, 117 Alma street. The name of the newcomer is Mary Levine, daughter of Morris Levine, the Jewish merchant. She is a frail little girl of 21 years. She cannot speak English, and she seems rather reluctant about talking in Yiddish or Polish. The town she was born and lived in all her life is Wolkowisk, located in the province of Grodno, in Central Poland, and was right in the path of the Bolsheviks and the Polish insurgents. Every girl in the town, ten years of age and over, was betrayed by the soldiers. Every home was visited, and the helpless victims chosen indiscriminately. Mary Levine lived for four weeks in a dirty cellar under the place that had once been her home, lived there in mortal fear with nothing to eat, save

the coarsest of rye bread and only a little of that.

She left Poland about six weeks ago by train to Warsaw and thence to Antwerp, where she sailed to Montreal.

"I am happy to get to this peaceful country," she said through Mr. Genrich, "It is lovely here. Nobody looks at you or touches you when you go out on the street. It is so different from Poland."

Mary declares that, while the Russian Reds are bad, some of the Polish soldiers were worse. Their crimes, she stated, were far more horrible than those committed by the Bolsheviks.

BIGGS DISPLAYS HIS WORK ON HIGHWAYS

HAMILTON, June 16.—With a view to disproving criticisms by Gordon C. Wilson, M. P., of Wentworth, S. O. Biggs, minister of public works for Ontario, today took a party of representative men on a tour of the provincial highways in this district. His guests represented the chamber of commerce, board of control, aldermen, members of the county council and the suburban area commission.

DEAD BODY OF MAN FOUND ON P. M. TRACKS

CHATHAM, June 16.—The body of Daupis Jacques, a laborer employed by Sidney Huxon, a Harwich Township

farmer, was found on the tracks of the Pere Marquette Railway this morning about 9 o'clock. The remains were viewed by Coroner McRitchie, and were brought to the city. A jury was empaneled this morning, and after viewing the remains adjourned until Friday, June 24.

Cynthia Grey's Mail-Box

"There is a secret belief among some men that God is displeased

with man's happiness; and in consequence they sink about creation ashamed and afraid to enjoy anything."—Sir A. Helps.
"Married in queen rose month of June, Life will be one long honeymoon."
May being considered an unlucky month for brides perhaps accounts for the numerous weddings in June, and proves that the old superstitions in connection with weddings have not died.

The bride having selected the wedding month must choose the color of her dress. So as not to bring misfortune by this selection, there is a rhyme to guide her which goes as follows:
Married in white, you have chosen all right;
Married in grey, you will go far away;
Married in black, you will wish yourself back.

Married in red, you will wish yourself dead;
Married in green, ashamed to be seen;
Married in blue, he will always be true;
Married in pink, your spirit will sink;
Married in brown, you will live out of town.
There is also the day to be considered: Monday for wealth, Tuesday for health, Wednesday the best day of all, Thursday for losses, Friday for crosses, Saturday no luck at all.
To be positively certain that the best of luck and good fortune will follow her she must wear to the altar "Something old and something new, Something borrowed and something blue."
—CYNTHIA GREY.

KEENE BROS.
125-127 KING STREET.
London's Largest Cash Home Furnishers.

with best wishes for Mail-Box and may have Mrs. E. G.'s address. There are no morning glory seeds in at present.
Every Success.
Dear Miss Grey—I read your page and enjoy the help and talks on books very much.
I wonder could I have the stocking foot pattern, also the baby sleeper pattern? Are there any good readings in the Mail-Box now. I sometimes give a reading, and it is so hard to get a good one.
I find mite inclosed, also stamps. Wishing you every success in your good work, and thanking you in advance.
Ans.—Am mailing you patterns, but there are no readings in at present. Thank you, Blossom, for hospital mite.
Wants Clothes.
Dear Miss Grey—I'm back here again. I wrote a letter, but never saw it in the paper. I had put my mite in it too. I'll ask you if any of the Boxites could send me some slips, as ours were killed by the winter. I have a baby brother, 8 months old, and another 3 years old, and a sister 12 years old. Mother is in need of clothes. She is willing to pay all charges on them. Am sending mite for hospital fund. Please put my name down for a satchel bag. I'll close now. CLIMBING ROSE.
Ans.—Thank you for dime. Am mailing a satchel.
Dear Miss Grey—I am sending this parcel of my large improved aster seed, to distribute among the Boxites, and will you please send me some of the perennial pea or any other variety you may have in different seeds? Am also enclosing mite for the fund. I would send gladiolus bulbs to any person wishing them. With all good wishes to the Mail-Box, I remain,
FLOWER FLEND.
Ans.—Thank you, Flower Flend, for measure. Am mailing seeds as requested.

HOME ECONOMICS

MRS. ELIZABETH KENT, MACDONALD COLLEGE.
ARTIFICIAL SILKS.

pieces when washed and inflammable. Recent improvements have overcome most of these troubles. The process is in general to force the cellulose, which has been dissolved by chemicals, through capillary tubes, that is, very fine hair-like tubes, into another chemical, which sets or hardens it.
Artificial silks have high lustre, but are brittle and inelastic, heavier than real silk, because they do not cover well in weaving. Nevertheless, being expensive compared to real silks, they are coming into constantly wider use for hosiery, underwear, sweaters and dress materials of varied weaves. They are used, as well, in combination with wool, cotton and real silk.
One excellent use for artificial silk is in a broadened material for furniture or cushion coverings; it looks and wears well, and is relatively inexpensive.
The industry of artificial silk manufacture is in its early stages. It will probably have a great development in the next few years. It is rather a pity that this really new material should not have a name and place of its own, instead of seeming to be always an imitation, a more or less satisfactory substitute for real silk.
(Copyright, 1921, by the Metropolitan Newspaper Service.)

Advertiser Patterns

A COOL DRESS FOR WARM DAYS.
Pattern 3289 is shown in this illustration. It is cut in five sizes, 2, 4, 6, 8 and 10 years. A 6-year size will require 2 1/2 yards of 36-inch material. The dress may be finished to slip over the head, but shoulder closing is arranged for in the pattern.
This is a good style for inexpensive materials, such as unbleached muslin, calico, repp, poplin, cambric and voile. Embroidery or a simple finish in outline stitching is pretty for decoration.
A pattern of this illustration mailed to any address on receipt of 15 cents in silver or stamps.
Name
Town
Province
Age (if child's or misses' pattern).....
Measurement: Bust..... Waist.....

CAUTION: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is sent measure, you need only mark 38, 44, or whatever it may be. When in waist measure, 22, 24, 26, or whatever it may be. If a skirt, give waist and length measure. When Misses' or child's pattern, write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than one week from the date of application.
