Many thousand grateful patients have stopped at Dr. Pierce's Invalids' Hotel and Surgical Institute in Buffalo, N. Y., (see photo reproduction page 33).

X-Ray Photo Showing Broken Wrist

This modern, up-to-date Sanitarium, not only affords the best medical and surgical treatment by experienced physicians, but it also provides every remedial agent for the treatment of disease without medicines. One of the most wonderful, to the average layman, is the X-ray, which may be used both in the treatment of various diseases and in the diagnosis of many obscure conditions. With the aid of this, the interior of the human body is no longer the sealed book it has been heretofore. Abnormal states of the bones, gall stones, stone in the bladder or in the kidneys, are now shown plainly by X-ray photographs. Internal tumors and abnormal conditions of the deep-seated organs are also discovered by this means, and it has proved very valuable in the diagnosis of tuberculosis of the lungs. Fibroid and other deep-seated tumors are now being treated by X-ray and many skin diseases, as psoriasis and

eczema, yield nicely to the effect of these wonderful rays.

## Are You Weather Wise?

"What is it moulds the life of man?

The weather.

What makes some black and others tan?

The weather.

What makes the Zulu live in trees,  
And Congo natives dress in leaves,  
While others go in furs, and freeze?

The weather."

We have gathered in this book some of the old and ancient weather proverbs which are "nuggets" of pure gold, for they are built upon the foundation of accurate observation and usually state correctly what the weather will be. Scientific men and meteorological physicists have said that there is much truth in these wise old proverbs. Sailors, Fishermen, Farmers, Woodsmen depend upon many of these weather signs,

to know what may be expected of the weather.

Of course, "All signs fail in dry weather"—and it's also true that "in wet weather it rains without half trying"—but if you will study these proverbs and watch the sky you will become weather wise.

"Above the rest, the sun who never lies,

Foretells the change of weather in the Skies." —Virgil

"Trace in the sky the painter's brush,  
The winds around you soon will rush."

"If the sun goes pale to bed  
'Twill rain tomorrow', it is said."

"Evening gray and morning red  
Make the shepherd hang his head."

(Continued on page 3)

"So it falls that all men are with fine weather happier far."

## A Man Who Became Famous

One of the best known medical men in the United States for the past fifty years was Dr. R. V. Pierce, whose picture appears here. He represented his home

district in Congress. He was successful in his profession, in politics and socially because of his keen observation and his unusual ability to use his knowledge to a good end. He noted early in his medical career that many of the home remedies, some of which have been known to the Indians for centuries, prepared from roots, barks and herbs produced astonishing results. His many analyses and trials of medicines in his hospital, called Dr. Pierce's Invalids' Hotel, at Buffalo, N. Y., extending over a number of years, enabled him to prepare Dr. Pierce's Pleasant Pellets, also Dr. Pierce's Golden Medical Discovery for the blood and Dr. Pierce's Favorite Prescription for weak women, which have been used by thousands during the last half century throughout the United States and Canada, and have had an extensive sale in Europe and in South America ever since the year 1868. These remedies are purely vegetable and contain no alcohol nor habit forming drugs. Sold by dealers everywhere.

## Weather Proverbs

An excellent sign of the coming weather is this:

"The sun sets weeping in the lowly west,  
Witnessing storms to come, woe  
and unrest." —Shakespeare.

There are good scientific reasons for this:

"A red sun has water in his eye."

"If red the sun begin his race  
Be sure the rain will fall apace."

"If the sun set in gray  
The next will be a rainy day."

"Evening red and morning gray  
Help the traveler on his way:  
Evening gray and morning red  
Bring down rain upon his head."

## Your Health is Your Best Asset—Conserve it!

V. M. Pierce, M. D., eldest son of Dr. R. V. Pierce, brought up in the medical atmosphere of a Medical and Surgical Institute, was graduated from Buffalo and Harvard Universities, and was fully equipped to take up the direction of the World's Dispensary Medical Association and of the Invalids' Hotel, and these institutions have been his life work. Knowing the vast amount of harm wrought by diseases of the kidneys, and having had opportunity to observe the analyses and the successful methods of treatment in thousands of cases of kidney trouble at the Invalids' Hotel, he has given to the public the latest and perhaps the most important of the Dr. Pierce home remedies—An-uric (anti-uric-acid) Tablets, which are now recommended to those who suffer with kidney backache, irregularity of urination and the pains and disturbances that come from excess of uric acid in the blood. trouble and backache. My kidneys are in a normal condition now and give me no more trouble."—Mrs. Amedee Castonguay, 1050 Lillian Street.

## Weather Proverbs (continued)

A general truth is this from Shakespeare:  
 "The weary sun hath made a golden  
 set,  
 And by the bright track of his fiery  
 car  
 Gives token of a goodly day to-mor-  
 row."

—————  
 "Mackerel scales and mares' tails  
 Make lofty ships carry low sails."

—————  
 "A rainbow in the morning  
 Is the shepherd's warning;  
 A rainbow at night  
 Is the shepherd's delight."

—————  
 "Rainbow to windward, foul falls the day;  
 Rainbow to leeward, damp runs away."

## Stomach Distress?

Walkerville, Ont.—"My husband owes his life today to Dr. Pierce's Golden Medical

Discovery and 'Pleasant Pellets.' He was a very sick man when I first wrote to Dr. Pierce for advice. He could not retain food and gas would form in his stomach. Finally, he lost all desire for food and would have fainting spells. Thru the advice of Dr. Pierce, I purchased some of the 'Discovery' at the

drug store and very soon my husband was well and able to work."—Mrs. Mary Ellen Miers, 89 Monmouth Road. All dealers.

Send 10c. to Dr. Pierce's Laboratory, Bridgeburg, Ont., for a trial package.

—————  
 "Sound travelling far and wide, a stormy day will betide."

**BACKACHE.** Pain in the back may be due to many causes. In women it is frequently due to disease of the womanly organs. Usually such troubles can be relieved by a course of treatment with Dr. Pierce's Favorite Prescription, and local treatment according to instructions, which will be given free by writing to the Faculty of the Invalids' Hotel, Buffalo, N. Y. When there is great pain in the muscles of the back, with most men and some women it is usually caused by what is called lumbago, a cold which settles in the muscles of the back. If the trouble persists and returns with every change of the weather, it is generally called rheumatism. It is usually caused by a deposit of urate salts in the sheath of the muscles of the back. To understand this one must know that the two kidneys, each as large a mass as your fist perform the duties of removing poisons from the blood from birth to old age. When the kidney cells do not remove the waste materials, uric

acid in the form of urate salts is deposited almost anywhere in the muscles of the body and causes great pain, rheumatism or gout. For this, Dr. Pierce's An-uric Tablets should be taken. Most stores can supply An-uric Tablets at sixty-five cents, or send that amount to Dr. Pierce's Laboratory in Bridgeburg Ont. Write to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for free medical advice.

**BILIOUSNESS or Congestion of the Liver.** If the liver is clogged or stopped up one suffers from frequent headaches, yellow tongue, nasty taste in the mouth, indigestion or pain, sometimes vomiting, diarrhea alternating with constipation. Usually the patient has a muddy or yellow complexion. For this, one should take a gentle laxative made of aloes, jalap and May apple, called Dr. Pierce's Pleasant Pellets. If the trouble is one of long standing, accompanied by dyspepsia, Dr. Pierce's Golden Medical Discovery should be taken.

## Weather Proverbs (continued)

A few truthful proverbs run as follows:

"Clear moon,  
frost soon."

"Moonlit nights have the heaviest frosts."

"If the moon show a silver shield,  
Be not afraid to reap your field;  
But if she rises haloed round,  
Soon we'll tread on deluged ground."

"The moon with a circle brings water in  
her beak."

"Pale moon doth rain,  
Red moon doth blow,  
White moon doth neither rain  
nor snow."

"The bigger the ring, the nearer the  
wet."

(Continued on page 10)

## Women of All Ages

Chatham, Ont.—"During the time I was rearing my family, Dr. Pierce's Favorite Prescription was a great help to me, especially during expectant periods. I found it very helpful in quieting my nerves and in giving me greater strength. And while I was passing thru the critical time of life I also found the 'Favorite Prescription' to be very beneficial in keeping me well and strong and enabling me to come thru that trying period strong and healthy. It is an excellent medicine for women of all ages who are suffering from womanly ills."

## One of the Real Secrets of Beauty

Who does not know women and young girls who are continually in tears? Who always see the dark side? Who have frequent fits of melancholy without any apparent cause? The intelligent physician will know that it is some derangement of the complicated and delicate feminine organs. The young girl suffers bodily and mentally in silence. There is undue weariness, unexpected pain, unreasonable tears and fits of temper.

Dr. Pierce's Favorite Prescription exerts a wonderful power over woman's delicate organism. It is an invigorating tonic and is specific for the weaknesses, irregularities and painful derangements of woman.

Careless, easy-going doctors frequently treat their women patients for biliousness, nervousness, dyspepsia, liver or kidney troubles, when the real sickness is in the organs distinctly feminine, and no help can come till they are made perfectly strong by the use of Dr. Pierce's Favorite Prescription, in tablet or liquid form.

## Mothers, Read This!

Chatham, Ont.—“During my first expectant period I got in a terribly rundown state

of health, my nerves gave way, I was very weak and my kidneys were bad. Thru the advice of a friend I began taking Dr. Pierce's Favorite Prescription and from that time on I did not have any more trouble with either my nerves or my kidneys but kept well and strong, and

my strength came back very quickly afterwards. My child was very strong and healthy and always has been (see picture above) hardly having had a sick day.”—Mrs. Cyril Little, 2 McDougall Ave.

## Burns and Scalds. Sunburn, Colds.

Burn.

Never drag the clothing off of a burn or a scalded part of the body. Cut off all the cloth you can with scissors and soak what remains stuck to the wound with olive or castor oil, vaseline, fresh lard or cream. Remove only when it comes off readily.

For Burns, Baking Soda made into a thin paste with water may be smeared over the surface to keep the air from it. Dr. Pierce's "Soothaline" is the best thing to use. Apply this balm to a cloth and cover the wound, using a light bandage to keep it in place.

For cold on lungs rub "Soothaline" over chest.

For sprains and swollen joints rub well and vigorously.

For Sunburn, Burns, Chapped Skin, Chilblains, there is nothing so soothing and healing as Dr. Pierce's (Mentha) Soothaline.

## THE BLOOD SEEN UNDER MICROSCOPE IN ANEMIA

**A**FTER an attack of the grip or pneumonia, or even a hard cold, the blood is left thin, watery, and one is said to be anemic. This is also often true of young girls. Instead of the blood cells being round, they become irregular, as in "B." When you feel weak, nervous, or the skin breaks out in pimples, eruptions or boils, and you feel "blue" and without any snap or energy, sometimes hands cold and clammy, there is usually a large decrease in the red or white blood corpuscles and you should build up with some good blood builder and tonic.

You can put iron in your blood and the cells become round and red, losing the irregular shape, by taking a good iron tonic, called "Irontic," put up by Dr. Pierce and sold by most dealers. This "Irontic" (iron-tonic) is compounded of a soluble iron and herbal extracts. With this you gain in vim, vigor and vitality. Instead of pale cheeks, tired and worn-out before the day is half done, after taking "Irontic" your cheeks will have color, you will feel strong and vigorous, ready for work. 65c a package.

A good alternative and herbal tonic can be obtained at any drug store, favorably known for over fifty years as Dr. Pierce's Golden Medical Discovery. Put up in both liquid and tablet form. See page 18.

## FIRST AID—Continued

**BLEEDING, or Hemorrhage.** To stop the flow of blood in a severe cut, roll up a piece of clean cloth (or better gauze, cheese-cloth or mosquito netting will do) into a hard lump and press into the cut. If no clean cloth such as cheese-cloth or gauze can be obtained, a clean piece of tissue paper will do. Over this put a larger fold of cotton and still other pieces until a thick compress is placed hard down upon the cut, and over this bind a bandage as tightly as possible—the pressure is important. After the bleeding has stopped dress the cut with tincture of iodine.

**NOSE-BLEED.** Don't bend over a

bowl of water and apply water to the nose. Sit erect with the head back with cold compresses on the nose and on the back of the neck. A roll of paper placed under the upper lip sometimes stops bleeding. A weak solution of salt or vinegar with water snuffed up the nose will frequently stop the flow of blood. Roll up plugs of cotton, of cloth or paper, place in nose; lie on back. Sometimes it is stopped by merely sitting or standing erect with the head well back and holding the arms above the head. If the bleeding persists after several or all of these treatments have been tried, send for a doctor.

## Help from the Fields and Forests

Many years ago Dr. Pierce, a skillful physician, who realized the value of herbs, knew that the Indian women used decoctions made of certain herbs and that they usually passed painlessly through the ordeal of motherhood. He used the same herbs and roots to prepare an improved and more palatable nerve tonic for women's ills and called it Dr. Pierce's Favorite Prescription. It has been a great favorite for fifty years and still is a real help to women suffering from ills peculiar to their sex. Nervousness, too, soon disappears.

Do your children set your nerves on edge? Do not become discouraged, relief is in sight. What you need is Dr. Pierce's Favorite Prescription, a medicine adapted to the weaknesses of women, containing no alcohol, made of herbs the Indians knew about years ago. Thousands of homes for fifty years have known the value of Doctor Pierce's medicines and many testimonials to their worth come unsolicited.

## Young Mothers!

Windsor, Ont.—“In my young motherhood Dr. Pierce's Favorite Prescription was such a great comfort to me as a tonic and nerveine that I would urge every expectant mother to take it. It kept me well and strong, and able to attend to my household duties right up to the last. My children are grown now, but I have not forgotten the great benefit I derived from the 'Favorite Prescription'.”—Mrs. Annie E. Perry, 231 Bridge St. All dealers. Fluid or tablet form.

If the above mentioned medicines cannot be procured of your neighborhood dealer they will be sent direct from Dr. Pierce's Laboratory in Bridgeburg, Ont., on receipt of price named above, or send 10c for a trial size.

**BRONCHIAL COUGH**, or Bronchitis. An inflammation of the lining membrane of the large bronchial tubes, situated just below the collar bone. The cough is incessant, for a day or two it will be dry and hard, after two or three days the cough will bring up frothy, slimy tissues from the lungs. There is considerable fever and a dragging soreness across the upper part of the chest.

**TREATMENT:** Apply mustard poultices across the chest mornings and nights, keeping on only a few minutes, or apply Dr. Pierce's (Mentha) Soothaline. Keep on the chest a large, thick pad of cotton after rubbing on the "Soothaline" and hold in place with a wide bandage. Give a good laxative, such as castor oil or Dr. Pierce's Pleasant Pellets. The cough will be alleviated by occasional doses of Dr. Pierce's Golden Medical Discovery. Hot drinks, such as hot lemonade, linseed tea, barley water and a liquid diet are best.

## Forty Years' Use

Alport, Ont.—"I have used Dr. Pierce's Golden Medical Discovery in my family of nine children for over forty years. I have no hesitation in pronouncing it to be the best proprietary medicine of which I have knowledge for building up the body and keeping it in good order. If taken according to the directions together with Dr. Pierce's Pleasant Purgative Pellets I am convinced that there is no better tonic."—H. F. Bickmore.

Dr. Pierce's Pleasant Pellets are effective, yet they do not gripe. Send 10c. for trial pkg. Write Dr. Pierce's Invalids' Hotel, Buffalo, N.Y., for free advice or 10c. pkg.

**BOILS.** The cause is same as in Pimples. Very painful, tender, advance rapidly and finally burst and discharge bloody matter. May arise from imperfect action of the liver and kidneys. Often occurs with those who are run down—whose resistance is below par. The infection is often caused by bacteria from shaving brush, razor or shears, or clippers. One boil may infect the adjoining skin and start another.

**TREATMENT:** Spirits of turpentine applied to the boil in its earliest stages will almost always cause it to disappear; but when suppuration has commenced each boil should be kept covered with a collodion dressing so that its discharge cannot possibly get on clothing or spread to skin. When it breaks, paint with tincture of iodine. Most boils heal without interference. Next, improve the blood to prevent subsequent returns to other parts of the body. For this purpose take Dr. Pierce's Golden Medical Discovery, an alterative tonic, which cleanses the blood. One or two Pleasant Pellets

each day will also aid. One should always take a good laxative like the Pleasant Pellets at least once a week. Internal cleanliness is as necessary as a clean skin.

**Pimples on the Face (or Acne).** An inflammation of the sebaceous glands and surrounding tissues. The exciting cause is believed to be a micro-organism. The causes may be many, such as puberty, digestive disturbances, constipation, menstrual, irregularities, anemia, sedentary life, general debility and lack of muscular tone. Unless the constipation and indigestion are cured it is impossible to get rid of the pimples.

**TREATMENT:** Wash the face and neck with a good Castile soap. Apply Spirits of Turpentine once per day to dry up pimples. If the bowels do not move freely once or twice each day, use a good laxative, such as is made up of May Apple, Jalap, Aloin and Extract of Stramonium in minute quantity. Put in a ready to use form by Dr. Pierce over fifty years ago and called "Pleasant Pellets".

## How Is Your Blood?

## If Your Pain Is There, What You Need Is a Good Tonic For The Kidneys

The kidneys are the scavengers and they work day and night in separating the poisons from the blood. Their signals of distress are easily recognized and include such symptoms as lumbago, backache, depressions, drowsiness, irritability, headaches, dizziness, rheumatic twinges, dropsy.

People are realizing more and more every day that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy and many other serious disturbances. It means that you are a victim of uric acid poisoning. Then ask your druggist for Anuric (anti-uric acid) and you will very soon become one of hundreds who have been helped by this powerful enemy to uric acid.

Dr. Pierce manufactures these Anuric tablets and you can obtain a trial pkg. by enclosing 10c and addressing Dr. Pierce's Laboratory, Bridgeburg, Ont.

## "Blackheads"

Blackheads, or comedones, are caused by lack of healthy condition of the skin. A concretion of sebaceous fluid pitting the pores of the skin, the surface becoming black from atmospheric dust. Due attention to the proper functions of the system is most essential to a permanent cure. Constipation is frequently present, and a mild laxative, like Doctor Pierce's Pleasant Pellets, will be corrective.

Squeeze out the contents of each blackhead every day. Be sure your hands are clean, that no poisoning may occur. Then wash with hot water followed by Doctor Pierce's (Mentha-) Soothaline. (See page 18).

Send 10c. to Dr. Pierce's Branch Laboratory in Bridgeburg, Ont., for a trial package of any of Dr. Pierce's medicine. Dr. Pierce will give you medical advice free. Address your letter to Dr. Pierce, President Invalids' Hotel, Buffalo, N.Y.

## What's Your Health Worth?

Windsor, Ont.—"For over six months I was in ill health—was not able to do a day's

work. I got very weak and lost in weight, could not eat, suffered from poor circulation, was chilly all the time and had a slight cough. I doctored but still kept going down and every one thought I was going into a decline. I finally began taking Dr. Pierce's Golden Medical Discovery and thru the use of

this medicine I was completely restored to good health. I gained in weight, went back to my work and never felt better. I have been a strong and healthy man ever since, which I owe to Dr. Pierce's Golden Medical Discovery."—William E. Brush, 450 Dougall Ave.

**AUTO-INTOXICATION.** Usually bad breath is due to indigestion, dyspepsia or to a blockade in the intestines. If the twenty-five feet of intestines is choked or clogged up, the blood becomes poisoned, and we suffer from what is called Auto-Intoxication, often accompanied by headache or yellow-coated tongue, bad taste in mouth, nausea or gas, languor, debility, yellow skin or eyes. At such times one should take a good purgative, such as castor oil, salts or Dr. Pierce's Pleasant Pellets. Also use a good mouth wash, such as listerine, or wash the mouth out with milk of magnesia and a little water. Clean the teeth thoroughly with a good tooth powder.

### Middle-Aged Women

Mrs. Geo. E. Smith of 324 Langlois Ave., Windsor, Ont. says: "When I was passing thru the critical period of life it was Dr. Pierce's Favorite Prescription that I took as a tonic and nerve. I found it to be a wonderful medicine. It not only brought me safely thru that trying period, but I feel quite sure that I owe my good health of today to this best of women's medicines. Too much cannot be said in its praise."

**DR. PIERCE'S PLEASANT PELLETS ARE TINY, SUGAR COATED AND EASY TO SWALLOW**

**COMPLEXION—Bad, Sallow, Blotchy.** A good complexion depends upon the blood. Pure blood will usually show a good complexion. A faulty digestion, indigestion, dyspepsia, is the cause of a sallow complexion or pimply face as well as constipation and auto-intoxication. Follow advice same as in constipation, and for the heartburn, indigestion, dyspepsia and general stomach trouble, take Dr. Pierce's Golden Medical Discovery, or alterative extract.

**CONVULSIONS in Children.** Place child in warm bath. Little else can be done—but no need for alarm. Consult physician.

**DIARRHEA.** Most often this is the result of some infection or some food which has irritated the intestines. The main thing is to put very little in the stomach. Rest, warmth and starvation is the main treatment, but all irritating material in the bowels should be removed by castor oil or Dr. Pierce's Pleasant Pellets. Drink plenty of water, hot water is best. To relieve the pain and check the drain, take Dr. Pierce's Smart-Weed, or Water Pepper. Ask your dealer in merchandise or send Dr. Pierce's Laboratory in Bridgeburg, Ont., 65 cents.

## How to Build Up A Rundown Constitution

Windsor, Ont.—“I had become in a rundown condition, my nerves were bad, especially the nerves of my stomach. I would have spells of nervous indigestion. But after taking a few bottles of Dr. Pierce's Golden Medical Discovery, my health was much improved and my nerves were stronger. I did not have any more trouble with indigestion. ‘Golden Medical Discovery’ seemed to tone up my entire system and made me feel much improved physically.”—Charles M. London, Ont.—“I took Dr. Pierce's Golden Medical Discovery when in a very weakened and rundown state of health and it strengthened me at once—my appetite improved, and my nerves became normal. ## Weather in 1925-1926

Scientists and leading meteorologists in Washington, D. C., now are making a more intensive study of ocean temperatures as the determining control of most weather phenomena.

Reasoning from the information at hand one would expect a long, severe winter thruout United States and Canada and, in fact, thru the whole northern hemisphere. Winter grains in the northern part of the grain belt may suffer from lack of sufficient snow cover. Early cold waves may reach the Gulf Coast in January, so that it may be wise to postpone for a month early vegetable planting in that region. Farmers in the northern half of the corn belt are advised to secure early maturing varieties of seed corn because the 1925 season may be materially shortened by late frost next spring and early killing frost in September 1925. The general public is advised to lay in an ample supply of coal as soon as possible.

Every farmer should be interested in watching the progress of these new weather studies as a determining factor in planting crops.

Our greatest American Explorer, Capt. Donald B. MacMillan, after fifteen months in the Arctic brought back (in October 1924) exhaustive scientific data. "The glaciers are moving southward. Iceberg perils in the North Atlantic are likely to be greater next year than ever." These gigantic glaciers moving with the ocean currents tend to cool the sea and the coastal shore.

## Why Not Enjoy Health ?

Corbyville, Ont.—"A member of our family doctored for years for stomach trouble. In our family it holds a valuable place."—Miss Annie I. Gordon, R. R. 1. Box 56.

## "AN-URIC"

The Great Discovery in Chemistry, Eminent Medical Authorities Endorse it. A New Remedy for Kidney, Bladder and all Uric Acid Troubles

Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished authors—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of the disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica, or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N.Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce, during many years of experimentation has discovered a remedy which is many times more potent than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism, go to your best druggist and ask for a 65 cent bottle of "ANURIC" put up by Dr. Pierce.

## Lumbago? Backache?

### Take This Man's Advice

Minnitaki, New Ont.—"I was suffering a long time with lumbago and kidney trouble

but after taking Dr. Pierce's Anuric Tablets I found great relief. I recommend 'Anuric' very highly to all those who suffer with kidney trouble."—Henry Parker.

Help your weakened kidneys by obtaining this "Anuric" (anti-uric acid) of Dr. Pierce's at your nearest drug store or send 10c. for

**DYSPEPSIA, Indigestion or Weak Digestion,** is most often associated with constipation. Obstruction in the bowels disturbs the stomach and leads to the usual symptoms of dyspepsia and to vomiting. Many chronic diseases of the kidneys produce dyspepsia. Many diseases of the blood, including all the anemias show themselves chiefly, as a rule, by stomach trouble and general weakness. The constipation should be treated with occasional doses of castor oil or Dr. Pierce's Pleasant Pellets. The sufferer should diet, and by writing the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., can receive free medical advice and a diet list, which should be followed. To correct most cases of dyspepsia, Dr. Pierce's Golden Medical Discovery will give tone to the blood, assist the assimilation of food in the stomach and correct the liver trouble. If kidney trouble is suspected, which produces dyspepsia sometimes, a sample of the water should be sent to the chemist of the Invalids' Hotel and Surgical Institute, to find out whether the kidneys are to blame. A simple analysis will be made free of charge, or a thorough and complete analysis will be made for the sum of two dollars. This includes a most careful and scientific chemical and microscopical examination, also a bacteriological stain of the sediment, if indicated, and a complete type-written report of the analysis, with a letter of explanation, will be sent you by return mail. And if the kidneys are affected, in most cases An-uric Tablets, which can be obtained at most drug stores, will be of benefit. In case of chronic Bright's Disease, of course, little can be done.

**ECZEMA.** Eczema is very often due to the eating of some article of food. Diet is advisable. Take Golden Medical Discovery for improving the condition of the stomach and blood.

## At The Invalids' Hotel

Patients have the benefit of electrical appliance of every known description which upon test have proven valuable in the treatment of disease. One of the most wonderful of these is the High-frequency current, which is an electrical current, the direction of which is reversed, approximately a million times a second and is driven at a velocity of hundreds of thousands of volts, yet its direct application causes no sensation except a singularly perceptible warmth.

Patients under treatment have exhibited a better capacity for work and walking. In the obese, weight is lost, and strange as it may seem, the lean gain weight. The quantity of urine excreted is increased, as are, also, all of the important ingredients of urine, as urea, nitrogen, phosphates, sulphates, and chlorates. It has been found that the consumption of oxygen increases, and often exceeds the normal physiological limit of six per cent. In some cases this amounts to more than double the normal percentage.

In tuberculosis of bone and of glands, this current has been the means of curing many patients. In the latter disease it has done away with the necessity for operative measures. In diseases of the skin, as pruritus, psoriasis, eczema, herpes and urticaria, speedy relief is often obtained.

We have no objectional cases under treatment at any time which would in any way be offensive to the most delicate invalid. No insane patients are accepted here, and all other cases which might possibly be objectionable are not here to mingle with other patients. No contagious diseases are accepted, but notwithstanding this restriction every room is thoroughly fumigated on the departure of a patient before another occupies it. No place is more healthful than a properly conducted sanitarium. The dining hall can be easily reached with elevator from all floors. The food and service compare favorably with that found in a first-class hotel.
