The copy filmed here has been reproduced thanks to the generosity of:

Toronto Reference Library

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \longrightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Toronto Reference Library

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \longrightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

THE HISTORY OF CANADA

BY

WILLIAM KINGSFORD, LL.D.

Some Press Notices of Vol. I.

"The first volume of Kingsford's 'History of Canada' has appeared, and is a very worthy, as it is a welcome addition to Canadian historical literature. As far as externals go it leaves little if anything to be desired. It is a dignified, substantial looking volume of some 480 pages, plainly bound and well printed. As a literary performance, it gives good promise of being what it professes to be, a History of Canada, and of filling the position which it is clearly ambitious of filling, of being the really standard work on that subject."—*Toronto Globe*.

"We have here a work which promises, when completed, to be the most important and extensive history of Canada as yet given to the world. The Federation of the North American Colonies in the existing Dominion, renders it possible now to make a complete historical survey of the territory, which, perhaps, could not have been so conveniently achieved before. Mr. Kingsford writes pleasantly and well, and the book is a notable addition to colonial history."—*London Bookseller*."

"As yet we have seen only a single volume of his work, that which deals with the foundation period of the French *regime*, but it is sufficient to justify the hope that, when completed, it will be a most valuable addition to our library of historical literature."—*Montreal Gazette*.

"Mr. Kingsford deserves especial commendation for the pains which he has taken to lay before his readers in a few lines the previous history and character of each individual who appears in his pages. The broad outlines of the history of Canadian settlement are clearly laid down; the policy which governed it is plainly indicated, and the sequence of events is traced with due attention to their relative proportion and importance."—*The Saturday Review, London*.
