

ROWELL ATTACKED GOVERNMENT ON TACK COMBINE PROSECUTION

There Was No Justification For Dropping Case, He Said—Attorney-General Replied There Was No Evidence of Guilt—Cochrane Liquor Case Aired—Business Day in House.

N. W. Rowell, leader of the opposition, vigorously attacked the government in the legislature yesterday because the charges against members of the tack combine in 1906 had been dropped by the attorney-general after a police magistrate had committed them for trial and the grand jury had returned two true bills. The Liberal leader believed that there was no justification for abandoning an investigation. He stated that it was the bounden duty of the government to be particularly vigilant to protect consumers who could not protect themselves against the actions of combines. Mr. Rowell spoke on a motion he had made two days ago for an order of the house for the return of all documents in connection with the case of the tack combine and copies of all correspondence between the attorney-general and Mr. DuVernet, K.C., the crown counsel.

Following Mr. Rowell's arraignment of the government, Hon. J. Foy replied that the government had not carried on an investigation against the combine on the advice of Mr. DuVernet, who stated that there was not evidence of guilt to warrant one. He read a letter from the crown counsel stating why the case had been dropped. He had no objection to the opposition seeing all papers in connection with the case.

Committed For Trial. Mr. Rowell said that in 1906 J. Walter Curry, K.C., then crown attorney, had prosecuted several members of the combine before a local police magistrate on charges of violating the criminal code. The members of the combine were accused of conspiring to lessen the production of the commodity and unduly enhancing prices. The magistrate committed them for trial and the case then went to the grand jury, which returned bills on each distinct case. "The whole proceedings were then abandoned by the crown on the advice of the crown counsel that the evidence did not justify further investigation," said Mr. Rowell. "Matters of this kind are of such great importance that the government should not discontinue prosecution, but prosecute to the limit of the law."

Duty of Government. He then spoke of conditions in the United States where trusts, monopolies and combines held sway while the people—the consumers—were practically helpless. "There is no difference in the combination of capital in the United States and in Canada," continued Mr. Rowell. "Men are human. If the laws permit them to create combines they are very likely to do it. We should have a vigorous enforcement of the law, of which we so pride ourselves. In fact the Canadian code in several respects might be strengthened. It is the duty of the government to protect those who can't protect themselves."

At the dropping of the charges against the tack combine were the only case I might pass it by. But this is one of many. In every case which J. W. Curry handled and which went to a judge and jury there was a conviction, but in this particular one it went to a judge and jury and then the government for some reason dropped it.

The Judge and Jury. "How about the grocers' combine?" asked Sir James Whitney. "I'm coming to that," answered Mr. Rowell. "But here is a case which went to a judge and jury and my hon. friend doesn't allow it to be tried. He was the judge and jury combined. He gave the benefit of the doubt in favor of the combine. I see the hon. premier smile—"

"Why shouldn't he?" asked Dr. Godfrey of West York. "I cannot see that the enhancing of prices to consumers is anything to smile at," returned Mr. Rowell. "My hon. friend hasn't stated the facts, interjected Sir James. "It was a fact that the police magistrate committed these men to trial," said Mr. Rowell. "It was a fact that the grand jury returned true bills, and it was a fact that the government dropped the charges. It was the duty of the government to allow the judge and jury to pass upon the evidence and not to allow the case to be withdrawn. If my hon. friend were as vigorous in prosecuting as he is in dropping prosecutions, the law would be better administered."

Mr. Foy Explains. Then Mr. Foy arose. He said that he had no objection whatever in submitting all the documents to the opposition. "I do not think it is the duty of the crown to prosecute to the limit unless satisfied of guilt," he said. "It is our duty to protect the innocent. We must be fair and just and honorable in our dealings. If the crown thinks that a case should not go to trial, it would be very wrong to prosecute to the bitter end."

He then read Mr. DuVernet's explanation of why the case had been dropped, in which it was stated that he did not think the enhancement of 5 per cent. would warrant prosecution. "Mr. DuVernet is able and honorable and he took the responsibility," continued the attorney-general. "And the grand jury, too, said it was a weak case. I would be ashamed of myself as attorney-general and as a man if I were to go against his advice and have men put in the dock who he says should not be there." He referred to the grocers' combine case which G. T. Blackstock, K.C., handled for the crown. "These people were found not guilty, but if Mr. Blackstock had said that the case against them should have been withdrawn, I would have done so. I acted on the advice of the eminent counsel. It cannot be said that I neglected my duty. I would do the same again."

A Different Case. Mr. Rowell then said that the case against the tack combine should not have been dropped, because it was said there was no enhancement of prices. There was another charge, that of limiting the supply. The Grocers' Guild was a different case, because they had nothing to do with the fixing of prices. "But here is a case where prosecution was justified, it having been decided such by a police magistrate and a grand jury," he said. "The combines are well able to take care of themselves in the dock. They can

Would You Like To Be a Real Man Again?

Here is a new method by which you (like thousands) may secretly treat yourself with a view to quickly restoring your health, vigor, vitality and strength. Everything is explained in my illustrated booklet, which I will gladly send to you free, sealed, by mail, just as soon as you write for it.

Please use the free coupon below. As to your own present physical condition, let me hear from you. I have made a close personal observation of hundreds of thousands of cases of lost vitality in young, middle-aged and elderly men covering an experience of over 20 years. I honestly believe that "Lost Vitality" as we term it, is actually no real disease in itself at all, and under certain conditions, in certain circumstances, any man, anywhere, can easily and permanently restore his own full strength and nerve force if he but make an honest acknowledgment of his condition. I have a certain common sense line, which I am able to suggest, which will lead you to a certain point, and then I will use a little vitalizing application of my invention, called the Health Belt, which will wear comfortably around your waist during the day, and in a few days, that is absolutely all there is to the whole treatment, excepting, of course, you are expected to lead a decent, manly life, free

Get this Book FREE by Mail

from debilitating excesses and dissipation. This Health Belt in itself is a marvel of power and sends a great, steady flow of vitality into your blood, organs and nerve. Wearers the world over say it takes all pain and weakness out of the back, often from one application, and builds up the strength, thus giving back the full vigor of youth, so you soon find yourself answering: "Never felt better in my life" to your friends' greetings, while they secretly marvel at the great change for the better which has come over you. With special attachments the Health Belt is also a wonderful treatment for rheumatism, kidney, liver, stomach, bladder disorders, etc.

I have compiled (and will send to you free) a little 16-page illustrated book (pocket size) which is meant as a complete private guide for men, young or elderly, single or married. You can size yourself up exactly from the reading of this book. It reveals certain truths and gives a clear, wholesome idea of those great vital and tells you how and where you may secure one to wear for the restoration of your own strength. As soon as I hear from you I will forward the book by mail in plain, sealed envelope. There is absolutely no obligation involved in accepting this free book, as over a million have been sent all over the world. If, in or near this city it will pay you to call and test the Health Belt. Hours: 10 to 6. Entrance: 6 Temperance Street.

DR. A. B. SANDEN CO., 140 Yonge Street, Toronto, Ont.

Dear Sirs—Please forward me your book, as advertised, free, sealed.

ADDRESS

engage the most eminent lawyers to defend them. And the attorney-general should not be so solicitous in sparing them from giving testimony. The fact that true bills were found was not a sufficient reason for dropping the case for investigation." The matter then dropped with the opposition's order for the return of documents being allowed.

The Dempsey Case. Mr. Sinclair, Liberal for South Ontario, brought up the Cochrane liquor case in which Police Magistrate Dempsey so prominently figured. The case was where a lawyer was committed on a charge of selling liquor illegally by Magistrate Dempsey, and later retried by Superintendent Joseph Rogers and fined \$400. "In 1911, Dempsey became objectionable and residents of Cochrane made representations to the government for his removal," said Mr. Sinclair. "More trouble arose in 1912, when the lawyer, Ward by name, was dismissed on the charge by Magistrate Dempsey and fined by Magistrate Rogers, the superintendent of provincial police. It is the general custom that a case once tried is finished, but in this instance it was different, the man was tried by two magistrates, found innocent by one, and guilty by the other."

"What was the matter with Dempsey? If he was right, why was his judgment interfered with? If he was wrong, why was he not dismissed? There is ground for censuring Rogers if he was wrong. The man who held the second trial was certainly overstepping the bounds. I think the department was certainly remiss in its duty."

How it Happened. Mr. Sinclair asked an order for the return of all documents in connection with the case. Mr. Foy replied that all such reports to the department were confidential, but he had no objection to giving the returns of all cases of complaints, etc.

"Would the attorney-general tell us the procedure underlying such cases as this?" asked Mr. Rowell. "It is a remarkable thing for a magistrate to try over the case once dispensed with by another magistrate. This case is not purely a local one, but is of wide importance, affecting all cities and towns."

Mr. Hanna replied for the attorney-general: "The case in question was originally launched before Mr. Rogers. Magistrate Dempsey sat on the case in a mistaken view of the law. He was not properly seized of the facts because there was evidence in Mr. Rogers' hands which he had not seen. He tried the case without the facts, the result being that his decision was annulled."

Civic Service Reform. It was therefore a straight business session. Ten revised bills, clause by

clause, were considered in committee of the whole and will likely be given their third reading on Monday. During the consideration of the amended Public Service Act, Mr. Rowell said that he would move an amendment prior to the third reading to the effect that the entire civic service of the province be taken out of the hands of the government and placed under a non-partisan commission.

Costing Much Money. In reply to a question of Mr. Bowman, Liberal member for North Grey, Hon. Dr. Reaume stated that the government house and grounds at Chorley Park, when completed, would cost in the neighborhood of \$700,000. The place would be ready for occupancy early next year. The property cost \$146,880.55, and to complete the structure \$280,000 would be expended. The estimated cost of furnishing the house had not been made.

Refused to Answer. Sir James Whitney told J. C. Elliott, Liberal for West Middlesex, in emphatic terms that he would have to adhere to parliamentary procedure before he would learn details in connection with "that Elk Lake telegram." Mr. Elliott put four questions on the order paper the other day for information regarding telegrams sent or received by the government prior to the last election with respect to the building of the Elk Lake branch of the T. and N. O. Railway. He was told by the premier that he would have to return of all papers in connection with the case since the form of questions was against the rules. Mr. Elliott yesterday quoted a similar question by the premier in 1903, and he considered that as the premier had established the precedent he should not be averse to answering the question.

Couldn't Compel Answer. "I decline to be bound by the precedent which was the fault of the then members of the treasury bench," said Sir James. "The only common sense way is a motion for the return of all documents. As it is I do not propose to answer this question. If it is put the correct way I will."

Mr. Elliott then asked for the speaker's ruling.

"Just suppose," said Sir James. "Just suppose that I am wrong, how would my honorable friend or the speaker force me to answer the questions?" at which the house roared.

The speaker maintained that a member of the house could not be compelled to answer. This concluded the affair, and Mr. Elliott will follow out the premier's instructions.

Hon. W. H. Hearst, Pharmacy Act. Mr. Ferguson of Kent, whether or not the Canadian Northern Railway had applied for lands in New Ontario, in the negative.

**TOO GOOD TO BE TRUE—ONE AND THREE-
QUARTER TONS OF BISCUITS, A SMALL BAG
OF RAISINS, DITTO OF SUGAR, TEA, COCOA,
BUTTER AND LARD, SOME CLOTHES, DIARIES
AND SPECIMENS FROM GRANITE HARBOR
HAD BEEN LEFT.**

The Best Meal For Nine Months. "I decided to camp and have a day off, dividing the provisions between the two tents. We soon had hoosh going and enjoyed such a feed they bicycled, butter and lard as we had not had for nine months, followed up with thick sweet cocoa. After this we killed and cut up a seal so we were getting short of meat, and there was every prospect of a blizzard coming on. Another hoosh and more biscuits and lard in the evening and then we turned into our bags and, quite torpid with food, discussed our plans on arriving at Cape Evans, as we had quite decided we should find no one there."

Notes Told of Attempt at Relief.

Lieut. Campbell and his party left Cape Roberts on Oct. 30 and marched to Butter Point, finding the surface very much improved. They found and took with them the food depot at Cape Bernacchi. At the Butter Point depot they found a note telling of the attempt that Surgeon Atkinson had made to relieve Lieut. Campbell. The signing of the note by Dr. Atkinson gave rise to much anxiety and doubt. For this reason the party thereupon commenced a forced march direct to Cape Evans, but after covering about nine miles they found the ice so new and rotten that they were forced to return in their tracks and make the detour of McMurdo Sound. Even then some of the leads were so rotten that the sledges had to be taken across at the rush.

Arriving at Hut Point a note was discovered from Surgeon Atkinson, giving the sad news of the loss of the southern party and the start of the search party. The whole of Campbell's party, even to Browning, who was still in the boat, expressed the keenest disappointment at being too late to take part in the search.

KING GEORGE'S SYMPATHY.

LONDON, Feb. 14.—(Can. Press.)—King George has sent a letter to Mrs. Scott, widow of the explorer, in which he says he knew Capt. Scott intimately and that he mourns the loss of a friend.

**MEMORIAL HALL
MAY BE BUILT**

LONDON, Feb. 14.—(Can. Press.)—Lord Curzon of Kedleston, in a letter regarding the various funds started in connection with the Scott disaster, says that before the question of providing a memorial is considered nearly \$150,000 will be needed to meet the outstanding liabilities incurred by the expedition and to relieve the estate of Capt. Scott, who pledged a large portion of his knowledge and Scott's fortunes to the expenses of the venture.

**CHRISTCHURCH, N. Z., Feb. 14.—
(Can. Press.)—Commander Evans, when questioned today as to the suggestion that the bodies of Capt. Scott and his comrades should be recovered, said:**

"The best people to judge are those who served under Capt. Scott. Had we been in the same place as the victims we should have wished our bodies to remain at rest where we had given our best efforts in the cause we so earnestly believed in. Commander Evans will remain in New Zealand until the arrival of the widow of Capt. Scott."

MORE NEW ROADS**

Would Have New Duplex Avenue Parallel to Yonge Street.

DIVERSION QUESTION

Ex-Councillors Object to the Scheme Proposed by Cemetery Trust.

The board of control yesterday met the representatives of the Toronto Rural Trust in secret session in the mayor's office for the purpose of effecting a compromise relative to the proposed street running southerly through Mount Pleasant Cemetery. It was stated that the depression of the new roadway would spoil the cemetery, and in order to obviate this, it was suggested that the roadway be extended northerly to the ravine, crossing under the old belt-line, then following the ravine to the point where it is proposed to enter the cemetery.

Ex-Councillor Reid, when informed of the offer made to the board of control, evinced considerable dissatisfaction. "Why, we were offered that years ago," said he, "and if we wanted it we could have accepted it, but the deviation is unsatisfactory. The representatives of the cemetery trust have put one over the board of control, if it has accepted the new scheme. We will certainly fight, and we won't have it."

Ex-Councillor H. H. Ball also demonstrated considerable dissatisfaction and declared that he would do his best to offset the aims of the cemetery trust.

Want Duplex Avenue.

Mr. Reid also appeared before the board of works at its meeting yesterday, asking that the proposition to construct or lay out Duplex avenue, situated just 400 feet west of Yonge street, be entertained right away. He expressed the keenest disappointment at being too late to take part in the search.

Can you do nothing with Yonge street if you don't have a parallel street for vehicular traffic," said Mr. Reid.

He stated that nothing could be done with the laying out of his scheme south of the intersection of De Lisle avenue, on account of farm lands soon to be subdivided, and the owners would not give the land necessary for the street.

Increased Values.

"This would increase the value of the property on Yonge street, and it is estimated that it will be at least \$10,000,000 this year, according to a civic official.

Civic Abattoir.

Architect Ferrin declares that the delay in the construction of the civic abattoir was caused by the property committee changing the location after the plans had been prepared, and the conditions of the latter choice being unsuitable for a plant built on level ground.

NORTH TORONTO TAXES

Architect Ferrin Blames Committee For Delay in Abattoir Erection.

The Metropolitan Railway resumed its work as usual on the deviation of its track from Yonge street yesterday, but an effectual check was soon made by Works Commissioner Harris, Assistant City Engineer Powell, Police Sergeant Taylor and constables.

The company's superintendent who had been conducting the work was busy curtailing operations and, in fact, the boulevard had been raised level by way across when the city's representatives arrived on the scene, but the men promised to cease operations as soon as possible. Apparently nothing will be done until after the railway decides whether it will take the matter to the city council.

New Assessment.

The town was assessed at \$5,560,204 in 1912 for the 1913 taxation, and it is estimated that it will be at least \$10,000,000 this year, according to a civic official.

Civic Abattoir.

Architect Ferrin declares that the delay in the construction of the civic abattoir was caused by the property committee changing the location after the plans had been prepared, and the conditions of the latter choice being unsuitable for a plant built on level ground.

**NUCLEUS OF HIGHWAY

**ARMY OFFICERS
OFF TO FIELDS**

Missionaries Leave to Continue Work in Foreign Countries.

TWO WENT TO BERMUDA

Others to India, Some to Ceylon, All With Best Wishes.

The Salvation Army in Toronto has made its first contribution this year to the mission fields. Capt. A. Mitchell, who has been in charge of the local work in the Yorkville district, and Capt. Edwards of the Training College staff, have said good-by to their comrades and have sailed for England, to report to the international headquarters. They volunteered for India some months ago. Both are bright and promising young men and they go with the very best wishes of all who knew them. Capt. Mitchell entered the ranks of the army from Calgary, and Capt. Edwards from Winnipeg.

Staff-Capt. and Mrs. Grosse are returning to Ceylon, having been on vacation in Canada for some months. Capt. Grosse is a native of Uxbridge, and after having served in Canada for a number of years, he applied for service in India, and was accepted in 1902. He was married to Capt. Glozier in Ceylon, and together with their two young daughters, they have spent a very pleasant vacation in and around Toronto. Their parting words were: "We love the people of Ceylon, and while we also love Canada and would like to stay, we feel that our work is among the heathen to whom God has called us."

Will Pay Salary.

The archbishop congratulated the members on their good work. He thought there was one part in which they would have to branch out when possible, that of securing nurses who could speak the language of the foreign population coming into the city. He had heard that a young lady who could speak Italian had lately graduated from St. Michael's and he advised the board to secure her services, and he himself would pay her salary for the first two months.

ST. MIKES HOLD MIDLAND TO THE SCORE ONLY GOALS SECOND HALF

Toronto Excursion Arrives Late and Game Starts One Hour Behind Time—Home Team All Over the Visitors in the First Half.

(By D. L. Snedden.) MIDLAND, Feb. 14.—(Staff Correspondence.)—St. Mikes held Midland to a tie on the round when the home team scored a 4-to-2 win. Midland had the play for the bigger part of the game on the small rink and most of the St. Mikes were lacking in their team play.

The excursion train was one hour late, pulling out of Toronto, and it was 9.15 before it arrived here. Four hundred wildly yelling fans made the trip and bet the Midland crowd to a standstill. The game was an hour and a quarter late in starting.

First Half. The small rink bothered St. Mikes at the start, and the heavy ice was hindrance to their speed. Midland pressed right from the bell. Beatty, Chase and Lavereau went the length of the ice, passing nicely. Lavereau got in the corner and beat Bricker with a hard shot. The poor lighting of the rink had Bricker up in the air and he was ducking lifts from far out.

With Murphy and Gordon on the fence for tripping, Lavigne bodied Rankin and he took the count. He was able to continue. Midland were just tearing holes thru the St. Mikes in the early part of the half. The short rink stopped Rankin and Lavigne, while Midland were in their element. Dutch Richardson was the leader in the back-checking for the Toronto team. Midland broke fast, and it was the defence that had to do the work.

Chase and Lavereau worked right thru again and Lavereau repeated his trick from the corner, tying it up on the round. Back-checking would have saved the score. St. Mikes forwards could not keep up with them. Gordon broke a skate the next minute, and Lavereau was dropped to even. Rankin was dizzy from his bump with Lavigne for the biggest part of the half. He failed to check, and after Gordon retired, Lavigne and Richardson had all the front work to handle.

Beatty the Star. Beatty was wonderfully fast for the home team. He was everywhere, and was the best man on the ice. Jimmy Disette was the hardest-working man for St. Mikes when Rankin was off-color. Jimmy started right after rush, but nobody was up to help him. Gordon and Lavereau returned with but ten minutes of the half left.

Nichols got Midland's third goal without much opposition. The St. Mikes forwards let him thru and he shot from the side. It easily fooled the St. Mikes. Nichols took a spill, but it was no use. Macey called Goal No. 4 with lucky lift. The ice had become very heavy by half-time and slowed up the game considerably. Lavigne, Disette and Richardson were the best of the Toronto team, while every man on the Midland team shone.

Second Half. The ice was like a big puddle when they started the last set. Rankin failed to come up for the play and Lavereau was dropped. Jerry Lavigne started in whirlwind fashion and was checking all over the rink. With two goals now needed to tie up the rink, St. Mikes went in to the fray like demons. In the first few minutes Lavigne and Richardson kept up at Midland's end, and Bricker had a half dozen to stop.

Beatty continued to shine and he was almost unstopable. St. Mikes were outdistanced at all times after the first few minutes of the half it was Midland all the way. St. Mikes' back check team while Midland had it down pat. Bricker was doing wonderful work in goal, while Scott was idle.

Murphy and Richardson carried it up, but Dutch's shot was wide. Richardson took it in all alone a minute later and scored St. Mikes' first goal from straight in front. Dutch dodged the whole crowd. The time was 10 minutes. Only a goal behind, St. Mikes tried hard and both Murphy and Disette took trips up. The pace was killing, with St. Mikes showing the most distress. Murphy and Chase mixed it in the corner and both visited the penalty box.

Richardson Ties Round. The last of the second half developed into lone rushes, as far as St. Mikes were concerned. Nobody was up to take the puck.

ABERDEENS WIN DISTRICT FINAL

More glory for the East Toronto Aberdeens. Yesterday morning, skipped by the youngsters, Dr. Walters and G. W. Ormerod, they stowed away Lindsay in the final game of the District Cup competition, the margin being six shots.

However, they were obliged to concede four shots on account of the absence of L. Parkinson, the second player on the Ormerod rink, whose father died on Thursday. The last three sets now men Gilding did the sweeping. The short rink more than doubled the score on the second set, and the Walters was considerably down, the Aberdeens had two shots to spare after allowing the handicap. Ormerod did not hit his last stone for a draw that was all open. Score: 1—Aberdeen—Lindsay—R. G. Kerr, D. J. Mansie, T. J. Lilley, G. W. Ormerod, Geo. McFadden, skip, 22—skip, 10—G. A. Robson, J. J. Fisher, Stewart Toms, A. J. Williams, Dr. Walters, sk. 14—R. F. Thomas, sk. 20.

BANKERS STAGE TWO IN SECOND SERIES

Someone wrote, "The pen shall supersede the sword," but he forgot to explain just what resemblance a sword had to a hockey stick. Last night at the Bank League game some of the pen-pushers were the local money depositors used by the hockey with far greater results than they ever could with a sword; in fact, the referee's stick was a veritable battle-axe. The first game, between Royal and Sterling, was full of trips, slashes and crosses, checks, and what the match was by the boards. The Royals outclassed their opponents by a safe margin and won easily by the score of 6 to 1, after leading at half-time by the score of 4 to 0. The poor defence work of the losers and the inaccurate shooting counted for what little advantage they had in speed. The teams lined up as follows: Sterling: cover, Jones; rover, Begin; centre, McArthur; right wing, Saxby; left wing, Hagerman. Royal Bank (6)—Goal, Frazer; point, Russell; cover, Frangley; rover, Riddell; centre, McLaughlin; right wing, Scott; left wing, Roehrig. Referee—"Rat" Hanley.

\$3.50 RECIPE FREE FOR WEAK MEN

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous. I have in my possession a prescription for nervous debility, lack of vigor, weakness, memory, falling memory, and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured many men who wish to regain their manly power and verily, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of the acting combination for the cure of deficient manhood and vigor failure ever put together. I think I owe it to my fellow men to send them a copy in confidence, so that any man, anywhere, who is weak and discouraged with repeated failures may develop free of charge. A great many doctors would charge \$2.00 to \$3.00 for merely to send it entirely free.

CHAMPION LEAFS REPORT IN MONTH

President McCaffery Returns From New York Baseball Meeting. James J. McCaffery returned yesterday from the International League meeting in New York. He reports the purchase of four men, who have all had major league experience, but he is unable to give out their names yet. They are two right-hand pitchers, an outfielder and an infielder.

ARGONAUT SMOKER A HUGE SUCCESS

The Argonaut Rowing Club held their annual smoker last evening at 166 West King street, which was the most successful one ever pulled off by the local oarsmen. Over 250 members and their friends were on hand, including many old-timers, who were warmly welcomed back to the fold.

BAN JOHNSON'S UMPIRES

CHICAGO, Feb. 14.—President B. B. Johnson of the American League tonight, they are T. H. Connolly, Fred Coughlin, Dinesen, W. G. Evans, Robert Hart, Charles Ferguson, George Hildebrand and E. J. McGreevy. The last three are now men Ferguson is from the American Association and Hildebrand and McGreevy are from the Pacific Coast League.

Canada Life Wins Financial League

The Canada Life defeated the Bank of Montreal at Aura Lea last night by the score of 7 to 1. This places them champions this year of the Financial League and holds the cup presented by Sir George W. Ross for competition in the league. The line-up: Canada Life (6)—Goal, Sheppard; point, Macle; cover, Mather; rover, Gooch; centre, Henderson; right, Woodcock; left, Brown. Bank of Montreal (1)—Goal, McMurtry; point, Kelly; cover, Conolly; rover, Webster; centre, Cameron; right, Anderson; left, Strange.

TORONTO CHESS CLUB HOLD EDDIS SHIELD

University Club Also Benefactor in Second Match of the Season. SURE TORONTO CHESS CLUB. The following is the score: Varsity: W. L. Brantford, 1; R. G. Hunter, 0; W. C. Eddis, 1; S. F. Shenstone, 0; P. J. Greaser, 0; J. Powell, 1; S. E. Gale, 1; D. A. Keys, 0; R. B. Smith, 0; Mercer, 1; Rev. A. C. Crews, 1; G. Ferrier, 0; C. Ferrier, 1; J. F. McLay, 0; E. W. Duggan, 0; Prof. Hutton, 1; G. K. Powell, 1; Dr. Rudolph, 0; C. Hunter, 0; Prof. D. R. Keys, 0; A. Hunter, 1; D. B. Coleman, 0; N. O'Brien, 0; K. B. O'Brien, 1. Total—10 Total—4.

Varsity Holds Rugby Annual Meeting Was Very Lively—Officers Elected—Bank Balance Is Substantial—President, Chas. Gage.

The University of Toronto Rugby Club held their annual meeting yesterday afternoon in the west hall and the following officers were elected in large numbers to vote for their favorites. The annual receipts were \$17,748.88 and every officer was keenly contested, with the following result: Hon. president, Prof. McCurdy; hon. vice-president, R. J. Thompson; president, Charles Gage; vice-president, L. Cory; secretary-treasurer, J. C. McCalland; assistant secretary, Douglas Neller; Jack Maynard is captain and the manager has not been selected yet. Secretary Art. Gray read his report for 1912, showing a balance of \$9,285.66. The total receipts were \$17,748.88 and the expenditures amounted to \$8,463.22. Last year they had a balance on hand of \$13,700.25, but the decrease in surplus for 1912 is easily explained, as Varsity did not have any final games and as the secretary has not as yet received the \$800 or more due from Ottawa on the first game. Considerable feeling was manifested throughout the meeting when the last item was given out and Ottawa College were given a severe censoring. It looks a pretty shabby piece of business on Father Stanton's and his colleagues' part and even if by chance the bytown college are unable to meet the full sum at present they should have sent Varsity their expenses at least.

Kew Beach Aquatic Held Skating Races

L. Tate Wins First in All Events Entered—J. Williams Second. The Kew Beach Aquatic Association held their skating races for members only last night on Kew Beach rink and every event was closely contested. S. Tate won the championship by securing first place in every event that he was entered in. The results: Half-mile, senior—L. S. Tate; 2, J. Williams. Pursuit race—S. Tate. One mile, senior—Bert Williams. One-mile, 17 years and under—H. Vandear.

Oarsmen Had Splendid Program—Large Attendance, Including Old Members.

The Argonaut Rowing Club held their annual smoker last evening at 166 West King street, which was the most successful one ever pulled off by the local oarsmen. Over 250 members and their friends were on hand, including many old-timers, who were warmly welcomed back to the fold.

Queen City Iceboat Races.

Queen City Yacht Club will hold their iceboat races this afternoon at three o'clock, and all of last year's boats are expected to compete, and two new flyers, the Yellow Fellow and the Kestrel.

IMPORTANT NOTICE

To ensure delivery of goods on Saturday evening, orders must be placed E. T. SANDELL High-Grade Wine 523-525 YONGE ST. Phone—North 7124-192.

Varsity Holds Rugby Annual Meeting Was Very Lively—Officers Elected—Bank Balance Is Substantial—President, Chas. Gage.

The University of Toronto Rugby Club held their annual meeting yesterday afternoon in the west hall and the following officers were elected in large numbers to vote for their favorites. The annual receipts were \$17,748.88 and every officer was keenly contested, with the following result: Hon. president, Prof. McCurdy; hon. vice-president, R. J. Thompson; president, Charles Gage; vice-president, L. Cory; secretary-treasurer, J. C. McCalland; assistant secretary, Douglas Neller; Jack Maynard is captain and the manager has not been selected yet. Secretary Art. Gray read his report for 1912, showing a balance of \$9,285.66. The total receipts were \$17,748.88 and the expenditures amounted to \$8,463.22. Last year they had a balance on hand of \$13,700.25, but the decrease in surplus for 1912 is easily explained, as Varsity did not have any final games and as the secretary has not as yet received the \$800 or more due from Ottawa on the first game. Considerable feeling was manifested throughout the meeting when the last item was given out and Ottawa College were given a severe censoring. It looks a pretty shabby piece of business on Father Stanton's and his colleagues' part and even if by chance the bytown college are unable to meet the full sum at present they should have sent Varsity their expenses at least.

Kew Beach Aquatic Held Skating Races

L. Tate Wins First in All Events Entered—J. Williams Second. The Kew Beach Aquatic Association held their skating races for members only last night on Kew Beach rink and every event was closely contested. S. Tate won the championship by securing first place in every event that he was entered in. The results: Half-mile, senior—L. S. Tate; 2, J. Williams. Pursuit race—S. Tate. One mile, senior—Bert Williams. One-mile, 17 years and under—H. Vandear.

Oarsmen Had Splendid Program—Large Attendance, Including Old Members.

The Argonaut Rowing Club held their annual smoker last evening at 166 West King street, which was the most successful one ever pulled off by the local oarsmen. Over 250 members and their friends were on hand, including many old-timers, who were warmly welcomed back to the fold.

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous. I have in my possession a prescription for nervous debility, lack of vigor, weakness, memory, falling memory, and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured many men who wish to regain their manly power and verily, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary envelope, to any man who will write me for it.

10. Bobby Cook, 108 (Guy), 6 to 1.

Supply of Horses Greater Than Demand

Mr. C. A. Burns, the proprietor of the Repository, states that good horses are cheap these days. The dealers, with their shipments bought in the country all along since the New Year, find that the supply of horses is greater than ever, while the demand is not fulfilling expectations. From their side, there is no remedy, as their horses are brought in to sell, and they must sell them. Therefore, it is a long time since the buyers in the Toronto market had things so easy as they have now. It is a positive fact that at present the dealers are compelled to sell fresh country horses, sound and right, at prices considerably lower than anyone could go to the country and buy them there, and from the point of view of the shippers, who have given their time for about two months to the securing of their shipments, the present condition of things is not satisfactory. The state of the case is that country prices have been too high to warrant any dealer taking very much risk, and still many shippers have done so. Over two hundred horses were offered at the Repository on Friday, of which one hundred and ten were sold.

BRASS' SENSATIONAL Haberdashery Sale Today at 9 a.m.

We regret that owing to the unprecedented response to our bargains of last Saturday many of our customers could not get waited upon, and that many lines were sold out before noon. Today we have made greater preparations than ever before and trust that everyone will be served. These offerings are unquestionably the greatest we have ever given. Here are a few samples of what you may expect.

Winnipeg Bonspiel Winds Up Today

WINNIPEG, Feb. 14.—With the twenty-fifth annualspiel nearing its end, the Baden machinery still works without a hitch. In the one o'clock draw, Braden made Jacob (St. Johns) quit on the tenth cue, with the score standing 14 to 8 in the final of the Trelley Tes. McDonald (Gert William), after beating Ament (Seaford) in the early morning draw and the Walker Theatre competition, 12 to 9, came back in the one o'clock draw and administered defeat to Gillespie (Moose Jaw), to the tune of 17 to 4. Gillespie threw up the sponge on the tenth end. In the semi-finals of the Royal Calcedonia, Hans (Newdale) disposed of Lake (Eaton) in a very close game, the result being in doubt until the last rack was down. The score was tied no less than four times, and, playing the last end, the cup stood 8-4, Adams counting one.

NOT BOMB, WELLS, BUT G. SMITH TO FIGHT MCCARTY

NEW YORK, Feb. 14.—The management of the Garden Athletic Club announced tonight that its negotiations with Luther McCarty to fight Bombardier Wells, the English heavyweight champion, had failed, and that instead of McCarty, the California heavyweight, Gunboat Smith would meet the Briton. The fight, which will be at ten rounds, will take place at Madison Square Garden either March 7 or 17. The date originally selected for the bout between Wells and McCarty, March 14, will be given over to a 10-round fight between McCarty and Jack Britton.

Whist Champions Lindsay Wins Trophy

At the rooms of the Toronto Whist Club a match game for possession of the Goodall Trophy was played between the Lindsay and Collingwood Whist Clubs, and the Lindsay club, who were the holders of the trophy, won the match by five tricks. The Lindsay players were Peter Kennedy, Dr. Brown, G. H. Hopkins and F. W. Wilson. The Collingwood players were Patterson, N. A. Kule and Dr. E. L. Connolly. There have been many matches during the season for the three Canadian Whist League trophies. The present holders are: The Hay Trophy, Hamilton; the Amsden Trophy, by Collingwood; and the Goodall Trophy, by Lindsay. Each of these clubs will send their best teams to defend their titles at the trophies at the Easter congress at the King Edward Hotel on March 29 to 31.

Toronto Bay Skaters

The midwinter holiday of the Toronto Boys' Dominion will be held at Moss Park Rink this afternoon. The events are: Junior—100 yards, eight laps, puck race, one lap, four laps, 100 yards backward, puck shooting; best single skater. Intermediate—100 yards, 12 laps, puck one lap, four laps, backward one lap; puck shooting; best single skater. Senior—100 yards, eight laps, puck race, four laps, backward one lap, puck shooting; best single skater.

McGill Basketball Team Wins

KINGSTON, Feb. 14.—The intercollegiate basketball game this afternoon at Queen's gymnasium, McGill defeated Queen's 30 to 27. Half time 14 to 14 for McGill.

West End Y.M.C.A. Business Men

The Business Men's Club of the West End Y.M.C.A. held their regular monthly meeting last evening. Mr. W. D. MacPherson, M.L.A., gave a most masterly address on the subject of "Books and Literature," which was highly appreciated. The following officers were elected: Hon. president, Mr. Thos. Findley; president, Dr. W. G. Peck; vice-president, Lieut.-Col. Evans; secretary-treasurer, Dr. E. A. Grant. The interest manifested by those present indicates that this club will be one of the best features of the association. The basketball committee have arranged a game with the Old Boys for Feb. 21, at 6.15 p.m., after which supper will be served, followed by a game of the bowlers.

JOHN MASON HERE IN "THE ATTACK"

Stirring Play Will Be Given at the Princess Next Week.

C. GRAPEWIN RETURNS

"The Trained Nurse" Heads the Bill at Shea's—Burlesque Bills.

John Mason, well known to all Toronto theatregoers, is to be seen as the star in Henry Bernstein's three-act play, "The Attack," at the Princess Theatre the coming week.

Mr. Mason's fortunes are now directed by Charles Frohman, under whose banner the actor once was enrolled as a leading man and now returns as a star. In "The Attack," Mr. Mason has one of the strongest and most human roles that he has ever essayed.

The play was originally presented at the Gymnase Theatre in Paris under the title of "L'Assaut," its opening presentation last February was regarded as an event by the Parisian theatregoers and its success was such that it became the most talked-of work on the French stage.

Bernstein has confided to Mr. Frohman the plot of his play. Long before he began any actual work on it and the manager eagerly asked for and secured its rights. For the role of Paris, the man who is regarded as the leading actor of the times, since the death of Coquelin, Lucien Guitry, was secured. Mr. Frohman says that he had Mr. Mason in mind for the play from the moment that he read "The Attack." But at that time Mr. Mason was starring under another manager.

The chief character of Bernstein's play is a senator of supposedly unblemished character who is suddenly attacked in a dramatic manner by the newspapers. It looks to the senator like a conspiracy on the part of his political enemies, and he has his principal traitor hailed to court. The charges against him, if proved, will ruin the man's social and political life, and deprive him of the affection of those he loves. The play is intensely interesting, wholesome and human. Mr. Frohman has surrounded Mr. Mason with a strong company, including Charlotte Ives and Martha Hedman.

"Rebecca of Sunnybrook Farm." A New England idyl, the sweetest of all the plays that have presented New England life and play on the stage. "Rebecca of Sunnybrook Farm" will be seen at the Princess the week of February 24, presented by Klaw & Erlanger's fine company and with a production that reveals the ideas of scenery and architecture described in Mrs. Wiggin's story. Rebecca herself, the heroine of the play, is the most enchanting creature that has ever been created. Her play is described by her as easy in comparison with the 27-mile journey she has made. It was accompanied by two hours of a stop where the stage Academy gave in the college city yesterday. A Lawrenceville with the pilgrims they arrived at night.

Why Bronchial Catarrh is so Dangerous

When Unchecked, Bronchial Catarrh Develops Rapidly—Attacks the Lungs—Ends in Consumption.

If you have fullness of the head, headache, difficulty in hearing, stuffed nostrils, droppings from the throat and hacking cough, you ought to know you have Catarrh. It begins as a cold; repeated colds inflame the air passages, by-and-by it extends deeper, far down into the lungs, then you have bronchitis. These inflamed surfaces secrete germ-laden mucus. If swallowed it pollutes the whole system and destroys health. Stomach-dumping always fails, so do washes, snuffs, ointments. The remedy that will cure quickest is Catarrhoxone. You do not take Catarrhoxone internally, you simply breathe a fragrant vapor which compounds that destroys germs instantly. When you inhale Catarrhoxone into the lungs, little drops of particles are carried to the remotest parts of the breathing apparatus. Wherever Catarrhoxone goes it destroys the germs, allowing the healing process to begin. Then congestion ceases, the formation of mucus ceases, hacking and spitting cease, and of course, you get well. You see Catarrhoxone removes the cause of the disease. Don't you think this is the right way to cure Catarrh? Can you think of any other way half so good? Consult a doctor, hard rubber inhaler with Price \$1.00. Smaller size 50c. All Dealers, or The Catarthoxone Co., Buffalo, N.Y., and Kingston, Ont.

Miss Martha Hedman and John Mason, in Henry Bernstein's gripping play, "The Attack," coming to the Princess Theatre next week.

competent company of lesser lights in the minor roles.

At the Star. Mike McDonald, the popular Irish comedian, is this season with what is considered one of the best shows on the western wheel the coming season and which opens its engagement at the Star Theatre next week. His vein of humor is excellent and keeps his auditors in a laughable humor throughout the entire performance of the "Stars of Stageand."

The Trained Nurse. At Shea's Theatre next week the bill is headed by Jesse Lasky's latest tabloid musical play, "The Trained Nurse." Mr. Lasky is responsible for many of the best musical productions in vaudeville. Heading the cast of 30 are Gladys Clark and Henry Bergman, who are favorites with Shea's goers, and will be easily recognized as Sammy Sloan, the patient, and Susay Grey, the new nurse. There are plenty of singing and dancing girls and the scene is laid in a training school for nurses. There is plenty of comedy and the music is beautiful. The book is by William De Breton, music by Leo Edwards.

The special extra attraction on the bill for the week is Charley Case, the fellow who talks about his father. Mr. Case has not entertained Shea's goers in the last two seasons and he will find all his old-time friends waiting to give him a welcome. He is always original and funny. A feature of the week's bill is Delro, the master and originator of the ano-accordion, a novel Italian instrument. Delro has been heard at Shea's before. His music is welcome, his repertoire is varied and he plays only the best. Walter LeRoy and Emily Lyton are old favorites, but appear here for the first time as associate players. They are presenting a skit by George M. Cohan, called Hogan of the Haspoun and it is pronounced well worthy of the writer. The Empire Comedy Four will also find a welcome. Joe Jenny is the Dutchy of the four and as the leader of the quartet promises better music and better comedy than ever. Since last seen here the act has toured Europe.

The Four Cliftons are European muscular wonders who are seen here for the first time in a novelty that is sure to please Shea's goers. Les Jolley has a sensational equilibrium act that has been the wonder of two continents. A new kinetograph picture will complete the bill for the week.

"The Bird of Paradise." Fresh from triumphs in New York and other cities and direct from a four weeks engagement in the Garrick Theatre, Chicago, which only arbitrary bookings elsewhere prevented, "The Bird of Paradise," Richard Walton Tully's long heralded stage romance of life and love in the South Seas, will be brought to the Alexandra Theatre week of March 3. Much favorable criticism of Mr. Tully's unique drama has preceded it here and the same may be said of the interpretation given the principal role, that of Luana the child heroine, by Miss Bessie Barriscale, who has the distinction of having been selected by the author as the ideal actress to create the character. Miss Barriscale is not unknown to Toronto playgoers, for she has been on the stage since she was a five-year-old member of James A. Hearn's company, then playing "Mills" in "Shore Acres," but that is not so many years ago, as she has only just emerged from her teens, but already her histrionic record is one for one so young to be proud of. She is another of those excellent and capable young actresses who have been graduated of late years from the Silver Moscow Stock in Los Angeles, whither they go to play in a round of repertoire, there to receive the proficiency and finish polish that turns them out in the star class. Miss Barriscale has only recently been evoked by this process. While leading woman of the Belasco Theatre, Los Angeles, and serving as a stock-star in San Francisco, Miss Barriscale played all the most recent Maud Adams, Annie Russell and "Billie" Burke parts in a score of plays. She has had an excellent early Shakespearean schooling besides. But of all her characters she has played in her career, who has also won distinction as a writer of bright dialog and tuneful music.

That a truly remarkable burlesque show will occupy the stage of the Gayety Theatre this week seems to be assured by a knowledge of the names of those who are responsible for it. The presenting company is called "The Dazzlers," for which a new two-act burlesque has been written and composed by Leon Errol, the leading comedian of Ziegfeld's Follies, who has also won distinction as a writer of bright dialog and tuneful music.

"Milestone" Returns. Patrons of the Princess Theatre will be glad to learn that arrangements have been made for a return engagement of "Milestone," one of the best plays seen in Toronto this season. Andrew Mack in a New Play. One of the early attractions at the Alexandra Theatre will be the new

Sellers-Gough FEBRUARY SALE 33% to 50% REDUCTION

THE FUR SENSATION OF THE SEASON!

When we decided to cut in half the prices on Persian Lamb Coats, we little expected we would have to turn customers away from our doors because we could not serve them fast enough. Crowds took the warning given in our announcement Thursday and were waiting when the store opened at 8 o'clock yesterday. Our sales force have been unable to serve the great gathering of men and women who know that when Sellers-Gough offer \$275 Persian Lamb Coats for \$129 that is exactly the value they give.

Saturday—the last day of this sensational sale—there will be an ample sales force on the floor, and those who left the store yesterday unserved will have no difficulty today. Again we advise an early selection.

Every Persian Lamb Coat in the Store

Must be sold before the door is locked tonight. The stock of Ladies' Persian Lamb Coats we have carried this season is tremendous—we expected a repetition of last year's severe weather. Till now the weather has been mild, so that we are forced to make sweeping reductions to close out the stock.

Every coat is a Sellers-Gough creation, made in our own exclusive style, and by our own experts, bearing our label guaranteeing the standard of quality that has made this the largest exclusive fur house in the British Empire. We have divided the stock into two lots, and cut the prices so remarkably low that in many cases we are asking for the finished coat less than the cash price of the skins.

\$129 Two Prices Only \$189

You have your choice of any ladies' Persian Lamb Coat in the store, priced from \$200.00 to \$275.00 for \$129. Including all lengths from 30 inches to 40 inches; beautifully lined with satin or brocaded silk, all sizes and styles—SATURDAY ONLY. Our special creation in the finest quality of fur; 30 to 45 inch lengths; all sizes. The last word in style from our expert designers, and priced from \$300.00 to \$475.00—Saturday

SATURDAY ONLY

Today is positively your last opportunity. You will find coats here that delight the Canadian woman, at prices without a precedent, and a repetition of which will never again be made possible by the chain of circumstances that caused this sacrifice sale.

ABOLISH THE BAR MANITOBA ISSUE

Moral Reform Society Puts Pressure on the Roblin Government.

WINNIPEG, Feb. 14.—(Can. Press.)—Between 300 and 400 members of the Moral Reform Society of Manitoba waited on the government today to urge amendments to the present local option law. Their spokesman contended that favorable votes under the act were often defeated under a technicality and they also asked that non-resident voters be barred, as this system tended to corruption and peroration. The deputation further pressed for legislation abolishing the bar, or if this were not possible, a referendum on the issue.

Liquor and Tobacco Habits

Low Colonist Rates to Pacific Coast via Chicago and Northwestern Railway. On sale daily, March 15 to April 15 inclusive, from all points in Canada to Los Angeles, San Francisco, Portland, Salt Lake City, Seattle, Victoria, Vancouver, Nelson, Rossland, and many other points. Thru tourist sleepers and free reclining chair cars from Chicago. Variable routes. Liberal stop overs. For full information as to rates, routes and literature, write or call on E. J. Bennett, general agent, 46 Yonge street, Toronto.

SCOTT FUNDS NOT GROWING RAPIDLY

Delay in Announcing Government Grant Causes Criticism—Response Meagre.

NEW YORK, Feb. 14.—(Can. Press.)—A London cable says: Criticism is made of the government's delay in making any definite announcement of its intention to carry out the promise by Premier Asquith, "that Captain Scott's dying appeal to the nation would not fall on deaf ears." It is suggested that the meagre contributions so far made to the various funds opened are due to the desire of

Count the Dots

DO YOU KNOW?

How People Feel Just Arrived from Ireland

When They Have Tape Worm

Tape Worm is bred from a parasite. This parasite is a creature male and female in one. It is of pear shape, having two, four and six suckers. It lays the eggs, which are only connected together with silene. They develop and form a body, which is the worm. Each joint is an individual, having a sucker or mouth. The worm grows much longer than the bowels where it is located, and sometimes a whole colony of them are found, enough to fill a quart of solid worm, when put in a bucket of water would apparently fill it. It is the hardest task in the world to destroy this parasite without doing injury to the individual who may be so unfortunate as to have it, as the parasite clings to the bowels, freeing itself from the body of the worm, and remains there to become another. It is an internal demon, and causes its victim to suffer all the symptoms of disease imaginable. The cleverest physicians are led to believe that the patient is suffering from some other disease, as nearly every person has different symptoms. Some have been treated for cancer of the bowels, contraction of the bowels, consumption of the lungs, chronic dyspepsia, nervous prostration, melancholia, hypochondria, hysteria, inflammation of the bowels, appendicitis and other complaints, when one or more of these internal demons were eating their lives away.

Prof. Mulveny has made the discovery to free the victim of this monster without injury to the system, destroying the parasite as well as expelling the worm with one dose of medicine without any previous starvation. Visit his office, where he has in his possession the most wonderful collection of these death-dealing monsters in the world, which have been expelled from hundreds of people by his famous remedy, some bottles containing colonies of worms, and anyone seeing them cannot imagine how a person could possibly live with them in his bowels. It is surprising the number of people that have them, and many have them and are not aware of the fact. The letters and testimonials the professor has in his possession are enough to convince us of this. Some of the most prominent symptoms are: ravenous appetite, dizzy spells, headaches, cramps in the bowels, also a feeling as though something was crawling up the throat. The only certainty of having one in the system is when segments or joints are seen, which come almost any time. They are flat, and from three-quarters of an inch long, which have often been mistaken for pin worms by those who do not know their difference. There are many other feelings of distress, which would take too long to enumerate. Strange to say, some people of strong constitutions have very little distress.

Prof. Mulveny's world famous Tape Worm Extractor is safe, sure and harmless. No starvation, no danger, is not disagreeable to take. One dose nearly always effects a cure. Further information free. Send stamped envelope or call at 187 Dundas street, Prof. R. L. Mulveny, Toronto, Ont.

A Monster Tape Worm About 20 Feet Long.

Mr. John Campbell of 23 Napier st. called on Prof. Mulveny about a month ago and purchased a remedy to destroy Tape Worm. His wife's sister, Miss Hill, of Glenkirk, Ireland, has been suffering for some time with a Tape Worm, and has been treated without success. He sent her the remedy, which expelled the monster, head and all, without sickness or trouble, by parcel post from Ireland on Nov. 23, 1912, and took it to Prof. Mulveny the same day, and it was found to be all there, a four-hooked demon. Mr. Campbell states that on July 29, 1908, his little girl, three years old, was relieved of a monster Tape Worm, head and all, without sickness or trouble, and the little one is healthy and well at the present time. This is how he came to recommend his sister-in-law in Ireland to try the same remedy. And now they are rejoicing over a friend across the sea whose life has been saved, who is restored to health and happiness by Prof. Mulveny's famous cure, which may be purchased at 187 Dundas street, Toronto, Ont.

B'WELL MAKES PEOPLE FEEL WELL

B'Well cures Dyspepsia, Indigestion, Liver and Kidney Complaint, Dropsy, Loss of Appetite, Constipation, Piles, Pimples, Boils, Blotches and Eruptions of the Skin, Old Ulcers of all kinds, Cures Inflammation of Neck or the Bladder, Coughs, first stage of Consumption, Rheuma, Scurvy, Pimples, Black Heads on the Face, and all the medicine you require to make you feel well. Cures St. Vitus' Dance, Palsy, Paralysis and Fits and other diseases mentioned on label.

This remedy has been in use for over 25 years, and has restored thousands of people to health and happiness. It has cured people of diseases and complaints that have baffled the skill of the most learned physicians. Composed of the extract of medicinal plants, etc., containing no harmful drugs—is sure to do good, as it is a splendid rejuvenator, restores lost energy and stimulates the nervous system to a healthy action.

It restores man to perfect health, tones up the system by strengthening the principal organs and stimulating them to healthy action. It is the best blood medicine for the cure of diseases of private nature, which modestly prevents explaining. It cures Gout, Inflammatory Rheumatism, Sciatica or Muscular Rheumatism, Lumbago, Neuralgia, Bronchitis, whoops. This remedy destroys Stomach or Pin Worms, and is not a Tape Worm Cure.

Persons suffering from Catarrh and all diseases where a good injection or wash can be used, will find Quick Catarrh Cure used in connection with B'Well will effect a speedy cure. As Quick Catarrh Cure is the most healthy, soothing and cleansing remedy in existence—kills all poison, has cured ulcers and cancers. Used as a wash. Price \$1.

GO ON ACHEVED BY THE Y.M.C.A. UNDER SPECIAL DIFFICULTY

Stories of Results Obtained Told at Complimentary Banquet to John Penman on His Retirement After Many Years of Active Work For Boys in Canada.

Telling inspiring stories of the good achieved by the Y. M. C. A., with illuminating explanations of the methods used in accomplishing the work often under circumstances of special difficulty, Y. M. C. A. secretaries from many parts of Ontario and Quebec spoke on Thursday night at the complimentary dinner given by the fortieth convention of the Young Men's Christian Association of Ontario and Quebec to John Penman in the new building of the west end association at College and Dovercourt. "The immigrant from Europe," said W. W. Lee, who, wearing a cap upon which the letters Y. M. C. A. are printed in gold, meets the immigrant steamers when they arrive at Montreal and St. John, and he is the first to greet them. Y. M. C. A. from the day he leaves his own country until he reaches his destination in Canada. The letters, on the cap of Y. M. C. A. officials, ban the immigrant and always help him, as if they were magic letters. The wearers of these letters guide and assist the sophisticated immigrant at railway stations, on steamship docks and wherever he needs guidance most, and at length help him to get a job, to learn English, and to become Canadianized when he reaches the end of his long journey." Other secretaries spoke of useful work of many different kinds, done among boys and men, in small towns as well as in large cities, and of the pressing need for greater endeavor and achievement in the future.

Young Men's Christian Association in Ontario. He was presented with an address and a number of letters of appreciation, in a rich binding of leather, the beautiful volume being enshrined in a silver casket.

History of Work. "Don't think, friends, that I retire because in mind or body, I am not able to continue," said Mr. Penman in his reply to the toast, "Our Guest," proposed by John J. Gartshore and George Rutherford. "Neither am I looking for a life of ease, as I have viewed the history of the Y. M. C. A. for fifteen years. He referred to the pioneer work done by the provincial committee, and to the magnificent results which had sprung from this early work. He felt that he did not fully deserve all the honors which had been heaped upon him and the pleasant things that had been said of him. "If anything which had been accomplished by the provincial had really earned this credit and praise, it should be divided among all the members of the committee. Mr. Penman spoke very gratefully, thanking the convention for the honor of the complimentary dinner, and for the beautiful gift of the handsome volume containing the address and the appreciative letters. "I wish I could find words," he said, "to suitably express my thanks. I am a secretary of their work and its importance. The men who freely give their money to support the Y. M. C. A. and assist it in its work, and to construct magnificent buildings abundantly equipped, look to the secretaries for results," he said.

Flowers for Mrs. Penman. Mrs. Penman was presented with a fine bouquet of roses. "S. J. Moore was chairman. Dr. Howard Armstrong and James Mills sang two duets. Among those present were: J. J. Green, Hamilton; A. L. Paterson, Montreal; W. B. Cook, Galt; E. Sweet, Brantford; Rev. R. A. Wallace, Belleville; W. J. Maylott, Cobalt; H. M. Gilchrist, Toronto; Fred Bull, Oshawa, and many others prominent in Y. M. C. A. work. One hundred and ten men sat down at the dinner tables, representatives from nearly every city from Kenora to Quebec. Yesterday afternoon, when the convention opened, J. J. Gartshore was in the chair. Several important reports were read, but there were no radical changes suggested. Fifteen new associations have been formed and twenty-eight new buildings have been erected in the last fifteen years. The membership of the Ontario and Quebec associations has advanced from 3,759 members to 19,144.

The Training School. "I am the secretary who never went to a training school," said G. A. Warburton, whose subject was "The Training School," and that is probably the reason why I was assigned to speak on this theme. When I became a secretary the way association secretaries were trained was to turn them loose on the job." Mr. Warburton told of the great Y. M. C. A. training college in Springfield and in Chicago, and said he hoped to see within a short time a training college in Toronto doing for the Y. M. C. A. what Springfield and Chicago were doing for the Americans.

All the speakers applauded the splendid work done by the Y. M. C. A. by Mr. Penman, their guest, to whom the associations gave this dinner upon his retirement from the provincial committee of the Ontario associations after fifteen years of the most faithful service as chairman. Mr. Penman occupies a place of the greatest honor and distinction in the annals of the

CLOTHING AGENTS GET ACQUAINTED

Salesmen Also Met at a Big Banquet in Montreal.

Agents From Many Cities Got Together on Purchasing Trips.

MONTREAL, Feb. 14.—A banquet was tendered the officers and agents of Fashion-Craft Manufacturers, Limited, by their president, Mr. J. A. Richard, last evening at the Hotel Regina. The occasion was one of great interest and pleasure to the numerous agents of the company, who are here from other cities on business and purchasing trips, as matters of importance were discussed and the policy of the firm in the future outlined.

Mr. Richard, in his speech, stated that the reports from their customers throughout Canada were most gratifying, while the company's position, from a factory standpoint, was a unique one, its capacity being taxed to its utmost to meet the increased demand for its present agents, while many applications were on file from firms desirous of handling their goods. This, however, was speedily overcome, and arrangements were made on a large scale by which they will shortly be in a position to handle a much larger output, a second factory in the City of Montreal having been opened in the last season and a site purchased for a new factory, which, when erected as contemplated, six stories high, will give the firm a floor space of nearly two hundred thousand feet, making one of the finest clothing factories on the American Continent.

The president referred, in flattering terms to Mr. H. Vosberg, the superintendent of the factory, who has recently retired, and asked Mr. Bellinger, on behalf of his friends amongst the officers and agents, to address him. Mr. Bellinger wished him godspeed and success in his new venture. Mr. Vosberg, in reply, said that the regret was mutual on his part, but that the height of his business ambition had always been to hang out his own shingle, and he believed that the opportune time had come that owing to the wonderful growth of Canada these last few years, prospects never had been so bright for the surety of success for the up-to-date merchant.

who were unable to be present were received, and the secretary of the company asked to convey to them regret that they were unable to be present.

Dr. Boulet, a shareholder of the company, who was one of the guests, claimed that as a stockholder he thought the company know how to give satisfaction to its customers and produce good returns for its investors, and judging by the magnificent "dinner" that evening, they also knew how to spend those returns.

KINGSTON'S SCHOOL PROBLEMS.

KINGSTON, Feb. 14.—(Special.)—The school population has so greatly increased that the board of education has decided to make an eight-room addition to the Collegiate Institute, and a four-room addition to the Central School. It has not yet been decided whether to build a new school or make an eight-room addition to Victoria School.

The women teachers in the public schools have asked the board of education for permission to dismiss pupils who made good progress in their studies each day at 2.30 and that they be allowed to devote the other half hour to helping backward pupils.

SERVICE IN HONOR OF POLAR HEROES

Royal Party Attended Impressive Ceremony Held in St. Paul's Cathedral.

LONDON, Feb. 14.—The British nation today paid its last respects to the memory of Captain Robert F. Scott and his heroic companions who died in the wilds of the Antarctic after reaching the South Pole. A great memorial service was held in the Cathedral of St. Paul's in the centre of the metropolis, and this was attended by people in every form of life from King George, in the uniform of an admiral of the fleet, down to the common laborer.

The king, surrounded by a brilliantly-uniformed staff, occupied a seat beneath the great dome. Only a few seats had been reserved for the royal party, which comprised representatives of Queen Mother Alexandra, and of the Duke and Duchess of Connaught. Premier Asquith with the whole of the cabinet ministers, was present with many members of the foreign diplomatic corps and their attaches.

The service was a simple but solemn one. It included the playing of the "Dead March in Saul," in which the great cathedral organ was accompanied by a military band. The service

concluded with a hymn, "Jesus Lover of My Soul." The singing collected, the names of the five dead explorers were included.

Yast crowds remained outside the cathedral and a great number of British bluejackets were present, both inside and outside.

Similar memorial services were held at Portsmouth, Devonport, Chatham and other naval centres, and in many churches throughout the kingdom. The union jack flew at half-mast everywhere today.

McNAB WINS OPENING ROUND.

MONTREAL, Feb. 14.—(Can. Press.)—The motion of particulars asked for by defendant in the slander action of B. G. McNab against Col. Sam Hughes for \$50,000 damages, was dismissed this morning with costs. Counsel for Hon. Col. Hughes did not press the action and Mr. Charles Gaudet, K. C., attorney for plaintiff, asked for a dismissal, which was granted.

The Whisky of Distinction

It's not enough merely to say "Scotch" when in search of a "thirst-quencher." Insist on

WHYTE & MACKAY SPECIAL SCOTCH WHISKY

"The 'Scotch' with the distinctive flavor. 'WHYTE and MACKAY' mixes perfectly with kind of mineral water, and makes delicious 'hot toddy'."

Skilfully blended from selected stock and fully matured.

At all hotels and liquor stores.

SHOULD CONTROL CAPITALIZATION OF COMPANIES

W. F. Maclean, M.P., Speaking on Amendment to R. & O. Bill, Pointed to Outcry Against C. P. R.'s "Melon Cutting" — J. G. Turriff Declares Producers Are Bled by Transportation Companies.

OTTAWA, Feb. 14.—(Special).—That the capitalization of public service corporations should be regulated by the government was the proposition advanced by W. F. Maclean, South York, in the house of commons tonight, and he received hearty support from several of the members who were able to speak during the hour allotted to private bills. The debate will be continued on Monday, when a vote will be reached.

The matter came up on the third reading of a bill authorizing the Ritchie and Ontario Navigation Co. to increase its capital from ten million to fifteen million dollars. An amendment offered by the member for South York (Mr. Maclean) provided that the company should not be authorized to increase its capital until it had obtained the approval of the railway commission certifying that the money to be raised was necessary for the purposes of the company. In short, the amendment giving the railway commission jurisdiction over capitalization provided a safeguard against "melon cutting" and "watered stock."

The amendment was seconded by J. G. Turriff, Liberal member for Assiniboia. Mr. Turriff and Mr. Cavell (Charleston, N. B.) favored the amendment, while Mr. Joyce (W. Algoma) opposed it. Under the rules, the debate went over until Monday, when there will probably be a number of speeches delivered both for and against the amendment.

Demand is General. Mr. Maclean, in proposing his amendment, said there was a general demand over the country for such governmental supervision of corporations as would guard against melon cutting and watered stock. He viewed the history of the Canadian Pacific Railway Co., which had within a few years issued two hundred million dollars of stock in such a way that only part of the proceeds went into the treasury of the company, while the balance was paid in dividends to the shareholders.

Mr. Maclean, in proposing his amendment, said there was a general demand over the country for such governmental supervision of corporations as would guard against melon cutting and watered stock. He viewed the history of the Canadian Pacific Railway Co., which had within a few years issued two hundred million dollars of stock in such a way that only part of the proceeds went into the treasury of the company, while the balance was paid in dividends to the shareholders.

DENIES EVANS WENT MAD.

LONDON, Feb. 13.—(Can. Press).—A despatch from Christchurch to The Chronicle denies on the authority of Commander Evans that Petty Officer Evans went mad.

The commandant added that Captain Scott and his companions left farewells letters for their wives and that the last entry in Scott's diary was made March 25. But by a note found in the diary it could be assumed that the three men died March 29.

"THE CENTRE OF THE HORSE TRADE."

AUCTION SALES
TUESDAYS AND FRIDAYS
550
HORSES
AT AUCTION
PRIVATE SALES
EVERY DAY

TUESDAY, FEB. 18TH, 325 HORSES

FRIDAY, FEB. 21ST, 225 HORSES

Commencing Each Day at 11 o'Clock

HORSES ARE \$25 TO \$50 A HEAD CHEAPER AT THE REPOSITORY THAN THEY ARE IN THE COUNTRY

These great shipments of horses have been consigned to us for sale at our auctions or privately next week and they will be sold. Our shippers have been buying up all through the province since after Christmas, and they do not buy to hold the horses, but to sell them, and sell them quick. Now that the time has come to unload, we can assure the public that beyond any doubt these men are selling their consignments at lower prices, by as much as \$10 per head cheaper than a man can go to the country and buy a horse from the farmer. The fact is to be seen that this is the great time to come around to The Repository to buy horses. You have the double benefit of the experience of the best dealers in the business, with our own absolute warranty accompanying each horse sold, and you come in on a low market.

WE WILL SELL THE BEST POSSIBLE SELECTIONS OF HEAVY DRAUGHTS, LIGHTER DRAUGHTS, GENERAL PURPOSE, EXPRESS AND DELIVERY HORSES, DRIVERS, CARRIAGE AND SADDLE HORSES.

These work horses are fresh from the country, and most of them will carry our full warranty to be sound and right in every way.

40 or 50 Serviceable City Horses

consign by their owners for sale at the high dollar, will be sold on each auction day.

OUR ANNUAL BLUE RIBBON SPEED SALE

TROTTERS, PACERS, ROADSTERS, CARRIAGE AND SADDLE HORSES

has been fixed for

THURSDAY, MARCH 27TH, AT THE REPOSITORY

This sale affords the best occasion of the year, and the earliest entries secure the best positions in the catalogue and in the sale itself.

THE REPOSITORY IS A BONDED GOVERNMENT-INSPECTED SALES STABLE.

All horses sold under any warranty are returnable to us at any time before noon on the day following sale, if not fully as represented, when the price is at once refunded.

C. A. BURNS, Proprietor of The Repository. ISAAC WATSON, Auctioneer.

CHICAGO GOSSIP.

J. P. Block & Co. had the following: Wheat—The strength in cables did not meet with a ready response by local trade, and there was a run of selling, which forced prices below yesterday's close, from which there was a gradual recovery on the absorption of offerings by commission houses, finally resulting in shorts covering at a higher level, the close being about 1/2c above last night's figures. While the news hardly warrants the advance, the reaction was a healthy one.

Nell, Beatty & Co. had the following: Selling pressure in the wheat early today, in an effort to force a break in May was pressing the selling, offerings were well absorbed by interests friendly to the July wheat. There was active buying of Calcutta, both early and late. The consistent position in May contracts is notwithstanding new, and this situation should hold approaching crop season makes it desirable to press the selling side of the wheat. We think the buyer's position on the depression safest, and most desirable.

Ericksen Perkins & Co. had the following: Wheat—We cannot concern in any opinion regarding damage to winter wheat as a basis for higher prices just now, and certainly neither the buyer's position on the American wheat nor an increased milling inquiry follows upturns.

STRONGER TONE IN CHICAGO GRAIN PIT

Reported Injury to Winter Wheat Thru Dry Weather Stimulates Buying.

CHICAGO, Feb. 14.—The effects of dry weather in Nebraska and Western Kansas caused wheat today to develop strength. The market closed steady at an advance of 1-16 to 3-16 net. Corn gained 1-16 to 3-16, and oats 1-8c to 2-8c. The outcome in provisions was the same as last night to 10c up.

Short sellers who displayed an aggressive spirit in the first part of the day, took flight later in the manner in which offerings of wheat were being absorbed. The buyers had been acting largely on Omaha reports of impaired crop prospects. Afterward, portions of Kansas were added to the district said to be handicapped by lack of moisture. Unexpected firmness at Liverpool in the face of yesterday's weakness on this side put the buyers at disadvantage. World shipments promised to be light and there was still need of rain for India. It was not, however, until bullish advices came from the west that the market decisively took an upward bent. On the wind up prices were holding within 1-8c of the top point of the session.

Strong Buying of Corn. It became too popular to press the selling side of the corn market. Offerings were gobbled in by strong interests and there was a general stampede to cover at a material advance. Export call was lacking except at a wide discount. Oats veered lower because of hedging sales, but swung around on resting orders to buy when wheat and corn both rallied.

ST. LAWRENCE MARKET

Receipts of farm produce were 600 bushels of grain and 35 tons of hay. Wheat—One hundred bushels sold at 91c. Barley—Five hundred bushels sold at 61c. Hay—Thirty-five loads sold at \$14 to \$15 per ton for the best, \$12 to \$13 per ton for No. 2, and \$9 for cattle hay.

MAHER'S HORSE EXCHANGE

16 TO 28 HAYDEN STREET

AUCTION SALES EVERY MONDAY AND THURSDAY

PRIVATE SALES EVERY DAY

"CANADA'S LEADING HORSE MARKET."

AUCTION SALES NEXT WEEK

MONDAY FEB. 17TH AT 11 A.M.

A large number of the horses to be offered at this sale are already in our stables, and, judging those to come by those already here, we are assured of some exceptionally fine stock to offer. We shall have plenty of horses of all classes, particularly heavy draughts and good wagon horses, though drivers and serviceably sound horses of every kind will be well represented. As the demand has not been equal to the supply lately, prices are now a little easier, and this is, without doubt, the right time for you to buy. In addition to our regular shipments, we shall have the following special lots for sale:

BAY MARE, 6 years old, 13 1/2 hands high, perfectly broken to saddle, and all harness, and sound and city broken; a fine combination mare. She is consigned to us, with instructions that she be sold on Monday to the highest bidder.

1 PHAETON, 1 GLADSTONE, 1 SINGLE AND 1 DOUBLE CUTTER—Are consigned by a city gentleman who has no further use for them. They are all in the very best of condition, and are to be sold without the slightest reserve.

FUR ROBES—A prominent manufacturing firm keeps us supplied with these robes in several grades at different prices. We can sell these to you much cheaper than you can buy them elsewhere.

HORSE BLANKETS—Our stock of these cannot be equalled in the city, and the prices are right. We have every grade, and can supply you to your own advantage. Call and look over our stock. It costs you nothing, and we feel sure we can suit you.

WE SELL STRICTLY ON COMMISSION

ALL HORSES sold with a warranty are returnable by owner the day following day of sale, if not as represented.

P. MAHER, Proprietor. GEO. JACKSON, Auctioneer.

UNION STOCK YARDS OF TORONTO, LIMITED

HORSE DEPARTMENT

AUCTION MONDAY AND WEDNESDAY

PRIVATE SALES EVERY DAY

AUCTION SALE

MONDAY, FEBRUARY 17TH AT 11 a.m.

225 HORSES

OF ALL CLASSES—Heavy Draughts, Light Draughts, Farm Chunks, Express and Wagon Horses, Drivers, Light Delivery, etc.

A full selection of all classes will be on offer at this sale.

WEDNESDAY, FEBRUARY 19TH AT 11 a.m.

175 HORSES

ANNUAL COMBINATION SALE REGISTERED

CLYDESDALES AND PERCHERONS

TUESDAY AND WEDNESDAY

FEBRUARY 25TH AND 26TH

Entry lists are well filled with a choice lot of stock. A good proportion of the offerings will be imported. Young mares in foal, bred by the best imported horses, will be a strong feature of the sale.

The following list of consignors to this sale is sufficient guarantee of the quality of the stock to be sold:

CONSIGNORS OF CLYDESDALES—
R. K. Johnston, Nashville, Ont.
L. Coates, Burlington.
Barber Bros., Gattacaou Point, Quebec.
C. Green, Brookline.
Hugh Greenlee, Bowmanville.
W. A. Hill, Fenwick, Ont.
J. Steinman, New Hamburg.
J. Graham, Derry West.
H. J. Galvin, Cambridge Cross.
CONSIGNORS OF PERCHERONS—
E. J. Wylie, Maple Leaf Farm, Kingsville, Ont.
Dr. T. H. Hazard, V.S., Markham, Ont.
T. D. Elliott, Bolton, Ont.
J. Steinman, New Hamburg, Ont.
Wm. Darcy, Burlington.

Catalogues will be mailed to all applicants.

Loading Chutes via All Railroads at Stable Doors. Our Stables are only three minutes' walk from G.T. R. and C.P.R. West Toronto stations. Stables Under Government Inspection. "The Place to Buy Them Worth the Money."

W. W. SUTHERLAND, In Office. C. BROTHERS, Auctioneer. J. H. ASHCROFT JR., Manager. Phone J. 557. Dundas Street Cars.

TOTAL LIVE STOCK

The total receipts of live stock at the City and Union Stock Yards for the past week were as follows: Cattle... 18 296 314
Hogs... 239 3040 3200
Sheep... 159 519 1008
Calves... 79 424 503
Horses... 231 22 242

At the City Yards the above figures show a decrease of 102 cars, 84 cattle, 4225 hogs, 1027 sheep and 142 calves, compared with the same week of 1912. At the Union Yards the above figures show an increase of 133 cars, 1680 cattle, 5083 hogs, 227 sheep, 402 calves and 45 horses, compared with the corresponding week of 1912.

At the City Yards the above figures show a decrease of 102 cars, 84 cattle, 4225 hogs, 1027 sheep and 142 calves, compared with the same week of 1912. At the Union Yards the above figures show an increase of 133 cars, 1680 cattle, 5083 hogs, 227 sheep, 402 calves and 45 horses, compared with the corresponding week of 1912.

Receipts of live stock at the Union Yards on Friday were 21 cars—72 cattle, 1425 hogs, 19 sheep and 5 calves. Rice & Whaley sold 1200 hogs, 190 lbs. each, at \$9.25, fed and watered.

MONTREAL-TORONTO SERVICE IN DECEMBER

MONTREAL, Feb. 14.—(Special)—C. W. P. Ramsay, engineer in charge of the Canadian Pacific Railway's new Montreal and Toronto line, stated today that the road would be ready for a fast passenger service by the first of December next. Seventy per cent of the grading is completed, 2100 men and 23 steam shovels being at work last month. Sixty-five per cent of the bridge work is also done. The remaining thirty per cent of the grading will be completed by the end of July, and track laying will commence at five different points, viz: Glen Tay, Enterprise, Belleville, Trenton and Agincourt, on the first of April, the rails being eighty-five feet apart. The exact distance from Montreal to Toronto by the new line will be 339 miles.

Measures to Check Smallpox Epidemic. NIAGARA FALLS, Ont., Feb. 14.—

(Special)—Public schools, the Princess Theatre, a moving-picture house, and Walker's laundry, were ordered closed by the board of health because of an epidemic of smallpox that covered here. The buildings will all be fumigated by the health authorities before they are allowed to reopen. Five people are now suffering from the dread disease here and it is feared the disorder will spread.

Restricted Rally in Stock Markets—C.P.R. Crosses 235

DULL SPECULATION LEADING FEATURE

The Public Are Not Buying Stocks Even at the Lower Prices.

SOME IMPROVEMENT BUT TORONTO MARKET ON THE WHOLE MADE ONLY SLIGHT PROGRESS.

While market interests were still inclined to be apprehensive over the clouded financial situation, sentiment in the Toronto Stock Exchange improved to a certain extent yesterday. This was due largely to the better trend shown by the larger markets, the slight rally in the New York list and the more confident feeling in Cape Court tending to remove the alarm occasioned by the relapse of Thursday. The Canadian securities moved irregularly again, but on the whole gave a better account of themselves, and at the close a firmer tone was in evidence. Perhaps the most outstanding feature of the Toronto market was the lack of speculation. Transactions in Brazilian, whose action may generally be accepted as a pretty good guide to the general tendency, involved only 438 shares, as against nearly 1500 the previous day. The whole trading in the exchange embraced less than 1500 shares, which compared with 2600 on Wednesday. On general principles this would be regarded as a bad omen, for it is one of the first axioms of the stock markets that dullness on declines evidences a weak position, since stocks are not attractive even at their lower values.

Improvement was small. Slight improvement as occurred was generally limited to small volume, and, except as an indication of a fair demand at the reduced prices, was not regarded as significant. Brazilian, after opening a small fraction higher at 96 1/2, sagged back to 95 1/8, and then rallied again to 96 5/8, leaving a net gain for the day of just one quarter. The shares had secured an advance in London, and the firmer tone here was a reflection of that movement.

C. P. R. was the strongest spot in the list, with the shares up to 234 5/8 here and to 235 1/4 in New York. At that level they stood 2 1/4 up for the day, and a full 3 1/2 above Thursday's low record. The general list was quiet in the extreme, and, outside of the fact that bids on some issues were raised moderately at the close, there was no feature. Mackay and Steel Co. were instances of this. Toronto Railway sold at 139 for broken lots, a new low for the year, and Bell Telephone at 166 stood at its lowest since October. Spanish River gained some two points at 70 1/8, and was the only strong spot in the specialties. Electric Development bonds sold up a fraction to 93 1/2, their highest since last August.

SEEK CONCESSIONS IN BALKAN TOWNS

European Financiers Alive to Possibilities of Near East—British Groups Caught Napping.

The great financial groups of Europe are anticipating peace in the Balkans and are already making arrangements to secure concessions for public utilities in some of the larger towns which have been taken by the allies. It is stated that emissaries from several French, German and Belgian syndicates have been on the ground for some weeks in the idea of "first come, first served."

English financial papers are devoting considerable attention to the march of the continental financial interests, for it is asserted that so far English syndicates have totally ignored the possibilities of the portions of the near east which will be exploited after the close of the war.

SHORTS COVERED IN NEW YORK MARKET

Erickson Perkins & Co. (J. G. Beatty) wired: Trading today was about three-quarters of that of yesterday. Much of the buying represented short covering. We must look for more drives by the bears. Buy only at such times, not on bulges. The way in which stocks ignored the newest move against the coal railroads seemed to show that the break in the market had discounted much bad news.

DIVIDENDS COMMENCED.
BOSTON, Feb. 14.—The Isle Royale Copper Co. has declared a dividend of \$1 a share, payable March 31 to shareholders March 1. This is its first dividend.

WILL HAVE DEEPEST SHAFT IN THE NORTH

Pioneer Work at the Pearl Lake — Forward Step in Porcupine Development.

PORCUPINE, Feb. 14.—The fore part of next week will see two drills commence sinking operations below the 600-foot level in the Pearl Lake main shaft to continue that working an additional 300 feet to the lowest depth attained by any mining company in the north country.

The vein has been penetrated 14 feet on the new level of the mine and for the time being the south wall will not be sought, but two drills are engaged in driving east and west on the ore to open up large bodies as possible at an early date. With the additional two machines in sinking to be started next week, seven drills will be working at the property. At 400 feet drills are driving east and west on the vein, while similar work will be accomplished on the upper level, and while Col. Stevenson would not give out any assays that had been taken on the ore, he stated that in his opinion the values were even richer than at 400 feet.

At 600 feet the Pearl Lake is the deepest mine in Porcupine being more than 200 feet below any other property. At 600 feet the mine will be deeper by 100 feet than any Cobalt mine, as the Beaver and Temiskaming, the deep mines of the silver camp, are down 700 and 850 feet, respectively, in their main shafts. The striking of ore at the 600-foot level last week is the greatest forward step Porcupine has known in a long time.

SMALL GAINS AT MONTREAL

Slightly Improved Tone of C.P.R. Gave Encouragement to List.

MONTREAL, Feb. 14.—A slight rally by C.P.R. in London and further improvement in this leader in New York promoted a better feeling in the local stock market today. The selling pressure of the last few days relaxed and buying of very light proportion brought about advances. There was no disposition, however, to turn the improvement into any bullish demonstration and traders' attitude to the market as a whole remained very cautious. Gains were shown at most points of the list. These, however, were largely confined to fractions. On actual transactions C.P.R. showed a net gain of only 1/4 for the day in the local market. The improvement, however, was greater than this, closing bid being up to 234, with sellers asking 235, as compared with closing quotations of 232 1/2 asked, 233 1/4 bid on Thursday. The market was inactive when C.P.R. was selling up to 235 in New York in the afternoon. Montreal Power fell back to 227 3/4 in the afternoon, and a few other issues eased off from their best, but in general the market held the early advances to the close.

Total business 3929 shares, 1960 mining shares, 291 rights, and \$26,460 bonds and debentures.

NEW ZEALAND PUTS OUT A BIG LOAN

Interest Yield Is Over Four Per Cent.—London May Turn It Down.

LONDON, Feb. 14.—Despite the gingerly attitude of the money market just now towards Dominion loans, New Zealand comes forward today asking £2,000,000, with all the little concession in the way of any issue at 98, and early payment of interest. The latter works out at about 4 1/4 per cent. This is generous for a government inscribed stock, but the exceptional times thru which the country is passing are entirely responsible. It would not have been surprising if the loan had been postponed altogether.

WILY CHINEE TRIES TO BORROW IN LONDON

LONDON, Feb. 14.—A Shanghai cable reports that the Chinese minister here is negotiating with the London County and Westminster Bank for a loan of a hundred million dollars. No information is obtainable at this end, as any proposals are being conducted secretly for the time being.

SHAREHOLDERS ARE SUING DIRECTORS

NEW YORK, Feb. 14.—The stockholders of the Federal Mining and Smelting Co. have instituted a suit against the directors of their company and the American Smelting and Refining Co. They charge that their company lost \$1,500,000 thru a contract made with the American Smelting and Refining Co., and that the same was made fraudulently.

WALL STREET NOT QUITE SO GLOOMY

Except For Copper Stocks, There Was a Distinct Improvement.

STEEL L E D ADVANCE

NEW YORK, Feb. 14.—There was a distinct improvement today in the tone on the stock market. The downward movement of recent days was checked and there was no trace of the nervousness which was evident at times yesterday. Bear traders renewed their attack early in the day, but were able to make little headway, except in the copper group. Operators on the short side apparently were less sure of their position, and evidence that the market was offering effective resistance to bear selling led to considerable covering.

The market hardened and during the latter part of the day rose well above yesterday's close, with Union Pacific and Steel in the forefront of the advance. Before the close there was a reaction and final prices showed small and irregular changes.

Another Break in Copper. The declines in the copper group were based upon a further break in the metal market. Both London and Berlin markets were considerably lower, and while the leading selling agencies here were reluctant to concede that their quotations were being shaded, it was stated that some sales were being made at 15 1/2 cents for electrolytic, compared with the recent figure of 16 1/2. News of the government's further prosecution of the "anthracite trust" was followed by a break of 20 points in Lackawanna.

Definite news from Mexico and in regard to the threatened strike of eastern railway firemen was lacking, and speculators were disposed to await these developments. Business was much smaller than on the preceding day. London was a buyer in this market, taking about 20,000 shares on balance.

FIRMER UNDERTONE IN LONDON MARKET

But Decline in Continental Exchanges Brought Easier Trend Late in Day.

LONDON, Feb. 14.—The stock market developed a firmer tone and a hardening tendency during the forenoon, the cessation of forced liquidation including their covering. American securities were quiet and steady during the early trading; prices opened a fraction higher and later improved under the lead of Canadian Pacific. At noon values ranged from 1/4 to 1 1/2 higher than yesterday's New York closing.

Later, with the exception of home rails, the market sagged in sympathy with the decline on the continent. Foreign rails and foreign bonds were the weakest sections. Wall Street buying maintained the improvement in the afternoon in the American section and the market closed steady.

COPPER METAL IS SLIDING LOWER

Weakness in London Market Leads to Further Downturn in New York.

NEW YORK, Feb. 14.—A private London cable says United Metals Selling Company and American Smelting Company have reduced prices on copper both in England and Germany. Price being made by American Smelting is full one cent lower at equivalent of 15.40c to 15.50c here.

The speculative London copper market continues to exert a dominating influence, and the Balkan situation in turn governs the speculative market. Weakness in Standard Copper makes buyers of electrolytic chary about placing orders. On Monday Europeans bought copper at the peg price of 16 1/2c a pound for nearby delivery, but in 50 and 100 tons lots. Consumers will not buy far ahead of going prices.

DULUTH SUPERIOR MAKES FAIR SHOWING

Duluth Superior earnings in the first week of the month made a very satisfactory showing, evidencing an increase of \$1,134.30, or 5.8 per cent. over the same week last year. From the first of January to date the earnings show a gain of \$2,911.75, or 5.6 per cent. The details follow:
First week 1912. 1913. Inc.
\$20,768.15 \$19,631.55 \$1,134.30
Year to date
111,942.30 106,809.55 \$5,132.75

ANOTHER BANK TO INCREASE CAPITAL

La Banque Provinciale, it is announced, will double its present paid-up capital as soon as the money market becomes easier. This will bring the capital up to the authorized amount, viz., \$2,000,000, of which half is now subscribed.

SOME ISSUES RISE WHILE OTHERS SAG

But the Mining Market on the Whole Shows an Improved Tone.

DEMAND IS SUSTAINED

Evidence that several of the favorite issues were straining at the leash were afforded in the mining market yesterday. Trading was of fairly voluminous proportions, tho by no means up to the records recently shown. Nevertheless it was plainly apparent that excellent buying was in the exchange, and it was accepted as rather significant that considerable accumulation was under way.

During the past week the market has shown a tendency to halt on several occasions, and in various instances an easier undertone has developed when profit-taking sales were attempted. There has been no cause for apprehension in this action, however, for it is one of the indications of a healthy technical position.

In the Cobalt list the feature yesterday was supplied by the City of Cobalt, which sold up another 20 points to 4 1/2, a net gain in two days of 5 1/2 points, and a new high record in years. It is generally believed that negotiations are under way for the sale of the property, and the buying is based on expectations of the realization of that fact. Gifford was another strong spot, advancing about a point. A deal is on for the sale of a large block of the treasury stock of this company, and, if carried thru, active development will be resumed. Peterson Lake, Temiskaming, Beaver, Chambers, and Great Northern were all easier. Temiskaming lost another point and a half to 45. McKinley-Darragh sold off to \$1.96.

LOW GRADE ORE AT DRUMMOND MINE

New Motor Installed—Concentrates Sent Out Every Little While.

COBALT, Feb. 14.—A new 30-horse power electric motor for hoisting purposes, which was installed at the Drummond mine this week to take the place of the old hoist. Developments at the mine continue satisfactory and the large milling proposition which is being developed on the 125 foot level provides enough ore daily to keep 20 stamps running at capacity. The Drummond's output from the work done by the 20 stamps and concentrator has been 100 tons of concentrates monthly.

SWASTIKA MILL TO START NEXT MONTH

Only Five Stamps to Be Used at First—Another Battery Later On.

COBALT, Feb. 14.—The Swastika mill should be running in 30 days' time, according to Superintendent John Reddington, who went north from Cobalt yesterday morning to superintend the unloading of the machinery which is being sent to the mill. The mill is being installed at present to be followed by a similar battery provided the mine continues to develop. Underground development will start just as soon as the mill is running smoothly.

KIRKLAND LAKE PROPERTY IS SOLD

Mining Claim in New Gold Camp Changes Hands at Good Price.

SWASTIKA, Feb. 14.—Jack Lavalley and Ed. Chapuis have sold one of their claims to Ab. Charlton. Alto the purchase price has not been divulged. It is understood that this consideration was a considerable sum of money, half cash and the balance in sixty days. This claim lies exactly west and adjoins the Reamsbottom property on Kirkland Lake. Little work has as yet been performed on the claim, but from the location and formation there is every reason to believe that it will prove a valuable property.

Trustees and Executors

Trustees, guardians, executors, administrators, those having charge of trust funds, have special reasons for exercising the utmost care in the selection of an investing agent. Long experience enables us to offer securities which measure up to the high standard required in all particulars. List on request.

SEARCHING FOR THE COBALT LAKE FAULT

Increased Importance Attached to Recent Discoveries by Prominent Mining Men.

COBALT, Feb. 14.—The increased importance attached to the discoveries along the Cobalt Lake fault can be seen by the fact that all the companies having territory thru which the fault passes, are now using their best endeavors to reach it and discover if there is ore along it.

This is the case with the Temiskaming and Hudson Bay, this company having a small wedge of land on the east side of the track. Last year, owing to the increased interest in the fault, there was more attention paid to this particular section and the Hudson Bay commenced to sink a shaft for a distance of 285 feet towards the fault, but it is estimated that there is another one hundred feet or more to be sunk before it is possible to strike it. The exact distance cannot be estimated as the fault does not appear on the surface. The greatest interest will be taken by the camp in the results obtained.
