## TAKE HEAVY LOAD AWAY FROM FUND

### Fifty Thousand Club Will Relieve Patriotic and Aid in Recruiting.

With their organization definitely lined up the Fifty Thousand Club selected its executive committee and will rush the preparatory work and arrange for the general campaign. At last night's meeting, held at 18 West King street, representative business men decided that the aim of the club could easily be realized.

They laid down as their object the securing of \$5,000 members, each of whom will contribute \$1 a month for one year, making an aggregate sum of \$600,000, which will keep the patriotic fund, organized and will guarantee enough money to provide for the dependents of the soldiers who have gone to the front and who have left families who are in need of pecuniary assistance.

J. E. Atkinson addressed the meeting, representing the executive of the patriotic fund. He declared that it would take a very heavy load off the shoulders of the patriotic fund. It would be an aid to recruiting.

The executive committee appointed consisted of: A. S. Rogers, H. B. Stanton, A. H. McCraith, J. B. Hall, A. C. Mac-

Naughton and C. L. Glover. Besides this committee of six, Sir William Mulock and J. E. Atkinson are behind the organization. The club decided to have an attractive metal button made for each of the 50,000 prospective members to wear. Plans were discussed for the canvassing of the various sections of the city.

## CAR WOULDN'T RUN THO ALL CRANKED

### Fruitless Efforts to Make Engine Go When Parts Were Missing.

## A DISAPPOINTED PARTY

### Motorcyclist Had Helped Himself When His Motor Had Played Out.

Charles Laidlaw, 214 West Queen street, started out last Sunday for a merry little jaunt on his motorcycle along the Lake Shore road. All went well till he was half-way between Toronto and Oakville, where the machine broke down and he was left stranded on the roadside. Not in the least discouraged, he started to explore the neighborhood, and came across a motor-car minus an owner.

Discovering that some parts of the car would make a substitute for those broken in his motorcycle, it is alleged that he took them with him, and fitting them to his machine, continued on his journey.

Some time afterward the owner of the car, with a party of friends, came along with the joyful intention of taking in the beauties of Nature by a trip thru the country. His friends fled into the car and he tried to crank it. After five or six unsuccessful attempts he doffed his hat and coat and twirled the crank handle until the perspiration streamed down his back, but still the car refused to budge. The conductor of his friends who sat in the car making jest of his failure irritated him and he stopped.

Strength of No Avail.

Of the opinion that strength was the thing required to set the engine in motion, a hasty occupant of the car took up the task and circled the crank with such force that he almost lifted the car from the ground, but failure was his reward. He called to the male members of the party had tried to start the engine until the eyes protruded from their heads, and warned them that something might happen in the matter with the motor. They lifted the hood and discovered the parts missing.

The chief constable of Oakville was notified and he communicated with the Toronto detective department. Detective Cronin was contacted to the case and he succeeded in placing Laidlaw under arrest yesterday on a charge of stealing the parts.

Had Leg Broken.

While taking a free ride on the back of a wagon going south on Church street about noon yesterday, Fred Goodwin, 12 years of age, 544 Church street, caught his left foot in one of the wheels and had his leg broken. The driver of the wagon was William Duddenden, 55 Boston avenue. Goodwin was taken to the Cottage Hospital in the police ambulance.

Daisy Sutherland, 1198 Dufferin street, was arrested yesterday evening by Detective Cronin for shoplifting in the Robert Simpson store.

## QUICK TIME MADE BY EIGHTY-FIRST

### Battalion Broke Marching Records From Niagara via Grimsby to Hamilton.

## A STIRRING RECEPTION

### Yesterday's Recruiting Again Proved Disappointing—Only Six Men Offer.

HAMILTON, Saturday, Nov. 6.—The usual thousands of patriotic citizens crowded Gore Park and the line of march to welcome the boys of the 81st Battalion, under the command of Lieut.-Col. Eason, upon their arrival in this city from Grimsby at 4.30 yesterday afternoon.

As the battalion swung into the park, marching with a magnanimous spirit that spoke well for the day of rest afforded thru the holding up of the trek, their band played "Well Never Let the Old Flag Fall," and the words were taken up by the citizens and soldiers alike, drowning the roar of the saluting cannon which were fired from the big store overlooking the park. At the city hall a chorus of school children sang patriotic songs. The trip in from Grimsby by road was made in 18 1/2 hours in the morning, a record march, the battalion making the best time of any of the troops engaged in the trek. Lunch was held at the Grand Hotel, where the inhabitants supplied their usual donation of pies, cakes and fruit.

Records Broken.

Not the slightest difficulty was experienced in holding back the enemy, owing to the fact that the advance guard, which kept the column ahead of the battalion well separated, had made a reputation for itself in the march from Grimsby to Hamilton they have broken all marching records, doing this under the heaviest of conditions. The week's training in Niagara camp before they were ordered out to take part in the trek. The fact that they had had only one casualty speaks for the condition of the battalion.

In an interview with The World yesterday afternoon, Eason said: "I attribute the splendid march of my battalion to the footwash and inspection which the men have every night. Recruits are not allowed to stretch their legs from each company tent, but are obliged to stretch their legs in a line, so that the men may have a rest."

A smoker was held in the evening at the armories for the 81st Battalion boys. After an opening selection by the band, the 81st under Bandmaster W. A. Dowell, under the direction of the 13th Royal Canadian Regiment, gave a performance which was given by Miss Galt. A program was given by Miss Galt. A program was given by Miss Galt.

Recruiting is progressing very slowly, and it becomes more every day that some impetus is needed to stand the line. Yesterday six recruits enlisted with the 13th Royal Canadian Regiment and about the same number with the 81st Highlanders. The cry is that the middle class is falling down, and nothing appears to be the solution.

The long-expected uniforms failed to appear at the depot headquarters yesterday, but it is believed they are on the way from Ottawa. Measurements and a requisition for more uniforms will be sent to those expected, were sent to Ottawa yesterday.

Eighty-Fourth Coming.

Today the 44th, commanded by Lieut. Col. Stewart, will march direct to the cricket grounds instead of to the armories, and upon arriving at the city they will be the guests of the Tigers at the game. The Montreal and the Tiger Football Clubs whose guests the 44th will be at the game, are also undertaking to supply the soldiers with a hot lunch upon their arrival at the grounds. The arrival of at least 500 cakes and pies contributions should be sent to H.A.A.A. ground today by 12 o'clock. If those not being able to deliver the cakes will be here on Saturday, called for. The ladies of St. Cecilia Chapter, I.O.D.E., will have charge of the distribution.

Citizens' Attention.

Citizens who are going to entertain the members of the visiting battalion, who will be here on Saturday, are expected to be personally present in new armories at 12.30 sharp on Sunday, or, failing that, have their representative there, as on account of the large number of men to be distributed (nearly 1000), it would be absolutely impossible for the committee to do more than arrange the distribution, and, of course, the soldiers being unfamiliar with the city, they cannot be

## ASK KINGSTON BARS CLOSED FOR WAR

### Public Meeting Passes Resolution Petitioning License Commissioners.

## MR. MONTGOMERY OBJECTS TO REGULATIONS OF CONVALESCENT HOME.

### Mrs. Montgomery Objects to Regulations of Convalescent Home.

Special to The Toronto World.—KINGSTON, Nov. 5.—Mrs. Montgomery of this city, mother of Pte. Edmund Montgomery, who saw service at the front, and who is now home suffering from shock, in a letter to the press, protests very strongly against the regulations, according to her son, and to other men at the convalescent home here. She says that when the men took a short walk from the home they got seven days in the cell, is this fair treatment for men who have done their duty? asks the writer.

At a meeting of citizens today, the following resolution was passed on motion of Bishop Bidwell, Kingston, seconded by Dr. Macmillan, moderator of the Presbyterian Church of Canada.

"In view of the crisis thru which the empire is now passing, which calls for the fullest efficiency and utmost capacity for service on the part of every citizen, be it resolved that an urgent request be presented to the board of license commissioners here, to prohibit the sale or other disposal of liquor in taverns and shops in this city for the period of the war."

Col. T. D. R. Hemming, commandant of Barrickfield camp, says that in motion of the resolution, and trusts the request will receive the fullest consideration.

Major W. A. Stroud's squadron of the 2nd Cavalry will be sent to the artillery park dormitories, where it will remain until its quarters in Hamilton are ready.

At a meeting of the Trades and Labor Council a resolution was passed endorsing the resolution of the Hamilton Trades and Labor Council which condemned class legislation with regard to the closing of hotel, club and bar. There was a discussion over the report that subjects of countries at war with the allies are being given employment. A resolution was passed suggesting that the militia authorities take the matter up and have a census of these men taken.

No trace can be secured of Private R. H. Hawley, brother of Miss Dorothy Hawley. The private was wounded at the battle of Langlee, and after recovering rejoined his battalion. Late in June he was reported missing and his fate has been unavailing. Rev. James W. Macintosh, formerly minister of the Church of Scotland, wrote to one of the German officials who replied that after careful enquiry it was established that Pte. Hawley was neither a prisoner nor in any German hospital.

Special to The Toronto World.—BRANTFORD, Nov. 5.—Property owners whose houses or stores have been vacant for months past, since the war opened, will not receive consideration in the matter of taxes. The court of revision here has decided against making any allowances for properties left vacant, refusing requests for remission of taxes.

William Dunlop may lose an eye through a part of a punch press on which he was working dying up and hitting his left eye.

The time of the arrival of the 84th Battalion here for winter quarters is still in doubt. Latest word received this afternoon was that the men would leave Hamilton on Monday via Greyhound. Frank and Harriette, marching in from Harrisburg, this would get them here in the afternoon. Women had started to prepare a hot dinner for them at noon Monday, but this will have to be served later. All. Byerson of the Y.M.C.A. left town this afternoon for Grimsby Park to find out details of the time of arrival. The contracts for supplies were let as follows: Meat, Matthews Blackwell; groceries, McCann Bros.; coal, Wilton Coal Co.; bread, John Johnston, all of Brantford; jam, E. D. Smith, Winona; tea and coffee, Hamilton firm.

Rev. C. V. Lester, chaplain for the 8th Brigade, Thorncliffe, will be prepared with a testimonial by the board of education.

Pte. Percy Guy, returned from the front in hospital, applied at the city hall for employment.

Pte. Lear Heard From.

Writing home, Pte. L. Lear, British reservist, who left at the start of the war for his old regiment, the 2nd Oxford and Bucks Infantry, gives the first information of his whereabouts. ## BROKE INTO STABLE WENT FOR A DRIVE

### Three Boys Hitched Up Horse, Drove Extensively and Abandoned Animal.

John Middleton, 12, 38 Fritchot street; James Burch, 13, 25 Belmont street; and Fred Henry, 9, 16 Fritchot street, appear to have a deep-rooted inclination for joy riding in a buggy, for after being released on Thursday on a charge of stealing a wagon they again found themselves last night in the hands of the police for taking a horse and buggy from a Yonge street livery stable.

The horse and wagon is owned by Samuel Wilton, 74 Belmont street. It is stated by the police that the boys broke into the livery last evening and hitched up the animal and started off for the east end of the city. They drove as far as the Beach district, turned back and went along the Kingston road, up Danforth avenue, thru Fodornden and finished up in Rosedale, where the horse was abandoned in a bad condition. A mounted officer found the driving outfit and took it to No. 5 police station, where it was identified by Wilton as his property. Detective Young was put on the case and in a short time placed the boys under arrest. They were afterwards released.

### Pte. Lear, Who Left Canada at Beginning of War, in Hospital.

Special to The Toronto World.—BRANTFORD, Nov. 5.—Property owners whose houses or stores have been vacant for months past, since the war opened, will not receive consideration in the matter of taxes. The court of revision here has decided against making any allowances for properties left vacant, refusing requests for remission of taxes.

William Dunlop may lose an eye through a part of a punch press on which he was working dying up and hitting his left eye.

The time of the arrival of the 84th Battalion here for winter quarters is still in doubt. Latest word received this afternoon was that the men would leave Hamilton on Monday via Greyhound. Frank and Harriette, marching in from Harrisburg, this would get them here in the afternoon. Women had started to prepare a hot dinner for them at noon Monday, but this will have to be served later. All. Byerson of the Y.M.C.A. left town this afternoon for Grimsby Park to find out details of the time of arrival. The contracts for supplies were let as follows: Meat, Matthews Blackwell; groceries, McCann Bros.; coal, Wilton Coal Co.; bread, John Johnston, all of Brantford; jam, E. D. Smith, Winona; tea and coffee, Hamilton firm.

Rev. C. V. Lester, chaplain for the 8th Brigade, Thorncliffe, will be prepared with a testimonial by the board of education.

## HILLCREST FAVORS CENTRAL COUNCIL

### Believe It Would Have Great Weight With Members of City Council.

## HELD ANNUAL MEETING

### President McClelland Re-Elected, But No Others Because of Small Attendance.

The annual meeting of the Hillcrest Ratepayers' Association was held in Hillcrest school, Bathurst street, last evening. Vice-President E. J. Harvey occupied the chair in the absence of President John McClelland, who, however, was unanimously re-elected for the coming year, and the election of the other officers was laid over to next meeting owing to the small attendance.

Secretary D. Munro reviewed the work of the association for the past year, and expressed satisfaction at the completion of Bathurst hill, the grading of McLaughlin Park, the erection of the public library, the installation of several postoffice boxes thruout the district, and other necessary improvements, which the association was instrumental in securing.

"Regarding a park for the district, in my opinion, this is not the time to ask for its conveniences, be as they may. The speaker briefly referred to the proposed organization of a central body of the ratepayers' associations thruout the city, and suggested the Hillcrest Ratepayers' Association appoint delegates to that body, and to put thru a resolution endorsing the formation of a central body."

J. B. Ball, secretary of the central organization, said: "It was the unanimous feeling expressed at the formal meeting of the ratepayers' associations recently held at Clinton Street School that an organization of this nature would have great weight with the city government in securing measures necessary for the good of the city."

It was resolved: "That the Hillcrest Ratepayers' Association are in favor of the formation of a central association of ratepayers' associations, and that the president resign his office at the next meeting of the organization."

Express Deliveries.

Regarding express deliveries, Rev. Dr. Talling expressed his disapproval of the present system and claimed that the delivery companies should be compelled to deliver goods in the northern portion of the city.

Dr. Horace L. Brittain gave an address on "How the City Government Reports to the People Who Pay the Bills," the points of which were summarized and adopted in various departments. Aid. J. W. Meredith also addressed the meeting.

## GERMANY TO OBTAIN FOOD FROM BULGARIA

### Arrangements Have Been Completed by Authorities, Says Frankfurter Zeitung.

## REMEMBER KING EDWARD

### In Arranging for the Local Reception to the Hamilton Machine Gun Battalion.

BERLIN, Nov. 5.—(By wireless to the Frankfurter Zeitung.) It is said that arrangements have been made between the German and the Bulgarian Governments to bring in food supplies from Bulgaria. A German purchasing commission which has gone to Sofia is being assisted by the Bulgarian Government. The commission is expected to return to Berlin in the near future.

The response has been so generous that there will not be sufficient men to go around, and the committee very much regrets having to disappoint some of those citizens who have extended themselves to do so.

Remember King Edward.

In arranging for the local reception to the Hamilton Machine Gun Battalion on their arrival in Niagara next Tuesday, sight will not be lost of the fact that the day will also be the birthday and anniversary of the late King Edward.

Dr. D. G. Storms has subscribed \$1000 for a machine gun, and was also instrumental in recruiting the following crew from the Canadian Club, composed of the Home Guard, to man the gun: F. C. Hornaby, S. Woods, T. C. Cornwall, E. Hoyte, Mr. Rice, Mr. Woods, M. Harris and S. Barker. The Hamilton Medical Society has also subscribed \$1000 for the purchase of a gun.

The 81st Battalion, which will leave this morning for Merton, where camp will probably be made until Monday, will be having a strength of 1026.

Ballantyne, which arrived here this afternoon from Niagara. The battalion will start on the 36-mile march on the morning of Saturday, and will break and at dawn will be well on towards Grimsby, the customary stop for the night. ### Annual Report of Home for Incurable Children Shows Satisfactory Year.

## LITTLE ONES CARED FOR

### Thirty-Nine Youthful Patients Have Been Residents in the Home.

Because of a number of whooping cough cases the annual meeting and reading of reports of the Home for Incurable Children was held in St. Paul's Sunday School yesterday afternoon. Hon. Justice Sutherland presiding. There was a very good attendance and all the speakers expressed warmly their appreciation of the good work carried on by the officers and board in the interest of the afflicted children. Mrs. R. A. Donald, the secretary, read an inspiring report on the activities and progress in the home during the past year, attributing the gratifying state of the home to the generosity of friends and the untiring efforts of Miss Underhill, the superintendent, and her staff of capable nurses. Thirty-nine little children have been residents during the year. There have been three actual discharges and four newly-admitted patients.

Much has been planned for the pleasure of the children, who have enjoyed many indoor entertainments and special outings provided by friends. There have been birthday parties, trips by motor to the Exhibition and a delightful Christmaside, voted the most successful in the history of the home.

### Finance Report.

The financial condition, Miss Buchanan's report, which was read in her absence by Mrs. Maclean, showing a balance on hand of over \$5000.

In the medical report, it was shown that the health of the children had been generally favorable. Four of the doctors who have been previously active in the interests of the home are now at the front, but the vacancies caused have fortunately been filled by other willing volunteers. After C. S. Growski had read the medical report, Mr. Beverley Jones moved the adoption of the three reports, and stated his belief that any good work in the interest of the children is destined to grow and succeed.

Mrs. Ferguson contributed a pretty solo, "The Children's Home," to the program, after which the newly-appointed board and the lists of elected officers for the ensuing year were read. Rev. Newton R. Powell, who has spent the past 18 years in the west, gave a bright little talk in moving the adoption of the names, and Rev. George P. Pigeon also gave a short address. Tea was served at the conclusion of the meeting.

The officers are filled as follows: Honorary president, Mrs. Henry Hough; president, Mrs. T. Robinson; vice-presidents, Mrs. F. J. Stewart and Mrs. Tower Ferguson; treasurer, Miss Buchanan; secretary, Mrs. C. Heron and Mrs. Donald. The board included the names of a large number of citizens whose sympathetic and active interest in the Home for Incurable Children is long standing.

### GREAT RECRUITING DEMONSTRATION.

### Strong Demand For Seats For The Empire Club Meeting Tuesday Evening.

Great interest has been evinced in the monster demonstration to be held in Massey Hall on Tuesday evening next, under the auspices of the Empire Club. All day yesterday a steady stream of citizens reserved seats and a capacity audience is assured. There are still, however, a number of good locations to be secured. Sir Sam Hughes, minister of militia, is expected to make an address of special importance on the subject of recruiting and stirring addresses will follow from Hon. H. Hewitt, prime minister, Ontario, and Chief Justice Sir William Mulock. The musical program will be in the standard of any entertainment ever given in Toronto, the National Chorus having prepared a series of patriotic numbers of great merit. Especially attractive will be "Le Marsellaise," by Miss May Wilkinson, assisted by the chorus, and the new recruiting song by Mr. Edward Wodson, "Canadians, Follow the Drum," an orchestra of thirty members, conducted by Mr. Frank Blainford, will accompany the vocal numbers and give a number of selections. The collection will inaugurate the day for the recruiting fund.

## MORTALITY DIFFERENCE

### Table Prepared Compares Length of Life of Abstainers and Drinkers.

In an article entitled "The National Course of Habit-Forming Drugs" in the October bulletin, issued by the department of public health, alcohol is characterized as the greatest influence by a dual action. In the first place, through the economic effects in the home—diminishing as it does and at times entirely cutting off the revenue of the home. Even the moderate drinker, who takes a glass or two of beer or whiskey on his way from work, robs his wife and family of the equivalent of a loaf or two of bread or a quart of milk; a family which at its best, with a full income, has often probably only enough to keep soul and body together."

## FLAMES NOT SERIOUS ON BRITISH STEAMER

### Rio Lages Did Not Request Other Ships to Stand by Her.

NEW YORK, Nov. 5.—No word concerning the British steamer Rio Lages, which was on fire 300 miles south of Halifax, N.S., had been received here today by the steamer's local agents, Simpson, Spence & Young. The agents expressed the belief that the fire was not serious, as the Rio Lages apparently did not request the assistance of other ships which are distressed steamers, to stand by, but merely to notify Halifax by radio.

The Rio Lages sailed from New York for Queenstown on Oct. 31 with a cargo of approximately 5000 tons of sugar for the local agents denied today suggesting any opinion as to the probable cause of the fire aboard their vessel.

### Provincial Board of Health Gives Pointed Advice to Medical Commission.

## MENACE TO THE PUBLIC

### Care of Soldiers Instanced to Prove Usefulness of Doctors' Methods.

The provincial board of health, represented by Dr. J. W. McCullough before Mr. Justice Hodgins' medical commission yesterday, contended that the study of osteopathy, chiropractic, manotherapy and other modern sciences was very poor, that its exponents were a menace to the public and merely "quacks." For the consideration of the commission the board presented a lengthy resolution, resolving that the standard of medical education should be maintained, that those going in for the study of medicine should have an education equal at least to honor matriculation, that course of study should be longer, that nine months each, cover seven years of study should embrace anatomy, physiology, bacteriology, pathology, diagnosis, as well as clinical experience, and that no man or woman be permitted to practice medicine unless fully qualified by the above education.

### Protecting the Soldiers.

The report presented set out that the water at Niagara camp was the worst in Canada, yet of the 20,000 soldiers who passed through this camp, not a single case of typhoid was traceable to infection in the camp. This was due to the inoculation of the men, the checks of the bacteria and daily treatment of the water by chemicals. "The rescue of wounded soldiers from the inevitable death of their comrades at the hands of the enemy has been due to a sound knowledge of the principles of medical science. Is there any reason for the why we should do anything which will expose the public to the practice of the unqualified 'quack'?" said the provincial board. Dr. Hastings, for the Toronto board, said that scientific knowledge of how to destroy the ravages of mosquito has made the Panama Canal one of the healthiest places on the continent.

J. C. Williams and W. G. Maybee, representing the opticians, asked for legislation regulating the practice of optometry and establishing a standard which all opticians must attain before selling eyeglasses.

LIMITED WAR IS WAGED BY ITALY

Attitude Toward Germany is Causing Much Speculation at Rome.

NO BITTER FEELINGS

Negotiations for Exchange of Certain Products Reported Under Way.

ROME, Nov. 5.—Existing relations between Italy and Germany again are the subject of interest among Italian political observers owing to the lack of a declaration of war upon either side and because, both countries seemingly are avoiding anything which might embitter their intercourse.

Reports from Berlin say that several thousand Italian workmen still are living in Germany unmolested, indeed enjoying the thro protection of the authorities there, while many Germans continue to reside in Italy without suffering any injury.

What is more remarkable in the opinion of prominent Italians is that negotiations are actually taking place with a view to an exchange between the two countries of certain products which do not bear directly on the war.

In some well-informed quarters it is thought that when Italy denounced the triple alliance and joined the entente allies she made a declaration to the entente that her participation in the war was limited to fighting Austria-Hungary from the object of conquering the Italian provinces still subject to Austrian rule, at the same time stating that she did not wish to extend the hostilities to Germany.

KITCHENER ABSENT ON PUBLIC AFFAIRS

British War Secretary Had Audience With King Thursday Night.

RESIGNATION DENIED

People Welcome Assurance on Raising Success in Raising Armies.

LONDON, Nov. 5.—Speculation was caused here over the whereabouts of Earl Kitchener, secretary of state for war, when the war office announced in a statement that the absence of his lordship was temporary and that he was away on public duty. With this statement was coupled a denial that his lordship had resigned. Premier Asquith is acting war minister during the absence of Kitchener.

The Court Circular said this morning that Earl Kitchener last night had had an audience of the King, who is still confined as the result of his accident in France.

Premier Asquith was seen entering the war office this morning and remained a considerable time. Afterwards the permanent secretary of the war office, Sir Reginald H. Brade, with one of Earl Kitchener's secretaries visited the premier at his official residence in Downing street.

The prompt official denial of the report that Earl Kitchener had resigned was welcomed by the public, which has pinned its faith to the man who succeeded within a year in turning a purely industrial community into a great war camp.

The official announcement of the field marshal's temporary absence from the war office is in accordance with public expectation. Premier Asquith, who takes charge of the departmental work during Earl Kitchener's absence, had experience in the war office shortly before the outbreak of the war.

PLANS COMPLETE FOR BIG TAG DAY

Aim to Keep Toronto in Lead as Recruiting Centre.

TUESDAY THE BIG DAY Expected to Establish New Record for Patriotism of Toronto.

Toronto's memorial of the birthday of the late King Edward VII. on Tuesday next will be a notable day in the city's history, a day of vast emotions, of patriotic fervor, of day for the solidifying of the resolve in the heart of the citizens into unity of effort.

An outlet for this effort is provided by the Citizens' Recruiting League, in their Tag Day, the funds from which are to "Keep Toronto Ahead" in her proud position as the leading recruiting centre of the Dominion.

The forming of five new battalions, the financial needs of the recruiting depot will greatly increase. No Government allowance covers these constantly arising emergencies, and the pride of Toronto would be badly crippled if efforts at recruiting had to be hampered and practically stopped for lack of funds.

Cadets Have Shares. For Tuesday Tag Day the School Cadets are being given a holiday, and their share will be to provide a guard of honor for each avenue and captain. Pretty trays have been given to the 2000 girls, who will tag Toronto at "what you please" for a tag. These trays are of red cardboard with the money boxes glued on. No boy need fear being kept out of the game. A captain and automobile will be stationed at every corner in the city, and on almost every other corner. Ten girls will work with each captain, the girls working either way up and down the street until they meet taggers from other cars, when they will exchange greetings, and report progress and return.

Twenty-five teams of men are being organized by F. B. Petherston for the purpose of tagging the city from house to house, to help those who have not been able to leave their homes in search of the automobiles.

Almost all of the motor cars necessary have been secured, but there is still room for a few volunteers, and the mention of the officers of the city yesterday the officers express great enthusiasm and former estimates have been revised.

The route table of the battalions from Exhibition camp will be arranged so that almost all of the Tag Day bases of the recruiting League will be visited, and with ten days of the city, regiments, so badly in need of equipment, are co-operating heartily.

NELLIE McCLUNG HAS CAPACITY AUDIENCE

Massey Hall Would Not Hold All Those Who Wanted to Hear Address.

Nellie McClung addressed a capacity audience in Massey Hall last night on "Woman's Suffrage." She spoke under the auspices of the Ontario Equal Suffrage League. Mrs. A. B. Grimsby, president of the league, after introducing the speaker, presented her with a silk Canadian flag on behalf of the league.

The keynote of Mrs. McClung's address was that women were setting their own valuation both in the home and before the world. She also said, in referring to the liquor traffic, that when she saw a drunken soldier she felt like apologizing to him as it was the public who put the temptation before him.

A collection was taken up for forty university girls and the amount will be used to purchase a field kitchen.

## PATRICK CLAIMS TORONTO PLAYERS

### Says He Has Signed Whole Blue-Shirt Outfit—Kennedy and Marshall Talk.

A Vancouver despatch says: President Frank Patrick today announced the names of the players of the Toronto professional hockey team whom he has secured for his new team. He named Harry Cameron, Ed Caspary, Frank Joynton and Jack Walker. This leaves the N.H.A. with only five clubs.

Holmes is the only player of those mentioned in Toronto at present, and he said yesterday that he had not crossed with the Patriotes, who they had made him an offer.

This comes from Quebec: Manager Mike Quinn of the Quebec Hockey Club signed up two of his men yesterday to play for the local club during the coming winter.

It is expected that several other men will sign contracts today and that in a short while the team will be up to full strength.

The players seem inclined to meet the management on reasonable terms and all told the prospects for the coming season look promising.

A Montreal despatch says: Score first blood for the National Hockey Association in the battle for playing talent between the east and west. George Kennedy, head of the Canadian club, one of the prime objects of the Patriotes, at last announced this morning that his counter-raid into the reserves of the western magnate had already borne fruit.

Two of the players to whom offers were made, among others, had last night wired their acceptance. Their names will not be given until three weeks from today, but in the meantime they have asked that Canadian contracts be forwarded to them. Half a dozen western players were among those approached by Kennedy in his ten thousand dollar worth of offers, and he expressed confidence today still more that the westerners would show a preference for the east.

Jack Marshall, playing manager of the Toronto club, received a letter today from one of his players, announcing that not a member of his team would consider the western offers.

"We have talked it over among ourselves," the player wrote, "and decided that so long as Robinson and Marshall were running the team we wouldn't leave it, no matter how good the western offers were."

Stratford's hockey enthusiasts will reorganize for the season on Monday evening next, and despite the fact that over a dozen active players, announcing their prospects are said to be fairly good.

President F. H. H. Gray, captain of the team from the west and is confident that the coming season will be a good one.

The prospects for hockey in the senior series of the O.H.A. in western Ontario cities and towns are exceptionally bright. Secretary E. L. Roseman of the Berlin club has received several offers for suitable groupings and Hamilton will certainly take London and Hamilton in division. With two groups in western Ontario, prospects are bright for a record season in the O.H.A. senior series.

### Final Game of T. and D. International Series—Canada Has Grand Chance.

## Argos' Great Record The Club and the War

The Argonauts naturally think that their football club should have been shown little consideration by those who arranged the soldiers' game. They played a game on Thanksgiving Day and the soldiers to help the cause along, having turned down several offers for exhibition games on that date.

It should be borne in mind that practically all the Argonaut executive are on service. Past President Major Henry recruiting; President E. E. Boyd, lieutenant; W. D. Gray, captain, on active service in France; Second Vice-President John R. Bennett, lieutenant, on recruiting service; Secretary-Treasurer, J. L. Ferguson, on active service.

Over two hundred hockey, rowing and football members at the front or in training.

The Argonauts played a patriotic game on Thanksgiving Day and intended playing it as soon as they completed their schedule this season. They arranged Rosedale grounds for Oct. 29, and offered the intermediate game so that the grounds would be free for such purpose. Then the military teams decided they did not want the grounds for that date. The Argos got in touch with Major Massey on Tuesday, Nov. 2, and tried to make arrangements for having their affair with Argonauts and Montreal playing their game at 1:30 and the soldiers at 3 o'clock at Varsity. Both Argonauts and Montreal were turned down.

Argonauts could not postpone their game as it was a league fixture and had year gone to Glad Murphy, who was injured and who was an aviator on service.

Argonauts deserved more than ordinary consideration in this matter and deserved better treatment.

## Trinity Easily Win Mulock Cup Game

Trinity had little difficulty in downing the Junior U.C. Mulock Cup team at the former's grounds yesterday afternoon by a score of 12 to 1. The black and white team were out in front all the way. Wilkins' booting was better than any of the U. C. half line could offer and the Argonauts gained continually.

Trinity (12): Smith, flying wing; Waddington, Baker, Wilkins, backs; Brethour, quarter; Donaldson, Scrimmage, scrum-half; Child, Brown, inside; Willis, Ruxton, middle; Fenwick, Sprague, outside.

### O. R. F. U. Saw-Off at Rosedale—The Little Big Four at St. Andrews.

The first of the home-and-home games for the Senior O.R.F.U. city will be played at Rosedale today. T.R. & A.A. have unopposed Block and Zimmerman to bolster up their back division, and hope to carry a good lead over Hamilton R.C. into the second game.

St. Andrews and Port Hope play their Little Big Four game today on St. Andrews' grounds, just north of Rosedale field. If they win, and Sidney Seat U. C. C. at St. Catharines, there will be a tie for first place.

Thus there will be championship games on each side of the fence.

At the next meeting of the Inter-provincial Union, Ottawa will vote in favor of an amendment of the present substitute rule, which allows from players to go on only in case of an accident. It is not unlikely that Ottawa will suggest the amendment to continue the rule as it is, in condition to continue the rule as it is, in more of the substitute rule so as to permit the introduction of new players at any stage. In intercollegiate it worked out very satisfactorily.

The Intermediate Tigers tackle Argo seconds, and in order to clinch the championship they must win. If they lose, the race will be tied up and another game on neutral grounds will be necessary.

The executive committee of the Senior O.R.F.U. Intermediate team has accepted the offer of the Hamilton, Rowing Club to play a sudden-death game, to be played in Sarnia on Saturday, Nov. 13. This is the semi-final game for the championship.

The Sarnia Collegiate football team leave to play Stratford C.I. today.

Ottawa expect to break into the win column today with victory over the Argo seconds. Brophy has been punting with more effectiveness than ever, and it is believed that he will be of great assistance to the Senators. Indeed, there is also an opinion that the Ottawa would have been very much in the running for the inter-provincial championship had Brophy been in uniform all season. He and George Boucher will play on the half line today.

Guelph Mercury: Probably the best football game of the season, staged in Guelph, will be played at the Exhibition Park on Saturday afternoon, when local Argos fans will be given an opportunity of seeing the University Scholars play the Guelph Collegiate team. Both teams have won their districts of the union, and the Toronto team won their games of the semi-finals with St. Thomas. The Guelph team breezed up and played a splendid game against Galt last Saturday, and with this week's additional practice, feel that their chances of winning are very good. They are certainly not over-confident, they will certainly give the Toronto squad a run for their money.

## APPEAL TO CANADA TO FEED BELGIANS

Three Million Are Destitute, Says Sir George Perley in Cable. CALL FOR SIXPENCES. Approach of King's Fete Day is Special Reason for Appeal.

By a Staff Reporter. OTTAWA, Ont., Nov. 5.—The prime minister received from Sir George Perley, acting high commissioner in England, the following appeal from the lord mayor of London:

"The fete day of the heroic King of the Belgians falls on Monday, Nov. 15, and as chairman of the national committee for the relief of Belgium I appeal to the people of the British Empire that will attend King Albert's greatest satisfaction, namely, by subscribing money enough to feed the whole of the three million destitute Belgians in Belgium on their beloved monarch's fete day. Sixpence will therefore enable us to keep alive their king's fete day every one of his subjects who is without food. "Canada has responded nobly to the cry of the starving Belgians, and I feel certain this special appeal for one sixpence per head will meet with a ready response."

Borden Heartily Approves. "The lord mayor's message tonight said: transmitted by telegraph to each province minister of the provinces, to whose best consideration it has been commended. The appeal made by the British National Committee for relief in Belgium thru the lord mayor of London is for a most worthy object, and it is hoped that it will receive every support from the people of Canada."

**"We Cannot Do Without You"**  
New York Horse Show Directors Telegraph to Lady Beck in Answer to Query.

The New York Horse Show directors displayed their contempt of the Hypocrites, who are said to have threatened Lady Beck when she refused to accept the invitation to act as judge at Madison Square. The incident was brought to a decision by the following exchange of telegrams:

"Toronto, Ont., Nov. 4, 1915.  
"National Horse Show Association, New York:  
"My attention has been drawn to articles in the New York newspapers. If it is at all embarrassing to the directors, I will withdraw. Please advise me what their wishes are."  
"Lillian Beck."

"New York, Nov. 4, 1915.  
"Toronto, Canada:  
"Articles in question have not embarrassed directors. We cannot possibly do without you. James T. Hyde, Sec."  
Lady Beck and party left yesterday morning for New York.

The Woodstock College Rugby team are leaving no stone unturned that would hamper their efforts to capture Junior O.R.P.U. championship. They have faithful attendances at field practice, chalk talks and physical exercises, which the team are going thru every day in order to be in the pink of condition. Great interest has been centred locally in the team, and it is thought the boys have a splendid chance of being honored to Woodstock when the finals are pulled off.

**LADY BECK IS JUDGING SADDLE HORSES TODAY**

Opening Program of U.S. National Show in Madison Square Gardens.

NEW YORK, Nov. 5.—The first arrivals for the national horse show, which will open at Madison Square Garden tomorrow morning, were twenty harness ponies, hunters and harness horses from C. Brady's Hamilton Farm at Gladstone, N.Y. They arrived yesterday and were taken to a private stable at 124 East Twenty-Fourth street, which has been engaged for their occupancy during the exhibition.

The show stables with their straw-bedded stalls were ready at the Garden and were put into use this morning with the rush of the out-of-town entries.

One detail of the decorations will be little ones fit for a child's Christmas tree to some forty feet high, especially near Bedford, Westchester County.

Tomorrow will be children's day, with special exhibits of ponies and several classes to bring out the skill of the juveniles at driving and riding. To keep up the custom established by Alfred Vanderbilt, when he became president in 1909, many children from the National Horse Show Association in the afternoon.

The horse show will start at 11 a.m. with the judging of the harness ponies suitable for the breeding of the international polo players, will include, following this there will be classes for trotting and saddle horses, during which Lady Beck will judge for the first time. The trials of green hunters over the jumps. The afternoon judging will start at 2 o'clock and the evening session at 8 o'clock.

**BALL PLAYERS SELECT THEIR OWN STAR OUTFIT**

Compilation of Choices Names Team of All Stars—Some Surprises.

There have been commissions of high-browed experts among the baseball writers to pick "most valuable" players, and high and low-browed, who have interested the world with their choices of all-star teams. Now we have a new wrinkle along that line. A St. Louis newspaper conducted a sort of voting contest among its readers, in which forty well-known players were asked to give their choices for an all-star team. The compilation of the choices showed the team to be made up as follows, the names being arranged in the order in which they were given the most votes.

Best batting order:  
Shotton, Browns, outfielder.  
Cobb, Tigers, outfielder.  
Carrigan, Phillies, shortstop.  
Speaker, Red Sox, outfielder.  
Merkle, Giants, first base.  
Mason, Yankees, third base.  
Schalk, White Sox, catcher.  
Morgan, Cardinals, catcher.  
Alexander, Johnson, Mammoth, Topsy and Leonard, pitchers.

It will be noticed that the forty players voting on the "best ball team" made selections radically different from those usually named by the baseball writers who presume to tell the public who the real stars are. For instance, Shotton and Carrigan are unknown in the high-browed all-American circles. It is a fact, nevertheless, that ball players throughout the country believe Shotton close to the top of the list. Shotton has done wonderful work for the Browns, and his selection is the more remarkable because he always has been with a losing team. Among his fellow professionals Shotton is regarded as one of the best outfielders that the game ever knew.

Merkle is considered to be the most valuable first sacker in the game. He not only hits well, but is a marvelous fielder and is rarely out of gear with the rest of the infield when a team-work play is on.

The players think Mason the most valuable man at third because he is always working hard to win. He is what they call a "ball player at heart." Some do that very thing, but Mason rights all the time because he loves the game. To illustrate: There was never a more finished third sacker than this Shotton. His name never appeared on an American team.

There is no use to explain the selection of Cobb, Speaker, Collins, Speaker and Carrigan. Their records tell all that, and in their case the figures have not made any mistake.

There could never be any question about the selection of Shotton as pitcher. He is an all-around man. Starting in as a pitcher in the last season, he played every position on the club and played hard all the time. His ball has been valuable to be wasted on a pitcher, and that accounts for the fact that he was an excellent twirler. At that time he was not placed in the outfield of this team for a simple reason: that his best work was done up to season. In fact, less than two months before the big season, he had been warned to brace up in his playing. Otherwise, he would have been a "Red Sox" pitcher, taking his place in the Red Sox outfit.

The few have mentioned them in their selection, Messers and Toney were probably the most valuable pitchers of the season with the possible exception of Toney, and still attracting attention by successive victories.

A peculiar feature of the 1915 season is that it is the first time in ten years that the names of the 40 players combined opinions resulted in the choice of well-balanced teams. They are not given, controversy, but it is stated that none of the 40 voted for himself, at least not as first choice, in making up his team.

**EDDIE HOLLY MADE GIRL RETURN RING**

CHICAGO, Nov. 5.—Edward Holly, former member of the Pittsburgh Federals, and now utility infielder of the Cubs, was complaining against Miss Davis, 26 years old, No. 470 Sheridan street, when she was arrested before Judge LaBay in the Desplaines Street Court. Miss Davis was charged with having stolen a diamond ring.

The case centered around a diamond ring given to Miss Davis by Holly more than a year ago. Her refusal to return it caused Holly to have a warrant issued for her arrest.

Miss Davis told the following story in court:

"I met Mr. Holly in Indianapolis, Ind., in August, 1914. I was working in a hotel where he was stopping. We were close fast friends, and when he left we corresponded a great deal. He gave me the diamond ring in September. Two months later he told me that he had given it to a girl named Mary. Then we made up and he returned the ring. I came to Chicago several months ago and obtained employment as clerk at a cigar stand in the Hotel Severn. Then I was arrested."

Holly told the court that he wished to sever his acquaintance with Miss Davis, and would not return the ring, so I got the warrant," he said. "The girl has been the policeman when he arrested me, and I have it now. I don't want to prosecute her."

Judge LaBay dismissed the case. Holly asserted that he intends to play with the Cubs next season.

**SHALL Toronto take second place to any city in Canada in her contribution of men in answer to the King's call?**

Shall Toronto—first in the Dominion in its recruiting record—now be relegated to the background in this matter of raising men?

That is exactly what faces us now. The organization for recruiting purposes—the Recruiting Depot and the City Regiment—are working literally night and day. Enthusiastic, able and unselfish, they must have money to make it go—money for a thousand and one expenses—for calls which come every hour.

So pressing is the need that all plans for raising funds had been made before the call came from the Motherland for the British Red Cross. In the face of that appeal everything was stopped, in the firm belief that Toronto would rally to this call whenever presented.

Now comes this call to your generosity, patriotism and civic pride.

This city has never yet failed to respond to a worthy appeal and it will not fail now. "Something from everybody" will provide the funds which will make recruiting go on with a rush, because each necessary thing can be done.

ONLY BEST CATTLE WILL FIND BUYERS

Those Offered Yesterday for Export Fell Short of the Standard.

BUSINESS VERY SLOW

About Dozen Cars Were Sold, Majority of Trading Being Inactive.

The receipts of live stock at the Union Stock Yards yesterday numbered 83 cars, including 827 cattle, 3 calves, 634 hogs, 362 sheep and lambs and 450 horses.

The Friday market for choice heavy steers opened with about 1200 cattle in the pens, but a large proportion of these fell short of the class American buyers have ordered for, consequently it developed upon local operators to lift these butcher's carves.

As intimated before, steers, well-finished and fat, weighing around 1300 to 1400 lbs. only were saleable on this last day's market.

When the auctioneer called away choice heavy steers he had about steady with last Friday, going at \$2.25 to \$2.50.

ADANAC STARTS UP BY DEWATERING SHAF

Property Next the Timiskaming Will Sink to Four Hundred Foot Level and Drift for Veins.

The Advance Silver Mines Company has just finished dewatering the Pelton shaft on its property, which adjoins the Timiskaming, and will immediately commence sinking to the four hundred foot level. McINTYRE EXTENSION HAS COMPLETE OUTFIT

Small Amount of Further Development Will Put It on Producing Basis.

McIntyre Extension sold yesterday at \$4. Work has started on this property with the complete outfit, including all necessary buildings. The shaft is almost down 750 feet and upwards of 2000 feet of development work has been done on the 300, 400 and 500 foot levels.

BUYING IN ADVANCE FOR IMPENDING MOVEMENT

R. E. Kemmer, in his weekly letter, says:

"To adopt a cautious tone in industrial and express full confidence in the gold mining industry may appear to some as being, to the least, somewhat unusual, but at the present time we have most unusual conditions. As has been pointed out, the Porcupine issues in particular have been neglected during a period of tremendous development and the properties producing mines is now such as to allow of an accurate analysis as to all industrial companies while the directors of partly developed properties now know approximately what they have and a basis of value is established, not because of the accurate knowledge which I have that I so unhesitatingly recommend the purchase of a number of mining properties."

GIVING SWASTIKA ANOTHER CHANCE

SWASTIKA Nov. 4.—Actual mining operations are now being carried on at the Swastika mine by Frank C. Cohen and his associates who exhibited it recently. Drifting has proceeded on the main vein on the 200-foot level and the ore being hoisted.

This is the country where the poor man is made rich and the rich man richer; this is the country which supplies the north with oranges, grapefruit, strawberries, vegetables, etc., at a season no other place can supply them.

Our lands are in the Lakeland District, the highest point of South Florida; the soil cannot be exceeded in the State. Transportation is the very best; our lands are cleared, ready for the plow; house is built for you; finest drinking water and upward of 2000 feet of development work has been done on the 300, 400 and 500 foot levels.

We extend you cordial invitation to visit Lakeland as our guest. Let us show you what we have to offer. You will be under no obligation to buy. We want you to join us. We know if you are looking for a place to make money and live in the finest climate in the world we can save you.
