## VICTORY PERCHES ON THE BANNERS OF PUBLIC POWER

**Hamilton Bylaw Wins by Major-  
ity of 439 After Hard Won  
Fight Over Well Organized  
Forces of Cataract Power Co.**  
 —With Campaign Fund of  
Only \$400 People's Champions  
Successfully Contend Against  
Lavish Expenditure of Money  
by Opponents of Bylaw.

### MAYOR LEES THANKS THE WORLD FOR ITS SUPPORT

HAMILTON, July 25.—(Special).—The  
last vestige of doubt as to the desire of  
the ratepayers of Hamilton for hydro  
power disappeared to-night when the  
municipal power and light bylaw was made  
known. The majority in favor of the  
measure was 439 votes, the ballots cast  
being 3683 for and 3224 against.

It was indeed a great victory to-day.  
Never in the history of this city has  
any measure met with such fierce and  
determined opposition as has been di-  
rected against the people's bylaw. No  
proposition ever submitted to the rate-  
payers of the city has ever been so  
wildly and so persistently misrepres-  
ented, nor has such a body of public  
spirited citizens of this city ever been  
subjected to as much wanton abuse as  
the supporters of the municipal bylaw  
have had to suffer through the cam-  
paign which has just closed. For his  
courageous stand in behalf of the by-  
law, Mayor Lees, than whom his gen-  
erally admitted Hamiltonian never has  
had a more upright and public spirited  
chief magistrate, has been the target  
of the most unwarranted attacks by  
the hired newspaper allies of the Cata-  
ract Power Co. T. J. Stewart, M.P.,  
has been freely vilified for the promi-  
nent part he has taken in the fight.  
Gordon Wilson, M.L.A., has been  
ridiculed and abused because of his  
efforts to help pass the bylaw, and  
no friend of the bylaw who has dared  
to take an active part in the contest,  
has escaped criticism. While the Cata-  
ract Company have spent thousands  
of dollars to defat the bylaw and have  
hesitated at nothing which appeared  
to be likely to influence the ratepayers  
against the municipal schemes, the  
champions of public power have had  
a campaign fund of only \$400.

### Writing Letter to Lord Newton in Support of Lansdowne—To Bow to the Inevitable.

LONDON, July 25.—Another exciting  
day of political conferences, party cau-  
ses and ministerial visits to the  
king left the crisis no better solved  
than yesterday. There was renewed  
flashing of epithets in the house of  
commons to-day. The only significant  
incident of the session was that E.  
B. Smith, one of the leaders in yester-  
day's turmoil, quit his accustomed  
seat among the opponents of Balfour  
and ranged himself with Lord Hugh  
Russell and other insurgent Unionists.  
The most important event of the day  
was the publication of a letter which  
Mr. Balfour wrote to Lord Newton  
in reply to a request for his opinion  
on the situation. As was expected he  
fully supported Lord Lansdowne in  
bowing to the inevitable and avoiding  
the creation of peers. Thus the rup-  
ture in the Unionist party is definite  
and open.

### Fourteen automobiles and a few car- riages were at the disposal of the by- law supporters busy from the opening to the close of the polls. To the use of the conveyances, all of which were free, due to a large number of the success of the bylaw. Most of the autos were furnished by local friends of the by- law, while four came from Toronto and one from Grimby and another from Beamsville.

As was expected, the vote today was  
the largest ever cast in this city on a  
bylaw. The fact that the polls were  
kept open until seven p. m. was great-  
ly in favor of the bylaw, as this en-  
abled many working men to cast their  
ballots. A great percentage of the  
voting was done after five o'clock.  
A few trifling cases of disorder-  
liness in connection with the voting  
to-day have been reported, and so far  
no crookedness has come to light. The  
polling places, under the utmost vigilance,  
and in addition to several constables  
in plain clothes stationed around the  
polling places, a number of private  
detectives were sworn in to prevent  
any irregularities in the balloting.

While the citizens achieved to-day  
had been confidently anticipated by  
those who had worked so hard for the  
bylaw, the figures when announced,  
were received with great pleasure by  
the friends of the measure. A jubilant  
deputation headed by Mayor Lees and  
consisting, besides himself, of Controller  
Bailey and T. J. Stewart, M. P.,  
Ald. Anderson, Allan Studholme, M. L. A.,  
L. A. V. Gordon Wilson, M. L. A.,  
labor council, visited The World of-  
fices after the result was announced  
and expressed their gratification over  
the verdict rendered to-day on Hamil-  
ton's municipal power and light  
scheme.

Incidentally, the mayor, speaking  
for the deputation, thanked The World  
for the part this paper has taken in  
the campaign. In regard to the bylaw  
the deputation to Mr. W. F. Maclean,  
personally, for the use of his  
auto today in carrying the bylaw  
polls. In regard to the success of the  
bylaw his worship made the following  
statement to The World:  
"The battle won to-day has been be-  
tween the citizens of Hamilton  
and the Cataract Power Company.  
The city council was unable to use the  
money in the campaign, while on the  
other hand, the company, for various  
reasons, thought it a good investment  
to spend money without stint. The  
victory to-day, therefore, is a tribute  
to the citizens of Hamilton. I believe  
to-day will mark the beginning of an  
era of unprecedented advancement for  
the city. Notwithstanding the action  
of the Cataract Power Co., I hope that  
concern will share in the general pros-  
perity which will be brought about by  
the era of cheap electric light and  
power."

### CAME TO GRIEF.

HALIFAX, July 25.—The motor boat  
Romantic, which sailed from Bridge-  
port, Conn., Saturday evening, to  
cross the ocean to Queenstown, is  
ashore at Chebogue Point on the Yar-  
mouth coast, she struck shortly before  
midnight Monday, and this afternoon  
was lying in an exposed position with  
every prospect of becoming a total loss,  
the crew saved their lives and got some  
of their effects ashore.

### CHICAGO, July 25.—Armed with a wife and carrying a letter addressed to President Taft and the local British consul, N. Lusane, 35 years old, be- lieved to be a Hindu, ran amuck in the crowded streets of Chicago in the downtown district late this evening. Eight men were wounded. He was ar- rested.

**MAYOR LEES OF HAMILTON**

### STICK BY YOUR LEADERS IS ADVICE OF BALFOUR

Writes Letter to Lord Newton in  
Support of Lansdowne—To  
Bow to the Inevitable.

LONDON, July 25.—Another exciting  
day of political conferences, party cau-  
ses and ministerial visits to the  
king left the crisis no better solved  
than yesterday. There was renewed  
flashing of epithets in the house of  
commons to-day. The only significant  
incident of the session was that E.  
B. Smith, one of the leaders in yester-  
day's turmoil, quit his accustomed  
seat among the opponents of Balfour  
and ranged himself with Lord Hugh  
Russell and other insurgent Unionists.  
The most important event of the day  
was the publication of a letter which  
Mr. Balfour wrote to Lord Newton  
in reply to a request for his opinion  
on the situation. As was expected he  
fully supported Lord Lansdowne in  
bowing to the inevitable and avoiding  
the creation of peers. Thus the rup-  
ture in the Unionist party is definite  
and open.

### WOODSTOCK, Ont., July 25.—(Special).—The first annual Woodstock conference of the Young People's Mis- sionary Movement of the United States and Canada opened in Woodstock college with a goodly representation of delegates present. By common consent it was expected that all delegates will be in attendance. Last night's meet- ing was in charge of Rev. Dr. McKee, D.D., general secretary of the mission board; Rev. Canon S. Gould, M.D., sec- retary, missionary society of the Church of England in Canada; Rev. F. C. Scarborough, Methodist Young People's missionary secretary and other prominent leaders in missionary work. This morning at the conference seven classes were started, conducted by skilled leaders. The classes are as follows: "Devotive hour of Christian missions," conducted by Rev. J. G. Brown, D.D.; "The uplift of China," conducted by Rev. N. E. Bowles, B.A.; "Sunrise in the Sunrise Kingdom," conducted by Rev. J. Cooper Robinson, "South America," conducted by Rev. C. N. Mitchell, M.A.; "India, awakening," by Rev. D. J. Davidson, B.A.; "Strangers within our gates," by Rev. C. J. Cameron, B.A.; and "Servants of the King," by Morris Emes.

### TO-day the delegates listened to very interesting addresses from Miss Lily Pratt and Mrs. J. McLaurin, returned missionaries from India. Mr. Emes gave an address upon missionary or- ganizations.

### LITTLE BOY LOSES LEG

Fred Gallagher Fell Under Wheels of  
Train.

Nine-year-old Fred Gallagher, 114  
Niagara-street, lost his right leg below  
the knee by falling from a C. P. R.  
train near the Harris Abattoir yester-  
day afternoon, when he and several  
other boys were going out into the  
country to pick apples.

He fell from the steps of the train,  
which passed over his leg severing it.  
He was removed to the Western Hos-  
pital in Mr. Harris' automobile. He  
will recover.

### Ran Amuck.

CHICAGO, July 25.—Armed with a  
wife and carrying a letter addressed to  
President Taft and the local British  
consul, N. Lusane, 35 years old, be-  
lieved to be a Hindu, ran amuck in  
the crowded streets of Chicago in the  
downtown district late this evening.  
Eight men were wounded. He was ar-  
rested.

**Shake Hands**  
 President Taft: "Come, gentlemen, all you have to do is shake hands."  
 The Kaiser: "Ach, but to do dot I muss drop mein arms."

### An October Election?

OTTAWA, July 25.—(Special).—Earl Grey returned to  
Ottawa to-day, his holidays in Quebec having been cut short by  
the political crisis. On his excellency's arrival, Sir Wilfrid left  
the house to-night and proceeded to a conference with the gov-  
ernor. The dissolution plans of the government, so far as com-  
pleted, were, it is understood, laid before his excellency.  
Sir Wilfrid Laurier's statement, that there would be no  
deferred elections in the unorganized districts of New Ontario,  
is said by men familiar with conditions in the north to mean  
that the polling cannot take place till Monday, Oct. 2. They  
base their calculation upon the fact that the proclamation allows  
till Sept. 18 for the preparation of the lists by the judges. The  
lists must then come down to Ottawa to be printed, and must  
then go back to the ridings. That accounts for ten or twelve  
days.

### FIND CITY TO BLAME FOR DEATH OF LINEMAN

Side Blocks Should Have Been  
Placed To Spread the Wires,  
Says Coroner's Jury.

"We find that Frank Gowans met  
his death on July 10 by coming into  
contact with the wires of the Toronto  
Electric Light Company and the tele-  
graphic wires while working on the  
hydro-electric pole at the corner of  
Hortwell-street and Queen-st.  
"We believe the Toronto Hydro-  
Electric Commission negligent in not  
placing side blocks to spread the  
wires, and find that death was directly  
due to this negligence."  
After listening to technical explana-  
tions by three expert employes of the  
hydro-electric, the above verdict was  
brought in before Coroner E. Winnett  
in the enquiry into the death of Frank  
Gowans.

### Position of Superintendent Abolished —S. B. Clement in Charge of En- gineering Maintenance.

Important changes and promotions  
were made yesterday in the staff of  
the Timiskaming and Northern Ont-  
ario Railway. The appointments  
were made at the close of a special  
meeting of the board, which was at-  
tended by Chairman J. L. Englehart  
and the other members of the commis-  
sion. Secretary-treasurer McKee, Chief  
Engineer Clement, Supt. Black, Traffic  
Accountant Griffin and General Agent  
Lee. The new arrangements will take  
effect on Aug. 1, and are officially an-  
nounced as follows:  
J. H. Black, superintendent, having  
resigned, the position of superintend-  
ent is abolished. S. B. Clement, chief  
engineer, is appointed engineer and  
superintendent of maintenance, with  
jurisdiction over engineering, main-  
tenance of way and motive power de-  
partment.

### HURLED THRU THE AIR.

NEW YORK, July 25.—A subway  
express train, running at top speed,  
caught three electricians in its path  
near the 72nd-street station at the res-  
hour this afternoon, fatally injuring  
one and sent the other two spinning  
thru the air for 50 feet. They were un-  
conscious when they landed, again in  
the track of the train, but the emer-  
gency brake fetched the train up short,  
stopping it within a few inches of their  
bodies.

### CANCELED CRUISE OF THE ATLANTIC FLEET

Moroccan Difficulty Becomes Acute—Orders to Crews of  
Home Fleet To Be in Readiness for  
Emergency Service.

LONDON, July 25.—That the Moroc-  
can difficulty has become acute is in-  
dicated in the sudden order issued by  
the admiralty to-day cancelling the  
projected visit of the Atlantic fleet to  
Norway. The battleship squadron un-  
der Rear Admiral Sir John R. Jellicoe  
should have left Cromarty to-night for  
Norwegian waters. Instead, it has  
been ordered to remain at Cromarty  
until Friday, and then proceed to Ports-  
mouth.

It is also reported that the crews of  
several ships of the home fleet have  
been ordered to hold themselves in  
readiness for emergency service.

Premier Asquith has promised a  
statement in parliament Thursday on  
the Moroccan situation.  
According to advices received from  
Berlin, negotiations between France  
and Germany were proceeding smooth-  
ly until Chancellor Lloyd George's  
speech on July 21, which was inter-  
preted as a warning to Germany in  
the present Moroccan controversy. The  
German newspapers now declare that  
it is impossible for Germany to modify  
her demands, in the face of the threat  
imp in that speech, because of Ger-  
man public opinion.

## PLUNGED OVER GREAT CATARACT IN BARREL

**Bobby Leach Makes Good in  
His Daring Venture—His Log  
Wrenched—His Own Story of  
the Trip, as Told to The World  
—"That Was Hell, Boys," His  
First Words when Barrel Was  
Opened.**

### IS THRU WITH TAKING CHANCES ON HIS LIFE

NIAGARA FALLS, Ont., July 25.—  
(Special).—In his steel barrel, Bobby  
Leach successfully made the trip over  
the Horseshoe Falls this afternoon.  
Beyond a number of bruises and a se-  
vere shaking up he was unharmed by  
the drop of 158 feet. He is in bed at his  
home here to-night.

This is the second time the falls  
trip has been successfully made. Mrs.  
Anna Edson Taylor accomplished the  
feat on Oct. 24, 1901. Mrs. Taylor wit-  
nessed Leach's trip, and as the barrel  
made its frightful plunge she remark-  
ed to a friend that she feared the in-  
trepid little Englishman would never  
come out of the craft alive.

It was just 2:55 o'clock when the bar-  
rel was cut adrift off Navy Island. It  
was towed into position by a rowboat  
and started on its perilous journey  
down the tossing waters of the upper  
rapids to the cataract by cutting the  
towline. A strong wind was blowing  
and the river level was several feet  
above normal. Navigating the upper  
river in a rowboat in such a mood was  
extremely dangerous work.

When the barrel was cut adrift it  
was in the middle channel, but it had  
not gone a hundred yards on its jour-  
ney before it took a course nearer the  
Canadian shore. It was within 50 feet  
of the mainland when it passed the  
plant of the Electrical Development Co.  
Less than a mile above the cataract  
the barrel was caught by currents and  
swung away from the Canadian shore.  
When it took the plunge over the falls  
at 3:13 o'clock, it was fully 100 feet from  
shore.

### Plunged Over the Falls.

Springing great billows, a deluge  
of the cataract the barrel was lost to  
view for a moment as it started on its  
plunge. Then watchers on the shore  
saw it resurface between rifts in the  
spray. When it struck the water its  
sharp nose burrowed into the lower  
river and for a twinkling the craft re-  
mained under water, only to leap from  
the water with the force of the re-  
bound.

The barrel remained in the lower  
river 22 minutes before the manhole  
was opened and Leach stuck his head  
to the surface. He then waved his hat  
and waved his hat to the spectators. When  
the barrel was caught in an eddy near  
the Canadian shore Frank Bender, a  
Canadian public swimmer, grasped it.  
Within two minutes men in a rowboat  
began towing it ashore.

"That was hell, boys!" were Leach's  
first words as he shook himself with  
Bender after the towline had been at-  
tached.  
When Leach was removed from the bar-  
rel it was thought that the barrel had  
been broken and he was re-  
moved to his home on a stretcher. Dr.  
F. W. Wilson made an examination  
and declared that Leach's hands were  
severely strained and cut on the knee  
almost to the bone, which made the  
injury very painful.

### Reciprocity Debate Resumed.

The reciprocity discussion was re-  
sumed after Mr. Borden announced  
had been declared lost on a division.  
W. R. Smythe (East Algoma) con-  
tinued the antidiversion against the  
fact and the lack of information in the  
possession of the ministers in not pro-  
tecting Canada against the importation  
of cheap southern lumber.

Major S. Sharpe (North Ontario)  
made a careful analysis of the negotia-  
tions and pointed out the fallacy of  
one minister telling the farmers that re-  
ciprocity would give them higher  
prices for their products, and another  
minister saying to the manufacturers  
that their market would be increased  
and prices enhanced. He declared that  
the ministers were not open  
to negotiations. The ministers were pre-  
mature in their conclusions on re-  
ciprocity, because any advantage that  
would accrue would have been granted  
in time by the new Democratic house  
without concurrent action by Canada.

Sir Wilfrid's telegram to T. C. Rob-  
bette, the alternative Liberal candi-  
date in North York, that both farmers  
and consumers would be benefited, this,  
Mr. Sharpe said, intimated that the  
proposed arrangement had the magical  
effect of bringing higher prices to the  
farmers and permitting the consumers  
to buy those farmers' products more  
cheaply than at present at the house com-  
morality of the house com-  
motion to-day, beginning at 11 o'clock.

### Motion for Morning Sessions.

On the motion by the premier for  
morning sessions Dr. Sprague made in-  
quiry as to the time to be devoted to  
the consideration of private bills in  
committee and the house.  
"It is before the measure which is  
before the house," said Sir Wilfrid,  
"that is with the reciprocity scrip-  
ture." Everything else depends upon  
that," was Sir Wilfrid's ultimatum.

Hon. Sydney Fisher in reply to  
the question by Dr. J. G. Rutherford,  
chief Dominion veterinary, was in his  
hands.

R. L. Borden asked the secretary of  
the board for a detailed report showing  
what progress has been made with  
the preparation of the voters' lists.  
Hon. Charles Murphy promised to  
have a report prepared.

Col. Tabot of Bellechasse took ex-  
ception to an article in The Montreal  
Standard.

—Main Floor—Queen St.

### Men's Summer Suits, Half Price and Less

Marked for a Midsummer Clearance at \$5.85

Don't delay if you're looking for a good serviceable business suit for little money. These suits picked out for a hurried exit on Thursday bring our odd sizes and balances of lines down to a fine minimum. This is one of the few chances you'll have for a long time and don't miss it, for it's one of the best chances. All three-piece suits, with single-breasted coats, plain single-breasted vests and medium width trousers. The materials are tweeds in light and dark shades of grey in striking patterns, woven stripes and colored thread stripes and brown stripes with golden brown thread stripes. The linings and trimmings are good quality materials and the workmanship is excellent; sizes 36 to 44. Some extra good snaps for big men who take sizes 40 to 44. All half price and less ..... 5.85

2600 shirts to be cleared quickly at 50c, and it should be the greatest event of its kind the department has ever known, for the shirts are better, higher grade—most desirable, and there's a bigger variety than we've offered at any past sale. Everything is in readiness for a rush of business. Thursday—extra space—extra salespeople and special arrangements to overcome delay in handling and getting change. The lot includes the over-makes of several leading Canadian manufacturers secured at a price that is extraordinarily low because we bought such a large quantity, that's why we can afford to mark many of them at one-third what such shirts usually bring. Such a large lot in the lot is extra big value at the price. There are plain negligé shirts and shirts with pleated front, made with small attached cuffs and the new negligé shirts with soft turn-back cuffs and soft, high collars. The materials include Scotch zephyr, madras, cambrie, fine mercerized and fancy corded materials all in popular shades and patterns. The sizes are from 14 to 18.

Three whole circles have been devoted entirely to these goods and the shirts will be assorted as to sizes and each size kept separate to make selection easy.

Thursday, the opening day of the big event, offers the best buying. Come early Thursday morning when the selection is best and take any shirt in the lot for ..... 50

Silk Net Gloves—the coolest ever—with 2 domes, embroidered back and cuff, some with lisle thread palm—in white, grey and champagne. Midsummer Sale price. Thursday ..... 30

—Main Floor—Yonge Street

### A Business Man's Watch

The watch a business man carries must keep accurate time, otherwise it is quite useless.

A watch that is either too fast or too slow means a loss of time which, to most business men, means a financial loss.

### The EATON Watch

(Guaranteed Accurate)

is a thoroughly reliable timepiece. It is low priced because it is manufactured in Switzerland where the cost of production is lowest. It is up-to-date in every detail of construction because it is modelled after the highest grade American watches.

An ideal watch for a business man; a watch that is remarkably big value for the money, and that combines service and beauty is a 17-jewelled EATON Watch, mounted in an EATON or Fortune gold-filled open-face case, with either Arabic or Roman dial. 12.10 or 18 size ..... 12.50

Mounted in nickel, silver or gunmetal cases, the price is lower. Cases replaced if not satisfactory.

Ask to see the EATON watch at the watch section—Main Floor—Yonge Street.

## THE T. EATON CO. LIMITED

### GREAT IS THE KINEMACOLOR

Moving Pictures in Natural Tints Coming to the Princess.

Commencing Monday matinee, July 31, exhibitions will be given at the Princess theatre of the work of Kinemacolor, a process for the presentation of moving pictures in the original colors of nature.

Animated pictures are familiar to the eye of most of the public, but animated pictures in natural colors are something new to science. Many have seen colored moving pictures before, but these were colored by artificial means either by hand or by machinery and only simple pictures could be so treated. The artist who works for Kinemacolor is the same great power that paints the beautiful colors of the flowers of the garden, and that puts the green into the country, namely the beautiful sun. The sun enters the lenses of the Kinemacolor camera and reflects the various scenes in their actual colors and in every movement.

The bulk of the pictures to be exhibited are scenes of the recent coronation festivities, only just received in Canada. Also these form only a portion of the entire set taken by the Kinemacolor operators, which will require two or three weeks to present, they form a much fuller and more comprehensive view of the two processions and of the events around the Abbey and in the city of London than anything that has hitherto been shown, while the reproduction of the natural colors in varying degrees of vividness—the scarlet and crimson and purple and gold of the ceremonial costumes being especially strong—naturally places these pictures in a class by themselves as concerns their effect of reality. Views of London under its mantle of timber and scantling and gay hunting also assist materially in conveying what may be termed the "atmosphere" of the coronation.

### TUG SAVED CANOEIST WHEN CAYUGA FAILED

Norman Harris Was Rescued by the Elsie After Missing Steamer's Life Line.

After a miss on the part of the steamer Cayuga in an attempt to save the life of Norman Harris, a young man of 35 West King street, yesterday afternoon, the tug Elsie, which carries boys over to the sand-bath bathing beach, managed to do it, rescuing the man in an exhausted condition.

Harris went out on the choppy bay in a canoe. About one hundred yards off Yonge street wharf the turbulent waters upset the craft. Being unable to swim, he clung to the overturned shaft until the steamer Cayuga, the one boat within reaching distance, passed and threw him a line. Harris missed the line, which sank. The steamer, carried by its momentum, passed him and it seemed that he would be drowned.

Just then the tug Elsie, which was swinging out of the Yonge street wharf, went to his rescue. When close by, Mr. Rothwell who is in charge of the bathers on the boat, threw him a buoy. Harris secured it and held on weakly. Then the tug came up beside him and Mr. Rothwell leaped over the side and dragged him aboard. After working awhile they revived him. Then they rescued the canoe and put it and Harris ashore at the Queen's wharf.

### 300 CARPENTERS ON STRIKE

Men Employed in Montreal Grain Elevator Join Strikers' Ranks.

MONTREAL, July 25.—Called out by the union, forty carpenters employed in the construction of the harbor commissioners' new grain elevator, near the Victoria pier, joined the carpenters' strike movement this morning, demanding a minimum rate of 25 cents per hour and a nine hour day.

The strike, it was stated by the foreman, is not delaying the progress of work on the elevator as there are upwards of 200 carpenters still on the job. Many of these are non-union men, while others, altho members, refused to obey the order to strike. The carpenters engaged on the new elevator are drawing from 27 1/2 to 32 cents an hour, each man being paid according to his worth.

The contract is being carried out on the open-shop principle. About 800 carpenters in all are now on strike.

### WILL SPEND \$6,000,000 FOR ENTRANCE TO CHICAGO

Soo Line Will No Longer Use Illinois Central Passenger Station on Lake Front.

MINNEAPOLIS, July 25.—The Soo line and Baltimore and Ohio roads will come into close relationship in the Chicago traffic field in a plan by which the Soo will spend \$6,000,000 for a direct entrance into an terminals in Chicago. The Soo line or Wisconsin Central passenger trains will no longer use the Illinois Central passenger station on the lake front in Chicago where the plan is complete, but will enter instead the Grand Central passenger station owned by the Baltimore and Ohio. Freight terminals of the Soo will be added to the Baltimore and Ohio freight terminals.

### ACCEPTED SENTENCE

Heads of "Wire Trust" Withdraw Pleas of "Not Guilty."

NEW YORK, July 25.—The federal government today scored heavily in its effort to break up the alleged "wire trust," when thirty-seven of the eighty-three men indicted in the United States were sentenced to prison terms without trial on pleas of "nolo contendere."

### YOUNGEST BISHOP

ST. JOHN'S, Nfld., July 25.—The youngest bishop in the British empire was formally inducted into office today, when Archbishop Slessie, papa of the St. John's Cathedral Father Michael Power, the parish priest of Harbor Breton, was named as bishop of the St. George West Newfoundland. Bishop Power is a native of this city, and is only 31 years old.

**Brighten Up**

There is little need to look shabby when for a trifling sum you can have your clothing cleaned, pressed, dyed and looked after regularly. Our methods have satisfied for over twenty years.

Phone Main 5800.  
MY VALET,  
30 Adelaide West.

### SCIENTIFIC METHODS NEEDED

Field Crops of Canada Could Be Doubled in Twenty Years.

That the field crops of the Dominion could be doubled in twenty years by the adoption of more scientific methods, is one of the striking assertions made in a volume just issued on lands, fisheries, game and minerals, by the Dominion Commission of Conservation. The book is replete with agricultural information scientifically obtained, and there is a section on fisheries and game, including laws and regulations.

The book shows that Canada pays out annually over \$350,000 for oysters imported from the United States. The Canadian output has decreased from 6,446 bbls. in 1882 to 35,533 bbls. in 1909, in spite of the fact that prices have risen 240 per cent. in the past twenty years. The decline in the industry is attributed largely to the long standing dispute over jurisdiction between the Dominion and Provincial authorities.

\$3.10 to Muskoka Lakes; \$2.10 to Muskoka Wharf and Return, Saturday, July 29.

The Grand Trunk Railway System offers a popular excursion via the favorite route via Muskoka Wharf to all points on the Muskoka Lakes, passing Lakes Simcoe and Couchiching, the Severn and the delightful ride from Gravenhurst, via Beausart, Port Carling and Rosseau, Royal Muskoka, Cleveland, Port Cockburn. All points may be visited for above price, and tickets will be valid returning until Aug. 1 inclusive; Muskoka Wharf tickets July 31. The "Muskoka Express" leaves Toronto 12.20 noon. Select the Grand Trunk route and no other. Tickets and full particulars at city ticket office, northwest corner King and Yonge streets. Phone Main 4209.

Simply add a little water occasionally, and the "Wonder" Fly-Killer is good for the whole season. It is the BEST VALUE on the market.

## The Toronto World

THIS CERTIFICATE, with 25 others of consecutive dates, (Sundays excepted) if presented at the business office of THE WORLD, 40 Richmond St. West, will entitle the bearer to one WORLD COOK BOOK absolutely free. If the Cook Book is to be sent by mail, send the necessary certificates in an envelope, also including 14c in stamps, to the Cook Book Editor, care of Toronto World.

Not more than one Cook Book will be given to one person.

This is an opportunity for every good housekeeper to become possessed of the very best Cook Book on the market. It is of convenient size, substantially bound, and is designed for utility.

Caution:—Not more than one coupon bearing the same date will be accepted.

The Toronto World Cook Book, JULY 26, 1911. Valid if presented after Sept. 4, 1911.

Be sure to write your name and address plainly in the lines below on at least one of the certificates, if you wish the Cook Book sent by mail.

PEASE FOUNDRY COMPANY, TORONTO, WINNIPEG

STAR'S REOPENING BILL.

Dan Pierce, manager of the Star Theatre, will start the season Saturday, July 29, beginning with a matinee, with the "Gay World," the attraction billed, and they are heralded to present "A Million for a Nowe," a comedy conception with a consistent plot, treating of dermatology, and the omnipresent "beauty doctor."

It is asserted that the entire company will line up favorably with any in the burlesque field. The comedians, headed by John C. Hanson, are up-to-date. The thirty girls are a splendid crew, and the show has been equipped with new scenic outfits. The costumes are the latest word in the dressmaker art, and the stage pictures are of exceptional splendor.

One of the "solo" features is that of the Misses Scoville and Bradley, two young ladies with marvelous voices, who sing and act. The girls from class and comic opera.

### Diarrhoea, Dysentery, Summer Complaint, Colic, Pains or Cramps in the Stomach, Cholera Morbus, Cholera Infantum and all Looseness of the Bowels

May be Rapidly and Effectually Cured by the Use of that Old and Sterling Remedy

## DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

It has a reputation of over 65 years' standing and never fails to relieve or cure.

Do not be imposed on by any unscrupulous dealer who wishes to substitute the so-called Strawberry Compounds for "Dr. Fowler's," as these no-name, no-reputation substitutes may be dangerous to your health.

Was So Bad With Summer Complaint He Passed Blood.

Mrs. Stanley Brant, Deseronto, Ont., writes:—"My little boy, Stanley, 14 years old took the Summer Complaint and got so bad as to pass blood. I tried everything I was told would be good for it but to no avail until, at last, I tried Dr. Fowler's Extract of Wild Strawberry, and I am glad to say I only gave him a few doses of it before he was cured."

The original is manufactured only by THE T. MILBURN CO., Limited TORONTO, ONT.

PRICE - 35 CENTS

THE T. MILBURN CO., Limited TORONTO, ONT. PRICE - 35 CENTS

NOBLEMEN CIGARS

IF someone, for experiment, imported WHEAT into this country, there are those who would buy it. Most men are hypnotized by the word "imported," like a moth is drawn into a flame, and, like the moth, they get singed.

The leaf in "NOBLEMEN" is the finest Havana grown. The workmanship in "NOBLEMEN" is the highest skilled Cuban hand-work.

Shakespeare says: "Custom is a tyrant who robs us all." This is a good maxim for the cigar smoker. BREAK AWAY FROM TRADITION—save yourself 50c in the dollar by insisting on having the DAVIS' "NOBLEMEN" CIGAR.

"NOBLEMEN" also, two for 25c. "FANTASTIC" also, 10c straight. "CONCHA FINA" also, three for 25c.

D. DAVIS & SONS, LIMITED MONTREAL. Makers of the famous "PERFECTION" 10c Cigar.

To-Day's Entries

King Edward Entries. MONTEAL, July 25.—Following are the entries for King Edward Park tomorrow:

Red Rob at 6 to 1 Surprise of the Day At King Edward

MONTREAL, July 25.—The races at King Edward Park resulted as follows: FIRST RACE—Two-year-olds and up. 1. Naughty Rose, 110 (Trozier), 5 to 1 and even.

Dr. Dean's Cricketers

Close Tour in Philadelphia With Creditable Draw. PHILADELPHIA, July 25.—The cricket match between the Toronto Vampires and the Philadelphia Cricketers was declared a draw today when darkness put an end to the match with the Canadians at a score of 101 runs and the Philadelphia Cricketers at 100.

Four Fastest Heats Ever at Grand Rapids

Two Favorites Beaten in Five Drives and Close Finishes of Grand Circuit Races. GRAND RAPIDS, July 25.—The chills in the air made the day far from ideal for harness racing. Grand Rapids' first Grand Circuit race met opened this afternoon with a good attendance and a fast track.

Slater Shoe Store

This is Bargain Week for Men in Slater Oxfords

The name Slater needs no special word here — It stands for all that is best in footwear — best in style — best in quality — best in workmanship — but the best of it all is that men are able to buy Slater Oxfords this week at wonderfully reduced prices — We're taking stock — We're planning for fall trade — We must clear out all summer lines, and so you buy them — Tan or black — Worth \$4 to \$6, all this week, at 2.95

117 YONGE STREET

HORSES ARE SELLING WELL THE SUMMER MONTHS. The World representative called at the Repository yesterday that was their auction was finished, and it presented a pretty busy scene. He met Mr. C. A. Burns, the general manager, and asked him if it was likely that the Repository would omit their auctions during the month of July and August.

The Empire's Champion Shot

Private Clifford of the Grens won the shooting championship of the empire because he hit the target to better purpose than any other of his competitors. Every citizen of Toronto is not a target with a rifle, but there is one target in the city on which he will make him a winner every time.

Make for Swifter Boats

"I claim that the Dyke Spar Varnishes will add speed to any boat," said Harry W. Thorp, "I will tell you why. The surface is hard and smooth, and the waterproof quality keeps the vessel tight. Dyke's varnishes are made from China wood oil, expressed from a nut or seed which is far superior to the porous lined oil. The China wood oil is impervious to water. It has been the wonder of the western world why the hulls of the Chinese junk retain their extreme gloss and never collect barnacles or other encrustations. These junks are swift sailing vessels, and are all finished with a varnish made from China wood oil.

Queen City Beat Thistle

In a six-race game between Queen City and Thistles the Queen City Club won out by the following score: Thistles, 10; Queen City, 12.

Lambton Ladies Lose

A team of eleven players from the ladies of the Lambton Golf and Country Club have returned from Buffalo, where they were the guests of the ladies of the Country Club there. In their match that was played between the two clubs during the delightful visit, the Buffalo Club was the successful competitor.

Successful Treatment of Hay-Fever

The demand for Dr. Hays' book describing the new and successful method of relieving and curing Asthma and Hay-Fever has been so great that a new edition of one hundred thousand copies in a few days. Dr. Hays is distributing the book free to all sufferers.

Plunged Over Great Cataract in a Barrel

Continued From Page 1. The farther down the river I came the more the barrel rolled. Once when I struck a great wave my barrel was tossed upon a rock and I thought it was stove in. About two quarts of water rushed in, but I afterwards found that the water came thru air holes. The rock put a great dip in the barrel and squeezed my left leg frightfully.

HAMILTON'S VICTORY. Hamilton for the fifth time has declared for hydro-electric power and light after years of endurance of the corporation tyranny and the high rates of the local company, which boasts of producing the cheapest power in Canada.

The bylaw submitted yesterday was carried by a majority of 453, which may be regarded as substantial when it is remembered that it was only ratepayers who voted.

That the Cataract Power Co. is willing that its rates shall be fixed and regulated by the hydro-electric commission.

But the Cataract Company was not willing to have them regulated by the competition which it could not suppress. If it be truly willing to be really regulated, it will make no complaint against the civic service now to be installed.

Nor do the people anticipate any evil for the company. In Ottawa the private local company never paid any dividends until after the civic electric service was established.

Hamilton will be big enough for both company and civic service, and it will be bigger on account of the low rates the citizens' service will ensure by its competition.

It is to be regretted that corporations are willing to descend to the most unscrupulous methods in attempting to impose their designs upon the people.

The Mail and Empire is convinced of "the necessity of some sort of medical inspection that will single out the madmen of the community before a tragedy calls attention to their existence."

The Globe yesterday published a letter from F. J. D. Smith, Newtonbrook, advocating two measures: The Hamilton people were not.

It is a notable triumph for the people guided by common sense and business experience.

It has been a long fight in Hamilton, and we trust the Cataract Power Co. will now be convinced, like the man William Jennings Bryan tells about, that it is not wanted in Hamilton—not at least on the terms it had stipulated.

men connected with the institution, and there is some very eminent gold lace dignity associated with it, might suggest that it would be wise to accept the situation, and not try further to thwart the people's will.

HELPING THE TAXPAYER. It will be news to most people that this city has eight branch offices at which taxes may be paid.

Increasing the number of pigeon-holes at the city hall next year will not get over the fact that citizens are dragged from the ends of the city down to Queen-street.

LET THE COUNTRY SPEAK. Sir Wilfrid Laurier vapored not a little on Monday over an appeal to the country on the reciprocity issue.

Editor World: The opinion of "A World Reader" expressed in your columns yesterday as to what Bishop Evans' attitude should be in regard to his proposed divorce is not only correct, but it is also very wise.

A HARROWING EXPERIENCE. Tossed About for Twenty-four Hours in Disabled Motor Boat.

CHATHAM, Ont., July 25.—(Special.)—The three Labadie brothers, of Detroit, arrived at the Thames River this morning with a harrowing tale of experience on Lake Erie.

BIG TIME AT OLCOTT FRIDAY. On Friday the electrical and technical branches of the Toronto Street Railway Co. held their big annual picnic at Olcott Beach.

NORTHERN ONTARIO FIRE RELIEF FUND. Mr. Alexander Laird, treasurer, acknowledges receipt of the following subscriptions to the Northern Ontario fire relief fund:

CHANGEABLE WEATHER. The sudden change of climatic conditions are very often the cause of a severe cold attacking the kidneys.

OMEGA The "OMEGA" is the last word in watch-making and the first watch in time-keeping. ELLIS BROS., Limited

World, has always supported. Mr. Smith says: Open up Victoria-street right thru to Bloor-street. Then, when the city owns its streets, as it does not now, it can take away all street cars of Yonge-street, and Yonge street will be wide enough for 600,000 or 700,000, making provision for street car relief from the west side.

ANNEX NORTH TORONTO. Toronto Star: The Telegram does not do itself credit—and certainly does not do North Toronto credit—when it endeavors to convey the impression that the town which it proposes to annex is in bad shape financially.

News of Waterfront. The sale that began to blow on Sunday afternoon from the west and again yesterday made things a bit unpleasant for the mariners and those who dared to venture on the steamers sailing or rather hovering, their way in Lake Ontario water.

U. S. Steel Report Indicates Better Trade Conditions

Market Receives a Set-back Thru Unfavorable News Reports

Drastic Decision of Interstate Commerce Commission Not Liked on Wall Street—Toronto Market Shows Only Small Changes.

World Office, Tuesday Evening, July 25. Trading in the Toronto Stock Market simmered down to slightly smaller volume to-day, speculative interest in the exchange showing even still more restricted signs of existence than recently.

THE STEEL REPORT.

The quarterly report of the United States Steel Corporation, made public at the close of the market yesterday, showed net earnings for last three months ending June 30 of \$3,106,520, an increase of \$488,000 over the previous quarter.

IMPERIAL BANK OF CANADA

Capital Authorized \$10,000,000 Capital Subscribed \$7,500,000 Reserve Fund \$7,500,000

New Low Record On British Consols

LONDON, July 25.—The political situation arising out of the Moroccan question complicated by the deadlock in parliament over the house of lords vote has caused weakness all around.

THE CANADIAN BANK OF COMMERCE

Paid-up Capital, \$10,000,000 Rest \$8,000,000 FOREIGN BUSINESS Cheques and Drafts on all countries of the world, drawn in sterling, francs, marks, lire, kronen, florins, roubles or any other foreign currency, can be negotiated at the Canadian Bank of Commerce at reasonable rates.

Reactionary Tone in Montreal Market

But Prices Made a Small Recovery in the Later Transactions. MONTREAL, July 25.—Prices on the Montreal stock market to-day in a number of cases displayed a reactionary tendency in early trading but there was some recovery in the later dealing.

The Stock Markets

TORONTO STOCKS. July 25. Am. Asbestos com. 9 1/2, Black Lake com. 11 3/4, Canadian Pacific 107 1/2, etc.

Have Your Savings Accounts in The Sterling Bank

With its branches spread out in different parts of the City, you will find it particularly convenient to have your savings account in one of them.

Political Situation Affects the Market

London Financial Interests Uneasy Over the Deadlock and Moroccan Affair. LONDON, July 25.—Money and discount rates were easy to-day. The stock market was depressed. The political situation at home as well as abroad created a gloomy feeling and quotations sagged through the session.

WALL-STREET TRADING.

NEW YORK, July 25.—Events at home and abroad combined to unsettle the stock market to-day. The order of the interstate commerce commission for a readjustment of transcontinental freight rates and reports of the present gravity of the situation in Europe as regards Morocco were of sufficient influence to bring on a heavy strong movement.

THE STERLING BANK OF CANADA
