WOMAN'S WORLD.

DEATH OF MRS. O. B. STANTON.

In the death of Mrs. O. B. Stanton, who passed away at the family residence, 13 Simpson Avenue, on Tuesday last, after one week's illness with pneumonia, Toronto loses a prominent friend of its women.

WORLD PATTERN DEPARTMENT

No. 2338.—A PRETTY WAIST IN DOTTED SILK. For a simple waist to be made at home, the round or square yoke effects are very attractive.

For a simple waist to be made at home, the round or square yoke effects are very attractive. A suggestion for one which is tucked to yoke depth is shown in these soft silks or crepe de chine the tucks may be run by hand and increase the beauty of the waist.

PATTERN DEPARTMENT TORONTO WORLD. Send the above pattern to Name... Street... Town... Province... Measurement—Waist... Bust... Age (if child or miss' pattern)

NOTE—Please enclose above illustration and mention size of pattern wanted. If the pattern is bust measure only mark 22, 24, or whatever it may be. When in waist measure, 22, 24, 26, etc. If a skirt, give waist and length measure. When miss' or child's pattern write only the figure representing the age. It is not necessary to write "inches" or "years." The price of each pattern is 10 cents. Do not send stamps.

ADDRESS THE WORLD PATTERN DEPT., 23 YONGE ST., TORONTO.

ed to know that he has received a commission from the King. Mrs. Vaux Chadwick will not receive again until after Easter.

Mrs. Frank Baker, Poplar Plains-road, will not receive again until after Easter.

Mrs. Edward T. Reburn, 2 Chincora-avenue, will not receive again this season.

Mrs. A. T. Gilbert, 111 Brunswick-avenue, is spending two weeks at the Welland, and will not receive again until the third Thursday in March.

Mrs. Bauld, Avenue-road, will not receive again this season, owing to recent bereavement.

Mrs. W. Hamilton Burns is giving a bridge on Wednesday next, in honor of Mrs. Charles Wright.

Mrs. Mortimer Clark and the Misses Clark are entertaining at Miss Keating's recital on Saturday evening in the Conservatory of Music Hall.

Miss Margaret Thompson is in New York.

Aid and Mrs. W. Percy Gillespie of Regina, with their infant daughter, are visiting Mrs. Gillespie's former home at 222 Robert-street.

Mrs. Beatrice Sullivan has arrived home from New York.

Miss Hattie Waters, daughter of the Rev. H. H. Waters, very well known in Toronto, has been honored by being crowned Queen of the Carnival of the Knights of Mimus in St. Louis.

The St. Louis Times-Democrat says: "Miss Waters filled the position of sovereign with true dignity. She was exquisitely groomed and adorned with spangles. From her shoulders fell a long mantle of white silk, trimmed with silver stars. In her hair she wore the royal tulle of office, a light-colored star, studded with pearls."

It is a coincidence that Miss Waters' sister, Mrs. Smithers, of New York, was similarly honored some years ago.

Mrs. Harry Kay, 132 Albany-avenue, will receive to-day.

Mrs. Archibald, 273 St. George-street, has returned from evening, and will receive to-day.

Mrs. James Fraser of Amman, who is visiting Mrs. W. H. Fraser, 67 Madeline-street, will receive with her to-day.

Mrs. William Fenner, 230 Dover-court-road, will receive to-day, and not again this season.

Mrs. A. D. Clarke, 115 Dowling-avenue, will not receive to-day.

Mrs. William Hunter Piersol will receive to-day and not again this season.

The Peter Pan Thimble Club met yesterday at the residence of Miss Coultter, 499 Sherbourne-street.

Mrs. Hunter Ogilvie has moved to 96 Avenue-road, where she will receive to-day, and on the third and fourth Fridays of each month.

Mrs. Clarence Flanders of Seattle, Spain, is visiting Mrs. Alexander MacGregor, 278 Avenue-road, and will receive with her to-day.

Miss Helen Ivey of London is visiting Mrs. Jack Green, Huron-street.

Mrs. Graham, Owen Sound, is visiting Mrs. Edna Warrand.

Mrs. L. K. Cameron, Markham-street, will not receive again this season.

The residence of Mr. and Mrs. Jos. Padden, 25 O'Hara-avenue, Parkdale, was the scene of a very happy event on Thursday afternoon at 4 o'clock, when their sister, Miss Maud Short, of Brampton, was married to Mr. J. Edward Fullerton of Brampton, Ont.

To the strains of the wedding march, played by Mrs. George Short's Bradford, the bride entered the parlor on the arm of her brother, George, looking very charming in a white dress of white silk, with customary veil, and carrying a bridal bouquet of white roses, her only ornament being a pearl crescent, the gift of the groom. She was attended by her sister, Miss Kate, who looked very pretty in a dress of white orpards and carrying a bouquet of white carnations.

The groom's gift to the bridesmaid was a gold watch, and to the bride, a pearl necklace. Mrs. L. Hurst of Brampton attended the groom. The Rev. William Wainwright, of St. Paul's Church, performed the ceremony, after which all sat down to a dainty wedding supper. The presents were numerous and valuable. After the wedding a very jolly little dance was given.

Mr. and Mrs. Fullerton will reside in Toronto.

BRONCHITIS CAN BE CURED

Dr. Wood's Norway Pine Syrup Will Do It.

Bronchitis is generally the result of a cold caused by inclement weather or exposure to wet, and is a very dangerous inflammatory affection of the bronchial tubes.

The symptoms are tightness across the chest, sharp pains and difficulty in breathing, and a secretion of thick phlegm, at first white, but later of a greenish or yellowish color.

Neglected bronchitis is one of the most general causes of consumption, so cure it at once by the use of this short-acting, safe, and powerful remedy.

Dr. Wood's Norway Pine Syrup

Mrs. F. Fidler, Linton, N.B., writes: "I feel it my duty to let you know of my experience with Dr. Wood's Norway Pine Syrup. My little girl was very low with bronchitis and her doctor did all in his power for her, but could only give her relief for a short time. My husband saw your medicine advertised, and immediately procured three bottles. I never saw anything give so much relief in so short a time. It stopped the annoying cough at night and she is now perfectly cured. I am so glad I can hardly express my gratitude for what Dr. Wood's Norway Pine Syrup has done for us."

Price 25 cents at all dealers.

MILLION DOLLAR COMPANY TO BUILD CHEAP HOUSES

Will Also Insure the Lives and Safety of Those Purchasing Properties.

The Toronto branch of the Canadian Manufacturers' Association at luncheon last evening discussed a plan for building thousands of artistically built, sanitary homes for workmen in the employ of the members of the C.M.A.

These houses will cost \$1200 each, including land, and will be sold for \$1000, with the balance on a mortgage for 144 months, which includes payment of the principal, interest and taxes.

The houses will be erected in pairs in various parts of the city. Alexander Laird, general manager of the Canadian Bank of Commerce, D. E. Thomson, K.C., James Fyfe Wilby, and Morley Wickert, Ph.D., Thomas Ross and Mr. Thorn of the provincial account department are behind the project.

John Firstbrook presided and called on Thomas Roden to give the address.

Mr. Roden said that the Civic League for the purpose of developing the many thousands of empty houses that are outside manufacturers complained that they were to remove here they would be credited with the money.

Many men had gone out into the suburbs and had tried their hands at building houses for themselves, usually situated in very undesirable localities.

As a result of present conditions there found 24 people living in one room, and in some cases two families slept where bananas were ripening.

Conditions like this were impossible in Great Britain with all the poverty of their sun life. These conditions bred discontent, the mother of anarchy.

A discontented man was no gain to an employer. It is to an employer's own interest to have his men and their families contented and happy. There was nothing which so conduced to making a workman happy and contented as to be with his family safely settled in their own comfortable, sanitary little home.

The speaker told of a place where the landers operated in a room that he raised the rent from \$7.50 to \$12. He also showed photos of the typical tenement box architecture of the West End and district. He said that railway extension in the east end had disposed of 200 families, and the new hospital would put 200 more out of their homes.

These conditions rendered action imperative on the employers of labor.

Mr. Close of Hamilton said that the board of trade were tackling the same problem. They had plans drawn and were co-operating with the Trades and Labor Council to offer these houses at cost. He showed plans of the Hamilton cottages.

Financial Situation. Mr. Thorn of the provincial account department explained the financial situation for 1906. There were debts of \$1,000,000, of which there were due before the insurance companies and they would give them the \$355,000 at a 12 per cent. They would have ample security in real estate to offer. They would ask for a payment of \$100 down to each purchaser.

The speaker went in detail thru the financial situation, showing that every continent item had been exaggerated and that at the end of the time there would be left a sum to divide among the buyers. The stockholders would

WINDSOR SALT—because it's pure, fine, clean, dry, piquant—used by most people all the time.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of J. C. Ayer & Co., Lowell, Mass.

ANOTHER BIG LIST OF PIANO BARGAINS

Money in your pocket if you study this list of Pianos carefully, and, like the wise man or woman, act. The bargains are too good to last long. Do it now.

YE OLDE FIRME OF Heintzman & Co., Limited, 115-117 King St. W., Toronto, Can.

merely draw 4 per cent. on their money invested.

W. K. McNaught, M.L.A., said he had given much attention to this subject and had conferred with Right Hon. Joseph Chamberlain and Right Hon. John Burns about it. From the latter he had received a book upon "Workingmen's Homes." He told of a friend of his near Philadelphia who had created a loophole for the unscrupulous to illicitly defeat the toughest of the by-law.

He had sent some delinquents to jail and had caused many to be fined, and the wholesome restraint those examples had created would render his work easier, but a loophole for the unscrupulous to illicitly defeat the toughest of the by-law.

Dr. Morley Wickert considered the proposition a unique and well adapted to our local conditions. He had found the building restrictions a hardship upon the average citizen, and this was a business plan, it was neither philanthropic nor charitable.

Joseph Gibson, ex-mayor of Ingersoll, stated to the convention that no campaign of licensees, Angus McDonald, Alexander Hales, Rev. W. F. Wilson, Rev. D. B. Shirk, Rev. M. J. Wilson, Dr. McCullough, Rev. Robert Sims, Dr. S. R. Clemes, H. S. Segar, Rev. Dr. Findlay, Dr. L. Minehan, Rev. C. W. Watch.

During the day business, legislation on temperance candidates, were referred to organization committee; W. A. Cartwright and D. W. Williams, Gooderham, re local option, the former in Moore Township, referred to law enforcement committee.

These committees were appointed: Jas. Gibson, Alex. Mills, J. N. Lake, R. W. Fyfe, Mr. Leathersby, Rev. Geo. Gilmore, Rev. W. Clark, Rev. Abraham, Rev. J. W. Corley, Rev. E. Manning, Rev. H. Spence, W. Lawrence, Rev. Dr. Wilson, S. Carter, Hy. Moyle, business committee.

Finance committee, Joseph Gibson, Rev. Dr. Williamson, J. N. Lake, W. H. Ross, Rev. H. Spence.

Law enforcement committee, Rev. L. S. Huggon, Rev. J. W. Cooley, D. M. Lee, Rev. Dr. Hazlewood, Rev. J. A. Ayaars, H. J. Hollinrake, Rev. S. Cartwright, H. R. Hany, Richard Butler, S. Carter, A. T.

Perfect Service to Chicago. Visit the Grand Trunk. Three trains leave Toronto daily at 7:30 a.m., 4:30 p.m. and 11:20 p.m., all equipped with Pullman sleeping. THE RAILWAYS AND THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

Sixty-fifth Article. The duties imposed upon the board of railway commissioners are greater than they can possibly attend to, but notwithstanding that fact the government is constantly placing additional work in their care.

It has been found that in the United States the interstate commerce commission have all they can attend to in dealing with interstate traffic, and the control of local rates and regulation of local questions in connection with transportation companies is dealt with by boards of railway commissioners appointed by the different state governments.

It is a physical impossibility for the present board of railway commissioners to deal with the transportation business of Canada, and it is necessary that the government should realize that, in order to give the people of Canada effective service, a complete re-organization must be made.

It has been found that in the United States the interstate commerce commission have all they can attend to in dealing with interstate traffic, and the control of local rates and regulation of local questions in connection with transportation companies is dealt with by boards of railway commissioners appointed by the different state governments.

It is a physical impossibility for the present board of railway commissioners to deal with the transportation business of Canada, and it is necessary that the government should realize that, in order to give the people of Canada effective service, a complete re-organization must be made.

It has been found that in the United States the interstate commerce commission have all they can attend to in dealing with interstate traffic, and the control of local rates and regulation of local questions in connection with transportation companies is dealt with by boards of railway commissioners appointed by the different state governments.

AT OSGOODE HALL

ANNOUNCEMENTS FOR FRIDAY. Chambers. Cartwright, master, at 11 a.m. Judges' Chambers. Judges' chambers will be held at 11 a.m.

Charges Them With Fraud or Mis-take. Mary Scott has begun an action against the Toronto General Trusts Corporation, executors of James Scott, deceased, for a declaration that the defendants have been guilty of fraud, breach of trust, or mistake in the respect of the administration of the estate of the deceased.

Want the Barley and Malt. Hogg & Lytle of Oakwood have brought an action against the Port Hope Brewery, Ltd., for a declaration that the plaintiffs are entitled to the possession of a quantity of barley and malt in bond in defendant's malt house at Port Hope, and for delivery of same, or for a declaration that plaintiffs are entitled to a lien thereon for the payment of \$1887.50.

On the application of Chief Justice Meredith in single court to continue the injunction granted in the action brought by Thomas McCausland and his next friend, the Toronto General Trusts Corporation, against the Port Hope Brewery, Ltd., and the Dominion Bank, an order was made dismissing the bank's application and depositing the bank's \$228,000 into court, less the costs of property.

St. Petersburg, Feb. 21.—The reports spread abroad to-day that the emperor and empress had been assassinated are utterly without foundation. There was not even a rumour of the kind here until it was telegraphed from London.

St. Petersburg, Feb. 21.—The reports spread abroad to-day that the emperor and empress had been assassinated are utterly without foundation. There was not even a rumour of the kind here until it was telegraphed from London.

T. EATON CO. LIMITED

First to Show the New Spring Shirts. Large shipments fresh from the makers—in the new American and Canadian patterns and colorings—regular or coat style—at 1.00, 1.25, 1.50, 2.00 and 3.00.

Our eyes are always to the front. We do not have thousands of winter shirts still unsold to tie our hands. So come see the newest, the best, Saturday.

New Fancy Shirts at 50c. This is good economy because there's real good wear in the shirts and they're properly made. Stripes, figures and fancy designs, in all correct colorings.

OBJECT TO THAT CLAUSE. Ontario Grand Council, R. T. of T., to Wait Upon the Premier. The Ontario Grand Council, Royal Templars of Temperance, concludes their annual meeting yesterday.

FREE TO RUPTURED. A QUICK NEW CURE. I have discovered and perfected a cure for Rupture, and for the next thirty days will give every ruptured person who follows these directions a chance to try this remarkable cure.

SPECIAL FARMING AND LIVESTOCK EDITION

THE CLEVELAND MEET.
The most successful meeting of the Cleveland Association that has been held for many years, took place yesterday in the King Edward Hotel. The general prosperity of the country was shown in the returns, which showed a larger membership and a bigger volume of business than ever before. The savings effected by the work being done at Ottawa, amply justify the transference of the records office.

The gathering was also significant for the high-mindedness of the association as exhibited in the speeches and actions of the members present. It is highly creditable to any association to be represented by big, weighty men, and the best men in the Dominion were among the attendants at this annual meeting. The honor that exists among business men is put at a premium, the best that is in men is brought out, and a more perfect understanding all round results from such a rubbing together. Too often the horse business has been associated with knavery and a little sleight-of-hand work. But the true business spirit of to-day points to honorable dealing and honest expressions. Mean work and misrepresentation on the part of sellers is a contemptible business and even a little "sharpness" at an auction sale, is being rapidly relegated to the backwoods.

The men who are in the horse-breeding business, and the characters they lived out among their fellow men, exert a big influence for good in a country where settlement is changing so very fast, and the very lines of social cleavage are moving on. Very few men value so highly that they will shadow their business and fellows by a questionable practice.

The Cleveland Association are to be congratulated upon their annual meeting.

SHOW ARENA.
There is nothing so conspicuous, by its absence, in Toronto just now, as the deplorable accommodations for space for shows. This is a city that is rapidly taking rank with the big cities of the continent. It is a city conventional, beautiful and intelligent. Its annual conventions, horse shows, exhibits, etc., have made it imperative for some good arena where such gatherings could be held. The Horse Show goes a begging to the market building. Our Horticultural Show cramps itself in the Massey Hall. And so Toronto publishes her lack of enterprise to the world.

And Toronto is to blame. Toronto farmers chiefly by these meetings. Their dollars go into circulation over Toronto counters. From a mercenary business standpoint, Toronto should build an arena at once. From an enterprising view-point she is decidedly slow-conservative almost to shabbiness.

The commissioner of industries for Toronto might well direct his attention to this feature of development. It is a productive expenditure of the most valuable kind. It would advertise, build up and enliven Toronto, more than many factories.

THE HOLSTEINS.
The Holstein breeders certainly deserve considerable credit in so assiduously pushing the good qualities of their favorite breed to the front, and for the judicious breeding along advanced Registry lines. They have put their cattle on to a sensible basis of utility. The extended pedigrees show the records of their progenitors in daily or yearly performances. This gives full scope to the working of the cow that like produce like. The production of a "sport" in such a case is almost impossible. A man gets what he wants in a cow for certain, no speculation. In the breeders they have thought of a hard fight, but staying with it is having its benign influence. Their works will be seen in a higher and better milk-producing country cow. They will derive the poverty-breeding animal to the shambles. What this means to the wealth of the country can hardly be overestimated.

As yet their association has not come into the National Record Association, and established a Canadian record for such. As time goes on, it will be all the more urgent that something be done towards this end. For already sales of poorer cattle with less recognized pedigrees are being made. It seems to be a matter of farsightedness to get into the oneness of a national record as soon as possible.

Ontario Farmers' Rule.
Winnipeg, Feb. 20.—At a meeting of the Manitoba Live Stock Association this morning at Brandon it was decided to affiliate the Horse Breeders' Association of Manitoba with the National Live Stock Association and gain the benefit of having records of the Manitoba Association filed with the National Records Board.

Andrew Graham introduced a motion asking the Dominion government to have all breeders' meetings in the case of winter fat stock show at Guelph, when it would be possible for western breeders to attend the meetings economically, and in addition that, take in Chicago Fat Stock Show.

J. C. Rutherford, live stock commissioner, said: "All I can say is that the National Association always has been controlled by Ontario farmers and always will be controlled by them unless the western associations take the matter up and send representatives to the meetings."

HORSE MARKET IS FIRM BRIGHT FOR SPRING SALES

Farmers Do Not Seem to Know What Value to Place on Their Animals.

Messrs. Burns and Sheppard of the Repository report as follows: Buyers seem now to be quite awake to the needs of the approaching spring season, for many weeks to come we are certain to have a rush of business. For several weeks past we have been regularly selling big lots for shipment to the Northwest, and at this time it is hardly likely that buyers will be deterred by any fear of an over-dead, shippers from this place to western points say they have at any time with satisfaction in transit.

Another sign of the near approach of spring is the number of enquiries recently had for roadster and saddle horses, as well as ponies. We will now be carrying larger numbers of these classes, and will be able to supply buyers with the right kind of driving and saddle horses.

Prices all round are not excessive just now, and general conditions we consider are fair to seller and buyer equally. Out in the country the farmers often seem to have quite an exaggerated idea of what horses are really bringing at present. However, heavy horses that are really first-class, are selling at excellent prices, and very readily, and parties who have any of this type that they wish to sell, should take advantage of the market at present.

Our first sale of thoroughbred horses will be held at the Repository on March 8, when we will dispose of the entire racing establishment of A. H. Brener, London, Ont. We have already had many enquiries about this lot. Amongst the well-bred horses that will be sold on that day are: Mr. Maryland, Goldbottom, French Hill, Crestfallen, New Mown Hay and Capar Sauce.

There is nothing so conspicuous, by its absence, in Toronto just now, as the deplorable accommodations for space for shows. This is a city that is rapidly taking rank with the big cities of the continent. It is a city conventional, beautiful and intelligent. Its annual conventions, horse shows, exhibits, etc., have made it imperative for some good arena where such gatherings could be held.

And Toronto is to blame. Toronto farmers chiefly by these meetings. Their dollars go into circulation over Toronto counters. From a mercenary business standpoint, Toronto should build an arena at once. From an enterprising view-point she is decidedly slow-conservative almost to shabbiness.

The commissioner of industries for Toronto might well direct his attention to this feature of development. It is a productive expenditure of the most valuable kind. It would advertise, build up and enliven Toronto, more than many factories.

CLEVELAND ASSOCIATION REPORT PROSPEROUS YEAR

Annual Meeting Held Yesterday—Memorial to Henry Wade.

The annual meeting of the Cleveland Breeders' Association, held at the King Edward Hotel yesterday, was in all respects the most successful in the history of the society. So large was the gathering that the room chosen was together inadequate to accommodate the members desirous of attending.

The opening address of the president, Thomas Graham, was a most interesting and successful one, and was followed by the success generally characterizing the report of the secretary, Arthur Johnson, who showed the number of members during the year as 1886, and amount of the stock as \$24,000, which was refunded. The change in the registration of records from the provincial to a national basis resulted in a saving of \$42.

The report of the auditors showed a balance of \$175, with a total membership of 1723. In moving the adoption of the report, Thomas Graham declared that the year had been the most successful in the history of the Clevelands. In spite of the presence of the automobiles in evening-riding numbers, the horse was here to stay.

He referred briefly to the death of the late secretary, Henry Wade, and a memorial might well be in the way of it. Subsequently, on motion of Capt. Robinson, Messrs. Smith, Arthur Johnson and Robt. Miller were appointed a committee to draft a memorial.

John Bright, commented on the relation of the year with regard to prices of the public keeps up. It is the rule before that a 70c market will not so unlikely when the bare state of the English market is taken into consideration.

Fifty copies of these were received during the week, bringing up the total receipts since May 1, 1906, to \$3,816.80. Ninety hundred and thirty-five packages of butter arrived, or 656,247 packages, since May 1, 1906.

A better feeling prevailed in butter prices obtained were quite satisfactory. Many to the trade and sales made at these prices were numerous enough to further warrant this satisfaction.

Creary returned from England is not in large quantities. Fresh-made butter is being cleared out. At the March 1st, however, fresh butter will begin to arrive more freely.

CHEESE AND BUTTER.

The Outlook for Cheese is Very Bright—Butter Better.

Cheese continues very strong. On this side holders are asking the highest price they stand any show of obtaining and while some are willing to accept ruling figures, there are others who wish to wait for a 1c market, which will surely come if present conditions continue much longer.

That there will be a market for cheese at 1c seems to be beyond doubt. Stocks held here, as has already been stated, are extremely low, most of the cheese being the property of English houses. Taken with this fact, and helping on the market, the higher prices, there has been constant trading in small lots at the advancing prices, thus gradually reducing stocks.

It is estimated that all the horse breeders know how to survive a banquet. The horse breeders know how to survive a banquet. The horse breeders know how to survive a banquet.

James Luke of Ashburn has purchased a fine filly rising three years old from Grassmere Grange, Andley. Shropshire sheep at Bell Bros. sold at 85c per lb. on Wednesday last.

Fred Silversides of Uxbridge informs us that he has some Cotswold sheep recently that reached an average of 119, including lambs and old ewes.

The seed fair opens at Markham tomorrow. Farmers in the surrounding locality will do well to attend and lay in their supply of grain for the spring. The seed fairs in the western provinces are doing well.

We call attention in this issue to the sale of Cotswold sheep and horses advertised by James Underhill at Clarendon, on the main line of the C.P.R. of Ontario. Over 90 valuable ewes and lambs will be sold, while the brood mares, fillies and work horses are worth going after.

Bell Bros. sale at Bradford came off on Wednesday quite successfully. The entire flock of people present, and their every convenience was well looked after by the agreeable assistance of the staff.

THE FARMSTEAD

George Rice for Holsteins.

Ontario doesn't have to wait for Chulnots! Who said the horse show would not go some? The horse breeders know how to survive a banquet.

Hudson, Fisher of Queenston attended Bell Bros. sale and purchased that grand-bull, Queenston Archer. Show The World to your neighbor. Tell him that he is missing and he will be soon subscribing.

NICKEL SMELTING BONUS TO COMPETE WITH U.S.

Will Put Ontario on Equality—Mines Bill Given Second Reading.

Steady application to business yesterday enabled the legislature to get some bills advanced a stage, the government mining bills and those amending the Railway and Railway Board Acts being the chief. The bill creating the district of Sudbury was also introduced.
It is expected that the public accounts and estimates will be brought down on Tuesday next. The provincial treasurer anticipates bringing the budget before the house next Thursday. E. J. B. Pense will act as financial critic for the opposition on the occasion as he did last year. The delay has been due to pressure on the printers.
Hon. Frank Cochrane, in moving the second reading of his bill to amend the Mines Act, said that one of the strong points of the act had been the removal of the administration of mining affairs from politics. He felt that no mistake had been made in the appointment of a small and very few cases had been taken to the appeal court. The intention of the present bill was to make the law clearer. There was also a change in the price of miners' licenses. The government felt they could well afford to reduce the fee from \$10 to \$5, while raising the fee for filing a claim to \$10. The miner could better afford to pay for filing a claim than for a license from which he might get nothing. The commissioner had been asked to note the clauses coming before him for decision so as to see what amendments could be made.
Richard Harcourt observed that while a mining law might be ideal in its application to one part of the province, as in Cobalt, yet it might be quite inapplicable to another portion. In the broad sweep of the province mining had been quite unremunerative. This of course, did not apply to recent events and discoveries in which they all took delight, but this was confined to a small area. There should be thought be one law for such a district in which finds were made, and another law for the older parts of the province. This, he believed, would be in the public interest.
Hon. Mr. Cochrane wondered what difference could be made. There had been no representations made to him on the subject.
The bill passed its second reading.
Reading in Ontario.
Hon. Mr. Cochrane also got his bill to encourage the refining of metals in Ontario read a second time. Ontario, he said, certainly had the largest nickel, cobalt, and corundum in the world, and the offer of a bonus for the refining of these metals would not only help the mining interests of the province, but country using armor plate would not think of coming to Ontario. The United States had treated us a little unfairly in dealing with our nickel, and they used one-third of the total consumption of the world. He thought that a bonus on our smelting of nickel would put us on an equality with that nation. The government felt that they would derive more than enough revenue from the taxation of the mines to pay these bonuses without drawing upon Ontario.
C. N. Smith (Sault), following Mr. Cochrane, thought the principle might be extended to take in iron of the Bessemer grade. There was plenty of low-grade iron ore, but for the manufacture of steel rails 80 per cent. of

ore had to be imported. If there were a proper incentive for its discovery he thought Bessemer ore might be discovered. He recommended a straight bonus of \$100,000 to any one who would establish a smelter for copper, as better than a bonus per pound. The same thing, he thought, would apply to nickel. While he approved of the principle of offering a bounty he would go further, and believed it would pay the province if it cost a \$1,000,000 to have cobalt, nickel and copper produced in the province.
Where Bounty Should Go.
Hon. Mr. Cochrane said that as the Dominion was paying a bonus for the smelting of iron he could not see his way to action. He did not agree with the method of paying a bounty on foreign ore, but if the Dominion would pay the bounty on Canadian ore it would be a step in the right direction. (Applause.) There had been twenty people asking for bonuses, but he thought the only fair way was to pay the smelters for what they do.
Hon. Mr. Foy's bill to amend the Registry Act was read a second time. Mr. Harcourt thought that all told it would be a helpful piece of legislation.

Amending Railway Act.
Hon. Mr. Hendrie's bills amending the Railway Act and the Railway and Municipal Board Act passed their second reading. Some discussion developed over the board's jurisdiction. T. H. Preston (Bram) objected to the irregularities perpetrated by municipalities in passing bylaws. He thought no bylaw should be operative until it had been sanctioned by the board. All bylaws in England had to go before the local government board. "But no bylaw in themselves illegal can go before the local government board," said Premier Whitney.
Allan Studholme feared that the bill had the general opinion of the arbitrators. He said he would like the bill explained to him by some person capable of explaining the provisions that he could explain it to his constituents.
Hon. Mr. Hendrie pointed out that the bill had nothing to do with labor arbitrations.
Hon. Mr. Foy introduced the bill creating the provisional district of Sudbury, the boundaries of which have already been published.
J. P. Downey introduced a bill to amend the Municipal Act. It is intended to simplify the provisions dealing with permanent pavements on a frontage basis.
Mr. Duff enquired: Is it the intention of the government during the current session to introduce legislation to repeal section 606 of the Municipal Act?

Head of Lakes City.
Everybody in the province would like to see Fort William and Port Arthur incorporated in one large city except the short-sighted citizens of these thriving municipalities. James Durbin, head of the general union of private bills committee of the legislature yesterday when the two bills in connection with the separate incorporation were brought up.
H. L. Drayton spoke of the diemal swamps that lay between the towns as a barrier to the union.
If the union were consummated, it is believed the swamp would be drained and the cities would be united.
Both titles were street railway rights over the same suburban territory, and this conflict of interests was made a subject of discussion further consideration till Tuesday.
Seaforth will grant two bonuses, totaling \$30,000, under a bill reported yesterday.

Grant to Hospitals.
J. W. Flavelle, E. C. Larkin and Dr. J. J. O'Connell, representing the Toronto hospital board; E. H. Woods, representing Grace; H. T. Kelly, representing St. Michael's; Thos. Crawford, M.L.A., and Dr. Ferguson, representing the Western Hospital, waited on Provincial Secretary Hanna yesterday to ask power to collect 75 cents instead of 50 cents a day from municipalities for non-paying patients. They also requested an increased government grant of 25 cents a day, the present amount being 17 cents per patient.
The Associated Charities, represented by Goldwin Smith, Rev. A. B. Winchester, Rev. Dr. Perry, and C. J. Atherton, asked that their grant of \$500 be doubled.
Amending Health Act.
Amendments to the Public Health Act are accumulating and Dr. Sheard has suggested the probability of a measure to safeguard the sale of patent medicines containing narcotic and other noxious drugs such as cocaine and morphine.
A deputation from St. Catharines, consisting of agriculturists yesterday, headed by Dr. Joseph M. L. A., and including J. Coop, M.L.A., and including J. Coop, Hamilton; J. Kneeshaw, Hamilton; T. Bennett, Stamford; M. C. Howarth, Jordan; W. H. Bunting and W. B. Burgoyne, St. Catharines. They requested a grant towards a show of horticultural products in St. Catharines. Consideration was promised.

FLATTERING REPORT.
The Cobalt Silver Mountain Mining Company is attracting considerable interest among Ottawa investors. This company, recently formed, with a capital of \$1,000,000, in \$1 shares, has placed the substantial number of 400,000 shares in the treasury, and is only disposing of enough of these to carry out active development work on the property. The claim is located near the University, Bailey and Cobalt Central mines, and consists of 40 acres. The report on the property by E. C. Kingswell, M.P., is a flattering one, and shows that the company has an excellent prospect. E. G. Porter, M.P., Belleville, is president of the company. The first issue of stock is being sold at 60c a share, but the withdrawal immediately sufficient is subscribed for working purposes.

LITTLE NIPISSING COMPANY
It was stated last night that the Little Nipissing Mining company was about to undergo a species of reorganization, a controlling interest in the property having been purchased by some strong financial interests. The capital stock of this company is registered in small, being only \$200,000. The Little Nipissing is a 28-acre claim situated in the very heart of some of the best silver-bearing ore in the world, surrounded by the McKinley-Dartazi, Silver Queen, Nipissing, Cobalt Lake and the property of the Trunkamint and Hinderley. Baz. S. D. Madden, one of the best-known men in the world in this line, has been engaged to undertake development of the property, and he will commence active operations with a full staff of men within a few days. The shares of the Little Nipissing are selling at \$1 a share, but with the reorganization it is thought that they will make a sharp advance.

BUY SILVER BIRD.

The safest and best purchase in the whole Cobalt camp to-day, considering capitalization, location, work done, results obtained, and price of stock. There has never been a stock offered in the Cobalt district, from the opening up of the camp to the present day, that could compare with it when taking these points into consideration. Silver Bird is situated directly in the centre of the most active operations and is surrounded by some of the most wonderful producing silver mines the world has ever known.

We are now offering for public subscription the first allotment of 200,000 shares at the low price of 15 cents per share. Now, just think of it! Compare this price with the price of the Colonial, only a stone's throw away, now selling at \$3.50 to \$4.00 per share, at a valuation of about four million dollars. Compare it also with the stock of the Right of Way, selling at \$7.00 to \$8.00 per share. If the O'Brien mine was an incorporated company to-day and offered for sale its stock would undoubtedly bring on the open market \$10.00 to \$12.00 per share on the capital of \$15,000,000. We have been informed from a trustworthy source, that the ore block owned and in sight in the Timmins mine is estimated at from \$10,000,000 to \$15,000,000. We venture to say that if this property were incorporated for \$10,000,000 and placed upon the market, it would sell for \$2.00 per share. It should be understood that we are in no way endeavoring to depreciate the values of the Colonial, Right of Way, O'Brien or Timmins stocks or properties, for, indeed, we believe they would be bargains at those prices and valuations. We are only endeavoring to show that Silver Bird, which is located in close proximity to these mines, is at

15 CENTS PER SHARE

in comparison with these valuable properties, positively the greatest and best purchase that has ever been offered in the Cobalt camp.

The property of the Silver Bird Mines, Limited, consists of 20 acres (patented) being the West half of the Northeast quarter of North half of lot 3, concession 6, Coleman. Silver Bird lies in the immediate vicinity of the O'Brien, Timmins, La Rose, Colonial, Violet, Trethewey, Right of Way and immediately between these great mines and the Green Meehan, Red Rock, Cobalt Contact and Nipissing extension.

Silver Bird is working day and night shifts, operating two boilers, steam hoist, steam drill, sinking on 3 veins and in the same formation identically as the famous O'Brien, Colonial, Timmins and Right of Way mines and on the extension of their leads.

We predict this first allotment will be largely oversubscribed and we urge that early application be made.

To guard against over-issue and to guarantee to investors the genuineness of the certificates when issued—also the prompt and safe delivery of same—arrangements have been made with The Trusts and Guarantee Company, Limited, 14 King Street West, Toronto, to act as Trustees, Transfer Agents and Registrars.

Orders may be telephoned or telegraphed direct to Law & Co., Traders Bank Building, at the expense of Law & Co. Applications and remittances, however, should flow by mail direct to The Trusts and Guarantee Company, Limited, 14 King Street West, Toronto.

LATEST REPORT ON COBALT LAKE MINING COMPANY.
The above Co. now on day 20 min, and the shaft is down 41 feet. This, together with the fact that they have ore running 9.875 ounces to the ton, makes this proposition the most attractive in Cobalt to-day. Up-to-date pamphlet describing the above property, with map, issued free upon request.

YORK COUNTY AND SUBURBS

TORONTO JUNCTION.

Toronto Junction, Feb. 21.—The funeral of Mrs. Clara Martin, who died of heart failure on Tuesday night last, took place at 2:30 o'clock today to Prospect Cemetery.

Bright and early this morning Street Foreman Moon had the snowplows going and by ten o'clock all the snowdrifts were passable to pedestrians. Some of the drifts were over three feet deep.

Prof. W. J. Alexander of the Toronto University delivered a lecture to-night on Hamlet under the auspices of the Brotherhood of St. Andrew and St. Philip, in the Victoria Presbyterian Church, to a large and appreciative audience.

A suburban Street Railway car, in coming down the steep Black Creek Hill on the Weston road, about 11 o'clock this morning, jumped the tracks, plowed along on the road a few yards, and then turned over.

A dozen or more passengers were thrown in a heap in the corner of the car with the coal stove, but no one was seriously injured, although the hot coals scorched some clothing.

The car was going about six miles an hour and the accident is said to have been caused by the fraying of the wheels, which are guide rails, while the rails where the car jumped are T rails.

The Sterling Bank has leased the premises at 17 East Dundas, and will open a branch there.

In spite of the storm Wednesday evening, the Congregational social of the Presbyterian Church was a successful affair. The program consisted of an address by the pastor Rev. D. C. Hossack, and solos by Miss Annie Murray, Miss Watson, Misses Ives, Messrs. J. N. Hazeldean and N. T. Ives, W. J. Thomson, principal of the public school, occupied the chair.

Oak Ridge.
About 3 o'clock Thursday morning of last week, the residence at "Glenwood Park" and belonging to Robt. H. Davies, vice-president, the Williams Davies Co., was completely destroyed by fire, together with the boats, furniture, and other valuable articles. The cause is unknown. When discovered the fire was beyond all control, but the firm hands succeeded in saving the stables and outbuildings. The loss is estimated at several thousand dollars, and is partially covered by insurance. The house was exceptionally well built, being erected by the late Quetton St. George. The design and interior treatment was unique, and all indicated refinement and culture on the part of Mr. St. George. The property is situated at Oak Ridge, about a mile east of Bond Lane, and covers about four hundred acres, including Lake St. George, over which one had a commanding view from the house. It is one of the historical spots of York County. Mr. St. George's father, a gentleman of France, settled on this property in 1786, at which time he received a free grant of some 26,000 acres. About 30 years later or after the death of Mr. St. George the elder, his son Quetton came out from France and took charge of the property, residing there for over half a century, or until the time of his death eleven years ago. He was a well-known business man of Toronto, and was particularly fond of

row afternoon and evening promises to be an important event. At 12 o'clock the children will be dismissed, and at 2 p.m. the building will be reopened in order to permit of inspection. In the evening Hon. Dr. Fyfe, W. F. Maclean, M.P., and Alex. McCowan, M.L.A., will speak. An instrumental and vocal program will be given and a number of prizes given out.

Licence Commissioners.
The East York licence commissioners will meet at the Clyde Hotel on Saturday forenoon. The principal matter under discussion will be the transfer of the Bay View Hotel in East Toronto.

Riverdale.
The choir of St. Matthew's Church will give a special musical service on Sunday, when A. C. Fairweather, bass soloist of St. James' Cathedral, will assist.

The members of the Riverdale Business Men's Association have had placed at their disposal for the holding of their monthly meetings, thru the kindness of the R.C.B. Club, one of the finest rooms in the new club building.

The bachelors and benefactors of East Queen-street Methodist Church will hold their annual lecture and banquet on Thursday evening, Feb. 21.

A complimentary supper was tendered the winning teams in the Riverdale School Hockey League, together with the principals and assistant principals in all the public schools in ward one last night. The cup and badges won by the Queen Alexandra and Ross-avenue schools were presented.

The boys' meeting on Sunday morning will be addressed by Miss Russell of the W.C.T.U.

Love Bros. are making preparations to erect at least 500 houses during the coming summer.

REQUEST THE GOVERNMENT TO ALLOW HORSE RACING

Deputation From Fall Fairs Ass'n Interview Hon. Nelson Monteith —Will Be Considered.

In considering clause by clause the new Agriculture Act, the Ottawa Fall Fairs Association yesterday recorded an objection to the clause prohibiting horse racing and it was decided to memorialize the legislature for an amendment which would leave the matter as to permitting horse racing to the discretion of the directors, confining the restrictions to the elimination of gambling, pool selling or betting. A deputation interviewed the Hon. Nelson Monteith during the afternoon, who said that some modification might be effected, provided the principal object of the department, the development of agriculture, did not suffer. Experience had shown that generally when horse-racing prospered agriculture suffered.

An objection was also raised in the convention to the apportionment of grants on the basis of prize money paid. Several delegates considered that the outlays on buildings should be added to the prize money. A motion to this effect, however, was defeated by 40 per cent. of the delegates. These officers were elected: President, William Laidlaw, Guelph; first vice-president, A. McDonald, Dufferin; second vice-president, H. A. Gould, Ontario; secretary-treasurer, Alex. McFarlane, Ottawa; corresponding secretary, and editor, J. Lockie, Wilton; executive, Geo. Downey, Peel; David Evans, Misses; Edward Gough, Parry Sound; Geo. E. Lee, Kent; Thos. J. Murphy, Norfolk; J. W. Sheppard, Haldimand; J. O. Wilcox, Essex.

I. O. F. Grand Concert.
Dingman's Hall was crowded last night to the doors at the entertainment given in aid of the I.O.F. Orphan's Home at Deseronto. The chair was taken by Bro. G. A. Mitchell, superintendent of the work, who opened the proceedings with a bright and witty address, outlining the object to which the evening was devoted. Thos. Lawless, A.S.C.P., gave a lecture, assisted by stereopticon views, on the benefits and standing of the I.O.F., clearly showing that the organization, the I.O.F. has become, and the wonderful work they are doing. Too much praise cannot be given for the able and intelligent manner in which he delivered his lecture, including a trip thru Canada from the Atlantic to the Pacific, with some of the laws ever given in the city. Donald McGregor and Chas. Bodley contributed to the program.

North Toronto.
Mr. Courtney, who recently acquired the Petrie property on the corner of Kensington-avenue, intends to open a shoe store, and W. J. Farr has plans for additions to his grocery store for a shoe store and butcher shop. Councillor J. M. Anderson is contemplating the erection of a building 80 by 160 feet, on his flats next spring for a natorium in summer and a curling rink in winter.

Route of C. N. R.
Garden Hill, Feb. 21.—A meeting was held Tuesday night to discuss the route of the C. N. R. The meeting was unanimous in favor of the new line running midway between the Grand Trunk and C. P. R. and committees were appointed to circulate petitions in favor of this route. Such a line would pass thru Elizabethville, Garden Hill, Campbellford, Bewdley, Plainsville and Smith's Falls.

The fact that a traveler cannot buy a second-class ticket on the Midland mentioned on. It was also noted that it is almost impossible to get an independent telephone into a Grand Trunk station.

Mimico.
The three boys who ran away from Victoria Industrial School on Tuesday night were caught yesterday morning at Appleby, a small village two miles from Burlington. J. P. Rose brought them back last night.

Mr. McMurry entertained a few friends Wednesday night. Miss Jackson, V. I. S., is taking Miss Lynden's place as head matron, while Miss L. is away for her health.

Wednesday night's snowstorm came rather as a surprise, and the strong north wind with it rather blocked things up. The G. T. R. trains are running on time, but the electric wires were very irregular.

East Toronto.
East Toronto, Feb. 21.—The formal opening of the new high school tomorrow.

GOVERNMENT OWNERSHIP OF TERMINAL ELEVATORS

Saskatchewan Grain Growers Pass Resolution—Government Phones Also Endorsed.

Regina, Sask., Feb. 21.—(Special.)—The unanimous expressions of opinion resulting in resolutions favoring government control of terminal elevators, of government ownership of telephones, and of the general principles of compulsory railway commission and the features of to-day's session of the annual meeting of the Saskatchewan Grain Growers' Association. The following resolution regarding government ownership was passed:

"Resolved, that in the opinion of this convention of the grain growers of Saskatchewan, the problem of marketing the wheat crop of Western Canada, can best be solved by government control of all terminal elevators and the establishment of a system of internal elevators, the whole to be operated by a commission appointed by the government railway commission and grain growers in the province, the whole cost to be borne by the grain trade."

A strong resolution was passed advocating government telephones.

A Society Event.
Quebec, Feb. 21.—The governor-general's trophy, which was recently won at Ottawa by the Quebec Symphony Society, will likely be presented in this city in the near future. The presentation will likely be made at the hands of the mayor or the lieutenant-governor.

Messrs. McCarthy & Co., the east and tailors, have just purchased thru Mr. Harton Walker, the vacant lot of 50 feet between their present premises at No. 208 Queen-street East, at about \$10 per foot, and are now preparing plans for a large, up-to-date store, to accommodate their rapidly increasing business as men's outfitters.

Men--Here Are Clothing Reductions

Saturday's Attractions in Simpson's Men's Store.

Because the calendar says winter is nearing the end and in spite of the thermometer's strenuous denial, these prices are possible and positive for to-morrow.

If you think you can wait until warm weather before purchasing more clothing, all right, we'll be ready when you are. But however, if these prices are worth while to you, if you care to take advantage of the reductions on winter goods in view of the probable cold weather still to come—here they are:

75 Men's High-Grade Suits, single and double-breasted sack style, no two alike, these are all high-grade materials which were imported for our custom tailoring department and we made them up into ready-to-wear suits, they consist of English and Scotch tweeds and fancy worsteds, made up in the latest style, with broad chest and close fitting collars and long lapels, beautifully tailored and perfect fitting, sizes 35 to 44, the prices to order for these were \$20, \$22.50, \$24, \$25 and \$26.50, ready-to-wear price Saturday.. **12.45**
