27TH YEAR

WITH NERVES ON EDGE MEN CONTINUED WORK ON THE QUEBEC BRIDGE

Sensational Evidence of Mr. Kinloch at Investigation... Laceration of Chord Sounded High When Struck With Hammer... Disaster Was Inevitable.

QUEBEC, Sept. 20.—(Special).—Very important indeed and quite sensational was the evidence given by Mr. Kinloch to-day as to the defects in the Quebec bridge, just prior to the collapse, showing that trouble was anticipated by some of the practical officials, those who expressed them, and some who laughed at their fears, are now among the dead of the disaster.

He said that he could not swear that any chord in the bridge was absolutely straight. He knew of no carelessness, however, and of none of the defects mentioned by the witnesses Quimet and Lafrance. He knew of the defects in the chords, and, having taken up the bends in chords 1, 2 and 3, with Mr. McLure, who decided that they were of no importance, he subsequently passed without attention similar defects in others. No. 9 chord of the anchor arm had been repaired in the yard in July, 1905.

In the afternoon Mr. Kinloch, continuing his evidence, said a supposed defect in the bottom of the east centre rim was brought to his attention four or five weeks before the accident. He and Mr. McLure discussed the matter, which was referred to Mr. Cooper. That afternoon, apparently misunderstanding the matter, as it was never rectified.

On Aug. 20 he found some distortion of the ribs of chord No. 9 in the cantilever. Chords Nos. 8 and 10 were also damaged, and the damage to the plate between chords 8 and 9 was considerable. It was fully riveted.

The deflection in chord No. 8 considerably worried him, because he was positive it was straight, when riveted up, and it was later on that chord 9L in the anchor arm, showed similar deflection. He was in doubt as to whether the bends in question had been in the bridge since 1905. It was not uncommon for ribs not to meet at once, and it was not unusual in this case the 25-ton Morton jack was used to get them into line.

In only one instance did the chords in this bridge line at the bottom. On his second inspection of chord 8 he thought that the bend had increased. All the ribs in the chord were bent, the bend being almost in the shape of an "S". On Tuesday, the 27th, he discovered a bend in chord 9L in the anchor arm. On the previous Saturday he had not noticed it.

Was Quite Alarming. Mr. Birks and Mr. Yenser were down below on chord 10 and witness said that he called them up, adding: "It was apparently quite alarming." Mr. Yenser said it was quite new, and that he had been over it too often not to have seen it if it had been there before. He also said he would put up no more metal. Mr. Birks laughed at Yenser, telling him he must be more careful and make a further investigation before talking as he was, since his condemnation of these chords meant a condemnation of the whole bridge. Mr. McLure reported the matter to Mr. Hoare, who came to the bridge next day and ordered a thorough examination. On Wednesday, the day before the accident, Birks said that the same traveler was again moved further out and how another piece of metal had been placed in position, only 15 minutes before the accident.

Everybody Was Nervous. He said that Mr. McLure was in New York at the time toon suit Mr. Cooper. He made his last inspection about 11 o'clock on the day of the collapse, and met Mr. Birks on the approach to the bridge, who said, "It's all right, we have just received word from Foxonville, that chord 9—was bent before it left there." Witness said he simply laughed and passed on.

Mr. Hoare had told him to keep a close watch, especially lateral joints, and he noticed that the lacework of chord 13 sounded high when struck with the hammer, showing a strain. He said many of the workers on the bridge knew of the chord deflections, but were more alarmed at the defects in the cantilever than at those in the anchor arm.

Witness identified certain photos graphs of wrecked members of the bridge taken by him. His evidence created a sensation.

"Wireless" to Ask Kipling to Toronto

Canadian Club Will Invite the Famed Author to Address Them—Has Sailed For Canada.

OUR LADY OF THE SNOWS. A nation spoke to a nation. A queen sent word to a throne. Daughter am I in my mother's house, But mistress in my own.

Canada has taken an especial interest in Rudyard Kipling, author and poet, ever since he penned the above lines in commemorating the granting by the Canadian Government of the tariff preference to the British manufacturers.

The announcement that he sailed yesterday for Canada on the Empress of Ireland was not unexpected, and it has caused a flutter among literary folk and those who admire the soldier's poet.

Before Kipling arrives at Rimouski he will have heard from Toronto, for a "wireless" will be sent from Rimouski by J. H. W. Mackie, secretary of the Canadian Club, in this city, asking him to be the guest of the club and deliver an address at a special meeting which will be called in honor of his visit as soon as he reaches the Queen City.

The message will probably be sent until Tuesday. Kipling will touch Rimouski Thursday and will be in Quebec on the Empress of Ireland on Friday night.

A Chicago paper yesterday announced that Kipling has been awarded the Nobel prize, given to who-ever is considered to be the leading writer.

Kipling is no stranger to America, having, since 1890, spent most of his time in the eastern states.

BLINDED BY EXPLOSION. James O'Donnell Victim of Accident at Cobalt.

COBALT, Sept. 20.—(Special).—While working underground yesterday at the Cobalt Central Mine, James O'Donnell of Ottawa was engaged in picking loose rock off the walls of the drift. One of his blows struck a blind hole that had missed fire and an explosion followed that cost him his eyesight.

GENERAL BOOTH IN CANADA. Grand Old Man of the Salvation Army Again Crosses Ocean.

ST. JOHN, N.B., Sept. 20.—(Special).—General Booth of the Salvation Army arrived at St. John this morning. He was greeted by prominent officers of the organization.

FORBES ROBERTSON ILL. Forbes Robertson and Gertrude Elliott will not make their planned tour of America this season, owing to the ill health of Mr. Robertson, who, it is said, may not be able to appear even in England until next season.

ALMA MATER TO HONOR BISHOP

Trinity's Divinity Degree to Be Conferred Today Upon Bishop Scadding.

Trinity University honors herself and an illustrious son, as well as the Episcopal Church of the United States, by conferring the divinity degree upon the Right Rev. Dr. Charles Scadding, Lord Bishop of Oregon, at a special meeting of convocation this afternoon.

Dr. Scadding is a native of Toronto and grand-nephew of the late Canon Dr. Henry Scadding of Holy Trinity, author of "Toronto of Old," etc.

Dr. Scadding is a native of Toronto and grand-nephew of the late Canon Dr. Henry Scadding of Holy Trinity, author of "Toronto of Old," etc.

He let his parishioners see that he was a practical man and "a good mixer," as he puts it, with the result that the most degraded reprobate treated him with respect, and if in his cups he saw the parson approaching he would endeavor to avoid meeting him.

CHATHAM FIREMEN HAVE STRENUOUS TIME—Planing Mill Destroyed.

CHATHAM, Sept. 20.—(Special).—One big blaze doing an estimated damage of about \$8000 with many narrow escapes from injury and suffocation. A wind that blew 20 miles an hour, which spread the sparks over a great portion of the city, setting seven other places on fire, was the record this morning of the biggest day that the local fire department ever experienced.

The fire started in the planing mill of W. M. Drader, Queen-street, shortly after 9 o'clock, and a few hours later the whole mill, which employs a considerable number of hands, was entirely destroyed.

When he was appointed Bishop of Oregon in 1906 he was congratulated by all the churches, who stated that Oregon's gain was Chicago's loss, but they wished him Godspeed in his new undertaking.

JOHN D'S MODEST INCOME. NEW YORK, Sept. 20.—John D. Rockefeller's income from oil is \$21.25 a minute.

Picture framing, Geddes, 431 Spadina.

DOCTOR DROWNED IN OUN SOUND SENSATION

Proceedings May Be Taken as Result of Death of Mrs. Lee—Jury's Verdict.

OWEN SOUND, Sept. 20.—(Special).—Proceedings against Dr. J. J. Brown, a well-known physician, and George Lee, 46 Water-street, may be taken as a result of the evidence adduced tonight at the inquest into the death of Mrs. George Lee, whose funeral was stopped by Coroner Cameron yesterday under somewhat sensational circumstances.

The most important evidence was that of Mrs. Willis, a neighbor of the Lees, who stated that she had attended Mrs. Lee.

ALMA MATER TO HONOR BISHOP. Trinity's Divinity Degree to Be Conferred Today Upon Bishop Scadding.

WORK FOR ALIENS LABOR EXPERT DECARES

Chief of Division of Information Asserts That 250,000 Are Required in the United States.

WASHINGTON, Sept. 20.—More than 250,000 aliens, men, women and children, can procure work in the United States at wages ranging from \$3 a week to \$3.50 a day, according to a report made to the secretary of commerce and labor by Terence V. Powderly, chief of the division of information, bureau of immigration and naturalization. He bases his opinions as to the demand for labor in this country on information received from governors of states, state officials connected with labor and agricultural departments, and large employers of labor.

He expresses the belief that the demand for workmen is greater than is reflected in his report, pointing out that the division of information, which was created by congress with a view to diverting the tide of immigration from the big cities, only has been in commission since July 1 and has not covered the entire labor field.

From individual employers we have received specific information which will enable us to immediately place 1395 aliens at wages ranging from \$1.25 to \$3 a day," he says in his report. "From commissions of labor and state boards of agriculture we have information, reliable in character, but indefinite as to detail, certifying that \$1,100 people can find employment at wages ranging from \$13 a month to \$3 a day. From the commissioners of agriculture of three states information has been received certifying that an aggregate of 1,020,000 settlers on lands are needed."

Establish Branch Office. Chief Powderly recommends the establishment in the large industrial centres of branch offices of the division of information, which shall keep in touch with employers of labor. He would open a large office of the kind at Ellis Island at once and place it in charge of Inspector Philip Cowen.

The chief of the division would have branch intelligence offices established in all the large cities, but he recommends that men and women be placed on steamers to meet immigrants as they should go to find employment. In this connection he says: "I have arrived at the conclusion that it would be well to designate certain well qualified men and women to travel upon steamships and inform immigrants what to expect on arrival in this country. With such persons contact with direct contact with the immigrants on shipboard, answering their questions and explaining the publication of the bulletin and other publications of the division of information, great good must follow."

Will Give the Facts. It is the purpose of Chief Powderly, in accordance with the terms of the law creating the division of information, to secure complete data respecting labor conditions in every state in the Union, put this in the form of bulletins and circulars and place such literature in the hands of every arriving immigrant.

In addition to having circulars telling of labor conditions distributed on immigrant ships, Chief Powderly urges that they should be posted at all important points in Europe.

"The division of information," says Chief Powderly, "is engaging in corresponding with all who have provided data in an effort to secure full and accurate details, and is urging upon all with whom it has dealings to consider the importance of notifying the division promptly of the need of laborers, skilled and unskilled, urban, suburban or agricultural, so that it will be able at all times to supply reliable information as to labor conditions to those who seek homes among us."

WOMAN WANTED A VOTE. Judge at Brockville Was Obligated to Refuse Odd Request.

BROCKVILLE, Sept. 20.—(Special).—The board of registration sitting to enter the names of manhood suffrage voters for the coming by-election had a unique experience to-day, when a well-dressed lady, who recently settled here from England, made application to have her name put on the list. The explanation that the registration was for men only did not satisfy the applicant, and the presiding judge was forced to speak plainly before the woman withdrew. She was accompanied by a man who upheld her contention.

Many Happy Returns. The many friends of Mr. and Mrs. J. N. McKendry will offer congratulations to that happy couple upon this, the twenty-fifth anniversary of their wedding. They start on a trip to-day, stopping at the same places as they did on Sept. 21, 1882.

SERIES OF NICE SUNDAYS. There is to be a series of delightful Sundays, according to the predictions of the weather man, and this means a thought or so touching the silk hat. Dineen's, at Yonge and Temperance streets, are Canada's oldest and most reliable hat makers. Prices range from five to eight dollars for the smartest silks. The Henry Heats hat is a favorite. This autumn soft and hard felts are in particularly neat shapes. All the famous hatters of Europe and America are represented at Dineen's and Dineen's special at \$2.50 embraces a splendid variety of the famous blocks. The store will be open to-night.

ST. CATHARINES, Sept. 20.—Thorold police are now being dealt with by the police committee of the town council. Chief Skee charges that Night Watchman Reuter was in an intoxicated condition, while on duty on the night of Sept. 18. The police committee comprises Mayor Reeve, Councillors Laughlin and Broderick.

In the absence of the mayor, Reeve McGill and Councillor Laughlin took the matter into their own hands and suspended Reuter.

In an interview Chief Skee said that the constable had in several instances answered him in the performance of his duty. "If any man has charges against me, let him come forward with them. I am not in the job for graft, but am working as conscientiously for Thorold as I would for myself or for any other individual."

Night Watchman Reuter, however, asserts that the chief has been drinking while on duty and that he will make counter charges, which he asserts he can prove.

CANNOT BUDGE THIS TENANT

So McGill College May Have to Do Without New Medical Building for a Time.

MONTREAL, Sept. 20.—At a meeting of the governors of McGill College held this afternoon it was found that the college could not go on with the erection of the new medical building owing to the fact that the present tenant refused to leave until his lease expired.

Lord Strathcona has formally conveyed the site to the college, but until the tenant is met in some way, the college will have to do without the new building. It was also arranged on a report from the new Macdonald Agricultural College that the school for teachers should open on Oct. 15, that of household science on the 17th and the school for agriculture on the 22nd. Already so many applications have been received that the women's residence will be taxed to its full capacity while the men's residence will be more than half filled.

The governors also deputed Principal Peterson and Prof. Cox to represent McGill at the celebration to be held in Toronto next week in connection with the installation of Dr. Falconer as president of Toronto University and the opening of the new physics building.

Detective Wallace turned in Harry Lane as a vagrant yesterday. Lane gives his address at 232 1-2 Simcoe-street, and says he is a clerk.

STRAITFORD, Sept. 20.—(Special).—A bad freight wreck occurred on the main line of the G.T.R. between Stratford and Toronto this evening. It was about three miles from the track. Five cars were thrown from the track. The Stratford auxiliary is at the wreck. No one was hurt.

TOO MUCH FOR RAILWAYS. Western Crop Will Prove Difficult to Handle.

OTTAWA, Sept. 20.—(Special).—Official reports state that in spite of the damage to the crops by frost more grain will be harvested in the west this year than the transportation companies will be able to handle.

Right Rev. Dr. Reave Suffragan Bishop of Toronto, will preach at St. James' Cathedral on Sunday morning.

Rev. T. L. Tapscott, M.A., pastor of Calvary Church, Victoria, B.C., has been appointed by the board of the Baptist convention of Western Canada, to devote himself to evangelism under their direction. Mr. Tapscott has not as yet

Rev. W. D. Magee of Clinton and Base Line churches has resigned his pastorate, and closes his labors on Sunday, Sept. 22. Mr. Magee has accepted a call to become pastor at Manitow, Man., where he begins on Oct. 6.

Rev. L. W. Pattison, son of the late lamented Prof. J. Harwood Pattison of Rochester Theological Seminary, who has been pastor at Manitow, Man., is leaving shortly for England, where he purposes studying evangelistic work and methods in London for a year.

Rev. John MacNeill, B.A., of Walmer-road Baptist Church starts on Sunday, Sept. 22, a series of sermons to men. The subject on that occasion will be "The Challenge of the Church to Men." One Sunday evening of each To-night's tabernacle will be given to the presentation of a subject of special interest to men.

Rev. J. B. Fotheringham, M.A., the newly-appointed assistant priest of St. Luke's Church, will preach Sunday morning.

SOCIALISTS BARRED. Are Refused Privilege of Using Berlin's Band Stand.

BERLIN, Ont., Sept. 20.—(Special.)—This evening A. W. Mance, who has been addressing several meetings this week from the town bandstand, under the auspices of the Ontario Socialist party, was informed by Dr. Chisholm, chairman of the markets committee, that he must cease. Complaints had been made that the speaker had uttered derogatory sentiments when speaking of the militia. From 800 to 1200 people have been listening to the addresses.

To-night's tabernacle was placed in the market square, and electric light being refused, a lamp was used to give light. A big crowd gathered. Dr. Chisholm was invited to give the names of those who complained, but mentioned only one, Banker Scott.

The Socialists say that the doctor has advertised the meetings, two more of which will be held Saturday and Sunday nights. To-morrow the subject is "The Trusts From the Socialist Point of View."

New Insurance Company. OTTAWA, Sept. 20.—(Special.)—Application will be made to parliament for an act incorporating the Pacific Coast Fire Insurance Company.

See Hunt's ad on this page.

THE WEATHER

Minimum and maximum temperatures: Allin, 50-53; Victoria, 44-48; Vancouver, 42-46; Edmonton, 31-36; Calgary, 32-36; Battleford, 30-30; Prince Albert, 30-30; Regina, 30-30; Winnipeg, 42-54; Port Arthur, 52-55; Fanny Road, 50-76; Toronto, 60-82; Ottawa, 54-79; Montreal, 50-76; Quebec, 46-59; John, 46-66.

Probabilities. Lower Lakes, Georgian Bay, Ottawa Valley and Upper St. Lawrence—Fresh west to northwest winds; fine and a little cooler. Manitoba and Saskatchewan—Fair and cool. Alberta—Fine; stationary or a little higher temperature.

THE BAROMETER. Time. Ther. Bar. Wind. 8 a.m. 62 30.52 Calm. Noon 68 30.52 10 S. 2 p.m. 70 30.47 10 S. 4 p.m. 71 30.42 10 S.W. 6 p.m. 72 30.42 10 S.W. 10 p.m. 70 30.44

Mean of day, 72; difference from average above; highest, 8; lowest, 6; rainfall, .15.

Re Race Ticket Privilege. "Mr. Muller very kindly offered to look after the sale of race tickets up to us. Indeed he considered it a privilege to do so," said a director of the Ontario Jockey Club. The innovation has been one of those small conveniences which are most appreciated and many have taken advantage of it. Muller's cigar store, in the Traders' Bank Building, is worth seeing, and the out-of-town folks attending the races have had a double pleasure.

TO-DAY IN TORONTO. Sept. 20. 4th Highlanders at Long Branch range, 8 a.m. Antwerp Ordination service at St. Thomas' Church, 11 a.m. O.C.C. races at day, Woodbine, 2:30 p.m. School children's flower show, St. George's Hall, 3 p.m. Convocation, Trinity College, 4 p.m.

STEAMSHIP ARRIVALS. Sept. 20. At From Roman, Quebec, Antwerp. Empress India, Yokohama, Vancouver.

BIRTHS. BALL—At 48 Morse-street, on Wednesday, Sept. 18, to Mr. and Mrs. Sydney V. Ball, a daughter.

MARRIAGES. STANLEY-ANDERSON—St. Stephen's Church, Wednesday, Sept. 18th, at 7:30 p.m., Grace Harriet, youngest daughter of Mrs. Anderson and Robert Stanley, second son of Mr. and Mrs. Robert Stanley, Markham-street. The Rev. J. S. Broughall performed the ceremony.

CAVENDISH-PEARSON—On the 18th inst., at St. James' Church, by the Rev. Wm. D. C. Cavendish, son of the late Wm. D. Cavendish of London, England, and Elizabeth, daughter of Edwin P. Pearson of 31 Avenue-road, Toronto.

DEATHS. CUTHBERTSON—On Sept. 20th, at the residence of her son, Dr. C. R. Cuthbertson, 125 Lakeshore, Annie, widow of the late Robert Scott Cuthbertson, aged 72 years.

Funeral service on Monday, Sept. 23, at 2:30 p.m., at St. James' Church. EATON—Evelyn Mason, beloved wife of H. W. Eaton, died at her late residence, 269 Aberdeen-avenue, on Saturday, Sept. 19, 1907, at 8:30 p.m., aged 51 years. Interment in Mount Pleasant cemetery. Friends will accept this intimation.

Funeral service on Thursday, Sept. 20, at 2:30 p.m., at St. James' Church, 118 McPherson-avenue, Elizabeth Young, in her 83rd year. Funeral service on Friday, Sept. 20, at 2:30 p.m., at Mt. Pleasant cemetery.

Are You Afraid of Typhoid? At this season many persons are apt to be nervous about their water supply. Nervousness is an enemy to health. Be on the safe side. Drink radnor water, for you can have no worry as to its purity.

Radnor comes to us from an absolute pure source in the Laurentian Mountains.

THE CRUSH AT THE GATE Can Be Avoided by Securing Race Tickets Uptown.

Gentlemen, particularly when they are accompanied by ladies, are frequently inconvenienced while securing tickets for the races at the Woodbine track. The directors have made arrangements for the sale of gate tickets up town. Mr. G. W. Muller has consented to take charge of the sale, and the tickets may be had at his cigar store in the Traders' Bank Building.

PINKERTON'S LARGE ESTATE. NEW YORK, Sept. 20.—The will of Robert Allan Pinkerton, head of the Pinkerton Detective Agency, died today, disposes of an estate valued at \$3,000,000. Nearly all the property is left to his widow, Anne Elizabeth Pinkerton, his son, Allan, and his two daughters, Anna F. Gibbs and Mary F. Carlisle.

WERE WE DEELED OF HOLENESS

Italian People Refrained from Demonstrations of Hostility Against Church—Two Big Parades.

ROME, Sept. 20.—Armed men in the service of the Pope have been on guard all day long at the entrances of the apostolic palace, and the Vatican has been under the especial protection of a detachment of royal troops, but there has been no active outbreak of anti-clerical demonstrations, and Sept. 20, the 37th anniversary of the occupation of Rome by Italian troops, and the fall of the temporal power of the papacy, has passed without the fulfillment of any of the fears entertained by the Vatican that the Italian people would do violence to the church.

There were two big parades this afternoon thru the streets of the city, and the red shako of the carabinieri veterans were conspicuous in the throng. The first parade was official and composed of the members of fifty local associations. The leaders laid wreaths on the tomb of the Victor Emmanuel II and King Humbert, and decorated with flowers the tablet at the Porta Flaminia, which commemorates the entry of the Italian troops in 1870. The other parade was popular and unofficial. It marched past the cathedral carrying banners inscribed with anti-clerical sentiments. Returning the crowd raised a red flag over the question state of the police seized a number of anti-monarchist proclamations, and the walls of the city were placarded with the anti-clerical victory at the coming municipal elections.

T. C. PATTESON DEAD Continued From Page 1.

dent, the late William Hendrie of Hamilton. Precipitated a Struggle.

Mr. Patteson at the time was conducting many items of considerable value to the Empire, then in the last years of its existence. In one of these paragraphs Mr. Patteson made some pointed remarks, referring to members of Mr. Hendrie's family. The result of the quarrel that followed was a very bitter fight regarding the control of the O.C.J. Shares of the club sold as high as \$50, although only \$30 had been paid up. The late George Gooderham was a supporter of Mr. Patteson in the fight, but when it became so hot, and clearly a case of money, that gentleman declined to go any further. The result was that Mr. Hendrie won the battle by securing fifty-two of the ninety-two allotted shares. This practically gave the ownership of the track and the control of the Ontario Jockey Club to the Hendrie family. Sir Frank Smith accepted the presidency, and Mr. Hendrie became vice-president. From that day to this Mr. Patteson had not entered the gates of the Woodbine. That his support to local turf interests was sadly missed, it is certain, but the Ontario Jockey Club survived, and its history has been one of continued progress; but for all that it cannot be denied that it was Mr. Patteson who organized the club and gave racing its splendid impetus in Canada. He endeavored to raise a social success when he secured the attendance of Lord Lorne and his royal spouse, the Princess Louise. From that time society has adopted the sport, and the best people in the land have been its patrons.

Prominent in Athletics. Mr. Patteson's sporting interest was not confined to horse-racing, for in his college and school days he was prominent as an all-round athlete, being both a crack runner and jumper. He was known as an All-Englander, and as a wicket-keeper at one time, was unexcelled in Canada. He was captain on more than one occasion in the early-sixties of the

international cricket eleven, and was foremost in promoting the visit of the Fitzgibbon-Gracie team to Canada in 1872, when the score was printed hour by hour on the ground and a report of the game published in newspaper form. Mr. Patteson never ceased his interest in the national game, and it is a point not to miss an international match when played in Toronto, but as a player his career ended in the seventies. The deceased had long been regarded as the man of letters of sport, but on all round subjects he was a graceful and forcible writer. A managing editor of the Mail he wrote many articles, several of which landed the paper in a peck of trouble, a memorable one being that which resulted in the late Hon. Charles Crooks suing the paper for libel for something that was said about the appointment of one C. J. Whelan as immigration agent. The result of the action was a farthing damages for Mr. Crooks, but Mr. Patteson said he would beat him on the judgment and doubtless he had. If ever a man had caecothese the editors and readers of many journals can testify, including The Ken- tucky Thorough Record and pretty well all the leading turf papers in the States. In turf circles no signature for a quarter of a century was better known than that of T. C. F. In religious belief, Mr. Patteson was an Anglican. In 1867 he was married to Marie Louise, daughter of the late Ralph Jones of Port Hope, and with her had two sons and two daughters, survives him.

SALE OF DON VALLEY MILLS. Valuable Property for Investment Purposes to Be Offered To-Day. The Don Valley Paper Mills, which will be offered for sale by auction to-day, are one of the very few links remaining that connect the present generation with the dim and distant days of the York Pioneer.

The sale is being made to close an estate and will be conducted by C. M. Henderson, at the home of Mrs. C. M. Henderson, 4 King-street, at noon. The property covers 22 acres and the buildings consist of a brick mill, two brick store houses, a brick dwelling house, brick workshop and one frame storehouse. The mill is equipped with machinery and is now in operation. It is within a short distance of the Broadview-avenue car lines and altogether should prove a valuable property for investment purposes.

D. H. Campbell's List.

\$16,500—CENTRAL ON GOOD street, packed with houses, thirty rooms, electric light and gas, hot water heating, hardwood floors, splendidly situated for high-class rooming house, private hospital or club.

\$6,000—JAVIS SOLID BRICK 12 rooms and bath, four on ground floor; excellent rooming house, and easy terms.

\$6,000—BLOCK HOUSES, SYD- enham-street, all well-ranged.

\$4,100—CHURCH, CLOSE TO Carlton, solid brick, 9 rooms, front and back stairs, hall through to kitchen, concrete cellar, slate roof; central, bargain.

\$3,250—ROBERT DETACHED, nine rooms, open plumbing, concrete cellar, every convenience; rented \$35 month; A1 investment.

\$1,875—MONTROSE AVE., LOT 40 x 125 to back line, 11, including brick house, shack, quantity lumber and stone; special price for quick sale; see this.

D. H. CAMPBELL, REAL ESTATE Broker, 107 Victoria-street.

A. Willis' List. A. WILLIS, 6 TORONTO STREET, Toronto.

30 MILES FROM TORONTO, NEAR a station, well marked town, in Ontario, two banks—\$3000 will buy 6 1/2 acres, with an 8-roomed brick house; bank barn, 40 x 40; herring, orchard.

100 ACRES TOWNSHIP OF Fonthill, Welland and St. Catharines; 20 rich sandy loam; 80 acres cultivated, 20 acres hardwood timber, 100 feet Niagara electric road; near school; price, \$7500; terms to suit.

BLANTYRE AVE., NEAR VICTORIA Park—\$2400 will buy 6-roomed house on cemented basement cellar; Peace Island soft water in kitchen; verandah, 5 x 30; lot 50 x 200; nicely wooded with all other trees; 120 feet front lawn; perfect view of lake from verandah; terms to suit purchaser. A. Willis, 6 Toronto-street.

ITALY'S GLAD NIGHT. Centenary of Freedom's Decree Commemorated in Toronto.

The centenary of the dawn of Italy's liberty, as symbolized in the Treaty of Rome, Sept. 20, 1870, was the occasion of an enthusiastic demonstration last night in the Italian mission. At the corner of Agnes and Torvaldy-streets, the audience numbered about 200 people.

A special feature was the rendering of patriotic songs by a chorus of fifteen children, attired in Garibaldi costumes. Speeches were made by Superintendent Merlino, Alexander Mills and Chas. Cassoli, and a program of vocal and instrumental music was given by M. C. Cutly, L.L.C.S.; T. Berri and Mrs. Berri, Ethel Ansley and Ida Day.

Last Year's Troubles. Did your heating plant give you trouble last year? If so, better see about having a "Orderly Economy" heater put in right away, then your troubles will cease.

Hotel Strathcona, Niagara-on-the-Lake, will remain open during September. Special low rates from now on. J. Tasker, manager.

Dr. Amyot, who is in charge of the provincial experimental laboratories, returned from a week's holiday yesterday, and left in the afternoon for the west on departmental business.

Customs traiffs are complicated. Friction wastes energy. Bring your entries to us. Orderly Economy, Maurice G. Thompson, Customs Broker, 60 Yonge-street.

The World's Home Magazine for Women

Edited by LAURA E. McCULLY, B.A.

An Old Song Ended.

By Alfred Noyes.
(Another Version.)
How should I your true-love know,
From another one—
By his cockle-hat and staff,
And his sandal shoon—
Wherefore hath he roamed so far,
Love's a pilgrim, and he comes
Out of Holy Land—
Nay, but he is dead, lady,
He is dead and gone!
Seek his grave and lay your face
Down upon the stone—
Shall I find him if he sleep
In a nameless grave,
Where over many a many an one
The tall wet grasses wave—
Breathe my name whereas you go,
If you hear a sound
Struggling like a stifled cry
Underneath the ground,
Whisper but a word to him,
Tell him my despair,
He riseth from the dead,
Then my love is there.
—From The Nation.

A Profitable Vacation.

The New York Evening Post tells at some length the story of how three women spent a pleasant and profitable vacation this summer among the grassy hills and meadows of the children of a Massachusetts village not far from Salem.
Two of the women were school teachers devoted to their profession, and it was purely as a pastime that they photographed and made studies of the objects of interest or antiquity in the neighborhood. As is well known, New England villages are noted for their picturesque surroundings, and a plenty of good subjects fell in the way of the three camera devotees. During pleasant morning rambles many a snapshot was got of sights and scenes worth preserving.
Going into Salem to have her plates developed and printed, one of the women was offered a good opportunity for her photo collection, which she declared would make an artistic set of "picture post cards." The offer, needless to say, was promptly accepted. The success of their amateur efforts set the women thinking. Why not make a trip thru spots of romantic and picturesque interest and make a really unique collection of photos? One woman had long been anxious to give the pupils of her history class a series of slides, and she had been showing them the views of those places most important in their studies. This would be the very opportunity for such an enterprise, and the question of expense would be solved by the fact that it could be made pay for itself.
Accordingly a provisional agreement was entered into with the dealers, and a trip taken by the three women thru the most romantic and picturesque spots of New England. Not only were the results eminently valuable to the antiquary, but the trip was also profitable as well as the pleasure derived equaled the effort. The historical pilgrimage covered Lexington, Concord and other similar scenes of interest, and the pictures were sold at six-fors-quarter, which yielded an excellent profit.
Many things were discovered by these enterprising girls on their trip, and it was that there is a really splendid opportunity for women, particularly in the department of "home" photographing, to go round the country and on the piazzas of country houses. In the same way entertainments could be photographed with immediate profit, and the thing is not done more frequently and more successfully.

A Woman Lawyer.

Miss Geraldine B. Robinson of St. Thomas was yesterday sworn in by Justice Magee as a barrister. Miss Robinson, who is Ontario's third young lady barrister, is the daughter of the late Mr. J. A. Robinson of St. Thomas, the well-known lawyer. She is connected with a law office in that city, and for the last five years has attended law school. The field of her labors will be St. Thomas.

Purple Hats.

Lady Duff Gordon, the titled modiste, is quoted by a contemporary as saying that "the woman who wants to be tremendously smart must lace at least one purple hat for fall wear. Moreover, trimmings, pins and buckles are essential. Hats are all put on in square patterns in accordance with these ideas, and even hat pins are all Japanese or oriental in style.
The same authority is quoted for the statement that all evening and dress girdles must be in sash style, with long streamers at the back, falling almost to the hem of the skirt. Seed pearls form a fringe, and sashes are frequently sequined, or finished with gold tassels and fringe.
Also this precious fur is dearer than ever this year, it is to be very widely worn by folks who can afford it.

2077—Ladies' Japanese Lounging Gowns.

All Seams Allowed.
This graceful lounging gown is developed in pale blue crepe, flowered with heliotrope chrysanthemums; the trimming band is of heliotrope silk and the fringed sash is of the same delicate shade. It might also be made of nun-velvet, cashmere or albatross if a less elaborate garment is desired.
The pattern is in three sizes—small, medium and large. For the medium size the gown requires 10 1/2 yards of material, 20 inches wide, 1 1/2 yards 27 inches wide, 5 3/4 yards 36 inches wide, or 5 1/4 yards 42 inches wide; each with 1 7/8 yard of contrasting material 11 or more inches wide, 2 3/4 yards of ribbon 8 1/2 inches wide for sash and 1/2 yard of fringe.
Price of pattern, 10c.

A TREAT FOR THE LADIES.

Every lady in Toronto should be interested to-day in the grand opening of the new ladies' tailoring establishment at 390 Yonge-street, corner of Agnes-street, where Crawford's Limited, has installed an entirely new display of styles and waists. A cordial invitation is extended to all ladies in Toronto to see the very newest ideas in the things they are thinking about. The other store at the Yonge-street was not big enough, so it was necessary to acquire the new place, which will be formally opened to-day. It's a nice, roomy store, with every facility tending toward the comfort of the customer.

RECTOR FOR OAKVILLE.

Rev. L. W. B. Broughall, inducted before Large Congregation.
OAKVILLE, Sept. 20.—The new rector for Oakville, Rev. L. W. Broughall, late curate of St. James' Cathedral, Toronto, was inducted rector of St. Jude's Church, Oakville, last evening before a large congregation. Rev. Rural Dean Bell, Milton, officiated in the absence of the lord bishop, who was unable to be present. Rev. Canon Welch, rector of St. James' Cathedral, was the preacher. The following clergy also took part in the induction services: Rev. Canon Broughall, rector of St. Stephen's, Toronto; Rev. Mr. Cayley, rector of St. Simon's, Toronto; and Rev. J. S. Broughall, assistant rector of St. Stephen's, Toronto. A reception was held in the school-room after the service.

Put Arsenic in Coffee.

PHILADELPHIA, Sept. 20.—Because Frank Kerovskis, aged 40 years, refused to obey his wife's order to leave her, she poisoned him with arsenic. The widow, according to the coroner's officials, was in love with her sister's husband.

Wives and Mothers Suffer With Backache

Unfortunately They Fail to Recognize the Dangerous Cause of the Trouble.
Constantly on their feet, attending to the wants of a large and exacting family, women often break down with nervous exhaustion. In the stores, factories and on a farm are weak, ailing women, drooped down with torturing backache and bearing down pains.
Such suffering isn't natural, but it's dangerous because due to diseased kidneys.
The dizziness, insomnia, deranged memory and other symptoms of kidney complaint can't cure themselves. They require the assistance of Dr. Hamilton's Pills, which go direct to the seat of the trouble.
To give vitality and power to the kidneys, to lend aid to the bladder and liver, to free the blood of poisons, probably there is no remedy so successful as Dr. Hamilton's Pills. For all womanly irregularities their merit is well known.
Because of their mild, soothing and healing effect, Dr. Hamilton's Pills are safe, and are recommended for girls and women of all ages. 25 cents per box at all dealers. Refuse any substitute for Dr. Hamilton's Pills of Mandrake and Bitternut.

THE PUBLIC AMUSEMENTS

The first visit of Maude Adams to Toronto in two years will occur Sept. 30, when Charles Frohman presents her at the Princess Theatre in her famous play, "Peter Pan." The production comes to this city from the Empire Theatre, New York, where it ran all last season to audiences of great enthusiasm surpassing even the record made by "The Little Minister." The engagement is for one week. There will be Wednesday and Saturday matinees.

A new comic opera character by the Wolf Troop, as theatrical as any of the Royal Alexandra, when Messrs. Shubert will present an entirely new comic opera, entitled "Happyland," written expressly by Mr. Hopper by Reginald De Koven and Frederic Ranken, and staged by R. H. Burnside. "Happyland" is in two acts and is said to be a straight comic opera, with the usual elaborateness in the matter of scenery and costumes that characterizes all of the recent Shubert shows.

One can imagine a whole lot more merit from this one item—how Ecstasious, tearing away every minute, must have been a royal household, how he must plan and plot, only to entangle himself deeper and deeper in his predicament, and so forth. He early sings, "A Sickening Happiness Stis on Me." This sadness is not the result of the Cambodians' persecution or an elephant's trouble—it is caused by an everlasting condition of happiness that prevails in Happyland.

Of course, the scenery, costumes and general stage effects are of the highest quality, and which will be a sight to behold. The Princess Theatre all next week. Daniel V. Arthur, manager of Miss Cahill, secured from Edwin Milton Royle, the eminent dramatist, a comedy, and then applied it to music by Silvio Hain, who composed "Nancy Brown" and "Molly Moonshine." Miss Cahill's excellent vehicle of last year, and lyrics by Benjamin Hagood Burns, and author of "Robinson Crusoe's Isle," which was the hit of Miss Cahill's last season.

The sensation which this combination of good story, good music and good lyrics made in New York is easy to realize, when one considers that it was produced at Daly's Theatre, the place where Augustin Daly elevated the musical comedy stage to an atmosphere of refinement and pleasurable interest.

Miss Cahill's play is more like the old Augustin Daly production than anything that has been seen since the work of the great manager. The entire theatre-going public of New York has expressed nothing but regret for the fact that subsequent contracts prevented the management of Daly's Theatre from allowing her to remain

in that house during the entire season.

Miss Cahill added another feature to her production, which was a great element to her tremendous success; she has given an elevated stage in full view of all visitors to the park. The show embraces every feature usually found in a high-class circus. The well-educated ponies and the troupe of highly-trained dogs are proving the delight of the younger visitors this week. The aerial act by Miss Lowande is excellent. The equestrian dogs, who jump thru hoops, ver dancers and from the floor to the back of a pony going at full speed around the ring, are especially noteworthy. Another popular act at the beach this week is that of the Marriot Twins, who do some marvellous juggling with bicycles and bicyclic riders.

The committee in charge of the Toronto Conservatory Symphony Orchestra has issued a circular announcing the concert for the coming season. It is proposed to give two concerts this season, one in December and the other in April, and subscriptions for the same are invited. The conductor, F. S. Weisman, has selected for performance, amongst other attractive works, Beethoven's Second Symphony, Mendelssohn's "Midsummer Night's Dream" overture, Schubert's second Entr' Act to Rosamunde, and possibly Nicolai's overture, "The Merry Wives of Windsor."

The executive committee are: Dr. Edward Fisher, chairman, George Edward Sears, Dr. A. S. Vogt, F. A. Moore, H. C. Cox, W. Murray Alexander, J. D. A. Tripp, P. E. Blackford, R. S. Pigott, T. Bilson, S. T. Church, hon. secretary; H. J. Bohme, hon. secretary.

The orchestra will have about 60 members of whom 55 have already joined.

The initial performance of "Since Nellie Went Away," a rural drama by Owen Davis, will be given at the Marlborough Theatre in the week ending Sept. 23. The play, which has spared neither expense nor personal efforts to insure the accuracy of the wonderful stage pictures that delight the eye, has 12 scenes, making up the four acts.

The reproduction of the life-saving incident, according to a rescue by the life-savers during a sea storm of fearful realism, are calculated to rouse and sustain the interest of the most big-hearted hero. Nellie, the beautiful, unsophisticated heroine, is, of course, of paramount interest, and it is in the delightfully natural delineation of this character that the playwright's art is made apparent. The spectator follows the course of her love story with unabated eagerness and hearty interest, what the last scene shows her secure in the safe haven of her husband's paternal home.

Gabriel Farley, Nellie's constant, if hopeless, lover, wins a sympathy second only to that felt for the heroine herself, and it is in a large measure due to his noble character that the drama reaches its happy climax.

Throughout even the serious scenes there runs a vein of clean, bright comedy, which prevents the play from assuming too sombre a hue.

"Patsy in Politics" comes to the Grand Opera House next week, and of course Billy B. Van plays Patsy Bolivar. Who else could play Patsy Bolivar? This comedian has a personality and a personal bunch of mannerisms that will set an audience laughing even if there isn't a funny line or funny situation to back them up. He is one of the finest types of the natural-born comedian now on the stage, and as long as he enjoys the sort of stage fun, Billy B. Van is "always on the job." But there is more to the show than the red-shocked Patsy, although he is a real show in himself. A large, competent company presents the piece, an extensive production evinces it, and pretty girls, handsome costumes, and musical numbers introduce a bunch of that life and color which the followers of modern musical fancy delight in.

"Patsy in Politics" is in no way to be confounded with the old play that Van presented here a season ago. Everything is new except the cast, all of whom have been retained owing to their special fitness to play the part portrayed.

One of the best bills that Manager Shea has succeeded in putting together for his patrons this season will be enjoyed next week. Mr. and Mrs. Sidney Drew are headliners. They are making their first appearance here in their latest success, "Billy's Tombstones." It is clean, concise and infectious humor. Every one speaks with wit, and there is not a dull moment from start to finish. Mr. and Mrs. Drew are seen respectively in the roles of brother and sister. The scene is laid on an ocean liner.

An announcement that will be received with pleasure is of the appearance of Julius McVicker & Co. in a one-act comedy by Robert Drouet, entitled "A Bit of Acting." A further pleasure is in store for their friends in the fact that Mr. McVicker's company comprises Miss Donna Benrimo and John T. Dwyer. Mr. McVicker is one of the most popular actors who have ever visited Toronto. Miss Benrimo is also a favorite, and John T. Dwyer has appeared in stock for many seasons. Mr. McVicker is sure of a warm welcome.

Law Bloom, the tramp, and the originator of that clever stage character, is presenting an entirely new act, telling stories as only he can act, and giving new and funny songs. The Great Carletta is making his first appearance at Shea's, and this strong man, who is known as the human dragon, has been received everywhere with the warmest praise. "Ferrozone" should be taken to give youth the vigor that clear, red blood will confer.

Ferrozone helps youth to sleep soundly and gives the power of strength that clear, strong brains and vigorous nerves will afford.

Give the ladies that pale, laxy-brown Ferrozone—and watch how it quickens the power of both body and mind.

Ferrozone gives appetite, brings bright color to the cheeks, makes them strong—it not only brings health, but preserves it. It is a body-builder, a former and nerve strengthener, without an equal. Ferrozone cures that condition of weakness so common in young folks. It's harmless and efficient; 25 cents per box at all dealers.

The Right Watch

The ELGIN WATCH

The Elgin Watch is the right watch in every respect—right in workmanship, right in price, right in time, right every time. Accurately adjusted to position and temperature. MOTHER'S PROBLEMS.

Every mother knows that the happiness or misery, the success or failure of her children largely depend upon their physical strength.

Ability to study and the equipment for the battle of life must be founded on a firm health basis.

If the boys and girls are weak, bloodless, easily tired, what chance have they in the strenuous struggle for advancement or place?

Weakness spells failure, and that means falling behind in the race, and often means failure in the end.

Ferrozone should be taken to give youth the vigor that clear, red blood will confer.

Ferrozone helps youth to sleep soundly and gives the power of strength that clear, strong brains and vigorous nerves will afford.

THEATRE ANNOUNCEMENT. Theatregoers do not consider an evening complete without an after-

City Water Bad Again

Dr. Amyot, the Ontario Government bacteriologist, has no delusions about the dangers city water holds. He tells Toronto that there are fearsome bacteria in the city supply, and the authorities recommend boiling it to make it safe.

Dr. Amyot Says City Water Contains Some Sewage Bacteria.

"Boil the drinking water," is the advice of Dr. Amyot, the Provincial Analyst, to the people of Toronto. "The water has been infected for the last two and a half weeks, and still is," said Dr. Amyot. "It has been fairly clear all summer until recently. I do not know where it comes from, but there is sewage bacteria in the water."

Your own doctor will tell you that boiled water isn't good for anybody as a regular beverage.

Your own palate will tell you what disagreeable, mawkish stuff boiled water is.

Your own household will tell you what an expense, what a bother, it is to have to boil water, then cool it, yet what other way is safe?

The simplest way:

Drink York Springs Water, certified as to purity, limpid, crystal clear, flowing from a spring forty feet underground, in a region where contamination is made impossible by scientific safeguards.

York Springs Water makes you certain your health will be benefited by copious water-drinking, which, in itself, prevents many diseases.

York Springs Water is zestful and gratifying, instead of insipid-wholesome, instead of dangerous-economical, too.

These are the Present Prices:

- A five-gallon flask 50c
- A two-gallon flask 25c
- Smaller containers at a slight advance on above prices.

ASK YOUR DEALER, OR PHONE MAIN 6374

For a supply promptly delivered to any house within the city limits.

Bottled at the Springs for surety of purity and sold in your neighborhood by merchants who discriminate.

Ideally Pure York Springs Water is the basis of these beverages: York Sparks (York Springs Water charged with purified carbonic gas), York Ginger Ale, York Sarsaparilla, York Soda, York Potash, York Water, York Aperients (the perfect laxative), York Ginger Beer, York Lemonade.

Drink York Springs Water for Safety's Sake.

The Mineral Springs Limited Toronto.

COMMISSION TO ENQUIRE INTO CIVIC PARKS DEPT.

Guild of Civic Art Asks City Council to Appoint Three Unsalariated Commissioners.

The suggestion that a commission be appointed by the city to enquire into the management of the parks department is made by the Guild of Civic Art, which has forwarded a resolution to the city council.

It is proposed that the commission should "enquire into and report upon the city's general policy in financing, purchasing and governing its parks, playgrounds and boulevards, and the advisability of adopting a comprehensive scheme and plan of improvement and extension to be administered by a permanent park commission or otherwise."

It is further suggested that the commission should consist of three persons, to be appointed without remuneration, but to be authorized to take expert advice, and make a tour of inspection.

A deputation of members of the guild will wait on council in support of the plan.

Let 'Em All Come. The city engineer's opinion is that the new pumping engines should be contracted for on the best terms, without giving way to the urgings of the Trades and Labor Council that the tendering be restricted to local firms. He says he doubts from former experience, whether the pumps could be built satisfactorily in Toronto.

Aid Bengough, who was acting mayor yesterday, announced that he wanted to see a clear and complete scheme for the reclamation of Ashbridge's Bay drawn up before any leases are granted in the district. He favors the plan prepared by Supt. Osborne of the C.R.

ROCKEFELLER COMMANDS

His Interest in Standard Oil Worth \$109,000,000.

NEW YORK, Sept. 20.—A record of the present stockholders of the Standard Oil Company was placed in evidence today in the federal suit against the oil combine, disclosed that John D. Rockefeller owns 247,642 shares of stock and that his holdings are almost five times larger than those of any other individual.

Charters had a Swede working with him, and told him to place a plank across the shaft. He did not rest the edge far enough, and Charters went down. He lit on top of the elevator, which saved his life.

John Cooper had one hand badly crushed at the Canada Foundry yesterday, while Harry Kaufman had an ankle crushed in an elevator at the Min-Business Company's shop.

TWINE MAKERS FINED.

Inspector Haycock's Trip West Was for Business.

OTTAWA, Sept. 20.—J. L. Haycock, Dominion Inspector of binder twine, has made a report to the department of trade and commerce upon the results of a trip to the west. During his absence he imposed fines amounting to \$3600 for short twine. One American firm, which was fined \$1475, really had to pay up to the extent of over \$12,000 for its crooked business methods.

OTTAWA FAIR SHOWS DEFICIT.

OTTAWA, Sept. 20.—(Special.)—It is expected that this year's exhibition will show a deficit. The grand stand and Howick Hall returns have shown a large falling off.

Domination Exhibition for Ottawa.

OTTAWA, Sept. 20.—(Special.)—It is considered probable that Ottawa will secure the Dominion Exhibition next year with its grant of \$50,000.

One Way Colonist Rates to Pacific Coast.

Every day until Oct. 31st the Grand Trunk will issue tickets at special low rates to the following points: San Francisco, \$43.70; Los Angeles, \$43.70; Portland, Ore., \$41.95; Denver, \$43.30; Colorado Springs, \$38.55. Proportionately reduced rates to points in British Columbia, California, Colorado, Idaho, Mexico, Montana, Oregon, Utah, Washington, etc. Full particulars at Grand Trunk city office, northwest corner King and Yonge streets.

MOORS STOPPED COURTIERS.

Mistreated Them, But Released British and Germans.

TANGIER, Sept. 20.—Eighteen of the mounted Moors belonging to the force gathered around Raisuli recently stopped couriers of the diplomatic corps, who were on their way from Fez to Larache, and after mistreating them, released the couriers of the British and German legations. The mail bag belonging to the French legation was rifled.

MINT MUST IMPORT.

Electrolytic Copper From Trail Not Suitable.

OTTAWA, Sept. 20.—(Special.)—Officials of the royal mint stated today that they will be unable to get electrolytic copper from the Trail, B. C., smelters. Several statements have passed between the head officials here and the management of British Columbia Smelter, but the copper is not refined sufficiently and so far as present advice goes the mint management will have to import it from the United States.

Forty Killed in Wreck.

MEXICO CITY, Sept. 20.—Forty persons were killed and 34 others were wounded in the railroad wreck yesterday on the Mexican Central Railroad.

Vatican Closely Guarded.

ROME, Sept. 20.—This being the thirty-seventh anniversary of the occupation of Rome by the Italian troops and the fall of the temporal power of the Papacy, all the armed men in the Vatican were detailed to watch the entrances to the apostolic palace, or to patrol the garden and courtyards.

Elm Street Methodist Church.

The pulpit of Elm-street Methodist Church will be occupied to-morrow as follows: Rev. T. E. Bartley will preach at 11 a.m.; subject, "What is Your Opinion?" and Rev. George A. Mitchell, B.A., at 7 p.m., subject, "Men Wanted." Howard Massey Frederick, baritone, will sing at the evening service.

SAYS WE MUST DRINK PLENTY GOOD PURE WATER

Nature's Great Remedy For All Diseases, Especially Kidney Trouble and Rheumatism.

"The people here do not drink enough water to keep healthy," exclaimed a well-known authority. "The numerous cases of stomach trouble, kidney and bladder diseases, and rheumatism are mainly due to the fact that the drinking of water, nature's greatest remedy, has been neglected."

"Stop leading your system with patent medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicine—plain common vegetable treatment, which will not shatter the nerves or ruin the stomach."

"What is the best such a prescription for the cure of rheumatism and kidney trouble the answer was: 'You must make the kidneys do their work; and used at the first sign of the disease. They must be made to strain out the blood the waste matter and acids that cause rheumatism; the urine must be a source of irritation to the bladder, and most of all, you must keep these acids from forming in the system. This is done by taking each trouble and poor digestion. For these conditions I would suggest the following prescription, which is composed of only vegetable ingredients, which can be obtained from any good prescription pharmacy. Anyone can mix them by shaking well in a bottle: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. To be taken in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often.' This valuable information and simple prescription should be posted up in each household as a guide in the early stages of rheumatism, backache or urinary trouble, no matter how slight.

More Trouble Feared. Just what will be done when the other vessels now on their way to Vancouver, loaded with brown and yellow men, appear, who the spite of the crowd appears to have swayed, arrive in the city is a disturbing factor. A proposal has been made that the steamer Moody, a milling town about ten miles from the city, where large numbers of Japs are employed. The difficulty would be in the fact that the steamer is to make a landing owing to the wharves. The Japanese will certainly be greeted with more animosity than the Chinamen, who have found their places in British Columbia as cooks and laundrymen. The Japanese, on the other hand, are not seeking employment of a racial character, but claim they are a superior race to the white men. They are taking positions in the lumber camps and mills formerly occupied by white men, while at the present time almost half of the fishermen employed in catching the famous sockeye salmon are of Japanese nationality. This racial character, but claim they are a superior race to the white men. They are taking positions in the lumber camps and mills formerly occupied by white men, while at the present time almost half of the fishermen employed in catching the famous sockeye salmon are of Japanese nationality. This racial character, but claim they are a superior race to the white men. INSPECTOR HAYCOCK'S TRIP WEST WAS FOR BUSINESS.

OTTAWA, Sept. 20.—J. L. Haycock, Dominion Inspector of binder twine, has made a report to the department of trade and commerce upon the results of a trip to the west. During his absence he imposed fines amounting to \$3600 for short twine. One American firm, which was fined \$1475, really had to pay up to the extent of over \$12,000 for its crooked business methods.

A Police Judge. Justice Riddell had an appointment at Osgoode Hall that made him 6 minutes late arriving at the non-jury assize court. He said he had to come to the court of regret to the lawyers for his delay.

Turns on Wages. Wages are the turning point between Japanese and white labor. The Japs are paid \$1.75 to \$2.25 a day, while \$2.50 a day is a low wage for a white laborer.

HINDU HORDES STARVING IN THEIR FILTHY TENTS

No Work for Undesirable Immigrants—Another Outbreak is Feared.

VANCOUVER, Sept. 20.—(Special.)—The recent rioting in Vancouver goes far to show that the feeling against the Asiatics is still as keen as it was ten years ago. When in the midst of hard times hordes of Celestials flocked to British Columbia and practically robbed the working men out of the means of sustenance.

The recent riot was of longer duration and fiercer, if anything, than the attempt made years ago to drive the Chinese from Vancouver. The number involved in the riot at that time was comparatively small. Now the hundreds of organized workmen of the city are joining with the laborers in the determined attempt to prevent the Chinese from obtaining labor in the city.

The Hindoos who arrived on the Kurmeric have not succeeded in obtaining work, and they are starving in ragged tents on the outskirts of Vancouver and New Westminster.

The sanitary condition around the tents, even after they had only been in position for a day, is something too horrible to explain. Medical Health Officer Underhill, who is accustomed to some peculiar smells, was forced to hold his nose with his handkerchief saturated in an antiseptic solution before he could force himself to proceed. He finally ordered the whole encampment to leave Vancouver, which was immediately obeyed by the captain of the party, which now numbers about 700 persons.

Just what will be done when the other vessels now on their way to Vancouver, loaded with brown and yellow men, appear, who the spite of the crowd appears to have swayed, arrive in the city is a disturbing factor. A proposal has been made that the steamer Moody, a milling town about ten miles from the city, where large numbers of Japs are employed. The difficulty would be in the fact that the steamer is to make a landing owing to the wharves. The Japanese will certainly be greeted with more animosity than the Chinamen, who have found their places in British Columbia as cooks and laundrymen. The Japanese, on the other hand, are not seeking employment of a racial character, but claim they are a superior race to the white men. They are taking positions in the lumber camps and mills formerly occupied by white men, while at the present time almost half of the fishermen employed in catching the famous sockeye salmon are of Japanese nationality. This racial character, but claim they are a superior race to the white men. They are taking positions in the lumber camps and mills formerly occupied by white men, while at the present time almost half of the fishermen employed in catching the famous sockeye salmon are of Japanese nationality.

THERAPION

A complete revolution has been wrought in this department of medical science, while thousands have been restored to health and happiness after for years previously had been merely dragging out a miserable existence.

THERAPION No. 1—The Sovereign Remedy for discharges, suppurating infections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION No. 2—The Sovereign Remedy for primary and secondary syphilis, eruptions, ulcers, pains and swelling of the joints, and all those complaints which mercury and sarsaparilla are popularly but erroneously supposed to cure. The preparation purifies the whole system through the blood and thoroughly eliminates all noxious matter from the body.

THERAPION No. 3—The Sovereign Remedy for debility, nervousness, impaired vitality, sleeplessness, distress and incapacity for business or pleasure, loss of appetite, blushing, indigestion, pain in the back and limbs, and all those ailments resulting from dissipation, early excesses, etc., which the faculty so persistently ignore, because so imperceptible or even relieved by the use of stimulants.

THERAPION is sold by principal Chemists throughout the world. Price in England 28 pence per packet. In ordering, state which of the three numbers required, and observe that the word "THERAPION" is printed in red ink on every stamp in white letters on a red ground affixed to every package. Beware of cheap imitations. Commence treatment, and without which it is a forgery.

LEAF AND COBALT CENTRAL THE MARKET ACTIVITIES

Mining Exchanges Dull With These Exceptions - Prices Generally Steady.

World Office, Friday Evening, Sept. 20. Silver Leaf monopolized the mining market to-day, 10,000 shares being traded in on the two exchanges at from 6 1/4 to 6 1/2. One block of 5000 shares sold at 6 1/4. There is no news concerning this stock, but the price appears to attract buyers at this level.

Cobalt Central was strong through the day, selling up to 21, both here and in New York, where 58,000 shares were traded in. It also sold "30 days delivery" up to 33. The approaching completion of the concentrator, when a great saving will be made, is given as the cause for the rise in this security. Hudson Bay brought 178 for 144 shares, this being the first sale for some little time. The discovery of a new vein on one of the Hudson Bay properties has caused some enquiry for this stock. Trethewey was active at 62, with Foster, Nova Scotia and Cobalt Lake quiet, but with a firm tendency.

SPECULATIVE SENTIMENT

Is Growing More Favorable to an Advance in Values.

Heron & Co. in their weekly letter say: The week closes with the mining

GOOD ADVICE TO INVESTORS

Put some of your money into the new gold fields of Larder Lake, Northern Ontario.

It is going to make more money for investors than any gold district ever before known in the history of gold mining.

Don't wait or put it off another day. **DO IT NOW.** Every dollar you invest at the present time will return to you a hundred fold, buy and hold, follow our advice, buy shares of the **HIGHLAND MARY GOLD MINES, LIMITED**, of Larder Lake, at the present price, 10c per share. If you buy now at this price you can never be called upon to pay anything more, as the shares are fully paid and are forever non-assessable. The shares of Highland Mary will never sell for less than the present price, but every share you buy now will, we believe, eventually be worth a hundred times more.

Our previous advertisements have stated that the Highland Mary Gold Mines were situated at Larder Lake, the new gold fields of Northern Ontario, and consist of thirty well-located, forty-acre gold claims, 1200 acres in all, located on the northeast arm of the Lake, in the same locality as the Dr. Reddick properties. The Proprietaries Gold Fields Company, the Lucky Boys and the Blue Bell Companies—and that there were no indebtedness or encumbrances; that many great gold-bearing veins were found on the property; that engineers and miners estimated that there were many thousands of tons of ore that would produce millions of dollars in gold available, and only waiting for the installation of the stamp mills that are to be installed.

We have also stated that when we advise investments in Highland Mary, and make the statements regarding that Company and the Larder Lake district, that we know what we are doing. We have been all summer with our engineers and assayers in the Larder Lake Gold Fields, making thorough examinations; we have spent thousands of dollars in the last three months in this manner for the purpose of satisfying ourselves, beyond any doubt or question, that the Larder Lake district is what is claimed for it; and, further, we have spent this money and satisfied ourselves in order that we might not mislead our clients, who rely upon us and make investments through our advice.

We have done everything in the way of ascertaining facts that could be done or that could be desired of us by our clients. Our business is to select good, profitable investments that we can recommend without reservation. Thousands of letters from satisfied clients testify that our efforts are successful. That has been the principle and policy of the house of Law and Company for the past seventeen years. "Be sure you are right, then go ahead," has been our motto, and the results from the investments made by thousands of clients is a standing recommendation as to whether having followed this policy and motto has proven profitable to the investors.

We have heretofore made this statement, and we now make it again: Any investor who has invested money through Law and Company, since their house was established in, 1890, through any misrepresentations or mis-statements, can, by making such fact known to us, receive the return of the amount invested, together with interest thereon. We have never

been called upon to return a single dollar, and have never had such a claim made, and we do not believe there will be regarding any representation or statement made by us up to the present time. We know that we have always adhered to the truth and proclaimed the facts as we have found them.

We probably do as large a business as any financial brokerage house in Canada. It is growing rapidly. Our responsibility and integrity in the business world is beyond reproach. Investors who have done business with us in the past have learned to rely absolutely upon our advice regarding investments in mining shares.

We were the first to offer shares in companies owning properties of established values in the Larder Lake district. At the very outset we placed our engineers and assayers in the field. We obtained exhaustive and reliable reports. We then came out boldly over our signatures and told the world what was there. Our advertisements told the world of the golden north, and predicted the great stampede which followed. World-famed mining engineers and mining experts of Europe and America have since visited the Larder Lake camp, and have not only confirmed the reports sent out by our own trustworthy engineers, but have endorsed all that we have claimed for Larder Lake, as to its present and future.

Take our advice and act quickly. Place all the money you can in shares of the Highland Mary. It is the best stock at the present time to buy. Do you ever consider that one hundred, five hundred, or one thousand dollars placed in a bank, at three to four per cent. interest per annum, must stay there something like twenty years to double itself, and even then would you have had any pleasure, enjoyment or luxury from it, or through its benefits? Certainly not, but perhaps someone else would. It might be invested over and over again by someone who would make many thousands of dollars through investing it in profitable undertakings. You certainly understand that no concern could afford to pay you interest unless they have the legitimate privilege of using it in order to make a profit over and above what would have to be paid to you for the use of it. If you have not thought of this, you should understand it now, and you should understand further that you could take your own money and make investments with it, in this the greatest of countries for profitable investments, and make as much money with it as anyone else could, and receive the pleasures, enjoyments and luxuries from the great profits therefrom, instead of the other fellow.

Put some money in the Highland Mary. You won't lose, you will make big money, and you won't be long doing it. One eminent engineer from London, who ought to know what he is talking about, says that Larder Lake mining shares will advance to a higher level than did the shares of gold companies in the Rand of South Africa, where some of them advanced to over \$500.00 per share.

It has been estimated by engineers and mining experts who have visited Larder Lake, and have made conservative calculations, that there is already ore that can be counted upon as available in the Larder Lake District, containing more value than the total capitalization of all the Larder Lake companies.

We say again, buy **HIGHLAND MARY**, and buy it quick, before the big advance that is sure to come.

Investors' Opportunity

Closing Up a Larder Lake Syndicate

We are closing up the Sovereign Larder Lake Syndicate, which will take over 13 Mining Claims, comprising 520 acres, in the heart of the well-known district of Larder Lake. These claims have made good showings, the formation of rock being gold-bearing. Assays varying from \$40 to \$2000 to the ton. These properties are undoubtedly amongst the finest in the district.

WE INVITE YOU

to subscribe in this Syndicate, the Syndicate shares being offered at \$50, which entitles you to 2500 shares Companies' Stock, capital \$1,000,000 (to be formed.) You are actually obtaining stock at

TWO CENTS A SHARE

The Syndicate will control the Company. Coming in now, you get in on the ground floor. A small proportion of Syndicate shares will be sold at this figure.

Post yourself, investigate, and act now. Over-subscribed shares will be returned. Phone, wire or write. Make all cheques, money orders, etc., payable to

market situation but little altered. Prices have moved within a narrow range, but on the whole, show a very strong and speculative sentiment is growing more favorable to an advance in values. Activity was again well distributed throughout the list, with the demand, particularly for Nova Scotia and Cobalt Central, persistent, and at times urgent. As indicating what may be expected in other quarters, several stocks that have lain dormant for a long time, such as Silver Bar and Red

WILLS & COMPANY, BROKERS

WEEKLY BULLETIN.

Toronto, Sept. 21, 1907. The regular dividend on Nipissing, while it was expected, has had a very good influence on the stock, which has been very steady and investment buying has kept it on the gradual rise. The best news of the week, however, is the information that has just leaked out re the concentrator on the Nipissing property. It seems that the Cobalt Concentrators, Limited, have been quietly working with the Nipissing Co., and have secured a contract for the erection of a 100-ton plant. The building has been contracted for, the foundation about in place and machinery on the ground. This is a long step forward for the mines in the Cobalt camp. The concentrator that is being erected has been given a thorough and complete trial by a plant in Toronto. This will enable the Nipissing Co. to extract values from ores that up to this time have gone on the dump. We now advise the purchase of Nipissing and Cobalt Concentrators' stock. The two should advance materially as the erection of the concentrator progresses. Foster has shipped another high-grade car, Silver Queen, two of them. The Conlagas Concentrator, while it is in a measure an experiment, will soon be in operation. We still believe that the shares in the shipping mines in the Cobalt camp are a purchase, and look for a gradual rise from this time on. Buy Nipissing, Foster, Trethewey, Silver Queen, Watts, King Edward, Cobalt Concentrators and Temiscamingue. Yours very truly,

\$100,000 FOR COMMISSION

W. J. Trethewey Successful in His Mining Suit. W. J. Trethewey, mining engineer, brought action against his cousin, W. G. Trethewey, former owner of the Trethewey mine, before Mr. Justice Riddell yesterday morning for \$100,000. For the plaintiff appeared G. F. Shepley, K.C., and J. G. Bertram, for the defendant, Walter Cassels, K.C., and A. W. Anglin. W. J. Trethewey stated that he had arranged to act as agent for the sale of the mine. W. G. Trethewey had told him that he would sell his interest in the mine, and that if the plaintiff secured a purchaser at \$600,000 he would give him \$100,000 commission. He refused, however, to be bound by any written option, but said his word was as good as his bond. In the meantime the plaintiff went to Cobalt. On his return he found that the mine had been sold to another party, also the plaintiff had interested Clarence McCuaig of Montreal in the proposition, which eventually ended in a deal being consummated. Mr. McCuaig gave an account of the negotiations similar to that given by W. J. Trethewey. He had brought suit to

WHY IT IS SAFE

Capital and Surplus are the most important factors in determining the strength of a financial institution. This Corporation has \$2,000,000 SURPLUS. That is to say, between the depositor and any possible loss there is a fund of EIGHT AND ONE-HALF MILLION DOLLARS.

Interest at three and one-half per cent. per annum is credited to all Deposit Accounts four times a year.

CANADA PERMANENT MORTGAGE CORPORATION. Toronto Street TORONTO.

WALL ST. REACTIONARY SUPPORT SUSTAINED

Early Rally at New York Does Not Hold—Rio Weak at Toronto.

World Office, Friday Evening, Sept. 20. There was some increase in the market for local securities to-day, but this was believed to be the result of manipulation rather than that of actual business.

There was some increase in the market for local securities to-day, but this was believed to be the result of manipulation rather than that of actual business.

Copper stocks in London show improving tendency. Pennsylvania court holds that two cent fare law applied to Susquehanna Western is unjust and unreasonable.

Loan crowd shows lighter demand for stocks. Currency Rigidly says financial situation is already better than we would get thru without any very serious crisis this fall.

Distillers securities declared regular quarterly dividend of 1-1/2 per cent. payable Oct. 25. Anaconda meeting postponed till Oct. 1.

American Smelting and Refining Co. has given notification of a restriction of 50 per cent. in the output of lead.

The reported movements of currency this week indicate gain in cash held by banks of \$1,775,300. They lost on direct interior remittances \$990,700, and gained on all sub-treasury operations \$2,968,000.

Improvement in price of Great Northern preferred. The standing bill argument is of course the adjustment of holdings of Burlington between that road and Northern Pacific.

BOSTON.—J. H. Hickey to R. R. Bondard. Coppers are firmer, although not active. The feeling is much easier it is expected that large sales of metal will be made from 15 to 16 cents.

NEW YORK, Sept. 20.—Continuation of the bullish specialty work seems likely in the stock market to-day. As this work goes on specific recessions are likely to be experienced.

RUTLE, Sept. 20.—The Amalgamated companies have already laid off more than 50 per cent. of their working force and the reduction is still going on.

MONTREAL, Sept. 20.—The directors of the Dominion Iron & Steel Co., at a meeting here to-day, decided to call the annual meeting of the shareholders for Wednesday, Oct. 9.

CENTRAL CANADA LOAN & SAVINGS COY. 25 KING ST. E. TORONTO.

Notice is hereby given that a Quarterly Dividend of the three (3) months ending Sept. 30th, 1907, at the rate of eight per cent. p. a. per annum, has been declared upon the Capital Stock of this institution, and the same will be payable at the offices of the Company in this city on and after Oct. 1st, 1907.

The transfer books will be closed from the 20th to the 30th day of September, both days inclusive. By order of the Board. E. R. WOOD, Man. Dir.

Earnings of Kansas City Southern still continue to elicit satisfaction on the part of those who believe the time is coming before long when the common stockholders will receive a dividend.

Earnings of Kansas City Southern still continue to elicit satisfaction on the part of those who believe the time is coming before long when the common stockholders will receive a dividend.

Thomas F. Ryan has returned from Europe and early action on Metropolitan dividend is expected. Copper stocks in London show improving tendency.

Pennsylvania court holds that two cent fare law applied to Susquehanna Western is unjust and unreasonable. Loan crowd shows lighter demand for stocks.
