STRUCK BY A STREET CAR AGED MAN FATALY HURT

Feeble and Hard of Hearing, D. Plews Walked to His Doom on Queen Street Last Night.

D. Plews, aged 68, a cleaner at the general postoffice in East Adelaide-st., was struck down by westbound Queen-street car 1046, at Queen and James-streets, at 8:30 last night, and died in St. Michael's Hospital at 8:55 without having regained consciousness. The car was in charge of Motorman 128 and Conductor 448.

The old man was crossing the street from north to south, and apparently did not see or hear the approaching car, which was said by eye-witnesses to be going "pretty fast." He was struck on the side and thrown to the north of the tracks. The police ambulance had left him at the hospital, where it was found that his skull was fractured.

The World succeeded in identifying him through the laundry mark on his collar and an address penciled in a little book which he carried. A roomer in the house at 240 Victoria-street, where the old man had roomed for about two weeks, saw him at the hospital, and said that he lived alone at that address, and that he had said he was 68 years of age, that he had at one time been a prosperous merchant in the city, but had failed, and that his family had left him. His wife, he said, was living with their sons in Winnipeg. The old man was feeble and deaf.

SEVEN CUT OFF

Brantford Reduces Hotel Licenses From Sixteen to Nine.

BRANTFORD, April 22.—(Special.)—The license commissioners of Brantford, carried out the mandate of the city council here to-night in reducing the number of hotel licenses from 16 to 9, and the number of shop licenses from 4 to 3.

The seven proprietors which were given three months' notice to dispose of stock are as follows: Alex. Howarth, Vendome; Wm. Cleator, West Brantford; S. James, City Hotel; J. A. Spittal, King's Hotel; Benwell Bros., Woodbine; James Benwell, Western; Geo. Benwell, Market-street; and shop licenses, J. C. Steele.

The commissioners deliberated in camera for two hours, and the announcement was made at the conclusion of the meeting that numerous conditions were made which may be of material advantage to those cut off.

The results contained a few surprises, the six Benwell brothers, conducting three hotels, being among the seven cut off.

Alex. Hobb, caretaker of the A. K. Club, Dalhousie-street, where the police recently seized a quantity of liquor, was fined \$25 for breach of the liquor act. The magistrate held that a club license should have been secured.

FALLIERES DINES ROOSEVELT

Brilliant Function in Honor of the Touring Ex-President.

PARIS, April 22.—The Academy of Moral and Political Sciences, the meeting of which ex-President Roosevelt will attend to-morrow in his capacity as foreign member, and at which he will be officially received into the organization, is one of the five academies which together form the Institute of France. The institute as such is an outgrowth of the old academies founded during the seventeenth century.

The preparations for Mr. Roosevelt's visit to the Sorbonne, where he will deliver his lecture, have been worked out with the greatest care. Altogether, it is announced, that the lecture would be open only to students and professors of the university officials and the United States embassy have been deluged with requests for tickets.

BIG BAG OF OATS WAS "FRANKED" THRU MAILS

Opposition Contend That Cabinet Ministers Abuse Privileges—Campaign Literature Distributed Free at Country's Expense.

OTTAWA, April 22.—(Special.)—The abuse of the franking system, whereby Liberal campaign literature is sent free from Ottawa, franked out by the justice department, was the subject of an attack on the government to-day by the opposition.

J. D. Taylor (New Westminster), a newspaper man, introduced the subject. His case was as follows: The Liberal weekly campaign letter is sent out to Liberal newspapers under the frank of Hon. Jacques Bureau. Thus, he said, the post office department is defrauded out of the postage on these letters.

The penalty for the illegal use of a frank is five years imprisonment, as a minimum, and life imprisonment as a maximum.

At this Hon. Jacques Bureau smiled. "The solicitor-general smiles," commented Mr. Taylor, "because he knows well that only the postmaster-general could prosecute him." He went on to give a sample of "the mendacity" in the weekly letter. It was this: "Liberal attempt to obstruct road track gambling obstructed by Tory race track owners."

"Fancy that from the department of justice," remarked Mr. Taylor, "yet the advice of the minister of justice was more potent than any other to prevent the suppression of race track gambling."

Mr. Aylesworth a Politician.

Hon. A. B. Aylesworth said he declined to be put upon a pedestal as the author of the franking system of the government. He was a politician (opposition laughter), and he thought it no dishonor to confess it. Personally, he was in favor of the abolition of the franking privilege.

W. S. Middlebro (North Grey) thought the minister should be something before the postmaster-general. He criticized him for his change of attitude since last year, when he promised that he would take action to have the franking system abolished.

Referring to a statement made by the minister of justice, concerning a bag of oats which had been franked out of John Barry, of Trebeva, Man., he said it was a bag of seed oats, which, at the request of a Liberal member, he had franked out. He had got for him from the late Dr. Saunders, of the central experimental farm. It was for experimental purposes, and he had no objection to transmit it unless the postmaster-general initiated it.

Mr. Middlebro having demanded the name of the solicitor-general, the Hon. Mr. Lemieux described the practice of the department.

"Let us be frank," he said, and explained that the solicitor-general was three years ago, given the franking privilege by order-in-council, and, therefore, the claim that he had violated the law was unfounded. In his opinion there had been no trespass of the law on the part of the solicitor-general.

No Apologies to Offer.

Hon. Jacques Bureau, solicitor-general, argued that he had a perfect right to use the frank during the recess. Every minister had done so since Confederation. He assumed the whole responsibility in connection with the matter and said that neither the postmaster-general nor the minister of justice had any thing to do with it. He had no apology to make to anyone.

Glen Campbell said that the letter which had been franked was full of lies and he was surprised that the minister of justice would allow it to be franked out of the department.

Incidentally Mr. Campbell accused H. H. Miller, who had defended the action of the minister-general of hypocrisy, and described his bill as the "Miller monstrosity."

R. L. Borden noted that in previous sessions the government had been disposed to apologize for the use of the frank in connection with the sending out of party literature. Now it was in order to take bolder grounds and defend it. It was perfectly clear that during the recess franked matter must be confined to departmental business sent out by the department.

Hon. Mr. Lemieux interrupted to say that ministers during the recess had the privilege of franking letters.

Mr. Borden said that the opposition was complaining of the system which allowed campaign literature to be franked in violation of the law.

Hughes Says Robbery.

Col. Hughes said if the correspondence had been in the line of decency not very much would have been said about it. His correspondence was not campaign literature, but it had never reached its destination. The mails had been robbed.

Mr. Taylor's amendment, calling upon the postmaster-general to stop the abuse, to recover the postage revenue lost, and to take criminal action against the offenders, was defeated by a straight government majority of 51. There voted for the amendment 45 and against it 78.

CHANGED THE CONTRACT TO SAVE GOVERNMENT

Former Deputy Attorney-General of Alberta Admits That He Wrote Letter For Clarke.

EDMONTON, April 22.—The royal commission adjourned to-day at 4 o'clock and will resume sitting at Winnipeg on Tuesday morning.

S. R. Woods' cross-examination was concluded. He leaves in a few days for England, where he is to prosecute for the Alberta Government, the P. R. Land tax. When he was deputy-attorney-general he instituted the case against the P. R., and now he must carry it thru, tho he has resigned from his office.

His testimony this afternoon was in effect that he had himself written the letter for Clarke on Feb. 23, where in the latter offered to change the contract. Witness said he wanted the contract changed in order to save the government from defeat. At the time, he fully believed Clarke intended to carry out the contract.

Judge Scott said he cannot understand how W. R. Clarke could insist on a change in the contract when it was B. R. Clarke who was building the road. Woods said the letter was written in good faith, and said he did not know what standard Crown Nest Pass road was until long after A. & G. W. contract was signed. In fact he did not know what sort of road it was until A. & G. W. had agreed to build until Mr. Neill, of the Royal Bank of Montreal, wrote him and asked him for the information.

In summary he said thruout the whole deal he had but done his duty as best he could. Any mistakes or errors were those of judgment and not of intent.

BREAKS SMOKING RECORD

One Cigar Lasts Washington Man 94 1/2 Mins.—Who Can Do Better?

WASHINGTON, April 22.—The longest distance cigar smoking championship of the world was won by a Washington man to-day. Harry McKelden, a telegraph operator, smoked a mild cigar of standard size for 94 minutes and 30 seconds without relighting it. He smoked the record made last week by a Cornell professor by 9 1/2 minutes.

McKelden undertook to break the Cornell man's record on a wager, and the feat was witnessed by a number of witnesses, one of them a physician, whose services were not needed.

Glen Campbell said that Phoenixville, Pa., a veteran smoker recently kept a cigar going for 95 minutes. Who holds the Canadian record?

The Boy, the National Asset.

Were you ever a boy?
Do you believe in the boy?
If so, are you willing to back your belief?
T. C. Robinette, K.C., believes in the boy, and is backing his belief by publicly declaring it in an address at Massey Hall Sunday night on "The Boy, the National Asset."

Mr. Robinette, in many years of practice at the criminal bar, has seen much of boys, big and little, good and bad. Some of them were very bad, but still Mr. Robinette, who had had an exceptional opportunity to see what made them bad, is ready to devote time and money to back his belief in the boy.

Sunday night at Massey Hall you will be given a chance to back your belief in the boy. Then a collection will be taken up for the building fund of a \$20,000 home and club for the newboys of Toronto. This club and home is designed to provide wholesome and healthy recreation and proper and profitable instruction for these little merchants of the street into whose hands Toronto and Canada will one day deliver the ballot.

Every great and good man of this or any other country has ever known and gloried in a clean and honorable record. You know the bitterness of the remembered and unhidden blot. It is up to you to back your belief in the possibilities of the boy. It is up to you to Massey Hall Sunday night and give something, be it much or little, to help make the boy the best possible citizen that it is in him to become.

Back your belief in the boy, and just so surely will the boy play up to your belief in him.

Lend your presence to the occasion, and be a boy again—just for the night.

The total immigration into Canada during March of 38,065 persons was the largest for any single month in the history of Canadian immigration.

ONTARIO'S RIGHT TO LEGISLATE FOR POWER

Decision by Which Hon. Mr. Aylesworth Declines to Disallow Hydro-Electric Legislation—Purely a Matter for Province to Deal With.

The hydro-electric power legislation passed by the Ontario legislature, for which disallowance was asked by certain financial interests in Toronto and Montreal, is not ultra vires of the legislature, and the petition for disallowance is refused. This is the substance of the report made by Hon. A. B. Aylesworth, minister of justice, to the governor-general in council, and received at the parliament buildings yesterday. In this finding, the minister of justice says:

"The undersigned has carefully considered this legislation, and the various objections urged against it. The ground that the act is ultra vires of the legislature, also taken by some of the petitioners, and to some extent urged by counsel advocating the disallowance of the act, is in the opinion of the undersigned, quite untenable. The act clearly relates solely to municipal institutions in the province, property and civil rights in the province, and matters merely of a local or private nature in the province, all of which are subjects declared by section 92 of the British North America Act, 1867, to be within the exclusive authority of the provincial legislature."

The act, for which a disallowance petition was drawn up, was passed last year by the legislature "to validate certain contracts entered into with the hydro-electric power commission of Ontario."

The contracts with the various municipalities were confirmed, although actions were commenced in the courts to have them declared void. The electrical interests went to Ottawa.

In his preamble, the minister of justice reviews the legislation. The act provided that the contracts with the municipalities should be varied in certain particulars, the names of some municipalities should be stricken out and that of Ingersoll added, and in the recital, it is enumerated that in view of certain doubts as to the validity of the contracts in question, such doubts should be removed.

An Influential Opinion.

The strongest passage in the document, which consists of 40 pages, is the following: "The act, in my opinion, is a valid exercise of the legislative power of the province, and it is not ultra vires of the provincial legislature."

USED FALSE BILLS OF LADING FOR COTTON

Frauds Said to Involve \$2,500,000

Failure of Alabama Firm Hits Liverpool Merchants.

LIVERPOOL, April 22.—There was a sensation in Cottonopolis to-day, born of widely circulated statements that forged bills of lading for cotton purporting to have been shipped from the United States had been uncovered. The alleged fraud, it was said, involved cotton valued at \$2,500,000, and in addition to 30 Liverpool concerns, it was stated that several continental cotton houses were heavy losers.

The Echo says that the method was to append a facsimile carriers' "signature" to bills of lading sent with drafts to this side before the cotton was delivered by carriers, and that importers in many cities paid such drafts.

The cotton market to-day was excited to almost unprecedented degree by reports of the failure of the Alabama-cotton firm of Knight, Yancey & Co., which hit Liverpool cotton houses hard.

A cable despatch from New Orleans said that Knight, Yancey & Co. were short in Liverpool 25,000 bales in May, 3000 bales and in Genoa 5000 bales. The total loss at current quotations of over \$2,000,000. In Liverpool 25 firms are believed to have been affected by the failure.

MILITIAMEN DISGUSTED

Don't Like the Superiority Credited to the Navy.

Sarcastic references to the government's naval policy were voiced repeatedly at the annual banquet of the sergeants of the 12th York Rangers last night.

Capt. Hunter, replying to the toast "Canada," said that despite the records it appeared now that the Dominion's safety lay, not in her militia, but in the navy.

Capt. Vennell, retired, who has served in the militia for over 25 years and has been an ardent Liberal until the present year, said that the Laurier government was trying to cover Canada from the mother country.

It was the first banquet since the appointment of Col. Allen, who was royally received.

Sergt.-Major Knight presided and at the guests' table were: Col. Allen, Col. J. K. Leslie (retired), Col. Henderson (34th), Major Brown, Brev. Major Nicol, Major Alf. Keam, Quartermaster Ghills, Capt. Hunter, Paymaster Capt. Knox, Capt. Brown, Capt. Vennell and Adj. Dunham.

OUR "RURAL" SUBURB

North Toronto May Get Free Letter Delivery.

OTTAWA, April 22.—(Special.)—North Toronto is in the "rural" mail delivery class. Capt. Tom Wallace to-night, in the commons asked the postmaster-general what the prospects were for North Toronto getting a postal delivery. It had, he said, a population of five thousand, and the outskirts of Toronto, had 15 miles of streets and good sidewalks.

Hon. Rodolphe Lemieux said this matter has been brought to his attention, both by Capt. Wallace and W. F. Maclean. During the summer he hoped to extend the city service to North Toronto, but he provoked some amusement by referring to it as "free rural mail delivery."

INVESTMENT AND INTEREST

All That Recalcitrant Trustees Will Receive for Stock.

OTTAWA, April 22.—(Special.)—The Guelph Junction Railway Bill was given its third reading by the senate to-day. The bill is to force four or five shareholders to surrender their stock to Guelph, and take as compensation their original investment of \$100, with interest compounded at 6 per cent. Sir Mackenzie Bowden offered an amendment striking out the amount Guelph should pay for the stock and providing instead that the price must be agreed upon between Guelph and the holders of the stock.

Senator Davis thought the ownership of the stock should have been settled by the courts. Senator Thompson said the men were trustees.

30TH YEAR.

SENATE MAY ASK FOR EVIDENCE ON RACING

Hinted at When Miller Bill Comes up for Second Reading—Cost Promoters \$40,000 to Achieve the Compromise Measure.

OTTAWA, April 22.—(Special.)—A lively debate is anticipated over the Miller anti-racetrack gambling bill in the senate next Tuesday. This was indicated by the debate which occurred on the second reading to-day.

It has been taken for granted that the senate will kill the bill, but in view of the compromise which was reached by the advocates and opponents of the measure in the house, it is now conjectured that the bill will pass.

Senator Watson, on moving the second reading, said he thought explanations could best be given at the committee stage.

Senator Davis said he noticed that places of less than 5000 population were not to be allowed the same privileges in connection with horse-racing given to places of 15,000 or more. Would the bill stop the annual races which were held in connection with the exhibition at Prince Albert?

This bill was reported to have already satisfied the expenditure of over \$40,000. That such an amount had to be expended to advance a bill to the compromise point was in itself a serious criticism of the character of the legislation. It was a sample of the bills becoming more numerous each year, which were strenuously promoted by a class of people who wanted to regulate the conduct of other people.

To Heaven by Criminal Codes.

It was an excellent specimen of that class of legislation which was designed to send people to heaven by means of the criminal code. There were so many laws of this sort in existence now that a peaceful citizen could not walk abroad for three days, or three hours, without having made himself liable to be prosecuted.

Senator McHugh said that in the committee stage he would like some explanation given of an apparent discrimination between running and trotting races.

The bill was read the second time, and Senator Watson moved that the bill be set down for consideration in committee of the whole for Tuesday next.

Senator Wilson declared that it was unreasonable for the promoter of such a serious bill to have refused the senate full explanation before the second reading was given. He said that the course followed indicated the assumption that the senate was more moral than the commons, where the measure had occupied the attention of the special committee for at least seven weeks.

May Ask for Evidence.

The senate was equally entitled to have evidence given before a special committee.

Senator Davis said that this was not the bill with which the commons had been occupied for seven weeks, but was a substitute bill of an entirely different character. The reason it should go before a special committee for all parties, and particularly the moral reformers, to have a Judge Scott's evidence.

Senator Watson said that for the time being he represented the moral reformers, and he thought if they were to pass a compromise bill, the other side should be.

The motion for the committee stage on Tuesday was adopted.

YOUTH SLEEPS SOUNDLY WHILE LIFE'S IN BALANCE

Young Albert Wolter is Convicted of Terribly Brutal Murder of Young Girl.

NEW YORK, April 22.—(Special).—Albert Wolter, a youth of 19, who was "crazy" about women, must die in the electric chair for the murder of Ruth Wheeler, a 15-year-old stenographer.

The boy's counsel said this afternoon that Wolter was too tender-hearted to harm a cat, but twelve men decided to-night that he had strangled Ruth Wheeler and thrust her while yet alive into his fireplace, where, soaked with oil, her body burned.

All eyes immediately shifted toward the prisoner, but he was stolid as a piece of stone. As he was being handcuffed to officers, preparatory to being taken back to the Tombs, he gazed about him unconcernedly.

Neither relatives of the murderer nor relatives of his victim were in court to hear the verdict. "I don't want to talk to-night—I'm tired and I want to get a little good sleep first," he said.

Ruth Wheeler was killed on March 24. Wolter was arrested on March 25, and was placed on trial last Monday.

Summer Comfort and Winter Luxury in Elegant and Practical Floor Coverings

THE BANNER VALUE OF THEIR CLASS lies in these 1.35 Axminsters.

There are certain limitations in patterns that you'd never realize if we had failed to mention them. Certain makers in England have turned out a limited number of designs—about thirty—at a figure low enough to make possible this selling price.

There are orientals, Turkey red carpets, green and fawn in chintzes, two tone greens and blues, in big variety.

Some Wiltons, together with the Axminsters, make a low cost of special importance. Per yard, **1.35**

10 Wire English Tapestry Carpet at .73. Bought as a "special." These discontinued designs are perfect goods whose patterns the makers are replacing; they had a number of rolls of each pattern remaining in stock. To clear them they were willing to sacrifice. You get at a very special price a good range of floral, chintz, conventional, oriental effects, from which to choose your carpets. At per yard **.73**

Best Quality Inlaid Linoleums, 2 yards wide, with patterns that go through to the canvas—handsome tile and block designs—are good for constant wear. The colors are medium and light and easily kept clean. Special price square yard **.87**

A Strong Price Bid in "Crex" Carpets

National Characteristics in Wallpapers Ideas in Curtains Cleverly Worked Out

Hall, Dining-room, Sitting-room and Library Wall Papers—Our assortment is large; the colorings sliding through the browns, red, blue, greens, buffs, etc., that modern homes demand. Some are on tapestry backgrounds, others on plain, in two-tone and bright tapestry effects. They are mostly American. Single roll, **.40**.

This year's Wall Papers illustrate very clearly the national influence in designing.

In the English Papers there's a kind of directness of method even where the patterns are elaborate. The figures are apt to be clear cut chintzes or crisply drawn conventional.

The French Papers, on the other hand, are full of dainty, flowing or stripe patterns, sparkling, vivacious. The bedrooms and drawing-room benefit largely from the French designing.

A good example of the French manner is shown in the drawing-room paper illustrated. The colors used are grey and cream for grounds and brilliantly handled yet quite natural flower and scroll patterns arranged in stripes, capped at the top by an elegant flowering border 14 inches wide, cut out to form a festoon effect around the room. To finish this combination a second border 4 inches wide runs along the bottom of the paper next the base, meeting the stripes and giving an artistic panel effect, with a period feeling. Wall, single roll, **.50**. 14-inch border, per yard, **.15**. 4-inch border, per yard, **.4**.

To get the perfect results you desire in your home decorating you need not only good taste but you must have just what we can offer you—a stock of large proportions and great variety selected with an eye to your actual needs.

In ordering, you can set the amount of your outlay and be sure of finding something artistic, with good wearing qualities and, above all, suitable without going beyond the sum fixed.

And there's originality and snap in the designs, from furniture coverings to lace curtains.

Nottingham Lace Curtains at 1.50—54 inches wide, 3½ yards long, in white and ivory; give an assortment of new designs; plain floral and medallion centres with borders to match; made of extra strong cotton, evenly woven and finished with Colbert edges. Per pair, **1.50**.

Curtain Muslin, 36 and 46 inches wide; comes in white and ivory; suitable for bedroom curtains, sash curtains, toilet covers, etc., and shows designs composed of medallion effects, double borders and fancy stripes. Per yard, **.15**.

Tapestries and Damasks, in odd pieces left by the heavy selling are textures suitable for upholstering, heavy curtains or light drapery according to the individual piece. All are 50 inches wide. The price, .59, is in many cases less than half, in others is simply a very good value. 400 yards at, per yard, **.59**.

New Crepe Finished Cretomes, Chintz and Taffetas, 30 inches wide; show floral and new art designs in a good range of colors; suitable for bedroom hangings, bedspreads, valance and upholstery purposes. Per yard, **.20**.

Tapestry Curtains, 40 inches wide and 3 yards long, with knotted fringe top and bottom; are made of a good quality reversible cloth. The colors are plain dark red, plain empire green, red with green, two toned olive green, or red. Per pair, **2.50**.

Tapestry Cushion Squares, 18x18, of heavy materials and handsome designs, include landscapes, figure and animal effects. They make splendid cushions for canoes, or for the summer home. Special, at each, **.25**. **THIRD FLOOR.**

SATURDAY MORNING, APRIL 23, '10.

ST. GEORGE'S DAY.

This is St. George's Day, a festival which has possessed a distinctly English character since the decree of the Oxford Council in 1222. But not until 1249, during the reign of Edward III, was St. George definitely recognized as the patron saint of England.

In a recent article, Frank T. Butler pled for a stronger assertion of English nationalism. Whether this is possible just now, looking to the contrast between the feudal south and the democratic north, remains to be seen, but certainly the gulf is not so great as that which existed between the highlands and lowlands of Scotland only a century and a half ago.

His facial contortions might be misunderstood. Last year's British budget has again passed its first reading. But with the precedent of last year's rejection by the peers, taxpayers may not be any more willing to meet their obligations until the bill becomes an act.

In almost the same breath the Hon. A. B. Aylesworth described himself ministerially as simply the "general attorney of the people of Canada" and then personally as a political partisan.

Editor World: The policy advocated by The World of accepting the proposals of the street railway company will be acceptable to a very large majority of the business men of Toronto.

The figures embodied in Mr. Field's article disclose the vast loaning powers of Great Britain. Far from showing any symptoms of diminution, they appear never to have been so much in evidence as in 1909, when the total British investment in Canada—taking public flotations alone—was equal to half the aggregate of the previous four years.

Vindication by a partisan majority is not even a whitewash. Toronto has lost the two opening matches of the Eastern League, but a bad beginning often means a good end.

WONDERFUL CURATIVE QUALITIES OF FRUIT

Demonstrated by "FRUIT-A-TIVES"

Physicians puzzled over the strange case of Kingston girl - Nothing did her any good until the Famous Fruit Medicine completely restored her to health

The people are awakening to the marvelous power of fruit juice as a preventative and cure of disease. "Fruit-a-tives"—the only medicine in the world actually made of fruit juice—has demonstrated the extraordinary value of fruit juice, even in cases that were apparently hopeless.

Mitchell v. C.P.R. Co.-F. W. Harcourt, K.C., for infant. Motion on behalf of infant for immediate payment out of court of \$25 and for \$25 on 1st December. Order made.

Green v. Crawford. P. M. Ferguson, for plaintiff. S. Denison, for defendant. A motion by plaintiff for a mandatory order to the judge of the 3rd division court of the County of Elgin to try the action.

Judgment: Plaintiff's claim is upon a promissory note made by defendant for \$100,000. On his cross-examination it appeared that he had other dealings with defendant and a Mrs. James, that he had an account in his books with the amount of the note, that the note formed one of the items of this account, and that he had taken a mortgage from Mrs. James covering amount of the account. Upon this appearing the judge stopped the case, holding that the court had no jurisdiction to pursue the enquiry.

I am, with respect of the opinion that the ruling of the judge cannot be supported. The order must go as asked, and there will be no order as to costs.

Kenyon v. North Dummies.-L. F. Heyd, K.C., for Kenyon. Ex parte motion by plaintiff for an order enforcing award. Order made.

Richardson v. Richardson. - J. Keel, for plaintiff. W. Proudfoot, K.C., and M. Grant, for defendant Richardson. G. H. Watson, K.C., for defendant. Judgment: Defendant Richardson was contractor for the carpenter work, and defendant Webb, contractor for the brick work of a school house, which was being erected in the neighborhood of Toronto. Plaintiff was a bricklayer in employment of defendant Webb. Plaintiff fell from a gangway and was injured and brings this action for damages, basing his right against Webb for breach of his duty to provide a safe and sufficient gangway, and to keep it in such condition, and basing his right to recover against Richardson alleged interference by plaintiff with the gangway, which contributed to its unsafe condition.

If, as I have found, there was nothing to indicate to the plaintiff that the addition was not intended to be used as part of the gangway, it was, I think, Leitch's duty to see that it might be safely used in its stored state. This could have been readily ascertained by an inspection of it, and I have no doubt that if he had made the inspection the accident would not have happened. I must therefore find that the accident was caused by his negligence in performance of the duty with which he was entrusted by the defendant Webb of seeing that the ways, etc., were proper. I find that the plaintiff was not guilty of contributory negligence, and that he is entitled to judgment against defendant Webb for \$800, the damages assessed by the jury, with costs. Action dismissed against defendant Richardson, without costs.

Goodison v. Township of McNab.-J. E. Jones, for plaintiff. W. M. Douglas, K.C., for defendant. Motion by plaintiff for an order allowing the bond and for leave to appeal to the supreme court. Order made.

bringing the price up to the amount ultimately obtained by the defendants. In our opinion 2 1/2 per cent. would be abundantly ample compensation. We allow the appeal to extent of reducing the amount to \$618.75, and direct judgment to be entered for that amount with costs of action. No costs of appeal.

Before Mulock, C.J., Clute, J., Sutcliffe, J., and J. Keel. Nesbitt v. Trustees of the R. E. Eochrane, for appellant. M. Wilkins (Arthur), for plaintiff. F. E. Hodgins, K.C., for defendant. Argument of appeal resumed from yesterday. Appeal dismissed without costs.

Jackson v. Mackay.-J. W. Payne, for plaintiff. J. McWhitney, K.C., for defendant. An appeal by the plaintiff from the judgment of J. A. Cameron, official referee, in a proceeding under the Mechanics Lien Act of 5th March, 1910. This action was brought to recover \$460.70 from the defendant under a contract made between the plaintiff and Standard Furnace Co., and defendant, and assigned to plaintiff. Defendant counterclaimed for damages for misskilling, etc., workmanship, the judgment of the official referee, dismissed plaintiff's action with costs, and gave defendant judgment for \$125 on his counterclaim with costs. Plaintiff appeals from that judgment to this court. Appeal argued and allowed and reference back ordered in terms consented to by counsel and approved by the court.

Hutchinson v. Jeffrey.-N. W. Rowell, K.C., for defendants. R. W. Eyre, and W. C. Mackay, for plaintiff. An appeal by the defendants from the judgment of Magee, J., of March 1, 1910. Argument stands adjourned until next week by direction of court.

This action was brought by plaintiffs to recover \$21,847.47 from the Canadian Stewart Company, for work done and materials provided in connection with excavation of the site and foundation of an elevator at Fort William, under agreement with the said Canadian Stewart Company. At the trial before Judge O'Leary, judgment was given for plaintiffs for \$19,758.25, with interest and costs. Defendants by leave appeal from that judgment direct to this court. Not concluded.

WORK OF MANIAC.

Inquest at Cardinal into Murder of N. C. Bolton.

CARDINAL—On April 22 (Special)—An unbalanced mind led to the murder of Nathan C. Bolton by Albert Holmes at the farm of the latter near this village yesterday morning. The evidence at the inquest to-day made this plain. The two men were on friendly terms. Bolton was assisting Holmes to cut up a pig, the latter not feeling well, and when seized with an uncontrollable impulse to kill, while Holmes cut down Bolton with an ax.

Ethel Holmes, daughter of the murderer, a pretty miss of twenty-two, told her story in an unaffected manner. She was sitting in the kitchen when groans came from the adjoining shed, and she saw Bolton with his head split open. Her father had disappeared thru a side door, going directly to the woods.

Husband and wife had met in the barnyard, but it is not known whether they exchanged words, as Mrs. Holmes is too ill to attend the inquest. Holmes had been greatly depressed since purchasing the farm from Bolton. He frequently said that he had made a mistake, that the farm was too big to work.

Holmes' mental worry had resulted in his attempting suicide one week ago by drinking poison. He worried over the disgrace of his foolish act, especially as he was an elder of the Presbyterian church.

Dr. Locke swore that Holmes, having suicidal tendencies, the sight of the blood, and the ax led him to murder in a moment of weakness.

The first trace of Holmes was obtained to-day from a tramp who says he passed him on the Grand Trunk track near Iroquois last night going east.

Banquet at Cobourg
COBOURG, April 22.—(Special)—J. Castell Hopkins of Toronto, addressed the Northumberland Club and the Old Countrymen's Club at a banquet in the Durham House, on "Canada's Debt to Great Britain." Mayor Field presided, and 150 were present.

Mr. Hopkins said that it had cost Great Britain two hundred millions of dollars to retain and defend Canada, and that any lessening of imperial ties would result finally in Republican government. He pleaded for an extension of the preferential tariff system within the empire.

BROCKTON COMET

TORONTO

The Comet Arrives

April 23rd: The Brockton left Brockton, Mass., on the 10th of April. It landed at 119 Yonge Street on April 20th.

The great comet has arrived—THE "BROCKTON" COMET. It is here and has delivered the goods. This morning you'll find something novel in the shoe line at 119 Yonge Street, east side, just north of Adelaide Street. That is where the "Brockton" landed. Every design of shoe you ever heard of for men, and one price only—THREE-FIFTY.

Do not consider the Brockton with any other shoe you have bought before, for the Brockton is different. It's "BROCKTON" with a large "B." It is called elsewhere "Foot-Comfort," and that is what you will say about it after to-day. It is exclusive also in style, being an American designed shoe, which is to say that it is the best in the world.

"ONE PRICE---BROCKTON"

The "Brockton" goes from "Factory to Wearer," and we place it against any other shoe you can buy at FIVE dollars. When you buy the "Brockton" at \$3.50 you are getting it at the wholesale price. And is it not a splendid idea to be able to walk into a store and know that you are going to pay one particular price for a pair of shoes, and that the clerk can't charge you any more, and that you won't be asked to pay less?

BROCKTON

\$3.50

NO MORE NO LESS

When you buy a shoe you want something to fit your foot and be of a stylish design. Good leather is essential to foot comfort. If it is soft and pliable and still strong you are getting what is generally known as your "money's worth" in foot comfort. "Brockton" is "foot-comfort."

Remember that the "Brockton" is an American Shoe, and that is saying it is the best in the entire catalogue of Shoes. It is made in all designs and fractions of sizes, and is intended to fit the wants of the particular man who desires a STYLISH SHOE with "FOOT-COMFORT."

ZION CONGREGATIONAL CHURCH

Rev. Dr. Eby Makes a Statement as to the Situation.

Editor World: Would you kindly publish the following statement in the church meeting in Zion Congregational Church last Wednesday?

The central question which was to be settled was simply and purely the trusteeship of the property on which the church stands. The question of manual and membership is purely subsidiary. There was no question whatever of the standing of the church as now conducted, the method of work, the position of the pastor, nor anything else. The question of trusteeship is in a fair way to be settled and settled finally. The matter of the church, manner of its work, the use of the property and other questions will be settled, no doubt by amicable arrangements in due time as they are affected by the new property arrangement. It will be no breach of confidence for me to say that, while some Congregationalists have disappointedly of the methods of the People's Institute, others of influence and standing have told me that they do approve, brotherly of workers, as well as we might have more men and money in order to carry on that work more effectively, as they saw that we were hampered under existing circumstances.

In the meantime "business will go on" the old stand, Next Sunday I will talk in the morning about "The Ideal Church." In the afternoon Mrs. Norman will speak on "Woman and Social Problems." In the evening Dr. A. D. Watson, well known author and poet, as well as physician in this city, will speak on "Christianity as an Art." That will be followed by the People's Social Hour, when questions will be asked and conversation will be had on the general subject of the adapting of church work to the problems of modern conditions.

The chief object of the present combination of a Congregational church and a People's Institute is not to multiply church members in the ordinary sense, but to gather together a brotherhood of workers, as well as church members, who would be able to study and apply the fundamental principles of Christ to the solution of the difficulties confronting the people at the present day. We want to study and work out this idea to definite practical results. A new church membership is not wanted, but an idea, and here, as elsewhere, "the common people" hear most gladly the version of the old "gospel of the kingdom."

ROOSEVELT PAINTED AS A SCREAMING DEMAGOGUE

Paris Paper Describes Him as a Charlatan With the Skill of a Barnum.

PARIS, April 22.—The only discordant note heard from the Paris press in its comment upon Mr. Roosevelt's visit comes from the ultra clerical paper like Gil Blas, which openly derides the American guest as a charlatan.

Frederick Maason, writing under the heading "Hall, Caesar," publishes a remarkable attack in which he paints Mr. Roosevelt as a demagogue who, with all the skill of a Barnum, is arranging for his reappearance upon the American stage.

After describing American democracy as marching between plutocracy and demagoguery, the writer asks if it is possible that the former president intends to please Mrs. Roosevelt, which has already provoked a crash of credit in the United States and in which anarchy under cover of demagoguery may precipitate pillage, pillage and arson in industrial centres.

A MEAN ACT.

One day some time ago a teamster was driving down Queen Street. He spotted a little sparrow on the pavement, and, swinging his whip, brought it about the body of the little bird. The little bird seemed to be in a state of alarm, and he regarded "Bovrii" as a valuable means of maintaining constitutional stamina.

That's the Cost of the Lumden Investigation Committee.

Frequently there has been no quorum present, one or other of the four members being away, and the point will be raised whether the report, based on the evidence taken without the necessary quorum, is a valid one. The enquiry has cost about \$30,000.

A HINT TO YOUNG MOTHERS.

Don't walk up and down the floor with a cross, restless child. Nothing can be more demoralizing to the little one, and it is a serious tax upon the mother's strength and nerves. When a child is peevish and cross there is probably some little derangement of the stomach or bowels, and a dose of Baby's Own Tablets will remove the cause of the trouble and enable the little one to sleep soundly. Mrs. W. Bonford, Proprietor, Que., says: "I have found Baby's Own Tablets superior to all other remedies for curing constipation and making teething easy. They also promote healthy sleep, and I recommend them to other mothers." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

HEAD NOISES

HOW TO CURE BUZZING, RINGING SOUNDS IN THE EARS

Do you have buzzing, ringing noises in your head and ears? Is there a snapping in your ears when you blow your nose? Are there crackling, hissing, roaring sounds in your ears? If you suffer from head and ear noises of any sort, then you have Catarrh of the ear passages, and your Eustachian Tubes—the passages from the throat to the ears—are closing up. You may have no discharge from the nose, but your throat may not even realize you have Catarrh in any form—but the delicate inner parts of the ear are steadily being destroyed. Those terribly irritating, uncomfortable noises show how dangerous the trouble is becoming. As they grow worse they often worry people into nervous prostration and insanity.

There's one thing certain—head and ear noises are always the forerunners of loss of hearing. Nothing else, nothing but Catarrh of the ear passages is the sure result. Get rid of your head and ear noises now and forever! Don't waste time with longer. HEAD NOISES CAN BE CURED—ABSOLUTELY AND PERMANENTLY. Once you have your head and ear noises cured, the ear passages will open up and your hearing will come back and distinct. Cure your head and ear noises now, before your hearing is lost forever. Write to-day to Dr. Sprules, the famous authority on head noises, and he will give you the name of the doctor who will give you

ALDERMEN SOLID FOR APPOINTING MR. HARRIS
City Council to Confirm Choice of Board of Control—Intake Extension Doubtful Remedy.

Property Commissioner R. C. Harris to take charge of the department of street cleaning and scavenging and have his salary raised from \$2,400 to \$3,750.
This is the recommendation which the board of control yesterday decided to send on to the city council. It is stated that the majority of the aldermen will support Mr. Harris. The board's recommendation was on a vote of three to two, the mayor, Controller Ward and Charles Foster, while Controller Foster backed up Controller Spence's proposal of Robt. Johnston, the senior street inspector.

Water Problem More Complex
A report presented to the board by Dr. Sheard rather shattered the comfortable belief that all that is necessary to improve the quality of the city's drinking water is to extend the intake pipe. During stormy weather at least, the sewage contamination steadily grows worse to a point 300 feet out, after which the colonies of bacteria decrease.
Dr. Sheard's conclusion is that the water is better in the bottom than close to the surface, and that there is a good deal of contamination at other points 100 feet from the lake bottom, due mainly to the wind influence, adding, "Our investigations show that the extension of the intake pipe will not free the water from sewage contamination during storm periods."
The board agreed to get some more

Old Folks' Coughs

TELLS HOW TO CURE QUICKLY
Elderly people usually take cold. Unlike younger persons they recover slowly, often never. Have you noticed how many people after middle life die of pneumonia? This is because circulation is weaker and the tissues become congested and flabby; dangerous inflammations follow. Even when pneumonia does not develop and kill, coughs weaken elderly people both directly and by keeping them awake. Coughs seldom do good and they upset digestion. Catarrhose is a remedy of marvelous effectiveness. Catarrhose heals and cures all the irritated surfaces of the throat and bronchial tubes. It soothes cough, assists expectoration. Catarrhose relieves one of the most deadly perils of advanced years because it keeps the breathing apparatus in perfect condition. Catarrhose is simple healing balsamic substance of pine wood, which breaks up into little drops and carries them to every part of the respiratory tract. It acts just as a powerful antiseptic, and healing, anti-septic remedial agent. In many lands Catarrhose has won its way. It has proved itself remarkable. It is convenient, most pleasant, free from drugs, and the best cough, cold and bronchitic remedy known. Use Catarrhose five minutes and it will prove to you more than we could tell in an hour. Do try it. Buy a complete outfit, \$1.00, with hard rubber inhaler, with linings enough to last three months. Small size 50c. All dealers. Dr. The Catarrhose Co., Buffalo, N. Y., and Kingston, Ont.

Public Amusements

At the Royal Alexandra.
Miss Maude Fealy will make her first appearance in Toronto as a star at the Royal Alexandra on Monday evening, in a notable revival of Hall Caine's great play, "The Christian". The role of Glory Quayle is the same in which Miss Fealy made her appearance a few seasons ago, when the piece was revived by an all-star cast, including many of the original company. The play itself is unquestionably Mr. Caine's greatest work and affords Miss Fealy wonderful opportunity for the display of her versatility.

A few seasons ago Toronto theatre-goers were enraptured by Mr. Willard's appearance here. It is doubtful whether the audience tonight tendered their approval entirely to the star, for the girlish young leading woman, Miss Fealy, is in the demand. Prior to her appearance with Mr. Willard, Miss Fealy had been seen here as leading woman with the late Miss Hester, who appeared in the opposite roles to the great tragedian in all of the plays presented in his repertoire for two seasons.

The part of "The Christian" is in itself a most unique and original one. At the opening of the play, a delightful picture is presented of the groundwork of the drama. Here in a quaint old village, on the Isle of Man, Miss Fealy is pictured as a young girl, nothing but sweet simplicity. She lives in the sunshine, free from worldly cares. She is taken to London, where great things are promised her, a career upon the stage is suggested, and the girl, ever-ambitious, enters into it blindly, but she is a delightful success and reaches the very highest pinnacle of fame in her profession. She has forgotten her friends, her family and her home, and she is in a state of life, with but one serious worry, that for the companion of her girlhood days, whose life has been given over to the monastery as a result of a broken love which had existed between them. Some years later, by accident, she finds him out during a visit to the monastery and is in charge of the station work in one of the lowest quarters in London. The old love returns. She begs him to come back to her. The scenes which follow are really of a broken love which had existed between them. New Majestic Music Hall.
A vaudeville bill containing a number of acts which are entitled to head line honors in every first-class vaudeville theatre in the country is booked for next week at the New Majestic Music Hall, which manages at its season of summer vaudeville this week at popular prices.
On the program are noticed Fennel and Tyson, presenting an elaborate comedy sketch; Thomas Hamilton, the quaint Irish comedian, offering his own original version of "When Riley Was King"; the Elean Trio, in the South-western idyll, "Fun in El Paso"; Somers and Somersville, in a refined musical act; Elsie Chilton, the favorite English comedienne; Smith and Smith, in a laughing conception, "The Hotel Promoters"; Duffell and Duffell, European acrobats, and the latest and most original motion picture on the Morri-scope, which will be varied and interesting.

At the Princess.
For next week with matinee Wednesday and Sunday, the management of the Princess Theatre has engaged the noted humorist, Thomas Dempsey, to deliver his famous "Travel Talker" series, "Round the World," illustrating the same with over two hundred beautiful moving and still pictures of Erin's Isle.
To those who long ago wandered from the home fireside—whose years are many, but whose love of home and country still burns brightly—these illustrated moments come like a "message from the dear old country," and in this evening of reminiscence, they are doubly delightful entertainment. Miss Ethel Clarke, the famous Irish harpist and vocalist, has been specially engaged and will render several old Irish melodies.

"The Squaw Man" at the Grand.
"The Squaw Man," Edwin Milton Royle's famous play of western life, in which Wm. Faversham made such a pronounced hit, will be the offering at the Grand next week for the first time in this city at less than dollar-fifty prices. "The Squaw Man" may be regarded as one of the dramatic events of the season. It is a novel play, interesting, humorous and thrilling. It deals with the adventures of an Englishman on the western plains and introduces a large number of characters. It represents with a stirring and artful massing of details in great ensemble, how Capt. James Wynnegate, a younger son of a noble family, assumed his cousin's embezzlement from a regimental chest to save the honor of an ancient house, how he fared into the west, how the daughter of an Indian chief twice saved his life, how he married her, and in a scene of the inhuman significance of the term, won and held the respect of brave men, the hero was "Squaw Man" may be regarded as one of the dramatic events of the season. ST. CATHARINES CARRIED BY LAWS.
ST. CATHARINES, April 22.—(Special.)—Ratepayers of the city to-day voted on by-laws to grant exemptions to the Canadian Crocker-Wheeler Company, Monarch Knitting Company, and St. Catharines Woolen Mills Company, all three being carried by large majorities. These are by-laws the legislature refused to ratify, sending them to the people for the two-thirds vote of those voting.

I have noticed that folks who own Pease Furnaces are a happy, contented lot, because the "Economy" certainly does cut out furnace fuss and bother. Perpetual Youth
Let Me Tell You How to Regain All Your Old Vigor, and Manly Strength. Be a "Health Belt Man." Feel Young for Balance of Your Life. Age Doesn't Count if You Have the Vitality.
"I could shout for joy—After years of Weakness and Debility, your Wonderful Health Belt Cured Me. I am a Man Again. Use My Name as You See Fit."
A. E. GRIFFIN,
Lakefield, Ont.

Perpetual youth. That is precisely what I mean. I say as man to man give my Health Belt a reasonable chance and it will carry you through any business, mental or physical strain you may be under. It doesn't stimulate; it simply adds the electro-tonic element to your bone, nerves, tissue and blood; all the force and strength which has been drained from your system by some earlier indiscretion. My Health Belt is essentially a strength giver. It overcomes the private symptoms of weakness in men which sap the vitality. If you are nervous and lack manly vigor you are passing away thousands of brain cells every day. Ask your physician if this is not true. I stop this awful weakening process. You wear my Health Belt nights; while sleeping a great stream of soft electricity passes into your body at the small of the back; it cures backache in one application; you feel better immediately; inside of an hour; two months will make a new man of you. No drugs; no privations; no restrictions, except that you must give up all dissipation. Follow my advice and I promise you will feel younger and look younger. Let me restore your vitality and you will be able to face the world with new ambition. The Health Belt cures other ailments, too. A positive remedy for rheumatism in any part of the body, sciatica, lumbago, kidney, liver, stomach disorders.

THE SHACKLETON LECTURE
And Why It is Necessary to Charge Admission Fee.
Editor World: As I have heard some criticism in regard to the attitude of the Canadian Institute in charging admittance for the Shackleton lecture, I trust that you will give me this opportunity of explaining to your readers our position.
The Canadian Institute has not sufficient endowment or I am sure it has not been pleased to have tendered the Shackleton lecture free to the public of Toronto. In a letter to this, it must be remembered that Lieut. Shackleton organized his expedition to the Antarctic entirely at his own risk, with the exception of some small contributions from the Australian and New Zealand governments. The £20,000 necessary was provided by London banks who had confidence in Shackleton's ability to perform what he had promised as part of the agreement was that the money should be repaid by July, 1910. Sir Ernest Shackleton's expedition in his efforts and I believe we are only doing justice to the Toronto people to enable them to assist in this way the most interesting and most scientific polar expedition of the past fifty years.
We have heard many criticisms in Toronto, because the people of Canada were not given an opportunity of meeting Lord Kitchener. We hope the Toronto public will appreciate the opportunity of meeting one who in his own way is equally remarkable man and will show itself as appreciative as Washington, New York, Boston, Philadelphia and Ottawa, where the intrepid explorer spoke to crowded and enthusiastic houses.
John J. Mackenzie,
President Canadian Institute.

HALIFAX, N.S., April 22.—(Special.)—The arrival of the turbine Victorian from Liverpool to-day, with 1200 passengers, marked the close of the winter port season. From now until the fall the mail boats will run up the St. Lawrence. During the winter months more than 34,000 passengers from across the Atlantic were brought to this port by four steamship lines. The biggest company of them all, the C.P.R., will have brought out the smallest number, its passengers being taken to St. John.

The Allan line leads in the number of passengers brought to Halifax with 25,200. These came mainly from Liverpool, some from Glasgow and a handful from Havre.

The Northwest Transport Line, operating from Rotterdam, landed 4789 passengers and the White Star Dominion line 3402 passengers. The C.P.R. landed 42 passengers at this port.

Last year the total number of passengers brought from foreign countries to this port by all lines was far short of the number brought out this year by the Allan line alone.

The number landed here last year by the four trans-Atlantic lines already named, and the Elkford and Black, Red Cross and Plant lines was 16,333.

CHINESE STILL RIOTING MISSIONARIES IN PERIL

Technical School Set on Fire and Thirty Students Burned to Death During the Disturbances.

HANKOW, China, April 22.—The situation in Huanan Province is reported as critical. Women and children are fleeing for their lives from Changsha, the capital. A number of villages near that city have been reduced to ashes by mobs. The country is placarded with threats to kill all foreigners.

This disgusting news was brought by missioners, refugees who arrived here from Changsha and nearby missionary stations this forenoon. Many of them had traveled thirty miles on foot. Their houses had been burned and they had lost all of their personal effects.

The missionaries stated that gunboats in the river have been trained upon Changsha and nearby points, and have afforded a refuge for many foreigners. Three thousand Chinese imperial soldiers are occupying the strategic points of the capital and detachments are being hurried to the outlying districts where rioting is reported to be in progress.

Many Chinese have been killed. In one instance a technical school was set afire and thirty students were burned to death.

When vessels approached Changsha to rescue the imperiled ones the Chinese mob saturated junka with kerosene oil from the dock stations of the Standard Oil Company, and setting them afire allowed them to float down the stream in an attempt to fire the on-coming steamers.

TOO ILL FOR SANITARIUMS

And Forced to Leave Boarding House—Girl's Sad Plight.

Chief Justice Meredith yesterday granted an application for the payment out of court of \$25 to Agnes Sutton, of Dundas.

In 1907 her father, Samuel Sutton, was killed by a live wire on the main street of Dundas. The town was ordered to pay damages to the estate of over \$8000. This money was apportioned among his family, and \$400 was paid into court for his daughter Agnes, who is now eighty-two years of age. There now remains to her credit in court \$381.40. Since her father's death the girl's mother and a sister died. She has been living, but on the advice of the Dundas medical health officer the boarding-house keeper asked her to leave because she has tuberculosis, so far advanced that sanitariums decline to receive her.

One of the lawyers asked Sir William if he would make an order for the payment of the girl's board bill. "They've turned her out; let them wait," he answered.

ARE CARPENTERS UNDECIDED?

Absolute secrecy, as to what happened at Mass. Meeting Last Night.

Absolute secrecy was maintained over every detail attending the mass meeting of the carpenters at the Labor Temple last night. There were two organizations in joint session, the Amalgamated Carpenters and the Brotherhood of Carpenters, and the matter under discussion was whether they should declare war on the millers' Exchange or accept the minimum wage of 35 cents an hour. What the meeting decided upon, or whether it decided upon anything, was not revealed to the public. It is believed, however, that another meeting will be held in the near future to further discuss the question.

The combined chorus of Waterloo and St. Jacobs Churches provided music.

HE GOT RELIEF RIGHT AWAY

Dodd's Kidney Pills Cure Kidney Disease of Eight Years Standing.

That's What They Did for William O. Cain, and Now He Says: "Dodd's Kidney Pills Are a Great Medicine."

MARLETON, ALBERT CO., N.B., April 22.—(Special.)—"When I began taking Dodd's Kidney Pills I got relief right away. I have found Dodd's Kidney Pills a great medicine." So says William O. Cain, well-known and highly respected in this neighborhood. And Mr. Cain had a very good reason for making so emphatic a statement. For eight years he was suffering from Kidney Disease, and did not seem to be able to get relief.

"I was so bad," Mr. Cain goes on to state, "that my kidneys bothered me so that if I would go to pick anything off the ground I would fall." But Dodd's Kidney Pills cured him, and just as they have cured thousands of other sufferers all over Canada. They never fail to cure Kidney Disease of any kind. Not only do they cure Dizziness, Dropsy and Heart Disease from various parts of the Dominion. Other kidney ailments may cure. Dodd's Kidney Pills always cure.

GOLD-HEADED NEEDLE

Dislodged by Accident—Rabies Prevalent Among Dover Township Cattle.

CHATHAM, April 22.—(Special.)—Thursday afternoon Oliver Harvey, a teamster, while getting off his wagon, fell, and struck his shoulder against a post. To-day his shoulder pained him, and a local surgeon was called. It was found that the pain came from a gold-headed needle which was embedded in Harvey's shoulder. It is supposed that the needle entered his arm when he was child, and that the bump against the post dislodged it.

A cow belonging to Thos. Burke, Dorchester, died from rabies, contracted by a bite from a mad dog. This is the third cow to die of rabies this month. Since the first of the year, nine cattle and eleven hogs have died from rabies.

Another dog suffering from rabies was killed in Dover Township to-day by a farmer named Frank Skoket. A cow belonging to Thos. J. Sloan of Harwich was also killed to-day.

USING PURGATIVES INJURES HEALTH

What You Need in Spring is a Blood-Building Tonic.

A spring medicine is an actual necessity to most people. Nature demands it as an aid in carrying off the impurities that have accumulated in the blood during the indoor life of winter. But unfortunately thousands of people who do recognize the necessity of a spring medicine do not know what is best to take and dose themselves with harsh, griping purgatives. This is a serious mistake. Ask any doctor and he will tell you that the use of purgative medicine weakens the system, but does not cure disease. In the spring the system needs building up—purgatives cannot do this—they weaken you still more. The blood should be made rich, red and pure, and only a tonic medicine can do this. The best blood building, nerve-restoring tonic medicine, science has yet discovered is Dr. Williams' Pink Pills. Every dose of this medicine actually builds up the blood, and every nerve and every part of the body. This is why Dr. Williams' Pink Pills cure rheumatism and neuralgia, banish pimples and eruptions, and give a glow of health to the most sallow skin. Men, women and growing boys and girls who take Dr. Williams' Pink Pills will sleep well, and feel bright, active and strong. If you need a medicine this spring, and most likely you do, try this great reviving tonic, and see the new life, new health and new strength it will put into you.

Sold by all medicine dealers or by mail at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams Medicine Co., Brockville, Ont.

HONOR FOR DR. BURWASH

Victoria Will Establish Lectureship on Chancellor's Lectures.

To mark the jubilee of Rev. Nathaniel Burwash, D.D., chancellor of Victoria College, in the Methodist ministry, a memorial lectureship is to be established by the institution of which he is head. The cost will be \$5000.

Rev. Dr. Burwash has had a distinguished and interesting career in the Methodist church, and is a member of the old guard of Canadian Methodism. He is descended from United Empire Loyalist stock, having been born in Argenteuil, Quebec, in 1835. He received a liberal education at Victoria College, situated then at Cobourg, Yale University and the greatest Bible Institute. In 1860 he entered the Methodist ministry. In 1869 he was appointed pastor in Victoria, in 1873 dean of the faculty of theology, and president and chancellor in 1887.

Chancellor Burwash is spoken of as a man of wide culture, modest and retiring. Of deep scholarship, yet he possesses an open mind, but is not easily carried away with every wind of doctrine. As a speaker and writer he enjoys a creditable place in the church and country.

The annual convocation in divinity of Victoria College will be held in the college chapel on Monday evening next. Rev. J. S. Simon, Didsbury College, England, will be the speaker of the occasion. Rev. Mr. Simon will also preach the baccalaureate sermon in Metropolitan Church to-morrow morning.

WONDERFUL RESULTS OBTAINED.

Dr. McLaughlin's Electric Belt

You will never know what a grand power electricity is until you feel its genial, glowing warmth penetrating every vital part of your body from my Electric Belt.

You know how easily electricity runs street cars, makes plants grow without sun or soil, purifies dirty water and transforms night into day at the will of man, but I can't flatter you believe it will renew the vigor of youth until you feel it flanking through your veins and carrying to every organ of your body the "life of life."

Pick out the men who have worn my Belt. See them with head erect, chest expanded, the glow of health in their cheeks, courage in their hearts, and a clasp of the hand that tells you, "I am a man."

Mr. Samuel J. Barnett, North Gower, Ont., says: "I received a Belt from you some four years ago, and I wish to say that it was all it was represented to be, having cured me of indigestion and other ailments, and I now feel like a new man, giving all the credit to your Belt. Anyone giving it a good trial, I know, will feel as I do."

And how is it with you? Have you rheumatism and back pains, a dull ache and weakness over your kidneys, dull headaches, with a tired, stupid feeling? Are you losing your vitality? Do you feel yourself growing aged before your time? Are you nervous, sleepless, short of memory, and lacking in spirit and self-confidence? Do you know that you are not the man you would like to be?

If so, I can cure you. What you lack is just what electricity supplies.

If you haven't confidence in Electricity, let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security, and I will take your case, and

Everyone Thought She Was Going Into Consumption.

Gained Ten Pounds in Two Weeks by the Use of Burdock Blood Bitters.

Mrs. Fred. Biggs, Kingston, Ont., writes: "I was completely run down, my blood was out of order, and I used to get so weak I would be compelled to stay in bed for weeks at a time. I could not eat, was pale and thin; every one thought I was going into consumption. I tried everything and different doctors until a friend advised me to use Burdock Blood Bitters. I did not have one bottle used when my appetite began to improve. I used six bottles. I gained ten pounds in two weeks. When I began to take it I only weighed ninety-three pounds. It just seemed to pull me from the grave as I never expected to be strong again. I will tell every sufferer of your wonderful medicine."

The blood reaches every portion of the body to distribute nutriment and remove effete matter and waste products. Clearly, then, any influence, good or bad, affecting the blood, must necessarily affect the entire system for good or evil as the case may be.

Get pure blood and keep it pure by removing every trace of impure morbid matter from the system by using Burdock Blood Bitters. It exerts a curative influence unapproached by any other remedy.

The service will be attended by only relatives and close friends of the deceased. LONDON, Eng., April 22.—The Daily Mail says that it is no exaggeration to say that Mark Twain was the greatest humorist the modern world had known.

O

Northcliffe is a new and restricted residential district within the limits of the City of Toronto, bounded on the north by St. Clair avenue, on the west by Dufferin street, on the south by Davenport road, and on the east by Oakwood Park, and the site of the new High School.

By reference to the key map above, and taking the corner of College street and Spadina avenue as a population centre, it will be seen that Northcliffe is the same distance from this central point as the Upper Canada College, Rosedale, St. Andrew's College, and the York Loan district. The ground is high and undulating, varying from 240 feet to 250 feet above the level of Lake Ontario. The lots vary from 50 feet x 110 feet to 120 x 325 feet.

Northcliffe forms a prominent part of the hill which stretches along the north side of Toronto, and from which a splendid view of the whole city may be obtained. Standing on Northcliffe, the big, busy city with its ever-increasing growth and activity, lies at your feet. Business of every kind has so invaded the older and southerly portions of the city that it is not surprising that the newer and northerly hill sections should prove so attractive for beautiful homes.

Only a limited portion of the Northcliffe property will now be sold in advance of the full city improvements. As a result of the vote on the water-by-law, 12-inch mains will be immediately laid on St. Clair avenue and Dufferin street, and a 20-inch main on Davenport road. Asphalt roadways, concrete sidewalks and drainage will pave the way for beautiful homes, and increased prices will quickly follow, particularly as the supply of hill property is limited. Within the limits of Toronto, restricted, residential, high and healthy. Moderate prices.

Plans, prices, terms and restrictions on application. The owners invite your personal inspection.

Realty and Building

It is rumored on the street that overtures have been made to the D'Arcourt Land Company for the purchase of the Yonge-street Arcade. This property is one of the best known in the city and has a large frontage on Yonge, and also on Victoria-street. There is a frontage of 88 feet on Yonge, with a depth of 287 feet, while on Victoria there is a frontage of about 180 feet, with a depth varying from 109 to 155 feet.

It is stated that an offer of \$600,000 has been made for the property by local interests, but that the offer has been turned down, owing to the fact that only \$100,000 cash was to be paid immediately. The owners of the property are asking \$200,000 down, and the balance on a mortgage. It is said that the matter may yet be settled with the same parties and the deal be closed at a later date.

It is reported that \$125,000 has been offered for the property owned by John Greig at the corner of Yonge and Edward-streets. This lot has a frontage of about 75 feet on Yonge and 190 feet on Edward-street. The offer was made by Mr. John Burnand of the well-known real estate firm of Burnand & Spain.

North Rosedale is witnessing a period of almost unprecedented building activity and in the outlying portions particularly operations seem, to the casual observer, to be going ahead at a very rapid pace. The sub-section, contiguous to Binscarth-road, Whitney-avenue, Edgar-road and East Roxboro-street is fast building up, and modern and palatial dwellings superseding the vista of brush and woods, which only a short time ago held almost undisputed possession. The extension of East Roxboro-street to Binscarth-road has opened up a new avenue to the home-seeker, but this is not yielding to the encroachments of the householder who is looking for a spot handy to the car line, and yet outside the more solidly built-up portions of Rosedale itself. Rosedale is widening almost from day to day, and the continued demand for properties in its extended parts demonstrates nothing if not that the district is becoming more and more recognized as the spot for the ideal home, far removed from the business district and yet within easy reach of the downtown sections.

Considerable Yonge-street property in the vicinity of Carlton-street is changing hands at the present time, and the present week has seen the closing of several deals in this section.

Sir William Mulock's property, No. 535 Yonge-street, was sold to Frederick Powell this week. Burnand & Spain put thru the sale, and the price is reported to be \$25,000. The land has a frontage of 22 feet 6 inches on Yonge-street.

Burnand & Spain also report the following sales of Yonge-street property: No. 488 Yonge-street, 20 feet by 126, for \$15,000.

No. 507 1/2, with a frontage of 18 feet on Yonge, for \$15,000.

No. 508-505 Yonge-street, 34 feet by 140 feet, for \$20,000.

Invaluable to Every Farmer. Its Wonderful Power in Curing Sick Cattle and Colicky Horses Makes "Nerviline" Worth Its Weight in Gold. The stockman or farmer that doesn't know of the thousand and one uses of "Nerviline" around the stable, has a great deal to learn. "Why, I wouldn't think of locking my stable door at night without knowing I had a supply of 'Nerviline' on hand. I always get a dozen bottles at a time from my druggist."

Nerviline CURES COLICKY HORSES. To cure colic, indigestion, and bad stomach in a horse or cow there is no remedy on earth in the same class as "Nerviline." Last summer I had a horse that got the colic, and I would have lost him if I hadn't been able to give him Nerviline. I poured a full bottle of "Nerviline" in a pint of water down his throat and saved his life. I know of neighbors who have saved many heads of valuable stock, stricken with colic, just by using "Nerviline." It is equally good as a rub-on liniment, and I know from my experience that for man or beast, internally or externally, "Nerviline" is worth a dollar a drop.

LICENSE FOR WEST TORONTO. Editor World: I notice a letter in your paper of to-day's issue calling attention to the inconvenience of farmers having to drive into the centre of the city to put up for accommodation. I am not a farmer, I can readily support him in his statement. Commence at Yonge-street and go right along Bloor to Toronto Junction, a distance perhaps of seven miles, without any accommodation for man or beast; this is certainly a matter that should be looked into by the licensing commissioners. I am not particularly advocating a new license, but possibly there may be a better equal distribution of the existing ones. It seemed to me a very curious thing to take some licenses away which could and did give the accommodation required and yet let the licenses continue which did not, and do not, provide accommodation necessary for the traveling public. Sometimes my horse has sat in the Bloor and Dupont, Wychwood, Earls Court and Junction district, a continuing journey, and drive home again without being able, for the man and horse, to have a rest and feed. I consider that such inconveniences as these ought not to exist in any country. Fred Coward.

INVESTIGATING LOSS OF PAPERS. KANSAS CITY, Mo., April 22.—Rigorous investigation of the disappearance of some of the State's documentary evidence in the trial of Dr. B. C. Hyde for the alleged murder of Col. Thomas H. Swope was ordered to-day by Prosecutor Conkling. The statement by Ruby B. Garrett, the man who lost the papers, that he did not drop them at the point where they are said to have been found by a negro, who turned them over to the defence, moved the prosecutors to renewed action. "I am far from satisfied that these papers were 'lost,'" said Mr. Conkling to-night. "Neither do I want to say that they were stolen. But I have several men investigating the matter."

THE COMING HORSE SHOW. Already the Armouries look more as if they were being prepared for a charity bazaar than a mere horse show and, judging from the manner in which the seats were bought yesterday at Tyrrell's, between two and three thousand people every day are going to have an opportunity of taking part in what is undoubtedly going to be the society event of 1910. Dennis & Son, who have the contract for erecting the grand stand, commence work to-day. The president and directors give the usual opening luncheon to judges and prominent out of town exhibitors and guests at the King Edward Hotel on Tuesday next at 1.30, when it is expected that not fewer than one hundred will sit down. Among the judges who have promised their services are James T. Hyde, of Madison-square Garden Horse Show; James G. Marshall, of the New York, who has made many friends in Canada thru his sound judgment as to horse flesh; John R. Townsend, the noted four-in-hand whip of the United States; Julian K. Keith of Warrenton, W. Va., as also Colonel Lessor of Ottawa, and Mr. Mayfield, president of the Montreal Horse Show, and other equally noted people. Another Fish Story. Editor World: Here is another fish story for our M. H. O. My water closet valve was completely stopped. I told my plumber to see what was wrong, but he failed to turn up, so I undertook the task to find out myself. To my surprise I found a fish had stopped it. Fully six inches long, the head was gone, the tail was intact and the main bone. I have lived in Toronto thirty city years and I never saw our city water so filthy as it is now.
