TWO CENTS

LABOR MEN VOTE FOR DELAY

LABOR FLOUTS GOMPERS; GOVERNMENT OWNERSHIP OF RAILWAYS IS ENDORSED

Vote in Favor of Principle Overwhelming, Reputation of Gompers' Administration Being First Real Defeat in Years—Miners and Railroad Workers Form Strong Combination.

Montreal, June 17.—The endorsement of government ownership of the railroads by the American Federation of Labor labor leaders declared here tonight was the first real defeat that Samuel Gompers, veteran president of the federation, has received in years.

This repudiation of his administration, it is reported, prompted the labor chief to state before the convention late today that he "was not quite sure" he would be a candidate for re-election.

Mr. Gompers fought hard against the convention's action today, declaring that it was a step toward "the enslavement of the workers as government employees."

The United Mine Workers and the powerful railroad workers' organizations combined to bring about President Gompers' defeat. They also had the support of the machinists' union and the metal trades' organization, all powerful voting factors.

The carpenters' union and the building trades organization stood loyally by the veteran president, but were overwhelmed, the final vote being 28,059 for government ownership and 23,419 against.

As a result of the convention's action, the executive council, whose members support Mr. Gompers, are placed in an embarrassing position. They must now take steps to bring about government ownership, which they have opposed, or resign.

Supporters of Mr. Gompers declared tonight that they would urge him to retain leadership of the federation and stand up for re-election for the 39th time.

Sharply Divided. Matthew Wolf, vice-president of the federation, declared that neither "government control" nor "government ownership" had been "sufficiently defined."

(Continued on Page 9, Column 3).

BRITAIN MAY ALTER THE TURKISH TREATY

London, June 17.—There is no intention of scrapping the Turkish treaty, as has been reported, so far as the British government is concerned, it was learned today. But, it was intimated, Great Britain is willing to make important modifications in the hope of stabilizing the near east situation.

Conditions in that part of the world are rapidly becoming worse from a British standpoint, and the British ministers are declared to be willing to change some clauses of the treaty most objectionable to the Turks if steps to relieve the situation are promised.

MILITIA ESTIMATES STRONGLY OPPOSED IN FEDERAL HOUSE

Opposition and Progressives Vote Together in Putting Motions to Division.

RETRENCHMENT CALL

Ottawa, June 17.—Again in the house today, the militia estimates met with strenuous opposition. As item after item came before the committee, Hon. W. L. Mackenzie King, leader of the opposition, met it with a motion for reduction. His motion was invariably defeated, with varying majorities, the progressives voting with the opposition.

Finally, when, after some hours of discussion, the committee rose, a number of militia items remained for later consideration.

Criticism of the estimates lay chiefly along the line of need for retrenchment and economy. Hon. Jacques Bureau broke from the beaten track in a demand that the government consider the famous Rose rifle factory at Quebec, of which the government entered into possession some time ago.

Mr. Bureau declared that, according to information in his possession, valuable machinery was being scrapped instead of being sold for export.

Charges by Bureau. Col. Fisher, the superintendent in charge of dismantling, Mr. Bureau went on, was said to be proprietor of the Enterprise Foundry of Backville, N.B., to which the machinery had been shipped. Was this correct?

Mr. Bureau asked, Was the superintendent at the same vendor and purchaser? Hon. Hugh Guthrie, minister of militia, promised to give the house information on the subject.

(Continued on Page 2, Column 4).

BALFOUR DISCUSSES LEAGUE OF NATIONS

In British Commons, Says to Overload League "Would Shatter It."

London, June 17.—The house of commons occupied a large part of today's session in discussing the league of nations. The burden of A. J. Balfour's speech was that to overload the league would be to shatter it.

"No rational man," he said, "would suggest that it is the league's task to rescue the world from chaos. That is a task for the supreme council. The league will serve you well if you do not overload it."

Deprecates Armaments. Concerning disarmament he said: "If the countries decide individually that they must have armaments on a big scale, then the tragedy for the world will be great indeed."

Former Premier Asquith Lord Robert Cecil and the Liberal and labor members generally criticized the government's "lukewarm policy" concerning the league, especially the question of Poland's attack on Russia.

Mr. Balfour, replying to these criticisms, characterized Lord Robert Cecil as "the most intolerant man on this subject I have ever known."

Nothing but a bold submission, not only to the broad principles, but to every detail of carrying them out, would satisfy him, said Mr. Balfour.

CARMEN ACCEPT PROPOSAL TO DEFER STRIKE ACTION AT A BIG MASS MEETING

Men Agree to Give Company's Directors More Time to Consider Request for Wage Increase of Twenty Per Cent.—Strike Danger Averted Until Next Week.

Toronto hasn't a street car strike on its hands today, the members of the Street Railwaymen's Union to the number of more than one thousand, assembled in the Labor Temple, voting shortly after 3 a.m. today to postpone action until Tuesday night next, so as to give the company time to meet the men's demands for a 20 per cent. increase in wages.

The debate which preceded the vote was a spirited one, and it appeared as if the temper of the men indicated immediate strike action, but when the vote was taken it showed 542 members in favor of postponement, and 442 opposed.

In case of strike, companies from outside points, such as London and Hamilton, have arranged for services in Toronto at reasonable rates. Even at that, now that the manufacturing concerns in so many instances have refused to convey their employes to and from their homes, it will prove costly to the ordinary workman or woman to get to his work and back.

For those far out, a four-day strike will cost a family with three bread-winners as much as 80 cents or a dollar a day extra for car trips alone. However, it is understood that the Robert Simpson Co. and similar firms will have all needed conveyances for their thousands of clerks and others, George Selwyn Holmsted, secretary-treasurer for Robert Simpson Co., stated to The World that routes had already been planned and laid out for the speediest and most helpful means of transporting their girls and clerks from home to the store and back. Many conveyances will be used, each making many trips, both morning and evening in each direction.

Automatically Stop Running. The men's committee at five o'clock last night, thru Arthur Conn, stated that the committee had interviewed representatives of the company and that the strike until next Tuesday afternoon. They had replied that had the company called for extension of time up to Saturday something might have been considered to this end, but that extension of time to Tuesday was too long. The situation, therefore, was that the company had made no offer, and that the executive had no power to act on its own initiative to extend time, the strike would automatically take place at three o'clock. Further than this, they had nothing to say.

R. J. Fleming, general manager for the company, had already notified the company that a sufficient amount of work had been obtained in time to consider the matter, the time given by the men, 48 hours, being too little to permit that. The directors coming to Toronto from outlying points such as Ottawa and Montreal, in time to act on the committee's offer of the men, replied that it would have been both feasible and advisable in the interests of the public to wire the absent members for votes in the matter.

48 Hours at 55 Cents. "I have already authoritatively denied that I ever said that no man in the employ of the Toronto Railway company ever received less than \$140 a month; that is a preposterous statement," said ex-controller W. D. Robbins, secretary of the union, replying to a query from The World. At the same time, he said that the highest paid men receive a weekly wage of \$24, an eight-hour day week, the highest paid men receive a weekly wage of only twenty-five per cent. of the men work overtime."

Other members of the executive corroborated this statement, and some of them pointed out that the company would not have sufficient work for the majority of the men to work overtime. Replying to The World, Bert Merson, called for the adjournment of the meeting on straight shifts, but that these shifts covered not eight but seven hours. Any (Continued on Page 2, Column 2).

SINN FEINERS ATTACK BARRACKS IN TYRONE, UNIONIST STRONGHOLD

Raiders Capture Two Police Constables, and Withdraw After Two Hours' Fighting—Ulster Volunteers Watch Siege.

Cookstown, Ireland, June 17.—A hundred Sinn Feiners today attacked the police barracks here and drove the police to the upper part of the building. They captured two police constables and withdrew after two hours' fighting. Cookstown is a strong Tyrone Unionist centre. Ulster Volunteers were watching the siege of the barracks, but were not asked to assist. They furnished by the raiders from the ground floors into the building there was a man suffering from dangerous gunshot wounds. It was ascertained that he received them during the day. The police assert that two other raiders were shot.

HYDRO WORKERS DECIDE FINAL ACTION ON SUNDAY

Meeting Will Debate Complete Closing Down of Power Works—Have Arranged for Picket of Hundred and Fifty Men, From Queenston to Niagara.

Niagara Falls, Ont., June 17.—(By Canadian Press).—At a mass meeting of Hydro employees held in the Queen Theatre today it was decided to picket the job. One hundred men will be on duty, fifty in the forenoon shift and fifty in the afternoon. They will patrol from Queenston to Chippawa. An interesting fact in regard to picketing is that the picketers will have to go onto either Hydro or private property to reach men on the job. It is expected that definite action in regard to the carrying on of the works or shutting down will be taken Monday.

Notice Is Posted. Following is a notice posted on the canal: "Notice to employees Hydro Electric Power Commission, Niagara power development: Confirming verbal instructions, on and after 7 a.m. Wednesday, June 18, 1920, following shall become effective: (1) All work shall be organized on the basis of a straight ten-hour day through. (2) Straight time only shall be allowed for all repair, maintenance and organization work on Sundays and holidays. (3) Time and a half shall be allowed for overtime over 10 hours on all days.

Asked to Report Monday. The scale of hourly rates now in force shall apply on the straight 10-hour day. Following the recent action of the employees on the Niagara construction work, the following ruling also becomes effective from this date, any employee who has walked out and who does not report for work at 7 a.m. or 7 p.m. as the case may be, on Monday, June 21st, shall be liable to the loss of his seniority. G. H. Angel, general superintendent. To Meet Sunday Night. A mass meeting will be held in the Queen Theatre, Sunday night to make a last minute arrangement. There is a sharp division of opinion in union ranks as to the advisability of closing down all the power works here. The younger element are in favor of calling all conscientious out on a sympathetic strike, but older more conservative counsels have so far prevailed. That will be a burning question Sunday night.

In the house of lords the question of constant consultation between the home government and the dominions was raised by Lord Charnwood. Lord Milner, replying, laid stress on the importance of pursuing a common policy in the empire, and the necessity for keeping in constant touch temporarily. The imperial war cabinet had operated satisfactorily this way, but some machinery was necessary for the future beyond that existing, and he hoped the conference next year would not separate without having provided the British empire with some organ of government which would enable the different parts of the empire to act boldly and harmoniously together.

NO BRITISH BOUNTY ON CANADIAN GRAIN

Lloyd George Says He is Unable to Adopt Suggestion.

London, June 17.—In the house of commons today, the premier, replying to a question, said he could not adopt the suggestion of a bounty on Canadian wheat brought here to meet the shortage in the home crops.

DOMINION STEEL FIGHT DEVELOPS IN INTENSITY

Five Members Apply for Injunction to Prevent Holding of Meeting Today in Montreal, But This is Refused—Big Shake-Up is Expected.

Montreal, June 17.—Five members of the board of directors of the Dominion Steel Corporation, J. H. Plummer and E. R. Wood, of Toronto, and George Caverhill, William McMaster and Senator Dandurand, of Montreal, this afternoon, in their capacity as shareholders, applied in the courts for a writ of injunction to restrain the executive of the corporation from holding the adjourned annual meeting of the shareholders here tomorrow. Chief Justice Archibald, who heard the application, held that no grounds were disclosed for interfering with the meeting of the company, and thereupon dismissed the application. Among other grounds for the judgment was the fact that the application represented only a very small proportion of the shares of the company.

Interesting changes in the personnel of the board are looked for tomorrow at the meeting. Roy M. Wolvin, president of the Dominion Steel Corporation, intervened tonight, expressed great surprise at the action of the directors. Mr. Wolvin said he had entered into a gentlemen's agreement with these directors to give ample time for consideration and for submission to the shareholders of the points at issue, and was therefore not prepared to view the matter ventilated in the courts. He stated that he considered the court's decision not to interfere was in the best interests of the corporation.

BECK HYDRO RADIALS ARE APPROVED BY U. S. ENGINEERING EXPERTS

H. W. BURKE, MARKHAM, WINS TRAPSHOOT TROPHY

Ottawa, June 17.—H. W. Burke, of Markham, shooting from the twenty-one yard mark, carried off the Grand Canadian Handicap trophy in the feature event of the annual tournament of the Eastern Canada Provincial Trapshooting Association, which was concluded at Rockliffe today. His score was 91 out of a possible 100, and was one of the big surprises of the meet. E. W. Hobbie, of Greenwich, N.Y.; Geo. O'Connor, Ottawa, and A. D. Bates, Hamilton, were tied for second money with 90 each. H. W. Cooley, Toronto, with 89, tied with several others for third place.

Sir Adam Beck, chairman of the Hydro-Electric Power Commission, met public last night to report to him on the proposed Hydro radials of the commission, namely: Toronto-Hamilton-Niagara Falls, Toronto and Eastern (to Bowmanville), Hamilton-Gait-Guelph-Elmira. Copies of the report have also been sent to the Ontario government and the municipalities interested. The commission sometime ago directed W. S. Murray, an eminently qualified consulting engineer of New York, to submit a special report to the commission in connection with these radials. Mr. Murray was selected on account of his unusual attainments in this line of work. The report received by the commission several weeks ago and ordered to be printed. Mr. Murray's Report. Mr. Murray is a graduate electrical engineer, class of 1895, Lehigh University; was with Westinghouse Electric and Manufacturing Co. seven years; consulting electrical engineer for Boston. Also chief electrical engineer, New York, New Haven and Hartford Railroad. In full charge of electrical engineering and construction details of the New Haven electrification. Complete electrification costing \$35,000,000. Consulting engineer, New York City. Also chairman, super-power committee, United States engineering council, presenting super-power matter recently passed by congress for electrification of northeast Atlantic seaboard between Boston and Washington. Engineer Murray recommends that existing lines be taken over at a fair price and incorporated in the Hydro system so as to save unnecessary construction to Niagara River is eminently suited to fast radials. The steam lines fit in with the radials and there is no duplication. Mr. Murray's Instructions. New York, May 28, 1920. Sir Adam Beck, chairman, Hydro-Electric Power Commission, Ontario. Sir: In conformity with your request I report upon the proposed construction of the Toronto and Bowmanville, the Toronto, Hamilton and Niagara Falls, and the Hamilton, Guelph and Elmira radials. I would advise that I have visited Toronto (Continued on Page 5, Column 2).

MOHAMMEDAN PLOT AGAINST BRITAIN OF WIDESPREAD SCOPE

Light on Conspiracy on Part of Young Turks and Bolsheviki.

SCHOOL OF INTRIGUE. Washington, June 17.—Details of the much-heralded uprisings in the Mohammedan world against British rule and Bolsheviki were received here today in official advices. The reports confirm advices as to Moscow for some time ago by the United States state department, Enver Pasha, Djemal Pasha and Talaat Pasha, Turkish nationalist leaders, were reported to have conferred with Spartacists and Bolsheviki at Munich, while representatives from India, Egypt, Afghanistan, Persia, Azerbaijan and Georgia met Turkish nationalists and Leninists, the Bolsheviki leader at Moscow. Plans for uprisings in the Mohammedan world, coincident with a Bolsheviki thrust on Persia and India, are said to have been laid at these meetings. A force of 150,000 troops, commanded by General Kutkin was promised the Mohammedan world by Lenin at Moscow, it has been reported.

School of Intrigue. Following the two conferences, a training school was established at Moscow for representatives of the Mohammedan world, according to the official dispatches received today. From this school, after a rigorous course of instruction in the plans and objects of the conspiracy, groups of from ten to twenty and fifty of the Young Turks, it is stated, were sent to popaganda headquarters in Persia, Afghanistan, India, Egypt, Georgia, Azerbaijan and Bulgaria to promote the intrigue and make ready for the march southward of the Bolsheviki army thru Persia to India and southward toward Egypt. Enver Pasha, chief of the Turkish Nationalist conspirators, it was reported today, arrived in Berlin for a second visit last week, acting as the chief liaison officer between the Bolsheviki, German revolutionists, and Young Turks. Djemal Pasha was reported in press dispatches yesterday to be in Moscow, and Talaat Pasha, for the present is making Switzerland his headquarters. According to the official reports, the Turkish Nationalist and Bolsheviki propaganda has been particularly effective among the fanatical Egyptian tribesmen, the Senussi, in the Libyan desert. The situation there is reported to be critical. Official reports, as received here for several months, have told of unrest in India and the effectiveness of the Young Turk propaganda there. Complete cessation of business as a protest against British policy towards the Hindus, Parsees and Moslems alike, resulting in what was described as "an unprecedented loss to commerce."

ROSE DAY TOTAL PLEASING TO ALL

Over Fifteen Thousand Dollars Contributed to Orphans' Welfare.

Pink roses, pretty girls, bright women—little children helped to help—contributed by a total of \$15,733.48 to the Toronto Rose Day. The generous contributions were the things that made "Rose Day" a big success. The committee was something that could not be resisted even by the occasion of a man or woman with a grouch. Few were found to refuse the plea "Buy a rose" when the pink petaled blossom was held out under such conditions. Mrs. James Spence who was in charge made an optimistic command. "Nothing could go wrong on Rose Day," declared Mrs. Spence. And so it proved. The workers because of so many other calls were not as plentiful as in former years, those who were out with the pretty, green baskets and others with pink boxes—1,136 of each—did yeoman service and few citizens escaped without a chance to help the cause. The day too was a link in the chain which binds Canada to the Motherland, the roses being made by the crippled children in the special schools in which they are trained in England.

DRASTIC COAL ACTION, THREAT OF N. S. MINERS

Sydney, N.S., June 17.—Drastic action to force the fulfillment of the promise of the Nova Scotia colliers to handle the Nova Scotia colliers wage dispute is threatened by mine leaders at United Mine Workers' headquarters. It is believed that what they have in mind is the 50 per cent coal production cut, recently advised by J. B. McLachlan.

BOLSHEVIK ATTACKS REPULSED BY POLES

Paris, June 17.—The repulse of important groups of Bolsheviki on the Dnieper north of Kiev, is reported in an official Polish communique received here this afternoon. Further north, in the Bobrsk district, the communists, the fifth, tenth and eighty-sixth Bolsheviki units were completely defeated. After hand-to-hand fighting along the Berezina River all the Bolsheviki attacks were repulsed.

AFTER COAL PROFITEERS.

Washington, June 17.—A drive on profiteers in bituminous coal was ordered today by Attorney-General Palmer. All federal district attorneys were ordered to give special attention to charges of such profiteering and to seek indictment where investigation warranted.

GERMANY'S CABINET TROUBLES UNSETTLED

Berlin, June 17.—Hope of settling the cabinet question by forming a ministry with Dr. Mayer von Kautzsch, in charge at Paris, in the post of chancellor, had to be given up today when word was received from the charge declining the chancellorship, on the ground that his presence was more urgently needed in Paris.

It was stated this noon that Karl Trimmer, the centrist leader, who is attempting a solution of the cabinet problem, would now endeavor to find some other means of effecting this purpose.

LOYD GEORGE CONFERS ON FOREIGN AFFAIRS

London, June 17.—Mr. Lloyd George conferred with the cabinet today, reportedly on the subject of foreign affairs. This conference is considered as probably the most important one the premier will have before his meeting with Premier Millerand in France.

PAPERS CO-OPERATE TO BUY NEWSPRINT

New York, June 17.—One hundred daily newspapers of the country "without print paper supply and largely dependent on open market purchases" have arranged to organize the Publishers' Purchasing Corporation under the laws of the state of Delaware for the purpose of co-operative buying of print paper and paper mills. It was announced here today.

GERMANY'S CABINET TROUBLES UNSETTLED

Berlin, June 17.—Hope of settling the cabinet question by forming a ministry with Dr. Mayer von Kautzsch, in charge at Paris, in the post of chancellor, had to be given up today when word was received from the charge declining the chancellorship, on the ground that his presence was more urgently needed in Paris.

BOILER INSPECTION NOT SATISFACTORY

Verdict Returned as to Death of John Dick, Caused by Boiler Explosion.

DEPARTMENT CRITICIZED

A verdict as to the death of John Dick 48 Elmer avenue, who was fatally injured by flying pieces of steam boiler in the stereotyping room of the Evening Telegram exploded, was returned by a coroner's jury at the morgue last night.

A rider was also added, "That from the expert evidence given at the inquest the jury recommend that boiler inspections be taken from the factory inspector's department, and placed under a more capable department."

When evidence was resumed early in the evening by five Metcalf provincial boiler inspectors, was called to stand. He had inspected No. 4 boiler after the accident and found that it had not been in condition to withstand any more than 35.18 lbs. pressure.

The regular taxicab fare schedule is 40 cents for the first mile (one to four passengers), and 10 cents a mile thereafter.

This evidence was supported by that of R. Flahigh, of the company, who had examined the boiler directly following the accident.

The foreman of the jury, who all the while had been presiding, constituted himself prosecuting attorney, asked the witness if in his opinion the boiler of that type should be used.

SOVIET DISTRUSTED GEN. BRUSSIOFF

Feared He Would Utilize Big Defeat to Overthrow Government.

London, June 17.—General Brussioff's recent arrest was caused by the fear that he would utilize his big defeat on the Polish front to overthrow the Soviet and form a new government.

A Warsaw despatch early in June quoted advice to Warsaw newspapers that General Brussioff had been arrested, charged with responsibility for heavy losses suffered by the Red armies along the Beresina River.

FACULTY OF MEDICINE REMOVED FROM QUEEN'S

Kingston, Ont., June 17.—(Special).—The Ontario department of education has definitely decided upon the removal of the faculty of education from Kingston, and it is understood that official notification has been sent to the local staff informing them of the fact that the faculty has been dispersed with and that the work that has been carried on during the past 13 years will be done elsewhere.

ATTACK ON DE VALERA BY GAELIC AMERICAN

New York, June 17.—Charges were made and published today by John Devoy, editor of The Gaelic American, that \$50,000 of the money subscribed for Irish republic bonds had been used to send to Chicago a "non-descript aggregation of individuals."

O'CONNOR'S RESIGNATION IS TABLED IN COMMONS

Ottawa, June 17.—(By Canadian Press).—In the house this afternoon Sir Robert Borden tabled the order-in-council accepting the resignation of W. F. O'Connor, K.C., vice-chairman of the board of commerce.

MIDNIGHT FINDS STRIKE UNCERTAIN

(Continued From Page 1).

The situation was keenly discussed at the Labor Temple, and opinion was freely vented that the strike might easily develop into a very general battle with grave consequences.

When a general strike was threatened, and that the situation this year was not influenced by the industrial elements at work last year, a fact which indicated that a larger portion of the workers were united in the matter than was the case in the summer of 1919.

Going west—McCauley street, Yorkville street, Manning avenue, Ossington street, Dufferin street, Fuller street, Sunnyside avenue.

Going east—Shearwater street, Sackville street, Broadview avenue, Carlaw avenue, Jones avenue, Morley avenue, Kingston road, Waverley road, McLean avenue, Victoria Park avenue.

Going north on Yonge street, commencing from Eglar street, to Gerrard street, Irwin avenue, Fritch street, Birch avenue and De Lisle street.

The regular taxicab fare schedule is 40 cents for the first mile (one to four passengers), and 10 cents a mile thereafter.

The cab tariff is 50 cents for the first mile (one to four passengers); 25c for each additional half-mile. By the hour: Two-horse cab, \$1.50, one to four passengers; one-horse, \$1.00 to three passengers.

WILSON TAKES UP GAGE OF BATTLE

He Believes People Will Support Him on League of Nations.

New York, June 17.—President Wilson in a special interview given to The New York World, to be published tomorrow said he was "extremely confident that the Democratic convention at San Francisco will welcome the acceptance by the Republican party of my invitation to make the league of nations the issue in this campaign."

"Every charge directed against me and my administration is obviously designed to becloud and negative the paramount issue confronting the people of America, to begot their sense of responsibility and make violation of the obligation they have assumed to be of small consequence."

FRENCH SOLDIERS STILL PRISONERS OF TURKS

Paris, June 17.—The Temps says today that the French battalion, which had been occupying Bozano, in Cilicia, Asia Minor, and which was captured recently by the Turks, numbered ten officers and 550 men.

NEW FAST SERVICE TORONTO-OTTAWA

Day Train Over Grand Trunk to Napanee, and C.N.R. Onwards Starts Now.

The unifications of the Canadian National and Grand Trunk Railways will effect some material improvements in the train service concurrently with the summer changes in time tables on June 27.

One of these changes that will be appreciated is the new fast day service between Toronto and Ottawa over the Grand Trunk double-track line between Toronto and Napanee, thence over the Canadian National between Napanee and Ottawa.

From Palmerston, the night journey now takes 14 hours and 15 minutes, and there is no day service, whereas the new day service will only take 10 hours and 30 minutes, representing a saving of 4 hours and 45 minutes.

Passengers from Toronto will, in addition to the much more convenient hour of departure from London, from Stratford, where passengers now leave at 5:30 a.m., they will leave at 8:10 a.m. and save 1 hour and 55 minutes en route.

From Palmerston, the night journey now takes 14 hours and 15 minutes, and there is no day service, whereas the new day service will only take 10 hours and 30 minutes.

Another feature that will be popular with business men from Montreal is the Grand Trunk night express at 11 p.m. (12 midnight, daylight saving time), arriving at 7:30 a.m. at the morning departure time, have all morning in Toronto for business leave at 1 p.m. 13 noon, eastern standard time, take lunch and dinner on the train and arrive at Montreal 10:30 a.m.

As regards the government's policy in the future operation of the board of commerce, the prime minister said at the meeting of the board today with the remaining members of the board.

JEWIS IN HUNGARY BADLY PERSECUTED

Lloyd George Intimates Commission May Be Sent to Investigate.

London, June 17.—Mr. Lloyd George, replying to a question in the house of commons today regarding the persecution of Jews and Communists in Hungary, said that the British representatives in Budapest had wired that "conditions are very bad."

The premier added that the British representative had called this to the attention of the Hungarian government. Asked if he would consider sending a special commissioner to Hungary to investigate, the premier replied:

"I shall be glad to consider that. Our representative in Hungary is very disturbed about the action of the government there, and he has made representations to us on the subject, and we are giving him such support as we can."

SCORE'S SUBSTANTIAL DISCOUNTS ARE BEING WONDERFULLY APPRECIATED.

Every day adds its evidence in proof of the fact. Cutting the profits and increasing the turnover has meant a very busy workday to Score's, and it has meant extraordinary values in the line reported yesterday.

ODDFELLOWS' CONVENTION ELECTS H. G. ROBERTSON

London, Ont., June 17.—The recommendations of nearly a score of committees were dealt with at the annual business session of the grand lodge I.O.O.F. for Ontario, which opened in the Masonic Temple today.

The following officers were elected by acclamation: Grand master, H. G. Robertson of Barrie; deputy grand master, W. J. Hamilton of Port William; grand secretary, William Brooks of Toronto; grand representatives, C. H. Mann of Hamilton and Rev. W. C. Cox of Toronto.

ARMY ESTIMATES IN FEDERAL HOUSE

(Continued From Page 1).

Full information when next in supply on the militia estimates.

Previously there had been considerable discussion on a vote for cadet service. Mr. McMaster (Brome) urged the danger of militarism.

Hon. Rodolphe Lemieux, postmaster general in the federal government, urged that there was no need for 24,000 employees in the postoffice department. Jobs were being created in the future no contracts between nations would be valid unless open to inspection, and the change to open diplomacy, he thought, would be beneficial.

Mr. Balfour declared that the important question of expenditures among the nations composing the league would be submitted for the consideration of experts when the international finance committee met at Brussels.

W. D. Euler (North Waterloo) asked if the act could not provide personal naturalization for the women as well as the men.

At the opening of the house of commons this afternoon Hon. C. J. Doherty introduced a bill to amend the naturalization act.

Mr. Borden to sit on Saturdays. The house adopted a motion by Sir Robert Borden to sit on Saturdays on the resignation of W. F. O'Connor, K.C., from the board of commerce of Canada.

As regards the government's policy in the future operation of the board of commerce, the prime minister said at the meeting of the board today with the remaining members of the board.

Mr. King understood that the government of Alberta intended to take exception to what was considered to be the oversteering of its rights by the present legislation.

Mr. King understood that the government of Alberta intended to take exception to what was considered to be the oversteering of its rights by the present legislation.

Mr. King understood that the government of Alberta intended to take exception to what was considered to be the oversteering of its rights by the present legislation.

LEAGUE OF NATIONS UPHELD BY BALFOUR

Considerable Service Performed in Promoting International Comity.

London, June 17.—A. J. Balfour, lord president of the council, outlining in the house of commons today the work done towards setting up the organization of the league of nations in its present position, and its prospects in the immediate future, said that the league had already been able to perform considerable service to the comity of nations.

Probably the most important aspect of the pact, said Mr. Balfour, was that the work done towards setting up the organization of the league of nations in its present position, and its prospects in the immediate future, said that the league had already been able to perform considerable service to the comity of nations.

Mr. Balfour declared that the important question of expenditures among the nations composing the league would be submitted for the consideration of experts when the international finance committee met at Brussels.

SPANISH ROYALTY'S VISIT CONFERS WITH KRASSIN

London, June 17.—The King and Queen of Spain are to pay an informal visit to London, arriving on July 4. They will be accompanied by Prince Jaime.

London, June 17.—Prince Nicolas Mirza, the Persian foreign minister had a long conference tonight with Gregory Krassin, Russian Soviet minister of trade and commerce.

WANTED RESCALE OF SEASON'S LOGS

Request of Firm's Counsel Frowned on at Timber Limit Probe.

Fort Frances, Ont., June 17.—During the session of the Latchford-Ridwell timber inquiry several clashes between counsel G. Osler and Mr. Justice Riddell occurred.

Mr. Osler said that notwithstanding irregularities shown in the making of affidavits in the crown timber agent's office, he suggested that a rescale of last season's logs be made for the purpose of ascertaining the accuracy of the records for former years.

R. T. Harding, crown counsel, declared: "This is to be a put-up job, as it is my idea that the scale after the late government's defeat has been accurately made."

Mr. Justice Riddell: "Such a suspension might reasonably have been made."

C. JARVIS COMMANDS WOODMEN OF THE WORLD

Peterboro, June 17.—At the legislative convention of the Woodmen of the World, which closed tonight, the following officers were elected: Head council commander, Clair Jarvis of London, by acclamation; J. F. Miller of Brantford, head of the advisory committee; J. H. Saunders of London, re-elected head banker; Dr. J. B. Gamble of Brantford, head physician; John Manning of Woodstock, Wm. Meen of Toronto, and E. E. Hilton of Strathroy, head managers.

EATON'S DAILY STORE NEWS

All nickel-plated goods formerly sold in the Hardware Department in the Basement are now located on the Main Floor—Queen St. Section—Main Store.

SOME PEOPLE ARE LIKE THE IRISHMAN

Who neglected to fix the roof of his cottage. When rebuked for his laziness, "Begorra," he replied, "whin it's rainin' I can't fix it, and whin it's foine the roof don't leak." The same principle applied to the purchase of a raincoat has resulted in the spoiling of many a good suit. The man of foresight, therefore, will take advantage of this

Half Price Clearance of Top Coats, Shower Coats and Rain Coats

To share in the substantial savings made possible by the sweeping reductions in price at the same time that he prepares for a rainy day.

Such exceptional value as is offered in this half-price clearance of Shower Coats and Rain Coats is indeed rare, especially in view of the variety and quality of the garments included in the assortment. This collection of 125 coats includes gabardine shower coats, paramatta rain coats, tweed rain coats, leathette coats, and odds and ends from our spring overcoat stock. The rain coats are in fawn, olive and tan shades; the spring coats are in assorted patterns in grey, brown, fawn and olive mixtures, and Belgian blue, in slip-on style, with convertible lapels, some with all-wool, and some cotton worsted effects. Sizes range from 34 to 42, but not all \$6.75 to \$21.75

For the above item we cannot take phone or mail orders, the quantity being limited.

SECOND FLOOR--JAMES STREET--MAIN STORE

Prices of Boys' Suits Reduced Today

Two Groups at \$15.00 and \$20.00 Afford Saving Opportunities of the Notable Sort

The gap between these prices and those at which the suits were formerly marked is not a narrow one—it represents a saving of dollars. For these are the kind of suits to which people refer when they speak of individuality and refinement in clothes made of better than ordinary fabrics, tailored and finished with exacting care and cut along the dashing, youthful lines that always appeal to young fellows.

The Suits at \$15.00 are made of fine, soft, all-wool and wool and cotton tweeds of rough and smooth finish, and quite a number are of the all-wool homespun fabric that's such a favorite in the summer. In most cases only a few suits are alike, and there's wide choice in grey, fawn, brown or greenish mixtures—mostly rich mottled effects. There are two and three-button double, as well as single-breasted coats. Some are belted, with the smart waist seam and affording choice of either when desired. There are pleated and plain models, and while most pockets are slash, some are patch. The shoulders are made to fit snugly and comfortably, and coats are lined with fine lustre. Bloomers are of full, roomy cut, with belt loops. Sizes 27 to 36, for boys of 9 to 18 years. Today, suit, \$15.00.

The \$20.00 Suits are mostly of rich, serviceable, all-wool tweeds or homespuns, only a few being of a good mixture of wool and cotton in rough finish. In faint stripes, small checks and heather mixtures; there are light, medium and dark greys, browns, tawns and so on. There are single and double-breasted suits in this as well as the other group, and there's choice of belted, waist-seam and combined belt and waist-seam styles—with or without pleats. There are long, rolled lapels, slash or patch pockets, and lustre body linings. Bloomer pants are full, roomy style. Sizes 29 to 36, for boys of 11 to 18 years. Today, reduced, suit, \$20.00.

—Second Floor, James St., Main Store.

Men's Sport Shirts at \$1.65

For tennis, golf, the beach, or even the week-end spent at home, you should find cool relief from the sticky, warm, stiff dress collar in a light sports shirt with a wide open neck. These at \$1.65 are made of a thin white cotton material, with self, raised narrow stripes. They're made with long sleeves, single band cuffs, breast pocket, coat shape, and collar that may be worn open low or buttoned up close. Sizes 14 to 17. Price, \$1.65.

Men's White Canvas Oxfords or Boots

Noteworthy Offerings in Summer Footwear at Prices That Stamp Them as Splendid Value.

A man should find cool comfort for his feet in a pair of white canvas boots or oxfords, not only for the green, the tennis court, or the summer dance, but for everyday wear at business.

One of the most inexpensive, yet a very good looking, serviceable pair of Oxfords, is priced at \$3.00. These are made of white canvas with neat recede toes, toe-cap and sewn leather soles. Well made and finished in every respect, with a smooth insole. Sizes 5 1/2 to 11. Pair, \$3.00. White Canvas Blucher Lace Boots, on a D fitting last, have self tip toe-cap, medium round fitting and Goodyear welted leather soles. Sizes 5 1/2 to 11. Pair, \$5.25. White Canvas Blucher Lace Boots, with neat toe-cap, medium-fitting shape, Neolin soles, rubber heels and leather slip soles. Sizes 5 1/2 to 11. Pair, \$5.50. A Smart Oxford of white canvas, is medium recede shape, with self tip toe-

cap, Goodyear welted, white leather soles and white heels. Sizes 5 1/2 to 11. Pair, \$4.75. White Canvas Oxfords, straight lace style, recede shape, in C width only, have Neolin soles and rubber heels. Sizes 5 1/2 to 11. Pair, \$5.00. White Canvas Oxfords, are medium recede shape, with three soles and heels and self tip toe-cap and leather slip soles. Sizes 5 1/2 to 11. Pair, \$2.95. —Second Floor, Queen St., Main Store.

BOARD OF CONTROL FOR ANNEXATION

Recommendation to Council Affects 96 Acres West of Woodbine Avenue.

NEED WATER AND SEWERS

A recommendation will be sent on to council by the board of control that 96 acres of township land adjoining the city on the north, between Monarch Park and Woodbine avenues, be taken into the city. Sixty acres of this piece is owned by a syndicate, represented by the National Trust Company, who purchased it from the Anglican Synod recently for half a million dollars, and the other 36 acres, which includes Kinnmount Park, is owned by John B. Harris. The board stipulated that the owners of the land would have to bear the expense of the improvements. By their action, the controllers merely adopted the report of the special committee which considered four annexation applications. Controller Maguire suggested that the committee be asked to further consider the question of annexing everything south of the Cronyn-Samson avenue line, but no motion was made.

Only One Opposed. Controller Cameron alone opposed.

Advertisement for Stuart's Dyspepsia Tablets, describing symptoms like drowsiness after eating and indigestion.

These tablets have been recommended by many physicians and are sold by all druggists at 50c a box.

the adoption of the committee's report. He said annexation proposals should emanate from the council and not from outsiders. He was prepared to consider the annexation of a wide metropolitan area, but not piece by piece. He felt also that there was sufficient land now within the city to meet immediate requirements for building purposes.

Mr. Poucher of the National Trust, replying to the controller, said that if all the high-priced land and ravine were taken out there would not be much left suitable for moderately priced homes. It was intended, he said, to put this land on the market all once, and a large number of houses, he believed, would be erected this year.

Controller Gibbons could see no wisdom in making wholesale annexations of water and sewer situation in the Todmorden and north Danforth district. He pointed out that the township had arrived at a point where conveniences had to be supplied to residents, and they had asked the city to grant connection with the city systems. The report, he thought, should be ready for next Wednesday.

YOUNG HOUSEBREAKER SENTENCED TO BURWASH

In yesterday's police court, sentence of two years less one day at Burwash was handed out to Jacob Foster, aged 16, who was found guilty on a charge of housebreaking. Prisoner had in his possession a skeleton key, torch and a big jack-knife, with the latter of which he tried to stab Plainclothesman Horton when making the arrest. The lad was sentenced in the county police court to six months on another charge of housebreaking. The sentences will run concurrently.

CHARGE REFUTED.

Albert Graves, member of the executive of the Boot and Shoe Workers' Union, who was recently accused by a member of the union of offering himself to a firm at \$25 a week, while fighting for a dollar an hour for the men, stated to "The World" yesterday afternoon that he had taken the memorandum to the employer named in the accusation, and the employer, in the presence of the four men most interested, had refuted the charge as absolutely without foundation.

CONTRAVENED O.T.A.

For having whiskey in an illegal place, Leonard Ingram was, in yesterday's police court, fined \$200 or three months. Bessie Goldman, who was also found guilty of O.T.A., was fined \$200.

BANK NOT LIABLE

Court Decides Customer Must Stand Loss Occasioned by Exchange.

In Judge Morson's court yesterday, Peter Bernstock received a lesson in finance, which took some fortitude to appreciate. On Oct. 9, 1919, plaintiff purchased, thru the Dominion Bank and their foreign agents, 1000 Polish marks, for which he gave Canadian cents of \$44.80. The money was sent to his brother at Warsaw, Poland, and the money came back to Toronto. According to the present rate of exchange, the value of the 1000 Polish marks has depreciated to \$4, and this amount the bank tendered to plaintiff, who refused to accept. The court, however, decided in favor of the bank.

FATHER WAS CHARGED

In the county police court, Magistrate Brunton adjourned till called on the charge preferred against Leo Chard of assaulting his 13-year-old boy.

WILLS AND BEQUESTS

Under the will of the deceased, George Murray, a retired merchant, who left \$51,190, his widow, Mrs. Fanny Murray, receives a life interest in the estate so long as she remains unmarried. On her death or remarriage, seven children and the widow and children of a deceased son share the estate.

Six daughters and a granddaughter share the estate of Susannah Hoover, a widow, of Markham, valued at \$1,819. Samuel Skelly, of Belfast, Ireland, is sole beneficiary under the will of his deceased brother, Gunner Robert Skelly, who left \$1,445. Mrs. Nellie Rosen Clark, widow, and four children share in the \$1,385 estate left by Frederick Clark, a chauffeur.

EACH GETS ONE CHILD

Yesterday, Justice Masten granted to Mrs. Mary McLaughlin the custody of her younger child, Beth, and to the husband, John Graham McLaughlin, the elder child, Mary Elizabeth. Both parents claimed custody of the children.

ACCUSED TOOK FITS

Evidence Concluded in Tag Day Theft Case.

Evidence was further heard before Judge Coatsworth and a jury yesterday in the trial of Captain Ross C. Cookburn and Walter C. Parker, charged with the theft of \$325, part of the proceeds of a tag day for the Army and Navy Veterans of Canada. Detective Sergeant Arthur Leavitt said that the \$325 had been handed into the police department on behalf of Cookburn. Medical evidence was submitted to the effect that Cookburn had had epileptic fits during and after March and that forgetfulness was a result of the disease. Dr. Sheard was of the opinion that it would not be wise to put Cookburn in the witness stand. Dr. P. G. Brown testified that, subsequent to an attack, it was possible for Cookburn to do some things in a trance-like condition of which he would have no recollection afterward. After counsel addressed the jury the court adjourned till this morning, when Judge Coatsworth will deliver his charge to the jury.

SUIT BY EXECUTOR

Evidence was laid before Mr. Justice Kelly yesterday in the action brought by Robert Armstrong, an executor of the estate of Hannah Webb against Mrs. Mary E. E. Thomson of Milton, a daughter of deceased, in which plaintiff seeks a declaration that a mortgage for \$1000, a Victory bond for \$500, a house in Milton and household goods which were transferred by the mother to defendant were really transferred in trust and formed part of deceased's estate. The trial was adjourned till this morning.

JUDGMENT RESERVED

Judgment was reserved by Mr. Justice Orde in the action by William Delaney of Orangeville against the city of Toronto. Plaintiff claims \$10,000 damages for the death of his son, which, it is alleged, resulted from the young man falling into a hole on Dundas street, where he was driving his auto.

SOLD TEA AFTER HOURS.

In yesterday's police court, W. J. Street was fined \$5 and costs for selling tea after seven o'clock, in contravention of the city bylaw. The magistrate held that tea was a grocery. An appeal is being lodged.

C. N. R. PICNIC NEXT SATURDAY.

The seventh annual picnic of the Canadian National Railways Association of Toronto is to be held on June 25, Saturday, next, at Oshawa.

BANK MONEY ORDERS

A safe and cheap way of remitting money is by Bank Money Orders. When sending even small amounts always safeguard yourself by having a Bank Money Order receipt. This Bank issues money orders payable in almost any part of the world. Ask at our nearest branch.

IMPERIAL BANK OF CANADA

Head Office: TORONTO.

MUCH DAMAGE DONE BY ALLEGED THIEVES

In yesterday's police court, Joseph Higgins and Martin Purdie were remanded until the 24th inst. on a charge of doing \$10,000 worth of damage at the Cosgrave Brewery Company's plant, where, it is alleged, they attempted to steal some brass and copper. A motor valued at \$4000 is said to have been wrecked by the accused in their endeavors to get a few yards of copper wire.

HAD ADULTERATED BUTTER.

Labro Anastasova, 440 East Queen street was fined \$50 yesterday by Magistrate Cohen on a charge brought under the adulteration act, and the oleomargarine act. Accused pleaded that he had bought the goods in the belief that he was purchasing butter, while the food inspectors charged that the butter was adulterated with cottonseed oil.

AUTO STEALING CHARGED

Charged with the theft of an Overland car, the property of Irving Warburton, four lads—Percy Smith, George Campbell, Henry Robinson and James McDonald—were in yesterday's police court committed for trial.

DAMAGES FOR INJURIES

Judge Denton yesterday awarded Alice Fairheart \$850 and costs in her action for \$1000 damages against John Adams for injuries she sustained when knocked down by defendant's automobile.

TOM BELL REMANDED

Tom Bell appeared again in the police court yesterday, charged with the murder of Ramonous Hassan, when his counsel insisted upon a preliminary hearing, as the coroner's jury had returned a verdict of murder by "person or persons unknown." Magistrate Kingsford adjourned the hearing until today to give him an opportunity of reading the evidence taken before the coroner and jury.

The Toronto World

FOUNDED 1880. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

FRIDAY MORNING, JUNE 18.

The Vanishing Board.

The board of commerce is now reduced to one member. W. F. O'Connor seems to have forced the resignation of Chairman Robson and then himself to have committed harikari.

However, there is no use in crying over spilt milk. The thing for the government to do is to improve the law and strengthen the board. Inquisitorial powers are needed to cope with the hoarders and the profiteers.

The A. F. of L. Convention at Montreal.

The convention of the American Federation of Labor, in session at Montreal, abused Canadian hospitality by acclaiming the Irish republic and calling upon the British government to withdraw its "army of occupation."

The White Collar Boy.

One of the new political parties springing up on the other side of the line intends to make a special appeal to the "white collar boys."

times loosely referred to as the "plain citizen," or the "ultimate consumer," and he clings to the fiction that he belongs to the middle class.

Just how a political party representing a farmers' league and organized labor expects to make an appeal to the white collar boy has not yet been explained.

Hereafter the politician has been able to get along by proclaiming himself the friend of the farmer and the friend of the laboring man.

Our Western Neighbor.

Canada's relation to Japan has been changed a good deal since Japanese ships of war slipped into Vancouver harbor a few weeks before the great war broke, to keep an eye on the immigration department's effort to get rid of a ship-load of the King's subjects from India.

Next year the Anglo-Japanese treaty, which brought Japan into the great war, will be renewed, or will lapse. Some leaders of Japanese opinion, including Premier Hara, advocate an Anglo-American-Japanese entente.

Several Canadians are enthusiastically pro-Japanese in their views of Canadian relations with the far east, which is our nearest west. The Japanese are for Japan first, last and all the time.

From 1915 until the end of the war Japan had done many things in China which violated both the spirit and the letter of the Anglo-Japanese alliance, besides ignoring certain obligations incumbent on a loyal ally.

That sort of experience seems an unstable foundation on which to build an entente that will bring in North America as well as the United Kingdom, and British territories in Asia and Australasia.

Unless the invisible and irresponsible powers which control Japan's foreign policy can be replaced, and that soon, by authoritative, cabinet government, there can be no real hope of satisfactory results from renewal of the Anglo-Japanese alliance.

If this witness to a Japanese militarism, which smacks of the old Berlin, is true—and The Times vouches for him with unusual cordiality—the extent of Canadian commitments in any renewal of the capital-imposed treaty is a question of capital importance.

THE PUBLIC: "Save me, but don't pull my leg TOO hard!"

BUBONIC PLAGUE GETS FOOTHOLD IN TAMPICO

Galveston, Texas, June 17.—Bubonic plague claimed five victims last Sunday at Tampico, according to officers of a tanker which arrived here from that port.

A private cablegram last night from Vera Cruz said two more deaths from the plague had occurred there.

Following reports of the bubonic plague's appearance at Tampico, Dr. Robert L. Wilson, public health officer at Galveston, received instructions from Washington today to fumigate all vessels arriving from Mexico.

OVERSEAS WIRELESS STRIKE NOT AFFECTING CANADIANS

Montreal, June 17.—It was announced today that wireless operators employed by the Canadian Marconi Company will not be affected by the walk-out just ordered by the Wireless Telegraphists' Association, with headquarters in London, England, as they are unionized separately as Division 59 of the Commercial Telegraphers' Union of America and are not affiliated with the British organization.

SUGAR PRICES JUMP

Follow your leader seems to be the order of the day in regard to the sky-high price of sugar. All the refineries have increased their prices \$2, and now charge \$21.21 per cwt. In all likelihood, the retailers will within a day or so follow suit.

DOUBLE DAILY SERVICE BETWEEN TORONTO, PORT DALHOUSIE AND ST. CATHARINES.

Effective June 18th, the Niagara-St. Catharines Line will augment their service by placing in commission the fine twin screw steamer Northumberland, of about the same dimensions as their favorite Dalhousie City. Double daily service will then be inaugurated as follows: Steamers will leave Yonge Street Wharf, Toronto, for Port Dalhousie at 8:00 a.m., 2:00 p.m., and 5 p.m. daily, except Sunday, and northbound will leave Port Dalhousie 8:30 a.m., 11:00 a.m. and 7:00 p.m.

CHICAGO GAS GOES UP.

Chicago, June 17.—The public utilities commission has granted the People's Gas, Light and Coke Company an increase to \$1.15 per thousand cubic feet for gas, with a minimum monthly charge of sixty cents. The present rate is 85 cents.

INDICT WHOLESALE GROCERS

Port Smith, Ark., June 17.—The federal grand jury late yesterday returned indictments against four local wholesale grocers on charges of violating the Lever act. The indictments charged that they sold sugar at prices resulting in an "unreasonable profit."

OF INTEREST TO OTTAWA TRAVELERS.

For the convenience of Canadian National passengers for Ottawa by night train due to leave Toronto 10:55 p.m., standard time, this train will hereafter be placed in position at the Union Station for such passengers as desire to retire before departure of train from Toronto.

ATTACK BY TURKS ON BRITISH FORCE

Troops Withdrawing on Ismid Front, Under Agreement, When Fired On.

Constantinople, June 17.—Turkish Nationalist troops on Tuesday attacked a company of British Indian troops on the Ismid front who were withdrawing under an agreement. The British advance guard was captured and a British intelligence officer.

RESTRICTING EXPORTS THRU FEDERAL BILL

Given Second Reading—Name Special Committee to Consider the Measure.

Ottawa, June 17.—(By Canadian Press).—Second reading was given in the house of commons today to the bill which amends the customs act, giving the governor-in-council power to prohibit or restrict the export of any necessary commodity from Canada after the bill had been read a second time.

GAS FUND NEAR OTTAWA.

Ottawa, June 17.—There is great excitement in the Ramsayville district, seven miles from Ottawa, over the discovery of natural gas, which was made on the farm of Mr. D. J. Wallace, who was sinking a well for water.

WORLD'S DAILY BRAIN TEST

BY SAM LOYD. 12 Minutes to Answer This. No. 223. Concealed in each of the following sentences, culled from a history of the Revolutionary War, is the name of one of Washington's generals. Can you find them? As the patriots escaped thru the gate some few stalwarts remained to cover the retreat.

# Men Are Better Paid Than on Civic Lines

**T**HE TORONTO RAILWAY COMPANY employes have made a new demand for an increase of twenty per cent. in the wage scale, which they state is equivalent to the rate paid on the civic line, all other conditions under which they now work to continue.

While an increase of twenty per cent. would make the flat rate of wages the same as paid on the civic line, the other conditions which the men have on the Toronto Railway which do not obtain on the civic line actually make a considerable increase in the amount of money the Toronto Railway employes would receive over civic employes under the new scale demanded.

For instance, the civic rate is: First three months, 60c per hour; next nine months, 63c per hour, and after one year, 66c per hour. The civic lines have an eight-hour day the same as on the Toronto Railway, but overtime and holiday time are paid for at the flat rate above mentioned.

ON THE TORONTO RAILWAY, OVERTIME after eight and a half hours and holiday time is paid for at the rate of time and one-half, which on the above rates would be equivalent to 90c, 94½c and 99c per hour for the three periods of service.

Sunday time on the civic lines is paid for at the rate of 4c per hour above daily rates, or 64c, 67c and 70c for the three periods of service.

ON THE TORONTO RAILWAY, SUNDAY TIME is paid for at the rate of time and one-quarter, which on the above rates would equal 75c, 78¾c and 82½c per hour, so that in table form we have the following comparison:

CIVIC RATE.				TORONTO RAILWAY COMPANY.				
	1st 3 mos.	Next 9 mos.	Over 1 year		1st 3 mos.	Next 9 mos.	Over 1 year	
Daily	60c	63c	66c	per hour	60c	63c	66c	per hour
Overtime	60c	63c	66c	per hour	90c	94½c	99c	per hour
Sunday	64c	67c	70c	per hour	75c	78¾c	82½c	per hour
Holiday	60c	63c	66c	per hour	90c	94½c	99c	per hour

On a straight eight-hour run the earnings for a man would compare as follows:

**CIVIC RATES**—313 days of eight hours each, including holidays, at 66c per hour or \$5.28 per day, equals **\$1,652.64** per year. Twenty-six Sundays of eight hours each at 4c additional per hour or 32c per Sunday, equals \$8.32 per year, or a total earning of **\$1,660.96**.

On the TORONTO RAILWAY COMPANY at the same rate of 66c per hour but with our conditions, there would be 313 days

at \$5.28 per day, amounting to **\$1,652.64** per year. Twenty-six Sundays of eight hours each at time and a quarter or 82½c per hour, or \$1.32 extra per Sunday, equals \$34.32 for the year. Eight holidays at eight hours each at 99c per hour or \$2.64 additional per holiday amounts to \$21.12, making a total of **\$1,708.08** per year. The yearly total for the civic line is **\$1,660.96**, making the increase on the TORONTO RAILWAY **\$47.12**.

The Toronto Railway man would therefore receive \$47.12 more on an eight-hour run and in addition would receive 33c per hour extra for any time after eight hours and thirty minutes' work; whereas the civic men get only straight time. To prove that this extra time added to the increase of \$47.12 per year, above shown, would bring the Toronto Railway man out of all proportion to what the civic man receives, we take the following example from the pay roll for the month of May:

This man worked during May—  
 21 week days at 8 hrs. and 30 mins. per day, or 178 hrs. and 30 mins.  
 5 Sundays at 8 hrs. and 13 mins. per day, or 41 hrs. and 5 mins.  
 1 holiday at 8 hrs. and 22 mins. per day, or 8 hrs. and 22 mins.  
 Overtime ..... 24 hrs. and 55 mins.

At the maximum civic rate of 66c per hour and under civic conditions, this man would have earned:

CIVIC RATES.		
Week days	178 hours and 30 minutes at 66c per hr. . . .	\$117.81
Sundays	41 hours and 5 minutes at 70c per hr. . . .	28.76
Holidays	8 hours and 22 minutes at 66c per hr. . . .	5.50
Overtime	24 hours and 55 minutes at 66c per hr. . . .	16.44

**\$168.51**

On the Toronto Railway at the same rate of 66c, but with our Sunday, holiday and overtime rates, he would earn per month:

TORONTO RAILWAY.		
Week days	178 hours and 30 minutes at 66c per hr. . . .	\$117.81
Sundays	41 hours and 5 minutes at 82½c per hr. . . .	33.89
Holiday	8 hours and 22 minutes at 99c per hr. . . .	8.25
Overtime	24 hours and 55 minutes at 99c per hr. . . .	24.67
		<b>\$184.62</b>

An increase of 16.11 per month, which is equivalent to **\$193.32** per year more than he would earn on the civic lines.

These illustrations show clearly that the new wages demanded by the men amount to much more than the men are receiving on the civic lines. It is true that the men on the civic lines are given two weeks' vacation per year; but it has not been contended, even by the employes themselves, that this Company in the last year of its franchise should grant holidays with pay; and it is quite evident that the holiday and overtime RATES OF 99c PER HOUR and SUNDAY RATE OF 82½c PER HOUR, as shown in the above illustration, would be a more expensive proposition for the Company than civic rates, even compared to a two weeks' vacation.

WILLIAMS SUPPLY DEPARTMENT For Machine Shop and Power House Supplies

WETMORE EXPANDING REAMERS WITH LEFT HAND SPIRAL CUTTING BLADES

JUST what the trade has been looking and waiting for will be found embodied in the WETMORE EXPANDING REAMER. This reamer is being standardized throughout the Automobile Industry and Large Production Plants. A few of the superior points are as follows: 1st—The left hand spiral cutting blades mean speedy cutting with no "digging in" or chattering. 2nd—Expansion to size for re-grinding in one minute. 3rd—No shims, callipers or other tools needed to expand. 4th—Adjustments to limit gauge in two minutes. 5th—Grating saw for expanding to thousandths part of an inch. 6th—Cone nut pushes the blades forward for expansion. 7th—Cone nut used to lock cone nut when reamer is set to size. 8th—Coupling nut used to attach Reamer to the arbor.

We have obtained Canadian distributing rights for this Reamer. Have already sold to many of the large Automobile and Production Plants in Canada. Write us for illustrated bulletin and prices.

BOARD OF EDUCATION. ADMINISTRATORS' NOTICE.

Sealed tenders, addressed to the Business Administrator and Secretary-Treasurer, Board of Education, Administration Building, 155 College Street, and endorsed with the word "Tenders" also with the name of the School building and the trade to which it relates, will be received until 10 o'clock a.m. on Wednesday, June 23rd, 1920.

MASONRY WORK, CARPETING, PAINTING, PLASTERING, ORNAMENTAL IRON STAIRS, PAINTING AND GLASSING, TERRAZZO FLOORS, ELECTRIC WIRING, PLUMBING.

FOR NORTH TORONTO HIGH SCHOOL, Broadway Avenue. Specifications may be seen and all information obtained at the Architect's Department, Board of Education, 155 College Street, Toronto, Ontario.

Each tender will be subject to the By-Laws and Regulations of the Board, and must be accompanied with an accepted bank cheque for five per cent of the amount of tender or its equivalent in cash, applying to said tender only.

In all tenders over \$200.00 and less than \$4,000.00, a surety bond by two sureties, each for quarter of the amount, is required, and for \$4,000.00 and upwards the bond must be approved by a Guaranty Company or Victory Bonds, for half the amount of tender.

All tenders must be separate trades, as per specifications, except when for bulk tender on all trades, and contractors must attach list of sub-contractors.

Tenders must be in the hands of the Business Administrator and Secretary-Treasurer, Administration Building, 155 College Street, not later than 4 o'clock p.m. on the day named, after which no tender will be received. The lowest or any tender will not necessarily be accepted.

JOHN MCCLIBLAND, Chairman of the Property Committee. W. W. PEARSE, Business Administrator and Secretary-Treasurer.

PUBLIC NOTICE Closing of Part of O'Hara Avenue

Notice is hereby given that the Council of the Corporation of the City of Toronto proposes, after the 2nd day of July, 1920, being the date of the last publication of this notice, to pass a by-law to close that part of O'Hara Avenue lying between the right-of-way of the Canadian Pacific Railway and a point about 25 feet north of the southerly limit of Lots 72 and 73, Plan 387.

The proposed by-law and plan showing the lands to be affected may be seen at my office in the city hall.

The Council will hear in person, or by his counsel, solicitor or agent, any person who claims that his lands will be prejudicially affected by said by-law, and who applies to be heard.

W. A. LITTLEJOHN, City Clerk. Toronto, June 11th, 1920.

WHOLESALE FRUITS AND VEGETABLES

Strawberries were not shipped in so freely yesterday, but the majority were very poor quality, on account of the rain, and also a lot of them had poorly filled boxes, so there was a wide range of prices, namely, 20c to 40c per box; a few really choice, in well-filled boxes, bringing 45c to 46c, while a very few brought the extraordinary high price of 50c per box.

California Fruits.—The first car of mixed California fruits for this season came in yesterday to McWilliam & Everett, Ltd., apricots selling at 45c per four-basket crate, standard lug plums at 35c to 36.50 per four-basket crate, and 50c to 55c per doz. peaches.

Potatoes.—New potatoes are coming in freely and are lower in price, No. 1's selling at 11c to 11.5c; No. 2's at 11.5c to 12.5c; No. 3's at 12.5c to 13.5c; No. 4's at 13.5c to 14.5c; No. 5's at 14.5c to 15.5c; No. 6's at 15.5c to 16.5c; No. 7's at 16.5c to 17.5c; No. 8's at 17.5c to 18.5c; No. 9's at 18.5c to 19.5c; No. 10's at 19.5c to 20.5c; No. 11's at 20.5c to 21.5c; No. 12's at 21.5c to 22.5c; No. 13's at 22.5c to 23.5c; No. 14's at 23.5c to 24.5c; No. 15's at 24.5c to 25.5c; No. 16's at 25.5c to 26.5c; No. 17's at 26.5c to 27.5c; No. 18's at 27.5c to 28.5c; No. 19's at 28.5c to 29.5c; No. 20's at 29.5c to 30.5c; No. 21's at 30.5c to 31.5c; No. 22's at 31.5c to 32.5c; No. 23's at 32.5c to 33.5c; No. 24's at 33.5c to 34.5c; No. 25's at 34.5c to 35.5c; No. 26's at 35.5c to 36.5c; No. 27's at 36.5c to 37.5c; No. 28's at 37.5c to 38.5c; No. 29's at 38.5c to 39.5c; No. 30's at 39.5c to 40.5c; No. 31's at 40.5c to 41.5c; No. 32's at 41.5c to 42.5c; No. 33's at 42.5c to 43.5c; No. 34's at 43.5c to 44.5c; No. 35's at 44.5c to 45.5c; No. 36's at 45.5c to 46.5c; No. 37's at 46.5c to 47.5c; # MARKET STORRED BY SILVER RISE

Another Rally in Silver Sets the Mining Exchange in Motion.

## TRETHEWEY ADVANCES

The up-and-down movement in the price of bar silver is keeping the Standard Stock Exchange on edge. Yesterday morning, London came in with a rise of 4 1/2 for the metal, and this immediately set in motion some bidding for the Cobalts, especially Beaver. There was little enthusiasm, however, and the rallies did not carry far until late in the day. Trethewey came into prominence by the purchase of a supposed interest close to the management. This interest was believed to have sold out when the stock was well up in the forties, and was now re-recently picking the holdings up again. The market had a much more lively aspect near the close, and there was better bidding for the golds, except McIntyre. Lake Shore sold up to 100; 22 was bid for Dome Extension, and no stock came out; Dome sold at 11.10, and Hollinger was somewhat higher. The oils were about unchanged, but a good buying market around present levels is said to be existent.

# ONLY SPECIALTIES SHOW ANIMATION

Wall Street Has Dullest Day Since February of Last Year.

New York, June 17.—The stock market was left to its own devices almost through today's stagnant session. Prices were firm at the outset, irregular at midday and inclined to heaviness at the close. Sales of barely more than 100,000 shares represented the lightest dealings for a full day since February of last year.

Fundamental conditions were unchanged, the money market presenting no new features, except for the negotiation of some moderately large time loans. Industrial and commercial developments served to emphasize the prevailing state of tension.

Cables from London suggested heavy liquidation for home account, but it was not made clear that American securities figured in the selling. Nevertheless, some of the stocks favored by London Paris and Berlin before the war were inclined to this market here.

The weekly statement of the Bank of England showed another large gain in gold holdings and the local rate on London strengthened appreciably. Apart from these indications, however, there was nothing tangible on which to base the belief that more gold is soon to come to this market.

So far as stocks displayed any animation at all, the movement again centered around such specialties as General Chemical, Barrett, National Aniline, Virginia Iron and several of the minor equipment and food shares. As usual, extreme gains in these and divers issues experienced marked impairment at the close.

Railway and industrial bonds, notably St. Paul and United States Steel five, reflected the reactionary trend of the stock list. Liberty bonds fluctuated narrowly and international notes were disposed of easily. Total sales (par value), \$11,450,000. Old United States bonds were unchanged on call.

### BANK STATEMENT

Berlin, June 17.—The statement of the Imperial Bank of Germany, as of June 7, shows the following changes: Increases—Gold, 18,000 marks; treasury certificates, 207,767,000 marks; notes of other banks, 63,000 marks; advances, 5,657,000 marks; investments, 20,846,000 marks; securities, 808,972,000 marks; circulation, 631,829,000 marks; liabilities, 487,850,000 marks. Decreases—Coin, 82,000 marks; bills discounted, 3,297,061,000 marks; deposits, 3,272,987,000 marks. The total gold holdings were 1,091,691,000 marks.

# Glidden-Jackson Oil Syndicate "A"

Controlling 1,000 acres of leases in the Abilene Oil Field, in Kansas—all on structure and all offsetting acreage owned by large operating companies.

MILLIONS being spent to locate Oil Pools. Success means fabulous increase in value of Oil Leases.

The Sinclair Company is drilling six wells, on two of which they have already encountered strata of oil-bearing sands. This makes the finding of oil almost assured fact. Practically all the big producers have purchased leases in this territory, including—Texas, Emerald, White Eagle, Carter, Barnsdall, Empire, Phillips, Manhattan, Producers and Refiners and many other Companies and individual producers.

This is your great opportunity. You can invest any amount from \$100 up in this Syndicate. For each \$100 invested, you become owner of one one-thousandth undivided interest in the 1,000 acres of leases owned by the Glidden-Jackson Oil Syndicate "A".

Rates in New York, 397.50, demand sterling.

### PRICE BROS. STOCK IN UPWARD MOVE

Gains Sixteen Points on Montreal Market—Other Trading Moderate.

Montreal, June 17.—Trading was moderate today on the local stock exchange with few changes of note except in Price Brothers, which moved up to 355, a net gain of 16 points, on rumors of another stock adjustment. Rumors that there would be no splitting of stock in Brompington brought the price down to 133 1/2, while the fact that the rumor was disproved at the meeting of directors in the afternoon only resulted in recovery of a fraction. The net loss was 3 1/4 points for the day. Howard Smith lost three, and Riordon 1 1/2 points; otherwise the papers were fairly steady.

Cotton and allied stocks rested on their recent gains, with Textile easing 1 1/2 points. Steel and margin stocks were steady to weak.

Recessions included a three-point loss to B. C. Fishing at 40, a new low 1918.

Total trading: Listed, 11,478; bonds, \$22,999; vouchers, 207; mines, 300.

### DOUBLED THE CAPITAL AND PAY A DIVIDEND

Montreal, June 17.—(Special.)—At a meeting of the Brompington Paper Company this afternoon, the directors recommended that the present capital, \$7,000,000, be doubled by giving present shareholders two for one, and that a dividend at the rate of 6 per cent. be paid on the new capital.

### WINNIPEG CATTLE RECEIPTS

Winnipeg, June 17.—Receipts, 800 cattle; 700 hogs, and 115 sheep. Market was fairly active for all classes and grades of cattle. Choice butcher steers, \$14.50 to \$16; fair to good, \$11 to \$13; best quality female butchers, \$12.50 to \$14; fair to good, \$9.50 to \$12; bulk, veal calves, \$16 to \$17.

# VARIOUS THEORIES ON GOLD DEPOSITS

Shining Tree Camp Leaves Opening for Geological Disputations.

The primary source of metallic ores must be looked for in igneous magmas, but here the metals are not aggregated in sufficient quantities to be termed ore. In fact an ore body is in nearly every case the result of long continued concentration generally in a fissure or permeable belt in the zone of fracture. Magmatic differentiation or the direct movement of a metal from the molten mass in which it is disseminated is not known to have been the sole cause of ore deposition in any part of the world. Edmonson says it is generally found to be incomplete and MacLaren declares that it is of dubious efficiency in the concentration of ores and that the universal agent of solution and concentration is therefore the water that is always in motion in the fissure and crevices of the solid crust.

The classic example of direct segregation from an igneous magma was supposed to be the nickel-copper ores of the Sudbury district. It is, however, now known that hot solutions were active in that hot solution of the ore in the masses in which it is found, and Dr. Cooke speaks of a liquid residue as a rich product of crystallization. This residue, the gold which is now being mined at Shining Tree.

The mistake which the bureau of mines appears to have made in denying in any effect to the diabases of the Shining Tree is based upon the assumption that the ore bodies were completely formed before the eruption of the dike. But the evidence in the field is clearly against this assumption. On the Miller-Adair and the Wasipika dike, the concentration is a vein has been doubled up like a piece of ribbon. But its continuity is in no way affected. Its walls are not disturbed. It might be said that they have developed remarkable similarity. It is apparently due to the action of the dike before the vein or the adjacent metal deposition was completed. This type are unusually rich. The Shining Tree is the Kolar field, Southern India, carried 300 in large quantities. It was folded and shattered by a diastrophic intrusion similar to that at the Shining Tree. An special enrichment could have taken place if the whole process of gold accumulation had been completed before the advent of the dike. And then we have the West Virginia Atlas both rich from similar causes. It is the unusual igneous activity that has made the rich ores of Shining Tree.

Very many diabases have been shown on the geological map recently issued by the bureau of mines and the report accompanying it declares that only a small portion of the dikes period long prior to the Nipissing diastrophism. Dr. Cooke believes that at Metchosin they have crystallized and from the granite magmas. The events in their effect is particularly plain in both camps.

### WINNIPEG GRAIN MARKET

Winnipeg, June 17.—Oats closed lower for July; October 1 3-8c lower and December 1 1-4c lower; barley 3 3-8c lower for July, and 2 3-4c lower for October; flax 6c lower for July and 3 1-4c down for October.

### NEW YORK CURB

New York, June 17.—During the greater part of today's session on the curb, trading was light and unimportant. Price fluctuations were mainly narrow. The general situation was little changed over yesterday. Asphalt closed with a fractional loss at 75. Texas Pacific Coal and Oil was a point higher at 47 1/2. Santa Cecilia Sugar dipped to 92. After reaching 13. Submarine Boat reacted fractionally higher at 3 1/2. Sweets Company of America was steady around 13. In the oils, Maracibo was up a point at 25 1/2. Carib sold at 20. Allied Oil was active at higher prices. The issue touched 4 1/2 toward the close. Simms Pete registered a fractional gain at 17 1/2. The mining stocks were quiet. Tonopah Belmont, in a condensed statement of operations for the first quarter of this year, reported a net income of \$204,489. Available resources as of March 31 were carried at \$335,171.

### MONTREAL PRODUCE MARKET

Montreal, June 17.—Prices scored a further advance today in cash grain market for a very strong market. The market for milled is without further development. Prices are higher in the rolled oats market and also in the rolled egg market and also in the market for wheat. The undertone to the butter market is set as easy. The cheese market is featureless.

Oats—Canadian western, No. 2, \$1.50; Canadian western, No. 3, \$1.40.  
Flour—New standard, \$14.65 to \$15.00.  
Rolled oats—No. 2, \$5.55 to \$5.95.  
Bran—\$4.25.  
Shorts—\$3.25.  
Hay—No. 2, per ton, car lots, \$28.

Potatoes—Per bag, car lots, \$5.50 to \$6.

### EGG MARKET STRONG

Ottawa, June 17.—The chief feature of interest is the strong and higher market for the best grades. Quality is now reported poor and shrunken heavy. One week's supply of eggs is now being advanced the price to producers next week; today is receiving 50¢ for firsts, and 53¢ for extras. Western Ontario prices for full reports, 50¢ to 55¢; Ontario prices for full reports, 50¢ to 55¢; Ontario prices for full reports, 50¢ to 55¢.

Chicago steady, current firsts, 40¢; storage, firsts, 41¢; extras, 42¢.  
New York, current firsts, 40¢ to 41¢; storage, firsts, 41¢ to 42¢.

### McINTYRE NOW ENGAGED IN SINKING DEEP SHAFT

Howard Graham & Co., in their weekly, say: "For more reasons than one the year closing with this month for the McIntyre Mines will be the greatest in its history. The net proceeds are estimated to have been over a quarter million dollars, which is equal to 20 per cent. on the par value of the stock. As but 15 per cent. has been paid in interim dividends during the year, it is apparent that a large addition has been made to the surplus cash in the treasury. Shaft sinking is under way to the 1,000-foot level and last reports recorded a depth of 1,550 feet reached. At 1,000, 1,375 and 1,500-foot levels the average gold content of the ore bodies opened up showed a material increase and as the mill heads previous to this development were running around \$100 per ton, it is seen that a large addition will be made to the surplus cash in the treasury."

### New Issue

# Riordon Company Limited

## 8% Cumulative First Preferred Shares

Dividends will be cumulative at the rate of 8% per annum from July 1st, 1920, and payable quarterly thereafter.

	Authorized	To be Issued
8% Cumulative First Preferred Shares	\$30,000,000	\$10,000,000
7% Convertible Cumulative Second Preferred Shares	10,000,000	10,000,000
Common Shares	40,000,000	27,000,000

There will be authorized \$30,000,000 Twenty Year 7% Mortgage Sinking Fund Bonds, of which \$7,401,000 will be presently issued, which amount will include bonds to be held by Trustee to provide for ultimate retirement of outstanding Funded Debt of the Riordon Pulp and Paper Company, Limited.

Application will be made in due course to list both First Preferred and Common Shares on the Montreal Stock Exchange.

Complete prospectus (copies will be mailed on request) contains a letter from Carl Riordon, Managing Director of the Company, from which we summarize as follows:—

1. Riordon Company, Limited, has been incorporated to acquire the properties and assets of Riordon Pulp & Paper Company, Limited — Kipawa Company, Limited — and all the issued Capital Stock of the Gateauau Company, Limited, which has been incorporated to acquire the water powers, timber limits and mill properties of Gilmour & Hughson, Limited, and W. C. Edwards & Company, Limited. Company will also own over 60% of the outstanding Capital Stock of the Ticonderoga Pulp & Paper Company.

2. Combined timber holdings comprise 10,590 square miles of leasehold timber limits located mostly in the Province of Quebec on the watersheds of the Ottawa and Gateauau Rivers, and tributaries, containing over 25,000,000 cords of pulpwood and over 1,200,000,000 feet of pine.

3. Water Powers, developed and undeveloped, on the watersheds of the Quinze, Gateauau, Kipawa, Rouge and Nation Rivers, etc., have a capacity of 175,500 horse power of hydro-electric power.

4. Company's (and subsidiaries) annual output as follows:  
Bleached Sulphite Pulp..... 91,000 Tons  
Easy Bleaching Sulphite Pulp..... 8,000  
Soda Pulp..... 11,000  
Book Paper..... 18,000  
Present Output..... 128,000  
Increased Kipawa Plant Output available March, 1921..... 25,000  
Annual Output..... 153,000  
Lumber, feet b.m..... 125,000,000

5. After deducting all Current Liabilities, Net Liquid Assets (Working Capital) as at the date of completion of present financing should amount to not less than \$5,000,000. A conservative estimate of the Property Values of the Company and its subsidiaries shows a valuation in excess of \$50,000,000 which, after deducting Company's and subsidiaries' Funded Debt amounting to \$12,401,000, shows a surplus available for First Preferred Shares of over \$37,000,000.

6. Net Earnings of the properties acquired, for the year ended December 31st, 1919, after payment of interest on present Funded Debt of the Company and subsidiaries and available for First Preferred Dividends, Depreciation, Depletion and Taxes, amounted to over \$2,250,000, equal to nearly 3 times First Preferred dividend requirements.

Net Earnings of the Company and its subsidiaries, for the current year ending December 31st, 1920, after payment of interest Charges and allowing for Depreciation and Depletion and available for First Preferred Dividends and Taxes are estimated to be not less than \$5,000,000, equal to over 6 times First Preferred Dividends, and after payment of all Preferred Dividends, equal to over 12% on the Company's Common Share Capital.

Over \$8,000,000 par value of this issue has already been sold in Canada and the United States. We offer the unsold balance, if, and when issued, at a price of—

**100 and accrued dividend, yielding 8%**  
Carrying a Bonus of 20% in Common Shares (One Common Share with every five Preferred Shares)

Payable: 25% of the par value on application.  
25% of the par value on July 15th, 1920.  
25% of the par value on August 16th, 1920.  
25% of the par value on September 15th, 1920.

Common Stock Bonus will be adjusted to even amount by purchase or sale of fractional share at the rate of \$50 per share. The right is reserved to allot none, or a portion only, of the amount applied for. If only a portion of the amount applied for is allotted, the balance of the deposit will be applied towards payment of subsequent instalments. Payments may be anticipated in whole or in part at any time. Interest will be allowed on payments at the rate of 8% per annum. Interest will be adjusted upon final payment.
