WALL STREET EXPLOSION DUE TO A BOMB "Hands Off Beck," Is Warning Given by Hydro Radial Convention BETTER PROPOSALS BY BRITISH MINERS BY EXPLOSION OF A BOMB NEW YORK FINANCIAL CENTRE

Advance Made Towards Peaceful Settlement of Dispute—Suggest Tribunals to Investigate Possible Reduction in the Price of Coal and the Present Wage System.

London, Sept. 16.—The conference of the coal miners' executive with Sir Robert Horne, secretary of the board of trade, adjourned late this afternoon without an agreement, having been reached in settlement of the controversy between the miners and the government. Sir Robert Horne declared, however, that new proposals made by the miners constituted an advance towards a peaceful solution of the trouble.

The miners proposed that the government forthwith grant the increase in wages demanded by them, but declared that an increase should not be put on the price of coal for consumption in households. They also asked that tribunals be appointed to inquire whether the financial situation of the coal industry would stand a reduction in the price of coal, an inquiry into the declining output of coal and an investigation of the present wage system with a view to granting up-to-date standard wages.

Horne replied that the only method of deciding the selling price of coal was that already adopted, and on this point he declined to accede to the miners' proposals. He also said he could not recommend that the miners should have two shillings advance under the present circumstances, but added that if an increased output were assured, an advance in wages could be given.

Robert Smillie, the miners' leader, had previously said that unless an advance were granted, the executive would not advise the delegates at Tuesday's conference to postpone or call off the strike.

LOWER PRICE FOR WHEAT ON LINE OF GREAT RAILWAYS

Winnipeg, Sept. 16.—(Special.)—What appears to be a determined effort either to depress wheat prices or discredit the National Railways has been made public in Alberta. Grain interests there are discriminating in price for wheat marketed on C.P.R. and National Railways. They have issued quotations which show the price on National Railways eighteen cents a bushel less than on the C.P.R. This was brought to the attention of the Winnipeg grain exchange, and the following statement was issued and sent to the Calgary grain exchange:

"At a meeting of the council of the Winnipeg grain exchange, held today, September 15, the question of the prices of grain bought at country points in Alberta, as issued from Calgary, was considered. The prices named along the National Railways lines are much lower than the prices named for grain along the Canadian Pacific Railway."

ALL PENITENTIARIES SHOULD BE PROBED. DECLARE LABOR MEN

Windsor, Ont., Sept. 16.—(Canadian Press.)—A decision to request an investigation of all federal penitentiaries and instruct provincial executives to request an investigation of the conduct of all prisons, jails and asylums, including the disposal of the product of prison labor, and that at least one representative of organized labor be included on the board making investigation, was arrived at by the delegates to the Trades and Labor Congress today. It was decided to give any representatives of the congress who might be appointed to such a commission authority to use his own judgment as to what class of labor should be engaged in by prisoners, even to the point of conflict with the program of the congress regarding the competition of the product of prison labor with free labor.

Association Rally Held in Hamilton, on Record That Any Move by Government Toward Ousting of Beck Would Be Outrage Upon Ontario—Church Attacks Drury, Raney and Dr. Reid.

Hamilton, Sept. 16.—(Special.)—The Hydro Radial Association this afternoon passed a resolution insinuating that the Hydro government was identified with the interests seeking to oust Sir Adam Beck from the chairmanship of the Hydro Commission. The resolution was to the effect that whereas certain interests were striving to effect the withdrawal of Sir Adam Beck, the association went on record as affirming that any move by the government towards ousting Sir Adam would be a calamity and an outrage upon the people of the province, irrespective of party. The resolution was moved by W. B. Burgoyne, St. Catharines, and seconded by Dr. Oaks of Preston.

Use a "Thor" And Wash Without Work

FOR a sum somewhere in the neighborhood of 2 cents you can do this. How little to give to be rid of the drudgery of washday and to have your clothes washed sweet and clean - cleaner than they can be washed by hand!

No more the discomfort of a hot, steamy room. No more that rub, rub, rub. No more those red arms and hands. No more wear on delicate fabrics. No more of that for you or your laundress, if you have a "Thor."

You know the drudgery of the old-fashioned wash-day. You know what it means to have a tired back and wet feet and a long, weary day. You know what washday fatigue means. How gladly you would give it up! And you can give it up. You can be forever rid of the tub and washboard, if you have a "Thor" Electric Washing Machine.

A Thor will do your washing quickly, silently, perfectly. Just push the white button and the cylinder starts. It revolves first in one direction - then in the other. The clothes are lifted and dropped through the studs. No dirt can resist such action. The clothes are always washed thoroughly.

Push the black button and the machine stops. The operation is just like that by which you turn your electric lights on and off. It's just as simple.

Then a touch to a lever and the wringer starts, stops or runs in either direction.

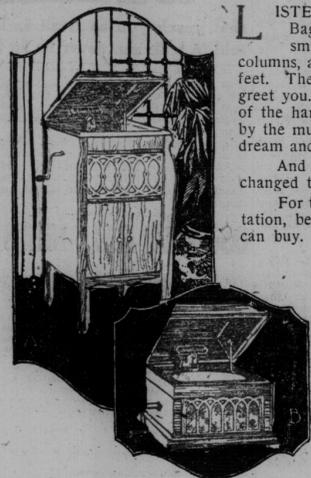

The Thor will operate from any electric lamp socket. Why not get all the use of the electric current? Let it wash and wring your clothes.

A good-sized washing done in 60 minutes. Everything washed and wrung. Clothes ready for the line. All in an hour. Have you ever done a washing in an hour by the old way? Why continue to rub and wring for half a day or all day when the "Thor" will do the work for you in such a little while?

Only an hour for an average family washing - possibly two hours if your washing is extra large - and cleaner clothes. Just the push of a button to have that tiresome work taken off your hands. Only that little effort to have the work done better than ever before.

Thor Electric Washing Machine, No. 25 size: Galvanized body, stationary wringer, \$180.00. Galvanized body, swinging wringer, \$195.00. Copper body, swinging wringer, \$235.00. Copper body, stationary wringer, \$220.00.

"Congratulations, Mrs. Jones"

"HOW fit you look! I suppose you have had a perfectly wonderful trip. I understand you were in the mountains most of the time. How well I remember my honeymoon, though it seems such a long time ago.

"Do you know I feel even older than I am. House-keeping, with its many details, ages one quickly, if all the little 'short cuts' are not taken advantage of.

"One must be ever on the alert for new things that save steps and time.

"It took a number of years of housekeeping to bring me to such a decision, and I would warn you that experience keeps a dear school. Make a row, Mrs. Jones, when you start housekeeping, to use system in everything. Why, do you know, I have even systematized my shopping.

"Perhaps I should not say I, for it is really the 'D.A.' that systematizes my shopping.

"At any rate, it is one of the things I value most. Before I had it I either had to wait for 'C.O.D.' parcels, and in many cases scurry for change when the driver came, or I had to make a trip to the store in person and do my purchasing.

"Today I sit down at the phone and ring up the grocery section, or the meat section, or any section from which I wish something, and shop to my heart's content. At the end I say, 'Charge to my 'D.A.' I know that those purchases will come as paid.

"At the end of every month a detailed statement is sent to me, which I keep on file. From time to time I go to this file and compare one month's expenditures with another; sometimes to see if I am keeping down expenses; sometimes to see if prices are descending or ascending.

"So you see it does my bookkeeping.

"During July and August I was at the cottage in Muskoka. While there I ordered my things through the mail, and had the satisfaction of having them come as paid, without the trouble of sending checks, money orders, or money in any shape or form. I get excellent interest on my deposit, too; better than expected. If ever you feel the need of a 'D.A.', Mrs. Jones, just call at the 'D.A.', Fourth Floor of the Main Store.

"There you make a deposit; then they take your name, give you a number, and you have at your service one of the greatest shopping conveniences of the EATON Store."

The executive of the Ontario division of the Red Cross Society, at an all-day session at the home of the society, 410 Sherbourne street, yesterday, announced the names of the successful applicants for the Red Cross scholarships. The lieutenant-governor of the province, honorary president of the executive, was present with Mrs. Lionel Clarke and gave his hearty endorsement to the appeal, and consented to become its chairman for the province.

Among those present were Mrs. Plumtre, president of the Ontario branch; Dr. James W. INVESTIGATION ASKED BY JEWISH BUTCHERS

The demand of the Agoodath Haschothim of Toronto, limited (an organization comprising shochemit only, or men duly appointed by a board of four rabbis, to slaughter animals for Jewish trade), that the shochemit employed in abattoirs be paid one cent on every pound of meat produced from slaughtering by the shochemit, and engaged under a two-years' contract, has led to an appeal to the board of commerce from Abrams Bros. for an investigation.

Messrs. Abrams operate an abattoir on St. Helens' avenue, and are wholesale butchers. The major portion of their trade is devoted to supplying dealers handling meat for the Jewish population.

LABOR MAN HOME AGAIN Sam Garland, one of the best known labor men in Toronto, has returned to the temple after two weeks spent in Cleveland and other centres in the United States. He was much impressed by the evidence of wealth in Cleveland, which is a land of prosperity for the clothing trade. Sam is superintendent of the temple in the absence of William Fordham.

MUSICAL DIRECTOR FOR LOEW'S ARRIVES

Big Business at Seat Sale for Opening of New Uptown Theatre.

Ernst Luz, general musical director for the Loew chain of theatres, arrived in Toronto yesterday for the purpose of assisting Frederick Arundel in staging the musical setting for the opening night at Loew's Uptown Theatre Monday. The score for D. W. Griffith's "The Love Flower" is not only a heavy, but quite difficult one, and represents the combined efforts of the two men. In addition to this setting, the augmented orchestra of 22 pieces will be called upon to accompany the quartet of singers, drawn from the ranks of the Metropolitan Opera in their repertoire of operatic selections.

The sale of seats, to be reserved the opening night only, started at a lively pace yesterday morning and indications point to a quick sell out. Although reserved, the entire house is being disposed of at the regular prices. 40 seats, including tax, for the entire orchestra and balcony, and 50 cents, also including tax, for the box and loge seats. Beginning Tuesday, with continuous shows from 1 to 11 o'clock, the prices remain the same, excepting during the afternoons, when the entire orchestra and balcony will be 20 cents, including the tax.

Marcus Loew, accompanied by a representative body from the theatrical and financial world, is expected to reach Toronto early Monday morning.

STAGE ALL SET FOR CONGRESS OPENING

Interesting Visitor From New Zealand—Canadian Weather Pleases Visitors.

All the arrangements are now practically complete for the opening in Convocation Hall tomorrow of the ninth congress of chambers of commerce of the British Empire.

The delegates are all here with but few exceptions and the roll call is expected to be complete today. Among yesterday's arrivals was an interesting figure from New Zealand in Sir Thomas Mackenzie, who has filled many important political and commercial positions in the faraway Dominion. He was until recently high commissioner in London for New Zealand and at one period of his career filled the office of prime minister. Sir Thomas is a noted authority on trade and commerce and is bound to be a prominent factor in the discussions at the forthcoming congress.

Sir Thomas Mackenzie was a member of the New Zealand royal commission on the tariff, chairman of the parliamentary committee of trade and has successively been minister of trade and commerce, agriculture and lands, and postmaster-general.

Other arrivals of delegates were W. P. Russell, J. P. Glasgow, R. H. Dunwoody, O. R. E., secretary of the Association of British Chamber of Commerce; F. J. Tompsett, Export and A. R. Atkey, J.P., M.P., of Nottingham.

A number of the delegates yesterday continued their pleasure excursions in and around Toronto. Several availed themselves of the invitation extended by the various golf clubs to spend the day on the links, the ideal weather contributing materially to their enjoyment.

Delighted With Weather.

The visitors, who are really delighted with the weather conditions here, so different, one of them said, "to the beastly time we have experienced in England during the last so-called summer. The whole of August was damp, cold and cheerless, and we were more than pleased to be in Canada under such delightful conditions."

Lord Desborough, president of the congress, will have the opportunity of seeing Canada's fascinating national game tomorrow, Mayor Church having invited him to face the ball at the lacrosse match on the island between Ottawa and St. Simon's teams.

The official welcome to the delegates will be given at Massey Hall tonight, for which a most attractive program has been arranged. The band of the 48th Highlanders, under Capt. John Slater, will render selections from 7:45 to 8:15 o'clock. A national chorus under the direction of Dr. Albert Ham will then sing "God Save the King," Charles Marriott, president of the Toronto Board of Trade, who will occupy the chair, will deliver a short address.

HOTEL SITE ROUSES EDUCATION BOARD

Time Limit to Start Building Will Be Placed in Deed of Sale.

Two hot fights over the East Bloor street million dollar hotel project featured last night's meeting of the board of education.

Dr. John Noble, chairman, had some difficulty in satisfying some of the trustees that a second debate on the same subject could not be allowed, but the discussion was regular, as the issue was raised on two regular motions.

Trustee McClelland, chairman of the property committee, was opposed to the granting of an option to W. H. Raymond for 90 days upon the board's vacant site on Bloor street, the sale price to be \$260,000, less a commission of 2 1/2 per cent. to Raymond, Rose & Ardash.

Rev. F. E. Powell declared the time of the option was too long, the commission too much, and the price too low. Bloor and Yonge streets intersected what would soon be the business centre of the city, and the site would soon have a greatly enhanced value.

Trustee Bell pointed out that the board of education had paid out \$60,000 to carry the Bloor street lot and the money now in sight would suffice for the erection of a beautiful much needed new Jarvis Street Collegiate.

Trustee Laxton declared that in the hands of the board of education the Bloor street site had been a costly white elephant. The sale would bring a large amount of taxes into the city treasury and save the board heavy expense.

Both representatives of the separate school board, Trustees Boland and Dineen, strongly supported granting the option.

The motion to refer the granting of the option back to the property committee was lost by a vote of 10 to 7. A vote on a straight motion by Trustee McClelland to refuse to grant the option was lost by 10 to 4.

The trustees agreed to a motion by Trustee Boland to require the fixing of a time limit with commencement of the building on the Bloor street site to be placed in the deed of sale.

Defer Selecting Principal.

Almost a riot broke out over an attempt to suddenly appoint a principal for the new high school classes being organized to be taught at the new Jesse Ketchum High school.

Trustee Ravilinson secured a temporary majority for the appointment forthwith of a principal.

Mrs. Groves protested against precipitated action.

Rev. F. E. Powell declared it was unjust, unfair and un-British to ignore the rights of teachers who had not heard of the projected appointment.

Dr. Beer said he was telephoned just before starting for the board by an applicant who had only just heard of the vacancy.

Trustee Boland again harmonized the board by securing an agreement for a special meeting of the board at an early date to make the appointment, a report to be prepared by the board of high school trustees on the qualifications of the applicants.

TRIES TO MAKE ESCAPE FROM POLICEMAN'S GRIP

It William Bradshaw, no home, had kept his hands off P.C. Turner, only one charge would have been preferred against him—that of theft. As it is now, when he appears in police court this morning he will have three charges of theft and assaulting a policeman.

According to the police, Bradshaw's recent employer complained to them that upon Bradshaw leaving his employ, he missed a small 22 calibre rifle. P.C. Turner was sent to investigate and was taking his man to No. 1 station when the latter turned on him and struck him, at the same time attempting to escape. Turner, however, proved the better man of the two and safely brought his man to the station.

When Bradshaw's pockets were searched a baggage check was found, and presenting this at the Union Station, officers secured his suitcase, which contained the missing rifle.

OPEN WAR SERVICE MEMORIAL CLUB

Sir John Eaton Performs Ceremony—Clinic to Be Established.

Practical and attractive is the War Service Memorial Club of the G. A. U. V., which was opened at 41 Gerard street yesterday afternoon. Sir John Eaton officiated, and a large number of interested guests were present. The house was elaborately decorated with flags and the large roof garden was enclosed in a number of large Union Jacks. Here the company gathered to hear the addresses and to send the venture on to a much wished for success.

Introduced by the chairman, Mrs. E. E. Duggan, Controller Maguire stated that the memorial owed its being to the sheer persistency of the ladies. Married or single, the men could come to this house, where they might also bring wives and friends and be at home. The building was an enduring memorial to the men who had fought for liberty.

Comradeship overseas was the thing that struck Col. Bishop as something worth while. This could be continued thru the unity club just established. All should do everything possible for the ex-service man was the appeal of Canada's great flyer.

Short addresses were also given by Col. Wright, who spoke as one who had himself seen service in the trenches; by Col. Barker, who instanced the work of the Y.M.C.A. in their overseas canteens; by Col. Bruce, who dealt with a clinic to be established at the home, and by Sir John Eaton, who said he hoped the boys would be comfortable and that nothing would be done in their behalf.

Nothing Too Good for Boys.

Mrs. Harris McPherson, secretary-treasurer, gave a spirited account of things done by the men whom she had seen overseas. She also stated that the Gerard Street Memorial had its inspiration in a club for munition workers that she saw in London. She stated every ex-service man to feel that the Gerard Street Memorial was his home. So far the movement was a provincial one, but later it would, she hoped, extend to the Dominion. Recently while in Ottawa a promise had been made that a clinic would be established at the memorial and would be fully equipped by the government.

Finance Commissioner Ross spoke enthusiastically of the club, pointing out that while there might be a tendency to forget now that the war was

over nothing could ever be too good for the men who had served. He also paid tribute to the women who had worked for the project of the memorial.

In connection with the club there is a canteen which will be self-supporting. There are also billiard and pool rooms and plenty of space in which the men may move about in comfort.

ARENA GARDENS OPEN FOR DANCING SEASON

The Arena Gardens, which will be formally opened for dancing tomorrow night, has been transformed into a veritable bower of beauty and dance goers will not only find everything pleasing to the eye, but also that which delights the ear. The engagement of Stone's clever collection of colored jazz exponents and entertainers of Detroit, means that the music at the Arena will be of the best and latest, as this orchestra is considered the leaders in their profession. They will play nightly, beginning tomorrow, from 8.30 until midnight.

An innovation that should be appreciated by lovers of the light fantastic is the fact that the admission covers everything and that the practice prevalent elsewhere of hustling those on the floor after each dance and collecting another fee will not be followed by Manager West because of its apparent unbecomability. "Dance as often as you like" is his motto.

LABOR MEN WARM ON COAL SHORTAGE

Declare Hundreds of Trucks Are Held Up Along Mimico Yards.

Dick Russell, business manager for the Waiters' and Cooks' Union, wishes to have a committee from the Toronto Trades Council interview Mayor Church to see if something cannot be done to solve the coal problem, and he moved a resolution to that effect at last night's session of the council.

"What we want to know," said Mr. Russell, "is why a hundred trucks of hard coal are permitted to stand along the Mimico yards at this juncture. I notice the weather is beginning to get quite cool."

"What a business," retorted Aurne Pauline. "Church is a real poor man to approach in a matter of that kind. He is always fighting either for the Hydro-Electric or against Drury, and generating a whole lot of gas, and now here we are asking him to generate a whole lot more. I say, let us nationalize the mines, the whole lot of them—those in the United States included."

A number of delegates favored the idea, but Dick Russell demurred. Three delegates were appointed a committee to take the coal problem up with the coal controller.

A letter from the minister of labor, Hon. Gideon Robertson, threatening to give out more detailed information as to underlying causes of labor unrest should certain elements in the movement persist in representing the government in its attitude toward labor, caused some discussion, but no definite action.

Her to Almost Normal
Physical Appearance.

An interesting and somewhat path-
etic little figure at the opening of the
War Veterans' Memorial Home on
Gerard street yesterday, was Miss
Madeline Jeffrey, who was wearing
several decorations gained in overseas
service, which her slight appearance
seemed to deny as possible. But
then it was remembered that it was
the "boys" and youth generally that
had done great things in the war and
this slight girl from Galt, now doing
social service work in Toronto, was
in the category of our young heroes.
Somewhat of the word "heroine" does not
seem sufficient to apply to a girl who
did the things accomplished by this
Canadian girl, so she must be listed
along the heroes.

In 1915 Miss Jeffrey went overseas
with the Canadian National Associa-
tion of Trained Nurses, afterwards
crossing to France to join the French
Red Cross, under the London com-
mittee in charge. In the course of
her work she found herself at Adin-
kerke assisting in a hospital, which
was bombed by airplanes, one of the
bombs striking her on the back of the
foot and taking away nearly all but
the upper part and the toes. Three
months in hospital followed, during
which and later, wonderful things in
scientific surgery were done so that
today there is little appearance of the
Danish visit, and except "in rainy or
warm weather," there is a little suf-
fering.

Not satisfied with her work over-
seas, Miss Jeffrey, on her return, went
to New York, and thru the years 1918
and 1919 lectured in New York City,
her story doubtless being an inspira-
tion for many in big Gotham. Just
now Miss Jeffrey is doing social ser-
vice work and when the university
opens will take the course lately
established along this line. A brother
of Miss Jeffrey was also overseas. Im-
bued with the family spirit. Yester-
day Miss Jeffrey was accompanied by
her mother, who had to tell her
daughter's story, in a girl herself, like
all soldiers, being none too keen to
relate her experiences.

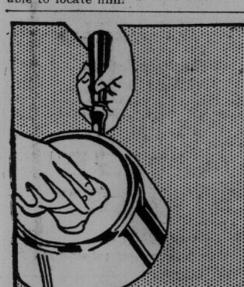

KILLED ON RAILWAY

Teamster Loses Life After Horses
Get Beyond Control—At-
tempted Jump to Safety.

Donald McKay, a teamster for the
G.T.R., 532 East Queen street, was al-
most instantly killed yesterday after-
noon, at the corner of Front and Cherry
streets, when, in an attempt to jump
from the lorry he was driving, he fell
between the wheels of the vehicle,
which passed entirely over his body.

According to the police, the team
McKay was driving became beyond
control when the tongue broke and
dashed south on Cherry street. Arriv-
ing at the intersection, McKay at-
tempted to jump to safety, but his feet
became tangled in the traces and he
fell beneath the wheels, which passed
over his body, crushing his chest,
breaking both legs and cutting off one
arm. He was removed to St. Michael's
Hospital by the police ambulance, and
life was pronounced extinct by Dr. Sil-
vertorne. The body was taken to the
mortuary and the head coroner notified,
and it is probable that an inquest will
be held.

McKay, who was 19 years of age,
was born in Aberdeen, Scotland, where
his mother now resides. It is stated
that his father arrived in Toronto sev-
eral days ago from the United States,
but the police last night had been un-
able to locate him.

Toronto Executive Discusses
Campaign to Be Inaug-
urated This Fall.

A meeting of the executive of the
Toronto branch of the Canadian Na-
tional Council for Combating Venereal
Diseases was held at the National
Council office, 154 Bay street, yester-
day. Those present were: Col. F. W.
Marlow, chairman; Father Minehan,
Mr. A. E. S. Smythe, Dr. R. R. McClen-
ahan, Mrs. Sidney Small, Miss Brown,
Miss Pearce, Dr. E. E. Guyatt, Major
Fred Smith, Dr. R. D. Defries and
Dr. Bates.

A number of matters were discussed
in connection with the campaign to
be inaugurated against the diseases
this fall. It was explained that it is
felt that the Dominion and provincial
Councils have done their part in
putting aside a large sum, amounting
altogether to about \$400,000, for the
treatment of diseases, and that the
National Councils part in the cam-
paign will be to enlist the support of
the community at large to do certain
types of investigation that cannot be
undertaken by the governments, and
to do educational work.

It was felt that use might be made
of lecturers in factories, and that large
quantities of literature should be dis-
tributed. It was also felt that the To-
ronto committee should undertake the
support of a social worker who should
undertake investigations, particularly
in jails and police courts. The final
decision on this matter, however, was
left to a program committee, which
was appointed.

It was decided to communicate with
various clubs, such as the Kiwanis,
Rotary, Empire, Canadian, Women's
Canadian Club, Women's Business
Club and the local Council of Women,
as well as the board of trade, asking
them to include a discussion of the
venereal disease question on their pro-
gram for this year.

FIELD DAY AT SIMCOE.
Simcoe, Sept. 16.—The first annual field day put on by the Norfolk County Athletic Association today proved eminently successful both in regard to attendance and to excellence of program. A number of sporting events were put on, chiefly baseball, when a number of county teams competed. Simcoe and Port Dover shared second money. An old-fashioned callisthenic parade was a feature and a busy day in the armories finished up the day. Dr. McGuire is the president of the association. Fred Manning secretary and W. R. AMERICAN RACE GREAT NATIONAL A PARADE

White Sox Pulled the Yankees Out of First Place and Put Cleveland on Top Again—Brooklyn Widened Gap by Trouncing the Reds, and Can Hardly Be Displaced.

New York, Sept. 16.—Cleveland slipped into first place in the American League pennant race today, while the battle between the other two contenders, Chicago and New York, resulted in a victory for the White Sox.

Brooklyn widened the gap separating it from Cincinnati to six full games by scoring first blood in the series with the New York Nationals, who split even with Pittsburgh, are still a mathematical possibility.

The Cleveland Indians were held to three hits by Zachary of Washington, but the Indians won on a home run by the only run of the contest, and their fourth out hit Chicago pulled New York from its top position by scoring Quinn and Collins hard in the opening contest of their series.

Cincinnati pitcher, Ruether, lasted only one-third of an inning before the onrush of Brooklyn sluggers.

Grimes of the Dodgers yielded a run in the first inning and two in the fifth, when Daubert made a home run, but scattered the hits in the other innings. If Brooklyn wins six of eleven remaining games, the Reds, to nose them out, would have to win 16 out of 18, and the Giants' task would be no straight, with no defeats.

LOOKS LIKE ROBBIE TO LAND NATIONAL

Brooklyn Step Nearer Pennant by Downing Reds in First.

At Brooklyn (National).—Brooklyn took another step toward the National League pennant yesterday, defeating Cincinnati 5 to 3. Grimes, who touched up for 10 hits, kept them scattered, except in the first and fifth innings.

The Dodgers disposed of Ruether before the first inning was ended, and then scored the winning runs off Fisher by bunting a double and a single in each of the sixth and seventh innings. The score: Cincinnati.....1 0 0 2 0 0 0—3 1 1 Brooklyn.....2 0 0 0 1 1 0—5 10 4 Batteries—Ruether, Fisher and Wilcox; Grimes and Miller.

At New York.—Nehf's remarkable one-hit game enabled New York to break even with Pittsburgh in yesterday's double-header. The Pirates took the first game, 3 to 1, when Hamilton outpitched Barnes, and the Giants won the second, 4 to 0, when Nehf pitched the first hit after the first inning. Only two men reached first on Nehf, who struck out seven and gave one base on balls. In the second inning he fanned three in a row. Young and King hit home runs. Pittsburgh launched three home runs in the sixth inning of the first game off Barnes for two runs. Scores: Pittsburgh.....0 0 0 0 2 0 0—3 8 1 New York.....2 0 0 0 1 1 0—4 3 1 Batteries—Hamilton and Schmidt; Barnes, Douglas and Snyder.

R.H.E. New York.....0 0 0 0 0 0 0—0 0 0 Boston.....1 0 0 0 0 1 1—4 7 0 Batteries—Purdy and Schmidt; Nehf and Smith.

At Boston.—Boston and St. Louis divided a double-header, the visitors winning the first game, 4 to 3, and the home team the second by the same score. Scores: First game—R.H.E. St. Louis.....0 2 0 2 0 0 0—4 10 0 Boston.....0 2 0 0 0 0 0—3 2 0 Batteries—Goodwin, Sherdel, Lyons, Lohan and Clemons; Scott, McQuillan, Townsend and Gowdy.

Second game—R.H.E. St. Louis.....2 0 0 0 0 0 1—3 8 0 Boston.....0 2 0 0 0 1 1—4 10 0 Batteries—Oeschger and O'Neill.

At Philadelphia.—Robertson's home run over the right field wall with two on bases in the ninth, broke up a close game between Philadelphia and Chicago, the visitors winning, 3 to 5. Score: Chicago.....0 0 3 0 3 0 0—12 2 1 Philadelphia.....2 0 1 0 2 0 0—5 13 1 Batteries—Vaughn, Alexander and O'Farrell; Hubbell, Casey and Withrow.

TWENTY-TWO FOR BIRDS.—At Jersey City (International).—Baltimore's victory yesterday over Jersey City, in twenty-second straight, placed the Orioles within one game of clinching the pennant. The visitors won their farewell game, 7 to 6, by hitting Wilhelm hard in the first three innings. The "sheepskin" rally in the closing innings fell short. Bentley of Baltimore managed home run with two on in the first inning. Score: Baltimore.....2 0 4 0 0 0 0—15 11 0 Jersey City.....0 0 0 2 0 1 2—5 11 0 Batteries—Ogden and Styles; Wilhelm and Freitag.

At Reading.—Syracuse played its last game of the season, against Reading, by the score of 8 to 5. Score: Syracuse.....0 0 4 0 0 0 0—15 2 2 Reading.....0 1 1 1 0 0 0—8 12 2 Batteries—Carlson and Madden; Hughes and Komnick.

At Buffalo.—The final International League game yesterday between the Bisons and Numbats. Buffalo winning the first game 5 to 4, and Akron the second, 6 to 2. Scores: Buffalo.....4 0 0 0 0 0 0—5 8 2 Akron.....0 0 2 0 1 0 0—4 13 2 Batteries—Gordon and Brugg; Barnes and Smith.

Second game—R.H.E. Buffalo.....0 0 1 0 0 1 0—2 6 4 Akron.....0 0 0 3 0 1 0—5 16 1 Batteries—Carruthers and Brugg; Fisher and Smith. (Seventh Inning). Toronto not scheduled.

THEY'RE OFF AGAIN AT THORNCLIFFE

JUST A BREEZE FOR BREEZE IN THE FIFTH RAGE

GOOD OUTSIDERS ARE BACK AT VARSITY TO VETERAN GEERS

Pearlman and Shatz Join Squad—Murray Unable to Stand Training.

Argonauts were hard at work again last night. About thirty-five were in uniform and Coach Rodden lined up the usual two squads and sent them into a squall of great work and if there are any better backs in senior football, Toronto fans will be surprised. Garrett, Munro and Stone are a smooth working trio and last night's effort was the best to date. Gilhooley at flying wing is a wonder. He tackled in finished style, is fast and if need be can move back on the half line and kick with any of them.

Mac Murray, the great outside of former days, was badly battered in the last night. He could not get going after last night's workout that it is a hopeless job and that he would have to hang up the mauls. This is a hard blow both to the Scullers and Murray himself.

Shrimp Cochran was an absentee, resting up his sprained ankle, but he will be out at the first of the week. Arthur Watson was also missing. Romeril did not show up. The varsity will practice at 7 P.M. and will come out again at 8 P.M. and will play at the Stadium a week from Saturday and this will give the boys a good line-up on two Toronto senior teams.

ST. SIMONS TO PLAY OTTAWA SATURDAY

Lovers of lacrosse who had reason to feel peeved over the senior finals being played at Orangeville are looking forward to Saturday's game at the island between the Capital and St. Simons, recognized as champions of Eastern Canada. St. Simons, champions of the O.A.A.A., with keen interest.

The invasion of the eastern champions brings back dreams to those who wended their way to Keesauke and the island when Johnny Powers, Bobby Pringle, Bouie Hutton, Jack Shea and other stalwarts were pitted against such distasteful as Hughie Lambe, Ernie Menary, Harry Grinnings, Charlie Quierie, the days in which the ball club sported their wares at Diamond Park before sparse crowds, and the national game held away. Saturday's battle at the Island should prove by long odds the most interesting game of the season, and a record crowd is anticipated.

Glowing reports regarding the Ottawa team have come from far and near. It is claimed by their followers, that a weak performance can be found, and if past performances are to be reckoned, Ottawa Senators are a team well worth supporting.

St. Simons require little if any introduction. They are practically all graduates from the junior teams of Toronto, and have been playing the game for a number of years. They won the senior championship after a poor start by playing consistent lacrosse, and sweeping all strong enough to take the measure of such aggregations as Brampton and Inglewood. They are worthy of consideration. In Eddie Powers, the Saints have a coach of the first water, and a man that has done wonders at a mediocre outfit. Powers can see nothing to it but a victory.

Ottawa will invade Toronto on Saturday with twenty-four players and prepared to travel on "high" from "zong zong." The eastern champions will come up Friday night, arriving here early Saturday morning. Ernie Butterworth, a shining light on Ottawa teams in the past, has charge of the club, and under his dicta straight sailing to New Westminster. The resting place of the Vann Cup, Butterworth is a shrewd hider of his weight. On the other hand, St. Simons must win by a substantial margin in at Ottawa a week from Saturday. A special ferry service will be in operation.

LACROSSE GORISP.—St. Simons will wear white guernseys and orange socks, as their own colors. Be assured, however, that this is not emblematic of a true in the shirts' camp, as they think they can wipe out the much-touted team from Ottawa.

Mimico's goal will be taxed to capacity on Saturday, when they meet Scarborough. The boys from Tunnel Town have to be taken seriously, as this will soon pass into oblivion. The Saints will soon however can't see it that way. It should be some game.

Orangeville's eleven-goal lead should hold them good stand at Bracebridge last night. It looks like an insurmountable task to overcome, but Jas. Collins & Co. are quite optimistic that they can at least pull down half a dozen of the lead. The old warriors, St. Catharines and Malton, will do battle on Cottingham Square on Saturday at 2.30, minus the bloody conflicts of days gone by. The Garden City team look like a shift to branch, and will hold their end up in any company. Conacher & Co. will be busy wiping out that four-goal lead.

BRITISH RUGBY.—A joint practice of the Irish and Scottish Clubs will be held on Saturday at Trinity College grounds at 3.30 p.m. when all members of the two clubs are asked to be on hand for a work out.

Both clubs invite new members and any one interested in the British rugby game will be made welcome. Enquiries regarding membership of either club will be gladly answered by W. T. Freeman, P.O. Box 202, Toronto, phone Main 6380.

SHELBOURNE AGAIN BEAT EXCELSIORS

Fred Washburn refereed the game at Shelburne yesterday when the home team again beat the Brampton Excelsiors in the return game of the Ontario Junior lacrosse series, 2 to 2. When all members of the two clubs are asked to be on hand for a work out.

Both clubs invite new members and any one interested in the British rugby game will be made welcome. Enquiries regarding membership of either club will be gladly answered by W. T. Freeman, P.O. Box 202, Toronto, phone Main 6380.

BROADVIEW BOYS' FALL FAIR.—The entry list for the Ontario boys' athletic championships, being held under the sanction of the A.A.U. of Canada, is very encouraging, and there is every indication of one of the largest boys' athletic meets that have ever been held in the province. Entries and inquiries have been received from Cobalt, Oakville, St. Marie, Waterloo, Hamilton, Oakville, Ontario, Long Branch.

The meet will be held on Saturday afternoon, September 25, at 2 o'clock. Entries close Saturday, September 18. Information from playground centres and Y.M.C.A.'s.

REMARKABLE GIRL GOLFERS.—London, Sept. 16.—The girls' golf championship was won today by Christina Clark. Remarkable performers were uncovered in Barbara Griffiths, aged 14, and Ruth Phiarzyn, aged 13.

Man o' War, Sir Barton Or Exterminator?

It looks like Trainer Bedwell believes he can get Sir Barton to meet Man o' War during the meet at Windsor for A. M. Orpen's \$50,000 purse. The races there are Oct. 5-13, and it remains to be seen whether or not Mr. Riddell will accept for the three-year-old champion, also the owner of Exterminator. However, the latter is not essential, but would increase the interest and, of course, would have his supporters. While Man o' War is sure to start favorite, Sir Barton would have a number of loyal supporters, and the result of the race would depend a lot on the condition of the horses three weeks hence. The race would likely be 1 1/4 miles, weight for age, without penalties and allowances.

The Canadian Racing Association's weight for such a race would be as follows: Man o' War, 120 lbs.; Sir Barton, 115 lbs.; Exterminator, 110 lbs.

Man o' War, 3-year-old colt..... 120 lbs. Sir Barton, 4-year-old colt..... 115 lbs. Exterminator, 5-year-old gelding..... 110 lbs.

Man o' War is a big, strong chestnut colt, three years old, the winner of all his races as a two and as a three-year-old. He has won the Derby, so far he has won away from his field and broken most of the American records.

Man o' War is a four-year-old, with a brilliant record in his three seasons, now a consistent performer, full of courage and stamina. He has won many races, and much money, and has been beaten only at times. He had a somewhat uncertain development, and by the most assiduous care and treatment, later on by hard drilling, he was made into a reliable racehorse.

Exterminator is a five-year-old gelding who ran and won a great two-mile race on Tuesday with 123 pounds up. His time, 2:21 4-5, beat all the American records.

Should the trio meet it would easily look like the turf event of the season, and might easily prove the race of a century.

BEST COURSE FOR DUNLOP TROPHY RACE

Dunlop Trophy race officials have been motoring over the various roads near Toronto with the object of getting the best course for the 1920 race.

They have now definitely decided on the Danforth-Markham road. This road for about two miles from the eastern terminus of the Danforth car line has recently been overhauled and is in great shape.

The Danforth-Markham course was used by the Dunlop Company in 1917, 1916 and in 1914. Last year's race was held in London, Ont.

The date of the trophy race will be announced in a few days.

LAST REGATTA OF SEASON.

The annual regatta of the Alexandra Yacht Club will be held on Saturday next off the Western Gap. There will be races for 14-foot dinghies and 16-foot skiffs. In addition, there will be a handicap race for all other classes. The regatta will be held on account of bad weather till Sept. 25.

MAYOR'S NEXT MOVE IS PRICES OF BACON

Thinks Packers Are Getting Away With Too Much Profit — Health Department Will Investigate — Allege Restaurants Making Two to Five Hundred Per Cent.

A request has been sent to the medical health department by Mayor Church to start an investigation into bacon prices. He expressed the opinion yesterday that the packers were getting away with too much profit. When the O'Connor investigation was held three years ago hogs were then selling at 20 to 21 cents, the mayor points out, and bacon was selling around 55 cents a pound. Today hogs are selling around 15 to 16 cents and bacon from 62 to 70 cents a pound, indicating a greater margin of profit now than formerly.

The report on food prices charged by restaurants has been prepared by Dr. Hastings' department, and Mayor Duncan, representative of the board of commerce, is engaged in preparing a report on overhead costs. The report on prices shows restaurants are charging from two to five hundred per cent. profit on some foods, but the overhead costs will cut these percentages considerably. The report will be in the hands of Mayor Church today, and will no doubt receive the attention of the police commissioner at that time.

Attacks Legal Department.

Mayor Church has renewed his attack on the city's legal department for failing to take legal action against the Toronto Street Railway to collect the percentages of earnings now overdue for two months. Some time ago the mayor instructed the lawyers to get busy but it is understood they will not launch a suit without instructions from the board of control. The mayor also criticizes Corporation Counsel Geary for advising that the city would be protected by an agreement to defer the payments providing the legislature approved.

Said his worship yesterday: "I believe the city council will support me with a big majority in opposing the application of the Toronto Railway Company to vary their contract by postponing the percentages. We are not going to depend on our legal department for advice in this matter as I believe it is wrong in law and fact. We cannot vary the contract without violating it. If the company is as solvent as they say they are they will have no trouble in borrowing from the banks themselves. We have a very weak legal department to offer such advice as they are giving. I am one of the trustees for the public, and will see the contract is not varied. I have already instructed the legal department to go ahead and collect the money and they can do so by a specially endorsed writ and get speedy judgment. If they cannot do it, there are other lawyers who will carry out instructions, as I am fast losing confidence in the results this department is obtaining."

Collecting Information.

Mayor Church, who has accepted, at the hands of the board of control, the job of running down the milk producers, if any exist, has not yet had a writ issued against the milk dealers, on the grounds that they were a combine in restraint of trade, which was hinted on Wednesday that such action would be taken.

When asked yesterday what was being done, the mayor replied: "Dr. Hastings is collecting information, and I have asked Acting Chief Constable Dickson to investigate and get the facts." The smallpox epidemic, which began ten months ago, and has now disappeared, cost the city \$145,000, it was stated at the medical health department yesterday. The bulk of the expense was incurred in equipping the Riverdale Smallpox Hospital.

Will Divide Taxes.

Toronto will have to divide with Hamilton the taxes accruing on W. B. Cleland's \$10,000 income, and the assessment commissioners of the two cities will make the adjustment. Mr. Cleland, who occupied the position of manager of the government dispensaries in Toronto, succeeded in having his Toronto assessment canceled, on the ground that he was a resident of Hamilton. On May 11, 1929, he wrote the Toronto assessment commissioner that he had "never at any time been a resident of Toronto, my home being in Hamilton, where I have lived since 1907. I have been located in a business way in Toronto for the last three years in the imperial munitions board, and in the department, but travel up and down each day."

In a letter dated June 23, 1919, to Assessment Commissioner McLeod of Hamilton, he wrote: "I am making my income in Toronto, and have been living there for the last two and one-half years, and have to pay income tax in that city. You could hardly expect me to repeat in Hamilton. I do not mind paying in Hamilton if you show me how I can avoid paying in Toronto."

It was shown at the court of revision yesterday that Mr. Cleland had paid no taxes in Hamilton in 1919 on his new income. The executors of the Turner estate succeeded against the assessment of \$12,500 on an acre on six acres of land on Devonport road. The court reduced the assessment to \$10,000 an acre.

SELECT LOCAL BOARDS FOR MOTHERS' PENSIONS

The members of the Mothers' Pension Board are busy with routine work of appointing local boards, of which it is estimated there will be about 90 throughout the province. Beginning with the capital, some of the appointments made are:

Ottawa: Mrs. Charles Thorburn, Mrs. Bryce Stewart, Madame S. Lelievre, F. W. McRae, Thos. S. Burn and A. G. Cameron. The Guelpch board appointed by Mrs. Goldie, Mrs. A. Anderson, J. M. Taylor, C. W. Dawson and H. Quarmby.

The board have appointed Miss Frances McDonald special investigator, with Toronto as her centre, and Harry Bentley, a returned soldier, has been placed in charge of the records.

HORSE, WAGON AND CHICKENS VANISHED

When F. Shankman, 84 Palmerston avenue, emerged from the market, where he had been making some purchases yesterday afternoon, he found that his horse, wagon and a number of chickens had disappeared. Very much perturbed, he hunted around until he found P. C. Dunn (140), and the two made a search of the vicinity, finally coming on Fred McCue, 237 East King street, who, the police allege, was driving from place to place trying to sell the chickens. He was immediately placed under arrest on a charge of theft.

FARM PURCHASED BY HARBOR BOARD

Will Secure Top Dressing for the Sunnyside Reclamation Work.

The Toronto harbor commission has purchased a 96-acre farm near Pickering, in order to secure top dressing for the Sunnyside reclamation work. It is estimated that 30,000 carloads of loam will be required. A siding will be built to the farm to facilitate loading. The entire harbor reclamation scheme will add 894 acres to the city's land holdings, made up of 192 acres off Sunnyside, 350 acres at the island, and 352 acres east of Cherry street.

The home of the late C. A. B. Brown at 47 Wellesey street has been sold by the executors to H. M. Asling for \$20,000. The lot has a frontage of 55 feet and a depth of 150 feet.

The following permits were issued by the city architect's department yesterday:

W. Headley, store and dwelling, north of Applegrove avenue, near Morley avenue, \$4,500.

Mrs. E. Hanna, detached brick dwelling east of Twellen avenue, near Evelyn Crescent, \$7,000.

J. Detez, one pair semi-detached stores and houses, 2180-2182 East Queen street, \$14,000.

THIRTEEN CALLED TO BAR OF ONTARIO

Suggest Limitation of Candidates—Two New Women Lawyers Admitted.

Eleven men and two women were yesterday called to the Ontario bar before Justice Logie. Commenting on the rush to the legal profession, a benches suggested that it would be an excellent idea if admission of candidates as students-at-law could be limited as was suggested with the medical profession. He had the impression, however, that the Law Society of Upper Canada was under the statutes required to admit anyone with the required qualifications. "I think that you will see the standard raised," he added. "Something must be done."

SETTLERS WOULD NOT STAY ON LAND FOR AMALGAMATION

New Ontario Colonization Company's Affairs Are Investigated.

The affairs of the ill-starred New Ontario Colonization Company were inquired into by the Riddell-Latchford commission yesterday. In 1913 W. K. Jackson of Buffalo secured from the Hebert government two townships on the understanding that within two years at least 2400 acres would be prepared for settlement, houses and barns built, and at least 16 bona fide settlers brought in per year for three years. It was shown in evidence that from 1912 to 1929, only 20 settlers had been secured, and only seven were on the land now, and only 250 acres cleared and settled. But in that period the company had cut and sold 19,000 cords of pulpwood, 22,000,000 feet of sound lumber and 10,000,000 feet of logs.

Heavily Capitalized.

In his evidence Mr. Jackson said the company was capitalized at \$1,250,000, of which \$250,000 was preferred stock fully paid up, and of which Rushworth and Wigwe owned only one share, par value \$100 each. First negotiations with the government were made by Rushworth. He was to receive a commission from the other two for his interest; there was merely a sort of elastic understanding on that point. Justice Riddell: "Had you no agreement with Rushworth as to the interest which he and his friend Wigwe should have?"

Danes Soon Departed.

The company had brought out 52 Danes as settlers. "Did they stay on the land?" "Unfortunately they did not." "Until they could get away," remarked Mr. Harding.

"Well, I suppose you put it about right," witness admitted. He relieved most of them were still in the country. Asked if there were any bona fide farmers up there at all, witness said: "Yes, we have contracts that total \$2."

"Are there any settlers here?" "I don't mean contracts," said Justice Riddell, "but yes, six or eight." The war had interfered, prospective settlers had enlisted. If they came back they would be welcomed and could commence again where they left off.

"Have you received any letters from the government that your company was being shut up to the strict letter of the contracts they had entered into?" "Yes, I have some such letters."

Many Did Not Sign.

Examined by Mr. Bain, witness said that 89 persons had signed settlers' contracts, and that 27 more had had their names entered on the list. Justice Latchford: "Did it not occur to you that the best people to settle that country are people who live in this country and who are used to the climate—for example, the French-Canadians?" "Yes, I agree with you. All those 27 who paid their money but did not sign, were French-Canadians." Witness thought the military service act might have caused this.

"I was wondering," remarked his lordship, "whether that measure synchronized with the disappearance of these French-Canadians?"

Judge Riddell's Aside.

Justice Riddell later observed: "I must say it pleases me, Mr. Jackson, to think that the American citizen takes such an interest in our province that he would almost sacrifice business interests over that we should have more settlers."

The inquiry will resume on September 29.

Chartered Accountants Seek Reciprocity in Membership

Altho chartered accountants of British institutes are welcomed in Canada, the same privileges of practice are not granted Canadian accountants in Great Britain. An effort to eliminate this condition was proposed yesterday by the Dominion Association of Chartered Accountants which closed its convention. Owing, however, to differences of opinion as to the mode and extent of approach to the British session, it was decided to leave the session in abeyance for another year.

TIGHTNESS OF MONEY CAUSES BIG SLUMP IN HOUSE BUILDING

Freight Rate Increase on Lumber Is Also Contributory Cause.

EXPECT IMPROVEMENT

There has been a decided slump in the house building industry in the last month, and the chief reason for this situation is said to be the scarcity of funds for building loans. Representatives of several loaning concerns told The World yesterday that the demand for loans was still active, but the money was not available to meet the demand, even at the 7 1/2 per cent, which is now the prevailing rate.

Some improvement of the money supply is expected after progress has been made with the movement of the western crops. It is reported that some of the financial houses are demanding 8 per cent. for funds, but no confirmation of this was obtained.

The falling off in building operations has created a quiet market for lumber, tho the increase of freight rates is partly responsible for the depression. A Toronto representative of British Columbia mills said yesterday that he could not compete under the new freight schedules with Ontario and eastern lumber companies in rough building lumber, and he was not placing any more orders for the present.

Rates from Vancouver to Toronto has been raised from 77c to \$1.05 1/2 per 100, which adds from \$5 to \$8 per \$100 to the Toronto price. British Columbia fir has moved eastern hemlock out of the Toronto market all summer, and there are said to be large stocks of rough hemlock available in Ontario, which will now be able to take advantage of the big freight penalty on British Columbia stuff. No. 1 common fir and also hemlock now in the market are selling around \$55 per 1000.
