PREFACE.

In submitting the Second Edition of the New Brunswick Directory to the public, the Publisher feels confident that it will be found deserving of general patronage.

Great exertions have been used to make it more comprehensive and accurate than the first Edition, and with success, the whole number of names given exceeding, by several thousands, those contained in the former Edition.

The Publisher has also gone to a great expense in compiling a Business Directory of Montreal and Quebec, making the work very useful to parties extending their business in that direction, and will here say that he feels flattered by the patronage bestowed upon the work by merchants in those places, and believes that all parties will be satisfied with it as an advertising medium,—it having such a general circulation throughout the Dominion.

In the next Edition, to be published in October, 1869, he hopes to achieve still greater improvements, and trusts he may meet with still greater patronage and support.

The Appendix will be found very copious, carefully revised and corrected to the present.

JAMES A. T. BIRD.

JOHN LOVELL,

BOOK AND JOB PRINTER

AND

Blank Book Manufacturer,

ST. NICHOLAS STREET,

MONTREAL.

THE undersigned has greatly enlarged and otherwise improved his premises, which he has adapted, in every respect, for carrying on an extensive Book and Job Printing and Blank Book Manufacturing Business. The Compositors' Rooms are well stocked with a large variety of Plain and Fancy Types, embracing the newest designs. The Establishment is furnished with twelve Steam Printing Presses, nine Steam Smashing, Sawing, Cutting, Stamping and Hoisting Machines, six Hydraulic and Hand Presses, together with Ruling, Backing and Paging Machines, all in thorough working order, which enables him to turn out large quantities of work at very short notice. Over 150 persons are employed in this Establishment.

Country Orders for PRINTING and BLANK BOOKS carefully attended to, and work despatched by the safest and cheapest modes of conveyance.

LOVELL'S SERIES OF SCHOOL BOOKS.

THE Undersigned, having long felt that it would be highly desirable to have a SERIES OF EDUCATIONAL WORKS, *Prepared and Written in the Dominion*, and adapted for the purposes of Education, begs to call attention to the Text Books with which he has already commenced this Series. These works have met with a very general welcome throughout the British Provinces. The Publisher feels confident that the eulogiums bestowed upon them are fully merited, as considerable talent and care have been enlisted in their preparation.

A SILVER MEDAL was awarded to LOVELL'S SERIES OF SCHOOL BOOKS, at the Grand Industrial Exhibition held at Montreal in honor of the visit of His Royal Highness the PRINCE OF WALES. A MEDAL and DIPLOMA was awarded at the Dublin Exhibition in 1865.

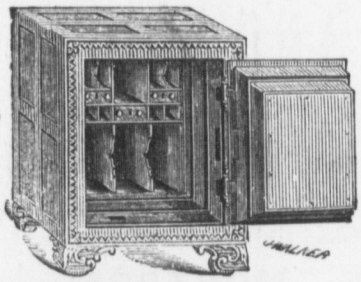

JOHN LOVELL,

BOOK AND JOB PRINTER, AND BLANK BOOK MANUFACTURER.

6. Nothing in this Act shall extend or be construed to extend to relieve any articles from the payment of any Duties now payable thereon, and imposed under and by virtue of an Act passed in the nineteenth year of Her present Majesty's Reign, intituled *An Act for levying an Impost for Railway purposes*, or under the provisions of the fourth Section of the Act passed in the twenty-fifth year of Her present Majesty's Reign, intituled *An Act in addition to and in amendment of the Acts imposing Duties for raising a Revenue, and in amendment of an Act passed in the nineteenth year of Her present Majesty's Reign, intituled 'An Act to levy an Impost for Railway purposes.'*

7. That the words "first cost," and "costing," used in this Act, or in the Acts hereby continued and amended, shall mean the cost or value of the articles at the port or places from which the same are imported.

A material change will probably be made in the foregoing establishment and rates of duties, immediately after the first meeting of Parliament at Ottawa.

Patented November 13th, 1866,

CORNER ST. HENRY & ST. JOSEPH STREETS,

MONTREAL.

"As an Organ Builder, Mr. Warren stands confessedly at the head of "his profession, and has made for himself a reputation not merely Pro- "vincial, which places his talents and ability above question, and gives "him the confidence of the public. His Instruments are to be found in "every part of Canada, and they have been thoroughly tested by some "of the most competent judges, not only of this country, but of Europe, "and in no instance has a verdict been rendered against him. On the "contrary, every Organ he manufactures, obtains for him the highest "testimonials for intelligence and ingenuity."—*Montreal Transcript.*

SANBORN'S
STEAM FIRE-PROOF SAFE,
THE BEST SAFE IN THE WORLD.

THE INVENTOR'S CLAIMS.—MR. SANBORN claims that ANY SAFE containing his improvement will preserve its contents WHOLLY UNINJURED in a Fire that would ENTIRELY DESTROY the contents of the same or a similar safe without it. He also claims that his invention will render a Safe absolutely fire-proof for any desirable length of time. These claims he has fully substantiated repeatedly at both private and public trials which he has made.

In the great Fire in Portland the contents of nearly 100 Safes were utterly destroyed. With the Steam Improvement not one of these Safes could have failed.

THE BOSTON MEDICAL AND SURGICAL JOURNAL.

THIS well known and long established Periodical entered upon its Seventy-sixth Volume in February, 1867. It will be issued Weekly, as heretofore. Its editorial management is entrusted to two of the Medical Faculty of Boston, Members of the State and City Societies, and well qualified for their place by scientific and literary attainments. Aid is also freely given by many of the leading Physicians of Boston, and contributions are received from eminent members of the profession in other parts of the country. All the Medical and Surgical Reports made to the Boston Society for Medical Improvement are inserted in the JOURNAL, and also the more interesting Cases and Reports from other Medical Associations in Boston and its vicinity. Its contents, though mainly of a practical character, are intended to be sufficiently varied to make its weekly visits interesting as well as useful to the Medical practitioner. The Price is FOUR DOLLARS a year, payable in advance.

DAVID CLAPP & SON, Publishers, 334 Washington St., Boston.

MASON & HAMLIN,

MANUFACTURERS OF

CABINET ORGANS,

ALSO

PORTABLE ORGANS,

ADAPTED TO SECULAR AND SACRED MUSIC; FOR DRAWING-ROOMS, CHURCHES, SUNDAY AND DAY SCHOOLS, &c.,

Uniting to a considerable extent the capacity of the Piano-Forte with that of the Pipe-Organ, and costing much less than either.

They occupy little space; are elegant as furniture; not liable to get out of order; and are securely boxed, so that they can be sent anywhere by ordinary freight routes, all ready for use.

FORTY STYLES, PLAIN OR ELEGANT CASES; ONE TO TWELVE STOPS; PRICES, $75, $90, $110, $125, $130, $140, $150, $160, $170, $200, $225, $250, $300, $425, $500, $550, $600, and UPWARDS.

The MASON & HAMLIN CABINET ORGANS were introduced four years since, and are a great improvement upon the Melodeon, Harmonium, and other reed organs, greatly excelling them, especially in the excellent quality and variety of their tones; in power and quickness of action, and capacity for expression.

THEIR SUCCESS HAS BEEN ENTIRELY BEYOND PRECEDENT,

and proves how greatly such an instrument was needed. Again and again the manufacturers have been compelled to double their manufacturing facilities, until they have been increased six-fold. From the most eminent of the musical profession, the most distinguished pianists, organists, composers, and musical directors, the MASON & HAMLIN CABINET ORGANS have received an amount and degree of commendation never before bestowed upon any similar musical instrument. More than two hundred and fifty of the most eminent musicians in the country have given written testimonials to the value of the improvements contained in them, and that they excel all other instruments of this class.

FIFTY-SIX GOLD or SILVER MEDALS, or other highest Premiums, have been awarded to MASON & HAMLIN for the important improvements effected by them, and for the

SUPERIORITY OF THEIR INSTRUMENTS TO ALL OTHERS.

Constantly exhibiting their instruments in competition with others, they have been awarded the highest premium in every instance, but three or four.

For Churches, Sunday Schools, &c., the MASON & HAMLIN CABINET ORGANS are the instruments long wanted—of the very best quality, abundant power, not too expensive, nor liable to get out of order.

For private use, in drawing-rooms, &c., they are not less desirable, and are finding a place in the musical families of the principal cities.

They are adapted to a wider range of music than the piano, being better fitted for all sacred music and for much secular music, while their quickness of action is such that the most lively, rapid music, can be played on them. Then their cost is greatly less, as well as their liability to get out of order.

The MASON & HAMLIN CABINET ORGANS must not be confounded with other reed instruments, from which *they vary essentially*—their superiority being largely derived from PATENTED IMPROVEMENTS, *which cannot be employed by other makers.* Among them are:

The AUTOMATIC BELLOWS SWELL (patented), a most important invention, and greatly the best swell ever devised, being much more effective and easily used than any other. The variety and beauty of effect of which it is capable cannot be appreciated except from actual use. The many attempts to imitate or find a substitute for this, well prove its value. None of them, however, approach it in excellence and simplicity.

IMPROVED SELF-ADJUSTING VALVES (patented), secure much more perfect action, durability, and freedom from liability to get out of order.

WOOD'S OCTAVE COUPLER (patented), in effect nearly doubles the power of the instrument in which it is used.

NOISELESS SAFETY VALVES (patented), prevent the hissing sound often heard.

The IMPROVED COMBINATION REGISTER (patented), gives great facility in drawing stops.

Circulars, with full particulars, and list with illustrations of styles and prices, sent free to any address.
