Says He Was Not Holding Government to Contract—Challenge to Meighen

Ottawa, Jan. 17.—In a letter to the press Sir Charles Ross deals with an assertion made by Mr. Arthur Meighen in a speech in Montreal that the government were powerless when defects developed in the Ross rifle, because they were bound by a contract made with the Ross Rifle Company by the Laurier government, because it was "bound" as like to know authoritatively what Mr. Meighen means by the word "bound" and continue:

"Does he mean to repeat the historical platitudes that governments of Canada keep faith and are a result bound by agreements made by themselves or their predecessors? Or does he allege that the government, because it was 'bound' as a result hampered and prevented from taking the best course in the general interest of Canada, which was, and is, fighting for its very existence?"

Hard to Get in Germany Even at That

A. P. MAN OUT OF BERLIN

Says Food Situation Has Grown Much Worse During Last Six Months—Police Order Before One May Buy Clothing

Stockholm, via London, Jan. 17.—The food situation in Germany has grown much worse during the last six months, according to the experience of an Associated Press correspondent who has returned from a trip to Berlin. Potatoes are so scarce that this week's per capita ration in Berlin was less than four and a half pounds. This is attributed in part to the farmers withholding shipments until February 15, when higher prices will be permitted but it is not denied that the crop is insufficient to meet normal demands. No cheese has been on the market since August and eggs are unobtainable, except surreptitiously at sixteen to twenty cents each. Berlin's daily milk receipts are about 350,000 litres against a normal 1,000,000 and it is impossible to buy except by permission of the police. This latter, however, may be merely a precautionary measure as the shops appear well stocked with clothing.

Chief Burgomaster Wernuth, as well as the heads of other cities, complain that the larger towns are compelled to suffer unnecessary hardships because the system of distribution of foodstuffs has failed in many respects. In some cities the situation seems to be better than in others and a Berlin business man told the correspondent that he had spent Christmas in a Rhine city where he got plenty of meat and bread without being required to show a bread card or meat card.

PASSPORT OF CAILLAUX HAS BEEN WITHDRAWN

Ex premier of France Was Accused of Trying to Bring About Separate Peace

Rome, Jan. 17.—(New York Sun cable)—M. Joseph Caillaux, French ex-premier, has had his diplomatic passport withdrawn by the French government, a retrograde step under his administration the greatest military programme, surpassing even that of Germany, has been passed. America is preparing to become the second naval power in the world. American imperialism, after Cuba, the Philippines and the Sandwich Islands and Panama, is now looking at Canada to the north and Mexico to the south."

POLICE COURT

In a St. Andrew's street house raided by the police early this morning, two married women, whose husbands are now at the war, two soldiers from a local regiment and a twelve-year-old child were found. This morning in the police court the women were given six months in jail without the option of a fine and the little girl will be looked after by the Children Aid Society.

The evidence was submitted behind closed doors. When the police entered the house last evening a little girl was found sleeping on a mattress with a dog.

The two soldiers will likely be returned to their units under suspension sentence.

MRS. MARY NASH DEAD

Many friends in this city will regret to hear that Mrs. Mary Nash died suddenly at the home of her son, William E. Nash in Sydney, C.B., on last Saturday. She was the widow of Thomas Nash, who was formerly a well known manufacturer of beverages in this city. About sixteen years ago the family left for Sydney where Mr. Nash continued in business. He passed away about seven years ago. Mrs. Nash was in excellent health until a few days prior to her death. She is survived by one son, William, and five grand children. Her funeral took place on Tuesday morning.

PARCELS RECEIVED

The West Side S. C. A. have received more than fifty acknowledgments from their Christmas parcels. The following from a West St. John boy speaks for itself:

Dear Mrs. Fraser: Many thanks for the splendid parcels sent to the boys of the 131st Battery. With thanks and good wishes, I kindly thank the ladies for them. I think I express the opinion of members of this battery when I say the ladies of the West Side S. C. A. are certainly doing their share in carrying on the war.

With the assistance of the home folks we are sure to "stick" it out and see it through to a victorious end.

ROY A. RING

There were 287 parcels packed and sent at Christmas and through the contributions of the West Side people on their tag day, 168 more were sent.

For First Time Since November Teutons Are Failing to Make Advances in Roumania—Greece Now Has Definitely Given in to Allies

London, Jan. 17.—It is remarked here that the Teutonic allies now, for the first time since mid-November, are failing to make advances in Roumania and that the offensive for the moment, at least, seems to have passed to the Russians and Roumanians. Information is lacking as regards the cause for the slow-up of the movement. Some reports say the Russo-Roumanians have received large reinforcements and guns and munitions but elsewhere the question is asked whether the situation is not due to the winter in Northern Roumania which is as severe as that in mid-Russia.

The Post's Petrograd correspondent says the opinion prevails that the Russian stroke in the direction of Mitau had a disconcerting effect on the German arrangements which has been heightened by the increased activity of the Russians on various other sections of the northern front. The correspondent says the German lines are thinly laid everywhere except in Roumania and that the Germans consequently are showing nervousness over the recent Russian moves.

Petrograd, Jan. 17.—The war office announces the recapture of the village of Vadeni, in Roumania, six miles southwest of the Danube town of Galatz.

Greece Accepts. London, Jan. 17.—An Athens despatch to the Exchange Telegraph Company says that the Greek government has accepted the Entente's ultimatum without reservation.

The decision was reached by the Crown Council on Tuesday afternoon, according to the despatch, and was immediately communicated to the Entente ministers. The release of the Venizelists who were arrested following the outbreak in Athens on December 1, is expected hourly.

Western Front. Paris, Jan. 17.—After a bombardment last evening German troops attacked the French lines east of Clerly and south of Clerly and south of Blaches, in the Somme region. They were repulsed. A minor attack by the Germans at Les Eparges, southwest of Verdun, also was repulsed after hand-to-hand fighting. French patrols penetrated the German lines at several points on the heights of the Meuse, in the Verdun region and in the Argonne forest.

London, Jan. 17.—The definite announcement that the Greek government has accepted their ultimatum, the demands of the Allies was received here today in a cablegram from Sir F. E. H. Elliot, British minister at Athens.

Frederic J. Jennings, counsel for the Associated Press, requested yesterday's postponement on the ground that the defendants' answering affidavits had been "dumped in on him" at the last minute, some of the documents reaching him as late as 11:30 o'clock yesterday and none earlier than eight o'clock on Monday. He objected to further postponement, but Judge Hand adjourned the case until 11:30 o'clock this morning.

RECENT DEATHS

Charles Baillie. Friends of all ages and of all ranks will sincerely mourn the passing away of Charles Baillie, whose death occurred yesterday afternoon at his home in Germain street at the age of eighty-one years. For forty-five years he has conducted a fishing tackle and tobacco store in this city and during these years he has established an international reputation as an authority on the subject of fishing and other outdoor sports. He was always ready to share his knowledge with those who sought his advice and his genial disposition and his fine character made him a citizen who ranked high in the regard and respect of the community. He enjoyed excellent health until the close of the old year, when he began to fail and since Sunday he has been confined to his bed. Mr. Baillie was born in Inverness, Scotland, and was the son of Captain Alexander Charles Baillie, of the East India Company's service and the grandson of Colonel Baillie, of Leys Castle, Inverness. Before coming to Canada he was connected with the Highland Railway Company and emigrated in 1870. Two years later he opened a fishing tackle store and by the time of the St. John fire, five years later, he had already achieved almost an international reputation as an authority on fishing rods, etc. Himself an enthusiastic angler, he had fished practically all the salmon rivers in New Brunswick and some in Quebec, besides whirling myriads of smaller brooks in quest of the smaller trout. He was also a noted woodcock shot and a keen currier, being one of the oldest members of St. Andrew's curling club. He was a member of St. Andrew's Society.

MYSTERY OF TORONTO BLOCK SOLVED BY ANNOUNCEMENT OF NEW RAJON BUILDING. Toronto, Jan. 17.—"The mystery block" at the corner of Yonge and Carlton streets, so called because the identity of the purchasers could never be established, is a mystery no longer. A local paper states, it has learned from an authoritative source, that the T. Eaton Company will erect a new department store on the property. The new store will be 250 by 250 feet and will be eight stories high. Bids on the steel construction work are now being asked by the T. Eaton Company.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL. If Cross, Feverish, Constipated, Give "California Syrup of Figs". Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them. Do you own children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them. If your child's stomach, liver and bowels need cleansing, give only delicate "California Syrup of Figs." Its action is positive but gentle. Millions of mothers keep this harmless fruit laxative handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach; and that a teaspoonful given today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeiters here. See that it is made by "California Fig Syrup Company." Refuse any other kind with caution!

Ottawa, Jan. 17.—Sergeant Albert Edward Ryan, of the 240th Battalion, was arrested at Pembroke by Detective Inspector McLaughlin on a charge of bigamy. The police say that Sgt. Ryan is a very much married man, and that he has at least four wives, two of whom live in the city, and two in Montreal, where he is also wanted for bigamy. When arrested Ryan was living with his third wife, whom he is said to have married in Ottawa last December, and she accompanied him to Ottawa with Inspector McLaughlin. Ryan is said to have married the other women under the aliases of McMann and Mann, and the Montreal police are being communicated with so that Ryan can be confronted with the rest of his wives.

A WISE MOTHER'S STORY

Mothers and Daughters Read Carefully and Profit by It

"I am convinced," writes Mrs. A. B. Hopeford of St. John, "that a majority of young girls who suffer from nervousness and other ailments neglect their health at the critical time when carefulness is most important. If a girl's health is neglected from her eleventh to sixteenth year her body will be weak and she becomes a ready victim of typhoid, anemia, and many cases consumption itself. In my sixteen year my daughter, a feeling I should respect, and so by good fortune I was led to use Ferrozene with most gratifying results. My neighbor next door, Mrs. Woods, had found Ferrozene so good in nervousness that she persuaded me that it would restore Flossie's health, and from the time the second box was commenced her improvement was constant. She is now a big, strong girl, ruddy and plump, able to study hard and to take her share of household duties. I am an earnest advocate of Ferrozene. We all use it now as a tonic and it is certainly a most valuable one. All dealers sell Ferrozene, 50 cents per box or six boxes for \$2.50; procure a supply today."

BATTALIONS OF 700 OVERSEAS AS UNITS

Under This Strength to Leave in Drafts—N.C.O.'s May Step in

(Toronto Globe) In connection with the new policy affecting the movement of troops from Canada to Great Britain, it is announced in Toronto that in future battalions with a strength of 700 men or over will go overseas as units in charge of a commanding officer. With respect to the battalions which have less than 700 men, drafts will leave from time to time in charge of commanding officers. As previously intimated, all officers, upon arrival in Great Britain will revert to the rank of lieutenant, unless they secure other positions with a higher rank, those who do not wish to go to the front as lieutenants will come to Canada at the end of three months. Several units in the Toronto military district have been warned for departure overseas in the near future in addition to the 108th battalion (Canadian Buffs). These include drafts from the artillery, the Canadian mounted rifles, the Royal Canadian Dragoons and the army medical corps. Reinforcements are to be recruited for forestry battalions and the officers in charge of recruiting have been given authority to enlist men in New Britain. Promotion of N. C. O.'s. NUNC DIMITTIS

The Standard quotes with approval the following from the Winnipeg Telegram, the organ of the Manitoba Tory machine:

"The outcry for a national government must depend upon the assumption that the present government is not a national government. A national government is one which rightly interprets the spirit and enforces the purpose of the nation. To win the war is the spirit and purpose of this nation. Any man who says that this government is not loyal to the spirit and purpose of the Canadian nation lies—and the truth is not in him."

Every profiteer who has been enriched by the favor of the government and its patronage committees will say amen to the Telegram and the Standard. They cannot conceive of a government without a patronage committee. Such a conception would do violence to their most cherished beliefs. Hearken to this other plea of praise:

"The government is absolutely unafraid of being defeated and destroyed, not because it might not be defeated and destroyed, but because if it is defeated and destroyed when the purpose of its existence is accomplished, it is doing the thing which it was created to do. It is a serene consciousness of having fought a good fight and kept the faith and honor of this country."

The nunc dimittis begins: "Lord, now lettest Thou thy servant depart in peace." The Borden-Nationalist government and its patronage committees, with ex-Col. J. Wesley Allison et al, as "servants of the Lord" may appeal to the Winnipeg Telegram and St. John Standard. It is a matter of religion, pure and undefiled, with them, no doubt. It may be added, also, that there are a lot of people in Canada today who would be very glad to hear the nunc dimittis of the Borden government. It would sound very good to them.

ST. JOHN'S SHAME

It may be hoped that the abolition of the chain-gang is but preliminary to the establishment of an industrial farm for drunks, vagrants and other minor delinquents. There is absolutely no excuse for keeping a large number of able-bodied men in idleness in the jail, fed at public expense, and contributing nothing whatever in labor or otherwise toward their own support. Moreover, such men come out as bad or worse than when they went in; whereas, if they were given healthy employment on an industrial farm they would be able to contribute something to the care of families whose breadwinners were in the institution. The people of St. John are amazingly short-sighted or indifferent. They permit social conditions to exist which produce heavy burdens for the community, and the best they can do is to put a few more men and women in jail and keep them there, and provide other institutions to care for some of the children. The whole condition of affairs is so utterly foolish that it is strange such organizations as the Board of Trade and Rotary Club, to say nothing of the churches and their members do not give their attention to the whole subject and insist upon changing the whole method of dealing with the delinquent and the unfit. There are men in the city who could lay before a committee of ministers and laymen facts concerning social conditions in St. John which would shame a community of Hottentots. Take a case reported in the morning papers. A man and woman who are not married, and who had moved out of the city, were found with two children and a starting horse, all living in a shack in the county without proper windows or furniture; no food, no clothing, nothing but hunger, utter destitution and filth. There was another child, but it was still-born, the mother being without medical attendance or even the care of a woman. This is a horrible story—a story some people may say ought not to be printed. But why not? If it were the only case there might be some reason for silence—but it is not. The police records, the records of the Children's Aid Society, show that numerous cases of utter disregard for moral restraints are to be found. It has also been shown beyond dispute that many children of school age are not at school, and that too many others leave school before they have anything like a proper degree of knowledge and training.

The Social Service Congress to be held in this city need not go to New York or London or Pekin, or some pagan community, for illustrations of conditions which ought not to exist in a Christian community. Compulsory attendance at school, medical inspection and school nurses, classes for backward pupils, a Home for the Feeble-Minded, wider use of school houses for community service, and an awakening of the community spirit which would make the people care as much for the heathen at home as the heathen abroad are the great needs of the time. It is easy to be interested in a picturesque heathen some thousands of miles away, but not so easy perhaps when he or she is a dirty, lazy and immoral wretch, living

in the adjoining street. And yet, if we fail in our duty in the adjoining street we are piling up future trouble for the community. There is need, among other things, of an industrial farm for minor delinquents, and there could well be attached to it institutions for the feeble-minded, where they could be segregated and cared for, and prevented from reproducing their kind.

The Germans are bent upon getting the assistance of the Greeks or stirring up trouble there to such an extent that the Greeks will not give much help to the Entente Allies. With the assistance of King Constantine and the pro-German party in Greece they have been able to keep that country thus far out of an alliance with their foes, and the latest reports are to the effect that some Greek soldiers are joining the forces of the Central Powers. Sooner or later, however, Greece must yield to the demands of the Entente Allies.

If the Housewives' League can awaken the interest of all the women in St. John and point out to them ways in which the weekly household budget can be reduced without serious inconvenience to anybody, they will perform a valuable war service. It cannot be disputed that a general curtailment of expenditure is quite possible. It is merely a question of thought and method.

Sir Robert Borden says there will be no conscription of labor. The Borden-Nationalist government and its patronage committees, with ex-Col. J. Wesley Allison et al, as "servants of the Lord" may appeal to the Winnipeg Telegram and St. John Standard. It is a matter of religion, pure and undefiled, with them, no doubt. It may be added, also, that there are a lot of people in Canada today who would be very glad to hear the nunc dimittis of the Borden government. It would sound very good to them.

All of the older citizens of St. John and many throughout the province have learned with regret of the passing of Mr. Charles Baillie, a good citizen, a keen sportsman, and a quiet and kindly man who did much to make the sporting grounds and waters of New Brunswick more widely known.

Enlargement of the public hospital is to be delayed for at least three months. Perhaps in March the municipal council will be able to see its way clear to authorize the expenditure. Such a condition as the continual overcrowding of a public hospital should be terminated as quickly as possible.

The king of Sweden wants to see a durable peace. When his friend the Kaiser has been utterly defeated there will be a durable peace, and it is possible under no other conditions. The Kaiser and his war-lords are responsible for all the ills suffered by neutral nations.

It is said the thousands of wives of Canadian soldiers in England, with other female relatives, are to be sent home. It was natural that many should want to go to England, but it was not a wise policy to permit so many of them to go.

A drunken jurymen in a prohibition province (Ireland) would naturally draw from the judge some observations on the general subject of law enforcement.

There should be no difficulty in getting the twenty train crews needed to operate the trains on the new military railway in France. The government's appeal should meet with a ready response from the young railway men.

The alert Swiss are mobilizing more army divisions. If Germany attempts a violation of Switzerland the answer will be prompt and not at all to her liking.

Intangible Assets
As Col. Harris was on his way to attend a Blithe highway meeting he met an old colored man who had lived on his plantation several years before. The negro carried a fowling piece of the Itip Van Winkle type.

"Hello, 'Rastus! How are you making it these days?" asked Col. Harris.

"Fine, Massa George! I's making \$3 a day now."

"That's great, 'Rastus! What are you doing?"

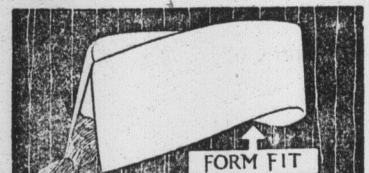

"Hunting! Impossible! There isn't enough game round here that you could get to make you \$3 a day."

"I sure makes it, Massa George. I takes my old gun and goes out into the woods and tramp round all day. Maybe one measy possum'll catch. At evening I goes home and skin him and my day is done."

"But how do you get the rest of your \$3? Surely that one possum doesn't bring you that much?"

"Down to the hotel, Massa George, each possum fetch me 50 cents. I then calculates I's had two dollars and fifty cents worth of fun that day."—Youth's Companion.

NEW BRUNSWICK LADY KILLED IN VANCOUVER

Wife of Lieutenant E. A. Dixon, Formerly of Buctouche Street by Automobile

Three automobile accidents in Vancouver and district late on Saturday caused the death of two persons and injuries to a soldier and a civilian.

Mrs. Dixon was killed and her husband, Lieut. E. A. Dixon, injured while crossing Granville street, when they were run down by an auto driven by Mrs. H. C. Johnson, wife of a C. P. R. conductor.

Mrs. Dixon died en route to the hospital. Lieut. Dixon will recover. They had just arrived from Dawson. Lieut. Dixon is a member of the Yukon assembly, and with his wife had planned to leave for the east on Sunday night to visit their former home in Buctouche.

Lieut. Dixon was a member of the Yukon Battalion, and was soon to join it in England. He is also a member of the R. N. W. M. P.

A NATIONAL GOVERNMENT

(Montreal Financial Times.)
Outside of the regular party organs, which appear to constitute about ninety per cent. of the press of this party-nation, there is beginning to be a somewhat widespread and lively expression of the feeling that the time has come for certain measures which can only be undertaken by a truly national government, and therefore that a national government is necessary for Canada if her share of the war is to be properly carried out.

"Canadian Finance," the Winnipeg paper which has endorsed national-wide interest by its independence and constructive criticism of Canadian politics, comments very forcibly on the regrettable attitude of suspicion among organized labor towards the national service cards, and adds that this attitude "emphasizes the need for a government that can intelligently appraise all interests—and class sensibilities. A cabinet containing a captain of industry like J. W. Flavell, a labor leader like R. A. Rigg, M.P.P., and a farmer representative like President Wood of the United Farmers of Alberta—to mention only three typical men—could be looked to with some confidence to draft a national registration plan that would call for a balanced appraisal of income and of capital resources as well as of man power."

This feeling is by no means confined to Winnipeg or to "Canadian Finance." The nomination of Mr. Flavell is particularly interesting. That gentleman's speech before the Canadian Club of Ottawa a week or two ago was a pronouncement of such power, such grasp and such tremendous sincerity, that it undoubtedly created in many minds a very strong desire to see Mr. Flavell in a position of even greater responsibility than that which he occupies today. Mr. Flavell possesses the quality which is of more importance than all others for a man who is to assume post of leadership of his people in a time of crisis: he can appeal direct to the human heart. The words with which he closes his Ottawa address were words such as this country has been waiting to hear for many a long day—ever since the first casualty lists brought home to Canadian hearts the full meaning of war.

I bring to you, to whatever extent you will permit it, as serious a note as I am capable of indicating, that this great struggle, all the things that are involved in it, all the sacrifices that are being made by your sons and your brothers and your fathers, all that this Empire stands for, all that these people at home are suffering, call upon us to burn up the dross and to pray God that we may be wise and patriotic and truthful and heart-searching in our relations to ourselves, and that we seek above all to be right.

I thank you for your patience. I was brought up in an old-fashioned school. I have memories that neither money nor power, nor place can provide. I have

Stomach Was Very Bad Much Dizziness and Pain

The Liver Got Out of Order and the Whole System Was Poisoned

When the course of the food through the alimentary canal is impeded by sluggishness of the liver or bowels the food remains undigested, and as a result it gives rise to poisonous gases which crowd about the heart, and cause dizziness and choking sensations, as well as irregular action of the heart.

The liver struggles to remove the poisons from the blood, becomes enlarged, and finally fails, allowing the poisons to pass on to every part of the human system. Complications arise, and there is Bright's disease, hardening of the arteries and apoplexy.

The earlier derangements of the digestive system are such as are described by this letter from Mr. Rochoon. He also points the way to cure by use of Dr. Chase's Kidney-Liver Pills.

Mr. Louis Rochoon, R. R. No. 11, Ottawa, Ont. writes: "For about six months my stomach was very bad. I was troubled with dizziness and had gas on the stomach and awful pains in the right side. The liver seemed to be out of order. I began using Dr. Chase's Kidney-Liver Pills. This treatment seemed to be exactly what I needed, and before the first box was all used I was cured and feeling as well as ever. I also used Dr. Chase's Nerve Food when feeling weak and suffering from nervousness, and was soon restored to good health. I am proud of Dr. Chase's medicines, and recommend them above any other medicines."

PROVEN SWAMP-ROOT AIDS WEAK KIDNEYS

The symptoms of kidney and bladder trouble are often very distressing and leave the system in a run-down condition. The kidneys seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Dr. Kimer's Swamp-Root which soothes and strengthens the kidneys is a splendid kidney, liver and bladder remedy, and, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who use it. A trial will convince anyone who may be in need of it. Better get a bottle from your nearest drug store, and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kimer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the St. John Daily Telegraph and Times.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parmitin (double strength) and add to it 3/4 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.

MADMAN OR MOUNTBANK?

Lo, we have called them Huns, have cried them Vandals, And it there aught, my brother, to ussy Now dawn has quenched the night's irradient caniles, And up the Orient climbs another day, rather we have saner grown, and cooler, Despite fresh horror stalking wide abroad, And blasphemous capochonies of a ruler, Madman or mountbank—beseeching God!

New names be theirs from out the dim, dead ages, Names linked with irremediable pain— The swart Assyrian, with his savage rages, The tawny terrible hosts of Tamerlane!

Shall not calamity send a ruthless nation, That sows an innocent land with gaping graves, And then (fit deed for ceaseless execration!) Makes its surviving men and maidens slaves?

There is no word too shameful, too abhorrent, No epithet too violent to be hurled At those that loosed this cataclysmal torrent! And made a reeking shambles of the world!

—Clinton Scollard.

LABOR DELEGATION WAITS ON GOVERNMENT

Ottawa, Jan. 16.—The annual delegation of the Dominion Trades and Labor Congress waited on the government today and presented resolutions passed at the annual meeting last fall.

Among the remedial measures sought were repeal of the industrial dispute act, an eight-hour day on all works, government and private, and fifty cents per day increase to letter carriers.

Ottawa, Jan. 16.—In his reply this afternoon to the labor delegation, Sir Robert Borden, answering the question as to whether there is to be industrial conscription, stated that such was not contemplated by the government.

Have a Good Complexion! The Flower of Good Health

The true secret of complexion lies in the blood. Keep it rich, pure, nutritious, and, above all, keep the system regular. No aid to complexion compares with Dr. Hamilton's Pills. They tone and enrich the blood, clear the system of waste products, promote good digestion, and, in short, establish sound health, which, after all, is the keynote to all happiness and well-being.

JOHN BISHARA MAKES THE SUPREME SACRIFICE

"John Bishara is dead in England," was the brief message received yesterday by George Bishara, his brother, of this city. John Bishara, who was about thirty-eight years of age, enlisted in

JOHN BISHARA, formerly of this city, who has died of wounds received at the front.

Halifax with the 20th Nova Scotia battalion. He was a former resident of St. John, but some time ago moved to Yarmouth (N. S.), where he was in business.

John Bishara's wife died some years ago, but he is survived by a brother, George, of 73 Bess street, this city. He was well known in St. John, and while in Yarmouth was an active member of the Syrian Protective Association, Branch 1.

During his period of training in Halifax he secured a short leave of absence and visited his relatives and friends in this city, when he was given a very warm reception. He has two nephews in the king's service, Joseph Bishara, now in a battalion quartered at Halifax, and Edward Bishara with the 104th battalion in England.

His many friends in St. John will learn with regret that he had died of wounds, received while he was gallantly defending the cause of his adopted country on the battlefields of France.

It's worry that kills, not work

WORK, without worry, never hurt anyone. It's worry, with or without work that is fatal because it uses up energy, vitality and strength.

The brain and nervous system are overtaxed, and the demand for phosphorus, that very necessary element of the brain and nerve tissue, is greater than the supply.

Ordinarily we get enough phosphorus from our food. But under the stress and strain of modern conditions of life, and particularly the anxieties and worries of war time, the daily waste is greater than can be supplied by ordinary diet.

It is then that Sanagen will prove a wonderful aid. Containing as it does the proteids of pure fresh milk, it supplies the phosphorus—the very element that your exhausted nerves and tired brain are starving for.

Sanagen makes digestion improve, the appetite flourish, force, energy, and hope you in a natural way to maintain your health and strength.

Start to-day on a course of Sanagen. Your doctor will recommend it.

British Army is Doing Its Share

Facing as Many Germans as Oppose Much Longer French Line on Western Front

London, Jan. 17.—In discussing with the Associated Press the new line which the British have taken over in France, Major-General F. B. Maurice, chief director of military operations at the war office, replied to the frequently-asked question based on the fact that Great Britain with her great new army, holds only a comparatively small portion of the western front.

"Besides the number facing us," General Maurice continued, "it must be remembered that both climatic and ground conditions along our front are much more severe in any other section in the west. Just now we feel this acutely, as the work is always near the surface in Flanders, and, besides the churned-up ground on the Somme front, we must contend with adverse weather."

Continued Trench Raids "With the numbers facing us, which equal all the Germans on the line between the Swiss border and Rheims, we are bearing our own weight. We continue to make successful trench raids, and these operations are becoming increasingly important."

For example, in the Beaumont-Hamel raid, 100 of our men took 140 prisoners mentioned in the official communication. Reports just received show we are again raiding with equal success, one such position, being attacked, resulting in the capture of 150 men.

ST. JOHN WOMEN FORM HOUSEWIVES' LEAGUE

At a meeting held yesterday afternoon in the Board of Trade rooms the foundation stone of the new Housewives' League was laid, and the prospects are bright for the future of the new organization. The movement aims to reduce the cost of living.

A nominating committee composed of Mrs. Arthur Melrose, Mrs. F. E. Sayre, Mrs. Edward Taylor, Mrs. R. Hooper, Mrs. H. H. Powell, Mrs. A. Dever and Mrs. A. W. Lawlor was appointed. This committee will make a report at a meeting to be held next week in the board of trade rooms.

Among the first commodities and their prices discussed yesterday were included milk, eggs, butter, sugar, and flour. Owing to the fact that the executive machinery so important to an organization of this character had not yet been completed, the discussion was carried along in the current of generalities. It is the hope of the members to secure the sympathy of all the ladies of the city in the new organization so that the crusade proposed against the high cost of living may be effective.

RECRUITING

Yesterday afternoon no fewer than seventeen officers met at the New Brunswick Command office and informally discussed the recruiting situation. Those present were Brigadier-General H. H. McLean, O. C. of N. B. troops; Lieut-Colonel P. A. Guthrie, 290th battalion; Lieut-Colonel J. L. McAvity, chief recruiting officer for the province; Lieut-Colonel L. C. D'Aigle, 169th battalion; Major G. G. ANOTHER SAD CASE COMES UNDER THE NOTICE OF THE CHILDREN'S AID SOCIETY

In connection with a case which is to come before Chief Justice McKewen tomorrow under the Children's Protection Act, it was necessary to summon a woman who lived near Miram, having removed from the city some months ago. At the request of Rev. W. R. Robinson, secretary of the Children's Aid Society, County Constable Saunders arrived yesterday to serve the notice. On arrival at the shack he found windows broken and menials without sunning. The first room he entered had a floor of poles, the next contained a half-starved horse, covered with some old, ragged carpet. There was apparently no fodder for the animal. The next room contained an old stove with the bottom of a cast-iron for a cover, a table and two benches. There was no food except a piece of hard-tack and a few pounds of flour. The only other room contained an old wooden bed, with a dirty old mattress, three blankets and four dirty pillows. A woman and two children, a girl of twelve or thirteen and one of three, were in the house. They were almost naked, and very dirty. The man had run away to the nearby woods, but when called by Constable Saunders he came back. The constable brought them to the Children's Home in Elliott row. Unfortunately the house was full, and it was necessary to make other provision for them until today. This man and woman are not married.

**POSTPONE HOSPITAL WORK;
THE CHAIN GANG ABOLISHED;
COUNTY COUNCIL MEETING**

Despite the strong plea of representatives from the General Public Hospital Commission and the recommendation of the finance committee that \$125,000 be raised to build a new home for nurses and make other improvements, the municipal council voted by a majority of 15 to 4 to delay definite action until the next meeting. Strong protests from almost every quarter resulted in the council voting to abolish the chain gang, or the further use of prison labor on the highways. Councillor Fisher was directed to discharge the guards who had watched the men during the work.

A lively bit of discussion centred around the decision as to what methods should be employed by the four parishes in raising their share of the patriotic assessment. It was finally decided to add the tax to the real estate, personal property and income assessments. That further widening of the scope of activity of the East St. John County Hospital is likely is evident from the vote taken by the council in naming a committee with power to act to confer with the provincial government in caring for advanced cases of tubercular returned soldiers. It is possible that a wing may be added to the present building. If so it will undoubtedly be erected and supported by the provincial government with the aid of \$1.50 per day allowed by the dominion government for each patient.

The recommendations that the wages of new isolation hospital, term of ten years, with interest five per cent, payable semi-annually, be also passed. The recommendation for improvements at the General Public Hospital was held over for consideration under the head of new business. The committee's final recommendation that the property given \$1,000 bonds for the erection and equip-

"My son got his hands covered with pimples or little blisters. They were just as thick as could be and were about the size of a pin head. When he put his hands in water or washed they itched and burned awfully. His hands looked very bad and the skin had thickened and cracked. Then I got some Cuticura Soap and Ointment. I only used them about a week and his hands were healed." (Signed) Mrs. A. Clarkson, Knowlton, Quebec, December 27, 1915.

Society be re-transferred was passed without discussion. J. V. Russell, as chairman of the assessment committee, offered several recommendations for reduction of assessment valuation, including one asking that the New Brunswick Telephone Co., Ltd., pay upon a valuation of \$1,000 in the parish of Simonds and one that the valuation assessed against James S. Grog-

ory in the parish of Lancaster be reduced to \$5,000. The former was passed immediately but the latter met with some opposition and discussion, but was eventually passed. It was also voted that no discount be allowed in any of the appeals cases.

Secretary Kelley read a letter from Mrs. Ida McAvity, president of the Soldiers' Comfort Association, asking for aid from the municipality. Last year the association received \$2,500. A balance from last year's general fund of \$10,000 could, Warden McLellan said, be used only for such societies. It would not mean additional assessments, he added. The fund, now \$5,400, is available only for such purposes. Another letter from the West St. John Field Comforts Circle asking for funds was also read. Councillor Carson made a motion that \$3,000 be given to the Soldiers' Comfort Association. Councillor Hayes seconded the motion. It was passed. Upon a motion of Councillor Wigmore, \$300 was voted to the Field Comfort Association.

The estimates for 1917, as already published, were passed and the recommendation of the finance committee without amendment. The council went into committee and heard Dr. Thomas Walker, Dr. W. W. White and Dr. W. P. Roberts, who urged the need of the immediate expenditure of \$125,000 for the new nurses' home, remodeling present nurses' home for wards and erection of a new wing for private rooms and maternity ward in the General Public Hospital.

When the committee reported, Councillor Wigmore moved that the recommendation that the work be proceeded with be adopted. Councillor Hayes moved in amendment that the matter be laid over to the next meeting and the amendment carried.

Councillor Golding presented a resolution asking for the preparation of a bill for enactment at the next legislature for increasing the bond issue for \$10,000 for permanent sidewalks in Simonds and Lancaster. The resolution was unanimously passed.

Issuance of bonds for the erection of the powerhouse at the General Public Hospital necessitated a two-thirds vote of the council, over and above the original passage. This was also unanimously passed. Upon the motion of Councillor Wigmore, I. Olive Thomas was re-elected county auditor.

It was voted that all qualified lumbermen be re-appointed. The sheriff was empowered to call in a doctor for sickness at the jail in case Dr. James Christie, the regular physician, could not be secured. Five hundred dollars was voted for entertaining the Union of New Brunswick Municipalities, here, in August.

Officers for the various parishes were then elected as follows: St. Martin's, Allen Love, Warren Seely, Wendall Bentley, assessors; William J. Walsh, collector; A. E. S. Hatfield, parish clerk;

The Story Of 1916

THE business of the London Life Insurance Company showed continued remarkable progress in 1916. The new business written, entirely in Canada, was \$2,000,000 greater than in the previous year—a gain of 18 per cent. The increase in business in force was \$3,000,000 greater than in the previous year—making the total in force at 31st December 1916, 20 per cent greater than at the end of the previous year.

The following comparative statement shows the progress for the past ten years:

	1906	1911	1916
Insurance in Force.....	\$10,376,413	\$20,237,984	\$41,715,317
Insurance Issued.....	3,387,774	7,369,183	13,036,445
Total Assets.....	2,100,394	3,589,797	6,975,763
Policy Reserves.....	1,901,815	3,278,616	6,294,974
Income.....	543,860	959,194	1,973,760
Policies in Force.....	66,025	99,627	151,544

The Company's action in waiving all restrictions as to Active Service under policies issued prior to the declaration of war has meant a very considerable additional strain, which however, has been fully met out of the earnings of the Company, in addition to the amount required to maintain the present liberal profit scale. Quinquennial distributions of profits in 1917 will be larger than ever.

**One of Your Most Faithful Workers
is Forced to Ask For a Raise**

There are four principal workers in the family, all of different sizes and ability. They range from the great big lump of a fellow that can keep the biggest furnace going down to the little quick fire chap who specializes on kitchen range work.

We are speaking, of course, of the Hard Coal Family, and that particular branch of it known as RADIO Hard Coal. RADIO is the best of the family that comes here. It is cleaner, has more fire and go in it than the rest of them. But, like the rest, people offer so much for its services in New York, its home town, that it cannot afford to pay passage to St. John and other expenses and get along on \$12.00.

Early arrivals could afford to do so, but the late ones would have to ask \$14.00 or \$15.00. So we have mixed them all together and struck an average wage for all. Starting today, RADIO Coal will ask for the four members of the family:

- BROKEN \$13.00
- EGG \$13.00
- NUT \$13.25
- CHESTNUT \$13.00

We regret they must ask this increase, but with New York coal men asking \$8.50 to \$9.50 for them, wholesale and schooner owners asking \$4.00 freight, to say nothing of the higher wages to teamsters and yard labor, the higher cost of oats and other feed for horses and sundry other expenses, they are forced to do so.

**NEW TREATMENT THAT
KNOCKS RHEUMATISM**

A 50c. Box Free to Any Sufferer. Up in Syracuse (N. Y.), a treatment for rheumatism has been found that hundreds of users say a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Swollen, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody who suffers from rheumatism or who has a friend so afflicted, to get a free 50c. package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 50c. package free if you will send your name and address with 10c to help pay postage and distribution expense to me personally." F. H. Delano, 77A Wood Bldg., Syracuse, N. Y. I can send only one Free Package to an address.

Lancaster — Councillors Golding, O'Brien and Bryant, sewerage board; Councillors Golding and O'Brien, highway board; Councillors Golding and O'Brien, Lancaster ferry; R. Callender, William C. McKinnon and Whitney O. Dunham, assessors; J. H. Bentley, collector of taxes; Andrew Gault, James Mills, Whitney Dunham, parish clerks; James Bryant and William Golding, revisors.

The parish of Simonds voted that August 1 be the last day of the discount for taxes.

CORPORAL BALDWIN WAS KILLED.
After several months, final word has been received that Corporal Gideon F. Baldwin, 4th Canadian Rifles, who was reported missing, was killed in action at the third battle of Ypres, on June 2. The information came from Canadian officers, who are prisoners in Germany. He was the youngest son of Mrs. John Baldwin, of Dalhousie, N. B. He was twenty-six years old.

Under the caption "Horse Races" and Athletics Under Fire," the British Intelligence Service in London has approved the following story, a copy of which was received by a British officer, now in New York, the other day:

Sports at the British Front

"Practically every form of outdoor sport is assiduously followed by the British troops in France and Flanders. There seems to be only one solitary exception—viz., golf. But this is because all the courses in the strategic area are either cut by trenches or else serve as sites for field hospitals and base camps.

Proof of Sincerity.

"Liberty is not yet won and guaranteed. If Germany is in earnest for peace, let her in advance hand over as security to the Allies her entire navy, in fighting ships, submarines, and what is left of her fleet, and in addition a strong guard. A free Germany and a free Austria-Hungary, under limited monarchies or stable republican governments would be safeguards of great value.

Kiel Canal Must Be Neutralized And Unfortified—Says Canada Would Back Up United States

Lieut. General Sir Sam Hughes, formerly minister of militia and defense in Canada, comparing Germany to a rattlesnake, told the New York Canadian Club at a recent dinner that the only way the Kaiser could demonstrate his sincere desire for peace would be for him to hand over to the Allies in advance the Kiel Canal by leveling its fortifications and by either resigning from the throne or granting his people a limited monarchical form of government.

"There is talk of peace," he said, after he had guaranteed the valor and self-sacrifice of the Canadian soldiers in the field. "Canada and Britain love peace, but it must be distinctly understood that this war was not entered upon by the Allies for peace, but for human liberty. The two terms are not necessarily synonymous. The price which the Hohenzollerns must pay for peace in an assured guarantee for liberty, not alone for human mortals of the Allied lands, but for the people of Germany and Austria-Hungary as well. A free Germany and a free Austria-Hungary, under limited monarchies or stable republican governments would be safeguards of great value.

"Liberty is not yet won and guaranteed. If Germany is in earnest for peace, let her in advance hand over as security to the Allies her entire navy, in fighting ships, submarines, and what is left of her fleet, and in addition a strong guard. AN APPEAL for the RUSSIAN REFUGEE FUND

In Poland more than 20,000 villages have been leveled to the ground. More than 2,000 towns have completely disappeared. On the road from Warsaw to Pinsk, a distance of 150 miles, the ground was simply littered with civilian garments and cradles; probably 400,000 human beings have died along this road. There was no time for burial. Heads of prey had cleaned the bones dry of the marrow. So much for Poland. But Poland presents only one angle of the world's drama. Everywhere abroad, winter has set in, and in addition to daily starvation, thousands will freeze to death, as thousands have frozen during the preceding years.

Think of the mothers and children cooped up in Serbian huts without proper clothing. Lend an ear to the bitter cry of the little ones as they ask: "MOTHER, WILL EVER THE TIME COME WHEN I CAN EAT AS MUCH AS I LIKE?"

Children below seven never reached Siberia, and yet there must have been thousands of these babes when our people started for their march out of Lithuania and Poland.

These conditions make it imperative for us to appeal to the generosity of the people for help. The Russian Refugee Fund since inception of war has forwarded \$2,400 to Montreal. We are now collecting donations for that cause under the auspices of Mayor Hayes, and trust that everyone will respond generously as they did last year. A committee of ladies have undertaken the collecting.

SON OF JOSEPH McNAMARA WINNER OF SCHOLARSHIP

Scholarships amounting to \$10,000 were awarded recently by the Phillips Exeter Academy. Seven Greater Boston boys received awards. Among them was Thomas H. McNamara of Dorechester, baseball captain, who won a scholarship worth \$150. He is a son of Joseph McNamara, cousin of John T. Power of St. John, and himself well known here. The young man evidently is as successful in his studies as he is on the baseball diamond.

FROM RICHARD HAYES

Mrs. R. Hayes of 26 Westmorland road has received a letter from her son, Private Richard Hayes, a member of one of the local battalions, describing how he spent Christmas in France. He writes:

"It was my luck to be on guard this Christmas again, as you know I was on guard Christmas of 1915, but let us hope that there will be no guard for Christmas, 1917. We were out of the trenches for the day and were near the divisional ammunition column lines, and they were spending their Christmas in an old French moving picture house. One of the hand boys, who is sergeant-major in the unit, invited William Stears and myself down for the evening, and we went. Well, mother, they sure had some dinner, turkey and all that goes with it to make up a real old-fashion Canadian Christmas dinner. The hall was trimmed for the occasion. Following the dinner, parcels were distributed to the men from various patriotic associations in Canada, and mine was from the Ladies' Comfort Association, St. John, and I wish to thank them for the same. "I met Andrew Gilson, William Cummings and Fred Latimore. He is now acting corporal and is looking fine."

LOGAN-WHIPPLE.

The wedding of Ford H. Logan and Miss E. Marie Whipple, daughter of West St. John, took place at the house of the bride's father, 3 Whipple street, West St. John, on Tuesday evening. The ceremony was performed by Rev. G. F. Scovill, rector of St. Jude's church.

MILITARY CROSS FOR ST. JOHN MAN

The Man In The Street

Why do the coal men always choose a chilly day to announce an increase in the price of fuel?

With eggs selling at more than a dollar a dozen, England should be a safe place for even the worst of actors.

The soldier who was arrested in Ottawa charged with having been married four times should be sent to the front at once; he has already proved his courage.

Thomas W. Lawson seems to intimate that the Ladies' Aid Society has not only been "Washington" officials when it comes to gossip.

The difference is that the Washington folk manage to convert their gossip into a marketable commodity.

We all object to the increase in the city taxes, but will some of the outspoken critics kindly tell us which items in the estimates we would like to get along without.

If the allies are going to appoint a new king of Greece, we sincerely hope that they will get a line on the prospective King's wife's relatives before making the appointment effective.

Was it the day before or the day after the announcement of the Allies' intentions that King Constantine promised to be good?

The most surprising feature of the report of the assessment commission is the fact that any five men could agree on any assessment policy.

Soon the liquor dealers will be advertising "Do your prohibition shopping."

Residents of Douglas avenue don't seem to appreciate music; they even object to the rhythmic bump-bump-bumpy-bump of the fat wheels on the street cars which reach their doors.

To the county councillors who have been clamoring for several years for the \$60,000, which they say the city owes the county, we hereby serve notice that it will take more than a verbal request to separate the city from that particular six thousand, particularly in these days of the high cost of estimates.

"The Needie Watson."

They have some shrewd detectives in Sydney, N. B. After a man's body with a bullet wound in the chest had been found in the streets, the police department admit that they believe that there may be reason to suspect foul play. Their other theory seems to be that he may have been struck by a stray bullet from the battlefields in France.

The Mill Co. Ford

Some of the North End folk say that they did not mind swimming across that section of the street in front of the Union Station on Sunday, but they do think the city or the railway might provide a few more lights so they can find their way across. There is a rumor that one man swam around in a circle until he sank.

Who Will Be First?

Billy Sunday announces that, if anyone sends him a cheque for a reasonable amount he will sign his name on the back of it, and when the cheque comes back they will have his autograph as a souvenir. "The Man in the Street" is quite willing to confer the same favor on any of his admiring friends.

LOCAL NEWS

Mr. and Mrs. Linton will reside in Fairville.

SIERGE BATTERY ENTERTAINED

Last evening the B.Y.P.U. of the Central United Baptist church entertained No. 9 Siege Battery men. The entertainment consisted of games and a musical programme to which several of the ladies in khaki contributed. A reading by Miss Estella McKay and a solo by Miss Ruth Blaisdell were especially appreciated. After the serving of refreshments the programme was concluded by the singing of the national anthem and the happy gathering dispersed, not however before cheer after cheer of hearty appreciation was given by the soldiers.

IN COMPETITION

At a recent meeting of the members of the Epworth League of Portland Methodist church, it was decided to adopt a new plan for raising money for the church missionary fund. The league was divided into two groups and one side will endeavor to collect a larger sum than the other. The losers will here to treat the winners at a dinner, and with this incentive in view the competition is quite keen. The captains of the groups are Miss Grace Brown and Stanley Irvine. Last evening Miss Brown's group met at her home and a social held. As a result a good sum was collected.

JUDGMENT FOR PLAINIFF

In the case of Jardine & Clinch vs. Miles. His Honor Judge Chandler gave judgment for the plaintiffs in the Supreme Court this morning for the amount of \$1,500, which was claimed as sale. The case was tried without a jury. After hearing argument by counsel, His Honor gave judgment. H. A. Powell, K. C., and A. H. Hamilton, K. C., appeared for the plaintiffs and A. T. LeBlanc of Campbellton for the defendant. The court adjourned until tomorrow morning at ten o'clock, and the members of the petit jury are requested to put in an attendance as a jury case is to be taken up.

ASSESSED IN USUAL WAY.

Enquiries which are being made indicate that the citizens are not quite sure regarding the method decided upon for the assessment of the tax for the patriotic fund. For the benefit of those in doubt, it may be said that the assessment will be made in the usual way upon the assessors' valuations. The act originally contained provisions for a graduated scale, under which the five per cent. would be added to the assessable value for each additional \$10,000. As objections to this method were registered at the meeting of mayors and wardens with the governor's governor-in-council exercised the power conveyed by the act to eliminate this provision entirely.

RUSSIAN STATESMEN IN CLASH

Petrograd, via London, Jan. 17.—A dramatic clash between Mr. Protopopoff, minister of the interior, and M. Rodzianko, president of the Duma, is described by the Novoye Vremya. According to this story M. Protopopoff approached M. Rodzianko during the new year's reception at the Tsarskoye Selo and offered his hand in a conciliatory way. The head of the Duma turned away with a curt "never". "The friends of the minister of the interior say that a duel is inevitable but M. Rodzianko has hitherto not received a challenge.
