Labor Chiefs Push Plans For Walkout On the U. S. Railways

Failure of Railroad Labor Board to Prevent Strike Admitted—Preparations to Meet Trouble Being Rushed.

Chicago, Oct. 21.—The United States railroad labor board, having admittedly failed in its attempt to prevent a rail strike through conferences, with heads of the "Big Five" rail unions, labor chiefs today were pushing plans for a general walkout beginning October 30, and officials of the carriers were moving at double time in their preparations to combat the proposed strike.

TREATS FOLLOW HERRICK BOMB

U. S. Ambassador Gets More Letters.

Paris, Oct. 21.—A French police official asserted today that more than 100 members of the Young Communist organization in Europe had slipped through the immigration lines and reached the U. S. within the last two months for the purpose of "causing trouble." If the two Italians "Sacco and Vanzetti" were executed for the murder of a Massachusetts man, they would be convicted in Massachusetts last summer.

WM. L. JACKSON DEAD

Accident of Five Weeks Ago Has Had Fatal Result.

William Jackson, whose spine was fractured in an accident at the Consumers Coal Company's yards about five weeks ago, died last evening at the General Hospital. He was on his feet throughout the two-week convalescence. Tendler was prevented from meeting the champion recently when the latter injured his hand in training.

New York, Oct. 21.—Buoyed by the glory of setting a new course record for her sex and turning the tables on Glenna Collett, a youthful Providence star who defeated her at Philadelphia last week, Miss Cecil Leitch, English golfing wonder, set out today for the Belvidere championship. Yesterday in the semifinal round she won from Miss Collett, two and one. In the match before the semi-finals, on Wednesday, Miss Leitch covered the course in seventy-six, a record woman's score on the Belvidere links.

HEAR MORE OF THE PARKER CASE

Evidence About Shoes Sent Out from Fredericton for Alberta.

George V. Parker, charged with receiving stolen goods knowing them to be stolen, was today in the police court again this morning. Daniel Mullin, K. C., appeared for the defendant, and Frederick T. G. MacNeil, K. C., appeared for the Crown. Officer Costello, special investigator of the C. P. I., said that he went to Fredericton on October 18 and found a car broken into and a box of shoes missing. The box was shipped to Montreal on September 21. The witness said that he visited the shop of the C. P. I. with Detective Biddiscombe and Inspector Stevens of the C. P. I., and that they found a pair of shoes, one pair boys' and a pair of girls' shoes. The shoes were identified as those of the defendant.

TOM MIX MAKES BIG HIT IN NEW PICTURE

The appearance of Tom Mix, the William Fox star, in a new picture is always an event of interest—and always, too, it has been an event satisfactory in the outcome. But there are degrees of satisfaction; and it may be said of "The Big Town Rood-Up," in which Mix opened yesterday at the Unique Theatre, that it is likely to be voted the most satisfying play in which he has appeared on the screen.

SAYS RUM RUNNING AT BORDER LESSENERED

Washington, Oct 21—Rum running on the Canadian border has been reduced almost fifty per cent, it was announced last night by prohibition headquarters after a conference of Collins M. Graves, federal prohibition director of the State of Vermont, with Commissioner Haynes. The improved situation was said to have been attributed by Mr. Graves to co-operation on the part of Canadian officials.

Many Women Need Better Blood

It is a fact proved by thousands of grateful letters that Hood's Sarsaparilla is remarkably beneficial to women, whose most common ailments drain and weaken the system and sometimes result in anemia, nervousness, general break-down.
Women overworked by family duties or overtaken socially, find their nerves all unstrung, faces pale, appetite poor, sleep unrefreshing.
Hood's Sarsaparilla gives the blood more vitality and better color, makes stronger nerves, and contributes to the enjoyment of life.
It embodies a long-acting and found-true formula for relief of the pale, weak, nervous and dyspeptic.

WOMEN'S HOSPITAL AID.

The Women's Hospital Aid at its regular meeting yesterday afternoon transacted much business. Mrs. J. Boyle Traverser presided. The treasurer reported that \$1,000 of the furnishing fund had been set aside as an emergency fund. Total receipts were \$3,899.62, with a balance of \$8,293. It was decided to purchase a gramophone costing not more than \$100 for the nurses' home. The house committee will look into the matter of supplying hot plates for the patients. Mrs. Young presented an excellent report of the visiting committee and referred to improvements in the hospital. She made some recommendations. Mrs. Morris gave the report of the house committee and reports were also heard from the magazine committee. Resolutions of sympathy were passed and ordered sent to Mrs. Lodia Green, Miss Masud Retailic and Miss Tilton.
St. John nurses who served overseas have recently received illuminated scrolls of honor from the Soldiers' Comforts branch of the D. S. C. R. They are addressed to Miss Mary McDonald and the nurses who served with her.

TWO HALIFAX PIGEONS MAKE A FAST FLIGHT
John Holden, 25 Cherry street, Halifax, is the proud possessor of two homing pigeons, which are entered in the Windsor-Halifax race on Oct. 31st.
These two birds, which are a blue and a red chequer, were given a trial flight over the course last week, a distance of forty-seven miles by road, but of course slightly less by air lines. His birds were released at Windsor at 9:30 a. m., and they arrived at their loft in Halifax at exactly 10:20 a. m., being forty-one minutes on their journey. These birds must have travelled at least at the rate of sixty miles per hour, which is certainly a wonderful performance.
All other competitors' birds will have to go some to beat these birds for the handsome silver cup that is up for the race. However, other competitors report good flights and keen competitors will take place.

NEWSPAPERS AND ORGANS.
Saskatoon Star.—There was a time when all newspapers, practically speaking, were political organs, and considered it their bounden duty to report the speeches of their own party leaders at great length and with much display, while relegating the speeches of opponents to inside pages and curtailing and even occasionally distorting them. The day for that kind of journalism is long past—though here and there one does find a survivor of the old school. The modern newspaper is not an organ. It has opinions, and expresses them in its editorial columns. In its news reports it goes to great pains to be fair and accurate, and to give all sides an opportunity to lay their case before the public.

SAME OLD MATERIAL

The effort to palm off Mr. B. Frank Smith upon the farmers of Carleton-Victoria, and so effect an alliance between the Conservatives and the Farmers, having failed, Mr. Smith is now out in his true colors as the Tory candidate.

cause it says the self-respect of the recipient, and the great majority of men and women would prefer to get work and feel that they had earned the money they received.

If de Valera has his way, war in Ireland is likely to be resumed. In a message to the Pope he reasserts the independence of Ireland. Such an assertion while the conference in London is going on is imprudent to the point of madness.

If the railroad unions force the issue the coming strike will be a trial of strength between the unions and the government, which will endeavor to carry on the service. It will be more than that. In an appeal to have the strike called off, the American Railroad Men's Association, which is a fraternal and benevolent organization, says to the strike leaders: "Arrayed against you there will be 100,000,000 men, women and children."

Prof. Fay of Cambridge University pleads for a true representation of Canada in Great Britain, and refers to a statement that 160 bushels of wheat to the acre could be grown in the Arctic Circle. Prof. Fay's point is well taken. The average yield of wheat per acre in all Canada last year was 14 1/2 bushels.

UNEMPLOYMENT.

The unemployment problem becomes more urgent with the approach of winter. St. John is very fortunate in that it has not been necessary up to the present time to make any other provision for the workless than was done when the city council undertook heavy expenditure on permanent streets and water extension.

Provision must be made, however, for men who will fall to get steady employment, and the plan of Mayor Schofield to establish a camp near Musquash and offer work at wood-cutting will help to solve that problem.

The Board of Railway Commissioners has ordered a reduction of railway freight rates in favor of British Columbia, which will mean a reduction of between fifty and sixty dollars per car between Pacific coast points and Calgary.

A Washington despatch today says that some of the strongest leaders in the Harding administration are working hard to put off tariff revision until after the congressional elections next year.

Moncton Transcript: Of course there are those who suggest that the solid "block" in Quebec is a drawback to the country, as well as to the Conservative party. We had such mournful pessimists in Laurier's time when the Quebec "block" was as solid for the Liberal cause as it is today; and it was in Laurier's time, by the way, that this country enjoyed its greatest era of progress and prosperity.

"Premier Meighen," observes the Ottawa Citizen, "says that the administration might have made some mistakes, but defies anyone to say that it went very far wrong. This is reminiscent of the charwoman who was fond of a drop."

The Board of Railway Commissioners has ordered a reduction of railway freight rates in favor of British Columbia, which will mean a reduction of between fifty and sixty dollars per car between Pacific coast points and Calgary.

In accepting the Liberal nomination for Laurier-Ontario yesterday, Sir Lomer Gouin said of the tariff: "Let me say that the tariff that made the fortunes of the country and for which there is no need of explanation is the tariff that the Liberal party gave the country in the past, and which the Liberal party will give in the future."

Hon. Mackenzie King expresses great gratification at his reception in the maritime provinces. It may truly be said that the Liberal leader gave equal gratification to the people by his dignified, forceful and comprehensive presentation of the political issues of the day.

Admiral Beatty is being given a wonderful welcome on his arrival in New York. This is a bit of pleasing news on Trafalgar Day.

THE ANNIVERSARY.

The mighty tides of fate still ebb and flow, The mighty moons of fortune wax and wane, Death and disaster out of pleasure grow.

Some green, delightful cases are found In the enormous desert of despair, Some lovely acres of enchanted ground, Some sunny regions of celestial air.

But that which grows where nothing flourishes, And that which blooms where ruin else would be, And that which beats the sting of even death.

WARM WELCOME FOR BEATTY IN UNITED STATES. Famous British Admiral is Given a Great Greeting in New York Harbor.

New York, Oct. 21—Admiral Earl Beatty of the British navy, elevated to the peerage for valorous service during the war, arrived on the S. S. Aquitania, greeted by destroyers, airplanes and the roar of fort guns, this morning.

Commonly attend the American Legion convention in Kansas City and later to serve in an advisory capacity to the British delegation at the armament conference in Washington, the admiral day found awaiting here to welcome him an old sea dog who saw service with him during the war—Admiral Hugh Rodman, commander of the U. S. battle squadron that served as a unit of the grand fleet and participated in the surrender of the German naval forces at Scapa Flow.

Journeying with Admiral Rodman to quarantine on the navy cutter Vigilant to meet the Aquitania were officials of the legion, and representatives of the national, state and city government.

Full naval honors are to be accorded the distinguished visitor. After the official greeting, Admiral Beatty's flag will be transferred to the Vigilant and he will be landed at the historic battery.

With a detail of marine riflemen as a guard of honor, he will then be escorted to City Hall, where the freedom of the city will be conferred upon him.

Help Being Sent to the Natives of Labrador—Families in Great Need. Ottawa, Oct. 20.—(By Canadian Press)—Capt. Alfred Living, in charge of the Dominion Government relief herd, situated at Lobster Bay, Labrador, has completed his mission here, and is returning bearing supplies of food and clothing to tide the destitute natives over the winter.

An epidemic of influenza and pneumonia last spring, which has left the people in a weakened condition, has been followed by a season in which both the diseases have been rampant. Thus there are 400 to 500 families in the Canadian Labrador who are without the absolute essentials of life.

The result of all this is that the colony is now utterly dependent upon outside relief. Though Capt. Living would ordinarily not have left his station until next June or July he felt it imperative to come out and lay the state of affairs before the authorities. After 120 miles travel down to Harrington, he caught a steamer for Quebec.

During the influenza epidemic, says Capt. Living, he covered 10 miles of coast line, having to visit each family. Practically every family was affected, and in some cases he found every member prostrated and unable to do anything for each other.

The co-operation of Bishop Williamson of Quebec was also secured through whose mediation a general appeal for clothes was made throughout the province, a large number of the people being without warm things to cover them during the long, rigorous winter.

In addition to the supplies of food that have been forthcoming from Quebec, the federal government on its side, has provided Capt. Living with a steamer to transport him and his supplies back to the Labrador coast. During many weeks after his arrival, he will be entirely occupied in making the distribution of

RECENT WEDDINGS
Allan-Layton.
An interesting ceremony took place last night at six o'clock in the Central Baptist church when Rev. F. H. Bone, the pastor, united in marriage Harris Whitten Allen, of Edmonton, Alberta, and Miss Abbie May Layton, of Parkboro, (N.S.). The bride and groom were unattended. The bride looked charming.

RECENT DEATHS
Mrs. Zephia Kinney.
The death of Mrs. Zephia Kinney, widow of Stephen J. Kinney, occurred yesterday at the residence of her son-in-law, A. R. Carlos, 148 Wentworth street. Mrs. Kinney had been confined to her home on account of illness for the last three months. She is survived by one son, Captain F. L. Kinney, of Mobile (Alabama), and two daughters, Mrs. A. R. Carlos, of this city, and Mrs. H. B. Cassidy, of New Haven (Conn.). The funeral will take place tomorrow afternoon at 2:30 o'clock from 148 Wentworth street.

Miss Jane Pattison.
Miss Jane Pattison died suddenly last evening at the home of her sister, Mrs. Elizabeth L. Arrowsmith, 314 Princess street. She had been out walking and on her return to the house died almost instantly. She is survived by six brothers and one sister, Mrs. Arrowsmith.

CUSTOMS RETURNS DECLINE FURTHER

September Figures Show Little Evidence of Returning Activity.

(Montreal Gazette.)
The trade revival of which indications are said to be perceptible here and there in Canadian business has not yet reached a stage where they are to any extent evident in the monthly statement of customs returns. The figures for September make rather less cheerful reading than did those of a month ago. They show a balance of trade slightly against Canada and they also show a decrease in both imports and exports as compared with the previous month, as well as with the same month last year.

LOCAL NEWS

Lady Roberts chapter of the Imperial Order of the Daughters of Empire held a most successful rummage sale in Simonds street yesterday and realized a satisfactory amount. Miss Helen Wilson was the convener.

The fire department was called out last evening about 6:30 by an alarm from box 63 to extinguish a chimney fire in a house in Erin street. No damage was done by the blaze which was confined entirely to the chimney.

"The Spirit of France" was the subject of the afternoon yesterday in the Natural History rooms, with Mrs. W. H. Shaw as chairman. Rev. R. A. Armstrong told of the spirit of France in war time. He related war time scenes in a dramatic manner. Mrs. John Seely gave an address descriptive of the various people which make up the nation of France. The members of the French Club appeared in the various costumes worn by the people.

The local C. G. M. M. office has just announced the sailings on the four services from this port during the coming winter up to the last of March. The sailings, which total twenty-six, are divided among the four services as follows: Seven on the St. John to Liverpool run, eight on the St. John to London route, seven on the St. John to Glasgow line, and four on the St. John to Cardiff and Swansea service. These are the regular scheduled sailings irrespective of any changes which the line may incur during the season to or from this port.

A meeting of the executive committee of the Anglican synod yesterday afternoon, brought to a close the session of the standing committee, which have been held in the Church of England Institute. A resolution referring to the death of W. M. Jarvis was passed. A resolution of sympathy to Bishop Richardson for his recent illness was carried. He was urged to take several months rest from his diocesan duties. The meeting was very successful and a large amount of business was transacted.

The Girls' Association and the Bedminton Club, of Stone church, gave a supper to about sixty-five of the younger members of the church in the school-room last evening, to introduce the work for the coming winter. Rev. A. L. Fleming presided and speeches were given by him, L. P. D. Tilly and Rev. R. A. Hills, of Toronto. The musical end of the evening was looked after by Mrs. George K. Bell and DeWitt Cairns, both of whom rendered vocal solos. The affair was voted an unqualified success and if the enthusiasm displayed by those present is any criterion, great results will be obtained this coming season. An efficient committee, under the convener-ship of Mrs. C. F. Francis, had charge of the affair.

The Protestant Orphanage Fair was attended by a fair size crowd last evening considering the inclemency of the weather. The door prize for Wednesday night, a load of wood, was won by J.

W. U. Dickson, 181 Paradise Row, Ticket 2650 won the door prize last evening, a handsome manure set. The winner of this prize has not as yet claimed it. The door prize tonight will be an electric iron, donated by the McClary Manufacturing Company. The other prize winners last evening were: Gentlemen's bean bag, J. H. Wilkes; ladies' bean bag, Mrs. J. Donner; ten pins, T. H. Campbell; excelsior, A. C. Wetmore. Among the visitors at the fair last evening were Premier Foster and his wife. The music was furnished by Charles Cromwell and A. C. Regan with the bagpipes. Tonight the 26th Fusiliers' band will furnish the music.

FINDS PIGMENT IN FOOD.
New York Doctor Tells of Effect of "Harmones" on Eye and Ear.

Philadelphia, Oct. 21.—Pigment which plays an important part in the normal development of the eye, ear and brain is largely a product of food, Dr. Percy H. Friedenberg of New York declared in an address at the twenty-sixth annual meeting of the American Academy of Ophthalmology and Otolaryngology.

Such things as butter, oranges, spinach and other highly colored foods contain a substance which prevents certain deficiency diseases, among which are rickets and scurvy, he said, adding, "mothers' milk is best protection for all these deficiency diseases. There are secretions in the body called 'harmones,' which act like vitamins and add substantially to such process as normal growth, weight and reaction to disease."

Professor J. van der Hoeve of Leyden, Holland, told of investigations in connection with the lack of pigment in the eye and the excess of pigment in the visual parts of the eye, both often congenital and leading to blindness, and with similar pigment distribution in the ear leading to deafness.

AIRPLANES OFFERED FOR USE IN STRIKE
Manufacturers Think New York Could Be Supplied With Food By Air Plane

(New York Post.)
Airplanes capable not only of carrying mails, but carrying hundreds of tons of foodstuffs, including fresh milk and vegetables, from points more distant than those motor trucks could reach daily have been offered to the public in case of a railroad strike. In a statement sent to Secretary Hoover of the Department of Commerce and published today, the Manufacturers' Aircraft Association announced that statistics collected by wire yesterday showed that 750 planes were immediately available for such service as the Government would designate.

"We can supply 125,000 in New York with milk daily by using seventeen of our flying boats," C. E. Boden of the Aeromarine Airways, Inc., told Mayor Hylan. "Using our reserve planes also, we could transport from the country districts 250,000 pounds of foodstuffs a day into the city."

J. L. Larsen, Grover Loening, Lawrence Sperry, the Curtiss Aeroplane Corporation, and the Witeman-Lewis Company were among those that made offers of planes for strike service.

C. G. I. T. ELECT.

The annual meeting of the Canadian girls in Training Council was held in the recreation centre, King street east, last evening, Miss Roberts Smith presiding. Reports were submitted by Miss Minnie Poole and Miss Bessie Carlsson, last year's secretary and treasurer, after which an election of officers took place resulting as follows:—President, Miss Marion Belding; Vice-president, Miss Edith Lawrence; Secretary, Miss Dorothy Stewart; Treasurer, Miss Doris Jones. These officers will form the executive for the year. It was decided that some of the council meetings will take the form of supper gatherings.

From annoyance to pleasure

The next time a friend of yours tells you what a comfortable shave he has had and how shaving has changed from an annoyance to a pleasure, ask him what razor he uses. You will, undoubtedly, learn that it is a

VALET Auto-Strop Razor

The reason for this comfort is the stropping device built right into the frame of the razor, which sharpens the blade and gives it a keen edge. Besides, there is no necessity for removing any parts—enabling you to get a perfect shave in quick time. It is the only razor which sharpens itself and saves constant blade expense.

\$5.00 for Razor, Strop and Twelve Blades, in assortment of cases. Fancy Sets up to \$16.50.

Strops and blades may also be bought separately.

CONFIDENT OF THE VERDICT IN THESE PROVINCES

Ottawa, Oct. 20.—Expressing a confident optimism as to the outcome of the election, particularly so far as the entire Maritime provinces are concerned, Hon. W. I. Mackenzie King, leader of the Liberal party, returned to Ottawa today after a four weeks tour, which commenced at Toronto on September 17, included meetings at Montreal and Sherbrooke in Quebec, and three weeks in the provinces down by the sea. In a statement to the Canadian Press Mr. King said he had found conditions in the Maritime provinces excellent from the Liberal standpoint. He and his companions had been more than well received everywhere.

G. W. V. A. WILL SEE CANDIDATES

Port Arthur, Ont., Oct. 20.—Robert B. Maxwell, of Winnipeg, will continue for another year as the president of the G. W. V. A., it was decided this afternoon. He will be the first president to receive remuneration for his services. The Dominion executive includes: New Brunswick, S. B. Anderson; Nova Scotia, G. W. Whitman; Prince Edward Island, Prof. C. W. Millar, McGill University. Political leaders will be asked if their respective parties would give a written assurance of their support on the retention of the present pension bonus and increasing the disability pension; a reasonable measure of housing for ex-service men, etc.

TO MAKE RESTITUTION

Elmer Prew, charged with stealing tea and coffee to the value of \$25 from T. H. Fatahrook Co., Ltd., was before the magistrate again yesterday afternoon. No further testimony was heard at the sitting yesterday, but the accused changed his plea from not guilty to guilty. The magistrate decided, after

FORTY YEARS FOR HIGHWAY ROBBERY

Minnesota, Oct. 21.—John Haulish of 68 Washington street, Flushing, Queens, was sentenced by Judge Lewis J. ORPHANAGE FAIR PATRONAGE

Old-timers who have followed other fairs say that the present one is drawing a better patronage than any previous one has ever drawn. There are several reasons for this: One is that it is the best, then the door prizes are above the average, the novelty fancy goods, baby goods, home cooking and confectionery booths, the fish pond and country store, etc., and all giving their patrons such value for their money that their sales have increased every night. But the cause itself is the great factor. Who would not assist the orphans? The children from all the local orphanages, irrespective of creed, have been invited for Saturday afternoon. A suitable treat is being prepared. Donations of cake, etc., will be duly appreciated. Doors open at 2 p.m. Afternoon tea served for adults from 4 o'clock at 20 cents each. Door prize tonight, electric iron, donated by the McClary Co., Ltd. Saturday's prize will be a ton of coal, donated by the Consumers Coal Co. Ticket 2101 (unclaimed), load of wood, Wednesday night.

SAYS COMING WINTER WILL BE SEVERE
New York Central Statistician Bases His Forecast Upon Law of Averages.

That the approaching winter will be much colder than that of 1920-1921 was the forecast of Dr. P. H. Dudley, weather observer and statistician for the New York Central Railroad. Dr. Dudley said his forecast was based on the accumulated excess temperatures above the monthly normal for the respective nine months of 1921, he said, "are the highest of any of the preceding ten years."

James H. Scarr, head of the New York Weather Bureau, said a forecast so remote was not based on meteorological data, but upon the law of probabilities. Data collected for many years show cycles of weather, he said, and from this may be predicted with fair accuracy the probable season temperatures. While this method of prediction is not infallible, he said, yet it is very useful and generally to be depended upon.

The Weather Bureau's records show that since January 1 there have been received 1,014 degrees of excess heat, or temperatures above the average obtained from records over a long period of years.

"There is no law of nature," Mr. Scarr said, "that excess heat must be neutralized by correspondingly cold weather, yet past experience has shown that this is often the case."

ISOLATES SMALLPOX BACILLI
Chilean Scientist Says Plague Can Be Fought by Direct Injection.

Santiago, Chile, Oct. 21.—Dr. Arturo Atria, chief bacteriologist of the Chilean Institute of Hygiene, announced that he had succeeded in discovering a method of isolating the bacteria of smallpox. Dr. Atria says his discovery will permit the combating of smallpox by direct injection instead of through preventive vaccination.

A general reduction of twenty-five cents a hundred in the wholesale price of sugar has been announced here. This brings the wholesale price for granulated down to \$5.20 a hundred and yellow to \$7.70.

GOT MOOSE AND DEER.
A. G. Brown of Campbellton arrived in the city yesterday after enjoying a hunting trip in Queens county. He succeeded in securing a moose and a deer. He was accompanied on the trip by M. E. Weaver, a guide of Coal Creek, Queens County.

REMANDED.
Chester Arbo charged with breaking and entering a car at Fredericton Junction and stealing shoes therefrom on September 15, appeared this morning before Magistrate Smith at Fredericton Junction. The value of the shoes was \$12.20. He was remanded.

NOT TILL NEXT YEAR.
It is not expected that the first sitting of the new municipal council, which was elected last week, will take place until some time in January, so J. King Kelley, the county secretary, said today. At that meeting a warden will be elected and committees named.

NEXT WEDNESDAY.
An investigation into a charge that evidence was withheld by the police in the recent trial of Edward O'Pray will be commenced on Wednesday evening in the committee rooms in city hall. John Thomson, commissioner of public safety, will preside, and Dr. J. Roy Campbell, acting city solicitor, will be in attendance. The testimony of eight or nine witnesses will be taken under oath, and it is expected that the probe will be completed in one sitting.

A FINE CRAFT.
A recent fine addition to the fleet of the Royal Kennebecis Yacht Club is the yacht Nile, which was built this season at Harborsville, N. S., for A. M. Rowan of this city, and which is now at the club waters at Millidgeville. The Nile was constructed by Captain Morris, a retired sea captain, and is said to be the largest single masted boat that has ever been in the club. She is fifty feet in length with a very spacious cabin, elegantly appointed. She can carry a particularly large spread of canvas, a brim breeze and is expected to make a good showing next year. Already three trips have been made and the new boat has been the subject of much favorable comment amongst the members of the club.

HERE ON HONEYMOON.
Mr. and Mrs. George O'Pray who recently arrived in the city from Montreal on a honeymoon trip, will leave for Boston and New York this Monday. Their wedding took place in St. Anthony's Church, on October 18. Monty Donnelly officiating. The bride, who was Miss Mary Broderick, was costumed in crepe de chene with an overdress of Georgette with train and a white velvet hat and carried a bouquet of shell pink roses. She is attended by her sister, Mrs. E. Broderick, who wore a becoming costume of brown georgette with beaded trimmings and hat to match. The groom was supported by James P. Fitzpatrick. At the conclusion of their honeymoon trip Mr. and Mrs. O'Pray will reside in Montreal.

CHARTER REPORT.
The State Marine and Commercial Bulletin for the week says that the fall cargo steamer market continued extremely light and the demand for tonnage was extremely slow, and combined almost exclusively to the trans-Atlantic grain trade. There were occasional orders for time charter boats for short periods and for carriers for coal and other cargoes, but the combined demand was far below normal, and only a limited amount of chartering resulted. The rates were favorable to charterers as ample tonnage offered and in a few cases slight declines were noted. In sailing tonnage the market was quiet and no improvement was noticeable in any of the various trades. A limited demand prevailed for coastwise carriers for lumber, coal and other cargo, but there was little inquiry for off shore trading. The rates continue low in all trades and the supply of vessels is sufficient for all requirements.

SEEKS NEWS OF HARVARD MEN OF MANY YEARS AGO

H. E. Wardrop, common clerk of St. John city, has received a letter from the Harvard Alumni Directory, asking if he can get in touch with some of its "lost" men, two of whom, it understands, belong here. They are Edmund Ironsides, Hewlett, who attended Harvard Medical School in 1865-66, and Fredland Kennedy, who was in the same institution in 1871-72.

Mr. Wardrop said today that he had found a record of Dr. Hewitt entered as a surgeon-dentist on the freedom list of the city in 1867. He understood that Fredland Kennedy was dead. He would appreciate any information regarding these two people which might be of interest to the Harvard directory.

FORMER ST. JOHN CLERGYMAN IS TO BE BISHOP

Ven. Archdeacon Dewdney to Succeed to High Office in Keewatin Diocese.

Winnipeg, Oct. 21.—The Ven. Archdeacon A. D. Dewdney, of Prince Albert, acting Bishop of Saskatchewan, will succeed Right Rev. Jos. Lefton, D. D., retired, as Bishop of Keewatin. The recommendation of the House of Bishops for the appointment of Archdeacon Dewdney was last night approved by a special committee of the Anglican provincial synod of Rupert's Land, which has been in session here for the last two days.

The Bishop-elect was born in New Brunswick and is an honor graduate of Toronto University and of Queen's Kingston. Archdeacon Dewdney occupied large ecclesiastical posts in the maritime provinces.

The diocese of Keewatin comprises a large area of the western portions of New Ontario with Kenora as its headquarters.

The new Bishop of Keewatin was formerly rector of St. James' church in St. John. Many will be pleased to learn of his elevation to his new high office.

LARGE NUMBER OF TRAFFIC CASES

Allowing Smoking by Passengers in 'Bus is New Charge.

A large part of the session of the police court this morning was taken up with traffic cases. John Sommers was charged by Policeman Howard with allowing passengers to smoke in his 'bus on October 17. He was also charged with not coming to a full stop at the railway crossing at Douglas Avenue on October 17. He was fined \$5.00.

Policeman Butler was charged with exceeding the speed limit and not sounding his horn at the corner of Bentley street and Douglas avenue. He was fined \$10.

John Butler was charged with recklessly driving a horse and wagon. Policeman Chisholm gave evidence. Butler pleaded not guilty. He was fined \$8. He asked to appeal and for a copy of the evidence.

Robert Wayne was charged with not displaying the proper city license. He was fined \$10.

John Ritchie was charged with driving without tail light on his car. Ralph Summer appeared for Ritchie. He was fined \$20, but it was allowed to stand. Policeman Bettie made the report.

William Sherwood and H. C. Paige who were charged with infractions of the traffic rules, failed to appear.

LEE'S BRICKYARD IS TAKEN OVER

Stephen Construction Co. the New Owners—Means Employment and Aid to Building.

The Lee brickyard situated at East St. John, comprising of about twenty-five acres with buildings, machinery and all equipment, has been taken over by the Stephens Construction Company. Announcement was made this morning. The deal also includes the clay banks which is known throughout Eastern Canada, as the best quality of clay suitable for brick making.

The company's intention is to install thoroughly up-to-date machinery. Mr. Stephens will leave next week for Upper Canada to inspect various plants in operation. The excavator used so successfully in Douglas avenue, will be utilized to dig the clay bank. It is the company's intention to get the clay and sand ready, so as to give employment to a number of men during the winter months. Machinery will be installed and plant ready for operation at the opening of the brick making season in the spring. At present Pugwash is the nearest brick yard to St. John. The re-opening of the Lee yards should mean much for building work in St. John.

To Resume Work.

The Canada Nail and Wire Co. in West St. John, which has been shut down for the last four months, started today to prepare for recommencing operations immediately, and it is expected that before long the mill will be in full operation. The factory will employ, when working to capacity, about thirty men.

Plans Improvement In Fire Fighting Service

New City Service Truck for North End Piece of Equipment Commissioner Has in Mind.

Commissioner Thornton is preparing plans for the improvement of the fire-fighting equipment in the city and on the west side in the near future. He intends asking for authority for the purchase of a new city service truck for the north end, which will fill the place of the old ladder truck and horse-drawn chemical now there.

These two pieces of apparatus he plans moving to the west side. The city service truck is a combination motor chemical and ladder truck, with extension ladders up to about sixty-five feet. On account of the low buildings in that section of the city, he said, an aerial ladder truck is not necessary. The proposed new truck also carried axes, ladders and other fire equipment, and several lengths of hose could be transported on it. He is of the opinion that it would be an ideal apparatus for the north end.

BRITISH WARSHIP GOES TO LISBON

Protection for Empire Folk Who Reside in Troubled Portuguese Capital.

London, Oct. 21.—The admiralty is sending the warship Calypso from the Mediterranean to Lisbon on representatives of British arms and British residents of the Portuguese capital. They express apprehension over the result of political developments there.

News received in official quarters today, however, had occurred on a general basis.

The new foreign minister at Lisbon has been appointed.

MEAT CAUSE OF KIDNEY TROUBLE

Take a Glass of Sels if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with Sels occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys if their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

THRILLING TIME WITH ELEPHANT

British Big Game Hunter Has an Exciting Few Minutes With Infuriated Bull.

London, Oct. 2.—A good elephant yarn is told by J. Morewood Dowsett, a well-known big game hunter, who has just returned from a hunting trip in South Africa.

He was hunting elephants in Uganda when information was brought him of the whereabouts of a large herd. With a native chief and a house boy, he started to find them.

The party came upon the herd in the forest. Mr. Dowsett got several photographs within twenty yards of the beasts when the chief warned him that they had been "scared" and that the animals were coming for them.

How PEPS Banish BRONCHITIS

The MEDICINE You BREATHE Into Your LUNGS!

THE safe, modern method of treating winter coughs, chest colds, bronchitis, asthma, and other bronchial troubles is to take Peps, the medicine which is immediately effective because you breathe it in, straight to the weak spot.

When you strip off its silver-jacket and dissolve a Peps tablet in the mouth, it gives off soothing and healing vapours which mingle with the breath and are instantly carried through the throat, air passages and bronchial tubes right into the chest and lungs.

There's nothing so comforting as Peps. There's nothing so comforting as Peps. There's nothing so comforting as Peps.

McKENNA NOT ON GOVERNMENT MISSION

London, Oct. 21.—Sir Robert Horne, chancellor of the exchequer, said in the House of Commons yesterday that there was no foundation for a report that Sir Reginald McKenna, former chancellor of the exchequer, who is now in the U. S., was to discuss with the Washington gov-

Murray & Gregory, Ltd.

Hon. C. W. Robinson, minister of lands and mines, said yesterday that the recent decision of the government to reduce the stumpage rate on bud-worm killed timber was occasioned by the desire to encourage the cutting of the dead timber.

The officials of the government are preparing a report of conditions with a view to fixing definite rates, which report will be presented at the government meeting next week. Mr. Robinson said that the cut of timber would probably be very light.

A DANGEROUS EXPERIMENT.

It seems at this time as we are trifling with a particularly dangerous experiment in attempting to build a high tariff wall for the protection of our manufacturers. Europe is much more anxious to buy our goods than we are to buy hers. By placing a high tariff on her manufactured products, we are increasing the ill-will of her capital and her labor. In fact, the United States has today become more unpopular commercially than ever. In addition to that, we are still further decreasing Europe's buying power by making it almost impossible for her to sell goods to us. The most important item confronting us is to supply Europe with funds with which to purchase our commodities. It would seem that it devolves most strongly upon us to have our government issue another large credit in favor of the foreign governments, going so far even as to remove the requirement that

An Open Letter to the Men of St. John About Clothes

COMMENCING this week the ENGLISH AND SCOTCH WOOLEN COMPANY will be conducted under a NEW MANAGEMENT, which will mean NEW VALUE, NEW SERVICE—in fact a NEW ENGLISH AND SCOTCH WOOLEN COMPANY throughout.

Our prices will be from \$15 to \$35 for Suits and Overcoats made to measure—and each order will be backed up with a genuine guarantee of satisfaction or money back.

We know that we now have the outlet, the equipment and the management to make the best clothes in Canada at \$15 to \$35 to measure and from now on we are going to prove that we can do so and back up our value with service that means all that the word implies. We have thirty-eight stores in Canada extending right from Halifax to Victoria. We have a huge central tailoring plant in Montreal. We buy our cloth direct from the mills and we sell direct to the wearer.

There you have the story, men. We eliminate every bit of "lost motion" and cut out all "extras"—ours is just a simple, straightforward business proposition. Instead of selling through retailers we place the entire output of our national tailoring plant at the disposal of our thirty-eight distributing stations. That is how it is possible to make the clothes we will offer at our very low prices.

We want the men of St. John to see our values before they buy their Fall and Winter Suits and Overcoats. They can choose from imported and domestic fabrics woven by some of the finest mills in the world. They can have their clothes made to measure in any conceivable style and model. They can get dependable garments at \$15 or the finest suit in the house at \$35. If they come to look they are under no obligation to buy. We invite comparison and expect our clothes to sell absolutely on their merits.

Keep a Record of Your Securities

For the convenience of those desiring to keep a record of their securities we have prepared a concise and convenient SECURITY RECORD form for entering the name of the securities, date of purchase, amount, purchase price, annual income, time of interest or dividend payment, maturity, etc. Such a record is almost indispensable to security holders.

The close of the year is a good time to see that your holdings are all properly entered, or your list brought up to date. Go over your securities carefully. There may be some maturing at an early date which could, with considerable profit, be exchanged for long term securities. In this connection we shall be glad to make suggestions.

Copy of the SECURITY RECORD form will be gladly sent on request. The form is prepared with spaces for entering 45 items, 75 items or 125 items. Please state which is desired.

ARREST BALKS \$7,800 ROBBERY

False Friend Plans to Rob Moonshine Victim, But the Police Arrive in Time.

(Boston Globe).
Maurice Gordon of Creston street Roxbury, was told today at Station 8 by Capt. Fitzgerald and the sergeants that he is a very lucky man. It was a mighty good thing that Gordon and another man were arrested last night by Patrolman Nelson and Conboy on charges of drunkenness.

Gordon, when searched at the station house, had \$7,800. The other man, who claimed to be a friend of Gordon, had nothing. Besides he didn't even know Gordon.

Gordon, it is said, sold out a meat market a couple of days ago and that is how he had so much money with him last night. He got into the West End, where he bought some moonshine.

Neither man staggered when seen by Nelson and Conboy on Merrimac street last night. The officers noticed the men stop at Prospect and Merrimac streets. There is a vacant house there which was recently vacated by gypsies.

The officers observed the man with Gordon push him into the doorway, then look up and down the street. The officers could observe every movement of the two men at Prospect and Merrimac streets. Walking up to the two men Nelson said to the tall man:

"What are you trying to do with this little fellow?"

"Nothing, I know him well. He is a great friend of mine," was the reply.

Gordon said he didn't know the other man.

According to the officers, Gordon was to have been taken right into the vacant house and beaten up for his money. This scheme being frustrated by the vigilance of Policemen Nelson and Conboy, who have been commended before for their detective ability.

Early this morning the other man was released from the toms and was seen loitering in front of the Joy street Station this morning, about 8:30. Capt. Fitzgerald sent an officer out to bring the man inside. He was asked what he was waiting outside for, and then warned.

Gordon was taken to court, where he appeared before Judge Doud. The drunkenness charge was placed on file. Gordon then returned to the Joy street station, where he got his \$7,800, which last night he was carrying in the two inside pockets of his jacket. Gordon was made to realize this morning by Capt. Fitzgerald how close he came to being separated from his money and advised him to keep away from "moonshine."

DRY GOODS MEN OBJECT TO IT
Say Customs Regulation re Marking of Imports Not Workable.

Montreal, Oct. 21.—Requests for indefinite postponement of the customs regulation regarding the marking of imports with country of origin were voiced at a meeting of the Montreal Dry Goods Association here yesterday.

Views were emphatic that the new regulation would be a severe blow at import trade, since the measure would not be tolerated by exporters from Great Britain, France and the United States, the proportion of trade by those countries with Canada being relatively too small to induce them to alter their export machinery to meet the requirements of the new Canadian law.

A resolution covering these points was unanimously adopted and it was decided to communicate it to the authorities at Ottawa.

GREEK PREMIER ON MISSION TO PARIS, AND TO THE U. S.

Paris, Oct. 21.—Premier Gounaris of Greece, who is here to consult with the French government regarding allied consent for Greece to retain occupation of Turkish territory, met Premier Briand this morning. They will have a series of consultations after which the Greek premier will go to London and consult Premier Lloyd George.

It is indicated that after his visit in London, it is the intention of M. Gounaris to visit Washington.

Cuticura Soap Is Ideal for The Complexion

Present-day business is a battle of brains. The keen mind is the gold winner. Poor vision dulls the mind. Most of us unknowingly—have poor vision in some degree. Know the condition of your eyes. See an optical specialist. He will know. You ought to, if you intend to keep fit.

IMPERIAL--NAZIMOVA TODAY

Adapted From the Great Parisian Play
Famous Polish Actress In French Drama
"BILLIONS"
The Best Picture Yet Made By This Star

AS MAY BE SURMISED, THE PLOT OF "BILLIONS" revolves about people of wealth and high position. Nazimova's role is that of a Russian Princess, who is widowed when the Bolsheviks blow her titled husband to atoms with a bomb. She has been estranged from the Prince and is in New York, living in the heart of the uptown art colony of the metropolis, her home the meeting place for the cleverest members of artistic Bohemia, when the story opens.

MANUFACTURE OF WINE AND BEER ASKED IN AID OF ST. LOUIS IDLE
St. Louis, Oct. 21.—The city unemployment commission has had under consideration a resolution calling on congress to amend the Prohibition act to permit the manufacture of light wines and beer so that breweries might be opened to aid in relieving the unemployment situation.
The resolution stated that 10,000 local workers would get employment if the breweries here were reopened. The unemployment commission, organized by Mayor Kiel, includes attorneys, business men, a labor representative and two women.

Montreal, Oct. 21.—Burglars looted the store of the Dominion Cord and Tassel Co., 431 St. Paul street, of valuable dresses and silks, valued at between \$5,000 and \$6,000, according to a report yesterday. This is the second time this firm has been robbed this year.
