TWELVE PAGES—ONE CENT

ARE HOPEFUL IN FRENCH CAMP

Figure Carpenter Winner by Fifth Round.

Dempsey's Good Spirits Return — Receives Birthday Telegram from Challenger — Sun Helps Big League Pitchers in Their Work.

Manhasset, N. Y., June 25.—There is a wholesale belief in the camp of Georges Carpentier that he will attain his ambition—the world heavyweight title—when he meets Dempsey a week from today.

Descamps, the manager and Gus Wilson, the trainer appear satisfied that the pugilistic idol of France is greater than ever and will repay their highest hopes in the coming battle. They think that he will make Dempsey dizzy with his speed and will bowl him over for the count along about the fifth round.

Atlantic City, N. J., June 25.—Dempsey today resumed training, after a lay-off to celebrate his twenty-sixth birthday. Dempsey is in high spirits and shows none of the irritability noticed a week ago. He was the guest of honor at a surprise party at his camp last night in remembrance of his birthday. At nine o'clock Dempsey bade his visitors good night. A telegram from Carpentier was among the birthday messages he received. Dempsey's weight today is placed at 192 pounds. There is every possibility that he will scale under 190 when he enters the ring.

Fredericton, N. B., June 25.—Most of the rainers cut loose with speed in their workouts yesterday. The fastest mile of the season over the local track by Roy Cole, 2:11.4, a chestnut pacer owned by W. B. Lint, of this city. Several ranches caught him in 2:15 with final halves in 1:06, the last mile in 15 seconds or better. The best mile by a green broiler was around 2:17.

Another lot of horses arrived last night, Jimmie Boutlier of Halifax coming in from Woodstock with four horses headed by Motocross, 2:08.1-4, owned by S. W. Bennett of Bathurst. By Tuesday night it is expected all the 75 horses to start on June 30 and July 1 will be here.

The Ball Players. Chicago, June 25.—Old "King So" has been very much in evidence in the base-ball world during the last few days. Writings apparently have brought to their stride pitchers who were slow in rounding into condition. As a result batting has suffered materially. Babe Ruth, who was on a home run batting spree a week ago, made two circuit drives during the week, and brought his string up to twenty-five. In the National League, Meusel, of Philadelphia, failed to do his mark of eleven. Jack Fournier of St. Louis, however, managed to get two, bringing his total to nine, which puts him in a tie with George Kelly of New York, who has not made a home run for several weeks. The warm weather is also helping the base ballers.

Harry Hellman, a Detroit slugger, continues to top the batters of the American League, with an average of .414, according to averages which include games of Wednesday. However, Hellman's mark has dropped seventeen points below that of a week ago. Speaker, pilot of the world's champions, who is the runner-up also slumped and now a hitting .403, eleven points below his mark of a week ago. Cobb dropped only two points, and is third with .396, while Sisler, St. Louis star, lost thirteen points and is tied for fourth place with .367, a team mate, at .377.

Sisler is out in front among the base stealers of the junior major circuit with fourteen thefts, while Harris, of Washington, is trailing him with thirteen. Other leading batters—Ruth, New York, .371; Williams, St. Louis, .357; Charley, Washington, .355; R. Jones, Detroit, .354; Collins, Chicago, .353.

In the National League, Hornsby added three points to his average of a week ago, and leads the regulars with an average of .419. Nicholson of Boston did the best hitting of the week, boosting his average from .341 to .383. He now ranks second to Hornsby. The St. Louis club possesses most of the league's sluggers, for McHenry with .382, Mann with .373 and Fournier with .370, all of St. Louis, come next in the batting standing.

Other leading batters—Young, New York, .363; Bresler, Cincinnati, .353; Ash, Cincinnati, .353; Johnson, Brooklyn, .349; Maranville, Pittsburgh, .348; Irlme, Chicago, .341. In stolen bases, Carey of Pittsburgh, who has been among the leaders for some time, is having a tight tussle with Hank Pritch, a New York youngster. Each has taken fifteen bases. Southworth of Boston is not far behind with twelve.

Features of Yesterday. New York, June 25.—Past batting was displayed by second baseman Rags and shortstop Parkinson, of the Philadelphia Nationals in a game against New York yesterday. The Quaker infield played perfectly in handling the ball, and the team total of 44 runs in combination with first baseman, who had three double plays, tripling their feat of last Monday.

Another player to join the "two owners in one game" class was Sydney of the New York Nationals. His home in total for last season was three. Detroit's 12 to 0 victory over St. Louis was the most one-sided shutout of the American League season. The previous highest was nine to nothing.

APPOINTMENTS OF JUDGES GAZETTED

Ottawa, June 25.—(Canadian Press)—The appointments of Donald Maclean of Saskatoon, to a judgeship in the court of king's bench for Saskatchewan, and Arthur R. Slipp, of Fredericton, N. B., to the county judgeship of the counties of Queens, Sunbury and York, New Brunswick, are officially noted in the Canada Gazette this week.

FALLING OFF IN CATCH OF FISH

Report of Dominion Fisheries Branch for the Month of May.

Ottawa, June 25.—(Canadian Press)—The sea fish catch for May showed a remarkable decrease from the catch during May of last year, according to the Dominion Fisheries Branch. The total was 870,118 cwt. as against 950,145 cwt. and the value \$2,072,187 as against \$3,458,235.

On the Atlantic coast, haddock, hake, pollock and cod showed an aggregate decrease of 52,000 cwt. The fish, it is said, were as abundant, but low prices discouraged operations. This was true also, of the herring industry. Mackerel appeared on this coast in much greater abundance than usual with the result that the catch was 12,300 cwt. as against 1,318 for May last year. The fishery for devils is reported the poorest on record.

The lobster fishery since November 15 yielded 233,392 cwt., against 238,440 last year. The catch would have been greater but during May the fishermen decided that prices were too low for profitable operation. A larger proportion of lobsters are being shipped to the market in shell this year.

The halibut catch of British Columbia increased from 22,164 cwt. for May of 1920 to 33,268 for May of this year. Preparations were under way last month for the salmon canning season. Blueback salmon were reported plentiful in the Gulf of Georgia. Spring salmon fishing in the Prince Rupert district was not so good as usual, but in the Bella Coda district it was reported as very good.

During May five fishermen were lost at sea, four on the Atlantic coast and one on the Pacific.

LOST LIFE WHEN HIS LITTLE SHIP WAS BLOWN UP

Prince Rupert, B. C., June 25.—(Canadian Press)—Captain C. G. Gillin lost his life when his ship, little fish-buying vessel, Molly G., was destroyed by fire near Rupert Island on Thursday. Gillin was a well known sailor in the northern waters. He is survived by his wife and family.

The fire broke out during his watch, and Gillin, with his crew of eight men, returned aboard named W. B. Kerr, and ordered him to put to sea in the ship's dory. The captain then tried to reach his life when his ship, little fish-buying vessel, Molly G., was destroyed by fire near Rupert Island on Thursday. Gillin was a well known sailor in the northern waters. He is survived by his wife and family.

EIGHTEEN LIVES LOST IN U. S. ARMY AIR SERVICE IN MONTH

Washington, June 25.—Four accidents, with loss of eighteen lives, have occurred in the U. S. army air service in the last few weeks. The war secretary has requested careful inspection of all accessories of the aircraft prior to each flight and at all other times.

EVIDENCE ALL IN IN GRAND TRUNK CASE

Montreal, June 25.—After 63 days of actual sessions the taking of evidence in the Grand Trunk Railway arbitration came to a conclusion yesterday afternoon. It is possible, however, that counsel for the Grand Trunk may ask an opportunity to bring in some further evidence in rebuttal.

SYDNEY PROTESTING

Sydney, N. S., June 25.—A strong protest against the train despatching offices of the Cape Breton sub-division of the C. N. R. from New Glasgow, Toronto and Ottawa last night by the local Board of Trade. Commencing on July 1, all train movements east of Truro will be handled from New Glasgow and the local offices will be closed and the staff transferred to New Glasgow.

MEANS INCREASE IN BOATS UNDER CANADIAN FLAG

La Follette Seaman's Act Claimed to Increase Cost of U. S. Shipping—New York Member Gives Examples.

Washington, June 25.—(By Canadian Press)—Actual results of the La Follette Seaman's Act, which tends to increase the cost of operation of United States shipping, were described by Representative Mills, of New York, in a speech in the house. He declared that on the Great Lakes, this act forced many vessels under the Canadian flag.

"Let us consider what have been the actual results of the operation of this law," said Mr. Mills, "on the United States marine of the lakes, and it is unnecessary to generalize, it is unnecessary to assume or imagine. These are actual facts. Take the G. B. Hall steamers that carry more than a million tons of coal from the port of Rochester in the state of New York. Today they are nearly all under Canadian registry, having been transferred in 1917 because of the operation of this act. One hundred thousand passengers leave Rochester yearly by way of Lake Ontario and go down the St. Lawrence. They are all on vessels under the Canadian flag because of the provisions of this act. Take pulp wood boats. There is a fair example of how it affects the lumber trade. Ford, a vessel of 609 tons gross, operated with a crew of 18 men in 1915 and after the passage of this act was equipped to carry 15 men. That increased the cost of operation per annum \$5,000, the equivalent of the interest charges on the capital invested of some \$100,000. Take the steamship Put in Bay, which in 1911 had 22 firemen, 2 engineers and now has 3 firemen, 3 officers, 2 engineers, 2 others, and she makes a five hour run from Cleveland to Detroit. The Seaman's Act in creases the crew from 22 to 25 men on one ship to 20 on another. Take the steamship Alabama, which in 1915 had 22 firemen and 1916 had 25 firemen. The increase in 1916, after the passage of this act, it was \$4,300 a month an increase of \$1,000, and certainly, the cost of operation can be fairly compared. Take the Cleveland and Buffalo line. One of their boats, one of the largest passenger boats on the Great Lakes, the increase in the pay-roll on one vessel alone owing to the Seaman's Act is over \$18,000, and if you realize what a vast amount of capital is represented by such an increase, you will readily appreciate what it means in respect to the construction of the new vessels to operate on the Great Lakes. These are generally, the results of the passage of this act."

"Here is one vessel the C. & B. line, that never makes a trip of less than 8 hours and never operates more than 8 hours a day. She was obliged to increase her firemen force. Take the sand boats, 40 or 50 on the Great Lakes, with an investment of \$5,000,000 and an output per annum of some \$8,000,000. There are never more than 8-12 miles from shore, and yet one of them when it was changed from the Canadian registry to the U. S. register was obliged to increase her number of firemen from 12 to 15, an increase of \$750 a month. Though she was not actually operated more than 4 hours a day, this force was tripled in the fireman under the terms of this unreasonable act."

TRY TO SHAKE OFF DEPRESSION IN UNITED STATES

Harding at Important Conference — Railway Problem Important One.

Washington, June 25.—Important developments in an effort to arouse the nation from the period of industrial depression which it is experiencing may be expected as a result of a dinner given last night by President Harding to a group of bankers from the industrial west. It was followed by a discussion of domestic and international problems at a cabinet meeting yesterday and by a conference on the railroad situation attended by President Harding, Chairman of the Federal Reserve Board, Secretary Mellon and Director General of Railroads Davis.

The situation in which the railways of the United States find themselves was accepted as the "emergency problem" which must be dealt with immediately. At all the sessions of the cabinet, the fact that if any of the railways of importance goes into the hands of receivers it would deal still another blow at progress toward industrial rehabilitation.

FEDERATION OF CATHOLIC ALUMNAE

Prominent Officer of Daughters of Empire is Governor in Ontario.

Toronto, June 25.—An important women's organization is being formed in this city—the International Federation of Catholic Alumnae—and it is intended that the movement shall expand not only throughout Ontario, but ultimately throughout the dominion. At present there are federations in Nova Scotia, New Brunswick, Quebec and Manitoba. Mrs. Edmund P. Kelly of this city, who is a prominent officer in the Imperial Order of the Daughters of the Empire, is governor of Ontario in the Federation of Catholic Alumnae. Four Ontario alumnae are already affiliated and two more are expected.

Membership is confined to convent educated women exclusively. The numerical strength of the organization is expected to be very large.

DISAGREE IN THE PEEL CASE

Amherst Jury Divides on the Charge of Arson.

Amherst, N. S., June 25.—The jury failed to agree this afternoon in the case of Alva Peel, whose trial on a charge of arson has occupied the attention of the Supreme Court here for three days. This is Peel's second trial. Some months ago he was convicted on the arson charge, but on application of his counsel a new trial was granted.

WILL REPRESENT U. S. IN JAPAN

Washington, June 25.—Charles B. Wren of Michigan, a lawyer and business man who for some years has been prominent in Republican national politics, has been chosen by President Harding for ambassador to Japan.

CATHOLIC BISHOP DEAD.

Superior, Wis., June 25.—Bishop Joseph M. Kowalek of the Catholic diocese of Superior, died yesterday after a long illness. He was born in Chistov, Bohemia, on December 8, 1852, and came to the United States sixteen years later. His first church was St. Prokopius parish, in Cleveland.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, while I was watching some boys playing baseball last evening it occurred to me that St. John has made a lot of progress in making playgrounds in the last five years. Not a single playground except small corner lots or unsightly dumps existed in the city five years ago. Now we have fine playgrounds in the east end, south end and west end, one at the entrance to Rockwood Park, and one in the making in the north end—besides two skating rinks and a new boys' club. Not bad, for five years."

"Yes," said Hiram, "an if somebody hadn't hollered 'en' fellered it up an' kep' on hollerin' you'd be fellered it up an' kep' on hollerin' it. Rub that in—then mebbe the folks 'll begin to go after some more things you need in this town. I wouldn't be surprised if you got a juvenile court—an' a vocational school—an' some other good things. Go right after 'em. Wake the town up. Set 'em thinkin' about it this summer, they'll go to it next fall. You orto hev that army, too—By Hen!"

SEE PROSPECT OF ENDING STRIKE

General Lay-off Project is Abandoned.

Belief That Miners' Meeting Today Will See Some Sort of Agreement Reached—Other Unions Reported Accepting Cut.

London, June 25.—Leaders of the miners' federation of Great Britain met with representatives of British mine owners here today to take steps which might end the coal diggers' strike, which began on April 1. There was a general belief early today that before the meeting was concluded some sort of agreement would be reached which would permit the miners to return immediately to the pits.

Decision to reopen negotiations between the mine owners and their employees was reached at a meeting of the executive of the miners' union last night. This step was influenced by the failure of the miners to secure financial support from other unions, and the reluctance of other labor organizations to join with the men in enforcing their mutual demands. It was indicated that a representative of the government might be present at today's meeting, and it was hoped the government would renew its offer to grant a ten million pounds subsidy to the coal industry.

The miners' federation is now evidently anxious to find a way out of the dispute, as the effects are proving disastrous not only to the finances but to the solidarity of the organization. The spreading industrial stagnation of the country which has already thrown 2,200,000 persons out of employment and reduced many others to half time, emphasizes the necessity of a speedy settlement.

Other unions have evidently abandoned any ideas they may have entertained of taking drastic action to resist the demands of the employers for a reduction of wages. The railway men's wages have, under the sliding scale agreement, been automatically reduced five shillings a week to correspond with the drop in the cost of living.

BIDS FOR BONDS.

Fredericton, N. B., June 25.—The following bids have been received for \$20,000 Province of New Brunswick six per cent bonds: Wood, Gundy & Co., \$5.08; A. Ames & Co., \$5.08; J. M. Robinson & Sons, \$5.08; Eastern Securities Company, \$5.08; Dominion Securities Corporation, \$5.33; Johnson & Ward, \$4.71, all for fifteen years bonds, Canada only.

E. H. Rollins & Sons, \$7.75; Payne, Webber & Co., \$8.08; Don. Securities Corp., \$7.33; Harris Forbes & Co., \$6.70, are 10 years, New York and Canada; Wood, Gundy & Co., \$6.34; R. A. Daley & Co., \$6.28 for 10 years, N. Y., and Canada; \$4.27, for fifteen years Canada only.

CONVENTION ENDORSES ACTION OF A. F. L. EXECUTIVE

Denver, June 25.—The action of the executive council in repudiating and severing relations with the International Federation of Trades Unions was sustained last night by an overwhelming vote of the annual convention of the A. F. of L.

APPOINTMENT OF A FREDERICK MAN

Ottawa, June 25.—The Canada Gazette announces the appointment of W. T. McLeod, of Fredericton, N. B., as a trustee under the bankruptcy act.

Ten Casks of Liquor

Canoe, N. S., June 25.—A revenue cutter arrived in port with ten casks of the best brands of liquor recently found at Whitehaven, in a cash near the coast.

CONSUMPTION SERUM.

Geneva, June 25.—The party of British medical specialists, who have been making a minute investigation of the serum manufactured by Henry Spaulding as a cure for consumption, have left here. One member of the party said: "Four years is required to manufacture the serum, and at present quantities are insufficient even to provide the medical profession alone with enough to carry out preliminary tests." It is not expected that the requisite quantity of antitoxin for bad cases and vaccine for chronic cases will be ready before early next year.

BURIED TODAY.

The funeral of John Calnan was held this morning from his late residence, Ready street, Fairville, to St. Rose's church for high mass of requiem by Very Rev. Dean Charles Collins. Relatives were pall bearers. Many floral offerings and spiritual bouquets were received. Interment was in Holy Cross cemetery.

NOT ENOUGH SAND

A repair crew has been at work for the last few days on the Rochesay road giving the surface top dressing of tar and sand. The work has improved the pavement generally but on one of the portions done yesterday the men did not spread sufficient sand to cover the tar properly and with the warm weather melting the tar, there was a complaint made by several motorists who complained that they carried home with them considerable quantities of the sticky substance. The contractor on the job said this morning that he had given orders for this condition to be remedied today.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, H. F. Stearns, director of meteorological services.

Morning Paper Forecast.

Maritime—Light to moderate winds; fair and warm.

MILLION SURPLUS FOR QUEBEC IS THE PREDICTION

Quebec, June 25.—The Quebec Telegraph, local Liberal organ, announces that it has authoritative information that the province will show a record-breaking surplus this year when Hon. W. G. Mitchell submits his report as provincial treasurer. Last year's surplus of \$900,000, which constituted a record, will be raised to at least \$1,000,000, according to the authority.

TROOP TRAIN IN IRELAND BOMBED

Four are Killed and Twenty Injured.

Attack in a Lonely Spot as Soldiers Were Returning After Parliament Opening in Belfast.

Belfast, June 25.—Four persons were killed and twenty were injured and numbers of fine horses met death yesterday when a train carrying troops homeward from Belfast, where they attended the ceremonies of the opening of parliament on Wednesday, was attacked with mines and bombs.

The attack on the train took place at a desolate spot one mile north of Aberrymore, near Dundalk. Two trains previously had passed safely over the spot. Most of the cars of the train were sent toppling over a steep embankment by the explosion. All the telegraph and telephone lines north of Dundalk had been cut before the explosion and the only way of summoning assistance was by the sending of the engine back over to various points.

An official account of the disaster, which horrified the people of Belfast, says that a portion of the railway track was removed and bombs were placed in the gap. The engine and the leading coaches jumped the gap, but the explosion of bombs threw the other coaches over the embankment.

The Spectator maintains its attitude against renewal of the treaty, arguing that even if the dominion premiers acquiesce in renewal, it will only be out of deference to the views of the British government, while the people of the dominions will be slow to recognize the necessity of renewal. It believes there is nothing hostile to Japan in allowing the treaty to lapse.

"Maintenance of the alliance, which is admittedly only a matter of international courtesy," adds the paper, "is not worth while if it deprives us of United States sympathy and comes to be regarded in the dominions as a weighty obligation they are compelled to assume out of love and respect for the emperor."

The "Nation" of Same Mind.

Fear that the British cabinet has decided in favor of renewing the alliance and that Premier Meighen of Canada and Lt.-Gen. Smuts, the South African premier, will not be strong enough to influence that decision, is expressed by the "Nation." It argues that, with whatever restrictions the new treaty may be hedged, the alliance must mean that for some purposes and some contingencies the British and Japanese fleets are to be counted together.

The "Nation" denounces Japan's rule as having been everywhere, and especially in Korea and Siberia, "beyond all western precedent—ruthless and bloody." It says that "everywhere, but especially in Manchuria, Japan has found expedients for circumventing nominal equality in trading rights."

Complaining that all this has gone on under shelter of the alliance, the paper declares renewal means "our further tolerance of this detestable process."

"Let the alliance be transformed and expanded into a triple Pacific agreement, to include the United States," the "Nation" concludes. "If it is renewed as a dual bond there can be little progress in Anglo-American friendship, and still less in the project of disarmament."

London, June 25.—The Manchester Guardian which is an opponent of the renewal of the Anglo-Japanese alliance, contended today that the original motive of the alliance, which was a protective measure against Germany and Russia, has disappeared. It asked if a military alliance was necessary to insure the "open door" in China and the security of Great Britain's dominions in the east, and if such an alliance was possible "without turning the edge of it against the U. S.?" It was declared by the newspaper that no answer had so far been given to these questions, and that it was unlikely one would be forthcoming.

IRISH BULLETIN ON SITUATION

Says British Cabinet is Still Bent on War, But is Not Immortal.

Dublin, June 25.—Last night's issue of the Daily Freeman's official organ, the Irish Bulletin, says: "At the opening of the imperial conference the mind of the British cabinet is still bent on war, but the cabinet is not immortal and the British commonwealth contains five free nations whose honor is involved in a war they have not authorized and for which they nevertheless cannot escape the responsibility. If the issue were clear and the historical sequence of events understood it can hardly be doubted that they would endeavor to bring about peace on the only terms of peace possible."

The Bulletin then narrated the events of the last five years, including the establishment of the "Irish republic."

IMMIGRANTS FROM SCOTLAND ARRIVE ON THE TUNISIAN

Quebec, June 25.—(Canadian Press)—The C. P. O. S. Tunisian from Glasgow arrived in port yesterday with 227 cabin and 609 third class passengers, the latter largely composed of Scottish immigrants of a good class.

The third class passengers landed here and after inspection left for western points by special train.

CLOSE SEASON FOR FOX ANNOUNCED

Ottawa, June 25.—(Canadian Press)—Fox of whatever color or species may not be hunted, trapped or taken between April 7 and November 15, each year, according to an order in council in the Canada Gazette.

SPECTATOR SAYS DROP THE TREATY

London Paper's Views on the Alliance of Britain and Japan.

London, June 25.—The imperial dominions conference and the question of Great Britain's relations with the U. S. and Japan form the subject of length articles by the weekly reviews. They discuss the Anglo-Japanese alliance from every possible angle.

The Spectator maintains its attitude against renewal of the treaty, arguing that even if the dominion premiers acquiesce in renewal, it will only be out of deference to the views of the British government, while the people of the dominions will be slow to recognize the necessity of renewal. It believes there is nothing hostile to Japan in allowing the treaty to lapse.

"Maintenance of the alliance, which is admittedly only a matter of international courtesy," adds the paper, "is not worth while if it deprives us of United States sympathy and comes to be regarded in the dominions as a weighty obligation they are compelled to assume out of love and respect for the emperor."

The "Nation" of Same Mind.

Fear that the British cabinet has decided in favor of renewing the alliance and that Premier Meighen of Canada and Lt.-Gen. Smuts, the South African premier, will not be strong enough to influence that decision, is expressed by the "Nation." It argues that, with whatever restrictions the new treaty may be hedged, the alliance must mean that for some purposes and some contingencies the British and Japanese fleets are to be counted together.

The "Nation" denounces Japan's rule as having been everywhere, and especially in Korea and Siberia, "beyond all western precedent—ruthless and bloody." It says that "everywhere, but especially in Manchuria, Japan has found expedients for circumventing nominal equality in trading rights."

Complaining that all this has gone on under shelter of the alliance, the paper declares renewal means "our further tolerance of this detestable process."

BANK REPORTS ON THE CROPS

Below will be found a brief synopsis of telegraphic reports received at the head office of the Bank of Montreal from its Branches. The branch managers have complete and intimate knowledge of each local and general condition in close touch with crop conditions in all sections of the districts shown.

Maritime Provinces—Lack of rain has retarded crops in all districts and rain is needed in practically all sections. Hay is expected to be light. Fruit prospects continue fairly favorable. In Prince Edward Island general conditions are good; a fair hay crop is expected. Grass pasture improving owing to recent rain.

Ontario—Weather conditions this month have been very favorable to growing crops which as a whole have made excellent progress and the general outlook is most favorable. Recent rains have been very beneficial. Fall wheat is headed out in some districts; average yield expected. Other grain satisfactory. Roots of all kinds doing well. Small fruits plentiful. Other fruits promise good yield. Hay is light in places, but fair yield is assured. Cutting now in operation. Tobacco growing conditions excellent.

FOUND OUR ROADS ARE FAR BETTER

O. J. Killam, of this city, returned yesterday after a two weeks' motor trip through New Brunswick and Nova Scotia. He reported the roads in very fair condition, the New Brunswick roads being by far the better. Mr. Killam said that in Nova Scotia the law regarding the dimming of lights was apparently totally disregarded. He met 127 cars between Halifax and Yarmouth and in only three cases were the headlights dimmed as he passed. In New Brunswick the law was generally observed.

PERSONALS

Mr. and Mrs. Joseph Gormley of this city left last evening on the Maritime express on a two weeks vacation trip to Chicago via Toronto and Detroit. Mr. Gormley will spend a few days in the Upper Canadian cities while enroute.

Kathleen Murray has returned from the Sacred Heart Academy, St. Joseph's, to spend the vacation with her parents, Mr. and Mrs. J. S. Murray, Paradise row. Cecil E. Cromwell, who has been visiting his parents, Orange street, has returned to Norfolk, Virginia.

Miss Hazel Irwin will leave on the steamer Governor Dingley this evening for Boston and other cities to spend a two weeks' vacation.

Mr. and Mrs. J. B. Cudlip, Westmount, Westmount, and family, are spending the summer at Westfield, N. B.

Sackville Post: Mrs. A. H. McCready, who was a delegate from Sackville to the National Council meeting in Calgary, is now visiting her brother, Walter H. Wilson, at Peace River, Alberta. Later she expects to spend some time with another brother in Vancouver.

LATE SHIPPING PORT OF ST. JOHN

Arrived June 25
Stmr. Governor Dingley, 2856, Ingalis, from Boston.

Cleared June 25
Coastwise—Stmr. Ch. Gertrude R. 94, Perry, from Precept, N. S.; Stmr. Empress, 612, MacDonald, for Digby, N. S.

MARINE NOTES

The steamer Governor Dingley arrived in port this morning from Boston direct and will leave for this evening for the same destination.

TWO YEARS AND THE LASH

(Montreal Gazette.)
Ten stories of the life of the late Paul Penitentiary was the sentence imposed yesterday morning by Judge Desrosiers in the Court of Sessions on Sam Kredentser alias "Boston Kid," who was found guilty some time ago of a brutal assault on Ernest Theoret, druggist, of 88 St. Viateur street west. Gaston Duval, who with Kredentser broke into the drug store on the night of May 28 last, and who was sentenced to serve two years in the penitentiary. Duval's weak physique saved him from the lash.

PRESENT FROM IRELAND

Winnipeg, Man., June 25—Presented to the province of Manitoba by the people of Ireland through the efforts of the Irish League, a monument of John S. Gurnison, the famous Irish patriot and statesman, was unveiled here June 17, the Irish national festival. The monument is of bronze and stands over 12-feet high. It is the first monument to be unveiled on the new grounds of the new parliament buildings.

TO SAVE HISTORIC FLAG

New York, June 25—The only American flag used at the first inauguration of George Washington is to be preserved between two 100-pound glass plates in the Metropolitan Museum of Art. The flag was carried by the Second Artillery Regiment of the State at the inaugural on April 30, 1789.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 cents.

DEATHS

QUINN—In this city, on the 24th inst., Corinne, daughter of William and the late Christina Quinn, in the 16th year of her age.

Funeral from her father's residence, No. 1 Park Avenue, East St. John, Monday at 2:30. Friends invited.

COX—On June 23, Myrtle Elizabeth Cox, leaving to move to be preserved between two 100-pound glass plates in the Metropolitan Museum of Art. The flag was carried by the Second Artillery Regiment of the State at the inaugural on April 30, 1789.

Funeral from the residence of her mother, Mrs. William McElroy, 230 Westfield, this afternoon at 2:30 o'clock.

McKAY—In this city on the 24th inst., Walter McKay, son of the late David and Sarah McKay, in the 28th year of his age, leaving his wife, three children, three sisters and four brothers.

Funeral from his brother's residence, 29 Brook street, Sunday afternoon at 2 o'clock.

Friends invited to attend.

IN MEMORIAM

HOLMES—In loving memory of Isabel S. Holmes, who departed this life June 26, 1920.

PARENTS AND SISTERS.

GOOD THINGS COMING TO THEATRES OF ST. JOHN.

SENSATIONAL LORE TUESDAY

Are you interested in the future? Are you considering an important business move and would you like to know if it will turn out successfully? Have you a relative or a friend whose present whereabouts are perhaps unknown to you and would you like to know where they are? Like to find out anything and would you like to find it? If so, you can ask Lore, the sensational girl, and read the future for you. Lore is a psychic who reads the future like an open book—she will be at the Opera House commencing Tuesday and will answer all questions freely.

Unlike Anna Eva Fay and perhaps some others in this line who have appeared here in the past, Lore reads very rapidly and answers questions for a great many more people at her appearances than the others do. Have your questions ready in your mind—to ask Lore on Tuesday.

MRS. JAMES STOUT.

Her Death Recalls Traveling Conditions in the Olden Days.

The Times this week announced the death of Mrs. James Stout of West Bathurst, mother of Jeremiah Stout of Fairville. The Bathurst Northern Light says of her—

"Within year and a half of the attainment of her hundredth birthday, Mrs. James Stout of West Bathurst passed to rest peacefully yesterday afternoon at 11 o'clock. This wonderful old lady, who was one of the last of a little group of original settlers in this section of the country, was in the enjoyment of comparatively good health until within two or three days of her death. For the last year, it is true, she did not move about a great deal, but her interest in the life about her never slackened, and it is gratifying to be able to record that she retained all her faculties in normal working order right to the end.

That was a notion is not calculated to inspire misgivings, in those days it represented quite an adventure in itself, for the trip could not be made over the old intercolonial, for there was no old intercolonial. They had to make the trip by stage coach, and the route led over by Westmorland and across Annapolis thence up to Chatham, and finally to Bathurst.

"Of a generous disposition, though always quiet and unobtrusive, and deeply religious, the deceased lady had a host of friends who will feel her loss keenly. Mrs. Stout, whose maiden name was Andrina Cheyne, lost her husband some twelve years ago. Her only surviving sister is Mrs. Jeremiah Stout, who lives alongside, at the home of Miss Emma and J. G. Stout. This sister is in the ninety-fifth year. It is a notable fact that two deceased sisters also lived to be over ninety years old. There were seven sons in the family of the late Mr. and Mrs. Stout, by three of whom the deceased lady survived, namely, Alex., with whom she lived in West Bathurst; John, who was in the hardware business in St. John, and Huston, city electrician, Vancouver. Grandchildren are the Misses Marjorie and Edith Stout and Mrs. Thomson of Halifax."

MOTOR BOAT AT FIFTY MILES AN HOUR

Victoria, B. C., June 25—The "hydro glider," which is being launched here soon, is something entirely new in the shallow-draft boat construction line. The boat is propelled by an airplane engine with a propeller. The hull is of the hydroplane type which skims the surface up to a speed of fifty miles an hour. Eight passengers can be carried by this novel craft which differs greatly in construction and method of propulsion from the American "sea-scooter," which demonstrated its speed of 100 miles per hour last year. The boat will be used to reach almost inaccessible places in exceptionally shallow water.

CONGREGATIONS WILL UNITE FOR SUMMER

The congregations of St. Paul's and St. John's (Stone) churches will unite for the months of July and August. Services during July will be at St. Paul's in the morning and at St. John's in the evening. In August, Venerable Archdeacon Rowford will conduct morning services at St. Paul's, evening services at St. John's.

TWENTY-OUNCE DOG.

Paris, June 25—A tiny black-and-tan terrier named Snooper, which is attracting notice here, can sit in the palm of a hand, and weighs only one and a quarter pounds. It wears a camel-hair robe, silk trimmed, with a cowel, made of a silk handkerchief in its pocket.

VILLAGE RULED BY WOMEN.

Kalamazoo, Mich., June 25—The village of Richmond, near here, which has elected a board of trustees composed entirely of women, is one of the first political units in the world to be turned over by the populace entirely to the hands of feminine rulers. Two married women and one single one constitute the board.

BURLESQUE NEW JOB.

Washington, June 25—Former Postmaster-General Burleson has a new job. He is in Berlin negotiating cotton credits under a plan by which American cotton shall be shipped to Germany and payments made from profits derived from the sale of manufactured goods.

CITY MOTHERS.

Chicago, June 25—Highwood, a suburb of Chicago, is going to have a city council composed entirely of women. "I'm a married man and I know how hard women run things," said Mayor Welsh when he was elected and announced his plan.

WEST SIDE HOME BAKERY

127 Union street, special baked beans for Saturday, served hot from the oven, 12 to 6 p. m., 35 cents a quart. Put up in pint and quart cartons to take out. Steamed brown bread, 15 cents.

Leaves Indian town this afternoon at 3:30 and tomorrow morning at 9:30 for Chapeau, etc., returning leaves Perry's Point 7, both evenings.

ST. JOHN MILK SUPPLY AND THE BOARD OF HEALTH

To the Editor of the Times:
Sir—In your issue of the 24th I notice an article under the above heading, in which it is stated that the charges made recently through the local press are ungrounded and that every drop of milk used in St. John is traced from its source to the consumer.

Mr. Editor, with all due respect to both the local and provincial Boards of Health, that every statement I have made regarding the matter is absolutely correct, and I am prepared to prove that the milk used in this city is generally dirty, and in consequence carries large numbers of germ life, many of which may be disease producers. Only one dairy makes a pretence at pasteurising or clarifying, consequently any milk not so treated is unsafe. Milk is delivered to city dealers in unclean cans, and in a heated condition, due to lack of ice during shipment and being drawn in many cases several miles over the country roads with neither ice or cover over the cans, thus exposing the shipment to the heat of the sun.

These charges I make without fear of successful contradiction and in addition would add that as far as the stores handling milk are concerned, the majority have not had ice for their tanks, which are not properly washed, the milk is either dipped from the top of the tank or drawn from the bottom without it being properly mixed and the measures used are left exposed to the flies and dust.

In many cases milk is sold from the cans, kept in the rear of the store, with covers off, and subject to all odors which are prevalent in the city. This milk is also delivered direct to the consumer in open containers carried through the dusty streets and left on the street for open vessels, this alone being sufficient to condemn any milk supply for human consumption.

Reference is made in the article referred to of the Public Health Act of 1915, which provides for the inspection of every cow where milk comes to this city as well as the attendance of a retailer providing they comply with the standard set by the board. I would like to ask what inspection of every cow has been made and how many herds have been inspected for tuberculosis (when the tuberculosis test was used), during 1926-27. What sort of standard can be set by the board in order that a retailer may be granted a license, when some are allowed to sell milk from the cans and others from open vessels, while others use the open jar? If either is permitted the standard so set is of a mighty low order, and is a close runner to the filthy milk which the retailer and consumer. The charts used by Dr. Johnston for the inspection of every cow, etc., are only an indicator, inasmuch as the score made at any stable depends upon the standard he sets and as a rule, the standard is set by average.

The general conditions of the section providing the milk, and I will venture to say that if the standard set by the board of health of New York, Boston or Toronto for the inspection of stables, etc., was applied to the dairies now shipping into St. John, it is certain that a producer's strike for price, for the dealers to be compelled to advise the consumer that he had no milk.

I am not reflecting upon Dr. Johnston for so setting his standard, for this city has to have milk, but I will criticize any one who has the authority and will not raise that standard.

All the Board of Health publish the bacteria count of the samples of milk tested by Dr. Abramson from June 1st to date, and whether his tests are a twenty-four or forty-eight hour count?

I am glad to see, as per the last paragraph of your reporter's article, that the health officers do not claim that the city milk supply is perfect, but that there has been some improvement over last year. The standard set by average end of the work is difficult, but what is to prevent the compulsory clarifications, and pasteurization of all milk sold, as well as the attendance of a producer for direct delivery by the dealer to either the family or store trade, which, if properly carried out by the dealer, would practically eliminate all milk ailments. Milk that will stand the heat required to pasteurize it will not require the introduction of soda or other acid neutralizer to keep it sweet after delivery until used.

I wish to say, Mr. Editor, that my observations and remarks made regarding the milk supply is not intended by me as political propaganda, neither are they intended for any other purpose than what should appear on the surface of any article I have written, viz., a better milk supply for the citizens of St. John.

Yours truly,
J. E. TILLEY.

LOCAL NEWS

DIED TODAY.
The death of Corinne Quinn, daughter of William J. and the late Christina Quinn, occurred this morning. The funeral will be held from 1 Park Avenue, East St. John on Monday afternoon.

NOVELTY SHOWER

Miss Florence Keirstead was pleasantly surprised last evening when friends gathered in her honor at her mother's home, 280 Duke street, West St. John, and tendered her a novelty shower. The hours passed pleasantly in games and dancing.

NOT AGAINST MR. FALES.

In the matter of the automobile collision case before Magistrate R. J. Anderson at Bathurst on Thursday evening, the charge of speeding was brought against Frank Garson and not against F. S. Fales, as was incorrectly reported in yesterday's issue of the Times.

NO THIRD MAN YET

D. W. Leddington, vice-president of the William Thomson Co. said today with reference to the dispute with the longshoremen that the third member of the board of arbitration would probably be appointed the first of next week, after which the board would get down to work.

COUNTY TAXES

August 26 has been set as the last day of the discount for the payment of taxes in St. John county, so J. King Kelly, secretary, announced this morning. The bill for the parish of Lancaster are now being delivered and the county clerk is working on those for the other parishes.

ASPHALT PLANT HERE

A complete new asphalt plant, valued at \$25,000, has arrived in the city for the Stephen Construction Co., and will be used in connection with their work of surfacing Douglas avenue. The machinery will be unloaded on Monday but will not be put into operation for several weeks.

IN THE MARKET.

There was a fair supply of produce in the market this morning and prices were very much from last week's quotations. Cultivated strawberries were selling at from 35 to 40 cents a box, while wild berries were selling at from 45 to 50 cents. American cucumbers have arrived and are selling at 25 cents each. Other prices were as follows: Pork, 35 cents a peck; persimmons, 60 cents a peck; beans, 15 cents a bushel; celery, 15 cents; rhubarb, 5 cents a bunch; eggs, 35 to 40 cents; butter, 30 to 35 cents; lettuce, 10 cents a bunch; radishes, 10 cents a bunch, and onions, 8 cents a pound.

PICNICS TODAY.

The Victoria street Baptist church Sunday school picnic is being held today at Crystal Beach. At 11 o'clock this morning the steamer Majestic took a large number of picnickers to the grounds and this afternoon the Champlain is to leave. Arrangements for the entertainment of the members was in the hands of a large and energetic committee.

Central Baptist Sunday school picnic is being held today at Grand Bay. Special arrangements have been made for the train leaving at 1:30 this afternoon to take the members of the congregation and friends to the grounds. Ample arrangements of games and amusements will be carried out.

St. Matthews church Sunday school picnic is being held today at Long Point. This morning at 10:30 o'clock members of the school left for the picnic grounds in motor busses.

DIVIDED AS TO THEORY ABOUT MISSING SHIPS

Some New York Authorities
Credit Loss to Pirates, More
to Natural Accidents.

(New York Times.)
In accounting for the fate of ten vessels that have mysteriously disappeared in a little more than a year, local shipping men incline more toward the theory of floating mines and natural accidents than to the activities of pirates or Bolshevik marauders. Piracy without a doubt still exists, "as it has since the days of the Phoenicians," as Captain O. W. Parker, marine superintendent of the Shipping Board here, puts it, but ship owners said yesterday that it seemed unlikely that sea robbers could have preyed on many ships without the fact becoming known.

In support of their contention, those who scouted the piracy idea pointed out that the use of wireless apparatus aboard vessels was becoming almost universal, that the commerce lanes of the ocean were more crowded than before and that there was an international patrol which kept close watch of what was going on.

It was recalled that on the occasion of the recent visit of the Prince of Monaco, that royal scientist spoke of his study of floating mines, which he said constituted a menace to navigation. He told how these mines, loosened from their moorings to which they had been fixed by the warring nations, were drifting across the Atlantic and back. Some shipping men insisted that the fate of some of the missing vessels might be attributed to this cause. It was also pointed out that disappearances were at times of the most mysterious kind, such as hitting icebergs and derelicts.

Other shipping owners gave credence to the opinion held by Washington officials that piracy was again being practiced, and that agents of Soviet Russia were seizing craft on the ocean. Especially among those familiar with sailing vessels and tramp steamers was this view entertained.

But, whatever the cause or explanation, at least ten vessels are missing today, and in only two instances has word of any sort been received, namely, by the message from the Carroll A. Bering, picked up a bottle and by a postcard from a member of the crew of the freighter William O'Brien, missing since April a year ago.

The fate of the O'Brien, a vessel of 3,143 tons, under charter of the France & Canada Steamship Company, has long been a topic of discussion in shipping circles. This freighter left New York on

Made in Canada

April 14, 1920, bound for Rotterdam. The next day she put back to port, her captain reporting that he had trouble with his crew. On the following morning the steamer made a fresh start.

A few days later the steamer Baltic received a wireless message from the O'Brien to the effect that she had encountered heavy storms and that a hatch was missing. The last part of the message was encircled in mystery, and it was the last heard by many. The message had been tampered with. The steamer was never heard of again.

Three months later the mother of a child at a port in the Atlantic, the office of the France and Canada Company with a post card mailed in France and that he had been on a ship with Edith Ford, son of Henry Ford. Investigation brought out the fact that the younger O'Brien was in Detroit at the time the ship was last seen, excluding the Carol A. Deering and the Hewitt, as listed are: Mald, British schooner, sailed from Monte Cristo for New York April 4.

Monte San Michele, Italian steamer of 4,001 tons. Left this port with a cargo of grain for Genoa Feb. 2.

Yute, Spanish steamer, 2,974 tons. Sailed from Baltimore Nov. 24 for Dunkirk. Reported two days later about 200 miles southeast of Cape May.

Flonine, Norwegian bark. Left Hampton Roads for Copenhagen Nov. 25. Experienced de Larroque, British schooner. Sailed from Norfolk in February for Riga.

General Mair, British schooner, sailed from Lisbon for Newfoundland Oct. 19. Fylla, Danish steamer. Sailed from Newfoundland for Nova Scotia in January of this year.

FREDERICTON PERSONALS.

HOSPITAL COMMISSION MEETS.

The board of hospital commissioners after a tour of the new nurses' home yesterday expressed dissatisfaction with the present condition of the building and a committee of three was appointed to report all details of defects in the home. It was decided to obtain material for the filling in of the space between the new nurses' home and the power and it was thought about 200 loads would be necessary. The present incinerator of the hospital was reported defective and it was decided to get prices and specifications of a new incinerator. Regarding

FRENCH DEPUTIES HAVE BAR.

Paris, June 25—The French Chamber of Deputies "has it over" the American House of Representatives in at least one respect. It has a bar. And during 1920 the 626 members of the Chamber spent over the afternoon bar the neat sum of nearly a million francs (\$250,000).

The NEW EDISON "The Phonograph with a Soul"

Too tired to get dinner

Music brings back the "pep"

THE illustrations show what good music will do for you. The New Edison is so perfect an instrumentality that it enables you to utilize the power of good music to improve your mood, brighten your spirits, and refresh your body.

Mr. Edison wants a phrase of 4 or 5

words that will distinguish the New Edison from talking machines, and emphasize the fact that it is an instrumentality by which the true beauties and the full benefits of music can be brought into every home. Come to our store and get a folder that gives full particulars of Mr. Edison's \$10,000 Prize Offer.

Three days of Music Free

If you do not own a New Edison, mail or bring us this coupon, and we will gladly loan you an instrument for three days, in order that you may experiment with it in your home, and learn what music will do for you. This experience may make it easier for you to win a prize.

Act quickly, as the number of instruments which we can lend is limited. Remember, you assume no expense or obligation.

W. H. Thorne & Co., Ltd.

St. John, N. B.

Three Day Free Trial Offer Coupon

You may deliver to my home a New Edison, and a library of RECORDINGS for a three days free trial, in order that I may learn what music will do for me. It is understood that I assume no expense or obligation whatsoever.

The Evening Times and Star

ST. JOHN, N. B., JUNE 25, 1921.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

ROCKWOOD PLAYGROUND.

Commissioner Frink has reason to regard with great satisfaction his connection with the work of providing a great civic playground in St. John. Reference to the matter is appropriate now because the baseball diamond on the Rockwood playground is practically completed and will be ready for use, as he had promised, on the first day of July.

Mr. Frink was mayor of the city in 1918, when the Rockwood area was dedicated to play and the first sod turned by H. R. H. the Duke of Connaught. The city that year granted \$2,000 for preliminary work. The first improvement was the laying of a large pipe to carry the outfall from Lily Lake and thus drain the ground. For some years nothing more was done, but when Mr. G. Fred Fisher was commissioner of public works a great deal of material was hauled to grade the portion required for the first baseball diamond and running track.

Thus Mr. Frink, who as mayor had an active part in beginning the work of converting the area into a playground, has as commissioner of public works and of playgrounds seen the completion of the first important portion, and will very soon be able, on an evening, if he can spare the time, to witness a ball game, or during the day in the holiday period see numbers of young people taking exercise on what hitherto has been a stretch of unused marsh land. In the matter of playgrounds St. John has made remarkable progress in the last five years, and the result is seen in the universal devotion to baseball, with other athletic sports also growing in popularity.

SPIRITUAL VALUES.

A meeting was held in Westminster recently to promote a Christian order of industry and commerce. Lord Robert Cecil was one of the speakers, and declared that the principle of competition as generally applied in the past had to a great extent dehumanized human relations. Of the common phrase, "business is business," he said it was a "destroying maxim" if ever there was one, for it meant that in business all men had to consider was what was profitable and successful and that humanity, consideration for others and such ideas were out of place in a business transaction. Conceptions of that kind were at the root of our trouble. We had to get back to Christian morality. At the root of that was co-operation for the common good and the aim must be to get all those engaged in industry imbued with corporate feeling.

Akin to what Lord Robert said were the sentiments expressed this week at Amherst College, Mass., by Mr. Calvin Coolidge, vice-president of the United States, when he said:

"Spiritual values are the only reliance of the world in trying to meet present problems. The work of the world will not be done unless it is done from a motive of righteousness."

The following portion of the vice-president's address is worthy to be quoted in full in connection with the similar statements made by Lord Robert Cecil:

"The fundamental purpose of this institution is to teach men spiritual values. The progress of this effort measures the progress of civilization. There is no other principle that men of the present day all over the world need to keep constantly in mind. The earth has no other reliance. Individuals and nations are at the present time afflicted with great burdens. A result of the recent judgment which has taken place during the last year, men find their resources very much impaired, with no corresponding reduction in their expenses. Oftentimes both capital and credit have been entirely exhausted. The nations of the earth are struggling under a great load of debt incurred and resulting from the war. The raising of sufficient revenues to meet the costs of government is not only a grievous burden, but in some cases has not yet been found possible. The question that confronts us on every hand, whether in the consideration of private or public interests, is how these burdens can be borne. It is scarcely to be said that they should be borne solely in order to secure a resulting prosperity. The world must look for something more than prosperity in the present situation. The individual must look for something more than wages and profits for his compensation. Unless this satisfaction can be found by proceeding in the way of right and truth and justice, the search for it will fail. The material things of life cannot stand alone. Unless they are sustained by the spiritual things of life, they are not sustained at all. The work of the world will not be done unless it is done from a motive of righteousness. Things bring us back squarely to the foundation of western civilization, which asks not whether it will pay, but whether it is right. There is no other foundation for the maintenance and support of a peaceful relationship between individuals or among nations."

The profiteering that was done during the great war served to direct universal thought toward the higher and nobler aspects of business as it had never been directed before. Has the world learned its lesson, or are the men on the watch-

towers preaching to deaf ears? Looking over the situation as it appears in the world at large today, one is almost tempted to be pessimistic, but the forces of righteousness that triumphed in the war still live, and give ground for confidence that human relations will improve and that right and truth will ultimately prevail.

AVOID THE PESSIMIST

Asking the question, What is the matter with business, the Toronto Globe says:

"Through all the answers, however they may differ in other respects, there runs the idea that the condition of business is due chiefly to a pessimistic state of mind that appears to be worldwide. Confidence is the great lack. People everywhere are buying 'from hand to mouth,' either because they have not the means to do otherwise, or because, having the means, they seek to avoid the losses that are the result of laying in large stocks of goods at a time when prices of most commodities are still falling, and there is no assurance that the bottom has been reached."

The Globe points out, however, that the production and exchange of food, clothing and shelter, together with the means and utensils necessary for use in the home, and the means of transporting man and the things he uses rapidly and cheaply from one point to another, are the chief foundation of industry and commerce, and that the demand for these cannot cease. Confidence, therefore, must be restored in time, and we are on the way to improved conditions, even if the period of depression does last for a considerable period. The remedy has been stated many times. Harder work and less waste, and an effort to provide as much work as possible, will eventually solve the problem. Pessimism cannot prosper in such an atmosphere.

Boston Globe: A match thrown carelessly, a cigarette flung into dry leaves, a camp fire left burning—any of these may furnish the spark that sets the flames sweeping over the forest floor. The young growth is ruined, the older trees are left standing scarred by shrivelled leaves, the soil is ash-covered and impoverished, and nature's hundred years of work is destroyed. A moment of thoughtlessness means hundreds of acres of black devastation.

Admiral Sims went to Secretary Denby and was "publicly reprimanded." Then he went to the White House and had a chat with President Harding, and finally went about his duties as president of the naval war college. The comedy was well staged and well acted and the audience is duly impressed. Persons lacking a sense of humor may be disposed to be critical, but not the recipient of these attentions. "Same old thing," says Admiral Sims.

Yesterday's news from Great Britain gave ground for hope that the miners' strike is nearing the end, and Mr. Lloyd George sees a coming business revival. That is long overdue, in view of the activity which prevails in German industrial and commercial circles. Britain stands to lose ground unless there is a speedy awakening.

The news that comes from Ottawa today shows that the cost of living has still a long way to drop before it approaches the pre-war figures. The farmer has suffered most in the decline to date, and has good reason to complain about the prices of what he has to buy.

The city council, which has always been forced to spend its money long before it was collected in taxes, is trying to advance the collection and avoid a continuous and heavy overdraft to keep things going. That is the explanation of the shortened period for tax discount.

A MEMORIAL TO HOUSE OF BISHOPS

Matter of Admission of Other Ministers Without Laying On of Hands in Confirmation.

Toronto, June 25.—Certain Anglican clergymen and laymen are memorializing the House of Bishops on the question of ministers of other communities being admitted to the ministry of the Anglican church without the laying on of hands in confirmation, as follows:

BOY SCOUTS
WOLF CUBS
ROVER SCOUTS
SEA SCOUTS
LITTLE FRIEND OF ALL THE WORLD

THE BOWKNOT OF BLUE.

The greetings of the St. John Local Council of Women to the members of the National Council meeting in Calgary took the form of a very pretty booklet containing the following poem by Mrs. W. Edmond Raymond, vice-president, and a copy was given to each delegate:

Only a bowknotted blue,
Aure and navy 'tis true;
But an emblem so fine
Bears a message Divine
On that little bowknotted blue.

Only a bowknotted blue,
And six golden stars, 'tis true;
But a pride of possession,
Means not an obsession,
When I wear my bowknotted blue.

That little bowknotted blue
Shows purpose for me and for you:
A command to obey,
Each calendar day,
From our little bowknotted blue.

But, only a bowknotted blue,
Can we measure the distance too?
The long trail to climb
By tolerance Divine,
To earn that bowknotted blue.

Oh little bowknotted blue,
God's seas take the color too,
In immutable strength,
That message is meant
When seas are not always blue.

Only a bowknotted blue,
But for Canada, Empire too;
And the gates opened wide,
Give a tremendous big stride,
To the little bowknotted blue.

Oh little bowknotted blue,
The Council is eager, 'tis true,
To legislate laws,
To amend some weak cause,
For its little bowknotted blue.

Only a bowknotted blue,
That women are wearing, 'tis true,
But the Dominion is wide,
And its welfare their pride,
I love my bowknotted blue.

LENOVOI.

Is it only a bowknotted blue,
To wear in the glow of the morn?
When roses are fair,
And no crosses to bear,
When smiles take the place of scorn?

Let us wear our bowknotted blue,
Let us give a right for a wrong,
When the trail seems so weary,
And the outlook so dreary,
Help us to help others grow strong.

A. PAULINE RAYMOND.
January 17th, 1921.

LIGHTER VEIN.

Heavier Than Poundage.
A country housewife of good intentions, but with little culinary knowledge, decided to try her hand at cake-making. The result was somewhat on the heavy side, and, after offering it to the various members of the household she threw it to the ducks in disgust.

A short time afterward two boys tapped at her door.

"Say, missus," they shouted, "your ducks have sunk!"—Minneapolis Tribune.

FIFTY-FIFTY.

Two girls unfamiliar with baseball were watching the local nine play a visiting team last Saturday.

"What's that?" remarked one girl.

"We have a man on every base."

"Why, that's nothing," said the other, "so have they?"—Boston Transcript.

A Blooming Chicken.

Little Mary was visiting her grandmother in the country. Walking in the garden, she chanced to see a peacock, a bird she had never seen before. After gazing in silent admiration she ran quickly into the house and cried out:

"Oh, granny, come and see! Our chicken is in bloom!"—The Christian Register.

O. McPherson, Furniture Dealer, Undertaker, Minard's Liniment Co., Ltd., Yarmouth, N. S.

So many Boy Scouts are going to the provincial camp because every scout who is worthy of that name will not neglect to take advantage of the splendid chances of real scout training which this camp will afford him.

Because there is not a real boy anywhere who does not want to learn how to handle a canoe properly, to know how to enter it from the water, to know how to equip it for a long voyage, to know how to portage, to know how to handle it in rough weather, especially when he knows that the instruction will be given by an expert backwoodsman, musher, tracker and camper;

Because even "Skin-nay" doesn't want to miss the glorious swimming at this camp, unequalled by any other in the province; every boy will have a chance to learn to swim, pass the first class test in swimming, to earn the swimmer and rescuer badges. To learn and practice all kinds of diving and learn the hundred and one stunts that a fellow can do in the water;

Because every scout will have an opportunity to pass the first class hike test, the cooking, map reading and day-long tests, the signalling, both semaphore and Morse, judging distances and the many other tests which he has not a chance to pass at home. He would go, even if it was only for the camp fire in the evening. The camp fire is a feature of a well conducted camp which no boy ever forgets. The memory remains with him through all the years; it has a magic charm all its own.

Because he wants to meet the other 229 scouts and make friends with every one of them. This may seem hard, but it is not hard for a scout because "A scout is a friend to all and a brother to every other scout" and he would be falling down on the job if he let even one of those 229 scouts return home without being able to answer to a "who's that." "Oh! that's Jim Jones—Patrol Leader of the Beavers of Kalamazoo, we've been chums for ages, in fact I've known him ever since the first day of camp. Sure! old timers! Just think of it, 229 scouts chums and he knows the names of every one of them. Pah! that's nothing for a scout. The tests for the second class badge is practicing observation and memory test.

Because he knows at least ten or twelve experts in forestry, naturalist, prospectors, swimmers, rescuers, canoeists, boatmen, pioneer, starmen, cooks, and many other things will be there. Some line up! And if some of you fellows want to be one of these experts were and their high standing in their own right of business, you would stay and wonder and feel sorry for the poor chaps who are going off on camps of their own.

Because every scout would like to know something about the stars and planets, how to find his way at night without the aid of a compass. To be able to point up and say there's Ursula Major of the Big Dipper, there's Cygnus or the Swan, etc. To know that we never see the Southern Cross, that we cannot see Orion during the months of May, June, July, August and September and the other hundred and one interesting points about the heavens which every scout would like to know.

One of the main reasons why so many boys are going to this camp is because the price is right. It is only by having all the camp at this camp that we can run it so cheaply. Well, scouts, we hope you will all remember the second scout law. "A scout is loyal," and make this camp a splendid success by registering at once. We are relying on you. Yours for good camping.

CENSUS TAKERS

REGULAR TALKERS
In Quebec, It Is Said, Some Give Away All The Secrets

Montreal, June 25—As spreaders of information the census takers are apparently rivalling the town gossips in some of the country districts, it is alleged. One irate party related his experience with the census enumerator today. It appears that the English, while most of the people from whom he gathers statistics do not speak French. Suspecting that the man was showing the return, he decided to test him. Accordingly, when the enumerator came to his house, he said: "I don't understand this—let me see this sheet, my friend!" Instead of handing him a blank sheet the enumerator handed over a sheet half filled with information regarding the village's neighbors, although the census taker is obliged to swear that all the facts he gains will be kept secret.

According to this man, if the enumerator did not like the answers given in reply to his questions he substituted others.

At a meeting of the Trades and Labor Council last evening a resolution was passed requesting the city council to take steps towards the establishment of a national employment bureau in St. John. Commissioners Jones and Thornton spoke at the meeting and said that they had derived much information from the evening's discussion.

RECENT WEDDINGS

Johnston-McCullum.

The marriage took place in St. John on Friday, June 17, of Miss Jean McCullum, daughter of Mr. and Mrs. John McCullum, of Newcastle, to Roy Johnston, of Loggieville. Miss McCullum, who arrived from Boston on Friday morning last, was met in St. John by Mr. Johnston, the wedding taking place at the residence of Rev. R. M. Legate. After the ceremony Mr. and Mrs. Johnston left for Moncton, where Mr. Johnston is engaged in business. The bride was dressed in blue tulle toilet silk with hat to match.

RECENT DEATHS

The death of Mrs. Myrtle Elizabeth Cox occurred at The Ferns on Thursday after a lingering illness. She leaves her husband, one son, her mother, two sisters and two brothers.
The funeral will be held this afternoon from the residence of her mother, Mrs. William McHarg, North street, Fairville.

BULLET IN BRAIN, WINDSOR GIRL DIES

Audrey Robertson Wounded Mysteriously While in a Motor Car.

Windsor, June 25—Audrey Robertson, 18 years old, died on Monday in Grace Hospital from a 22-calibre bullet in her brain.

Audrey, who lived at 36 Bridge avenue, Sandwich West, had been fighting for her life since Monday night, when she fell, mysteriously hurt, to the floor of an automobile in which she and several other children were riding.

It had been believed she hit some sharp-pointed object in the car until an X-ray examination of her brain by physicians disclosed a revolver bullet. Children riding with her said they

heard no shot. She fell from her seat without a word, unnoticed until after the fall, they said.
The bullet entered the girl's left temple, traveled about five inches and was found imbedded in the back of the skull.

Friends of Miss Alice Harrington called at her residence, 42 Millidge avenue, on Thursday night and tendered her a kitchen shower in anticipation of her approaching marriage. Miss Harrington received many useful gifts and a very enjoyable evening was spent.

BURGLAR THROWN OUT BY WOMEN

Mother and Daughter Put Him Out of a Window
Windsor, June 25—Breaking into the home of Mrs. Elizabeth Wilkie, 821 Moy avenue, Windsor, in the early morning, a masked burglar was thrown through a window by the united efforts of Mrs. Wilkie and her eighteen-year-old daughter. The aid of the sons wasn't needed.

Scotland, was awakened shortly after 3 o'clock by the noise of a window in her bedroom being thrown up. Shouting to her two sons, who were in an adjoining room, she rushed to the window in time to seize the burglar before he could climb into the room.
Crying out, "Get Back, ye bad man," in the broadest Scotch, Mrs. Wilkie clutched the man's arms, the daughter giving her mother assistance by throwing a sheet around the visitor's head. The rest was easy for the defenders.

EARTH IN RISKY FIX
Detroit, June 25.—There are eight ways in which earth may come to an end, according to the Rev. George T. Gullen. For one thing it is travelling towards Hercules at the rate of 600,000 miles a day, and they may bump. Also it may collide with something else, may pass through the tail of a comet, causing asphyxiation, or the heat of the interior may give out. And there are several other possible disasters.
Ask for Minard's and take no other.

A Night's Lodging In New York Underworld

Incognito Exploration of Cheap Sleeping Quarters for Men Reveals Appalling Squalor and Misery—Chinese Keep Cleanest "Hotels"

(New York Evening Post.)

Chinese men's lodgings are on top. It is hideously crowded, but quiet and reasonably clean. It seemed probable that the bedclothes were washed every few months.

And clean, comparatively, was the big Chinese boarding house at High and Water streets, which accommodates five hundred men on four floors. The proprietor heard of our quest for Zambos Jim, and we proceeded down cellar, where they were playing—well, dominoes, with solemn absorption. In all Chinatown, of both boroughs. Indeed, we encountered nothing but politeness and attempted sanitation. The Chinese accommodations for the down-and-out are pretty good.

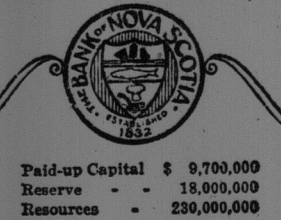

The "Dead House."

We had a look at the "dead house" on Pell street, into whose cellar cave those who no longer had need of lodgings were sometimes thrown in days less orderly. We went into a drug emporium and found only tea and cigars. Up in a joss house they were enjoying a lecture about Confucius! So we proceeded to see where the dregs of society lay their heads when they are not Chinese.

There is a place on Third avenue, near Twenty-third street, that is as far gone in dirt and misery as any night lodging in fiction or reality that you could name, not barring Russian novels. Here, too, there are four floors, with a couple of hundred men sleeping on each in narrow wooden cubicles. A gas flame splitters out a little light, but the air—we might have been twenty feet under ground. The sleepers were negroes mostly. The manner of our reception was suspicious and threatening. Many were not asleep.

Chinese Lodgings.

It was about midnight when we went into the place on Sands street, Brooklyn, climbing up four flights of a most respectable-seeming business building with a dentist's name on the door. The

A Start in the Right Direction.

The temptation to spend money in your pocket is greater than when your money is in a savings account in the bank. That margin of temptation may mark the difference between an opportunity to go into business later on or of working for wages with nothing saved and nothing ahead, at the end of your working years.

Why not open a savings account in The Bank of Nova Scotia today?

THE BANK OF NOVA SCOTIA

Manager, St. John Branch: J. M. Stevenson
Branches: Charlotte, St. John, Miramichi, Moncton, New Brunswick, and other cities in the Maritimes.

"Well, there are other places—down on Hyers street, on South street—where we might go. But the air is better up-town. Suppose we run up to Pleasant avenue, over on the East Side, where the good shots try their luck about this hour? Or would you rather pass a few minutes in Harlem's Notorious Murder Stable?"

"People don't sleep there?"

"No, but there's plenty to see there after dark. Let's go."

Harlem's notorious murder stable is always mentioned thus, by its full title, for it commands respect. Sixteen men have been picked off as they passed by or else dragged in to be dispatched among its vast shadows. It is on the southwest corner of First avenue and 108th street. We walked through, but it was as silent as the graves it had helped to fill. The custom is to use a shotgun from behind a grocery wagon or a pile of boards.

"A sort of lonesome beat," we said to the policeman who had kept his eye on our car.

"Well, I have my amusements," he reflected, "that you can't appreciate unless you come over and look through this knot hole. I often stroll by here for company myself."

"There is another stable cross the street that is kept lighted all night, and grain is stored inside. Stopping to the knot hole you could see parading with assured police a company of rats a little smaller than the horses. We shouted to scare them, and they came slowly across the floor to the door sniffing. 'Don't be afraid,' soothed the officer. 'They're the best thing in the block.'"

Cuticura Soap

AND GENTLE Clear the Skin

Best, Cheapest, Safest, Most Effective. Sold Everywhere.

The woman who uses Magic Baking Powder has the positive assurance that it contains nothing injurious, and that her food is made more wholesome and nutritious by its use.

MAGIC BAKING POWDER

It is a pure phosphate baking powder, and it is a well-known fact that phosphate is a necessary constituent in food, while alum is a dangerous mineral acid. Magic Baking Powder contains no egg albumen or other added ingredient for the purpose of making unfair and deceptive tests, and which have no value as a constituent of baking powder.

MADE IN CANADA

Incriminating Evidence.

An amusing incident in the career of the late Chief Justice White is related in The New York Times. As a young lawyer he was called upon to defend a man who was accused of stealing a pair of "pants." The man was seated with his legs under a large table, when Mr. White sat down and asked him some-

thing about the case. The man was most reticent. Finally, the lawyer for the other side called the accused to take the stand. The prisoner turned to Mr. White and said:—

"Judge, I don't want to take the stand."

"Why not?" asked Mr. White. "You're perfectly innocent, aren't you?"

"Yes, sir. I'm perfectly innocent as long as I sit with my feet under this table, but if I get up on the stand—Judge the trouble is I've got them pants on!"

Lovers of light literature will be glad to know that, following after Leacock, the lady detective may now take her eyelashes from the eyelash stand.

YOUR CUP OF TEA

Your cup of Tea means much to you. It is more than an item in the daily fare. It is the one thing that "rounds off"—or spoils—an enjoyable repast.

Tea is fortunately so cheap in this country that there are few who cannot afford Choice Tea. The cost per pound is only slightly higher than ordinary Tea, while the increased pleasure you get from every cup you make is worth many times the difference. It is true also, that a FLAVOR-FULL Tea like KING COLE Orange Pekoe will actually spend further—that is, make more cups to the pound. KING COLE Orange Pekoe is prepared particularly for lovers of Choice Tea.

UNUSUAL QUALITY EXCLUSIVE FLAVOR

MUTT AND JEFF—JEFF EVIDENTLY FIGURES THAT EITHER JACK OR GEORGES WILL KISS THE CANVAS - - By "BUD" FISHER
(COPYRIGHT, 1927, BY H. C. FISHER, TRADE MARK REGISTERED IN U. S. PATENT OFFICE.)

COURT HELD IN DITCH AT MIDNIGHT

Dispensing justice from the roadside near Norton at the weird hour of 1 o'clock last Monday morning, Magistrate Herbert J. Anderson, of Renfrew, imposed a fine of \$25 and costs on John F. Lorraine of New Bedford (Mass.), for driving on the Routhway road and failing to stop when ordered by constables to do so.

Several other speeders and offenders against the traffic laws have been fined within the last few days. Magistrate Allingham, of Fairville, on June 17, fined one man \$2 for driving without a license tag; on June 22, he fined two speeders \$3 each, and on June 23, two more \$5 each.

Magistrate Anderson, of Renfrew, fined one man \$15 on June 21 for leaving a dealer's tag, and another \$10 for speeding on the Routhway road. Yesterday he fined three more speeders \$3 each and one charge for speeding was withdrawn when the driver showed he was going for a doctor.

Another speeding case involving two lawyers was supposed to have come up before Magistrate Anderson last evening but was postponed until Tuesday because one of the men could not attend.

WOMAN DROWNED IN A WELL. Husband Plunges In To Save Her and Ho, Too, Almost Loses Life.

Newton, N. J., June 25.—In an effort to rescue his wife, who had fallen into a twenty-five foot well on their farm, Frank Gillen, thirty-eight years of age, was nearly drowned. When rescued he was exhausted and nearly unconscious. Physicians were not able to revive the woman.

Gillen had been making some repairs to the well, and his wife, who had recently been ill, was watching him. He went to the barn, and when he returned he saw her struggling in the twelve feet water. Gillen called for help, then jumped into the well. He succeeded in pulling his wife's head above water, but after a few minutes while he called for help, Howard Stanton, a passing baker, heard him and went to the rescue.

Mrs. Gillen, who was about thirty-five years old, is believed to have lost her sense when looking into the well.

RECOGNIZED ITS FORMER HOME

Angers, Ont., June 25.—The fact that as a matter of fact, owned by Dr. C. Ferguson, which had been missing nearly two years, recognised its old home, when it struggled to get out of its cage, and subsequently led to its being returned to Dr. Ferguson.

The animal was traced to a farm in St. John's, and was positively identified by certain marks. Although the claim advanced that the animal had been chased from another party, it was actually surrendered.

FREE TO ASTHMA SUFFERERS

Free Trial of a Method That Anyone Can Use Without Discomfort or Loss of Time.

We have a method for the control of asthma, and we want you to try it at our expense. No matter whether you are of long standing or recent development, whether it is present as occasional or chronic asthma, you should end for a free trial of our method. No matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.

We especially want to send it to those apparently hopeless cases, where all other remedies, such as inhalants, opium preparations, "cures," "patent smokers," etc., have failed. We want to show everyone at our expense that our method is superior to all other methods. Send no money. Simply mail coupon below. Do today—you do not even pay postage.

LOCAL NEWS

Adjutant Ellsworth, of the Salvation Army, Moncton, has been transferred to Corps 1, St. John and will arrive here on Thursday to take over his new duties.

Mr. and Mrs. E. W. Weeks, of Kansas City, were in the city yesterday. Mr. Weeks is the secretary and treasurer of the Brotherhood of Railway Trainmen of America.

Yesterday, which was St. John's day, was celebrated last evening by Carleton Union Lodge No. 8, F. and A. M., by the holding of service in the lodge rooms conducted by the chaplain, Rev. W. P. Dunham.

Murray Karr, of Sussex, with ticket 804, won a Gray-Dort automobile in Rev. Father Walker's drawing in connection with the Riverside, Albert county, church social. The drawing took place on Thursday in Hillsboro.

As the result of the Lancaster council's request of the New Brunswick Power Company the Fairville street car service will be continued until a conference between the company and the council.

A shipment consisting of twenty-eight cases of "Vital" manufactured by the Montreal Wine Company, Inc., was received yesterday at the local prohibition inspectors' offices. The shipment was the result of a seizure made in Sussex recently by Inspector Evans.

Norman Spragg, of Hatfield's Point, was taken to the General Public Hospital last evening suffering from a nasty cut to the eyeball of the left eye caused by a strand of wire which struck him in the eye.

Mrs. G. A. Kuhring, provincial organizer for the Red Cross enrollment campaign left this morning for Campbell and Deer Island and expects to be away for a few days assisting in the work of arranging the canvass of that district.

Plans for a new institution here, similar in type to the Moody Bible School of Chicago are well under way. Dr. Havelock Sanson, business manager for Rev. W. F. Kenyon, and other interested parties are in the city in connection with this scheme and it is expected that a site will be chosen next week.

The department of labor wired the Seamen's Union yesterday that it could not appoint a board of conciliation as the seamen were connected with the lumber trade and a board could only be appointed under the Industrial Disputes Act with the consent of both parties. According to the seamen's union, the board is in error and applications will be made today for a board of conciliation and an investigation.

An interesting presentation was made yesterday afternoon in the office of the collector of customs, when the Minister of Customs and inland revenue, Hon. R. W. Wignmore, presented to Cecil Folskins, who recently joined the benedicti, a beautiful cut glass water pitcher with tumblers to match and a tray. These were given to Mr. Folskins on behalf of the entire staff of the customs house, where he is employed.

One of the ribs measured fifty inches along the curve and forty-three inches from tip to tip in a straight line. The lower jaw was thirty-two inches long and the thigh forty-eight inches. A peculiarity was the size of the thigh joint—a ball of bone fourteen inches in diameter. Each jawbone held three teeth, the enamel still being in good condition. Each tooth was fourteen inches long and the combined width of the three measured sixteen inches.

Y. A. D'S RECEIVE MEDALS.
Ten A. D's received beautifully designed medals in recognition of their service during the war, at St. John's (Stone) church yesterday. Colonel Murray MacLennan, C. M. G., made the presentation and Mrs. G. A. Kuhring, who acted as commandant of the corps during the war, said that the medals were a complete surprise.

Those who received medals yesterday were: Miss Marion Magee, Miss Alice Wilson, Miss Ellen Coughlin, Miss Dorothy Purdy, Mrs. J. T. McGowan, Miss Dorothy MacKenzie, Mrs. Caldwell, Miss Edith Cummings, Miss Jessie MacKay, Mrs. A. H. Mullin and Miss Jean Daniel were unavoidably absent.

Mrs. E. J. Mahoney presented to her sister. Application for medals has been made for the following: Miss Irene McQuade, Miss Edith Schell, Miss Florence Blais, Mrs. I. Mayer, Miss Irene Barber, Miss Gertrude Fleming, Miss Dorothy Jones, Miss Gladys Smith and Miss Dorothy Blais.

Miss Margaret Adams, Miss Stella Payson and Miss Ellen Cummings.

Keep Minard's Liniment in the house. SHIMMY NOT SHAMEFUL IF SHORN OFF THE SHAKE.

Paris, June 25.—Can the "shimmy" be reformed is the question which continues to exercise the Congress of Dancing Masters. The decision is that the dancer becomes inoffensive if the "shake" is taken out of it, the movement of the feet alone being described as being no more than a "harmless jig."

BRAWNY BEAUTIES.
Paris, June 25.—It was a peace without victory, according to critics in the salon Nationale des Beaux Arts. They say their feminine models, who were following in the matter of grace and beauty in 1914, went into war work and developed muscles which made them unfit for posing for anything less heroic than the statue of an Amazon.

Girls! Lemons BLEACH THE SKIN.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quart of lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

Use Mentholatum for this!

It soothes tired burning feet.

MADE IN CANADA

CONSTIPATION AND HEADACHES

Completely Relieved by This Grand Fruit Medicine, "FRUIT-A-TIVES."

MR. ALFRED DUBOISSEAU.

462 St. Catherine Street E., Montreal.

"For three years, I was a terrible sufferer from indigestion, constant headaches and constipation. I took various medicines for the trouble but nothing seemed to do me any good."

"Then, a friend advised me to try 'Fruit-a-tives'. Now I am free of indigestion and headaches, the constipation is cured, and I have gained considerable weight; and my general health is fine."

"Fruit-a-tives" is a grand medicine and I cannot say enough in its favor."

"Fruit-a-tives" are made from fruit juices and valuable tonics—and are pleasant to take, their action being gentle and mild, yet always most effective. 50c. a box, 4 for \$2.00, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

who made a suitable reply. The presentation was witnessed by the larger portion of the staff of the customs house, who sang heartily, "For he's a jolly good fellow," before the gathering dispersed.

The regular meeting of the Machinists Local No. 1292 was held last evening in Labor Hall, Prince William street, with the president, C. L. Cunningham, in the chair. Routine business was transacted.

The general public hospital has two new internes now in residence. They are Dr. R. M. Pendrigh, of Medicineburg street, who has just completed his medical course at McGill and Dr. A. Diamond, of Catalina, Newfoundland, who has just completed his course at the University of Kingston, Ont. Two more internes are to be added to the staff shortly.

PLOWMAN AT NEWBURG.
N. Y., June 25.—A FINE BONES OF A FIND MASTODON.

Newburg, N. Y., June 25.—The skeleton of a mastodon, with tusks seventy-five inches long, has been discovered here by Anthony Fichera, a truck gardener, while plowing on his farm. The bones were in a good state of preservation.

One of the ribs measured fifty inches along the curve and forty-three inches from tip to tip in a straight line. The lower jaw was thirty-two inches long and the thigh forty-eight inches. A peculiarity was the size of the thigh joint—a ball of bone fourteen inches in diameter. Each jawbone held three teeth, the enamel still being in good condition. Each tooth was fourteen inches long and the combined width of the three measured sixteen inches.

ADMIRAL SIMS IS GIVEN REPRIMAND

(Canadian Press Dispatch)

Washington, June 23.—Secretary of the Navy Denby today "publicly" reprimanded Rear Admiral William S. Sims, as a result of the speech of the admiral made in London June 7, in which he criticised Sinn Féin sympathisers in America.

In the reprimand, Mr. Denby pointed out that once before the navy department had found it necessary to take similar action against the officer for a speech delivered in London in 1911, and referring to the text of that reprimand, added:

"Your remarks on the occasion now under discussion therefore constitute a flagrant and deliberate disregard of specific instructions."

While the naval secretary was making public the reprimand Admiral Sims was calling on President Harding at the White House. It was explained that the admiral called to leave his card as the custom when high naval officers return from a trip abroad, but that the president invited him to chat for a few minutes.

Upon leaving the White House, Admiral Sims, referring to the reprimand, said: "I got what I deserved, the same old thing."

He added that he regretted having

caused the administration any inconvenience, but said that he now considered the incident closed.

Admiral Sims left tonight for Newport, R. I., where he will assume his duties as president of the Naval War College.

WANT 50 CENTS
A CAN FOR MILK

The Kings county producers at a meeting held in Sussex on Thursday evening a board of directors was elected and steps were taken to get the milk dealers in St. John to pay 50 cents a can for milk.

The directors appointed were as follows: Sussex, Frederick Dole, and Thomas Long; Apohaqui, Charles Titus; Norton, Herbert Wilcox; Bloomfield, H. M. Cochrane; Passaconaway, J. Lawson McVey; Hampton, Charles DeMille; Lakeside, Frederick Dinger; Nauwigewauk, William Hill; and Hammond river, W. H. Harding. These directors are to hold a meeting next week to elect the officers for the association and to decide on a man to act as general manager.

Yesterday was the hottest day of the season in St. John, when the mercury stood at eighty degrees. A northwest wind was blowing at a rate of twenty-four miles an hour. In 1920 the highest June temperature was 74.5 degrees.

Physician Explains Who
Should Take Nuxated Iron

Practical Advice on How To Help Build Up
Great Strength, Energy and Endurance

"Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life," says Dr. Francis James Sullivan, formerly physician of Bellevue Hospital, (Outdoor Dept.), New York, and the Westchester County Hospital. "It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. I have strongly emphasized the great necessity of physicians making blood examinations, such of their weak, anemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles without ever realizing the real cause of their trouble. Without iron in your blood your food merely passes through the body something like corn through an old mill with rollers so wide apart that the mill can't grind."

"For want of iron you may be an old man at thirty, dull of intellect, poor in memory, nervous, irritable and all run down, while at fifty or sixty with plenty of iron in your blood you may still be young in feeling, full of life, your whole being brimming over with vim and energy."

But be sure the iron you take is organic iron—Nuxated Iron—and not metallic iron which people usually take. Organic iron—Nuxated Iron—is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron filings and is therefore an entirely different thing from Nuxated Iron. Nuxated Iron represents organic iron in such a highly concentrated form that one dose is estimated to be approximately equivalent (in organic iron content) to eating one-half quart of spinach, one quart of green vegetables or half a dozen baked apples. It is like taking extracts of best beef instead of eating pounds of meat.

Over 4,000,000 people annually are using Nuxated Iron. It quickly helps make rich red blood, revitalizes worn-out exhausted nerves and gives increased strength and energy. Your money will be refunded by the manufacturers if it does not produce satisfactory results. For sale by all druggists.

BAYER

Aspirin

Nothing Else is Aspirin

Warning! Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all.

Accept only an "unbroken package" of "Bayer Tablets of Aspirin" which contains directions and uses worked out by physicians during 21 years and proved safe by millions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and pain generally. Made in Canada.

Handy tin boxes of 12 tablets cost but a few cents—Larger packages.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocarbonylchloride of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

USES ARMY TRICK TO THROW RUNAWAY

Windsor, June 25.—Using an old trick learned while serving in France with the Canadian army, Patrolman Frederick Merrill of the Windsor police force at Quillietie avenue and London street, when two or three more stridest would have taken the animal directly into the path of a woman with her baby-buggy, who shrieked as the officer's timely intervention saved her from serious injury and possibly death.

Assisted by a traffic officer, Merrill grabbed the lines, which hung over the side of the buggy, and then, by a twist practised by the army rough riders, he threw the horse over onto its side.

IN NAME ONLY.

Philadelphia, June 25.—Society is relieved. When word came that Miss Frances E. Mears, one of the season's belles, had married Buster Ester, young coo puncher of Jackson's Hole, Wyo., society was worried until reassured that the groom was an example of the "spirit of the west" who never had touched a card or taken a drink.

TENDERS

SEALED TENDERS will be received by the undersigned up to 12 o'clock noon, July 11, 1927, for all trades required in the erection and completion of a Brick and Concrete School Building to be situated in Newman street, City.

Each tender to be accompanied by certified cheque for five per cent of its amount.

The lowest or any tender not necessarily accepted.

Plans and specifications may be seen at the office of the Architect, F. Neil Brodie, 42 Gordon street, St. John, N. B.

A. GORDON LEAVITT, Secretary of School Trustees.

THIRTY NICE YOUNG MEN PUT BAN ON SHORT SKIRTS

Chicago, June 25.—Thirty nice young men of the Evanston Congregational church don't care whether or not they break a poor girl's heart. Gently, but firmly, they have sent out word that they propose to ignore all young ladies who wear short skirts. They won't walk out with and they won't speak to such a girl.

Jo-Bel, the Wonder Salve

This gentleman's doctor said he would have to be operated on; he was going to hospital after Christ- mas holidays. After the holidays there was nothing to operate on.

February 9th, 1921.

My Dear Mr. Murdoch:

As you know, I have been a great sufferer from piles, and have tried a great many remedies. I am writing to thank you for the ointment you gave me some time ago. It certainly helped me, and trust it will be a per- manent cure. If there is anyone suf- fering from the same trouble, I can cheerfully recommend your treat- ment to them. (Signed) Well-Known St. John Printer.

IS YOUR TEMPER BAD?

HERE IS A CURE FOR IT.

London, June 25.—The tomato is the vegetable which turneth away wrath. Should a man suffer from that hot- headed irascibility arising from an over- worked and under-exercised liver, then let him eat tomatoes. They will cure bad temper if taken in sufficient quan- tities. Recent researches have shown that common fruits and vegetables have far greater medicinal value than was previously known, and in consequence doctors are now prescribing courses of

vegetable medicines for certain com- plaints.

AIRPLANES FOR TARDY.

Paris, June 25.—Americans find it so hard to get up in the morning while stopping at Paris hotels that the Amer- ican Express Company's representatives in that city are holding airplanes in re- serve daily for delayed American tour- ists from Cherbourg and Havre and are doing a lucrative business. The cost of hiring a plane is approximately \$800.

ONE YEAR BONDS

Many people have sums of money they intend to use for building pur- poses as soon as they consider conditions favorable. Others have amounts put aside for various projects which cannot be proceeded with at present. Such amounts cannot be better invested than in the Bonds of the Canada Per- manent Mortgage Corporation, which are issued for one year, bearing interest at FIVE PER CENT, per annum, payable half-yearly. These Bonds are also issued for longer terms at a higher rate. As a security they leave noth- ing to be desired, and the rate offered is an attractive one for a short-date in- vestment which cannot depreciate in value. The Corporation was established in 1855 and has been issuing these Bonds for nearly half a century. Further information gladly furnished on request.

HUNTED FOR A BURGLAR; FOUND A MILKMAN

Early Morning Incident in
Somerville, Mass., With
Some Thrills, and Even a
Mystery.

(Boston Globe)

There was considerable excitement in Union square, Somerville, between 3:30 and 4 o'clock this morning when four police officers searched the old Masonic Building for a supposed burglar, and finally so frightened an innocent milkman, whom they covered with revolvers and ordered him to throw up his hands, that he dropped several bottles of milk.

It was at 3:35 o'clock when reserve officer John H. O'Leary saw a man acting suspiciously in the vicinity of the Masonic Building, in which is located Earle Edwards' drugstore, which has been broken into several times during

Have You Tried "SALADA" TEA

(BROWN LABEL)

Your Grocer sells it

for **55¢** per pound.

the past few months. The stranger disappeared suddenly, and two or three minutes later O'Leary imagined he saw a light turned out in Edwards' drugstore. O'Leary called up Police Headquarters and reported the matter. Lieut. Charles Woodman dispatched patrolmen Jones, Hurley and C. F. Warner to his assistance.

The officers then began a systematic search of the Masonic Building.

They first looked for unlocked or forced doors and windows. At the restaurant of William Rian, 30 Union square they found the rear door open. With drawn revolvers and flashlights the bluecoats entered cautiously and turned on the electric lights. They found several tables over-turned, broken dishes on the floor and evidences that recent invaders had replenished their appetites with pies and cake. But they found no burglar.

In the interval druggist Edwards, who had been called from his bed by the police, had arrived and opened his store for the inspection of the police. All was well, no burglars had visited there last night, and then the police began a

tour of the second floor of the building. While thus engaged their attention was attracted to a noise that seemed to come from the street floor of the building. They rushed downstairs and into the square and for the second time tested the front doors of the building. All were found securely locked until they swung around the Somerville Avenue corner of the building where, to their surprise they found the front door of Rian's restaurant wide open. The interior was in darkness.

At the threshold the officers stopped and listened. Somebody was in the restaurant, for the intruder could be heard moving about.

The four policemen thereupon entered the main dining room with drawn revolvers. With the aid of flashlights they saw the outline of a man standing in front of a large ice chest. All four officers leveled their revolvers in the direction of the ice chest and patrolman Jones ordered the "burglar" to throw up his hands and surrender.

Stood in Puddle of Milk.

There was a sudden crash of breaking glass milk bottles and the supposed burglar in a voice which donated fright pleaded, "Don't shoot, I'm the milkman."

Patrolman Jones then commanded: "You stand where you are until we turn on the light."

The light was turned on and then the officers beheld a frightened man standing in a puddle of milk with both arms leading to the ceiling. About his feet were fragments of broken milk bottles which were dropped when the officers uttered their command to "surrender."

The supposed burglar turned out to be a most respectable citizen, John Payne, of 8 Quincy square, Somerville, driver of a milk wagon. He had a key to Rian's restaurant and for a long time has been leaving milk in the ice chest at an early hour in the morning.

The police were profuse in their apologies when they discovered their mistake. But they do not yet know who first entered the restaurant, overturned tables, broke dishes and devoured pie and cake.

HAMMERSTEIN'S DAUGHTERS BID IN HIS OPERA HOUSE

New York, June 25.—The Manhattan Opera House, built by the late Oscar Hammerstein, was sold at public auction to Stella H. P. Keating and Rose H. Teetevn, daughters of the impresario, for \$145,000.

They were plaintiffs in a foreclosure action resulting from numerous legal battles involving the settlement of their father's estate.

50 ON FERRY ATTACK HUSBAND SAVE WIFE

Passengers Accuse Man of
Trying to Throw Woman
Into Hudson River—Sui-
cide Also Prevented.

(New York Times.)

A crowd of fifty men and women standing on the rear of a ferryboat bound from West Forty-second street for Weehawken, N. J., shortly before ten o'clock last night attacked Dudley Marshall, thirty-seven years old, a foreman in the National Biscuit Company at Tenth avenue and Eleventh street, when, it was alleged, he attempted to throw his wife Amy overboard. The man, it was said, had lifted his wife over the side of the ferryboat when several men seized him and prevented Mrs. Marshall from falling into the water. Then when some of the more excitable men in the crowd attacked Marshall he attempted to jump overboard, but was caught just as he was vaulting the rail of the boat.

When the ferryboat arrived at the Weehawken slip Marshall was being protected by half a dozen of the men from blows and kicks aimed at him by the men and women spectators. He was taken to a police station, where, after it was explained that he had attempted to throw his wife into the river before the boat reached the New Jersey shore, word was sent to the police of the West Forty-seventh street station, and Policeman Allis was sent to the Weehawken side of the river to receive Marshall from the policeman who had him in custody.

ADVOCATES NEW POWER SCHEME

U. S. Engineer Would Dam
Niagara Below Falls and
Develop 8,000,000 Horse-
power.

New York, June 25.—Damming of the Niagara River four miles below the falls so that the power of the stream could be harnessed without marring the natural beauty of the waterfall was advocated by T. Kennard Thomson, New York engineer, at a conference of manufacturers with the Water Power League of America.

This, he said, would make it possible to increase the voltage of 60,000 now developed there to 220,000, and permit the transmission of power 500 miles from its source. Such a radius would take in two Canadian provinces and parts of nineteen states, embracing 80 per cent. of the population of the Dominion and 60 per cent. of the population of the republic, he stated.

The proposed dam would make possible the development of 8,000,000 horsepower annually, Mr. Thomson said, or the equivalent of 60,000,000 tons of coal a year. He predicted it would result in the construction of a score of large manufacturing centres, and said the project could be put through in a few years without calling on either the government of Canada or the United States for a cent.

Continuing, Mr. Thomson said the first step of such a plan would be to build a dam in the Lachine Rapids so that ocean-going vessels which now reach Montreal at the elevation of twenty-four

Distinctive Design

ON the highway or speedway—in the motor show or wherever motor cars are found—you can pick out the Paige at a glance.

The New Series "Glenbrook" five-passenger models show this Paige characteristic in full measure. The artistic craftsmanship of Paige designers is proclaimed in every line.

The Motor in the "Glenbrook," too, is distinctly Paige. Its power, speed and endurance—like that of the Paige 6-66—is equal to every emergency of the road.

Any Paige dealer will gladly demonstrate any Paige model for you.

Rovers Defeat Dodgers.
The East St. John Rovers defeated
the Thorne Avenue Dodgers on the East
St. John diamond last evening by a score
of 16 to 3. The battery for the winners
was Gibbs and Sterling.

CRICKET.
British Matches.

London, June 25.—(Canadian Associated
Press)—In this week's cricket games,
Bestwick and Derbyshire and White
of Somerset each performed the unusual
feat of taking all ten wickets in an
innings, the former while playing against
Gloucestershire and the latter playing
against Worcestershire.

In the week-end games the Austral-
ians beat Surrey by 78 runs, and North-
hamptonshire by an innings and 484
runs.

The game between Middlesex and
Lancashire was drawn. Yorkshire beat
Warwick by an innings and 140, and
Kent beat Gloucestershire by 182.

Derbyshire beat Glamorgan by two and
Lancashire also beat Glamorgan by four.
Hampshire defeated Essex by 8 wickets
and Nottinghamshire beat Leicestershire
by two wickets.

Nottinghamshire defeated Hampshire
by two wickets.

In the game against Surrey, Gregory
of the Australians scored 101 and play-
ing against Northamptonshire he made
107. MacCartney of the Australians
scored 188 playing against the North-
amptonshire. Mead of Hampshire scored
280 (not out) against Sussex.

AQUATIC.
Going to Boston.

It was announced last evening by an
officer of the St. John Rowing Club
that sufficient funds had been secured
to insure the sending of Hilton Belyea
and Grenville McCavour to the New
England Rowing championships which
are to be held on the Charles River,
Boston, on July 4. The oarsmen will
leave next Wednesday for the "Hub"
and will be accompanied by a large
delegation of local sport enthusiasts.

Yale Defeats Harvard.
Yale varsity crew vanquished Har-
vard yesterday at Lew London, Conn.

In one of the most thrilling races ever
staged between these rivals on the
Thames, Harvard maintained a small
lead for three miles, but Yale then jump-
ed ahead and stayed in front until they
crossed the finish line. The official time
was: Yale 20:41; Harvard, 20:44-5.

Yale Freshmen Victors.
Yale won the freshmen eight race by
five lengths. The official time was: Yale,
12:13-5; Harvard, 12:35-5.

ATHLETIC.
Y. M. C. A. Leaders.

The results of the Y. M. C. A. lead-
ers corps examinations have been re-
ceived at the local institute. St. John
representatives made a fine showing, tie-
ing with Montreal for second place in
the Dominion. Toronto "Central" won.
The average grading for the St. John
team was eighty-seven. Herbert A.
Morton led the seniors with 95 per cent,
and Wesley Stewart led the juniors with
ninety-three per cent.

RING.
Jackson Beats Pitts.

Jersey City, N. J., June 24.—Willie
Jackson, New York lightweight, out-
fought Charley Pitts of Australia in a
twelve-round bout here tonight.

Sister vs. Sister.
Quebec, June 25.—Mrs. B. C. Foy won
the Foy Cup match play on the Quebec
links yesterday, defeating her sister,
Mrs. Wm. Dobell.

LIKED NEW BILL.
Opera House Numbers Make
Up Very Pleasing Enter-
tainment.

The new change of bill at the Opera
House last night drew good houses, de-
spite the hot weather, and went over in
good shape with the crowds. Following
a very thrilling episode of the Purple
Riders serial, came Dave Johnson, who
can dance a whole lot—dog, soft shoe,
and all the intricate moves—and he made
a good hit.

Murphy and Delmar in a comedy re-
partee and singing sketch pleased well
and created a lot of laughs. Two dainty
girls, Rose and Lee Bell, well groomed,
sang and played their way into popular-
ity quickly. Frank Gould—a la Al
Jolson, blackface and all—had a host
of good jokes and stories—sang, and
even shoe a nimble pair of feet in soft
shoe stunts, and the closing act, Preston
and Yobell, comedy acrobats and mus-
ical entertainers round out a very
pleasing programme that should appeal
to all. It will be repeated today and
for Monday.

A mountaineer of Richmond, W. Va.,
Morton Christian, who is eighty-one, has
just married his seventh wife, who is
twenty.

DINE OUT ON SUNDAY at La Tour
Hotel Dining Room, King Square. Din-
ner 60 cents.

Minard's Liniment used by Physicians.

DOMINION DAY
BIG ONE IN SUSSEX

(Sussex Record)

The big amateur athletic meet to be
held under the auspices of the Sussex
Amateur Athletic Association on July
1, is awakening wide interest in am-
ateur athletic circles throughout the mar-
time provinces. Entries are expected
from practically all of the leading ath-
letes, and the meet will, without doubt,
be one of the most successful ever
staged in the Maritimes.

McDonald of Pictou, champion high
jumper of Nova Scotia, is going to
compete, and "Zan" Miller, our local
champion will make him go some.

On the fast cinder track, new re-
cords will likely be made.

The list of events to be contested
will be as follows:
100 yards dash,
22 yard dash,
440 yard run,
1 mile run,
5 mile run,
1 mile relay race,
Standing Broad Jump,
Running Hop, Step and Jump
Pole Vault,
High Jump,
Shot Put,
Hammer Throw (16 lbs.)

Entries will be received by the sec-
retary, S. C. Munroe, up to and includ-
ing the 27th inst.

The five mile race will be run from
four miles in the country, the last mile
to be done on the athletic field track.
Medals will be given for first and sec-
ond prizes, and silver cup for highest
individual aggregate.

The sports will start at 2:15 p.m.
In the morning at 10 o'clock a game
of baseball will be played in the Kings
County League by the Sussex and Pen-
sance teams.

An additional attraction to the sports
on Dominion Day will be St. Francis
Xavier Church picnic, which is to be
held on the church grounds. The picnic
will be held under Rev. Father Mc-
Dermott's auspices is always largely at-
tended and a pleasant outing. This
year better attractions than ever before
will be provided, and the cool shade of
the picnic grounds will be an ideal
place for visitors to enjoy a good dinner
and supper at a moderate price.

ST. JOHN, N. B.

Baptists opened in convention in Wood-
stock yesterday with representation from
110 churches with a total membership of
more than 7,000. An opening address
was made by Rev. Z. L. Fash.

Jules W. (Nicky) Arnstein was sen-
tenced on Thursday in the way of the
federal penitentiary in the district of
Columbia supreme court for conspiring
to bring stolen securities into the dis-
trict of Columbia from New York.

George Moses of this city has been
awarded the contract for laying con-
crete sidewalks in Woodstock. His bid
was the lowest, being \$2.97 a yard.

Thirty-nine business failures were re-
ported in Canada for the week ending
yesterday.

At a meeting of the lighthouse board
held in Montreal yesterday to hear pro-
tests by the shipping federation against
closing six wireless stations in the Gulf
of St. Lawrence and the stations at Pic-
ton and Partridge Island. The decision
of the board which will be given in about
ten days.

On Wednesday the Ocean Limited
struck a horse and wagon near Drum-
mondville and the driver was so badly
injured that he died soon after. The
horse was instantly killed and cut to
pieces and the wagon smashed.

An attempt was made yesterday in
Damascus, Syria, to assassinate General
Gouraud, commander of the French
army in the east. The attack was made
by bandits.

**UNCERTAINTY OVER
NEW U. S. TARIFF**
Impression Growing That the
Measure Will Not Become
Law Before Next Fall.

Washington, June 25.—(By Canadian
Press)—Difficulties in the way of the
permanent tariff bill are getting worse
rather than better. Not only is there
every indication that both houses will
have the utmost trouble and controversy
in fixing the rates but there is complete
uncertainty as to when the bill will be-
come law.

The controversy over the tariff on
lumber imported from Canada is an il-
lustration of the wide difference of
opinion about fixing rates. This differ-<

LOCAL NEWS

BOYS FAR AHEAD.
Seventeen marriages were performed in the city during the week. In the same period there were twenty-six births, twenty boys and six girls.

BASEBALL THIS AFTERNOON.
A fast game of ball is expected when the teams representing the Telegraph-Times and Emerson & Fisher meet on Nashua grounds this afternoon. The game will start at 2:30.

TRADE INQUIRY.
The secretary of the board of trade has received a communication from a firm with head office in London and branches in various continental cities wanting representatives here to sell glass bead necklaces.

FIFTEEN DEATHS.
Fifteen deaths were recorded in the city during the week ending June 25 from the following causes: Pneumonia, two; chronic nephritis, two; carcinoma of stomach, two; pulmonary tuberculosis, tubercular meningitis, cardiac aneurysm, cerebral hemorrhage, nasal hemorrhage, dilatation of stomach, infection of umbilicus, suppurative sacculitis, shock following operation for cholecystitis, one each.

POLICE COURT.
Archibald Tebo was before the police court this morning charged with assaulting his wife. He was arrested on a warrant, at the instance of his wife, but when the magistrate said he would send the defendant to jail for two months without the option of a fine, Mrs. Tebo pleaded that he be allowed off. His Honor remanded him.
A case against Clara Kizer, charged with begging, was postponed for witnesses.
The case of Thomas Ramsay, charged with having liquor in his possession illegally, was postponed until Monday morning.

IT OUGHT TO BE DONE.
Despite the fact that there is a heavy penalty for motorists who refuse to dim their lights when passing another car on the roads at night, and some offenders have been fined recently, there are still some who refuse to obey the law, and consequently endanger the lives of the occupants of the passing vehicle. On Thursday evening on the Gondola Point road, a driver refused to dim his lights while passing another car, although the other motorist accorded him the courtesy of a clear road and dim lights. As a result the man who obeyed the law narrowly escaped running into a deep ditch. Unfortunately he was unable to obtain the number of the offender, or the car, might have had a sequel which would have been painful to the law-breaker's pocketbook.

AUTO CASES.
Charles Sanson, charged with driving his auto for hire without a license, pleaded guilty but on the promise to procure a license by Tuesday he was allowed to go.
Reports were made by License Inspector Robert Harris against C. V. Stackhouse, Frederick Glynn and Z. L. Rivier, for driving automobiles without licenses. None appeared and summonses were issued.

A report was made against George Erb, by Policeman Lindsay, for alleged exceeding of the speed limit in Main street on June 23.

A charge of speeding on the Rothesay road was brought against George H. V. Belyea before Magistrate H. J. Anderson at Renfrew last evening. No evidence was taken, but it is understood that several witnesses will be called and the case will be contested. It was postponed until Tuesday evening.

WALTER MCKAY.
Friends will be sorry to learn of the death of Walter McKay, which occurred at six o'clock last evening in the County Hospital, East St. John, after illness there of two weeks, which developed from an attack of la grippe. Mr. McKay was in his thirty-eighth year. His trade was that of a caulker, and for six years he had been a popular member of No. 5 fire station, North End. He was survived by his wife and three children, one an infant of two months; also three sisters and four brothers. The sisters are Mrs. Frederick Donovan and Mrs. Thomas Gallagher of St. John and Mrs. Fred H. McKell of Boston, and the brothers are Charles, Louis, David and Albert, all of this city. His parents are both dead. His father passed away only three months ago. Mr. McKay's death is a sad blow to the family, which, since last December, has lost six of its members by death. Their friends will deeply sympathize with them in their renewed sorrow. The funeral of Mr. McKay will be held on Sunday afternoon at three o'clock from the home of his brother, Charles, 29 Brook street, to Cedar Hill.

MILITARY MATTERS.
Col. H. Montgomery Campbell, brigadier of the 16th New Brunswick Infantry Brigade, accompanied by Lieut. Col. S. S. Wetmore, brigade major, arrived in the city from Fredericton this morning and left about noon for Sussex. They are on an inspection tour of the militia camps throughout the province. They will remain at Sussex until Monday, when they will proceed to Newcastle. Col. Wetmore said that the administration of the units was found to be in excellent shape and the inspecting officers were greatly surprised. The efficiency of the different staffs is credited to the experience obtained during the war, as all the administrative officers and N. C. O.'s are veterans of the recent war.

E. Flexman, director of administration, L. S. C. R., and Dr. J. McQuay, chief inspector of medical branch, left Fredericton yesterday for Ottawa after inspecting the D. S. C. R. hospitals there and in St. John. The matter of amalgamation of the two hospitals was discussed with S. S. Wetmore, unit director for the Maritime Provinces, but Mr. Wetmore, who was in the city this morning, said there was no announcement made as to what plans were proposed. Some announcement is expected as soon as Mr. Flexman reaches Ottawa.

Col. Joseph Hayes, medical director for Nova Scotia, was in conference with the Ottawa officials while they were in this province.

Brig.-Gen. A. H. Macdonell, C. M. G., D. S. O., Lieut.-Col. A. H. H. Powell, and Lieut.-Col. H. C. Spaulding, D. S. O., returned to the city this morning, having completed an inspection of the units in camp at Fredericton and Woodstock. The general expressed himself as well pleased with the result of his inspection of the battery at Woodstock, and the New Brunswick Dragoons and York Regiment at Fredericton. He said that, considering the very short period of training, the units showed excellent results.

Ottawa Statement on Cost of Living.

No Great Drop Yet Except in Commodities Purchased Directly from Producer in the Same State as Grown.

(Special to The Times)

Ottawa, Ont., June 25—Except in those commodities which can be purchased from the farmer or producer, and which can be sold to the consumer in the same state as grown, the cost of living has not dropped to greatly in the last year as many think. Prices of first products are low in most cases, according to statistics of the department of labor, but retail and wholesale houses have not yet disposed of old stocks purchased at high prices, and it takes some time for the low costs to reach the consumer.

In perishable products like eggs, butter, seasonal fruits and vegetables, and most meats the process has been quicker. But the drop in hides from a war time height has not had any noticeable effect on the price of boots and shoes. Wool and cotton have tobagganized from the war maximums but suits of clothes and cotton fabrics have not declined in proportion.

However the figures gathered by the labor department show a good decrease since the highest point in December 1920. The latest figures of the department show that all foods, as compared with December 1913 had increased by 402 per cent. by December last, but in May the increase was only 65 per cent. above the 1913 figures. In 1914 and 1915 fuel was lower than in 1913, but its price rapidly mounted after that to 118 per cent. higher in 1920 and even now it is double the 1913 figures.

Rent to the end of 1917 showed decreases, but in December it was 30 per cent. above 1913 levels, and now is 40 per cent. higher. Clothing had its high level in July 1920 at 160 per cent. above 1913 levels, dropping in December to 185 per cent. and standing now at 92 per cent. above the pre-war figure.

Taking all items under consideration the cost of living generally advanced to 101 per cent. above 1913 in July 1920, dropping to 92 per cent. above in December, and 72 per cent. above now. That is, the cost of living is still 72 per cent. above the 1913 figure, and just mid way between the 1913 and 1919 figures.

The process might have been quicker had it not been for the budget provisions which make importation of competing articles from other countries a practical impossibility. Shoe and textile manufacturers are specially favored in this regard. If a man imports a \$3 pair of American shoes he pays exchange of 12 per cent., then a 30 per cent. duty, and then a four per cent. sales tax bringing the cost up to \$7.57 or 54 per cent. more without taking into account the freight and the retailer's profit to cover his overhead.

**INVESTIGATE
DISAPPEARANCE
OF THE LIQUOR**

North Sydney Council Asks Attorney General to Take Matter Up.

North Sydney, N. S., June 25—A resolution asking the provincial attorney general's department to investigate the mysterious disappearance of large quantities of liquor from the town jail, was unanimously passed by the town council last night.

Duncan McDonald, who was confined in the jail for a time last year, recently made a statutory declaration charging that he had seen Chief of Police Daniel A. Cowans and Isaac Beazley, a member of the town council, going to the cell where the liquor was stored and had heard tampering with the liquor, and that he had also seen Murdoch Matheson, another member of the council, going into the jail.

**NEXT SESSION
IN FREDERICTON**

Federated Women's Institutes of Canada Conclude Their Convention.

Edmonton, June 25—Ontario will be the headquarters of the Federated Women's Institutes of Canada for the next two years. This was decided yesterday when Mrs. W. Todd of Orillia, Ont., president of the Ontario Federation, was elected by acclamation at the convention which is now in session. The other officers elected include Miss Eliza Campbell of Fredericton, N. B., treasurer.

The directors of the executive for the ensuing two years include Miss Annie Stuart, Grand Pere, N. S. A Prince Island director was not elected.

It was decided to hold the next directors' meeting in Saskatoon and the next biennial convention in Fredericton, N. B.

**ST. JOHN MAN IS
VICE-PRESIDENT**

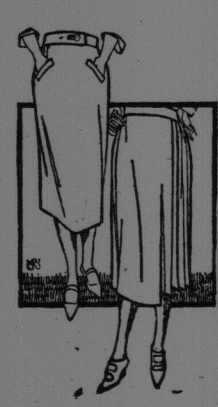

C. W. Brown Elected by Canadian Paper Box Manufacturers' Association.

Hamilton, Ont., June 25—Officers of the Canadian Paper Box Manufacturers' Association were elected at the closing session of the annual convention here yesterday. They included: President, C. N. Moisan, Montreal; vice-president, C. W. Brown, St. John, N. B. The convention of 1922 will be held in Montreal.

Mr. Brown of St. John made a report of conditions of the trade and spoke in an optimistic strain as to the future.

**CONSTABLES FOR BALL
GROUNDS.**

**The Correct Furniture for the
Dining Room**

That critical degree of care and thought which has always characterized the selection of Everett's, is especially pronounced in the present extensive displays of dining room furniture.

From the least expensive suites which are within the price limitation of the modest income, to the most exquisite, every article of dining room furniture in the displays reflects that finesse of artistic conception which is so potential in the effective furnishing of the dining room.

The display is so comprehensive that every personal inclination may find its response, and the prices are all based on present manufacturing costs.
