Giant Liners That Will Cross Atlantic In 4 Days Are To Be Built By Americans

Washington, July 24—Two gigantic ocean liners larger than any ships now afloat, and designed to cross the Atlantic in four days, are to be built by the Shipping Board. They will be 1,000 feet long and of thirty knots speed, and will be equipped for use as commerce destroyers in the event of war.

SEEK ROBERTS IN MURDER CASE

Miss Nettie Coates Killed in Rochester, N. Y., and Body Found in Barn

Rochester, N. Y., July 24—With all the energies of the Rochester police and the Wayne county sheriff's office bent on the finding of Charles Percy Roberts, thirty-seven years old, the authorities are confident that the murder of Miss Nettie Coates, fifty-six, whose body was found in an old barn near Sodus on Monday night, will be quickly cleared up.

The authorities have learned that on Tuesday night, July 15, when Miss Coates was last seen alive, she dined at the Roberts home, where the man who is being sought by the police lived with his mother and brother, and where Miss Coates formerly made her home. After dinner Miss Coates went for an automobile ride with Roberts and Mrs. Edward Chapin. They returned early and left Mrs. Chapin at her home and Roberts later drove Miss Coates to a flat in Wellington avenue, which she was occupying in the absence of the family that lived there. He drove away, according to neighbors.

SOME TROUBLE YET BUT SITUATION IN THE RACE RIOTS BETTER

Washington, July 24—Although there were reports of isolated outbreaks of negroes, including firing into a street car, last night passed without serious renewal of the race rioting which has terrorized the national capital since Saturday. The presence of 3,000 armed soldiers and co-operation generally by the public with the request of the city authorities that street traffic be held to a minimum resulted in quieting the situation and both the military and the city officials expressed belief there will be no more serious trouble.

New York, July 24—Beer of 2.75 per cent alcoholic content is held to be intoxicating within the meaning of the new law prohibiting its sale in a decision returned today by federal Judge Chadfield, of Brooklyn, in a test case brought by the government against Martin Schmauder of New Haven, who was charged with selling beer in violation of the war-time prohibition law.

Bad News From General Ironsides

Russian Troops on Onega Front Mutiny and Join Bolsheviks, But Situation in Hand; Our Ships in Baltic and Caspian

London, July 24—The government has received a despatch from Major-General Ironsides, commander-in-chief of the Archangel front, stating that the Russian troops have mutinied and joined the Bolsheviks, handing over the town of Onega and the Onega front to the enemy. The latter also tried to take the railroad front, but were repulsed.

There are now British troops on the railroad front and none on the Onega front. General Ironsides now has the situation in hand, and believes that the fresh British volunteer troops "are equal to their difficult and perilous task."

HELP OTHER FOOD PRODUCERS BESIDES THE AGRICULTURISTS

Business Before Army and Navy Veterans' Convention

Montreal, July 24—Stimulus should be given not only to agriculture, but to other food-producing possibilities of Canada, notably stock-raising and fishing, was the decision arrived at this morning at a session of the army and navy veterans' association convention.

Discussion arose out of a resolution from the Halifax branch, which emphasized that too much stress was being laid by the government on the question of supporting agriculture, while support to other vocations was denied. Ex-soldiers in vocations other than farming were in quite as much need of assistance as the tiller of the soil, according to the resolution, and if profiting and high cost of living were to be abrogated, it was essential that agriculture should be nursed to the exclusion of every other form of food production.

The resolution suggested that the government allow an five fishermen, who have served in naval ratings for two years, to take possession of one of the 8000 acres of land while ten soldiers should be able to take possession of a tract valued at \$75,000 on putting up \$600 each. The various veterans' organizations raising a fund to insure the vessels. The resolution also suggested that veterans desiring to engage in fish-curing, smoking or canning or sheep raising, should be granted credit same as granted for farming.

Ladies' Auxiliaries

A report warmly advocating ladies' auxiliaries for the association was adopted.

Another resolution recommended that the association should be organized on the civil service and repatriation committees of the dominion house.

This was adopted.

A Winnipeg motion that any soldier or sailor who has a homestead should have his time of service count on his homestead duties, whether he made entry for his land before enlistment or afterwards was carried by a very large majority.

The report of the finance department showed \$987 on hand. It was recommended that the capita tax be raised from ten cents to twenty-five.

The Halifax branch urged the association to demand that all troops on active service in Canada in 1914 and 1915 be granted a Canadian 1914 and 1915 decoration; that all ranks serving in Canada be granted the war service chevrons according to length of service; that all ranks be granted farm credit on the same terms as troops who served overseas; that all ranks be granted war gratuity whether discharged before November 11 or not, and to be dealt with on the same basis as overseas troops; and that there should be only one great war service medal, and that it should be issued to all who served in the great war, whether they served in Canada or overseas.

The German national assembly has decided that no member of a family that at any time has ruled in Germany is eligible for the office of president of Germany.

CATARRH COLDS BRONCHITIS CURED WITHOUT DRUGS

It is really impossible to treat Catarrh, unless by inhaling the soothing germ-killing vapor of Catarrhose. Its rich fragrant essence is breathed from the inhaler to every sore, diseased spot in the breathing organs. Not a single germ can survive the healing fumes of Catarrhose which acts on the infected membrane of the nose and throat just as an antiseptic. It cleanses, soothes, cleanses, heals. It cannot fail to reach and cure Catarrh, it's simply a wonder on weak throats, bronchitis, coughs, deafness, hoarseness, and all other symptoms of Catarrhoid.

Get Catarrhose at—Complete outfit costs \$1.00 and is sufficient for three months' use. Smaller sizes \$0.50, all dealers or the Catarrhose Co., Kingston, Ont., Canada.

PERSONAL

Mr. and Mrs. Max Marcus left on the Boston boat yesterday for a month's holidays at Atlantic City.

Mrs. W. Bois Smith and little daughter, Erinie, arrived on Tuesday from Montreal and are visiting Mrs. Smith's mother, Mrs. H. H. Burns, Princess street.

Miss Olivia Josephine Lambert, daughter of Mr. and Mrs. Allan H. Lambert, of St. John, West, left yesterday for Montreal to spend the week-end with Mrs. Yearwood's sister, Mrs. John F. Kane of Montreal.

It was reported from the General Public Hospital this morning that Mrs. Catherine Woodley was steadily improving.

Halifax Chronicle—Dr. Walter C. Murray, of Saskatoon, president of the University of Saskatchewan, came to the city yesterday and will leave this morning for the south shore. Mrs. H. L. Thorne has returned from Grand Falls, N. B., where she had been visiting her parents, Mr. and Mrs. G. Cromwell.

Halifax News—Frank B. Wetmore of St. John, N. B., has purchased the Cornell property, Spring street, and is moving his family to Amherst in the near future.

Wm. J. Doherty of the C. P. R. staff, Montreal, came to the city on a vacation to be spent with his family here.

James McGowan of the C. P. R. staff, Montreal, came to the city last evening on a visit to his home here.

F. J. Conway of Chipman was in the city today.

A. B. Copp, M. P. of Moncton, is in the city today.

William J. Robb of Halifax arrived in the city last evening and is the guest of his mother, Mrs. William Robb, Union street.

REGINA AT HALIFAX

Halifax, July 24—The transport Regina, nine days out from Liverpool with 2000 returning Canadians docked at the city wharf today. Among the 140 officers returning was Lieut.-Colonel B. J. Montague, C. M. G., D. S. O., M. C., of Winnipeg, who was assistant quartermaster-general of the second division throughout the fighting in France and who was later appointed chief quartermaster-general for demobilisation in England.

Premier Borden's Plans

Ottawa, July 24—According to advices received today the prime minister may not be back in Ottawa till the end of next week. He is now spending a few days at Murray Bay, on the St. Lawrence.

An Interesting Question

Fredericton Mail: At the recent Liberal convention in St. John one of the delegates, a young lawyer, declared with great heat in reply to a query regarding his political leanings that he had never turned his back on Sir Wilfrid Laurier, and that he was many people who would like to know how this same lawyer was given a retainer in the Borden government.

A BIG INCREASE IN SAVINGS BY PEOPLE

Ottawa, July 24—An increase of thirty-two million dollars in savings bank deposits during June is reported. Call loans both in and outside Canada are higher. Current loans in Canada have decreased.

THE FITZ-RANDOLPH CASE

Fredericton, July 24—The Fitz-Randolph case will go to the jury this afternoon. J. B. Baxter, M. P., for the defence, addressed the jury this morning. He said there was no proof of wrongdoing in any instance and that the benefit of the doubt should be given the defendant in each case. Mr. Teed was unable to complete his address before the jury retired for the day.

THE GOVERNOR COBB

Boston Globe—Bottom damage that will necessitate the temporary withdrawal from service was sustained by the steamer Governor Cobb when she struck on Green Island last Saturday morning while bound from Boston to Yarmouth. The steamer was floated and an examination disclosed considerable damage.

Gill-Gunn

At the home of Mr. and Mrs. Alonzo Smith, Fredericton, on Tuesday, Miss Mabel Gunn of St. John was united in marriage to Horace Gill of Fredericton as a bunch of sprint men.

THE BEST QUALITY AT A REASONABLE PRICE

Glasses Strengthen Eyes

One of the many benefits of glasses is that they make the eyes stronger. The reason for this is easily understood. Exercise strengthens a muscle. Strain weakens it. In particular, far-sightedness, astigmatism, and other defective eyes, the muscles are under constant strain. Properly fitted glasses rest the eyes, permitting the muscles to work normally and become strong instead of weak. We are experts in fitting glasses to correct eye-strain. Every facility of science is at your service here.

MARINE NOTES

The steamer Lake Granby, the first vessel with grain from Chicago via the Great Lakes and the St. Lawrence, arrived at Liverpool, yesterday. The vessel was chartered by the British Treadwater Association and is planning heavy grain shipments over this route during the autumn.

The Don Federico and the Lesonfield, two dredges formerly used in Courtenay Bay operations, are nearly in condition for their voyage to England and it is expected that they will get away in about ten days. The Federico was probably towed to the Lesonfield. With the departure of these two dredges and the leading of the Beaver Dredging plant work in Boston, the local dredging fleet will be considerably reduced.

The Royal Mail Steamer Packet liner Chignecto completed discharging her cargo of raw sugar at the Atlantic wharf this morning and moved up to Pettigrew wharf, where she will discharge 1,200 packages of molasses. She is expected to sail for the British West Indies via Halifax Saturday evening.

The schooner L. L. Hamlin sailed today for New York with a cargo of 650,000 spruce lugs consigned to Stearns, Cutler & Co.

NEWS OF FREDERICTON

Fredericton, July 24—Mrs. Rebecca Hamilton, wife of Jacob Hamilton, died last night at her home, 255 Regent street, aged eighty-two years. She is survived by her husband and one sister, Mrs. Charles McLeod of Houlton.

Elwood Burt, who returned yesterday from Cranbrook, B. C., where he had been engaged in the burning of a saw mill in which he was interested, says that the Pacific province has suffered heavily from forest fires.

He will return to that province soon to complete his business.

Rev. J. W. Macdonald, pastor of the Rev. Methodist church, has been appointed in Victoria hospital for appendicitis.

Mrs. Mary Ann Cain, widow of Robert Cain, died this morning at the home of her son, Thomas L. Charlotte street. She was a native of Ireland, coming to New Brunswick seventy-two years ago. She is survived by two sons, John J. and Thomas L.

CORN, OATS AND WHEAT

Chicago, July 24—Wheat advanced today to give an advantage to bulls in the corn market, and so too did increasing supplies of car capacity. Many country elevators were said to be shutting down as a result of lack of cars. On the other hand, profit taking sales by holders of grain were against any radical upturn in prices. Opening quotations, which ranged from the same as yesterday, fell to 2-1/2c higher at 11:05 a.m. to 1:05 p.m. and followed by moderate further gains and then a general reaction.

Hedging business kept the oats market relatively weak. After opening unchanged to 1/2 cent off, including September at 79-7/8 to 80, values hardened a little and then sagged again.

Provisions were firmer for ribs as also for lard. Trade in pork was next to nothing.

Buenos Aires, July 23—Wheat and corn rose to new high records on the market here today. Wheat advanced to 19 pesos a hundred kilos, an increase of two pesos during the day, and corn rose to 11 pesos a hundred kilos, an increase of one peso during the opening quotation.

KLM is made from the Purest Separated Milk

OUR inspectors regularly inspect the sanitary conditions of the farms which supply milk from which KLM is made. Our milk powder plants in the best dairy districts in Ontario separate this milk to remove the fat, pasteurize it and dry it by the "spray process" removing the ninety per cent of water and leaving the solids in the dry powder form of KLM.

Recently we established at our Head Office, in Toronto, the most up-to-date Milk Laboratory which exists in Canada today for bacteriological and chemical research work on milk, both liquid and powdered.

In this laboratory we analyse the milk from all the farms which deliver milk to all our plants and receiving stations. We are able, in this way, to keep absolute control on the quality of the milk from the receiving room to the milk powder packing department. No milk industry in Canada has such a perfect and completely equipped laboratory and research department. This insures to the user of KLM, whether in the home, the hotel or the lumber camp, the purity, cleanliness and wholesomeness of KLM.

We welcome anyone to our Bacteriological Laboratories at our Head Office, 10-12 St. Patrick St., where we can show our research equipment and methods of control of purity and quality of the milk we receive.

PEEPER IS SHOT IN SPRINGFIELD

Springfield, July 24—Clifford Madison, sixteen, of 84 Charter avenue, alleged by the police to be a "peeper," was shot in the right arm while peering into a house at State and Hancock streets. The police assert that William C. Coons admits doing the shooting.
He says he saw Madison looking into

the house. When he shot, Madison fell. He was taken to Mercy Hospital.
Sergt. M. J. Meade, who investigated the case, said that patrolmen on the Hancock street beat have shot at Madison on two occasions but the youth each time escaped being hit.
Two Cleared; Others Guilty.
London, July 23—(Reuters)—At the Surrey assizes Bugler Robert Todd and

Private R. A. McAllen, of the Canadian Forestry Corps, were found not guilty of manslaughter, in connection with the murder of Police Sergeant Green at Espson and discharged.
Privates F. H. Wilkie, 102nd Canadian Battalion; J. Connors, 18th Canadian Highlanders; A. McMaster, 8th Canadian Reserve, and D. Yerec and A. Masse, of the Canadian Forestry Corps were found guilty and sentenced to twelve months imprisonment without hard labor.

INFLAMED GUMS—CAUSE OF LOOSE TEETH

Pyorrhea is undoubtedly a vital danger to both gums and teeth. Tender gums indicate it, and with it come loosening teeth. Imperceptibly, at first, the gums recede from the normal gum line. They inflame. They present many tiny openings for millions of bacteria to attack the unenameled tooth base. Tooth-base decay quickly follows. Even if the cavity be filled and the tooth saved, the gums continue to recede. Remember, too, that inflamed and bleeding gums act as so many doorways for disease germs to enter the system—infecting joints or tonsils—or causing other ailments.

Against this Pyorrhea (Kigg's Disease) ordinary tooth-pastes are powerless. Yet Pyorrhea attacks four out of five people who are over forty, and many under this age. But Forhan's —if used in time and used consistently—positively prevents Pyorrhea. It is a scientific tooth cleanser as well as a tooth restorer. See how promptly bleeding or gum tenderness ceases and how your teeth are kept white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

Forhan's is sold in 6c tubes. All Druggists. Forhan's, Ltd., 307 St. James St., Montreal.

SOME STRAIGHT TALK.

Canadian Finance of Winnipeg serves notice on the Borden government that it is not enough to appoint commissions and bring out facts about profiteering. It also warns the manufacturers that they have something to do in relation to this matter. Thus:

"The parliamentary committee which has been probing the high cost of living question at Ottawa has drawn some very serious admissions from manufacturers who testified before it, but even at that, the committee barely scraped the surface. Although it is inconceivable that all manufacturers in Canada are of the same type as the man who stated that his factory was being operated, not for the glory of God or anyone else, but for the benefit of the shareholders, nevertheless it is plain that the industrial employers must put their house in order. The employer has found it necessary to commence to clean out the revolutionary element in the labor unions. Manufacturers are not exempt from public opinion and they would do well to expel from their ranks men who bring decent manufacturers into disrepute by their thoughtless declarations and inhuman business policies."

Continuing, the Winnipeg journal points out that the time has passed when the only object in doing business was to earn dividends, and that today "employer and employee are each expected to act fairly and squarely and to co-operate together, not to plunder the public, but to give service and to receive in return a proper remuneration." Then it says to the manufacturer and to the government:

"Evidence given before the high cost of living committee at Ottawa proves conclusively that excessive profits have been and are still being earned. Some classes of capital are receiving too great a remuneration for the amount invested, and labor and the community are consequently suffering. Profiteering has been allowed and it is regrettable that full advantage of the opportunity was taken by some industrial men. No legitimate reason can be advanced to justify the retention by the manufacturers of the enormous profits they admit having made during the war, except the one already put forward, namely, that they have paid the government all that it asked for. The government must justify its existence by taking the necessary steps to divert to the coffers of the national treasury a very substantial proportion of these tremendous earnings. The Canadian people desire inaction in the face of pressing problems. The Dominion cabinet should hesitate no longer."

THE QUESTION OF HEALTH.

Dr. Carolyn E. Geisel, the brilliant Chautauque lecturer, invites the man of middle age to place a higher estimate upon himself and to act accordingly. She tells him that in this period of reconstruction the weight of the task is his, and that he owes it to his country and humanity to conserve his physical health and mental efficiency. She gives him encouragement by asserting that what he needs is not so much medicine as not to over-eat, to chew his food as thoroughly as Gladstone did, to drink plenty of water every day, to make his working hours reasonably short, and to be sure that he gets plenty of sleep, and at least once a year take a vacation of two weeks or more, entirely away from home and work. Dr. Geisel asserts that the body will repair itself if given a chance, and that diseases which, when they become chronic, usually resist cure, can be prevented if taken in time. She would, however, have every man consult a physician at least once a year and submit to a thorough examination. What she prescribes is so simple that it is worth every man's while to be to that extent his own doctor. Far too many men pass out in middle life or very soon after because they do not observe the simple rules of health from day to day. Dr. Geisel presents some very startling facts about infant mortality, the increase of feeble-mindedness and insanity, and the very large percentage of deaths from preventable causes. It is worth nothing also, that she is a pronounced prohibitionist. Scidion does a public speaker receive such an ovation here as she received last evening, when at the close of her noble and thrilling peroration the very large audience twice recalled her after she had left the stage, to express again their appreciation of her message. This slight-framed, gray-haired woman, who studied in old St. Petersburg, visited many parts of the world, practised her profession in the United States and more recently visited the hospitals in France and Flanders, is herself a remarkable example of physical and mental power.

Prof. Leacock has broken out again. The Toronto Globe says: "If the 'personal liberty' crowd of the anti-prohibitionist forces want the real thing in 'wet' propaganda they should invite Prof. Leacock of McGill to make a few remarks. He tells the readers of the National Review that prohibition is a snake that should be strangled in its cradle, a social catastrophe which has overwhelmed America, a social tyranny

backed by the full force of the law the like of which has not been seen in English-speaking countries since the fires died out at Smithfield." Prof. Leacock should devote his talents to a better cause. He is making himself the champion of a traffic that has rendered utterly fruitless the work of many a student in the university, whose bright future was forever clouded by the fumes of alcohol.

Mr. Henders, M. P., has resigned the presidency of the Manitoba Grain Growers' Association. In accepting the resignation the executive says they "cannot in any degree accept his attitude on the tariff." They reaffirm their adherence to the principles of the farmers' platform. The west is determined to get a lower tariff.

Toronto Globe—"The new school laws of England and Scotland call for 30,000 teachers for continuation classes. If the bill introduced by Dr. Cody at the last session becomes law there will be a demand for many new teachers for similar work in Ontario, but the rewards will have to be greater than at present to attract the needed number."

The German minister of foreign affairs urges the National Assembly to carry out the peace treaty to the utmost, and makes a strong plea for the League of Nations, and an end of secret diplomacy. If all Germany would adopt his views the European outlook would be immediately brightened.

There is a serious accumulation of fish in cold storage in Canada. Perhaps if it were cheaper the supply would be reduced. Indeed there is a large supply of many food products in cold storage. Why not let the market absorb a larger proportion for the benefit of consumers?

The soldiers who come to St. John for the August celebration must be taken into the homes of the people to the largest possible extent. One citizen called up the Times-Star this morning to say that he desired to entertain two of them. This spirit should become universal.

The provincial elections in Prince Edward Island are being held today. The last house had eighteen Conservatives, eleven Liberals and one vacant seat when it dissolved. The campaign has been a very lively one.

The whole Empire would approve of signal recognition by the King of the invaluable services of Mr. Lloyd George during the war period and at the peace conference.

The outlook in the Yorkshire and Derbyshire mining districts in England is brighter today. The men will probably save the mines from further flooding, pending a settlement.

With the support of ex-President Taft, President Wilson will doubtless get sufficient Republican support to insure the adoption of the peace treaty and the League of Nations covenant.

If the 46,000 Canadians, including women and children, still in England are all to be in Canada by the end of August, the work of transportation must be speeded up.

Toronto Globe—"Sir Lomer Gouin would be an acceptable chairman for the Liberal convention. He is tactful, moderate, able, and firm."

Smallpox in Halifax is subsiding, but not before St. John suffered because the sister city did not stop enough grapple with the disease to stamp it out.

Western railway men are organizing against the One Big Union scheme. It will not succeed in Canada.

APPROACHING VISIT OF THE PRINCE OF WALES

To ye, whose loyal fathers dared to brave The hardships of an unknown wilderness, The greenness of the winter's cold distress In forest wild or by the dashing wave For their dear mother-country; proaches he Your prince whose gallant bearing in the war Has taught all men to love him. Ope the door Of this fair city with due character. Bear ye forever on your brows the sign Of loyalty, now doubly 'berited, First from your forebears who the flamelet fed, Now from the heroes in the battle line. Let not the shadow of internal strife Rest here to sap thy strength and cloud thy life.

H. DOUGLAS FRITZ.

"We ought to investigate the expenditures of this board." "How much did it spend?" "Twenty thousand dollars." "What will an investigating committee cost?" "Thirty thousand dollars." "Good business. Go ahead."

A Complete Book on NURSING

By **Dr. Lee H. Smith**

Some one has said that "Nurses, like cooks, are born; not made," and it is true that the woman who possesses the real "Mother" instinct makes the best nurse. In caring for the wounded, a word of soothing sympathy goes a long way and does much to hasten recovery.

First aid to the injured, nursing the sick, advice for mother and babe, for those about to become mothers, anatomy, physiology, hygiene, the treatment of slight illnesses, burns, fevers, children's diseases, are all treated in a common-sense way in "Nursing in the Home," a book of 500 pages, profusely illustrated and nicely bound.

When our girls have studied this book on "Nursing," they will be better fitted to perform their duties as mothers, and infant mortality will be reduced. The best way to gain a practical knowledge of nursing is to read this book which is written for beginners, also for experienced mothers of families. It contains medical advice for every one, together with simple home treatments. To be had for 50 cents at prominent drug stores, or write publishers, **WORLD'S MEDICAL PRESS, 654 Washington St., Buffalo, N. Y.**

FRENCH WAR CROSS TO CARDINAL MERCIER

Brussels, July 24.—President Poincare visited Antwerp yesterday. Cardinal Mercier received him at the door of the cathedral in Mechlin and the president pinned the French war cross on the cardinal's breast. At a reception in the town hall President Poincare was made a citizen of Antwerp. King Albert and Queen Elizabeth and President Poincare dined at the French embassy in Brussels last evening.

USE The Want Ad Way

Why Corns Hurt

Note this diagram picture of a corn. Note its conical shape. The cause of the corn is pressure. And pressure makes it hurt. The point of the corn is pushed into the nerves. Applying a Blue-jay plaster instantly removes the pressure. Note the felt ring (A) in the picture below. The ring gives barefoot comfort in the tightest shoe.

But that is temporary. One should not continue a ring. The corn should be quickly ended. The bit of B&B wax in the center of the ring does that (marked B in illustration below). In two days, usually, the whole corn disappears. It stops the pain, then ends the corn. And it wraps the corn so the action is undisturbed.

Then the action of the B&B wax is centered on the corn. Held there by the rubber coated adhesive tape (C) which wraps comfortably around the toe. Healthy tissue is not affected.

These are the reasons why millions of people have adopted the Blue-jay method. Keeping corns is folly when this easy way can end them. Treating them in cruder ways is inexcusable.

For your own sake, convince yourself by applying Blue-jay to one corn.

WORKMEN'S COMPENSATION ACT, 1918

Notice to Employers of Labor

WHEREAS on the 17th day of April A.D. 1919, His Honor the Lieutenant-Governor and Council did by Order-in-Council bring within the scope of Part I of the "WORKMEN'S COMPENSATION ACT, 1918," from and after August 1st, 1919, the following industries, viz:

"Persons employed in the woods in logging, cutting of timber, pulp-wood, fire-wood, railroad ties or sleepers, river driving, rafting, booming, or the transportation of logs, timber, pulp-wood, fire-wood or railroad ties or sleepers."

NOTICE IS HEREBY GIVEN that all persons engaged in any of the above mentioned industries are required to file a statement of their estimated payroll from August 1st, 1919, to December 31st, 1919, inclusive, with the said board, on or before the 1st day of August, 1919.

AND FURTHER NOTICE that any employer neglecting or refusing to furnish such estimate or information is liable to a penalty not exceeding \$20.00 per day for each day of such default, and is further liable for damages, as provided by Part two of said Act, in respect of any injury to any workman in his employ during the period of such default.

NOTE—Forms for furnishing such information will be supplied on application.

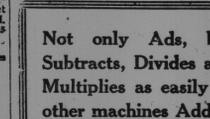

Also please take note of the following regulation passed by the board, and coming into force on the 1st day of August, 1919:

FIRST AID KIT

In an industry where ten or more persons are employed, it shall be the duty of the employer to provide a suitable **FIRST AID KIT** approved of by the board and in charge of a suitable person.

Certified, passed May 1st, 1919.

Filling the Gaps in Your Office Force

A GREAT many firms tell us that not only is it next to impossible to get clerical help, but many of those they do get are untrained and therefore inaccurate in their work. Fortunately this situation can be greatly relieved by the use of the Monroe Calculating Machine.

One girl and a Monroe can do the work formerly requiring two or three men. She doesn't need to be an expert. With a few minutes' instruction and practice, she can place your figure load on the

MONROE

and you can be assured the work is absolutely accurate because the MONROE Mechanical Check puts a ban on operating mistakes. No rechecking is required. Look at any one of the problems listed at the left and compare the time required by the Monroe to solve it with the old pencil-and-paper method. The Monroe has a range of utility that embraces any figure problem in any business.

Mr. Manager, it is a difficult matter for you to determine the efficiency of the Monroe Machine by our telling you about it. Let us send a representative to demonstrate what it will actually accomplish in your own office.

You can then make your own tests and compare it with any other machine you may have in service. All of which means we have perfect confidence in the ability of the Monroe Machine to "make good." To bring the matter to a head simply mail the attached coupon. No obligation involved.

CUT THROUGH CONCRETE

Detroit Burglar Released by Friends at Windsor.

Windsor, July 24—Two feet of concrete was not enough to keep Thomas Allen, of Detroit, in the Sandwich police cells, over the week-end. Arrested by Officer Gordon Pilon, on Saturday night, while in the act of burglarizing a safe in a local store, Allen was locked up in the cells pending a hearing today. Friends of the burglar some time Sunday night chiselled through two feet of concrete and rescued the prisoner, who is still at large.

MORNING NEWS OVER THE WIRES

The Prince of Wales will pay a visit to Washington, at the invitation of the U. S. government, after his tour of Canada. He also will visit New York.

There are still 49,000 Canadians and dependents in England.

Hon. MacKenzie King on his return to Ottawa yesterday from England, where he has been studying industrial conditions, urged in an interview that the Canadian government purchase the more famous portions of the land in France and Belgium over which Canadian soldiers fought, in memory of the men who fell.

The provincial elections in P. E. Island are being held today.

Hon. Mr. Justice, Chisholm of Halifax has been named as chairman of the board of conciliation to deal with the dispute between the Dominion Iron & Steel Co., Sydney, and its employees.

Most of the miners at Cobalt struck yesterday, following the refusal of the mine managers to consent to a board of conciliation to adjust matters of wages, hours and working conditions. A parade was held during the afternoon, but everything passed off quietly.

Harry A. McLean, formerly of Lake George, N. B., has been killed in Peabody, Mass., in an accident at the plant of the A. C. Lawrence Co., where he was supervising the unloading of a truck laden with coal. He was thirty-six years old and is survived by his wife and two small children.

Miners Warn That Food Must be Re-
duced—Dinner for Man and Family
of Seven Costs \$6.05—Daily Wage
\$5

Potsville, Penn., July 23—Adding to
the warning made to Congress that the
price of coal may jump \$5 a ton because
of its scarcity, a statement has been for-
warded to Senators Reed, Jones of New
Mexico and Kenyon, that anthracite
coal is almost certain to be increased
\$1.00 a ton by the first of next April. If
food prices are not reduced, the price
of coal will be reduced in hours from eight to six
cents.

Nothing but a reduction in the prices

HOW TO GET RID OF RHEUMATISM

"Fruit-a-lives" Point the Way to Quick Relief

Verona, Ont. "I suffered for a number of years with Rheumatism and severe Pains in my Ribs and Back, caused by strains and heavy lifting. When I had given up hope of ever being well again, a friend recommended 'Fruit-a-lives' to me and after using the first box I felt so much better that I continued to take them; and now I am enjoying the best of health, thanks to your wonderful fruit medicine."

W. M. LAMPSON. "Fruit-a-lives" are sold by all dealers at 50c a box, 2 for \$1.00, trial size 10c—or sent postpaid by Fruit-a-lives Limited, Ottawa.

OFFICIAL AGENT SAYS MOONEY DID NOT GET JUSTICE

Washington, July 23—Thomas J. Mooney did not receive full justice in his trial at San Francisco for alleged connection with the Preparedness Day bomb explosion, according to a report of John B. Denmore, former special agent of the department of justice, who investigated the case for the government. The report dated November 1, 1918, was submitted today to the house in response to a resolution.

"The plain truth is," the report said, "that there is nothing about the case to warrant the feeling of confidence that the dignity and majesty of the law have been upheld."

"There is nothing anything restraining consistency in the effort being a patch-work of incongruous makeshift and often of desperate expediency."

Millionaire, Aged 86, Accuses Wife, 30 Would Have Her Former Divorce Nullified

New York, July 24—An unusual legal proceeding was begun in the Supreme Court here when an attorney for Samuel H. Rundle, eighty-six-year-old millionaire of Danbury, Conn., whose thirty-year old wife left him a few days after their marriage, asked the court order compelling Mrs. Rundle and her former husband, Sydney A. Toovey, to show cause why their divorce should not be nullified. The case is made more peculiar by the fact that Mrs. Rundle is now suing her present husband for divorce, asking \$500,000 alimony. She also has attached the old man's property.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, JULY 24, 1919

HAD SUFFERED TWELVE YEARS

Mrs. Martha Farmer Restored to Health Didn't Believe a Medicine Could Do What Tanlac Has Done For Her.

"I actually didn't believe there was a medicine made that would do for me what Tanlac has done," said Mrs. Martha Farmer, of 2 Endicott street, Halifax, N. S., to a Tanlac representative, recently. Mrs. Farmer is well known in Halifax, having lived in the city for the past twenty-five years.

"I had been suffering with a bad case of stomach trouble for about twelve years," continued Mrs. Farmer, "and I was also bothered a good deal with my liver and kidneys. My appetite was poor and what little I did eat didn't seem to agree with me, but would give me indigestion and I would bloat up with gas and suffer with awful pains in the pit of my stomach. I fell off in weight and some days I felt so weak and listless I could hardly lift my hand to my head and for days at a time I was in such pain I could scarcely turn my hand to do a thing. My kidneys gave me a lot of trouble, too, and I used to have such awful pains right across the small of my back that I would suffer agony and for weeks at a time if I so much as tried to stoop over the pain in my back would be so terrible I could barely stand it so at night I could hardly turn over and wouldn't be able to sleep a wink. I was in such misery from this pain in my back at times that I couldn't do a particle of work and my liver was sluggish and I was badly constipated and saw looking and suffered a lot with awful headaches.

"A friend of mine who had been taking Tanlac, told me it had done her so much good that I ought to try it, so I went down to McKimley's one Saturday night and bought some and before I had finished that first bottle I could notice some improvement in my condition. My back was feeling better and I didn't feel so tired, so I kept on taking it and now that pain in the small of my back is gone completely. My appetite is fine now and I am never troubled with my stomach and I can sleep just like a child all night long and feel so good in every way that I can do my housework now with ease. My liver and kidneys are in good condition and I am not troubled like I used to be with constipation and I can bend and stoop over all day long and my back doesn't bother me a bit. I just can't tell you how thankful I feel for the way Tanlac has helped me and it is a pleasure for me to recommend it to anyone."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special Tanlac representative.—(Adv.)

Return to Work.

New York, July 23—Fourteen hundred employees of the Merchants Linotype Company, who have been on strike for two months returned to work today. The company has agreed, it is announced, to establish a forty-four hour week if it is generally adopted in the printing industry but not until then. The chief demand of the strikers was for a closed shop and this was not granted, the company asserted.

TAX DISCOUNT ALLOWED UNTIL SEPTEMBER 10

Usual Five Per Cent Allowed by City Council — McAvity Type of Hydrant Accepted as Standard

At the weekly meeting of the common council yesterday, September 10 was decided upon as the last day for taking advantage of the tax discount of five per cent. S. H. Mayes was given an extension of time on his contract for work on the east side boats. The recommendation to council that a Crockett-McMillan Drug Company, Main street, was granted permission to erect an electric sign outside their premises. Commissioner Fisher said he was taking up the matter of electric signs with the city solicitor, regarding the privilege and its violation.

Contracts for excavation and back-fill in the new water and sewerage mains were awarded as published in yesterday's Times-Star.

Tenders were opened for the setting of curbstones in Germain street and was awarded to John Flood & Sons. The recommendation to council that the tenders of Drummond McCall & Co., Ltd., Phoenix Locomotive Works, Vroom & Arnold and the James Robertson Co., Ltd., in connection with contracts for the work of repairing and laying water and sewerage mains was approved.

The agreement on the certificate from Frederick relative to the borrowing of money under the housing scheme was received and accepted by the council. The communication stated that the money had not yet been received by the provincial government from Ottawa but was expected within a few weeks.

Tenders were opened for the acceptance of the tender of Messrs. T. McAvity & Sons for gate valves as follows: 12 inch, \$75; 10 inch, \$54; 8 inch, \$27; 6 inch, \$19.50.

The commissioner's report stated: "The McAvity type of fire hydrants, extensively used by the department, is giving general satisfaction and as the officers of the department favor one type of hydrant I would recommend that the tender of this firm be accepted. I am advised by the manufacturers that they have in contemplation some alterations which they propose making in the present type of hydrant, which will increase its efficiency in future. Under these circumstances I favor acceptance of their tender."

Commissioner Jones moved that in the opinion of the council it was desirable to extend the water and sewerage services of the city to Hawthorne avenue district, and if necessary a bond issue be put through to pay for the work.

The mayor, however, said that he would not favor the work of extension to be paid by bond issue.

As an unanimous vote was required the motion was dropped and the motion found no second.

Commissioner Fisher gave notice of

bringing in at the next meeting estimates for the rebuilding of retaining walls in Chealey street and St. James street, West St. John; the former to be rebuilt at an estimated cost of \$2,000.

Germany's New Taxes.

Berlin, July 23.—(By The Associated Press)—Germany's financial programme calling for the raising of 25,000,000,000 marks annually, agreed upon by Matthias Erzberger, minister of finance, and a group of experts was published today by the North German Gazette. The conference was said to be in complete agreement on the financial reform.

Eight billion marks will be obtained by war taxes, according to the Gazette's summary of the proposed plan. The remaining 17,000,000,000 must be raised from new sources. The first of these will be a heavy increase in the tax on business turnover. The second new source of income is called the "imperial sacrifice to needs." The third new scheme of taxes will be on the necessities of life.

Keeps Children Well Makes Them Robust

HERE IS GOOD ADVICE FOR THE HEAD OF EVERY FAMILY.

Rapid growth, work at home and in the school-rooms, are sure to tax the strength of every child, and often prove the beginning of a chain of weakness that lasts through life.

Give your sons and daughters a fighting chance! Give them good home surroundings, fortify them with education, but above all else do everything possible to insure for them perfect health in years to come.

In no way can you destroy weakness and build up health so surely as with Ferronose. It's the concentrated nourishment in Ferronose that enables it to do so much good. It contains the very elements that are essential in building up bone and sinew, in vitalizing and strengthening the blood. The appetite Ferronose brings will gladden any parent's heart, and when color, spirit, vim, and energy increase day by day then you know what grand work Ferronose is doing. Because it makes and keeps you healthy, because it is pleasant, harmless and sure to do enormous good—yes, and your children should use Ferronose every day. Sold by all dealers in 50c boxes, six for \$2.50, or direct by mail from the Catarhousene Co., Kingston, Ont.

This Will Remove Hair or Fuzzy Growths

(Toilet Tips.)

A safe, certain method for ridding the face of hairy growths is as follows: Mix a paste with some powdered deodorant and water, apply to hairy surface about 2 minutes, then rub off, wash the skin and the hairs are gone. This is entirely harmless and seldom requires repeating, but to avoid disappointment it is advisable to see that you get genuine deodorant.

Eyes Sore?

If your eyes or lids are sore; if they itch, burn or feel dry; if your vision is blurred, your eyesight dim; if you are obliged to wear glasses, go to your druggist and get a bottle of Bon-Ops. Simply dissolve one in a fourth of a glass of water and bathe the eyes from two to four times a day. Soothe, comfortable eyes and improved eyesight will make the world look brighter.

Note: Bon-Ops is a week's time in many instances. Wasson's Drug Store and other druggists.

Savor and Flavor For Every Course—**Mapleine**

as a seasoning in soups, sauces, meats and gravies. It is delicious in baked beans and its good in boiled dinners. Just a little is needed—a quarter to a half-teaspoonful.

—as a flavoring in desserts and sweet dishes. It imparts a delicate "maple" flavor and a rich golden color.

ST. JOHN'S GREATEST MERCANTILE EVENT

Many Unusually Fine Opportunities For the Last Two Days.

The Oak Hall Annual Mid-Summer Sale ends Saturday at noon, but between now and that time many people will take advantage of the numerous money-saving opportunities.

It is an assured fact that all classes of wearing apparel are advancing considerably in price for fall. This is due largely to the tremendous demand coming from Europe, but also to a great scarcity of merchandise. Never before has this scarcity been so acute as at the present time, in many instances it is almost impossible to procure merchandise at all.

When a reliable opportunity is offered to procure wearing apparel, not alone at prices before the advance takes place, but at substantial reductions of these pre-advance prices, it should not require much time to decide that the time to buy for both present and future needs is now, and the place to buy is where these big reductions are being offered on reliable merchandise, namely, the Oak Hall Annual Mid-Summer Sale.

Oak Hall will be open Friday evening until 10 o'clock, closing Saturday at 1 o'clock, when St. John's greatest mercantile event comes to a close.

GOAT-KEEPING COSTLY.

Fine Follows Perpetrations in Search of Breakfast.

New York, July 23—Like all other luxuries, keeping a goat is getting dearer all the time. Kate Curzo, of 53 Empire Boulevard, Brooklyn, found that it costs her two dollars merely for breakfast for one that belonged to her.

Goats from the section of Brooklyn called "pig town," have been making morning migrations of late to another quarter known as "spotless town." This morning about thirty of the animals came over in search of the tender breakfast that green lawns and flower beds offer, for although a goat may eat tin cans late in the afternoon, in the morning he is exceedingly fastidious.

George C. Bennett, of New York avenue, "spotless town" and Patrolman Studdell sighted the goats at breakfast, and rudely disturbed them. All but one fled. The goat that belonged to Kate Curzo stood fast, and continued to munch a double portion of gladioli. But

almost 15 per cent of the marriage licenses issued.

The war, which promoted hasty marriages, has greatly increased the number of domestic tragedies," asserted Judge Hopkins. "War weddings in seven cases out of ten proved failures. The young brides were afraid of those strange men they married two years ago. A great cause of unhappiness in married life is liquor. The next few months will see a great decrease in divorces."

CONSIDER THIS WOMAN'S CASE

Mrs. A. L. DeVine of Los Angeles, Cal., says: "After I had suffered from a female trouble for years, not being able to do my housework, or get any relief from doctors, Lydia E. Pinkham's Vegetable Compound made me a well woman, and I want to tell the world the good this medicine does." This woman is perfectly justified, and should be commended for telling others how she regained her health.

Your Last Opportunity

To Visit St. John's Greatest Mercantile Event

Oak Hall's Annual Mid-Summer Sale

SATURDAY AT ONE O'CLOCK rings down the curtain on this great opportunity. Only a day and a half more in which you can purchase your wearing apparel at much less than what it will cost a few short months from now. We don't know of any other investment on which you can reap such big returns in so short a time.

WE KNOW that all lines of wearing apparel are costing considerably more for Fall than our present stocks cost—due to the tremendous demands made by Europe, and to many increases in the detailed cost of manufacturing. It is not only a question of higher costs—more important still.

SCARCITY OF WEARING APPAREL is tremendously more acute now than ever before. It seems almost impossible to procure new merchandise these days—the demand being so much greater than the supply. These are actual facts, and yet in spite of all this

YOU HAVE AN OPPORTUNITY to beat out the coming conditions by taking advantage of this sale—Now—before it is too late. For your own good, don't delay. Buy now—buy not only for present needs, but invest in wearing apparel and get the biggest interest on your money possible in so short a time.

**PRINCE OF WALES
IN A COAL MINE**

Visit to South Wales Includes Trip Into the Pit and Handling the Pick

London, July 1.—(Correspondence of the Associated Press)—Children strewed with flowers the path of the Prince of Wales and bombarded his automobile with roses when he visited recently the coal mining regions of South Wales and went down into a mine. The prince scored with the coal miners of Rhondda Valley by telling them that it was not his fault that it was his first visit and that his absence was due to the war.

On his way to the mine he surprised one woman by asking to see her house and garden. He stopped his car when another woman held up her baby to give him a rose.

Arriving at Cwymar pit, the prince donned the cap and overalls of a miner, and gratefully accepted from the foreman a silver safety lamp, the gift of the management. Miners and their families crowded around him and cheered while the prince waited for the cage to rise from the depths of the shaft. Suddenly there was heard the sound of singing apparently from the bowels of the earth. The cage came in view bringing a small party of miners, black with coal dust, straight from the toil of the pit and singing a Welsh anthem. When the singing stopped the prince and his official guides then stepped into the cage

and, swiftly but very carefully, were lowered into the mine. At the bottom of the shaft some one had written on a bank timber with white chalk, "Welcome to Our Soldier Prince." The prince was manifestly pleased and asking for chalk wrote beside it "Thank you," and signed it "Edward P." Then they took him through the mines, showed him the ventilation system which guards the lives of the hundreds of men and boys while they work, showed him the "working faces" where miners were digging coal, and explained to him some of the difficulties attending the underground life of the toilers.

He insisted on trying it himself, and taking the pick handed to him by a grimy old miner, struck a few vigorous blows. Later, while thanking the people for his reception, he said he could appreciate the strenuous character of a miner's work.

A WAIL FROM HALIFAX, TOO
(Argus, in Halifax Chronicle). "Someone had blundered" was never more applicable than to the much-puffed Peace Procession on Saturday evening. Mismanagement somewhere was responsible for the farce which undoubtedly disgraced Halifax in the eyes of many out-of-town visitors. This attitude was very evident from comment in the hotel lobbies yesterday. Halifax celebrated the day of triumph with a parade that not even a one ring circus would have sponsored.

ILL-MANNERED HALIFAXIANS.
(Argus, in Halifax Chronicle). I occasionally attend ball games and can't confess that while I enjoyed the game itself I could not understand the reference of some of the "Fans" attending Saturday's contests to the St. John players being members of a barbers' community. While every resident of the city appreciates our advantage in the matter of harbors, it is hardly "playing the game" to make mention of it to a friend playing ball in our midst.

**ORGY OF SPENDING
BY THE NEW RICH**

Price Apparently no Object to War-made Millionaires in England

London, June 25.—(Correspondence of A. P.)—England's newly rich, the persons who have accumulated millions during the war and since, are buying at any price demanded furniture from some of the ancient houses of the country, jewels from some of the looted palaces of Russia and other Continental countries, and paintings from anywhere, if they bear the mark of time. There is no lack of jewels for those who have the price and are willing to pay. Many beautiful pieces of jewelry, the history of which is not given by the dealer, but which experts say could only come from the wealthiest families of Russia, are finding their way into the market. Enormous prices are being asked and promptly paid while the cost of ordinary stones, diamonds for instance, has risen to unheard of heights. Many old English families are also selling their jewels.

Flowers and food for the elaborate entertainments which are beginning to mark the appearance of the newly rich are commanding fancy prices, such as \$25 for an orchid and \$1.50 for a peach. Automobiles are very scarce and expensive in Britain. Some of them cost as much as \$10,000 to \$15,000, and they are models of three and four years ago while new machines are almost unobtainable. The maker of the most famous English car turns out only 500 each year, and it is said he already has booked his entire output for this year and next. This extravagance is attracting wide

attention from newspapers and public men. "Peace has brought an orgy of spending," says one writer, "which high prices do nothing to check. The higher the price the easier it is for those who have money to draw the big line of demarcation between themselves and the crowd."

Sidelights On Sport

The Toronto club of the International
League has won sixteen straight games.
They are now playing a series with Bal-
timore and won the first game.

Babe Ruth of the Boston Red Sox is
out after a new home run record. To
date he has fourteen to his credit. His
last circuit drive was made in Navin's
Field, Detroit, and is said to be the
longest hit ever made those grounds.

The Carleton nine will play a double-
header in Moncton on Saturday. Local
fans will have an opportunity of wit-
nessing a game in the afternoon and
again in the evening. St. Peter's and
the Y. M. C. I. playing in the afternoon
and the latter team and Fairville in the evening.

Baseball is certainly booming in this
city. On every vacant lot games are
being played every night and in a few

years some good material should be
available from the ranks of the juveniles.
The game is also being played all over
the province as well as in Nova Scotia
and it would not be surprising to see a
maritime league formed next year. St.
John, Moncton, Amherst and Halifax
would make a good circuit. Games
could be played on Saturday afternoons
and holidays.

There should be many good games
played here this year with visiting teams.
Some of the border towns—Haines are
anxious to come to this city to compete
with the local nines and arrangements
may be made.

Followers of harness racing are anx-
iously waiting the news that is to take
place in this city. There are many fast
horses owned in the province and the
meeting of these should attract record
crowds.

Big Crowd on Grand Circuit.
Toledo, O., July 23—Twelve thousand
persons said to be the largest crowd
that ever saw horse racing in Toledo
witnessed the Grand Circuit events at
Fort Miami today. The time was fast
and the track in excellent condition. H.
Thomas, with Peter Billen, won the
2:09 trot, after finishing fifth in the
first heat which was won by Emma
Magowan.

Many Stars Withdraw.
Boston, July 21—Announcement of
the drawings for the eastern sectional
doubles championships tonight brought
out the information that many of the
stars entered had withdrawn at the sug-
gestion of officials of the United States
National Lawn Tennis Association.

The Australian players, C. L. Patter-
son, R. V. Thomas, Norman E. Brooks,
and Randolph Lyette, have been granted
the privilege of playing in the
national championship doubles on the
Longwood courts in August without
playing through a preliminary sectional
tournament.

WILLARD PUT HIS
\$100,000 INTO FARM

Topeka, Kas., July 24—Jes Willard,
former heavyweight champion, who re-
ceived \$100,000 for his participation in
the boxing match with Jack Dempsey at
Toledo, July 4, has purchased a farm
of 700 acres near his home at Lawrence.
Willard took possession today, having
paid down \$100,000 in cash. The total
purchase price, it is understood, was
\$175,000.

PROMOTER "SNOWY" BAKER
OFFERS DEMPSEY \$100,000

Los Angeles, July 21—Mrs. Baker,
wife of an Australian sport promoter,
called today on Jack Dempsey, world
champion heavyweight boxer, and Jack
Kearns, his manager, and offered Demp-
sey \$100,000 to stage his next bout at
Sydney, Australia. The offer was con-
tained in a cablegram from Baker.
Kearns told Mrs. Baker he could not
give a definite answer at this time, as he
had a similar offer from Paris and was
waiting for developments in that matter.

Great Feat of Endurance
An English paper says: "A remark-
able feat of endurance was successfully
accomplished by Sgt. Robert Perrott,
of the 3rd City of London (Royal Fusil-
ers), at the London Scottish Drill Hall,
Perrott, who got knocked about in the
war both in Gallipoli and in France
makes a hobby of bag-punching, and he
set out to establish a non-stop world
record of fifty hours. Starting at 10
m. on Monday, he saw the clock round
four times, and finished the fifty hours
at 12 noon on Wednesday. He had a
couple of bad spells, but was well
"nursed" by his attendant, Pte. Bolton,
R. F., and kept the ball ceaselessly drum-
ming. Perrott's latest performance is
a considerable increase over the previous
record of thirty-eight hours, which he
established at Aldershot last autumn."

Finance Bill in British Commons
and Comment on Colonial Preference

London, July 24—On the third read-
ing of the finance bill, which was
introduced in the House of Commons,
Chancellor J. Austen Chamberlain was
again attacked on account of an amend-
ment moved by him to the bill on July
9 giving the government power by order-
in-council to extend colonial preference
to any territory of which any portion
of the British Empire may become a
mandatory under the League of Nations.
The amendment was adopted at the
time.

The critics last night argued that this
provision would act as a precedent for
other countries to relate.
Mr. Chamberlain contended that there
was nothing in the government propo-
sition contrary to the principles of the
League of Nations, and that nothing
would be done without the sanction of
parliament. There was no intention, he
declared, to create a mandatory terri-
tory, a position more favorable to Great
Britain than to her competitors nor to
take advantages which were not open to
other nations.

HER LITTLE GIRL
HAD DYSENTERY

Bowels Moved as Many as 25 Times a Day

Dysentery manifests itself with vary-
ing degrees of intensity, but in well
marked cases the national is commonly
preceded by some amount of diarrhoea,
which gradually increases in severity
and is accompanied by griping pains
in the abdomen. The discharges from
the bowels succeed each other with
great frequency, and the matter passed
from the bowels, which at first is res-
emble those of ordinary diarrhoea soon
change their character, becoming scanty,
mucous or slimy, and subsequently mix-
ed with, or consisting wholly of blood.
Never neglect what at first appears to
be a slight attack of diarrhoea or dysen-
tery may set in.

Cure the first symptoms by the use
of Dr. Fowler's Extract of Wild Straw-
berry.

Mrs. John T. Tanton, R. R. No. 8,
Watford, Ont., writes: "My daughter
was taken down, two years ago, with
dysentery, and I could find no help for
her until I used Dr. Fowler's Extract of
Wild Strawberry. She was only two
years old, and ate something different
from her usual food. We had the doctor
several times, but no relief came
until we used Dr. Fowler's. I would not
be without it in the house for a good
while."

you ask for it. Price, 35c a bottle; put

RE-ORGANIZATION OF C. N. R.
SYSTEM FEDERATION

Winnipeg, July 24—Re-organization
of the C. N. R. system federation by the
election of delegates lined up in inter-
national trades unionism was sug-
gested in the action taken on Tuesday
night at a largely attended meeting of
Canadian National Railway carmen.

The meeting decided to advise the C.
N. R. Joint protective board immedi-
ately to appoint delegates to the system
federation to fill two vacancies and that
four delegates to the federation be in-
structed to proceed at once to take steps
to reform the federation by getting in
touch with delegates from other crafts.
It was decided to elect delegates to the
re-organized trades and labor council
of Winnipeg, and three men were
chosen to represent the carmen on the
council when it is reconstituted.

The maintenance of way local is one
hundred per cent opposed to the C. N. R.
U. This announcement was made at the
conclusion of an address made by
S. A. Weeks, assistant general chairman.

CHATAQUAIS IS UNDER WAY FOR 1919 SEASON

Interesting Lectures and Fine Concert Program Mark Opening of Engagement Which Will Continue for a Week

Chataquais, which seems likely to be
an annual feature in the life of the city,
opened yesterday and will continue for
a week with different programmes of
lectures and other educational features,
interspersed with worthwhile entertain-
ment each day. Owing to a combination
of circumstances the start was not as
auspicious as had been hoped for, but
now that the preliminary difficulties
have been overcome, smooth sailing is
expected for the rest of the series. With
the first visit of Chataquais to St. John
last year the citizens had an opportunity
to learn what this movement stood for
and the high quality of the programme
offered, with the result that this year's
engagement was anticipated with eager-
ness.

As the tent did not reach the city in
time to be erected for the afternoon ses-
sion, the Y. M. C. A. came to the rescue,
and, after some delay, the programme
was given in the gymnasium of that in-
stitution. By evening the tent was up
and ready for use.

F. W. Daniel, chairman of the local
committee since the departure of F. H.
Quirt, opened the afternoon meeting
with a brief address and then called on
Hunt Cook, the superintendent, whose
introductory remarks set the keynote for
the season.

Mr. Cook in his lecture on the Art of
Living told of the manner in which the
nations have developed, and how to
better serve us and make life more
worth living. He referred to the cases
of Edison, Madam de Staël, Ward
MacAllister, Ralph Waldo Emerson,
and Helen Keller. Miss Keller had said
that the only thing in the world worth
service through the darkness of the
senses the intellect was broadened and
the soul expanded.

Dr. Carolyn Geisel gave an able
address on health matters, making a plea
for saner living, praising prohibition
and advocating a living wage for all
workers.

Speaking of the importance of health
and keeping oneself in good condition,
she said that it was the middle-aged
man who had the greatest burden of
responsibility of the nations' welfare and
it was as essential that he be phys-
ically fit as the men who had been sent
overseas to war.

Proper care of food, correct digestion
and mastication at least yearly consul-
tations with a physician, the drinking
of plenty of water—all these were im-
portant in keeping fit, she said. The
speaker also urged shorter hours of work
and longer hours for sleep. Middle-aged
husbands should be well cared for by
their wives and allowed to go on their
vacations unaccompanied. Too much
meat-eating brought on Bright's dis-
ease, Dr. Geisel said, and one should
exercise care in the selection of his food.
In conclusion, she spoke of the duty of
making the world a place worth while
which could be done by living honestly,
and uprightly and creating efficiency and
righteousness with physical and mental
well-being.

An excellent programme was given
by the Zimmer-Carter concert party, who
were heard both in the afternoon and
evening. Misses Zimmer and Carter
charmed the audiences with their selec-
tions on concert harp. Miss Wilma
Carter, reader, won much applause and
Miss Henderson's vocal solos were re-
ceived with evident pleasure and satis-
faction.

COAL UP AGAIN IN BOSTON

Boston, July 24—Another advance in
the price of coal the third since last
winter, was put in effect on Tuesday
by the Boston coal companies. This in-
crease brings the cost to the consumer
of the most popular domestic sizes to
\$12.50 a ton, as compared with \$11 pre-
viously to May 1 and \$11 a year ago at
this time.

Coal dealers state that this last jump
in the price is due to the excessive cost
of getting coal and in doing business.

Mrs. Henpeck—If you marry Dick, you
need never expect me to come to see you.
Joseph D. Harrigan, Former Visiting
Specialist to North Eastern Dispensary,
says: "Let those who are weak, this
nervous, anemic, or run-down,
take a natural, unadulterated substance
such as bitro-phosphate and you will
soon see some astonishing results in the
increase of nerve energy, strength of
body and mind and power of endurance."
Bitro-Phosphate is made entirely of
the organic phosphate compound refer-
red to in the National Standard Dispen-
sary as being an excellent tonic and
nervine and a preparation which has re-
cently acquired considerable reputation
in the treatment of neurasthenia. The
standard of excellence, strength and
purity of its substance is beyond ques-
tion, for every Bitro-Phosphate tablet is
manufactured in strict accordance with
the U. S. Pharmacopoeia test require-
ments. Bitro-Phosphate is therefore not
a patent medicine and should not be con-
fused with any of the secret nostrums,
so-called tonics or widely adver-
tised "cure-alls."

CAUTION:—Although Bitro-Phos-
phate is unsurpassed for relieving nerv-
ousness, sleeplessness and general weak-
ness, owing to its tendency to increase
weight it should not be used by anyone
who does not desire to put on flesh.

THIN, NERVOUS PEOPLE
NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force in Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL

Says Editor of "Physicians' Who's Who"

Take plain bitro-phosphate is the ad-
vice these physicians in this delicate
nervous people who lack vim, energy
and nerve force, and there seems to be
no other remedy. The efficiency of this
preparation to warrant the recommendation.
Moreover, if we judge from the count-
less testimonials and treatments which
are continually being advertised for the
purpose of making this people fleshy, de-
veloping arms, neck and bust, and re-
placing ugly hollows and angles by the
soft curves lines of health and beauty,
there are evidently thousands of men and
women who keenly feel their excessive
thinness.

Thinness and weakness are often due
to starved nerves. Our bodies need more
phosphate than is contained in modern
foods. Physicians claim there is nothing
that will supply this deficiency so well as
the organic phosphate known among
druggists as bitro-phosphate, which is in-
expensive and is sold by the Ross

IN HONOR OF SOLDIER.
 On Wednesday evening at the home of Mrs. John Patterson, 255 Main street, friends held a party in honor of her brother, Archie Lecman, who has recently returned from overseas. A very pleasant evening was spent in music, games and dancing, and Miss Alberta Morrison made a presentation of an amethyst set ring to Private Lecman. Refreshments were served. The party broke up, commiserating Pte. Lecman on his safe return.

MUSIC FOR THE CHILDREN
 Capt. A. J. Mulcahy, vice president of the Playgrounds Association, took to the Carleton supervised playground this morning a large Victrola with fifty records to be used on wet days for training the children in marching and folk dances. Captain Mulcahy also procured 100 small flags to be used in drill exercises. This was all made possible through the generosity of the West End Improvement League, which granted \$50 to be expended for the benefit of this playground.

NURSING SISTER WEDS; GIVES SURPRISE TO FRIENDS
 Nursing Sister Caswell, who returned from overseas on the hospital ship Araguaya a few weeks ago and is now visiting her parents, Dr. and Mrs. J. A. Caswell, at Capetown, gave her friends a genuine surprise by the announcement of her marriage. She returned after a long service in the hospitals of France and England as Nursing Sister Caswell, while in reality she was Mrs. R. Hamilton, having been married at Buxton, England, three weeks before sailing for home to Capt. R. Hamilton, M. C., of Regina.

POLICE COURT
 In the police court this morning three men charged with drunkenness were fined \$5 each or two months in jail. Tony Mavrosko was charged with resisting the police and also with being implicated in the assault on Policeman Keirstead early yesterday morning. He was remanded until the policeman could attend court.
 George Balbath was charged with resisting the police when arrested on charge of being under the influence of liquor.
 Policeman Arbo, who made the arrest, said that this morning about 12:30 o'clock he met the accused in Brussels street and he was acting as if he was under the influence of liquor. A bottle dropped to the street and broke. The policeman picked up the pieces, smelled them and said that the contents had been liquor. He said the man walked along quietly toward the police station, asking the policeman if he would let him go but when told that he would not, used abusive language and attempted to kick and scratch him, and called to a crowd across the street for help. When they started across the policeman said he told them they had better be careful or they would get into trouble also. The accused asked for counsel and the case was postponed until tomorrow morning.
 Langford Coram was charged with assaulting his wife. Mrs. Coram told the court that on Sunday, July 20, she was returning from her work in Carleton when she was accosted by the defendant who asked her to make friends with her and go home. That she refused and he became angry and said he would like to slap her face and put her into the gutter. She said she told him that she had a good place and was happy and did not want to go back with him. Addressing the court, she said that he was good to her when he was sober, but when he was drunk he did not treat her right. Mrs. Coram also said that the defendant took hold of her when he met her in the street. The defendant went up to his wife to shake hands with her and told her that he wanted her to come home as his little child needed her, and they walked over to the city and when she left him she said she would give him her decision last evening, but instead went and had a warrant made out for his arrest, yet when he met her last evening they came to the police station and she wanted to withdraw the charge. The case was postponed until this afternoon, and in the meantime the defendant must get sureties to bind him over to keep the peace. S. A. M. Skinner appeared for Mrs. Coram.
 William Wall was charged with having liquor in his possession other than in his private dwelling. Inspector Merryfield said that with inspectors Linton and McKee, he was walking along Pond street and they saw two men standing in the door-way. He said they saw the defendant take a bottle out of his pocket. He was put under arrest. The defendant was fined \$200 or six months in jail.
 Joseph Carr was charged with vagrancy and having no visible means of support. It was said that he came to the police station last night for protection and was locked up by Policeman Thomas. The case was adjourned until tomorrow morning when the policeman would be in court.
 A case against William M. Crowley, charged with assaulting his wife, was heard by the court some time ago and the defendant was allowed to go if he could get sureties to bind him over to keep the peace. This he was not able to do and he has been lodged in jail since. His wife went to the court this morning asking that he be allowed to go as he had had some difficulty in getting the sureties. The matter was put up for consideration.
 A case against Mrs. Florence Phillips, Brunswick street, charged with supplying liquor to James Dempster, was resumed. Inspector Merryfield asked for a conviction, which was granted, and the defendant was fined \$50. J. J. MacIsaac appeared for the defendant.

ENLARGING WORK IN "FIRST AID"
Important Announcement of Plans—Several Donations of Money Made
 A meeting of the executive council of the N. B. branch of the St. John Ambulance Association was held at the residence of the president, Major Skinner, on Monday, for the discussion of several matters of importance. Authority having been granted the council to arrange for provincial contests in the Wallace Nesbitt junior first aid competition (open to all authorized cadet companies and registered troops of the Canadian Boy Scouts), also to the newly formed Sea Scouts, the secretary was empowered to get in touch with the leaders of these organizations with a view to arranging matters in connection with the competition.
 The association is desirous of extending, wherever possible, the knowledge of first aid, almost more important in the daily life of the individual than it was even during the war. With this end in view, local centres are to be formed wherever possible in the towns and districts of the province, working under a provincial council. Matters in regard to the early formation of a centre in St. John were discussed. Officers for a local centre in Moncton have already been elected.
 It is hoped that instruction in first aid may be possible for the fishermen of New Brunswick. Among the lumbermen of the north a large and enthusiastic class is now in progress.
 The acknowledgment of the sympathy shown by the work of the association by the Red Cross in allowing so many of the numerous classes of the last five years to be held at the depot, it was decided to send a donation of \$50 to St. Dunstan's for the blind, through the local Red Cross Society. The sum of \$50 was also voted to the funds of the Red Cross and \$25 to Major Hooper for his work for our soldier boys.

WELL THE PEOPLE ABOUT HARBOR
Publicity Campaign For Making Clear Terms on Which Government Will Take it Over
 It is probable that the city will undertake a publicity campaign to place before the citizens in full terms of the agreement under which the government is willing to take over the harbor, so that they are known, in order that the electors may be prepared to vote the matter when the plebiscite is taken.
 While the commissioners will form their own opinions and announce them, they are not likely to urge their opinion on others, but rather leave the citizens to judge for themselves from the facts. When all are on hand at the same time a meeting of the commissioners and the local members of parliament will be called for a discussion of the agreement with a view to securing a clear understanding of the arrangement and ascertaining whether there is anything further to be settled before the plebiscite is taken.
 One of the matters still in doubt is the future of the ferry service under the new arrangement in which the government takes over the ownership of the ferry landings in the harbor commission, the city will want to have a definite understanding to what this will mean and will want adequate protection against the possibility of having to pay for the privileges which will be required so long as the ferry is operated.

GRAND BAY OUTING ASSOCIATION SCORES A MARKED SUCCESS
 The newly formed Grand Bay Outing Association held a picnic, concert and dance in the hall at Grand Bay last evening. The hall was crowded and a thoroughly good time was enjoyed by all. Those taking part in the concert were Mrs. S. L. Harrison, Miss Geraldine Melick, Miss Nita Brown, Miss Irene McLean and E. A. Belding. Miss Bessie Irvine was an efficient accompanist. J. V. McInnis occupied the chair. A. S. Dinmore auctioned the pies, some of which went as high as 88. Soft drinks were then passed around and the crowd broke up into small groups in an endeavor to do justice to the delightful samples of Grand Bay cooking. There were many returned boys present and by the way the pies disappeared they were attempting to make up for lost time. After the refreshments had been disposed of, dancing commenced and continued until midnight. The proceeds were very satisfactory, and it is the intention of the association to hold other entertainments and raise enough money to put up three tennis courts. Next year they hope to build a new pavilion.

THE TRAP SHOOTERS
 Only ten shooters braved the thick fog and took part in the shooting at Glen Falls on Wednesday evening.
 The next shoot will be held on Saturday afternoon at two o'clock, and it is hoped that all shooters will attend, as the match committee are anxious to classify the members in three classes, A, B and C, so that every shooter will be on an equal basis for the prize matches, the first of which will take place on next Wednesday evening.
 Wm. McIntyre of Montreal will shoot on Saturday afternoon and will, no doubt, give a splendid exhibition. Mr. McIntyre was the runner up in the Canadian championship matches at Toronto recently, and lost the championship by only one target. Wednesday's scores were as follows:
 Shot At. Broke.
 Wm. McIntyre..... 50 43
 H. D. Payson..... 50 39
 F. LeLacour..... 50 34
 R. P. Seely..... 50 32
 Geo. Blizzard..... 50 31
 Fred DeForest..... 50 28
