### THE TWELFTH

Provincial Celebration at Fredericton—Local Demonstration at Smonds.

The Orangemen of Woodstock will run an excursion to Fredericton on July 12, when and where a grand conclave of the different Loyal Orange Lodges will be held. They have engaged seven cars and a special train will carry them from Woodstock at 5.30 a. m. and returning leave Fredericton at 6 p. m. The train will go via McAdam. The 67th Battalion Band (of Hartland) will accompany the excursionists.

At Middle Simonds there will be a good celebration combining grand procession and all sports commonly held on a grand gala day.

#### School Closing.

The Schools in the village closed on Thursday. There was quite a number of visitors present who enjoyed the closing. An interesting programme was carried out and was as follows:—Recitations by Inez Bradley, Avis Holmes, Etta Thistle, Janet McMillan Ethel Peoples. An acrostic exercise by Harry Gillin, Hallie Brown, Hattie Johnston, Marion Shaw.

The pupils acquitted themselves very creditably. There will be a change in the staff next term as Miss Upton has resigned. Much credit is due the Principal, A. A. Rideout for efficiency displayed by scholars in his department.

#### Another Wedding.

A very pretty wedding took place at the residence of Judson Currie on Wednesday when his daughter Grace was united in marriage to Warren Estey of Keswick Ridge. The bride was becomingly attired in white and looked charming. The ceremony was performed by Rev. A. H. Hayward assisted by Rev's J. S. Young and C. Currie. The presents were numerous and useful among which might be mentioned a writing desk and library case from her brother. A most sumptuous repast was served, and the happy couple took the train for their future home in Keswick.

#### Runaway Accident.

A rather serious runaway affair took place at Victoria Corner on Wednesday J. W. Boyer was the victim of the accident. While driving along the road leading to Rosedale his horse became unmanageable and running away threw Mr. Boyer out, giving him a bad shaking up, and breaking a rib. He was at once removed to his home and Dr. Estey summoned, and now is in a fair way to recovery. The horse is well known as a runaway and was formerly owned by J. B. Bowser.

### WEDDING.

The wily "Cupid" has been very successfully exerting his magic and resistless influences in our midst, and has carried captive several of our prominent young people.

On Wednesday June 29th the residence of Mr. and Mrs. S. Hayden Shaw was the scene of a very pleasant event when, in the presence of a large number of guests, their eldest daughter Lena was married to G. Burton Nixon a member of our enterprising wood-working firm, and son of Darius Nixon lumberman. Rev. G. B. Trafton securely tied the nuptial knot. Miss Alberta S. Tracy played the wedding march as the bride supported by her father entered the room which was beautifully decorated with evergreens, and rich and fragrant flowers in great profusion and variety.

The bride, attended by her little sister Marian, was very tastefully attired. Her dress being of changeable silk and wool, in a pretty green shade, she had delicate white primroses in her hair, and in her hand a bouquet of beautiful white roses, presented by her little friend Genie Gray.

Among the abundant floral decorations were some rare and fragrant Easter lillies, a gift from a friend of the happy couple, Mr. Jennings.

The gifts were all useful, and some very valuable; but too numerous to mention.

Mr. and Mrs. Nixon left on the 4 o'clock express for Beulah Camp Ground via St. John where they will remain a short time, after which they will take up their residence with us again. As a result of their sterling qualities Mr. and Mrs. Nixon enjoy the high esteem, and are followed by the good wishes of all their many friends.

#### Out of Penitentiary.

The two young men, Phillipine and Trafton, who were incarcerated on a charge of manslaughter, being convicted of shooting Mrs. Howe on the Tobique, about ten years ago, have just been released from the Dorchester Penitentiary. At the time of the shooting since, public sympathy has been very much with the accused, as the shooting was not done with intent to kill and was provoked on their part by Mrs. Howe's husband having fired the first shot.

#### Town Election.

The Annual Meeting of the Village of Hartland will be held in the hose house on Monday evening, 11. N. Boyer is the retiring commissioner.

### Wanted

150 fat Hogs by July 20th, delivered to Hartland, weight from 150 to 250 pounds. Also wanted! 5000 good Lambs at \$2.50, and better if extra. Also 500 fat cattle, and 1000 export Sheep. If you have any of above write to JOSEPH MCGEE Somerville

**Breath: Pure Air,**

**The Necessity For Filling the Lungs at Each Inhalation.**

Breathe pure air always. In the lungs a most important physiological process occurs. It is from here that the blood laden with oxygen is sent to all parts of the body, giving off along its course its oxygen and taking up carbonic acid gas, which it brings at last to the lungs, when it is out in expiration. More oxygen is taken in by inspiration and the same process is repeated.

So let your breathing be full and deep, going to the very bottom of the lungs in order that all of the blood in them may receive its fullest amount of oxygen before again starting upon its tour of distribution through the body. Can one use any more forcible argument in favor of loose clothing than this? It is absolutely impossible to secure plenty of oxygen if the clothing is worn at all tight, and oxygen is a food which the body must have always in abundance to keep well.

The air leaving the lungs is laden with that deadly poison carbonic acid gas, which if given off in a close room when no provision is made for its escape and the entrance of pure air soon renders the air utterly unfit to breathe. Perhaps some night you will find yourself unable to sleep and tumble restlessly about in bed. When this occurs, go to an open window and inhale the fresh air, breathing slowly and deeply. A few minutes of this and you return to bed and probably will soon be sleeping quietly. What has happened? By its restlessness the body was asserting its need of more oxygen. Now you have given it what it so emphatically asked for, and it is quiet. We get as much uneasiness and disturbance from the want of this food as when we do not eat enough, only the symptoms are not so well understood nor recognized so quickly. Always keep your mouth closed and breathe through your nose. Then the air is warmed, slightly moistened and largely freed from particles of dust, so that when it enters the lungs it does not irritate them.

A condition often met with by physicians is anaemia. In this trouble the patient is pale, lifeless looking, tired and generally used up, often without being able to tell distinctly how she does feel. Sometimes these patients say that they have not enough blood. It is really only an element of the blood which is wanting, but there is a very important one—namely, the red blood corpuscle.

When you know that it is only those corpuscles which have the power to take up and carry oxygen, you see at once how important it is that the blood should not be lacking in them. Good, wholesome food, plenty of it and well digested will give you the corpuscles. Furnish them with the oxygen and the body will have an important element toward health.—What to Eat.

**How and Where To Spend Your Vacation**

Join the B. Y. P. U., Personally Conducted Excursion to Buffalo, N. Y. and return over the Canadian Pacific Railway which leaves on Monday, July 12th, and spend Tuesday 12th, seeing the many things of interest in Montreal the Commercial Metropolis of Canada., Wednesday 13th. will find you at Niagara Falls, seeing everything of interest, under the direction of an experienced guide, and by this means you are shown more in a day than as a stranger you could find in two days. After seeing Buffalo, on Thursday and Friday, July 14th, and 15th, if you do not care to remain longer at the Convention City, you may return to Hamilton, and then spend Sunday in Toronto, where the Convention Party will join you, on Monday morning, July 18th., and show you around that city of houses and churches, and leave with them on Monday for Ottawa, where the party's guide has arranged a day of special attractions, including a visit to the Parliament Buildings, Rideau Hall, Chaudiere Falls &c.

Passage tickets for the return trip is only \$21.45 from Hartland and sleeping car tickets will cost about \$9.50 for the round trip, for a berth large enough for two people.

Special low rates have been arranged at all Hotels and for Drives etc.

A travelling passenger agent of the C. P. R., will be in attendance throughout the entire trip, to look after your comfort, and point out features of interest, and do everything possible to make the trip enjoyable.

For full particulars, rates &c., write A. H. Notman, A. C. P. A., C. P. R. St. John N. B.

**Geological Deductions.**

Geology was once defined by Lord Salisbury as 'the science of the what might have been.' Some American geologists prefer to regard it as the science of the what may be. Pictures have often been drawn of the destruction of Toronto and the devastation of southern Ontario and Quebec by a flood let loose when the great lakes are emptied owing to the continued recession of Niagara Falls.

Professor G. K. Gilbert now tells us that long before this disaster is due Niagara will have been destroyed by other processes. Some slow changes of level are now taking place over the whole lake region. The eastern outlet will be closed and the lakes drained by discharging from the southern end of Lake Michigan into the basin of the Mississippi. The change in the river system will begin in about 1,000 years' time. The evidence adduced by Professor Gilbert in support of this prophecy is of great interest, although only his preliminary report has yet been published.—Spectator.

I have an up-to-date bicycle. The axles are oil retaining and dust proof. The chain rivets and blocks are hardened, file proof, each piece separately and carefully polished on sides and edges, and nickel plated before being assembled. The cranks are spring tempered steel. Balls hand-turned from bars of crucible steel, not forged or rolled, thereby avoiding chips and cracks. Cones locked and permanent adjustment assured; fitted with ball retainers. Bearings are in the frame (not in the sprocket wheel.) The chains are tested and Guaranteed Accurate. (WE have never had a link break.) All cups and cones are turned from special bars of crucible steel; are carefully hardened, tempered, ground and polished. Bearings all easily adjusted dust proof, and fitted with ball retainers. Sprockets are made of the best quality of drop forgings both front and rear. Teeth accurately machined. All sprockets are nicked and detachable. Spokes highest grade piano wire, double swaged with roll threads. No oil cups to fall of—oil holes directly over the bearings.

I have guarantees from such people as the Bigelow & Douse Co., of Boston, The Crawford M'fg Co., and the Pope M'fg Co.

Regarding remoteness:—Just note that Boston is two days nearer Hartland than Toronto.

Clothes, hair, tooth brushes marked down, see prices in window at Estey & Curtis.

Miss Gray of the 'Ladies Emporium' is working up a splendid trade. Her business seems to fill a niche in the commerce of the village. Late additions to her stock are fancy ducks, portiere cretonnes, watered merino, twilled baby flannel, belts, neckties. Doubtless the best place in town to get wedding presents is at this store.

For Heavy Goods, such as Flour, Sugar, Molasses, Lime, Brick, Tobique Plaster &c &c go to Carr's.

During the heavy rains of the past week the water in the river has risen several feet. The corporation drive made an unprecedented quick run, going along about as fast as the current could carry them. Logs have been running very thickly the past few days being the lumber of James McNair, Tobique.

Superintendent Newcombe reports the Tobique Valley Railroad in excellent condition and rapidly improving. Ground plaster and plaster rock is being shipped, constantly and McNair's saw mill will start up at once. Local travel has increased very much of late, owing, no doubt, to the regularity with which the trains have been running.

The Methodist Conference was held at Charlottetown this week. Ministers appointed for the Woodstock District as follows: Rev. H. V. Marr, B. A.; Woodstock; Rev. W. H. Spargo, Jacksonville; Rev. D. B. Bailey, A. B., Hartland; Rev. G. A. Sellar, Florenceville; J. F. Estey, Andover; Joseph Parkins, Upper Kent. Dr. Chapman goes to Point du Bute; G. A. Ross to College; J. B. Gough to Jerusalem, Queens Co.

The people of East Florenceville have arranged for a grand picnic, the first of the season, to be held on the grounds near the bridge. A base ball match between Bath and East Florenceville's will be pulled off. Everyone should go to East Florenceville next Friday, when the affair will come off. The excellent time these good people gave on the occasion of the Queen's Jubilee is guarantee of a good time next Friday.

**Delightful House Warming.**

[Manchester Mirror.]

The new residence of Mr. Ivan Dow, 208 Sagamore street, was a scene of gayety Monday evening. About fifty of Mr. Dow's friends, connected with the Y. M. C. A. and Ladies' auxiliary surprised Mr. and Mrs. Dow at their new home. Singing formed a favorite pastime for the evening, and during the festivities President Estey of the Y. M. C. A. stepped forward and in a few well chosen remarks presented, in behalf of the association, Mr. and Mrs. Dow a beautiful silver service and a decorated dinner set, which was very elaborate in design.

Among other remarks of President Estey he said that these tokens of esteem, as Mr. Dow is held in high regard as an organizer and untiring worker.

Mr. Dow responded with some difficulty and expressed his feeling. During the evening ice cream and cake were served. The party broke up at 10.30.

[Mr. Dow was formerly a resident of Lower Brighton and is well known in Hartland and vicinity.]

**Happy Wedding.**

The marriage took place at 8 o'clock this morning of Hartley Hoyt and Miss Lizzie Knox, both of Wakefield, Carleton Co. The happy ceremony was performed by Rev. J. D. Freeman at the Baptist parsonage, a few intimate friends of the bridal couple being present. After the ceremony Mr. and Mrs. Hoyt were driven to the Woodstock train and left for their home at Wakefield, where a wedding reception will be held this evening.—Gleaner.

**Horse Stealing.**

There is rather a sensational rumour of a horse stealing case at Millville. A man named Appleby living there missed a horse from his pasture. Simultaneously with the disappearance of the horse the village missed the presence of one man named Dunphy and H. Capen, an itinerant quack preacher. Suspicion rests upon these two, and search throughout the country is going on.

**BABY'S SKIN**

Freed from all Eruptions,  
Made Pure and White by  
**DR. CHASE'S OINTMENT.**

Mothers take a pride in having their infants' skin of that delicate pink and white—soft as velvet. When torturing and disfiguring eruptions seize upon the little body, they want a remedy that will not disappoint nor fail. Time and again Dr. Chase's Ointment has proven itself a specific for all skin diseases to which babies are peculiarly subject.

MRS. CHAS. E. MOSS, of Berlin, Ont., had a little baby 6 months old, with itching sores on her body. Dr. Chase's Ointment cured her when everything else failed.

Another mother who holds Dr. Chase's Ointment in high esteem is MRS. JAS. BROWN, Molesworth, Ont. Her baby boy was covered all over the face, sides and hips with Eczema. The first application of the Ointment stopped the itching, and 3 boxes effected a complete cure.

These are but samples of the hundreds of mothers who are delighted with Dr. Chase's Ointment.

If County Council Will Build New Buildings in the Town

At a special meeting of the town council on Monday evening the following resolution moved by Coun. Lindsay seconded by Coun. Jones was unanimously carried.

Whereas the County Council at the January session appointed a committee to examine the condition of the county jail.

And whereas said committee reported that the jail was not fit for the confinement of prisoners or as a residence for the jailer, and recommended that the state of said jail be brought to the notice of the Grand Jury.

And whereas the Grand Jury, after being instructed by His Honor, the Chief Justice, did examine the jail and found it in the state reported by the committee of the Council, and recommended certain repairs to said jail, that would cost over \$1600.

And whereas the County Council at its last session could not recommend the expenditure of so large a sum on such an old building.

Therefore resolved that the Council of the Town of Woodstock will secure legislature to donate the sum of One Thousand Dollars towards the construction of suitable buildings for a Court House and jail on the County Lot in the Town of Woodstock.—Dispatch.

**The War as an Educator.**

The educational influence of the war is apparent in various directions. The most obvious is the stimulus which it has given to the study of geography. Atlases, large and small are among the best-selling books, and war maps in the newspapers are eagerly studied.

How many persons, not fresh from geographical study, could have indicated the position of the island of Martinique with relation to the other West Indies or who could have told, when informed that the Spanish squadron was at Curacao, just where that Dutch island lies? Who knew where Jupiter Inlet is, before the battle-ship Oregon sailed in there?

Public interest in history, international law and European politics has greatly quickened, and average men and women find themselves discussing grave questions of national rights and responsibilities in which, six months ago, they would have felt no concern.

We are finding out some minor facts of interest. For instance, "Morro" castle at Havana used to be spoken of as if "Morro" were a proper name, and it was usually spelt "Moro" castle, at that; but as circumstances have led us more about the Spanish forts in Cuba and Puerto Rico, we have discovered a "Morro" fort at San Juan and at Santiago de Cuba, and have learned that the term means simply a fort upon a promontory.

It may not be too much to hope that we shall all learn to spell Puerto Rico properly. The form "Porto Rico" is a mongrel combination of Italian and Spanish, which is without excuse. The first half of the name is identified with "Puerto" in Puerto Principe, which no one thinks of calling 'Porto

Principe.'

It is perhaps in pronunciation that we have most to learn. We come upon strange-looking proper names in the current news; we must pronounce them right. After all, it is very simple after a half-hour's study of the peculiarities of Spanish consonants.—Youth's Companion.

**A Banker's Experience.**

"I tried a bottle of Dr. Chase's Syrup of Linseed and Turpentine, for a troublesome affection of the throat," writes Manager Thomas Dewson of the Standard Bank, now of 14 Melbourne Avenue, Toronto. "It proved effective. I regard the remedy as simple, cheap and exceedingly good. It has hitherto been my habit to consult a physician in trouble of this nature. Hereafter, however, I intend to be my own family doctor."

**Wedding at Williamstown.**

A quiet wedding was solemnized at St. Bonaventure's Church Williamstown, Wednesday June 22, when Rev. Father Bradley united in marriage Miss Lizzie Gallivan, daughter of the late Patrick Gallivan, to Mr A. P. McKinney, Constructor of Railways, Lynchburg Virginia. The guests included only family relatives. They were ushered by Mr. R. G. Gallivan. The bride wore a gray travelling dress with hat to match. She was attended by her sister Miss Florence Gallivan. The groom was supported by Mr P. H. Gallivan. After the ceremony a wedding breakfast was served at the residence of the bride's mother, and later Mr and Mrs. McKinney drove to Woodstock and took the afternoon train for an extended tour through the Eastern and Middle States. They intend stopping at Boston New York, Philadelphia and Washington from thence they will proceed to his home in Virginia.

**The Alchemists Failed in Their Work of Changing Metals Into Gold.**

Diamond Dyes Never fail to Make Old and faded Things Look As Good as New.

Alchemists like Gebes, Alfarabia, Avicenna, Albertus Magnus, Artephius and others, who pretended to be able to change all the base metals into gold, were, in their times, first class imposters and deceivers.

The art of making old, faded and dingy dresses, capes, shawls, jackets, coats, pants, vests and other articles of wearing apparel look as good as new has been brought to perfection by the introduction and use of the Diamond Dyes, those triumphs of modern chemistry.

Millions on this continent are saving money each year by using the Diamond Dyes in the home. They are true and faithful family benefactors, and so easy to use that a child can dye successfully with them.

Diamond Dyes have such an extended popularity, fame and immense sale in every locality that imitators have put on the market worthless and adulterated dyes in packages bearing a close resemblance to the "Diamond." It is therefore necessary for every woman, when buying dyes, to see that the name "Diamond" is on each packet. Package dyes without the name "Diamond" can never give satisfaction. Muddy, dull and shabby colors will be some of the disappointments met with. Diamond Dye colors are guaranteed brilliant, rich and full, and will last as long as the goods hold together.

**Well That's Cool**

Is what everyone says when they get a glass of Soda from Thistle & Co's new fountain. "How refreshing" are other expressions. The new fountain, which is a picture to look at, produces many different flavored Sodas, including Cream Soda and Orange Phosphate. Call and get a drink. A no more refreshing nectar flows in Carleton Co. This warm weather is fatiguing, don't suffer with the heat, cool yourself at Thistle's fountain.

**Prohibition Plebiscite Campaign**

To All Friends of Temperance in New Brunswick.

At a meeting of representatives of the several Provincial religious denominations and Temperance bodies, held in St. John, in April 1897. "The Prohibition Plebiscite Campaign Committee" was organized, of which the undersigned were appointed Chairman and Secretary, and Mr. J. B. Woodburn, St. John, Treasurer. It was the intention of the Committee to proceed at once to organize for campaign work in the Province and preliminary steps were taken. Unexpectedly the Plebiscite Bill, then before Parliament, was postponed. The postponement of the Bill and the uncertainty as to when it would be passed made it impracticable to proceed.

Now that the Bill had been passed, and the assurance given that the vote will be taken early in the Fall of this year, it is the duty of the friends of prohibition in every part of the Province to get ready for the great contest which is before them.

The men of the Liquor Traffic are organized for the struggle. They realize that "their craft" is in danger. They are prepared to make a desperate fight to save it from the destruction which threatens it.

To meet and defeat this powerful and well-organized enemy is our present duty. It can be done. But to do it there must be the union of all the religious and moral forces of the country, and the arduous and marshalling of these forces by simple and effective organization.

It was suggested that a Provincial Convention be called. After due consideration it has seemed to the committee that it would be better to use the time and money which would be spent in attending such Convention, in making county organizations out of which will grow the necessary community organizations.

We, therefore, suggest that leaders of prohibition sentiment in each county call, at a central place, a meeting for county organization. To such meeting all the churches, temperance societies, Young Peoples Societies, &c., in the county should be asked to send representatives; and such meeting may properly include all who are really interested in the great reform. The sooner such meeting is called in each county the better. Though the date of voting is not yet announced, at most the time for active work is short, probably not more than a few weeks.

The work to be done by the County organizations will include public meetings in every part of the county, the distribution of literature, and much personal canvassing besides looking after voters' lists, and at the last, the appointment of agents to represent the prohibitionists at the polls.

There will be considerable expense in the purchase of literature, rent of halls, &c., &c. to meet which it will be necessary to raise a fund. In Quebec our friends are raising \$5000 for the work there, and in other Provinces liberal contributions are being made for the campaign. While not so much will be needed in this Province as in some the friends of the movement should see that there is no lack in this respect. Besides individual contributions, the churches and societies will, we hope, be disposed to take collection for this purpose.

The Dominion Alliance has had prepared a series of Leaflets suitable for the campaign, which will be furnished at prices below the cost of production. Mr. F. S. Spruce, 51 & 52 Bonfederation Life Building, Toronto, Ont., will answer all inquiries about literature, and will furnish it when ordered.

Now, let us all to the work. A great responsibility is upon us all. Every citizen is face to face with a solemn duty. If that duty is faithfully discharged righteousness will triumph.

Our appeal is to all men and women who are concerned for the welfare of the country

and anxious to strike a blow at the liquor traffic the country's most powerful and cruel enemy.

Let there be an immediate rally in every part of the Province. And then push the battle with skill and courage.

Jos. McLEOD, G. W. FISHER,  
Chairman. Secretary.

P. S. The Executive Committee wishes to be notified of Plebiscite organizations as soon as they are effected; and will, also be glad to assist in any way in their power where assistance is needed. Correspondence may be addressed either to the Chairman, at Fredericton, or to the Secretary, at Fairville.

**A Brave Woman.**

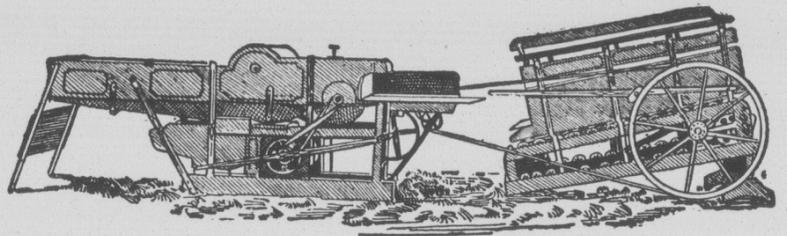

Mrs. Lizzie Goodman lately walked 400 miles, from Memphis to St. Louis, carrying in her arms her crippled 5-year-old son. Her husband had died in poverty, and her granduncle, a farmer living near St. Louis, offered to give her and the child a home. The soles were worn off her shoes long before she reached the end of her journey, but the farmers all along the road were kind to her, giving her food and a night's lodging whenever she asked for it. In St. Louis some compassionate women supplied her with shoes, and she set out courageously to walk the few remaining miles to her uncle's home in Baden.—Boston Woman's Journal.

**Suffered For Years.**

Joint and Limbs were Swollen Three Times Their Natural Size—The Sufferer in Bed for a Year and a Half.

From the Echo, Warton, Ont.

Mrs. Wm. Thew, who is well known in the town of Warton, was a sufferer from heart trouble and articular rheumatism for a period of fifteen years. Lately her condition has so much improved that a reporter of the Echo called upon her to ascertain to what cause the change was due. Mrs. Thew while not courting publicity, consented to give a brief statement of her case in hope that some other sufferer might be benefitted. She said;—"My joints were all swollen up to three times their natural size and for a year and a half I was unable to leave my bed. I secured medical treatment and the doctors told me I would never be able to walk again. I took medicine they prescribed but it failed to give any relief. I took patent medicines but they did not help me. Having noticed an advertisement in a paper for Dr. Williams' Pink Pills, I concluded to give them a trial and they gave me relief from the time I commenced using them about the first of January last, I have taken ten boxes. I am now able to go around without assistance and do all my housework." Dr. Williams' Pink Pills cure by going to the root of disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is inclosed in a wrapper bearing the full trade mark Dr. Williams' Pink Pills for Pale People.
