### FATALITIES.

#### Many Violent Deaths From Many Causes.

#### Lost at Sea—Killed by Explosion and Fire and Revolver.

NEW ORLEANS, La., April 15.—The schr. Bertha Louise is supposed to have foundered with her crew of seven. She sailed from here in February for Mexico and has not been seen.

BLUEFIELDS, Va., April 15.—Six men are reported to have been killed and several seriously hurt by an explosion at the mines of the Pearl City coal company near Vivian City, Va. The names of the dead and injured are not known.

PITTSBURG, Pa., April 15.—A fire, which nearly consumed an Italian boarding house late last night, was the cause of the probable cremation of one and the serious injury of two others. The missing man, whose remains are supposed to be in the debris, is Mike Pusadsky. His friends say he was in the house asleep and has not been accounted for since. Bernard Braselli leaped from the second floor and when picked up a physician said his back was broken. Joseph Bernelli also jumped from the second floor. One of his legs was broken. There were 30 men asleep in the place. In their excitement all jumped from the windows, but only three named were hurt.

NEW YORK, April 15.—Obad Padlock, a driver, was killed in a bovery resort early today. James Carter, the bar tender, is under arrest and the police assert that he confessed having fired the first shot. Padlock was found in the hallway of the place with a bullet hole in the back of his head. The police say they found Carter standing behind the bar with a revolver in his hand and he readily confessed, declaring they had tried to rob him in the place and when interrupted drew a revolver. Besides Carter four other men were taken into custody. The police say the driver did not have a revolver in his possession, but they think he was running when shot.

Vito Laduca, supposed to be the proprietor of the butcher shop in Stanton street, where nine arrests were made last night in connection with the murder of the man found in a barrel in East 11th street Tuesday morning, surrendered to the police headquarters, and was held at a witness. Nicola Testa, 19 years old, who lives with Laduca, also surrendered at headquarters and was detained at the police station. Elizabeth street department by Giuseppe Morello, one of the men arrested last night. The police have placed heavy padlocks on the doors. Through the windows can be seen several barrels that bear a resemblance to the one in which the murdered man was found. The latter receptacle has two wooden hoops and wire hoop at both top and bottom, however, while those of the store appear to have only wire hoops. In the store was found a quantity of sawdust and burlap and Detective Petrosino took some of it to police headquarters today for examination. In comparison with that found in the barrel and about the murdered man's clothes.

MEMPHIS, Tenn., April 15.—Adolph Heintz, a native German employed at a brewery in this city, has been shot and killed by George Morgan. He refused to honor an order presented by the negro for a pair of beer. The German residents in the portion of the city near the brewery hearing of the deed, rushed to the scene and are searching for the negro with the avowed purpose of lynching him.

BUFFALO, N.Y., April 15.—Marie Guthrie is dead at the Emergency Hospital of cocaine poisoning. She was taken from a rooming house where she went with a young man variously known as Edward Boss and Edward Blackwell. He says the girl was addicted to the use of opiates and that when he started for work yesterday morning he had difficulty in rousing her. Later groans were heard, the door broken open and the girl was found unconscious on a bed. A package of cocaine was lying near the bed and beside it a note to her mother saying she was tired of life. When Miss Guthrie was received at the hospital it was noticed that her mouth was bleeding, several of her teeth had been loosened and her face slightly scratched. The police investigated the case and reported no suspicious circumstances.

#### NEW SYDNEY INDUSTRY.

John Craven, general manager of the Dominion Tar and Chemical Company, London, England, is in Sydney.

Mr. Craven stated that the work of erecting the plant in Sydney would begin immediately and he expects to have it in operation by the first of October next. He feels confident that Sydney has unexcelled facilities for the conduct of such works as they propose to establish.

The company which is to operate the plant at Sydney have plants throughout Britain and in different parts of Europe. The one at Sydney is the first they have established on this continent, and Mr. Craven states that they expect to make it one of the best in the world, and one of the largest, if not the largest and the most complete of its kind in America.

The purpose of the company is to distill from tar, one of the by-products of the Steel company, obtained from the manufacture of coke, such chemicals as pitch, creosote, oil, carbolic acid and cresylic acid. These products they will sell wherever a market can be found for them and that is world-wide.

The chairman of the company, which is heavily capitalised, is S. B. Boulton, the largest tar distiller and timber merchant in the world. The plant at Sydney will cost in the vicinity of \$100,000 and will give employment when in full operation to a large number of men.—Sydney Post.

### IN THE BALKANS.

#### The Proposed General Insurrection May Be Abandoned.

LONDON, April 15.—The Times correspondent at Sofia, Bulgaria, telegraphs that the Macedonian insurgent leaders have resolved to abandon the intended general insurrection during the present year, but they will continue guerrilla operations intercepting communications, blowing up bridges, etc. This resolution taken by the leaders, explains the correspondent, appears to be due to the overwhelming strength of the Turkish army, the improbability of European intervention unless wholesale massacres were perpetrated, and also the uncertain attitude of the Albanians. It being feared that the Albanians might become reconciled to the Turks and join in the extermination of the unbelievers.

### LORD'S DAY WEEK.

#### Will be Observed From April 19th. to 25th.

#### A Circular Issued By the St. John Branch of the Alliance.

"Lord's Day Week" has won as prominent a place in the thought of Evangelical Christianity as the week of prayer throughout at least the Anglo-Saxon world. In Britain, United States and Canada it is quite generally observed. It always begins with the first Sunday after Easter (12th April). It therefore begins with Sunday, 19th April. All societies having for their object the preservation of the Lord's Day have united in an earnest call for the observance of the 25th Lord's day week on the above dates.

Someone may ask "Why a Lord's Day Week at all?"

We may answer:—

1. Because there is special need of a revival of reverence for the Lord's Day.
2. The Divine authority of the Sabbath law is called in question or openly denied.
3. The day itself is observed by many—even Christian people—with growing looseness. Attendance at Divine services is giving place to general reading, social gatherings or pleasure-seeking. What wonder, therefore, if the worldly and non-religious without hesitation or apology make the Holy Day of God a holiday of the world?
4. If God's day be dishonored neither His Word nor His name nor other sacred things will long be revered. Does the 20th century need anything more than a revival of reverence?
5. Because there is a serious danger of the Lord's Day, as a national Canadian institution, being seriously impaired, and of its becoming a day of business and toil for large numbers of the people.
6. Many corporations yield to the pressure of business and make use of the Lord's Day to get relief and to increase their profits. Especially is this case of foreign concerns, which, not content with an attempt to secure a lion's share of our phenomenal natural wealth, openly scout our religious convictions and defy our laws.
7. Imported labor, too—American, European and Asiatic—is ready too often to enter seven-day-in-the-week bondage for the money there is in it, and not a few Canadians will work on the Lord's Day rather than risk losing employment. Between 100,000 and 150,000 in Canada already have no Sabbath rest!
8. Because a general effort, at one season, throughout the country, by all who value the Lord's Day, is bound to make an impression upon the public mind that will last.
9. How shall we observe "Lord's Day Week"? What use can we make of it? In other years it has been used in the following ways, which may be regarded as suggestions to those desiring such:
1. Special sermons are preached on the Lord's Day, and Christian people encouraged specially to pray for its better observance.
2. Some special reference is made in Sunday school urging upon the children the claims of the Lord's Day—its sacredness or its benefits.
3. The same is done by Y. P. S.'s, Y. M. C. A.'s, W. C. T. U.'s, &c.
4. Lord's Day Alliance Executives arrange for union meetings in their centre or vicinity.
5. Labor councils or unions arrange for meetings for the discussion of the question from the labor view-point and for the emphasizing of the workingman's special interest in the weekly rest day.
6. There is no better time in the year than just before the summer season with its special temptations to Sabbath desecration.
7. Anyone desiring to speak on the present state of the Lord's Day question in Canada can obtain information on application to The Lord's Day Alliance, 133 Confederation Life Building, Toronto.

#### FAIRVILLE METHODIST ENTERTAINMENT.

Miss May Kirby was in charge of the fancy table, and Mrs. O. D. Hanson and Miss Ruth Irvine, of the ice cream table. Supper was served from six o'clock until eight on two large tables, which were filled four times. An interesting programme, in which members of the Sunday school took part, was carried out. #### BASE BALL.

With the advent of the baseball season come the usual surmises and visions of what is going to happen on the local diamond.

The South End League which has been in existence about twelve years, and for which much credit of keeping the popular game alive is due, has this season forged to the front, and in fact the games of the league will be watched with as great interest as those between the Roses and Alerts.

A prominent citizen, recognizing the efforts of those connected with the league, has decided to offer a handsome trophy to be contested for in this year's league contests. The name of the gentleman who has so kindly offered the trophy will be submitted at next Tuesday night's league meeting. Grounds will be decided on and teams selected, the number of players for each club and the umpires will be chosen and many minor details attended to.

### HALIFAX BROKERS.

#### Their Case Goes Over Till the October Court.

HALIFAX, April 15.—The case against the Halifax stock brokers, charged with keeping gaming houses, came up today. Two were absent, when the others were arraigned, which displeased the judge, who rather censured the crown attorneys. The absent ones were Joseph Mulholland and Edwin J. H. Pauley.

After considerable argument of the point the cases were postponed till the October sittings, when probably another than Weatherbe will be the trial judge.

### BOWLED OUT.

OTTAWA, Ont., April 15.—Lancaster's cattle guard bill was up in the railway committee today and was practically wiped out. The committee instructed the minister of railways to incorporate a cattle guards provisions in his railway commission bill.

### EXCHEQUER COURT.

Before Judge Burrows this morning the case of Ann C. Simonds et al. v. The King came up. J. H. McRobbie and J. McQ. Grant testified as to the value of the property. O. C. Coster contended that \$700, the amount offered, would not pay for the property and the damage suffered. He further contended that on the basis of what frontage in the harbor of St. John the property was worth \$1.47 a foot, frontage, a year, which, if capitalized, would make the property worth about \$1,000. The judge also made an allowance for damage suffered.

E. H. MacAlpine contended that the valuers had taken all the circumstances into consideration when they allowed \$750 cents per square foot for the property appropriated and asked for judgment for the amount named, \$750.

### PROBATE COURT.

Letters of administration of the estate of Alfred Lordley have been granted to Oliver Ayling Lordley. Real personal property, \$100. Barnhill and Sanford, executors.

Letters of administration of the estate of John B. Wilmet have been granted to Mrs. Mary Wilmet. Real personal property, \$500. W. W. Allan, executor. Personal accounts in the estate of Sarah M. Sutherland amounting to \$200 have been passed. R. Labin Girrier, administrator.

### SPORTING NEWS.

#### CURLING.

##### HALIFAX CLUB REPORT.

The annual meeting of the Halifax Curling Club was held Tuesday evening. The following report was made re foreign matches:—

During 1903 the Halifax club played nine foreign matches, of which they won five. The year was memorable because of the visits of the Scottish Thistles and of the St. Andrew's and Thistle clubs of St. John. The St. Andrew's club had not played in Halifax since 1877, when they won by four points. This year they lost by seven. Last year St. Andrew's and Halifax met at the Pictou Bonsel, when St. Andrew's won by eighteen points. Again in 1890 they met at the St. John Bonsel, when St. Andrew's won by seven. Last year Halifax played them in St. John and lost by four.

Halifax and the Thistles met in 1878 at the Pictou Bonsel. A tie was the result. At the St. John Bonsel, in 1880, Halifax won by eleven. In 1899 they met and the Thistles won by one point. Last year in St. John the Thistles won by four; this year in Halifax, the Halifax club won by six.

This year Halifax played its first six rink match, with the Scotsmen, and lost by six points. The six rink match with Truro was won by four points.

#### YACHTING.

##### SHAMROCK III WILL DO.

The London Field comments on the striking appearance of Shamrock III. She has a hull, it says, which immediately recalls a Columbia, and leaves the water and travels as cleanly as the little Herreshoff half-racer Weewin.

Her sail plan is essentially American and appears to have a greater hoist. Her hullsides are much higher than those of any previous challenger.

The challenger's performances are in every respect satisfactory. She is quick in stays, steers easily and her trim is perfect. She is not quite so stiff in a light breeze as Shamrock I, which, continues the London Field, is perhaps a good sign, but she heels over until her covering board is scarcely awash, after which point she seems to have great stability.

Her canvases and gear appear faultless, the steel pole mast looks of greater height than Shamrock I's mast and topmast combined and it remains to be seen what effect this will have in a seaway.

#### TURKISH WRESTLERS THE BEST.

When Tom Jenkins was in Chicago the other day, before his match with Dan McLeod, the big wrestler declared that if he won he would make a match with any man in the world, bar none.

"Does that mean the big Turks, Tom?" he was asked.

Jenkins smiled as he remembered his fate at the hands of the huge foreigners. "Oh, those fellows; they are too unorthodox to talk about," said he. "Tell us of your experiences with Yousouf and Nourouah."

"Well, I flatter myself I gave Yousouf as good a game as he got in America. We went over the hour before he got the better of me. Right off the reel, when Yousouf began to sweat, the olive oil, or some other sort of oil he was in the habit of drinking, oozed through his pores, and he was as slippery as an eel. Several times I had he had a good look when the first bottle came sailing along. Yousouf saw it and so did his seconds, and before any others got fairly started the ring was filled with bluecasts. Yousouf was a cracker."

"Nourouah was even more of a whale. You saw him in Buffalo, and I guess when he wrestled three men at City Convention Hall he gave the best exhibition of wrestling I have ever seen. The stay in America. Well, when I faced him in the ring in New York I was agast. I had never seen him before and I spent some time looking him over, all of his eight feet. I can tell you. Still, I jumped right into him when we got the word. What does he do but take me right in his arms with a bear hug and drop me on the mat. He came on top of me with his 400 pounds, and I felt the wind go out of me clean. 'Here Jenkins,' says I to myself, 'is where you get it good and proper.' Well we struggled along for a minute and when we got on our feet again he got my head down to the side of my hip until I thought my neck was going to break. 'You're killed sure,' says I to myself again, and then about that time he turned me over, very gentle, but very neat like. The next time out I kept away for a minute, but he just lifted me by a foot, and slammed me down, as nice as you please, and I began to think of the dressing-room and home right away."

There is no question but that Jenkins regards McLeod as a better man than Parr, if in form, and he told his friends before he left Buffalo that he would be there to see the pair fight out their dispute on the mat the last of April. "It will be worth looking at," said he. Parr's friends were much encouraged Saturday as a result of the bout of Friday, and predicted that one result of McLeod's showing in it would be second choices in the betting on their match later.

## FREDERICTON NEWS.

FREDERICTON, April 15.—The special committee of the house selected to prepare a bill providing for greater purity in elections met this morning and organized with Attorney General Fugatey chairman. The form of a proper ballot to be used and the mode of balloting was discussed. The committee were unanimous in their desire to have a secret ballot with none of the disadvantages of the so-called Australian ballot. Hon. Mr. Hill advanced the suggestion that each elector be furnished with an official envelope by the deputy returning officer and then deposit his ballot in a private compartment, sealing his envelope and returning the same to the deputy returning officer to be deposited in the ballot box with no one but officials, an agent of each candidate and one elector to be allowed in the polling place. The committee rose to meet Monday next.

In the corporation committee the bill to incorporate the Kent Northern Railway Co. was agreed to with amendments; capital stock \$4,000, with power to bond the road to the extent of \$2,500 per mile. H. A. Powell, K. C., appeared to support the bill in the interests of Thos. Ritchie of Halifax, who recently purchased the road under foreclosure of mortgage. The bill to incorporate the Prescott Log Driving Co. met with opposition from Daniel Stuart of Riverside, Albert Co., who presented a petition against the passage of the bill, arguing that the interests of the public would not be subserved by granting the powers named. W. B. Jones of Albert supported the measure, which will be given a further hearing later.

The Fredericton Boom Company's bill was further considered and again laid over.

Capt. George Mansuett of the militia department, Ottawa, is in the city on his annual inspection of the property of the department here. He thoroughly inspected the drill shed recently burned and will recommend that repairs be effected at once. The new rifle range at St. Mary's was also inspected, and arrangements will be made to have the same completed.

A two mile timber berth on the Magaguavic Lake was sold at auction to the St. George Pulp and Paper Co. for \$38 per acre at the crown land office this morning.

The following appointments appear in this week's Royal Gazette:

York—Jarvis S. Law, parish of Canterbury, issuer of marriage licenses and commissioner for taking affidavits to be read in the supreme court, in the room of Alexander Bennett, deceased.

Kings—George Hennessey, Jr., Justice of the peace and commissioner of the parish of Kingston civil court, in the room of C. D. Fairweather, resigned.

Charlotte—Lewis A. Mills, police magistrate, in the room of Daniel Crilly, resigned.

When seen tonight Mr. Dolan said in regard to the matter: "I know absolutely nothing concerning such an appeal. The policy of the Ancient Order of Hibernians at the present time is to have nothing whatever to do with the affairs of other societies, and we expect they will exercise the same policy towards our society."

## LIQUOR LICENSES

Must be Reduced—Citizens' Committee Demands Immediate Action of Commission Towards Reduction and Strict Enforcement of Sunday Law—Commissioners Refused to Hear a Grievance.

At a meeting of the liquor license commissioners held yesterday afternoon protests were made against the number of liquor and beer licenses that are now in force, and the commissioners were asked to keep strictly within the bounds of the law in respect to the number to be issued this year. The commissioners present were Messrs. Smith, Clinch and Coll, the last named presiding.

W. Frank Hatheway stated that he attended the meeting on behalf of the citizens' committee to show the feeling of the people in regard to the transgression of the license law, particularly during the last six months. He himself was astonished at the increased drunkenness in the city of St. John during the past few months. This was perhaps due to the large number of liquor licenses in force. The law provided for 75, but he understood that there were far more licenses than that issued last year. It was desirable that the commissioners should confine themselves strictly to the law, both from the point of view of the citizens generally and of those who had licenses to sell intoxicating liquors. The citizens' committee strongly objected to the number being in excess of that set forth in the statute of 1896, which governs the issuing of licenses.

Commissioner Coll interrupted, saying that the number of licenses now in force in the city of St. John was much less than ever before. There had been a steady reduction since the Act came in force. In view of the property involved in the business, the matter of cutting down the licenses to the legal number was a most important one. Many people had large sums of money invested in the business when the Act came in force. The commissioners considered it would be a hardship to force them out at once, and consequently they were gradually reducing the number.

Commissioner Clinch thought that the recent increase in drunkenness in the city if such be the cause would be explained by the fact that there are a large number of cattlemen here during the winter, rather than by the number of licenses in force.

It was stated that the law was not strictly enforced as to the hours and days during which liquor may not be sold, to which Commissioner Coll replied that that was a matter for the inspector, not the commissioners, to look after.

L. P. D. Tilley said that no one could hesitate to say that there was lots of liquor sold in this city on Sunday. He knew it was sold at the hotels, but he didn't wish to name any particular one. It was sold at other places as well. Commissioner Clinch asked why Mr. Tilley did not make a formal charge, to which the latter replied that it was not his duty to do so.

Continuing, Mr. Tilley said that under the cloak of beer licenses the most rotten stuff that one could conceive was being sold. There were a great many holders of beer licenses who transgressed the law by selling intoxicating, or rather something worse than intoxicating, liquors. Any beer license holder caught violating the law should be cut out. In fact he would advise that the beer licenses be cut out one and all.

J. B. Jones, liquor license inspector, said that he was prepared to state that no one could get liquor at the Royal Hotel on Sunday. Mr. Tilley stated that he was not referring to any particular hotel, but there were hotels at which liquor could be got on Sunday. Mr. Jones said that he could control the sale to citizens but not to guests of the hotel.

J. W. Woodburn thought 192 beer licenses was too large a number for the city of St. John.

Mr. Jones said that he would like to have the assistance of gentlemen like Mr. Tilley. If he laid the information he would soon execute the law.

Mr. Woodburn was of the opinion that beer license holders convicted of breaking the law should be granted licenses again. He knew of cases where interdicts had got liquor in bars promising that they would pay the fine if any were imposed.

The commissioners said their experience was that the proprietors of bars didn't want anything to do with interdicts.

Commissioner Coll said that they were not anxious to extend the number of licenses. They were doing the best they could, having due respect to property interests, to bring the number down to that required by the statute.

Mr. Hatheway—Should not the people be taken into consideration in preference to the premises?

Mr. Coll in reply said that the matter of the premises was an important one to be taken into consideration in the granting of licenses.

Mr. Woodburn—The law limited the number to 75, and it should be observed, no matter what the consequences might be.

The commissioners were asked if in granting licenses they did not force old licenses out and for some reason or other, set new ones in, and in that way keep the number above 75, to which they replied that such had not taken place.

Mr. Lavers said that that had taken place. He had made application for a license more than once, but had been refused. The chairman said that they would not hear Mr. Lavers then. If he had any grievances, to make, the commission would hear them later.

Messrs. Hatheway, Tilley and others asked the chairman to hear Mr. Lavers and that they may remain to hear what he had to say.

The chairman upon inquiring of Mr. Lavers what he wanted to talk on and finding that it was a grievance against the commissioners for refusing him a license, refused to hear him.

Mr. Hatheway thanked the commissioners for hearing him and in company with others retired from the meeting.

E. P. Raymond on behalf of Mrs. Peacock of Sheriff street, asked that a beer license be granted her instead of Mr. Graham, a sub-tenant of a tenant of Mrs. Peacock. Mrs. Peacock is a widow, and on the death of her husband let one of her buildings in which there is a beer shop, to Messrs. Ready and O'Regan for a term of four years, they to get a sub-tenant of the beer shop, subject to her approval. A man by the name of Graham took the shop for one year, which expires the first

of May. Mr. Graham's son has applied for a beer license to do business in the shop, but Mrs. Peacock does not consent. She wants a license to do business there herself in order to make her own livelihood.

Francis Kerr, on behalf of Mr. Graham, stated that no notice had been given to Mr. Graham (Sr.) to quit, and he therefore had the place for at least another year. The commissioners said they would consider the matter.

The meeting was adjourned until Friday evening at 7.30 o'clock to fully consider the applications.

## SCHOOL TEACHERS' GOOD-BYE.

Farewell Reception to Miss Iddles and Miss Yerxa.

The warm regard of the school teachers of this city for Miss Amy Iddles and Miss Iva Yerxa and their regret at their coming departure for South Africa was evidenced last night unmistakably.

The occasion was a farewell reception in their honor given by the St. John Teachers' Association in the assembly rooms of the High School. About 150 teachers, largely ladies, were present and the evening was as informal as it was pleasant. The greater part of the evening was spent socially, their many friends taking advantage of the time to say good-bye to the departing teachers and to express their individual hearty good-wishes. Solos by Miss Comben and Miss McCluskey and one of Miss Knowlton's inimitable readings from Browning formed delightful interludes in the conversation.

About nine o'clock W. S. Miles, president of the association, called Miss Iddles and Miss Yerxa to the front and in a brief speech, gracefully expressing his regard for their worth and his sorrow at their departure, presented them with the following address:

To Miss Amy Iddles and Miss Iva Yerxa, called to the teaching staff of our new colonies in South Africa,

"We, the members of the St. John Teachers' Association who have been co-workers with you during your many years of earnest and useful activity in the advancement of the educational interest of St. John, acknowledge with pleasure this honorable recognition of your devotion to duty, though we sincerely regret your departure."

"We have been deeply impressed by the many evidences you have given us of your zeal in the classroom, of your love for your work, and of your clear sense of the responsibilities of the teacher's position."

"In the pursuit of your calling in our recently acquired possessions we feel assured that you will be actuated by the same sense of duty so characteristic of your labors among us, and by that earnest spirit of loyalty which has won for our beloved Canada so much of honorable mention abroad."

"In bidding you farewell we say to you most earnestly that our best wishes will accompany you. We venture the hope that your labors may aid in the removal of racial animosities and in the fostering of that spirit of good-will and confidence so desirable in the unifying of an empire we love so dearly and whose best interests it will be your pleasant privilege to promote."

W. S. MILES, Pres.  
M. D. BROWN, Sec. Treas.

The ladies so honored feelingly expressed their appreciation of this token of their fellow teachers' regard and of the invariable kindness extended to them in St. John. The pleasant memories of this city and its associations would be with them through whatever years they might be away.

Refreshments were then served and brief addresses of appreciation and regret were made by Dr. Inch, Dr. Bridges and Inspector Carter.

Miss Iddles and Miss Yerxa leave Saturday on the Lake Manitoba for Liverpool. They hope to remain in England a few days before sailing for the Cape. Their location in South Africa has not yet been determined. They were at first notified that they would teach in the Model School at Johannesburg, but afterward they learned that it was possible that they might be sent to Pretoria. They are hoping that this latter may be the case as the Misses Bridges, warm friends of theirs, are in Pretoria. They will remain in South Africa for at least three years.

CONCERT AT SUSSEX.

SUSSEX, April 15.—A party of twenty-three pupils from the School for the Blind for the Maritime Provinces and Newfoundland gave a concert here tonight. The pupils are travelling under the guidance of the superintendent, Dr. C. F. Fraser, Secretary Eibridge, A. Kirkes and Assistant Secretary Frank J. Kline of the institute. They gave a very interesting programme and were highly spoken of by the audience. Their object here is to make the school better known and also to get subscriptions for the institute. The citizens of Sussex entertained the party free of charge and the owner of the hall loaned it for the entertainment. Rev. Scovell Neales occupied the chair. The appeal for funds was generously responded to.

They gave a concert in the York Theatre, St. John, on Thursday evening.

NATIONAL BAZAAR.

The National Bazaar in Union Hall, North End, was well attended last evening. The supper was particularly well patronized. The ladies have been untiring in their efforts to make the bazaar a success, and not without avail. The attendance and receipts so far have been very satisfactory. It is expected that tonight will be the record night in every respect.

Y. M. C. A. BUILDING PROJECT.

A conference of representative business men of the city was held at the Board of Trade rooms this evening at 8 o'clock to counsel with the officers of the Young Men's Christian Association regarding the present position of the building project, and the best course to pursue in completing the canvass for needed funds.

## AMERICAN IGNORANCE.

As a rule, newspapers do not adver-  
tise business houses free of charge, but  
an exception must be made in the case  
of E. M. Wallington & Co., pharmaceu-  
tical chemists, of New York, Tren-  
ton and Vineland, N. J.

This firm had occasion to communi-  
cate with Thos. L. Gallivan, manager  
at St. John for P. F. Collier & Son.  
They carefully scrutinized all the at-  
taches and geographies at the disposal  
of the average American citizen, and  
finally wrote out the address with a  
type-writer as follows:—"Mr. Gallivan,  
New Brunswick, Nova Scotia."  
This letter was duly mailed, and was  
of course returned for more accurate  
directions. The correction was made  
in ink, and the letter was again sent  
out, with the following superscription:  
"Mr. Gallivan, St. John's, New Brun-  
swick, Nova Scotia."

After this time the letter came to this  
city, and Mr. Gallivan got it. He also  
got another one, which was likewise  
a marvel in its way. It was addressed  
to "Mr. Gallivan, Editor, St. John's,  
New Brunswick, Nova Scotia."  
It is now up to the Tourist Associa-  
tion to mail a lot of booklets, a geo-  
graphy, and a diamond drill to E. M.  
Wallington & Co., New York, Trenton  
and Vineland, N. J. There is no charge  
for this advertisement.

The commission stalls have hitherto  
brought about \$40 each. This year the  
upset price was fixed at \$50. Stall A  
was secured by Geo. N. Erb; stall B by  
Chas. I. Keith, C by James Earle at one  
dollar over the upset price. Stall D  
was sold to Harry Hammond for \$140.

advertising privileges to H. & L. Mc-  
Gowan for \$100.

Vaughan the Adelaide road, machine

set price.

refused to support both John and his  
load. He will have ten days of the  
rest cure.

Charles Simonds, an Englishman,  
could not remember being in the Opera  
House yesterday and saying naughty  
things, but one of the cops heard him.  
Simonds had been pretty full and to-  
day was fined eight dollars.

The renowned Joe Irvine got out  
with the Easter gang a week ago but  
grew lonesome and had to be taken  
back. He was drunk on Union street  
last night and went in for two months.  
William Little, caretaker of the  
rooms in the Market Building was ar-  
rested on the charge of indecently as-  
saulting three little girls under the age  
of fourteen. Little is said to have en-  
tered the children into the rooms. He  
was remanded.

## A GOOD ADVERTISEMENT.

George McLean, of the Boston Her-  
ald staff, and formerly of the Tele-  
graph, was in the city for a few days  
last week, and arranged with the Tour-  
ist Association for an illustrated page  
on New Brunswick to be published in  
the Sunday Herald. It is expected the  
article will appear in the issue of the  
25th inst.

Rev. H. Kempton, who some time  
ago made a tour of the province gar-  
thering material for a course of lectures  
to be delivered in the United States,  
will speak at the Unitarian church at  
Athol, Mass., on Friday evening. Mr.  
Kempton was supplied with a large  
number of views of New Brunswick  
scenes by the Tourist Association, in  
whose interest he is working.

## SUNDAY JAIL SERVICES.

One obstacle in the way of holding  
Sunday services in the jail, which was  
mentioned in the report of the com-  
mittee appointed by the Evangelical  
Alliance to deal with the matter was  
the scarcity of benches for the ac-  
commodation of all who would attend.  
There are about sixty prisoners in the  
jail and so great is their desire to have  
the services that the officials think it  
will be necessary to procure at least  
two benches capable of seating not  
less than four persons each.

## SOME SUGGESTIONS.

The following terse communications  
arrived at the Star office by post card  
today:

Editor Star,  
Dear Sir—Free passes versus ash  
heap—Going past electric light station  
was put off the sidewalk by coal on  
Smythe street and on Nelson street by  
the ash heap.

Yours,

A. S. FARE.

Liquor Commissioners, attention:—  
For rum and bums look at Union  
street. Cut licenses to one in each  
block; then less rum and bums on Union  
street.

Yours,

A REAL ESTATE OWNER.

## TONIGHT AT THE YORK.

In order to give citizens an oppor-  
tunity to secure seats at the York  
Theatre this evening, at the meeting  
in the interests of the Halifax institu-  
tion for the blind, the admission will be

is no charge for the tickets, which may  
be obtained at Gray's bookstore, King  
street. After eight o'clock the theatre  
will be open for the admission of all  
who desire to enter, up to its full  
capacity. Mayor White will preside  
and the meeting and entertainment  
will be of great interest.

Dr. Fraser and those who will take  
part arrived in the city this morning.

## WARRANTS ISSUED.

The old police plan of notifying per-  
sons who are wanted in court on minor  
offences does not always work. Fre-  
quently the offenders do not turn up.  
This morning a warrant was issued  
against Charles W. Segee, who was re-  
ported for keeping cows which are  
said to be a nuisance. The action is  
taken by the board of health.

R. E. Fitzgerald was another who  
did not appear when notified. He was  
reported for not leaving at the board  
of health office a plan of some plumb-  
ing he had done.

## ORANGES ADVANCING IN PRICE.

A. L. Goodwin received today a car-  
load of one hundred barrels of Jamaica  
oranges. These are of the new crop  
and were brought north by the steamer  
Beta. Mr. Goodwin will also land by  
the last direct boat of the season three  
hundred cases of Valencia oranges.

The latest advices from the European  
markets are that oranges have ad-  
vanced two shillings per case and this  
with the increased freight rate when  
the first fruit is brought to Montreal  
will make oranges quite a lot dearer.

## WOULDN'T CARRY CIDER.

Advocate, N. S., is a temperance  
town, and there is at least one man  
who intends that he will do nothing to  
make it otherwise. He is the captain  
of a schooner which was yesterday ly-  
ing in the Market slip.

Practically the only way of sending  
goods to Advocate, N. S., is by water,  
and on account of this the merchants  
here are at the mercy of the captain.  
So it happened yesterday that a con-  
signement of apple cider, ordered by a  
customer at Advocate and sent to the  
wharf by the dealer here, was refused  
by the captain of the schooner. He  
did not give any time to the carrier,  
and whether the cider is an intoxicant  
or not, but the name sounded bad and  
the shipment was returned to the con-  
signor.

It will explain to the people of Ad-  
vocate why they are without cider.

The Prince Edward Island mails are  
now being carried by Point du Chene  
on the steamer. Northumberland.  
Mails for the Island leave here at

due at a quarter to six in the evening.

## CARLETON FIRE COMPANY.

City to Be Asked to Compensate Mr.  
Craft for Loss.

The investigation in connection with  
No. 4 fire department, West End, in re-  
ference to the fire which destroyed a  
barn belonging to Robert Craft, was  
continued last evening in the station,  
before Chief Kerr.

Mr. Craft told his story. He had  
been awakened the morning of the fire,  
and immediately sent his son to the  
engine house for the apparatus. He  
had been up 15 minutes, and waited  
another five minutes before the appar-  
atus arrived. He assisted in pulling  
the hose off the wagon and had held  
the branch pipe for about 15 minutes  
before William Hamm arrived.

John Coes said he thought the men  
were slow in getting to the fire, and  
stated that the fireman who was to use  
the hose did not have proper wrenches.  
Fully five minutes were occu-  
pied in this operation. He thought  
Mr. Craft had the branch pipe 15 min-  
utes before Fireman Hamm arrived,  
and that the hose cart took more time  
than necessary in getting to the fire.

Merritt Lord was also called by Mr.  
Craft. He thought the permanent men  
were slow turning out, and that the water  
was off six or seven minutes while the  
stamens were being adjusted, and that  
more property might have been saved  
if this was in order.

John Coes said he thought the men  
were slow in getting to the fire, and  
stated that the fireman who was to use  
the hose did not have proper wrenches.  
Fully five minutes were occu-  
pied in this operation. He thought  
Mr. Craft had the branch pipe 15 min-  
utes before Fireman Hamm arrived,  
and that the hose cart took more time  
than necessary in getting to the fire.

The fireman called James E. Evans,  
who was passing the engine house on  
his way to work at the time of the  
fire. Just as Mr. Craft's son had got  
to the engine house door, he said, the  
hose cart came out. The alarm was  
ringing in the second round. The hose  
cart was followed by the hook and  
ladder team. He ran to the fire and  
found the hose stretched. In his opin-  
ion the men turned out as quickly as  
they could. This concluded the hear-  
ing.

The chief made no announcement at  
the close.

A. I. Trueman, who has been retain-  
ed by Mr. Craft, said yesterday he pro-  
posed addressing a letter to the com-  
mon council, asking for Mr. Craft com-  
pensation for the loss occasioned by the  
fire.
