KETCHELL IS TO FIGHT JOHNSON. Bout to Take Place at Colma in October. Details Will be Arranged This Evening—Jeffries Will Not be Ready for Eight or Nine Months.

NEW YORK, April 12.—A match between Jack Johnson, the heavyweight champion, and Stanley Ketchell, the middleweight champion, for a bout some time in October at Colma, Calif., has been practically arranged by James Crofford, manager of the Colma Club, and the final details of the fight will be determined at a meeting of the fighters and Crofford here tonight.

CANNOT TURN DOWN THE FRENCH REPORTER. Paris Journal, in Spite of Rooseveltian Adjutants, Says the Ex-President is a Deliberate Liar.

PARIS, April 12.—Theodore Roosevelt and a correspondent of Le Journal are engaged in a controversy regarding the veracity of the correspondent. Le Journal sent its representative to Naples to see Mr. Roosevelt and subsequently that paper published a long interview with the former President of the United States which was widely quoted.

CROCKETT BOUND TO HAVE HANSON SENT TO JAIL. Argument in the Assault Case Heard Today—M. P.'s Lawyer Opposes Money Fine.

FREDERICTON, N. B., April 12.—Argument in the Crockett-Hanson assault case was heard this morning before Magistrate Marsh. Mr. McLellan, who appeared for Mr. Hanson, contended that his client had been provoked sufficiently to make the assault, and though acknowledging it, he thought that under all the circumstances His Honor should be most lenient in giving judgment.

MONCTON NEWS. MONCTON, N. B., April 12.—Fire broke out this morning in a house owned by Jas. Weldon and occupied by Horace Constable, but only \$100 damage was done. The fire was caused by a defective chimney. The death occurred here last evening of Mrs. Jane O'Neill, wife of the late Jeremiah O'Neill, after an illness of two weeks, death resulting from old age, deceased being 86. She was born on Shediac road, and is survived by her brother, John Fogarty, two sons, John O'Neill, dry goods merchant, and George, a freeman, in the C. E. machine shop, and one daughter, Mrs. J. E. Breaux. The funeral will be held tomorrow morning. Alpha Sauter was this morning sentenced to a month in jail by Magistrate Kay for violation of the Scott Act.

CHINESE GATHER AT SAM WAH'S TO GOSSIP AND READ THE NEWS FROM HOME

MANY RUMORS OF NEW CANDIDATES. But Most of Them are Wrong—Ald. Baxter Will Not Retire—May be Some Surprises Tomorrow.

The air is full of rumors regarding civic politics today, but there is little new that is definite. Col. E. T. Sturges has been mentioned as a candidate in Dukes, but he said this morning that although he had been urged to run by many prominent citizens and had been promised vigorous support, he had decided that he could not spare sufficient time from his business to devote to civic matters and so would not be in the field.

THE POLICE COURT WAS CROWDED this morning, and many persons could not gain admittance, when the twenty-eight Chinese were placed before the magistrate to answer charges of gambling. When brought into court some of the prisoners seemed frightened, while others smiled and one fellow produced a Chinese newspaper and put in a great deal of the time reading it.

TO MR. McKEOWN witness said he was in the rear of the laundry and heard some one say one, two, three, four, then something was pounded on a table, and there was a noise like a shuffling of dominoes. About nine o'clock a Chinese entered the laundry on Mill street and witness followed. When the officers reached the rear room he saw dominoes, dice and money on the table. One Chinese, Soo Kee, snatched some money off the board. It amounted to \$2.60. He also recognized Ham Lim as one who was about the table.

PASSENGER LOST HER GOLD WATCH AT SEA. One of the lady passengers on the Lake Manitoba, which arrived this morning, is bemoaning the loss of a gold watch which disappeared last Thursday when the steamer was at sea. On her arrival this morning Detective Kilian and Patrolman W. R. Lee were summoned and made an investigation. Two men who were suspected were examined but nothing was proved against them. As the woman could not swear definitely whether the watch had been taken from her trunk or was lost on deck there was little on which the police could act.

FRANCE NOT EXCITED ABOUT CASTRO. WASHINGTON, April 12.—The Senate committee on finance with all members present, met at 10 o'clock today and Chairman Aldrich presented the bill as amended by the majority of the committee. Many of the revenue producing features will be reported subsequently as they are interwoven with administrative features of the measure which will be adopted later.

MOUNT ETNA IS IN ERUPTION AGAIN. NAPLES, April 12.—Mount Etna is in eruption. A great cloud of smoke is pouring out of the crater, and ashes are falling thick on the surrounding country. Considerable apprehension is felt and the progress of the eruption is being watched with anxiety.

ELECTROCUTED FOR KILLING HIS MOTHER. OSSINING, N. Y., April 12.—For the murder of his mother, Susan Carlin, in her home in Brooklyn one year ago, Bernard Carlin, aged 22, was put to death by electrocution in the Sing Sing prison early today.

Police men on the Stand Today, But Did Not Give Any Direct Evidence of Gambling—All the Prisoners Let Out on Bail of \$200 for the Bunch

Finley and Lucas gathered up the dominoes and money. Witness also identified Soo Kee as being one of the six round the table. To Mr. McKeown witness said he arrested those in the two front rooms because they were inmates of the place. Witness did not see any game being played. He saw one man reading a paper and another drinking tea. The Chinese come from everywhere to Wah's come late on Saturday night and stay there until early Monday morning. It is not a common public resort and no others than Chinese frequent there.

Officer Lucas gave evidence that he was in the rear of the laundry and heard some one say one, two, three, four, then something was pounded on a table, and there was a noise like a shuffling of dominoes. About nine o'clock a Chinese entered the laundry on Mill street and witness followed. When the officers reached the rear room he saw dominoes, dice and money on the table. One Chinese, Soo Kee, snatched some money off the board. It amounted to \$2.60. He also recognized Ham Lim as one who was about the table.

TO MR. McKEOWN witness said he saw one person go in the building last night. The store is fitted up like the ordinary laundry. The first room is used as an office and the other two as living and wash rooms. On Sunday a person might see from thirty to forty Chinese going to and from the place. They go in twos and threes and come out singly. It appears that Sam Wah's place is a general store for the local Chinese. There was a Chinese paper in the second room. Witness could not tell whether it was a game they were playing or not. He could not say what game was being played. In a drawer of the table witness found \$1.20. He said that witness saw a man in a place appeared to be a resort for Chinese. The Chinese in the city visit the other, but witness said the large numbers as they visit Sam Wah's.

SENATE COMMITTEE MAKES MANY CHANGES IN TARIFF. WASHINGTON, April 12.—The Senate committee on finance with all members present, met at 10 o'clock today and Chairman Aldrich presented the bill as amended by the majority of the committee. Many of the revenue producing features will be reported subsequently as they are interwoven with administrative features of the measure which will be adopted later.

SCHEDULE D (wood and manufacture of wood)—The Senate has taken the house rate of \$1 a thousand on rough lumber, a reduction of a dollar from the Dingley Law and has retained the house rates on manufactures of wood nearly all showing reductions from the Dingley rates. The only important changes in the schedule made by the Senate Committee was the restoration of imported hardwoods to the free list. The senate committee left the sugar schedule as it came from the House, but reduced the house rate on sugar biscuits and wafers from 60 to 50 per cent.

THE SENATE has returned cocoa to the free list, believing that an article of such general consumption both as a beverage and in all forms of chocolate should be no more made dutiable than tea or coffee. The committee felt that it was necessary to increase revenue it could be done better on luxuries than on the every day necessities of life, and have pursued this policy in the construction of this bill.

KILLING ROMANCE IN OLD TIME SPAIN

King Alfonso Reforming the Music Halls. Addresses Not Allowed to Mix With the Public—No More Early Morning Serenades.

MADRID, April 12.—The old "Night-life" of Spain, the music and dancing that has been such an attractive feature to foreign tourists to Madrid and the southern cities of Seville, Cadix, Ronda, Malaga and Barcelona, is a thing of the past. A few years ago the government decided that night Bohemianism was demoralizing the life of the country, and King Alfonso issued a royal decree closing music halls, cafes and other places of amusement at 12.30 a. m. Formerly these places never closed their doors.

Officer Lucas gave evidence that he was in the rear of the laundry and heard some one say one, two, three, four, then something was pounded on a table, and there was a noise like a shuffling of dominoes. About nine o'clock a Chinese entered the laundry on Mill street and witness followed. When the officers reached the rear room he saw dominoes, dice and money on the table. One Chinese, Soo Kee, snatched some money off the board. It amounted to \$2.60. He also recognized Ham Lim as one who was about the table.

TWO NOTABLE FUNERALS. Ceremony at Los Angeles Over the Body of Madame Modjeska—Burial of Marion Crawford at Sorrento.

LOS ANGELES, Cal., April 12.—Almost buried from sight in a profusion of floral tributes, the casket containing the body of Mme. Modjeska was escorted to a guarded place of honor in the Knights of Columbus Club here since Saturday. This morning at 10 o'clock at St. Vivian's cathedral the funeral services began under the auspices of the Knights of Columbus. High Mass was celebrated by Monsignor Barnett and the funeral sermon was preached by Bishop Conroy. After the church ceremony the remains were taken to Calvary cemetery, where they will be kept in a vault until Count Bonasanti's affairs are so arranged that he can take the body to Poland.

SORRENTO, April 12.—The funeral of St. Maxon Crawford, the novelist, who died here April 9, was held today. The ceremony was exceedingly simple. The little town of Sant'Agello was filled with well known persons who had come to pay a last tribute to the memory of the dead author. The public buildings of Sorrento as well as many private houses, displayed flags at half mast.

THOUSANDS OF TROOPS ON GUARD AT MERU. Buton Makers' Strike Leads to a Condition of Terror—Violence is Feared.

MERU, France, April 12.—The striking button makers of Meru, whose demands for a continuance of the previous wage scale in the button factories have been followed by violence and disorders recalling the days of the revolution, have brought about a veritable reign of terror here and in the neighboring towns of Crepin and Loraillon. About 2,000 soldiers consisting of Dragons, Hussars and five hundred gendarmes under the leadership of the prefect of Cise are today patrolling the streets of all the town and the surrounding country where further violence is to be expected. The mob is ugly and cries of "Down with the Republic" are heard constantly. The soldiers are beating the insults of the people with great stoicism and although a number of the troops have been injured severely by stones, no reprisals have been made.

Take LAKTATIVE BROMO Quinine Tablets. Druggist refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Dr. J. R. Inch, chief superintendent of education, has returned to the province from Baltimore, where his consultant specialist and his health is understood to be in a precarious condition. His resignation, to take effect at the end of the present school year, is not looked for.

At the Seaman's Institute on Saturday night the Rev. L. A. McLean delivered a strong address upon temperance to a fairly large audience. Mrs. J. W. Seymour presided. After the address ten young men signed the pledge.

H. J. Smith addressed about a hundred at the Y. M. C. A. yesterday morning. He spoke upon "The Living Christ," and was listened to with great attention. R. Holder sang a solo and many instrumentalists assisted in the musical part of the service.

The contract for supplying cement to be used in the construction of the St. John Electric Development at Grand Falls was recently awarded to the Frank M. Gilbert Company of London, Ontario. The placing of the contract is interesting from the fact of its being the largest deal of its kind ever put through in Canada.

The celebration of the Easter festival at St. John's (Stone) Church yesterday was marked by large congregations, tasteful decorations and special music. Sydney Beckley gave a fine delivery of "The Trumpet and the Drum" at the offertory at the morning service, while at the evening offertory Mrs. deLoraine's "The Shepherd and the Stragglers" was finely sung by H. S. Tibbo of Montreal, formerly tenor soloist at the Metropolitan Church, Toronto.

Mr. Willard Reid and family of Leinster street leave St. John very soon to take up their residence in Montreal. The Reid family consists of Mrs. Reid, her daughter, Miss Reid, and her son, Mr. Reid. They are all well and hope to return to St. John in a few days.

EXPLOSION MAIMS TWENTY AT ROME
Dynamite Cartridge Explodes, Wrecking House Near the Vatican and Injuring Many.
ROME, April 11.—An explosion in V. Borgo Pio, near the Vatican, took place today. A young workman named Progetti was making up dynamite cartridges for fishing and one of them exploded, setting on fire a quantity of cotton, saturated with nitro-glycerine, which was lying prepared on a table.

The West End division of the fire brigade was called out about eleven o'clock yesterday morning for a fire on the roof of a two-story building at Old Fort, occupied by Frank Kilpatrick and owned by Addison Belyea. A couple of boys who were playing on a wharf at Old Fort noticed the smoke coming from the roof of the Clancy house and sent in an alarm from box 115. The department responded promptly and it only took the firemen a few minutes to quench the flames. The damage will be insignificant.

POLICE DESCEND ON A CHINK GAMBLING 'JOINT'; ARREST 28 CELESTIALS

There was considerable excitement on Mill street last night when a squad of police, headed by Deputy Chief Jenkins, swooped down on a Chinese gambling den and arrested on the spot twenty-eight Chinese. As a result of the raid the street was blocked by hundreds of people and traffic was somewhat impeded for a time. It was a successful round-up and besides cards and dice used in the game, about \$100 in cash was taken from the gambling table.

At 159 Mill Street
The den is situated at 159 Mill street and the innocent looking laundry is conducted by W. Sam Wah, a Chinese. After passing through the front sloop where "wash" is taken in and delivered there are four other rooms. The gambling chinks were struck with terror by the raid and with loud chattering there was a rush to escape, and the glass in the rear window was smashed by their attempts to escape. The officers prevented any from getting clear, and in all 28 Chinese were trapped.

LEFT THEIR MONEY.
In the attempt to escape the gambling den, the money about \$20 in all, on the gambling table along with their cash, was left behind. A patrol wagon would have come in handy, but the deputy had to report to the police. Detective Kilpatrick described it as resembling a thousand English sparrows in a scrap.

PEARL INDUSTRY OF QUEENSLAND
Australian pearl fishers make their fortune more by the shells they gather than the pearl they find. The Australian pearl is not to be compared with the Oriental; it is too pale and lacks the beautiful sheen, as a rule, of the latter. The Australian pearl shell, on the other hand, is most valuable, while the Oriental shell is worthless, or practically so.

ELECTION CARD
Gentlemen--In accepting your endorsement to become candidate for the office of Alderman-at-Large I might say there is no one in this city who would like to see a good honest city government better than I, that means low taxation and cheap rents, clean streets, etc. If you favor me with your votes on Election Day you will never have cause for regret. If you elect me I pledge you my word of honor there will be no rake-offs with your monies, there can be a saving to the taxpayers of St. John of one hundred and fifty thousand dollars a year by adopting clean, honest methods and honest business transactions between the taxpayers and those who have business with the city, by working for the city or otherwise. Those are my views, and all who think as I do I solicit their vote and influence to that end.
Yours respectfully,
J. W. MONTGOMERY,
Alderman-at-Large.
I don't belong to any political parties neither Liberals or Conservatives.

SIX DEAD AS RESULT OF LENOX, MASS. FIRE

LENOX, Mass., April 11.—Six people lost their lives, three others were badly burned and property loss of between \$200,000 and \$300,000 was caused by a fire in the heart of the business section of this town early today.

Within ten minutes of the first explosion, which was followed in sharp succession by minor reports, the intense flames were rolling into his room from a partially covered chimney hole.

The fire was discovered by George Clifford, who lived with his mother and brother in the upper floor of the Clifford block, which was a three-story building, shortly after 3 o'clock this morning.

Before this help could reach the town the flames were driving steadily toward the Lenox public library and the Curtis Hotel.

The death of Miss Alice French was one of the most pitiable tragedies of the morning.

The fire was too hot for anyone to approach near the structure, staggering to the veranda railing the woman leaped to the sidewalk, landing in a flaming heap within five or six feet of the blazing walls.

Some of the horrified onlookers attempted to rush in to drag her out, but the intense heat drove them back, and until the flames had practically died out several hours later was the body rescued.

It was then too badly disfigured for identification until Dr. Chas. Johnson of Pittsfield, a dentist, identified some of the work he had done on the woman's teeth.

The other bodies are probably in the cellar of the block, but they cannot be reached until some time tomorrow, when the fire is finally doused out by the water that the volunteer company and the Lee department have been pouring on the ruins all day.

SAD TRAGEDY AT PORTLAND

Bride and Groom are Found Dead From Bullet Wounds

CAUSE UNKNOWN

PORTLAND, Me., April 11.—In the midst of preparations for a joyous nuptial feast the bodies of Samuel Kline, 25 years old, and his bride of three weeks, Ida Brann Kline, aged 21 years, were found dead from bullet wounds on the floor of their room at 148 Hancock street, by the girl's aunt and cousin, Mrs. David Brann and Abraham Brann.

Other scientists have been searching amid the ruins of Jericho, and have found the crumbled walls which went down when the trumpets of Joshua sounded, and the Israelites raised their mighty shout.

HUNDRED GATES PIERCED

WALLS

According to Herodotus, the walled city covered an area of about two hundred square miles, and it is estimated to have been densely populated.

RUINS OF TOWER DISCOVERED

One of the highest mounds has been stripped at the summit and this reveals the ruins of a tower, which some have called the "tower of Babel."

For years the excavators were doubtful about what they would find. They suspected that the glories of Babylon might be pure invention.

MONCTON CHURCH HAS \$5,000 ORGAN

MONCTON, N. B., April 11.—The chief feature of Easter service in the local churches today was the dedication of a five thousand dollar new pipe organ in First Baptist church.

As a result of a conference held here yesterday by Mr. Thomas, traveling secretary for Canada for the Brotherhood of St. Andrew in Moncton next September.

When Nebuchadnezzar became king this was the chief feature of his coronation, and every year he was required to renew the alliance to the god of the city.

Uncovering Walls That Fell Before Joshua's Trumpet Blast

Scientists Making Important Discoveries in the Ruins of Jericho as Well as on the Site of Babylon of Old.

CHICAGO, April 11.—The glories of ancient Babylon are being revealed by the scientists who have been digging in the Oriental desert.

Other scientists have been searching amid the ruins of Jericho, and have found the crumbled walls which went down when the trumpets of Joshua sounded, and the Israelites raised their mighty shout.

INScriptions TELL VITAL STORY

Dr. Koldewey and his assistants were awed at uncovering the scene of all the dramatic incidents which would have taken place in the city.

It was probable, of course, that when the Hebrew captivity after Nebuchadnezzar had destroyed Jerusalem, but they were not satisfied with merely finding tools and bronzes.

It is said that the excavations upon this gate are among the finest specimens of enameled brickwork known in the world, and notwithstanding their great age the bricks are still perfect and the colors are as vivid as if they were made only yesterday.

Of almost unequal interest and importance are the discoveries being made in the ruins of the city of Jericho.

Notwithstanding this dire prophecy Jericho was rebuilt two or three times, and it is believed that the city of Jericho was required to build the walls which fell down so dramatically at Joshua's miraculous onslaught.

Jericho was an ideal place for a city on account of the spring Ain-es-Sultan, which affords a plentiful flow of the finest water.

It is hoped by the investigators that when the excavations are complete they will be able to tell from the ruins of that period.

The old necropolis by the temple of Antonius was found about fifteen feet below the level of the Imperial forum.

In line with the investigations Professor Marcellini has constructed a model of Imperial Rome, fashioned in terra cotta, and showing the principal buildings as they existed at a late period of the Empire.

DATE OF MEETING HAS BEEN CHANGED

FREDERICTON, April 11.—Easter day was fine and clear here, but extremely cold for this time of year, a raw wind blowing the entire day.

The death occurred at four o'clock of Edward Wilkinson, one of Fredericton's oldest and respected citizens.

Dr. Pugsley has asked the delegates to meet him at Ottawa in respect to the river valley railway to choose the time of meeting to Friday next instead of the following Monday.

The Lieut. Governor went to his home in Chatham last evening and expects to return on Tuesday next.

Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life.

APPLEYBY PROVES

TORONTO, April 11.—Fred Appleyby, the English runner of whom so much has been heard from, proved a counterweight in Saturday's race with the Indian, Fred Simpson. Appleyby quitting in the first lap of the sixteenth mile, or just a lap after Simpson passed him, the Hiawatha Indian finishing the last five miles alone in 2:35. Appleyby set a pace of 1:10 for the first mile, but he was laboring very hard, and it only looked a matter of a few miles before he threw up the sponge.

ATH OF THOMAS SMITH

The death of Thomas Smith, a well known resident of the city, took place at his residence, 45 Lombard street, at 6 o'clock yesterday morning. He passed away peacefully after a short illness, and suffered from hemorrhage of the brain. A wife, three sons and one daughter are left to mourn. The sons are Frank, George and William. The daughter is Miss Hazel Smith.

CARRIED HIM DOWNSTAIRS
IN SPITE OF HIS PROTESTS

Castro Gets Small Quarter From French at Martinique Prior to His Removal Ex-president Makes a Statement Makes a Vigorous Protest Against Treatment Accorded Him

PORT DE FRANCE, Martinique, April 11.—

For to his being taken aboard the steamer Versailles for deportation to France, ex-President Castro prepared a written protest against the action of the French government, which has been submitted to the authorities here. It reads as follows: "I hereby protest against the action of the French authorities of Martinique in having me put by force on board an outgoing vessel."

"Moreover, these considerations, aside, the case constitutes a breach of international law and a denial of the rights of individuals. That such a voyage should have come to pass in the land which saw the birth of Josephine and from which came the inspiration and prelude of liberty, and at the hands of a people who shed their blood for freedom, is inconceivable."

The ex-president said that he was being taken to Spain to take passage for Santa Cruz, Tenerife. General Castro added that he was leaving brother Castro in Mexico here for the purpose of receiving mail which he expects to be forwarded to him from the hotel at St. Nazaire. The Versailles will stop at Base Terre, Guadeloupe. Hardly had the steamer left port last night when a party of Castro's friends arrived on the steamer Goulette from Saint Lucia.

The removal of the former president of Venezuela from the hotel to the steamer was not without its pitiful aspect. Immediately on the announcement by the medical commissary who made a lengthy physical examination of Castro, that he was quite capable of making the voyage, the commissary of police with an escort of gendarmes invaded the hotel and proceeded to Castro's chamber. They found the ex-president in bed, and although he still protested that he could not move, they carried him downstairs, the patient all the while making dramatic protests and placed him on a stretcher.

Officers from the United States cruiser, in civilian dress, helped to make him as comfortable as possible, and then the stretcher was picked up by four negroes and taken to the steamer docks. Gendarmes guarded it on each side, and a crowd of people numbering fully 2,000 followed the procession through the streets.

The French police officers were guarded by the police and no one was permitted to enter the steamer until they were directly connected with the transportation of the ex-president. Some difficulty was experienced in getting the litter aboard, and for a moment Castro was in peril of falling out. The Versailles immediately slipped her cables and started on the voyage.

PORT DE FRANCE, April 10.—Cipriano Castro, ex-president of Venezuela, was tenderly and ceremoniously expelled from the island of Martinique by the French government. He protested to the last against his expulsion, but his protests were in vain. He is now on board the French line steamship Versailles, bound for St. Nazaire.

Official notice was served on Castro this morning of the decision of the French government that he must leave the island within nine hours of the receipt of such notice and that the commissary of police at Port de France had been charged with the execution of the order. The ex-president was furious with indignation and strove throughout the day to find some excuse that would be satisfactory to the colonial government whereby he would not be compelled to obey the order.

room in company with his brother Castro and his secretary, and for a time refused to reply to the summons of the police official. The police hesitated to break in the door and finally decided to submit the matter again to Governor Foucaud. The governor absolutely refused to sanction any delay and ordered that Castro be removed at once by force of arms. He also gave order that the Versailles remain in port until Castro could be put aboard.

It became necessary for the police and gendarmes to take rigid measures of bold in check the crowds that had by this time become riotous outside the hotel. The ex-president rallied against the French government and the local authorities, denouncing them for forcing upon him the alternative of deportation or imprisonment for six months. He declared that he would not budge and that it would be necessary to take him on board the steamer on a stretcher. This the commissary of police, who entered Castro's room, with an escort of gendarmes, prepared to do, but Castro's lawyer took steps to find the necessary money at the very last moment, the governor and public prosecutor decided to have another medical examination made.

Accordingly, a medical commission, composed of Drs. Bouvier, Comag and Barbe proceeded with the examination to establish if Castro's health was such that he could make the voyage. The commission continued for more than half an hour and they agreed that the life of the ex-president would not be jeopardized by his removal to the steamer and the return voyage across the ocean.

Professor Riou, however, who is a passenger with Castro on the Guadeloupe on the trip from Bordeaux to this port, was the original authority on the statement that during the voyage the wound resulting from the operation on Castro in Germany had shown signs of suppuration, but the final examination of the physicians this evening seemed to indicate that a condition as when he left France on March 26 last.

At half-past eight the force of gendarmes went to Castro's rooms and he was placed on a mattress which he refused to put on his clothes, and carried on a stretcher to the steamer, a distance of more than a mile. A former president of Venezuela had assembled by this time, and a great deal of sympathy was expressed for Castro. The latter, however, explained of great suffering, and every movement of the stretcher seemed to show signs of suppuration, but the final examination of the physicians this evening seemed to indicate that a condition as when he left France on March 26 last.

Mr. Aylesworth Back from Washington LEARNS SOMETHING U. S. Government to Expatriate Boundary Properties

OTTAWA, April 11.—The minister of justice, Hon. A. B. Aylesworth was in Washington last week conferring with American authorities as to the interpretation they place upon the senate rider to the waterways treaty. It is understood Hon. Mr. Aylesworth saw Secretary for War Dickinson and ex-Secretary of State Root and obtained an official interpretation of the Sault Ste. Marie rider, which is the only thing now preventing the ratification of the treaty by Canada.

Mr. Aylesworth learned something which may facilitate the approval of the treaty. This is the fact that the United States proposes to take the jurisdiction over the Soo Power from the state of Michigan by expatriating the property along the shore on the American side and acquiring absolute title for it by the federal government. Authority to do this was obtained at the last session of congress and a million dollars was voted for the purpose.

Hon. Mr. Dickinson stated that the United States would at once proceed to acquire the title. Mr. Aylesworth will report to government this week.

TEACH THE BLIND TO "SEE" WITH FINGERS

Sightless Children Taught About Birds and Animals by Sense of Touch Philadelphia Institution Employs the "Examining" Method With Remarkable Results.

PHILADELPHIA, Pa., April 12.—Among the most cheerful places in the world is an up to date school for the training of blind boys and girls. The laughter that rings through the rooms at leisure time is real and good to hear.

"Why shouldn't these boys and girls be happy? They are daily deriving deeper into a world unknown to those less fortunate among the blind who are compelled to stay at home and acquiesce in learning as they may. To the boys and girls of the Overbrook Institution for the Blind this new world is being opened by the utilization of scientific methods that to the layman are novel and interesting. The process may well be described as enabling the sightless students at the institute to see with the finger tips.

It is called "examining" at the Overbrook establishment. Briefly the process is to enable a blind boy or girl to see, mirrored mentally, the shape and general appearance of the birds and animals that live in the world outside the walls of the institution. Once a student at this establishment has had the opportunity to pass his hands over the wood of a sheep or a bird, the instructor will explain to him the meaning of the word "sheep" or "bird" and the general appearance of the object.

In one of the class rooms at the institute there have been set up a variety of mounted figures of birds and animals of the everyday kind. One of these is being introduced to the class. It was interesting (one would like to say "pathetic") but the world is full of things that are interesting to the sightless. The instructor was busy explaining.

"The wool you touch is the material from which the clothes are made. The sheep itself is the animal that provides us with our wool. It is the sheep that you hear 'baa-a-ing' when you go to the park.

And so the lesson proceeded while the students' busy fingers felt the shape of the woolly figures, examining it with keen interest. A live sheep is difficult to approach, but these sightless children could examine the mounted animal until every detail of its composition was familiar to them.

It was interesting to see the children as they touched the sheep. They were not only touching the wool, but they were touching the shape of the sheep. They were touching the shape of the sheep. They were touching the shape of the sheep.

Owing to the continued cold weather the wise ones at Indiantown are predicting that the opening of the river will be later than usual this year. The steamer people are not taking any chances, however, and the work of repairs and inspection is being rushed as rapidly as possible.

Reinforcements of Cavalry and Gendarmes Required at Meur, France

MERU, France, April 10.—The strike of the button-makers of Meru has entered upon a critical phase. All the departmental authorities are hurrying in here and reinforcements of cavalry and gendarmes are coming by every train. Many arrests have been made, but further trouble is expected. The situation was quiet for several days past, pending negotiations, but these have been futile and disorders which broke out again yesterday culminated last night in scenes recalling the revolution. Agitators came down from Paris and harangued the mob, after which the strikers stormed and wrecked four button factories and practically destroyed the residences of their employers.

The trouble arises from a reduction of 30 percent in wages, made by the employers on the ground that the competition of Japan, where mother of steel is very cheap, made it impossible to continue the old wage scale.

BIG FIRE IS RAGING IN HAMMONDSPORT

ROCHESTER N. Y., April 12.—Fire is raging in the village of Hammondsport, near here, St. Gabriel's church, in ruins. The Presbyterian church, Fawcett's furniture store, Rockwell's department store, Pratt's bank and several residences are burning. The firemen are handicapped by a high wind.

THE NIAGARA ICE JAM

STAR WANT ADS. BRING RESULTS

ST. JOHNS, N. F., April 11.—News from the squadron of seal fishermen which have been in the Gulf of St. Lawrence, while the rest of the fleet has been engaged in more northern waters, indicated that the probable total catch of the gulf squadron will exceed 25,000 seals, which will make the probable catch of the whole fleet for the season a little better than 1907 or 1908. The steamer Viking from the Gulf of St. Lawrence, passed Cape Ray at noon today, bound to St. John's, and signalled that she had a good catch of seal aboard.

ANOTHER DELEGATION MAY GO TO OTTAWA

To Join in Movement in Support of St. John Valley Railway Project.

At the council meeting this afternoon it is likely that one or more delegates may be selected to go to Ottawa on Wednesday with the other representatives of the central part of the province to press the claims of the Valley Railway project. Owing to the near approach of the elections and the fact that another delegation may have to go to Ottawa shortly on harbor matters it will be difficult to find any alternative willing to go. In this event some one outside of the council may be asked to act.

PROBATE COURT

Estate of John Hunter, late of Miramichi, County York, Scotland, bank clerk, deceased. Petition of Fred R. Taylor, administrator with the will annexed of the estate of the deceased within the Province of New Brunswick, to pass his accounts. Citation issued returnable Monday, 17th May at 11 a. m. Mr. Cyrus F. Inches, proctor.

In the matter of Beatrice Isabel Cook, an infant. Application for appointment of guardian for the person and estate, the estate being about \$700, the father Valentine Cook and the mother both being dead. Harry C. Green and Braze Anna Green, his wife, she being a maternal aunt of the infant are appointed guardians and allowance is ordered out of the estate for maintenance of the infant. Messrs. Powell and Harrison, proctors.

Estate of Joseph Marshall Johnston, intestate. The deceased was a member of First "Special Service" Battalion Royal Canadian Regiment and was killed in action at Paardeburg, South Africa. His father, Andrew M. Johnston was appointed administrator, the lives of the First Contingent being insured for \$1,000 each through the generosity of Mr. now Sir Hugh Graham. The father was paid this amount and afterwards died. The estate now comes entitled to a warrant for a land grant, value \$500. THREE ICEBERGS ON SOUTHERLY COURSE

The Manitoba Arrives After a Windy Voyage.

Landed Nearly Nine Hundred Passengers on the West Side This Morning—Party of Salvation Settlers.

The C. P. R. steamer Lake Manitoba in command of Capt. G. C. Evans, arrived off the Island about 2:30 this morning from Liverpool and Belfast with eight hundred and seventy-two passengers, eighteen first, one hundred and thirty-seven second cabin, and seven hundred and seventeen steerage. After the doctor had passed the steamer she came up the harbor and anchored until the C. P. R. Liner Montreal shifted from her berth to No. 1 The Manitoba then docked at No. 3 berth, where her passengers were landed.

The passengers were mostly all English. They were a fine looking lot of people. Seventy-two were bound for United States points and the remainder were going west.

The Manitoba left Liverpool March 31 and called at Belfast where she took aboard passengers and freight. Coming across the Atlantic the steamer encountered strong head winds with high seas. She came the long southerly course and passed three huge icebergs. Among the third class passengers were one hundred and twenty Salvation Army immigrants bound for the west. Three special trains will carry the passengers west. The Manitoba has about 2,000 tons of cargo.

BOTH SIDES PREPARING FOR PLEBISCITE

Council Appoints Commissioners This Afternoon—Effect of Different Lists on the Vote.

Phillip M. O'Neill and H. J. Sheehan called on the mayor this morning to scrutinize the petitions for ward option for Lorne and Duke wards. It is expected that they expected to find something not quite regular, but were apparently satisfied with what they saw.

Rev. A. A. Graham, who has been active on the other side, was also a visitor to the City Hall this morning in connection with the plebiscite.

The common council meets this afternoon to appoint commissioners for the four wards in which there is a vote on the temperance question and to make other arrangements for this feature of election day.

In taking the vote on ward option the provincial lists will be used and this is considerably different from the lists used for the aldermanic elections. Many who are barred from voting for alderman because of unpaid taxes will have the privilege of deciding the fate of the saloons. On the other hand the ladies who may vote for the aldermen will not be able to record their sentiments on ward option.

RICH CASE BEING HEARD UNDER SPEEDY TRIALS

Four or Five Witnesses Repeat the Evidence Given in Preliminary Examination.

In the County Court this morning before His Honor Judge Forbes, under the Speedy Trial Act, R. Earl Rich pleaded not guilty to a charge of obtaining money under false pretences from Frederick S. Farris, the manager of the Excelsior Insurance Co. of St. John. A. Wilson, K. C., appeared on behalf of the Crown and D. Mullin, K. C., for the prisoner.

Thomas E. Blair, manager of the Royal Bank of Canada, was the first witness. He said that on July 14th last the defendant in company with Mr. Farris came to the bank and discounted a note for \$150. Askin on the 21st of July they again came and discounted another note. Both notes were indorsed by Mr. Farris and on the strength of that indorsement he discounted the paper.

Tremaine Gard told of his dealings with the prisoner. Rich bought about \$150 worth of goods from him and paid him \$70. Cross examined, witness said that on defendant's return to the city he called at his (witness's) store and promised to pay the balance when he was able. Witness thought that defendant's dealings were above board.

Frank S. Smith, secretary-treasurer of the Seville Bros. Ltd., told of the firm's dealings with the defendant. The defendant owed them about \$17.00. There was nothing fraudulent in the transaction.

Archibald Duncan, local manager for the Computing Scale Co. of Canada said that he sold two scales to defendant but when he learned that the defendant had transferred his business, witness got them back.

Frederick S. Farris, the complainant was the next witness. His testimony was the same as given in the preliminary examination. When the court adjourned at one o'clock witness was being examined by Mr. Wilson. The court will resume this afternoon at two-thirty.

PEBBONAL

Daniel Monahan, the Charlotte St. boot and shoe merchant, left this morning for Fredericton on a business trip.
