

MR. CARVELL AS TRIMMED AGAIN

Hon. J. K. Flemming Won Last Night's Debate

York County Campaign Has Closed in Whirlwind Style.

County Will Declare Today for Dr. Morehouse, Premier Hazen and Valley Railway and Against Burden, Bluff & Boodle

Special to The Standard. Fredericton, Mar. 29.—The York election campaign ended in whirlwind shape tonight, the principal feature being the joint debate in the Opera House in this city in which Hon. J. K. Flemming and F. B. Carvell, M. P., took part.

The government party's friends were in a majority in the audience and they all went home feeling happy as the provincial secretary once more made mince meat out of the arguments of the federal member for Carleton.

The meeting was advertised as a public meeting in the interests of the Opposition party and their candidate, Mr. Burden, and, as at Meductic last Saturday night, the provincial secretary captured the meeting and scored another tremendous victory.

Although it was his own meeting, Mr. Carvell declined to speak first, but insisted that Hon. Mr. Flemming go on first and that he (Carvell) have the floor last.

Mr. Flemming went on first, and with the knowledge of Mr. Carvell's line of argument he secured in their Meductic meeting it was easy for him to anticipate just about what Mr. Carvell would have to say.

The result was that the provincial secretary was able to supply an answer to the larger part of Mr. Carvell's speech before he sat down.

Carvell Laid Out. Then Mr. Carvell came on and he advanced some rather remarkable arguments which created much laughter, but he proved unable to break down the arguments which Mr. Flemming had put up.

Then came Mr. Flemming's turn to reply. There was an organized effort on the part of the opposition to prevent the provincial secretary having an opportunity of replying. Messrs. A. E. Hanson, George McCorquindale and one or two others interrupted Mr. Flemming two or three times in a couple of minutes, but the provincial secretary said he declined to be bulldozed and would speak as long as the time at his disposal lasted and the crowd hooted down the interrupters.

Finally Mr. Flemming was allowed to continue with his speech until, when time was about up, Mr. Carvell quietly called across the stage to ex-sheriff Sterling, from where he sat to "stop it." Like the illustrious Nelson W. Brown, who yelled "call it done" at Stanley, in the joint meeting of the federal campaign of 1908, Mr. Carvell knew when he had enough and he called upon the chairman to stop the slaughter.

Cheers For Dr. Morehouse. There were loud and lusty cheers for the government party candidate, Dr. O. E. Morehouse, and the Hazen administration, and if the meeting is any index of the standing of this city for the contest tomorrow then the government party candidate will carry the city of Fredericton by a fair sized majority.

HONDURAS HAS NEW PRESIDENT

Washington, D. C., Mar. 29.—Dr. Francisco Bertrand is now provisional president of Honduras in accordance with the peace agreement recently negotiated between the government and revolutionary forces of the republic.

IMMIGRATION SUPERINTENDENT'S REPORT SHOWS RAPID INCREASE IN NUMBER OF NEW COMERS FROM ALL SECTIONS.

Ottawa, Mar. 29.—Dr. W. D. Scott, superintendent of immigration issued the following statement today:

For the 11 months, April to February, of the current year, the number of immigrants who arrived in Canada was 271,392 as compared with 175,729 during the corresponding months of last fiscal year. The gain therefore, is 54 per cent. The number who arrived via ocean ports for the same period was 164,486, as against 92,241 for a like period of last fiscal year, an increase of 54 per cent. From the United States for the same 11 months there were 106,906 immigrant arrivals during the corresponding 11 months of last fiscal year there were 86,488, a gain from this source being 24 per cent.

VALUE OF FIRE DRILL

2,900 Pupils in New York School Vacated Building in Two Minutes From Sounding Of Fire Signal.

New York, N. Y., Mar. 29.—The value of the fire drill was demonstrated this afternoon when fire was discovered in public school No. 43 in the Bronx. Although smoke was drifting through the building and the odor of burning wood and paper permeated the halls and classrooms, 2,900 little children responded to the fire drill signal and in perfect order marched from their classrooms to the street in two minutes. The blaze did only trifling damage.

FUNERAL OF FIRE VICTIMS

Arrangements For A Demonstration Against Fire Traps In Which 150,000 Will Join At Funeral Of Victims.

New York, N. Y., Mar. 29.—Arrangements for a funeral demonstration in which 150,000 sympathizers will be asked to join, identification of four more bodies, leaving but sixteen now unnamed, the swelling of the relief fund to nearly \$50,000 and the effort of the district attorney's office and the fire marshal to fix the blame, were activities which followed Saturday's fire horror today.

It is proposed to draw the bodies of most of the 143 victims through the streets of the city on Monday in a great funeral procession, headed by a chorus of 70 singers from the Jewish chorists' union, followed by the 600 surviving employees of the Triangle Waist Company, and as many sympathizing workers as can be induced to join.

The United Cloak Makers Union has asked that all of its 70,000 members march in the procession and according to the proposal made to the police today, a line of 150,000 can easily be formed if the authorities will permit it. It is suggested that the procession pass from the morgue by the Washington Place building where the fire occurred.

Jewish victims will be interred in Mount Sinai cemetery, the few Italians and others elsewhere. Twenty-five survivors told their stories of the catastrophe to assistants in the district attorney's office today and others appeared before Fire Marshal William L. Beer.

FUNERAL OF THE LATE JAMES BYRNE, SUSSEX

Special to The Standard. Sussex, March 29.—The remains of the late James Byrne were taken from his home to St. Francis church this morning at 10 o'clock, where high mass was said by Rev. Father McDermott, Rev. Father P. A. Belliveau acted as deacon, Rev. Father Lockery acted as sub-deacon; Rev. Father Edward Savage of Moncton preached the sermon, while Rev. Father E. J.

Byrne was in the sanctuary, and Vicar General Rev. Father Chapman occupied seats in the church. After the service the body was taken to Norton by the noon train thence to the Sacred Heart church where prayers were said, after which interment was made in the family lot at the Parish burial ground.

The pall bearers were: J. P. Byrne, M. P., Dr. Thos. I. Byrne, George and Felix Byrne, W. D. Harper and W. H. Culbert. Many old friends followed the remains to Norton. The

GREAT DEVELOPMENT IN STORE FOR THE PROVINCE THROUGH PREMIER'S BILL

Hon. Mr. Hazen Introduces Bill in Legislature to Build a Railway from Minto to Fredericton, and to Guarantee Bonds of Company Undertaking Construction at \$15,000 per Mile.

Construction and Operation of the Road will Mean Great Development of Queens County Coal Fields—C. P. R. to Take 100,000 Tons of Queens County Coal Every Year.

Fredericton, Mar. 29.—The House met at 3 o'clock. Mr. Burchill submitted the standing rules committee report.

Mr. Munro submitted the report of the municipalities committee.

Hon. Mr. Maxwell introduced a bill to amend the New Brunswick factories act. He explained that a large delegation from the engineers and boiler-makers in St. John had requested the government that some action should be taken for protection for the lives and properties of the large number of men who are engaged in running stationary engines and boilers throughout the province as well as for the protection of the mill owners themselves. The bill provided that any person who is in charge of a competent board and that engineers must have a certificate. It provides the lieutenant governor in council may appoint an examining board to consist of two engineers of at least ten years' experience, of which board one member shall be the secretary, and the members of the board shall be entitled to such remuneration together with travelling expenses as the governor in council might fix.

Certificates to Engineers. They shall grant certificates of competency to engineers on examination and certificates of service to engineers who have had at least five years' practical experience. The bill provides that they are capable, that they are at least one serious boiler explosion in the province last year which resulted in the loss of life, and this had led the government to decide that something should be done to protect the large number of men engaged about burning wood and paper permeated the halls and classrooms, 2,900 little children responded to the fire drill signal and in perfect order marched from their classrooms to the street in two minutes. The blaze did only trifling damage.

It was very desirable in the interest of the province that the road would pass over an independent company if ample assurances were secured for the maintenance and operation of the line. Members of the House well knew that was the original intention to expand the line through to Gibson and had that been done, no doubt a tremendous development would have resulted in the coal areas. The coal mines are only 21 miles from Fredericton and had the road been built as was intended so that the coal could be marketed through Fredericton, a very great development would unquestionably have taken place.

To Build to Fredericton. It was proposed under the bill that this section from Fredericton to Minto should be built by authority would be given to guarantee the bonds for not more than \$15,000 a mile to any company who would undertake to build the line. Ample provision was made for the protection of the province while the line was under construction both as regards the payment of interest and from forest fires. There was a provision in the bill that the company undertaking to build the road must enter into a contract with the C. P. R. or other company under which that company will take over the line on the 1st of January, 1912, and operate and maintain the line for the gross earnings 40 per cent of the gross revenue. The company must also lease the line from Minto to Norton, and pay the province 50 per cent of the net earnings for the first year, and for some years at least there would be no revenue to the province from the Norton-Minto section, and it was estimated that the 40 per cent revenue on the Minto-Fredericton section would more than pay the interest on the bonds. The company would also be required to purchase at least 100,000 tons of coal every year.

C. P. R. to Buy Coal. The C. P. R. had carefully tested the Grand Lake coal, and while their first test was not satisfactory, better results were obtained on a second test, and they were prepared to enter into an agreement to purchase at least 100,000 tons annually. That would mean a revenue of ten thousand dollars a year in royalties, and a tremendous development in the coal mining in the counties.

The province would thus get rid of the large annual deficit on the N. B. coal and railway, would receive ten thousand dollars a year in royalties; the 40 per cent earnings on the Fredericton-Minto branch would pay the interest on its bonds, and great development would be assured to every important section of the province. He has every reason to believe that the arrangement proposed should be carried out. Opportunity would be given for the most ample discussion of the provisions of the bill when it came up later on. The bill was then read a first time.

Mr. Wilson introduced a bill to fix the valuation for assessment purposes of the White Candy Company, Ltd., St. John.

Mr. Woods introduced a bill to amend the act incorporating the St. John and Quebec Railway Company.

Hon. Mr. Hazen said that in view of the fact that a large delegation was present from St. John in connection with the bill, he would not read that and that their business would fully occupy the rest of the day, he would move the adjournment of the House.

The House adjourned at 3.45.

COMMISSION CHARTER LEFT TO ADVOCATES

Agreement on Lines of Standard's Contention

Common Council Will Take No Part In Drawing Provisions Of Bill If Plan Carries—Delegates Satisfied.

The delegation organized by the citizens' committee went to Fredericton yesterday morning full of hope. They returned last night full of happiness. The result of the visit to the capital was the unanimous adoption of the Standard's suggestion that the framing of a new city charter, if the commission plan carries, should be left to a small body independent of the common council. The name of Royal Commission, which apparently was distasteful to many of the delegation, was dropped and no particular designation was given to the committee which will do the work.

Several other changes of minor importance were made in the bill. The condition was clearly laid down that in order that the commission plan shall carry, it must be necessary for the plan to be endorsed by a majority of the voters on a referendum day, whether these ballots are marked for or against commission, or whether the electors do not express an opinion on this question at all.

A Slow Trip. Upwards of 140 delegates and several who were not delegates, left the city by special train yesterday morning. The trip was particularly slow, the locomotive sputtering intensely from the heat. After three hours and a half the capital was reached and the visitors paraded the few miles between Salamanca and the House of Assembly, whistling as they went.

They were at once received and the suggestion of the chairman of the municipalities committee, Mr. Munro, the purpose of the delegation was outlined by J. E. Wilson. He spoke very briefly and was followed by Recorder Baxter who went fully into the provisions of the bill as it had been sent up.

Continued on page 2.

IMMIGRATION TO CANADA

Many Emigrants Bound For Canada Are Held Up In Antwerp By Lack Of Transportation Facilities.

Antwerp, Mar. 29.—The diversion of European emigration from the United States to Canada is said to be seriously affecting the Atlantic steamship lines. The Red Star today gives up to the American-Canada line two of the best special emigrant steamers afloat, the Gothland and the Samland. These vessels heretofore in the Antwerp-New York service, are now to be operated from Rotterdam to Canadian ports.

There are now 1,500 emigrants bound for Canada held up here by lack of transportation facilities.

THE TRUTH WILL OUT

Fredericton, Mar. 29.—That "truth will out" was well exemplified in the Mail this afternoon in referring to the debate between Hon. Dr. Landry and A. B. Copp at Marysville. After declaring in its headlines, evidently prepared for the occasion, that "poor Dr. Landry couldn't meet Copp's statements" in this wise: "A large audience which practically filled Harts Hall, Marysville, last night heard a very interesting debate on provincial issues. In which the opposition party was represented by A.

floral offerings were numerous. Among those who attended the funeral from outside points were Henry Mary, Jas. Byrne, Thos. Pinesman and Ernest Clarke, of St. John, and conductor Thos. Corbett, of Moncton.

WOMAN'S SUFFRAGE KILLED.

St. Paul, Minn., Mar. 29.—The woman suffrage bill was killed in the senate this afternoon by a vote of 22 to 20.

CONSERVATIVES HOLD WIP HAND

Government Forced to Appeal to Borden

Supply Badly Needed and Time is Passing—Long Session Expected.

Election May Come in Early Autumn, According to Intimation from Laurier—Time Spent on I.C.R. Estimates.

Special to The Standard. Ottawa, March 29.—In the House today the finance minister did some side stepping in answering questions bearing on reciprocity.

"For what reason," asked Peter Elson, of Middlesex, "was wool in the fleece, which is a product of the farm, not placed on the free list in the proposed reciprocity agreement between Canada and the United States, which the American duty is now twelve cents per pound on Canada's long wools?"

Mr. Fielding said wool in the fleece was not one of the articles on which an agreement was reached. It might be difficult to tell the reasons which the negotiators in regard to a particular item. Haughton Lennox, of Simcoe, inquired if the government had studied the report of the British tariff commission agreement, and if its statements were correct.

Mr. Fielding said: "The government are not aware of any such report of the British government. I think it probable that the honorable gentleman has in mind a document, which is not official, issued by a political organization in England."

Hon. G. E. Foster was told that the Canadian silver is taking the place of United States coinage, which is being exported. During 1909, 1910, \$1,957,926 of Canadian silver was issued, and in 1910'11, \$1,452,400, whereas for the two years previously the average did not exceed \$900,000.

Arthur Gilbert, of Drummond-Arthabaska, proposed a resolution declaring that the government should spend one-tenth of its revenue in the encouragement of agriculture.

Hon. Sydney Fisher condemned the principle of the resolution as "vicious."

Supply On I. C. R. Estimates. After Mr. Gilbert's motion had been lost on division, the House went into supply on Intercolonial estimates. Mr. Graham stated that the recent adjustment of salaries had increased the pay roll by \$300,000 a year. The road, he said, was spending about \$300,000 on betterments. He admitted that the traffic department of the line is not particularly energetic in looking for business.

Questioned by Dr. Daniel and Mr. Stanfield on the acquisition of the branch lines, Mr. Graham said that later in the session he would make an announcement on the subject. The engineers of the department had reported on the acquisition of existing railways and in addition on the advisability of constructing new lines.

Dr. Daniel noted that the recent readjustment of sleeper rates resulted in an increase of rates in the Maritime Provinces.

"The price of upper berths is lowered," said Mr. Graham.

"And the lowers are upped," said Mr. Stanfield.

FORCED TO APPEAL TO BORDEN

The government, by reason of the dilatory tactics it has pursued, has compelled today to make advances to R. L. Borden, leader of the opposition, looking to the passage of a percentage of the estimates for the fiscal year which commences on Saturday, sufficient to permit the carrying on of the affairs of the country.

While it is possible that the opposition will accede to the request, the amount granted will not be by any means as large as that suggested by Mr. Fielding, and it is probable that the opposition will rely only to the extent of permitting the passage of sufficient supply to carry on the nation's business to the end of May.

That the session will last until the middle of the summer now seems to be thoroughly assured. The very fact that Mr. Fielding asked for three months supply points to this, and with the lengthening of the session, the probabilities of an appeal to the people are looking up more clearly.

Sir Wilfrid Laurier is stated to have intimated today to one of the executive of the Grain Growers here for the past month to urge the Reciprocity agreement upon both sides, and he would not be averse to going to the country in the early autumn.

The situation is such that the opposition can hold up the government at any moment it is deemed advisable to force them to the country. By refusing any more supply than will carry on public business until the end of May, the opposition preserves the whip hand. Until then the reciprocity debate will be enough.

THREE NEW YORK HOTELS GIVEN OVER TO DELEGATES TO WOMEN'S NATIONAL FOREIGN MISSION JUBILEE.

New York, March 29.—Six thousand women, attending the Women's National Foreign Mission Jubilee, sat down simultaneously to 850 tables at the Plaza, the Waldorf-Astoria and the Astor. Three thousand luncheon were held. Because of the great crowd the dining space of three hotels was required. The Plaza, the Waldorf-Astoria and the Astor. Three thousand luncheon at the Astor, 1600 at the Waldorf, and 1400 at the Plaza. Mrs. Helen Barrett Montgomery appeared at each gathering and delivered speeches.

Tomorrow denominational rallies will be held in many churches in the city, and contributions to complete the million dollar fund, which is desired for missionary work, will be offered. It is understood that there is about \$600,000 on hand now, that has been gathered in the other jubilees, and it is expected that the meeting in New York will more than complete the fund. Announcement of the collections will be made at the closing mass meeting in Carnegie Hall tomorrow night.

ALL PARTIES WILL UNITE FOR ARBITRATION TREATY

London, March 29.—A general committee to be made up of members of the House of Commons of all parties is under process of formation with the object of supporting the Anglo-American arbitration treaty.

SMALLPOX IN MONCTON.

Special to The Standard. Moncton, Mar. 29.—A case of smallpox has developed among the occupants of the farm buildings in the rear of Mary's Home, on the Mountain Road. A strict quarantine has been established and no further spread of the disease is anticipated. Smallpox has been stamped out at Grand Digne, about 10 miles from Shediac, where it was so prevalent a few weeks ago and it is expected the quarantine will be raised tomorrow.

GOT THREE YEARS FOR PUNCHING PRESIDENT

Man Who Assailed Ex-President Of France Sentenced To Three Year Term In A French Prison.

Paris, Mar. 29.—The sentence of three years imprisonment imposed upon M. Lacour, the royalist, for an assault upon former Premier Briand, was today confirmed by the higher courts.

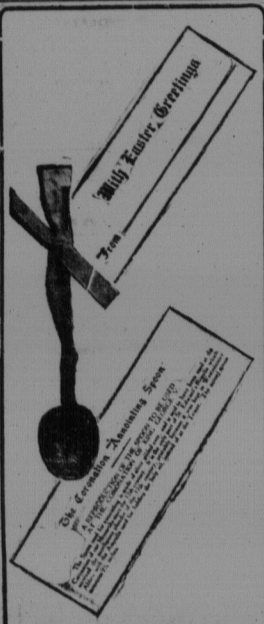

During the dedication of the statue of Jules Ferry on Nov. 20, Lacour made his way to Briand and struck him twice in the face. That night the Camels du Roi, the royalist organization, expressed its sympathy for the assailant by electing him a vice-president.

BROCKTON WILL NOT PROSECUTE CHAS. D. SHELDON

He Will Probably Be Returned To Montreal To Answer The Many Charges Preferred Against Him There.

Pittsburg, Pa., March 29.—Charles D. Sheldon alias Chas. D. Washburn, confined here in the county jail charged with being fugitive from justice, has not retained a counsel to fight the extradition proceedings, which, if successful, will return him to Montreal, where he is wanted for alleged irregularities amounting into the millions. Officers from Montreal are expected here tonight. No word has been received by the police from Brockton, Mass., concerning any claim the authorities may have on Sheldon.

Brockton, Mass., March 29.—The Brockton police have a warrant charging forgery of notes for nearly \$300,000 twenty years ago against Charles D. Robinson alias Charles D. Sheldon, under arrest at Pittsburg. In view of the time elapsing since Robinson disappeared from Brockton and of more recent charges pending against him in Montreal the local authorities will make no attempt to prosecute him at this time.

THE CORONATION SPOON \$1.00 Postpaid

The most popular souvenir spoon of the year 1911 is that shown above, it being an exact reproduction in miniature of the Coronation Anointing Spoon to be used at the crowning of King George V. It is made of Sterling Silver (gilt) coffee spoon size. We send with it an historical card and an Easter greeting card as shown.

An Appropriate Easter gift. Send for one today.

Thirty-Four in a Cage, All on Trial for Murder

VIEW IN COURTROOM AT VITERBO, ITALY, WHERE THE CAMORRISTS ARE ON TRIAL.

The above is a photo of the interior of the courtroom at Viterbo, Italy, where the accused Camorristas are on trial, nominally for the murder of Genaro "Cuculo" one of their own members who betrayed their secrets, but really for years of miscellaneous criminality all over the province of Naples. The Camorrist prisoners, 34 in number are in the big cage surrounded by soldiers. The little cage at the right hand side of the photo is occupied by Genaro Abatemaggio, a Camorrist who turned informer and has to be boxed up separately for fear the others would kill him before the guards could interfere. Don Ciro Vitozzi, the Camorrist priest who sits in front of the cage (on the left) is also allowed the freedom of the lawyers' table because he is nearly dead from heart disease and will probably die before the trial. The woman beside him is the wife of a prisoner.

Viterbo, Italy, Mar. 29.—The entire sitting in the trial of the Camorristas was occupied today in the furnishing of evidence. The president of the court, Senor Bianchi, interrogated the witness at great length during the afternoon concerning contradictions in his statements made at different times. To the question of the president as to whether he suffered from epilepsy, Abatemaggio replied in the negative. "Here is a military medical certificate," said President Bianchi, "stating that you left the army after three attacks of epilepsy." "That I did it purposely to be sent home from the army," said the witness.

WATER AND SEWERAGE BOARD FAVORS LEASING MISPEC MILL

Will Recommend Council to Allow Stetson, Cutler & Co. to Have Property for \$2000 a Year, with Option to Purchase at \$25,000--Many Other Matters Dealt with.

At the meeting of the Water and Sewerage Board last evening it was decided to recommend the council to lease the Mispec Pulp Mill to Stetson, Cutler & Co. for \$2,000 a year, with an option to purchase for \$25,000.

The Pulp Mill Proposition. The sub-committee had tabled the Mispec Pulp Mill proposition over with the recorder and the mayor and had decided that if the mill was worth \$30,000 some months ago, it ought to be worth the same amount now. They recommended that the mill be leased for \$2,000 a year for a period of ten years, and to give an option to purchase for \$30,000.

The chairman added that Stetson, and Cutler said they would only give \$20,000. He thought if they split the difference the matter would go through.

Ald. White said everybody was anxious to get the mill in operation, while protecting the city's water privilege. If the company took away their machinery the building would hardly bring \$20,000. He thought they had better sell.

The chairman—"The council would not accept \$20,000."

Ald. Wigmore thought they should hold out for \$30,000.

Ald. Hayes thought they should make an offer of \$25,000.

Ald. White's motion was then adopted.

Lancaster Water Supply. Geo. Maxwell and John Montgomery were heard in connection with the water supply on Lancaster Heights. They said the supply was getting so bad that at times they couldn't get water with a pump. Mr. Maxwell said he had ways to get a good supply till this winter. He noticed the falling off last summer, and did not think the trouble was due to people letting their taps run in cold weather.

Mr. Montgomery said he lived on about the highest part. Some years ago he had no trouble, but he had not been able to get water for four months. All the residents of the district had signed a petition, complaining of the water supply.

Dr. L. M. Curran and W. I. Fenton were also heard. Dr. Curran said the district had a very poor supply, certainly not enough for fire protection, and this was a drawback to the development of the district. Mr. Fenton said the tenants of his

"I COULD NOT LIVE" WITHOUT "FRUIT-A-TIVES"

Says the Treasurer of Caledonia Township

Fenaghvale, Ont., Jan. 29th, 1910. For thirty-five years (and I am now more over seventy) I have been a terrible sufferer from Constipation. No matter what remedy or physician I employed, the result was always the same, impossible to get any relief. About two years ago, I read the testimonial of Hon. John Costigan regarding "Fruit-a-tives" and I decided to give this fruit medicine a trial. I have used "Fruit-a-tives" ever since. They are the first and only medicine that suited my case. If it were not for "Fruit-a-tives," an anxiety that I could not live, JAMES PROUDFOOT. The liver controls the bowels by giving up enough bile to make the bowels move. The only power to cure constipation is to make the liver active and healthy and thus store up sufficient bile to move the bowels. "Fruit-a-tives" acts directly on the liver—ensures an abundance of bile—and causes the bowels to move regularly and naturally. 50c a box, 6 for \$2.50, trial size, 25c. At dealers, or from Fruit-a-tives Limited, Ottawa.

GARRETT, TRIMMED AGAIN

Continued from page 1. At tonight's meeting, however, the crowds came from not only this city but from different sections along the St. John river valley from York County as well as from Sunbury County. An hour before the meeting opened all the speakers were taken to the aisles throughout the entire meeting. There were some exciting scenes before the meeting opened. A paid choir leader introduced the speakers and called for cheers for Burden. Groans and hisses greeted him and then there were cheers for Dr. Fleming. The speaker who followed, Mr. Carvell, spoke there was little or no applause, but the feeling of the audience was strongly shown when Mr. Fleming was speaking. He was cheered and then again as he scored point after point upon Mr. Carvell.

THE MEDUCTIC MEETING WAS VERY, VERY CHILLY

Copp and Bentley Found Small Welcome in Opposition Meeting--Meductic will Give Big Vote for Morehouse.

Special to The Standard. Meductic, March 29.—The opposition meeting held here this evening turned out to be a first class frost. The efforts of the speakers to create any enthusiasm failed lamentably, and before they were half through two-thirds of the audience lost interest and got up and left the hall.

Mr. Carvell Siors Students. Mr. Carvell set himself in bad with the students of the Normal School, university and business college, who occupied a seat in the gallery, by yelling at them once when they were applauding: "I hope those infants up there will never get into the Normal School."

Later on Mr. Fleming referred to the slur that had been cast upon the young men by Mr. Carvell and general applause from the audience greeted the speaker. Mr. Carvell's expression of pleasure that the young men of this country should be taking such a lively interest in the public affairs of the country.

In the course of his speech Mr. Carvell made some rather remarkable statements. On one occasion he declared openly that it was the fact that the counties of the St. John valley sent "conservative members instead of radicals to parliament in 1907 that caused the Transcontinental railway to be routed by the back route instead of through New Brunswick."

When Hon. Mr. Fleming replied to Mr. Carvell he pointed out the inconsistency of his opponent's argument in saying that the Dominion Government did not want a C. B. operation when Premier Hazen had been the person to suggest it. Continuing Mr. Fleming pointed out the fallacy of Mr. Carvell's argument that in last year's session an agreement between Sir Wilfrid Laurier and the leader of the opposition that no new legislation should be introduced was responsible for the delay in the project occasioned by the federal government. He reminded the audience of the statement made by R. L. Borden on that occasion when he arose in parliament and said that he would not object to the legislation being introduced if it was decided to leave a willingness to go to Centerville or Lakeville in Carleton County and discuss with Mr. Carvell the route to be followed.

Mr. Carvell in the course of his speech stated that the Dominion Government could do with all the money Mr. Carvell said it had, was to agree to give the \$6,400 subsidy.

There was great excitement at this stage of the meeting and a few minutes later Mr. Carvell called upon the chairman for help and ex-sheriff Sterling, who had recovered from the loss of memory with which he suffered at the time of the Central Railway Royal Commission investigation, remembered his instructions and called time.

The meeting is expected to prove a great vote winner for the government party tomorrow at the polls. The electors who attended were convinced that the Hazen government are making an honest effort to give the people of the St. John valley a railway and that they were able with the block's brigade consisting of Mr. Carvell and his friends, at Ottawa and the provincial opposition.

Cheers for Dr. Morehouse and the Hazen government ended the meeting and Mr. Fleming was generally congratulated upon his success in again downing the Carvell counter-buffet.

Dr. Morehouse will be elected tomorrow by a majority of generous proportions.

LATE SHIPPING. Rockland, Me., March 29.—Sid. Schr. Mosma, from St. John, N. B. for Washington.

New London, March 29.—Sid. Schr. Samuel Hart, from St. John, N. B. for New York; Manuel R. Cusa, from St. John, N. B. for Providence.

Pravle Point, March 29.—Passed: Str. Shenandoah, St. John and Halifax, for London.

Continued from page 1. Mr. Baxter explained that the desire of the council was merely to place the task of framing a new charter in the hands of a committee of men wholly independent of the council, men favorable to the commission plan rather than in the council itself which is divided in its opinions. All this was of course, on the supposition that the new scheme would be carried in the plebiscite. So far as the council was concerned it had no wish to call this committee a royal commission or anything else in particular, but merely wanted to meet the wishes of the people and in its desire to do so the speaker regretted that there had evidently been a misunderstanding on the part of some of those enthusiasts who feared the opposition of the council.

Mr. Baxter reviewed in detail a number of the radical changes which the introduction of the commission plan would involve and showed that the greatest care would be necessary in the preparation of the charter. A Change of Sentiment. At the close of Mr. Baxter's address there was evidence of a very considerable change of sentiment on the part of a number of the delegates, some of whom began to think that they had acted without sufficient thought in so energetically opposing the measure. W. H. Barnaby, chairman of the Citizens' committee, was then heard. He was in favor of the original bill, but opposed to the proposed amendments. It was the citizens of St. John who wanted government by commission, and citizens should have the preparing of the bill. The citizens' committee already had a charter committee busily engaged in receiving facts and information upon which to frame a bill. The proposal for a royal commission had been sprung upon the people, was carried through the Common Council by a bare majority. The citizens' committee felt no antagonism in this matter towards the Common Council; they wanted only to work in harmony with it, but they did not want to delegate the preparation of the commission charter to a royal commission to be appointed, but to retain that right for the citizens themselves. Citizens Should Decide. Miles E. Agar followed along the same lines of the previous speaker. He took the ground that the legislature should not say, and ought not to be asked to say, whether St. John's system of civic government was a good or bad one, that was a matter solely for the citizens themselves. He submitted that the preparation of the bill should not be left to possible opponents of the scheme, but its advocates and friends. He presented a protest against the amendments signed by about 1,500 citizens. T. H. Estabrooks said that the matter had already been fully discussed, and he would refer only to the royal commission proposal. He contended that the framing of a commission charter should be left with its friends, and not to the legislature. The Common Council was divided almost evenly, eight for a royal commission and seven against it. On the other hand, the citizens were almost unanimous against the royal commission idea, and so far as he could learn only the eight aldermen before mentioned favored it, and he appealed to the committee to leave the matter in the hands of the citizens. In reply to a question by Premier Hazen, Mr. Estabrooks stated that he favored the passage of Clause 2 of the bill, which provides that an act for the government by commission shall be prepared by the Common Council and sent to the legislature. At the request of John E. Wilson, M. P. W. Allingham spoke on behalf of the Trades and Labor Council. Afternoon Session. As there were still several speakers to be heard adjournment was taken for lunch and in the afternoon shortly after the House had assembled and adjourned the hearing was resumed. This time the details of the bill were discussed in a rather free and easy manner, many speakers being heard. During the lunch hour the delegates had held a little indignation meeting of their own and prepared a resolution or rather an amendment to the bill which was presented by Mr. Belyea. This was discussed at some length. There was also a resolution that the committee was strongly opposed to the idea of a royal commission. After a somewhat lengthy discussion in which Mr. Hazen offered many valuable suggestions, it was decided to leave the whole matter in the hands of a joint committee to be arranged according to the ideas expressed by the delegates when the hearing adjourned. Before this was done there were further addresses from Messrs. Barnaby, Tilley, Belyea, Skinner, Baxter, Donovan, McGoldick and others. Mr. Barnaby expressed the pleasure of the delegation and their thanks to the Municipalities Committee and to the members of the legislature for the kind reception and full hearing given them. Hon. Mr. Hazen said that it was always a pleasure to meet delegations from St. John and especially so the present large and influential one. The business upon which they had come was equally important with many affairs before the legislature and he would willingly have adjourned the House for a day or two or three if necessary so that the St. John legislation might have full discussion. He was gratified at the business-like way in which the delegation had gotten down to work and the able manner in which their views had been presented by the several speakers. A Bill Agreed Upon. The committee selected on the premier's suggestion consisted of Messrs. Hazen, Barnaby, Belyea, Baxter and Tilley. They sat after the hearing and went over in detail the different points at issue, and were able with very little trouble to arrive at the final settlement of the matter. The result is that the bill to be presented to the legislature which will without doubt be passed without further amendments, will read as follows: "An act to provide for the taking of a plebiscite on the commission plan of civic government in the city of St. John. "Be it enacted by the lieutenant governor and legislative assembly as follows: I. It shall be the duty of the common clerk of the City of St. John when preparing the ballots for the civic elections in April next, to have printed at the bottom of each ballot, the following words, namely: "For Commission." "Against Commission." "If the voter favors government by commission he shall rule, erase or strike out the words 'Against Com-

FOOD SUPPLY FAILING IN ALASKA MINING CAMP

Although Gold is Plentiful in Iditarod, Provision Business Would be More Profitable than Mining.

Tacoma, Wash., March 29.—Iditarod, Alaska's new Eldorado, will be a hungry camp long before the first food laden steamship gets to its relief in June. Already the prices of its meagre supply of staples are on a scale that makes the provision business more profitable than gold mining. After another 12 weeks several lines of food will not be purchasable for money in any amount.

Reports of an impending food shortage have been drifting out all winter. One traveler headed for the Iditarod received a telegram warning against an invasion in any considerable numbers because of the great lack of necessities.

Valdez newspapers report the departure in the last 10 days of 200 persons bound for Iditarod. These men, who should reach their destination in less than thirty days, will considerably increase the demand upon the already low provision supply. A similar food shortage exists in the Innoko and Kuskokwim placer districts. Game comprises the only fresh meat obtainable.

A Pretty Parisian Plastered with Pearls

This is Miss Robb, the "pearl girl," who is the rage of the stage in Paris this season, in "Les Marionnettes." Over 400 pearls are used in trimming of the gown. She wears a necklace of 600 pearls that reaches almost to the hem of her silken skirts. Sheaves of wheat, wrought in pearls, are worn at her neck and in her hair. Her costume is said to have cost nearly half a million. She is a walking gem store and Parisians are fighting nightly to get into the theatre where she is appearing.

MANY CHILDREN ATTENDED BIBLE SOCIETY SERVICE

Tercentenary of the King James Bible Observed at Monster Gathering in Centenary Church, Yesterday Afternoon—Inspiring Addresses Delivered by Rev. G. M. Campbell and Judge Forbes.

Centenary church was the scene of an inspiring assembly yesterday afternoon when the children of the city were gathered together to take their part in the celebration of the tercentenary of the King James version of the Scriptures. The meeting was held under the auspices of the Canadian Bible Society.

Through the kindness of the local school authorities the public schools were dismissed at three o'clock and this, with the perfect weather conditions, made a large attendance possible. The church being packed to the doors.

The younger children, who were dismissed at 2.30, preceded direct to the church and were given seats at the front. The older pupils left their schools at 3 o'clock and a large number formed in line to march to the church. The procession was headed by the Boy Scouts, the Scotch Cadets and the Pipe band.

On arriving at Centenary the children were seated in the body of the church, the gallery having been reserved for teachers and officers of day and Sunday schools, patrons of the Bible Society and others interested in the work.

The order of service carried out was as follows:

Prayer, concluding with the Lord's Prayer—Rev. Dr. Flanders, minister of Centenary church.

Hymn—Tell Me the Old, Old Story.

Reading of the Scriptures—Rev. A. A. Graham, B. D., minister of St. David's church.

Prayer—Rev. F. S. Porter, M. A., pastor German street Baptist church.

Address—Hon. Justice Forbes.

Patriotic song—My Own Canadian Home.

ST. MARTIN'S ASSAULT CASE.

St. Martins, N. B., March 27.—Edwin Lewis was assaulted yesterday by Hazen Burnside, being struck on the head near the left temple with a hardwood stick used as a whip.

Lewis sustained a very painful wound. Burnside was arrested and brought before Stipendiary Magistrate Moran, who imposed a fine of twenty dollars or three months jail. He paid the fine.

Notice to Mariners. New Brunswick, Bay of Fundy.—A life saving station has been established by the government of Canada on Little Wood Island, Bay of Fundy.

A boat house stands on the north side of Little Wood Island (and called "The Island") building, painted brown. A motor surfboat is held ready for service in case of disaster to shipping.

The dwelling of the caretaker of the station stands on the summit at the southwest end of the island. It is a rectangular wooden building, painted white. The maintenance of a life saving station at Seal Cove, south shore of Grand Manan Island, has been discontinued.

Shipping Notes. Donaldson line str Athena, now on her way to Glasgow from this port, took away 111,850 bushels of wheat, 5,368 bags of flour and 169,498 feet of deals and other general cargo valued at \$167,831.

Furness line str Pomeron on her way to Halifax with loading for Broadhead for orders took from this port 100,026 feet spruce deals, valued at \$1,600.

Allan line str Pomeranian, Capt Henderson, arrived in port yesterday at noon from London and Havre. The str was 13 days on the passage. She landed 342 passengers, 111 second cabin and 231 steerage.

The small bay str Mikado, Capt Lewis, that plys between this port, Apple River, Alma and other ports is again in commission for the sea. She cleared for Alma, N.B., yesterday. The Mikado was laid up during the winter months.

Solicitors—Hanington and Hanington. Bankers—Bank of New Brunswick. Among other rights enjoyed by this company is that of acting as trustee of owners of real estate, and the first transaction of the company was to accept trusteeship of a large tract of land in Alberta purchased by a number of gentlemen.

Among others interested in this company are Dr. A. F. Emery, Geo. A. Horton, A. S. Belvea, John Russell, Jr., James Stewart and Geo. W. Flemming.

ANOTHER TELEGRAPH CAMPAIGN LIE NAILED

Hon. Robert Maxwell Issues True Statement of what Hon. H. F. McLeod said at Bear Island.

Fredericton, March 29.—Hon. Robert Maxwell gave the following statement today: "I have read the flat contradiction of Hon. Mr. McLeod, published in this morning's Telegraph, in which Mr. Sinnott is purported to have stated that Mr. McLeod assured the audience that the contract for the construction of the St. John Valley Railway had been signed. The question of the construction of the St. John Valley Railway was not under consideration at the time, but Mr. Sinnott and others asserted that the proclamation bringing the act into force for the construction of the St. John Valley Railway had not been signed by His Honor the Lieutenant Governor. When Mr. Sinnott arose in his place and asked Mr. McLeod if he had the proclamation with him, Mr. McLeod stated that the proclamation signed by His Honor the Lieutenant Governor was in the hands of the clerk of the executive council. Mr. McLeod never made the statement that any contract had been signed for the construction of the St. John Valley Railway at the meeting at Bear Island, or any other meeting along the river valley." (See.) "ROBERT MAXWELL."

BISHOP DU MOULIN, OF NIAGARA, DEAD

Hamilton, Ont., March 29.—The Right Rev. John Philip Du Moulin, M. A., D. D., Bishop of Niagara, died shortly after 1 o'clock this morning at his Episcopal residence. Although in failing health, he had been seriously ill for only a few days, having been overcome by weakness on the street on Monday last week after addressing St. Mark's Deanery.

Bishop Du Moulin was born in Dublin in 1826, and was educated at Trinity College. He was ordained in 1863. He was Canon of St. Alban's church, and Dean of St. James' Cathedral, Toronto, for a number of years. While Dean he instituted the noonday services in the cathedral which drew large congregations and are still maintained. Bishop Du Moulin visited Halifax and St. John last year with the other dignitaries of his Church, and while in St. John he was the guest of Rev. R. A. Armstrong, of Trinity. He preached on Sunday morning in the Mission church and in the evening in St. George's West Side. Bishop Du Moulin was a man of much ability, and was a very eloquent preacher.

SIR CASPAR CLARKE DEAD.

London, March 29.—Sir Caspar Clarke, formerly director of the Metropolitan Museum of Art in New York city, died today at his residence in Earls Court.

Don't Grow Old Too Fast

"A man is as old as his arteries." Old age is merely a hardening of the arteries—and hardening of the arteries comes from excessive eating of high-protein food such as meat and eggs. Cut down the high-protein diet for awhile and eat Shredded Wheat. It supplies all the body-building material in the whole wheat prepared in a digestible form. Of course

SHREDDED WHEAT BISCUIT

will not "cure" appendicitis—nor will any other cereal food. The excessive eating of indigestible foods, however, gradually brings on stomach and bowel disorders—and these can be prevented by a daily diet of thoroughly cooked cereals. Shredded Wheat is best for this purpose because it is steam-cooked, shredded and twice baked, retaining the bran coat, which is so valuable in keeping the bowels healthy and active.

Heat the Biscuit in the oven to restore crispness and serve with hot or cold milk and a little cream, adding salt or sugar to suit the taste. It also makes delicious combinations with stewed or preserved fruits. Two Shredded Wheat biscuits with stewed fruit makes a wholesome nourishing meal.

TRISCUIT is the Shredded Wheat wafer—a crisp, tasty, nourishing whole wheat Toast, delicious for any meal with butter, cheese or marmalades. Always toast it in the oven before serving.

Made by Canadian Shredded Wheat Co. Limited Niagara Falls, Ont.

FINANCIAL WORLD

CANADIANS ACTIVE IN MARKET

New York, March 29.—The rather hollow and professional character of the stock market was again strikingly illustrated today when prices made another upward move in the early trading only to lose all and more in the latter part of the day. Noteworthy exceptions to this outcome were the Canadian group which were active and strong under the leadership of Canadian Pacific, that stock going to a new high record on fairly extensive buying, much of which was credited to London and Montreal interests. Wisconsin Central and other affiliated stocks were an apparent demand from these same sources, but the movement was not participated in by local speculative interests, which have seldom shown marked partiality for these issues.

In the active group such as United States Steel, Union Pacific, and Reading, the day was characterized by buying and selling, the bears making a series of drives in the final hour which resulted in material losses. In these and other prominent stocks, the decline was attended by rumors connected with next week's reassembling of Congress and the United States Supreme Court, and traders were inclined to retire their commitments pending more definite knowledge of these important factors.

News of the day was without very direct bearing upon the market situation. American securities opened steady in London, but closed much lower on profit-taking. That center was held to the extent of perhaps 20,000 shares, as against its large purchases of the previous day. Continental markets were steady with a considerable degree of activity in Berlin.

In connection with the foreign situation, there was a sharp decline in foreign exchange demand and cable falls to 25 points respectively. There has been much speculation in exchange recently, and today's reversal was accepted as a reflection of this condition. Local banks made fair shipments of currency to interior correspondents, presumably in connection with April 1st interest and dividend occasion no surprise.

Business in the steel and iron industry during the past week, was undeniably disappointing and especially for rails, in which particular product it was thought that some very large orders were pending. Some improvement was reported in the demand for structural steel and bars. Trade in general shows no change from the adverse activity received last week.

Among the railway reports received today for February Canadian Pacific showed an increase of \$32,000 in gross and a decrease of \$342,000 in net, but total net from July 1st last to February 28 still shows an increase of more than \$1,500,000. The lines of the Rock Island system reported a decrease of \$87,000 on operating expenses and a net increase of \$7,000. Canadian Pacific's complete return to the controller of the currency show that national banks all over the country have cash holdings some \$94,000,000 in excess of legal demands. Local national institutions largely increased loans and discounts and gained some \$60,000,000 in cash. Middle western banks also report a large loan expansion, but those farther west reduced this account and increased deposits.

The bond market was irregular, with trading in the convertible issues of Union Pacific, Norfolk and Western and Atchafalaya again a feature. U. S. government bonds were unchanged. Total sales, par value, \$2,991,000.

Canada Machinery Corporation
6 Per Cent. Bonds

The assets of this company are more than three times the bond issue. The earnings are estimated at more than five times the bond interest charges.

Based upon actual figures for the six months following August 1st, the company is earning bond interest, preferred dividends and from 4 per cent. to 6 per cent. on its common stock.

A safe investment yielding 6 per cent. now, with opportunity to make more than bond interest by enhanced value of common stock.

Price par with 20 per cent. common stock bonus.

ATLANTIC BOND CO., LTD.
Bank of Montreal Bldg.
HOWARD P. ROBINSON, President.

EGGS—Fresh 20c to 23c.

CHEESE—Vermont 2 1/2c to 12 1/2c; Easterns 11 1/2c to 12c.

BUTTER—Choice 26c to 27c; Seconds 24 1/2c to 25 1/2c.

CLOSING STOCK LETTER.

By direct private wires to J. C. Mackintosh and Co.

New York, March 29.—Activity was maintained on a fair scale in today's stock market but the course of prices was irregular and in some cases distinctly reactionary. The recent advance seemed predicated upon no evidence of vigorous initiative on the part of the market's logical leaders, but rather upon a feeling among speculators that as the market had failed to decline under very depressing conditions of dullness it would move back to base moderate operations for a steady advance without interruption.

News of somewhat adverse nature was not lacking today upon which to base moderate operations for a steady advance without interruption. The trend of current railway earnings is rather unfavorable, although this is a normal period of pause in general traffic. Reports from the steel industry also were none too encouraging, showing that improvement was proceeding at a slower rate than seemed likely two months ago. Finally the weakness of American woolen stocks was disconcerting at this time in view of the early commencement of the extra session of Congress, leading as it did to the general inference that some holders of the stock had received some indication that a revision of the wool schedule would then be undertaken. The Can. Pac. group was an exception to the general trend although these reacted from the early high prices in sympathy with the general list. The set-back as a whole seemed to be due to local causes. The situation at large shows no material change.

LAIDLAW & CO.

CLOSING COTTON LETTER.

By direct private wires to J. C. Mackintosh and Co.

New York, March 29.—While detailed advices from the Southwest seem to confirm the general reports of ample rains and substantially improved new crop prospects, and while general sentiment as to whole remaining general technical accuracy of the May situation tended to restrict aggressive operations for the fall. There was indeed some heavy selling of July and the later months during the day but a great part of these were attributed to hedging operations in May upon a large scale with the result that a difference between that position and the July option widened about 7 points further. This proceeding again centered attention upon the May deal to prejudice of bearish crop developments. It was rumored that a strong Wall Street combination had been operating on the bear side, being attracted to the cotton market by the dullness on the stock exchange. This story, however, was received with comparative indifference as the trade seems thoroughly convinced that the May option is under thorough control and that a large short interest in the distant months would add materially to the market's general technical strength and accelerate a sympathetic advance through the list should the clique begin aggressive manipulation of the near month. Distant positions furnish the safest medium of speculation just now.

MUCH IS EXPECTED OF GREGG

VEAN GREGG.

Never did ball players break into the league better recommended than Vean Gregg, the six-foot southpaw with Cleveland.

Gregg hails from the Pacific coast. He has been pitching since he was a kid, but his first professional job was with Spokane in 1909. It was after he had pitched 11 games for Spokane that Jim McGuire bought him for \$4,000.

That same day Gregg's arm went bad. Investigation showed that the youngster had been pitching nine full innings daily to give his mates balling practice.

Later his arm regained its strength and he was as good as ever. When he received the contract sent him by Cleveland in 1910, Gregg returned it. He imagined because he was worth \$4,000 his first year out he was entitled to more salary.

Cleveland club officials didn't think so and sent him to Portland, Ore., where Manager McCredie, realizing his ability, followed his usual tactics and overworked Gregg just as he had worked Spec Harkness.

An idea of McCredie's method is shown in the fact that Gregg worked in 11 games in three weeks. He pitched 52 games for Portland.

This spring Gregg is with the Naps at Alexandria, La. His experience has taught him a lesson and he is spending more time perfecting his fielding than in smoking them over. He knows that he will be held for a thorough trial and has confidence in his ability to make good when the time comes. His record is almost positive assurance that he will. An enthusiastic admirer of the big fellow has been quoted as saying that he has everything Rube Waddell ever had with brains instead of scrambled eggs.

BLACK'S AND ST. CROIX BOWLERS ARE TIED IN RACE FOR CHAMPIONSHIP

About 200 bowling enthusiasts crowded into Black's alleys last night and cheered both home and visiting bowlers when good scores were made. It was a hard grind all day and night for the bowlers and it was one'clock this morning before the last pin was down.

To date Black's and the St. Croix teams are tie in the standing each having four victories and no defeats. The tournament will continue today and finish tonight. The day's play is as follows:

MORNING GAMES.

At nine o'clock—
St. Croix.
Trimble... 84 83 84 251-82-2-3
Murchie... 88 65 90 243-81
Bates... 80 82 84 248-82-1-3
Burpee... 78 80 72 231-77
Moore... 85 85 87 256-85

401 396 418 1227

Browns.
Casey... 83 74 78 235-78-1-3
Adams... 71 81 80 232-77-1-3
Carson... 84 75 95 254-84-2-3
McCurdy... 79 75 87 241-80-1-3
Beckett... 78 82 86 246-82

395 387 426 1208

The second game at 11 o'clock was between the Y. M. C. A. and the Cal's teams. The former won by a large margin. The result of the score was as follows:

At eleven o'clock—
Y. M. C. A.
Estey... 82 80 83 245-81-2-3
Howard... 77 81 86 244-88
Jackson... 107 87 81 275-91-2-3
Bent... 86 83 103 272-90-2-3
Scott... 92 94 77 263-87-2-3

444 435 440 1319

Browns.
Casey... 88 81 78 247-82-1-3
Adams... 89 82 76 258-86
Carson... 75 69 64 208-69-1-3
McCurdy... 88 88 88 256-82-1-3
Beckett... 87 85 86 278-92-2-3

407 418 402 1227

AFTERNOON GAMES.

At 1 o'clock—
Chatham.
E. Bernard... 86 84 91 261-87
Currie... 79 75 87 241-80-1-3
Snowball... 89 77 82 248-82-2-3
Mann... 92 98 87 277-92-1-3
G. Bernard... 76 72 77 225-75

422 406 424 1252

Marathons.
Kelly... 80 79 102 261-87
M. Hurley... 75 79 84 238-79-1-3
Winters... 79 89 84 262-87-1-3
Ward... 90 92 83 266-88-1-3
J. Hurley... 86 83 84 253-84-1-3

410 432 437 1279

Browns.
Adams... 77 78 73 228-76
Carson... 69 87 73 229-76-1-3
McCurdy... 86 86 78 250-82-1-3
Casey... 98 82 82 262-87-1-3
Beckett... 81 86 87 264-88

421 419 393 1233

Woodstock.
Fields... 80 94 86 260-86-2-3
Blackie... 87 87 85 259-86-1-3
Balmalm... 78 80 77 235-78-1-3
Brown... 78 96 77 251-82-2-3
Rogers... 90 80 77 247-82-1-3

413 437 402 1252

At 3 o'clock—
St. Croix.
Murchie... 108 102 92 302-100-2-3
Trimble... 73 69 79 221-73-2-3
Moore... 90 111 100 310-103-1-3
Bates... 83 82 87 273-91
Rutherford... 86 91 85 272-90-2-3

459 466 453 1378

THEY'LL SOON BE PLAYING IN BIG LEAGUES

Less than a month and the race for the 1911 pennant will be on. News from the training camps of the big teams in the south is pouring in every day, and it is interesting to note that the U. S. army manoeuvres on the Mexican border. When the 21st of April arrives, however, even the "war" will be in the background, the baseball will replace the cannonball, and the public hero instead of the boy in blue.

Speaking of heroes, it is generally the pitcher who gathers in the largest number of laurels of any individual member of the team, and he has an opportunity to distinguish himself individually than any other member of the team, and is censured or praised in the clearest terms. His place on the team is held only by his pitching ability; his stickwork is not considered if he is a great twirler. With others in field positions, however, it is slightly different, a player must not only have the ability to cover his position, but must have a batting average as well. Both qualities come in for an equal share of consideration, and his reputation hangs on the particular quality in which he excels. For instance Hans Wagner is a great short stop, but a great batter. It is his phenomenal stick work that has made him a baseball idol. Larry Lajotte, of the Cleveland team, is another example. He has an enviable reputation as a second baseman, but his work at the bat has overshadowed it. On the other hand, we find a man like Richmond of the Yankees, who should have strong teams, and the boys from Evangelina land will have to equal their best previous achievements to win the championship this year.

JACK JOHNSON GETTING READY TO FIGHT AGAIN

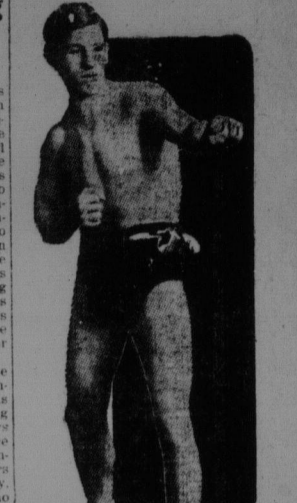

Chicago, Ill., March 29.—Jack Johnson is on the point of saying good-bye to America for several years. Instead of passing his time on the coast in his automobile and other pleasures to the exclusion of his "life work," it appears that the champion has been busy preparing himself for battle. A letter received from San Francisco brings out the fact that Jack is ready to step into the ring at a week's notice. He has slipped away from his friends every day and taken long hikes on the road. He also has been sparring in a private gymnasium unknown except to a chosen few. He is said to be every way as good as when he fought Jim Jeffries on that fatal day at Reno.

The change of action on Jack's part was brought about by several communications received from England. Jack learned that McIntosh was mapping out a long schedule for him in London and Paris rings. Included in the list are battles with several of the best heavyweights left in the division, starting with lesser known lights and culminating in a world's championship event. This last job will probably bring Al Kaufman up as his opponent.

The amount of money which McIntosh suggests is so large that it has caused Jack to forget there is such a place as the United States. Moreover, Johnson realizes he stands more chance for enthusiastic backing abroad than he does in this country as the race feeling does not exist there. This report from the coast, following so closely on the news that Hugh McIntosh is on the point of sailing for America to try and induce Johnson to go abroad with him shows that Johnson has taken the affair seriously, because he is not the man to work for weeks and weeks unless there is something tangible in sight. From all indications Jack will not fight in the United States again for some time, and fans here will not see him in his battles for the title unless they go abroad.

In fact, Johnson has little chance of picking up much easy money unless he does make a move of this kind. The opportunity of staging big battles is so hard that few promoters care to take the risk. And the Yankee enthusiasts do not like to see a champion stack up against second-rate fighters in the way they do in the Old Country. The six and ten-round battles have no lure for Johnson, so everything looks like a journey back with McIntosh in the near future.

HOWARD NEVER FOUGHT A PRELIMINARY

JIMMY HOWARD.

Memphis, Tenn., March 29.—Some good advice, a stranded ball club and injuries to a couple of fighters, started Jimmy Howard, the middleweight, on the road to fame. Determination and a nut with something in it did the rest.

Howard never fought a preliminary. As a youngster he lived in Chicago. He wanted to fight but Jack Root advised him to wait until he attained his growth. He did.

He turned to baseball and joined the all Chicago team which Walter Eckersall took south. At Paducah, Ky., the team ran out of funds, and Howard heard of a fight at Joliet, Ill., that was hanging fire because of an injury to one of the men. He arrived via freighter in time to fill in and beat Charlie Morrison in 10 rounds.

Now Howard is here again. His victory over Bill McKinnon was the most popular in the history of Memphis boxing. Jimmy insists he might never be a successful boxer but for a stranded ball club and the accidents that let him volunteer.

Now Howard is here again. His victory over Bill McKinnon was the most popular in the history of Memphis boxing. Jimmy insists he might never be a successful boxer but for a stranded ball club and the accidents that let him volunteer.

MARITIME COLLEGES WILL HAVE KEEN TRACK CONTEST

Fight for the Inter-Collegiate Trophy this Year, is Expected to Prove Sharper than Ever Between Mt. A., U. N. B. and Acadia.

It looks very much as if the fight for The Halifax Herald and Mail's intercollegiate track trophy will be exceedingly keen this spring. It will be no walk-over for Acadia, as was the case in former years, Mount Allison and the University of New Brunswick would have strong teams, and the boys from Evangelina land will have to equal their best previous achievements to win the championship this year.

We have been informed that Acadia's team will be weak this spring, for she has lost some of her best men, exceedingly keen this spring. It will be no walk-over for Acadia, as was the case in former years, Mount Allison and the University of New Brunswick would have strong teams, and the boys from Evangelina land will have to equal their best previous achievements to win the championship this year.

HAMPTON GIRLS DEFEAT SUSSEX AT BASKETBALL

Hampton, Mar. 28.—A party of girls belonging to the Sussex high school came to Hampton last Saturday and played a game of basketball with the high school girls of Hampton consolidated school in Agricultural hall, Hampton Village.

The lineup was as follows:

Hampton. Forwards. Sussex
Mabel Crandall (capt.)... Alice Leek
Gladys Smith... Marguerite Jonah
Contra
Vivian Fowler... Sarah Euman
Defence.
Marguerite Adams... Mary Allison
Cora Bennett... Hazel Armstrong
Principal referee.

The first half of the game was played under the boys' rules, with a score of 2 to 1 in favor of Hampton. The last half was played under the girls' rules and the score was 15 to 1 also in favor of Hampton. Total, Hampton, 16; Sussex, 2. Miss Hay, teacher in the Sussex school, accompanied the visitors, who were royally entertained by the victors in the domestic science room of the consolidated school and by the neighborhood, before taking the return train to Sussex. Next Saturday the Hampton girls will go to Sussex for a return match.

CONNIE MACK'S BOXMEN STEAL BATTERY SIGNALS

That Chief Bender and Jack Combes are the most accomplished pair in baseball today when it comes to getting signals of the opposing players is the declaration of Syd Smith, who was member of the Athletics a few years ago.

"When I came up from Atlanta to join the Athletics," says Smith, "I was the greenest catcher there ever was when it came to inside play. I was there with the mechanics that night when it came to the finer points of the game I was worse than a novice. Connie Mack told me that he was depending upon me to become a catcher, whose as Doc Powers could not work often and Schreck was beginning to go back so he put Chief Bender in charge of me, and by the time Chief had completed teaching me the inside stuff, I think I was a mighty wise catcher, for there is nothing about the game that the Chief does not know.

"Then my arm went to the bad and Connie traded me to St. Louis. I told McAleer and the other Browns how Bender and Combes were stealing the signals of every team in the league, but they would not believe me. In fact, they gave me the laugh and said it was impossible. But it wasn't, for even when Bender and Combes were grabbing signals from the coaching lines just as they did in the world's series. And I want to tell you that when one of the Athletics is on second base, the catcher wants to be mighty careful how he gives the pitcher the signal.

"How do they get the signals? Well, they don't get them always, but both Bender and Combes have studied the pitchers so well that they can, as a rule, tell just what ball is going to be pitched from the way the pitcher holds his fingers. Of course, they are crossed sometimes, but not often.

"Then Joe Birmingham related how he had discovered a way to grab the signals of the Athletics. He made his discovery last fall, and the Naps intended to make use of the secret this season in the event of the Athletics making no change in their system of play.

"Joe was stationed on the third base line continually, and it made no difference what pitcher Griffith had on the slab the Naps pounded him as long as Larry McLean was giving the signals. In fact, Griffith called McLean down for allowing the Naps to catch the signs, and some of the pitchers protested as well. But for all the knowledge the Naps acquired, Cincinnati won the series because of the inability of the Nap outfielders to play the Cincinnati sun fields.

Twenty Canadian Boys Going to Coronation

Probably the greatest offer ever made to the boys of Canada is the one to send twenty of them to the Coronation of King George in June. The trip will consume five weeks and every penny of expense will be paid by

THE CANADIAN CENTURY

These twenty boys will be selected in a Dominion-wide competition. If YOU want to go on this trip, fill in the attached coupon and mail at once.

THE CANADIAN CENTURY planned originally to send twenty Boy Scouts to the Coronation, but, meeting opposition from the Dominion Council, the plan has been changed. Boy Scouts who had been forbidden to compete before may try for one of these trips now as individuals.

Contest Manager, THE CANADIAN CENTURY, Montreal.

Please send me information on how I can go to the Coronation without any expense to me.

WADDELL HOLDS RECORD

Chicago, Ill., Mar. 29.—Contrary to the general belief Walter Johnson doesn't hold strikeout record of the American league. True, he surpassed Waddell's record of 301 strikeouts in 1902, but the fact was overlooked that in 1904 Waddell followed up his wonderful performance of the preceding year by striking out 343 men in 46 games, in which he worked an average of nearly 8 whiff victims per game. Last year Walter Johnson caused 313 men to strike out in 42 games, and this performance was widely advertised as the best major league performance. Such was not the case, as Waddell's record was considerably better. The mistake was due to an oversight as all the record books credited Waddell as holding the record of 301. So Rube Waddell still rules supreme, although his star as a major leaguer has set. Not only does Rube hold the season strikeout record, but the single game as well, with 16. Fred Glade when a member of the St. Louis Browns equalled the fact.

When one thinks of the many marvelous performances of Waddell, it

THE WEATHER.

Maritime—Strong easterly to north-westerly winds; gales off the coast, light local falls of rain or snow. Toronto, March 29.—Light local snow falls and burries, have occurred today in the lake regions and there have been a few showers in Alberta. Elsewhere in Canada, the weather has been fair and temperature changes have been unimportant. Minimum and maximum temperatures: Victoria—38, 54. Vancouver—40, 54. Kamloops—34, 62. Edmonton—32, 44. Battleford—28, 44. Prince Albert—24, 42. Calgary—30, 46. Moosejaw—22, 41. Qu'Appelle—22, 40. Winnipeg—22, 30. Port Arthur—16, 32. Fanny Mountain—8, 36. London—24, 35. Toronto—26, 32. Ottawa—14, 28. Montreal—20, 30. Quebec—18, 30. St. John—28, 38. Halifax—24, 46. Lower Lawrence and Gulf—Fair but much change in temperature.

AROUND THE CITY

Building Trades Council. A meeting of the Building Trades Council will be held in the Sheet Metal Workers' Hall on Friday evening.

Hod Carriers To Meet. The international hod carriers and building laborers union will meet in the Opera House tonight, Entrance from Union Alley.

Wedded Last Evening. Last evening at 7:50 o'clock at the rectory of St. David's church, Frank J. Clark and Blanche Turner, of St. Stephen, were married by Rev. A. A. Graham. The couple were unattended and will reside in St. Stephen.

Ward Meetings Next Month. A meeting of the executive of the Liberal-Conservative Association of St. John was held last evening when it was decided to call ward meetings next month and proceed with the work of putting the organization in fighting trim. A good deal of routine business was transacted.

Labor Meetings Tonight. A meeting of the label committee of the Trades and Labor Council will be held this evening at 8 o'clock in the Shipbuilders' Hall on Water street. All the representatives of the union on the committee are requested to attend. A meeting of the executive of the Trades Council will be held at 7:30 in the same hall.

The Sunny Side of Life. "The Sunny Side of Life" will be the subject of Rev. W. W. Brewer's lecture in the school room of Exmouth street church this evening. Mr. Brewer is a good entertainer, and a pleasant evening with ample opportunity for a good laugh is assured. Admission 15 cents.

Will Get the \$3 Rate. The Carpenters and Joiners' Union held a business meeting last evening and initiated a large number of new members. The committee handling the organizing campaign reported that their efforts were meeting with gratifying success and that there could be no doubt of the union's ability to secure \$3 a day for its members. Quite a number of contractors have already signified their willingness to grant the increase.

Must Install Fire Escapes. As the result of the fire horror at New York there has been a good deal of discussion as to conditions obtaining in factories here relative to fire escapes. When asked about the state of affairs here John Keany, Jr., factory inspector, said there were still a number of factories in the city which are not equipped with fire escapes, though he had notified their owners some time ago that the law required them to provide fire escapes and that he would take action against them if they did not comply with the law. He added that he would proceed against delinquents in a few days if they did not comply with his previous orders.

Annual Thank Offering Service. Under the auspices of the Women's Foreign Mission Society of St. John Presbyterian church, the annual thank offering service was held last evening in the school room of the church. The service consisted of prayers and the singing of several hymns. A solo, "Come Unto Me," was sung by Miss Emma Rubens. The amount received in thank offerings was very gratifying. Rev. A. P. Robb, a returned missionary, delivered an interesting lecture on missionary work in Korea, in which he described the difficulties encountered by the missionary, and spoke of the earnest desire of the people to embrace the faith of the missionary. The lecturer spoke of the great need for more missionaries in Korea.

Will Attend Coronation. Miss Minnie Travis, who has been visiting her sister, Dr. Katherine Travis, at New Bedford, Connecticut, for the past winter, returned to her home in Hampton on Saturday night, and was entertained on Monday with a few friends at the home of Miss Fanny Fairweather, on Everett street, Hampton. Her sister, Mrs. Philip Palmer, who has spent some months with Mrs. Elizabeth Prichard at Owen Sound, Ont., has also returned and spent the week end at Hampton. Mrs. Palmer and Miss Travis leave today on the steamer Lake Manitoba for England and will be in London for the Coronation festivities and the imperial historical pageant at the Crystal Palace. They will also spend some time in France, Italy and Germany, as well as in parts of England, Scotland and Ireland.

The total destruction of Campbellton vividly impresses one, not only with the absolute necessity for insuring against fire, but of also insuring in none but the best companies. The old reliable tariff companies that have stood the test for years instantly attract the prospective insurer, and he should call up Frank H. Fairweather, general agent, 12 Canterbury street, St. John, N. B., phone 653, who will quote him rates, etc.

Sydney J. Mowatt, son of Henry Mowatt, Esq., of Dublin, passed through the city yesterday on his way to Toronto, where he is to enter the service

WANTED IN MONTREAL; CAUGHT AT SAND POINT

Sergt. W. H. Finley Arrested Charles Martleman, Yesterday, on Charge of Theft—Stolen Property Recovered.

The police yesterday received a telegram from Montreal giving a description of Charles Martleman and requested that he be arrested. The case was given to Sergt. W. H. Finley, of the western division who during the afternoon arrested the man on board the steamer Lake Manitoba. Martleman is charged with stealing a gramophone, records and a music cabinet. When placed under arrest he stated that he was going to Belgium to get married and intended returning to Canada. He denied his identity and when the sergeant searched his stateroom he found a gramophone, records, cabinet and a lot of other articles which are supposed to be stolen. Word of the capture was wired to Montreal and officers will arrive here at noon today to take the prisoner back to Montreal.

DOUGLAS W. CLINCH DID MUCH GOOD WORK

With William Gray he Boomed New Brunswick as a Sport Centre, at New York Sportsmen's Show.

Douglas W. Clinch is back from New York where he has been attending the Sportsmen's Show in the interests of the Guides' Association. Speaking of the Sportsmen's Show, he said it had been very successful, and that the exhibit for New Brunswick, though modest, had attracted a great deal of attention. "Wm. Gray and I," he said, "did a great deal of work of a personal nature, canvassing and interviewing parties, and between us we booked 60 parties whom we are sure will come to the province to fish and shoot. We distributed literature where we thought it would do most good, and believe we have developed greater interest in New Brunswick game possibilities than ever before. "At present we have more hunting parties booked than we had up to June 1st of last year. "As a result of the show, and the modest expenditure of \$200 we made to have an exhibit there, we expect that hunting and fishing parties from the States will pay the government at least \$3,000 in licenses, and spend from 5 to 10 times that amount in general expenses. The Guides' Association is under an obligation to the citizens of St. John whose contributions enabled the association to send an exhibit to the Sportsmen's Show this year. "We placed literature at the disposal of the Whitcombe people, and the C. P. R. offices on Broadway, and arranged for distribution by the I. C. R. at Boston; the Eastern Steamship Company, and the Boston and Maine Railway. "We made contracts for advertising space in Field and Stream for six months, and expect to make a contract with Outing and Recreation. "On the way back from New York, I stopped at Providence and Boston, and booked several parties proposing to try their luck in this province. "At Boston I saw Dr. Chas. M. Whitney, who very kindly allowed us the use of his live game photos taken on the southwest Miramichi last year. These photos will form the basis of a joint article to be published in Outing this year. Dr. Whitney is also writing an article on New Brunswick which will appear in Country Life in America. Dr. Whitney's trip in the province last year cost him \$1,200. "While in New York, I saw the caribou pictures I took last year, and some salmon pictures, which were pronounced the finest ever seen at the show. "At the show this year exhibitors had to pay from \$5 to \$20 for space. Next year it is proposed to hold a larger show, curtail the trade exhibits and give larger space to the Guides' exhibits.

It has been noticed that there is a carload of Perfection Scotch Whiskey landing at Halifax and consigned to W. G. McIntyre, Montreal, through Wm. E. McIntyre, Ltd., of this city. This shows well for the advancement of the St. John house.

The old but truthful saying, "Accidents will happen," may be true, but one cannot but be impressed with the forceful and dogmatic statement, it does not say "may" happen, but "will." We cannot take measures to absolutely prevent them, but we can insure against consequent loss of time should we be numbered among the unfortunate. The Railway Passengers Assurance Company of London, England, the oldest and strongest in the world, offers an exceptionally good policy and is represented by Frank H. Fairweather, general agent, 12 Canterbury street, St. John, N. B., phone Main 653.

SPECIAL RATES PREVAIL ON THE INTERCOLONIAL. Special colonist fares to the Pacific coast prevail over the I. C. R. until April 10th, particulars of which may be learned from the nearest ticket agent. These fares are very low. Special round trip fares are quoted from I. C. R. points in the Maritime Provinces to points in Saskatchewan, Alberta and Manitoba. These will be good going April 5, 19, May 3, 17, 21, June 14, 28, August 9, 23; Sept. 6, 20. Tickets are good for return two months from the date of issue. The nearest ticket agent will furnish particulars. The usual one way first class fare will prevail for the Easter holidays between all stations on the line and to points on connecting lines. This ticket issue is from April 13th to April 17th. The return limit is April 19th.

of the Bank of Commerce, Mr. Mowatt has just passed creditable examinations, and is a nephew of Johnstone Mowatt, 144 Leinster street, this city.

THE CELEBRATION OF ST. GEORGE'S DAY

St. George's Society Decide to Hold Church Parade on Sunday, April 23, and Banquet Following Evening.

A meeting of the executive of the St. George's Society was held in the Mayor's office last evening when it was decided to hold a church parade on St. George's day, Sunday, April 23. The members of the society will assemble at their rooms and march to St. Paul's church where Rev. E. B. Hooper will preach a sermon appropriate to the occasion. On the Monday evening following St. George's day, the society will hold a banquet at the Dufferin Hotel in honor of their patron saint. It is expected this will prove one of the most interesting events in the history of the society.

WATER AND SEWERAGE BOARD

Continued from page 2. In a few years the place would be built up, and a revenue of 6 per cent. assured.

The engineer estimated the cost at \$10,000. Ald. White moved that tenders be asked for the work of extending the water mains. Ald. Wigmore thought they should put in the sewer pipes at the same time. The chairman—The houses are of a cheap class. Maybe they wouldn't have to enter the sewer. Ald. Smith did not see why they should put in the sewer when it was not asked for.

Ald. Sprout said the sewer would have to be put in some time. The chairman—The sewer would have to enter Newman's brook. It would cost a big sum to take it to the harbor. Ald. White thought the council would not approve an additional expenditure of \$3,000 for a sewer. Finally it was decided to call for tenders for both water, main and sewer excavations. The engineer recommended that a 6 inch pipe be laid on Stanley street, and three hydrant installed, and this was approved. The engineer recommended that Messrs. Knobel and DeBew's water tax be reduced from \$8 to \$4 and that of S. W. Seeley from \$19 to \$12-67. Approved. It was decided to recommend the installation of a telephone at Spruce Lake at a cost of \$18.

The Marble Cove Sewer. The engineer submitted a report on the question of securing a right of way for the Marble Cove sewer. A. M. Rowan demanded \$5,000; J. D. Robinson, \$500, the street railway offered a free right of way, provided the city took up the sewer passing through its property and diverted it to Harvey street, an undertaking which would involve an expenditure of \$5,000. The engineer thought that if the right of way was expropriated, the amount would be less than the amount asked.

Ald. Wigmore said the amounts asked were almost prohibitive but he thought something should be done. Otherwise the Board Club and the residents of the district would be taking action against the city. The engineer said the city had been in the habit of getting free rights of way. Ald. Wigmore thought the assessors should get after Mr. Rowan, if he placed such a high value on his property. The engineer said the Street Railway's demand was unreasonable.

Ald. Russell moved that the Engineer and Recorder try to secure a written agreement from all the land owners who were disposed to buy, fair, and expropriate the service if way over other properties. This was adopted. Other Matters. Thomas Reed, Westmorland, asked for compensation for flooding of his cellar through leakage in water pipes. The water in the soil had frozen, and distorted the house, causing considerable damage. The house had been built in a morass. The matter was referred to the chairman, Ald. Sprout, and the city engineer.

The engineer recommended the purchase of a Phoenix diaphragm pump for excavation work, and breaks in water mains. Approved. The engineer recommended that a service pipe be laid to W. I. Fen-ton's building on Champlain street, Lancaster, and this was approved.

Ald. Hayes wanted to know whether the engineer had received complaints from residents of Mount Pleasant about the water supply. He understood the service this winter had not been satisfactory. The engineer—"I have a stock answer to that. At the order of the Common Council I united the services, and that is the reason there is not a satisfactory service. If left to myself I could give a good service. Every city of importance has two or more service zones. A dual service would give a good pressure all round, and it would not be necessary to use the Little River water."

J. H. Hague appeared and said he had done some work on the Douglas House, Loch Lomond in 1906, which the engineer had refused to take off his hands. The engineer said the work was not satisfactory. The paper on the wall did not match. The matter was referred to the chairman and engineer.

Ald. Smith moved that a water pipe be laid on Watson street, West Side, and this was adopted.

Ald. White asked whether anything was being done, looking to the removal of water pipes on King Square, Princess street, and others ordered by the council.

The chairman said they hadn't advertised for tenders for all renewals at once, lest there be a corner in the market. Other tenders would be called for shortly. In reply to Ald. White, the engineer said all the stop cocks at Marsh bridge were wide open. Ald. Hayes moved that a committee confer with the underscriveners and Board of Trade with a view to making a test of the dual system. This was adopted and the chairman, Ald. White, and the engineer were appointed to the committee. The Board then adjourned.
