

PENSION REPORT AWAITED WITH MUCH INTEREST

There is Expectation That the Commission Will Recommend a General Increase in Pensions.

COMMITTEE TOLD INCREASE 25 PER CENT.

Is Necessary if Pensioners Are to be Saved from Hardship, and Members Favor Such Increase.

Ottawa, May 2.—The deliberations of the special commission on pensions are being watched with interest by pensioners in all parts of Canada, for the question of continuing the present benefits to pensioners and also the matter of readjustment of the pension scale, are being thoroughly gone into. The committee hopes to draft a report, but will keep the details of that secret until it has finished investigating re-establisment.

There is an expectation, however, that the report from the committee to the House of Commons will recommend a general increase in pensions, with amendments to the act about half way between the proposals of the G. W. Y. A. and the pension commission. From various sources the committee has been advised that an increase of 25 per cent is necessary if pensioners are not to be saved from hardship, and many members of the committee seem to favor such an increase.

To overcome hardship in the cases of widowed mothers, whose pensions are being reduced because of other income the committee is expected to make some provision that there shall be no reduction, whatever may be earned or derived from other sources.

Extension of Time
The extension of time of allowing disability pensions to tubercular and major amputation cases has also been urged on the committee. In order to reach a decision on this point careful examination is being made of the figures of the Department of Soldiers' Civil Re-establishment which show that such additions would cost the country.

Some changes are also expected in regard to the "one day" clause which stands at present and which prevents an aggravation of a disability. These are necessary because during the war some men were given a certain measure of life insurance to see what would be a disability incurred while in service.

In some cases a man became eligible for pension through an accident which might as easily have occurred had he still been a civilian. Now it is expected a disability will have to be attributed to a service before any pension is paid. It is expected there will be added a clause which will allow the pensioner at the right time his case reviewed at any time his disability increases.

BELFAST HAS MORE HUNGER STRIKERS

Thirty-Five Removed from the Jail to a Hospital Yesterday.

Belfast, May 2.—(Associated Press)—Thirty-five more hunger strikers were removed from Belfast jail to a hospital today, making 84, making them released in the past two days. There are now no hunger strikers in the prison.

George Murrughan, a solicitor of Omagh, whose father represented the Mid-Tyrone district in Parliament for fifty years, was arrested by the military this morning and brought to Belfast. He was elected agent for Arthur Griffith, founder of the Sinn Féin organization in North West Tyrone in the general election. Mr. Stuart, Health Officer, county Cavan, also has been arrested.

AUTO RUNS DOWN FURNITURE VAN

One Man Killed and Two Others Injured by the Collision.

Montreal, May 2.—One man was killed and two others were injured this morning, when a car with which they were moving furniture was run down at the corner of Ontario street, East, and Levesque street, by an automobile which, according to the police, was carrying no lights and which, after the accident, went on its way without stopping.

The dead man is Armand Bouchard, a telegraph service messenger, who suffered a fractured skull and died in the Montreal General Hospital a few hours after the accident.

Sir Thomas Russell
Dublin, May 2.—The Right Honorable Sir Thomas Russell died here today. He was born February 28, 1841.

GLASGOW HAS BIG MAY CELEBRATION

London, May 2.—The celebration at Glasgow was on an unprecedented scale. A demonstration was held at Glasgow Green at which a crowd of 40,000 persons adopted a resolution calling for the establishment of a co-operative commonwealth. The resolution embodied fraternal greetings to Soviet Russia and proclaimed the right of the Irish people to choose their own form of government.

MONTREAL MAY DAY PARADE A FIZZLE

The Much Heralded Socialist Parade Turned Out About 1,000 Men.

Montreal, May 2.—A combination of circumstances, chief of which appeared to be lack of enthusiasm and determination, was responsible for the fact that the May Day parade on Saturday here proved to be a fiasco. About 1,000 persons, headed by a band, marched with banners, mostly the placard type, down St. Lawrence street at six o'clock, where they straggled into the Champ de Mars and listened to speeches. This was the much heralded parade. There was no trouble with the police, although one trades union banner was seized by them and later returned. The banners which were in English, French and Russian were such as "One Big Union"; "Saint A. Levesque"; "Russell, Ivens, Pritchard, Jones, Bray, Queen are all jail for you. Are you for them?" etc.

JEWS AWAITING BRITISH MANDATE OVER PALESTINE

Four Million Anxious to Get Back and Build-up the Country Torn by Strife.

Special to The Standard.
(By Hugh Dryden. Copyright, Cross Atlantic.)

London, May 2.—Four million Jews, according to Dr. Max Nordau, the famous essayist and Zionist leader, are not only waiting for the British mandate for Palestine to become effective before they immigrate there. Dr. Nordau declared that, in his opinion, the mandate would bring a few weeks. "We are waiting for the British to open the frontiers," Dr. Nordau said today. "The first settlers," he said, "will be employed in building houses and ploughing the land."

Four million Jews, the programme for the form countries of Palestine offers the only hope for a settlement there. It is a matter of life or death to them that the Arab population of Palestine, numbering about half a million, should be either friendly or indifferent to us. We have no fear regarding our future relations with them. The immediate need is the replacement of the present military rule by a British civil administration which would throw open the frontiers. We must settle Palestine quickly. It is possible there would be enough Jews to give us a small majority over the Arabs, or at least an equality.

We hope that in ten years there will be nearly five million Jews settled there. Five thousand wealthy Jews have already signed their desire to remove to Palestine, and I am informed that the Oriental-American Bank, recently formed in New York, will invest \$150,000,000 for the purpose of establishing economic relations between America and Palestine. This is not charity; it is business. Ultimately, we hope to have a Jewish Republic established on the broadest and most democratic lines.

MEAT PRICES TO REMAIN HIGH

With a View to Combating High Cost of Living Dept. of Agriculture Urges Increased Acreage of Forage Crops.

Ottawa, May 2.—(By Canadian Press.)—With every probability that meat prices will remain fairly high for some time to come, and with a desire to do everything possible to combat as far as humanly possible the present high cost of living, the Federal Department of Agriculture is planning an extensive campaign to overcome at least one element of the difficulty by inaugurating a comprehensive campaign for an increased acreage of forage crops in Canada for the coming years.

Dr. J. H. Grisdale, Assistant to Hon. S. A. Tisdale, Minister of Agriculture, stated tonight that, while every member of the government recognized that the potential possibilities of the live stock in this country were enormous, it was essential that something more possible extent in order that a sufficient quantity of good food could be provided to carry the stock over long and severe winters.

FIRE DESTROYS MANY PORKERS

Louisville, Ky., May 2.—Fire of unknown origin destroyed the hog house, a three-story frame structure covering about four acres of ground in the Bourbon stock yards here this afternoon, and entailed a loss of \$200,000. Several hundred hogs of various breeds in the flames and 25,000 bushels of corn were destroyed.

BRITISH EMPIRE STEEL CORP'N EMERGES FROM

Nebulous State Into That of Definite Existence as An Imperial Organization.

SECOND ONLY TO U. S. STEEL CORP.

Capitalized at \$500,000,000 This Consolidation of Steel, Coal and Transportation Companies is a Reality.

Montreal, May 2.—The New British Empire Steel Corporation, the largest consolidation in the British Empire and second only to the United States Steel Corporation, has now emerged from the nebulous state into that of definite existence as an Imperial organization. Capitalized at \$500,000,000, this Canadian consolidation of steel, coal and transportation companies, including the iron and coal deposits of the Atlantic Seaboard of the Dominion and financial resources of Great Britain is now an accomplished fact, according to Col. W. Grant Morden, who today outlined the aims and prospects of the great merger, and stated that the division of the share capital of the corporation was to be as follows:

7 per cent cumulative pd	Authorized	To be issued
5 per cent cumulative pd	\$50,000,000	\$27,000,000
7 per cent non-cumulative pd	100,000,000	25,000,000
Common	300,000,000	77,000,000
Total	\$500,000,000	\$277,000,000

Details As to Terms
Authoritative details as to the terms on which the three principal component parts of the British Empire Steel Corporation, Limited, are to enter the new consolidation, subject to shareholders' approval are as follows:

Dominion Steel Corporation, \$86 per share in 7 per cent non-cumulative preferred stock of the new corporation, plus \$40 in common stock, in each holder of \$100 of the security known market wide as "Iron Common."

Nova Scotia Steel and Coal Company, Limited, \$40 per share in 7 per cent non-cumulative stock, plus \$40 in common.

Canada Steamship Lines, Limited, \$100 per share in 7 per cent non-cumulative preferred stock, plus \$45 in common.

Nova Scotia Steel and Coal Company, Limited, \$40 per share in 7 per cent non-cumulative stock, plus \$40 in common.

Canada Steamship Lines, Limited, and its subsidiaries.

Canada Foundries and Forging, Limited, and its subsidiaries.

Maritime Navigation Company and its subsidiaries.

Collingwood Shipbuilding Co., Ltd. Port Arthur Shipbuilding Co., Ltd. Halifax Shipyards, Ltd. Davis Shipbuilding and Repairing Co., Ltd.

Two of the above list may be added several other enterprises, negotiations with which are now in progress.

Col. Morden stated, today, that, in view of the anticipated earnings of the constituent companies in the current year, together with the savings to be effected through unification of control brought about by the abolition of inter-company, through which operating expenses will be reduced by several millions annually, the directors of the British Empire Steel Corporation feel that they will be quite justified in placing the common stocks of the enterprise on a five per cent dividend basis before the end of 1920.

WERNER HORNE MUST SERVE SENTENCE

German Gov't Has Made a Request for His Release.

Ottawa, May 1.—(By the Canadian Press.)—No application for the deportation of Werner Horne, now in the penitentiary at Dorchester, N. B., has reached the Department of Justice here, but after the war the German Government, through diplomatic channels, requested that Horne be released on the grounds that he was a German officer and a prisoner of war. The Canadian Government replied that they had no German officer of that name in prison; there was, however, a criminal named Horne in custody, whose release would not be granted.

STRIKE TIES UP UTICA STREET RY.

Utica, N. Y., May 2.—For the first time in the history of this city the street car system is paralyzed by a strike. Not a wheel turned on the tracks of the local company after three o'clock this morning when the men, ignoring the pleas of their union officials not to strike and to leave the adjustment of their demands for an eight hour day and a wage increase to further arbitration, voted unanimously not to return to work.

HALIFAX TEAMSTERS TO GO ON STRIKE

Ask An Increase of \$5 Per Week—Bread and Pastry Makers to Remain at Work

Halifax, N. S., May 2.—Fifty Halifax and Dartmouth teamsters and chauffeurs will go on strike tomorrow for an increase of five dollars per week. The majority of the employing firms granted the request. The bread and pastry makers who threatened to strike tomorrow have decided to remain at work pending the appointment and finding of an arbitration board, which has been asked of the Labor Department at Ottawa. The teamsters' union has a membership of eight hundred.

DUKE OF DEVONSHIRE SPRINTS AFTER TRAIN

Boat Train Pulled Out While Duke Was Saying Good-Bye to Friends.

Special to The Standard.
London, May 2.—The Duke of Devonshire, who sailed on the steamer Empress of France today, was nearly left behind, when the boat train pulled out of Buxton Station while the Duke and Duchess and their daughter, Lady Anne Cavendish, were occupied in saying good-bye to their friends.

A crowd of friends saw the train begin to move, and Lady Anne quickly jumped aboard, and with the Duke's good-byes to follow, as the train gathered speed, the Duke, running along the platform, sprang nimbly aboard, while everybody gaped with relief. The Earl Dalhousie, the Duke of Buccleuch's heir, who is the Duke of Devonshire's aide, pushed his way from the back of the crowd and sprang into the Pullman, which he boarded safely.

Among the people at the station, seeing the Duke and Duchess off were Sir George Parry and Lady Parry, Lord Richard Cavendish, Lady Morna Cavendish, the Duchess of Beaufort and the Marchioness of Waterford.

IRISH NATIONALISTS "BUCK" IN COMMONS

Refuse to Countenance Irish Bill by Their Presence at Further Discussion of it.

London, May 2.—A statement, credited to the Irish Nationalist members of the House of Commons, was issued last night, saying they would refuse to countenance the Irish Bill by their presence at further discussions of it in the House. The statement adds that the members of the party only attended the second reading of the bill "in order to make a protest and give the Government an opportunity of declaring whether it intended to make such fundamental changes in the measure as the Irish members demand."

POLICEMEN AND FIREMEN SHOULD BE UNDER JURISDICTION OF FEDERAL LAW WHEN DISPUTES ARISE, ACCORDING TO ROYAL COMMISSION.

Ottawa, May 2.—(Canadian Press.)—The Royal Commission on the unification of labor laws throughout Canada, brought in the important recommendation on Saturday that all disputes affecting policemen and firemen should come under the jurisdiction of the Federal law. Another important recommendation is to the effect that all disputes in mines and public utilities should be dealt with exclusively by Federal legislation. This includes public utilities under control of the provinces. The commission, which had sessions all week, concluded its labors on Saturday.

MAY DAY PLANS OF THE RADICAL LEADERS FAILED

To Produce the Strikes, Destruction of Life and Property in the States as Blocked Out.

ANARCHISTS KILLED, MANY WOUNDED

At Turin in May Day Clash With Detachment of Royal Guards—Clashes Elsewhere

Washington, May 2.—Plans of radical leaders for country-wide May day demonstrations, involving strikes and the destruction of life and property, Department of Justice officials feared, and issued timely notice to the people.

Reports received here show that a number of strikes were instituted over the week-end, but in nearly every case it is declared, these were local in nature, and due to the regular May day explanation of wage contracts.

In Chicago, where extraordinary precautions had been taken to prevent trouble, the day passed off quietly. A strike of cooks and waiters in various hotels, and the general confusion incident to moving day, when scores of tenants refused to vacate their apartments, overshadowed May day developments.

Although more than 1,000 arrests were made, these, the police say, had nothing to do with "red" activities.

Two-thirds of Kansas miners were reported idle. In various places handbills, purporting to bear the May day proclamation of the Communist Party of America, were distributed. In Omaha 10,000 people marched in a patriotic parade, and in other cities May day was made the occasion for patriotic demonstrations.

Rome Reports.
Rome, May 2.—Two alleged anarchists were killed and thirty wounded today in a May day clash yesterday with a detachment of the Royal Guards. A group of men carrying the black flag attacked the guards with rifles and hand grenades, seriously wounding two guards. The guards returned the fire, wounding a man in San Carlo Square by a bomb thrown by a demonstrator.

A number of May day demonstrators at Pola, Italia, tried to pass through a street barricaded by soldiers and when their way was barred attacked the soldiers. The soldiers fired on the crowd, wounding several persons. One officer was killed.

Madrid, May 2.—The largest May day demonstration in the history of Spain passed off quietly in capital, although disorders are reported from provincial points.

At Bilbao there was a serious collision between Republicans and Basque revolutionists resulting in the death of one republican. At Valencia the surety police fired on a crowd of revolutionists who were holding three men. More than 100 shots were exchanged. Three revolutionists were wounded and 46 arrested.

The demonstration was in opposition to the Allied blockade of Russia.

ONE OF THE PEOPLE, NO FAVORS, PLEASE

Prince Refuses Train for His Convenience, if the People Were Not to be Cared for.

Auckland, N. Z., May 2.—The Prince of Wales resumed his tour of New Zealand by train today, the strike of the railwaymen having been ended. The members of the party only attended last night, saying they would refuse to countenance the Irish Bill by their presence at further discussions of it in the House. The statement adds that the members of the party only attended the second reading of the bill "in order to make a protest and give the Government an opportunity of declaring whether it intended to make such fundamental changes in the measure as the Irish members demand."

MANY CASUALTIES AT MONTE VIDEO

Police and 500 Workers Clash During May Day Demonstrations.

Montevideo, May 1.—Twelve persons were wounded by revolver shots in a fight between the police and 500 workers during the May Day demonstrations. The shooting began when the police intervened to stop workers from attacking street cars, one of which was overturned and another stoned. The strike car workers were virtually the only workers who did not join the May Day strike.

LOYD GEORGE UNDER PHYSICIAN'S CARE

London, May 2.—Mr. Lloyd George has been ordered by his physicians to remain in bed for a few days because of what is declared as a mild attack of bronchitis and fatigue from his San Remo activities. The Premier's indisposition first became noticeable at Friday's lunch conference, at the conclusion of which he cancelled his appointment to visit the King Friday night at Windsor Castle.

CROWN PRINCESS OF SWEDEN DEAD

Duke of Connaught Received Unhappy Tidings While Celebrating 70th Birthday.

(Cross-Atlantic Service.)
London, May 2.—Just before a dinner party, which was to have been held Saturday night at Clarence House, the Duke of Connaught's London residence, in celebration of the Duke's 70th birthday, the Duke was handed a telegram, it announced the death of his daughter, the Crown Princess of Sweden. The guests had begun to arrive, but the festivities, which had been going on all day, were immediately abandoned. The Duke was deeply shocked. What had promised to be one of the happiest days of his life had been turned into one of despair. The Crown Princess was an elder sister of the princess Patricia.

YOUTH OF 16 YEARS FACES MURDER CHARGE

Accused of Having Murdered James Brooks in December Last—Companion Turns State's Evidence.

Montreal, May 2.—(Canadian Press)—Paul Hecko, 14 years of age, under a charge of manslaughter in another case, was the chief witness heard at the trial of a young man, 16 years of age, when Armand Beauregard, 16 years of age, appeared before the court on a charge of having murdered James Brooks at Montreal last December.

Mrs. Brooks, wife of the murdered man, was in court, and identified a writ watch, knife, gun and various articles as having belonged to her husband when he was last seen in the city.

Hecko got a long account of the alleged murder from Judge Goyette of the court. He identified Beauregard as the person with whom he went to Montreal. He said that he bought a watch, knife, gun and various articles as having belonged to her husband when he was last seen in the city.

HALIFAX STRONG ON THE SPANISH

Classes Engaged All Winter in Study of the Language and Many Have Become Proficient.

Special to The Standard
Halifax, N. S., May 2.—Three of the banks, the Royal Bank of Canada, the Bank of Nova Scotia and Canadian Bank of Commerce, by financial grants for the purpose, established the study of Spanish in this city in view of the increasing trade relations with the Latin republics. Classes have been in progress all winter and are drawing to a close. During this time 300 students have engaged in the study of the language and of that number fifty have obtained a knowledge of Spanish sufficient to transact business and speak with comparative fluency. The students were drawn from the staffs of the banks, Dalhousie University and Nova Scotia Technical College. As an example of what has been accomplished, W. J. Clayton, head of a clothing manufactory house in this city at a gathering last night, made a speech of ten minutes in Spanish which was fluent and grammatical. Some others in the class have made even greater progress than Mr. Clayton. The teacher, whom the banks secured, was Mr. Rosales a graduate of the University of Columbia, South America, and of the University of Madrid.

SCHOONER RESVER AFIRE AT SEA

Boston, May 2.—The Norwegian motor schooner, Resver, was abandoned today because of fire 500 miles east of New York, the crew being taken off by the British steamer City of Canton which reported by wireless that the schooner was on fire. The schooner was standing on the track, when a scudger came along and crashed into the rear-end. Mr. Tobin was not out, but he was rendered unconscious, and removed to his hotel. His injury is not considered serious.

BURN POLICE BARRACK AT GORTIN, IRELAND.

London, May 2.—The police barracks at Gortin, County Tyrone, was burned yesterday by forty armed men who held up the village and prevented interference.

PARIS REGARDS RY. STRIKE AS BIG FAILURE

Strike of Railroad Men for Nationalization of Lines to be Joined Today by Miners and Dockmen.

GOVT DETERMINED TO FIGHT STRIKE

Prepared to Do Its Duty in the Maintenance of Order and Will Protect the Men Remaining at Work.

Paris, May 2.—The strike of the railroad men for nationalization of the railways which is to be joined tomorrow by the miners and dockmen, has resulted, thus far, in hindering traffic only on four of the five big systems—the Eastern, Northern, Middle and the Paris Lyons and Mediterranean. Temporarily, however, the state line, which runs to Havre, is tied up. "The strike is a complete failure," said Yves Le Troquer, the Minister of Public Works today.

Services on all lines were curtailed today. The Parisian forces were operating about 50 per cent, except the Languedoc system, which continued all trains from the capital. The government's determination to fight the strike for nationalization has been voiced by M. Le Troquer and Premier Millerand.

Government Prepared.
M. Millerand said the government was prepared to do its duty in the maintenance of order and protect the men who remain at work. He explained that he had foreseen the conflict, and that as a result the railways, public services and industries had been provided with greater supplies of coal than they had at any time since the signing of the armistice.

In carrying out its policy to break the strike the government again has used the force of the national motor trucks and other transportation equipment in certain regions. The strike of the miners is locked on with intense determination. They have been granted their recent demands. The Secretary of the Miners' Union in the Loire department has asked the men not to hurry the strike order.

Technical students, who were organized by the government last February, already are replacing many of the men on the railways who have ceased work.

CASUALTIES FROM MAY DEMONSTRATIONS AT PARIS

Total Three Dead and 102 Wounded—103 Arrests Made—Socialist Deputy Among Arrested.

Paris, May 2.—Official figures issued today give the casualties resulting from the disorders yesterday at three dead and 102 wounded, of whom six remain in hospitals, two of them in a dangerous condition.

The arrested aggregated 103. The foreigners among those arrested were deported. Alexander Blanc, Extreme Socialist Deputy, who was injured in yesterday's clash with the police, will be prosecuted on a charge of abuse of the police.

Parliamentary immunity, it is said, will not apply to this case, which, it is asserted, was a flagrant offense. M. Blanc was one of the deputies who met the Germans in Switzerland during the war at an international Socialist Conference.

HALIFAX TRAM CARS COLLIDE

Halifax, N. S., May 2.—Two tram cars collided on Granville street on Saturday afternoon, and Joseph Tobin, a commercial traveler of Ottawa, was injured about the head. One car was standing on the track, when a scudger came along and crashed into the rear-end. Mr. Tobin was not out, but he was rendered unconscious, and removed to his hotel. His injury is not considered serious.

JUAREZ GARRISON JOHN REVOLUTION

El Paso, Tex., May 2.—Reports Saturday because were that the Juarez Garrison and General J. Gonzalo Delgado had peacefully joined the revolution. Juarez officials asked about the reports, said: "We do not know." General Delgado could not be reached.

Showing of Government Film

Picture shown in Canada, says the Moving Picture World, are displaying much interest in the measure which has been introduced into the legislature of provincial government, which, if enacted, into law, would require all motion picture theatres in the province to devote fifteen minutes each day to the showing of films provided by the provincial government.

DEATH OF CROWN PRINCESS SWEDEN MOURNED BY ALL

Stockholm, May 2.—The entire nation has been plunged into mourning by the death, yesterday, of Crown Princess Gustava Adolpha of Sweden, daughter of the Duke of Connaught, King Gustava, who was in Nissa, and Queen Victoria, who has just arrived at the bedside of her sick mother in Baden, have been notified and are returning for the funeral.

Official Report of Physicians Gives Cause of Death as Blood Poisoning.

The official report of the physicians who attended the Crown Princess gives the cause of death as general blood poisoning or pyemia. She had suffered from inflammation of the ear, which necessitated an operation last December, and this was followed by maxillary suppuration.

Cordial Welcome To Their New Pastor

Large Congregations at Central Baptist Church Yesterday Welcomed Rev. F. H. Bone — Telegram From Former Pastor

A cordial welcome was extended yesterday at the Central Baptist Church to their new pastor, Rev. F. H. Bone, B. A., B.Th. There were large congregations both morning and evening, and at the session of the Sunday School a sincere welcome was heartily expressed.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

The Tobacco with a heart. By McMANUS. Inflammation is a constitutional disease, caused by the uric acid in the blood. It manifests itself by pains and lameness attacking the muscles and joints of the body, which soon swell and become hot and inflamed.

By McMANUS. Mrs. D. Barry, Perthbrooke, Ont., writes: "I feel it my duty to let you know of the great benefit my husband derived from using your Burdock Blood Bitters. He had been suffering for the past two years with inflammatory Rheumatism. He tried many medicines, but got no better. A friend advised him to take B. B. B. He did so, and after taking five bottles he felt like a new man, and was able to go to work the same as ever."

SCIENCE WORTH TEN TIMES AS MUCH AS WAR

Money Spent in Wars Should be Spent in Helping it Enrich the World. CAN MULTIPLY WORLD'S WEALTH HUNDREDFOLD

If Rightly Applied or Destroy it—Standing at the Parting of the Ways. By Robert Blatchford.

One of those amusing and sentimental notions who write the papers said to me a few weeks ago in a letter: "You mean well, but ought to avoid writing of things you don't know."

Oh, of course, a journalist is supposed to know everything. But I am none the less a journalist, and I do not know everything. In fact, I do not know anything.

For instance, there is the Nebular Theory of Laplace. That seemed so logical, so ingenious, so satisfactory, and yet there are indications that it is coming unscathed. It is those spirals that they do not seem to revolve.

In America they have got the new 100-inch reflector at work in place of the 60-inch, and it is reported to have revealed facts which appear to contradict the Laplace. Most of these spirals, the writer tells us, are composed of millions of suns, like our own.

You will remember what Professor Seddy said about "archaic minds." Perhaps you remember also that chapter of Kipling's in "Plain Tales from the Hills" where the Englishman takes his bride to see Benares, "the city of monstrosities."

SABBATH AS VIEWED BY OTTAWA DIVINE

Discusses the Question, "Was the Sabbath Made for Man?" —Does Not Wish to Question Motives of Lord's Day Alliance.

Ottawa, April 26.—At the Church of Our Father, the Rev. H. J. Adlard, in a review of some recent legislative interference with clean and wholesome recreation indulged in by some people.

"If we may take the main words of Jesus, himself a heretic, and a convert, 'The Sabbath was made for man; not the man for the Sabbath,' said Mr. Adlard.

"The Sabbath was made for man; not the man for the Sabbath," said Mr. Adlard. "The Sabbath was made for man; not the man for the Sabbath," said Mr. Adlard.

PROPOSED BILL WOULD PROTECT ILLEGITIMATES

Move on in England to Make Such Children Wards of Juvenile Court.

FATHER MUST PAY FOR MAINTENANCE A Sum up to Ten Dollars Per Week—Mother Also Liable.

Cross-Atlantic News Service. (Copyright.) London, April 30.—A determined move to protect the thousands of illegitimate children born out of wedlock in England during and since the war, is being made in Parliament.

Under the measure, which is based on the principle of state responsibility towards illegitimate children, every such child would become the ward of the juvenile court in its area.

The bill proposes that in the eventuality of illegitimate conception or birth, the mother or other person responsible for the child, should file with the registrar a form stating the name, address and occupation of the alleged father and whether or not the fatherhood be admitted.

The duty of admitting or denying paternity would be imposed upon the alleged father. In event of admission of paternity, the father would be under the obligation of providing the maintenance arrangements he is willing to make, which offer, if approved by a court order, would be incorporated in a court order.

Should the man designated deny paternity, recourse would then be had to existing law. A summons might be served before birth, and if paternity were admitted, the alleged father would be liable to begin payments. If paternity were denied, the mother would be "adjudged" until after birth when, if the man be adjudged to be the putative father, payments should be retroactive.

THE POISONOUS PLANTS OF CANADA

The old saying that "One man's meat is another man's poison" appears to be true in the case of different kinds of live stock. It is a fact that some plants which poison horses are not injurious among cattle or sheep, and some which cause loss among cattle and sheep are not eaten by swine and horses.

IS THIS THE FARMERS' PLAT-FORM?

A dispatch from Ottawa credits a farmer member of the House as saying: "Thank God, the farmers have got into a position where they can say, and they are doing it and will continue to do it, 'we have this country by the throat. They had us by the throat long enough and now we will defend ourselves.'"

If this is to be the attitude the farmers of the country are going to take it, and when they get into power, the sooner the country knows it and realizes it the better. The electors will then be able to take care that our agricultural friends are not allowed to get control. Any party which boasts such bloodthirsty ideas as that expressed, should be kept strictly in the back ground where it can do no more harm than criticism.

The statement that "they (meaning, presumably, the public generally) had us by the throat long enough," is about as incorrect as any statement could well be. Taking things all in all, no class of the community has been more recently treated than the farmers. Comparatively speaking, their taxation has been lighter than that of any other section of the public; they could demand and see that they got any price they liked for their produce. They had the consumers at their mercy, for the latter simply had to have what the farmers alone can produce, be the cost what it might. If they were not content sufficient for their produce to make it pay, that was no one's fault but their own. They are certainly making up for lost time now.

The community realizes perfectly well that the farmer, in common with everyone else, has been hit by the increase in cost of the chief necessities of life, although the cost of food has hit the farmer very much more lightly than it has any other class, for the reason that he produces the great bulk of what he needs to eat himself, and it costs very little more to produce now than it ever did. Except in so far as he needs to employ hired help, and pay for fertilizer, he is not much worse off than he ever was. He is not like the manufacturer who is dependent wholly upon labor, the cost of which has more than doubled in the last five years. To a farmer who practices a proper crop rotation it costs comparatively little more nowadays to raise an acre of grain or roots than it ever did. Feed for stock costs more, it is true, but this could be largely offset by greater production at home. Hearing all these things in mind, look at the prices being obtained for farm produce today. The farmer-member of the House of Commons may well say that the farmers have the country by the throat. But they want to take care that they don't make the struggle hold too tight, or they may not be able to maintain it.

The community will doubtless be much obliged to the gentleman from Ottawa for his kind intimation as to the future intentions of the Farmers' Party, and they will bear in mind also the old adage that "to be forewarned is to be forearmed."

SPEED LIMIT OF AUTOS.

The statement made by Mr. Gutter that his car going at twenty miles an hour could not be pulled up within two hundred yards by the use of the hand brake suggests a condition of affairs that will not tend to make the public mind any more comfortable, in view of the fact that all cars are pretty much alike in brake power. It may not unreasonably be asked of what use is a hand brake at all, if it is only to be effective when a car is proceeding at a walking pace. If it is going to consume a space of two hundred yards to bring a car to a standstill in an emergency, then all cars should be kept off the public highways.

The question arises can a car going at twenty miles an hour be driven under proper control—such control as allows of immediate and responsive action—by the every-day driver when dangerous contingencies are encountered? The answer, judging by the ever-increasing number of accidents which take place, seems to be in the negative. In which case some change in the speed limit seems necessary.

As a matter of fact, we understand that the hand brake, which is an emergency affair, will, if in proper working order, pull up a car in a very few feet, but if applied too suddenly may upset the car. Possibly this is what Mr. Gutter meant, that it might not be safe to attempt to pull up the car in less than two hundred yards. If that is so, it does not alter the situation as far as the general public is concerned. A person using a car does so for his own pleasure, and must take all the risk attending it. The public have the right to protection, and they should be the first considered. There is altogether too much "speeding" going on for the general safety. To enjoy a car ride it is not necessary to go the limit, though some people seem to think it is. It is one thing to travel from Fredericton to St. John on the ice in two hours, when the road is clear and not a soul in sight, but it is quite another when

travelling through the city streets and adjacent highways which are thick with pedestrians and vehicles of all kinds. Some more stringent regulations than at present obtain seem to be imperatively necessary. If people are not to perpetually carry their lives in their hands.

GREAT BRITAIN'S POSITION.

Mr Auckland Geddes' recent speech—his first official utterance as British Ambassador to Washington—should, even if it does not, put to silence the anti-British element in the United States, which is everlastingly asserting that Great Britain is at her last gasp, on the verge of bankruptcy and a general break-up. Thinking Americans know much better; but as long as publications of the Hearst type are permitted to spread such anti-British sentiments as they have been indulging in for the past few years, it is hopeless to expect the uneducated portion of the American community—for it is only among that portion that the Hearst newspapers circulate—to believe otherwise.

Those who have difficulty in perceiving themselves that the British Empire is not bankrupt because the Continent of Europe is partly in economic chaos and largely in financial difficulties, should study the Empire's trade returns for the past year. They can begin with the trade of Canada alone if they don't want to go further afield, and they will find that the foreign trade of this country for the year ending 31st March last was \$2,351,174,886, an increase over the previous year of \$165,980,266. This does not look much like bankruptcy.

When it is remembered that British capital has a large investment in Canada and that profits from Canadian trade accrue to such capital, while necessary products flow copiously from the Dominion to the United Kingdom, it helps to overcome the thought that the British Empire consists only of a few small islands whose chief asset is a host of vassal monarchs who boss the ocean.

This delusion will be further dispelled on recalling that besides this great and powerful Dominion, the British Empire comprises an oil bearing section of South America, the whole of the Australian continent, and New Zealand, other islands in the Pacific, with large production of cereals, wool and spelter; India, with her rubber, tea and spices; Egypt, with her cotton; South Africa, with her gold and diamonds; and now, just acquired by the Turkish treaty, the territories of Mesopotamia and Palestine, embracing the Baku and Batum oil fields.

An empire entrenched in the most fertile and productive portions of the earth is not so much insulted as amused when ignorant Americans declare that she is bankrupt. Economically and otherwise, some portions of Continental Europe are in a bad plight, but those portions certainly do not include the British Isles, for a people that can successfully stand the taxation strain that is now being put upon them are a long way from civil and political dissolution.

CANON SCOTT.

The forthcoming visit of the Rev. Canon Scott to address the Canadian Clubs of this city is to be taken advantage of to the extent that he will also address a meeting in the Imperial Theatre which will be open to the general public. This will provide an opportunity for all who wish to do so to hear this great Canadian. He is no stranger to this city, having on a previous occasion addressed the Women's Canadian Club here. Since that time, Canon Scott has been through the war as one of the chaplains of the 1st Canadian Division, C. E. F., and his experiences in this capacity well qualify him to speak on so engrossing a subject as "Some Lessons From the War."

Canon Scott is admittedly one of the ablest of Canadian public men of the present day, not only in the Church of which he is so distinguished a member, and as a public speaker, but also as an author of more than ordinary repute. His fame as such is not confined to Canada, but has spread over the United States and the British Isles, where his works are regarded as the products of a master mind. The experiences he has gained while serving overseas will only serve to provide him with further opportunities of entertaining and instructing his fellow men and women, and it is safe to say he will be received when he comes here on Wednesday by enthusiastic and appreciative audiences.

A PRECEDENT, SURELY.

The enterprising individual who, released from prison, after a few days' freedom climbed over the wall back to his former quarters again, has surely established a precedent, which probably the authorities will not be very anxious should be regularly followed. What prompted this man to take the peculiar course he did is said to be that the high cost of living frightened him. Rather than battle with the profiteers personally, he preferred to have

the Government do his housework for him. In many instances, indeed, some lack of initiative on the part of the prisoner, but he was in the best position to judge of the relative merits of life inside and outside the walls. If he were to be satisfied with going back to prison he might reply with some justice that after all he was only following a policy of peaceful protest, and that had he such as the price came down he would be ready to try another bout with the world.

The course of action pursued by this individual reminds us of another, who was both a regular and frequent journeyman in one of His Majesty's boarding houses, and who, when asked why he could not go straight and keep outside the county goal, replied that there was nothing to it but the name, and that if the authorities would only supply him with beer and tobacco he would stay in until they kicked him out. After all, it's only a matter of taste.

QUANTITY PRODUCTION LEGS.

Those who would know why prices are high, despite all the seeming plenty, should study the report of the Comptroller of United States Customs for 1919. The report has recently been issued, showing how production compared with former years:

- Bituminous coal, 130,000,000 tons less than in 1918.
- Anthracite coal, 12,000,000 tons less than 1918.
- Steel ingots, 9,000,000 tons less than 1918.
- Cotton, 5,106,000 bales less than 1914.
- Wheat, 76,000,000 bushels less than 1915.
- Corn, 142,000,000 bushels less than 1917.
- Copper, 900,000,256 pounds less than 1918.
- Old, \$10,187,900 less than 1918.
- Silver, \$4,789,919 less than 1918.

Outwardly it has appeared that the United States was doing a business vastly greater than ever. This has been so insofar as money itself has been concerned. But it is goods that count, and the falling off in production of such essentials as coal, cotton, steel, wheat, copper, gold and silver is most significant.

It is rather strange to read that the terrorism long followed in Russia, under the reign of the Czar has returned, but this time the terrorists are seeking by assassination to eliminate the soviet leaders and make a start in their campaign the other day with the murder of one of Lenin's chief lieutenants. So the rule of the radicals in Russia has not been sufficiently radical to suit the extremists. Lenin and Trotsky are believed to be beyond the reach of the assassins, as they are reported to venture out but little and never without strong guards, but even the most radical pressmen are likely to leave a loophole for anarchists.

The denunciation by Lord Curzon and Premier Lloyd George of the rumormongers who had so much to say of differences between the British and French Governments sounds queer. The "rumormongers" were chiefly French journalists who seemed to have inside track to information from French official sources. But Paris has, before this, been capable of carrying on a united propaganda campaign on behalf of national objects in international conferences, and perhaps this was one.

The answer of the farmers of the Ontario Legislature and Government to representations from their Labor colleagues regarding the high price of potatoes is "get out and grow potatoes yourselves." The advice is good.

WHAT OTHERS SAY.

Eternal Vigilance is the Price.
 (London Daily Mail)
 Let it be remembered that in Germany today, despite the terms of the Peace Treaty, thirty factories are busy turning out aircraft for the Luftwaffe and designs. These machines may be nominally designed for civil work but they are capable of being quickly converted into bombing or fighting machines. If action is not taken here, and that quickly, the highly trained technical staffs of our great aircraft manufacturing companies will have to be scattered, for the simple reason that funds will be wanting to pay them. They secured victory for our country in the air during the war. They are a priceless asset and their continued existence is vital for national defence. We shall be left not only without new machines, but also without the capacity of producing new designs.

Politics and Potatoes.
 (Toronto Telegram)
 Free trade and the farmer Minister of Agriculture may leave Ontario without seed potatoes this spring. Our classes have been considerably crowded, but changes now occurring give a chance for new students who may enter at any time. Send for Rate Card.

THE PARK AVE. NEWS.

Enter! Puds Slinkins Hort in a Axaldest! Puds Slinkins is utterly indisposed as the result of a accident happening while he was hanging on behind a backster wagon on his shames last Wednesday, the accident being that the backster hit him in the ear with a squashy tomato.

Sleazy, Lew Davis had a birthday party last Monday on account of his 9th birthday, lemmade and cake being served, Mr. Boony Potts giving imitations of Napoleon, George Washington and Caruso with grate applause, Mr. Puds Slinkins playing a piano selection with a little applause, and Mr. Sam Cross borrowing a dime from Mr. Leroy Shooter to do tricks with it, but he shot it down the register instead of shooting it up his sleeve like he wanted to, and if Mr. Lew Davisse mother hadnt of gave Mr. Shooter another dime the party mite of ended with a fta.

Pome by Shmy Martha.
 No Skool.
 I dreamed I had a diamond ring
 And 10 pounds of fudge and everything,
 I wook up and cried, Hervey, hervey,
 Its Saturday morning, anyway!

Enticing Pucks About Enticing People. Artie Alexander was the elected president of a club called the Good Sports Club, but he resigned the office on account of nobody would pay any dues and the club didnt have any place to meet any how.

Sparta. Ed Wernick still has a panellil nose on account of saying "Hello Skinkins" to a thin strange kid last Friday.

THE LAUGH LINE

Doubtful.
 "What are you thinking of, my dear?"
 "I was wondering if Jonah's wife believed him who also explained his absence from home by telling her he had been swallowed by a whale."

His Ambition.
 "Johnnie," said the teacher, "what is your greatest ambition?"
 Johnnie considered briefly.
 "I think," he said, "it is to wash mother's ears."

The Difficulty.
 "Do you think, dearest, that you could manage on my salary?" the fond youth asked.
 "Why, yes; I think I could, darling," the sweet girl responded; "but how in the world would you get along?"

It Struck Home.
 "My sermon on thrift made a tremendous impression on the congregation."
 "How do you know?"
 "I could tell when I counted the collection."

One Point of Agreement.
 "How unworthy I am of you, dear," he murmured as he held her close.
 "Oh, Fred," she sighed, "if you and father only agreed on everything the way you do on that, how happy we would be."

Real Comfort For The Eyes

Glasses ought to be a boon to the wearer, and it is possible for everyone to have glasses that are. In the many years that we have been making and fitting glasses, we have always held the comfort of the patron to be the chief consideration. No detail, however, slight, that will add to comfort is ever omitted.

It is this painstaking care that has caused those who wear them to name them Sharpe's Comfort Glasses.

WEDDINGS.

McQuin-Branscombe. Penebouis, N. B. April 29.—A wedding of more than local interest took place here tonight at the home of Mr. and Mrs. Abram Branscombe, when their youngest daughter, Daisy Marie, became the bride of Heber McQuin, also of this place. The bride, who looked charming in a gown of white silk and carrying a bouquet of pink and white carnations, was given in marriage by her father, while Eva House played the familiar strains of Mendelssohn's wedding march. After the nuptial knot had been tied by the Rev. A. Perry, a wedding supper was served to which about forty invited guests

The Ninth Sermon Most Interesting

In The Series Letter From England

Writer Gives a Glimpse Into Conditions in England, Paris and Berlin—Some After the War Consequences.

In First Presbyterian Church Yesterday Morning Rev. Dr. Morison Told the Story of Two Cities by the Name of Philadelphia.

The following interesting letter from England, received by a St. John friend of the writer gives a glimpse of conditions in England, Paris and Berlin, with some of the after-the-war consequences:

"I am so interested in all your St. John news, that I am indeed high over there. Here they are bad enough and constantly raising, but on the whole we are better off in England than anywhere else. In Paris things are twice as dear as here, and as to Germany, well, how the poor live I don't know. Prices are about ten times as high as in England, and very short, and there is a great depression everywhere.

Mile B., our Paris agent, and I got to Berlin after much formality and red tape. We had to spend about forty-eight hours at Cologne getting passports, visas by the German, French and British officials, and then only got permits to stay ten days in Berlin, which is the maximum time allowed for business persons only. We got on fairly well there as I was able to speak German, and as far as money was concerned, with the exchange we were well off. I got 320 marks for an English pound. We used to pay very high prices compared with the old days. Breakfast consisting of a cup of coffee or rather Ersatz, without milk or sugar, and a small new roll used to cost 8 to 10 marks.

Dinner cost 60 to 80 marks, and was only tolerably good. We had to get ration tickets for bread, potatoes, meat and other necessities, and did not get any sugar. The travelling is anything but comfortable, the trains being crowded to excess and not heated, so we were not sorry to get back to Paris again, and I was still more glad to see dear, dirty, beloved old London once again after a seven weeks' absence.

Open Winter.

We've had a very open winter this side. Just now it is wet and chill, but the trees and flowers are out and begin to look so pretty.

In Paris the weather was lovely in January and February, mild and sunny, while in Berlin we had it sunny and cold. There is a shortage of fuel here, too, but they lighted our stove every evening—and charged for it—and we were quite comfortable at the hotel. The German beds are most warm and cozy.

At present I am viewing pictures and looking for a flat, but it seems almost impossible to find anything suitable or unsuitable. A woman has promised me the refusal of two rooms unfurnished that may be to let in June or six weeks time, and she thinks it a lucky chance to get even such an indefinite chance as this. It really is most serious, and the rents constantly rising as well as everything else.

After War Conditions.

What a terrible catastrophe this war has been, and how low we shall have the consequences to suffer. When in France I saw the devastated areas, Charleroi, St. Quentin, Etaples and others, and in Northern France and in Belgium have suffered more than anyone can comprehend without actually seeing the ruins there. Belgium seems to be getting to work without delay, and in the large towns such as Amiens and Liege things seem to be almost normal, and all the works are well on their way again.

Berlin is almost unchanged, as far as buildings go, and is still very clean, quite a contrast to Paris, which is awfully dirty just at present. The Kaiser's palace and the Crown Prince's residence are closed, shutters drawn and look deserted. There is a marked absence of military, and the few sentries on guard, mostly at the municipal offices, are very slack. All French and English signs are eliminated and nothing but German used in all notices and signs. The press is very outspoken and free, and is constantly stirring up strife relative to all questions of the day. The Allies, especially England, are abused most bitterly. Still one may allow for their humilitism, and in some measure we can afford to do so.

GOVERNMENT MEN ARE MADE HAPPY

Will be Glad to Learn That They Are to Receive a Bonus Again This Year—It Applies to All.

The men of the government service will no doubt be glad to learn that they are to receive a bonus again this year and that it will apply to all. The lowest amount will be two hundred and forty dollars and the highest will be four hundred and twenty dollars.

The following telegram from an official source at Ottawa, but one which is reliable to a member of the Customs Staff tells the story:

Ottawa, April 30.

Last year's bonus continued unchanged except married officers bonus extended to all salaries. None will receive less than two forty. Education executive worked hard past six weeks for substantial increase due to increased costs.

Trites, of Moncton, N. B., and one of the best known commercial men in the Maritime Provinces. His wife, a daughter of the late Edward R. Moore, predeceased him some years ago. He leaves two sisters, Mrs. Thomas Estabrook, of Sackville, N. B., and Mrs. W. B. Gerow, of Ontario. He was a member of the Union Lodge of Portland, P. and A. M. No. 10. Of a genial disposition, Mr. Trites was a favorite with all who knew him, and will be greatly missed by a large circle of friends.

Adam T. McColgan.

The death of Adam T. McColgan, Ph.G., formerly of this city, occurred at his residence, Cambridge, Mass., on Thursday, April 29. Deceased leaves his wife, formerly Margaret Campbell, and one sister.

The funeral will take place tomorrow afternoon at 2:30 o'clock from the residence of Peter Campbell, 47 Hazen street.

Mrs. William Newlin

Digby, N. S., May 2.—A telegram to say that the death of Mrs. Newlin, the wife of William Newlin, at one time foreman of the Courier office. The remains are expected to arrive here on Monday for interment.

OBITUARY

Esther Harris

Digby, N. S., May 1.—News has been received of the death in Danvers, Mass., of Esther, wife of Walter Harris, under particularly sad circumstances, leaving to mourn her husband and infant daughter, for whom she was the sole support.

John Henry Harlow

Halifax, N. S., May 2.—John Henry Harlow, warden for the county of Queens died suddenly at his residence, St. Milton, last night. He was a member of the firm of Harlow and Kempthorn, ship owners and lumber dealers. Mr. Harlow was 73 years of age.

Louis Babinoue

Moncton, N. B., May 2.—The death of Louis Babinoue at the advanced age of ninety-four years occurred yesterday evening at the home of his daughter, Mrs. Adolphe Comeau, in this city. Deceased was a native of St. Louis, Kent County, but had resided in Moncton the last ten years. He is survived by seven sons and four daughters.

Robert E. Jeffrey

Young's Cove Road, May 1.—On April 31, after a short illness, Robert E. Jeffrey, one of the oldest pioneers of this place passed away at the ripe old age of eighty-six years. He was born in the County of Wexford, Ireland, in the year 1834 and came to this country at the age of nine. He settled in Bagdad, Queens County and farmed until a few years ago, and has lived at Young's Cove Road since. He leaves eight children to mourn his loss. His wife died about twenty years ago.

"His children are James H. Jeffrey of Bagdad, also R. W., and Wallace of that place, Frederick of Cumberland, Roy and Blamark and Isaac of Young's Cove Road, Peter of Wawa, British Columbia and Mrs. J. B. Crowe of Port Steble B. C. He was a member of the Royal Orange Order. His remains were laid to rest beside his wife at St. Luke's cemetery, Grand Lake, Queens County.

KEEP OF THE GRASS.

Vancouver, B. C., May 1.—"No Orientals are desired in Stewart." So states a sign placed conspicuously on the wharf at Stewart, B. C., by the Stewart Citizens' Association, officials of which assert that they are looking to the welfare of the town, according to Mr. Morris Soskin, who has just arrived here from Stewart. Mr. Soskin says there is every indication that there will be a great influx into the town this summer. Special vessels have been chartered to carry machinery to the mines there. Many old Alaskan miners are on the scene.

PILETS

Do not suffer another day with PILES. Dr. Chase's Ointment will relieve you at once. There will be a great influx into the town this summer. Special vessels have been chartered to carry machinery to the mines there. Many old Alaskan miners are on the scene.

PROVINCIAL NEWS

FROM OUR CORRESPONDENTS

Rothsay

Rothsay, N. B., April 29—His Honor the Lieutenant Governor and Mrs. Pagsley have returned from Fredericton to Government House.

Under the auspices of the Rothsay Community Club, a very interesting and greatly enjoyed lecture was given in St. Paul's Church school house last Thursday night by Mr. William McIntosh, of St. John. "Beautiful New Brunswick" was the subject and a number of fine lantern pictures added to the evening's pleasure. After the lecture, refreshments were served.

After five years' residence in Rothsay, at the Kennedy House, Mr. and Mrs. Kenneth Forbes left here on Wednesday for their new home in Westport, much to the regret of many friends.

As a guest of her aunt, Mrs. Andrew Blair, Mrs. Percy Colthurst and her baby, of Campbell, are being visited here for two weeks. They leave for home tomorrow (Friday).

The annual meeting of the Fredericton Diocesan Branch Women's Auxiliary, held in St. John, Tuesday, Wednesday and Thursday of this week, has been attended by many members of the Rothsay branches, besides the official delegates. Those who could not be present at all the sessions will find in the near future an opportunity of hearing reports from those privileged to go, among whom were Mrs. A. W. Daniel, president of Rothsay Senior Branch; Miss Mabel Gilbert, delegate; Mrs. Hibbard, substitute; Miss Marie Poirweather, president of St. Paul's branch; Mrs. Walter Harrison, delegate; Mrs. R. T. Cornell, superintendent Junior Branch.

On Monday night at the Kennedy House, Mr. Ryder of the teaching staff of Rothsay Collegiate school, entertained twelve of the boys at dinner, which was a very greatly enjoyed function indeed.

Members of the Friday night bridge club were last week guests of Miss Donville.

After a two months' visit to his parents, Mr. and Mrs. Wm. C. Rodwell, Mr. Hubert Rodwell sailed by the S. S. Metagama for his home in England.

Mrs. (Dr.) Puddington, of Andover, who was a son attending Rothsay Col. High, was a guest at the Kennedy House over the last week end.

The sad news of the sudden death of Mrs. Frederick W. G. Brock, which occurred at Baltimore on Tuesday, was received here with deep regret. Mrs. Brock, who with her daughter, Mrs. Annie Brock, had spent the winter at Atlantic City, were on their way home. She has been a resident of Rothsay for many years and was greatly loved by those who knew her. The funeral took place this (Thursday) afternoon at St. Paul's (Valley) Church, Saint John. The services were conducted by the Rev. J. R. McLeod, who was assisted by the Rev. J. R. McLeod, who was assisted by the Rev. J. R. McLeod.

Mr. and Mrs. J. R. McLeod, of Halifax, who were returning home from Cuba, spent the week-end here at the Kennedy House. They have a daughter at Netherwood School and a son of the college.

The play "Daddy" which was to have been presented here tonight under the auspices of Rothsay Community Club, has on account of the death of Mrs. Brock, been postponed until next Tuesday night, May 4th.

Newcastle

Newcastle, N. B., April 30—Miss K. C. Quigley received a telegram this week conveying to her the sad news of the death at Alcham, Kansas, on Tuesday of her brother, Mr. John B. Quigley, after an illness of about years. Deceased was the fifth son of the late Mr. and Mrs. Richard Quigley of Newcastle, and has resided in the West for a large number of years. Misses Kate C. and Mary Quigley, of Newcastle, are the surviving sisters of deceased.

The marriage of Miss Bridget Agnes Palmer, of Moncton, N. B., and Mr. Joseph Norbert McMahon of Newcastle, was solemnized at St. Bridget's Church, Moncton, on Tuesday morning, Rev. E. S. Morley officiated. After the ceremony, Mr. and Mrs. McMahon took the "Whooper" for Newcastle, where they will reside.

Mr. and Mrs. J. T. Cornell, who have occupied the residence of Mrs. D. D. Robertson during the winter, are returning this week to the furnished home of Mr. and Mrs. Purdy for the summer.

Members of the Saturday night bridge club met with Miss Allison last week.

On Wednesday, Miss Hooper and her guest, Miss Moffat, went to St. John for a short visit. Mr. and Mrs. Harold Payson, who have taken Miss Hooper's cottage for the summer, are expected this week.

Mr. and Mrs. Geo. T. Polly, who spent a month very pleasantly in St. John, have returned home to Riverview.

Mr. Geo. W. Ketchum and daughter, Miss Jean Ketchum, have reopened their home at Riverview. Miss Louise Ketchum has not yet returned from Boston.

Congratulations are being received by Mr. and Mrs. Ralph M. Stock, of Moncton, who last Friday welcomed to their home a little son.

Miss Emma Christie of Bonforth, is spending a few days in St. John with her niece, Mrs. Fred Foster.

Mr. and Mrs. W. Malcolm MacKay, who spent the winter in Florida, returned home last week for the wedding of their son, Mr. Campbell MacKay, and Miss Lucy B. Robinson, daughter of Mr. and Mrs. Henry B. Robinson, of St. John, which took place yesterday (Wednesday) in St. Paul's (Valley) Church, St. John.

Mr. and Mrs. J. R. McLeod, of Halifax, who were returning home from Cuba, spent the week-end here at the Kennedy House. They have a daughter at Netherwood School and a son of the college.

The play "Daddy" which was to have been presented here tonight under the auspices of Rothsay Community Club, has on account of the death of Mrs. Brock, been postponed until next Tuesday night, May 4th.

ALIENISTS TO STUDY DEAD CROOK'S BRAIN

Chicago Medical Men to Examine the Body of James J. Harrigan.

Chicago, April 30—One of the most unusual conventions in the history of Chicago will be held in about thirty days. At that time the body of James J. Harrigan, "gentleman crook," of practically every known branch of crime, will be turned over to the Chicago Demonstration Association. This association is composed of a group of medical colleges and the body will be used for anatomical purposes.

The career of Harrigan, which has been unfolded through investigations by the police as one of the most remarkable in history of local crime, has recently been widely reported. The criminologists, alienists, students of psychology and members of the medical profession have manifested a keen interest in the possibility of viewing the man's brain and studying, as near as possible through modern methods of science, the man's thoughts during life.

It seems improbable now that Harrigan, who lived by the gun and died by the gun, will escape a knife. No relatives have appeared to claim the body. It has lain at the Alexian Brothers' Hospital since Monday morning, when the man died. "The only person to show an interest in Harrigan's death was Mrs. Ida Needham, who commended herself to her by his 'gentlemanly' manners," had proposed to her several occasions. She visited the hospital and died a year, but as yet has not shown a disposition to save the body from the Potter's Field.

The law of the county is that unless bodies are claimed within thirty days they go to the medical association. Dr. Irving M. Perrill, president of the Demonstrators Association, said Harrigan would be the first criminal to come into the hands of the association. He said he was sure of an examination of the body by the association would prove invaluable to criminal science.

"It is a mystery why a man surrounded with priceless jewels and valuables should live on 60 cents a day," said Dr. Perrill. "The convulsions of his brain will show not dollar marks, but evidences that he was a modern Scrooge and I hope no relative puts in an appearance to claim his body."

newspaper producer has been much more marked than our own," the article states. "While only one plant has been constructed in the United States since 1909, Canada has increased her pulp mills by 67 per cent. in that time. Her production in 1917 was 689,847 short tons as compared with 1,359,012 in 1919. Most of our foreign supply comes from Canada, but small amounts are also imported from Norway and Sweden.

Although imports of newspaper paper increased 98 per cent. in the last five years, this country's exports during the same period increased 61 per cent. Argentina led the countries of the world in purchasing newspaper paper from the United States. During 1919 this country exported nearly a sixth as much newspaper as it imported.

Consumption of newspaper paper in the United States has increased 21 per cent. in the last five years, during which period domestic production of the commodity has shown a gain of only 5 per cent., according to a survey of the newspaper paper situation published in the May Commerce Monthly, the magazine of the National Bank of Commerce in New York. Although the present acute newspaper shortage is partly due to greatly increased use of paper in newspaper advertising, this lack of a normal increase in production is one of the principal causes of the stringency, the bank says.

In 1909, it is pointed out, the United States produced all the newspaper paper it used, but by 1919 it had become dependent on foreign sources for a third of its supply. Between 1899 and 1904 production increased 60 per cent. But between 1904 and 1919 the increase amounted only to 45 per cent.

"Canada's recent development as a newspaper producer has been much more marked than our own," the article states. "While only one plant has been constructed in the United States since 1909, Canada has increased her pulp mills by 67 per cent. in that time. Her production in 1917 was 689,847 short tons as compared with 1,359,012 in 1919. Most of our foreign supply comes from Canada, but small amounts are also imported from Norway and Sweden.

Ruptured?— Throw Away Your Truss!

For Many Years We Have Been Telling You That No Truss Will Ever Help You—We Have Told You the Harm That Trusses Are Doing. We Have Told You That the Only Truly Comfortable and Scientific Device for Holding Rupture is the Brooks Rupture Appliance—and That It Is Sent on Trial to Prove It

If you have tried most everything else, come to us. Where others fail we have our greater success. Send attached coupon today and we will send you free our illustrated book on Rupture and its cure. Our Appliance and giving you prices and names of many people who have tried it and were cured. It is instant relief with all others. No harness, no ties. We send on trial to prove what we say is true. You are the judge and once having seen our illustrated book and read it you will be as enthusiastic as our hundreds of patients whose letters you can also read. Fill out free coupon below and mail today. It will worth your time whether you try our Appliance or not.

Pennsylvania Man Thankful

Mr. C. E. Brooks, Marshall, Mich. Dear Sir: It will interest you to know that I have been ruptured six years and have always had trouble with it. I got your appliance, with its very easy to wear, its neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on. It just adapted itself to the shape of the body and seemed to be a part of the body. It did not chafe the spot, no matter what position I was in. It would be a veritable God-send to the unfortunate who suffer from ruptures if all could procure the Brooks Rupture Appliance. I have tried other appliances, and also the honorarium, but nothing ever did it but your Appliance. Whenever the opportunity offers for myself I will say good word for your Appliance, and also the honorarium, in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends and strangers. I am, Yours very sincerely, JAMES A. BRITTON, 65 North Ave. D, Bethlehem, Pa.

Soundly Cured at the Age of 81

Mr. C. E. Brooks, Marshall, Mich. Dear Sir:— Less than a year ago I sent to you for an appliance which came by registered mail. I have used it for some time, and at once put it on and it fitted perfectly. I have used other appliances, but quite ten and one-half months. It has cured my rupture and I feel like a new man. I tried the other day while the appliance was on, to see if I could force anything out, but I could not. I could break that, but I could not, though I tried several other remedies and got no relief, and I shall certainly recommend it to my friends, for we surely owe it to you. Yours respectfully, Wm. PATTERSON, 206 712 & Main St., Akron, O.

Who Above is C. E. Brooks, Inventor of the Appliance, Mr. Brooks Cured His Rupture Over 30 Years Ago, and Patented the Appliance from His Personal Experience. Write name to the Brooks Appliance Co., Marshall, Mich.

Others Failed But the Appliance Cured

Mr. C. E. Brooks, Marshall, Mich. Dear Sir:— I cannot feel but that I owe you this testimony for I had never expected to be cured. However, thank be to God, I found a cure through the valuable Appliance you made for me. Your friend, Holly Hill, Pa. B. A. Richards.

Ten Reasons Why You Should Send For Brooks Rupture Appliance

1. It is absolutely the only Appliance of the kind on the market today, and the only one that has been tested by inventors have sought after for years.
2. The Appliance for retaining the contents of the stomach in a normal position.
3. Being an air cushion of soft rubber it chafes closely to the body, yet never chafes or irritates the skin.
4. Unlike the ordinary so-called pads, umbos or unsightly, and positively can be detected through the clothing.
5. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.
6. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.
7. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
8. All of the material of which the Appliance is made is of the very best that money can buy, making it a durable and lasting article to wear.
9. Our reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and our prices are so reasonable, our terms so fair, that there certainly should be no hesitancy in sending free coupon today.

Child Cured in Four Months

At James St., Dubuque, Iowa. Mr. C. E. Brooks, Marshall, Mich. Dear Sir:— My baby's rupture is altogether cured, thanks to your Appliance, and we are so thankful to you. If we could only have known of it earlier, the boy would not have had to suffer near as much as he did. His was your Appliance a little over four months. Yours very truly, ANDREW ZOGHERBER.

THE GRAIN GROWERS' GUIDE AND THE MARITIME FARMER

The Guide Challenges the Farmer to Prove Certain Statements That It Has Recently Made Regarding the Policy and Propaganda of the United Farmers' Organization.

The Grain Growers' Guide of Winnipeg, challenges the "Maritime Farmer" of St. John, N. B., to prove its false charges against the Western Grain Growers and offers to pay \$1,000.00 cash if any of the charges are proven.

The following is a letter mailed to the "Maritime Farmer" from Winnipeg on March 19th, by registered special delivery:

Letter for Publication.
The Editor Maritime Farmer, St. John, N. B.,
Dear Sir:—

In your issue of March 2nd you have devoted nearly two pages to your paper to criticism of the Western Grain Growers, The Grain Growers' Guide, The United Farmers' Guide and myself personally. I trust you will extend to me the usual journalistic courtesy of space in your paper in which to reply.

After reading carefully your articles of attack I would endeavor fairly to summarize your charges as follows: 1. You state that the Western Grain Growers are "insisting that the Government again buy their wheat at fancy prices and force the rest of Canada to pay the bill."

2. You state that the policy of the Canadian Council of Agriculture, otherwise known as the "New Statute Policy" or the "Farmers' Platform" is "to be put down absolutely in the interests of Western farmers."

3. You intimate in your articles that the Grain Growers of the West through the Farmers' Platform and the establishment of the United Farmers' Guide are endeavoring to "hold back" the farmers of the Maritime Provinces, and are "getting ready to open" one of their "maritime" arms by securing their support of a policy for the benefit of the Western Grain Growers.

4. Another of your statements is as follows:—"The Grain Growers' Guide also professes to be owned by farmers. It is owned by Hon. Mr. Crerar and one or two others. The farmers' share is represented by his subscription."

5. You have intimated that there is a political clique among the Grain Growers and that the policy of the organization is "to be put down absolutely in the interests of Western farmers."

6. You have intimated that the "Maritime Farmer" is "a weakly publication" and that it is "a mere tool of the United Farmers' Guide."

7. You have intimated that the "Maritime Farmer" is "a mere tool of the United Farmers' Guide."

8. You have intimated that the "Maritime Farmer" is "a mere tool of the United Farmers' Guide."

9. You have intimated that the "Maritime Farmer" is "a mere tool of the United Farmers' Guide."

10. You have intimated that the "Maritime Farmer" is "a mere tool of the United Farmers' Guide."

11. You have intimated that the "Maritime Farmer" is "a mere tool of the United Farmers' Guide."

FORECASTS.

Maritime—Fresh northerly winds fair and cool.

Northern New England—Fair Monday and Tuesday; moderate north and northwest winds.

AROUND THE CITY

THE UNION WORKER
The May issue of The Union Worker is published and is brimful of interesting articles.

THE ECLIPSE
Dark and low lying clouds prevented residents of the city witnessing the eclipse of the moon which took place last night.

ARRIVED FROM HAVRE.
The steamer Mactestuppi, Franco Line, Nigle & Wagners agents, arrived yesterday from Havre and docked at No. 4 berth, Sand Point.

MILK LICENSES FOR 1920.
The Board of Health are now issuing the milk licenses for 1920. This year the producer as well as the dealer have to have this document.

SPECIAL COLLECTION.
The special collection taken at the Ludlow street Baptist Church Sunday yesterday afternoon in aid of the Armenian sufferers amounted to over \$25.

ABOUT FIFTY MILLION FEET.
The St. John River Log Driving Company will handle about fifty million feet of logs this year, which is a normal drive. Last year the drive was thirty-two million feet.

PRAYERS WERE OFFERED.
In the Anglican church yesterday prayers were offered for several candidates for the ministry who will be ordained by the Bishop next Sunday at St. Jude's church, West Side.

WORK ON KING STREET.
This morning the work of laying the new sixteen inch water main on the north side of King street will begin. The trenching is to be done by Messrs. Tobias and Ferris. Commissioner Jones hopes to complete the work in about six weeks.

LOBSTERS FOR LOBSTERS.
Lobsters were selling in Digby, N. S., on Saturday for eight cents for a medium sized crustacea, while in St. John, N. B. a purchaser paid one dollar for a lobster weighing two and a half pounds. Is it high cost of living from the Reformers' point of view or freight or high prices of the local dealer? What's the answer?

GOOD COLLECTIONS.
Collectors for the Armenian and Syrian Relief Funds have been taken in St. David's Sunday School for the past two Sundays and the creditable sum of \$121.25 raised for these sufferers. One class held a parlor concert for this object, at which proceeds to the amount of \$12.75 were realized.

THE COUNTRY MARKET.
Supplies were fairly plentiful in the country market on Saturday. Eggs were selling at fifty cents, veal at from twelve to eighteen cents, butter from sixty-three to sixty-five cents, lamb from twenty to twenty-five cents, potatoes ninety cents per peck and new Bermuda onions at twenty cents per pound.

INCREASED REVENUE.
Customs revenue continues to increase, the receipts for April showing a gain of \$32,212.51 over April in the previous year. The figures are:
Customs \$48,738.95 \$540,822.46
S. F. fund 2,892.89 738.92
Total \$491,041.84 \$541,661.41

TRADE ENQUIRIES.
A firm in Paris, France, has written the secretary of the St. John Board of Trade asking for information regarding the production of tannic acid in New Brunswick. It is understood that there is a firm in Millersburg manufacturing this product for a Montreal concern. A New York concern asks for information regarding lines of steamers running to and from St. John, their destinations, particulars of schedules and names of local representatives.

THE PROBATE COURT.
The will of the late Mrs. Louise A. Wilson has been proved and letters testamentary granted to J. Roy Campbell, K. C., and Rev. Dr. George Steel. The total probate value of the estate exceeds \$25,000, which includes the Harris homestead on Paradise Row, which Mrs. Wilson left to the trustees of the Portland street Methodist church to be used as a parsonage, as previously mentioned. Roy A. Davidson, proctor.

VITAL STATISTICS.
The following deaths were reported to the Board of Health during last week: Broncho-pneumonia, two; cardiac failure, two; influenza, infantile, one; typhoid fever, one; meningitis, one; endocarditis, premature birth, placenta previa, cerebral hemorrhage, ophthalmia of face, suppression of urine, locomotor ataxia and carcinoma of stomach, one each, a total of seventeen.

Twenty-two marriages and thirty-six births, eighteen boys and eighteen girls, were reported to the sub-city registrar of vital statistics during the past week.

Wage Schedule Is Being Sought

Millmen on North Shore, as Result of Organization, Are Asking for New Schedule—The Rate of Wage Being Requested.

On the busy North Shore, as a result of organization, a new wage schedule is being sought by the millmen. The companies which are interested are Shives Lumber Co., Richards Mfg. Co., W. H. Miller and Co., Fraser Lumber Co., Dalhousie Lumber Co., the Red-Gouche Boom Co., and A. Barberie. Band or rotary sawyers with riggers are asking \$8 a day; band and rotary sawyers \$6.00; band saw filer, without helper; \$14.00; gang sawyer \$6.00; round saw filer \$6.50; lath sawyer \$5.00; bandmen, such as millwrights, helpers, assistant foremen, pop sawyers and helpers \$5.00, blacksmiths \$7.00; mill engineers \$7.00, diesel workers \$5.00; general labor \$4.00.

Among the conditions set forth is that nine hours constitute a day's work overtime to be paid for at the rate of time and a half with double time for Sundays and various holidays. Daylight saving time is taboed.

Candidate To Run Against Dr. Roberts

While No Date Yet Fixed for By-Election Col. Murray MacLaren is Prominently Mentioned as the Probable Candidate.

While no date has been fixed as yet for the by-election which will be necessary consequent upon the placing of the Minister of Health on a salary basis, it appears to be a determination of the opposition to run a candidate against Hon. Dr. Roberts. It is possible that Col. Murray MacLaren will be the opposition candidate; at any rate his name is prominently mentioned, and there is no doubt he could have the nomination and be elected if he chooses to run. Col. MacLaren made a great reputation during the war, and has a host of friends in the city, who would be glad of the opportunity of showing their confidence in him.

MOVING DAY FOR THE POLICE

Week-End Harvest Totalled Fifteen Arrests and Fourteen of These Were for Violation of Prohibition Act.

Saturday was a rush day for the police force, and its passing saw the accommodations of the lock-up fairly well taxed. Seven drunks were brought in during the day, and Alexander Taylor was arrested on the charge of being drunk and having liquor in his possession illegally. The arrest was effected by Inspector McAluish. A juvenile who broke away from the Reformatory earlier in the day was locked up during the afternoon, bringing the total for the day up to nine.

Four drunks were looted Sunday and Ernest Sergeant was arrested on a double liquor charge by Inspectors McAluish and Kerr.

Police Sergeant Power, Detective Biddiscombe and Donahue made a raid on No. 23 Brunswick street at 10.30 p. m. and arrested Miss Lottie Spencer on the charge of selling liquor in her place of business. The week-end harvest thus totalled fifteen arrests, fourteen for violations of the Prohibition Act.

THE FUNERAL OF VIRGINIA GARRETT

Little Girl Who Was Killed by Automobile Thursday Night Was Buried Saturday Afternoon—Large Number of Floral Tributes.

The funeral of Virginia Garrett took place at Renforth Saturday afternoon, the service at the Church of St. James the Less being conducted by Rev. Canon A. W. Daniel, and interment made at Cedar Hill Cemetery. A large number of floral tributes were received from those wishing to show their deep sympathy. These included a wreath from the staff and pupils of the Robbsey Consolidated School, wreaths from the Junior and Senior Women's Auxiliary of Renforth, the Renforth Tennis Club, and many individual wreaths and sheaves of flowers from the little girl's schoolmates.

COLD WEATHER AND THE SPRING TIDES

Gaspereaux Fishermen Had Rather Poor Luck Last Week—Good Catches Are Expected This Week.

Owing to cold weather and spring tides the Gaspereaux fishermen had rather poor luck last week. One of two weirs made occasional catches of no great quantity; the net fishermen did practically nothing. This week the tides will be normal, and the come warm weather arrives, the fishermen expect to make good catches. Owing to the backward season some of the fishermen only got their nets ready last week.

ACCEPTED POSITION.

Earl Tapley has accepted a position with the St. John Exhibition Association and will enter into his new duties this week.

Mass Meeting of Hebrew Population

M. Kadishewitz of Montreal the Speaker in Carleton St. Synagogue Last Evening—Want Funds for Palestine Restoration.

A mass meeting of the Hebrew population of the city was held last evening in the Carleton street Synagogue. The purpose of the meeting was to make a special appeal to the local Jewry on behalf of the Palestine Restoration Fund.

During the recent San Remo conference, Imperial statesmen declared that Palestine was to be the Jewish homeland, and that it would be under the protection of Great Britain. That has been the dream of Hebrews the world over for years, and in the hope that one day that dream would be realized, they long ago initiated this Palestine Restoration Fund. Some of the most prominent men in the commercial and banking worlds of New York and London are the trustees of this fund. For years from all parts of the world Hebrews have been slowly going back to Palestine. Since the cessation of hostilities this migration has been more pronounced.

It is estimated that more than 200,000 Jews have within a very short time worked their way back to the homeland. Many of the families that have gone back need assistance. Moreover, there is an immense amount of work to be done to make it a country fit to live in.

Moreover, now that its future as the Jewish homeland is assured it is expected that thousands more will return. Hence an immense amount of capital is needed.

During this week a special drive is being made over the world for the Restoration Fund. Canada's quota is half a million.

The meeting in the Synagogue last evening was addressed by M. Kadishewitz, long ago settled in Montreal, who has devoted his life to the cause. Judging by the interest which the gathering paid to the appeal of M. Kadishewitz and from the remarks of different speakers at its conclusion there does not seem any doubt that the Hebrews of this city will respond fully.

Technical High School At Moncton

Local Trade Union Official Says Moncton is Talking About Technical School or College.

"Moncton is talking about a technical high school or technical college as if St. John was not on the map or worth consideration anyway," remarked a local trade union official who has just returned from the railway bureau.

"The way they talk there you would think that Moncton was the chief industrial center of the Province, and entitled to everything that comes along. Professor Peacock, the technical education man, seems to agree with them, and tells the world that Moncton is the proper place for a technical high school. I would like to know what Premier Foster thinks of each doctrine. Also I would like to know what the city council of St. John think about it. Or are we again going to pay the penalty of adopting a reactionary form of government by grain waving up too late!"

Entered Into An Agreement

Montreal Longshoremen Have Made Terms With Shipping People Regarding Wages—Word Received by Local Association Officials.

Officials of the St. John Longshoremen's Association have received word that the Montreal Longshoremen have entered into an agreement with the shipping people, effective to January 1, 1921, each party putting up a deposit of \$2,000.

The new schedule gives the men an increase of ten cents per hour for day work, and time and a half for night work. The day stretch is from 7 a. m. to noon, and 1 p. m. to 6 p. m.; the rate is 70 cents an hour, compared with 60 cents last summer. Night work will be at the rate of \$1.05 per hour, and Sunday labor will be paid by day at \$1.27 1/2 by night.

About 2,000 longshoremen are concerned in the agreement. The men accepted the 10 hour day in view of the short season of navigation.

PAUL DU FAULT RECITAL ST. VINCENT AUDITORIUM, CLIFF ST.

Wednesday evening May 5, 8.15 p. m. copied from Boston Herald.

Boston:—

(The Herald) Paul Du Fault is a real treat for the student for an inspiration alike to the music lover and musician. His voice is beautiful and he has the power to draw a tear from your eyes. Do not fail to get your tickets early as indications point to a capacity house.

Look in at the New Spring Clothes for Men

This store is admirably ready to look after the clothing needs of men of this city and vicinity, who are looking for the best apparel to be found at the best value.

Suits for Springtime

have more than the usual amount of style. The Semi-form-fitting Suit in two or three button style with soft roll peak lapel leads—and the popular waist-coat suit is also having a deserved demand. Where your preference is for a plain coat or one of the smart fancy tweed mixtures, you can find it here and—

Our Suits are moderately priced.

\$25.00 to \$60.00

(Men's Clothing Shop, Second Floor.)

Men Who Are Particular About The Ties They Wear Usually Supply Their Needs Here.
