Give us a call for furs.

#### One Only.

Black cloth, three-quarter length, fur-lined ladies' coat, size 38. This is a very fine garment made in the latest approved style, with Squirrel lining and Columbia Sable Collar, and is extra good value at the price asked. \$54.00.

#### Cloth Coats.

We have a few elegant cloth coats as described last week. \$15.00 garments to sell at \$13.00. All other Ladies', Children's and Misses coats at 20 per cent discount.

#### Dress Goods.

Our dress goods department is full of the good things of the season, both plain and fancy. The variety is so large, the colorings so varied, the range of prices so full that we cannot here attempt even a meagre description.

### For Men.

#### Mocha and Kid Gloves

Lined and unlined. Large variety. Good values. Special line of genuine Mocha wool lined gloves at \$1.65. Other qualities at \$1.00, \$1.25 up to \$2.00.

#### TIES.

The largest and best stock we ever had. We think the values cannot be excelled. Very large range of the popular priced 25c. ties. Darks, Lights, Mediums, Four-in-hands, Knots, Hook-on's, Puffs. At 50c. we have also a very large stock, both in the smaller and larger shapes. We have this year ventured a little higher and have some beautiful, rich, elegant ties at 75c. When seeking for presents for gentleman friends don't forget our tie department.

#### CAPS.

Cloth with fur-lined bands, H. B. K. make. 50c. to \$1.25.

#### Fur Caps.

Persian Lamb \$5.00.

#### Overcoats.

Our stock is yet quite large. We wish to call special attention to this department as we have a very large line of well made garments. Prices ranging from \$6.50 to \$16.00. Fancy mixed tweeds with nice check. Very stylish, in fact, right up to the minute, only \$10.50.

Special value mixed tweed, heavy and warm, lapped seams, \$12.00

#### Black Beaver.

A very stylish, dressy coat, looks to be worth \$20.00. Our price \$10.50.

We have also a few shorter length coats just coming to the knee. Made of good quality black Beaver price \$8.50.

Other varieties which we cannot here detail, but, which are worth your critical examination.

#### Fishermen, Teamsters

And all others who are out in the cold, we want you to try one of our sheepskin lined duck coats. Three qualities. \$4.75, \$5.75 and \$6.75.

## TENNYSON SMITH NEXT WEEK.

Arrangements Are About Complete for Grand Temperance Campaign.

E. Tennyson Smith will open his Temperance Crusade here Saturday evening when a reception will be tendered him in the Temperance Hall. His Worship Mayor Hennessy will preside and deliver an address of welcome. Temperance workers and the public generally are invited to attend. This meeting will be held at 7.30 o'clock.

The first mass meeting will be held in the Opera House Sunday afternoon at 3.30 o'clock. This meeting will be for men only and should be attended by every man in town.

The Monday night meeting will be held in the Opera House.

Tuesday afternoon Mr. Smith conduct a special children's meeting. He has been very successful in these meetings, and never fails to interest the young people.

Tuesday, Wednesday and Thursday evenings the meetings will be in the Opera House.

On Friday night the Trial of Alcohol will take place. This is a great drawing card and has been greeted with large houses wherever put on.

In case there should be any misunderstanding about the terms for which Mr. Smith comes to our town we might say that the only guarantee he requires is \$25.00 for the whole campaign. The collections taken up at the meetings are for the expenses of the local committee for hall rents advertising etc., except the collection of one night and admission for to closing meeting of campaign, these go to Mr. Smith.

## HOTEL BURNED AT CAMPBELLTON.

Firemen Worked Hard, to Save the Other Buildings in the Vicinity—No loss of life.

Campbellton, N. B., Dec. 10.—A fire broke out in the well known Commercial Hotel near the I. C. R. depot about 6.30 tonight, and it was completely destroyed. It was with much difficulty that a house on the west side was saved. The Royal hotel, on the east side, was saved, but not without great effort by the firemen, who kept several streams of water on the building for nearly three hours. The fire is supposed to have caught from the electric wires in a bed room. Mr. Murray is the proprietor of this hotel. He saved a large portion of the contents of the building. Insurance, 1,500. The hotel is owned by Frank Matheson, insurance \$3,500. This building is valued at about six thousand dollars. Much praise is given to the fire department, who worked nobly. There was no loss of life. A large number of sympathizers witnessed the building burning, which was about 60 feet square and three stories high.

## DALHOUSIE MAN WAS SENTENCED FOR THEFT.

Dalhousie, N. B., Dec. 8.—Charles Ferrenti, an Italian, was sentenced here Thursday morning by Judge McLatchy, under the speedy trials act, to serve two years at the Dorchester penitentiary for having stolen \$50 worth of goods in one of the Resegouche lumber camps.

Christmas footwear, come see our display.—D. R. McRAE, —Co.

## WM. CURRIE WAS NOMINATED.

Local Government Convention At Dalhousie Unanimous In Its Choice.

### A STRONG MAN.

At the convention of supporters of the local government, held at Dalhousie on Tuesday, William Currie, of Campbellton received the unanimous vote of the convention as government candidate for the seat vacated by the appointment of Judge McLatchy to the Bench. Mr. Currie accepted the nomination, and thanked the delegates in a brief speech for the confidence they had placed in him. Mr. Currie is carrying on a lumbering and mercantile business in Resegouche and is well known, having filled several positions of trust. His nomination was proposed by W. F. Napier, manager of the Shives Lumber Co. Hon. C. H. LaBilloy made a lengthy address. He spoke of the lumber policy, education, agriculture and made a defence of the road act, which, he stated had been great success during the past year. Other addresses were delivered by John S. Bassett and John Dickie.

## RESTIGOUCHE ELECTION IN JANUARY.

By Election to Fill Vacancy In Local Legislature.

St. John, Dec. 8.—Premier Tweedie was here yesterday. He and Mr. Pugsley leave for Montreal tonight, after which they will go to Ottawa, thence to Washington. Premier Tweedie said Mr. Sweeney will leave for Washington today to visit the Forestry department to learn something about the methods in operations for the forestry convention which will be held in this province during the first week of the session of the legislature. Mr. Tweedie said the Restigouche by-election would be held January, but the exact time he could not say.

Read McMurdo's add and go to him for new clothing.

## HEAD ON COLLISION NARROWLY AVERTED.

Conductor Bliss Sears and his crew have been suspended as the result of an investigation into the close call from a head-on collision between numbers 75 and 76 trains between Petit Rocher and Bathurst early in the week. Conductor Sears, who was running as a special conductor on Number 76, got off his train at Petit Rocher while a hot box was being packed and went into the station. Meanwhile an order came for the train to cross No. 75 at a siding between Petit Rocher and Bathurst. While the conductor was in the station the engineer got the signal to proceed and the train started without the conductor. The engineer whose order read to cross at Bathurst, thinking that the conductor was on the train proceeded to run for that point. When he had gone a short distance he noticed the headlight of 75 coming towards them. The engines were stopped and a collision was narrowly averted.

McMurdo's is the place the boys go to be well clothed the man who wears a McMurdo over-coat is sure of being well fitted at a small price.

## SANTA CLAUS SENDS MESSAGE

Will Meet Newcastle Children In Opera House Wednesday Dec. 26th.

To the children of Newcastle—  
"I am leaving my home at the North Pole, today and expect to be in Newcastle, the evening of the 26th of December—the night after Christmas.

They tell me that the Opera will not hold all the young people. The returns from your town show five hundred and fifty children between the ages of five and twelve years.

I am very sorry but I cannot possibly invite the children of this town or over that age.

There may be little ones, under the school age, who would not be allowed to come alone. In such cases, I especially invite the mothers to come with them; if there is no older brother or sister invited with whom the little ones could be trusted.

"Now we're ready—one, two, three—very soon we'll set things humming—Hip hurrah! Look out for me."

(Signed) SANTA CLAUS.

## MIRAMICHI MAN WINS SUCCESS.

Wm. Clouston, Son of John Clouston, Lower Derby, Wins U. S. Election.

Great Falls, Montana papers contain the picture and much reading matter in reference to Mr. Wm. Clouston, who was lately elected to the Montana Legislature by a large majority.

One paper among other things says:

"One of the best known and most popular men on the democratic ticket is William Clouston, who is running for the legislature.

Mr. Clouston is a son of Mr. John Clouston of Lower Derby and although he has been in the west for over twenty years is remembered by many who will be glad to learn of his success.

## WORLD'S CONVENTION

W. C. T. U. AT BOSTON.

### Synopsis of Report Prepared for the Advocate From the "Union Signal."

In Boston, Mass., the World's W. C. T. U. held its first convention in Oct. 17-23, 1906, which marked the completion of twenty-three years of glorious achievement. In 1891, eleven countries were represented. In the convention just closed, delegates were present from thirty-one different nations, each reporting activity in some of our many lines of work.

Rows of tables on the main floor of Tremont Temple, extending from the doors to the platform, and traversing the length of each balcony with several more on the platform for distinguished guests, accom-

## CRISIS OF GIRLHOOD

A TIME OF PAIN AND PERIL

Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well.

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

A mother should come to her child's aid at this critical time and remember that Lydia E. Pinkham's Vegetable Compound will prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tullahoma, Tenn., writes:

"I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound."

"When fourteen years of age I suffered almost constant pain, and for two or three years, I had nervous and pain in my side, headaches and was dizzy and nervous, and doctors all failed to help me."

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I sincerely hope my experience will be a help to other girls who are passing from girlhood to womanhood, for I know your Compound will do as much for them."

"If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to a strong, healthy and happy womanhood. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge."

was introduced by Mrs. Stevenson, and spoke in appropriate words.

Countess of Carlisle, England; was elected the new President of the World's W. C. T. U.

Lady Dorothy Howard daughter of Countess Carlisle was present and when asked to speak rose and the women of thirty-one different nations rose and saluted the beautiful girl of twenty years with the waving of flags and of handkerchiefs, and the swelling tones of the great organ united with human voices in the grand hymn, "Blest be the Tie that Binds."

Lady Dorothy Howard said, I cannot tell you how I grieve that my mother cannot be here herself to express her thanks. She herself and our British Woman's Temperance Association would most gladly have replaced in your United

States President the trust which you have invited given to her. We have always looked to you in the United States as showing what women of real grit and pluck could do in temperance work for their country, and for the world at large, at the goodness of your faith you have seen fit to bestow this trust upon our English President, I can, on her behalf, but thank you from the bottom of my heart.

A cablegram was sent to the Countess of Carlisle announcing the action of the convention, and later in the proceedings the following reply was received. Lovingly and humbly I accept service as President, though the task is difficult. I thank the convention for trusting me and I will do the best.

A noted German doctor's daughter spoke beautifully. She said her father was at present making a literary tour in twelve different cities of Switzerland, where he had been invited by the temperance societies. She simply told this to show how in their country, the anti-alcoholic sentiment prevades slowly from science into public opinion. Great applause followed this address, and the convention sent greetings to the father and mother of Dr. Kassowitz, with thanks for the love of their daughter.

A great many one minute addresses were heard which delighted the vast audience.

A great deal should be said but space would not allow.

Miss Slact called the "British Empire" to the platform, and they sang "God save the King."

The Scottish delegates rendered "Auld Lang Syne" in true Scotch fashion. While the Stars and Stripes and foreign flags waved in friendly proximity.

After the benediction was repeated in concert, that the seventh convention of the Women's Christian Temperance Union passed into history.

The Earl of Carlisle and his daughter, Lady Dorothy Howard are the guests of their excellencies the Governor General and Countess Grey at the Government House.

#### DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## WHEN THE MOHAWKS INVADED NEW BRUNSWICK

How the Micmac Women Led Them to Destruction.

In 1748 fully 3,000 Mohawks undertook the invasion of New Brunswick and Nova Scotia in the hope of conquering that territory from the Micmacs. They found the St. John River swollen by November rains and realized that great care would be needed in its navigation. They captured three Micmac squaws and compelled them to serve as guides. For two days and nights all went well, but on the third day the boats approached a narrow and turbulent part of the stream, and the Mohawks began to grow suspicious, especially when the air blowing up the rapine brought with it a mist and a far roaring. Their suspicions were confirmed presently, for the three squaws in advance exchanged signals and sprang into the current. They swam with all their strength toward shore, landed in safety, despite the showers of arrows that fell about them, and disappeared in the depths of the wood. The rowers of the canoe fleet first made strenuous efforts to reach the land but in the confusion and darkness most of them were hurled down the cataract, and in the spring, when 1,600 drowned bodies came to the surface below the falls the Micmacs tore away their 1,600 scalps and sold them to the English at Louisbourg at \$2.50 each. The 400 Mohawks who escaped destruction at Grand Falls made a hurried retreat to their own country, harassed all the way, and losing about half their number, and this complete and decisive victory is said to be still celebrated by the Micmacs in the week following the new moon in April. When the three squaws arrived at Tobique village with their news and wearing hulos, the people held war dances for a week, and the chiefs decreed that no woman of the tribe should ever work enough to hurt, but with the lawful institution of laziness the Micmacs degenerated in spirit and number and at present numbers less than 500.

Catarrh of the nose and throat should lead you to at least ask us for a free trial box of Dr. Shoop's Catarrh Cure. Nothing so surely proves merit as a real, actual test.—and Dr. Shoop, to prove this, earnestly desires that we let you make that test. This creamy, snow white healing balm, soothes the throat and nostrils, and quickly purifies a foul or feverish breath. Call and investigate.—Sold by THOS. J. DURICK.

They met in the alley. "What's the matter with yer face, Jimmy?" asked the little girl from the shanties. "Aw, can't yer see I've got de tooth-ache?" snapped Jimmy, holding on to his right jaw. "Why one side of my face is swelled all up like a pumpkin."

## GREAT ALARM

AT SPRINGHILL.

Thirty Houses Quarantined with Smallpox and Officials Are Busy.

Springhill Mines, N. S., Dec. 6.—The authorities here have at last wakened to the fact that there is smallpox raging and very stringent measures for the complete isolation of the affected houses are being taken.

Springhill is divided into districts with assistant officers of health for each, whose special duties are to enforce the regulations. To supply all the needs of the inmates and prevent any persons leaving or entering a government board of health officer arrived today from Halifax to make an inquiry into the whole matter.

There are about thirty houses in quarantine. Much indignation is shown by some of these affected because of the regulations and this has taken the form of tearing down labels and making all manner of threats to the officers,

# Fruit-a-tives

"FRUIT-A-TIVES" differ from any other remedy in the world.

They cure, absolutely, Stomach, Liver, Kidney, Bowel and Skin Troubles.

Because none of the usual remedies have given you relief, is no reason why you should not give "Fruit-a-tives" a good, honest trial.

Fresh fruit acts directly on the three great eliminating organs—Bowels, Kidneys and Skin. But fruit contains only a minute quantity of the medicinal principles and in order to receive any marked benefit from fruit, one would be compelled to eat more than could be assimilated by the system.

"Fruit-a-tives" contain all the curative virtues of fruit in a wonderfully concentrated form.

In making "Fruit-a-tives," the juices of apples, oranges, figs and prunes are combined—and, by a wonderful discovery of a famous physician, a chemical change takes place in the juices, by which the medicinal action is many times increased. Then tonics are added, and the whole compressed into tablets.

"Fruit-a-tives" contain no Calomel—no Cascara—no Senna—no Morphine—no violent purgatives—only fruit juices and tonics.

"Fruit-a-tives" act directly on the Bowels, Kidneys and Skin—strengthening them—and arousing them to vigorous action.

With the Kidneys healthy—the Bowels moving regularly every day—the Liver active—and the pores of the skin doing their full share towards ridding the system of waste—there can be no disease. "Fruit-a-tives" mean health for every member of the family.

## INQUIRY ORDERED INTO INHUMANITY ON P. E. I. OFFICIALS.

Agent of Marine Department at Charlottetown will be Asked why he didn't send aid to Perishing Sailors.

Ottawa, Dec. 6.—Mr. Brodeur, minister of marine and fisheries, has ordered an inquiry into the circumstances which prevented prompt aid being sent to the Norwegian vessel which was shipwrecked off East Point, Prince Edward Island.

No satisfactory explanation has yet been received here as to why the life boat was not sent by special train from Charlottetown. As soon as Lloyd's agent notified the department here a telegram was at once sent to the agent of the marine department at Charlottetown asking him to at once send aid to the vessel. The Minto was sent but the P. E. I. Railway wanted \$60 for the special train to convey the life boat and for some reason it was not sent, as it ought to have been. All these matters will be inquired into.

## CHARLES MATHEWS AND MR. TATTERSAIL.

Charles Mathews, the famous English actor, once indulged disastrously in his well known taste for mimicry. The ridicule on this occasion was at the expense of Mr. Tattersail during the sail of blood stock conducted by that well known auctioneer.

"The first lot gentlemen, said Mr. Tattersail, is a bay filly by Smolen sko," etc.

The first lot gentlemen echoed Mr. Mathews in the same tone of voice, "is a bay filly by Smolen sko."

The auctioneer looked somewhat annoyed, says the writer of "English Comedians of the Past," but proceeded:

"Well, what shall we begin with?"

"Well, what shall we begin with?" replied the echo.

Still endeavoring to conceal his vexation, Mr. Tattersail inquiringly called out:

"One hundred guineas?"

"One hundred guineas?" echoed Mathews.

"Thank you, sir, cried Mr. Tattersail, bringing down the hammer with a bang. "The filly is yours."

## BUG BLOWS A WHISTLE.

Keeps a Locomotive Screeching During Run of Twelve Miles.

Cleveland, Dec. 7.—A common beetle last night temporarily dis-

abled a Lake Shore locomotive pulling a west-bound passenger train and raised pandemonium along the route for twelve miles from here to Berea.

The bug managed to fall into the whistle of the engine. For an hour the whistle blew—blew demoniacal screeches, false screams drawing excited crowds to the track. It was at midnight time. The cows became unmanageable and many a pail of milk was spoiled by the otherwise peaceful beasties.

The hysterical screeches made rural doctors run from their supper tables. They grasped their medicine cases and raced to the railway stations in anticipation of a fatal wreck.

The engineer unable to stop the whistle and fearing that he would run out of steam, threw open the throttle wide and made for Berea.

There the station master and engineer almost had a fight. The former insisted that the noise be stopped and the engineer yelled back in his ear that "she won't stop." The engine was run on a siding where railway mechanics found the big bug in the whistle.

FOUR SOLDIERS WERE KILLED; EIGHT WOUNDED.

Manila, Dec. 6.—A column of constabulary troops encountered a band of Pulajanes between La Paz and Terragona on the Island of Leyte, December 5.

In the battle that followed four soldiers were killed and eight were wounded. Among the wounded was Lieutenant Ralph P. Yates. His wounds are not serious.

Thirty Pulajanes were killed and many were wounded and captured. No details of the fight have been received.

## Nervous Prostration

IT IS WORRY THAT KILLS, NOT WORK.

Work without worry usually tends to prolong life. On the other hand, worry, with or without work, is fatal, because it uses up what the Doctors call the "Lecithin," a phosphorized fat which is the chief constituent of the brain and nervous system—a waste which, if not stayed in time, means complete nervous wreck. The evident moral is "don't worry"—advice easy to give, and in these days of stress and strain practically impossible to take. The alternative is: find some way of replacing the wasted Lecithin—the phosphorized fat. This absolutely essential element will be found in its most perfect, palatable and assimilable form in

## PROHIBITION.

Rev. E. Tennyson Smith's Monoton campaign has been the means of stirring up the civic authorities to actually imprison some of the condemned Scott Act violators. The zeal of the prosecutors had been growing cold.

From time to time stories leak out to the effect that certain druggists are preventing the perfect working of prohibition in P. E. Island. The druggists, having a license to sell liquor for certain purposes considered necessary, are under a great temptation to sell for illegal purposes—there is many in doing so.

Recently in Albert Co., N. B. which is as thoroughly prohibitionist in sentiment as any country in Canada, four doctors in two adjoining parishes were at the same time under charge of illegally issuing prescriptions for liquor. At least two of those doctors, if not the whole four, are known to be financially interested in the drug-store business. An amazingly large number of persons in the surrounding country had within several months preceding the trials been afflicted with illness in the treatment of which alcoholic liquors were prescribed. In spite of the opposition of many learned physicians, alcohol appears to be a very popular medicine; in some districts it would seem to be considered a panacea.

These faces bring us face to face with this question: Who should own the liquor that the law allows to be sold? When the referendum on provincial prohibition is taken, this question of ownership of the necessary liquor must be settled. In our opinion, the defects of the P. E. I. Act could be greatly lessened by the introduction of government ownership and sale of the liquors absolutely needed for industrial and medicinal purposes.

The British House of Lords last week formally recognized their obligations to the will of the House of Commons when the latter was known to really voice the sentiment of the people. Acting on this new principle, the Lords passed the second reading of the Trades Disputes Bill. This bill expressly gives workmen the right to strike and persuade others to quit work, and also practically guarantees Trades Union funds from liability for any damage caused, an employer by strike or persuasion. The Union do not possess any such immunity in the United States or Canada.

The Lords have killed by amendments the government bill establishing secular education in place of denominational schools, evidently believing that an appeal to the people would so decide.

A very important election took place in East Hamilton, Ontario, last week. Allan Studholme, Independent Labor Candidate, standing on a socialistic platform calling for public ownership of public utilities, defeated the conservative candidate J. J. Scott, by a vote of 237 to 149; although at the previous election the conservative majority had been 880. Another feature of last week's contest was the great number of voters who stayed home being evidently indifferent or discouraged. In the House of Commons there are two Labor Liberals, Smith of Nanaimo and Verville of the Mission; one division of Montreal. A Labor candidate in St. Mary's Montreal, lately attempted to wrest that division from the Liberals but failed.

## For that Dandruff

There is one thing that will cure it—Ayer's Hair Vigor. It is a regular scalp-medicine. It quickly destroys the germs which cause this disease. The unhealthy scalp becomes healthy. The dandruff disappears, had to disappear. A healthy scalp means a great deal to you—healthy hair, no dandruff, no pimples, no eruptions.

Most of the strikes agitating Canada have been peacefully settled during the last few days. Labor troubles here have not reached the bitter stage at which the American disputes have arrived.

After several months' duration, the Lethbridge Coal strike has been settled by a conference at Indianapolis between Premier Scott of Saskatchewan; W. L. Mackenzie King, deputy Minister of Labor, and John Mitchell, head of the United Mine Workers of America. The West is thereby saved from great suffering this winter.

Each year, United States railways, by bad management have been killing and wounding thousands of people; but very little comment was passed on the fact by the big newspapers. But since a few days ago, when two officials of great railway companies—Samuel Spencer and General Philip Schuyler—were accidentally killed, ominous mutterings of a storm have been heard, and the public will demand an increase of double tracking and a decrease of accidents.

Some manufacturers are sharply criticizing the new tariff, but the bulk of the people appear to be satisfied with it. The former, judging by the rapid rise in the cost of living, are making enough money now without the government giving them more protection. The opposition party in parliament has very little to say against Mr. Fielding's budget.

President Roosevelt's message to Congress last week was long and vigorous, but could only with difficulty be distinguished from previous campaign speeches of Wm. Jennings Bryan. There seems to be little hope of Bryan ever becoming President, for as his program finds popular favor, the Republican leaders appropriate it as their own.

Two important questions to be dealt with at the next session of the local legislature, Hon. Mr. LaBillois informed the convention at Dalhousie the other day, are the lumber question and the granting of legislation that will enable Mr. Malcolm to float bonds to complete the International Railway. It seems the lumbermen of the province are to meet at Fredericton while the legislature is in session to discuss the lumber question, but Mr. LaBillois did not state—or it is omitted from the report—what is the particular object to be considered.—Globe.

The relations of church and state in France are very serious, and civil war is not improbable. If the opposing parties are any wise balanced in power armed strife is pretty certain; but for the good of humanity we hope that the world has seen its last religious war.

## OBITUARY

The interment of the late John Hubbard, of Stephenson, one of the oldest pioneers of Menominee, took place at Riverside cemetery Monday amid the rights and ceremonies of a Masonic burial. The body was met at the 1:25 train by the members of the Lodge of which the deceased was an old and honored member.

John Hubbard died at his home in Stephenson Friday night, Nov. 3rd, of heart failure. He was born in New Brunswick Canada, 78 years ago coming to Menominee about 40 years ago. For 35 years he resided in this city where he was a trusted employee of the L. W. & V. S. Co.

In 1900 the family moved on to a farm near Stephenson. During the past two years Mr. Hubbard's health had been failing and he had been compelled to retire from active farm work. He leaves a wife, two sons, Ben and John, and a daughter Miss Pascoe besides a host of friends to mourn his loss.—Menominee Herald.

The deceased gentlemen was a brother of Mr. Geo. Hubbard of Cassilis and was a native of Miramichi.

John J. Wedden a resident of Seavogel, well known and highly respected died at his home on the 8th November, aged 28 years.

The funeral was held on Sunday from his home. The pall-bearers were, John Hare, Alex. Hare, Maurice Whitney, Michael McKenzie, Paul Murphy and Clifford Keys.

Besides his bereaved parents he leaves eight sisters, Mrs. J. A. Copp, Mrs. J. Matchett, Kitty of Kansas, Effie of Boston, Jennie and Marjorie of Lawrence, Mass., Beatrice and Nora and one brother James, with a host of friends and relatives.

Interment was in St. Thomas' cemetery, Rev. Fr. Duffy conducting solemn high mass.

### SUSPICIOUS CHARACTER ARRESTED AT CHATHAM

Chatham, N. B. Dec. 9.—A suspicious character, who had been lurking around Napan for the past few days, was arrested and brought to town this morning. He made a fire in the school house and slept there and demanded food from different houses. Last night he went to the home of Mrs. Fitzpatrick to spend the night, but she sent to town for policemen. And he was arrested. He carried a revolver and it is said, he also had a kit of tools consisting of different keys, chisels, etc.

This may be the party who broke into the Nelson Station and Post Office recently.

### DERBY.

Last Monday evening a number of young people were invited to the home of Mr. and Mrs. James Crocker at Derby to spend a couple of hours, previous to the departure of their son, Mr. Alward C. Crocker, for Arizona. While the guests were assembling, the choir of the Methodist church arrived, accompanied by their pastor Rev. J. S. Gregg, and presented Mr. Crocker with a very handsome "Ebony Toilet set" as a token of their esteem and appreciation of his services in the choir. Rev. Mr. Gregg then read a very flattering address.

Mr. Crocker was very much surprised and replied briefly. He said it had always been a pleasure to him to assist them in any way he

The young people spent a very pleasant evening in vocal and instrumental music, ably assisted by Mr. J. W. Vanderbeck on his guitar.

Light refreshments were served at ten o'clock the guests all said "Good-bye" to their young friend wishing him every success in his new home. Before leaving they all joined hands and sang "Auld Lang Syne."

Mr. Crocker will be very much missed as no gathering of local musical talent seemed to be complete without his rich bass voice. He will be missed in the Division room, of which society he was a loyal member, also in the Union Sunday school of that place.

Wednesday morning traffic on the Fredericton end of the Canada Eastern branch of the Intercolonial Railway was tied up owing to an accident of a serious nature at the bridge across the Nashwaak about Marysville. The accident occurred early in the evening and it was shortly after noon the following day before the track was clear of wreckage and trains able to pass along the line. The wrecked train was in charge of Con. Robert Henry and Engineer Hurb Belyea in charge of locomotive No. 113. Five freight cars ran off and tore up the top of the bridge carrying the rails for practically the entire length of the structure, about 200 feet. The engine, wing plow and passenger car on the train did not leave the rails.

A few bass are being caught up river.

Increase your vitality and nerve energy, restore vim and force to your overworked body. Ferrozone will do this as it did for Walter Word of Beaupre, N. B., who writes: "I can say Ferrozone has given me a new lease of life. A year ago I suffered from nervous exhaustion. I was scarcely able to drag myself around. My appetite was gone, I had no color or ambition and felt used up. One box of Ferrozone started me back to health. I took a number of boxes and my health was completely restored." For men who are tired, pale, nervous and thin-blooded nothing compares with Ferrozone, 50c. per box at all dealers.

**Marked by Torchlight.**  
Allerton Hall was upward of four centuries the property and residence of the Kitchingman family. It was the largest and most ancient mansion in Chapeleau, consisting of about sixty rooms, with gardens and pleasure grounds. The Kitchingman family for upward of 400 years were carried from this hall by torchlight to be interred in the choir of St. Peter's church in Leeds. At the interment of any of the family the great chandelier, consisting of thirty-six branches, was always lighted. In the year 1716 Robert Kitchingman died May 7, aged 100 years. He ordered his body to be buried with torchlights at Chapel Allerton. He was interred on May 16, when 100 torches were carried. The room where the body was laid was hung with black, and a velvet pall, with escutcheons, was born by the chief gentry. The pallbearers had all scarfs, biscuits and sack; the whole company had gloves. Fifty pounds were given among the poor in the chapel yard on the day of his interment. Mary, his wife, died July 28, 1716, aged ninety-seven years. She was interred precisely in the same way—"Annals of Yorkshire."

**For Black Eyes.**  
It is often the case that people meet with accidents and bruises from which they suffer not a little embarrassment and annoyance. It is worth while to know that there is a simple remedy and allow us to dry, then put on the second or third coat as soon as the first is entirely absorbed. A medical journal is authority for the statement that if this course is pursued immediately after the injury discoloration of the bruised tissue will be wholly prevented. It is also said that this remedy is unequalled as a cure for rheumatism or stiffness of the neck.

**The President for a Day Story.**  
The story that David R. Atchison of Missouri was president for a day started as a joke. Atchison was president of the senate at the expiration of President Polk's term, and the law at that time provided that that official should succeed to the presidency in default of both president and vice president. March 4, 1849, was Sunday, and President Zachary Taylor did not take the oath of office until Monday, March 5. Somebody thereupon started the joke that neither Polk nor Taylor was president during the odd day and that Atchison must have been. But if Taylor could not under the constitution be president until he had taken the oath of office how could Atchison? He did not take the oath either.

**The Word "Tariff."**  
The word tariff has an interesting origin. It is derived from the Arabic to "riff," meaning an inventory of fees payable on demand, and became current in the following way: A certain Moorish general, by name Tarifa, seized in the year 710 upon a small seaport some twenty miles from what is now Gibraltar and the southernmost town in Europe. Here he founded a station for levying toll on all craft trading in the neighborhood and bestowed his name upon the place, after the manner of Constantine, Alexander and others. The word came eventually to signify a schedule of charges assessed upon the French, Italian and English.

**Weird Story of a Chair.**  
In the museum at Cape Town is shown an old fashioned, high backed wooden chair, to which attaches a weird story. It is related that the chair is the one in which the Dutch governor was found sitting dead a few moments after the execution of a soldier whom he had sentenced to be hanged, and who on his doom being pronounced solemnly called upon his conqueror to accompany him to the throne of the Supreme Judge.

**"On Satan's Knees."**  
A little girl of five or so was much puzzled on hearing the lines of the old hymn:  
And Satan trembles when he sees  
The weakest saint upon his knees.  
"Whatever," she asked, "did they want to sit on Satan's knees for? I'm sure I should not like to sit on Satan's knees at all, and why should he tremble if they were so little?"

**From the Irish.**  
First Citizen—I beg your pardon, sir, but I am a stranger in Dublin. Can you direct me to Grifon street? Second Ditto—With pleasure. Sure it's the second turn to the right. First Ditto—Thank you, sir. (Walks off.) Second Ditto (calling after him)—Hill! If you're a left handed man it's the other way entirely.—London Globe.

**Your P's and Q's.**  
All little girls and little boys should mind their P's and Q's. Or else so many, many things of value they will lose.  
For, while P stands for prompt and peace  
And prudence and politeness and propriety and praise,  
It also stands for pinch and pry and plague and pester; you will see it heads perversity  
And pert and painful too.  
Then, for Q, it stands for quick And quietness and queen,  
Delicious quince and quarts and quill And Quaker so serene,  
Yet still it's at the head of quail And quarrel, quip and quack  
And quackand, quincy, quils and quabs And querulous, quack!

—Chicago News.

## "Money Back"

means merit. No house would offer to refund money, unless they were sure you would not want to have it refunded. When a house with a well-earned reputation says, "your money back if you are not satisfied with our goods," you may be sure the goods are right. We have such implicit confidence in the virtues of

Crows are hardy birds," remarked the boarder who is always delving in ornithology. "In cold weather I have known them to go five days without food."  
"That's nothing, chicked the comedian boarder. "I have known crows to go five days without anything to eat."  
Great Scott! What kind of rows were they?"  
Why scarecrows?"  
And the landlady was so tickled over the joke that she put sugar in the coffee instead of coffee.

Minard's Liniment Cures Diphtheria.

"So you don't care for Boston girls?" interrogated the windmill drummer.  
"No, by heck," drawled old Farmer Hardapple. "They put on too many frills with their words. For instance, my niece came from Boston and one day she told me to 'occlude' the door. By the time I got the dictionary out of the garret and found out what 'occlude' meant the drafts had given the old woman the neuralgia, started up grandpa's rheumatism and laid up all the children with the whooping cough. No, mister, I don't believe in unnecessary words."

Piles get quick relief from Dr. Shoop's Magic Ointment. Remember it's made ALONE for Piles—and it works with certainty and satisfaction. Itching, painful, protruding, or blind piles disappear like magic by its use. Try it and see!

Minard's Liniment Cures Garget Cows.

Stubb—What is the matter with this book? I can't shut it up.  
Penn—No wonder. It is called "Woman's Talks."  
Talk about amiable dispositions! Why, it is all humbug. There was never a man living but what got hot under the collar sometimes.  
You are mistaken old chap. Adam was an exception.  
How do you know?  
Because he never wore collars.

Miss Barbara Howe and Miss N. Matchett returned from a pleasant visit in Lileton.

## Your Doctor

Can cure your Cough or Cold, no question about that, but why go to all the trouble and inconvenience of looking him up, and then of having him scribble a prescription, when you can step into any drug store in Canada and obtain a bottle of SHILOH'S CURE for a quarter.  
Why pay two to five dollars when a twenty-five cent bottle of SHILOH will cure you as quickly?  
Why not do as hundreds of thousands of Canadians have done for the past thirty-four years: let SHILOH be your doctor whenever a Cough or Cold appears.  
SHILOH will cure you, and all druggists back up this statement with a positive guarantee.  
The next time you have a Cough or Cold cure it with

We KNOW they WILL CURE all Kidney Troubles—strengthen weak Kidneys, and relieve pain in the back, dull headaches and all other distressing symptoms of Kidney Disease.  
That is why we make this emphatic offer. It's worth a try to be relieved of the agonizing pains—its worth \$5 or even \$10 to be completely cured. And we refund the price if they fail. You certainly get your money's worth either way. Get one, 2 for \$2.50, at druggists or direct from THE SOLE DRUG CO., WINNIPEG, MAN.

The reason you westerners are so prejudiced against automobiles, said the man in the leather coat and big goggles is because you do not know how to run them.

Yes I shall never forget our experience in Holland," related the man who had just returned from abroad. One night while sleeping at a farmhouse there was a terrible earthquake that almost threw me out of bed.  
But they don't have earthquakes in Holland, corrected his wife.  
What? Didn't I get up and see, and the building was shaking?  
Oh that was caused by the other dropping their wooden shoes.
