BATH NEEDS RIVER BRIDGE

People of West Side Cut Off for Weeks
—New Picture House

The people of the parish of Wicklow have been cut off from us due to the dangerous condition of the ice, which although still holding is slowly wearing away. For the past two weeks the ice has been unfit for heavy traffic, accommodating foot passengers only, and these must pick their way. These combined causes have had a detrimental effect on business, which has been very evident.

Hanford R. Kingston, manager of J. Clark & Son, Woodstock branch, and formerly manager of the local branch of the same company, was in town on Tuesday, conferring with John Fulton, the newly appointed manager. Mr. Fulton is a resident of this town.

Rev. McLaren, Proprietor of McLaren's Theatre, Grand Falls, was in town Wednesday, superintending the installation of the new \$1,000 motion picture machine, recently acquired by Brennan & Gorman, who shall in the future screen pictures of a high standard. The doors of the Elite Theatre shall be opened to the public under the new management for the first time at 8 p.m. on Easter Monday.

Murray Hay, Woodstock, was a business caller in town on Wednesday. Miss Kathleen Hutchinson left on Saturday for Windsor, where she shall in future reside. Miss Hutchinson was one of the most popular members of the younger set and shall be greatly missed.

O. R. Estey and Mr. Colpitts of the firm of O. R. Estey, Woodstock, were in town last week, in connection with potato shipments. Mr. Estey, stated that the potato market was very dull at the present time, there being little demand for table stock. A considerable amount of seed stock is being loaded for export.

Messrs. Kenney and Ellis have opened up a garage in the Fulton building on Mechanic street, preparatory to the spring rush. Dow Bros. of Woodstock have leased the Bath Garage, formerly occupied by Messrs. Phillips and Pringle, the Fredericton firm and shall carry on a general garage business.

The Riverside Garage, on Main st., is also open for business. So that from the present outlook, car owners may feel assured that their demands for overhauling, etc., may be well attended to.

Hazen Flemming, Woodstock, was a caller in town on Wednesday.

Mrs. Caldwell is in town, the guest of her daughter, Mrs. H. W. Crain.

Mrs. Gahagan, Presque Isle, and who for the past two weeks has been visiting her sister, Mrs. Mary Secord, Mechanic street, has returned to her home.

D. T. Day, Fort Fairfield, was in town during the latter part of last week.

PLEASANT VISIT WEST

Mrs. Gilbert Cronkite has just returned from a most enjoyable trip to the Pacific Coast, and while she enjoyed the balmy breezes of the Pacific and the green lawns of Vancouver all through the winter, she seems glad to be back in old New Brunswick again.

Mrs. Cronkite went to Vancouver early in January to visit her sisters, who reside there, and is very enthusiastic in her description of the beautiful scenery and wonderful climate of British Columbia. She says the grass on the lawns in Vancouver was green as emeralds all winter. The lawns had been trimmed several times before she left Vancouver, about the 15th of March.

Mrs. Cronkite spent three weeks visiting another sister in Minnesota on her way East and also stopped off part of a day in Ottawa where she had the pleasure of seeing T. W. Caldwell, the representative of Victoria and Carleton, at work. She reports Mr. Caldwell as a very busy man, he being on several important committees. In addition to the regular routine work of a member.

Mrs. Cronkite also visited her daughters, who reside at Amqui, Que., on her way home.

EASTER SERVICES AT THE HARTLAND BAPTIST CHURCH

Special Easter services will be held in the Hartland United Baptist church on Sunday next. In the morning the pastor will take for his subject "Risen With Christ" and in the evening the subject will be "The Hands of Christ." The choir will provide Easter music, and in the evening a number of special Easter selections will

be rendered. The following is a list of the Easter music that will be sung by a large chorus choir: "Crown Him," Margaret B. Garret; "In The Cross," E. D. Emerson; "Awake Thou Wintry Earth," C. H. Gabriel; "Glorious Conqueror," J. C. Williams; "Shine Forth," Dr. J. B. Jackson; "He Did Not Die In Vain," Grant Tullar; "Sing Hosanna," Hektor Lalleans.

On Thursday night of this week 40 members of the church and Sunday School will put on the Great Missionary Pageant which is now being given in other centres of the Maritime Provinces. The various characters will appear in costume illustrating the time and the work in which the original characters worked. This pageant has a great message and the whole community should see this. A silver collection will be taken. The public is cordially invited.

VOICE FROM WEST AND GRAND FALLS

Editor Observer—Have just been reading The Observer, which is sent to me by my sister in Grand Falls and am awfully interested in the articles on the Grand Falls Development. The opinions which are in March 12 issue surely are of the right sentiment. No doubt many of the boys enticed away by the lure of bigger wages and abundance of work in Western Canada and the United States, only to find that it is just a way the promoters have of getting cheap labor, would have been satisfied and contented with their own province had the Falls been developed. As D. J. Collins states (I am well acquainted with him), the population will continue to decrease unless the power is developed for manufacturing purposes. Every one of the former N. B. and especially Grand Falls residents, will heartily endorse the good work and it will, no doubt, be the means of bringing many of the wanderers back home to stay and help in the work of making the province one of the most outstanding in the Dominion, in every way.

Hoping to be able to read in the next issue of actual work being done on the project, and being developed, not by any private concern, such as had the charter, but by the Government of N. B. Brunswick.

A former Grand Falls Citizen.

ARE YOU KNOWN?

A man in a Western city conducted an obscure little shop, where he devoted himself sharpening knives and razors. Because the building in which he was located was being torn down, he was located was being torn down, that in a new place his customers would never find him. The persons he practically wished to reach were the barbers. So he tried the plan of hiring a man to poke his head into the doorway of practically every barber shop in town and inquire: "Where is Smith, the razor sharpener, moved to—the one who used to be down in the Behemoth Building?"

Scarcely any barber was able to answer the question. Whereupon the inquirer, followed his instructions, asked: "Wh-a-t! You don't know where he is? Why, he's the best razor sharpener in the country; but I don't live here and wasn't sure where to find him. I heard about him from a barber in Chicago, seems to me he has moved to the Hicks Building, but I don't know where that is."

From then on, after learning there was in their midst a razor sharpener whose fame had been spread clear to Chicago, every barber in town made it his business to know where that man was located.

Moral

If a man or a business wants to be heard of, it must advertise. It is a true saying that "you do not exist to the man who never heard of you."

CELLOPHANE

The transparent wrapper found on Mot's Chocolate boxes is called cellophane—one of the most interesting scientific discoveries of recent years. A French chemist, Branderberger, invented it in 1903. It is not only transparent, it is stronger than paper, bacteria proof, waterproof, and impenetrable. Hence

its great protecting power.

Strangely enough, it is exactly the same in composition as artificial silk, being in sheet form and generally undyed instead of thread form like the silk.

A British Columbia paper recently contained this classified adv.: For Sale—Baker's Shop, Good Trade, Excellent over; owner has been in it for seven years.

TARIFF REDUCTIONS HELP TO FARMERS

But There is Grave Danger of Ruining
Many Canadian Industries and Thus
Killing the Home Market

In its issue of Friday morning the Telegraph-Journal published a symposium of the opinions of leading business men throughout the province as regards the tariff reduction. The Observer is pleased to give herewith the opinions of some leading men in its territory.

H. H. HATFIELD

Hartland, April 11.—My opinion is that there should be no duty on chemicals entering into the manufacture of commercial fertilizer, but that the duty on manufactured fertilizer should stand. The point is this, that farmers, agricultural societies and others are able to complete the manufacture of commercial fertilizer from the raw materials at a very great saving over anything they may import in the way of the completed goods.

At present there is no sales tax on fertilizer materials, and should advocate reduction of the sales tax and that all sales tax should be placed upon the manufacturer only and thus save the services of armies of officials who eat up most of the revenue that comes from the small handler of manufactured goods.

Industries and business are so overtaxed there is little or no encouragement for further investment of capital and money is being hoarded and not available for industrial enterprises.

So far as the duty on farm machinery is concerned it seems to me that from time to time duties have been reduced until I understand that farm implements are being imported under practically the lowest tariff of any manufactured goods. Some further reduction may be made but there are millions invested in the manufacture of agricultural implements and the thousands employed are to be considered because these people make the home market for our potatoes and other agricultural products.

A farmer might say: "Yes, give us free machinery; but there are many angles from which this question may be viewed and all concerned must be considered. Chemicals used in the making of insecticides and other spraying materials should also be admitted free and made free of sales tax. Regarding Government assistance to agriculture, I regard the present expenditure as a waste of money in that what the country needs is a market.

The farmers will raise the goods in any quantity. That is the business. The trouble is, where we are going to sell our goods or what is the inducement to plant heavy or any particular crop when no market is in sight. Reciprocity with Cuba and West Indies would benefit wonderfully. We must import their products and they must have our potatoes, hay, butter, oats, flour and products of the forest.

A greater part of agricultural appropriation should be devoted to investigating markets—and possibly to bonusing manufacturers of farm grown materials.

GUY G. PORTER

Perth, April 11.—I feel strongly that free fertilizer, abolition of sales tax and substantial reduction or abolition of the duties on agricultural implements would stimulate production in agricultural Canada. It would reduce the cost of production on all products of the soil which enters so largely into the high cost of living. It would allow Canada to compete more favorably on farm products in the markets of the world. It would lend heart to Canadian farmers both East and West and go far towards stopping the exodus of young men and women from the rural districts. It would create a new era of prosperity in the nine agricultural provinces which would be favorably reflected in all lines of business throughout Canada.

C. E. GALLAGHER

Bath, N. B., April 11.—Chemical fertilizers are absolutely necessary under the present farming methods and placing it on the free list would enable the dealers to supply the farmers at correspondingly lower prices. Farm machinery prices are extremely high and the abolition of the sales tax and the reduction of the duty would undoubtedly result in material benefit to our farmers who are the backbone of our country and at present in need of every possible encouragement and assistance.

B. F. SMITH

East Florenceville, April 11.—Our farmers for the last few years have been using the chemicals instead of the mixed fertilizers. The only chemical on which there is or has been any duty is acid phosphate. This would amount to about 50 cents per ton. I would strongly recommend the removal of the duty on this ingredient. I think we should encourage the use of chemicals and do our own mixing for many reasons which are obvious. Nothing would, in my judgment, do more to relieve all classes of a general burden than the abolition of the sales tax. The question of tariff is a large one. We should only maintain a duty on farming implements and other necessities sufficient to encourage the manufacture of these in Canada. No doubt there are many instances where a revision downward can be made without endangering our industrial life.

Members of Holy Trinity congregation are reminded that the annual Easter meeting will be held at The Observer office on Monday evening, at 7 o'clock sharp. All members, both male and female, should be present.

Lower Wakefield Items

The farmers of this place have been busy the last few weeks hauling fertilizer.

The first wagon was seen on the roads April 15, progressing nicely under the management of Miss Annie Phillips.

Mrs. Annie Boyer, Mrs. Geo. Melvin and Mrs. Allen Haley spent last Tuesday afternoon with Mrs. Frank Huley.

Quite a few from this place attended the Easter concert last Tuesday evening at Upper Woodstock given by the W. M. S.

Mr. and Mrs. Chas. Noddin spent Sunday afternoon at Upper Woodstock at the home of her father, Tom Carr, who is not enjoying good health at present.

The sing was held at Wilmet Melvin's Sunday evening over thirty being present.

Florence Thompson has returned home after spending several months in Maine with her sister, Mrs. Graves.

The place was shocked by the death of Elmer Hemphill who died of scarlet fever at Hartford, Conn., where his parents he has been all winter.

The remains were brought here by his parents, Mr. and Mrs. S. L. Hemphill and laid in the Lower Wakefield cemetery.

Gordon Melvin and John Haley are still in Lowell, Mass.

Harry Boyer and Miss Phillips took tea Sunday at Mr. George Farnham's, Victoria Corner.

LAKEVILLE JUNIOR RED CROSS BUSY

Entertainment Given For Good Cause Has Been Highly Commended

"The Busy Beavers" is the name of the Junior Red Cross branch in Lakeville and that energetic group of young people has chosen a very interesting title. The latest enterprise of the young people has chosen a very interesting title. The latest enterprise of the young people has chosen a very interesting title.

The Busy Beavers was an entertainment given on March 27. The entertainment was splendidly successful and the Junior Red Cross was heartily congratulated on their presentation of an excellent programme. The programme numbered included the Junior Red Cross past, ant, pianos duets and solos, recitation, and vocal numbers, a fairy drill and "modern wedding." A sale of fancy work, a fudge table and a guessing contest were also part of the entertainment and the proceeds amounted to the very satisfactory sum of \$40.

It is the intention of the Junior Red Cross to send \$20 of that amount to the Junior supervisor in St. John to be used for the crippled children's fund and with the remaining \$20 they will buy something that they have wanted for their school. These coveted possessions include a water cooler, individual drinking cups, and probably a First Aid cabinet.

The Junior Red Cross Branch in Lakeville has been "mothered" by the senior branch, and is a very flourishing organization. Only one other Junior branch in the province has been similarly "mothered" by the seniors, and that is the Junior branch at McAdam.

EARL D. KITCHEN

Earl D. Kitchen of Jackson passed to his eternal rest on March 21 from his late home, aged 32 years. He had been in failing health for some time and during the last few weeks of his illness he suffered much. The funeral service was conducted from his late home and the Jackson town church by Rev. L. A. Penwick in the presence of a very large gathering of relatives and friends. He leaves to mourn his passing a wife, mother, brother and two sisters. The floral tributes were beautiful.

The above lands and premises are sold pursuant to an Order of the Judge of Probate for the said County of Carleton, dated the twenty-first day of March A. D. 1924, licensing the sale of the said lands for the payment of debts against the estate of the said Douglas Rideout, the personal estate of the said Douglas Rideout being insufficient to pay the same.

Dated this thirty-first day of March A. D. 1924.

DREAD!

Don't be in dread of a daily headache.

Why?

In seven out of ten headaches the cause is eye strain. Some authorities say nine out of ten!

Often with vision apparently normal, eyes may still greatly need the help of lenses.

The remedy is clear: An eye examination and properly fitted glasses, if needed.

GREEN TEA POPULAR AGAIN

Many people give up drinking Green tea because of the difficulty of buying a uniform quality tea. Green Teas began to come here from Ceylon. The Ceylon leaf is prepared in such a clean manner and the flavor is so delicious that it has quickly gained popularity. Especially the packed by "SALADA" in its bright aluminum packet which preserves the original flavor so well.

LOCAL AND PERSONAL ITEMS

N. L. DeLong will open his ice cream parlor Saturday, April 19, for the first this season. Your patronage will be greatly appreciated.

Last week's programs at the local picture house were of the usual sterling calibre. Wednesday evening Richard Barthelmess and Dorothy Gish Co. starred in "Fury" a tale of stirring events among sailing vessels in our hero, was gradually worked out of him during the course of the picture, so much so that the villain received a severe trouncing at his hands. The last reel Tryone Power did some good work in the blustering hard-nosed captain and Phil Hartigan also in the role of the villainous first mate. On Saturday, lovers of Western pictures were stirred by the performance of Jack Hoxie in "Don Quixote." This picture sort of reverted to old "Broncho Billy" days of ten years ago, when pictures of this type had much of thrilling horse-back escapades in their make-up. "Miles of Smiles" with Baby Peggy Montgomery gave many laughs. Read this week's advertising elsewhere in this issue.

The community was shocked on Friday to hear of the sudden death in Woodstock of Haddon S. Burt, a former resident of Centreville. Mr. Burt was born at Jacksonville some sixty years ago, and came to Centreville as a young man and formed a partnership with his brother in the manufacture of leather and leather goods. Closing this out about twenty years ago, he moved to Woodstock and purchased the hotel known as the Turner House which he conducted until four or five years ago when he retired from business, since which time he has been living quietly in Woodstock. He leaves to mourn a wife, formerly Miss Mary West of Centreville, two sons, Ernest and Paul and one sister, Martha. Funeral services were held from his late home on Monday afternoon and were largely attended.

Mr. Gaines of Fredericton is opening up a new barber shop in the McKenzie block. At present the interior is undergoing some necessary renovation.

Miss Dora Lee gave a party to a number of young friends at her home on Friday evening at which dancing was enjoyed.

Miss McLean of Woodstock spent the weekend with her sister, Mrs. Robert Riley.

A. O. Crookshanks of Fredericton, assistant superintendent of the Valley Railway, was here on Wednesday, making arrangements for the inauguration of the electric train service at this terminal of the Centreville-Fredericton line.

Another orchestra was held in the Opera House on Friday evening by the married set.

G. F. Briggs was in St. John last week for medical consultation and advice.

Mr. and Mrs. L. A. White were the guests of Mr. and Mrs. John Davis, Bristol, over the weekend.

H. G. Noble of Woodstock was in town on Friday.

The interior of the Opera House is being given a most thorough and sanitary renovation and smiles resplendently in its 100 per cent cleanliness and whiteness. Very few places of Centreville population can boast of having a show house as pleasant and up-to-date as our own.

Blair Reid has returned from a visit with his brothers at Bangor and Boston.

Mr. and Mrs. E. G. Kenman were entertained by a party of their friends in the Opera House on Friday. Mr. and Mrs. Henman are leaving for the American West soon.

Carleton Lodge F. and A. M. will hold their regular monthly communication on Thursday evening, 17th inst., when two candidates will be raised to the third degree. Carleton Chapter's regular O. E. S. convocation will be held on Tuesday, 22nd, at the Massonic Hall.

Special Easter Services in message and song will be given in the U. B. church, Centreville, on April 20, at 11 a.m. and 7.30 p.m. Subject in the morning will be two vital questions, "How the Dead are Raised?" and "With What Body Do They Come?" The service in the evening will be one in song, Centreville choir and members of the Tracey Mill choir visiting. All are cordially invited. Service at Lakeville at 3 p.m. No service at Good Corner.

Mrs. C. R. Chiff has spent the last two weeks with her son, D. R. Chiff, at Mars Hill, Maine.

within two years was preposterous. She said she thought that the present Members of Parliament had no more intention of taking a chance on being defeated than she had of taking a chance on changing from LUX OR ORIENTAL COFFEE to some other brand. Both Mrs. P. and I said she knew that when we have a good thing we ought to stick to it.

MAIL CONTRACT

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 23rd May, for the conveyance of His Majesty's Mails, on a proposed Contract for a period not exceeding four years 2 times per week on the route Lake Edward and Salmonburst, from the 1st October next. Printed notices containing further information as to conditions of proposed Contract may be seen at blank forms of Tender may be obtained at the Post Offices of Lake Edward and at the office of the District Superintendent of Postal Service, St. John, District Superintendent's Office, April 11, 1924.

Lakeville Leaflets

Our local sports, E. M. Morse, Handford Tracy, Marshall Tracy, H. M. Gee, Thos. Colridge and Jonathan Jones, went to Woodstock on March 27 to attend a meeting of the sports of this and the adjacent County of York, for the purpose of forming a Sportsmen's Association, the purpose of the organization being to assist in the protection of forest, fish and game in a very long step in the right direction. A very pleasing entertainment was put on in the hall, March 27, by the young people of the village, under the skillful management of Mrs. Thos. Colridge, in aid of the Junior Red Cross. The proceeds amounted to \$45.

Miss Dorothy Stanford of the Provincial Normal School came up on Thursday to attend the funeral of the late Miss Louisa King.

Archibald Barker of J. Clark & Son, Hartland, has bought the old home-stand house, and is going to start business in auto work. Arch is a hustler and we wish him every success.

We are glad to see Mrs. G. R. Smith out again, also to note the improvement in the health of Miss Lulu Carvell.

AN AMAZING RAILWAY PROPOSAL

Concerning the proposed line to connect the Valley Railway with the Maine Central at Vanceboro, the Woodstock Press comes forth with the most amazing proposition that has ever been made to the people of New Brunswick. It would have the Valley railway continued fifty miles from Centerville to a connection at Grand Falls with the N. T. R., overcoming with a sweep of the pen vast engineering difficulties and the building of bridges that would cost millions, and would route freight from Prince Edward Island, Nova Scotia and all the rest of the C. N. R. points in New Brunswick to the extreme north-west of New Brunswick and there hand the traffic over to a railway corporation in a foreign country.

This route from St. John to New England points would mean more than 250 miles of a haul north to St. Leonard's and more than 250 miles back to the Maine Central. Why the Press would have freight hauled 500 miles when the same distance can be covered in a little more than 100 miles with the existing railways it probably can not itself explain and yet the Press says it will give "a short line."

The C. N. R. and N. T. R. already have connection at St. Leonard's with the B & A and in that manner serve the northern part of the province. Why build more railway? Does the Press for an instant really suggest that P. E. I. potatoes be hauled 250 miles up the St. John River and 250 miles back through Arundel County to get the Maine Central at Bangor.

The Press says "the St. John Valley Railway has been the greatest possible benefit to the people of Carleton and York counties and a glorious monument to its promoter, Hon. J. K. Flemming." As a matter of fact it is well understood in business circles that the building of the Valley Railway was a colossal blunder, second only to the building of the N. T. R. from Edmundston to Moncton.

It is rather cruel of the Press to take a wallop out of its old friend, Hon. J. K. Flemming, by saying that New Brunswick's notorious white elephant is his "glorious monument." The Observer, which not always has been kind to Mr. Flemming, but in its advancing years is more mildly disposed, would like to say for Mr. Flemming that he is not alone to blame for the building of the Valley Railway for the idea was suggested long before his time, and his method of carrying the scheme through had at the time what would appear to be almost unanimous support of the people, because his government, which ran an election during the building of the road, carried 44 out of 46 seats. The true monument of Mr. Flemming's business energy and sagacity is the big enterprise at Juniper, which year in and year out is giving employment to more men in Carleton county than any other single industry.

THE RE-ADJUSTED TARIFF

The Dominion Budget presented to parliament on Thursday by Hon. R. A. Robb, acting for Minister of Finance, gave Canada the greatest thrill in a decade. The immediate reduction of the sales tax of six per cent to five per cent was approved by the business world generally, but the reduction should have been to three per cent.

At the present time business is so heavily taxed that there is no inducement for new enterprises and many of the feebler ones are going under. The tariff changes will be in an indirect way of benefit to the farmers. The influence of the Progressives is clearly shown in this tariff revision.

The Observer does not believe in the policy of Protection. Government Ownership or the Banning of Industries in a general sense, it believes the thriving and prosperous businesses are those that are natural to the soil whereon they grow, and either create or fill a genuine demand for their products. If a business will not pay out of its own earnings, the people of Canada should never be asked to help support it in the way of taxes or duties. But since there has been a protective tariff in Canada for so many years and so much of the Dominion business fabric is built upon it, it is decidedly unwise to withdraw the protective tariff, in the grim shadow of which these industries grew, at one fell blow.

Hot-house plants, as these industries are, have built up large towns and employed many thousands of people, all of whom are eating several times a day. If the farmers desire, the tariff be removed absolutely, these people must go elsewhere to earn their living and the only place is to the United States.

The new tariff has a tendency to kill Canadian industry, to annihilate the home market, while it builds up American industry at the same time when the Canadian farmers are hopelessly shut off from American markets.

GORDON EBBETT

The death occurred on March 23 at their home in Lansdowne of Gordon H. Ebbett, only son of Mrs. Emma B. Ebbett after an illness of two weeks from pneumonia. He is survived by a young widow, a mother and one sister Gertrude at home. The funeral service was held in the Baptist church at Peel of which the deceased was a member. Rev. G. F. Bolster of Hartland preached a very impressive sermon from John 14: 13. Hymns: "Sometime We'll Understand," "Does Jesus Care" and "The Old Rugged Cross," the last mentioned was a favorite of the deceased and was sung as a solo and chorus by Undertaker H. E. Adams and choir.

The floral tributes were: Wreath, Widow Mr. and Mrs. J. Greer; pillow, mother and sister; cross, Mrs. H. Tompkins, Ralph and Marjorie Ebbett; Crescent, H. B. Merriew, Fred, Ericson; spray, Mr. and Mrs. L. C. Hatfield; crescent, Mrs. J. Grant.

The four sons of Harvey Ebbett of Peel were pall bearers. Interment was made at Middle Simonds.

Deceased was 24 years old. The sympathy of the entire community is extended to the bereaved family.

The Sanitary Meat Market

I have taken into partnership with me Leo McNally of Houlton. He has had several years experience in a city market and knows his business. Beginning Saturday morning, April 19, we will start a Delivery of Meats, Vegetables and Groceries. Delivery to be run in the forenoons only.

We are making several alterations in our shop which we hope will improve our method of handling our meats and also make it more sanitary from the customers' viewpoint. Our object is to give you the best meats possible at lowest prices, considering quality, and to handle same in the most Sanitary way possible.

Business is good but we would appreciate a call from you, or after April 19 phone us and we will deliver same for you.

LOCAL NEWS AND PERSONAL ITEMS

The Observer asks every reader to help make this page interesting by contributing any local news or personal items they may know about. The editor must depend on the parties interested to supply items for this page. Don't hesitate to send personals concerning yourself and your family, we want them all. Don't blame the editor if what you expect to see is not here if you have not yourself taken the pains to see that the office was informed of it. Anything in the nature of advertising appearing in these columns must be paid for at the rate of 5 cents a line. This applies to Cards of Thanks, Announcements of Meetings or Societies, For Sale, Wanted, Lost, Found, etc. Charged items will be 10 cents a line. Better send the money with the item, counting six words as a line. No advertisement less than 50c.

Contributors to newspapers should remember that they take upon themselves a great responsibility and that the law deals very heavily with those who foist false items upon the unsuspecting editor. Any person known to send any item to The Observer which proves to reflect maliciously upon any other person will be punished to the full extent of the law, and the people know that "when The Observer starts a job it finishes it."

At the Methodist church Sunday evening an impressive sermon was preached by the pastor, Rev. J. K. King, appropriate to ushering in Holy week. Next Sunday Easter will be observed by sermon and music on the significance of the great anniversary. There will also be a reception of new members and Holy Communion will be celebrated. A cordial invitation is given to all, and members and adherents are especially urged to attend this most important service.

There is a tremendous pressure on both the advertising and news columns of The Observer these days and the editor's chief work is selecting what long experience has taught him will be the most appreciated by the thousands of readers. Of course it is much better to leave out one long article and publish fifty short items, because as a rule the short items are valued much more than longer ones. It is seldom indeed, experience has proved, that readers bother with an article if it exceeds a column in length. The only contributions asked for are those containing the local news of Carleton and Victoria counties. Again we must say we can not publish essays, poetry or general clippings, such as come in the mail in abundance every day.

Friday evening a very pleasant social event took place when Mrs. H. E. Adams and Miss Sarah Currie were joint hostesses at a party given at the home of Mrs. Adams in honor of Miss Lillian Currie, who left Monday for

her home in Boston, after spending several weeks here with her mother and sister convalescing after a serious illness. About 25 were invited to meet Miss Currie and a very happy evening was spent. Amusements in the form of contest games and card games were provided. Those winning the prizes in the first contest game were Miss Georgia Reid, Mrs. G. A. Birmingham and Mrs. A. V. Currie. The second game of the nature was especially interesting as it was book title guessing. The prizes in this fell to Mrs. M. L. Hayward and Miss Martha M. Colom. At 11.30 a very dainty luncheon was served, and the party broke up about midnight. Those invited included Mesdames G. N. Bel-yea, M. L. Hayward, G. W. Birmingham, T. G. Simms, M. Taylor, H. N. Boyer, P. H. Boyer, A. V. Currie, S. Collier, Hugh Davis, H. R. Nixon, G. Bolster, Jarvis Day, W. H. Hatfield, Roy Hall, Misses Grace and Lillian Reid, Miss Hagerman, Fred and the M. Colom. FRUIT TREATMENT FOR CONSTIPATION

Quick and Permanent Relief By Taking "Fruit-a-lives"

What a glorious feeling it is to be well! What a relief to be free of cathartics, salts, laxatives and purgatives that merely aggravate constipation and are so unpleasant to take and so weakening in their effect!

What a satisfaction to know that the juices of apples, oranges, figs and prunes will absolutely and permanently relieve constipation. By a certain process, the juices of these fruits can be concentrated and combined with tonics—and it is these concentrated fruit juices that correct constipation, relieve headaches and flatulency, and make you well and healthy again.

"Fruit-a-lives" are sold everywhere at 25c. and 50c. a box—or sent postpaid by Fruit-a-lives Limited, Ottawa, Ont.

Nothing is nicer than a flower for Easter. A nice assortment will be found at the R. W. Hammond store on Saturday morning.

Our readers attention is called to the home cooking announcement of Miss Alice Cyr in another place. Miss Cyr has earned the reputation for her cooking amongst the travelling public and she has been asked a number of times to sell some of her well known dishes locally and has at last consented to the great satisfaction of many people.

We have just received a letter from Lloyd Sinclair who left Edmundston last year. We are glad to know that he is getting along well. The letter contains the information that E. B. Cosham who went with Lloyd has recently joined the happy band of benedicts. He was married on Feb. 3 to Miss Sylvia Steele of Norwood, Ohio. Lloyd also speaks of Mr. Foley who used to live in Edmundston, and says that he is making good, being employed by the Acme Sprinkler System. When Mr. Sinclair was in Chicago at Christmas time he met a Mrs. and Miss St. Thomas who used to live in Edmundston about six years ago. Lloyd Sinclair is employed at Cincinnati, Ohio, by the Southern Railway System. We are always glad to hear from him, for he writes good snappy letters and tells us about friends that used to live in Edmundston. He wishes to be remembered to all his many friends here.

Fine Spring weather this week, we don't think.

Mrs. J. W. Hall was "at home" on Tuesday of last week.

Easter Flowers will be on sale next Saturday morning at the R. W. Hammond Store. There will be Easter Lilies, Daffodils, Pink and White Sparas, Hyacinths, Narcissus and a few other varieties. All these flowers are in bloom, or in bud, and those buying now are assured flowers for Easter. As the stock is limited, in order to get a choice, you are advised to visit the store early. They are all popularly priced.

Spireas, White and Pink, are the prettiest house plants at this season of the year, they not only look better than any other plant, but they last practically all the winter. They are an immensely popular flower in the city, their feathery blossoms making the house look like spring. The roots are imported from Holland. This year we have a great many of these on sale at less than the ordinary price, and less than half what they are sold for in the city. R. W. Hammond's Store, Victoria street, R. W. Hammond, Mgr.

The Ideal Car for Personal Transportation

THE professional man, the salesman who carries samples, the contractor, the business man, the ladies who drive—in fact, anyone who requires the means for personal transportation, will favor this new 4-passenger Master Four Coupe.

The rugged efficiency of the McLaughlin-Buick Master Four valve-in-head motor and chassis insures a day in day out service. The gasoline mileage is very high. Upkeep is extremely low, yet in appearance and performance this car is typically McLaughlin-Buick. Four-Wheel Brakes assure safety, prevent skidding, provide quicker negotiation of congested traffic.

A short turning radius facilitates easy parking. Although ideally suited for personal transportation, the car has ample room for four. Space for small parcels and for luggage is provided by a compartment immediately behind the driver and a larger compartment in the rear of the body.

Wonderful Tea!

Users of KING COLE Orange Pekoe are frequently heard to remark: "It's really wonderful tea." This is not particularly in reference to its outstanding quality and value, but is necessarily included, but is due to the fact that it "spends." For KING COLE Orange Pekoe is a rich liquoring tea as well as a deliciously flavoured one. Such blending combines these two great tea qualities for your enjoyment.

"The Extra in Choice Tea."

You need not hide skin defects—now

Millions know this simple way to avoid them—to keep skin lovely, youthful

Do not make the mistake of attempting to cover or hide skin defects. It can never succeed. And there is a better way—which millions know:

This simple method to avoid them—to keep the youthful radiance and clearness of schoolgirl complexion.

For a week do this
Cleanse the skin regularly, au-

thorities say, to keep your complexion lovely, radiant, youthful. But beware of harsh cleansing methods. They injure skin.

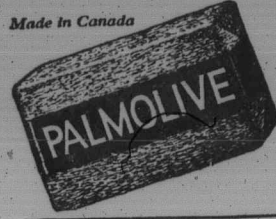

Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse—and repeat the washing. Then rinse again.

Then—if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

The simple, correct way

You can't afford to neglect your skin. It is the first thing people notice. It is the key to your beauty. Palmolive Soap is the only soap that cleanses without drying. It is mild but thoroughly cleanses. It is the only soap that gives you the soft, smooth, youthful skin that is the secret of beauty.

But be sure you get Palmolive—which is never sold unwrapped. All dealers have it. Get your own today. This simple method for one week results will delight you, even in that short time.

Volume and efficiency produce 25c quality for 10c

"SPEECH BY BEAM OF LIGHT."

Scientific Instrument by Which One Can Talk With Secrecy.

A light ray which actually carried speech on its dazzling narrow ribbon of radiance fluctuated and blinked across the Central square of Liverpool, England, the other afternoon.

It was the talking ray of the wonderful photophone, the secret telephone that cannot be tapped. Speech was transmitted along the beam of light from a quiet room in St. George's Hall to a listening assembly in another building a considerable distance away.

Prof. A. G. Rankine, the inventor of the photophone, was at one end of the ray. He spoke in ordinary conversational tones, and his words could be heard with complete distinctness at the reception end of the photophone.

The demonstration was given in connection with the Scientific Exhibition at Liverpool as part of the annual assembly of the British Association.

Prof. Rankine's photophone is the great feature of the exhibition. The mechanism utilizes a ray of light reflected from an electric lamp.

The vibrations of the human voice cause the light ray to tremble and oscillate slightly. These tremblings are captured at the receiving end of the photophone by selenium cells, and translated back again, through a telephone receiver or a loud speaking-trumpet, into intelligible sounds.

The great value of the photophone is its secrecy. Only the person on whom the light ray is directed can receive the messages. It is especially designed for service between ships at sea.

"The range of the light-phone," said Prof. Rankine, "is limited only by the curvature of the earth. The source of the light must be in a direct line with the person who is at the reception end."

Another selenium cell instrument, the optophone, which enables blind persons to read by sound, is displayed in the exhibition.

This is accomplished by producing in a telephone receiver a series of musical notes which take their sound-character from the shape of the letters in a page of printing as it passes through the apparatus. Each letter has a different and distinct sound value.

Bells and Bell Music.

Following the gift of new bells which Mr. George Cadbury, Jr., has made to the village of Bournville, England, in memory of his father, comes the announcement that the bells and bell music are being included in the musical course of the University of Birmingham, where bell music is also being published.

The only other school for carillon playing at present in existence was started at Mairnes in the autumn of 1922, but the Birmingham University does not aim at so complete a course as may be taken there. It is hoped that the course will be sufficiently useful if organists and others who have charge of carillons are able to come and learn the history and practice of playing. This will undoubtedly fill a useful place in the musical world, in view of the number of carillons that are now being installed. It is said that carillon playing will probably be included in the future in the competitions at the Midland Musical Festival.

Patron of Navigation.

Between seventeen and eighteen hundred years ago there was a very holy bishop in Italy named Elmo. He was canonized long after his death, and became very popular among the sailors on the Mediterranean, especially during storms. Eventually he was known as the special patron of navigation.

His name lives, nowadays chiefly because of an electrical appearance called St. Elmo's Fire, or St. Elmo's Light. This is either a ball of fire or a brush or star of light, sometimes seen, especially in southern climates, during thunderstorms, at the tops of masts, spires or other pointed objects. It is often accompanied by a rushing, hissing noise, and is of the same nature as the light caused by electricity streaming from points connected with an electrical machine.

Winchester's Women.

Winchester Cathedral, where a memorial to Joan of Arc was dedicated recently, possesses several other memorials to women. In the north aisle, behind the font, is the tomb of Jane Austen, and above it a brass, and a stained-glass window to her memory.

Close to Jane Austen's tomb is that of Mrs. Montagu, laundress of the Blue-Stocking Club. The reredos in the beautiful Lady Chapel, carved at Ober Ammergau, is a memorial to Mrs. Charlotte Yonge, the authoress, and the glass in the east window was presented by the city in remembrance of Queen Victoria's Jubilee.

A Strange Find.

A strange find was made while an old house in North Wiltshire, England, was being demolished. Digging up the foundations, the housebreakers found a curious stone, sculptured in a style not unlike that of a church gargoyle, but more crudely worked. Only the head was found buried right in the foundation work of the house, and there was little to identify its origin.

Didn't Care.

Rastus Jackson, a thoroughly married darky, was one day approached by a life insurance agent.

"Better let me write you a policy, Rastus," suggested the agent.

"No, sah," declared Rastus emphatically, "Ah ain't any too safe at home."

Here and There

The Canadian Pacific coastwise steamer "Ena" has carried from the seven plants operating on Barclay Sound over 12,000 tons of salt herring since the present season opened in November. This represents almost half the season's output, which will approximate 25,000 tons.

The heaviest immigration to Canada experienced during the last ten years is looked for this year. Already the arrivals are running ahead of those for the same months in 1923, those from European countries being especially large. The enquiries from prospective settlers in the United States are numerous.

Canada exported 6,532 pairs of leather footwears during January 1924, according to a report of the Bureau of Statistics. Of these 2,179 went to the United States, 2,038 to New Zealand and 2,031 to China and Japan. Bermuda, the Straits Settlements and Newfoundland took the rest. The value was \$21,301.

Canadians imported 5,326,567 pounds of tea last month, or about three-fifths of a pound per head of population. The value of last month's tea imports was \$1,661,176, and for the twelve months ending January 31, the value of the 43,223,119 pounds imported into Canada was \$13,253,642. The bulk of it came from India.

IN MEMORIAM

In loving memory of Vera S. Walton, who passed away April 8, 1923. A dear one is from us gone. A voice forever stilled. A place is vacated in our home. That never can be filled. The Family.

"I Suffered Terribly With Sore, Aching Back"

Mrs. Roland Ferguson, 194 Lake St., Peterboro, Ont., writes:

"For over two years I suffered terribly with sore back. I was almost mad with the pain, and had doctored with it until I was discouraged. Then my father, who is a firm believer in Dr. Chase's Kidney-Liver Pills, I followed his advice, and am glad to say I was completely relieved of that torturing pain in my back. It is over a year since I used these pills, and I have had no return of the trouble, but always keep them in the house."
