ADVERTISER PUZZLE CONTEST CORNER

Important Questions Answered by Contest Manager and Matters of General Interest Discussed — Contestants Should Watch This Corner.

ABOUT SUBSCRIPTION PAYMENTS.

All those taking part in The Advertiser puzzle contest, are, or should be, aware that the value of the first five prizes depends to a very considerable extent on the amount the subscribers pay when giving in their solution to the puzzle. This is fully illustrated under "First prize" in the prize list.

It is not our desire to urge contestants to go in any deeper than they feel inclined, but those who, from lack of due consideration, have paid in a smaller amount than they feel they

should have, may, if they desire, increase their first payment without incurring any further expense. In this way you may increase your prize money from the minimum to the maximum if you should win one of the first five prizes.

To do this fill in your name and address on the regular solution blank, together with the extra amount you wish credited on the solution you already have sent, and attach to it a slip of paper, on which you will mark the amount previously paid, date sent, the edition subscribed to, and the answer formerly submitted. Remember, you cannot submit another solution with this payment if it is to be treated as an extension of your former payment.

OVER ONE MILLION PEOPLE PATRONIZE LOEW'S DURING YEAR

Programs of Unusual Merit Being Shown Anniversary Week.

When the doors of Loew's Theatre were first opened on February 16 of last year, and Londoners were given their first glimpse of its wonderful interior there were many pessimists who declared that such a large and magnificent playhouse could never be a success in a city the size of London. That their beliefs were absolutely unfounded has been proven by the first year of its existence, for it has been one of solid and consistent success. Every performance since the opening night has been greeted by audiences hitherto undreamed of by theatre managers of this city.

This splendid accomplishment is being celebrated in a fitting manner by the management of Loew's, and they have set this week aside as anniversary week. The theatre has been decorated, and at a considerable expense a program of unusual merit has been provided.

That this success is no idle boast is proven by statistics issued by E. A. Lake, the manager. In twelve months, more than 1,138,000 people paid their way into the theatre. Despite the fact that the house contains 1,000 seats, hundreds seeking admittance have been turned away on many occasions.

Since the opening night 260 different vaudeville acts appeared on the stage. At first five acts a night were played, but as the management believes that the patrons would rather have quality than quantity reduced the number to three. The same amount of money formerly, however, was expended on the three acts. The pictures have always been chosen from among those of the highest standard, and although special features have been provided from time to time, the price was never raised.

There have been many improvements to the playhouse since its opening. The greatest of these was the installation of the pipe organ. The organ is the largest in the city. Although experts have been working on the organ for many months, they are not through yet, but before long it is expected that the organ will be able to play in conjunction with the nine-piece orchestra. When this is accomplished, the theatregoers in London will be given a rare musical treat. During the year the orchestra has been steadily improved, and the management is still striving for greater efficiency in this department.

Among other improvements was the raising of the last fourteen rows of seats to a higher level, so that everyone could secure a view of the stage. The lobby of the theatre has been repainted and decorated at a considerable expense. Following a policy adopted in the beginning, everything possible used in connection with the theatre has been purchased in Canada.

Under Manager E. A. Lake, the same efficient staff which ushered the patrons to their seats on the opening night is still practically intact.

NEED FOR ANOTHER BRANCH LIBRARY

Citizens in Southeastern Section Petition Library Board.

A largely signed petition from residents and taxpayers of the southeastern part of the city has been forwarded to the public library board through Rev. Dr. McCrae, asking that the board consider opening a branch library in that part of the city.

It is pointed out that from the Grand Trunk tracks south and far out to the east there is one of the most thickly settled parts of the city that at the present time finds it difficult to take advantage of the public library, either at the main library or the east and branch on Dundas street. The danger to children having to cross the dozen or more tracks in order to get to the east branch library means that hosts of them are barred from the privileges of the library while the same holds good with regard to the main library which is from two to three miles distant from them.

The library board has long had the idea of a southeast branch in mind, but during the war was compelled to hold back on extensions of its work that even there was much needed. This year the board is placing in its estimates the sum of \$1,200 to start this new work in the southeastern part of the city, and is looking forward to something of a permanent character before long in the way of a building. It had been suggested that the southeastern district is so extensive that it would only be properly looked after by having two small branches which could be open on alternate days, or three days each a week.

One of these would be located somewhere in the neighborhood of Hamilton road and Adelaide street, and the other some considerable distance to the east. "I know of no part of the city where there are such a large number of young people as this southeastern end," Rev. Dr. McCrae said to The Advertiser. "I have had people of all ages bringing to my attention their desire for a library, and I think we ought to do all we can for them. Some of the leading businessmen in the district gave their effort to securing the petition which was sent to the board, and there was widespread feeling that children should not have to cross those dangerous crossings in the east end in order to get to a library."

It is hoped that all may go ahead, so that by the summer the people in the southeast part of the city may be able to borrow books from their own branch, just as those who live in the direct east and south sides are able to do now, a very great convenience to those who are unable to come regularly to the main library.

VALIDITY OF LIQUOR ACT TO BE TESTED

Proceedings Arise Out of the Quashing of Conviction.

Calgary, Alta., Feb. 15.—Canadian Press.—With the object of making an appeal to the supreme court at Ottawa, a writ application will be made before the appellate court of Alberta, in Calgary this morning on behalf of the Alberta Government, for a writ of certiorari to quash the decision of the appellate division, quashing the conviction of the Nat. Bell Liquor Company, Edmonton, under the Alberta Liquor Act, and quashing the order issued for confiscation of the liquor seized by the Government.

This is a case in which the validity of the Alberta Liquor Act is involved, and the whole matter will be threshed out in the supreme court of Canada, and possibly later before the privy council. The Provincial Government had obtained a conviction against the liquor company, and prepared to seize the liquor, worth \$50,000. The company obtained an order quashing the conviction, and ordering the return of the liquor to the company. This, in turn, was dissented from by Chief Justice Harvey, but an appeal to the appellate brought decision, ordering return of the liquor to the company.

URGES SINGLE AUTHORITY FOR PORT OF NEW YORK

Albany, N.Y., Feb. 15.—Creation of a single district and a single authority for the port of New York was urged by Gov. Nathan L. Miller in a special message to the Legislature today.

In transmitting the joint report and comprehensive plan and recommendations of the New York port authority, the governor wrote that no "narrow or provincial view should be given to the harbor development commission, the action on the proposed compact."

At the present time part of the port of New York is under the jurisdiction of New York state and part under the control of New Jersey. The governor declared the present system of administering the port is "costly and inefficient."

NORTH IDAHO WOULD SECEDE FROM STATE

Boise, Idaho, Feb. 15.—A secession movement took definite form today when a resolution was introduced into the Senate of the Idaho Legislature virtually asking permission for North Idaho to secede from the state.

The resolution calls for the holding of a convention at the University of Idaho at Moscow, June 20, 1923, of delegates from the various counties of the proposed new state. At this time a constitution would be adopted, to be submitted to the electors of the new state for their rejection or adoption.

The proposed state would include ten North Idaho counties, embracing an area of 35,000 square miles, and including a population of approximately 150,000.

ENROLL FOR STRIKE DUTY

Mexico City, Feb. 15.—All soldiers who were formerly railroad workers have been called upon to enroll for strike duty, this action being taken by the war office as a result of a threatened strike of the employees on the national lines. The war office issued a statement last night declaring it was ready to deal with the situation by replacing strikers with soldiers, who would occupy the dual role of operatives and protectors of the equipment.

DEPORTING DETROIT RUSSIANS. Detroit, Feb. 15.—Twenty-five Russians left here yesterday for New York, where they are to be deported. The party included Alexander Bukovetski, who filed charges of cruel treatment against federal officers here, following the department of justice raids a year ago.

J. B. COX CELEBRATES HIS 79TH BIRTHDAY

Veteran Commission Buyer Arrives at Market Sporting Red Rose.

John B. Cox, the oldest commission buyer in the city, is today celebrating his 79th birthday. Mr. Cox has been a commission buyer for 51 years in London and presented a hale and hearty appearance today.

From his 31 years on the market he has only been absent for four months and this was in 1865 when he visited New York.

Few vegetables were sold in the olden days, the majority of the people growing their own. He said from 10 day then, but if 100 loads are now sold in a week it is considered by the officials to be exceptionally good. Mr. Cox bases the falling off on the fact that the automobiles are taking the place of the horse.

Mr. Cox was at the market bright and early this morning and wearing a bright red rose, purchased by Market Clerk Charles Maker, as a present. Friends were mean enough to intimate that it looked like a red cabbage. Mr. Cox was the recipient of hearty congratulations and replied that he still had a "few more thousand loads of hay and oats to buy before he was going to quit."

ITALIAN AGRICULTURE

Interesting Report on Conditions Received From Credito Italiano.

Italy as a country is not usually associated with agriculture in the minds of Canadians, but that this is the case is shown by a report which has just been received by the London Chamber of Commerce. This communication which comes from the Credito Italiano, Milan, gives an interesting account of the present conditions and prospects of Italian agriculture.

In this report special attention is drawn to wheat, which is the most important trade opportunity arising from the development of Italian agriculture, which may be said to be a considerable export business on account of the variety and value of Italian produce.

Wheat, maize, oats, barley, rye, rice, peaches, sugar beets, hemp, flax, wine, oil and silkworm cocoons are a few of these products. The country also grows a great variety of fruits, including oranges, grapes, lemons, olives and figs.

Prior to the war, no fewer than 9,000,000 individuals were employed in agricultural work in Italy, and as the document points out, continuous hard work and intense methods have been used by Italians of all ages to conquer adverse conditions, including the draining of marshes, the cultivation of the steep mountain sides, and the clearing of vast tracts of rough country.

The result is that the agricultural and forestal areas of Italy represent 92 per cent of the geographical area. The Chamber of Commerce has also been furnished with statistics of Italian produce within recent years.

LORD ROBERT CECIL TO PUT AMENDMENT TO FINANCIAL BILLS

Opposition Leaders in British Parliament Ready for Debate.

London, Feb. 15.—Opposition leaders in the House of Commons were prepared at the opening of today's session to debate the amendment to the financial bills proposed by Lord Robert Cecil, former foreign secretary, who is now a member of the House of Commons, to declare the address unsatisfactory in many respects. Mr. Asquith saying it was "notable for its omissions." J. H. Thomas, one of the labor leaders in the House of Commons, took special exception to the part of the speech relative to Ireland. It was expected that the coming conference of Allied and German delegates in this city, the revision of the Treaty of Sevres, Mesopotamia, Ireland and domestic affairs would be discussed today or tomorrow in the House.

Lord Robert Cecil, who has joined the Opposition, will on Friday introduce an amendment to the financial bills before parliament, in which economy will be urged. On Monday an Independent Liberal amendment, criticizing the Irish administration, will be laid before the House.

REAPPOINTED DEAN

New Haven, Conn., Feb. 15.—Dean Wilbur L. Cross was reappointed dean of the Yale graduate school for five years by the corporation at its meeting last Saturday, announcement of which was made from the university's secretary's office today.

The resignation of Rev. Anson Phelps Stokes, as secretary of the university, was announced by President Arthur T. Hadley today.

Assistant Professor Tucker Brooke of the English department, has been elected professor of English and assigned to the graduate school. He has been at Yale since 1905 and is recognized both in England and this country as one of the foremost Shakespearean scholars.

PASSENGERS ARE LANDED

New Bedford, Mass., Feb. 15.—One hundred passengers were landed during the night from the Portuguese steamer Sao Vicente from Lisbon, which struck a ledge at the harbor entrance yesterday. It was expected that unless the vessel could be floated at high tide, the remaining 200 passengers would be taken off this morning. The steamer remained nearly on even keel and the sea was smooth.

JUNIOR PARTNER IS PUT UNDER ARREST

Gerald H. Bruce, of Montreal Brokerage Firm, Held On Serious Charge.

Montreal, Feb. 15.—Canadian Press.—Gerald H. Bruce, junior partner of the firm of Oswald Bros., stock brokers, 113 St. Peter street, this city, was arrested yesterday on a warrant sworn out by Mr. C. Oswald, senior partner of the firm. This is the sequel to the assignment of the company into the hands of liquidators following a statement by Mr. Oswald that the company was badly hit as a consequence of misentries in the books. The amount of the liquidations is set down in the warrant as about \$10,000.

This charge, however, said the liquidator, Frank P. Turville, of the A. Touche Company, represents only the loss that can be proved at present and he thought that the figures when the books are straightened out will be far larger.

DELAY REMOVAL OF UNIDENTIFIED DEAD

Paris, Feb. 15.—The United States graves registration service expressed itself today as opposed to the selection at present of the body of an unidentified soldier from the United States war dead in France for removal and burial with honors in the United States, should Congress enact legislation to this end. The reason is the constant reduction in the number of the unidentified, and the hope of the eventual identification of almost all of them through teeth charts which are being sent to Washington and compared with the records.

ALFONSO TO INTERVENE

Buenos Ayres, Feb. 15.—King Alfonso of Spain will be asked to intervene in a friendly fashion with the United States government in behalf of the restoration of full liberty to San Domingo at a meeting to be held next Monday by the Association Patriótica Espanola. The call for the meeting was sent out today, and gave details of plans for the memorial to be sent to the Spanish sovereign.

ST. RAILWAY MATTERS
UP FOR DISCUSSIONNo. 1 Committee to Deal With
Report Today.

THE HOSPITAL TRUST

Estimate Will Be Submitted,
But Will Receive Attention
At Special Meeting.

Street railway matters may be on the order of the day when No. 1 committee of the city council meets this afternoon. The report of the Ontario railway and municipal board for the past year is likely to be submitted. Although it gives strong intimations that the board is desirous of continuing to operate the road for any great length of time, it is doubtful if the committee will recommend any action in connection with it.

Estimates from the hospital trust will be received, but likely will be laid over for a special meeting.

The special committee on gas will make a report, and final arrangements for opposing the company's bill now before the Legislature may be made.

HOG PRICES ARE ON SLIDE AGAIN

WOODSTOCK, Feb. 15.—The price of hogs on the local market has slipped 60 cents, and quotations are now on the basis of \$13.50 per cwt. Buyers state that next week's price will be considerably lower.

The first medical survey to be made of the rural schools of Oxford County is in progress. Dr. Curtin and Nurse Howey of Toronto commenced the work today at Inverkip.

Death came very suddenly at his home here to Robert W. McLeish, aged 67, following an attack of heart-failure, he died almost instantly. He came from the Isle of Whithorn in Scotland, and for some years was a master mariner, sailing from Liverpool. Ten years ago he came to Zorra and has been making his home with his sister, Mrs. Amy McBride.

NEARLY CRAZY WITH ECZEMA

No rest day or night for those who are afflicted with that terrible skin disease, eczema, or as it is often called, salt rheum.

With its unbearable burning, itching and torturing relief is gladly welcomed. There is no remedy like Burdock Blood Bitters for giving relief to such sufferers; no remedy that has done, or can do more for the disease in the blood—for eczema is a blood disease—and drives it out of the system.

Apply it externally and it takes out the itching, burning and stinging, and promotes a healthy healing.

Take it internally and it gets at the source of the disease in the blood—for eczema is a blood disease—and drives it out of the system.

Miss L. M. Boutillier, 33 Victoria Road, Halifax, N. S., writes: "I have suffered for years from eczema. I could not rest day or night. I suffered great agony, and was nearly crazy with the itching and burning. I used all kinds of salves, but nothing seemed to help me. I saw Burdock Blood Bitters advertised, and was advised to try a bottle. I found great relief, and I really cannot recommend it highly enough for what it has done for me."

Burdock Blood Bitters has been on the market for over forty years, and during that time has been manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

THIEVES HURL HATCHET AT SARNIA WOMAN

Knocked Her Little Son Down and Fired a Shot.

SARNIA, Feb. 15.—Prompt action on the part of Mrs. M. Stein and her son Earl saved their chickens when two robbers were chased off the premises, after knocking the boy down, firing a shot and throwing a hatchet at Mrs. Stein. The boy surprised the men, described as one tall and one short, as they were hacking their way into the chicken coop with a hatchet. The men promptly knocked the lad down, but before they could get him his mother came on the scene. One robber fired a shot, the other throwing the hatchet, both narrowly missing. The men made their get-away in a horse and rig which was standing in front of the place. The police are working on the case.

SHOT BY BURGLARS.
WINDSOR, Feb. 15.—Ross West is in Grace Hospital with a leg shattered by a bullet, following an attempt by unidentified men to enter the house of Walter Churchill. According to reports the men attempted to enter the Churchill home about midnight through a basement window. West, who has been living with Churchill, went to investigate, and the intruders shot him in the leg. Churchill followed West to the basement with a revolver, and fired a shot. It is believed one of the robbers was wounded, although no trace of the man has been found.

"They WORK while you sleep"

When the price being paid were learned there was much disappointment, and some term the prices as starvation compared with those paid last year. It is said many are refusing to sell at the prices, but others find it necessary to go to meet pressing obligations. Mr. Gregory is the first tobacco buyer here this year.

ALLEGES BOARD PLAYED FAVORITES

WINDSOR, Feb. 15.—Archibald Hooper, Labor alderman, today opened a fight between the board of education and the city council, when he stated that the board "is not only unbusinesslike, but uses favorites in awarding contracts."

Mr. Hooper, backed by P. W. Howell, urged that the council turn back to the board of education the request of \$72,500 with which to build a new school of eighteen rooms on Victoria avenue. The request may be turned back, it was learned tonight.

Mr. Hooper declared he wishes to help the board in every way possible, but he did not sympathize with its methods. Mr. Hooper stated that in Detroit a twelve-room school building cost \$124,230 for four rooms in the new school.

WOULD TRIPLE GRANT TO TORONTO UNIVERSITY

TORONTO, Feb. 15.—Toronto university, which now receives from the province half a million out of the cost of the university, should get one half the annual revenue, while this source, or about \$1,700,000 a year, according to the royal commission on university finance. It is possible, however, that the Government will not accept these recommendations, reserving the right to the rapid increase yearly of the revenue collected by the province in this way.

WILD RIDE WAS GREAT JOKE TO GUELPH KIDDIES

Auto Dashed Down Hill and Through Two Fences.

GUELPH, Feb. 15.—A thrilling ride in a motor car, in which they escaped injury, was experienced by the young son and daughter of Dr. and Mrs. Foster this afternoon. They were riding in the rear seat of Miss L. Lyon's car, left by its owner for a minute, while she spoke to a friend, the auto started on an empty lot, raced down the steep hill, crashed through two fences and came to a stop in the backyard of Arthur Duffield's.

Although the machine traveled 500 or 600 yards at a high speed, tearing open two fences on the way, the children escaped without a scratch. The machine was little damaged. When the car came to a stop with a thud, the two little occupants were laughing and laughingly scampered out and considered their wild ride as a big joke.

INCREASING THEIR FORCE.

GUELPH, Feb. 15.—Another sign that the business outlook is improving in the Guelph district is the announcement today by the Page-Hersey Iron and Tube Company, Limited, that commencing Monday next, the firm will start a night shift of 100 men. At present the company is employing a day shift of 200 employees, but owing to large orders for pipes and fittings recently received, it has been found necessary to work two shifts.

GETS SIX MONTHS FOR LIQUOR THEFT

Arthur Harding Claimed He Paid \$1,500 For the Booze.

WINDSOR, Feb. 15.—Arthur Harding was sentenced to six months' imprisonment by Judge Coughlin in the county criminal court at Sandwich today for the theft of 21 cases of whisky from the home of Leon Lafontaine. Freeman Baldwin, Windsor taxi driver, arrested on the same charges, was let go on suspended sentence.

Harding testified that he was acting as agent on a commission. He said that he had paid Lafontaine \$65 a case for 21 cases of whisky, and the day of the alleged theft, and that Lafontaine told him to go to the house and get the whisky. He then said he went down town and hired Baldwin, went to the house, obtained the whisky and took it to River Canard, where it was unloaded.

Harding maintained he did not steal the liquor, but had made arrangements the previous night for its delivery, and that he paid for it at a house on Pelissier street, where Lafontaine was working. He said that he gave Lafontaine \$1,500 in American currency for the liquor.

PRICES FOR TOBACCO ARE DISAPPOINTING

Growers in Blenheim District Are Not at All Satisfied.

BLENNHEIM, Feb. 15.—P. R. Gregory of the Empire Tobacco Company, Leamington, was here today and country. The lots purchased were some distance apart, and some 50,000 pounds in all were bargained. The prices paid varied from 7 cents to 15 cents per pound. Farmers, when learning of the buyer being here, were much interested, and the phones were used freely to learn of his whereabouts and what was being done.

When the prices being paid were learned there was much disappointment, and some term the prices as starvation compared with those paid last year. It is said many are refusing to sell at the prices, but others find it necessary to go to meet pressing obligations. Mr. Gregory is the first tobacco buyer here this year.

GUELPH, Feb. 15.—Another sign that the business outlook is improving in the Guelph district is the announcement today by the Page-Hersey Iron and Tube Company, Limited, that commencing Monday next, the firm will start a night shift of 100 men. At present the company is employing a day shift of 200 employees, but owing to large orders for pipes and fittings recently received, it has been found necessary to work two shifts.

GETS SIX MONTHS FOR LIQUOR THEFT

Arthur Harding Claimed He Paid \$1,500 For the Booze.

WINDSOR, Feb. 15.—Arthur Harding was sentenced to six months' imprisonment by Judge Coughlin in the county criminal court at Sandwich today for the theft of 21 cases of whisky from the home of Leon Lafontaine. Freeman Baldwin, Windsor taxi driver, arrested on the same charges, was let go on suspended sentence.

Harding testified that he was acting as agent on a commission. He said that he had paid Lafontaine \$65 a case for 21 cases of whisky, and the day of the alleged theft, and that Lafontaine told him to go to the house and get the whisky. He then said he went down town and hired Baldwin, went to the house, obtained the whisky and took it to River Canard, where it was unloaded.

Harding maintained he did not steal the liquor, but had made arrangements the previous night for its delivery, and that he paid for it at a house on Pelissier street, where Lafontaine was working. He said that he gave Lafontaine \$1,500 in American currency for the liquor.

PRICES FOR TOBACCO ARE DISAPPOINTING

Growers in Blenheim District Are Not at All Satisfied.

BLENNHEIM, Feb. 15.—P. R. Gregory of the Empire Tobacco Company, Leamington, was here today and country. The lots purchased were some distance apart, and some 50,000 pounds in all were bargained. The prices paid varied from 7 cents to 15 cents per pound. Farmers, when learning of the buyer being here, were much interested, and the phones were used freely to learn of his whereabouts and what was being done.

When the prices being paid were learned there was much disappointment, and some term the prices as starvation compared with those paid last year. It is said many are refusing to sell at the prices, but others find it necessary to go to meet pressing obligations. Mr. Gregory is the first tobacco buyer here this year.

ALLEGES BOARD PLAYED FAVORITES

WINDSOR, Feb. 15.—Archibald Hooper, Labor alderman, today opened a fight between the board of education and the city council, when he stated that the board "is not only unbusinesslike, but uses favorites in awarding contracts."

Mr. Hooper, backed by P. W. Howell, urged that the council turn back to the board of education the request of \$72,500 with which to build a new school of eighteen rooms on Victoria avenue. The request may be turned back, it was learned tonight.

Mr. Hooper declared he wishes to help the board in every way possible, but he did not sympathize with its methods. Mr. Hooper stated that in Detroit a twelve-room school building cost \$124,230 for four rooms in the new school.

WILD RIDE WAS GREAT JOKE TO GUELPH KIDDIES

Auto Dashed Down Hill and Through Two Fences.

GUELPH, Feb. 15.—A thrilling ride in a motor car, in which they escaped injury, was experienced by the young son and daughter of Dr. and Mrs. Foster this afternoon. They were riding in the rear seat of Miss L. Lyon's car, left by its owner for a minute, while she spoke to a friend, the auto started on an empty lot, raced down the steep hill, crashed through two fences and came to a stop in the backyard of Arthur Duffield's.

Although the machine traveled 500 or 600 yards at a high speed, tearing open two fences on the way, the children escaped without a scratch. The machine was little damaged. When the car came to a stop with a thud, the two little occupants were laughing and laughingly scampered out and considered their wild ride as a big joke.

THE COMING DOOM.

Is it Mr. McPherson's funeral that is about to be staged at Ottawa? Will the baked meats of the opening serve to furnish forth the feast for the obsequies?

The usurping Government goes right ahead ignoring the voice of Elgin and Peterboro electors and the advice of old party newspapers, like the Montreal Gazette and Ottawa Journal. "We're here till 1922 at least," is the slogan. After that the deluge. In the meantime "carpe diem, and let Mr. King rage and growl around the entrenchments all he likes. And a fig for the farmers, they will soon peter out. If prices keep dropping lower, the general public will go to sleep again in fat contentment, and we can put something over on them by 1925."

Another man, living about two miles from one of our border towns, was a fisherman by profession. Some six years ago he gave up this work and bought 15 acres of land. Today he has paid for this land and is getting ready to install an irrigation system, which will cost him \$400 per acre. He says he could afford to pay \$800 per acre for it. "Still another man, a druggist by profession, who was unable to stand inside work, was offered twelve acres of land near a large city at a rental of \$10 per acre. Today, seven years later, this man is paying a rental of \$100 per acre. "These are only a few small ex-amples of what can be done through- out the province if a man has will- ingness and adaptability."

FULL OF FIGHT.

Replying to a threat of Labor that a general strike of railwaymen would be called if redress was not made for the killing of an Irish rail- way employee in a fight with sol- diers, Lloyd George told the threat- eners that the Government could not be intimidated by such a menace. This is the spirit which will be ap- proved by the people of England. It is the only way in which a govern- ment could act unless it was a spine- less, cowardly thing.

The incident shows the premier and his government in fighting fettle, which is reassuring, as Labor has drawn up legislation which it de- clares must be accepted by the Gov- ernment whether it likes or dislikes it. Should the Government refuse to accept these proposals, Labor has promised to resort to methods which are described by them as "unpre- cedented." Here is our old friend "direct action" once more. How far would Labor endeavor to carry it? Does Labor plan an attempt to establish a soviet government? Re- sponsible Labor leaders of England surely realize that such an attempt would bring on a terrible civil war. Whatever form the pressure which Labor threatens may take, it is clear that Lloyd George will not be scared by it, and will fight to a finish any attempt to override the ruling of popular representation and the con- stitution. That is well.

Scientists are fussed up over the theory that there is a limit to time. What bothers the average man is how to make the best of his particular allotment.

"SOME" PROVINCE.

In the Handbook of Ontario, pre- pared by Hon. Mr. Doherty, minis- ter of agriculture for the province, and printed by order of the Drury Government, it is stated that in the matter of foodstuffs "Ontario's equipment is varied and highly specialized. The province operates scores of flour mills and cereal mills, one flour mill having a daily capacity of 9,000 barrels and an- other of 12,000. Bakeries, blacuit factories and factories for the mak- ing of breakfast foods are in evi- dence everywhere and carry the manufacturing process along to a more advanced stage. Another group of industries turn out a wide assort- ment of canned, preserved and evap- orated fruits and vegetables, with pickles and flavoring extracts as im- portant side lines. In still another group are the large abattoirs, whose packing house products are exported in large quantities to the United States and the continent of Europe. Cheese from Ontario dairies is vir- tually standard the world over. Condensed milk and powdered milk are rapidly developing and assuming a large place in the export trade. There are three best sugar factories in the province."

In regard to vegetable-growing, the Ontario Handbook says: "The industry is large. . . The growing population of our cities and the ex- cellent shipping facilities of the Western provinces give us a fine market for anything that may be grown over a considerable number of years. . . About 125,000 acres of land are being used for intensive market gardening. . . There is also a big opening for men who un- derstand the greenhouse end of the business. This part is just being opened up in Ontario, and the pos- sibilities are very good for anyone who understands it."

"Men not previously acquainted with vegetable-growing have made a success of it. "Two brothers, who were bakers in a small Ontario town, gave up their business and bought a small 50-acre farm. Today, fifteen years later, these brothers own 250 acres of land, practically all of which is planted in vegetables, strawberries and raspberries. They possess a large canning factory on their own place, and they await better rail- road facilities to have their business enlarged."

"Another man, living about two miles from one of our border towns, was a fisherman by profession. Some six years ago he gave up this work and bought 15 acres of land. Today he has paid for this land and is getting ready to install an irrigation system, which will cost him \$400 per acre. He says he could afford to pay \$800 per acre for it. "Still another man, a druggist by profession, who was unable to stand inside work, was offered twelve acres of land near a large city at a rental of \$10 per acre. Today, seven years later, this man is paying a rental of \$100 per acre."

"These are only a few small ex-amples of what can be done through- out the province if a man has will- ingness and adaptability."

Of dairying, the Handbook says: "Dairying for a long time been a basis of success in many parts of the province, and it still continues in the front rank of the numerous branches of agriculture. The out- put of cheese factories, creameries, condensaries and milk powder fac- tories, together with milk delivered in towns and cities and butter made and consumed upon the farm, indi- cates a total probably in excess of any other line of agricultural in- dustry. When dairying is coupled with pork production, its natural complement, the probability is strengthened that it is the most ex- tensive and profitable industry in the Province of Ontario."

"With a total factory product of dairy goods to the value of \$92,875, 262 for the Dominion . . . Ontario produces over 50 per cent of the factory output."

In regard to domestic demand, the Handbook reads: "The cities and towns are absorbing ever-increasing quantities of milk and cream, and the condensaries and milk powder fac- tories are extending their business at a rapid rate."

In the matter of hogs, the Hand- book declares that "there are pork- packing and bacon-curing establish- ments in various towns and cities of Ontario, and a steady market for well-finished hogs of the bacon type, weighing from 160 to 200 pounds, is assured throughout the year. The yearly output from five Toronto plants alone is estimated at about \$60,000,000."

With reference to poultry, the Handbook says that "during the Great War it might be thought that in the Province of Ontario the breeding of poultry would have been lessened and progressive operations somewhat minimized. The reverse seems to have been the case, for at no time in the history of the province has such a tremendous interest been taken in poultry-breeding as in 1919, nor in any one year has so much progressive work been accom- plished and such a stimulus felt. While the cost of poultry feeds has

A COMPARISON.
 (Le Soleil.)
 "Can anyone imagine the Canadian Pacific Railway being administered in the way the national railways are managed? The rich and powerful company would in such an event be ruined in less than five years. It requires only an in- stant's comparison of the service and discipline which reigns throughout the Canadian Pacific service with the management of the Intercolonial to un- derstand why the former earns consid- erable profits every year, and the other system accumulates only enormous deficits."

 Field Marshal von Hindenburg has joined the large number of his country- men who believe that they wish to be- lieve—and, in point of fact, "know"—it. "To my own knowledge," he says, "there has been a change in public opinion in America. I have seen letters by Ameri- can soldiers who wrote their folks at home: 'We fought on the wrong side.' " There are American soldiers who write such letters; but they differ from the Maurizian marshall in having seen them with the twinkling eyes of the men who wrote them.

POLITICS AND CLASSES.
 (Le Soleil, Quebec.)
 There is no reason why the farmers should form a political union in the province, since the form of government we have at Quebec gives them entire satisfaction. Of course the farmers al- ways have a right to be represented, providing their candidates possess the required qualifications. Under these con- ditions the election of farmers to the legislature is always to be approved. But there is a great difference between this regular mode of representation, and that a growing class of farmers who are farmers with the object of obtaining an exclusive representation in which the interests of all other citizens would be ignored. This would inevitably bring about a class war if it were carried into practice, and it is against that danger that we have put the farmers on their guard. We are glad to see that the farmers' association, which is meeting in Mon- treal, has not allowed itself to be car- ried away by the dangerous theories of certain extremists. This denotes wisdom on the part of the directors.

 Fettered to lie in bond and thrall— Once more I hear a primal call.
 An ancient urge that stirs in vain.
 Here on the city's outer edge
 The brown woods blend with sage and sedge.
 And high, above, a driving wedge— The geese are ranging south again.
 Freedom is singing in the flight
 Through unobscured space, unmeasured height.
 Freedom beyond all stay or let.
 Free is the beat of cadenced wings.
 Free is the olden rune that sings
 Sagas of world-old wanderings— Freedom, hazard, romance—and yet
 The wild geese cruising down the sky
 Is bound as firm by rules as I:
 Each from the selfsame statute
 In each of us are set the fangs
 Of want and stress, and hunger pang— Or each of us the sentence hangs— Each moves according to his laws.

 Nay, none of them will do.
 For rings and hearts and doves and darts
 And wedding bells and spangles bright
 Are pretty in their way,
 But woe and forest here is such
 A pert capricious elf.
 So I had better go instead
 And offer her myself.

EVERY LITTLE HELPS.
 Vancouver takes itself too seriously. It has not yet become an important factor in world affairs. Consequently, we do not know that the observation of a disarmament Sunday in a few of the churches there will have a very awe- inspiring effect upon the affairs of nations. We do not know that the Secretary of Navy Daniels will change his program of naval expansion because a few of Vancouver pastors and con- gregations participate in pacific exer- cises.

BULLFIGHTS IN MEXICO.
 Alvaro Obregon, president of Mexico, may have yielded to considerations of expediency when he superseded the decree of Venustiano Carranza, his predecessor, who abolished bullfighting. Once more in Mexico City people are witnessing the spectacular exhibition in which mata- dores are winning renown through acrobacy and brutality. Whatever his reasons, the new president is placed in the posi- tion of endorsing something which Car- ranza, no matter what else Mexicans may say of him, found too revolting to continue. It seems unfortunate just at the time when Mexico is endeavoring to establish a system of supervision over the care of the child if it is placed in the father, when it is possible.

THE COSTLY TELEPHONE.
 (Edmonton Bulletin.)
 People in this and other parts of the continent thought they were being hard- ly treated when waste made conditions forced up the cost of having a telephone in the house. They may get consolation at a sort by reading that in Great Britain the rates have been boosted 67 per cent. In order to retrieve the heavy deficit resulting under the former charges. As the 'phones in the old land are operated under the postive de- crement the increase cannot be attributed to the greed of shareholders who seek to proffer the popular propensity to talk.

THE ILLEGITIMATE CHILD.
 A very decided change will be effected by the measure respecting the illegi- timate child. If the Legislature passes it in its present form, the outline of the principles by Mr. Peter Bryce is set- tled to indicate a drastic overhauling of the law respecting illegitimacy, and the establishment of full responsibility by the father, when it is possible.

THE ILLEGITIMATE CHILD.
 A very decided change will be effected by the measure respecting the illegi- timate child. If the Legislature passes it in its present form, the outline of the principles by Mr. Peter Bryce is set- tled to indicate a drastic overhauling of the law respecting illegitimacy, and the establishment of full responsibility by the father, when it is possible.

"THIS is my recommendation, Sir"

"NOT so very long ago I was in the same ill health as yourself. Long and busy hours, the responsibility of filling drug prescriptions and other duties of the day's work proved a strain. I took a couple of boxes of Milburn's Heart & Nerve Pills and can honestly thank them for my present splendid condition."

This little incident from everyday life fits your case in one way or another. In these days of strenuous living it is only natural for the heart to get below normal, thus affecting the nervous system. Many people ignore the symptoms of heart and nerve trouble. Every day people drop dead, simply because of ignoring them. You cannot afford to do this. Ask yourself, "Have I any of the following complaints?"

Dizziness, Headaches, Palpitation, Breath Shortness, Brain Fog, Loss of Flesh, Depression, Sleeplessness, Anemia, Tobacco Heart, Loss of Appetite.

These are some of the sensations which are experienced. They are a warning of vital importance. If you would be well and strong, just ask your druggist to-day for a box of Milburn's Heart & Nerve Pills.

YOU WILL BE SIMPLY ASTONISHED at the fast recovery you will make on taking them. Remember, they have been on the market for over 25 years, and you are using a preparation recommended by prominent people the country over.

All busy druggists sell Milburn's Heart & Nerve Pills at 50c. a box, or they will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ontario.

Home-made, but Has No Equal for Coughs

Takes a family supply of really effective cough medicine. Easy to prepare, and saves about \$2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes 16 ounces of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid dis- appointment, ask for "2½ ounces of Pinex" with full directions. Don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

RUB RHEUMATISM PAIN FROM SORE, ACHING JOINTS

Rub Pain Away With a Small Trial-Bottle of Old "St. Jacobs Oil."

What's Rheumatism? Pain only. Stop drugging! Not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism and sciatica liniment, which never disappoints and cannot rub the skin.

Limber up! Quit complaining! Get a little "St. Jacobs Oil" on your rheumatism, and in just a moment you'll be free from rheumatism and sciatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. Old, honest "St. Jacobs Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

TO RELIEVE CATARRH, CATARRHAL DEAFNESS, AND HEAD NOISES

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises, will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many cases has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch, which was plainly heard seven or eight inches away from either ear. Therefore, if you know of anyone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them, and you may have been the means of saving some poor sufferer from needless distress. The prescription can be prepared at home, and is made as follows: Secure from your druggist four times a day. Take one tablespoonful four times a day.

Parmit is used in this way not only to relieve the tonic action of the Eustachian tubes, and thus to equalize the air pressure on the drum of the ear, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or who is suffering from head noises in their ears, should give this recipe a trial—ADT.

INDUSTRIAL EXPANSION INEVITABLY CREATES BIG REALTY VALUES.

The wheels of industry are awhirl, the buzz of business is heard on every side. The conservative old city of London, riding on the wave of industrial expansion, has at last started on her journey to industrial greatness.

And London today, at the very beginning of her development, offers to the investor untold opportunities for profit.

Those who have the foresight to take advantage of the great change that is coming to London will reap a big harvest in the near future. Big Business has always meant big Realty values, and Big Business is here to stay. The man who invests a few dollars today in property situated in the path of industrial development is laying the foundation of future prosperity and financial independence.

MOTOR PARK (Adjoining London Motors, Limited.) IS NOW ON THE MARKET

Motor Park is situated on Hale Street, immediately adjoining the site of the big plant to be erected by London Motors, Limited, in this factory, when maximum production is reached, about three thousand men will be employed. Figure out what this alone means in adjoining property, to say nothing of the other great developments that are taking place in the East End of the city.

Motor Park lots are a safe, sane investment. They are very reasonably priced, and can be purchased with a small cash payment, and on convenient monthly terms. The restrictions are such that a uniform high class of homes are assured. The streets are all graded, with concrete street sidewalks already placed. Considerably more than one-half of the entire property has been bought by London Motors, many of whom will soon be building there.

BORAH MOVES TO CUT NAVIES

Idaho Senator Introduces Motion For Disarmament Conference.

Washington, Feb. 15.—Senator Borah, Republican, Idaho, brought up his proposal for naval disarmament today in introducing an amendment to the pending naval appropriation bill a provision authorizing and requesting the president to call a conference of representatives of Great Britain, Japan and the United States on the subject.

"The conference," the amendment provides, "shall be charged with the duty of reaching an understanding or agreement by which naval building of the three powers 'shall be substantially reduced' annually during the next five years."

SAY DEALERS USED PRESSURE

Witnesses at Wholesale Grocers' Trial Charge Discrimination.

Toronto, Feb. 15.—Evidence of wholesale grocers' union pressure to prevent manufacturers selling to any dealer who was not a member of the wholesalers' association, or against whom the association had a grievance, was given today at the continuation of the trial of the case brought by the attorney-general of Ontario against the Wholesale Grocers' Association on a charge of having entered into unfair trade agreements and combinations.

Joseph Harris of Hamilton said he had tried to purchase goods from the Hamilton branch of the association, and that of his wife, both were kept from doing so by the refusal of the Wholesale Grocers' Association to sell to him.

The case is unfinished.

Dog Saved Two In Toronto Fire

Caretaker Tells Fire Marshal of Animal's Action.

Toronto, Feb. 15.—Albert Elliott, caretaker of a building which was destroyed by fire on the night of Jan. 27, when a number of inmates escaped from the flames in the night, told the fire marshal today that his dog saved his life and that of his wife.

None of the witnesses at the inquiry today could account for the fire. Fire Marshal Heaton said the inquiry was indefinite. He expressed the opinion that the fire was not accidental, but was started by design.

LIKELY TO PERMIT
APPEAL UNDER O. T. A.

Toronto, Feb. 15.—It is understood that an amendment will be made to the Ontario Temperance act giving a convicted person the right under the act to appeal to the county judge, although Attorney-General Ramsey is opposed to this. Premier Ramsey tonight said he thought there should be an appeal to the county judge, but he said the government would not agree to permit cases to be entirely reopened on appeal and new evidence introduced.

derstood that the Progressives will not be heard from in the House until Hon. T. A. Crerar takes his seat on Monday, when both Mr. Crerar and Mr. (Red Deer) and Hon. Mr. Crerar, are expected to speak.

PROGRESSIVE ATTITUDE.

Ottawa, Feb. 15.—(Canadian Press).—The attitude of the National Progressives and the cross benches on the Liberal amendment to the address is causing much discussion about the conduct of the House at present. Some of the members of the opposition are stated to be rather in favor of holding off until the west can get what they term proper representation by redistribution. Others, however, appear to think there is no time like the present for bringing on an election if such is possible. This attitude is being influenced by the fact that waiting for redistribution may mean waiting until 1922 for an election. Generally speaking, at the present time it is thought the progressives will support the amendment.

AWAITING MEMBERS' ARRIVAL.

Ottawa, Feb. 15.—(Canadian Press).—With the first caucus of each of the opposition groups having been disposed of before the House meets today, interest is turning to the probable gathering of Government supporters to be held for the purpose of passing policies before the members. It is not expected, however, in view of the fact that a number of the Government supporters have not yet reached Ottawa, that any caucus of the party will be held this week.

HOPE FOR LEGISLATION.

Ottawa, Feb. 15.—(Canadian Press).—Members of the House committee on the House bill for the purpose of reference to scientific research in the department of agriculture, which is to be introduced providing for the government going ahead with the research institute project.

It is expected that during the present session, the bill will be brought to the appointment of a temporary administrative chairman of the honorary council.

Pressure is being exerted in some quarters to have a businessman as the administrative head of the council, and this is being put forward as the cause of the present delay in making the appointment permanent.

WANTS PASS OVER C. N. R.

Quebec, Feb. 15.—(Canadian Press).—That all members of a provincial legislature should be provided with free transportation throughout Canada over the Canadian National Railway, and that the federal law should be amended to oblige or at least authorize the National Railways to make this concession, is the purport of a motion of which Hon. Dr. Choquette gave notice in the Quebec Legislative Council yesterday afternoon.

VETERAN MASON DIES.

Montreal, Feb. 15.—Isaac H. Stearns, probably the oldest Freemason in Canada, died last night at a very old age, and was buried in the Grand Lodge of the Province of Quebec. He was a past grand master of the lodge, and only last week had been appointed to the position of Very Rev. T. Wade Smith, O.M., who has held the position of provincial for two full terms.

FINANCIAL AND COMMERCIAL

HAY SELLS AT \$25 PER TON

Oats Drop to \$1.50 Per Cwt.—
Egg Prices Unchanged.

The bright sunny day had no effect in bringing out farmers to the local market on Wednesday morning. A few loads of hay and two loads of oats were offered, and both found a ready market. The demand for the good demand, and the top price jumped to \$25 per ton. The minimum price is now \$20. The buying is expected to be brisk for the remainder of the week. The quality was good.

The top quotation of oats dropped 5c, and all sales were around \$1.50 per cwt and 5c per bushel. The demand is not as good as it was the first of the week. Eggs were offered in large supplies on the Tuesday market, but prices were unchanged, and there are indications they may drop due for another slump on Saturday.

Many farmers who brought potatoes to the square on Tuesday were obliged to take them home unsold. The demand was slow, and it is thought that this may be due to a slump in the market.
