Positive Action Will Be Taken by No. 3 Committee, Board of Education, at Meeting This Afternoon-Will Hardly Be Completed by Fall.

A special meeting of No. 3 committee of the board of education this afternoon may mark the first real step in procuring collegiate accommodation for London. Having obtained the approval of the department of education for the erection of a sixteen-room school immediately on the old site, the trustees are now in a position to get down to business.

Trustee A. A. Langford, chairman of the committee, said that there was every prospect of positive action being taken this afternoon. The committee's recommendations this afternoon will be submitted to a special meeting of the board Thursday.

Trustee W. T. Clark, another member of the board, sees no reason why a start council be made within the next the control of the board, sees no reason why a start council be made within the next the start public school work will

LIONS AND TIGERS IN NEW YORK ZOO FED ON HORSEFLESH

New York, N. Y., Feb. 16.— New York, N. Y., Feb. 16.—
Howling revolution, which broke out several days ago at Central Park Zoological Garden, when horseflesh was substituted for beef, ended today.

Led by a squad of lions and half platoon of tigers and pumas, the park captives let loose in a vehement chorus of jungle invective when the first piege of horse meat was poked through cage bars. They fasted, but their hunger strike was short-lived.

Today, convinced that their keepers really want to econd mize, they ate what may have been the remains of a cab nag, and whined for more.

The crime for which the Garfields are held was committed on the night of January 20. Ben Johnson, proprietor of a confectionery store, was in his shop with three other men about 11 o'clock at night when two masked men entered the store. One made for the cash register while the other, with two revolvers ordered the occupants of two store to throw up their hands. Johnson replied "all right," and simultaneously made a lunge at the man with the guns. The latter with an oath let go at Johnson, the bullet going through his skull. The bullet caused a fracture of the skull and Johnson died twelve hours later. The bandits left the store, jumped into an auto and made their escape.

Two days later the Garfields were arescape.
Two days later the Garfields were arrested in London charged with a number of holdups and the Johnson mur-

London, Feb. 16.—All records for the construction of merchant vessels were broken by the yards of Great Britain during 1920, when 618 vessels, of 2,055,624 tons were completed. The total of 1919 was exceeded by 435,182 tons, and the previous record figures of 1913 by 142,371 tons, says Lloyd's Register of Shipbuilding.

On the other hand, the figures given for the 1920 output of United States yards—509 vessels of 2,476,253 tons—shows a decrease of 1,599,32 tons compared with 1919, this decrease accounting for over 92 per 132 tons compared with 1919, this decrease accounting for over 92 per 1919 of the total reduction in tonnage launched abroad during 1920. cent of the total reduction in tonnage launched abroad during 1920.

The report calls attention to the fact that in other countries a steady decrease took place during the whole of 1920 in the work in hand. At the beginning of the year the tonnage under construction amounted to 4,367,114 tons, and at the end of December the total was 470,862 tons, or a decrease of 1,396,252, due to the enormous decrease in

\$470.862 tons, or a decrease of 1,396,252, due to the enormous decrease in the shipbuilding industry in the United States. The world's output for 1920 was 1,759 vessels of 5,861,666 tons, against 2,483 vessels of 7,144,549 tons in 1919, and 1,750 vessels of 3,332,882 tons in 1913.

A feature of the year has been the launching of 1,825,000 tons of vessels to be fitted with steam turbines, these figures representing one-third of the total world's output of steel steam tonnage. The tonnage launched by Japan, Norway and Sweden during 1920 also shows a decrease, but the output of other countries increased

MAJOR C. POWER, M. P., Quebec louth, who has filed a motion in the fouse of Commons to effect better opportunities for disabled men to obtain

injury, was exprienced by the young son and daughter of Dr. and Mrs. Foster this afternoon. They were riding in the rear seat of Miss I. Lyon's car. Left by its owner for a minute while she spoke to a friend, the auto started of its own volition, and, turning into an empty lot, raced down the steep hill, crashed through two fences and came to a stop in the backyard of Arthur Duffield's.

Although the machine traveled 500 or 600 yards at a high speed, tearing open two fences on the way, the children escaped without a scratch. The machine was little damaged. When the car came to a stop with a thud, the two little occupants of the rear seat laughingly scampered out and considered their wild ride as a big joke.

WINDSOR, Feb. 15.—Arthur Harding was sentenced to six months' imprisonment by Judge Coughlin in the county criminal court at Sandwich today for the theft of 25 cases of liquor from the home of Leon Lafontaine. Freeman Baldwin, Windsor taxi driver, arrested on the same charge, was let go on suspended sentence.

Harding testified that he was acting as agent on a commission. He said that he had baid Lafontaine \$65 a case for 25 cases of whiskey on the day of the alleged theft, and that Lafontaine told him to go to the house and get the whiskey. He then said he went down town and hired Baldwin, went to the house, obtained the whiskey and took it to River Canard, where it was unloaded. unloaded.

PRICES FOR TOBACCO ARE DISAPPOINTING

Growers in Blenheim District Are Not at All Satisfied.

BLENHEIM, Feb. 15.—F. R. Gregory of the Empire Tobacco Company. Leamington, was here today and started buying Burley tobacco in the country. The lots purchased were some distance apart, and some 50,000 pounds in all were bargained for. The prices paid varied from 7 cents to 15 cents per pound. The average being around 13½ cents. Farmers, when learning of the buyer being here, were much interested, and the phones were used freely to learn of his whereabouts and what was being done.

When the prices being paid were learned there was much disappointment, and some term the prices as starvation compared with those paid last year. It is said many are refusing to sell at the prices, but others find it necessary to do so to meet pressing obligations. Mr. Gregory is the first tobacco buyer here this year.

You may submit as many different solutions as yous wish with a subscription, on payment of not less than \$2.75 or more than \$10.00 with each one. If you submit more than one solution, the payment with each one will be applied to extending the subscription already in force, unless otherwise directed. If you are already a subscriber, your subscription will be extended from the time last paid to, whether you receive the paper by mail or carrier. New subscriptions will be started as soon after receipt of solutions as possible. You can be subscription allamounts paid to whether you receive the paper by mail or carrier service you are now receiving the paper through. All amounts paid will be credited on subscription at the regular rates, so you cannot lose, while standing an equal chance to win

FACTS TO REMEMBER While the amount you pay with a solution of the puzzle does not have any effect on your winning a prize, it does affect the amount you will receive, should you win one of the first five prizes, as the value of these orizes is determined by what the winners pay. This is explained in the prize list, which you should in your solution.

The value of the first five prizes may also be increased \$100 each by interesting four people who are not now subscribers to become subscribers to become subscribers the sum of \$25 will be added for each new subscriber, not to exceed four, Each of the new subscribers must pay not less than \$2.75, and he has the privilege of entering the contest, if he wishes to do so, upon the testant, the \$2.75 or more up to \$10.00 paid by him entitling him

Extra Charts Furnished

Those desiring extra charts to work on will be suppiled with what they require if they will either call at The Advertiser contest office in person, or send a self-addressed, stamped envelope for mailing them. The office is located at 110 Dundas street. Postoffice Box 578.

If the paper is already being sent to your residence, but in the name of some other member of the family, and you do not wish an additional copy, merely-answer "Yes" to the inquiry if you are already a subscriber, and attach a note to the blank stating in whose name the paper is being delivered to. Contestants will find this puzzle offers unusual entertainment for a party of friends. If you want to pass a pleasant winter evening invite in a few friends, and give to each one a chart, and see who in a given length of time can work out the best result. It will prove to be a most interesting game. Extra charts may be secured for this purpose by calling upon the contest manager for whatever number is needed. The best chart submitted in this contest will be reproduced in The Advertiser, so that every contestant may check it up and compare it with his or her own

THE PROBLEM

The problem is to draw a chain of circles once across the chart, from the first column on the left to the last column on the right, selecting the figures to encircle from which you can obtain the greatest difference between the sum total of the even and the sum total of the odd figures. The odd figures are 3, 5, 7 and 9, and the even, 2, 4, 6, 8. By "sum total" is meant the figures added together. That is, you are to take the odd figures you put circles around, and add them up; then the even figures, and the difference between the two totals is your solution. It makes no difference which of the two sum totals is the larger; the greatest difference you can obtain either way is what counts

The chain must be drawn in continuous sections of

tain either way is what counts

The chain must be drawn in continuous sections of either three, four or five circles to a section. By "section" is meant three, four or five circles in a straight line. You may use either number of circles you wish in each section. The sections of the chain may go either up or down, or to the right, but not to the left. That is, start in the first column by drawing either three, four or five circles up or down, as you wish; then proceed to the right, then up or down again; then to the right, and so on until you reach the last column. The chain must end with either three, four or five circles in this column.

count the last circle in one section as the first in the next. The figures in the corner circles, however, are to be counted but once when adding them up to get the totals of the odd and even figures. You may start at any figure you wish in the extreme left-hand column There must be one section running up or down in this column as well as in the last column.

Contestants should try all the combinations they can to see what is the greatest difference they can obtain between the sum total of the odd figures and the sum total of the even. The prizes will be awarded for the greatest differences submitted, without regard to what the greatest possible difference that can be obtained may be. Only the figures you put circles around are to be considered. The following illustration will furnish a general idea for drawing your chain of circles. The illustration consists of double figures, such as 46, 69, 75, and so on, but the puzzle contains only single figures from 2 to 9 Hence the differences will be comparatively much smaller and the sum totals easier to obtain. Contestants should try all the combinations

ILLUSTRATION

The accompanying illustration explains what a chain of circles is. The first section, it will be noted, consists of four circles; the second, three; the third, three, and so on. The sum total of the even numbers, viz., 46, 58, 92, etc., is 750, and the sum total of the odd numbers, viz., 69, 75, 83, etc., 892. The difference between these totals is 142.

GENERAL RULES

This contest is wholly independent of, and is in no way connected with any other newspaper contest in London or elsewhere. The prizes are offered solely by this paper, and will be paid in accordance with the terms and conditions stated in this announcement.

The Advertiser offers these prizes for individual effort. While it is proper for members of one household to work together, or several friends, it is not permissible for more tien one of those working in unison to send a solution of the puzzle. When in the judgment of the contest manager more than one member of the same family, or more than one of any number of persons he believes have worked together, send in a solution of the puzzle, he reserves the right to refund subscriptions and return the solutions he believes have been submitted contrary to the foregoing rule. The Advertiser also reserves the right to finally decide any other questions which may arise, and those entering the contest agree to abide by such decisions.

The spirit and intent of the contest is to reward those who work out the best solutions of the puzzle through their own independent efforts.

The time a solution is submitted has no effect upon its winning a prize. It is well, however, to send in your solution as soon as you have it in shape to submit. Something might arise to prevent you sending it in later, thereby causing you to lose the chance of winning one of the valuable prizes. If, on the other hand, you submit an early solution, and later find you can improve upon your first effort, you nave the privilege of submitting as many more solutions as you wish on the same terms as your first. Your solution blank must state correctly the sum totals of your odd and even numbers, as well as the difference, otherwise your solution will be considered as incorrect, and ruled out of contest.

INFORMATION

In the event of ties on this puzzle, as many prizes will be reserved as there are contestants tied, before any prizes are awarded for a less correct solution. For instance, if five people tied on the best solution, the first five prizes would be reserved for them, and they would be awarded the prizes in accordance with the standing of their solutions of the second puzzle. That is, the one submitting the best solution of the mitting the best solution of the second puzzle would receive the first prize; the one submitting the next best, the second, and

the next best, the second, and so on.

No solution unaccompanied by cash to apply on subscription will be accepted. Solutions and the money should be sent together, not separately. No solution may be changed after it is once submitted. If you want to submit something different send another solution, accompanied by any amount you wish to pay from \$2.75 to \$10.00. It will all be credited on one continuous subscription, and you will have the satisfaction of knowing your paper is paid for that far in advance. No one directly or indirectly connected with The Advertiser will be permitted to enter this contest.

The incident shows the premier and his government in fighting fettle, which is reassuring, as Labor has drawn up legislation which it declares must be accepted by the Government whether it likes or dislikes Should the Government refuse to accept these proposals. Labor has promised to resort to methods which are described by them as "unprecedented." Here is our old friend "direct action" once more. How far would Labor endeavor to carry it? Does Labor plan an attempt to establish a soviet government? Responsible Labor leaders of England surely realize that such an attempt would pring on a terrible civil war. Whatever form the pressure which Labor threatens may take, it is clear that Lloyd George will not be scared by it, and will fight to a finish any attempt to override the ruling of popular representation and the con-

THE ILLEGITIMATE CHILD. [Toronto Mail.]

A very decided change will be effected
the measure respecting the illegitiby the measure respecting the illegitimate child, if the Legislature passes it in its present form. The outline of the principles by Rev. Peter Bryce is sufficient to indicate a drastic overhauling of the law respecting illegitimacy, and the establishing of full responsibility by the father, when it is possible.

The bill will propose state action to establish paternity to require financial support by both parents; to give the child the same inheritance rights as a legitimate one; to give the child use of the father's name; to require the father to bear the expense of childbirth; and to establish a system of supervision over the care of the child if it is placed in a home. These principles cannot be challenged. At present, the father escapes, inne times out of ten, without any responsibility. The unmarried mother strives, as heat she can, to get the child cared for, while endeavoring to avoid the stigma which coen acknowledgment of her maternal relationship would bring on herself. The circumstances of desertion in these cases smite on the heart of all kindly people. y the measure respecting the illegi-nate child, if the Legislature passes

Home-made, but Has No

Equal for Coughs

If you have a severe cough or chest cold accompanied with soreness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help try this reliable all home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes 16 ounces of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It posens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co.,

ISSUED FALSE PASSPORTS.
Budapest, Feb. 16.—On complaint of the United States passport office here that hundreds of Hungarians had obtained vises by means of false documents setting forth that the holders had not fought against the Allies, the local police today arrested several representatives of a bureau that is alleged to have supplied the false papers for a thousand crowns each. The suspicions of the United States officials had been aroused by the fact that the same signatures were found on many different Gocuments. The holders of such papers.

MONTREAL STOCK EXCHANGE. Oats opened %c lower for May at 53%-c. Flax opened 2c lower for May at \$1 32%-c. Chicago, Feb. 16.—Opening: Wheat—March, \$172; May, \$1 62%.
Corn—May, 71%-c; July, 73%-c. Cats—May, 6%-c; July, 45%-c. Chicago, Feb. 16.—Profit-taking by holders, together with lack of support, led to sharp down turns today in the price of wheat. Moreover, bears made much of advice purporting combined much of advice pur

The bright sunny day had no effect in bringing out farmers to the local market on Wednesday morning. A few loads of hay and two loads of oats were offered, and both found a ready sale. Hay was firmer with the good demand, and the top price jumped to \$25 per ton. The minimum price is now \$23. The buying is expected to be brisk for the remainder of the week. The quality was good.

for the remainder of the week. The quality was good.

The top quotation of oats dropped 5c, and all sales were around \$150 per cwt and 51c per bushel. The demand is not as good as it was the first of the week.

Eggs were offered in large supplies on the Tuesday market, but prices were unchanged, and there are indications they are due for another slump on Saturday.

TORONTO STOCK EXCHANGE.

Toronto, Feb. 16.—Slight weakness developed in a number of issues in dull rading on the Toronto Stock Exchange this morning; but at the end of the morning gains and losses were about evenly distributed, although changes for the most part were fractional.

Canada Stramships was the only really strong issue, a rally sending the stock up 1½ points to 37%, after its weak closing at 36½ last night. Dome sold at \$18 50, an advance of 50c a share.

EVERY headache has a meaning—and you should heed this warning of nature, if you would avoid more serious complaints. A headache frequently points to the failure of the kidneys to perform their natural functions.

Gin Pills remove both headaches and cause, by restoring the kidney action to normal. If you let the cause go unchecked, you may incur years of suffering, with frequent attacks of backache, bladder trouble, lumbago, swollen joints, and other evidences of deranged kidneys.

Give Gin Pills a trial. At all druggists—60c a box. Write for a free sample to National Drug & Chemical Co. of Canada, Limited, Toronto, Ont. U. S. residents should address Na-Dru-Co., Inc., 202 Main St., Buffalo, N.Y.

HARLTON.—In loving memory of our little Lloydie, the dearly beloved son of Verchoyle and Nettie Charlton, who passed to be with Christ one year ago today, February 16, 1920, aged 2 years 5 months.

When the little one we loved
Entered in the home above,
Oh! the earth seemed poor and vast,
All our life joy overcast.
Hush! Be every murmur dumb,
It is only till he come.

Wallace was elected chairman, and W. H. Kneale, secretary. The chairman referred to what had been done in the past to bring the matter before Parliament.

Donald Sutherland, M. P., who had been invited to attend the meeting, went into the matter at considerable length, explaining the case as it had come before the House prior to the war. He stated that although there had been many changes in the House since the vote was taken, it was uncertain how the new men would vote. However, the fact that the bill passed the House before with a majority of 35 made their case stronger than it was in the

BLENHEIM, Feb. 16.—Mac. McLeod came before Magistrate Whittington and pleaded guilty to a charge of using profane and abusive language in a public place in town, but defended a charge of being intoxicated at the same time. Crown Attorney Smith of Chatham prosecuted. There was a crowded courtroom, and many witnesses were called. It was proven that the language was very vile, and there was no occasion for it. The defendant admitted the language, but claimed that he spoke in his ordinary way. Witnesses for the prosecution differed as to whether or not he was drunk, and the magistrate, while stating it was hard to account for such language, said he would give him the benefit of the doubt. He fined him \$20 and costs, \$13.70, on the first charge, the fine being the maximum allowed by the bylaw. Defendant, in the box, admitted drinking near beer after 2 o'clock that morning.

RHEUMATISM A Remarkable Home Treatment Given by One Who Had It.

In the year of 1893 I was attacked by Muscular and Sub-Acute Rheumatism. I suffered as only those who are thus afficted know for over three years. I tried remedy after remedy, but such relief as I obtained was only temporary. Finally I found a treatment that cured me completely, and such a pitiful condition has never returned. I have given it to a number who were terribly afflicted, even the didden, some of them 70 to 80 years old, and the results were the same as in my own case.

I want every sufferer from any form of puscular and sub-acute (swelling at the joints) rheumatism, to try the great value of my improved "Home Treatment," for its remarkable healing power. Don't send a cent; simply mail your name and address, and it will send it free to try. Mrs. Britten Tells How She Was Restored To Health After Suffering for More Than A Year.

Another Triumph for Lydia E. Pinkham's Vegetable Compound

Dimondale, Mich .- 'I had Dimondate, Mich.—"I had inflammation and a displacement and weakness, and it had been neglected so long that it caused great pain, and this affected my mind and nerves so that I was very irritable. I had severe pains irritable. I had severe pains
every month, so that I was
often obliged to lie in bed for
two days at a time. I suffered for more than a year
before my friends said, 'Why
don't you try Lydia E. Pinkham's Vegetable Compound?'
So I purchased one bottle
after another until I had
taken ten bottles, then Lydia
E. Pinkham's Sanative Wash. E. Pinkham's SanativeWash.
I received so much benefit
from this treatment that I
am now able to do my own
work."—Mrs. W. D. BRITTEN,
R. No. 2, Dimondale, Mich. Another Michigan Weman says:

"I was bothered for a long time with female troubles and was so nervous I felt almost afraid at times. I also had a Pain in my right side and was certainly in a bad way.
Lydia E. Pinkham's Vegetable

Compound has relieved me of these nervous feelings and pains and I am much better in every way. I don't know just how many bottles I have taken, but I took it for nearly a year and it has done me a world of good."—Mrs. Jessie GRANGER, R. No. 8, Box 51, Kalamazoo, Michigan. Good health is a woman's greatest asset. With it she may be the inspiration of her husband, a happy mother, and the life of the home. Without it she suffers agonies herself, household duties are a burden, and her family is made miserable by her condition.

Is it any wonder that these women were nervous and irritable after suffering so long from such deranged conditions? Such ailments act directly upon the nerves, and it has been said that a large percentage of nervous prostra-tion, nervous despondency, "the blues," and nervous irritabilty of women arise from some derangement of the female organism.

If women who are in this condition would only profit by the experience of others and take Lydia E. Pinkham's Vegetable Compound at once, much suffering and unhappiness would be averted, as everyone knows a nervous, irritable, ailing mother makes the home unhappy and her condition irritates both husband and children. Lydia E. Pinkham's Private Text-Book upon "Ailments Pecu-

liar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts.

ARE BREWING AGAIN

Come To Definite Terms.

Further indication that London's street railway troubles are once more coming to a head was given when the executive of the employees' union met Vice-Chairman A. B. Ingram of, the Ontario Railway and Municipal Board and officials of the company Tuesday afternoon. The executive asked that the management of the road come to some definite terms with the men before laying any new plans before the city council. fore laying any new plans before the city council.

At present the men receive 48 cents an hour and most of what surplus results from each month's operation. This makes their income uncertain. As the board has intimated in its report to the council that it does not intend to run the road indefinitely, the men are anxious to have a more definite agreement before any changes are made.

No definite arrangements were reached at the conference. The matter will be discussed at the next meeting of the union. There is no possibility of a strike being considered.

Traced Drama's Growth.

In his address Dr. Barnett traced the growth of the drama from its small beginnings in the church, when it was merely the outcome of a common wish in mankind to give expression to thoughts, and feelings in action. It was the outgrowth from the liturgical sing of the church, which developed until it was drematic in character with the different sections of the choir taking different parts. Then the priests began to enact different parts of the

the old miracle splay "Abraham and Isaac."

Role of Abraham.

Dr. Barnett took the role of Abraham in a most delightful manner, bringing out with dramatic effect the conflict between the passionate love of the old prophet for his son Isaac and his duty to God. Isaac was excellently represented by Mr. Webb of the Western University, Mr. Waring and Mr. Thomas of Huron College reading the parts of the heavenly messengers, God and the learned doctor, who sums up the lesson of the whole play in the end. The play was read in its original archaic language.
