

ENGINEER SIFTON CAN HAVE IT! INVESTIGATION IS KEPT ON TAP

Water Commissioners Say
They Have Nothing to
Fear From a Court
of Inquiry

SOME HOT SHOT IS HINTED AT

One of the Commissioners Says
Mr. Sifton Did Not Always
Treat the Commission
Correctly.

"The water commissioners are too big to pay the slightest attention to Mr. Sifton's letter," said Mayor Beattie, in discussing the communication written by the former electrical engineer regarding the awarding of the tenders for the Niagara power station. "We knew what we were doing when we acted as we did, and the matter is settled. If Mr. Sifton wants an investigation, let him ask for it, and state his reasons for asking it, and for my part he can have all he wants of it."

Mr. Sifton wrote rather a lengthy letter to a local paper, in which he stated that the tenders awarded were not the lowest, but were high. He also charges the commissioners with showing animosity towards him.

Can Have Investigation.
Mr. Philip Pocock, who was mentioned in a letter now having been more especially antagonistic to Mr. Sifton, comes out flat-footed, as did his worship, and declares that the commissioners have too much to do to waste their time in argument with Mr. Sifton.

"If Mr. Sifton wants an investigation he can have all he wants of it," he stated to The Advertiser. "Let him ask for it, and we will give it to him. As for entering into a controversy with Mr. Sifton I absolutely refuse to do so. He can have all the investigating he desires."

The commissioners insist that an investigation will certainly not affect them. Chairman A. T. McMahon discussed the letter at some length, and said that there were many things in it not true. However, he preferred not to say anything for publication. He admitted that he was willing to allow an investigation if Mr. Sifton really wanted it.

In the meantime some of the commissioners are preparing ammunition for the investigation if it is called, and when it does come there are suggestions that there will be some interesting matter produced.

The commissioners are not inclined to back down an inch.

An interesting session.
One commissioner stated today that there were others who could make a statement besides the commissioners, and that some of the inferences drawn some time ago might again be gone into, and cause an interesting session at least.

"There is not one chance in a million of Mr. Sifton getting back on his position," said a city official today. "He has spoiled what little chance he may have had, and now there is absolutely nothing to be gained. It is difficult to see where he can be vindicated."

He spoiled his case by charging personal animus, at the same time exhibiting not the kindest spirit in the world himself."

Utter Nonsense.
Ald. Stevenson had a chat with Mayor Beattie at noon, and the question that the city would lose \$24,000 at least in three months if the power station was not ready, was discussed.

"What utter nonsense," the mayor said. "I am sick and tired of listening to that wearisome hubbub. There is absolutely nothing in it. It was chased out against us at every step, and now Mr. Sifton trots it out against the commissioners' nature to say that the local station will be ready as soon as the transmission line. There will be branches on some of the city poles before power gets here."

That statement is immense.
"That statement is immense," said Mr. Sifton did not act fairly with the commission in reference to the request he made to Mr. Glauzitz of the Niagara power commission, to design the towers at the power station. Mr. Sifton, it is said, asked the commission to request Mr. Glauzitz to design the plans, when he had Mr. Glauzitz's plans in his possession at that time.

There is some talk also that Mr. Sifton desired to be made engineer over the waterworks end of the matter, and the communication avers that Mr. Sifton did not show sufficient grasp of hydraulics to make him a suitable man for the position.

STEAMER ABANDONED.
New York, March 4.—The Russian steamer Korea, buffeted by storms on the north Atlantic and pounded into helplessness by heavy seas, was abandoned by her crew on March 1, and left to her fate. She was sinking fast when the men left her. The Korea's crew of 45 men were taken off by the Anchor Line steamer Caledonia and are on their way home.

OLD FATHER THAMES MILD AS A LAMB

Water Is Falling Steadily—No
Danger of a Flood Just
Now.

Today there is only two feet of water passing over the dam at Springbank, and it is believed that all danger of any flood is past for the present. The river dropped 16 inches since yesterday at noon, and the water is steadily going down.

All the ice has broken up and passed safely over the dam, and no trouble of any kind is now anticipated. It is a long time since there was such an immense quantity of snow as was in the country which went away with so little trouble.

Reports from Chatham state that owing to an ice jam below the city the river has risen five feet, and it is expected that a flood may result.

DR. TENNENT WILL QUARANTINE MORE DOGS

Just Home From Clinton, He Is
Compelled to Go to
Strathroy.

Dr. Tennent arrived home this morning from Clinton, and at once left for Strathroy, where he will quarantine a number of dogs as a result of word received from Ottawa last night that a dog bitten there some days ago had rabies.

Dr. Tennent goes from Strathroy to West Monrovia in Perth County, where a dog also went mad and bit a number of other dogs.

PETER ROSENBERG WAS PLACED UNDER ARREST

Charged With Obtaining Goods
by Fraud From Tavistock
Merchant.

Peter Rosenberg, of Tavistock, formerly of this city, was placed under arrest at the Metropolitan Hotel this morning by Constable Henry Feik, of Tavistock, on a charge of obtaining goods valued at \$21 from V. Stock, a merchant who resides there. Rosenberg is 24 years old, and while in this city was in the employ of the London street railway. He left some months ago, and has since been working on a farm near Tavistock.

It is alleged that he got clothes, shoes and other things, and then jumped out of the town. He will be taken back to Tavistock this afternoon.

STIFF FIGHT IN SIGHT OVER LOCAL OPTION

Strathroy Case Will Likely Be
Carried High Up in Courts.

Mr. John M. Gunn has received the certificate of the recount in the Strathroy local option case, and it will be forwarded to the town clerk immediately. The council of the town meets on Monday evening, and on that occasion it is understood a bylaw will be passed ratifying the decision of the people.

There will be a move to quash the bylaw, and it is likely that there will be a very stiff fight. In the last inquiry there were certain legal limitations that prevented the county judge from considering many of the points introduced by the opponents of the measure. Under a motion to quash the bylaw, however, these limitations will not hold, and consequently, a very close fight is expected.

ACTION FOR RENT

Session of First Division Court Today.

There was a session of the first division court this morning, where a large number of cases were disposed of. Judge Elliott presided.

The Canada Trust Company brought action against the Canada Fence Company for \$400 for damages due to being compelled to move from the premises was introduced, but his honor refused to consider the counter claim, but permitted the defendants to withdraw it. Judgment was finally given for \$44 and costs. Mr. Thomas Coleridge, for the plaintiff, and Mr. T. H. Luscombe, for the defendant.

THE WEATHER

TOMORROW—FAIR AND MILD.
FORECASTS.

Today, Yesterday.
Fair and mild today and on Saturday.

Signs of Spring—Don't Believe All of Them.

The Game at Collingwood Tonight

A dispatch to The Advertiser from Collingwood this afternoon states that the ice at the rink there is somewhat soft, but that there will be little slush during the game with London tonight.

The temperature at noon was four points above freezing, or 36 degrees.

London's great exhibition on the poorest kind of ice here Wednesday night, makes it appear that the locals will have a fair chance for the championship.

HON. MR. BECK'S BROTHER'S CAR FIGURES IN PUBLIC INQUIRY

It Was Sold to the Automobile and Supply Company, of Toronto,
and Then to the Hydro-Electric Commission—Mr. J. Fritz
Beck Says He Had No Dealings With the Commission.

[Special to The Advertiser.]
Toronto, March 4.—Mr. W. C. Smith, manager of the Automobile and Supply Company, was again called to the stand by the public accounts committee of the Legislature today, and was subjected to a rather severe cross-examination with regard to the purchase and sale of second-hand automobiles.

Two machines, each a second-hand one, were sold to the hydro-electric commission by his company, said Mr. Smith.

One of these was purchased by the company from Mr. J. F. Beck, of London, and the other from Chief Engineer Sothmann, of the hydro-electric commission.

Mr. Sothmann went to Mr. Smith for the purpose of having the two machines valued and sold.

AUTO SHOW FOR FOREST CITY MAYOR WIRES FOR ARMORIES

Windsor Man Is Ready to Promote the Scheme If London Will
Get a Move On—Mayor Beattie Realizes the Importance
of the Move and Acts at Once.

London may have an automobile show during Easter week.

Dr. Stevenson has been in communication with Mr. Jaffray, of Windsor, who promoted the Montreal and Toronto shows, and he said that Mr. Jaffray would put on a show in London provided a suitable building could be secured. Mr. Jaffray had read an article on the subject in The Advertiser and at once communicated with Dr. Stevenson.

Mayor Beattie was interviewed by Dr. Stevenson today, and it was decided to try and secure the Armories for the purpose, if possible.

His worship entered enthusiastically into the project, and immediately made an effort to secure the building. He wired direct to Sir Frederick Borden, minister of militia, and also to Major Beattie, M. P. for London, asking him to use his good offices in securing the Armories for the show.

A Good Suggestion.
"I think the suggestion a good one," said his worship. "I will be willing to do all in my power to assist in bringing the show to this city. Outside the Armories there is no building suitable for the purpose. I have wired to Sir Frederick Borden and Major Beattie, asking them to try and secure the Armories for that occasion. I think

they will agree to the request. It will not interfere with the regiment to any extent, and will be a distinct benefit to the city of London."

Ald. Stevenson is enthusiastic over the idea.

"I was at the Toronto exhibition and it was a great success," he stated to The Advertiser. "It is well worth while. It should bring a large number of visitors here, and would be a good thing for the city of London."

It may result in the establishment of an automobile industry in London. A large number of American firms will be invited to exhibit here, and as there are many looking for a suitable site in Canada, they may be induced to locate in London.

BROUGHT OUT ALIVE FROM UNDER AVALANCHE

Ten Persons Found Living Although Entombed Several Days.

Seattle, Wash., March 4.—A special to The Post-Intelligencer from Everett, says one car at the Wellington slide has been excavated and ten persons in it were found alive.

The report that Trainmaster A. R. Blackburn's body was lost in a second slide is denied. Blackburn and Superintendent O'Neill's private secretary, were both in his private car when it went over.

The car has not been found, and there is a hope that the occupants may be alive. One man, entombed 60 hours, has been dug from the snow half demented.

PERMANENT COMMISSION FOR LIQUOR LICENSES

Blind Pig Problem at Cobalt at
Last Arouses Whitney
Government.

[Special to The Advertiser.]
Toronto, March 4.—Chief License Officer Eudo Saunders yesterday received a message from Special Officer George Morrison stating that ten men in Cobalt had been fined \$100 each, making \$1,000 in all, for selling liquor without a license in Cobalt. This is altogether apart from the seizure of \$2,000 worth of liquor seized a few days ago at Cobalt station. The situation has become so serious and the blind pigs so numerous that the Government is becoming tired of the continually pleading on the one hand for leniency and the fault-finding of the other by the temperance people who are dissatisfied with the present administration of the law. The temperance and moral reform element have called upon Sir James Whitney to make good his promise and take the administration of the liquor license law out of politics. Matters have assumed such a serious condition that this will likely be dealt with in a few days in caucus with a view to bringing the matter up in the Legislature, and possibly amending the law to place the administration of the liquor licenses under a permanent commission.

LOCAL BAKERS ARE NOT WELL PLEASED

Say the New Size of Loaf Will
Be Very Unpopular.

There is a good deal of discontent among the local bakers over the proposed legislation to increase the size of the loaf sold by bakers. Without exception, they refuse to discuss the changes, stating that they are not yet conversant with the facts, and do not wish to speak on the matter until it has been more definitely settled.

One of them, however, stated that to compel bakers to produce a pound and a half loaf will be a very unpopular measure in this city, and as London ships a very large amount of bread, the significance of this is of importance.

The gentleman in question stated that it was almost impossible to charge more than 5 cents a loaf for bread, and that it would be impossible to produce bread at that price weighing a pound and a half. A baker, he stated, is working on a very small margin, and to increase the size of the loaf would make it absolutely necessary to raise the price, and this would immediately be followed by complaints from the public, and be responsible as well for a very considerable falling off in patronage.

EIGHT MEN ARE ON THE WAY TO THE PASTEUR INSTITUTE SEQUEL TO MAD HORSE CASE

Came in Contact With Brute Before It Was Known
That It Was Affected With Rabies
at Coldstream.

ARE HASTENING TO TAKE THE CURE

Dr. Tennent Says the People Are Not Even Yet Realizing the
Danger They Are In—Looks for an Epidemic
of Rabies in the Spring.

Men sent to Pasteur Institute—D. C. Campbell, farmer; J. C. and Walter Campbell, his sons; T. D. McKellar, Harry Brock and J. D. Sinclair, farmers and neighbors of Mr. Campbell; Peter Dewar and W. McVicar, veterinary surgeons. Place—Coldstream, village in Lobo Township, 15 miles west of London.

Cause—Horse, belonging to D. C. Campbell, supposed to have been bitten by mad dogs, recently went violently mad.

The horse was ill about three days altogether, and became terribly violent yesterday.

As a result of the death of a horse belonging to D. C. Campbell, of Coldstream, yesterday afternoon, from rabies, eight men, D. C. Campbell, his sons, J. C. and W. Campbell; T. D. McKellar, Harry Brock, farmers and neighbors, and two veterinary surgeons, Peter Dewar and W. McVicar, are all on their way to the Pasteur Institute in New York for treatment.

The men had all been engaged in attending Mr. Campbell's horse ever since it was taken ill a couple of days ago, and they were with it yesterday when after suffering frantically for hours, it died. Several of the men, it is stated, received scratches, and were covered with froth from the mad animal.

A TERRIBLE SIGHT.
It was a terrible sight to watch the horse, one of those present told The Advertiser today. "On Wednesday when we went over, the animal seemed as if it were very dull and sleepy, and did not want to make."

"Yesterday, however, it was completely changed and seemed unable to keep quiet."

"It was seized with spasms after midnight, and rolled about in the most terrible pain. Its eyes seemed almost starting from its head."

"People are slow in realizing what a serious matter this is," he said. "There is a good deal of room for improvement in the way in which the regulations are being carried out. In some districts the dogs are being looked after fairly well, but in others not nearly so well. People do not realize that with all the dogs that have been bitten, and that are at present unknown there is grave danger consequent upon the only way is to make sure that the dogs can do no harm."

Continued on Page Eleven.

DOG POUND IS OVERFLOWING MORE ACCOMMODATION NEEDED

At Present Time All Are Thrown in Together, and Some Heated
Arguments Take Place Between Canines—Mayor Says
New Regulations Will Be Enforced.

No dogs were received at the dog pound today owing to the fact that the dog-catcher has too many to be accommodated at the somewhat limited quarters at Queen's Park.

At the present time there are about 45 dogs incarcerated, and Ben Blackburn has half a dozen more in his wagon awaiting transportation to the pound. He has been notified to let up on his work for a day or two until such a time as some arrangements have been made for the disposition of the dogs now there.

Mayor Beattie and Dr. J. S. Niven have under consideration certain changes in the park pound.

All in Together.
All dogs taken are now placed in one corral. Big and little, fat and lean, good and bad, are jumbled indiscriminately in the one stall.

A number of citizens have gone to the pound to take their pets out of limbo, but when they saw the conditions and the sort of company they have been keeping, they have immediately

lately got out, and left them to their fate. They do not consider it safe to take their dogs home, as some of them are evidently very vicious.

However, each day's catch will now be separated, and a better system of caring for them will be adopted. The law holds that a dog must be retained four days for identification. At the present time it is impossible to discover when a dog was put in pound.

"We have arranged for changes at the pound," said Mayor Beattie. "We will keep each day's catch separated from the other. At the present time they are all placed in one pen, and this does not work out very satisfactorily. All the dogs are in one pen, and any man who wants his dog will have little trouble in getting him out if he pays all the costs."

The day of execution has not been set. This is being kept a deep secret, but some of these day the vagrant dogs of the city will be put to death. Extra precautions are being taken to prevent any person liberating the animals.

MASONS PURCHASE A SITE FOR NEW MASONIC TEMPLE

Denton Property on Queen's Avenue, Between Park Avenue and
Wellington Street, Has Been Secured From Mr. J.
W. Jones for the Sum of \$11,000.

The Masons of London yesterday bought a site for their new Masonic Temple.

The Denton property on Queen's avenue, on the north side, near Dr. John D. Wilson's residence, was purchased for \$11,000 from Mr. J. W. Jones and the executors of the Denton estate. The property has a terrace on it, and has a 73-foot frontage. It is considered a very valuable site.

For some time the deal has been under way, but it was consummated yesterday afternoon, and the money will be paid over in a few days.

Plans will be called for within the next month, and the most suitable will be accepted. Several well-known architects have been working on them for some time, and when the time comes they will submit theirs for consideration.

Erecting the Building.
It is expected that the work of erecting the building will be commenced early in May, and it will be rushed to completion. It is expected to be ready for the autumn meetings.

"We will go ahead rapidly from this time on," said a prominent member of the committee. "We have been a long time obtaining a suitable site, but now that we have secured one, there will be no trouble in getting the building."

All the money needed for the building has been subscribed.

THE ARMY ESTIMATES.
London, March 3.—The army estimates for 1910, as estimated today, show a total for maintenance of \$138,800,000. This is an increase over the estimates of the preceding year of \$1,625,000.

Smart Styles in Spring Suits

Large assortments of new Spring Costumes are here for your inspection. They have caused quite a stir by their chic, up-to-date appearance. The Coats, somewhat shorter than those of the past season, about 36 inches in length, are tailored in Russian Blouse style or semi-fitted tailored effects.

Come in and see.

Stylish Suits of fine finished Venetian, in navy, cadet, royal, brown, grey, wistaria and black; Coats 36 inches long, lined with pretty broadcloth lining, and trimmed with braid and buttons in back and front; Skirt new pleated style, with panel front and pleated sides, at **\$14.50**

Handsome Costumes for \$25, \$27.50, \$30, \$35

Open An Account With Us

Come purchase your Spring Costume when assortments are at their best; if you lack the full price, pay part down and the balance in regular weekly or monthly payments.

Open Evenings **Raphaël & Co.** 236 Dundas St.

WHITNEY DEFINES THE EXECUTIVE

Says the Members of the Council Are Advisers of the Crown.

MORE JUDGES FOR ONT.

A Measure Introduced To Give Government a Portion of All New Town Sites.

[Special to The Advertiser.] Toronto, March 4.—The Legislature worked faithfully yesterday afternoon, and materially depleted the order paper before they rested from their labors.

A bill providing for the appointment of new judges in Ontario was introduced, but the number was left blank. Another bill introduced allows the Government to retain one-quarter of the lots when town sites are laid out. Sir James Whitney announced that the Government would appoint a commission to investigate conditions and other legislation before revising the workman's compensation act.

Sir James Whitney introduced a bill respecting the executive council. He briefly explained that it was intended to define exactly the status of the members of the executive council. All members of the council were as such advisers of the crown, whether holding portfolios or not, and ranked in the order of appointment. The holding of a portfolio was only incidental, and did not make the holder more a member of the Government or more an adviser of the crown than before receiving the portfolio. Considerable confusion and uncertainty had hitherto existed on the question, and the bill was intended to do away with this condition.

Mr. McDougall (East Ottawa), asked if the bill made it unnecessary for a minister previously without portfolio, to return to his constituency for re-election on receiving a portfolio. Sir James replied that such was not the intention of the bill.

Government Town Sites. Hon. Mr. Cochrane explained that his bill respecting town sites, provided that when the town site was filed, the Government should retain 25 per cent of the land, the minister to select one lot and the owner three lots, and go on in alternate order.

Mr. McDougall asked if the application would be limited to waste lands. What would be done about the towns which grew up naturally, he asked. "I never knew one to grow up naturally," answered the minister. "It has to have a plan."

Mr. Gamay believed the principle was a rather extraordinary one. He asked if any other government had introduced a similar bill. He was told that British Columbia had a similar law.

Hon. Mr. Foy pointed out that in the Northwest the Government took half the land. The bill passed its second reading.

Workman's Compensation. Mr. Fraser (Welland), moved the second reading of his bill to amend the workman's compensation act, by placing the onus of proof of negligence on the railways in case of accidents to employees. Mr. Fraser has introduced this bill at previous sessions but it never got beyond the first reading. In voicing the interests of the trainmen, Mr. Fraser said it would be well if some of the roads which were increasing their trackage would spend some money instead in improving their present roadbed and equipment.

Sir James Whitney stated that the Government had decided to have the whole question investigated with a view to securing the benefit of the best legislation passed elsewhere. The Government could then frame new legislation on the subject. He, therefore, asked that the bill be withdrawn, and Mr. Fraser complied with the request. Mr. Brewster (South Brant), had a bill to prevent traction engines from running on paved streets in municipalities. Hon. Mr. Hanna said it would

not be advisable to pass the bill at the present time, and it was withdrawn.

Mr. McPherson (West Toronto), moved his bill to give Toronto power to divide the city into ten instead of seven wards as at present. Mr. Hanna said conditions made the bill necessary, and it was sent on to committee.

Answering Mr. Studholme's question, Hon. Mr. Duff said J. W. Rigby sent six domestics to Ontario in 1909. The Government had their names and home and present addresses.

Mr. Johnston (West Hastings), moved for a return showing what steps the Canadian Northern Ontario Railway had taken towards building into the city belt, in aid of which the House voted last session a subsidy of \$4000 acres of land for every mile constructed on certain conditions, among others that operations be commenced within one year from the passing of the act on April 13, 1909.

Mr. Johnston said he wished to know if the company seriously intended to assist in developing New Ontario. Mr. Gamay said the question of colonizing and opening up the north country was one of the most important before the Government. He said it would be a good business proposition to grant large sums of cash to persons who would develop the country by bringing in immigrants. Some capitalists should be selected, land chosen and colonies started on a large scale. Properly carried out, the scheme would be the biggest thing in the history of the province.

Hon. Dr. Reame said he would furnish later the information asked for by Mr. Johnston.

More Judges. A bill providing for the appointment of new judges at Toronto was introduced by Hon. Mr. Foy. He explained that the judges were paid by the Dominion Government, Ontario contributing only \$1,000 each towards their salaries. The work of the judges was increasing very rapidly, and more judges were needed. He asked the members to ascertain the views of their constituents as to the number of new judges who should be appointed, the number having been left blank in the bill.

Hon. A. G. MacKay suggested that the act come into force on the first of September in order to give the minister of justice sufficient notice. Hon. Mr. Foy said the bill was not necessarily to be brought into force at once, and the minister of justice would be notified in ample time. The new judges were not to be attached to any particular division, but would be judges of the high court, and available for work either in the court of appeal or any divisions of the high court. If any of the judges were ill, a new judge could be called upon to take the work.

The bill to amend the municipal drainage act was explained by Hon. Mr. Hanna. It contained one material alteration. One section made it clear that all drains should be carried to a sufficient outlet, which would not damage lands. The other point is that where damages are caused by a small stream, the referee is given power to state in his report the amount of land which should be included in claims for damages.

MR. NICKLE'S CHARGE ROUSED THE BAKERS

A Lively Scene at the Bread Bill Debate in Committee. Toronto, Ont., March 4.—There were a number of lively scenes in the bread bill debate of the municipal committee yesterday, one of them being precipitated by Mr. Nickle.

It is a well-known fact, said Mr. Nickle, "that the bakers have an association, and they can make the price what they like through the association." "No association; no, no, no," rang out several voices from the long row of bakers, who disliked the allegation. "Well, I want to say that you have, I hold in my hand a copy of the Baker and Confectioners' Association of the Bakers' and Confectioners' Association of the Dominion of Canada. The officers are given as George Watson, Toronto, president; Jas. Ruddy, London, first vice; Harry Dietrich, Berlin, second vice; A. H. Shouldis, Ottawa, third vice; H. E. Trent, Toronto, secretary; A. W. Carrick, Toronto; treasurer. The executive is Z. Hilton, Toronto; H. C. Tomlinson, Toronto; Jas. Waterhouse, Chatham; Herbert Vick, Orillia.

LORDS VETO A LAW OR ASQUITH RESIGNS

Premier Tells Commons That the Life of Cabinet Is Staked on Proposals.

London, March 4.—In the House of Lords yesterday afternoon Lord Lansdowne, the Unionist leader in that body, announced that he and his followers would not oppose the passage by the Lords on March 7 of the two money bills now before the House of Commons. But in regard to the treasury temporary borrowing bill, Lord Lansdowne said they would call attention to the Government's delay in meeting the financial needs of the current year.

In the Commons the Premier said that the budget would be brought up immediately after the resolutions regarding the Lords' power of veto were passed. This does away with the suggestion that two budgets be rolled into one.

Premier Asquith also indorses the attitude of David Lloyd George, chancellor of the exchequer, reiterating that the Government would not continue in power unless it was in a position to insure the veto proposal being passed into law.

A CAIRNGORM DOG SUFFERED FROM RABIES

An Examination of the Head at Ottawa Proves This Fact.

[Special to The Advertiser.] Strathroy, March 4.—Dr. E. Brandreth, V.S., has been notified by the department at Ottawa that the head of a dog belonging to W. Bryant, of Cairngorm, Ont., sent to Ottawa on Feb. 24, contained negro bodies, and animals inoculated died violent deaths from rabies. The dog bit at least seven other dogs that are known and are now in quarantine, and it is believed bit a number of others also.

RABIES ARE FOUND IN EVERY HEAD

All Reports Sent to Dr. Tennent Are Hopeful for the Worst.

Dr. J. H. Tennent, Dominion Government inspector, was notified last night that a dog's head sent to Ottawa some days ago by R. J. Shine, veterinary, of West Moncton, in Perth County, contained negro bodies, and that animals inoculated died of rabies. This dog bit a number of other dogs before it was killed.

LITERARY NOTES

This week's issue of the Canadian Courier is exceptionally good. Mr. Z. A. Laid's article on "Bank Inspection" will interest businessmen, and Mr. W. A. Fraser's splendid mining story, "The Weight of Metal," will entertain everybody. The Courier manages to crowd a number of splendid features into every issue. Besides these mentioned there is an excellent article on golf for ladies by Florence L. Harvey, an ex-champion, an article on "Canada's Timber Finance," by Dr. Ross of the faculty of forestry, a splendid page of pictures of the first British cabinet meeting after the election, and another page of pictures from the Toronto Automobile Show. The illustrations generally are excellent, and the cover is a very fine colored sketch of an automobile. The Courier's covers are nearly always delightful as becomes a high-priced weekly, which is "Read in Nine Provinces."

Special Trains For Settlers. Every Tuesday and Thursday, and April special trains will leave West Toronto at 11 p.m. These trains are for the accommodation of settlers who wish to travel with their families, and at the same time have the care of effects and live stock on same train. Fast time is made, and everything possible arranged for the comfort of passengers. Full particulars regarding rates, etc., can be had on application to W. Fulton, City Passenger Agent, 161 Dundas street, corner Richmond, London. 18c

CARTER'S LITTLE LIVER PILLS

CURE SICK HEAD

Headache, yet Carter's Little Liver Pills are equally reliable for constipation, indigestion and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

Headache, yet Carter's Little Liver Pills are equally reliable for constipation, indigestion and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

ACHE

It is the base of so many lives that here is where we find our great hope. Our pills cure it while others do not. Carter's Little Liver Pills are very small and very easy to take. One or two pills makes a difference. They are strictly vegetable and do not grip or purge, but by their gentle action please all who use them.

First Showing of Ladies' Spring Coats

This Coat \$5.00

Come tomorrow and have the first peep at the new styles. The cut illustrates our special \$5.00 coat, and we mention a few other prices. Visit our Ladies' Ready-to-Wear Section tomorrow. We invite your inspection. The Coat shown in illustration is a fawn covert cloth, very neatly tailored. Special **\$5.00**

We are also showing in covert and broadcloth 34-inch Coats, in navy, black and fawn, trimmed with strappings of material. At **\$9.00**

Also full-length Coats, in the new shepherd plaids and broken check worsteds, lined to waist. These coats are stylish from head to foot and reasonably priced. Each **\$12.50**

Ladies' full-length Covert Cloth Coats, new and fashionably cut. At, each **\$15 to \$20**
SECOND FLOOR.

AT LINEN COUNTER

Saturday the balance of our odd lines and soiled linens, cloth, napkins, towels, bath mats, centrepieces, tray cloths and scarfs, will be cleared.

Some great bargains in those fine Irish Hand-Embroidered Bed Spreads and Hand-Woven Tablecloths and Napkins to match, slightly soiled, but specially priced. Tomorrow for these.

Spring Bursts Open in Our Clothing Store

It makes no difference now about the weather, for March is spring; and no matter how long ahead of the calendar we start time overtakes us, and the change of the seasons comes whether we are prepared or not.

This being our first spring season in the clothing business we had nothing to figure on but new stock (no left-overs to bring forward), so it has been clear sailing with us, selecting the choicest garments from the best makers of men's and boys' clothing, which are now here ready for your inspection. Everything new.

Men's New Spring Overcoats

Fine Black Cheviots and Viennas, 40 and 45 inches long, neat Chesterfield style, plain or silk-faced, good oval shoulders well built up, extra well-shaped skirt, with 14-inch vent; sizes 34 to 44. Prices **\$10, \$12 and \$15**

Fine English Diagonal and Scotch Herringbone Tweed Coats, in the new gray shades, exact in style and shade, 42 and 45 inch lengths, sizes 34 to 44. Our price, **\$15**

Men's Parramatta Raincoats

Motor and driver styles, in the castor shades, sizes 36 to 48, very full cut garments. Prices, each, **\$10, \$12 and \$15**

New Spring Suits For Men

New patterns in Scotch tweed for early spring wear, up-to-date in every detail, plain tailored, single-breasted, 3-button style, to fit any size man from 34 to 46. At prices **\$12 and \$15**

Grey Worsteds Suits, in pin checks and diagonals, very neat and dressy and a large assortment to select from. We guarantee these suits to hold their shape. Sizes 34 to 48. Prices **\$13.50, \$15, \$18 and \$20**

School Knickers 79c

These are special \$1.00 quality, double seat and knees, all sizes. A pair **79c**

"Pen Angle" Underwear for Men

Medium weight merino, made for spring wear, natural colors, guaranteed unshrinkable, all sizes from 34 to 46. Price, suit **\$1.00**, or per garment **50c**

RICHMOND STREET SECTION—MAIN FLOOR.

COMMITTEE SETS SIZE OF LOAVES

The Standard Henceforth To Be
24 and 48 Ounces.

SMALL BREAD TWELVE,

Mr. McNaught's Bill Carved Up by
Someone Till He Did Not
Know It.

Bread Bill in Brief.

Large loaves to be of 24 ounces and 48 ounces.
Small bread to be of any weight not to exceed 12 ounces.
These amendments to Mr. W. K. McNaught's bread bill have been approved by a majority of the municipal committee of the Legislature.
Mr. W. K. McNaught's bill provided for large loaves of 20 ounces and 40 ounces, and small bread shall not exceed 16 ounces. Now, he says he doesn't know his bill.
A strong protest is laid by Mr. W. K. McNaught that the amendments were expected, and a bill embodying them was on the table for consideration.
Two votes were taken, the first giving a small majority in favor of small bread having a maximum size of 16 ounces, the second one giving a cent per cent vote in favor of the maximum of 12 ounces.

Toronto, March 3.—Again this morning the municipal committee of the Legislature was besieged by bread, and after two hours' incessant talking, in which many curious moves were made that bewildered Mr. W. K. McNaught, the originator of the bill, it was decided that there should be standard sizes of 24 and 48 ounces for large loaves, and of any weight not to exceed 12 ounces for small bread.

This was entirely contrary to Mr. McNaught's bill, which provided that the large loaves be 20 and 40, and that the small bread should not exceed 16 ounces. Having accomplished that much, after re-taking a vote in one instance, Hon. Mr. Hanna, the chairman, jibbed when the "also disputed" inspection clause came up.

"We'll discuss that tomorrow," he said, so another bread argument is in prospect for the committee.

Happy Mr. Nickle.

The day went in favor of Mr. Nickle, whose defunct bread bill was in the same spirit as the amendments to Mr. McNaught's bill, and he wore a happy smile as he withdrew from the tangles of the committee room.

Towards the close of the committee Mr. McNaught, who had watched his bill become emasculated clause by clause, rose and objected to an "unparliamentary proceeding," he characterized it.

"I don't think it is parliamentary that another act embodying the amendments passed and others be considered when my bill is supposed to be under discussion."

The other bill on the table was a typewritten one, which set forth the amendments ultimately passed as incorporated in the bill.
Hon. Mr. Hanna explained that 24 copies of the bill had been struck off for the convenience of the committee. Mr. McNaught is still protesting, however.

Food for Somebody.

More bread was on exhibition during the discussion, a regiment of loaves facing and distracting the attention of the pressmen the while. The proper atmosphere was thoroughly created.

The room was crowded with bakers and others interested in the question, and the discussion at times was fast and furious. Hon. Mr. Hanna, chairman of the committee, asked that some one present a resolution, and Mr. McEwing (West Wellington) therefore moved that the standard weight for all loaves of bread be one and a half pounds for small and three pounds for large loaves. This started the discussion.

Mr. Sulman (West Kent) expressed the opinion that the people wanted a five-cent loaf of bread, and he thought it would be better if the committee ascertained what was the largest loaf which could be sold for five cents in order to give the bakers a margin of profit. He asked if there was any evidence that fancy bread could be made at the same price as plain.
Mr. McEwing was of the opinion if a loaf of bread weighed less than a pound and a half the consumer got the worst of the deal.

Twenty Ounces Five Cents.

Mr. McKeown (Dufferin) stated that he had received several telegrams from his constituents asking for a 20-ounce loaf to be sold at five cents. He said the 20-ounce loaf at five cents was as good value as the 24-ounce loaf at six cents.

In Belleville, said Mr. Johnson, the bakers sell a 24-ounce loaf for five cents, but the people wanted fancy bread. He asked the committee to fix a provincial standard of weight, and not leave it to the municipalities.

"Why is bread dearer here in Toronto than in Belleville?" asked Mr. Shaw (North Toronto). "The bakers make us pay for sixteen ounces as much as we used to pay for 24. Previous to 1908 we could buy a pound and a half loaf for five cents, and a three-pound loaf for ten cents. The pound loaf is forced on the consumer."

Mr. Mark Bredin jumped to his feet to contradict Mr. Shaw, but the chairman reminded him that he was present by courtesy of the committee, and if those present in such capacity could not keep quiet while a member was

speaking, he would have to retire, no matter who he was.

Vote on the Size

Mr. Fraser (Welland) moved that the standard weight for bread be fixed at 20 and 40 ounces. His amendment was lost on a vote of 22 to 8. Mr. McEwing's motion to make the standard weight 24 and 48 ounces was carried by a vote of 26 to 6.

The committee wrestled with the question of what the weight of a small loaf of bread should be. Mr. Nickle (Kingston) and Mr. Studholme (Hamilton) moved that small bread should be made any weight not exceeding 12 ounces. This caused further prolonged discussion, and Mr. Neely moved in amendment that the weight of small bread should be anything not exceeding 16 ounces.

Upon a show of hands the amendment of Mr. Neely triumphed by 18 to 14, so that for a moment everyone present thought that the aggravating question of the size of the small loaf was overcome.

"It is decided, then," said Mr. Hanna, "that the maximum size of the small loaf is 16 ounces."

There was a wee silence, then Mr. Bowyer (East Kent) arose.
"We've done nothing but tinker about with four scales, and have struck out the 20 ounces," he declared.

Mr. Hanna—"If you want this matter reopened, put a motion to that effect."

Mr. Musgrave, of North Huron—Well, then, I'll move that the matter be reopened.

Nobody protested when the motion was put.

Alan Studholme registered a protest, but only after it was carried, and Mr. Nickle again pressed his reasons for championing the 12-ounce maximum.

"The interests of baker and consumer demand that for once and all the standard of size should be fixed. The 16-ounce loaf gives rise to all sorts of possibility of tinkering with weights and prices. The maximum 12-ounce loaf will put an end to all chicanery, and I don't say that offensively."

Mr. Fraser (Welland) briefly moved that the 16-ounce maximum be adopted.

Hon. Mr. Hanna—"To adopt a 16-ounce loaf is to accomplish absolutely nothing. I don't press it. That is my personal opinion. The 16-ounce loaf can be confused with 24-ounce loaf, and the 16-ounce loaf will not bear a label under this act, whereas the 12-ounce loaf cannot be confused with the 24-ounce loaf. I shall now put the amendment again."

Mr. McKeown (Dufferin)—"Is that the fancy bread it has reference to?"

Hon. Mr. Hanna—"Fancy bread is cut clean out of the act. This is small bread. I will now put the amendment."

This resulted in a reversal of the previous vote, the amendment being thrown down by 13 to 21. Upon the vote upon the original motion for a 12-ounce maximum small loaf, it yielded 24 for 12 against.

"So the 12-ounce stands," said Mr. Hanna.

The last vote was: For 16-ounce maximum.

Ayes (13)—Messrs. Calder, Devitt, Fisher, Fraser, Hoyle, Johnson, Musgrave, McKeown, McNaught, Craig, Preston (Rainy River), Thompson (Simcoe), Patterson.

Nays (21)—Messrs. Bowyer, Clark (Centre Bruce), Dargavel, Elliott, Ferguson (Simcoe), Fox, Kohler, Mackay (Oxford), Mayberry, McInnes, Ewing, McPherson, Neely, Nickle, Nixon, Pearce, Shaw, Stock, Studholme, Salman, Whiteside.

The last vote was: For 16-ounce maximum.

A very voluminous report on the conditions of the ventilation and heating facilities of the court house and jail was presented to the board of works last night by City Architect Nutter, and it will be forwarded to the county councilors to peruse and inwardly digest until such a time as a joint meeting can be arranged to take up the question.

Mr. Nutter agreed with the former report on the subject, namely, that the ventilation was bad, and the heating apparatus inefficient and expensive.

The Real Cost.
He thought the estimates of the cost for a proper heating and ventilation apparatus from \$5,000 to \$7,000 was too low, and suggested that it would be between \$7,500 and \$9,000.

"It would cost the city over \$5,000 to do their share," said Mayor Beattie.

"We had better allow the county to spend \$1,000, and let it go at that," said Ald. Saunders. "I do not know where we are going to get the money from this year."

Ald. Pocock said the Government would withdraw their grant of \$225 a year if the city did not pay up.

"Perhaps we would be just as far ahead to forego the grant as do the new work," said Ald. Saunders.

The Ventilation.
"The ventilation and heating of the court house is all right," said Ald. Morgan. "There are a lot of houses in this city not nearly so well heated as the jail."

Ald. Pocock explained that it would take the city 100 years to save the difference in the cost of a new heating arrangement and the present by reason of the lower cost of maintenance.

The board members of the committee could not figure that out, but they suspected that it might be so.

However, it was decided to send a copy of Mr. Nutter's report to the county councilors, and Ald. Tancock is to arrange a joint meeting.

"That will delay matters somewhat in any event," said the chairman.

In the meantime \$1,000 was placed in the estimates for this work.

KING ST. PAVEMENT WAS GIVEN A REST

Did Not Figure in the Discussion at Board of Works Meeting.

The King street pavement did not come up before the board of works for consideration last evening.
Mr. J. H. McKeown was to have been present, and discuss the matter with the committee, but notified Ald. Tancock that he could not be on hand, and asked that the matter be laid over.

"He wants to consult his solicitor as to his rights," said Ald. Tancock. "We might as well lay the matter over." The committee agreed.

Tacoma, Wash., has a fight on against the billboard abomination, and through a decision of the city attorney it may win.

An Unusual Sale of High-Class Raincoats

Beginning tomorrow (Saturday) we start the biggest Raincoat Sale we've ever held, with an offering of upwards of two hundred strictly perfect-fitting garments, in all the new and modern designs and colorings. The range of models includes, besides the regulation Chesterfield style, the new "Presto" and "Stan-lay" garments, the best-fitting two-in-one Coats ever offered. Cravanettes and Rubber Coats—all are included.

These Prices Will Hold Good for One Week Only and We Strongly Urge an Early Choice as Being the Best

Copyright 1910 by
Hase Schaffner & Marx

Lot 1, \$14.75 These are strictly high-grade garments, being hand-made throughout and perfect fitting to the smallest detail. Hart Schaffner & Marx, and other good makers; grays, blacks, olives and greens, in plain colors and smart patterns. Regular \$18 and \$20, mostly of the latter quality.

Lot 2, \$10.75 This lot is in regular and button-up styles and includes English worsteds and Scotch tweeds, in light, medium and dark shades, in plain and fancy designs. The regular prices have been \$14, \$15 and \$16.

Lot 3, \$8.75 These are the standard \$12 Coats you find everywhere, plain grays and olives, cut in big generous and stylish models; splendidly lined and made and as perfect in fit as the highest-priced garments.

Lot 4, \$5.95 There's not a Coat in this lot that has sold less than \$7.50 and some were as high as \$10; plain grays for the most part, with a sprinkling of olive and tan shades. Every garment splendidly tailored and trimmed. One range of the popular Rubber Coats included.

The Smartest New Spring Coats in Town

Come in tomorrow and see the smartest range of Spring Coats in London. Our showing includes some swell novelties from Hart Schaffner & Marx, of Chicago, and includes, besides the always popular silk-faced black and gray chevots, a dandy range of novelty tweed effects. Easy prices are a feature.

.....\$10, \$12, \$15 and \$20

One Barrel of Flour Instead of Two

YES, in the old way there was one kind of flour for bread and another for pastry.

Now, **OGILVIE'S ROYAL HOUSEHOLD FLOUR** is an all around flour. It makes not only the very best bread but also the very best cakes, pies, biscuits, rolls, muffins, pop-overs, pancakes, dumplings, anything that you want to make or bake from flour.

"ROYAL HOUSEHOLD" saves money and trouble. Instead of having two barrels of flour in the house you can get along much better with one. And you can be certain that it is always uniform—will always come out right whether for Bread or Pastry.

ROYAL HOUSEHOLD FLOUR makes better bread and better pastry than any other flour because it is better flour—made from the finest grade of wheat in the world, Manitoba Red Fyfe wheat, and milled by the

very finest machinery, in mills that are a model of cleanliness.

"ROYAL HOUSEHOLD" costs a trifle more by the barrel than ordinary flour but this trifle extra proves real economy when the loaves are counted. For "ROYAL HOUSEHOLD" goes farther than ordinary flour—farther in actual quantity of baked product.

Even if "ROYAL HOUSEHOLD" cost a great deal more than ordinary flour it would be well worth it for it is more nourishing.

You can't afford to buy impoverished flour at any price. You can't afford to skimp on health. And you do skimp on health when you buy flour just because it costs less than "ROYAL HOUSEHOLD".

"Ogilvie's Book for a Cook" sent free to any woman who will send in her name and address to

MONTREAL.

SOUTH HAS NEW WAY OF LYNCHING NEGROES

Mob Takes Assaulter in Courtroom and Hurls Him Through Window.

Dallas, Texas, March 4. — Spurred to vengeance by a series of brutal negro crimes, a white mob yesterday took the Brooksville negro, who a week ago attacked a little girl, from the district criminal courtroom, where preliminary for his trial were being argued, and lynched him.

The mob made it apparent at an early hour that justice or vengeance had to be dispensed with, and that without unnecessary delay. After an hour of court preliminaries the next hour was employed in feeling their way cautiously by the lawyer appointed to defend the negro, and then Judge Stacy gave them an hour in which to prepare in writing a motion for continuance.

Heavy chains were strung across the

stair approaches as obstructions to the crowd from reaching the corridors to the courtroom. Suddenly a shrill whistle rang through the big building. A voice shouted, "Come on, boys," and the "boys" came on. They rushed at the chains and snapped them one after another. They swept deputy sheriffs and policemen to one side. They rushed into the courtroom and upset furniture and flared those who attempted to grapple with them.

They seized Brooks and rushed him to a second story window, hurled him through it, glass, framework and all, and dashed him headlong to the concrete pavement, two stories and a half below.

The negro shrieked once, but that was all. He was dead as he hit the pavement.

His head came in contact first and his neck was broken.

If things keep moving in China it may not be long before there won't be a pigtail in New York's Chinatown.

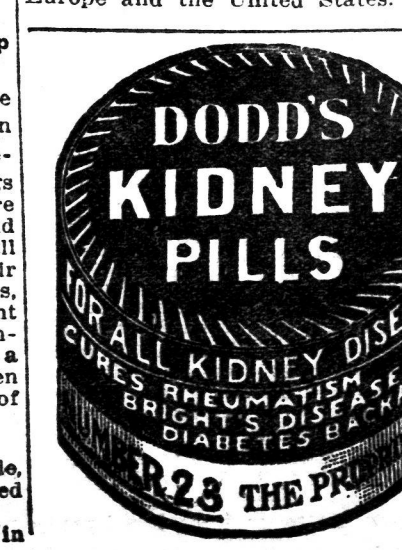

HAMILTON MEN KILL PET DOGS

Three Physicians Much Wrought Up Over Sufferings of Boy.

Hamilton, March 2.—A special to the Toronto Star says: The death of John Taylor, a victim of rabies, has resulted in a great slaughter of dogs during the past two days. Sixty were killed at the pound yesterday, and the crematory could hardly handle all the dead dogs brought there by their owners. Three well-known physicians, after viewing little Taylor's body, went home and killed their pets, and another prominent citizen, who had a dog valued at \$200, destroyed it when he read of the terrible sufferings of young Taylor before he died.

Japan has nearly 50,000,000 people, more than half as many as the United States. Schools are being established in

every part of the Chinese empire and are being put in charge of educated Chinese who have studied in Japan, Europe and the United States.

SETTLERS' SPECIAL TRAINS
TO WINNIPEG AND CANADIAN NORTHWEST
Will leave West Toronto every Tuesday during March and April. The object of these specials is to give settlers and their families an opportunity to travel with their stock, and still have good accommodations and make quick time. Call or write any C. P. R. agent for particulars.
\$41.05 To Vancouver, Victoria, Seattle, Portland, Also California Points
Tickets on Sale Daily Mar. 1 to April 15
Call or write W. FULTON, C. P. and T. A., 101 Dundas street, corner Richmond, London.

WABASH
From March 1 to April 15 the Wabash will sell one-way colonist tickets at very low rates, to points in California, Mexico, Idaho, Utah, Arizona, Montana, Oregon, Washington and British Columbia. Tickets are good going all direct routes, and should read over the Wabash, the short and true route to above states. For tickets and time of trains see your nearest ticket agent or address J. A. HIGGARDSON, district passenger agent, 61 Yonge street, Toronto, and St. Thomas.

GRAND TRUNK RAILWAY SYSTEM.
SETTLERS' ONE-WAY EXCURSIONS TO WESTERN CANADA
MARCH 8, 15, 22 and 29, APRIL 5 and 12.
From stations in Ontario, Kingston and West to certain points in Saskatchewan and Alberta.
PARTICULAR ATTENTION
Is called to the fact that these rates apply to points on Grand Trunk Pacific Railway, a new territory full of "golden opportunities."
Secure tickets and full information from E. De la Hooke, city passenger and ticket agent; E. Ruse, depot agent.

Michigan Central
CHEAP ONE-WAY COLONIST RATES
In effect, March 1 to April 15, 1910, to Mexico City; Los Angeles, Cal.; San Francisco, Cal.; Portland, Ore.; Seattle, Wash.; Vancouver, B. C., also to other points in the Western States.
Your choice of quickest and most direct routes.
Don't miss this chance to go West, but apply at once for full information at City Office, 405 Richmond street. Phone 205.

BETTER PLAY WON FOR LONDON

O. H. A. Official Gives Goaltender Cooke, of Collingwood, Credit for Keeping Down the Score in This City—Fryer Looks Good to Him Also—Crow Carrothers the Star—Casselman's 1812 Shots Long But Inaccurate.

Secretary Hewitt, of the O. H. A., in his report to the Toronto Star, gives the following account of the London-Collingwood game:

London had much the better of the contest, and played a much more aggressive game than Collingwood, and if it had not been for the really excellent work of Cooke, the Collingwood goalkeeper would altogether likely have had a much larger lead than two goals to carry to Collingwood tomorrow night.

Gives Collingwood Credit.

From this it must not be inferred that the Collingwood team did not play good hockey.

On the contrary they were always in the thick of the battle even if they did not handle the puck as much as their opponents.

Furthermore, Fryer, the Auburn-haired captain and rover of the Collingwood team, was the most conspicuous and also the most effective player on the ice.

He scored two of Collingwood's goals in the first half, when his dazzling rushes were much in evidence. In the second half he played a sort of a sub-cover-point, at which position he broke up many dangerous-looking attacks.

Fryer the "Class."

Fryer was the speediest player in the game, and his splendid all-round work was a treat to the spectators.

To Fryer and Cooke, the Collingwood club can give the most credit for keeping the score down.

Cain and McLennan also played good sterling hockey, while Belcher and Hearty seemed handicapped by the heavy going.

Casselman made some good plays in front of his own goal in his efforts to clear, and his judgment was also questionable in other parts of play.

The London team showed themselves to be well balanced throughout. Every

man played his position well, though Casselman was anchored in the muck that passed for ice.

The London point adopted the tactics of 1812 in the second half, and lifted the puck from end to end like Pete Charlton used to do in the days of long ago.

Casselman got distance without accuracy, though it proved a good thing for London under the circumstances, despite its antiquated origin.

The ice was very soft and mushy, and pools of water were in evidence all over the rink.

As the game progressed the surface became very much cut up, and the going was very heavy indeed.

Despite this handicap the players kept on at top speed, and aside from the lifting of Casselman, there was no cessation of play.

The speed maintained throughout showed the excellent condition of both teams.

The bright particular star for London was Carrothers, on the left wing. He proved a high-class "mud-horse," and was a big factor in the bombardment of Cooke.

Producers were always on the job, and held their positions well, while Mullen seemed to be unable to negotiate the deep going. Bernhardt played his usual strong game, though he had a tendency to play too far up the ice.

While London had at least 10 shots on goal to Collingwood's one, they were not as a rule as strong as the visitors, nearly every one of whom appeared to be able to handle the puck at the best of speed.

The Collingwood forwards also checked closer than their opponents, and this gave them much more noticeable if the ice had been fast. Carrothers was the only London forward who seemed to attempt to leave the others behind, or the more probable chance of overhauling the puck.

HIGHLANDERS WON FROM
YOUNG'S PIRATE CREW

Good Bowling in City League on National Alleys Last Night.

Young's Pirates were beaten in three games on the National alleys in the City Bowling League last night by the Highlanders, the scores being as follows:

Young's Pirates..... 162 129 124-425

Jenkins..... 139 151 163-453

TY COBB GETS
\$9,000 A YEAR

Detroit's Champion Batter Has Contract for Three Seasons.

[Special to The Advertiser.]

Augusta, Ga., March 3.—Ty Cobb received his signed contract with the Detroit American League baseball club yesterday. Cobb's contract calls for a salary of \$9,000 annually for three years.

LONDON-COLLINGWOOD

Secretary Hewitt, of O.H.A., Issues a Bulletin of Receipts.

Toronto, March 3.—O. H. A. Secretary Hewitt announced today that the receipts at the London-Collingwood game last night amounted to \$659.25, each team and the O. H. A. getting as their share \$129.45. The expenses amounted to \$149.10.

Wally Hearn, of Stratford, will handle the Barrie-Preston junior semi-final here tomorrow night.

TOMMY BURNS PROSPERING.

Tommy Burns has leased a building in Melbourne, where he will run a boxing club with a seating capacity of 2,000, and the ex-champion also has the offer of a place in Sydney for a boxing hall.

In regard to the latter, Tommy states it will cost him nothing to go into it, and he is offered half the profits. Tommy proposes to bring the best American and English boxers to Australia, and run a championship in some class or other every two months.

BIG OUTLAW LE/GIE
TO ADMIT NEGROES

New Organization Will Invade Major Circuits—Starts May 1.

[Special to The Advertiser.]

Boston, March 3.—The virtual completion of plans for a new baseball league, to embrace paying clubs in Boston, Providence, Brooklyn, New York, Baltimore, Trenton, N. J., Philadelphia and Baltimore, and operating under a holding company styled, "The United States Baseball League Association, Incorporated," was announced here tonight.

The league has already signed over a hundred players. It will open its season on May 1.

Being outside the National agreement, the league will open the gates to colored players, three of whom have been signed for each team. Dr. G. H. A. Lawson, of Wilmington, Del., is president of the association.

CHALLENGE ACCEPTED

But Berlin May Not Be Able To Get Stanley Cup Dates This Season.

[G. N. W. Service.]

Ottawa, March 3.—Stanley Cup Trustee Foran has received the challenge of the Berlin club, champions of the Ontario Professional League. The challenge will be accepted, but it is not likely the challengers will be given dates this season, owing to the mild weather and the prospect of Ottawa and Wanderers being for the championship, which would necessitate a home and home series, and the ownership of the cup may not be determined till March 13, by which time the rinks would be out of business.

WASHINGTON WINS

Commission Says Hovik Is Still the Property of Senators.

[By Associated Press.]

Cincinnati, March 3.—The national baseball commission decided today that player Joseph Hovik is the property of the Washington American League baseball team. The Peoria (Ill.) club alleged that the evidence showed otherwise.

The commission gave judgment to the St. Louis American League club for either player Hovik, now with Dayton, O., or \$200 that was due on the player, when Dayton purchased him from Lancaster, O. Lancaster had previously bought him from St. Louis, \$300 still being due.

WHEN THE KIDNEYS GIVE OUT

Backache, Rheumatism and Bladder Troubles Make Life Miserable.

backache and rheumatic pain, and regulate the bladder and urine. When once a proper filtering action is restored through curing the kidneys, the dangerous uric acid is once more expelled from the blood, and danger of gravel, stone, dropsy, heart trouble, diabetes and Bright's Disease removed.

Booth's Kidney Pills are for sick kidneys in old or young. There is not a particle of narcotic or poisonous drug in this remedy. It is recommended publicly by thousands.

LONDON PROOF.

Ira Eteher, of 209 Dundas street, London, Ont., says: "For months I have suffered from a kidney complaint which gave me much pain and annoyance. I used Booth's Kidney Pills, procured at the drug store of W. T. Strong, and I am pleased to say that after a few weeks' treatment my back is cured, and I give Booth's Kidney Pills a hearty recommendation. The ailments that I was cured of were hard, dull backaches, pains through my limbs, joints and over the kidney regions. My back was weak, sore and lame, and when I caught cold it would settle in the kidneys, and was exceedingly hard for me to stoop, bend over or lift."

"My Back Is No Good Any More"

Do you ever feel that you simply can't go any further—that you must have rest for that lame and aching back—relief from that constant dead-tired feeling—freedom from those stabbing, darting pains?

This is the condition that so often comes at middle age, bringing with it an extreme nervousness and irritability that makes others think you "cranky" and "hard to get along with."

Likely your kidneys are worn and tired and need help. In any machine there is one part that works the hardest and gives out first. The kidneys work night and day, removing from the blood the uric acid and other waste created by overuse of strength and energy. Naturally a life of unusual activity doubles the duties of the kidneys, and in time the strain tells.

With healthy kidneys one has a good chance to live longer but weak kidneys afflict old age with great discomforts. The back becomes bent and lame, rheumatism is chronic, eyesight fails, and too frequent or involuntary passages of the urine cause embarrassment by day and loss of sleep at night.

Booth's Kidney Pills bring new strength to old backs, and quick relief to weakened kidneys. They banish

LONDON INTERMEDIATES
SPEND NIGHT IN TORONTO
AND HAVE A GOOD REST

Locals Will Arrive in Collingwood Between Four and Five o'Clock This Afternoon—Men Are All in Good Shape and Are Ready for Any Going.

The London Intermediates left yesterday afternoon at 4:25 for Toronto, on their way to Collingwood, where the championship of the O.H.A. is to be decided this evening.

The team spent the night in Toronto, the men having a good night's rest.

This morning they left for the north, and will arrive at their destination between 4 and 5 o'clock this afternoon.

The management is taking no chances on the players getting out of condition on the train, and will have them out for light work before tonight's contest.

As announced in The Advertiser Wednesday, Glen Caldwell, of Barrie, will officiate.

There will be no change in the line-up of either team.

Collingwood has a new rink this year, which is somewhat larger than the Jubilee, and as the locals have proved that they can stand heavy ice with the best of them, they should make a good showing in tonight's contest.

STRATFORD QUINTETTE
WILL MEET BRANTFORD

Teams Will Clash for Basketball Honors in Return Match.

[Special to The Advertiser.]

Stratford, March 3.—On Saturday night, March 3, the Brantford junior basketball team will be here to play the Stratford Quintette team. Last year the Telephone City quintet administered a terrible drubbing to the Stratford team, scoring over 100 points.

Saturday night's game will be in the nature of a return contest. The Collingwood are a bunch of husky juniors, and may be counted upon to give a strong argument.

The teams will line up as follows: Brantford: Forwards, Adams and Dixon; centre, Woods; guards, Woodley and Snyder; spares, Strowger and Nessider.

Stratford: Forwards, Eason and Smith; centre, Fraser; guards, Mason and Preston.

As a preliminary to the big contest the G. T. R. and All-Stars will play an exhibition game. The teams:

All-Stars—Forwards, Sayers and Chandler; centre, Brent; guards, Valentine and Wood.

G. T. R.—Forwards, Cawston and Heath; centre, Atkins; guards, Dunlop and Chenoweth.

LONDON'S ROUND

B. Wins Seaforth Game Re Goderich Game.

To the Sporting Editor of The Advertiser: Please answer in your paper the following bet: A bet that Goderich would win the round again London. Who won the bet?

Seaforth, March 4.

Answer: B wins the bet.

WOLGAST WILLING

Lightweight Champion Will Give Nelson Another Mill.

[Special to The Advertiser.]

Los Angeles, Cal., March 3.—Ad Wolgast, champion lightweight, arrived here yesterday.

"I certainly will give Battling Nelson a return match any time he wants it," said the champion.

SEND ME ANOTHER BOX
OF "LITTLE DIGESTERS"

That's what Mr. E. S. Glasco, of Toronto, wrote us last May, after he had tried and proved "Little Digesters" for indigestion. He said:

"I wish you could send me another box of 'Little Digesters.' All the members of my family have been using them and have obtained the most satisfactory results."

"I congratulate you on your success in putting up a tablet for the cure of indigestion. I suffered for years and tried everything that was recommended to me. Nothing gave me relief until I was persuaded to try 'Little Digesters.' Now I never suffer from indigestion. I enjoy my meals and am not afraid to eat, because I know a 'Little Digesters' after each meal will digest my food."

"I recommend them to all my friends who suffer from indigestion and would further say that you may publish the above if you wish. I know there are thousands of people suffering from indigestion who will be glad to know there is a safe and sure cure for them."

"Little Digesters" are positively guaranteed to cure or money is refunded.

At your druggist's or by mail from Coleman Medicine Co., Toronto, at 25c. per box.

CANADIAN DOGS AT
THE BUFFALO SHOW

Winning Pointer Was Bred in Ottawa, and Best Collie Is Owned in Toronto.

WOODSTOCK SPANIELS

Buildup Puppies From the Queen City—St. Thomas Exhibits.

Buffalo, March 3.—The judging of the 800 dogs at the Buffalo Kennel Club's bench show is still uncompleted, but among the awards already made Canadian owners figure very creditably.

The winning pointer female in the lightweight class, Maxine Venus, though now owned by W. T. Payne, of Kingston, Pa., was bred in Ottawa and is by Devonshire Maxine.

Mrs. Charles Waters, of St. Thomas, who usually has a strong representation, has this time sent only the Irish water spaniel Sarsfield Pat, who was second in the open class and reserve in winners.

Cocker Spaniels.

Cocker spaniels had a Canadian judge, George Douglas, of Woodstock, but the Canadian competition was limited to three shown. The blacks, Parlo and Enri, owned by Joseph Hill, of Woodstock, were second to Waverly Squire and My Maryland, both from the Payne kennels.

In the open and winners' classes George Demara, of Hamilton, showed Tony Lad, a nice youngster of his own breeding, which won in the dog puppy class. Parlo won the cup for the best cocker bred in Canada.

Two champions of the breed were Charles H. Mason's black and white bitch Brookside Fantasia. She won all the best of the best in the reserve at New York to the foxterrier champion Sabine Rarob, for the grand prize for the best dog of any variety in the whole show.

Toronto Collie Wins.

The color for the best collie owned in Canada went to King Edward Prunella, shown by W. J. Bowfield, of Toronto, and bred by Mrs. N. L. Gordon, Mrs. Gordon's own entry. King Edward Square was an absentee.

All the bulldog puppies were bred and shown by Toronto owners. There were five nice young dogs, and the judge, Andrew Albright, jun., placed them in this order: 1. Argus, 2. King of Diamonds, 3. Spotted Diamond, reserve, Cut Diamond; 4. v. h. c. Jack of Diamonds. The winner is owned by Mrs. J. A. Meadows, and all the others by H. A. Wilson.

Airedale Terriers.

In Airedale terriers Albert Greenwood, of Toronto, showed two nice dog puppies bred by himself. They were Bradford Prince and Bradford Michael, first and reserve in the puppy class, and first in the American-bred class. With the former he won three specials for the best Airedale in the show bred by the exhibitor.

John F. Scholtes, of Toronto, drew a third with Lena in the limit class for females. The Airedale dogs won the brace and team prizes and the specials.

HIGHLANDERS SIGNING.

New York, March 4.—Outfielder W. P. Cree has signed with the New York American League club, leaving only Manning, Mitchell, Engle and Brockett still out of the local fold.

A SHEAF EXHIBIT TO
BE ADDED TO FAIR

Vegetable Display This Year Will Be Greatly Improved.

At a meeting of the agricultural committee of the Western Fair yesterday, it was decided to recommend the executive to add a sheaf exhibit, to class 42, the grain list. The decision was due to a communication from Mr. J. Lockie Wilson, of Toronto, suggesting such a measure. This exhibit will be open to all and will consist of five sections for three sheaves of wheat, three sheaves of black oats, three sheaves of white oats, three sheaves of barley, and three sheaves of corn. The prizes will consist of \$3, \$2 and \$1 in each section.

It was also decided to add a couple of collections to the vegetable department. These will be collections of celery and onions.

Vegetable Display.

The London branch of the Ontario Fruit Growers' Association purpose making a fine display of vegetables at the fair. They also offer a silver cup for the best display of ten distinct varieties of vegetables, five of each variety. This exhibit is to be distinct from all other entries.

Mr. Hunter then gave a lengthy report of his visit to the Fairs Association in Toronto recently, after which the judges for the year were chosen.

Those present at the meeting were: Wm. McNeil, chairman; Messrs. W. J. Reid, Wm. Trott, George Poat, W. H. K. Talbot, J. W. Hunter, George G. McCormick, Wm. Moore and A. M. Hunt.

"Cork metal" has been shown as a substitute for aluminum in the construction of airships. It is said to be 40 per cent lighter than aluminum, and have numerous other properties which should make it a rival of the latter.

Boost Bowling in London

If you are not a bowler come and see the tournament. Match game every night.

NATIONAL BOWLING ALLEYS

GRAND UNION
HOTEL

DROSSMAN, OF DETROIT, MISSES
SINGLE LEADERSHIP BY ONE PIN

Obstinate No. 8 Pin Just Wobbled and Oakley, of Madison, Was Saved—Winnipeg Men Are in Hard Luck—Mitchell and Gibson Are Tied for Tenth Place in Doubles.

[Special to The Advertiser.]

Detroit, March 4.—One minute of exultant expectancy at the National bowling tournament yesterday was closed by a period of deepest dejection for the Detroiters who were pulling for Max Drossman to get George Oakley, the Madison bowler who holds the lead in the individual race.

Drossman missed a tie by one pin, and, necessarily, the lead by two. Had an obstinate No. 8 pin fallen when Drossman bowled his tenth box in the final game, giving him a strike instead of the spare that he did get, he would have taken an easy lead.

Pin Just Shook.

It all depended on the last chance. Drossman threw a peck strike ball, but the eighth pin just wiggled, came back to balance and stuck.

Max picked it off for the spare and cleaned the alleys with the extra ball he had left. It made him second, but that was cold consolation.

Drossman had bowled a 20 to start in, and had followed with a fine 24. He needed 19 to tie the lead.

In Hard Luck.

All through his third game he had tough bowling luck. In his ninth frame he rolled a spare, and by doing so in the tenth he could make the lead certain.

But luck was against him, and he failed, the spare that he got being no good to him as far as taking the lead was concerned.

So Oakley is still in front. Many of the bowlers look for his score to be beaten by a considerable margin, figuring the alley's margin, however.

Four new men, other than Drossman, came into the honor list during the day: Broughton and Bonning, of Detroit, being among them.

In the two-men games event two teams were sent out of the first ten category. The present twelve teams must be counted in this list, as there are three pairs tied with the low score of 1,124.

The work of the day in this event was done by a Jackson pair.

Ten high scores:

Look out, they'll win the cup. Collingwood, I fear, will drop it clear. When London team goes up.

For it takes two men To stop our Ken, When he begins to rush; And Jimmie Orr, And Jimmie Orr, When he spilled 'em in the slush.

And our Bernhardt, Of the indomitable heart; We class him with the best. Say, don't forget, There's Producers yet, He's "right there" with the rest.

You'll say, I know, "What's the matter with 'Crow'?" I answer, "He's a peach." As for Mullen, no doubt, We'll raise a shout That he is out of reach.

And Pearson—goal, Is like a stone wall. He keeps those hot shots off, And then he says, "Well, raise our call, 'Three cheers for the Purple and Mauve'."

When Bernhardt, at cover, once gets started, The Collingwood players will have to be carted To the hospital, for they will martyred.

*Poet's license. **More poet's license.

A MacDonald is responsible for the following:

Our team, this year, It is "right there."

STRIKES THEM FUNNY

Toronto Star Believes Ontario Pro. League Talk Is Good Joke.

Toronto Star: After the inglorious wind-up of the Trolley League, President Westbrooke, of the Ontario Professional Hockey League, opines that a street car circuit won't do, and calmly proceeds to claim London, Toronto, Hamilton and Stratford as additions

Metrakos Bros., of Montreal, Pay Damages for Having Sold a Substitute for BOVRIL

To protect consumers against inferior substitutes for Bovril, which is a standardized product recommended by the Medical Profession the world over, the Bovril Company took action recently against the above-named firm, who had sold other products when Bovril was called for.

His Honor Justice Chas. DeLorimier, in the Superior Court, granted an injunction restraining Metrakos Bros. from any further substitution, and condemning them to pay damages to the Bovril Company and also all the costs.

WARNING

The Bovril Company are forced to protect the public against imposition and to support their trade friends who are acting honorably. They have, therefore, taken action against several other firms on the same lines as the above.

THERE IS ONLY ONE BOVRIL

It is made in model factories under the direction of several of the most expert chemists in the world, from the beef of cattle raised on the Company's own ranches.

Every process is under the control of the Bovril Company, and they thus absolutely guarantee that all that is good in Beef, and that only, is in Bovril.

MAYOR SAYS CITY WILL KEEP AFTER PREMIER

Aid for the Western University Is Bound to Come Sooner or Later.

The first annual concert of the Dennis Wire and Iron Works Company was held in the Auditorium last night, and proved an unqualified success, and it was only Mr. Dennis' announcement that no encores would be permitted that prevented the audience from demanding persistent recalls. The quartette numbers of Miss Reid, Miss Alice M. Halls, Mr. Charles Griffiths, and Mr. Frank Webster were greatly enjoyed, while their solo numbers were also enthusiastically received. Miss Gwendoline Anthill's reading numbers were received with marked enthusiasm, as were also the piano selections of Mr. C. M. Linell. Miss Nora Little proved a very efficient accompanist.

Mayor Beattie acted as chairman till he was compelled to leave to attend a meeting at the city hall. During the course of his remarks, he touched on the matter of the Western University grant. He stated that he was not by any means dependent on the attitude of Premier Whitney, as he believed as soon as the need for a university in this part of the country was made manifest, the grant would be forthcoming. "We are shortly to see him again," he continued, "and I am confident that we can convince him of the need for the Western. If we can not convince him now we will try again and again until we ultimately succeed. As soon as the need for a university warrants it, a technical school will be started in connection with it."

KEEP THE WATER OFF THE ROADS

Hastings County Good Roads Expert Gives Some Good Advice.

Toronto, March 3.—"Keeping the water off the roadbed and good drainage are the fundamental principles of good road building," said Mr. H. C. Blecher, of Belleville, superintendent of Hastings County roads, in his address before the Ontario Good Roads Association this morning. Mr. Blecher said he never saw a pathmaster build one yard of permanent road. In 1850 the county of Hastings abolished the old system of toll gates and borrowed \$158,000. Since then approximately \$40,000 a year had been expended on roads. Every bridge should be made strong enough to bear a 15-ton roller. Mr. James A. Bell, C.E., of St. Thomas, city and county engineer, said. The day of the wooden bridge, Mr. Bell declared, was gone and he was surprised to hear Hastings County still had 240 wooden bridges.

MISERY FROM BACKACHE VANISHES AND YOUR OUT-OF-ORDER KIDNEYS ACT FINE

Several doses regulate the kidneys, making backache and bladder trouble vanish.

Out-of-order kidneys act fine and backache or bladder misery is relieved after a few doses of Pape's Diuretic. Pains in the back, sides or loins, rheumatic twinges, debilitating headache, nervousness, dizziness, sleeplessness, inflamed or swollen eyelids, constant feeling and many other symptoms of closed, inactive kidneys simply vanish.

Frequent painful and uncontrollable urination due to a weak or irritable bladder is promptly overcome.

The moment you suspect any kidney, bladder or urinary disorder, or rheumatism coming, begin taking this harmless remedy with the

SUN LIFE ASSURANCE CO.

A Great Year For a Great Company During 1909.

Over twenty million dollars of insurance issued in one year marks an epoch in the history of life insurance in Canada.

The Sun Life issued \$21,509,273 16 policies paid for in cash, in 1909.

This immense total reflects the healthy financial condition of the company, and marks an era of unexampled progress.

It also indicates the wide popularity of the Sun Life.

The profits of over a million dollars at a greatly reduced ratio of expense show the successful manner in which the company has been operated.

The total life insurance in force in the Sun Life is now \$129,913,669 52.

The year has been a favorable one for the company, and the report published elsewhere makes interesting reading for all, and especially for the policyholders of the company.

THE VICTORIAN NURSES.

Ottawa, March 3.—The annual meeting of the Victorian Order of Nurses being held this afternoon at Government House, with delegates from all over Canada present, and Earl Grey presiding. John Fraser, honorary treasurer, reported that the financial state was in a very satisfactory state. There is a balance to the credit of the Lady Minto Cottage Hospital fund of \$6,252 72.

RICH ARCHITECT DEAD.

Toronto, March 3.—Matthew Sheard, formerly a well-known Toronto architect, having practiced his profession here for over 25 years, died suddenly early this morning. Mr. Sheard had been suffering from chronic kidney trouble for some time, but his sudden end was quite unexpected. He was in his 70th year and a bachelor. Dr. Sheard, city medical health officer, is a brother. Three other brothers live in Toronto, a fifth living in Malton. Mr. Sheard owned considerable property in the city, and his estate, it is estimated, will total nearly half a million dollars.

CALLED TO OTTAWA.

Brantford, March 3.—Rev. W. E. Gilroy, pastor of the Congregational Church announces he has decided to decline the call extended to him by the Ottawa Congregational Church.

WON'T ARBITRATE.

Baltimore, Md., March 3.—The trainmen overwhelmingly rejected the company's proposal to submit the differences to arbitration which the company announced it will invoke under the Erdman act.

PROFESSOR SMITH IMPROVING.

Toronto, March 3.—Professor Goldwin Smith, who sustained a broken thigh, as the result of a fall a couple of weeks ago, continues to improve steadily, his condition today being very encouraging.

KNOWLEDGE THAT THERE IS NO OTHER MEDICINE, AT ANY PRICE, MADE ANYWHERE ELSE IN THE WORLD, WHICH WILL AS A FIFTY-CENT TREATMENT OF Pape's Diuretic, which any druggist can supply.

This unusual preparation goes direct to the out-of-order kidneys, bladder and urinary system, cleansing, healing and strengthening these organs and glands, and completes the cure before you realize it.

A few days' treatment with Pape's Diuretic means clean, active, healthy kidneys, bladder and urinary organs—and you feel fine.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

A few days' treatment with Pape's Diuretic—50 cents—clears out any drug store—anywhere in the world.

EVA TANGUAY RIDES IN PATROL WAGON

Actress Wields Hatpin in Theatre Fight and Is Arrested.

Louisville, Ky., March 4.—Eva Tanguay took her first "joy ride" in a police automobile this week, when she was arrested at the Seelbach Hotel on a charge of assaulting Clarence Hess, a youthful stage employee at Macauley's Theatre.

The arrest followed an altercation that took place at Macauley's theatre Monday night, in which Rough, the property man for the "Follies of 1909" company, and Hess, a stagehand, came together because Hess did not get out of the way when Miss Tanguay rushed from the stage to her dressing-room. In the melee that started Hess was knocked down a flight of stairs, Rough came near being mobbed by the other hands, and Miss Tanguay stabbed right and left with a hat pin to protect her companion.

Miss Tanguay gave a bond of \$200 for her appearance in police court.

JURY HOLDS FRITCH GUILTY OF MANSLAUGHTER

Physician Showed No Emotion and Was Taken to Jail to Await Sentence.

Detroit, March 4.—Dr. George A. Fritch (formerly of Drumbo, Ont.), was found guilty of manslaughter by a jury in Judge Phelan's court shortly after noon yesterday, in connection with the death of Maybelle Millman, whose dismembered body was found in Ecorse Creek last Labor Day.

The jury was out 1 hour and 30 minutes. They agreed quickly, believe the biggest meal served in the witnesses—including that of Leach and Mrs. Messenger—and believed that Mrs. Knott and other witnesses for the defence committed perjury.

The prisoner will probably not be sentenced this week, Lodge asking for a stay of sentence until an appeal can be taken, but the doctor is held at the county jail.

He took the sentence coolly, and in the stories told by the people's jail at noon; but his wife, on hearing the news in their magnificent home on Trumbull avenue, fainted.

The maximum sentence for the doctor is fifteen years.

Van Zile will bitterly oppose any move on the part of Attorney Lodge to have the doctor let out on bail.

Shortly after the verdict had been given and the doctor led across the street, Mrs. Knott, whose testimony the defence relied strongly on to free the doctor, entered the municipal building. She eagerly asked the result of the jury's deliberation and left hurriedly when she learned he was guilty. She refused to make any comment.

"Swore My Life Away."

Over his head and milk Dr. George A. Fritch discussed his future, as he stood behind the bars last night in the Wayne county jail.

He placed his portion of a loaf upon a chair that forms the place of resistance of the furniture sitting in ward B. He held a quart bottle of the lacteal fluid in his left hand. His right extended through the bars.

The hand trembled. The lips trembled. His face was pale as the white-washed walls.

"Great God, they said I am guilty!" That was the first exclamation that came from his lips, as he stood behind the bars last night in the Wayne county jail.

"Are you guilty?" he was asked.

He took a great swallow from the milk bottle, then placed it on the chair beside his head.

"There's my supper," he said. "Bread, milk, milk, bread, milk. That's all I want. But you asked me if I am guilty. No, no, no."

There was a fire in his eyes as he spoke, and a dash of carnine relieved the ashen pallor that had possessed his features.

"Guilty, man, why, no," he shouted through the bars, and all the inmates of his ward crowded round to hear "Guilty? Why do you ask me that? They swore my life away, this Messenger woman and this bastard of a Leach. Leach—the name fits him well, doesn't it?"

"But I'm not through yet. I'm going to fight this case to the last ditch, and I've got the backing to do it. I didn't look for a conviction. I didn't look for a disagreement. I looked for acquittal, and I'll get it yet. I'll carry it to the last court. I'll fight 'em to the end."

Dr. Fritch turned again to his bread and milk.

"A man must eat, even when a man's in jail, eh?" he laughed. "I had corned beef and cabbage at noon, right after I was convicted. That's a good old-fashioned meal that goes right to the spot. Most physicians would recommend corned beef and cabbage."

ROSS RIFLE NOT BARRED BY BISLEY

London, March 4.—Lord Chylesmore, chairman of N.R.A. Council, declares that the Ross rifle is not barred. The only condition is that the rifle must be loaded with N. R. A. three months before the Bisley meeting to insure its being of Government pattern as issued.

CAN'T BUY DEBENTURES

Bylaw of Township That Was To Help a Railway Is Quashed.

Toronto, March 4.—Mr. Justice Britton quashed the bylaw authorizing Township of Richmond Hill to raise \$20,000 for the purpose of taking over debentures of the St. Marys and Western Railway.

ALLAN EMBURY DEAD.

Brampton, March 3.—Allan Embury, a prominent citizen, died this morning as the result of an attack of heart failure, having been ill only a short time. Mr. Embury, who was about 56 years old, was for twenty years the public school inspector for Peel County, retiring last fall. He leaves a widow and two sons.

PRESMEN ELECT.

Cincinnati, March 3.—The International Printing Pressmen and Assistants' Union have elected officers as follows: George L. Berry, San Francisco, president (re-elected); Peter J. Dobbs, New York, first vice-president; Michael H. Flannery, Chicago, and Albert B. Kreidler, New York, vice-presidents; Charles B. Crowley, Holyoke, Mass., secretary-treasurer.

Your Easter Suit

If there is any time in all this blessed year when new clothes are strictly in order it is at Easter. The man who hasn't new togs for the only and original "spring opening" is going to feel pretty much out of it.

199 Dundas Street London, Ont.

NUMBERING AND NAMING OF LONDON'S STREETS

Quiet Little Debate Occasioned a Meeting of Board of Works.

Street numbering and street naming were mixed up in a little debate at the board of works meeting last evening. The result of the controversy was that \$25 was placed in the estimates to properly designate the streets of the city.

Ald. Pocock made a plea to have the houses numbered, and the first and last numbers in a block placed on the signboards at the corners.

Ald. Morgan countered with a suggestion that if the board wanted to do the thing right, they should number the streets as well as the houses.

Is Unscientific.

"Naming streets is unscientific," said Ald. Morgan. "Why not number the streets instead of naming them, as they do in real cities?"

"That would not interfere with our suggestion that we number the houses properly," asserted Ald. Pocock.

"What's the use of half-doing it," retorted Ald. Morgan. "If we are go-

Suffered Terrible Pains From His Kidneys.

Perhaps no other organs work harder than the kidneys to preserve the general health of the body, and most people are troubled with some kind of kidney complaint, but do not suspect it.

There is no way of getting the kidney poisons out of the system except through the kidneys, and no medicine so effective in taking them out as Doan's Kidney Pills.

They help the kidneys to flush off the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages.

Doan's Kidney Pills are entirely vegetable, and may be safely taken by old and young.

Mr. Donald A. McIsaac, Broad Cove Banks, N.S., writes:—"I was troubled with my kidneys for nine months, and suffered with such terrible pains as to be unable to get around. After taking two boxes of Doan's Kidney Pills I began to feel better, and by the time I had taken three I was completely cured."

Price 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct by The T. Milburn Co., Limited, Toronto, Ont.

In ordering specify "Doan's."

COPPER IN QUEBEC

Mining Institute Speaker Says There's Plenty of Ore in Province.

Toronto, March 4.—After a warm debate, lasting nearly two hours yesterday afternoon, the members of the Mining Institute, in session here, defeated an amendment to the constitution making membership dependent on technical qualification.

Dr. James Douglas, of New York city, gave an address on "Some Reminiscences of Copper Mining in Megantic County, Quebec, and the Possible Present Utilization of Low-Grade Quebec Copper Ores."

Dr. Douglas was extremely optimistic as to the future of this ore. He considered that the modern improved methods of mining, and the extension of railroads in Quebec, would make the mines, long since abandoned as useless, a source of future profit.

Dr. W. J. Wilson, of the geological survey, Ottawa, has estimated that at least 500 localities in Quebec Province contained some trace of ore. He regretted the lack of systematic and scientific exploration for minerals in the Province of Quebec.

He also referred to the policy recently adopted of restricting the exportation of pulpwood to the United States. It was the desire of the Government to build up an industry at home, and he hoped to see facilitated the manufacture of sulphide pulp by the utilization of the sulphur found in this low-grade ore.

There was much to be hopeful for in a combination of the two industries.

NOT ALWAYS A COLONY

Canada Going To Be Too Big For That, Says Member McEwing.

Toronto, March 4.—James McEwing, M. P. for Wellington West, in the course of an address before Ward One Liberal Club, last night, took up the question of a Dominion navy.

"I am not in sympathy with either party," he declared. "I think the people of the country should be consulted, though doubtless the time for that has gone by. Possibly we do owe a great deal to Great Britain, but the vast expenditures Great Britain has incurred in her army and navy, and in her wars, was primarily for the benefit of Great Britain."

"Including Canada," interjected the voice of George Vennell.

"Yes, including Canada," admitted the speaker, "I think," he continued,

F. G. L. MOORE, Wholesale Fruits, Fish and Oysters, 1 Market Square Distributor of Violet Brand Sunkist Oranges and Lemons

Get the Choice Oranges of Our 5,000 Grove

We pick, pack and ship 60% of the California Orange crop. These are of varying grades. The choicest selections are packed under the "Sunkist" label. To get the finest oranges you must insist on fruit that is wrapped in tissue paper with the word "Sunkist" printed thereon.

"Sunkist" Navel Oranges Are Seedless. They are delightfully sweet, juicy and fiberless. They are firm, thin skinned and deep tinted.

"Sunkist" oranges and lemons are picked by gloved hands, wrapped in "Sunkist" tissue paper, packed carefully so as to eliminate chances of becoming bruised or soft. No bruised fruit or fruit that falls to the ground is put in a "Sunkist" wrapper.

Look for "Sunkist" on the wrapper. Ask your dealer for oranges and lemons with "Sunkist" label on the tissue paper wrapper. Oranges and lemons without "Sunkist" wrappers are not "Sunkist" brand. Be sure you get oranges and lemons in their original "Sunkist" wrappers.

Free: Rogers' Orange Spoon

To make it doubly interesting for you to insist on "Sunkist" in the original wrappers—either oranges or lemons—we will give you a beautiful Rogers' Orange Spoon. Just send us twelve wrappers and six 2c stamps for postage, packing, etc., and we will send the spoon by return mail. Get a dozen "Sunkist" and send today for your first spoon. Address

California Fruit Growers' Exchange

32 Church St., Toronto, Ont.

"that if Great Britain goes into wars for her own interests, Canada has no right to assume the lead. I don't think Canada can step out yet, but Canada is too big, and is going to be too big to stay as the colony of any country."

Yes, including Canada," admitted the speaker, "I think," he continued,

KILL OFF THE USELESS SAYS BERNARD SHAW

Also Make the Whole Community
Intermarriageable and Do
Away With Property.

London, March 4.—In an address here today G. B. Shaw, the famous playwright and critic, advocated, among other things, the abolition of property and marriage, and the authorization by the state to kill undesirable.

"It is most obvious to everybody," he said, "that before we can begin to breed the human race with the view to its improvement, we must go further in the direction of political revolution than the most extreme Socialist now ventures to suggest publicly. It is evident that we need the entire abolition of property and marriage as now understood, as a preliminary step. I do not see any way out of that. I have found, when addressing audiences on political questions, that they immediately get extraordinarily interested whenever I touch upon the subject of marriage and improvement of the human race. They already feel that if it is demonstrable that property is incompatible with achieving a high level of humanity, property must go, and it is evident that if they could be made to conceive that marriage is also incompatible with reaching that level, they would be prepared to consider whether marriage should not go."

The Marriage Problem.

He then concentrated his remarks on the marriage question. "It was the experience of almost everybody regarding marriage," he said, "that instead of people finding themselves in a great community of marriageable persons of their own age there were only about three persons within their reach, and they did not like any of them. Nevertheless they have to make the best they can of these three. They were driven into a marriage which consequently hardly ever represents their natural impulse, yet natural impulse seems to be the only thing which can be trusted for the improvement of the race."

Dealing lengthily with this point, Shaw contended that in order to give natural impulse a chance to operate satisfactorily, there ought to be a serious effort to make the whole community intermarriageable, and to widen the sphere of social selection. Marriage was now mainly a matter of convenience. A man might see an attractive scrubwoman, but he could not very well marry her. Then he might see a dumpy woman who would not want to marry him. In order to improve things, the state would have to provide incomes for everybody, and see that each person earned his income.

It would be necessary to revise our views of the sacredness of human life. We should find ourselves committed to the killing of a great many people. Some would have to be removed simply because it was their people's business to look after them. On the other hand, we should have living many people we now kill. We should have to get rid of all ideas of capital punishment. It is right to kill a man who has been trusted to go about in society without injuring others, but a man may commit murder and yet be a perfectly safe and desirable citizen afterwards. Instead, it might have been a desirable thing to have removed the murdered man. A man ought to be allowed to commit a certain number of crimes just as he is allowed to have a certain number of sicknesses.

HENDERSON FACES TRIAL FOR MURDER

Peterboro, March 4.—Robert Henderson, charged with the murder of Margaret MacPherson, was committed for trial at Newbold by Magistrate Edmondson. He will be brought up for trial at Peterboro this month.

TO FIGHT PHONE BILL

Bellevue Lining Up Companies
Against Proposed Legislation.

Toronto, March 3.—C. F. Sise, Jan. general superintendent of the Bell Telephone Company, has sent circular letters to many independent telephone companies in the province asking for co-operation in fighting the telephone bill introduced recently. Mr. Sise in the letter he says: "If you agree with me that the bill, if it becomes law, would be detrimental to telephone interests, I would be glad to have you point out the undesirable features to your member without delay."

Try Leaving Coffee Alone

One day and drink a steaming hot cup of Postum just before going to bed.

Postum Cereal Co., Limited, Battle Creek, Mich.

GOVT. BOARD REPORTS ON KEYMEN'S WAGES

Recommends That G. T. R. Men
on Main Line Have Minimum
Salary of \$50.

Ottawa, March 4.—The board of conciliation appointed by the Government to deal with matters in dispute between the Grand Trunk and its telegraphers and station agents has published its findings.

The board unanimously finds that the minimum salary per month for telegraphers should be \$50 on the main line and \$46 on branch lines, and for agent and telegraphers with dwelling, fuel and light the same figures, with \$5 per month added in lieu of dwelling, fuel and light. For relieving agents or telegraphers a minimum salary of \$75 is recommended.

As to a general increase of salary, J. E. Atkinson, of Toronto, chairman, and W. T. Lee, representing the men, report in favor of an increase of six per cent on salary schedule of Jan. 1, 1908. Mr. Wallace Nesbitt, K. C., the company representative, considered that after accepting the above minimum salaries, the company would be doing justice to the men by distributing \$12,000 additional pay over the present minimum schedule. The men asked an increase ranging from 12 1/2 to 15 per cent.

The chairman and Mr. Lee recommended that the telegraphers required to work on Sundays be paid extra for such work pro rata on the 50-day month, with a minimum compensation of 25 cents for each call for service. These rates to be effective from Feb. 1 last.

Mr. Nesbitt differs with this finding of the majority of the board. The company agreed to the request of the men that the Canada Atlantic employees be brought under the same schedule as agents and telegraphers on the other parts of the Grand Trunk Railway system.

FRITZI IN A TANTRUM

The Noted Opera Star "Jumps" Her
Company at Detroit.

Detroit, March 4.—Fritzi Scheff lived up to the full significance of her name. "The Prima Donna" who she failed to appear in the Detroit Opera House Wednesday evening, but departed for New York on a midnight train, leaving a company of 75 people or so to worry along as best they could without her presence.

Thanks to the fact that sudden "illness" has become a habit with Miss Scheff, whether the town be Detroit or Atlanta, Ga., her understudy, Miss Allen Hodgson, was fully prepared to play the title role.

Dr. P. C. McEwen, of Detroit, was summoned to attend Miss Scheff Wednesday evening. He declares that the prima donna is really ill, and that she is suffering from a nervous breakdown. His advice was that if she did not rest for a while she would be unable to finish the season.

There was no evidence of illness of any sort about the opera star at the opening performance, and gossip behind the scenes tells a story of prima donna "tantrums" alleged jealousy of the understudy, difference of financial opinion with Mr. Dillingham and lots of other unpleasant things.

The announcement has been made from New York that at the close of the current season Miss Scheff would pass from Mr. Dillingham's management to that of the Shuberts, and this fact, it is said, is the real reason for Miss Scheff's actions at this time.

ALICE FOOLED THEM

Suffragette Chapin Tells How She
Secured Her Discharge.

London, March 4.—Mrs. Alice Chapin, the suffragette who recently completed a jail sentence for throwing acid into the ballot boxes at the Remond-sey-by-elections, thereby causing injury to the eyes of one of the election officers, told today how she had outwitted the prison authorities in the matter of forcible feeding.

When a young girl in America, Mrs. Chapin said, she became interested in Christian Science. When she was sent to jail she remembered her earlier experiences and resolved to make experiments in herself. She directed her will power toward losing her appetite and producing general debility.

She found the plan to be effective and her appetite rapidly declined with the result that she was discharged.

A DOCTOR'S SLEEP.

Found He Had To Leave Off Coffee

Many persons do not realize that a bad stomach will cause insomnia. Coffee drinking, being such an ancient and respectable form of dissipation, few realize that the drug—caffeine—contained in the coffee and tea, is one of the principal causes of dyspepsia and nervous troubles.

Without their usual portion of coffee, the coffee tapers are nervous, irritable and fretful. That's the way with a whiskey drinker. He has got to have his dram "to settle his nerves."

To leave off coffee is an easy matter if you want to try it, because Postum—well boiled, according to directions—gives a gentle but natural support to the nerves and does not contain any drug—nothing but food.

Physicians know this to be true, as from Georgia writes: "I have cured myself of a long-standing case of Nervous Dyspepsia by leaving off coffee and using Postum," says the doctor.

It also enjoys refreshing sleep, to which I had been an utter stranger for 20 years.

"In treating Dyspepsia in its various types, I find little trouble when I can induce patients to quit coffee and adopt Postum."

The doctor is right, and "there's a reason." Read the little book, "The Road to Wellville," in packages.

Do You Suffer From Headaches?

There are few people who have never experienced a headache from one cause or another. It effects all ages and both sexes alike, but the female sex is naturally more effected through the higher nervous development, and more delicate organization of the system. Those also of a nervous temperament and studious or sedentary occupation are subject to it.

The presence of headache nearly always tells us that there is another disease which, although we may not be aware of it, is still exerting its baneful influence, and perhaps awaiting an opportunity to assert itself plainly.

Burdock Blood Bitters has, for years, been curing all kinds of headaches, and if you will only give it a trial we are sure it will do for you what it has done for thousands of others.

Mrs. John Connor, Burlington, N.S., writes: "I have been troubled with headache and constipation for a long time. After trying different doctors' medicines, I finally found I am completely cured after having taken three bottles. I can safely recommend it to all."

For sale by all dealers. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

CZAR BLUSHES ON HIS DRIVES ALONE

Seeks to Gain Public Esteem by
Confidence, But Appears
Self-Conscious.

St. Petersburg, March 3.—With no preliminary announcement in the court circular, the czar has left his five years' seclusion, and is seen almost daily driving in the streets. Thrice last week he traversed the main streets at the busiest hour of the afternoon, with no interruption to the traffic beyond the keeping of the crossing clear as his Victoria, drawn by two horses, approached—when the police chanced to see him.

In the Morskaya Vilitsa the other day, the only warning of his approach was that drozhki's plying for hire were signalled by the police to draw to the sidewalk. Noticing this, the promenaders looked to see what was coming, and saw the czar, seated alone and wearing a military uniform, with three rows of medals. He held himself erect, and looked confidently ahead. A red flush on his face was the only sign that he was conscious of passing through any ordeal.

His majesty uses a roomy English Victoria, with a low back, entirely open. The coachman and footman are seated high in front. The czar's reception everywhere has seemed to be friendly and respectful, without any audible demonstration.

His example is now followed by all the members of the imperial family in St. Petersburg. The Dowager Empress, with her second son, drives every afternoon along the Nevsky Prospekt.

In addition to visiting relatives, military schools and hospitals, the czar has called on some of the leading figures of the city. He is observed with keen interest here and there in Moscow. He is apparently seeking to gain popular esteem by frequent intercourse with the nation in public.

His impudent face are becoming features of the London toyshop windows, and are seen almost daily in the city. He is designed, is George Ali's creation of the dog character at the Drury Lane pantomime. The manager of Hamley's, who are the makers of the English Teddy bear, of the blue bird, of the "mouser" of last year, which, however did not catch on much, and of Bolo, said he thought the revulsion of feeling in the matter of toys on the part of the younger generation—and others—was due to an innate attraction for something that is sensational.

Bolo certainly is sensationally ugly enough. Perhaps that's why so many grown-ups buy Bolo as mascots to fix on their automobiles, or place in their boudoirs.

MUNICIPAL DANCE HALL

Agitation in Chicago To Furnish One
For the City's Poor.

Chicago, March 3.—The establishment of a municipal dance hall, where under discriminating chaperonage young men and women of Chicago's poorer districts may meet, was urged last night by Mrs. Joseph T. Bowen before the members of the recently organized North District Council of the United Charities. At the meeting, the second of a series looking toward the "reclamation" of the poverty-stricken districts of the lower North Side, held at the home of Cyrus Hall McCormick, 50 East Huron street, Mrs. Russell Tyson was elected chairman of the council.

The "rejuvenation" of the spirit of philanthropy among those whose homes face the Lake Shore drive and other fashionable North Side thoroughfares was urged by Charles H. Walker, president of the United Charities, Professor Charles B. Henderson, of the University of Chicago, W. B. Stirling and Sherman C. Kingsley.

But Mrs. Bowen's plan, calculated as a blow to the "tough dance hall" and dangerous forms of amusement, appeared to strike a responsive chord. "There is as much need in Chicago for a dance hall operated by the municipality as there is for a city department of health," said Mrs. Bowen. "A place of this kind would go far toward saving our young boys and girls from the delinquencies attendant upon their patronage of the cheap dancing pavilion with its customary bar attachment, and the nickel theatres, the poolrooms and the saloons. A dancing hall, such as I have suggested, might be operated under proper chaperonage and be made as attractive as the most pretentious assembly hall. Any old building would answer the purpose, as with little expense it might be transformed into a hall for dancing."

BOLO IS LATEST FAD

Ugly-Looking Toy Dog Becomes the
Popular Mascot Instead of the
"Teddy Bear."

London, March 3.—Poor Teddy bear looks like losing his place, not only in the nursery, but in the favor of my lady fair. For a time the "Blue Bird," the symbol of the vague emotional state of happiness, according to the Maeterlinck play at the Haymarket Theatre, looked like having a good time in the favor of society. The blue bird was to be seen carried about in my lady's arms as she went shopping, just as she had been wont to do previously with her big Teddy bear. But the blue bird was too pretty to keep long in favor. It must be stupid enough or ugly enough or human enough, like the Teddy bear.

Now it is Bolo, and Bolo certainly threatens to replace the Teddy bear in juvenile and also in feminine affection. He is a weird example of the canine species, and his brown and white coat

SHARED POISON PILLS WITH HER PET DOG

Strychnine Causes Death of Little
Ottawa Girl and Her Canine
Companion.

Ottawa, Ont., March 3.—Playing with a box of strychnine pills yesterday, Marjory, the fourteen-month-old daughter of Mr. A. E. Blackney, fed some to her pet dog and ate the others herself. Both child and dog died last night.

Ottawa, Ont., March 3.—The first rabies scare felt in this city came this morning, when a little black and white foxterrier suddenly went mad on Nepean street, and ran amuck along the street, frightening the residents and creating a panic among school children. Fortunately no one was bitten. Police Constable James O'Brien sent a bullet into the dog's head.

NIAGARA WIRES IN WEST LONDON

Staff Now at Work—Making Satisfactory Progress.

The city electrical staff are at present stringing wires in West London. They have completed the tree trimming along several streets in that section, and are now putting up the wires.

A PRESTON BLAZE

Preston, N. B., March 3.—At 11:30 yesterday morning fire broke out in the basement of Bernhard & Geis' hardware store. The firemen were delayed

When the city's wires are strung in certain quarters down town, the threatened destruction by the London Electric may be fled.

A New Idea in Medicine

Which Accounts for the Enormous
Success of DR. A. W. CHASE'S
NERVE FOOD.

To tear down the diseased tissues was the old principle of medicine. To cure by building up new, healthful tissues is the new method.

Dr. A. W. Chase's Nerve Food is a splendid illustration of the new method, for it cures by increasing the quantity and quality of the blood, by creating new nerve force, and by overcoming weakness and disease with new vigor, new energy and new vitality.

The time to begin using Dr. A. W. Chase's Nerve Food is when strength fails you and you find yourself out of sorts and losing health and vigor. It is easy then to get back to normal condition by using this great restorative treatment. The blood is enriched, the nerves revitalized, new firm flesh and tissue is formed, and you feel the snap of new vigor as it is being instilled into your system.

Don't wait for nervous prostration or paralysis, but keep the system at high water mark. Dr. A. W. Chase's Nerve Food. Fifty cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

TORONTO PROTESTS.

Toronto, March 4.—Board of control members and representatives of the board of trade waited upon Hon. G. P. Graham, who is in the city, and presented their views in opposition to the bill of the Hamilton, Waterloo and Guelph Radial Railway, which comes up at Ottawa next week, so far as it proposes to take in the franchise of the Toronto and Hamilton Railway. Privileges were given the latter by the board of control some two years ago conditionally on their being exercised within a certain period. So far, however, none of them have been exercised.

SUN LIFE

ASSURANCE COMPANY
of Canada

A Great Year

The splendid record of the Sun Life of Canada is typical of the advancement of Canada and its institutions.

For the first time a Canadian Company has secured more than Twenty Millions of Paid-for business in one year.

\$648,000 Annuity premiums received last year—the strongest evidence of public favor.

The increases made by the Company each year are greater than the total figures of some excellent companies.

The exceedingly remunerative character of the Company's investments assures a continuance of a high basis of profits to policyholders.

Assurances issued in 1909 and paid for in cash	\$ 21,509,273 16
Increase over 1908	\$1,725,601 95
Cash Income from all sources	7,778,132 05
Increase over 1908	\$28,550 07
Assets as at 31st December, 1909	32,804,996 77
Increase over 1908	\$2,566,171 26
Profits earned in 1909	1,090,241 18
Profits paid policyholders entitled to participate in 1909	378,010 60
Added to Surplus for future profits and further protection of policyholders	712,230 58
Surplus, Company's valuation Standard (Hm 3 1/2 and 3%)	3,308,534 53
Surplus, Government Standard	4,940,556 77
Total payments to policyholders since organization	23,243,167 45
Total Life Assurances in force December 31st, 1909	129,913,669 52

The above splendid results were obtained with a reduction in the ratio of expense.

THE COMPANY'S GROWTH:

	INCOME.	ASSETS, EXCLUSIVE OF UNCALLED CAPITAL.	LIFE ASSURANCES IN FORCE.
1872	\$ 48,210 93	\$ 96,461 95	\$ 1,064,350 00

BILIOUSNESS

Caused by a Disordered Liver
Cured by Dr. Morse's Indian Root Pills

The liver's work is to secrete the bile—that exceedingly bitter fluid which is often called gall. This bile is stored in the gall-bladder and at the proper time it is poured into the upper part of the intestines. There it helps in the digestion of the fatty and oily parts of the food, and regulates the action of the bowels, causing them to move often enough to clear the system promptly of indigestible food.

When the liver gets out of order, as it does with a surprisingly large number of people, the flow of the bile becomes irregular, and the quality of the fluid is changed. The bowels consequently become irregular also, being constipated and loose by turns; the food is only partly digested; the bile gets into the blood, acting there as a poison and demoralizing the whole system. A sudden dizziness is felt on rising, spots sometimes float before the eyes, the tongue is furred, there is a bitter taste in the mouth, and a most disagreeable feeling of sickness and lassitude.

This is Biliousness.

Dr. Morse's Indian Root Pills get right at the root of the trouble and speedily relieve it.

They first put the disordered liver right, so that it supplies a normal quantity of healthy bile. This opens the bowels and clears out the clogged-up system. The blood is purified, the stomach cleansed, all the disagreeable symptoms disappear and the whole delicately adjusted mechanism of the body moves smoothly again.

On the first appearance of bilious symptoms take Dr. Morse's Indian Root Pills.

Mr. J. C. McCulloch, a railway conductor of Westport, Ont., writes:

"It is with pleasure I write to inform you that your Dr. Morse's Indian Root Pills have proved of great value to me. I suffered from biliousness, caused by the improper action of my liver. I tried remedy after remedy but without any lasting good. Having heard of your pills curing such cases as mine, I decided to give them a fair trial. They proved satisfactory, restoring me to perfect health."

DR. MORSE'S
INDIAN ROOT
PILLS

Cure Biliousness

For Sale Everywhere at 25c. per Box.

For a short time in locating the spot control. The origin of the fire is unknown where the fire had started, on account known, but it is reported to have been the clouds of smoke which filled the started from some packing in the basement and store, but before much time. The damage done was damage was done had the fire under mostly by water and smoke.

McCormick's FANCY JERSEY CREAM SODA BISCUITS

FACTORY AT LONDON. WAREHOUSES AT MONTREAL, OTTAWA, HAMILTON, KINGSTON, WINNIPEG AND CALGARY.

DIVISION AT EDMONTON

The Government Sustained in Vote Over Boyle's Resolution.

Edmonton, March 4.—In a vote taken last night the Alberta Government was sustained on a division, 23 to 15. It was taken on J. R. Boyle's amendment declaring for the expropriation of the great waterways, railway and providing for the construction of the road by the Government under a commission.

R. B. Bennett, Opposition leader, in a five-hour speech, arraigned the Government. He declared that Attorney-General (Cross) had attempted to manipulate in the installing of automatic phones in Calgary, so that \$15,000 would be paid into the Liberal campaign fund.

Mr. Cushing, senior member for Calgary, and minister of public works, who last week resigned office, declared that this was substantially correct.

Mr. Cross denied the statement and retorted that if Mr. Bennett made the statement outside the House he would know how to deal with him.

Mr. Bennett criticized the Government for the contract in connection with the guarantee of the bonds of the A. and G. W. Railway. The bonds sold at 110, and the difference between that and par went into the pockets of Clark and Morgan, the promoters. Morgan, he said, got \$200,000 and Clark between \$20,000 and \$30,000.

MORE FOOD INDICTMENTS

New York, March 4.—More indictments of meat packers or cold storage houses were looked for today from the Hudson County grand jury when it met in Jersey City for its regular Friday session.

A week ago today the jury handed down indictments against six Chicago meat packing firms and a dozen or more individual directors and agents of the so-called beef trust. Since then the jurymen have had other phases of the food products situation under examination, with particular reference to alleged cold storage abuses.

Prostateur, Garven today indicated the possibility of further findings.

NEW SPANISH MINISTER

Washington, March 4.—Senor Don Juan Riano, it was stated here today, will succeed Marquis De Villalobar as minister of Spain to the United States. Senor Riano formerly was secretary of the Spanish legation here. He is now Spain's consul-general at Copenhagen.

YOUTHS MUST NOT DISTURB THE WORSHIP

Lads Found Guilty by P. M. Love and Allowed to Go With a Warning.

Fred Fuller, a colored man with a police court record, but who had been doing better lately, left off the water-wagon yesterday, and was gathered in. "I will promise you never to drink anything more," he told the court. "I will sign a pledge right here now, ought to be over at the Normal School. I have been working steadily lately and want to do so right along."

The court, however, now until the weather gets fine, said the court, and then we will move him out of London.

Two youths accused of standing in the lobby of the Askin Street Methodist Church on Sunday evening, and disturbing the worship, were found guilty and were given a very severe lecture and allowed to go with a warning.

William H. Davidson, of Oxford street west, charged with being drunk and disorderly by fighting, was bailed to appear in a week, as the police wish to locate the man who was fighting with him and he will be summoned also.

ROBERT BLAZARD IS PESKY OLD GENTLEMAN

Made Things So Hot at Aged Peoples' Home He Had To Be Ejected.

Robert Blazard, the 80-year-old professional tramp, whose case excited so much pity recently, evidently does not appreciate kindness when he receives it. Magistrate Love made arrangements for the aged man to be cared for at the Old Men's Home, but Blazard acted in such an outrageous manner and made himself so obnoxious there that he had to be removed to the jail.

"He can stay there now until the weather gets fine," said the court, and then we will move him out of London."

HOW TO PRONOUNCE THE WORD RABIES

Be in Fashion and Learn How to Discuss the All Important Dog Scare.

Do you know how to pronounce "Rabies"? It's two to one you don't. Two citizens who thought they knew had a bet about the pronunciation of the word yesterday and both lost.

One individual insisted that it was pronounced as though spelled "ray," "bees," two syllables, which would rhyme with babies.

The other man insisted that it was "rah," "bees." To decide the matter they went to the public library and appealed to the lady assistant there.

She gave them the highest authorities, one an encyclopedia and the other a medical pronouncing dictionary, and the pronunciation given in both shows that rabies is a word of three distinct syllables, the first pronounced "ray," "bees," the first syllable having the sound of "a" in eight.

LINER'S CREW PLUCKED FROM GRASP OF SEA

The Anchor Liner Caledonia Takes Off Crew of Russian Ship in Mid-Ocean.

New York, March 4.—News of the disaster to the steamer Korea was flashed here today in a wireless message from the steamship Caledonia, off Cape Race, Nfld. The rescue was effected, the wireless told, in latitude 52.51 north, longitude 28.19 west, or at a point 1,200 miles east-northeast from Cape Race.

With the nearly half-hundred men saved from probable death on board the steamer Korea, which was in which wireless communication with the American coast was possible. At the earliest possible touch the message was speeded ashore. The Korea sailed from New York, on Feb. 15, for Philadelphia, with a cargo of iron ore.

From the meagre story told in the wireless message to the agents of the Anchor Line here today, it was possible to gather only the merest outline of how the staunch Russian steamer met her fate.

When the Caledonia encountered the Korea, she was in sore straits, and her crew were preparing to abandon her and take to the boats.

Crew Taken Off. The sight of the rescuing steamer was hailed with joy by the desperate men on the Russian vessel, and the process of taking off the crew was at once begun. By the time it had been accomplished, the Korea was apparently sinking, and the crew were rescued.

She had a heavy list to port, and her sinking looked to be only a question of a short time.

The Korea's seams were started by the pounding she had received in the series of storms she had encountered, and huge waves had repeatedly swept her decks, carrying everything movable away.

The Caledonia left Glasgow on Feb. 26 for this port.

She was 1,080 miles from Sandy Hook, when she was able to get into wireless touch, and tell briefly the story of the wreck and rescue. The liner is due here late Sunday or early Monday with the men she saved from the grasp of the sea.

The wrecked vessel was built in Fleetsburg in 1899 and was of 2,807 tonnage net register, 450 feet long, 49 feet beam and 19.8 feet deep.

She was owned by the Russian Ostasiatische Company of St. Petersburg.

LIBRARY BOARD Routine Business Transacted at the Meeting Held Last Night.

The public library board held their regular monthly meeting last evening, and considerable routine business was disposed of. A meeting of the library committee was held at the close of the session of the board.

The report of the library committee, as read by Mr. M. P. McDonagh, one meeting only was held during February. The donation from the London Typographical Union of a picture of the Union Printers' Home, and the Typographical Journal, were reported; also a book, "Why Friends (Quakers) Do Not Baptize With Water," by James H. Moon, donated by the author.

Mr. John Forristal, chairman, presented the third report of the finance committee, recommending the payment of sundry accounts amounting to \$615.74.

The librarian reported a circulation of 11,712, and desk receipts of \$42.60, and \$20 in rents. The net number of readers in February was 5,093, with 624 second carriages in use.

The library committee made a selection of about 75 valuable books at their meeting from a list prepared by the librarian. There were present: Thomas Gillean (chairman), Dr. A. O. Jeffery, Joseph L. Goodburn, W. E. Winnett, John Forristal, M. P. McDonagh, Rev. Dr. Sage and the librarian.

LOYAL WOLSELEY LODGE MEETS

Certificates Presented at a Gathering Last Night of Members of C. O.

Q. F.

The regular meeting of Loyal Wolseley Lodge, C. O. O. F., was held last night in the lodge rooms, St. George's Hall, a large number of members being present. Bros. G. James, R. W. Brown, T. McBride, A. Johnston were

presented with illuminated certificates of membership. The noble grand, Mr. Fred James, congratulated them and said he hoped they would keep the standard of Oddfellowship ever before them. Satisfaction was expressed by the members at the splendid progress made by the lodge during the past year, and it was decided to hold a Oddfellows' social or dance in the near future. The committee appointed to arrange for the same was Bros. F. James, chairman, H. Andrews, J. P. Simon, R. W. Brown, H. Phillips and A. Johnston. Two candidates were initiated during the evening.

LATE LOCAL NEWS

Oh, You, Robin! An item entitled "Glendale Doings" has been received at this office. It reads as follows: A robin has been seen in an orchard in the Glendale Church this morning. It is the first seen in this vicinity."

Latin Contests. The Latin contests now being held in the lower school at the Collegiate were continued yesterday, when, under IV. and Lower I. met. The result was that Lower IV. was successful by a score of 143 to 121. Out of a possible 24 Shoenberg made 20, while Darch made 18.

Transferred to Calgary. Mr. Robert Kingsmill, jun., who has been connected with the McClary Manufacturing Company staff for some years, has been transferred to the company's branch at Calgary. Mr. Kingsmill leaves for the west tomorrow.

Mrs. Graham Honored. Mrs. H. A. Graham, wife of the pastor of the Wellington Street Methodist Church, was yesterday presented by the Women's Missionary Society, with a life membership in the association. The presentation was made at the residence of Mrs. Benjamin Noble, No. 473 Mainland street.

Axle Broke. A heavily-laden flour wagon, which with the perversity that is sometimes exhibited by wagons, as well as other things, broke an axle just as it was crossing the car tracks in front of John Tanton & Son's warehouse on York street, shortly after 4 o'clock yesterday afternoon, causing a number of people who occupied seats in the electric street car, to be thrown out and to suffer from bruises.

At Osgoode Hall Thursday in Chivers vs. Leigh, W. E. Fitzgerald (Watford), for defendant; J. Cowan, K.C., for plaintiff. An appeal by defendant from the judgment of the county court of London of Dec. 15, 1909. Plaintiff, a married woman, brought action to recover from defendant, her stepmother, the sum of \$136 05, insurance moneys belonging to plaintiff, alleged to have been received by defendant as guardian of plaintiff and not paid to plaintiff. At trial judgment was given for plaintiff for \$171 66. Appeal therefrom dismissed with costs.

Appeal Dismissed. At Toronto yesterday in Wade vs. Dennis, J. P. Boland, for plaintiff; R. S. Hays (Seaford), for defendant, an appeal by plaintiff from the judgment of the county court of York of Dec. 8, 1909. This was an action by the plaintiff, a married woman, against the defendant, a married woman, for the price of an ideal self-feeder, and interest. At the trial the action was dismissed with costs. Plaintiff's appeal therefrom dismissed with costs.

Alderson—Longfield. A pretty wedding took place Wednesday at 2 p.m., at the home of Mr. and Mrs. Jos. Longfield, Ingersoll, when their daughter, Myrtle Louise, was united in marriage to Alfred E. Alderson. About twenty immediate relatives and friends witnessed the ceremony which was performed by Rev. J. E. Higginson. The wedding march was played by Miss Ethel Johnson. The bride, who was unattended, was attired in cream satin trimmed with chiffon and duchess lace. Her travelling suit was of green broadcloth. After a sumptuous wedding repast, and the hearty congratulations of all present, Mr. and Mrs. Alderson left on the Flyer for points east. On their return they will reside on Oxford street.

Municipal Insurance. Hamilton Times: The board of control will consider the question of municipal insurance on Monday. That is the reason the city clerk's staff has been instructed to prepare a list showing all the policies and premiums carried by the city. London and other Canadian municipalities are also dealing with this question, and there is a scheme on foot to have the Union of Ontario Municipalities take the matter up. The aim is to get more reasonable insurance rates. The city hall authorities seem to be of the opinion that it will not be any more difficult for the city to handle its own insurance than it is for the companies.

HEROINE OF TENEMENTS Girl Plunges Into Burning Building to Rescue Her Father.

New York, March 4.—While gas, paints and oils were exploding in her burning home on the ground floor of an east side tenement, a girl, two years old, plunged into the flames and heroically rescued her father, who had fallen unconscious in a blazing room and her two-year-old sister. Firemen said it was as heroic work as they had ever seen.

A gas stove set fire to a curtain and the flames quickly reached a store-room of paints and oils. Goldman ran toward a rear bedroom to save the two-year-old daughter and a four-year-old son, when he was knocked unconscious by an explosion. Fannie rushed from a front room, and while the flames were burning her hair from her head she dragged her father to the door.

Running back she again saved the little sister. She fell unconscious and on fire as she reached the street.

Her mother then dashed into the burning building, passed through the flames and when she came out carrying the son, her clothing was on fire.

The father, mother and three children were dangerously burned, and the children were slightly injured.

MADE THE MATCH ON A COMMISSION Guelph Man Found Bride for a Young Farmer.

Guelph, Ont., March 4.—A most unusual case was tried before Judge Chadwick in the division court here yesterday. J. A. Morris, of Guelph, sued C. H. Hamill, a farmer near Fergus, and the latter claimed Hamill promised to pay him \$1,000 to secure him a wife. Hamill was a widower and Morris introduced him to a well-known and ideally respected woman living near Guelph. The proof was that the couple were married in the city of Guelph, and Morris was paid for the amount. The judge after hearing considerable evidence dismissed the case, each party to pay their own costs.

ANNUITIES FOR WOMEN Senate Declines To Reduce the Rate Now Charged.

Ottawa, March 4.—Senator Frost's motion to reduce the rate chargeable by the Government on annuities was voted against in the Senate yesterday.

Senator Frost argued that there was no justification for its reduction, and that women in this respect, Sir Richard Cartwright, however, refused to entertain the motion. He said that legislation in this respect, which was introduced by the Ontario Municipalities, could not be originated in the Senate. Sir Richard Scott's bill to facilitate prosecutions for one selling was read a third time.

NEW JUNIOR LORD Mr. Percy H. Illingworth Joins the Asquith Ministry.

London, March 4.—Mr. Percy H. Illingworth has been named a junior lord of the Treasury. Mr. Illingworth, who has been Mr. Birrell's private secretary for four years, was elected in 1906 to the Shipley division of West Yorkshire. At the recent general election he carried the division against opposing Prof. W. S. H. Lewis, secretary and economist of Mr. Chamberlain's tariff commission.

A CASHIER'S SHORTAGE. Boston, March 4.—John H. Challen, teller in the Union Institution for Savings, was arrested at his home in the city yesterday, charged with the shortage of \$1,290 in the accounts of the bank.

The case was suspended three days and the case was laid before Bank Examiner (Challen) who immediately transferred it to the state police.

Breweries and tanneries and printing ink factories confer exemption from tuberculosis, and employees in turpentine factories never have rheumatism. Copper mining excludes the possibility of typhoid among the workers.

RUPTURE

J. Y. EGAN, Specialist, Toronto, will visit London, Grigg House, March 5.

Knowing the true cause of rupture, and having discovered many secrets in connection with this affliction (known only to myself), and knowing nature is as true in healing rupture as any other affliction, and will cure you if given the right kind of assistance, no matter what your age or how long you work, this method will certainly give you a new lease of life and renewed energy without pain or loss of time. I have cured many cases, where trusses, treatments and operations have failed, should consult me at once, without further delay, with persons lacking my modern facilities. Out-of-town patients can consult me and return home same day. I am a specialist in all kinds of rupture, and will cure you if given the right kind of assistance, no matter what your age or how long you work, this method will certainly give you a new lease of life and renewed energy without pain or loss of time. I have cured many cases, where trusses, treatments and operations have failed, should consult me at once, without further delay, with persons lacking my modern facilities. Out-of-town patients can consult me and return home same day. I am a specialist in all kinds of rupture, and will cure you if given the right kind of assistance, no matter what your age or how long you work, this method will certainly give you a new lease of life and renewed energy without pain or loss of time. REDUCED**

Some special pieces made since
the holidays at a price.

BELTZ, Practical Furrier.

His rounds the rear axle broke, and
Glennville jumped out. His foot turned
on the icy road, breaking the bone
between the knee and the ankle. He
was taken to his home and will be laid
up for some weeks.

Railway Bylaw Quashed.

At Osgoode Hall yesterday, before
Mr. Justice Britton, re Dale and Town-
ship of Haverhill Motion to quash
bylaw No. 8, passed on Dec. 15, 1909,
for the issue of debentures to the
amount of \$20,000 to aid the St.
Marys and Western Ontario Railway
Company. Counsel stated that this
bylaw was similar to a former one for
same object quashed by Teetzel, J. By-
law quashed with costs. Order not to
issue until 3rd inst.

Actor Evangelist.

Mr. Bradford Williams, of New York
City, the actor evangelist, who comes to
the Auditorium next Sunday, will
spend one week in the city, addressing
meetings every night in the Colborne
Street Methodist Church, and every
afternoon in the Auditorium. These
meetings are open to the public. Brad-
ford Williams is one of the leading
speakers in this kind of work on the
continent, and the work which he did
on the stage has helped him particu-
larly in the evangelistic work.

Late Mrs. McCormick.

The funeral took place yesterday in
this city, of Mrs. Susannah McCorm-
ick, who has been a resident of To-
ronto for a number of years, and some
fifty years ago resided in London.
She had reached the age of 70 years,
and was well known in this district.
The funeral was held at Mount Pleas-
ant Cemetery. Mrs. McCormick leaves
three sons to mourn her loss: Mr.
Frank E. McCormick, of Detroit, who
was a resident of St. Thomas for a
number of years, and one time sec-
retary of the high court of Ontario, I.
O. F.; Arthur V., of Toronto; and
Thomas E., of Chicago. The two for-
mer were in the city yesterday in
attendance at the funeral.

**GOLD-HANDLED UMBRELLA
FOR MR. JOHN FRIEND**

**Members of His Sunday School
Class Surprised Him Last
Night**

Mr. John Friend was very pleasantly
surprised last night, when about 40
members of his Sunday school class of
the Askin Street Methodist Church,
gathered at his home and presented
him with a very handsome gold-
handled umbrella and an address. The
presentation was made on behalf of
the class by Mr. J. F. Haine. During
the evening a short programme, in-
cluding an address by Rev. A. K. Birks;
instrumental selection, John McArthur;
recitation, Mr. Daniel Deacon; solo,
Mr. Brenton, a solo by Mr. Vink, was
rendered and greatly enjoyed. Mrs.
Friend was also presented with a
handsome plant. Mr. Friend enter-
tained those present at a luncheon and
the evening passed most pleasantly.

HACKNEY HORSE SHOW.

London, March 3.—At the annual
meeting of the Hackney Horse Society,
a lengthy communication from the
Hackney Society of Canada, referring
to questions regarding registration was
sent to the council for further consid-
eration.

**\$99,530 NEEDED
FOR YEAR'S WORK**

Board of Works Last Night Pre-
sented Estimates for 1910.

INCREASE ABOUT \$40,000

\$10,000 For a New Pipe for Sewage
Beds—Greenhouse Again Figures
in Proposed Expenditures.

The board of works want \$99,530 for
the year's work.

At the meeting last evening, the
estimates for the year were presented
and total the sum mentioned.

This is an increase of almost \$40,000
over the preceding year, a trifle over
one mill and a half.

The largest item of increase is that
of \$10,000 for a new pipe from the
syphon tank to the bacteria beds. In
this Mr. Graydon is anticipating the
report of Engineer Willis Chipman,
who will probably recommend the in-
stallation of the pipe.

It is quite within the probabilities
that Mr. Chipman will recommend
other improvements that will cost the
city not only \$10,000, but perhaps more.
Mr. Graydon stated last night that he
would not be surprised if the cost was
higher.

A Greenhouse.
There is also an item of \$5,000 for a
greenhouse. This has been placed in
the estimates every year for some time
but has always been removed. It will
have some advocates in the council this
year, but it will probably be cut out.

A considerable item is placed in the
estimates for the repair of the Talbot
street pavement. Mr. Graydon thinks
\$2,500 will be sufficient for this pur-
pose, but some experts figure it will
cost more, as the pavement is in bad
repair.

There is also placed in the estimates
the sum of \$1,500, to give more head-
way under the Talbot street subway
of the C. P. R.

The railway company have objected
to the roadway for some time, and
the city will have to make the repairs,
it is said.

Storm Sewers.

The sum of \$8,000 was placed in for
storm sewers. It was thought that
something should be done along this
line, and some of the aldermen thought
that a mile should be constructed. It
has been placed in before, but has al-
ways been taken out by the finance
committee.

The only other new item is that of
\$3,500 for a new steam roller—which
is badly needed.

The ordinary expenditures show a
slight increase—no more than would be
expected.

There is an item of \$3,000 for asphalt
repairs. This will not be expended if
a petition now being circulated to
resurface Richmond and Dundas
streets is sufficiently signed.

The estimates are as follows:

Estimates for 1910.	1909.	1910.
Storm sewer	2,000	\$ 8,000
Asphalt repairs	1,500	3,000
Bridges	1,500	3,000
City hall expenses	1,800	1,800
City parks	2,500	4,000
City greenhouse, Vic- toria Park		5,000
Dredging river		1,000
Exhibition buildings, special grant	900	900
West London break- water	1,500	1,500
Militia camp	300	1,300
Registry office expenses, Sewers and culverts	210	210
Streets and general im- provements	350	350
New steam roller	4,500	4,500
Street cleaning	27,500	30,000
Storage buildings	3,500	3,500
Town hall expenses	13,000	14,500
Street signs	100	500
Repairs to brick pave- ment Talbot street	100	350
Lowering grade at Tal- bot street subway and repairing same	2,500	1,500
Laying one new 24-inch or 30-inch syphon pipe and constructing overflow sewers at Cove road, etc., say		10,000
Piccadilly street storm water drain, city's portion		520
Amounts granted last year in estimates not specified in above	3,719	
Total amount granted in 1909	\$60,129	1,000
Court house and jail		
Total estimates 1910		\$99,530

T.A. ROWAT & CO

**GRAND TRUNK HANDLED
23,000 CARS IN LONDON**

**Business Has Been Increasing
Steadily—Officials Well
Satisfied.**

That railroad business is steadily in-
creasing in this city is shown by the
returns of the Grand Trunk, who last
month handled no less than 23,000 cars
in the local yards. In January 21,700
were handled. The record is 25,000,
which went through in 1907.

"Business has been increasing steady-
ly and in a most satisfactory manner,"
an official told The Advertiser today.
"We are handling large quantities of
merchandise of all kinds, and the out-
look is for a record year."

STEAMERS ARRIVED.
Plymouth, March 3.—Called: George
Washington, from New York.
Marselles—Called: Venezia, New York.
Naples—Called: Messina, New York.
Abruzzi, New York.
Genoa—Called: Cedric, New York.

**STRATHROY FORESTERS AT
HOME.**

Strathroy, March 3.—Court Stead-
fast, A.O.F., held an at home last even-
ing. A programme consisting of songs,
speeches and instrumentals was given,
followed by luncheon. An address on
"The Ups and Downs of Courtship"
was delivered by G. Small, S.C.R.
Court Steadfast has a very successful
beginning for 1910, initiating upwards
of 30 members, whose average age is
20.

service before the spring rush.

A. Screaton & Co.

**POLICEMEN PASS
FIRST AID TESTS**

Ninety-Five Per Cent Who Tried the
Examination Were Successful.

At a recent examination in con-
nection with St. John's Ambulance Society
the following police officers passed
successfully: Sergt. Monaghan, Sergt.
Lucas, Acting-Sergt. Bolton, and Con-
stantines McNulty, McRoberts, Garnett,
Box, Jackson, Robertson, Ewen, Powell
and Reick. Dr. Niven conducted the
examination, which was most success-
ful, there being 95 per cent of those
trying who passed. Another class will
be held on March 8, and all wishing to
attend should send their names to Sec-
retary, Dr. H. H. Black and Superin-

tendent H. Pinnock are pushing the
work enthusiastically in this city.

The dum-dum bullet is named after
the place, near Calcutta, where it
was first made.

**DR. A. W. CHASE'S
