Blockade By Britain Would Be First Move Against Bolsheviki

GREAT BRITAIN LIKELY TO ESTABLISH BLOCKADE AS MEANS OF AIDING POLES

Report That British Would Send Military Help To Poland Is Not Confirmed in Official Quarters—Declaration of War Expected Only As Last Resort—Suuplies Will Be Furnished To Poland.

London, Aug. 5.—Statements printed by extremist newspapers here that Britain has threatened to declare war against Soviet Russia if the Bolshevik advance into Poland is not halted, have not been confirmed in authoritative quarters. While it is generally agreed the allies are taking an emphatic stand upon the terms sent by Earl Curzon, British secretary of state for foreign affairs, to George Tchitcherin, Bolshevik foreign minister, of July 20, in which he stated that if the soviet government made war upon the Polish people, the allies would assist the Poles, nothing reliably is known which would justify the assumption that such assistance would take the form of a declaration of war, with all such a declaration would involve.

In military quarters here the view is taken that the allies' principal weapon against the Bolsheviik, if it is decided to oppose them, will be the blockade, and that the Poles will, if possible, be given supplies. Doubt is expressed, however, as to the possibility of conveying supplies to the Polish army in the event that the Bolsheviki capture Warsaw and close the corridor leading from Poland to Danzig. In this case, a blockade might be the only means of helping Poland.

SOVIET OFFICIALS URGE ACCEPTANCE OF BRITISH PLAN

London, Aug. 5.—Leo Remeneff, president of the Moscow soviet, is reported to have sent a message to his government asking that Russia accept immediately the original British proposals for an armistice with Poland.

M. Kameneff, it is said, sent his message after he and Leonid Krassin, the Russian minister of trade and commerce, had had a very plain talk with Mr. Lloyd George and Andrew Bonar Law, government leader in the House of Commons, last night.

Up to the middle of this afternoon no reply had been received.

M. Kameneff and M. Krassin are members of the Russian commission which came here to conduct negotiations looking to the restoration of trade between Great Britain and Russia.

WAR MATERIAL TO BE SENT AT ONCE BY BRITISH GOVT.

London, Aug. 5.—The Evening News learns that the government today considered the Polish situation and that large quantities of war material are to be sent immediately in concert with France. "There is no intention on the part of the Allies," the newspaper adds, "to depart in the slightest degree from their position regarding Poland. The British Government may have to call for volunteers within the next few days to aid in the preservation of the Versailles treaty. It would be possible for the war office to send four divisions within the next few weeks, two divisions immediately. Steps are being taken to mobilize the navy, but the cabinet has not yet definitely decided."

IMMEDIATE TRUCE IS ONLY WAY TO CONVINCE BRITAIN

London, Aug. 5.—In a statement in the House of Commons today in regard to last evening's conference with the soviet delegates, Mr. Lloyd George said he and Mr. Bonar Law made it clear to M. Krassin and M. Kameneff that the immediate conclusion of an armistice on fair terms was the only course which would remove suspicion that the soviet government was insincere in its professed desire for peace, and in its declaration that it intended to respect the liberty and independence of Poland.

Mr. Lloyd George added that he and Mr. Bonar Law also made it clear that, in view of the fact that ethnographical Poland had been in invaded, "We would take effective steps to remove obstacles in the way of transmission to Poland from Danzig of military supplies which could be obtained from that quarter."

Premier Lloyd George stated that the soviet had not yet replied to Great Britain's note of July 29, proposing the London peace conference. He read the text of another note which Great Britain sent to the soviet government last Tuesday after the soviet demanded that the Polish armistice delegates be empowered also to sign fundamentals of peace. This note said that if the soviet insisted on making peace with Poland, to the exclusion of other powers, then the project for the London peace conference would have fallen through. Asked whether the Allies contemplated tightening the Russian blockade, the premier said: "I hope it will not be necessary to take steps to tighten the blockade; that must necessarily depend on an answer reaching us."

The premier, raising a point, said: "The best guarantee which Soviet Russia could have against the armistice being abused for the purpose of re-arming and re-equipping Poland for offensive purposes would be a fair understanding with the western powers."

SITUATION IS GRAVE.

London, Aug. 5.—Among British officials and diplomats of other nations here undisguised anxiety is felt over the Russo-Polish situation. One high official said:

"The situation is as grave as that in August, 1914."

BRITAIN IS PREPARING.

Paris, Aug. 5.—Britain has taken steps to rapidly mobilize two divisions for service in Poland, according to the Matin, which adds that plans for the transportation and revictualling of this force have been prepared. Negotiations between France and Britain for the purpose of devising means of aiding Poland are being pushed actively, other papers assert, and the bureau which has been liquidating war stocks has cancelled certain previous engagements.

"PRINCESS PATS" MAY AGAIN BE ORDERED ON ACTIVE SERVICE

Stirring News From Europe Is Causing Much Interest in Local Military Circles—General Mobilization of British Forces Would Affect Permanent Troops Stationed Here.

Effects of England's sensational announcement that a blockade on Soviet Russia has been declared with the possibility of it being followed by a declaration of war have aroused keen interest among the thousands of soldiers in London and district. General military orders forbidding the further sale of surplus war material have not reached here yet, and no word has been received regarding the mobilization of troops.

General mobilization of the British forces would affect local detachments of the permanent force. At the beginning of the former European war, the company of the Royal Canadian Regiment stationed here was one of the first Canadian units ordered out for service. They broke camp at Carling Heights and left the city only a few days before the formal declaration of war.

May See Service.

Repetition of conditions of this kind might mean the ordering out of the Princess Pats, stationed here, for service in some part of the Empire. The possibility of an occurrence of this kind is causing considerable excitement in the ranks, and numerous conjectures as to the next turn of affairs are being made. Poland and India are mentioned as two possible centres to which troops may be dispatched.

France is chiefly to blame for the muddled situation of things facing Great Britain in connection with the Bolshevikt and Polish question, according to Bernard Lastars of 500 Dundas street, who spent several months last winter in Poland and Germany, studying political and social conditions as they were affecting and were likely to affect the Jewish people and the Zionist movement.

The Specific Cause.

French jealousy at Britain getting the larger share of territorial increases following the great war was the specific cause of the present situation, he says. Of course, he also blames the Allies for trying to hold Bolshevik Russia liable for the indebtedness incurred by the late czar's government. "Money is the root of all evil," when it comes to wars and international disputes, Mr. Lastars firmly believes.

France wanted Syria and Palestine in the Near East, but the Jews themselves preferred a British protectorate. Some little difficulties were also in the way of making Syria a French colony. Then in Northern Europe, France wanted Poland made a strong anti-

IRISH INDEPENDENCE IS WAY TO HEAL BREACH

Belfast, Aug. 5.—"Provided the independent status of Ireland is recognized, Irishmen will be prepared to furnish international guarantees, properly incorporated in a peace treaty, to safeguard the strategic interests of the British Empire."

This, according to the Belfast Telegraph today, is a proposal for peace between the Sinn Fein and the Government, which was forwarded Sunday night to Premier Lloyd George.

The intermediary, who has been endeavoring to arrange for direct negotiations between the founder of the Sinn Fein organization, and the Goverment is declared by the newspaper to have formerly been a member of an internationally known Ulster firm.

FUNERAL OF MAJOR-GENERAL GORGAS IN LONDON

Great Britain paid a valuable tribute to the American officer who made the construction of the Panama Canal possible by his medical and sanitary work. The funeral took place at St. Paul's Cathedral, and the gun carriage and pallbearers are shown in the picture. They are all members of the British army. A crowd of civilians watched the funeral cortege with bared heads.—Central News Photo Service, New York.

IMPERIAL PRESS DELEGATES ARE WELCOMED TO CAPITAL CITY

Governor-General and Premier Meighen Address Representatives.

DISCUSS CABLE RATES

Opposition To Government Subsidies Is Voiced by Editors.

Ottawa, Aug. 5.—Discussion of cable facilities and rates for the transmission of news throughout the Empire occupied the opening session of the second imperial press conference here this morning. Right Hon. Viscount Burnham was elected chairman, and Lord Atholstan was elected honorary chairman, both unanimously. Informally declaring the conference open, his excellency the governor-general expressed the confidence that the assembling of so many influential newspapermen in a conference of so representative a character would have the same valuable results as did the first conference in 1909, and play a big part in the solution of the problem of reconstruction. Hon. Arthur Meighen, the premier, and Hon. W. L. Mackenzie King, leader of the Opposition, spoke formally in welcome to the delegates.

Consideration of the resolution on cable rates will be continued this afternoon. British and Canadian delegates were emphatic this morning in their opposition to the acceptance of any Government subsidies, which might possibly imply Government control of the character of news services.

Ottawa, Aug. 5.—By Canadian Press.—In the course of his speech of welcome to the Imperial Press Conference in formally declaring the conference open, His Excellency said:

"My mind goes back to the time of the first conference in England in 1909. The success which attended it justified that conference in the fullest degree, and in the light of future events proved of the highest value in guiding us through that critical time which followed it. It would be idle to pretend that we do not see critical and troubled days ahead. We have to face facts as they are. But we must have vision and confidence in ourselves and no body of men are more capable

THE WEATHER

LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 82; lowest, 46.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 68; lowest, 55.

TOMORROW — WARM, THUNDERSTORMS.

Toronto, Aug. 5—8 a.m.

Forecasts.

Moderate southeast winds; warm and partly cloudy today; a few scattered thunderstorms tonight and on Friday.

Temperatures.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Stations.	High.	Low.	Weather.
Victoria	70	52	Clear
Calgary	76	44	Fair
Winnipeg	58	54	Cloudy
Port Arthur	64	54	Cloudy
Parry Sound	80	54	Fair
Port Stanley	70	56	Cloudy
Buffalo	82	68	Cloudy
Toronto	78	56	Clear
Kingston	72	58	Fair
Ottawa	80	52	Fair
Montreal	78	58	Clear
Quebec	80	54	Clear
Father Point	62	48	Clear

Weather Notes.

The weather has been showery over the greater part of the Western Provinces and in Northern Ontario, while from Southern Ontario to the Maritime Provinces it has been fair and moderately warm.

CITY WILL COME THROUGH WITHOUT ANY OVERDRAFT

Has Meant Careful Financing, Says Mayor Little, But the Council Is Keeping Within Its Estimates — Economy Is Being Rigidly Exercised To Keep Expenditures Down.

While Toronto is reported to be facing a huge overdraft on its civic expenditures this year London is in a much more favorable condition, Mayor Little stated today.

"What is London's overdraft at the present time?" he was asked. "Not one cent," was the reassuring reply. "We are having a hard struggle in some cases, but we have kept everything within the estimate so far."

The mayor stated that practically every municipality would face an overdraft in some departments, as it was impossible entirely to foresee the year's expenditures. Through a condition of this kind it is possible that London may spend more money than expected.

HAS ADDED $15,000.

Exemption of returned soldiers from taxation has added about $15,000 to the tax rate, whereas the cost of the exemption was estimated at only a few thousand dollars.

All other estimates seem ample, but in order to keep within them the council committees have been forced to refuse money for some worthy projects. For instance, a grant of even $50 was refused the Women's Gardening Association because no provision had been made in the estimates. Economy of a like nature has been exercised in regard to a number of other matters.

WITHIN ITS INCOME.

The mayor pointed out that while the city was living within its income it was still necessary to borrow money. This state of affairs is due to the fact that taxes for street oiling and watering cannot be collected till the next year, while the work must be paid for this year. Thus while the city has an income sufficient to meet the cost it does not receive it in time.

WOULD SEND RUM-RUNNERS TO PRISON, FINE THEM ALSO, TAKE AWAY CARS AND BOOZE

Toronto, Aug. 5.—Crown Attorney Corley knows a way to discourage whiskey-running from Toronto to Windsor, or, for that matter, in any other area. "Fine and imprisonment of the guilty, confiscate the liquor, and also confiscate the motor car," suggested Mr. Corley to Col. G. F. Denison in today's police court.

In the case of Harold Lagrose (or Lagross) of Windsor, Mr. Corley's plan went into partial effect, Lagrose being fined $1,000 and costs and sentenced to three months' imprisonment also. Confiscation of the whiskey was ordered, and that of the car would have followed had the power been given by the Ontario temperance act.

"I find that my friend, Mr. Haverson, has not provided for confiscation of the car," explained Mr. Corley, with a smile.

"I thought I made it pretty severe," returned James Haverson, K. C., in the same spirit.

Mr. Corley—But the car may be confiscated under the inland revenue act. The inland revenue people can get the car from the police.

Two other men, William Whitefield and Hyman Eskovweman, were remanded in connection with the Toronto-Windsor case.

TORONTO TO DEMAND ELECTRIFICATION OF ALL MOTIVE POWER

Board of Control To Apply To Have Smoke Nuisance Abated.

Toronto, Aug. 5.—For the abatement of the smoke nuisance, the Toronto City Council will today adopt a recommendation of the board of control, demanding that the Dominion board of railway commissioners compel the steam railways to electrify all their motive power operating within the limits of the city of Toronto.

What's Doing Tonight?

Allen's—Henry B. Walthall, in "The Long Arm of Mannister."

Patricia—Billie Rhodes, in "His Pajama Girl," and vaudeville.

Loew's—Douglas Fairbanks, in "Mollycoddle," and vaudeville.

OTHER EVENTS.

At the big tent, between Wellington and Waterloo at 8 o'clock, "What Law Did Christ Abolish?"

Regular meeting of St. George's, No. 42, A., F. and A. M., at 7:30 o'clock.

TOOK $25,000 OFF ASSESSMENT

Court of Revision Helps London and Port Stanley Railway.

Twenty-five thousand dollars reduction in London and Port Stanley Railway assessment was made by the court of revision at Port Stanley last night after representatives of the railway had lodged a vigorous protest against the manner in which they were being treated.

It was claimed by the railway representatives that the assessment had been increased from $31,000 to $113,000. After the matter had been argued for some time it was finally agreed to make a net reduction of $25,000 on the bath-house and some minor business assessments.

While this was a distinct gain for the London Railway Commission, they are reported as being dissatisfied still with the condition of affairs. They will make a further appeal to have the assessment on the buildings. It is claimed that land owned by the city is assessed for $85 a foot, while land adjoining it, owned by private interests, is assessed for only $35.

Londoners owning property at Port Stanley will join with the commission in protesting against the increased assessment on their land, it was stated today.

GERMANY HAS SECRET PACT WITH REDS TO TAKE POLAND

Soviet Armies To Conquer the Poles With German Support.

WOULD APPROPRIATE ALL

Agreement Calls For Bolsheviki To Give Up Poland For Germany's Benefit.

London, Aug. 5.—Soviet Russia concluded a secret treaty with Germany concerning Poland a few weeks before the great Polish offensive began, says a correspondent of the London Times. He claims he has secured the information from "excellent authority."

The treaty, it is asserted, contained the following provisions: Russia, with interference from Germany, would be allowed to appropriate all of Poland's arms, munitions, rolling stock and foodstuffs. . . After the conquest of Poland, permission would be given Russia to send a number of Bolshevik commissioners into that country to control the export of Polish supplies of all kinds. . . . Russia would then undertake to completely evacuate Poland in favor of Germany, which would hold the country as a guarantee against future credits to Russia in return for German goods and German labor.

"Russia," the correspondent adds, "intends to try to avoid the terms of this treaty by the creation of a Polish Bolshevik army, the first steps in the formation of which are now being taken in occupied areas of Poland.

"When Russia withdraws from Poland she will leave this Polish army, permitting Germany to take such steps as she can to face the situation. The Bolsheviki are convinced Britain will not materially aid Poland, and will wage their next campaign against Rumania or Bessarabia."

APPROVAL OF DEBENTURES IS HANGING FIRE

Council Must Give a Third Reading To the Bylaws.

Approval of debenture issues for waterworks and electrical extensions is still hanging fire, although there is a possibility that it may be secured before the end of the week, E. V. Buchanan, general manager for the public utilities commission reported today on returning from an interview with the Ontario railway and municipal board in Toronto.

A third reading must be given by the city council to the bylaws authorizing $85,000 for water main extensions and $60,000 for electrical extensions. Only two readings were given them at the special meeting called for that purpose a week ago, it being intended that the third reading should be given when the sanction of the railway board had been obtained. Another meeting of the council will have to be called immediately to pass the third reading. It is not expected that there will be any difficulty in doing this, as the previous readings were passed unanimously by the ten aldermen who were present.

A feature which may present some difficulty, however, is the absence of a number of aldermen from the city on vacations. The bylaw must receive the assent of two-thirds of the council, and it may prove a hard task to get that number of aldermen to the council chambers.

Further details concerning the proposed issues are asked by the railway board in the meantime. The bylaws sent to them stated only the bulk sums required. The board wishes the items stated separately. This will not be difficult as detailed estimates were drawn up for the public utilities commission at the beginning of the year. These are still on file. General Manager Buchanan will forward copies of them to the board tonight.

Jewelry Store Is Robbed Despite Burglar Alarm

Montreal, Aug. 5.—When S. Ross Vineberg, diamond and jewelry merchant, of 51 Craig street, went to his place of business this morning, he found that burglars had visited the premises during the night and made away with jewelry worth $5,000. All the doors and windows were fitted with burglar alarms, but the burglars had made their entry from a room above by cutting a hole through the ceiling. Two months ago the same place was robbed of $2,000 worth of jewelry. At that time entry was effected by cutting a hole through the window.

FARMERS ARE BUSY.

Belmont, Aug. 5. — Farmers all through South Dorchester are working overtime these days in an effort to get their harvesting done, as the recent wet weather greatly delayed operations. A splendid hay crop is being saved and the outlook generally is most satisfactory.

Mr. Plank, who recently moved here from London, has taken the farm formerly owned by Andrew G. MacGregor, who has moved to London.

BOLSHEVIK HORDES DRIVING ON TOWARDS WARSAW; POLES MAKING STRONG STAND AGAINST INVADERS

Poland's Volunteer Army Reported To Have Retaken Town of Brody—Munitions and Rifles From France and Britain Are Being Rushed To Warsaw For That City's Final Stand Against Soviet Forces — French Officers Acting As Technical Advisers To Polish Commanders.

Polish Situation

The steady march of the Russians upon Warsaw has created a situation which is causing grave anxiety in European capitals. Some expressions go even to the extent of comparing it with that of August, 1914.

The Allies are making representations to Soviet Russia in aid of Poland, the British note dispatched yesterday being now described in some quarters as in the nature of an ultimatum, although allegations that it contained a threat of war are not confirmed in authoritative quarters. The Russian emissaries now in London are reported to have recognized the gravity of conditions and are urging their Government to halt the Russian march in Poland.

Efforts by the armies of the Polish Republic to stem the tide of the Russian Bolshevik invasion which threatens Warsaw seem to have been futile.

Brest-Litovsk, the last bastion in the permanent defences east of the Polish capital, is in the hands of the soviet armies, and Lomza, an important railroad junction and strategic base to the northeast, and Kovel, northeast of Brest-Litovsk, have been given up by the Poles.

West of Brest-Litovsk the Poles still hold the great fortress that have made that city one of the principal fortresses of Eastern Europe, but soviet troops have been flung across the Bug River further to the northeast, and it would appear this move will compel a retirement of the Poles from their defences. The Russians are advancing in echelon after the tactics adopted by Gen. Mackensen when he led the German armies in the great Dunaje campaign during the war, and the Poles are repeatedly being outflanked and forced to leave positions they have held for days against frontal attacks.

Leaves for Minsk.

The Polish armistice commission leaves Warsaw for Minsk today to meet representatives of the Moscow Government for the purpose of arranging an armistice and beginning peace negotiations.

There are many reports of Allied action to stop the advance of the Bolsheviki or to come to the aid of Poland, but as yet nothing authoritative has been reported relative to this phase of the seemingly desperate situation confronted by the infant republic.

The military situation relative to the Bolsheviik and Polish armies continues somewhat obscure. A Berlin report received here would seem to indicate soviet troops have reached a point about thirty miles from the outer fortifications of Warsaw. This report, however, has not been confirmed, and, in fact, disagrees with some other dispatches. While rumors persist in some quarters that the Polish position is desperate, it is said to be more favorable in some well-informed circles, where it is even questioned whether the reds have actually captured Brest-Litovsk as claimed, or menace Warsaw in any way.

Moreover, some observers doubt that the Polish capital is imperilled for the time being at least.

Warsaw, Aug. 5.—Russian soviet armies driving against the Polish lines defending Warsaw are maintaining an average progress of six miles per day in the direction of this city.

They are being held in the south, however, and in some places are being pushed back from the districts east of Limberg, which is one of the objectives of their present campaign.

Today's official statement, issued at general staff headquarters declares the Poles have retaken the town of Brody, near the Gallcian frontier, and have forced the Bolsheviki back into Russia in the region of Radzivlov, northeast of Brody.

Poland strained every ounce of her reserve power yesterday to checkmate the Bolsheviki in the game on the result of which depends the fate of the new republic. Men in whose hands rests the destiny of Poland assembled at various conferences throughout the day, and taking a leading role in all decisions were the British, French and Italian missions.

Munitions recently unloaded at Danzig by the British were arriving during the day, and tanks, rifles and artillery from France were rushed to the front. French officers are arriving daily to act as technical advisers at Polish general headquarters in the preparations for Warsaw's final stand against the invaders.

Newspapers of this city were still confident, and expressed great hopes in the volunteers now facing the enemy. Some wounded men from these detachments have already arrived here, many of them being boys who left school when the country called its men to arms against the soviet armies.

POLES APPEAL TO GREAT BRITAIN AND FRANCE

Warsaw, Aug. 5.—The Polish Government has asked the members of the Franco-British mission to return respectively to Paris and London, lay the real situation in Poland before their governments, and give their opinion as regards suitable aid.

POLAND IS READY TO TALK PEACE WITH BOLSHEVIKI

Warsaw, Aug. 5.—Poland's council of defence has sent a wireless dispatch to Moscow informing the Soviet Government that Poland was ready to send a peace delegation to Minsk. Two conditions were laid down by the council. They were:

That Polish delegates be permitted to communicate freely with the Warsaw Government, and that the Soviet Government agrees to accept in principle the terms Poland will propose.

SOVIET FORCES HAVE CROSSED RIVER BUG

Paris, Aug. 5.—Bolshevik forces have crossed the River Bug on a wide front west of Brest-Litovsk, where a great battle is being fought, says a dispatch from Warsaw quoting an official statement issued at the Polish capital last night. On the northern sector of the front, where the soviet armies have been plunging ahead in an effort to reach the corridor connecting Poland with the Baltic, the Poles are said to have won local successes. The statement, which covered the events of yesterday would seem to indicate the Bolshevik advance in the region of Mlawa has been checked, temporarily at least. In the Szreth region river sector, Eastern Galicia, the Poles have been successful, it is said.

POLES CLAIM TO BE CHECKING UP REDS' ADVANCE

Paris, Aug. 5.—Polish circles in Paris claim the advance of the northern red army is becoming slower and that the resistance of the Poles is more stubborn. They declare Polish forces still are holding Ostrolenka 22 miles southwest of Lomza, and say the Warsaw-Danzig railroad is in no immediate danger.

LOMZA CAPTURED.

Warsaw, Aug. 5.—Lomza, an important city about 75 miles northeast of Warsaw, has been taken by the Russian Bolsheviki after being defended for many days by the Poles, according to an announcement at the foreign office tonight. Polish forces have evacuated Brest-Litovsk, but hold the forts west of the River Bug, and further south the Poles have evacuated Kovel and are withdrawing to the line of the Bug River.

MISSION LEAVES THIS WEEK.

Paris, Aug. 5.—It was semi-officially announced here today that Lord d'Abernon, head of the British mission to Poland, and J. J. Jusserand, head of the French mission, would leave Warsaw before the end of the present week.

PEACE DELEGATES LEAVE.

London, Aug. 5.—The Polish armistice and peace delegation left Warsaw for Minsk today, according to advices received here.

YOUTH HELD ON SERIOUS CHARGE

Assault and Rape Against Caradoc Farmer's Wife Is Alleged.

Harry Anderson (colored) of this city is lodged in the county jail here charged with assault and rape on Gladys Owens of Caradoc Township. The offence is alleged to have been committed on July 30 last, and Anderson was remanded to jail for eight days by C. W. Dingman, justice of the peace at Mount Brydges.

The accused youth was working in Caradoc Township when arrested, and he will receive a preliminary hearing before Squire W. H. Chittick in the county court here on Friday.

According to statements made to The Advertiser, the victim of the alleged crime is a married woman, and Anderson visited her home during the absence of her husband, who returned unexpectedly, with the result that the local youth was arrested and brought to jail here to face the above charges.

HORTON ST. LAD IS PAINFULLY INJURED

Norman Campbell Fell 28 Feet From Hay Mow.

Norman Campbell, 13-year-old son of D. F. Campbell, 125 Horton street, received serious injuries to his head and shoulders when he fell from the mow on the farm of W. O'Brien, in Westminster, striking a cement floor 28 feet below. Medical assistant was summoned from London and Dorchester and the boy's injuries were attended to. His parents were also summoned from London, and the boy was removed to his home here where his condition was reported today as much improved.

WILL MOVE TO LONDON.

Lakeside, Aug. 5.—Dr. Allison of London has purchased the practice of Dr. Murray here. Dr. Murray plans to move to London in the fall.

WOMAN FATALLY HURT IN MOTOR ACCIDENT

Regina, Aug. 5.—Mrs. W. Campbell of this city was fatally injured last evening, when run down by a car driven by S. Nickle, member of a well-known boot and shoe firm. Mr. Nickle defied the policeman who tried to arrest him at the time of the accident and drove away in his car. He was later apprehended and will face a charge of manslaughter. The woman died an hour after the accident.

COURT ACCEPTS $2,000 BAIL FOR GORDON ANGUS

Youth Charged With Theft of Auto Remanded Until Wednesday.

Charged with the theft of an auto valued at $1,000 from Dr. Angus Graham of this city, Gordon Angus, who was arrested by the Windsor police recently and brought to London, appeared in police court today, and was remanded until Wednesday next. Bail in the sum of $2,000 was allowed in two sureties of $1,000 each, furnished by the prisoner's father and Fred L. Ross.

Angus is alleged to have taken the car from in front of St. Andrew's Church, and to have abandoned it on the asylum side road in a damaged condition, after which he escaped arrest by leaving the city.

C. S. Parker appeared to answer a charge of speeding, and after hearing the evidence Magistrate A. H. M. Graydon dismissed the case. When asked to plead Parker said "Not guilty this time." He produced a witness to prove that he was not on Ridout street last Saturday at the hour specified by the constable, but was working at his brick yard south of London. The court remarked that accused had been before him many times on similar charges, and was always honest in his admissions, consequently was given the benefit of the doubt.

Made His Own.

H. Taylor of Belmont, lost the front marker on his car, and made one for himself. His artistic prowess cost him $10 and costs this morning. Constable T. Fish testified that he noted the imitation on Taylor's car last Saturday, which was of exact size, "sign painted very good," and corresponded with the genuine marker on the rear of the auto. Taylor declared that he understood motorists were allowed 16 days in which to advertise for the lost marker, but admitted that the forged one was in use three weeks by him.

Magistrate Graydon pointed out to accused that his offence was serious, because it made possible the scheme of using one set of markers on two cars. Under the circumstances, however, he imposed a low fine.

Broke the Law

Pleading guilty to breaking the motor vehicles act, E. Bateman, A. Williams and A. McPherson contributed $5 and costs to Police Court Clerk John Moule, while William Hill, E. R. Bond, A. Shoddock, G. Anguish, Edmond Edworthy and W. J. Wray were assessed a two-spot and costs each for similar offences. Breaches of city bylaws cost Thomas Holend and S. L. Hodgins $2 each.

The $5 ante for speeding was boosted to $10 by the court on E. C. Tuckey of this city, owing to the fact that he has been convicted before on a similar charge. "You will kill somebody yet," commented the court in imposing the fine of $10 and costs.

New Ocean Passenger Boat Launched In Scotland

The latest addition to the Fleet of the Canadian Pacific Ocean Services, Limited, is the S. S. "Montcalm," which was launched at Clydebank, Scotland, by John Brown & Company, Limited, early in July. It is similar in general design to the present popular "M-boats" of the C. P. O. S., the S. S. Melita, Minnedosa and Metagama, embodying the most up-to-date ideas in ship-building. The Montcalm is a twin-screw geared turbine, two-compartment oil burning passenger steamship, 566 feet in length and 70 feet in breadth, of 15,500 tons. There will be accommodation for over 500 Cabin and over 1,500 Third-Class passengers. It is expected that the first transatlantic trip will be made next February. The Montclam is built to the requirements of the highest class of Lloyd's Registry under special survey to class as 100-A1. It will have a speed of 17 knots. At the launching the naming ceremony was performed by Lady Fisher, wife of Sir Thomas Fisher, general manager of the C. P. O. S. Sir Charles Ellis, managing director of the John Brown Company, presided at the subsequent lunch, and proposed success to the vessel. He stated that the Montcalm and her sister ship, which they hoped would be in the water early next year, were the first vessels they had built for the Canadian Pacific Ocean Services, Limited, and they all felt the honor. Anything that could promote trade and intercourse between the Dominions and the Mother Country must receive everyone's whole-hearted support. Sir Thomas Fisher replied and proposed the toast of "the Builders." He said that the Montcalm was designed for the ordinary traveler, and not to carry "the millionaire class." Looking to the future they had felt that it was very desirable to improve the standard of the third-class accommodation, and they hoped they had reached the stage when a man and his wife, to whatever class of the community they belonged, would travel in comfort to and from Canada without paying extravagant prices. Continuing, he said, he felt the time was come when a limit must be set to the rising cost of ships, ie more ships were to be built. Their company set out to build four ships in 1916, and the prices on which the directors calculated had been—he would not like to say doubled—but it was certainly much more than they had contemplated. There had been a constant rise in wages to all classes of men, which had been very upsetting to the calculations of those responsible for the finance of big shipping companies. Unless some finality could be reached there would not be so many orders coming along in the future as in the last few years.

THORNDALE

THORNDALE, Aug. 4.—At the recent lower school Normal entrance examination, there were 16 candidates from Thorndale High School, and 13 were successful, or 81.15 per cent. The average for the province of Ontario was 66.9 per cent of the students who wrote. Following are the names of the successful candidates: A. R. K. Matthews (honors), E. H. Bolton, H. J. Henderson, I. F. Loughlin, E. F. N. McCutcheon, M. J. MacIntyre, M. S. Orchard, T. R. Parkinson, M. E. Rumble, R. C. Rumble, W. Rumble, D. E. R. Vining, R. K. Weston.

Miss M. Gendron, B.A., of Penetanguishene, has been engaged as principal of the local high school, and Miss Kenny of Belmont, assistant teacher. Miss Ina McGuffin has been engaged as teacher of Wilton Grove School at $1,000. Miss Wilma R. Harding has been engaged as teacher of S. S. No. 11, W. Nissouri, at $850 salary.

GIRLS WERE FOUND SLEEPING UNDER TREE

Youthful Pair Claim They Want to Go to Chatham.

Ida and Ruth Lester, aged 18 and 20 years of age, respectively, came to London recently from Windsor, and developing a fresh air mania slept under a tree in South London last night. Their slumbers were interrupted by Constable Monteith about 12:10 a.m. today, and as a result they appeared in police court charged with vagrancy, and were remanded for one week. In the meantime inquiries will be made to locate their relatives.

The girls, who are well dressed, and not of the usual police court type, informed the court that they journeyed to Windsor from Montreal with the intention of crossing to the United States, but were held up at the border. They then came to London seeking work, but when arrested were unemployed. If freed they announced their intention of proceeding to Chatham.

One drunk contributed the usual $10 and costs to the Carling street exchequer.

WILTON PICNIC IS HELD AT SPRINGBANK

At the annual picnic of the Wilton family and relatives held at Springbank on Wednesday, more than 100 members were present, including those from Jackson, Mich., Windsor, St. Thomas and other places. A very enjoyable time was spent in races, games and other sports. Of the five brothers who came from England only one survives, Samuel Wilton of Hamilton.

Officers were elected for the outing next year, and it is intended to make the picnic an annual affair.

Among those present were Mrs. E. Crane o fOrwell, Ont.; Amos Wilton of Windsor, and Mr. and Mrs. Isaac Wilton and family from Jackson, Mich.

DEATHS AND FUNERALS

IN LONDON SIXTY YEARS.

Malcolm Meston, aged 81 years, and a resident of London for the past 60 years, died on Tuesday at his home, 30 Argyle street, after a brief illness. His widow, two sons and two daughters survive, Mrs. Nelson and Miss Merle of this city, and James and Malcolm Meston.

The funeral will be held on Friday to Mount Pleasant Cemetery. Rev. G. B. Sage will conduct the services.

MILITARY FUNERAL TO BE HELD.

Robert Bradley, a returned soldier, died in Victoria Hospital on Wednesday after a long illness from tuberculosis contracted while overseas.

The funeral will be held on Friday from 93 Smith street to Mount Pleasant Cemetery. He will be accorded full military honors. Rev. George McKinley of the Hyatt Avenue Methodist Church will conduct the services.

EX-FEDERAL LEAGUER HURT AT PORT STANLEY

Roy Curler, one of the players of the Willoughby, Ohio, baseball team, received a broken hip bone when he was struck with a ball while at bat, when his team was playing the All Stars of London at Port Stanley on Wednesday afternoon. Dr. Stork of Cleveland, Ohio, with the assistance of Mrs. J. F. Thomson and Miss M. Doidge of No. 4 Nursing Division Hospital, which is stationed at the lakeside, gave first aid, after which he was assisted to the boat by some friends. Mr. Curly accompanied the Cleveland Engineering Company's employees, who held their annual picnic at the lakeside. The injured man is well known throughout Ohio as a baseball player, being a former Federal League player.

CONCRETE LAYING TO START AT ONCE

Work on the New Reservoir Is Proceeding Rapidly.

With the work of excavation entirely finished, the addition to the Springbank reservoir is now well on the way to completion. Final steps in connection with the first stage of the work were taken today. D. O. Johnston of Brantford, who excavated ground for the public utilities commission, today removed all his equipment from the scene of operations and left it clear for the new phase of the work, laying the concrete.

The departure of the excavating gang presented a picturesque appearance. A procession of several hundred feet was formed by the wagons and machinery. Many of the vehicles were adorned with tents and other camp equipment. Early rising citizens who met the cavalcade believed that they had seen a troop of gypsies on the march, or a section of the Canadian permanent force out for a little field training. It took a closer examination to convince them that it was only a contractor's peaceful outfit.

POLICE BROKE UP AFRICAN GOLF GAME

Three South End Residents Were Fined $2 Each in Court.

African golf is an exciting pastime, but when the police interfere it is made more costly, and this fact was proven to Nathan Jack, Jacob Wilmer, and Solomon Lechinsky, three south end Jewish residents, who were fined $2 and costs in police court today for indulging in a little game of "shootin' craps." Other participants in the game escaped arrest, but the three captured ones pleaded guilty today to a charge of disorderly conduct with the above result.

DANCE ON THE GREEN AT G. W. V. A. PICNIC

Arrangements Complete for Big Outing at Springbank on Saturday.

Good weather is the only thing needed to make the annual outing of the G. W. V. A. at Springbank on Saturday a success. All other arrangements are complete and the prize list.

A feature of the outing will be the dancing on the green in the evening. Arrangements have been completed with the public utilities to have the grounds in front of the pavilion wired. The G. W. V. A. and the P. P. C. L. I. bands will play throughout the afternoon and for the dancing in the evening.

Headquarters has made arrangements for the transportation of the families to the grounds, and all motor trucks at the barracks have been consigned to routes. They will call at the houses whose families are going and take them to the park.

Much of the success of the outing thus far is due to the efforts of Comrade E. Ball. Following are the names of the sports committee—Chairman, Comrade Devlin; Comrades J. W. Cunliffe, E. Ball, E. Aiken, G. Turner, W. Hyatt, and E. Foster. Comrade A. Ireland will look after the refreshments.

COSTING A HUGE SUM TO FINANCE LEAGUE

San Sebastian, Spain, Aug. 5.—Herbert Ames, member of the Canadian Parliament, in a report submitted to the council of the league of nations, today estimated that it is now costing about £40,000 pounds sterling per month to run the league.

The council yesterday turned its attention to public finances. It considered at some length the arrangements for the proposed international financial conference at Brussels, which is to be held independent of whether the Allied powers and the Germans have agreed on the total reparations or have adjusted the various annuities.

POLICE FIND AUTO.

Police found Ford sedan No. 93205 at the south end of Wharncliffe road last night. It was reported to have been there for two days previous.

W. E. WARDELL IS NEW MASTER OF THE COUNTY GRANGE

Annual Picnic Held At Port Stanley Was Most Successful.

SOLD AUTO, FINED

Novel Charge Laid Against Man Who Had Failed To Notify Authorities.

ST. THOMAS, Aug. 4.—The annual meeting, coupled with the season's outing of the County Division Grange was held at Port Stanley yesterday, and both business of much importance and pleasure in abundance kept the members and their families busy and joyful the whole day long.

W. E. WARDELL MASTER.

The division was organized for the year by the election of W. E. Wardell as master, the other officers being: Secretary-treasurer, Miss Hattie Robinson of Apple Grove Grange; overseer, William Blewett, Forest Rose; lecturer, W. E. Leeson, Dufferin; chaplain, Charles Saywell; steward, Arnold McCallum; assistant steward, Harry Palmer; gatekeeper, C. P. Welter; Ceres, Mrs. George Campbell; Pomona, Mrs. Frank Bainard; Flora, Mrs. Pound; Stewardess, Mrs. Stanley Lyle.

HOME-GROWN SEED.

C. W. Buchanan, district agricultural representative of West Elgin, spoke on seed selections and the advantage of having it home grown. He advocated a system of growing one or two varieties of grain, potatoes, etc., instead of a multiplicity of grades, as has been the practice in the past.

Miss Robinson gave an explanatory address on the metric system.

Mrs. John Curtis of Middlemarch was given the leading prize for having the largest family on the grounds, which consisted of twelve children and grandchildren.

J. C. Dixon of Moorefield, master of the Dominion Grange, reminded the members in a brief speech that a past-master, Hon. E. C. Drury, was now premier of the province, and that the Grange was the first organization to give equal rights to women. Mr. Dixon saw in the near future bigger and more surprising things coming from the union and troublesome times.

FINED FOR SELLING AUTO.

Charged with selling his auto without advising the department of the sale, a Huron County man, residing at Belmont, was fined last evening by the county magistrate. The complaint is a new one in this vicinity, but perfectly proper, declares the magistrate.

The car was found in the ditch near Aylmer some time ago with all the lights out. The summons was served on the party who owned the car before the transfer was made, and a journey of 63 miles to the supposed owner's home was made by the Elgin officers before it was learned that the transfer had been made. The offence, declared the magistrate, is getting too common in the county, and the next victim found guilty will be given the limit of $50 and costs.

BIRTHS, MARRIAGES, DEATHS.

During the month of July there were a total of 33 persons born, 15 married, and 23 died, compared with the same month a year ago, when the figures were 29 births, 16 marriages, and 12 deaths. Last June records show 42 born, 31 married, and 19 deaths.

BUILDING NOT BRISK.

The holiday season is having its effect on building operations in the city, as well as deals in real estate. The market in residential property is not expected to resume the conditions which figured in every section of the city the past season before the middle of September. The building permits issued during the month did not reach $10,000, eight of which were for garages, the biggest being that of E. Coffey, who is erecting a garage to cost over $4,000. The remainder are all repairs and alterations to buildings.

DEATH OF MRS. COLE.

Mrs. Jane Cole, widow of the late Samuel Cole, died yesterday evening at her residence, 20 Opeechee street, in her 81st year. Her husband predeceased her fifteen years ago. She was a native of England, and is survived by two sisters, Mrs. William Irving, Toronto, and Mrs. Anges Forster, Carlisle, England. Interment will be made in St. Thomas Cemetery Friday afternoon.

ITEMS OF INTEREST.

George Copeland of Yarmouth has sold his farm of 104 acres to C. A. Whaley, Brownsville, for $13,500.

Dominion Engineer Craig of Windsor is in Port Stanley today looking over conditions there.

Hon. T. W. Crothers, formerly minister of labor, and Mrs. Crothers will spend the week-end in St. Thomas.

Eighty-seven graves of deceased members of the Sons and Daughters of England were decorated by the members of the order on Sunday. On every mound was placed a Union Jack, accompanied by the words: "Until Morning Breaks."

Professor Spooner, late of Stratford, has been appointed organist of Trinity Anglican Church.

PALE-CHEEKED GIRLS, TIRED-OUT WOMEN QUICKLY BUILT UP

Wonderful Record Made by New Blood-Food Remedy.

Certain Results Guaranteed.

Pale people have pale blood.

In other words, the blood is watery and lacks red corpuscles.

The stomach is wrong.

Assimilation is poor and food is not changed into blood. Naturally the system is robbed of vitality, lacks strength and reconstructive power.

Don't slip from vigor into weakness.

Don't allow the appetite to fail, but instead use Ferrozone.

You're bound to feel rejuvenated and strengthened at once.

Appetite is braced up, digestion is stimulated, vigor imparted to the stomach. Everything you eat is transformed into nutriment that supplies what your thin, weak system needs.

Vital, life-giving blood that makes rosy cheeks and dancing eyes—that's the kind that Ferrozone makes.

The strength and buoyancy that defies depression and tiredness, that's the sort you get with Ferrozone.

Every pale woman can transform her bleached-out appearance with Ferrozone.

Not only will it improve looks and spirits, but by rebuilding all weak, tired organs, Ferrozone establishes a soundness of health that's surprising.

For women and girls who want to feel well, to look well, to be well, and stay well, nothing known in the annals of medicine is so certain as Ferrozone.

Won't you try Ferrozone?

Concentrated cure in tablet form, that's Ferrozone, 50c per box or six for $2.50, at all dealers, or direct by mail from The Catarrhozone Company, Kingston, Ont.

SMALLMAN & INGRAM LIMITED

"HIS MASTER'S VOICE"

August Records now on sale. Hear the new productions on a Victor. Third Floor.

PREPARING GRAINS FOR FALL FAIRS

(Experimental Farms Note.)

It pays to advertise. There is no better advertisement than to be a prize winner at the fall fairs, and no crop on the farm can be exhibited to better advantage than the cereal crop. To attain the best results, a special plot should be maintained and kept thoroughly clean, free from weeds and all impurities. Harvesting should be done by hand, keeping the sheaves as neat and straight as possible.

First and foremost the grain in the sheaf must not be weathered, it must be perfectly dry and of good color. The best results are obtained by the use of slightly immature straw, as it will be found to be less brittle and easier to handle. The straw should be spread in thin layers in the sun to dry; the sun will bleach the straw as well as dry it. Use only straight, uniform straws to make the sheaf; two or three sheaves should be collected in the field to allow for waste.

Ideal Sheaf.

The majority of persons have the idea that all the straws should be the same length and the heads all placed on the same level. This would give us the square head in which, when tied, the majority of the straws would break off below the head. The ideal sheaf has a rounded head with a gradual curve. This rounded head is procured by allowing the central straws to stand a little higher than the surrounding straws, and each layer of heads that are added, to gradually slope away from the centre. The large sheaf may be conveniently formed by first making a number of small sheaves and then placing them together as though they were individual heads, gradually sloping them off in the same manner. To finish the sheaf a layer of individual heads should be placed around the whole, producing a finished exhibition sheaf. All the loose leaves should be plucked off the outside of the sheaf with a jack-knife, leaving only the white shining straws, and all heads that do not conform to the symmetry of the head may be cut off, leaving a perfect sheaf. Colored ribbon about ¼ to ⅜ inch wide may be used with good effect to cover the binding strings.

Bulk Sample.

The remainder of the plot should be threshed by hand. This will form the bulk sample for the fair. If the plot was kept pure in the field there will be very little that will need to be done to the threshed sample. A good fanning mill will remove all shrunken and small kernels, all chaff and dirt. The fanning mill must be clean, many an excellent sample has been ruined by a dirty fanning mill. Thoroughness is the secret of a good sample, the fanning mill should not be spared, even if it means fanning away 50 per cent of the original sample.

The bulk sample may be double bagged for shipping to the fair. The sheaf should be shipped in a box ⅝ inch longer and ½ inch broader and deeper than the sheaf. The sheaf should be wrapped in paper and tied, fitted into the box and kept in position by supports.

EVEN YOUTHS ARE INVOLVED IN THE BOOTLEGGING GAME

17-Year-Old Taxi Driver Arrested With Cargo of Whiskey.

YOUNG LIQUOR THIEVES

Two Youths Arrested For Robbing Cellar—Escaped Arrest Once.

WINDSOR, Aug. 4.—That bootlegging involves not only grown-up men and women along the border, but youths as well, was indicated in the appearance in Windsor police court today of Clarence Harris, seventeen-year-old taxi driver, who was arrested while conveying a load of eleven jugs of whiskey from Walkerville to Ojibway below Sandwich, where it was to have been transferred to boats and smuggled across the river.

Harris protested his ignorance of the contents of the jugs and was hazy in his description of other details bearing on the case.

Provincial officers who made the capture of the cargo of liquor said Harris had frequently been engaged by them to guard caches of whiskey seized in raids by them and hidden until they were able to arrange its transportation.

The court, reluctant to penalize the boy because of his tender years, remanded him for further hearing.

Young Liquor Thieves.

In the arrest of William Brian, aged 16, and George Foley, aged 15, Windsor police believe they have the thieves who robbed Thomas Weir, former alderman, of five and a half cases of whiskey, which were in his cellar. The liquor was hidden in bushes nearby Motorcycle Officer Begg chased the boys for a considerable distance Sunday when they succeeded in making good their escape. They returned again yesterday, however, for their hidden store and were captured after another chase.

Gas Convention.

Representatives of over sixty municipalities affected by the natural gas situation will confer in Windsor Thursday morning at the city hall with officials of the Union Gas Company and Gas Commissioner Estlin, with a view to evolving a solution of the present problem.

Still Owes $200 Fine.

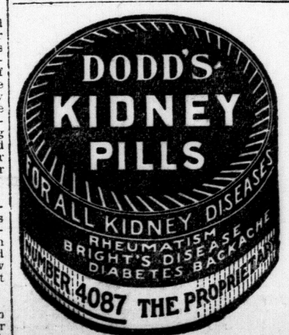

When George Nicholson appeared in Windsor police court today to answer a charge of selling whiskey in bulk lots, investigation of his previous record disclosed the fact that he had been fined $200 back in 1917 for selling beer. The court was startled to learn that this penalty had never been paid. Nicholson explained that he just didn't seem to have the money. A neighbor woman testified she had purchased a gallon of liquor from Nicholson's wife for $35, had bottled the wetgoods and sold two bottles for $10 each.

Will Appeal Cases.

Mrs. Edna Marion and her nephew, Warren Fowler, of Petite Cote, who lost 39 cases of whiskey between them by an order of confiscation made Saturday by Magistrate Miers, today entered notice of appeal to quash the local court's decision. On the occasion of her hearing the woman informed the court that four or five quarters of liquor a day was a mere nothing.

Passed 100 Per Cent.

Reports published by the department of education show that each of the five students from Assumption College sent up for honor matriculation examination, passed with first-class honors, a 100 per cent showing. They were Alex. Denomy, Wilfrid Murphy and Stanley Lynch of Windsor, and Carlisle Lebelle and Gerald Sharpe of Sarnia. The last three also secured first-class honors in Greek.

DURHAM

DURHAM, Aug. 4.—Holstein village, Egremont Township, was en fete Monday. Civic Holiday, to witness an exhibition game of football between a picked team from the township and the Massey-Harris Company, Toronto. The game was a plucky one on both sides and excitement ran high from start to finish. At the close the score stood 1 to 0 in favor of the Toronto team.

Egremont Township, the past season have become enthusiasts over football, the schedule games arousing great interest and a large attendance. Councillor G. McEachren is donating a silver cup to the team of best standing at the close of the season. Orchard team at present stands on top.

FLIES WITH BISHOP

SIR JOHN EATON, Canada's merchant prince, has just had his first trip in an aeroplane, and he declares the sensation of danger is sadly lacking. Sir John's flight was with his nephew, Col. Bishop, V.C., in the giant plane "Glin Riki," and was made over the popular air route between Toronto and Muskoka.

MARINE NEWS

SARNIA PASSAGES.

SARNIA, Aug. 4.—The vessel passages at this port today were:

Up—Lalielle, 11:10; Cygnus, 11:20; Schoonmaker, 11:30; Argus, 3 p.m.; Baker, 5:30; Schneider, 5:50; Hydrug, 7; Alex Thompson, 7:20; Manchester, 7:50; Haine, 8:10; Wolf, 10; Pontiac, 11; Booth, 11:40; Mars, 3:30 a.m.; Luzon, 4:20; Ericsson, 1:37; Hanna, 7:30; Townsend, 8:40.

Down—Angeline, 9:40; Nottingham, 9:50; Farrell, 9:50; Rennselar, 10; Croft, 10:30; Agawa, 10:50; Sheadle, 1 p.m.; Adams, 2:20; Midvale, 2:20; Vega, 4; Stone, 4:10; Hoover, 4:50; Palmer, 5; Lopus, 5:30; Huron, 6; Morse, 8:20; Chrig, 8:50; Gates, 9; Snyder, 9; McDougall, 10:30; W. King, 12; W. L. Brown, 2 a.m.; Bradley, 4; Kennedy, 5:50; Lynn, 5:30; Hull and consort, 7.

ATE SUPPER; ROOF BURNED.

CHATHAM, Aug. 4.—Central fire station here sent two motor trucks out in answer to a telephone call at 6 o'clock this evening. On arrival at the scene of the fire, the firemen found the family calmly eating their supper, oblivious of the fact that the roof of their kitchen was on fire. The alarm had been sent in by someone who evidently forgot to notify the occupants of the house of their predicament. Fortunately very little damage was done.

DRURY LEAVES FOR NORTHERN ONTARIO TO SURVEY FARMS

TORONTO, Aug. 4.—Premier E. C. Drury left tonight for Monteith, where he will make an inspection of the Government experimental farm. The premier will also make a survey of farming conditions in Northern Ontario.

I. O. O. F. INSTALLATION HELD AT PRINCETON

PRINCETON, Aug. 4.—At the regular meeting of Princeton Lodge, No. 297, I.O.O.F., D.D.G.M. Harry Byers and his train from Grand River Lodge, Paris, installed the following officers:

Junior Past Grand, W. P. Blackmore; N.G., A. Hewitt; V.G., O. Thompson; recording secretary, T. Hewitt; financial secretary, W. Scott; treasurer, T. Whittington; warden, Dr. McCall; conductor, J. Tennant; O.G., J. Hess; I.G., F. Davis; R.S.N.G., T. J. Rawlinson; L.S.N.G., C. Swarts; R.S.V.G., D. Hoag; L.S.V.G., E. O. Whittington; R.S.S., T. Whittington; chaplain, D. Dickson.

Light refreshments were served at the close of the business, speeches given by the D.D.G.M. and brethren, vocal quartets and selections by the Princeton six-piece orchestra. There was a good attendance of the home lodge and a few visitors from Paris.

D. D. BRAHAM is editor of the Daily Telegraph, Sydney N. S. W.

BROWN, UREN, VINING, GLEASON, REUNION AT LAKESIDE WEDNESDAY

Speeches Feature — George Uren of Ingersoll Is Elected President For 1921.

Members of the families of Brown, Uren, Gleason and Vining to the number of several hundred gathered at Lakeside Wednesday to do honor to the names and achievements of their pioneer forefathers and to renew old ties with their associated kindred. Invitations to be present at this annual celebration are sent out to the members of each family near and far. Guests were present yesterday from Montreal, Buffalo, Toronto, Woodstock, London, Stratford, St. Marys and many other places. A great number of those present came from farms in Zorra and West Nissouri, the title deeds of which have never been out of the family since their derivation from the crown in the first part of the last century.

Ideal weather prevailed throughout, and no untoward incidents marred the pleasure of the day. During the morning the older folks gathered together in little knots or moved from group to group exchanging greetings and reminiscences, while the younger generation found its delight in scampering gleefuly through the woods or paddling about on the waters of the lake. At noon the ladies served refreshments.

Speeches.

After lunch the guests were treated to a most interesting program, consisting of speeches from leading members of the several families represented. The chairman of the day, Mr. Irvin Gleason, who was elected president of the association for the year 1919-1920, gave a speech of welcome on behalf of the executive, and touched briefly on the aims and needs of the organization.

The main item on the program was a speech by Dr. Frank Uren, a noted surgeon of Toronto, who had motored from his summer home in Orillia to be present. In honor of the fact that this year marks the hundredth anniversary of the coming of the Uren family to West Nissouri, it had been decided to have a Uren day, and to hear from Dr. Uren a history of the fortunes of those sturdy pioneers. They came from the country near Penzance, in Cornwall, England, of sturdy yeoman stock. A recent visit to the home of his ancestors had impressed Dr. Uren with the beauty and fertility of the farm of Merrymeeting, which was the home of his forebears.

Taxes Responsible.

The strong motives necessary to tear a home-loving family from such a pleasant dwelling place were supplied by the tax and tithe ridden conditions of the time in England, the constant drafting of soldiers in the perpetual wars and the lack of religious freedom for the Dissenter.

Emigrated.

Several members of the family of Uren emigrated first to New York, where they tried Cornish methods of intensive farming on Manhattan Island, and later, owing to British preferences, to Canada. Here they settled in West Nissouri and direct descendants still hold the farms then cleared and settled.

Mr. J. B. Gleason spoke briefly for his family connection, and Mr. Joseph Brown of this city gave an amusing and instructive address, in which he pointed out that moral fibre is strengthened by following the path of great resistance.

Games and races, among them two amusing novelties, a bottle race and a reindeer race, concluded the interesting program.

Officers for the next year were selected, Mr. George Uren of Ingersoll being chosen as president and Mr. Ebenezer Vining as vice-president. The secretary and the treasurer of last year, Miss Lizzie Gleason and Mr. Joseph Showers, were again returned, as were the secretaries of the registers of the various families.

SCORE OF RECRUITS JOIN W. O. R. PIPERS

Enthusiastic Meeting Last Night—Peter Russell Elected Pipe Major.

To date 26 men have jointed the newly-organized Western Ontario Regiment pipe band. A most enthusiastic meeting was held in the armories on Wednesday evening. Several more recruits are expected soon.

The members decided that the Fraser tartan was the one most suitable for wear by the bandsmen. A committee was appointed to purchase music, which will be of use to the brass band as well as the pipers. It will probably be obtained in Scotland.

Peter Russell was unanimously elected pipe major, while William McMillan was selected as the leader of the drummers. These men have held similar offices in other bands, so that it is expected their work will be of the best.

Practices, it was decided, will be held on Mondays and Fridays, the first one being held this week in the armories.

Special quarters have been arranged by the military authorities for the members of the band. These rooms will be used for a place of practice, as well as a club.

CHURCH OUTINGS HELD AT SPRINGBANK PARK

Baptists of Denfield, Ailsa Craig Methodists All Make Merry.

Wednesday afternoon at Springbank was one of the quietest since the opening of the picnic season. No local picnics were held yesterday, the Ailsa Craig Methodist Sunday Schools, and the Denfield Baptist Sunday school were the only out-of-town picnics. Family picnics were the order of the day. The zoo was the main attraction for the visiting picnickers.

Arriving in the morning, the Ailsa Craig party explored the park and afterwards had dinner. A number of group games and a baseball game were played, and tea was served. The picnickers left at an early hour for home. The Sunday school teachers formed the committee in charge of the outing.

The Denfield Baptists did not number more than 20. They arrived from Denfield at 2 o'clock, and visited every nook of the park. No races were staged owing to the small number picnicking. Tea was served by the ladies.

HORSE TRAMPLES ON 13-YEAR-OLD BOY

During the holding of a garden party at the home of Max Kohl, concession 12, London Township last night, the 13-year-old nephew of Mrs. Gus Ferguson was knocked down and trampled on by a horse. The foot of the horse became entangled in the boy's belt, and it was some minutes before he was released. Dr. McNeil of St. Johns was called and found that the lad, while painfully hurt about the back, was not seriously injured. After medical attention he was taken to his aunt's home.

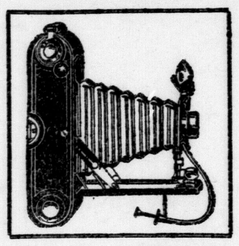

BASEBALL GAME IS FEATURE OF PICNIC

More than 800 employees of the Cleveland Engineering Company of Willoughby, Ohio, gathered at Port Stanley for the occasion of their annual picnic. The feature of the picnic was the baseball game between the London "All-Stars" and the "Willows" of Willoughby, Ohio.

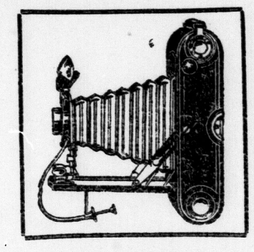

The All-Stars were shut out by a score of 7 to 0, probably the absence of rooters was the cause of the boys from the Forest City losing the game. No more than 300 witnessed the game, and they were nearly all Ohioans. The employees' large brass band was present and kept the picnickers in good humor.

AN ANNIVERSARY SALE

To Celebrate 34 Years of Successful Service

To serve you better is the great purpose of this store, and if you will just come once or twice, or oftener, to this wonderful sale, you will see how successfully this purpose has been achieved.

BETTER DRUGS—BETTER SERVICE—BETTER PRICES

It was almost impossible for us to gauge the phenomenal success of OUR ANNIVERSARY SALE last week, with the result that many of our good friends were disappointed at finding our stock of their particular wants entirely exhausted. At considerable expense, and a good deal of hard work, we have decided to offer practically the same list of BARGAINS for

Thursday, Friday and Saturday

REMEMBER! These bargains are for three days only. You simply cannot get them at these prices on any other day. No mail or phone orders can be filled on any of these goods, nor can we send any C. O. D., and to prevent dealers from buying we are restricting quantities.

EVERY CAR IS BEING PRESSED INTO SERVICE

Railways Are Experiencing Heaviest Traffic in Many Years.

The railways are doing a record business in both passenger and freight traffic. It was stated by one of the officials on the Grand Trunk that in this division every passenger car has been pressed into service and with all the equipment they are unable to take care of the passenger service in many cases. The traffic is heavier than it has been for years past, caused by the large number of holiday seekers, which has gradually increased since early in the season.

Freight traffic is very heavy, consisting mostly of general shipments. Only a small percentage of the freight traffic is coal.

The C. P. R. reports that there are 500 cars of general freight coming through London from Windsor today. The earning on the C. P. R. for the week ending July 31 shows an increase of over a million dollars from that of the corresponding week in 1919.

KNIGHTS OF COLUMBUS ASK RECOGNITION OF THE IRISH REPUBLIC

Members of Order Holding a Convention in New York.

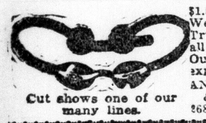

New York, Aug. 5.—The Knights of Columbus, in annual convention here, adopted resolutions yesterday stating they believed "that Ireland has the right and ought to be a free and independent nation." The resolutions were adopted a short time prior to the receipt o fa letter from Eamonn De Valera, so-called president of the Irish republic," appealing for the order's support in an effort to gain official recognition by the United States of the "Republic of Ireland."

DRIVER OF CAR INJURED.

Toronto, Aug. 5.—An unknown driver of a heavy touring car was apparently seriously injured when the car just about daybreak this morning crashed into a heavy meat truck backed up to a store on Dundas street. The driver collapsed, but his companions in the car drove hiom off immediately. Both vehicles were badly damaged.

INDIAN MEDICINE MEN

In the Indian tribe one finds the "Medicine Man"—one versed in the healing art of roots, herbs, leaves and barks, in these he discovers emollients, astringents, laxatives and tonics, all of which are prepared and offered to sufferers among the tribe. To such good, old-fashioned roots and herbs, Lydia E. Pinkham's Vegetable Compound, the most efficient remedy in the world for female ills, owes its success. For forty-five years it has been restoring the women of America to health, until it is now recognized as the standard remedy.

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try it! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion whitener, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

RETURNS WAR SALARY

SIR EDWARD KEMP, new minister without portfolio, and formerly minister of the overseas forces of Canada, who has returned uncashed all checks received by him for ministerial salary during the war period. In all the checks amount to $25,219.

HOUSE OF LORDS DEFEATS BILL

Amendment to Mines Measure Disapproved in Upper Parliament.

London, Aug. 5.—Canadian Associated Press.—The Government suffered defeat in the House of Lords late last night on the amendment to the mines bill, proposing that instead of a minister of mines there should be a parliamentary secretary.

Lord Peel, for the Government, urged that the amendment constituted an attack on the principle of the bill, but the peers carried the amendment by 28 to 25.

LOCAL NEWS

—Miss Eva Carter of Clinton is spending her holidays in Waterloo, the guest of Mrs. C. G. Merritt.

—L. Roberts of the Royal Bank staff at Elmira has been transferred to the branch at Norwich.

—Miss Kittie Andrew of this city has gone to St. Marys to spend her vacation with her parents, Mr. and Mrs. D. Andrew.

—Mrs. Fred Watkinson, 910 Princess avenue, and daughters, Audrey and Eva, and son, Gordon, have been spending a month's holidays with Mrs. Watkinson's brother, Walter H. Scott of Copemich, Mich.

BROKE HER ARM.—While returning from the fair grounds last evening Miss Hynes of 299 Hill street tripped on the cement pavement on Dundas street, near English, and broke her right arm.

BANK CLEARINGS. — The bank clearings in the city for this week totalled $3,552,462. For the corresponding week last year, they were $2,971,494, an increase of $580,968 over the same week of last year.

GOING TO GENEVA.—Bishop David Williams of Huron, who has been attending the Lambeth Conference in London, England, is going to the Geneva Anglican conference in a few days. Bishop Williams expects to return to Canada during the early part of September.

WRIT ISSUED.—McKillop & Douglas, acting for Annie L. Stephenson of this city, have issued a writ in the supreme court here against William R. Stephenson, Ruby Thomas, Mollie and Dorothy Stephenson, as executors and executrices of the estate of Thomas Stephenson, deceased, late of this city, for her dower out of lands of the late Thomas Stephenson.

MANY GO ON FARMS.—The report of the Ontario employment bureau local office for last week shows that 87 placements were made by Superintendent J. C. Spencer. Of these, 33 were on farms, demands for flax pullers taking the majority. A number of soldiers obtained employment through the bureau last week, 31 being placed. In all there were 108 applications for employment on the list at the local office last week.

GOING TO SHOOT.—Four men from military headquarters' staff will go to the Ontario rifle shoot at Toronto on Sunday. The shoot begins on Monday and will continue until Friday. Eight men from the W. O. R. will also attend the shoot. This is the largest number to go from the city to any rifle shoot in Canada. Following are those going from the barracks: Conductor J. Godfrey, Sergt. Major T. Martin, Sergt. Major W. C. Carter and Staff Sergt. T. Bryant. They expect to go to the Dominion shoot at Ottawa following the Toronto tournament.

GARDEN PARTY.—A very successful garden party was held last night at the home of Max Kohl, concession 12, London Township, in aid of the Sick Children's Hospital at Toronto. The attendance was estimated at between 1,000 and 1,500. J. W. Freeborn, M.P.P., East Middlesex, presided over a very pleasing program, which included musical selections by the Birr Brass Band, instrumental and vocal selections, recitations, readings and addresses. The entertainment was held under the auspices of the Women's Institute, and the proceeds amounted to over $400.

INSPECTED CAMP.—Secretary Ed. Lance of the Soldiers' Aid Commission visited the camp at Port Stanley for the soldiers' families Wednesday afternoon. He stated to The Advertiser today that the campers are having the best time of any yet, although the weather has been anything but pleasant. "Twins are the feature of the camp," said Mr. Lance. "They are always together and people are surprised to see how alike they look. They are known around the camp as 'Mike and Ike' they look alike." On Wednesday, August 11, the Central Veterans' Council will give the kiddies a treat of ice cream, cakes and candies.

COMING TO CANADA

RIGHT HON. BRIG.-GEN. J. E. B. SEELY, P.C., C.B., U.F.O., M. P., who commanded the Canadian Cavalry Brigade in the great war, and who is coming to Canada in about one month.

SIR THOMAS MAY COME HERE YET

Cancels His Reservation On Olympic and Will Remain Four Weeks.

Sir Thomas Lipton, the famous English yacht racer, cancelled his reservation on the White Star liner Olympic Wednesday night, and plans to spend another four weeks sightseeing in America. This move will probably give him a chance to visit London.

C. F. Copeland, president of the Canadian Club, stated to The Advertiser that he regretted that Sir Thomas Lipton was returning to England without visiting London, the hub of Western Ontario. Sir Thomas Lipton's extended visit will perhaps give him a chance to come to this city. If he does not come here this year an attempt will be made to have him a guest of the citizens of London in 1922, when he intends to come to America in another attempt to capture the international yacht trophy, which has not been on British soil for nearly half a century.

According to a statement issued by Sir Thomas Lipton in New York he will not dismantle his yacht Shamrock IV., but will leave it in America until he returns with Shamrock V. He will then use it as a tester for the yacht which he believes will carry the trophy back to where it orginally came from.

SEARCH IS RENEWED FOR MISSING CHILD

Autopsy On Remains Expected To Reveal Little.

St. Catharines, Aug. 5.—The finding of the decomposed body yesterday of Margaret Boucock, the 4-year-old victim apparently of brutally indecent treatment, on the Welland ship canal route at Thorold, has resulted in plans for a renewed search for 6-year-old Kathleen Beechman, the other Thorold child, who has been missing since May 24, and who many now believe may have suffered a similar fate, although relatives yesterday also claimed the body was that of the Beechman child, and color was lent to this claim by the fact that a newspaper of May 20 was picked up near the remains. The authorities are convinced that identity of the body as that of Margaret Boucock has been established.

A report was in circulation this morning to the effect that David McNeal, who is being held on suspicion since the Boucock child's disappearance, had made a confession at Welland jail. This report was proven to be entirely without foundation. He will be called as a witness at the inquest on Monday next.

Drs. Vanderburgh and Pablow, who last night performed an autopsy upon the decomposed remains of the child, but declined today to give the result.

Coroner Herod had little hope that a post-mortem examination would reveal anything, because of the advanced stage of decomposition.

BOY KILLED TRYING TO RIDE A HORSE

Montreal, Aug. 5.—Dragged and trampled by a runaway horse, Ernest Major, 13, was found dead when the horse was finally stopped.

The boy had tied himself to the horse, and when the animal took fright fell off its back and was dragged at furious speed for a quarter of a mile, the horse striking him with its hoofs at every stride.

CIVIC EMPLOYEES TO PICNIC ON AUGUST 14

August 14 has been officially designated as the date for the greatest event of the year, otherwise known as the annual picnic of the city works department and city employees generally. An enthusiastic meeting last night appointed a committee to arrange the details of the grand festival, and preparations are now making rapid strides.

The whole afternoon will be devoted to the outing. Past experiences with the city picnics indicate that a highly interesting program of sports will be drawn up. Provision will be made for the city fathers to take an active part in the proceedings, and other events likely will be inter-department baseball games and tugs-of-war.

Refreshments will be supplied for a picnic luncheon, which will be one of the largest of the season.

WEDDING BELLS

SMITH—COPLAND.

A very pretty wedding was solemnized on Wednesday, August 4, when Jessie R., eldest daughter of Mr. and Mrs. James Copland, was united in marriage to Alexander S. Smith, of Glasgow, Scotland, Rev. W. R. McIntosh officiating. The bride, who was attended by her twin sister, Miss Bessie Copland, wore a pretty white dress with corsage bouquet of tea roses. The bridesmaid wore a grey dress with corsage bouquet of pink sweet peas. Mr. Robert Copland, brother of the bride, assisted the groom.

After the ceremony, a dainty luncheon was served at the home of the bride's parents, 230 Waterloo street, to a number of the intimate friends. Guests motored from Stratford and Kitchener for the occasion. The bride and groom left for Detroit in the evening, the bride traveling in a lovely sand-colored suit and white hat. On their return Mr. and Mrs. Smith will reside in London.

DEATHS AND FUNERALS

HAS SISTER AT AILSA CRAIG.

Hamilton, Aug. 5.—Mrs. Alice Edinger, wife of Frank Edinger, and sister of Mrs. Duncan Robertson, 223 Rebecca street, passed away at East Stroudsburg, Pa., on Friday last, in her fiftieth year. Mrs. Robertson had been visiting Mrs. Edinger, who had suffered a paralytic stroke. Mrs. Edinger had partaken of some ice cream, with relatives, and lapsed into unconsciousness ten minutes later. She was born in Halton County, and had been a resident of Stroudsburg for some years, where she was a member of the Methodist Church Ladies' Aid, and adult Bible class. Besides her husband, she leaves a brother, J. Read, inspector of detectives, of Detroit, and two sisters, Mrs. Duncan Robertson of this city, and Mrs. Charles Barnes of Ailsa Craig.

J. Bull—We've got to get him up or he'll have us down! Germany must be saved in spite of herself. That is the fact borne out by the recent decision of the allies to reduce their claims against Germany.—Low in the Star, London.

GAS COMMISSIONER STRONGLY CRITICIZED BY CHATHAM MAYOR

F. H. Briscoe Calls For an Investigation of Official's Acts.

ESTLIN IS AGREEABLE

Windsor's Chief Magistrate Flays Gas Companies For Asking Higher Rates.

Windsor, Aug. 5.—The feature of the gas conference which was opened in Windsor this morning, and at which over 45 representatives of Western Ontario municipalities were present, was a fighting speech by Mayor F. H. Briscoe of Chatham, in which he criticized the administration of E. H. Estlin, natural gas commissioner, accusing him of having called meetings in his office at which certain municipalities, Chatham included, had not been asked to be represented. "We feel that the usefulness of the gas commissioner's office is at an end as far as Chatham is concerned," said Mayor Briscoe in terminating his address.

A spirit of apparent peace had pervaded the meeting until the mayor of Chatham fired his broadside into the gas commissioner and moved a resolution appointing a committee of five to investigate the actions of the gas commissioner, go into the whole situation and report back to a meeting of representatives of the municipalities to be called in the near future. This resolution was supported by Councillor H. R. Hatcher of Walkerville, but was opposed by E. B. Winter, mayor of Windsor, on the ground that a conference called by Mr. Estlin, the representative of the Government, was not a fitting occasion upon which to go into his record and submitted a resolution of that nature.

Attacks Gas Companies.

The mover and seconder of the motion showed no disposition to withdraw it, and Gas Commissioner Estlin, who presided, said he would welcome it. At 1 o'clock the proposed measure had not been submitted to the meeting, but was still under discussion.

Strong addresses were made by Acting Mayor F. L. Howell of Windsor and Mayor Winter, in which the attitude of the gas companies in endeavoring to "railroad through" what was characterized as an excessive rate schedule, was bitterly attacked.

All three speakers claimed that the Union Gas Company was doing nothing to develop its fields and increase the flow of gas; that it had made enormous profits in the past, and had set aside no sinking fund to undertake development work, and now that the supply was running low it tried to hold the municipalities up for a raise in rates which would bring in sufficent revenue to sink additional wells.

"We are asked to contribute the money with which the company proposes to increase its business and increase its revenue. We are placed in the position of paying for the manufacture of the article, and then are called upon to buy it at an exorbitant rate," was the terse manner in which Mayor Winter summed up the situation when concluding his address.

SECTION FOREMAN KILLED.

Hamilton, Aug. 5.—Failing to notice the approach of a fast express, Frank Badgeley, section foreman, was crushed between the flyer and a freight train at Grimsby this morning and instantly killed.

A FINE CLOVER YIELD.

Arkona, Aug. 5.—The new crop of clover is being threshed with good results. Muxlow Bros. threshed 36 acres with a yield of 140 bushels. This is selling at $22.50 a bushel. The wheat is a splendid crop. Threshing has begun, and the returns are splendid. Oats and barley are coming fine.

RAISE PASTOR'S SALARY.

St. Marys, Aug. 5.—The salary of Rev. A. J. Langford, pastor of the Methodist Church, has been raised to $2,200 by a unanimous vote of the quarterly board. The congregation has also purchased an auto for the church, and placed it at the disposal of the pastor, who, with his family recently left to spend August at Grand Bend.

APPOINTED ORGANIST.

Waterloo, Aug. 5.—Professor Alton H. Hellor, who has been organist and choir leader at the St. Peter's Lutheran Church at Preston for several years, has resigned to accept the position of organist of St. Paul's Presbyterian Church, and will commence his duties on Sunday next.

HOUSING COMMISSION NAMED.

Toronto, Aug. 5.—The board of control this morning recommended to the council the appointment of a housing commission, to be composed of—

E. L. Cousins, manager for the Toronto harbor commission.

W. H. Smith, chairman of the Social Service Commission and managing director Canada Feather and Mattress Company.

John Russell, harbor work contractor.

Geo. Barron of R. Barron, Limited, grocers.

Col. Boyd Magee, who commands the 210th (Irish) Regiment.

All five have consented to act.

FACES SERIOUS CHARGE.

Montreal, Aug. 5.—Charge of misappropriation of $5,000 funds of the Grand Army of Canada to his own use, preferred against Capt. Andrew McDuff, former president of that organization, was further heard in the enquete court yesterday. Evidence tended to show that sums taken at these entertainments had not been fully accounted for by Capt. McDuff. Adjournment was made to Tuesday next.

PROF. DORSEY HAS PLAN TO TRANSMIT POWER UNDER LAKE

Winnipeg Electrical Expert Visiting in Toronto.

Toronto, Aug. 5.—Professor John W. Dorsey, of the University of Manitoba was a visitor in Toronto today, and discussed with Sir Adam Beck the hydro-electric knight, a method of transmitting power from Niagara to Toronto under the waters of Lake Ontario. Professor Dorsey claims to be the inventor of a method of heating houses by electricity which will be less costly than coal. He made several experiments in Winnipeg and is optimistic that his plans will materialize.

He admitted today in an interview that his plan of transmitting power under water, which is impossible with the present system, is, of course, particularly applicable to Toronto district.

In regard to heating houses by electricity, Professor Dorsey said:

"I hope to make it possible for the poorest man to use electricity to an advantage. The original installation of my system is not costly, and houses in which it was to be installed could be more cheaply planned. For one thing, no basement would be necessary. The man whose house was heated by electricity would, of course, have to take the utmost advantage of the economics of burning electric power. Those rooms could be heated which he was using, the unoccupied rooms need not be heated."

PURLOINED A HAM

Thieves Broke Into Grocery Store in East London During Night.

Taffy, the Welshman of story-book fame, who stole the leg of beef, has been eclipsed by a Londoner who broke into the grocery store of Charles W. Summers & Sons, 577 Hamilton road, last night and purloined a ham. The thief was not satisfied with this valuable booty, but also carried away with him a large stock of cigarettes, cigars, tobacco, chocolate bars and candy, as well as $3.50, loose change which he secured from the till.

So far no reports have been received of other stores in the vicinity being burglarized.

City detectives are working on the case.

DRURY PROMISES TO PROTECT PUBLISHERS

Hamilton, Aug. 5.—Premier Drury yesterday assured a delegation representing the Ontario and Quebec Conference, International Typographical Union, that in future in all contracts for the sale of pulpwood limits a clause would be inserted guaranteeing 15 per cent of the output to Canadian newspaper publishers.

GOING TO AUSTRALIA.

St. Marys, Aug. 5.—D. R. Stephen, superintendent of the local water and electric light department, has tendered his resignation to take effect immediately. He will leave about September 1 for Melbourne, Australia, where he intends to make his home.

MINERS' STRIKE EXPECTED.

Sydney, N. S., Aug. 5.—Indications point to a strike here. New wage scale demands are to be submitted, and it is doubtful whether the men will accept the decision of the royal commission. Efforts are being made to have a conference of the U. M. W. called before the session of the royal commission scheduled for August 9, when these fresh demands regarding increases from two to three dollars a day will be taken up.

CARPENTERS ASKING 65 CENTS.

Hespeler, Aug. 5.—Carpenters and laborers employed on the new public school here are on strike for 65 cents an hour. They have been getting 55 cents, and Shultz Bros. of Brantford, who have the contract, have offered them 60 cents, it is stated.

SUING FOR $136.—Through Graydon & Graydon, solicitors, McConnell & Fergusson of this city have issued a writ in the county court here against Seagrove-Lougheed Company, Limited, of Sarnia, for $136.40 due on account for advertising.

CAPT. R. AMUNSDEN, who has reached civilization after severe hardships in the Arctic regions. Among his experiences was a terrific struggle with a bear. He escaped with his life but was badly mauled. He intends to start for the North Pole soon again.

U. S. DESTROYERS ARE ORDERED TO PREVENT LANDING OF CABLE

Naval Boats Take Places Off Miami Harbor.

Miami, Fla., Aug. 5.—Four destroyers and one scout patrol boat, under orders from Washington, waited outside Miami harbor today for the British cable layer Colonia, en route here to land the Miami end of the Western Union Telegraph Company's cable from Barbadoes.

The destroyers, commanded by Rear Admiral Decker, commandant of the seventh naval district, have orders to prevent the landing of the cable. Aboard the destroyer Cole is British Vice-Consul Hubbard, who has been instructed by the British embassy at Washington to direct the Colonia's captain to disregard orders of the Western Union Company to begin at once the work of landing the cable. Vice-Consul Hubbard also has sent a dispatch boat to intercept the Colonia.

OFFICIALS AWAITING RESULT.

Washington, Aug. 5.—Government officials today awaited the result of orders issued by President Wilson to prevent the landing by the Western Union Telegraph Company at Miami, Fla., of its newly-laid cable from Barbadoes.

Two methods are being relied upon by the Government to prevent landing of the cable prior to the international communications congress, which convenes here September 15. Orders have been issued by the navy department at the president's direction to destroyers now off the port of Miami to prevent the landing, by force, if necessary.

The state department has requested the British embassy to inform the captain of the ship chartered by the Western Union Company, the British steamer Colonia, that such a landing would be violation of United States law.

BANDITS WHO HELD UP C. P. R. BELIEVED TO BE HIDING IN MOUNTAINS

Calgary, Aug. 5.—The pursuit of the three bandits who held up train No. 63 through the Crow's Nest Pass on Monday afternoon has progressed so far as to establish the fact that the train robbers have not crossed the border into the United States, and that they must be in hiding a short distance from the scene, was the information given by the police last evening. Major McLeod, superintendent of the bureau of investigation for the Canadian Pacific western lines, is in the city and will leave for the south today to put himself in touch with the situation. He is forced out into the open very shortly.

DELEGATES CHOSEN TO REPRESENT LONDON

Four Will Go to British Empire Chamber of Commerce Meeting.

Delegates to represent the London Chamber of Commerce at the ninth congress of chambers of commerce of the British Empire have been appointed as follows: W. W. Nobbs of the McClary Manufacturing Company; Henry Pocock of the London Concrete Machinery Company, Major Gordon Ingram and A. E. Silverwood. The congress will open September 18, and will continue for some days. At the close of the congress, the delegates will visit London on an itinerary to extend as far west and north as Sault Ste. Marie and Cobalt. They will arrive here at midnight and remain until 3 o'clock the following afternoon.

In addition to the London delegates, the following representatives will attend from the Western Ontario Associated Boards of Trades: W. F. Cockshutt, M. P., of Brantford; Ald. John Bridge of London, and one other delegate not yet named.

IMPERIAL PRESS

than this one of having a wider and more far-reaching influence on public influence. We are now standing at the turning point of our history, and you are meeting with great responsibilities. But as your work and influence proved of such vast assistance in the empire's war problems, we are confident that you will be able to prepare yourselves to meet your responsibilities in the immediate future, and to prepare the way for brighter times in the days of peace."

After extending to the delegates a warm welcome to Canada, and expressing Canada's appreciation of the honor of having been chosen as the meeting place of the second press conference, His Excellency assured the delegates that they would find throughout Canada, in the remaining days of the tour, the same spirit of friendship and goodwill which had met them in their journey so far.

Under Imperialistic Spirit.

His Excellency spoke of the necessity which appeared for a wider imperialistic spirit in empire affairs. Canadians were sometimes prone to attach too much importance to its local, almost parochial affairs, and one result to be hoped from the press conference was the appreciation by all of the necessity for considering the destinities of the British people as a whole in the working out of our problems. The governor-general closed with a flattering reference to Sir Robert Borden's administration and regret that he had been compelled to resign the premiership. His Excellency expressed complete faith in the power of Sir Robert's successor, Mr. Meighen, to carry on the task.

Lord Burnham nominated Lord Atholstan, chairman of the Canadian section of the Empire Press Union, as honorary chairman of the conference. Lord Atholstan said that the honorary chairman having no work to do, he could hardly plead that he was not capable of filling the position.

Hon. Arthur Meighen, prime minister, extending the welcome of the people of Canada, referred to Lord Rosebery's speech in 1909, which was surrounded with the mystic light of prophecy, especially when he said: "Welcome home."

Meighen Welcomes Delegates.

He, Mr. Meighen, would simply say now, "Welcome to Canada." The people of the Dominion would throw open their hearts and their homes, "and," he remarked facetiously, "in some provinces their cellars." He assured the visitors that they would find the bone and sinew of Canadians was sound, their blood was red and pure, and the visitors would find nothing unhealthy in the body commercial of Canada."

Hon. L. Mackenzie King, leader of the Opposition, frankly stated that while he joined in the congratulations to Mr. Meighen on his industry and ability, yet he, the speaker, would do all in his power to make his tenure of office as brief as in the interests of the Canadian people he believed it should be.

Mr. King suggested that the word "British" should be used instead of "Imperial," in the characterization of the conference. The former was suggestive of spirit rather than of form, and bespoke an attitude synonymous with freedom, justice and liberty, fair play and right. Moreover it was all embracing and world encircling, and distinctive. The latter had come to denote a kind of centralization in all matters of organization and in method, autocracy rather than democracy, and as such was not expressive of the spirit of the several democracies that comprised the nations of the British commonwealth.

PRINCESS PATS

German state to hedge around France's natural enemy, the Hun, still more tightly. France went to war to get Alsace-Lorraine, and she got these two provinces, but she was not satisfied. She saw Britain extending her power in Mesopotamia and other Asiatic territory, and she was naturally jealous.

Allies Took Posen.

The Poles owed their independence to Germany, who freed them from Russia. The Allies took Posen away from Germany, too, and rounded out Poland into a nice-sized country, but France wasn't satisfied with the way things were settled, so she sent arms and munitions and generals into Poland to oppose the Soviet party, which was growing in power in Poland. The Russians would have recognized Poland's independence, but it was hard to satisfy a disunited people with Allied influence encouraging further disunion, according to Mr. Lastars.

What he fears most, is that Russia and Germany may unite in a new war on the allies. This would be very regrettable, because he thinks the allies have not played quite fair with Russia.

At the present moment the two most democratic countries in the world are Russia and Germany, he says. With the power of the czar destroyed in one and kaiserism leveled to the dust in the other, the people are determined never to go back to monarchies, international trick diplomacy and financial intriguing. External opposition to Russian democracy has served to unite every Russian solidly behind the Bolshevik authority, as some of the Russians are opposed to the Bolshevik party.

Have Not Forgotten.

While the Jews have not forgotten the pogroms and massacres in which so many of their race were slaughtered by the Poles since the armistice was declared in the great war, Mr. Lastar claims to be taking a fair and unprejudiced view of the situation, and not biased on that account against the Poles.

Russia has offered to negotiate independently with the Poles, he points out, but will not negotiate with Poland as represented by the Allies, who hampered the reconstruction of Russia by sending war supplies and armies to assist the reactionary factions in the unhappy civil war from which Russia is just emerging. If the Allies make war on Russia, it will be a holy war to the Russians, and they will die fighting for their country, he declares.

LLOYD GEORGE REPEATS THAT ARCHBISHOP WILL NOT ENTER IRELAND

London, Aug. 5.—Premier Lloyd George, in answering a question in the Commons today as to how the government proposed to deal with Archbishop Mannix, the Australian prelate, on his arrival, said the government's decision was that the archbishop should not be allowed to land in Ireland.

CHATHAM'S ENGINEER GOES TO BRANTFORD

Major Frank Adams Takes Post Vacated by Major T. H. Jones.

BRANTFORD, Aug. 4.—With every alderman but one in favor, appointment of Frank Adams, city engineer of Chatham, to succeed Major T. Harry Jones as city engineer of Brantford, has been announced. He is an ex-Brantfordite, having been assistant engineer here, when Victoria bridge was built, and is well posted on local engineering requirements.

Assistant City Engineer E. T. McLaren, who was next in line, declined promotion and asked that the post be filled as soon as possible. He served in the war, and his health has not been good. There were 16 applications for the post which will pay $3,600 this year, and $4,000 next year. Mr. Adams will report here September 15.

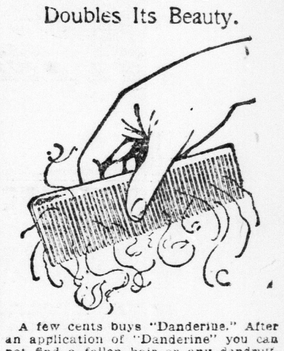

CHATHAM'S LOSS.

CHATHAM, Aug. 4.—Major F. H. Adams, city engineer, has accepted the position of city engineer of Brantford. The city council of Brantford has been after Major Adams for some time and has finally agreed to his terms. Mayor Brisco, speaking of the departure of Mr. Adams from the city, said: "We are certainly sorry to lose Mr. Adams, as he has been the best city engineer that the city has ever held." Major Adams will assume his new duties about the middle of September.

MINISTER CAPTURES TWO MEN IN AUTO LOADED WITH LIQUOR

Opens Fire On Them—Proprietor of Sunnyside Hotel Fined $2,000.

PORTER ASSESSED $500

Liquor Valued At $75,000, Billed As Scrap Iron, Is Seized.

WINDSOR, Aug. 4.—That he "means business" in his drive on bootleggers of the border was made convincingly apparent by Rev. J. O. L. Spracklin, recently appointed a license inspector for Sandwich, late last night, when he arrested Clarence Williams and Joseph Drouillard, both of Windsor, with an automobile loaded with fifteen cases of whiskey, along the river front in Sandwich. When the men refused to halt on a command from the "fighting parson," he opened fire and directed a number of bullets at them before they slowed up for him. The liquor was seized and the case will be heard in Windsor police court.

FINED $2,000.

Robert Moray, proprietor of Sunnyside Hotel, which has been engaged in flagrant violation of the Ontario temperance act for some months, was today fined $2,000 and costs in Windsor police court as the result of a raid on his premises on Sunday afternoon last by inspectors of the Ontario License Commission. Mrs. Georgina Smith of River Rouge, found drinking cocktails in the dining-room of the roadhouse, was fined $1,000 and costs, while charges against Robert Meade, a colored waiter, were withdrawn on payment of $24 costs.

DRY FORCES MEET.

A meeting of representatives of the various border dry forces will be held in the office of Hughson Johnstone, temperance leader, Thursday night to determine what attitude will be taken as the result of the decision of Premier Meighen to delay a vote on the liquor importation issue from October 25 as originally slated until April of next year.

J. W. McCoy, pullman porter on an M. C. R. train coming into Windsor, received a lesson in Canadian temperance laws early this morning, when railroad detectives boarded his car at Essex, Ont., and seized a bottle of "Old Darling" Kentucky whiskey. Possession of the alcohlic sweetheart just cost him a $500 fine in Windsor police court today.

750 CASES SEIZED.

Billed as scrap iron, 750 cases of high-grade American liquor, valued at $75,000 under current prices prevailing in Detroit, was seized in a freight car at River Rouge, near Detroit, today. A squad of detectives, aided by inspectors from the state food and drug department, made the capture, the second of its kind in the railway yards there within ten days. The contents of the car, which was shipped from Columbus, Ohio, to Lawrence L. Adelstein, Detroit, will be shipped to Lansing for the removal of the alcohol for medicinal purposes.

Intimation was given out tonight by detectives that another huge seizure, larger than either of the two already made, is expected in the course of a few days.

W. A. KELLY, K.C., TO WATCH INTERESTS OF HELMER AT INQUEST

Excitement Grows As Day Set For Coroner's Inquiry Draws Near.

MATERIAL WITNESS

Crown Expects Brother of Prisoner To Make Important Disclosure.

SIMCOE, Aug. 4.—North Walsingham Township is alive with interest regarding the James A. Learn murder on the Helmer farm recently, and as a result of which Lorne Helmer, 20 years old, district farmer, is being held on the gravest charge in the Norfolk County jail here. Startling disclosures will be made at the adjourned inquest to be held at Silver Hill Friday morning, and it is expected that the youthful prisoner will attend in custody.

Officials here predict that Silver Hill will be the mecca for the morbidly curious Friday morning, as both Learn and Lorne Helmer were well known throughout the township, particularly the latter, who served overseas during the war.

W. A. Kelly, K.C., of Simcoe has been retained in the interests of the prisoner, and if young Helmer is committed for trial on a charge of murder at the preliminary hearing in the near future, will likely conduct the defence.

A Material Witness.

Charles Helmer, 16-year-old brother of the accused, who has been working on his mother's farm near Sparta, will also be present at the coroner's inquest and will likely give evidence, the crown regarding him as a material witness. In fact it is reported here on good authority that Charles was present when the aged victim met his death, and can throw great light on the manner of same should he care to do so.

Inquest On Monday.

Coroner Dr. McGilvery of Simcoe will conduct the inquest at Silver Hill Friday, and the jury is practically made up of distri- farmers who formed the search pa..y, which found Learn's body buried in an old skunk trench. Crown Attorney T. R. Slaght of Norfolk County will conduct the cross-examination for the crown, and Provincial Detective John Miller, who has been working on the case during the past week, will likely be present.

The remains of James E. Learn were interred in a cemetery at the village of Langton immediately after the post-mortem was performed by Dr. Meek of Port Rowan. This was done at the expense of the municipality of North Walsingham, Learn having no known relatives in the county.

FIVE DESTROYERS IN FLORIDA HARBOR TO STOP CABLE LANDING

U. S. State Department Refuses To Grant Telegraph Company Permit.

WASHINGTON, Aug. 4.—Five destroyers are patrolling the entrance to the Miami, Florida, harbor under orders from President Wilson, to prevent, by force if necessary, the landing of a cable the Western Union Telegraph Company is having laid from Barbadoes, West Indies.

A British cable ship, the Colonia, has been chartered by the Western Union Company to land the United States end of the cable which would connect with a British cable line from the Barbadoes to South America. At the state department it was stated today that the British embassy had been asked to inform the master of the ship that such a landing would be in violation of the law. Officials explained that there was no significance in the fact that the vessel was British; that she probably was the only cable craft available to the company when she was chartered.

Work on the cable line from Barbadoes was begun last summer. Some time ago the Western Union Company applied to the state department for an executive permit to land the wire at Miami, but officials said action on it had been delayed pending the holding of the international communications congress called to meet in Washington Sept. 15.

A British cable company, it was explained, now has a monopoly of cable rights in Brazilian waters. A concern in the United States desires to construct a direct cable line from the United States to Brazil, and it was stated that the United States Government desired to know before issuing the permit to the Western Union Company, whether the arrangements entred into by that company with the British concern, the Western Cable Company, controlling the line from Barbadoes to Brazil, would add to this monopoly.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble, Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation, and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk)—is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advt.

RETURN TO WORK IS ORDER SENT MINERS

INDIANAPOLIS, Aug. 4.—Telegrams were sent to 33 local unions in Kansas by President John L. Lewis of the United Mine Workers of America today ordering them to return to work, and end the strike which has been reported to international headquarters of the miners here.

According to reports received by President Lewis, 3,488 miners are on strike in 33 mines in the Kansas fields. In his telegram he declared the strike illegal and unauthorized, and in violation of contracts.

FOUNDED 1870 TRADE MARK

The Real Meaning of "Best in the Long Run"

"BEST IN THE LONG RUN" is a slogan that is almost as old as the history of tires. It grew out of the performance of Goodrich Tires on bicycles, and it grew into the *dependability* of Goodrich rubber products of all kinds.

It is not just a catch phrase. It is a plain statement of fact.

It is really a mirroring of the confidence placed in Goodrich products by their users. In five words it crystallizes the ideals, the policies, the principles of Goodrich.

It means "the long run" of good faith and good will—the steady building up of a confidence in the minds of the users, *which is the greatest asset a manufacturer can have.*

That is how Goodrich translates this slogan into terms of longest average wear, utmost dependability and known quality in all kinds of rubber products.

PONZI REFUSES TO BARE ASSETS FOR OFFICIALS

Will Show Liabilities Only and Will Cover Them, He Says.

BOSTON, August 4.—Charles Ponzi, whose offer of 50 per cent return on investments in ninety days, has resulted in federal and state investigations, declined today the suggestion of Attorney-General Allen that the state conduct an investigation to determine his assets. The audit now being made by federal authorities is for the purpose of disclosing his liabilities.

"There is no law which can force me to show all my assets," Ponzi asserted. "Show me my liabilities and I'll show enough cash to cover them."

The offices of the Securities Exchange Company, conducted by Ponzi, continued through the day to honor all notes presented by an ever-diminishing line of investors. At the end of the eighth day, the run on Ponzi, caused by investigations and published criticisms of his business methods, appeared to have reached the end.

Holders of notes were paid off today at the rate of sixty an hour, and at no time were there more than 100 waiting in line, as compared with hundreds on previous days. Speculators, two of whom claimed to have made $14,000 yesterday by purchasing notes at 10 per cent discount, met with little success today. No statements were given out during the day by any of the authorities working on the case.

Ponzi and his wife attended a theatre tonight, and his appearance was the signal for cheers and shouts from the audience, to which he responded by bowing from his box.

WARNS DRUGGISTS REGARDING BREACHES OF TEMPERANCE ACT

TORONTO, Aug. 5.—Druggists have been warned by the Ontario College of Pharmacy that any druggist convicted of contravening the Ontario temperance act will lose his certificate and be prohibited from acting as a member, director or shareholder of any incorporated company dealing in drugs and medicines in Ontario.

The warning is brought to the light by the publication of a letter sent by W. B. Graham, registrar treasurer of the Ontario College of Pharmacy, to Michael J. Neville of Fort William, Ont., who was convicted of a second offense under the O. T. A., notifying Mr. Neville that his certificate authorizing him to carry on business as a chemist had become void by reason of his conviction and advising him that he was not to continue as a chemist and druggist until authorized to do so; also that he was no longer eligible as a member, director or shareholder of any incorporated company dealing in drugs or medicines in this province.

UNITED FARMERS IN FAVOR OF EXPANDING WESTERN UNIVERSITY

Col. W. J. Brown Addresses Club At St. Agatha—Tells Plans.

ST. AGATHA, Ont., Aug. 4.—Tonight the Union Farmers' Club of this place had their regular monthly meeting, which was exceptionally well attended. President A. Wepler occupied the chair.

The chief speaker was Col. Walter James Brown of London, who gave an address on Western University. After discussing the economic value of education and saying how necessary intellectual training is to all classes of the community today, Col. Brown called attention to the fact that Western University was established in 1878, and, therefore, is not a new institution. Since it was organized on a non-sectarian basis in 1908 it has made rapid growth. Last year there were 345 students enrolled from all parts of Western Ontario and from the United States. The university is now using the Huron College building and also a number of other buildings about the city of London for class rooms, laboratories and libraries. This arrangement has been made, pending the erection of the new arts and science buildings on the 200-acre university farm, north of the city. Western University already has a vision of its future greatness, as plans are being made for many years' expansion.

Many Pupils.

The speaker said that there were nearly 12,000 pupils in the collegiate institutes, high schools and continuation schools of the fourteen Western Ontario counties, comprising the university constituency. It is the intention to reach and help as many of these 12,000 pupils as possible. No stronger argument could be used for the development of a strong university in the centre of the district. The university is accessible, and will draw its students from north, south, east and west. The ideal set before the faculty is that the university must serve the whole people. To do this work the new buildings for the arts and science faculties are badly needed.

After the usual formalities a number of the farmers present stated that they were in accord with the idea of developing Western University, as better facilities for all kinds of higher educational work were very much needed in Western Ontario.

SECOND CYCLONE AT ESTEVAN, SASK., CUTS ALL COMMUNICATION

REGINA, Aug. 4.—The southern district of Saskatchewan around Estevan, swept by a cyclone a few days ago, causing over $100,000 damage, was again visited by a cyclone tonight. Several buildings were blown down, and at the fair grounds, where preparations were being made for the opening of the exhibition Thursday, temporary buildings were blown to pieces. Telephone poles for a quarter of a mile are down and phone communication is impossible. While no one was injured, the property loss is considerable.

NIAGARA INDUSTRIAL CONFERENCE AT END

ST. CATHARINES, Aug. 4.—The three-days' itinerary of the Niagara district industrial conference, which was attended by numerous businessmen and manufacturers of the United States and a few from Canada, came to an end here this evening after having taken in the industrial sections of Niagara Falls, Welland, Port Colborne, Thorold, Merritton, St. Catharines and Port Dalhousie. The conference wound up with a banquet, the speaker of the evening being Senator E. D. Smith.

RANEY OBJECTS TO CHANGE IN DATE FOR VOTE

Question Is Raised of Governments's Right To Change Order-in-Council.

TORONTO, Aug. 4.—Official proclamation of the taking of the referendum vote was received in this city today. While the general impression had been that a special order-in-council had been passed changing the date set by the order passed in June for the taking of the vote on October 25, it turns out that this was not the case, for, although the proclamation is dated June 4, the date named for taking the vote is April 18, 1921. In temperance circles the question is raised whether the Government has the right to make such an important change in an order-in-council upon such short notice, and nearly two months after it was passed.

Rev. Ben S. Spence, secretary of the Ontario branch of the Dominion Alliance, said he could not understand it. Referring to the present conditions under the O. T. A. as a scandal, Mr. Spence said it was not right for the Government to rob the people of Ontario of the right to say what they want. "The people have a right to say what they want," Mr. Spence insisted, and he expressed regret that the Government had lengthened the interim of abuses of the O. T. A. by another six months.

Attorney-General W. E. Raney tonight objected to the changing of the date of the vote on the ground that in April the roads are in bad condition, and it will be difficult for farmers to get into the villages and towns to vote. "In addition," said Mr. Raney, "the farmers will be busy all through the month of April."

USE GAS AND SOAP SUDS TO STOP CARS OF STRIKE-BREAKERS

DENVER, Col., Aug. 4.—Three street cars, loaded with armed strike-breakers, were running today on the lines of the Denver Tramway Company, whose 1,000 trainmen are on strike for higher wages. No passengers were carried. The crews repelled several attempts to stop cars by using carbonic gas mixed with soapsuds.

DECLARES LEGISLATURE MEMBERS INELIGIBLE

WINNIPEG, Aug. 4.—John Stovel, well-known owner of a printing plant here, and W. J. Tupper, K.C., elected members of the Legislature a few weeks ago, are ineligible, according to the opinion of the deputy attorney-general. Stovel has been in receipt of pay from the province as a member of the joint council of industry, and Tupper received expenses as a member of the commission on conformity of laws.

New Telephone Rates Are Necessary

OUR existing rates for telephone service are inadequate. The revenue is insufficient to pay our operating expenses and secure the fair return required to attract new capital for extensions and additions to the system.

It is not strange that this should be the case. Our revenues are not keeping up with our expenses. All telephone materials and supplies have increased enormously in cost; wages have gone up; during the twelve months ending 30th June, 1920, our payrolls increased over $3,100,000.

To meet the greatest demand for telephone service in our history, we have made extensive additions to the system, which, under present day conditions, have involved an abnormal expense. Our 1920 expansion programme calls for an expenditure of over $10,000,000, and to meet the increasing demand for telephone service, we must continue to expend large amounts annually during the next few years.

The continued development of telephone service depends upon adequate revenue. Inadequate revenue means a repetition in the telephone business of what happened to the American railroads. You know their story. Inadequate rates stifled their development and every community in that country is suffering as a consequence. Inadequate telephone rates will produce similar results in the telephone field. It is unthinkable that this will be permitted. Adequate telephone service is of the utmost importance to the public; without it the business and social interests of every community must suffer.

The plain fact is we have reached a point where we cannot maintain a satisfactory and comprehensive telephone service unless we are assured of sufficient additional revenue.

It will be necessary to establish new rates for telephone service, and schedules, which we hope will furnish the needed relief, will be filed within a few days with the Dominion Board of Railway Commissioners. These schedules will yield only reasonable assistance. The facts regarding the necessity for the new rates will be given to the public through the advertising columns of the newspapers and through other channels.

Public sentiment and public necessity demand the maintenance of adequate telephone service. Business men particularly realize the fact that increases in telephone rates are necessary in these abnormal times to insure a continuance and extension of service.

We desire to keep our business upon a sound financial basis and we believe that when you know the facts you will support us in this endeavour.

FLIRTING WITH QUEBEC.

Premier Meighen gave a pleasant talk to the Portage la Prairie people on the need for better relations between the races, the religious and the social classes of Canada. "Cheer up and get together," he advises, and particularly regrets any division of French and English. As the Toronto Globe says, "these are wise words."

About the best thing that Mr. Meighen can do, putting mere words aside, for any reconciliation of our races that may be needed, is to dissolve Parliament and go to the country. The present Government, in which Quebec has practically no voice, is a standing injury to French-Canadians. But to dissolve is exactly what Premier Meighen refuses to do, much as all parts of the country desire it. He prefers to talk.

As Mr. Meighen whispers sweet nothings into Quebec's ear, the fair one seems to start back in some astonishment. "And have you loved me all this while?" she exclaims. "It was all very well to dissemble your love, but why did you knock me downstairs?" This lean and hungry look, this bitter mouth of bigotry and musty privilege wrinkling itself into the wreathing smiles of a summer vacation wooer is a great sight for the silly season.

"We should be quick to remedy injustice wherever injustice appears," says Mr. Meighen. But the ring ruling at Ottawa is anything but quick in this regard. Nothing is going to be done to represent Quebec in the government of Canada, no dissolution will right the rank injustice of a Government clean out of touch with public opinion, nothing is done to help the temperance cause in Ontario, no clearing up of the Board of Commerce muddle need be expected of Mr. Meighen and his clique. He declares that all decent citizens should stand together for "the security of property honestly earned." What does the word "honest" mean in these days apart from the sense of merely "legal"? Such talk is mere wind. The real question now is, what taxes are to be levied on whom.

Mr. Meighen says that "the war developed epidemics of unrest and disorder" and that "grievances were intensified by suffering." He should know that unrest and grievances have been intensified in this country not so much by the war. Men and women were glad enough to suffer for Canada and for justice. Unrest has been caused by the realization that the very ends for which explicitly the war was fought, justice, freedom, democracy, are not being furthered. People feel, in Quebec and Ontario alike, soldiers perceive, that they have been exploited by a selfish few, whose interests are served by the Government at Ottawa. Let Mr. Meighen do something more than talk.

"For the Lord our God is a God of might, in deeds, in deeds he takes delight."

If the premier would act in the interest of the people of Ontario and of Quebec, his coaxing words would have more meaning.

MAYOR CHURCH'S IDEA.

Mayor Church writes Sir Adam Beck, "I think it is bad judgment to crawl before the Drury Government, or to allow the association to be placed in a false position by the Hydro-Electric Power Commission of seeking mercy for the radials."

Surely Mayor Church requires direction. The Drury Government is above the Commission and Radials, and those who undertake to set up a power above the Government must be checked. The whole trouble arises from the Hydro Commission assuming powers it does not possess.

The commission appointed will likely iron out all these difficulties and the Hydro with all its power of all kinds be made a part of the responsible government of the country.

WATER LILIES.

"Where the very silence slumbers
Water lilies grow in numbers,
Pure and pale.
All the morning they have rested.
Amber crowned and pearly crested,
Fair and frail."

Someone has endeavored to glimpse in music the still, dreaming loveliness of the water lily. All the pure, reticent beauty of its drifting whiteness, starred with centre of gold, and held like a gleaming star, fallen and kept, among the upholding pads of deep-toned green and dark coral, is whispered and softly accentuated in notes so understandingly chosen as to produce a music-poem of perfect interpretation.

It has been said "one feels like being silent where the lilies are, in fear of disturbing their dreams," and yet they are in very essence flowers of the morning and wonderfully minister to early-day moods. With a gleam of night-dew upon the tips of their petals, and hidden like pearls in their golden hearts, there is at the same time, all the wonder of young dawn in their white glory. As day falls in golden silence, there is that wide star-like hint of dreaming in their stillness and demure aloofness in caressing waters, that rests tired eyes and quiets thought to perfect relaxation of mind and body.

"Except for the earth she is nourished by
Could the soul of the lily have climbed to the sky"

one wonders, with the sense of detachment revealed in its lovely floating fragrance, which has been called "a perfumed whisper of welcome" to birds and insects.

Water lilies are said to be so simple of culture the marvel is that they have not a place in every garden as a lure and drinking fountain for thirsty feathered songsters. They could never come to be looked upon as any but charmed visitors, nevertheless, from the very mystery of their sustenance and water setting and a bit of the loveliest and most remote of nature's wild blooms is worth imprisoning for "every day's most common need."

To chance upon hundreds of water lilies in some sheltered, tree-shadowed, woodland lake or cove, as one's canoe slips silently along the lapping and resisting lily-pads, is to worship them at their best. Here perhaps one happens upon deer, with all their grace of poise, drinking and feeding on the rare delicacy of lily growth, and the picture is one that is long in the mind when vacation is over and woods-loitering part of an unforgettable dream.

EDITORIAL NOTES.

Just now it's a rough, rough way to Tipperary.

Nobody seems able to take the ire out of Ireland.

Quebec has been flirted with so often she will not fall before the wiles of Meighen.

Local merchants report a great demand for magnifying glasses these days. Possibly the average citizen finds a use for one in scanning the minute remains of his week's wages every Monday morning.

DO YOUR OWN THINKING.

[Vancouver Sun.]

This is the age of mental laziness. Men purchase thoughts from others as they purchase groceries. The language and mannerisms of others are imitated. Mental processes seldom get further on the road to originality than a quotation. Whatever offers difficulty to the mind is rejected, forgetting that life's riches can only be grasped through the intellect.

Think for yourself. Read, learn, study—but think. Education is only a cargo; your own thoughts must mark out your course.

Every unfinished thought, every sentence that dwindles into nothing, is another contribution to life's waste and to intellectual deterioration.

Think! Your mind is charged with possibilities. Your brain is dynamic with power.

A MATTER OF "X'S."

[Toronto Star.]

The Kitchener Record lists Hon. Arthur Meighen as "prime minister and secretary for eternal affairs." The Record is an "X" short, but then there are those who say that Mr. Meighen himself will be short many "X's" when the next lot of ballot are counted.

THE GYPSY LIFE.

[London Daily Express.]

To lie in the long grass on a summer's night, with the open sky above; to sit about a fire while the evening meal smells gratefully to the heavens; to make close friends with the wind and laugh at the cares of ordinary life—which of us does not envy, at least a little, the care-free gentry? What if some of them do have their little weaknesses for robbing barnyards and stables. They have the courage of their own lack of convictions, and the only wonder is that they do not make converts of more of us.

HOME INFLUENCE.

[Fortnightly Review.]

It is useless to go on talking the old platitudes about the home, and keeping young people out of the streets. The home influence and training is more needed than ever, but it, too, must be adapted to the needs of the times. It must be a training for independence. We must give up our belief in restriction and punishment as the cure for our social evils. We must learn to believe in life. It is the desire for a full and free life which is at the bottom of so much of the wild and foolish conduct of the young. What we have to do is to provide channels for the expression of that life, not to repress it. We cannot keep the young out of the streets; we should not wish to do so, but we can make the streets safe for them; we can see that the places of recreation in which they find vent for their superfluous energy or their desire for a fuller experience of life are kept sweet and wholesome. Our aim should be to make a full and free life possible for all, in the streets and places of amusement as well as in the homes of the people.

"AT THE VOICE OF THE BIRD."

[Minneapolis Journal.]

"And he shall rise up at the voice of the bird," said an ancient Hebrew poet concerning the old man who can't sleep after daybreak on a June morning. This touch of insomnia the poet includes in his doleful list of the ailments of the aged. A twitter of a sparrow outside the window, a distant robin piping up the dawn, and the old gentleman is stark awake. Sleep is fled beyond recall. Poor old man!

It is not yet four o'clock. Three long hours before the city wakes. Three hours to listen or to lie and think. Thrice blest is this old man if he is a bird lover, or has friendly thoughts with which to commune through a sleepless morning.

At the city's border, where trees and waters and little wet meadows meet, the voice of the bird is a dominant sound at half-past three of a June morning. The whole chorus choir, from tree-top to swamp edge is in full cry—chorus, solo, obligato, trill, catch and roundelay—the air is dense and jubilant with song, a medley of all the love songs of the bird kingdom. A good many persons not yet decrepit will wake in the midst of a concert like this, smile a drowsy blessing on the birds, and sleep again.

If the old man must lose two hours of good morning sleep, he has yet this compensation: Let him wrap a quilt about him and sit at the open window. The whole world outside belongs to him and the birds. In the light of dawn it is a dream world, the disembodied spirit of this same world, whose corporate body we touch at high noon.

A thin blue dew-dampened haze, the remnant of yesterday's dust and smoke, lightly veils the distant wood. About the little marshes, willows stand waist-deep in quiet ponds of fog. A cool dusk blends dwelling, shrub and lawn tree. Just the highest points of these begin to reflect the little rim of grey dawn. And from out this light-tipped world of pleasant gloom rises the swelling matin of the birds. For more than half an hour the whole world is given over to the pleasure of the old man watcher and the winged singers.

A widening glow of pink in the east, and the landscape softly folds its twilight curtains; the silver ground fogs in the little hollows melt into the clearer atmosphere. A swelling chug-chugging up the country road from an early motor car, followed by a farmer's noisy truck, shifts the night of dreams to the day of work. The bird chorus dies away or blends with the ruder noises of the day. The old man makes his morning prayer and dresses to go down and hoe a few rows in the garden before breakfast.

The big boy grumbles himself awake at the whirr of the alarm clock. But the old man has risen up "at the voice of the bird." Fortunate old man!

BIRD PROTECTION.

[Hamilton Times.]

Within the past few years bird protection has become a live question in Canada and in the United States. The needless slaughter of the feathered tribes that was carried on for years was having its natural result; many races of birds were being exterminated. Everybody who had a gun went out to shoot and slay, and great was the slaughter thereof. Now a better sense of the value of bird life prevails, and instead of a shotgun many carry a camera with which to take snapshots of their bird friends.

THE MIDDLE TEMPLE MURDER

A Detective Story by J. S. Fletcher.

CHAPTER XVIII.
An Old Newspaper.

As soon as Spargo unfolded the paper he saw what he wanted on the middle page, headed in two lines of big capitals. He lighted a cigar and sat down to read.

"MARKET MILCASTER QUARTER SESSIONS.
"TRIAL OF JOHN MAITLAND.

"The Quarter Sessions for the borough of Market Milcaster were held on Wednesday last, October 3, 1891, in the town hall, before the recorder, Henry John Campernowne, Esq., K.C., who was accompanied on the bench by the Worshipful the Mayor of Market Milcaster (Alderman Pettiford), the Vicar of Market Milcaster (the Rev. P. B. Clabberton, M.A., R.D.), Alderman Danks, J.P., Alderman Peters, J.P., Sir Gervais Racton, J.P., Colonel Fludgate, J.P., Captain Murrill J.P., and other magistrates and gentlemen. There was a crowded attendance of the public in anticipation of the trial of John Maitland, ex-manager of the Market Milcaster bank, and the reserved portions of the court were filled with the elite of the town and neighborhood, including a considerable number of ladies, who manifested the greatest interest in the proceedings.

"The recorder, in charging the grand jury, said he regretted that the very pleasant and gratifying experience which had been his upon the occasion of his last two official visits to Market Milcaster—he referred to the fact that on both those occasions his friend, the Worshipful Mayor, had been able to present him with a pair of white gloves—was not to be repeated on the present occasion. It would be their sad and regrettable lot to have before them a fellow-townsman whose family had for generations occupied a foremost position in the life of the borough. That fellow-townsman was charged with one of the most serious offences known to a commercial nation like ours: the offence of embezzling the moneys of the bank of which he had for many years been the trusted manager, and with which he had been connected all his life since his school days. He understood that the prisoner, who would shortly be put before the court on his trial, was about to plead guilty, and there would accordingly be no need for him to direct the gentlemen of the grand jury on this matter. What he had to say respecting the gravity and even enormity of the offence he would reserve. The recorder then addressed himself to the grand jury on the merits of two minor cases, which came before the court at a later period of the morning, after which they retired, and having formally returned a true bill against the prisoner, and a petit jury, chosen from well-known burgesses of the town, having been duly sworn.

"John Maitland, aged forty-two, bank manager, of the Bank House, High street, charged with embezzling, on April 23, 1891, the sum of £4,875 10s 6d, the moneys of his employers, the Market Milcaster Banking Company, Limited, and converting the same to his own use. The prisoner, who appeared to feel his position most acutely, and who looked very pale and much worn, was represented by Mr. Charles Doolittle, the well-known barrister of Kingshaven; Mr. Stephens, K.C., appeared on behalf of the prosecution.

"Maitland, upon being charged, pleaded guilty.

"Mr. Stephens, K.C., addressing the Recorder, said that without any desire to unduly press upon the prisoner, who, he ventured to think, had taken a very wise course in pleading guilty to that particular count in the indictment with which he stood charged, he felt bound, in the interests of justice, to set forth to the court some particulars of the defalcations which had arisen through the prisoner's much lamented dishonesty. He proposed to offer a clear and succinct account of the matter. The prisoner, John Maitland, was the last of an old Market Milcaster family—he was, in fact, he believed, with the exception of his own infant son, the very last of his race. His father had been manager of the bank before him. Maitland himself had entered the service of the bank at the age of eighteen, when he left the local grammar school; he succeeded his father as manager at the age of thirty-two; he had therefore occupied this highest position of trust for ten years. His directors had the fullest confidence in him; they relied on his honesty and his honor; they gave him discretionary powers such as no bank manager, probably, ever enjoyed or held before. In fact, he was so trusted that he was, to all intents and purposes, the Market Milcaster Banking Company; in other words, he was allowed full control over everything, and given full license to do what he liked. Whether the directors were wise in extending such liberty to even the most trusted servant, it was not for him (Mr. Stephens) to say; it was some consolation, under the circumstances, to know that the loss would fall upon the directors, inasmuch as they themselves held nearly the whole of the shares. But he had to speak of the loss—of the serious defalcations which Maitland had committed. The prisoner had wisely pleaded guilty to the first count of the indictment. He had pleaded guilty to embezzling a sum of £4,875 odd. But the total amount of the defalcations, comprised in the seventeen counts, was no less—it seemed a most amazing sum!—than £221,573 8s 6d! There was the fact—the banking company had been robbed of over two hundred thousand pounds by the prisoner in the dock before a mere accident, the most trifling chance, had revealed to the astounded directors that he was robbing them at all. And the most serious feature of the whole case was that not one penny of this money had been, or ever could be, recovered. He believed that the prisoner's learned counsel was about to urge upon the court that the prisoner himself had been tricked and deceived by another man, unfortunately not before the court—a man, he understood, also well known in Market Milcaster, who was now dead, and therefore could not be called, but whether he was so tricked or deceived was no excuse for his clever and wholesale robbing of his employers.

"He had thought it necessary to put these facts—which would not be denied—before the court, in order that it might be known how heavy the defalcations really had been, and that they should be considered in dealing with the prisoner.

"The Recorder asked if there was no possibility of recovering any part of the vast sum concerned.

"Mr. Stephens replied that they were informed that there was not the remotest chance—the money, it was said by prisoner and those acting on his behalf, had utterly vanished with the death of the man to whom he had just made reference.

"Mr. Doolittle, on behalf of the prisoner, craved to address a few words to the court in mitigation of sentence. He thanked Mr. Stephens for the considerate and eminently dispassionate manner in which he had outlined the main facts of the case. He had no desire to minimize the prisoner's guilt. But, on prisoner's behalf, he desired to tell the true story as to how these things came to be. Until as recently as three years previous the prisoner had never made the slightest deviation from the straight path of integrity. Unfortunately for him, and, he believed, for some others in Market Milcaster, there came to the town, three years before the present proceedings, a man named Chamberlayne, who commenced business in the High street as a stock and share broker. A man of good address and the most plausible manners, Chamberlayne attracted a good many people, among them his unfortunate client. It was matter of common knowledge that Chamberlayne had induced numerous persons in Market Milcaster to enter into financial transactions with him; it was matter of common repute that those transactions had not always turned out well for Chamberlayne's clients. Unhappily for himself, Maitland had great faith in Chamberlayne. He had begun to have transactions with him in a large way; they had gone on and on in a large way until he was involved to vast amounts. Believing thoroughly in Chamberlayne and his methods, he had intrusted him with very large sums of money.

"The Recorder interrupted Mr. Doolittle at this point to ask if he was to understand that Mr. Doolittle was referring to the prisoner's own money.

"Mr. Doolittle replied that he was afraid the large sums he referred to were the property of the bank. But the prisoner had such belief in Chamberlayne that he firmly anticipated that all would be well, and that these sums would be repaid, and that a vast profit would result from their use.

"The Recorder remarked that he supposed the prisoner intended to put the profit into his own pockets.

"Mr. Doolittle said at any rate the prisoner assured him that of the two hundred and twenty thousand pounds which was in question, Chamberlayne had had the immediate handling of at least two hundred thousand, and he, the prisoner, had not the ghost of a notion as to what Chamberlayne had done with it.

To Be Continued.

Poetry and Jest

SHANTUNG.

[Witte Bynner, in the Nation.]

In the west you free Jerusalem,
But in the east you sell,
T'ai Shan, the Holy Mountain,
I hear a temple bell,
Breathing like a perfume
O'er the exalted place;
The presence of Confucius
The wisdom of a race,
The future of a people, the only one of all
Whose conquerors are conquered.
Whose history is tall,
Taller than Fujiyama,
Taller than Koyosan,
Taller than that red sun,
Consuming from Japan,
And my face is the flowers,
And my brow is in the dust;
And my brow is sick with perfume,
And I weep because I must,
I weep for you O masters,
O conquerors, O slaves,
As I hear you stir in China
The quiet of your graves.

THE MUSIC THAT HATH CHARMS.

[London Blighty.]

He—Most girls, I have found, don't appreciate real music.

Second He—Why do you say that?

He—Well, you may pick beautiful strains on a mandolin for an hour, and she won't even look out of the window, but just one honk of a horn and—out she comes.

ON THE HEIGHT.

[Eunice Tietjens.]

The foothills called us, green and sweet;
We dallied, but we might not stay,
And all day long we set our feet
In the wind's way.

We climbed with him the wandering trail
Up to the last keen, lonely height—
Where snow-peaks clustered, sharp and frail,
Swimming in light.

Sheer on the edge of heaven we dwelt,
And laughed above the blue abyss,
While on my happy lips I felt
Your windy kiss.

You were the spirit of the height,
The breath of sun and air;
A bird dipt wing, and, swift and white,
Peace brooded there.

ONIONS.

[Kingston Standard.]

Some people like onions; some don't. A suggestion has been made that one day a week should be Onion Day, when those who like them can eat all they want. Family re-onions could be held on such days.

SUMMER THOUGHTS.

[Atlanta Constitution.]

Feller feels like bein'
A brother to the breeze,
Waitin' for Life's honey
Till he get it from the bees;
On a shady river bank,
Fishing all day long,
You beat the price of bacon
If the fish bite good and strong!

GROSS CARELESSNESS.

The traffic was at its height and there were the usual piles of passengers' baggage on the platform. In the usual way the porters were banging it about, while the owners looked mournfully on. Suddenly the station-master appeared, and approaching one of the porters, shouted in stern tones: "Here! What do you mean by throwing those trunks about like that?" The passengers pinched themselves to make sure that they were not dreaming, but they returned to earth when the official added: "Can't you see you're making big dents in the concrete platform?"

GAFFER'S SONG.

[Eden Phillpots.]

The boys don't hoe like they used to do,
And the girls don't sew like they used to do;
And hens don't lay
And the hound don't bay,
And the wind don't blow like it used to do.

The men don't drink like they used to do,
And the girls don't wink like they used to do;
The buds don't swell
And the flowers don't smell;
And the folks don't think like they used to do.

The milk don't cream like it used to do,
And the ewes don't teem like they used to do;
The corn don't kern
And the sun don't burn;
And my head won't scheme like it used to do.

Bad men ban't hung like they used to be,
Good songs ban't sung like they used to be;
The jolly and wise
Have all flown to the skies;
And I ban't so young as I used to be.

PASSED HIS ZONE.

[London Tit Bits.]

His cup of joy was full. It was more than full. It was running over into the saucer. It was messing the tablecloth.

There had been moments of pleasure in his life before, but this was a perpetual flood of sunshine.

The humming of the wheels of the motor 'bus was as the music of delicate instruments wafted afar over fragrant meadows or across rippling summer lakes.

The chauffeur's warning toot was as the blare of trumpets of triumph. The murmum of the streets was as a low, sweet melody. Nothing was discordant; all was harmonious.

For he had ridden half a mile beyond the stage punched on his ticket, and the conductor had forgotten to come up for the extra fare!

THE HAUNTED HOUSE.

[Marie L. Eglinton.]

It glimmers whitely through the twilight rains,
A ghostly house, untenanted and bare;
No cheery lamp-ray lights its staring panes—
No kindly hearth-fire warms its musty air.
Knee-high, lush grasses brush its idle door—
Forgotten flowers bloom, forlornly sweet;
The hand that planted them returns no more—
In vain does Spring her tender spell repeat.

And yet dear voices sound through peaceful eves,
Gay laughter rings down intervening years.
The beaded strand of merry hours retrieves
One saddened moment, drenched with showery tears.
Delicious fragrances from fruity trees—
White honeysuckle, sweeter than its name—
My memory lays hold on all of these,
For by their aid I can the past reclaim.

HAVE THE CHAMBERMAIDS TRIED KEROSENE?

It's the little things that make the new Hotel Gaul comfortable and home-like—Sign in Chicago-Milwaukee cars.

THOSE GIRLS!

[Edinburgh Scotsman.]

She—Father said he would kill the first man who kissed me!

He—How interesting! And did he do it?

WILL HOLD OTHER SITTINGS.

Ottawa, Aug. 4.—Canadian Press.—In addition to the opening hearing by the railway commission of the application of the express companies for an increase of 40 per cent in rates, to be held at Toronto on September 2, the board has decided to have other sittings both in Eastern and Western Canada. The dates and places where evidence will be taken will be announced later.

In connection with the objections taken to the proposal to confine the hearing of the application of the railways for 30 per cent increase to sittings to be held at Ottawa, it is probable that the board will give consideration to the request of western interests that the board should take evidence in the prairie provinces and make an announcement at a later date.

The renewal of the International Cup Races has revived a considerable interest in Yachting—

DENIES SHE WOULD DIVORCE CHAPLIN

Movie Star's Wife Says She Only Wants Separation.

New York, Aug. 4.—Mildred Harris Chaplin, who is stopping at a local hotel, denied today that she has brought suit for divorce from her famous husband, Charlie Chaplin, the movie actor.

"I have signed no papers for divorce action," she stated. "I simply instructed my attorneys to bring suit for separation."

Mrs. Chaplin spoke very highly of her husband.

"There was no particular trouble," she said. "We just couldn't get along. My husband was not made for marriage. He is a man who should devote all his time to work. He is so nervous and irritable when working out a new picture that it is impossible to get along with him. He is a wonderful man, brilliant but erratic."

Professors Must Go As Result Of Snappy Parties

Highly-Colored Tales Told Around University.

Champaign, Ill., Aug. 4.—A series of snappy parties given by a staff professor of the University of Illinois, an unsuccessful police raid and a rapid run of rumors throughout the summer school body resulted yesterday in President Kinley announcing two members of the faculty will not be with the school when the fall term opens. Two other instructors have been mentioned, but as yet have not been requested to resign.

The story has run through the fraternity houses like wild fire. Several new angles have developed, and it is whispered a few Champaign businessmen will be implicated in the tale. One man announced over a long distance telephone to a reporter that suit for alienation of the affections of his wife would begin within a few days against a prominent citizen of Champaign. The professor also says he expects to file suit for a divorce.

The professor making complaint has not been asked to resign. Dean Kinley said. Another instructor in the engineering school also has been mentioned in the case, the president admitted, but has not been asked to resign.

The parties, at least some of them, are said to have been held in the home of the complaining professor, which was located on the edge of town. It was there the police went one night, in response to a call from the professor. The house was surrounded, but "the man in the case" was not found. The police are still mystified. They do not know whether he got away before the police arrived.

NEW BRANTFORD ENGINEER.

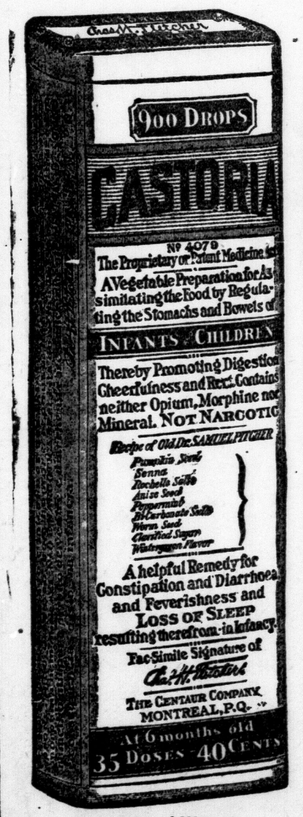

Brantford, Aug. 4.—Frank Adams, city engineer of Chatham, will be city engineer of Brantford in succession to the late Major T. Harry Jones, at $5,600 a year, for the remainder of this year, and $4,000 for next year. He will report here September 15. Mr. Adams was assistant to Major Jones during the construction of Victoria bridge here. He is an old Brantford boy.

Honest Advertising.

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Fletcher's Castoria is strictly a remedy for Infants and Children. Honestly advertised as such, without a claim for more than its over 30 years of use have amply proven. A Baby's remedy for Babies. And not an adult's remedy for all the family and all the ails that human flesh is heir to.

Exact Copy of Wrapper.

Children Cry For

Fletcher's

CASTORIA

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your *ailing* child anything but a medicine especially prepared for Infants and Children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

BEWARE OF TENDER GUMS

Unhealthy soil kills the best of wheat. Unhealthy gums kill the best of teeth. To keep the teeth sound keep the gums well. Watch for tender and bleeding gums. This is a symptom of Pyorrhea, which afflicts four out of five people over forty.

Pyorrhea menaces the body as well as the teeth. Not only do the gums recede and cause the teeth to decay, loosen and fall out, but the infecting Pyorrhea germs lower the body's vitality and cause many serious ills.

To avoid Pyorrhea, visit your dentist frequently for tooth and gum inspection. And use Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean. Start using it today. If gum-shrinkage has set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

FORHAN'S, LTD., Montreal

Cuticura

SOAP and OINTMENT FOR HAIR AND SKIN

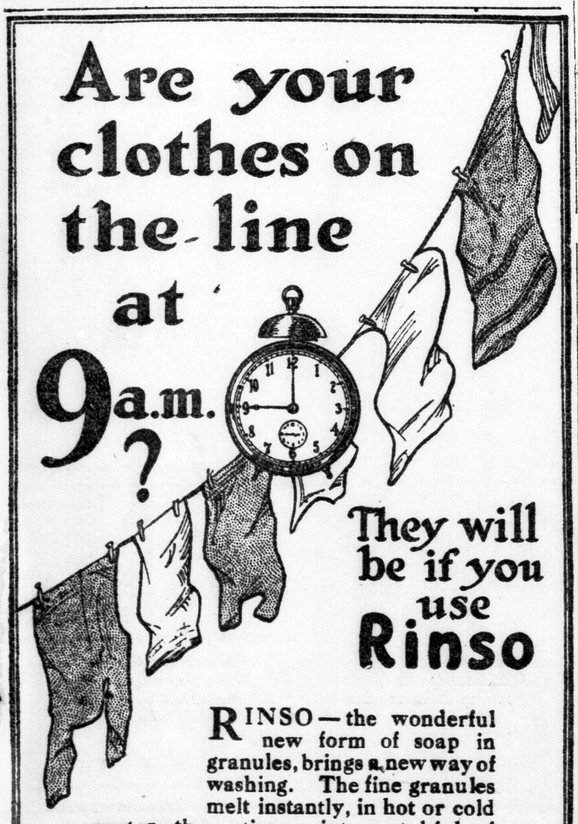

Treatment for pimples and blackheads: At night smear them with Cuticura Ointment. Wash off in five minutes with Cuticura Soap and hot water, and continue bathing a few moments.

Treatment for dandruff and itchings: On retiring rub Cuticura Ointment into parings all over scalp. The next morning shampoo with Cuticura Soap and hot water. Repeat in two weeks if needed.

Soap 25c. Ointment 25 and 50c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, St. Paul St., Montreal.

Cuticura Soap shaves without mug.

Are your clothes on the line at 9 a.m.?

They will be if you use Rinso

RINSO—the wonderful new form of soap in granules, brings a new way of washing. The fine granules melt instantly, in hot or cold water, they stir up into a tubful of sparkling suds. You soak your clothes overnight, or for three hours in the morning—and rinse them. They're clean. No boiling. No rubbing. No other soap needed.

One package of Rinso does the week's wash. Harmless as pure water itself. Get a package to-day.

TELL IT TO THE SOCIETY EDITOR.

Mrs. C. Malloch, Colborne street, is visiting Miss Lamont at Port Elgin.

The Misses Annie and Beth MacAlpine are holidaying in Beechwood and Fernhill.

Mr. and Mrs. C. J. Farr, Mr. and Mrs. G. A. Farr and family motored to Waterford and Jarvis over the holiday.

Rev. James Mitchell and Mrs. Mitchell of Memphis, Mich., are visiting the former's niece, Mrs. John T. Robinson, 444 Piccadilly street.

Mr. and Mrs. John Halpin announce the engagement of their daughter Hazel Velma to Mr. E. B. Martelle of Thedford, Ont., the marriage to take place quietly early in August.

Mr. and Mrs. George Nelson were tendered a reception and shower at their home Monday evening. A great many young people of the community gathered to wish them a happy married life. A pleasant evening was spent in music and games.

ATKINSON—DAKIN.

GALT, Aug. 4.—Miss Alice E. Atkinson and Harry Dakin, a well-known and popular young couple, were quietly married at the Methodist manse, Rev. G. K. Bradshaw officiating.

Miss Jean Brison, who is about to be married, was presented with a reading lamp by her co-workers at the Galt Knitting Mill.

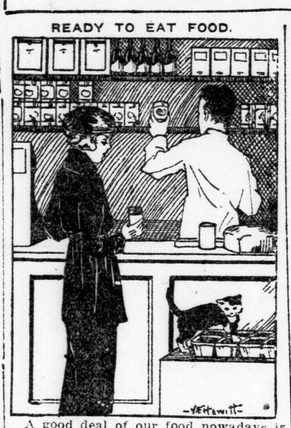

FAULCK—CONSTANTS.

WARDSVILLE, Aug. 4.—Miss Carrie Faulck and George Constants were married today at the rectory by Mr. Murphy. The groom was supported by Mr. Sandy Faulck; the bride by Miss Mary Martyn of Detroit. After a wedding dinner at Mr. George Faulck's the happy couple left for the east, the bride travelling in a navy blue serge suit, silk hat to match and a peach bloom silk waist. After the honeymoon Mr. and Mrs. Constants will take up their residence on Lasallier street, Windsor.

HOME ECONOMICS

MRS. ELIZABETH KENT, MacDONALD COLLEGE.

READY TO EAT FOOD.

A good deal of our food nowadays is bought ready to eat. Fresh fruit, figs, dates, lettuce, pastry, cheese, butter, pickles and candy are eaten without being subjected to the heat of cooking, which in the case of other foods kills disease germs it may contain. In some cases our food comes from the store to the table without being washed.

We are not well protected by law and cannot compel those who sell such food to keep it clean, but we may tell them that we want the food clean, and prove it by buying of those who do keep it clean. In stores that most of us recall, although we would rather not, there are boxes of this kind of food on the floor, uncovered; we have seen the grocery cat walk nonchalantly over it; the dog shopping with his mistress sniffs it with an excusably critical air; the flies congregate on it; and we have shuddered and departed. Long counters of confectionery or pastry exposed to the foul air of crowded stores, boxes of uncovered fruit, berries, plums, apples, fruits whose skins are eaten exposed to city dust and flies, are still sold. Grocers will even tell you that goods under glass will not sell as well as goods exposed. If that is true we have ourselves to thank.

The dealer in the ordinary store is keeping just what he knows his customers will buy, and there is no doubt in the world that if we demand proper cleanliness from him in ready-to-eat foods we shall get it. A good rule to follow is that suggestion by a witty grocer to his own customers:

"If our goods and service please you, tell others. If not, tell us."

TALKS ON HEALTH

BY WILLIAM BRADY, M. D., Noted Physician and Author.

Significance of Self-Tests.

If you have attended the earlier conferences of this course you have learned that, however much physicians or healers may know about the nature, cause and treatment of disease, they do not know such an awful lot about health, at least there is no reason why every intelligent layman should not know as much about health as any physician knows, with a little simple instruction and guidance. Again I wish to emphasize that I am a health expert, and that it is no boast for me to say that. You can be a health expert, too, if you wish. But watch your step. There are ninety-nine untruths and errors offered the laity as health and hygiene rules or maxims for every single truth which is so promulgated. Even in books used as textbooks deplorable errors occur. Again, there is a thousand dollars expended for the propagation of pseudo-scientific buncombe and tainted hygiene and adulterated health instruction for every single dollar spent for honest public health education in this land. There is talk of revising our school histories by eliminating quasi-historical legends which are not complimentary to our present friends or allies. Why bother over a trifle like that, with poor Truth oppressed and struggling for utterance in the great field of hygiene?

The breath-holding test, and the posture-pulse test described in foregoing conferences of this course are significant of no particular disease, but rather indicate a functional deficiency on the part of the system as a whole. If you fail to pass any of these tests, do not conclude that your heart is diseased or that your lungs are affected or that your arteries are growing old. Leave such cogitations to your physician. A better conclusion for you to draw is merely that you are functionally below par. It is entirely probable that, by appropriate attention to your hygiene in general and by faithful observance of physical training in particular, you can come back to life, regain what you may have lost of health, and approach as closely as may be to the one hundred per cent standard of health plus—which means life is one long smile, not a put-on smile worn externally so much as a smile that comes from your in'ards. You know where a chuckle comes from, don't you? It comes from the solar plexus. The solar plexus is the nerve centre of good cheer and good nature. Hit a fellow on the solar plexus and you knock him cold. Depress the plexus more gently and he gets the blues.

When we shall have completed the series of functional self-tests in this course we will see how to mark our standing, and thereby learn just how nearly dead or alive we are. It is surprising how little we know about that until we check up or until we are checked up by a health expert.

The Squatting Test.

Count the pulse after fifteen minutes' rest. Then execute fifteen deep-knee flexions (standing erect and squatting down to heels and straight up again, hands on hips.) Then count again. Of course, the pulse rate is much more rapid. If it remains more rapid after three minutes, that is, if it fails to slow down again to the resting rate by the time three minutes have passed, you do not pass the test. Your heart muscle is weak, or your general musculature and circulation are faulty, and what you surely need is physical training—not athletic or gymnastic or freak muscle training, but intelligent physical training.

QUESTIONS AND ANSWERS.

Myoma.

What is the difference between myoma and fibroid and tumor? Which is the most common and which is the most dangerous?

ANSWER—Myoma means tumor of muscle tissue. Tumor means swelling or enlargement. Fibroid is another name for myoma. This tumor is quite common. At the age of 45 years, one in every nine white women and one in every four colored women have fibroid tumors. Often these tumors produce no serious results, notwithstanding the surgeons' dictum that "the harmless fibroid is a myth." The mere presence of such a tumor or tumors, often in women who have raised families, should not call for any treatment. Radium treatment is giving very happy results in many cases of fibroid tumor when health is seriously impaired and some surgeons no longer operate until radium treatment has proved insufficient.

Breast Cancer.

Is a lump which causes no pain or soreness and which has been in one breast for six months (at least I first noticed it six months ago) serious? I am a married woman 37 years old with two children, six and ten years old. (Mrs. J. M.)

ANSWER—A single hard lump in the breast of any woman over the age of 30 always suggests cancer. If the skin dimples over the lump, it is probably cancer. In the early stage of breast cancer, the stage when a cure by surgery is reasonably probable, there is no pain—a lump is accidentally discovered. Therefore, the only safe and sensible course to follow is immediate consultation of the physician for examination. Procrastination, with the worry and uncertainty it causes, is certainly an unwise policy, even though the trouble proves non-malignant.

Advertiser Patterns

Owing to the pattern manufacturers increasing the price of patterns to us, all patterns advertised from this date will be 15 CENTS EACH.

312.

A Dainty Frock for Mothers' Girl.

Pattern 3123, cut in 4 sizes: 4, 6, 8 and 10 years, was used for the model here shown. White batiste with lace and insertion, or linen with embroidery would be effective. Silk, crepe, taffeta, satin, voile and poplin are also attractive for this style. It will require 4 yards of 27-inch material for a 10-year size. The sleeve may be finished in wrist or elbow length.

A pattern of this illustration mailed to any address on receipt of 15c in silver or stamps.

Name .....

Town .....

Province .....

Age (if child's or misses' pattern).....

Measurement: Bust..... Waist.....

CAUTION: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is bust measure, you need only mark 38, 44, or whatever it may be. When in waist measure, 22, 24, 26, or whatever it may be. If a skirt, give waist and length measure. When misses' or child's pattern, write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than one week from the date of application.

Puppy Stories

by Vincent G. Perry

THE CAT'S PUP.

Part One.

Did you ever see a tiny Pekingese spaniel? Little, pugnosed, big-eyed fellows, with chubby wee bodies hidden in the longest and most beautiful silk coats imaginable—they are a pretty sight. Chu Chu San was just that kind of a doggie, and a sweet-tempered little thing she was, too.

Just at the time our story opens, San was a proud wee doggie, for she had a tiny puppy two days old. The first day she had not left it at all, for it was her first puppy, and she was so overjoyed at having it, and loved it so much she could not be persuaded to leave her box for one minute. The next day, however, San went outside, telling herself that she would soon return. Before going she took good care that her puppy was quite safe and snug in the box. It was a lovely day, and San ran across the road to tell the news to a nice little dog she knew over there. On her way back San sniffed what looked like a juicy piece of meat. She felt hungry for the first time that day, and before she stopped to think, had gobbled up the meat.

Just about the meanest person in the world is the person who puts out poison for a dog to eat. That's what some wicked person had done this day, and San had eaten the poisoned meat. Alas! It was hardly in her little stomach before she knew she had been poisoned. Terrible pains came to her, and she was barely able to get home. How strangely she behaved, thought her master when she came in, for San would not go near her beloved puppy. Wise little San! She knew that the puppy would catch the poison from her if she went into her box. When at last her master did realize what had happened, it was too late, and poor little San died in a very few minutes. What was to become of her helpless little puppy?

In the very next house lived old Tabby, the cat. Poor Tabby was filled with great grief, for her mistress had drowned her three kittens. Perhaps if her mistress had known how badly Tabby would feel she would not have put the kittens out of the world, but her mistress had thought it better that they should die young than that they should grow up to be ill-cared-for and abused cats without proper homes.

So when Tabby returned to her family after a short absence they had disappeared. How Tabby did meow around and cry for her little ones, but although she listened and listened there was not an answering cry. Tabby guessed what had happened, but just the same she did not give up her search.

Tabby was outside between the two houses when she heard a faint little cry. She listened again. Yes, it was some little animal crying for its mother. Was it one of her kittens? The window of the next house was open and Tabby climbed up and jumped through. She was not long in finding the little creature that was crying so lustily. It was not one of her kittens, and it was so tiny it did not look like anything she had ever seen before. Tabby spied something in the corner. It was poor dead San. Then Tabby knew. She had always like funny little San and her quaint ways, and at once her motherly old heart went out to the orphan puppy.

When San's master came to see if the wee puppy was dead, he was given a great surprise. There in the box was the old cat, Tabby, nursing the Pekingese puppy. Tabby had lost her family, but she had adopted another.

YOUR OLD CARPETS

Made into new, beautiful, fluffy, reversible rugs.

CANADA RUG COMPANY

68 Carling Street. Send for Leaflet. tf-yw

Cynthia Grey's Mail-Box

"Have you ever noticed," asked Anne reflectively, "that when people say it is their duty to tell you a certain thing you may prepare for something disagreeable? Why is it that they never seem to think it a duty to tell you the pleasant things they hear about you?"—L. M. Montgomery.

To Banish Ants.

Dear Cynthia Grey,—Some kind friend has told your readers how to rid the pantry of that terrible pest, ants. Fortunately for me I was not interested in the little fellows then, but I am now, very much so, and I turn to you thinking you can help me by suggesting remedies. I have tried borax, with no effect. Thanking you and your readers I remain, SAMANTHA.

Ans.—The Scientific American gives the following methods of getting rid of ants: "To drive ants out of a room and keep them out, use where they frequent either insect powder, ground mustard, sulphur, camphor, tobacco, or oil of cedar," so you have a wide choice of extinguishers.

Veranda Chats.

We received the mat patterns yesterday, which Elizabeth Ann kindly sent in, and have copied them and are returning them today. Thanking you for the trouble of sending them. We remain, TWO COUNTRY ROSEBUDS.

Ans.—Patterns received and have been mailed to Daisy.

Please send me the stocking-foot pattern. Inclosed you will find self-addressed and stamped envelope, also mite for S. C. H. Miss Grey, I'm sitting at the table near a large bouquet of nasturtiums. Would you like some? Can you make out this scribbling? Would you give me the address of a girl my age (14 years)? SWEET CLOVER.

Ans.—Have mailed you pattern and the address of the younger of the Two Country Rosebuds. Indeed, I do love the warm, gay beauty of nasturtiums, Sweet Clover. As to the last question in your letter why didn't you write the harrowing prelude to that query? In case you might want to some time, I leave it unanswered. Thank you for hospital contribution.

Although I am new in your column may I also add a "hospital dime." I nearly always read your column, and I find it a great help as well as interesting. I am just 16, but please do not put me out of your little club, because I am only a "flapper," because I will be very good. Are girls allowed or just women? I wonder if you know of any firms who accept stories for children or small poems? Could you, please, give me the addresses? Wishing success to your hospital fund. PUSSY.

Ans.—You might try St. Nicholas, The Century Company, New York, and Youth's Companion, the Perry Mason Company, Boston, Mass., with children's stories and poems. Let us wish you success in your writing. Thank you very much for the hospital dime. Everyone is welcome to enter the Mail-Box circle.

Received the song entitled "Cowboy's Lament," yesterday. Am returning it today, and thank you very, very much for your trouble. Inclosed you will find a dime for sick children's fund, and think it a grand way to help sick children. Wishing you success and good luck, I am, FAITHFUL DOBBYN.

Ans.—Thank you, Faithful Dobbyn, for dime and return of verses.

Appreciates Mail-Box.

Dear Miss Grey,—May I give my opinion of the Mail-Box? I heard you say certainly, so here 'tis. I think it is the most helpful, energetic, do-the-right, educational circle in Ontario. It might almost be called "The Free Knowledge Roll," for all we have to do is read and we have before us things which otherwise might take years of experience (and experience is a hard master) for us to know.

Now to trouble you, would you be so kind to give me an address or addresses where I might sell poems or verse?

Inclosed find bit for the "Great Cause."

Thanking you for space and trouble, I am A DREAM GIRL.

Ans.—Dear Dream Girl, thank you very much for your kind appreciation of the Mail-Box. We are proud of your words. Now, I would advise you to get some good magazines and read them carefully, studying their choice and need in verses, and submit your poems accordingly. The Canadian Magazine, Toronto; McLean's Magazine, Toronto; Canadian Home Journal, Toronto; The Canadian Bookman, Montreal, Que., are all Canadian magazines, and publish poetry. The "bit" got lost, but thank you for thinking of us.

Has Her First Garden.

Dear Miss Grey,—May I loan the infant's bonnet? Will return as soon as possible. Inclosed is a small contribution (20 cents) for the dear chicks. Thanks to your help and advice, I have done so well with my garden and have kept us well supplied with vegetables all the summer. I planted peas, beans, potatoes (ten rows), cabbages, cauliflowers, turnips, beetroot, carrots, lettuce, radishes, onions, spinach and tomatoes. It's the first garden I've ever had and I have worked in it early and late; they call me the "Farmerette."

And Jeff.

Dear Miss Grey,—I received the stocking-foot pattern and thanks very much for it. Find inclosed a small contribution to the sick children's hospital. What could a young girl of 15 or 16 do in the afternoons besides going to picture shows or picnics? Would you please send me Carnation's address?

From your friend, JEFF.

Ans.—Thank you for hospital contribution. Have mailed you Carnation's address. In answer to your question about afternoon occupation, I think a girl of 15 could profitably and enjoyably spend many summer afternoons with her mother learning sewing or fancy work or reading worth-while books. She can study music or she can devote reasonable time to healthy sport, such as tennis. Above all, Jeff, a girl of 15 is quite old enough to know that leisure is not given her to idle her hours aimlessly, wondering what to do to "put in time." Her ambition should lead her into finding just where her interests lie along useful lines and cultivating them to the utmost of her ability. So many girls are longing for the leisure to develop their gifts.

Piquant and pungent—yet delicate

This is the flavor of Lanka. Famous Lanka—British grown in Ceylon's hill gardens. Strong—yet so blended that the flavor is mild and delicate. The aroma—fragrant and tempting; the color—rich and sparkling.

LANKA TEA

WHAT'S IN A NAME

BETSEY.

(Copyright, 1920, by the Wheeler Syndicate, Inc.)

The quaint and charming name of Betsey, so endeared to American history, had its source far back in early times when the Muscovite princess, Elisavetta, the daughter of Jaroslav, was the object of the romantic love of the great poet and sea king, Harald Hardrada, of Norway, who sang nineteen songs of his own composition in her praise on his way to her from Constantinople, and won her hand by his feats of prowess.

Her name, which means "God's oath," appears in many romantic tales and Danish ballads, and finally spread, in numerous variations, throughout Europe, by way of Germany. Elizabeths, Isabels, Elizas and Elsbets were the most popular names in Europe—and still have tremendous vogue, for that matter—but Betsey is typically English and latter-day American.

Many famous women have borne the name in this country. Betsey Ross, whose skillful fingers fashioned the first American flag, is a heroine of history. A no less authentic, but more extravagantly romantic character was the beautiful Betsey Patterson, who captured the love of Jerome Bonaparte, brother to the great emperor, and suffered a broken heart.

The ruby is Betsey's talismanic gem. It brings her beauty and pride and haughtiness, according to ancient superstition. Wednesday is her lucky day and 3 her lucky number.

Claims Dandruff Will Cause Baldness

If you have dandruff, you must get rid of it quickly—it's positively dangerous and will surely ruin your hair.

Dandruffy heads mean faded, brittle, scraggly hair that finally dies—new hair will not grow—then you are hairless and nothing can help you.

The sure way to banish dandruff for good is to destroy the germ that causes it. To do this quickly, safely and without risking a penny get from your druggist some Parisian sage (liquid form). This is guaranteed to keep away all dandruff, stop itching scalp, check falling hair, and promote a new growth, or the cost, small as it is, will be refunded.

Parisian sage is a scientific preparation that supplies hair needs—an antiseptic liquid neither sticky or greasy, easy to apply and daintily perfumed.

If you want beautiful, soft, thick, lustrous hair, and lots of it, by all means use Parisian sage. Don't delay—begin tonight—a little attention now helps insure abundant hair for years to come.

LEAFS GO DOWN TO DEFEAT IN FRONT OF BUFFALO HITTERS

Akron Failed To Take Advantage of Toronto's Defeat by Splitting With Hustlers.

BUFFALO, Aug. 4. — Buffalo won over Toronto easily today, the score being 8 to 1. McCabe moved along smoothly, while Bader was in bad twice and the second time it was necessary to derrick him and substitute Snyder, who finished strong.

The score:

		R.	H.	E.
Toronto	010 000 000—	1	6	1
Buffalo	030 410 00x—	8	9	0

Bader, Snyder and Sandberg; McCabe and Bruggy.

MARINES SPLIT.

SYRACUSE, N. Y., Aug. 4.—Today's double-header between Reading and Syracuse was most evenly divided, the visitors winning the first game by 3 to 1, and the home team taking the second by the same score. The scores:

First game—		R.	H.	E.
Reading	000 010 110—	3	9	1
Syracuse	000 000 001—	1	3	1

Brown and Cotter; Perryman, Donovan and Casey.

Second game—		R.	H.	E.
Reading	000 000 001—	1	4	0
Syracuse	000 010 20x—	3	6	2

Bareiss and Cotter; Donovan and Niebergall.

HUSTLERS TAKE ONE.

ROCHESTER, Aug. 4 — Rochester and Akron divided a double-header here today, the Colts taking the first 3 to 1, and losing the second 9 to 3. The scores:

First game—		R.	H.	E.
Rochester	120 000 00x—	3	9	1
Akron	000 010 000—	1	7	2

Clifford, Barnes and Ross; Flaherty, Culp and Smith.

Second game—		R.	H.	E.
Rochester	000 002 010—	3	7	3
Akron	200 113 002—	9	15	1

Barnes, Collins and Ross; Hill and Walker.

ORIOLES STRETCH LEAD.

BALTIMORE, Aug. 4. — Baltimore won its eighth straight game today by defeating Jersey City in the second game of the series by a score of 5 to 2.

The score:		R.	H.	E.
Baltimore	000 004 01x—	5	6	4
Jersey City	000 101 000—	2	7	2

Newton and Egan; Biemiller and Freitag.

31 MEMBERS OF CANADIAN TEAM REACH ANTWERP

Athletes From Dominion Are Ready For Big Events.

Antwerp, Aug. 5.—Thirty-one members of the Canadian Olympic team have arrived here and together with dozens of athletes of other countries were busily engaged yesterday training at the stadium for the various events.

The Italian team, numbering 21, the South Africans, Egyptians and Greeks arrived recently. Hans Kolehmainen, the famous Finnish Marathon runner, is also on the ground.

Peter Trivoulidas, winner of the 1920 Boston Marathon, is here to represent Greece in the Olympic Marathon, accompanied by his trainer, Peter Hagelman of New York. He was one of the first Marathoners to go over the Olympic course.

Five United States bicyclists, entered for the road race, arrived yesterday. The athletes from the United States are en route on the transport Matoika, and are expected to arrive late this week. They will be among the last delegations to reach Antwerp.

STRATFORD DEFEATS IMPERIAL CITY 2—0

SARNIA, Aug. 4.—Stratford taking advantage of some erratic work on the part of the Sarnia full backs, defeated the local W. F. A. team 2 to 0 in the first game of the semi-finals of the senior series. The game was replete with thrills despite loose playing on the part of both teams at times.

Both elevens showed splendid combination play, Sarnia falling down when close in on the nets. D. Borthwick scored the only counter in the first half on a pass from Neilson. W. Borthwick counting the second one when he left the Sarnia full backs far behind and McMillan came out of the goal to meet him.

The splendid defensive work of Harmer on the Stratford defence was one of the features of the game. Hoon, the diminutive forward for Sarnia, played a strong game. The return game is to be played in Stratford on Saturday. The teams:

Stratford—Goal, Dempsey; full backs, Clark, Harmer; halves, G. Rose, T. Leigh, Bull; forwards, Nielson, W. Borthwick, D. Borthwick, Reynolds.

Sarnia—Goal, McMillan; full backs, McNair, Fleming; halves, Weston, Manchester, Thorpe; forwards, Swan, Willis, Mitchell, Hoon, Hicks.

Referee—C. Hollands, London.

Carmen Beats Sox Handily and Wins His 19th Victory

Jubilation Behind Dyke Cut Short by Terrific Hitting of the Londoners—Winslow Knocked Off Hill and Buckley Badly Mauled.

BRANTFORD, Aug. 4.—Revenge is sweet and the Kockneys had it here tonight in full measure, when they trimmed the Red Sox by 10 to 4. It was a walk away, witnessed by the biggest twilight crowd present all season. Brantford fans were so enthused over the victory of the Red Sox the night before that they turned out to cheer tonight, only to go away to bewail. Knotty Lee put in his second best, Winslow, who has been going along pretty well of late, and the Tecs got to him in the first inning for four counters. When Winslow walked the first man up in the second he was derricked and Buckley sent in to relieve. Winslow asked to be left in, but the Sox pilot had made up his mind and made the change. It did not seem to make much difference, as Buckley was nicked for five runs in the third and that gave Carmen something to work on. With a lead of 9 to 0 the southpaw just breezed through, although he was saved by sensational support at intervals.

Sox Dangerous.

The Brantford quartet of runs came in the fifth and it was a thrilling affair for the homesters. Dye walked and Buckley singled, and then Moorefield was safe on Shay's error, filling the bases. George Orme punctured one to left and one run scored, and Murphy skied to centre, for a sacrifice fly. The play was the best of the evening, the bases being filled and Crichlow making a catch going with his back to the stand. For three innings after that Crichlow was accused by Mr. Murphy of being a yeggman. Werre and Brady also injected hits after Murphy's blow, netting a four-run drive. After that there was not much doing off Mr. Carmen, who seemed to have recovered his effectiveness. It rather slows up the report of the battle, however, to say that there was nothing doing. Estelle, while coaching, was put out of the game by Umpire Franklin and Werre was put out of the park in the ninth, when he objected in a most carressing manner to a decision. When the game was over a genial lady fan of Brantford got the grey-haired umpire into her car and got him to safety. It was the first time this year that local fans forgot themselves, but then it was London here. President Maines watched the game from the stand and was frequently appealed to by Knotty Lee in the following strain: "Look 'em over, George, aren't they great?" At that the umpires were not bad in their decisions, but having just received fresh instructions, their strictures were more severe and again, London, under the studious Wetzel, not wishing to disturb peace with a very nice lead of runs got the breaks of the old game.

The score shows a half truth omitted from Brantford. We took one.

London got the jump in the first, when Kennedy walked and Shay singled. Then Neitzke walked, filling the bases. Kuhn was out, third to first, but Kennedy scored. Then Shay scored as Briger was retired by the same route. Crichlow singled and both he and Neitzke scored when Pittenger tripled. That sort of dampened local spirits. The Sox were held scoreless in their half, and when Winslow walked Kennedy in the second, the Tribe having batted around for the entire nine, Mr. Winslow was yanked.

Buckley pitched fairly well as a relief man, but in the third he got into trouble. Briger was safe on Brady's error and he stole second. Crichlow singled, but was put out later, pitcher to second. Carmen got a fielder's choice and Briger scored. Delotelle hit and scored Shay and Neitzke. The net result was five runs, Keating missing a throw at the plate, which permitted two runs to scamper over. Hits by Briger and Crichlow in the next round accounted for the last run by the Kockneys. BRIGHT, SEAFORTH, GETS FIRST PRIZE IN ELMWOOD TOURNEY

Second Honors of Doubles Affair Goes To McPherson of L. R. C.—Shannon Took Third and Whetlow Fourth.

R. E. Bright of Seaforth carried off first honors in the Elmwood Bowling Club's Wednesday afternoon doubles tournament with a score of 4 wins, plus 27. J. Macpherson of the London Bowling Club skipped his way to second place with a score of 4 wins, plus 17.

The games between the 24 pairs were strongly contested throughout, although some of the rinks were unfortunate enough to run up against strong pairs all through, and had their scores cut down badly.

R. P. Haskett H. A. Kempas. Won 3, plus 13.	J. S. Ashplant F. G. Browne Won 2, minus 17.
T. H. Murray A. Gunther Won 1, minus 14.	A. W. Fraser W. Shannon Won 3, plus 26.
J. H. Vanstone W. W. Scott Won 1, minus 20.	M. Aikenhead F. N. Allen Won 2, plus 21.
W. Mara A. M. Trick Won 2, plus 3.	George Farr Charles Farr Won 1, minus 18.
W. Gillespie F. A. Brown Won 1, plus 3.	R. J. Sproat R. H. Sproat Won 2, minus 26.
H. Scheiding R. E. Gregory Won 1, minus 29.	J. A. Willis R. E. Bright Won 4, plus 27.
Sam Horn C. E. Speiran Won 2, minus 1.	W. Westcott A. Aiken Won 2, plus 11.
O. Deacon Dr. Jarvis Won 3, plus 12.	F. Chambers A. Tripp Won 2, plus 3.
W. Wilson F. S. Onn Won 1, minus 13.	J. Smythe E. L. Morren on 2, minus 10.
W. H. White W. S. Thompson Won 0, minus 30.	Joe Vivian J. Griffith Won 1, minus 4.
E. Nickle J. Macpherson Won 4, plus 17.	Joe McLeod A. H. Whitlow Won 3, plus 31.
Dr. Beachely J. M. McMillan Won 2, plus 3.	W. Hallard Capt. McDonald Won 2, plus 14.

SLINGBYS TO FIGHT OUT PLAYER QUESTION TO END

BRANTFORD, Aug. 4.—There will be a fight against the disqualifying of four players, McDonald, McMahon, Scott and Taylor, members of the local teams in the Brantford branch of the O.A.B.A. by Slingsbys' semi-finals.

The local executive and the Slingsbys' Club officials hold that the O. A. B. A. rules allow players to be signed up as late as July 15. These star players of other clubs were signed by Slingsbys before that date, and the claim is made here that Hamilton was peevish, because its semi-finals did not strengthen up before the due date, protesting and getting a decision without Brantford being heard. Slingsbys have lost two pitchers and have an infielder off with injuries, and they would either have to forfeit the semi-finals with Guelph or use junior players to fill up their ranks.

Football Trouble.

When President Tom Anderson of the Brantford and District Soccer League suspended Paris, because a Paris mob attacked players of the Brantford United team, of which Anderson is manager, during a game at Paris, there was criticism that he was a "One team president." When he heard of this he tendered his resignation, but it has not been accepted. There is likely to be a warm debate over the incident.

Hamilton and Kitchener Play 10-Inning 4-4 Tie

Reddy Started For Tigers, But Morrisette Had To Be Called in To Finish the Affair.

KITCHENER, Aug. 4.—The Beavers and the Tigers played ten innings to a tie, four all, here this evening, the game being called on account of darkness. It was the most exciting game of the season. The Tigers gained a lead of one run in the first inning, when three errors were bunched by the local infield, but during the remainder of the game, Matt Kirley received good support. The veteran pitcher kept the eleven hits fairly well scattered, and no runs were available after the sixth. Reddy started for the Tigers, but after the Beavers had bunched four hits in the sixth and tied the score with three runs, Shaughnessy called his big ace, Morrisette, to pull out a win for the team, but the big fellow could only keep the Beavers from scoring, holding them down to one hit. Morrisette attempted to hit the ball over the right field fence, but Norris was waiting for it, and made a great catch. Andy Kyle also featured with some sensational work in left field. The score:

Kitchener.	A.B.	R.	H.	P.O.	A.	E.
Norris, r. f.	5	0	1	1	0	0
Beatty, 1b.	5	0	2	13	0	0

FLINT COMES THROUGH

BATTLE CREEK, Aug. 4. — Flint started in to win today, and though the four runs acquired in the first inning were not enough, they added four more in the sixth, and won 8 to 6. The fact that battle Creek had 13 men left on bases, a record for Athletic Park tells the story. The best hitters failed in the pinches.

WOLVES BEAT ACES

BAY CITY, Aug. 4.—The Wolves made it five wins out of the last six starts when they defeated Saginaw in the second straight game of the series by 3 to 1.

Foster, a recruit Detroit pitcher, who started against the Aces yesterday and was knocked out in the first inning, was started back again today and held Saginaw to six hits.

Camarek, a local sand lot player, was tried out at short, and looked good, handling seven chances without a slip-up.

Shriver pitched fine ball for Saginaw, allowing but four hits. He lost out in the first inning, when two walks, an infield single and an out and Cuyler's triple scored Bay City's only runs.

Wetzel, Saginaw's first sacker, is reported to have jumped the team.

The score:

Saginaw—	A.B.	R.	H.	P.O.	A.	E.

W. O. R. SEND 8 SHOTS TO LONGBRANCH IN PROVINCIAL SHOOT

Three Ex-Bisley Men Are Among First Regiment's Representatives.

The London Battalion of the Western Ontario Regiment will be well represented at the approaching Rifle Association matches next week at Toronto. The party will leave by the noon G. T. R. train on Sunday, and will consist of eight men, all of whom are expert marksmen, including three ex-Bisley shots. They are: Major T. G. Murphy, Capt. Chester Butler, Sergt. M. H. Lee, Sergt. H. E. Smith, Corp. J. W. Smith, Pte. F. N. Allen, Pte. F. P. Leushner, Pte. C. W. Morgan.

Some fine scores were made at the Cove ranges last Saturday, Major Murphy's possible of 35 points at 600 yards being very good. The battalion will be able to put a strong team in the field for the team events. With the exception of one or two, the party will proceed to Ottawa after the Toronto matches to compete in the Dominion matches during the week commencing August 16.

PIRATES BEAT BRAVES AND STRENGTHEN HOLD

BOSTON, Aug. 4.—Cooper had the better of Fillingim in a pitchers' battle here today and Pittsburg made it four victories in a five-game series by defeating Boston, 3 to 0.

The score:		R.H.E.
Pittsburg	000 003 000—	3 5 0
Boston	000 000 000—	0 5 0

Cooper and Haeffner; Fillingim; Scott and Gowdy.

PHILLIES BEAT CUBS.

PHILADELPHIA, Aug. 4.—Causey held Chicago to two singles today, and Philadelphia won, 4 to 1. Though the locals made nine hits, including four doubles, none of their runs were driven in by a solid hit. The score:

		R.H.E.
Chicago	000 010 000—	1 2 2
Philadelphia	000 011 02x—	4 9 0

Hendrix, Carter, Martin and Killifer; Causey and Tragressor.

WILL FINE PLAYERS

BRANTFORD, Aug. 4.—Penalties for pushing or hardling umpires will be imposed on all players in the Michigan-Ontario League. This was announced by President Maines today. As a starter he fined Sumpter Clarke of the Red Sox $25 for putting his hands on Umpire Franklin yesterday during the settlement of an argument.

SOX BEAT TIGERS.

DETROIT, Aug. 4.—Boston won from Detroit 5 to 1 here today, taking the odd game of the series. Both Leonard and Bush were hit hard, but the latter kept the Tiger safeties scattered.

The score		R.	H.	E.
Boston	101 300 000—	5	10	1
Detroit	010 000 000—	1	11	1

Bush and Schang; Leonard, Okrie and Woodall, Stanage.

MONK WINS CHAMPIONSHIP.

Ottawa, Aug. 5.—H. C. Monk won the 1920 championship of the Royal Ottawa Golf Club yesterday, defeating Capt. Jack Devlin 4 up and 3 to play.

WHITE SOX TROUNCE YANKEES, MAKING IT THREE FOR SERIES

Washington Took the Leaders Into Camp For a Bad Trouncing.

CHICAGO, Aug. 4.—Chicago made it three out of four today by winning the final game of the series with New York, 10 to 3, before a crowd estimated at 28,000. For the four games the attendance was estimated at 126,000, the largest on record for a four-game series, when single games were played.

The score:		R.H.E.
New York	200 000 001—	3 9 2
Chicago	410 002 12x—	10 14 1

Mogridge, W. Collins, Thormahlen and Ruel; Kerr and Schalk.

ELEPHANTS WIN.

ST. LOUIS, Aug. 4.—Philadelphia hit in the pinches today and won from St. Louis, 7 to 2, driving Weilman from the box in the seventh. The victory gave Philadelphia an even break on the four-game series.

The score:		R.H.E.
Philadelphia	010 012 300—	7 12 1
St. Louis	000 000 020—	2 11 2

Naylor and Perkins; Weilman, Lynch and Severoid.

SENATORS TRIM NAPS.

CLEVELAND, Aug. 4.—Washington wound up its series here today by winning, 11 to 3, thus breaking even in the present series. Joe Wood, who had pitched but two-thirds of an inning since 1917, then tried to stage a come-back, but lacked control. Home runs by Speaker and Smith drove in Cleveland's run. The score:

		R.H.E.
Washington	100 004 150—	11 11 0
Cleveland	102 000 000—	3 7 1

Erickson and Gharrity; Morton, Clark, Wood and O'Neill.

ST. THOMAS DEFEATS WOODSTOCK AT HOME

WOODSTOCK, Aug. 4.—In the first home games in the newly-organized Western Ontario League St. Thomas defeated Woodstock by 4 to 3. The games were exceptionally well contested, especially the doubles, in which Lattornell and Scarff of St. Thomas defeated Taylor and Sandercock of Woodstock.

The locals play in St. Thomas on the 18th.

The results:

Singles.

S. Oliver, St. Thomas, lost to Jack Coles, Woodstock, 2—6, 4—6.

C. T. Boughner, St. Thomas, won from Oscar Taylor, Woodstock, 6—1, 6—4.

W. N. Lattornell, St. Thomas, defeated Sutherland, Woodstock, 4—6, 6—3, 6—3.

H. W. Scarff, St. Thomas, lost to Sandercock, Woodstock, 1—6, 0—6.

P. Southron, St. Thomas, won from Cook, Woodstock, 5—7, 6—4, 6—1.

Doubles.

Oliver and Boughner, St. Thomas, lost to Coles and Sutherland, Woodstock, 2—5, 5—7.

Lattornell and Scarff, St. Thomas, won from Taylor and Sandercock, Woodstock, 7—5, 7—5.

Oxford Beats Kitchener.

The Oxford County Club golfers defeated the Kitchener representatives here today by 7 to 1 in a Western Ontario League fixture. The results:

With the Trotters and Pacers

Walter Dumart of Kitchener has sold Mansfield, 2:05¼, to R. Overland of Orangeville.

Simcoe promises to hold as large a meeting on August 18 and 21, as it did earlier in the season.

Jack Kinksley of Boston has sold the pacing gelding, Little Frank B., 2:16¼, to a Canadian horseman.

The 2:30 trot or pace advertised for August 18 at Forest, has been changed to a 2:25 trot, and the purse it $300.

Armandale, 2:10¼, owned by O. Hawkins of Wolfe Island, Ont., reduced the track record at Kingston last week from 2:11½ to 2:10¼.

Rifle Grenade, 2:04¼, is the new world's champion three-year-old pacing gelding. He is the property of George E. Dudley, Youngstown, O.

Guaveta, 2:14½, by Etawah, 2.03, is the season's fastest two-year-old trotter over a half-mile track. She is out of Guava by Bingen, 2:06¼.

Red Lancelot repeated at Toledo, O. for Charley Valentine, and took a new record of 2:02½. The boys are all waiting to see this horse try conclusions with John Henry, 2:03¼.

Hollyrood Fancy, 2:12¼, the fast two-year-old trotting filly owned by J. L. Dodge, is seriously ill with pneumonia at Toledo, O., and not expected to recover.

Bye and Bye, Lisbon, O., last week sold Berda, 2:26, a sister of Brescia, 2:05¼, to Wilbur J. Myers, Springfield, O., and she will be retired to the broodmare ranks.

Norman Dillon, 2:05¼, equalled the world's record for four-year-old trotting geldings, and in addition still has the honor of being the world's champion two-year-old trotting gelding.

A Maritime syndicate, known as the Hartland, N.B., Driving Club, has purchased the fast pacing gelding, Ben Ali, 2:03¼, from W. J. McDonald, the Boston amateur.

Brampton has dropped out of the Western Ontario Short Ship Circuit, and Simcoe is taking its place and will hold its second meeting of the year on August 18 and 21.

Senator Wilkes by Ora Wilkes won the 2:12 pace at Columbus with "Hump" Morrison of Tilbury doing the teaming and reduced his record to 2:04¼.

Princess Mary, 2:03¼, by Lloyd Bell, 2:06¾, won her third race on the big line at the Zoo, defeating Hazel Kuestner, 2:03¼ owned by the Galt horseman, F. S. Scott, M.P.

Kitchener will not hold races on Labor Day, September 6, stepping down on this date in favor of Galt, but instead will hold a meeting on Thanksgiving Day.

Berea, O., stages its initial race meeting this week, and under agreeable weather conditions a grand speed festival is certain, as over two hundred entries have been received by John A. King.

Dix Imbro, 2:24¼, driven by "Jim" Dompier established a new three-year-old record for pacers at Portage la Prairie two weeks ago of 2:24¼ and equalled it again last week in Brandon, Man. "Dix" is owned by a syndicate of Brandon horsemen.

Eleanor Axworthy, 2:17¼, the chestnut trotter, raced a few times by Nat Ray, has been sold by D. E. McNicol, East Liverpool, O., to Louis Gray of Swansea, Mass. She proved a disappointment, but can trot a part of the road quite lively.

J. T. Payette, Penetang, has sold the bay pacing mare, Camelia, 2:04¼, to P. Daust of Sturgeon Falls, and the daughter of Cummer made good in her first start at Sudbury for her new owner, winning the free-for-all.

Form Inter-Industrial Bowling Tourneys Is New Idea Advanced

Some Firms in City Have Already Staged Matches, But Idea Is Not Organized Yet.

Another bowling season may see some attempt to sort out the various firms represented in the different clubs of the city and give an interfactory and industry flavor to the season's trundling.

The idea has been put into practice this season in several isolated cases and firms have played one another. However, no concerted action has been taken and the idea yet remains to be fully developed.

A program which included inter-industrial games would not need to necessarily interfere with the ordinary programs of the clubs whose greens would be used. It would simply mean that more bowlers would be added to each of the clubs, one bowler amongst a bunch of fellow employees acting as a sort of recruiting centre, and taking them to the club to which he belonged.

The inter-club tourneys have been a means of promoting keen competitions and this idea would make for still more interest, if it were boosted. And the boosting will not be long in coming, for already a movement is on foot to attempt organization along these lines for next year, and it will probably receive the hearty support of all the city clubs.

FATHER FORSTER CAPTURES TROPHY

Ridgetown, Aug. 4.—Rev. Father Forster of the London Rowing Club carried away the Union Bank trophy at the Scotch doubles tournament here today when he defeated R. Little of Thamesville in the finals by a score of 12 to 10. In the second event, Tilly Campbell of Rodney sent Snelgrove of London down in the finals, the two taking first and second prizes respectively, third and fourth monies going to R. Ellison of Windsor and R. Dauphin of Ridgetown.

MANUFACTURERS' BALL

The Civil Service defeated the London Hosiery in a listless game last night by the score of 5 to 3. Both Carson and Sanford, who were on the mound for their teams, pitched good ball, Carson allowing one hit and Sanford two. The score:

		R.H.E.
Civil Service	320 000 0—	5 2 2
London Hosiery	001 101 0—	3 1 4

Batteries—Carson and Burgess; Sanford and Burns.

PARIS HEADS CRICKET LEAGUE BY FOUR POINTS

GALT, Aug. 4.—The official standing of the Western Ontario Cricket League shows the Paris Club out in front with a substantial lead. Galt has made a great spurt in the past two weeks, moving from the cellar into fourth place.

The Standing.

	Games	Won.	Lost.	Drawn	Runs for	Runs Against	Points.
Paris	6	5	0	1	477	189	11
Twin City	4	3	0	1	254	118	7
Stratford	7	3	3	1	527	437	7
Galt	6	2	3	1	311	464	5
Guelph	7	1	5	1	395	537	3
Brantford	6	1	4	1	249	441	3

THISTLE CAUSED POISONING.

Chatham, Aug. 5.—Hector McMillan of Rushton's Corners, was brought to the hospital here seriously ill with blood poisoning which developed in the third finger of his right hand. While harvesting he ran a thistle in his finger and was not noticed for several days until inflammation was set up.

Glints From the Mint Diamonds

Crichlow was the star for a day for the Londoners, poling out three hits out of five times at bat and making a difficult catch in the field which unloaded the bases of some dangerous loads.

Just nineteen wins Carmen has turned in, and there are still a lot of games to play in the Mint.

President Maines saw yesterday's game, and the exit of his chief of staff, Umpire Carroll. Carroll used to be a prime favorite in Brantford, but when the Brants are losing, they haven't any favorites.

A straw vote on popularity amongst the Brantford players would probably result in the London team being elected to great heights, ain't they?

It's particularly pleasing to local fans that the Tribe should keep out of trouble with the umpires. The two game affair with the Red Sox put lots of fight into the London outfit, but they spent it on baseball and not the 'umps.

Carmen continued his swatting to keep pace with a 19-win stride, two hits, one of them a double, getting into his records.

About the only thing that will keep the gloom lifted off Brantford is to think of Shag as an umpire in the American League.

If Shag was umping, he wouldn't need to get off the plate to second station line. The catchers could peg between two bowed columns of blue serge trousering.

Orth Sells the Type of Togs That Make You

LOOK YOUR BEST!

ORTH LIMITED, 217 Dundas, Cor. Clarence.

END YOUR Catarrh TODAY

Catarrh sufferers, meaning those with colds, sore throat, bronchial trouble, etc., can all be cured right at home by inhaling "Catarrhozone."

In using Catarrhozone you don't take medicine into the stomach—you just breathe a healing, piney vapor direct to the lungs and air passages.

The purest balsams and the greatest antiseptics are thus sent to every spot where catarrhal trouble exists—germs are killed, foul secretions are destroyed, nature is given a chance and cure comes quickly.

Colds and throat troubles can't last if the pure healing vapor of Catarrhozone is breathed—sneezing and coughing cease at once, because irritation is removed.

Use Catarrhozone to prevent—use it to cure your winter ills—it's pleasant, safe and guaranteed in every case.

MURINE Night and Morning. Have Clean, Healthy Eyes. If they Tire, Itch, Smart or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Soothes, Refreshes. Safe for Infant or Adult. At all Druggists and Opticians. Write for Free Eye Book. Murine Eye Remedy Co., Chicago

VOTERS OF TODAY ARE THINKING IN BIGGER TERMS, SAYS BRACKIN

West Kent Member Hands Out Bouquets To U. F. O.-Labor Government in Address At Highgate Reunion, But Points Out Inevitable Cleavage Between Progressives and Standpatters.

[By Staff Reporter.]

HIGHGATE, Aug. 4.—Nearly 10,000 people thronged the Highgate fair-grounds this afternoon at the closing rally of the Highgate old boys' and girls' reunion. Tonight the reunion closed with a community dance, held on the public school grounds. Shooks' orchestra of Detroit furnished the music.

R. L. Brackin, M.L.A., West Kent, was the chief speaker at the afternoon mass meeting, held in the big tent, Premier Drury and Sir Adam Beck both failing to appear. Dodge Bros. Concert Band of Detroit provided the special afternoon band program, the Highgate Citizens' Band meeting trains and heading processions, as on previous days of the reunion. Vocal solos were rendered by William Gilmour of Detroit, a Highgate old boy, and by Howard Lewis of the Dodge Bros. band. Miss Adele Guilds was accompanist.

The drawing for a touring car was postponed until late this evening, but awards in a competition of interests were announced this afternoon by Dr. D. P. McPhail, when Mrs. (Dr.) C. B. Langford of Blenheim was declared winner of the first prize offered to the handsomest woman on the grounds. The second prize in this competition was awarded to Miss Eleanor Lockwood of St. Thomas.

Juniors Just Win.

The afternoon program closed with a very closely contested and very excellent game of baseball between the Highgate Seniors and Highgate Juniors, old boys and home boys being represented in both teams. The juniors won in the eighth inning by a score of 16 to 15. The batteries for the seniors were Murton Scott and Wilfrid Littlejohn, and for the juniors A. D. Gillies and Bert Gladstone. The high-class, neat and rapid playing exhibited by both teams suggested the right of Highgate to be represented in the Michigan-Ontario, or some other big baseball league next season. Abner Miller umpired the game without any complaints from either side.

Among the speakers at the afternoon lyceum was P. B. Fetterly of London, who spoke interestingly of reminiscences and reflections recalled by the big reunion.

Although the special attractions entailed an expenditure of between one and two thousand dollars the committee in charge of the reunion reported this afternoon that over $3,000 would be cleared towards the erection of a memorial hall, in memory of the Highgate soldiers who gave their lives in the great war. Gate receipts alone today totalled over $900.

The officers of the Reunion Association are Samuel Haining, president; J. W. Hardy, vice-president, and Raymond Crosby, secretary-treasurer.

Women I Politics.

Mr. Brackin began his address with pleasantries and some speculation on the results of women entering politics. He hazarded the opinion that the major power in future governments would be exerted by the women voters and politicians. He paid a glowing tribute to Hon. Manning Doherty, who spoke yesterday. As an Opposition member in the Ontario Legislature, Mr. Brackin said, he wanted to say the province of Ontario never had a better minister of agriculture than it had today, and no previous minister was ever better fitted for the position, either by occupation, talent, education or experience.

High praise was also meted out by Mr. Brackin to A. McCoig, M.P. for Kent. No man had stood out so often, so fearlessly and so effectively for the common people as Archie McCoig, said Mr. Brackin.

At Duty's Call.

Nor did the speaker forget Premier Drury in passing out bouquets. Commenting on the fact that E. C. Drury is the first premier not a Liberal or Conservative ever elected in Ontario, Mr. Brackin said Mr. Drury took the job, not because he wanted it, but because he felt it was his duty. And although at the beginning the Government only had a majority of one, so fair and obviously good was the legislation introduced that when the Legislature divided on questions, the Government enjoyed majorities as high as 45.

"I am a Liberal and always expect to be one. I don't mean necessarily a member of the Liberal party, but in the larger, better sense of the word," said Mr. Brackin.

"A Liberal believes in progress. He is a reformer, one who is not satisfied with things as they are. He is a radical, a progressive, rather than a reactionary. And such was the legislation last session that as a Liberal I was able to support every measure.

Think in Bigger Terms.

"Nobody believes the same today as six years ago. The war has taught us a lot. It has shown us that things in politics we thought of great importance as Liberals and Conservatives, amount to mighty little if they amount to anything at all. Each used to believe that the salvation of the country depended on it being governed by his own party. But the people now have learned to think in bigger terms, to think of country first and party last. The people are dissatisfied with both the old parties.

"We should go electing men to the Legislature and to the Dominion Parliament, not because they belong to a particular party, but because of their character and the principles for which they stand."

Commenting on the antipathy shown by the farmers in last election to lawyer candidates, Mr. Brackin humorously referred to the popular joke about the honesty or lack of it credited to men of the legal profession. He reminded the farmers present that two-thirds of all lawyers were farmers' sons.

The Man That Counts.

"Anyhow, there is so little honesty in the whole country that it is no wonder that there is not enough to go around," he said, evoking laughter. It was not a man's profession or vocation, but the man himself that counted, he continued. Cabinet ministers, privy councillors and knights look big at a distance, but are just ordinary people after all. Public men and politicians are just what the people make them. Of course a Tory, said Mr. Brackin, would always vote Tory. A Tory would vote for a yellow dog if it ran on the Tory ticket.

Complaining that people do not take the interest they should in selecting candidates, Mr. Brackin pointed out how much more interest is taken in selecting a parish pastor or a schoolmaster. Too often only a handful of people attend a political meeting. Then, too, a representative once elected should be given a few bouquets when he does right, as well as brickbats when he does wrong.

Always a Liberal.

"I was elected as a Liberal. I will always be a Liberal in the best sense of the word. I will vote for my party whenever my party is right. I will vote for my country when I think my party is wrong," said the speaker.

Always Two Parties.

Continuing, Mr. Brackin said that inevitably there would be two parties again in both federal and provincial contests. There would be progressive and reactionaries always. There were two main camps, no matter what they might be called.

"We have many cabinet ministers, politicians and public men who are too old to learn that the fetiches of the past are not to be the ideals of the believe in progressive thought. You will have one in camp, all those who think alike, and in the other those who believe in progressive thought. You will have those who believe in going ahead, and those who cling to reactionary thought. You will have progressives and stand-patters. There will be a clear division. You cannot have political division according to occupation in which people are engaged. You would not want to see a division according to race. You would not want the French-Canadians all in one camp and the English-speaking Canadians all in the other. Neither would it be feasible or desirable to have all of one occupation in one camp and all of another in another camp."

Mr. Brackin recalled the thought in a Presbyterian psalm of the watchman on the mount. There was a watchman standing on the mountain top of politics today, and he was crying "Arise ye, arise ye; get ye up."

Let the electors do their part and the politicians and public men would be better men and nearer to what they ought to be, said Mr. Brackin in closing.

ONTARIO TURNS OVER EXTENSIVE PULPWOOD AREA

Drury Arranges Timber Deal With Spruce Falls Company.

TORONTO, Aug. 4.—Premier E. C. Drury tonight at the Parliament buildings here arranged with the Spruce Falls Company, the details by which the Ontario Government turns over 24,727 acres of pulpwood limits in O'Brien Township, a 1,740-square-mile limit granted to Munday & Stewart in 1918, 400 acres of the colony farm at Kapukasing, the farm buildings and water power rights on Kapukasing River.

The Spruce Falls Company is to pay $1.15 a cord for spruce, and 95 cents a cord for pulp wood other than spruce.

The new grant includes practically all of O'Brien Township not retained for Government settlement purposes—that is 24,727 acres. For this area the company is to pay at the rate of $1.60 a cord for spruce and $1.30 a cord for other pulpwood.

For the 400 acres of Government settlement farm, south of the transcontinental railway track and east of Kapuskasing River, on which the company will erect its plant, the price agreed upon is $100 an acre.

The company is to take over the buildings on the settlement at a valuation set by the Government.

The Spruce Mills Company is understood to be heavily backed by American interests. The terms, rights, etc., were negotiated by Hon. W. D. McPherson, K.C., former provincial secretary.

It is anticipated by the Government that large industries will be established in Kapuskasing settlement, as the outcome of this deal between the Government and the Spruce Falls Company.

HUNDREDS FIGHTING FLAMES DESTROYING VILLAGE OF CARP

Ottawa Firemen Leave To Assist Farmers and Citizens.

OTTAWA, Aug. 4.—At 11 o'clock tonight it was impossible to communicate with the village of Carp, which earlier in the evening was reported to be on fire, and spreading rapidly. The Ottawa fire department has sent by special train an engine and six men to help fight the fire.

Available reports are to the effect that the blaze originated in Younghusband's general store and gutted it. Spreading across the street, the blaze caught and burned down a drug store, a bank, and two dwelling houses. A number of residences were on fire.

Gathered from miles around the countryside hundreds of farm folk and the citizens of Carp are battling with the flames, which, at midnight, had completely burned out two town blocks and was still spreading.

A list of the losses follows:

The Younghusband Block, occupied by Alfred E. Younghusband, hardware and grocery store, and Austin C. Younghusband, drygoods store, ice cream parlor and dwellings—loss on building, $15,000, and on stock, $15,000, partly covered by insurance.

The Daly Block, owned by James Daly, Ottawa — loss, $30,000, partly covered by insurance.

F. A. Dawson's drug store—loss on stock, $10,000; insurance, $5,000.

A. E. Evoy, Carp Review office and printing plant—loss $12,000; insurance, $5,000.

George Bishop grocery store—loss, $10,000; insurance, $5,000.

Bank of Nova Scotia—fittings and equipment, $3,000; mostly covered by insurance.

Masonic Hall—loss, $3,000; no insurance.

Mrs. Samuel Hemphill and Mr. Freiman Gibson—furniture in dwellings, loss, $2,000.

The total loss is estimated at $100,000.

FAST STEPPERS ON FT. MIAMI RACE CARD FOR TODAY

Toledo, Aug. 5.—Four of the best races of the week were on today's card at the Grand Circuit harness races at Fort Miami. Although the fields were not large, the entrants were of a high calibre and apparently well matched.

The Wayne 2:05 pace for an added money purse of $2,025 has seven starters, with Hal Milton, a winner at Columbus last week, as first choice, and John R. Braden, second.

Goldie Todd probably will be favored by the talent in the 6:03 pace, which carries a purse of $1,200, although opposition is expected to be furnished by Johnny Quirk and Louie Grattan.

Six youngsters are named in the Toledo Times $2,000 stake for trotters eligible to the 2:14 class. Great Britton, a winner here at the first meeting, and again at Kalamazoo, is the early favorite.

Tommy Murphy, the Poughkeepsie reinsman, will start Lord Frisco, a year-old colt by San Francisco to beat 2:30¼ trotting.

ELECTRIC IRON WAS CAUSE OF BLAZE

WINNIPEG, Aug. 4.—An electric iron left turned on when the power was off Tuesday afternoon during a storm resulted in an outbreak of fire, when the "juice" came back, and two stores and a cottage, situated on the outskirts of the city, were completely destroyed. The loss is estimated at $10,000.

PRINCETON

PRINCETON, Aug. 4.—Miss Muir of Toronto has been appointed principal of the public school in place of Miss Barnby, who resigned the position.

Miss Susan G. Cowan, an aged and highly respected resident, died on Monday in her 90th year. The funeral takes place from her late home on Thursday at 2 p.m. to Princeton Cemetery.

Mrs. Bonham has returned home from Brantford Hospital, where she recently underwent a serious operation. She is residing on the Governor's road.

CHILD VICTIM OF INHUMAN CRIME, CONDITION SHOWS

Body of Four-Year-Old Boucock Girl Found Along Welland Canal.

DOUBT IS CLEARED UP

Father Confirms Identification, Although Beechmans Claimed Remains.

ST. CATHARINES, Aug. 4.—(By Canadian Press.)—Plainly the victim of an inhuman crime, the body of little four-year-old Margaret Boucock was found today on the route of the new Welland ship canal, her clothing cut and disarranged, and her little body so badly decomposed that it is doubtful if the complete cause of death may be discovered.

The aunt of little Margaret Beechman, aged six years, who disappeared on May 24 just as mysteriously as the Boucock child, this morning declared that the body was that of her niece, but Reuben Boucock, after examining the clothing and hair, claimed that there could be no doubt of it being the remains of his child Margaret, who was last seen on July 13 in the company of David McNeil, a married returned soldier with an adopted child.

McNeil is now in Welland jail on remand until Friday morning next under suspicion of being connected with the disappearance of the Boucock child. There is clear indication that the child was brutally maltreated. The little dress had been slit up the front, as with a knife, and the bloomers were cut about the knees. There are, however, no knife wounds on the body. The body was found face upward, covered by a pile of weeds that had been pulled up by the roots, obscuring it from view, and weighted down by the branch of a tree. The right hand of the little corpse still maintained a death-grip upon the branch of a neighboring shrub.

For weeks searching parties had scoured the surrounding countryside for trace of the missing children, but none were found until a steamfitter engaged on the ship canal pipe line kicked over the weed cover of the body in his search for a valve that had been lost in the location the day previous.

An inquest was opened today by Dr. Herod, and adjourned until next Monday at noon after the jurors had viewed the body, which was turned over to Drs. Vanderburg and Pablow, who are tonight performing an autopsy.

UNIONISTS REQUEST PREMIER TO GRANT DOMINION STATUS

Irish Deputation Urges Lloyd George To Act.

LONDON, Aug. 4.—Poland and Ireland gave Premier Lloyd George a busy day today. In addition to presiding at a long cabinet council and discussing these questions, Mr. Lloyd George received in the afternoon and again in the evening a deputation of Irish Unionists and Nationalists from Dublin and Cork, who urged him to grant dominion home rule for Ireland.

The deputation was headed by Sir Stanley Harrington, commissioner for education in Ireland, and included a number of prominent men, among them Professor Wilbraham Fitzjohn Trench, Trinity College, Dublin. With the premier were Andrew Bonar Law, lord privy seal; Sir Hamar Greenwood, chief secretary for Ireland, and other ministers.

An official report of the conference will be issued shortly. The conference was a private one, but at it there occurred a sympathetic discussion of the entire Irish situation.

Between the conferences with the Irishmen Mr. Lloyd George and Mr. Bonar Law received Leo Kameneff, president of the Moscow Soviet: Leonid Krassin and other members of the Russian mission, who have come to London in an endeavor to solve the trade situation between Great Britain and Russia.

Official Reception.

This was the first official reception of the Russians since their return to London. The discussion was confined to the Polish crisis.

The premier's reception twice of the Cork-and-Dublin deputation was the cause of the greatest interest in the lobby of the House of Commons. Here the belief was expressed that the views of men of such high standing in South and West Ireland, many of whom formerly were opposed to home rule, could not have failed of careful consideration by the ministers.

It was said in the lobby of Parliament tonight that the delegation had urged the Government to drop the new Irish crimes bill and substitute a generous dominion home rule measure. To the objection that the visitors did not represent the Sinn Feiners, the delegation argued that the procedure they advocated would at least have behind it the large and growing opinion in Ireland, while the policy of combining coercion with the home rule bill now before Parliament would be unanimously condemned.

Highly Significant.

Whether anything comes of the conference or not, the view held in the lobby was that the premier's alacrity in receiving the deputation was highly significant. The meeting at Cork at which it was decided to send the deputation to London only occurred Tuesday.

It is said to be an open secret that the premier favors dominion home rule as a solution of the controversy and has been held back by the Conservative element in the cabinet. Therefore, additional significance attaches to the fact that a full meeting of the cabinet was held between the two receptions of the deputation.

DECREE TO CHECK IRISH EMIGRATION

DUBLIN, Aug. 4.—(By the Associated Press.)—The decree of the Dail Eireann (Irish Republican Parliament) prohibiting emigration from Ireland probably will have the effect of preventing the departure of many Irishmen for abroad. The Sinn Feiners for some time have been discouraging young men from leaving the country, and this official action did not come as a surprise. Women have constituted the majority of Irish emigrants for several months. The Sinn Fein movement is conducted almost entirely by young men, and the decree has their support as well as that of the extreme laborites.

PROHIBITS MEETINGS IN NATIVE TOWN OF ARCHBISHOP MANNIX

CORK, Ireland, Aug. 4.—A curfew order, which is to become effective Friday, has been proclaimed in the districts of Charleville and Kilmalloch. The order prohibits meetings or fairs, and forbids anybody being abroad between the hours of 9 o'clock at night and 3 o'clock in the morning.

Charleville is the native town of Archbishop Mannix of Australia, who has been named to open a fete there during this month.

SINISTER NEWS FROM EUROPE HITS EXCHANGE

Further Drop On New York Market Due To Polish Situation.

NEW YORK, Aug. 4.—Sinister news from Europe today was reflected in a further drop in exchange here. Acute weakness continued in sterling exchange, demand bills declining 6¾ cents further to $3.56¼.

While the weakness was generally ascribed to the unfavorable Polish situation, a second factor in the decline was the large offering of bills against Europe's purchases of grain at the lower prices reached in the last two weeks.

Exchange on London sold as high as $3.78½ last week, and was quoted at $3.96 early in July. In April it touched $4.06½ on the news that the Anglo-French loan redemption had been arranged by Great Britain. In February the rate had fallen as low as $3.18. Practically half the recovery made by February and April has been lost in this recent renewed decline.

Exchange on other European markets was also lower today.

NEW YORK STOCK EXCHANGE.

New York, Aug. 5—Wall Street, 10:30 a.m.—Dealings were on a contracted scale at the opening of the stock market, with speculation languid and prices variable until the high-priced railroads began to reflect a broad demand by investment interests. Industrials which had shown some symptoms of heaviness, including steels, equipments, shippings, sugars and oils, began to mend, with the general list also exhibiting an upward trend. Buying of Great Northern preferred, Delaware and Lackawanna, Southern Pacific, Reading and Union Pacific had a bullish effect. There was some inquiry for express stocks.

1:30 p.m.—Active selling of the oil shares featured the afternoon dealings. Mexican Petroleum fell 5. Enormous offerings of Middle States Oil, for which their was no explanation, carried it down 10 points in all. Elsewhere prices showed a reactionary tendency, but losses were more moderate.

[Reported for The Advertiser by Jones, Easton, McCallum Company.]

MONTREAL STOCK EXCHANGE.

Montreal, Aug. 5.—The local stock exchange displayed a weak tone during the first half hour this morning. Breweries sagged a half point, as did Abitibi. Brompton lost a point. Sugar was firm at its opening level. Laurentide was firm at about its closing last night. Other issues were distinctly quiet.

STANDARD STOCK EXCHANGE.

Toronto, Aug. 5.—The gold stocks showed a fair amount of activity at this morning's session of the Standard Mining Exchange. Dome Extension sold at 31, retaining yesterday's 2-point advance. V. N. T. held steady at 26. Wasapika was fractionally off at 10. Beaver was unchanged at 44. Sales approximated 72,135 shares.

[Special to The Advertiser.]

Toronto, Aug. 5.—Morning sales: Apex, 1000 at 1½; Dome Extension, 500 at 31; 1800 at 30½; Gold Reef, 1000 at 2½; Keora, 500 at 16½; Monita, 1000 at 9; Preston East Dome, 200 at 1½; V. N. T., 1000 at 26; Wasapika, 1000 at 10; West Tree, 1000 at 6; Bailey, 1500 at 4; Beaver, 500 at 44; Nipissing, 100 at 945; Trethewey, 11,000 at 27. Total sales, 72,127 shares.

FRUITS AND VEGETABLES.

Toronto, Aug. 5.—Lewis Everist this morning reports the following wholesale fruit prices:

Raspberries—22@30c per box.
Peaches—6 quarts, 40@65c.
Plums—6 quarts, 40@80c; 11 quarts, 70c@$1 50.
Loganberries—30c per box.
Cucumbers—11 quarts, 40@60c.
Peas—11 quarts, 60c@$1.
Beans—11 quarts, 40@50c.
Potatoes—Per bag, $2 75@3 50.
Tomatoes—11 quarts, $1@1 25.
Apples—11 quarts, 40@75c.
Cherries—Sour, $1@1 60.
Celery—Per dozen, 75c@$1 25.
Black Currants—6 quarts, $1 50; 11 quarts, $3.

BUTTER AND EGGS.

Chicago, Aug. 5.—Butter—Market unchanged.

Eggs—Lower; receipts, 10,140 cases; firsts, 44½@45½c; at mark, cases included, 43@45c.

FINANCIAL AND COMMERCIAL

OATS ARE FIRMER; RASPBERRIES ARE JUST ABOUT DONE

Hay Was a Little Easier Today At $20 To $24 a Ton.

Fruit and vegetables were offered in large quantities on the local market today, and found ready buyers. Hay was plentiful, but the demand was not as active as at the beginning of the week. Prices were a little easier, at from $20 @24 per ton.

Many crates of raspberries were offered, but the grade was not of the best. This week is expected to wind up the season. Red raspberries sold from 27@28c wholesale, and from 28@30c retail. Black ones sold at the same prices.

Red currants were a little firmer. Quotations of 12c and 15c a box changed to 15c and 18c per box. The demand was slow.

Pickle cucumbers were down to 50c. They were offered in large quantities. For some time they have been selling from 50c@$1 per 100; large ones brought from 40@60c per dozen.

Tomatoes Easier.

Tomatoes, by the pound wholesale, brought from 15@17. Retail quotations were from 20@25c. They were very plentiful, and the demand was active.

New potatoes went still lower today. By the bushel they sold for $2 25 and $2 50; small ones sold for $1 50 per bushel, and by the peck from 40@75c. The spud crop this year is expected to exceed other years both in quantity and quality.

Butter beans, peas, carrots and all other vegetables were unchanged and in demand.

Oats were a little firmer. Today the quotation went to $2 60; by the bushel they sell from 85@85¾c.

Hogs and fat sows are in demand.

Butter and eggs are in very poor demand. Prices are expected to be easier by Saturday.

FLOUR.

MONTREAL, Aug. 4.—The flour market was quiet today.

There were no new developments in the millfeed market.

The rolled oats situation was unchanged.

Flour—Manitoba spring wheat, new standard, $14.85@15.05.

Rolled Oats—Per bag, 90 lbs., $5.80 @5.85.

Bran—$54.25.

Shorts—$61.25.

MINNEAPOLIS, Aug. 4.—Flour—Unchanged to 30c up; carlots, family patents, per barrel in 98-lb. cotton sacks, $12.40@12.50.

Shipments—53,995 barrels.

Bran—$45.

TORONTO, Aug. 4.—Ontario Flour—Government standard, winter wheat, in jute bags, prompt shipment; Montreal, $12.90; Toronto, nominal.

Manitoba Flour—Government standard, $14.85.

Millfeed—In carlots, delivered Montreal freights, bags included; bran, $52 per ton; shorts, $61 per ton; good feed flour, $3.75@4 per bag; middlings, not quoted.

LIVE STOCK.

Toronto, Aug. 5.—Cattle—Receipts, 264. Cattle market quiet, prices steady to 25c weaker in all classes, packers not operating to any extent. Top sales were $14 50. Stocker and feeder trade quiet at steady prices. Quotations: Heavy beef steers, $14 25@15 25; butcher steers, choice, $14@15; good, $11 25@13 50; medium, $8 50@10 50; common, $7 50@8 50; butcher heifers, choice, $12 50@14 50; medium, $10@12 50; common, $7 50@9 50; butcher cows, choice, $10 25@12 50; medium, $7 50@9 50; canners and cutters, $3 25@5 50; butcher bulls, good, $10@11 50; common, $6 50@8 50; feeding steers, good, $11 50@12 75; fair, $9 50@10 50; stockers, good, $8 50@11; fair, $7 @8 50.

Calves—Receipts, 182. Market $1 weaker. No demand for heavy calves. Quotations: Choice, $15@17 50; medium, $14@15; common, $13@14.

Milch Cows—Choice, each, $125@180; springers, choice, $70@135.

Sheep—Receipts, 401. Sheep steady, lamb trade quiet, but holding steady. Quotations: Ewes, $7@9; lambs, $14@15 50.

Hogs—Receipts, 475. Market steady. Selects, $20 75; light, $18 75; heavy, $19 75; sows, $15 75@17 25.

East Buffalo, N.Y., Aug. 5.—Cattle—Receipts, 425; steady.

Calves—Receipts, 325; market steady, $6@19.

Hogs—Receipts, 1,300; heavy steady; light steady to 10c lower; heavy, $15 75@16 50; mixed, $17@17 25; yorkers, light yorkers and pigs, $17 25@17 40; roughs, $13@13 50; stags, $8@10.

Sheep and Lambs—Receipts, 400; strong to 50c higher; lambs, $8@15 50; yearlings, $7@12; wethers, $9 50@10; ewes, $3@9 25; mixed sheep, $9@9 50.

GRAIN.

Winnipeg, Aug. 5.—October oats opened ⅛c higher to unchanged at 81⅞ @81¾c, and December ⅛c higher at 86⅞c.

October barley opened ¼c higher at $1 17¾.

Flax 6c higher for October at $3 56.

Chicago, Aug. 5.—Opening: Wheat—December, $2 30; March, $2 30¼.

Corn—September, $1 43; December, $1 24.

Oats—September, 71c; December, 70⅛c.

Chicago, Aug. 5.—Threatenings of war between the Allies and Russia, with consequent prospective increased demands for United States foodstuffs, had a bullish effect today on grain, especially wheat. New setbacks in foreign exchange, however, tended to make the export business difficult, and it was said the British royal commission was still holding off as a buyer. Pit trading in future deliveries here was only of moderate volume, heavy margins being required owing to recent wild fluctuations. Opening prices, which varied from 3½c decline to 2c advance, were followed by a general upturn that in some cases went 6½c above yesterday's finish.

Corn rose with wheat as a result of dry weather and car shortage. After opening ¼c off to ⅞c up, the market scored a decided advance all around.

Oats were firm, sympathizing with other grain. The market opened unchanged to ⅜c lower, and then made substantial gains.

CHICAGO GRAIN FUTURES.

[Jones, Easton, McCallum Company.]

Chicago, Aug. 5.

Wheat—	Open.	High.	Low.	Close.
Dec.	$2 32	$2 45	$2 28	$2 40½
March	2 30½	2 47½	2 29¼	2 42
Corn—				
Sept.	1 42½	1 49½	1 42¼	1 48
Dec.	1 23½	1 29½	1 23½	1 26⅝
Oats—				
Sept.	71	74¼	70⅞	73¾
Dec.	70⅛	72⅝	69¾	71⅞

PROVISIONS.

Chicago, Aug. 5.—Trading in provisions was very slow. Values responded only slightly to strength in cereals and in the hog market.

OILS.

London, Aug. 5.—Close: Calcutta Linseed—£38.

Linseed Oil—78s 6d.

Petroleum—American refined, 2s 1¾d; spirits, 2s 2¾d.

Turpentine Spirits—163s.

Rosin—American strained, 45s; type G, 56s.

Tallow—Australian, 65s 6d.

TORONTO STOCK EXCHANGE.

Toronto, Aug. 5.—Paper stocks were singled out for a hammering today on the Toronto Stock Exchange, when liquidation of speculative issues was resumed. Practically the entire list was affected, declines running all the way from small fractions to eight points. Steel Corporation was the one stock to show any degree of strength, but it weakened at the end, showing a net advance of ½ at the noon close.

Two unlisted pulp and paper stocks, Brompton and Abitibi, came in for heavy liquidation. Abitibi opened weak at 75, and sold down to 68, a net decline of 8¼. Brompton lost 6 points at 61. Atlantic Sugar lost 7 points at 135, Spanish River a similar number at 110, while Cement continued its gradual decline, closing this morning at 55. Spanish River preferred sold for 120, a loss of 2½ points.

[Reported by Edward Cronyn & Co.]

ROYAL BANK BUILDING, LONDON.
81-ywt Aug. 31

ASSETS OF ALMOST EIGHT MILLIONS.

The Lesson of Canada's War Bonds

War bonds taught us all that saving is of great benefit to the citizen and his country.
Today the man or women without a bank account is on a lonely and uncertain road.

Our debentures of $100 and upward (rate 5½ per cent) are as safe and desirable investments as the country's war bonds.

"SAVE AND PROSPER"

At the Market Corner on Dundas.

Training Course For Fire Chiefs Advocated by Dominion Commissioner

SCOTTISH LAND RAIDS EXTENSIVE, BOARDS TARDY

Commons Deals With Estimates—To Force Irish Bill Through Today.

LONDON, Aug. 4.—The application of the guillotine having finished business on supply without discussion, the Commons today dealth with the Scottish estimates, which are unusually interesting this year on account of extensive land raids by squatters in the Hebrides and elsewhere.

The responsibility for this the Scottish members attribute to the slow progress of the agricultural boards in land settlement. The boards, however, were able to show a fair record of achievement, according to their means and the estimates were passed.

Tomorrow the House takes up the new Irish crimes bill, the second reading of which will be forced through at one sitting, notwithstanding the opposition of Asquithian Liberals, Labor and Nationalists.

The Lords, too, will hold a full dress debate on the Irish bill. The House of Lords has passed the overseas trade credits bill.

AGED WOMAN WALKS INTO RIVER THAMES; BODY IS RECOVERED

Mrs. John LaPlante, Aged 70, Drowned Near Her Granddaughter's Home.

CHATHAM, Aug. 4.—Mrs. John LaPlante, aged 70 years, was drowned in the Thames River this morning at the farm of Z. Gagnier, about three miles below this city. Mrs. LaPlante lived with a sister on concession 4, Dover Township, and this morning walked over to the Gagnier farm, apparently for a visit, Mrs. Gagnier being her granddaughter.

Shortly after her arrival she walked down to the bank of the river in company with one of the Gagnier children, and, according to footprints at the water's edge, she walked straight into the stream. The body was recovered about half an hour afterward about 30 rods from where the accident happened. Dr. T. L. McRichie investigated the circumstances and decided an inquest was unnecessary.

DEAD LABOR LEADER NOW BELIEVED TO BE FORMER DIPLOMAT

NEW HAVEN, Conn., Aug. 4.—Information which the authorities have bearing upon the murder of Frank Sokolowsky, a labor leader, by poison alleged to have been thrown in his face by his wife, Alexandra, who is under arrest in New York City, purports to identify him as one Orloff or Orloffski, once of the private bodyguard of the late Czar Nicholas of Russia, and also at one time head of the secret police in Petrograd.

It is known that Sokolowsky was a graduate of a Russian university, spoke eight languages fluently, and was trained in diplomacy.

It is claimed that Sokolowsky had worked under the Russian police head, Azeff, had been often sent on important missions to various European capitals, and was known to secret agents of the old Russian Government all over the world. After leaving Russia, it is claimed, he was employed by the Canadian Government under the name of Frank Gerutis.

FIRST PAYMENT ON PARTICIPATION PAPER OF WHEAT BOARD

WINNIPEG, Aug. 4.—The first payment on a participation certificate issued by the Canadian Wheat Board was made yesterday. Approximately 3,000 certificates have been issued, it is stated, and the first participation is at the rate of 30c per bushel. A second payment of at least 10c per bushel is expected. The first disbursement will amount to $30,000,000 or $35,000,000, according to members of the wheat board.

Uniform Fire Alarm Numbers For Whole Dominion Approved — First Women's Auxiliary of Fire Chiefs' Association Is Formed.

ST. THOMAS, Aug. 4.—The Dominion Fire Chiefs' Association was told by I. Grove Smith, Dominion fire commissioner, at its morning session today that the changes in commercial, industrial and social conditions would demand that the next generation of fire chiefs must be given a status as important as that of an architect or a doctor.

The time is not far off, declared the commissioner, when he will be regarded as an important factor in the community in which he lives, as a person to be consulted in the building activities of a town in its safety from conflagration, and that this change may be brought about in the selection of a chief there must be an efficient training given the younger man to fit him for so important a responsibility. He must, in fact, insisted the commissioner, be one hundred per cent efficient or he will not make good.

The commissioner dealt with fire protection, and would have it that the lessons to be learned were not so much concerning the means to extinguish a fire as how to prevent it. To secure the needed tuition and training the commissioner saw the only practical and resultful plan to acquire both was the establishing of a Dominion fire chief's training school. He appealed to the association to support the scheme.

"Canada owes two billion four hundred million of a national debt," said Mr. Smith. "Nine billion people are burdened with the debt. It is imperative that we waste not, and if we are to carry on and pay the debt we must be a people practicing economy on self-sacrificing lines. Fire prevention should appeal to all patriotic citizens, because it is a public service of the highest order."

The fire departments, he confessed, in the smaller cities had the greater handicaps; the greatest menace was the collections of buildings of every material and shape and make. He was not in accord with the practice adopted by insurance companies in paying their agents on the flat commission system. It is not consistent, acknowledged Mr. Smith, for an agent to bestir himself in having the property improved for by so doing he would be lessening the fire hazard and decreasing the insurance rates as well as lessening his commission. The fire prevention movement was having its results. He was not without confidence that the fire losses for 1920 would be decreased by $20,000. But it was not sufficient. "If Canada is to prosper it must," declared the commissioner, "go lower."

The Training College.

Commissioner Smith would have the site of the proposed training college located at Ottawa. He would strongly advise a six weeks' course similar to that given at the fire chiefs' training college in New York.

The question will be finally disposed at tomorrow's meeting.

Uniform Phone Fire Call.

The convention unanimously adopted a uniform telephone number for fire calls throughout the Dominion of Canada, and the Dominion Railway Commission will be asked to make the decision of the association effective as soon as possible. A committee consisting of the Dominion Fire Commission, Chief J. Tessler, Hull, and Chief J. W. Graham was named to wait on the railway board to explain the objects of the resolution.

The code of rules sent in by Dominion Highway Commissioner Campbell, relating to traffic, was not acted upon, the convention believing that all traffic regulations be left under the control of the municipalities.

On the suggestion of Chief Cameron red and white lights were adopted for all fire vehicles, and a standard fire siren was decided upon.

A Ladies' Auxiliary.

The first ladies' auxiliary in the world to be attached to a fire chiefs' organization was constituted last evening, when a branch was organized, with Mrs. (Chief) Alex Henderson, hon. president; president, Mrs. J. W. Graham, Ottawa; first vice-president, Mrs. E. Berthiaume, Three Rivers; second vice-president, Mrs. A. Ten Eyck, Hamilton; third vice-president, Mrs. J. Aiken, London; secretary, Mrs. J. Keyes, Galt; treasurer, Mrs. James Armstrong.

This afternoon there were exhibitions of fire testing apparatus and fire fighting fluids at Pinafore Park, besides a banquet tendered the members of the convention and their wives at the pavilion. The festivities of the day ended with a carnival ball in the municipal dance hall.

WILL HOLD L. & P. S. RESPONSIBLE FOR LOSS OF WHISKEY

ST. THOMAS, Aug. 4.—The London and Port Stanley Railway will be held responsible by License Inspector Ross for the loss of the confiscated fifteen cases of whiskey and half dozen bottles, which were stolen last evening from the railway station. The inspector claims he holds a receipt for the consignment from the officers of the company, and it was up to them to see that the booze was protected from thieves and marauders.

Port Stanley has become, so say the natives, a regular nest of bootleggers who are making hay while the excursion season is open between Cleveland and the lakeside. American trade is preferred. Prices are better and the commission on the American bills is not to be spurned. Where the cache is kept and who are making the barter of the booze are problems bothering the local and outside officers.

RATES UP FOR INTERNATIONAL TRAFFIC AUG. 26

Railways Charge More Whether Canadian Increase Is Granted Or Not.

MAKE ANNOUNCEMENT

Application Pending Affects Only Purely Canadian Traffic.

MONTREAL, Aug. 4.—(Canadian Press.)—The statement was made from the offices of the Railway Association of Canada today that whether Canadian railways are granted increased rates for purely Canadian traffic or not, on all freight or passenger movements to or from the United States on August 26, rates will be increased from 25 to 40 per cent on freight; by 20 per cent on passenger fares, and by 50 per cent on sleeping car fares.

The announcement follows upon the judgment of the Interstate Commerce Commission in the United States whereby the United States railways have been authorized to advance their rates in that country by 40 per cent. On any shipment crossing the line, however, they could not collect this higher rate without the approval of the Dominion Board of Railway Commissioners. Therefore, they are filing application at Ottawa for this approval which, in the ordinary course of events, will become effective on August 26, simultaneously with the enforcement of the new rates in the United States.

The Canadian Railways are compelled on their part to take immediate steps through the Railway Association of Canada to have the same scale of charges authorized on international traffic moving in the reverse direction, as shown in the figures quoted above.

SARNIA COAL DEALERS PREDICT CHEAPER COAL BEFORE COLD MONTHS

SARNIA, Aug. 4.—It is predicted by local coal merchants that despite the fact that hard coal is selling at $19.50 a ton here, the price has reached its peak, and a decline is expected prior to the cold months.

SERIOUS DAMAGE TO FALL WHEAT CAUSED BY THE HESSIAN FLY

TORONTO, Aug. 4.—Serious damage has been done to fall wheat by the Hessian fly, in a number of counties in the southwestern section of this province, according to reports received by the Ontario department of agriculture. Reports from Norfolk state that some fields there suffered from 40 to 50 per cent of damage from the insect. Barley has headed well, but the straw is short. Oats promise a generous yield, with plenty of straw. Spring wheat has not done so well as the other grains mentioned. Owing to continued catchy weather, a good deal of hay is still lying in the fields, and as a result there will be considerable poorly cured clover and timothy.

Particular People Use Only
APROL
It Is the Cleanest Oil Made.

Cuticura Talcum is Fragrant and Very Healthful
Soap, Ointment, Talcum, 25c. each. Sold every where. Can. Depot: Lymans, Limited, St. Paul St., Montreal.

Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified cocoanut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Advt.

ADVERTISING RATES

Amusements—Fifteen cents per line each insertion.

Meetings—Two cents per word each insertion, or 15 cents per line display.

Births, Marriages and Deaths—One insertion, $1; two insertions, $1.50.

Memoriam Notices—Twelve cents per line each insertion.

Cards of Thanks—One dollar each insertion.

Help Wanted, Articles For Sale, Situations Wanted, Lost and Found, Houses To Let and For Sale, etc., Wanted to Purchase, and All Similar Condensed Advertisements — Two cents per word each insertion; six insertions, 10 cents per word; twenty-six insertions, 40 cents per word; fifty-two insertions, 75 cents per word. No advertisements less than 15 words.

Easiest Way to Remove Ugly Hairy Growths

Here is a method for removing hair from arms, neck or face that is unfailing and is quite inexpensive: Mix a thick paste with some powdered delatone and water and spread on hairy surface. After 2 or 3 minutes, rub it off, wash the skin and every trace of hair has vanished. No harm or inconvenience results from this treatment, but be careful to get genuine delatone and mix fresh.—Advt.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL HAARLEM OIL CAPSULES

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. At all druggists, 50c. a box.
Look for the name Gold Medal on every box and accept no imitation

They Used To Strap On Spectacles!

Old pictures and collections show grotesque shapes in early spectacles.

In the earliest styles the lenses were round, very large and fastened in a rind of black horn half an inch wide.

They were strapped on with a leather thong over the nose and another about the head. Small wonder wearers of spectacles were ridiculed in those days. Obviously, the adjustment could not have been very good. Such crudeness makes those shudder who appreciate the scientific necessity of delicate, accurate adjustment, as practiced at

Investment

Diamonds pay big dividends in the pleasure of wearing and pride of possession, but bigger dividends in always increasing values.

Money could be borrowed on diamonds during panic years, when stocks, bonds and even real estate went begging.

A good diamond is the best investment in the world today.

Young's

DIAMONDS AND WATCHES.

London. East London.

At The Theaters

AT THE ALLEN.

Presented at the Allen today, tomorrow and Saturday will be the famous actor, Henry B. Walthall, and all-star cast, in an exceptional film adaptation of Phillip E. Oppenheim's novel of the Orient, "The Long Arm of Mannister." Through a multitude of swift-moving scenes the spectator in the unfolding of the story is carried from a sandstorm on the Sahara through the princely palaces of the Orient and far to sea on a shipwreck during a great storm. A special musical attraction will be offered on this program in the symphonic poem, "Finlandia," by Allen's famous concert orchestra, with Mr. A. D. Jordan at the piano. There will be many extra film attractions, including a big two-reel Sunshine comedy.

AT LOEW'S.

The story of "The Mollycoddle," which will be the feature production at Loew's today, Friday and Saturday, and which is the third production Douglass Fairbanks has made for the United Artists Corporation, was suggested by Harold McGrath, one of the greatest of America's story writers. The character of the title role is that which conclusively proves that "blood" is thicker than water and that all the environment in the world will never change the real latent characteristics of heritation in anybody.

An excellent supporting bill of vaudeville, a Hank Mann fun frolic, the Loew screen pictorial complete one of the classiest programs of the season.

PATRICIA.

There is a world of humor in "His Pajama Girl," starring Billie Rhodes, which is showing at the Patricia Theatre. This Pricefilm in its opening scenes looks as though a dark and evil plot is being hatched. And as it speedily unwinds itself it develops several merry chuckles until its final stages produce a riot of laughter.

In its early stages the story has to do with a couple of plotters who are endeavoring to overthrow a certain Latin republic. They are being financially aided by Dolly Dodd's dad. When the secret service operative appears on the job he is busily occupied in trailing the thieves and cultivating the acquaintance of Dolly.

However, things are almost nicely arranged when Dolly disappears clad merely in her pajamas. The search and complication that ensue give the picture an unusual turn.

THE WESTERN CROP.

It is estimated that about 30,000 men will be required to work as farm laborers to assist in harvesting the crops in Manitoba, Saskatchewan and Alberta. The Canadian Pacific has arranged and is advertising usual special fare of $15 to Winnipeg, and will run special trains from Toronto, August 9, 11, 16 and 18. For further particulars, apply to city ticket agents, or H. J. McCallum, city passenger agent, corner Dundas and Richmond streets, London, Ont. Aug.11

MORRISON BLAMES FARMERS FOR RURAL CONDITIONS TODAY

Declares They Shrank From Responsibility—Silent and Diffident.

HISTORY OF U. F. O.

Outlined At Rural Leadership School At Guelph by U. F. O. Secretary.

GUELPH, Aug. 4.—At tonight's session of the School for Rural Leadership, J. J. Morrisor U. F. O. secretary, delivered an address to a large audience in Massey Hall on "The U. F. O., Its History and Aims."

Before touching on his subject, Mr. Morrison spoke briefly on the decrease of the rural population, and the remedies which would no doubt bring about a change in conditions within the next few years. "Agriculture is not enticing," said the speaker, "and opportunities to the rural people ar nil." To prove the vast falling off in the rural population Mr. Morrison produced figures showing that in the county of Wellington alone 10,396 persons left the land within a period of 29 years from 1890 to 1919.

Plans to Correct Conditions.

He explained how the U. F. O. organization was endeavoring to correct this condition, and mentioned that they had found out that agriculture was not enticing for many reasons, the chief of which was that the farmer did not get sufficient return for his labor. "There is not a farm in any county in the province of Ontario which will rent for a sufficient sum to pay the interest on the purchase price, therefore it is not a dividend-paying industry, which accounts for the fact that we are faced with this depopulation.

"What prospects has a young man who is seeking higher education on the farm?" he asked. "You may make a rural trustee or a member of the township council out of him, but it ends there."

Shrank From Responsibility.

Mr. Morrison stated that large numbers of young men left the farm, believing that it was for their betterment that they follow up a business life in the city, and ventured to say that nine out of every twelve young men in the employ of the big business houses, banks and other city offices were raised on the concessions in rural Ontario.

Continuing, he stated that rural individuality was reckoned below par, and although sorry to make such a remark, placed the blame largely on the farmers themselves. "We shrank from responsibility a silent and diffident people." The isolated life caused the average farmer to become a peculiar individual.

Rapid Growth.

Discussing the origin of the U.F.O. Mr. Morrison carried his audience back to 1914 and explained how the party had grown from a mere handful of farmers to the strong organization which it is today with a total of some 60,000 members, 1,400 clubs scattered over various parts of the province, and had built up a number of great industries. He declared that the motto of the organization was "equal opportunities to all and special privileges to none."

Speaking of the activities of the organization the speaker stated that so far the Government had given a good account of itself, and that the stand of the organization was for the creation of a democracy.

Girl Mother and Babe Receive Police Care

New York, Aug. 4.—After sleeping five nights in Prospect Park with her five weeks' old baby, Nellie Kelly, 24 years old, will sleep in the House of Correction tonight. The girl-mother told authorities that she had been turned out of her home because she was unmarried, and went to the park to sleep when her money gave out. The girl was clad in rags, while her child was daintily clothed. A rubber blanket was wrapped around the infant to protect it from dew and rain.

DEID VERY SUDDENLY.

BURGESSVILLE, Aug. 4.—Walter Briggs, aged 61, died very suddenly at his home here yesterday. He is survived by his wife, three daughters and four sons, and also one brother, Arthur Briggs, of Alberta.

WILL URGE BETTER WIRELESS SERVICES FOR BRITISH EMPIRE

Resolutions To Be Discussed Today Ask For Better Postal Rates.

OTTAWA, Aug. 4.—Governments of the British Empire are urged to secure adequate wireless services throughout the Empire by public and private enterprise in a resolution which will be discussed at the second imperial press conference which opens in Ottawa tomorrow. The conference, representing the newspaper press of five continents and every corner of the Empire, will assemble in the Parliament Buildings tomorrow, the delegates to the number of 120 having reached Ottawa tonight.

In addition to the resolution setting forth that "the conference is strongly of the opinion that the principles should be at once established for providing the British Empire and the world with the advantages of wireless telegraphic and telephonic communication," a resolution calling for increased cable facilities and lower cable rates throughout the Empire, so as to assure the fullest interchange of news and opinion within the Empire, will be introduced. Governments will be asked, if the resolution carries, to lay down new cables and make increased grants to cable companies, but the resolution further affirms that the control of news services must always be in the hands of newspapermen and not subject to official influence.

The resolution will be moved by Mr. Robert Donald, vice-chairman of the British delegation to the conference, and an alternative resolution will be moved by the chairman of the Australian delegation, Mr. G. E. Fairfax, as follows:

"The Empire Press Union should use its influence to secure better, quicker and cheaper facilities for dissemination of news by cable, wireless or other methods throughout the Empire, the Government to assist in such provision. Such assistance, however, to be limited to providing increased and cheaper cable, wireless and other facilities, all of which are declared to be essential to the strengthening of Empire relations."

Independence of news services and maintenance of privileges is dealt with in a resolution proposed by the Hon. Theodore Fink of the Herald, Melbourne, which follows:

"This conference affirms that the press and all news services be, and remain, independent of government or official control; and that the privileges secured during and since the war be maintained."

Sir Robert Bruce, LL.D. (Glasgow Herald), will move that the conference confirm the principle that no news carrier, whether cable or wireless, should be concerned directly or indirectly with the collection and distribution of news.

The Right Hon. Sir Gilbert Parker will move that the conference is of the opinion that there should be uniform postal rates for letters throughout the empire, and members undertake to press this reform upon their respective Governments, and Mr. P. D. Ross, Ottawa Journal, moves that the conference recommend that postal rates within the empire for newspapers and periodicals should not exceed the lowest rates in force between any foreign country and any part of the empire.

Paper supply is dealt with in a resolution proposed by Mr. J. J. Knight (Brisbane Courier), secretary of the Australian delegation, as follows:

The question of paper supplies being of vital importance to members of the Empire Press Union, steps should be taken to insure adequate supplies throughout the empire, and that a standing committee be appointed to give effect to the above, such committee to consist of two representatives of the British Isles, and one delegate appointed by each delegation, and the president, who is to be chairman.

Interchange of newspaper staffs is proposed by Lord Apsley (London Morning Post), who will move that the conference is of the opinion that much benefit would result from the provision of opportunities for the interchange of members of staffs of British and Dominion newspapers, with the object of increasing the efficiency with which information from different parts of the empire is handled, and as a means of exchanging ideas regarding newspaper organization.

Mr. J. P. Collins (Civil and Military Gazette, Lahore, India), will propose that a committee of the Empire Press Union be appointed to confer with its overseas sections, and with all universities within the empire which provide courses of journalism in order to frame a scheme of travel scholarship within the empire for young journalists of proven capacity.

The imperial press party visited the MacDonald Agricultural College at Ste. Annes de Bellevue, Quebec, this afternoon, and were entertained by the faculty to a garden party. The official welcome, which Hon. Arthur Meighen, prime minister, and Mayor T. L. Fisher, for this city, will extend to the delegates, will not take place until tomorrow morning, when a number of public men will make speeches of welcome before the opening of the official business of the agenda.

YOUTHFUL AUTO THIEVES SENT TO REFORMATORY

Forty-Nine Building Permits Issued in Sarnia in July.

SARNIA, Aug. 4.—The returns of Building Inspector Harry Walton for the month of July show a total of 49 permits issued, totalling in value $72,150, which includes permits for eleven new houses. Recent permits granted for dwellings include one for G. A. C. Andrews on the south side of Richard street, $4,000, and for Duncan Ferguson on the north side of George street, $4,000.

Judge A. E. Taylor today sentenced Clarence Lacry and Harold Hodson, two local youths, to a year in the Ontario Reformatory, when they were found guilty on a charge of stealing a motor car. They were arrested in Paris.

Local representatives of the Sarnia Gas Company, it was stated tonight, will attend the conference in Windsor on Thursday, when Hon. Harry Mills, minister of mines, and representatives of 30 municipalities will be in session.

The local chamber of commerce officials announced tonight that extensive plans are being made to greet the Imperial press delegates who will arrive in Sarnia on August 12.

The local authorities are investigating a shipment of liquor made to Sarnia by London men who arrived in three motor cars, and with their cargo which was moved to launches, crossed over to the State of Michigan via the Detroit River.

ELEVEN YEARS IN NAVY.

BRANTFORD, Aug. 4.—Eleven years' service in the British navy, which included being present at the battles of the Bight of Jutland, Borkum, Zeebrugge and Dogger Bank, has been ended by Raymond Perrin, son of F. W. Perrin, Dundas street, and he has come here to take up permanent residence.

BUTCHERS ORDERED TO KEEP OFF MARKET AT WOODSTOCK

Board of Health Inspection Reveals Unsatisfactory Conditions in Many Places.

WOODSTOCK, Aug. 4.—As a result of a tour of inspection made by the Woodstock Board of Health, a clean-up of many butchers who supply meat to the local market will take place immediately. The majority of the premises visited were found to be in an unsatisfactory condition and drastic action is to be taken against some of the offenders. Some of the vendors have been absolutely forbidden to appear on the local market. The board is determined that the butchers who supply the city with meat shall have their premises exactly in accordance with the regulations laid down by the provincial department of health.

OWN THEIR HOMES.

Great changes have taken place in the ownership of city properties since the last assessment was made, over 40 per cent of the properties having changed hands since 1919. A feature of the change is the large reduction in the number of rentable houses in the city. Former tenants have been the chief buyers during the past year, which means that the great majority of the homes of the city are now owned by the people who live in them.

EXPECT COAL WILL ADVANCE IN PRICE

TORONTO, Aug. 4.—Increases in the prices of coal here as a result of the increased freights in the United States in a short time is expected by Mr. Brown of the traffic department of the Canadian Manufacturers' Association from $1.50 to $1.75 a ton advance on anthracite, and $1.50 a ton advance on bituminous coal.

CHAPLEAU WELCOMES PREMIER MEIGHEN ON WAY TO OTTAWA

Hearty Reception Given by Town Council and Citizens.

CHAPLEAU, Ont., Aug. 4.—Hon. Arthur Meighen, premier of Canada, and Mrs. Meighen stopped over here today on their return journey to Ottawa from the west, and were given a very hearty reception by the townspeople. The premier and his wife were met at the station by a deputation from the town council and leading citizens, and were escorted to the Nicholson Memorial Hall, donated to the town in memory of fallen heroes by G. B. Nicholson, M.P. They also visited the Lady Minto Hospital. On their return to their private car, Mrs. Meighen was presented with a bouquet of white water lilies by a little Indian girl from the Indian boarding school here.

Premier Meighen expressed gratification at the heartiness of the greeting, and congratulated the town on its fine memorial hall and hospital.

SUDBURY GREETS HIM.

SUDBURY, Aug. 4.—A thousand people of the nickel district and a brass band greeted Premier Meighen at Sudbury station tonight while he was en route to the capital. The reception was very enthusiastic. Speaking from the observation platform of his car, the premier said he had no doubts whatever of the future of the mining industry of Northern Ontario. He made the prediction that in the next decade the products of the mine would exceed the manufacturing and perhaps the agricultural production of the Dominion. He gave the production of nickel a premier place in this evolution. The reception here was an impromptu affair.

REDS OFFER CZAR'S JEWELS FOR SALE

Gems Smuggled Into London Despite Police Vigilance.

London, Aug. 4.—Jewels of incalculable value, formerly the property of the czar and czarina of Russia, have been smuggled into London under the very noses of the secret service to be sold to replenish the Bolshevik propaganda coffers, it was learned today.

The ability of the Bolshevik agents to get the gems into London was most remarkable in view of the extraordinary vigilance exercised by the international police, since recent attempts to smuggle jewels of minor quality were frustrated.

It is declared the Bolshevik emissaries planned to break up the crown jewels, selling some in London and others in Paris and New York. Scotland Yard is making a desperate effort to recover the jewels and it was through their warnings to London diamond merchants that news of the arrival of the gems in this country became public.

ROSS' LIMITED --Manufacturers.

Clearing Balance of All Summer and Spring

Suits, Coats, Dresses and Skirts

Our method is to show only the latest and standard styles in women's garments, so that in order to make room for our fall styles, which will be shown in about a week, there is little time to spare for clearing all past season's merchandise.

Can You Select Your New Chesterfield From, Say, 25?

Thomas' August Sale is far from a question of merely odds and ends. On the other hand large purchases were made for this big event, one car of Chesterfields arriving only yesterday. Select yours while stock is large, taking advantage of special August Sale Prices.

Here Are Some---

All New In Yesterday

Designed for a comparatively small home, is a single Chesterfield, upholstered in highest grade English tapestry, combining colors of rose and blue in quite a small leaf and fruit effect; Marshall cushions. Regular $180. August Sale $134

A somewhat larger one, having the restful bun-tufted curved back, in a very hard wearing verdure tapestry, with just the right proportion of blue. Marshall cushions. Regular $165. August sale $132

Another Chesterfield, covered with same tapestry as above, but showing better workmanship. Is excellent value at.... $148

A striking value is offered in a large Chesterfield which is not only massive in appearance, but luxuriously upholstered in verdure tapestry, also having the large spring arms, outside back, and Marshall cushions. Reg. $245. August Sale $196

Those desiring a Chesterfield, in mohair, will find in this large gray piece wonderful value, as it is the last word in the art of Chesterfield making. Regular $508 (including chair to match). August Sale Price $406

You will be all taken up with a medium-sized Chesterfield, done in popular midnight scene, tapestry, having heavy drum arms. Reg. $285. On sale.. .. $228

A similarly-designed Chesterfield, being somewhat smaller, being covered in deep verdure tapestry. Regular $170. August Sale Price $136

A likely Chesterfield is one embracing very simple lines and tapestry that combines with most any setting. Regular $250. August Sale Price $200

Yesterday's shipment brought in a lovely three-piece suite which was purchased to sell at $300. August Sale Price $240

ALL ARE EQUIPPED WITH MARSHALL SANITARY CUSHIONS.

Largest Showing West of Toronto

It is with perhaps pardonable pride that we say "largest stock," but we have gone after the Chesterfield business for Western Ontario—and gained it—so for the balance of August we will deliver your Chesterfield to any place in Western Ontario, all charges prepaid, at these bargain prices.

Just a word about this purchase—our representative did not make selection in the ordinary way—from photographs—but went right to the factory and saw the finished articles.

$82.50 DAVENOS Selling at $67

That's value for you—striking value. All new stock. Open into full-size bed, complete with springs and mattress. Solid oak frame, with black or brown leatherette upholstery. Many others with tapestry coverings, including the Chesterfield-Davenos—all at August Sale prices, or to make it more clear, 20 per cent off.

$1,500 Walnut Dining Suite at $1,050

This is a very elaborate suite, consisting of nine pieces—extra long buffet, high china cabinet, six diners and large square table. Lovely rich two-tone inlays enhances this exquisite genuine walnut suite, which is possessed of carefully modelled hand carvings

And Still More---

All New Ones

Particularly fortunate were we in securing two suites in a popular verdure tapestry with an enhancing touch of brown. The larger suite, having winged back, regularly $368.50, is going at August sale price (three pieces) $284

Slightly different design, same tapestry as above. Regular (three pieces), $258; sale $206.40

The drum arm is gaining favor, and none is more popular than the one coming in yesterday, upholstered in tapestry having a rich blue tone, with large leaves fading into green. Regular $224; August sale $179.50

Exactly same design as above, but with higher grade covering. Bought to sell at $250, but it will go at $200

A massive Chesterfield, having heavy spring arms and back, being upholstered in highest grade tapestry. Regular $273; sale $218.40

Anyone desiring a tapestry of light green hue will be pleased with a large Chesterfield bought to sell at $250, but which is being discounted to... $200

Same design as above, only upholstered in less elaborate tapestry. Regular $215.50; August sale price $172

You may have a choice of two tapestries in exactly same design Chesterfield at the same price. Regular $210; August sale $168

ALL OUTSIDE BACKS COVERED. ALL MARSHALL CUSHIONS.
