The Cuba news by telegraph was read at the Pra dear's reception last night, and created a sensation. The President tiad been giving his views against the bunniary claimed by Texas; but immediately changed the topic to Cuba, and appeared to be taken by surprise with the news.

There was a Cabinet meeting to-day.

It is expected that a proclamation will shortly appear. We understand that Xir Henry traitwer has had a conference with Mr. Secretary Clayton, in which it is stated that there is a secret treaty between Spain and England, which will require the latter to interfere, even it the island is liberated. It is supprehended that this will lead to a blockade of the whole coast by England, and that some chance collision with the American flag will end in a war.

It is supposed that this business will hurry on the Compromise of the North, while the South will go for delay.

IN MANY THOUSANDS IN MARY THOUSANDS
of certificated instances, they have even rescued
suffices from the very verge of an untimely grave,
after all the deceptive nostroms of the day had utterly failed; and to many thousands they have
permanently secured that aniform enjoyment of
health, without which life itself is but a partial
blessing. Se great, indeed, has their efficacy invariably and infallibly proved, that it has appeared
acarcely less than miraculous to those who were
acquainted with the beautifully philosophical priaciples upon which they are compounded, and upon
which they consequently act. It was to their
munifest and sensible action in parifying the springs
and channels of life, and enduing them with renewed tone and vigor, that they were indebted for
their name.

Unlike the host of pernicious quackeries which
boast of vegetable ingredients, the LIFE MEDICHESS are purely and solely vegetable; and cuntain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever.
They are entirely composed of extracts from rate
and powerful plants, the virtues of which, though
long known to several Indian tribes, and recently
to monic eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to
medical science; and were never before administered in so happily efficacious a combination.

The first operation is to looses from the costs of
the stomach and bowels the various impurities and
cradities constantly settling round them; and to
remove the hardes-of sees which collect in the
convolutions of the small intestines. Other medicines only partially cleanse these, and leave such

remove the hardes-et neces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected meases behind to produce habitual Contiveness, with all in train of svile, or sudden Diarrhosa with its imminent dangers. This fact is well known to all regular anatomists who examine the numan bowles after death; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDIGINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins; renews every part of the system, and triumphantly mounts the hanner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDIGINES are well known to be misi-lible:

DYSPEPSIA, by theroughly cleaning the first

Fovers of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the therough solution of all intestinal obstruction in others. The Live Mapicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and digaments of the inits. of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also Worms, by dislodging from the turnings of the bowels the slimy mutter to which these creatures adhere.

Aghma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphasize recommendation. It is well known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of sharty rive years; and that he tried in vain every remedy presented within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been proposable, by any burnan means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and pertain termedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Billious Fevers and Liver Complaints.

General Debility, Loss or Argette, and
Decause of Ferance—these medicines have been
used with the most beneficial results in cases of this
description —Kree's Evits, and Senovital, in its
worse forms, yields to the mild yet powerful action of
these remarkable Medicines. Night Serart,
Nervous Destluy, Nervous Contraints of all
kinds, Paterention of the Heart, Painter's
Colic, are speedily oured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of Mancurar, will find
these Medicines a perfect cure, as they never fail
to aradicate from the system all the effects of
Marcury infinitely sooner than the most powerful
preparations of Samaparille. A single trial will
place them beyond the reach of competition, is the
estimation of every patient.
