COUNTY OF BRANT.

The County of Brant is situated in the south part of the province of Ontario, about 25 miles west of Lake Ontario. It contains an area of 271,247 acres, and consists of the city of Brantford, town of Paris, and the townships of Brantford, Burford, Oakland, Onondaga, South Dumfries, and Tuscarora. The last named township is an Indian reserve, and has no municipal organization.

The County is unsurpassed for its fertility and great natural agricultural advantages, and is well watered by the Grand River and its tributaries. The County is traversed by the Grand Trunk railway of Canada—and also by the Harrisburg and Brantford and Wellington, Grey and Bruce, and the Brantford, Norfolk and Port Burwell railways.

The confederacy known as the Five Nations was formed about the year 1540, and consisted of the Mohawks, Oniedas, Onondagas, Cayugas and Senecas; about the year 1712 the Tuscaroras were admitted, and the allied tribes were subsequently known as the Six Nations.

In the year 1784 a tract of land six miles on each side of the Grand River, extending from its mouth to its source, was surrendered by the Objibways to the Government and transferred to the Six Nation Indians, the faithful allies of the British during the revolutionary war, under warrant of Sir Frederick Haldimand, dated 25th October of that year. This tract included about 700,000 acres. The Indians took immediate possession and formed a settlement about two miles below the present city of Brantford, to which they gave the name of Mohawk, after the valley where they had formerly resided in the Province of New York. Here they erected the first Protestant church in Upper Canada, which is still standing.

The land at present in possession of the Indians consists of 44,000 acres, forming the township of Tuscarora, and about 8,000 acres in the township of Onieda. The Indian population is about 3,000. Population of the county including the city 33,000.

The Best is the Cheapest—

The "Expositor,"

DAILY AND WEEKLY.

THE "Daily Expositor" was established April 3rd, 1873, and is in the eleventh year of publication. It has recently been enlarged and improved and contains every evening the latest general local and telegraphic news. It is the best medium through which advertisers can reach the people of Brantford City. Subscription \$5.00 per annum. THE WEEKLY EXPOSITOR is

The Reading Paper

Of Brant County. Established on the 12th of October, 1852, it is in the 32nd year of its publication. Within the past year the proprietors have largely improved their facilities for the issue of the WEEKLY as well as increased its size. It is now the handsomest, the largest, the brightest, the raciest, the newsiest, the best edited newspaper in the County, and the last paper the family should be without. It enjoys a larger circulation throughout Brant by hundreds than any other paper—and gives fifty per cent. more reading matter, literary notes, local, township, village and city news than any other. It is the only Liberal paper in the Capital City of the County, in every part of which liberal views

and intelligent thought are in the ascendant. It is THE paper of the Liberal Party, believing the true maxim for the press as for the people to be "by the party, with the party, for the country." If you are not a subscriber, send for a sample copy. The best paper is the cheapest even if it does cost a cent a week more than some others. Subscription price, \$1.50 per annum, strictly in advance.

CITY OF BRANTFORD.

The City of Brantford is beautifully situated on a ridge skirting the north bank of the Grand River, and in the centre of a country unsurpassed for its beauty and fertility. The site of the City was surrendered to the Government by the Six Nation Indians on the 19th April, 1830,

In 1847 Brantford was incorporated as a town, the population then being three thousand, and on the 31st May, 1877, the City of Brantford was inaugurated and on the succeeding day, the first of its metropolitan existence, the event was celebrated with befitting ceremonies. At this date the population was 10,000.

In the fall of 1854 the Buffalo, Brantford and Goderich branch of the Grand Trunk Railway was opened to Brantford, and in 1873 the Harrisburg and Brantford branch of the Great Western Railway was completed. The Brantford, Norfolk and Port Burwell Railway connects the City with Lake Erie. By means of these lines Brantford is connected with the several railway systems of the continent.

Brantford is justly celebrated for its public buildings which are chiefly built of white brick. The Court House and County building erected in 1853 at a cost of \$32,000 is situated in the centre of the city. Few cities in the Dominion can compete with Brantford in the number and beauty of its public buildings. The Methodist Church on Brant Avenue, St. Basil's Roman Catholic Church on Palace Street, Grace Church, Episcopalian, and Zion Presbyterian Church on Darling Street, Park Baptist Church, and Brantford Young Ladies' College, are particularly remarkable.

GEO. A. MONTGOMERY, Practical Watchmaker, Brantford.

CITY OF BRANTFORD.

as models of architectural excellence. Wickliffe Hall, erected by the Young Men's Christian Association in 1875, at a cost of \$22,000, is one of the chief ornaments of the city. It contains a lecture room and reading room, open to the public.

The Ontario Institution for the Education of the Blind occupies a prominent site just without the limits of the city. It is built of white brick in the Tudor style, and possesses a frontage of 220 feet. The grounds include an area of 65 acres, which are in a high state of cultivation. The Institution was opened in May 1872, and is designed for the education of the youthful blind, and is not in any sense either an asylum or an hospital. The pupils are taught basket making, cane seating, knitting, braiding, sewing, pianoforte tuning, etc., and are educated in reading, writing, arithmetic, geography, and vocal and instrumental music.

OFFICERS OF THE INSTITUTION,—Principal, A. H. Dymond; Bursar, W. N. Hossie; matron, Miss Dunn; physician, Dr. W. C. Corson; literary staff, Mr. Walter Wickens, Miss M. A. Walsh, Miss M. E. Walsh, Miss C. Gillen, Mr. W. A. Shannon; music staff, Mr. Wallace P. Day, Miss Callaghan, Miss E. Moore, Miss McNish, Mrs. Howson (vocal), Professor Geo. Baker (violin) trades instructor, Mr. Thomas Truss; pianoforte tuning, Mr. W. G. Raymond; work room, Miss E. Leveys, Miss M. J. Brown; knitting room, Miss Rich; visitors attendant, Miss M. Cronk.

It is unnecessary in a work of this character to enlarge on the industry, energy and enterprise which has always characterized the citizens of Brantford. It is enough to say that the city will compare favorably with any other in the Dominion. The principal industries of the city will be found under the head of "Classified Business Directory" in this work.

Population about 12,000.
