The Brethren at Aldershot are invited to attend a meeting of Kentville L. O. L., on Thursday evening at 7.30. The Lodge room is in the Y. M. C. A. block near the Bank of Nova Scotia.

Miss Lida Mosher, Trained nurse, Truro, had been spending a few days at her home in Kentville. Miss Mosher came to attend the Horse Show, being entered as one of the riders in the ladies saddle class. Through some misunderstanding Miss Mosher did not take part.

Thirteen pupils selected from Lady Bennett's class gave a recital in piano, violin and voice, Monday afternoon, May 29th, and was much appreciated by all present. Lady Bennett is the only residential music teacher in town. The oldest of her class are a husband and wife each being fifty years of age. Lady Bennett studied at the New England Conservatory of Music in Boston, a number of years ago, while she resided in Marlborough, Mass.

The "Ladies Minstrels," presented at Pastime Theatre, Kentville, Friday evening, under the direction of Mrs. Cora Pierce Richmond delighted the audience. Owing to numerous other attractions in town the audience was not nearly as large as that which completely filled the fine large Opera House at Wolfville Wednesday night, when "The Minstrels" appeared there, but everyone present enjoyed the rare musical treat. The originality of the program was delightful; the vocal and instrumental music and reading were of a high order. Each number of the program being excellently rendered. The whole entertainment was splendid, indeed just what could be expected when under the direction of the talented genius, Cora Pierce Richmond.

KENTVILLE NEWS

Miss Ida Newcombe returned missionary from Bimlipatan, India, who is home on furlough, spent Thursday in town guest of Mrs. S. S. Strong. On Thursday evening she gave most inspiring address in the vestry of the Baptist Church, bearing on work in that heathen land, and those who did not hear this talented young lady missed a very fine missionary address.

At the close of the formal exercises of degree conferring, speeches were made by Sir Frederick Fraser, Justice J. W. Longley and Dr. J. E. Bars.

We are glad to welcome Judge Longley with us again after several years' absence.

Waite Confesses

Dr. Arthur W. Waite of New York accused of poisoning his father-in-law has confessed that enveloped millions of germs of typhoid, and diptheria and gave them to his aunt and father-in-law as he wanted money. The germs were not virulent enough to cause the desired effect so he used poison to kill his wife's father.

Otis M. Meister Killed in Action 13th of May, 1916

His last farewell! can we forget The last grip of his hand As in the Hall, in manhood's power He firmly took his stand.

He went alone the first from here, To cross the Atlantic's foam To fight for England's honor "A Hero he became."

One year, 9 month he had been gone, But a few days ago, had no wound His letters told "Today he lieth low."

Otis M. Meister was the fourth son of Mr. and Mrs. John R. Meister and was the great grandson of Carl W. F. Meister, a soldier of one of the disbanded regiments after the battle of Waterloo and one of the founders of New Ross.

Otis was the first volunteer from New Ross in August, 1914, went into the trenches April 26, 1915, never receiving a scratch until May 13th, 1916, when as the paper states, He was killed in action, on which day he was 25 years and seven months old. On the 16th of August, 1914, he bid his parents and friends good bye never to see them again.

New Ross met in Forrester's Hall the evening before a large audience met them, Major A. M. Ross and Rev. Ira D. Lytle in neat speeches bade him God speed. He then spoke telling all what he was going for, thanking them for the deep interest they had shown in him and bidding them what has now proved to be his last farewell.

He was born in New Ross as was his father and grandfather before him. He leaves sorrowing parents who mourn a kind and dutiful son, five brothers of which one, Adelbert, is in the Kings service and four sisters, who can never forget his loving presence and kindly solicitude of their brother who died a hero's death on the battlefield fighting for honor, home and motherland. All New Ross seem to mourn tho' they are proud of the name on the honor roll of Otis Meister.

General Alderson Will Be Inspector-General

London—General Alderson has now relinquished the Canadian command, and it is understood that he will shortly be appointed Inspector-general of the Canadian forces, having headquarters with Lord French's staff at Whitehall. Thus far the office mentioned has been non-existent, but General Lessard has been undertaking work of this nature during the past three months.

Captain Guy Boyer, of the 22nd Battalion, "French Canadians," who is here on leave from the front, is slated as staff captain to Brigadier-General David Watson at Bramshott.

CANADIAN WOMEN AND THE WAR.

Mrs. Rachel Archibald's Work Mentioned.

A comprehensive condensed and most interesting article by Richard Spillane, is published in a late issue of The Outlook, on "Canadian Women and the War," in which the work done by the ladies at the Technical College of Halifax is chosen for citation as an example of splendid accomplishment. The magnitude of the work is dwelt upon, 40 miles of material is stated as having been made up in three months by the women working at the college, and 36,000 pairs of hand knit socks are mentioned as having been sent from there. The interesting work of Mrs. Archibald of Wolfville, N.S., a widow with her son fighting in Flanders, who has sent 660 jars of preserves to the soldiers in France. Not having money to buy the fruit she went into the orchards and gathered that which was left on the trees after picking. Friends contributed the sugar and she trudged around the country side to gather jars. Making a workshop of her cellar she put up 600 jars of preserves, boxed them herself and sent them on as a result of her individual labors. A splendid tribute is paid to Canadian women throughout the Dominion and again Nova Scotia is cited as having 270 towns in which practically all the women are working for the Empire. "The Canadian women," Mr. Spillane says, "have built up the greatest organization the Dominion has ever known and have grasped the great problems resulting from the war as no other people have." Their work in detail at home and abroad has been organized on the most businesslike system that has ever been evolved from the necessities of the war. Nothing has been left unthought of from the amusing and comfort of the well to the marking of the soldier's grave and the care of the soldier's family. They have cut army red tape and wiped out the barriers between the rich and the poor. The article concludes by calling the Canadian women "The great patriots of the war."

Berwick Gave the Soldier Good Send-Off.

Berwick, June 1—The members of the 219th Battalion who have been in training here for the past three months left by special train today for Aldershot where they will remain for the summer in training. The citizens turned out en masse to bid them au revoir. Addresses were delivered at the depot by Dr. McNally, President of the Berwick Board of Trade; Rev. A. W. Robbins, of the Baptist Church; S. C. Parker, and Councillor G. R. Nichols. Lt. J. G. Stones, who has been in charge of the men, thanked the people for their kindness shown the soldiers during their stay here.

Found Three Moose

Last week while J. H. Parker and V. W. Spurr of Torbrook Mines were going in the south woods on a fishing trip they came across a cow moose and two calves. On their return they visited the place where they had seen the moose and found the calves still there but apparently the mother had forsaken them.

New German War Loan

Berlin, June 1, via wireless to Saville—The Vossische Zeitung says that a special meeting of the Reichstag will be held in mid-summer to vote the new war loan. The funds now in hand are sufficient for several months.

The Militia Department has decreed that no more Highland battalion shall be raised after the establishment of the 173rd of Hamilton has been completed.

51 Turkish Soldiers Were Shot

New York, June 1—A Constantinople dispatch to a news agency published here today says: Fifty-one Turkish soldiers convicted of mistreating Armenians, deported from the district of Van, have been shot. Talaat Bey, Turkish Minister of the Interior, said today.

Government employees found guilty of similar abuses have been deprived of their offices and delivered to the military courts for trial. Commissions of investigations have been sent to all centres of trouble not now held by the Russians to investigate reports of abuses against the Armenians.

Seized Liquor

Winnipeg, June 1—There was a wild scramble in the Hudson Bay Company's retail store this afternoon when all the liquor in that section of the Company's store was seized by the Government. This is the initial proceedings in the action to test the MacDonald Act, in so far as it pertains to the Hudson Bay Company. No charge is to be laid against the Company by the Government. The selling of liquor has been stopped, and that is as far as the Government will go. Now it is up to the company, which claims it has the right to sell under an Imperial Charter. It will take its action, it is understood, in the civil courts against the Government for interfering with its rights.

Gerard Confers With German Chancellor

Berlin, June 1—By wireless to the Associated Press, via Sayville—American Ambassador Gerard had a half hour's conversation on Tuesday with Chancellor Von Bethmann-Hollweg. The immediate occasion for the conference was the question of Polish relief, but the Chancellor and the Ambassador also discussed topics of more general interest.

Following the conference Ambassador Gerard would say nothing for publication.

Three Steamers Sank By Huns

London—Lloyds reports that the British steamers Baron Tweedmouth and Julia Park both unarmed have been sunk. British steamer Lady Ninian is reported sunk.

The Baron Tweedmouth was 5,007 tons gross, and last reported arrived at Clyde, April 23. She was built at Glasgow, in 1907, and was owned by the Hogarth Shipping Company, Ltd., of Liverpool.

The Julia Park was 2,300 tons. She was last reported arrived at Liverpool, May 14. She was built at Glasgow in 1894, and was owned by the Park Steamship company of Glasgow.

The Lady Ninian was bound from Newport News, May 9th, for Leghorn, and passed Gibraltar, May 26th. She measured 4,297 tons gross and was built at West Hartlepool in 1906. The Lady Ninian is owned by the Rederoft Company.

German Socialist to Be Tried For Treason

Copenhagen, June 1—A Berlin despatch to the Politiken says that the court which conducted the preliminary examination of Dr. Karl Liebknecht, the Socialist leader, decided that he should be prosecuted for treason.

Dr. Liebknecht was arrested in Berlin for having participated in a peace demonstration on May Day.

Seized More Mail

Berlin, June 1—The Overseas news agency says that the British authorities removed all the mails from the Holland-American Line steamships Westerdijk and Ryndam and the Scandinavian-American steamship United States, on their latest voyages from New York.

Kitchener Entertains Wounded Canadians

London, June 1—The party of wounded soldiers entertained at Lord Kitchener's residence on Saturday included several Canadians. The latter were taken to the reception in motors by Major Clifford, of London, Ont. Each man received a cordial hand-shake from Lord Kitchener, who was most gracious to the men, especially the Canadians, and made cordial enquiries as to their progress.

Loss of Life on American Railway Almost Equals War.

Washington, June 1—More than 46,000 persons were killed and injured in the United States by railroad accidents during the three months ending September 30, 1915. Inter-State Commerce commission figures made public today show 2,531 killed and 43,518 injured. The figures show a net increase of 217 in the number killed and 3,697 in the number injured as compared with returns for the corresponding quarter in 1914.

Germans Completely Repulsed

Paris, June 1—The Germans were completely repulsed in an attack delivered upon the French positions at Dead Man Hill, about eight o'clock last night, according to an official statement issued by the French war office today. A violent bombardment continued in this region throughout the night. An intense artillery duel is in progress on the east and west fronts at Douaumont.

The British Columbia prohibition bill introduced in the Legislature on May 17th is modelled after the act in Manitoba. As druggists have refused to take any responsibility under the bill to sell liquor on a doctor's prescription, the government will provide dispensaries for the selling of liquor for medicinal purposes. The government has denied any compensation to the liquor interests but as a compromise the prohibitionists have agreed to consent to an extra six months' delay before prohibition comes into force. The date will therefore be July 1 of next year, instead of January 1.

A factory for extracting oil from herring waste and making dried fish scrap from the residue has commenced operations at Lubec, Me. It expects to produce 750 barrels of oil and 300 tons of fish scrap this year. The supply for raw material will be secured chiefly from the St. Stephen district of New Brunswick. The utilization of this waste will still further increase the value of the smoked herring industry of that port.

Lt. Col. F. S. Rev. A. J. Vincent On Choir Singing

Rev. A. J. Vincent, in Emmanuel Baptist church Sunday morning spoke very forcibly on qualifications for choir singing, calling a spade a spade in that respect. His subject was "Singing to the glory of God."

He said that from the spiritual standpoint the people in the choir should be as fit as the man in the pulpit but that, alas! this was not always the case.

In by far too many cases people were invited to sing in the choir simply because they could sing. No other qualification was asked for.

Their characters might be questionable, but that made no difference, if they could sing. On three occasions during his ministry the smell of intoxicating liquor had been wafted to him in the pulpit from the choir loft.

He made the clear cut statement that no person not a professing, practicing Christian should be a member of a choir, particularly since singing now occupied so much of the time of a church service.

No person could sing sacred music to effect that did not possess the new life, born of the spirit of God through Jesus Christ. Half the trouble in the churches was the result of bickering in the choirs. In by far too many cases members of the same choir are not on speaking terms with each other. Members of the choir and members of the church were on bad terms.

He knew he was handling a delicate subject, and though he approached it with fear and trembling he felt it his duty to do so.—Truro Sun.

A Second Canadian Forrestry Battalion

Ottawa, May 28—Another Canadian Forrestry battalion has been called for by the war office and will be formed in Canada. Its colonel will be J. B. White, of Montreal, now in England, with the first forrestry battalion. Colonel White was prominently connected with the Riordan Pulp and Paper company and also with the Hull Lumber Company. The new battalion will be 1,500 strong, like the first one, and will be recruited immediately.

The number of battalions organized in Canada since the war began has already reached two hundred and thirty-nine. The 239th is the battalion of railway construction workers, of which Colonel Stewart, the millionaire contractor, of Vancouver, is the colonel.

St. John.—At a meeting of the St. John Law Society yesterday afternoon a uniform scale of fees for legal services was adopted. Members of the society say that this does not mean any increase in the charges, but say that some of the fees charged are less than the scale in force twenty years ago.

French Government Deals With Drunkenness

The French Government has been obliged to deal with the same difficulty that hampered England at the outbreak of the war. Drunkenness has interfered with the production of munitions, and the Minister of Munitions has issued instructions that workers found intoxicated shall be immediately sent to the fighting line. It is explained that this is not done by way of punishment but for the sake of securing efficiency. The men at the front have to be sober and are thus able to do their best. The French parliament is also undertaking to abolish private distillation of liquor which also undertaking to abolish p~~h~~itherto has been a great curse of this nation.—The Pioneer.

The manufacture of binder twine is an industry carried on in the state penitentiary in North Dakota. There is in the United States what is called a "binder twine trust," which was being inquired into the other day by the Agricultural Committee of the National Senate. Attention was directed to the smallness of this penitentiary's twine output and Mr. Talcott, warden of the penitentiary, was called before the committee to explain the matter. His evidence was to the effect that the difficulty was the small number of prisoners under detention. There are but 280 altogether. The committee desired to know why the number was so small, and was informed by Mr. Talcott that the reason was the North Dakota prohibitory law, and further, that the number of convicts would be much smaller still were it not for the men committed for bootlegging.—The Pioneer.

PROVINCIAL LEGISLATURE.

Nomination Day, June 13th.
Election Day, June 20th.
Liberal Conservative Candidates for Kings County:
Lieut. J. D. Spidell, of Kentville, Officer 219th Battalion.
J. Everett Kinsman, of Centreville, Farmer.

Horse Show Day at Kentville

Saturday was a gala day at Kentville and never before in the history of the town were so many people assembled within its borders. The day was an ideal one and people came, enjoyed the sights and returned home happy. The best of order prevailed, no signs of intoxication being apparent at all. The several seizures of liquor which took place just before that day corralled and placed out of use enough liquor to debauch quite a large part of the town. The sobriety which has prevailed during the opening days of camp is certainly a credit to the Town officials, Brigadier General Borden and officers in charge of Camp Aldershot and Inspectors Sanford and Haverstock, who are getting command of the situation in the County.

People began to crowd into town by teams, autos and by every train, and it was a line of crowded streets which witnessed the parade in the morning, headed by the 185th Band.

In the afternoon fully 1500 people assembled on the Park grounds and heard the 85th Band and saw the horses judged and prizes awarded.

The following are the prize winners:

Standard Bred Stallions—1st Geo. Blanchard with "John Jones," 2nd W. C. Moore, "Oakley Baron."
Carriage Single—1st, William Bauckman, Port Williams; 2nd, Blake Clarke, Lakeville; 3rd, Milton Porter, Halls Harbor.

Mr. Bauckman also won the valuable carriage wrap donated by Mr. G. W. Parker.

Agricultural Single—1st—Della Chipman, Chipman Corner; 2nd, Howard Kinsman; 3rd, F. M. Eaton, Canard.

General Purpose—1st, T. L. Fisher, Somerset; 2nd, Fred J. Fielding, Kentville.

Heavy Draft—George Gates, Pt. Williams, with handsome new stallion just imported; 2nd, D. L. Bill; 3rd, S. R. Jackson, Canard, "Immersif."

Saddle Class, Ladies—1st Miss Della Chipman; 2nd Gladys Jordan, Kentville; 3rd, Dorothy Dickie, Kentville.

Saddle Class, Gents—1st, Lieut. Stanfield; 2nd Brougham Robinson, Aldershot; 3rd, Ross Chipman.

Roadsters—1st, Edward Jordan; 2nd, A. L. Pelton; 3rd, J. F. Reigh, Kingston.

Pratts Food Prize (Value \$10.) 1st, F. M. Eaton; 2nd, Miss Chipman; Heavy Draft single Gold Watch Prize, by J. R. Webster, for 3 year old, Cecil Woodworth, Church St.

A large screen 16 x 20 has been placed and the latest and best in new machinery installed. Only high grade up-to-date pictures will be shown, the best that money can obtain in movies. This is a 10 cent show conducted in the interests of a public desiring educational features in pictures. There are two performances the first one starting at 7.30 o'clock each evening. Notice of special features will appear in this paper from time to time.

C. E. Tanner Addresses the People on the Necessity of Good Roads.

Halifax, N.S., 25th May, '16

Dear Sir:
I am taking the liberty of addressing you on the vital question of good roads.

The Legislature is dissolved; and provincial elections will be held on June 20th.

It is evident that in consequence of long holding of office the Government has naturally become indifferent to the public interests and provincial developments.

I cannot better illustrate this fact than by referring you to the unprogressive road management of the government.

You are well aware that for thirty-four years the Government's road administration has been ineffective.

Good roads are essential in the life and growth of the Province. But the Government has persisted in putting its political needs foremost, instead of applying business methods to road administration.

The people of the Province have grievously suffered in this regard; and it will be the duty of the new Government that surely will be elected on June 20th to make this great question of good roads a leading part of its policy.

These are some of the elementary principles upon which an effective, good roads system should be built, but which have been persistently disregarded.

We should take active steps to arouse widespread public interest in good roads, and procure the people's hearty co-operation.

We should bring into working unity all available funds and labor, and have operations directed by single authority.

We should abandon the practice of piling drainage trash on the roads, and instead, we should institute the policy of continuously building up our roads with durable material.

We should have our work done rapidly and effectively, calling in the aid of necessary up to date machinery for rock-breaking, surfacing and rolling as well as for grading.

We should see that the money reaches the roads.

We should see that the work is done in the early part of the season; and that every year's improvement bears constructive relation to the previous year's work as part of a progressive system that will give us substantial maintenance results.

The present Government appears to be unwilling or unable to free itself from antiquated methods of road expenditures and the army of officials whose salaries and allowances yearly absorb a large part of the highway funds. The Government has made itself the slave of an obsolete system which is retarding road improvement.

Nova Scotia needs good roads. Nova Scotia must have good roads. But the experiences of thirty-four years are surely enough to convince every person that the Province will never get good roads from a Government which by its long holding of office is enslaved to an obsolete and inefficient system.

To obtain good roads Nova Scotia must have a good Government that will not be chained to old practices and old methods; but will be free to set up new ideals, carry into effect progressive methods and give the people practical and substantial results.

If I should be honored by the people of Nova Scotia with a voice in this all important and vital matter I assure you it will be my determination to establish a business like policy of highway construction and maintenance, based on practical and progressive lines, that will mean Provincial betterment and development.

On this great provincial question I invite your co-operation for the purpose of bringing about a change in power a Government that will have the ambition and determination to give the Province a creditable

system of public highways.
Yours faithfully,
CHAS. E. TANNER.

LIQUOR SEIZURES

There has been something doing of late in and around Kentville in seizing liquor, which shows that our authorities and officers are alert and determined to make Kentville and the Camp at Aldershot as dry as possible.

On Friday last Inspector Davis and Constable Bond followed a team to Port Williams Station and after the team had obtained a shipment there they gave chase. The team and driver were captured at Port Williams with help from men from Mr. Silas Gates' cooperation. The owner of the liquor, J. Lyons escaped. The same evening an auto broke down at New Minas and it was found to contain a large number of cases of liquor purchased in Halifax. This was also taken charge of by Messrs. Davis and Bond and handed over to Inspector Sanford. The owner of the auto was up before Stipendiary Strong and pleaded guilty and was fined \$50 and costs. He was from Colchester County.

Mr. Bieber was arrested on an information for selling liquor and he pleaded guilty and paid his fine of \$50 and costs, which Mr. Sanford has obtained for the County Treasury. Mr. Bieber after the trial was taken in charge by the military authorities as an alien.

Another seizure was made on Saturday of a shipment going to the Bay Shore. Altogether it has been quite an exciting week in temperance circles. The town authorities are determined

that the illegal sale of liquor shall be stopped and Davis and Bond are right on the tracks and the military police are also doing their duty. Inspector Sanford is right at hand and determined to do his best to look after the County interests.

WEDDING BELLS

Tingley-Harris

A very quiet wedding took place on Saturday morning last at the residence of Mr. and Mrs. W. P. Shaffner, Main Street, when Mrs. Annie Chipman Harris was united in marriage to Captain J. B. Tingley of Wolfville. The Rev. N. A. Harkness of the Wolfville Baptist Church was the officiating Clergyman. The bride was very becomingly attired in a travelling suit of black poplin trimmed with white and a hat to harmonize.

After the marriage ceremony lunch was served. Only a few guests being immediate relatives were present. The bride was the recipient of many beautiful presents including an elegant diamond pendant from the groom.

Captain and Mrs. Tingley left on the West bound Express en route for Boston and New York, where they will spend a few weeks and on their return, will reside at Captain Tingley's pretty home in Wolfville "The Anchorage."

Czar's Airmen Raid Enemy's Lines

Petrograd, June 1.—The official communication issued from General Headquarters today, reads:
"Along the whole front there were artillery duels and rifle fire. Two of our air squadrons raided points behind the enemy lines. One squadron of six machines bombarded the region around the town of Soly, northwest of Smorgen; the other, of fourteen machines, bombarded Manievichy station, (north of Lutsk), and the Sarna Kovel railway. In the first case 48 bombs were dropped, and in the second sixty-six, some of them being incendiary. All the aviators returned uninjured, despite a heavy fire.

"In the Black Sea, a Russian submarine sank five sailing vessels and brought one to Sebastopol. The submarine was unsuccessfully attacked by an enemy sea plane.

"Caucasus front: In the direction of Balurt strong Turkish forces attacked thrice on the night of May 30 one of our sectors, but thanks to the concentration of our infantry fire, were compelled to retire.

"Simultaneous a number of enemy contingents took the offensive, aiming to outflank our salient near Mamakhatun. We evacuated Mamakhatun after the demolition of the bridge.

"In the direction of Diarbekr we repulsed, by our fire, an attack by infantry and Kurdish cavalry."

"All Flesh is Grass."
If you are a farmer do you happen to know how many kinds of grasses there are? Five thousand, Prof. Montgomery says in his "Productive Farm Crops". But out of this great number man uses only ten varieties as a rule, and only five of those are extensively cultivated. It is a curious fact that while practically every other farm crop has undergone great changes under cultivation, grasses are almost the same now as when man first began to use them as a wild plant. One thousand varieties of wheat, 500 varieties of corn, and only one variety of blue grass or any other grass under cultivation; grass varieties developed themselves before man took a hand in the game. And no matter what their deficiencies, he has so far been content to use them without attempting improvements. If all flesh is grass, it might be a good idea to improve and note the effect on the ultimate product.

Big Guns in Action on the British Front.
London, June 2.—The British official statement, issued at midnight, reads:
Our aeroplanes yesterday had along running fight with three hostile machines. One of the latter was driven down. One of ours is missing.
During the night hostile aircraft dropped eight bombs on Poperinghe with damage.
Throughout the day there was continuous and heavy shelling by the British and German guns of all calibre in the neighborhood of Vimy ridge, the fires at times becoming intense. The artillery activity extended to a minor degree in the direction of Loos, Ypres and the River Somme.

There was some mining in the vicinity of Loos at the retreat of our trench line about Fricourt and just north of the Somme.

Except for ordinary trench activity there was no infantry engagement in the past twenty-four hours.

HAWKING MACHINES

Catarrh Sufferers Are Nothing But Hawking, Spitting and Blowing Machines, Says an Authority.

Is it possible that in these days when cleanliness and sanitary reform is being preached in the churches, schools and at public gatherings, that thousands of people will continue to suffer from catarrh when there is an absolutely certain remedy always on hand.

Hyomei (pronounced High-ome) is a pleasant, medicated and antiseptic air Breathe it in and it will cure catarrh. It will stop foul breath, watery eyes, and crusts in the nose in a few days. Mrs. H. W. Wilson, of Johnson St., Wallaceburg, Ont., says: "Yes, we are great friends to Hyomei for the reason that Mr. Wilson has had catarrh for several years and tried several remedies and doctors, but nothing has relieved the trouble like Hyomei. His trouble is from pains across the eyes and a burning or huskiness in his throat. Sometimes much difficulty in breathing, the glands in his eyes and nose swollen and the disease made him literally sick all over. He cannot say enough in praise of Hyomei, and there is nothing that can give better relief to catarrh than this remedy, which we heartily recommend."

A complete Hyomei outfit, consisting of a strong, hard rubber pocket inhaler and a bottle of Hyomei, costs only \$1.00, and extra bottles, if afterwards needed, cost only 50 cents each. J. D. Clark sells it and guarantees it to do exactly as advertised.

Hyomei also cures Asthma, Bronchitis, Coughs, Colds and Infant's Croup.

What He Wanted to Know

The professor was delivering the final lecture of the term. He dwelt with much emphasis on the fact that each student should devote all the intervening time to preparing for the final examinations.

"The examination papers are now in the hands of the printer. Are there any questions to be asked?"

Silence prevailed. Suddenly a voice from the rear of the lecture room enquired:

"Who's the printer?"

The Crown Prince Forced Back From Hill 304 on the Left of the Meuse, Is Sending Huge Masses of Men in an Assault on the Right Bank and Terrific Frontal Attacks Are Under Way.

London, June 1.—Once more the German assault on Verdun has shifted. Forced back at Hill 304, on the left bank of the Meuse, by the spirited counter thrusts of Joffre's troops, the crown prince's masses have resumed the onslaught around Fort Douaumont on the right bank of the river.

For this new attempt the Germans have concentrated enormous numbers of men. To the Kaiser's men / who, for more than one hundred days, have been added several thousand Austrian troops. In spite of the offensive against Italy the Kaiser has insisted that his Ally divide his effectives to help crumble the Verdun defences. That alone seems to argue the German determination to carry this gigantic operation to a successful conclusion.

All day the Teutons attacked the French positions from the Thiamont farm southwest of Douaumont as far as Vaux. After many furious efforts had been beaten back they penetrated trenches of the first line between Fort Douaumont and Vaux. Paris admitting this loss, says that everywhere else the assaults were hurled back with heavy loss.

The attack on the left bank of the Meuse were all aimed at one end, to clear the French positions from which enfilading fire prevented the Germans from advancing on the right bank of the river. With the capture of Cumieres and positions around Hill 304 and Dead Man Hill the German commanders apparently concluded that this had been accomplished and the time had come for the resumption of frontal assaults on Verdun. That seems to be the significance of the shifting of the attack to the right bank.

Meantime the French, whose hold on Dead Man Hill was imperilled, are fighting valiantly to set themselves back on the surrounding slopes. Berlin admits that southeast of the heights the enemy obtained a foothold in their first line trenches, over a four hundred metre front. This counter drive may in turn imperil the new German effort to force a path through to Vaux.

—A. S. Draper in Herald.

All-Canadian Flying Corps May Be Formed.

London—Canadian aviators with the Royal Flying Corps are advocating the formation of an all-Canadian flying corps. They say that over sixty would join at once, and that the strength of the corps would be largely increased from the graduates of the aviation schools in Canada and the United States, where a large proportion of the pupils are Canadians training for war service.

6,000,000 BRITONS BY JUNE.

Manchester Man Gives Estimate of New Army.

"Great Britain has 3,000,000 troops actually in the field at the present moment. She has 2,000,000 others under training at home. By June the army will reach a total of 6,000,000. "Then the grand offensive will begin." Prof. John Duxbury of Manchester, England, made this statement the other day. He arrived on the American liner New York.

Paper is so scarce and dear in some parts of England that butchers are asking their customers to bring platters on which to carry home their purchases; and in some parts of Prussia the authorities urge men to wear unstarched shirts, so that the potatoes from which starch is made may be used for food.

Ask for Minard's and take no other.

WITTICISMS

The Last Resort.

Little Ruth had never felt the weight of the rod during her six years of life; she had been ruled by moral suasion alone. Of late, however, she evinced a disposition to disobedience, and one morning she achieved that end three times in ten minutes. Her mother felt that more vigorous means should be taken in regard to moulding the child's character, and she accordingly took an ivory paper cutter from the writing-table and struck her smartly on her bare little legs. Ruth's surprise was equal to indignation. She pondered deeply for a moment. Then, turning toward the door with an angry, disapproving countenance, she pealed forth: "I'm going to my room to tell God about that paper-cutter. And then I shall tell Jesus. And if that doesn't do, I shall put flannel on my legs!"

Hoter Elsewhere.

At a dinner quite recently in Dublin there were two sisters present. One had just emerged from her widow's weeds, and the other was not long married, but her husband was in India. A young barrister who was present was chosen to take the young widow into dinner. Unfortunately he was under the impression that his partner was the lady whose husband was in India. The conversation commenced by the lady observing how hot it was.

"Yes, it is very hot," replied the barrister, "but not so hot as where your husband is!"

What He Would Do

A British officer inspecting sentries guarding the line in Flanders came across a raw-looking yeoman.

"What are you here for?" he asked.

"To report anything unusual, sir."

"What would you call unusual?"

"I dunno, exactly, sir."

"What would you do if you saw five battleships steaming across the field?"

"Sing the pledge, sir."

Not Enough for Two.

Young Harold was late in attendance for Sunday school, and the minister enquired the cause.

"I was going fishing, but father wouldn't let me," announced the lad.

"That's the right kind of father to have!" replied the reverend gentleman, "Did he explain the reason why he would not let you go?"

"Yes, sir. He said there wasn't bait enough for two."

What She Would Say

The Governor (closing the door): "Now my boy, I am told by friends who know that the other night you were seen in a popular restaurant given a supper to some girls. Is this true?"

The Son—"Yes sir."

Governor—"Well, what do you suppose your mother would say, sir, if she knew this?"

Son—"She would probably ask me, sir, not to let you know who they were."

The Husband's Sacrifice

Smith's wife said to him one evening anxiously: "I know, John, dear, this high cost of living is terrible; but do you really think we can get along without a servant?"

"We'll have to," Smith answered, "unless I get a rise."

Why, hang it! if the worst comes to the worst you can do the cooking for yourself, and I can get my meals at a restaurant."

German and Bulgarian Camps at Ghevegli Bombed by Allies.

New York, May 31—According to a Journal despatch from Saloniki today, French aeroplanes have bombed the German and Bulgarian encampments at Ghevegli. There were numerous casualties.

There are important movements of Bulgarian troops in Greek Macedonia, but the military authorities state there has been no further fighting in the region of Demir Hissar.

While the Canadian troops are doing their part at the front and the Canadian business man is doing his part at home, it remains for the Canadian citizen also to do his part. USE

"Corona" Dry Arsenate of Lead

for
Spraying Orchards and Potato Plants.
"CORONA" dry is not an experiment, it has been used by many of our leading farmers for years.
One pound of "CORONA" will do the work of from two to three pounds of Arsenate Paste, and be more effective because:—
It is a perfect, dry, fine white powder, and does not contain 50 per cent water.
It is pure and contains nothing but Lead Oxide and Arsenate Oxide, the only two chemicals essential of an Arsenate of Lead. It gives an even application, covers more thoroughly, and sticks to foliage longer.
It mixes easily and readily in water, no working up to prepare for the spray tank. No straining. It is only necessary to shake the proportional amount into the spray tank.
By using the same weight each time you spray, your mixture is always the same strength.
No sediment, no lumps, no water, never clogs spray nozzles.

GREAT NAVAL BATTLE IN NORTH SEA

British Losses Heavy

London, June 2—A great naval fight took place off Denmark on May 31st. It was a battle between big German warships and a British cruiser squadron. The heavy guns did much damage to our small squadron sinking many.

British Admiralty Statement

London, June 2—The text of the admiralty announcement follows:

"On the afternoon of Wednesday, the 31st of May, a naval engagement took place off the coast of Jutland. The British ships, on which the brunt of the fighting fell, were the battle-cruiser fleet and some cruisers and light cruisers, supported by four fast battleships. Among these the losses were heavy. The German battle fleet, aided by low visibility, avoided a prolonged action with the main forces. As soon as these appeared on the scene the enemy returned to port, though not before receiving severe damage from our battleships.

"The battle-cruisers Queen Mary, Indefatigable and Invincible and the cruisers Defence and Black Prince, were sunk. The Warrior was disabled, and after being towed for some time had to be abandoned by her crew. It is also known that the destroyers Tipperary, Turbulent, Fortune, Sparrow, Hawk and Ardent were lost, and six others are not yet accounted for. No British battleships or light-cruisers were sunk.

"The enemy's losses were serious. At least one battle-cruiser was destroyed, and one severely damaged. One battleship is reported to have been sunk by our destroyers. During the night attack two light cruisers were disabled and probably sunk. The exact number of enemy destroyers disposed of during the action cannot be ascertained with any certainty, but must have been large."

LONDON, June 3.—The British officially announced last night that the total number of British destroyers lost in the naval engagement was eight. The announcement adds that of three German battle-cruisers, either the Derflinger or Lutzow, was blown up, another was seen to have been disabled and a third to be seriously damaged. One German light-cruiser and six German torpedo boat destroyers were sunk, and at least two more light cruisers were disabled.

An additional British official communication, just issued, says:—

"Since the foregoing communication was issued a further report has been received from the commander-in-chief of the Grand Fleet, stating that it has now been ascertained that our total loss in destroyers amounted to eight boats in all.

"The commander-in-chief also reports that it is now possible to form a closer estimate of the losses and the damage sustained by the enemy fleet.

"One dreadnought battleship of the Kaiser class was blown up in an attack by British destroyers, and another dreadnought battleship of the Kaiser class is believed to have been sunk by gun fire. Of three German battle-cruisers two of which it is believed were the Derflinger and the Lutzow, one was blown up, another was heavily engaged by our battle fleet and was seen to be disabled, and stopping, and the third was observed to be seriously damaged.

"One German light-cruiser and six German destroyers were sunk, and at least two more German light cruisers were seen to be disabled.

"Further, repeated hits were observed on three other German battleships that were engaged.

"Finally, a German submarine was rammed and sank."

The latest report about the result of engagement is that the German loss was full heavier than the British. The loss of life is British 4000 German 3000 to 5000.

OBITUARY

Mr. John Irwin

The death occurred at his home Baxters Harbor early Wednesday morning, May 31st, 1916, of Mr. John Irwin, aged 61 years. He had been around all day Sunday, May 28th in his usual good health but in the evening he was suddenly taken ill. Dr. J. W. Miller was immediately summoned and all that medical aid and loving care could do, was done until death released him from his sufferings.

He leaves to mourn their loss a widow and nine children, five sons and four daughters and nineteen grandchildren. The sons are J. Herbert, Frank L. at Sheffield Mills, William A., at Canning; Arthur M., in the United States; Gordon E., at Port Greville. The daughters are Mrs. Owen Sanford, Kingsville; Mrs. W. McNally, Kingsville; Mrs. Stanley Brown, Halls Harbor and Miss Ruby at home. Also an aged mother, Mrs. Mary Irwin, three brother and one sister, William E., Perea; Gordon L., Brooklyn Corner; Henry in L., Newton, Mass., and Mrs. Harriett Lyons, Upper Perea.

Mr. Irwin was born at Baxters Harbor and had spent all his life there. He was well known and highly respected and his sudden death has cast a gloom over the entire community. The deepest sympathy is felt for the sorrowing relatives.

The funeral services were conducted by his pastor, Rev. J. U. Bell, assisted by Mr. McLennan at his home on Thursday afternoon June 1st. Burial at Canning.

Death of Mrs. Daniel Bennett.

Mr. Daniel Bennett passed away from her home in Arlington, on May 29, aged 37 years. She had been ill but a short time and her death came as a shock to mourn their loss. She leaves to mourn their loss, a mother, Mrs. Metzler, of Arlington. A husband, eight children, four sisters, and three brothers. These have the sympathy of the entire community in this sore trial. The funeral was largely attended. Burial took place at Pereaux.

MELVERN SQUARE

Mr. Simmons and daughter, who have been entertained at the home of Mr. and Mrs. Fred Hilton for the past few weeks, returned to Brocton last week.

Miss Lilla Goucher of Digby, spent a few days last week with her mother, Mrs. Ella Goucher, of Melvern.

Miss Alice Nichols, of Nicholasville, was a recent guest at the home of Mr. and Mrs. E. E. Phinney.

The three-year-old daughter of Mr. and Mrs. Stewart Dodge, who had the misfortune to be run over by a heavy waggon, while playing in a field where the farm hands were at work, is improving somewhat, and hopes are entertained of her recovery, although she is still in a critical condition.

Capt. Scott McNeil, of Halifax, accompanied by Mrs. McNeil spent a few days with friends here last week the Baptist Sabbath School of this place was reorganized last Sabbath, with Deacon F. B. Baker reelected as superintendent; Miss Lilla Gates, Secretary; Mr. Alfred Phinney, Treasurer; and Miss Bessie Palmer as organist. This school is one of the best in this County and both teachers and pupils are looking forward to a good year's work, with the help of the new pastor who is expected this week.
