HOW TO ORDER BY MAIL FROM
BROCKVILLE'S GREATEST STORE...

You'll find our mail order department convenient—you do not need to live near this great store to share in its advantages for economical shopping. A post card will place our best service at your disposal—a request will bring you samples.

When your order arrives it is filled at once by an experienced buyer, who makes your purchase as carefully as you would yourself, and your parcel is sent the same day.

The immense stock and endless variety here are at your disposal and the opportunities for economy are yours though you live miles away.

Then why not shop by mail? It's satisfactory, it's safe, you run no risk—we stand right back of the goods we send out. We guarantee everything and cheerfully refund money for any unsatisfactory purchase.

Just six hints to our mail order customers:—

I. Always state clearly and explicitly the color, kind, quality and amount you require.

II. Never send coin—send stamps for small amounts and post office or express money orders for larger amounts.

III. Always enclose postage for mail parcels. One cent per ounce.

IV. Always return samples when through with them.

V. Tell us if the samples sent do not contain a suitable selection and we will send more.

VI. Write your address clearly.

Brockville Importers Ontario

Dairy Utensils

Roofing Eavetroughing

These departments occupy about all our time and attention just now.

We have everything for the dairy, made from a superior quality of tin and sold at very reasonable prices.

We control the patent for
Kincaid's Metallic Shingle

and any person requiring roofing done should investigate this superior roof-covering and get our figures.

JOHNSON & LEE

All tin and iron kitchen requisites

The Athens Hardware Store.

We keep constantly on hand full lines of the following goods:—Paints, Sherwin & Williams and all the best makes, Oils, Varnishes, Brushes, Window Glass, Putty, Coal Oil, Machine Oil, Rope (all sizes), Builders Hardware in endless variety, Blacksmith Supplies and Tools, Nails, Forks, Shovels, Drain Tile, and Drain Tools, Spades and Scoops, Iron Piping (all sizes) with couplings, Finware, Agateware, Lamps and Lanterns, Chimneys, &c., Pressed Nickel Tea Kettles and Tea Pots, Fence Wire (all grades), Building Paper, Guns and Ammunition, Shells for all guns (loaded and unloaded), Shot and Powder, &c., &c.
Agent for the Dominion Express Company. The cheapest and best way to send money to parts of the world.

Give me a call when wanting anything in my line.

Wm. Karley,
Main St., Athens.

Here's an Advantage

On any day of the week, excepting Wednesday, a "rush" order for poster work, etc., reaching the Reporter office in the morning will be completed and returned on the evening train.

DELTA FAIR

The prize list of Delta's great fair is now in the hands of the Secretary, Mr. L. N. Phelps, Delta. The carefully revised and extended regular prize list, the magnificent list of special prizes, and the programme of sports and attractions being arranged all indicate that Delta Fair will this year be the best in its history. The fine buildings and grounds afford the board of management an opportunity to display their ability as public entertainers and we are assured that every detail of the great show to be held Sept. 29 and 30 is receiving all necessary attention.

LOS' ON DE BUSH

Mr. Irwin Wiltse, his son Harold, Miss Sabra Wiltse, and Mrs. Nelson of Michigan, had rather an uncomfortable experience at Charleston on Friday last. They left the Wilson cottage in the evening intending to walk to Charleston. The path through the dense woods that skirts the shore of the lake at that point is fairly well defined, but the shades of evening tell thicker and faster than the party expected, they took a wrong path, and soon reached a part of the woods that forced them to the conclusion that they didn't know "where they were at." To attempt further progress in any direction in the darkness could only result disastrously, so, like the preacher in "The Private Secretary," they wisely decided to wait until "somebody found them." At a considerable sacrifice of his sartorial outfit, Mr. Wiltse climbed a tree, but even from that point of vantage no welcome light of cottager or camper met his anxious gaze. There were indications of a rainstorm, the wind was increasing to a gale, and the prospect of spending a night in the woods was anything but pleasant to contemplate. Then they tried shouting but only the echo came back in response. Cottagers heard the calling, but thought it was a company of late returning pleasure seekers communing with some echoing headland. The failure of the party to return made their friends anxious, and a trip by boat was made to Charleston, where no tidings could be learned concerning them. On again reaching the cottage a plaintive note could easily be detected in the calls that came from the depths of the woods, and a rescuing party at once started out. By the light of a lantern they threaded their way through the forest, occasionally exchanging halloos with their lost friends, and finally came upon them, about 9 o'clock, a full half-mile from the path. The cottage was safely regained, all little the worse for their adventure.

DYNAMITE AT MARBLE ROCK

Gananoque Reporter: Word was received here last Tuesday morning that the dam at Marble Rock had been blown up. This dam is built across the Gananoque River, six miles from the town, and just below Gananoque Lake. The locality, "Marble Rock," gets its name from the fact that the river runs through a gorge in high ridges of rock, some of which years ago was said to be a species of marble. There has been a dam there of some kind for nearly a hundred years; originally built, and for many years used to afford water power for mills erected there. Some years ago the dam and other property there, with certain proprietary rights in the water, were acquired by the Gananoque Water Power Co. Later the dam at Marble Rock has been used mostly to control the flow of water to the factories at Gananoque. This has led to trouble with numerous farmers whose land lies on the flats in Lansdowne township, and who have put in claims for damage caused, as they alleged, by the water being set back by the dam and overflowing their farms. A law-suit on that account has recently been concluded, with a judgment adverse to the farmers. When the news of the injury to the dam was made known, the natural conclusion of the public was that it had been done by someone whose land was affected, and who failing to get damages at law, had tried to take revenge with dynamite.

A reward of \$500 is offered for the conviction of the party guilty of this offense, the extreme penalty for which is imprisonment for life.

Born, on Monday, Aug. 24, to Mr. and Mrs. Morley Earl, Wiltstons, a son.

THE PEDDLERS

A petition is to be presented to Renfrew county council asking that no peddlers be allowed in the county, and in this connection a writer to the Mercury supports the petition as follows:—

"This county is over-run by peddlers. In one week no less than 30 peddlers passed along one road in the county,— pack, double team and single horse peddlers. There is a foreign element peddling through the country which is little less than tramp. Better to put those people to labor and learn to cultivate and work on farms, or other employment which would be a benefit to the country. You do not see peddlers carrying sugar, salt, flour and other heavy goods which the merchant has to carry. No, he sells nothing but what he can make a good profit on. Then he goes from house to house and takes what little cash or trade they have, and the merchant has to give the credit and supply them with goods on which there is a very small margin, but which he is obliged to keep for convenience to his customers. Peddlers are not wanted, and are not needed, are of no benefit to the country. Business is out up so much, and competition is so keen, that it takes the merchant all his time to make both ends meet. He pays taxes, advertising, help, light, fuel. The peddler pays a small insignificant license fee. He can load his teams three and four times a month. He pays no taxes on those goods. This is one reason that is filling the minds of our people to stop peddling and we trust our County Council will make a move and entirely abolish peddling."

A TWO-CENT RATE

The vote in the House of Commons on Monday on the motion brought forward by Mr. Maclean and Jabel Robinson for a two-cent passenger rate, is most encouraging. The fact that, notwithstanding the opposition of the Government, the motion was defeated by a majority of only eleven shows that the members realize the justice of the proposed change and the strength of public sentiment behind it. We have so striking an object lesson in Ontario of the injustice of the present three-cent rate on many of our lines, that the movement for reduction is bound to become irresistible. It is impossible to convince our people that the railroads which charge a two-cent rate from the Suspension Bridge eastward and a two-cent rate from Detroit westward on lines built at their own expense, should charge fifty per cent more on the bonused portions of their lines within Canadian territory.—Sun.

NOXIOUS WEEDS

It has been suggested to the Reporter that we write an essay on burdock, with a view to securing their removal from the public streets and private property; but people who allow these noxious weeds to flourish on their premises would not be moved to action by an essay. There are a few sections in the Ontario Statutes that if properly enforced would be much more effective. We shall soon have the modelists here and an influx of new H. S. pupils, and, as first impressions are the most lasting, it is plainly the duty of the council to see that the by-law in respect to the destruction of noxious weeds is promptly and rigidly enforced.

Very Remarkable Cure of Diarrhoea

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by J. P. Lamb & Son.

SCHOOL BOYS' SUIT SALE

Our Special Cheap Sale of Men's Suits was a great success—the largest in our history—the public was more than pleased with the bargains. Now we hold a Special Sale of School Clothing; all will be sold at cut prices. This sale will be for the benefit of the school boys.

Boys' Two-Piece Suits

Good tweed, nicely made up, some with yokes Norfolk or pleated; some were \$2.00, some \$2.50, others \$4.00; our cut price sale for..... **\$2.15**

Boys' Three-Piece Suits—

Assorted tweeds, well made up, new stylish suits, single or double breasted, sizes 24 to 32; some were \$4.00, some \$4.50, others \$5.00; our cut price sale for .. **3.45**

Young Men's Suits—

With long pants and all the latest styles; a real stylish suit; good durable tweed; some were \$4.50, some \$5.00, others \$7.50; our cut price sale for..... **4.95**

Boys, get a hustle on! Tell mother about the special inducements we are offering. Come early and get first choice.

The Markets

Toronto Farmers' Markets

The general market was brisk at the St. Lawrence Market to-day, although the receipts on the street were rather light.

Wheat, white, 79 to 80c; red, 79c; goose, 74c; spring, 72c. Oats, 34c to 36c; new, 31 to 32c.

Toronto Fruit Markets. Receipts of all kinds of domestic fruits were again heavy.

London, Ont., Aug. 22.—At the cheese board, held here to-day, 2,880 colored cheese offered.

Belleville, Aug. 22.—Twenty-nine factories offered 2,450 white and 130 colored cheeses to-day.

Cowansville, Que. Aug. 22.—39 factories offered 1,907 boxes of cheese.

Wartown, N. Y., Aug. 22.—On the cheese board to-day, 7,400 boxes sold.

Montreal trade circles display a fair amount of activity for this season. The sorting trade has kept up.

Business at Quebec during the past week has been fairly active. There has been a fair movement in wholesale trade at Vancouver and Victoria this week.

AN AUTOMATIC CAT.

Englishman's Ingenious Method of Discouraging Feline Marauders.

A genius hailing from North Louisa was struck with a brilliant conception of ridding back gardens and out-house roofs of phandering cats.

The general principle of construction is based upon powerful clockwork, released by a lever when the tail of the animal is moved.

One night an experiment was made. The clockwork was wound up and the beast placed in a back garden.

In feline language, the cat appears to have asked his lady friends not to crowd into the ring, and to watch closely while he prepares Tom for the undertaker.

Within a few seconds the garden was in a state of confusion. The pussies were tearing off through the quiet streets in search of home comforts.

Little Gladys, after being very troublesome, one morning was placed upon a chair, and sent gently by her mother and told some time.

Maggie's foot had been asleep, and she called to her mother: "Oh, mamma, the foot feels just like a pin cushion that's alive!"

So the last of a great fleet and a great industry lies at Gorleston wharf, waiting to be knocked out of existence by the auctioneer's hammer.

Miss Alice M. Smith, of So. Minneapolis, Minn., tells how woman's monthly suffering is permanently relieved by Lydia E. Pinkham's Vegetable Compound.

FREE ADVICE TO WOMEN Mrs. Pinkham will give every suffering woman expert advice entirely free.

CHAMPION COLLEGE BARKER

The New York Sun's Tribute to Dr. Harper, of Chicago. The Hon. Floyd Russell Mechem, formerly Tappan professor of law at the University of Michigan, has been induced by Dr. William Rainey Harper to emigrate to Cook county and become a member of the faculty of the law school of the University of Chicago.

Dr. Ferrier, a noted medical man, who has attended many cases of the Alpine Accident, states that many may live for two and a half hours after being buried in snow to a depth of three yards.

A SCIENTIFIC REVOLUTION.

Some Wonderful Results Follow the Discovery of Radium.

The discovery of radium is apparently to have results far more important than merely adding a new element to the catalogue of the chemist and the physicist.

The theory that the atoms of matter consist of indivisible units of matter is now definitely discarded. Instead, we are told that each atom is a whole stellar system of infinitely smaller, but absolutely identical units, all in regular orbital motion.

Dr. Ferrier, a noted medical man, who has attended many cases of the Alpine Accident, states that many may live for two and a half hours after being buried in snow to a depth of three yards.

Only Half.

It was meant of him, of course, but the temptation was strong. By way of breaking the news gently of a decision reached she began: "I've half a mind."

Chocolate Vofa Cake. Cream half a cupful of butter with one and one-half cupfuls of sugar; add two well-beaten eggs; melt two squares of chocolate over hot water; pour over it half a cupful of hot water and stir well smooth; stir in half a level teaspoonful of soda into a half a cupful of buttermilk or sour milk; add this with three cupfuls of sifted flour, a pinch of salt, and one teaspoonful of vanilla to the mixture; turn into a greased pan and bake in a moderate oven.

Mortality of Children. The mortality among children in Spain is extremely great. During the last six years the number of children who died under one year of age in Madrid alone was 22,265, as against 4,068 in Paris during the same period.

There's nerve nourishment in Blue Ribbon Tea. There's rest for tired brains and worn-out bodies. There's food for impoverished blood.

Blue Ribbon Ceylon Tea

Black, Mixed Ceylon Green 40c. should be Fift. Ask for the Red Label

The colonel, without waiting for a second refusal, signed to some one outside, and Gerald Locke entered. He was hot and breathless, and he stood panting in silence till the colonel had closed the door on him.

"I know what you are going to say, marquis," he said, evidently using a great effort to control his voice into legal calmness and composure. "You mean that I'm too young, too inexperienced to be of any assistance to you."

"My dear Locke," began the marquis, but Gerald silenced him with an imperious gesture. "I know that you mean to say that—that this extremely simple policeman has any—any excuse for this outrage?"

"The marquis smiled sadly and shook his head. "I am afraid not," he said. "Gerald Locke looked at him. "Do you mean to say that—that this extremely simple policeman has any—any excuse for this outrage?"

CAUSED BY THE HEAT

A Rash on Baby's Skin That Often Attends Careful Mothers. During the summer months a rash often appears on the face, neck and body of babies and small children which is liable to alarm the careful mother. It is due to the excessive heat, and while not dangerous, is the cause of much suffering.

ed interest caused by the fact that he had just come from a marquis who was charged with murder. Saunders walked from the prison to the Grange, and though he was on such important business, he did not walk very fast, but seemed rather to saunter along leisurely.

As a matter of fact, the shrewd inspector, who had been told that the man who could be mentioned, did most of his thinking in the open air and on his feet; so, as he walked along, swinging his stick and flicking off the heads of the nettles, his brain was hard at work over the "case," and that he had not arrived at a solution of the various problems clustering around the great central one.

"The footman, in reply to Saunders' inquiry, said that Sir Edmund was in, but that he had just been so unexpectedly, and that he, the footman, didn't know whether he would see any one. "Well, I'll come in and see," said Saunders, quietly, and he stepped into the hall.

As he did so Sir Edmund came from the dining-room, and, seeing him, stopped. He was in anything but a good humor, and had just been remarking emphatically to his wife and Lady Blanche that he had never been so discourteously treated as he had been that morning, and that the marquis' conduct was, to say the least of it—ahem—most extraordinary.

CHAPTER XXX. Lady Blanche recovered her presence of mind in a moment, and in the excitement produced by the detective's sudden announcement neither Sir Edmund or Lady Blanche paid any attention to her; and Saunders himself, with a very sharp, steady look at her white face and distended eyes, appeared to forget her presence while he gave an account of the murder and arrest.

"The Marquis of Nairne committed a very serious blunder! It's—it's impossible!" gasped Lady Blanche. "Quite impossible!" gasped Lady Blanche. "I believe that a casual study of the works of the great English play-ground will convince any one of the importance of this question."

"I believe that a casual study of the works of the great English play-ground will convince any one of the importance of this question. If the children are brought into proper contact with examples of the best social conditions, and if, of each other, of the right to use the apparatus provided for the common good and the right use of all their privileges, they are bound to grow up into better men and women."

"The good results of this mingling together are already apparent in the actions of many of the boys of this district. Boys that were careless in their manner of dress and speech and in the habit of loafing on streets are now to be seen with clean hands and faces, clothes brushed and shoes cleaned; in fact, they have become so improved that they have often risen to 'badge boys' in the grounds, an honor greatly sought."

Work of Farming By Machines.

Farm machinery may some time do work for us that will be worth \$1,000,000,000 a year, says the World's Work. Theoretically it is already saving us nearly three-fourths that sum, for as far back as 1839, if all the crops to which machinery is adapted could have been planted and gathered by hand, they would have cost nearly \$700,000,000 more than if they had all been planted and gathered by machinery.

Gang Plows. The ploughman no longer trudges across his field. He rides a sulky plough with a spring seat. There are special ploughs for every need: turf ploughs, stubble ploughs, subsoil ploughs, plows for heavy work, ploughs for light work and gang ploughs turning three furrows at once.

Reaper and Binder. But it is the harvesting of the two great wheat crops, winter wheat and spring wheat, that the greatest advance in agricultural mechanics has been made. Drawn by horses, the self-binder cuts an eight-foot swath across the field in a few minutes, and the grain is taken off cleanly and poured in a moving stream through a chute into the wagon that is driven beside it.

Automatic Seeders. The land made ready for the reception of the seed, machinery still does the work that muscles used to do. The sower goes forth to sow, but not as he once did, dropping the seed by hand, and walking backward and forward from dawn till twilight. His grass or his grain is broadcasted or drilled in with mechanical evenness, and the machine automatically registers the acreage sown in like manner his corn is drilled in, listed or planted in hills, his cabbage, his cauliflower and his tobacco plants from the seed-beds are set out by machinery, and the

president, vice-president and secretary of the play ground. The grounds are equipped with a large twelve-sided open air gymnasium or "gym" as the boys call it, 140 feet in circumference. In the center is a large 40-foot flag pole; to this frame and pole are attached rope ladders, climbing poles and ropes, four horizontal bars, trap-ropes, flying rings, chest bars, climbing peg poles, sixteen horizontal, vertical and slanting ladders, and in the open space are found a horse, buck, and two sets of parallel bars. The whole surface of the "gym" is covered with a thick coating of tan bark, so there is no danger of falling.

Biliousness From the Liver

A Common and Distressing Ailment Which is Promptly Cured by DR. CHASE'S KIDNEY-LIVER PILLS

"Biliousness" is the one word used by most people to describe their trouble when the liver gets out of order, leaves bile and brings on sick headache and irritable temper, stomach troubles and irregularities of the bowels. People who suffer much from biliousness have pale and yellow complexion, irritable and morose disposition, and are liable to find themselves among the chronic grumbler, to whom nothing seems to go right.

Vertical text on the right margin, possibly a page number or index, including letters T, H, I, S, O, R, I, G, I, N, A, L, D, O, C, U, M, E, N, T, I, N, V, E, R, Y, P, O, O, R, C, O, N, D, I, T, I, O, N.

A TALE THAT TELLS

Clean cut definite statements give you a chance to make comparisons. We are selling our faultless clothing below the market, but everybody does not know yet the money to be saved by buying here; that's why we print the facts illustrating the possibilities of ready cash where Cash is King.

Read the papers through, search the stores through, the keener the competition, the more matchless in contrast will these appear.

All-wool Tweed Suits, double faced, double breasted vests, a real snap at \$4.75.

Pure Clay Worsted Suits in blue, black and greys, worth \$12.50 to \$18.50, for \$8.00 and \$9.50.

Fine all-wool Scotch and English Tweed Suit, worth from \$14.50 to \$16.00, for \$10.00.

West Cor. King & Buell, BROCKVILLE

THE GREAT PRESERVER AND RAIN EXCLUDER

THE PAINT

has grown steadily in public favor, and is no place more popular than where it was first used. It is a sure and positive cure for leaks in a tin or iron roof, and as a preservative of wood it has no equal. Write for particulars and prices.

We have scores of testimonials as to its merits.

ROOFING

We do iron, cement, and gravel roofing and guarantee good work in every case.

We sell our paint by the gallon or barrel, or will contract to paint your roof or any woodwork liable to decay.

If you want a new roof or an old one repaired, let us hear from you.

CHARLESTON LAKE

Mr. Lev Southworth has placed on the lake a handsome launch.

Mr. Wyoote, of New York, has also placed a beautiful launch on the lake.

It is some time since there were as many guests at the hotels as there are at present.

Rev. Mr. Styles and Mr. and Mrs. Patton, of Iroquois, are guests of Mr. and Mrs. W. G. Farish, Breezy Point.

Mr. and Mrs. Bishop and family are still occupying C. Wilse's cottage.

Miss M. Mulvena is visiting friends at Lansdowne and Gananoque.

Mr. E. Webster has purchased a fine new piano.

We extend our congratulations to Miss Cora Webster, who was successful in obtaining her second class certificate at the Athens high school. Dora is one of the brightest pupils in this fair Canada. She was scarcely fifteen years old when she wrote at the examination.

GLEN BUELL

On Saturday, Aug. 29, the Glen Buell Sunday-school, joined by Addison, Greenbush and Elbe, will hold their annual picnic at that popular resort, Beverley Lake, by way of the B. & W. Ry. Anything undertaken by the Sunday school staff always proves a success, and without doubt this will be no exception.

Mr. Jos. Towriss is on the sick list. Mr. and Mrs. C. J. Gilroy were visiting friends at Athens last Sunday.

Miss Hall has resumed her duties in the school room. Under her usual good management, the pupils are making rapid progress in their various branches of study.

A freight running over the B. & W. line inflicted serious injuries on one of Mr. Gilroy's finest Holsteins last Monday evening.

Mrs. Ed. Leach, of Smith's Falls, is spending a few days at Mr. Brock Davis.

Mrs. M. Moulton, of Almonte, was renewing old acquaintances in the Glen last week.

The farmers have been greatly retarded in their haying and harvesting by the continued wet weather.

HARLEM.

Miss Pansy Smith has returned home after spending her holidays with her sister Mrs. B. H. Alexander, of Stittville, also her brother, Mr. H. I. Smith, of Ottawa.

Miss Helena Hewitt is visiting her grandparents at this place.

A party from this place, consisting of Mr. and Mrs. R. A. Sheldon and children, Mr. Hilton Imerson, of Chantry, Mr. and Mrs. H. I. Smith, of Ottawa, and sister, Miss S. Smith, of Harlem, are camping on Rideau Lake.

Miss Luella Smith and sister Hazel have returned after spending their holidays with their aunts, Mrs. Oscar Hall, Brockville, and Mrs. Wesley Chant, Lyn.

Mr. Wm. Smith spent Saturday and Sunday with relatives in Addison.

Our school opened on Monday, Aug. 17th, with Miss H. Leggett as teacher.

Miss Ada White and Miss Hattie Bennett, of Brockville, are visiting Miss Galetha Raison and her sister, Miss Alice.

Mr. Wm. Gorman, Sr., is quite indisposed.

Farmers are through haying in this section and report an abundant crop.

Miss C. Hill, of Delta, is visiting Miss Eyre.

Rev. Mr. Frith, of Smith's Falls, will occupy the pulpit in the Baptist Church, Philippsville, on Sunday next, Aug. 23.

Cholera Infantum

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by J. P. Lamb & Son.

A CARD

The subscriber, in returning thanks to his many patrons for the liberal patronage given him in the past, desires to recommend to the public Mr. Frank Kist, a skilled mechanic in the wood-working department who has leased my workshop. All work and repairing given him to do will be done faithfully and well. He has also been given authority by me to sell in my absence the remainder of my carriage. Athens, August 11, 1903.

D. FISHER.

FRANKVILLE

Miss Georgie Soper, of Brockville, is the guest of Miss Jennie Brown.

Mrs. (Rev.) Sanderson has been visiting her father, Mr. Wm. Mitchell.

Miss Jessie Kilborn is visiting friends at Smith's Falls.

There has been quite an exodus from here to the North West, among the number being Mr. and Mrs. Geo. Cavanagh and son, Mrs. W. Cavanagh and child, Miss McGreavey, J. L. Gallagher, L. Sheffield, M. Bouker.

Mr. R. DeWalt has returned from the North West, where he has spent some time. We understand he intends selling his property here and making his permanent home there.

Miss Gertrude Livingston entertained a number of her friends on Thursday evening, in honor of her guest, Miss Minnie DeWalt, Portland.

Miss Pansy Oliver and Miss Jennie Brown are delegates to Elgin Convention this week.

Miss Emma DeWalt, Portland, drove here Saturday and returned on Monday, accompanied by her sister, who has been visiting here the past week.

News has just been received of the death of W. Sheffield, of typhoid fever, at Oklahoma.

Special services are to begin here on Thursday evening and continue for eight days. There will be three services on Sunday. Rev. Mr. Oliver is to be assisted by Rev. Mr. Robertson, North Augusta.

NEW DUBLIN

Mr. and Mrs. Thomas Mallory, of Mallorytown, were guests of Mr. and Mrs. P. S. Trickey on Friday last.

Quite a number from around here are taking in the North-west excursion on the 20th.

If you want your photo taken good and cheap, give E. E. Pratt a call.

Rev. Mr. and Mrs. Barnett, of Addison, and Rev. Mr. Robertson, of North Augusta, were guests of B. Cadwell on Friday last.

We are pleased to say that Mr. Samuel Haskins, who has been on the sick list for a few days, is recovering.

The Misses Violet, Vivian, Maud and Ella Horton were guests of Mrs. Sherman on Thursday last.

Our school opened on Monday, 17th, with good attendance.

Mr. and Mrs. J. B. Barry and family have gone to spend a few days camping up the Rideau.

Mrs. R. and Miss E. Sheridan have returned to their home in the States.

Mrs. F. Gardiner and her brother, A. A. Orr, took in the North-West excursion last Wednesday, to join Mrs. Gardiner's husband at Roston, Man.

Mr. and Mrs. J. B. Barry and family have returned after having spent a few days camping on the Rideau.

We are pleased to say that Mrs. T. Orr, who has been on the sick list for a few days, is recovering.

Mr. Wm. Nash and bride, of Brockville, were guests of Mr. and Mrs. P. S. Trickey on Thursday last.

Quite a number from here attended the quarterly meeting at Greenbush yesterday.

Mr. Bryce Gordon, Smith's Falls, is visiting his cousin, B. B. Cadwell.

A WELL KNOWN ALBANY MAN

Recommends Chamberlain's Colic Cholera and Diarrhoea Remedy

About eighteen months ago, Mr. W. S. Manning, of Albany, N. Y., widely known in trade circles as the representative of the Albany Chemical Co., was suffering from a protracted attack of diarrhoea. "I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," he says, "and obtained immediate relief. I cheerfully recommend this medicine to those similarly afflicted." Sold by J. P. Lamb & Son.

Brockville—Sept. 15 to 17.

Delta—Sept. 29, 30.

Frankville—Sept. 24, 25.

Lyndhurst—Oct. 1, 2.

Recuperative Effect

Considered with reference to its recuperative effect, there is not so much good in the ordinary vacation as there is in a single bottle of Hood's Sarsaparilla. The latter costs \$1; the former—well, that depends; how much did yours cost last year?

Hood's Sarsaparilla refreshes the tired blood, sharpens the dulled appetite, restores the lost courage.

Logs Wanted

The subscriber will pay cash for water-cin and basswood logs—delivered at his mill at Greenbush; also for a large quantity of birch timber not more than 10 nor less than 4 inches in diameter, cut 10 or 12 foot long.

A. ROOT.

APPROVED BY UNDERWRITERS

The following certificate has been granted to W. F. Earl for his Acetylene Gas Machine:—
Canadian Fire Underwriters' Association
Montreal and Toronto.

August 17th, 1903.

W. F. Earl,
Athens, Ont.

Dear Sir,—This is to certify that, after examination by our inspector, the "Earl" Acetylene Gas Machine, manufactured by you and constructed in accordance with the plans and specifications filed in this office, has been accepted as fully complying with the standard requirements of this Association as per revised rates of 12th March 1901.

Yours truly,
(S'g'd.) A. F. W. HADRIEL,
Secretary.

The above certificate for your machine will be recognized throughout the Provinces of Quebec, Ontario, Manitoba and the Northwest.

A. W. H.

The racing committee of the Brockville Fair have secured the services of Frank G. Smith, the famous Buffalo horseman, to act as starter at the two days' races. Mr. Smith is one of the best in the business, his services being constantly in demand all over the United States and Canada. Under his management the races ought to be of the very best order.

All watches are compasses. Point the hour hand to the sun and south is exactly half way between the hour hand and the XII. on the watch, counting forward up to noon, but backward after the sun has passed the meridian. For instance: Suppose that it is eight o'clock, point the hand indicating eight to the sun, and the figure X on the watch is due south. Suppose that it is four o'clock, point the hand indicating four to the sun and II on the watch is exactly south.

First European Railway.

The first carriages that ran on rails in Europe were those of a horse railway between Lins and Budweis, in Austria. This was in working order in 1827. Locomotive railways were much longer coming. The first line, in a modern sense, was opened from Paris to St. Germain in 1837, but railway development was greatly hindered by a terrible accident on the Paris-Verailles line in 1842. The next was the Brussels-Malines line in Belgium. Belgium was also the first country to begin, in 1830, systematic plans for a national network of railways. Prussia followed in 1835 and Austria-Hungary in 1838. The first great trunk line in Europe was from Paris to Rouen, opened in May, 1843.

Value of the Lessons.
Mrs. Ekins—Do you think it is worth while for my daughter to go on taking singing lessons? She has been at it for five years and cannot sing yet.
Professor von Note—Dit you expect her to learn to sing? She will never sing in sea wide world.
"Then why didn't you say so long ago?"
"I thought you merely wanted to strengthen her lungs."

WANTED—FAITHFUL PERSON TO travel for a well established house in a few counties, calling on retail merchants and agents. Local territory. Salary \$1004 a year and expenses, payable \$19.70 a week and expenses advanced. Position permanent. Business successful and rushing. Standard House, 334 Dearborn St., Chicago.

NEWS IN BRIEF

Major Thomas Charles Watson, a resident of Ottawa, died suddenly. Members of the Canadian Press Association propose visiting now Ontario. State Senator W. P. Sullivan, of Missouri, was found guilty of soliciting a bribe. The revenue of Hull, Que., will not meet expenditures, and the deficit now aggregates \$156,694. Hundreds of harvesters for the west were detained Wednesday because cars could not be secured. The U. S. Steel Corporation has bought the last block of ore property in the Mosaba range which is for sale. All the male population of the Bulgarian village of Kakevo was massacred after its capture by the Turks. The Midland King, a steamer with a capacity of 300,000 bushels of grain, was successfully launched at Collingwood. The next annual meeting of the Central Ontario High Court, Independent Order of Foresters, will be held at Collingwood. Fire yesterday destroyed the large brick Catholic church at Marmora, Ont. The loss is estimated at \$10,000, partly insured. In many sections of Manitoba and the Northwest Territories harvesting has commenced under most favorable weather conditions. Yesterday during a heavy fog the steamer Joe Milton, of Warton, ran ashore on the White Shingle shoals, six miles from Tobemory. British Columbia Liberals at yesterday's convention, drew up a new platform for the coming elections and deferred the selection of a leader. Militia orders announce the debanding of the 25th Egin Regiment, with headquarters at St. Thomas. The Toronto City Council yesterday passed a resolution congratulating Mr. Goldwin Smith upon the occasion of his 83rd birthday. German Imperial 3 per cents, fell 1/2 per cent on report that the Government intends to largely increase the military establishment. The steamship Manchester Trader, which went aground off Anticosti Island, has been floated, and will proceed to Quebec for repairs. The British Ambassador explained away to the Porte Mr. Balfour's speech about the responsibility of the Bulgarians for the present troubles. M. Pellissier, French Minister of Marine, yesterday married Josephine Demisse, a school mistress, at the office of a district mayor. Prime Minister Cambage acted as best man. The Orangeville Sun understands that Hon. George E. Foster will be offered the Conservative nomination for the riding of Quebec, P. R. Dufferin, for the next general election. At the convention of the Metal Polishers and Allied Trades in Cleveland, President E. J. Lynch, of New York, insisted on a nine-hour day throughout the United States and Canada. John Judge, for 28 years on the Kingston and Pembroke Railway, has been appointed superintendent of construction of the Temiskaming Railway, at a salary of \$1,200 per year. Mr. James Ross has resigned the presidency of the Dominion Iron and Steel Company, and has also resigned as a director of that company. Owing to the explosion of a lamp Mrs. Leslie Saerman, of Listowel, was so badly burned that her recovery is doubtful. Henry's new block, the largest business block in Hespeler, was damaged by fire on Monday night, to the extent of about \$1,200. The United States Secretary of War has approved the Canadian application for the construction of a dam at the Galops Rapids. Major Buchanan, R. A., and Capt. Scott, M. L., will sail for Canada on Aug. 27th to assume the vacant professorships at the R. M. C., Kingston. On the occasion of her 103th birthday the ladies of the village presented Mrs. Robert Lee, of Athens, Ont., with an address and a well-filled purse. Hon. Dr. Sullivan will be appointed Dean of the Medical College, Kingston, in succession to the late Dr. E. F. Fowler and retire from the active duties of professor of surgery. Moray G. Sim, whose name is thought to be that of a Y. Y. committed suicide at Evanston, Ill., on Wednesday, by shooting himself above the heart. Sim was about 24 years of age. Klaw & Erlanger, the heads of the big theatricals in the United States, are likely soon to erect a new theatre in Toronto, which will be run under their own management. Albert Tharret, son of Horatio Tharret, Mossonin, N. W. T., formerly of Starbuck Lake, Ont., was running from the stable to the house during an electric storm, when a bolt of lightning struck him, and he was instantly killed. Private advices received from Ottawa say that Benjamin Russell, K. C., M. P., will be appointed successor to Chief Justice McDonald on the latter's superannuation from the bench of the Supreme Court of Nova Scotia. Owing to the raids and outrages committed on the Assam frontier by the nefarious tribes, the Indian Government are considering the advisability of despatching a punitive expedition as soon as the cold season sets in. Lieut. Kayser has been shot, probably fatally, in a duel at Allenstein with Lieut. Klauenflugel. Both officers belong to the 73rd Regiment of Field Artillery, Germany. The duel was the result of joking at a supper given at the officers' casino. It is reported that Major E. H. Mills, G. M. G., of the Royal Engineers, D. A. G., at the War Office, will be appointed to supervise Canadian military surveys. Mr. Frank Wood, of Port Hope, head master of the Public Schools

and principal of the Model School of the united counties of Northumberland and Durham, is dead. A woman's skeleton, with a full set of gold teeth, was arranged in a plate is said to have been uncovered in digging for a cellar for a house in Rome. The Russian Ambassador at London has informed Arnold White, the author of the Bill, that he could not possibly accept a proposition for the holding of an international conference on the Jewish question. Horace E. Crawford, K. C., of Winnipeg, of the law firm of Campbell & Crawford, of which the Attorney-General of Manitoba is a partner, expired suddenly in his apartments at the King's Royal Hotel, Owen Sound, yesterday. Charles H. Boland, a Norwich, Conn., school boy, aged 14, took his life by hanging himself last night, apparently through fear of punishment for disobedience. He went to the theatre, notwithstanding that his parents forbade him to leave the house.

MADE DASH FOR LIBERTY.

Three Young Burglars Almost Got Away in Toronto. Toronto, Aug. 24.—Charles Quackenbush, Stephen Doyle and Charles Murphy, the three self-confessed burglars, who were being kept in the jail awaiting a sentence for house-breaking, made a desperate dash for liberty yesterday, but only Doyle got clear away. They were conveyed from the Police Court to the jail and while being transferred from the prison van to the latter place they made their daring dash. After the three were remanded in the Police Court yesterday by Magistrate Kingsford, Quackenbush was handcuffed to the other two and the trio put in the prison van along with a dozen other prisoners. When the prison van was driven up to the jail, the three young desperadoes came out to the front as if handcuffed, but on reaching the ground they bolted, each running in a different direction. Doyle ran east, Murphy made a dash after him, and was grabbed by P. C. Loughheed, and Quackenbush darted west, avoiding P. C. Jenkinson. The latter fired after the fugitive, but missed his mark. Quackenbush ran like a deer, but was caught by Samuel Ridout, a fireman attached to Wilton avenue station. Doyle made good his escape.

CREW MUTINIED.

Spaniards of Barge at Nova Scotia Port Assaulted Captain. Halifax, N. S., Aug. 24.—The crew of the barge Eglria, at Hantsport, mutinied today, Tuesday, and as a result Capt. Langill is in the hospital here with a broken leg, and badly cut face. The vessel arrived on Monday, and the crew obtained shore leave left for Windsor, and got drunk. They returned to the vessel the same night, and next morning, when ordered to work refused duty. The captain endeavored to compel them to turn to, but the whole crew, consisting of five men, all turned on him, beating him badly, and causing him, in his efforts to get away, to fall, thus breaking his leg. The whole crew are now under arrest and are now in jail at Windsor.

THREE NEW BATTLESHIPS.

Notable Departure in the Armor Plating for British Navy. London, Aug. 24.—The Admiralty has decided to build three new battleships of 18,000 tons, which have been designed by Philip Watts, the director of the naval construction. These are the first vessels designed by Mr. Watts since his appointment two years ago. The most notable departure in the new ships will be in the armor-plating for the sides and hull. An armor belt of ten-inch Krupp steel, tapering away to six inches, will be continued the whole length of the broadside. This is the first time this has been attempted in the battleships of any country. Included in the armament of the new vessels are four submerged torpedo tubes, four 50-ton wire guns, eight quick-firing 27-ton guns and twelve six-inch guns. The vessels must attain a speed of 19 knots per hour.

RESCUED FROM A CREVASSE.

Seven Alpine Tourists Had a Narrow Escape. Chamoni, Franco, Aug. 24.—The seven tourists who were reported yesterday to have been killed while climbing the Alguilles Grises of Mont Blanc had, it appears, a miraculous escape. They were seen to fall into a crevasse, and it was taken for a certainty that they were dead, but to-day an exploring party discovered the tourists, who were only slightly injured by their fall.

HONEY BY THE TON.

George Laing of the Milton Apiary Has Record Yield. Milton, Aug. 24.—This has been a splendid year for the busy bees in Hants county, and the honey crop will be exceptionally good and heavy. George Laing, of the Milton apiary, who has 35 hives, has a yield of 17,000 pounds, or eight and a half tons, of clover honey. There is some basswood, but no buckwheat honey raised here, as the weather has been too dry. Mr. Laing intends to exhibit at the Toronto Fair.

INDIA'S BATTLE WITH FAMINE

Irrigation Committee to Spend \$150,000,000 in Protective Works. Simla, India, Aug. 24.—The irrigation commission has issued its report. It proposes to lay out \$150,000,000 in twenty years in protective works, and also \$2,000,000 annually in loans for private irrigation works, the necessary funds to be raised by loans. The keynote of the policy advocated is the vigorous use of the national resources on protective works, irrespective of their productive character, and to increase the general resources of the country and its resisting power in the battles with famine.

RUSSIAN WARSHIPS OFF THE TURKISH COAST.

Czar Demands Satisfaction for Assassination of Consul.

Constantinople, Aug. 24.—The Russian squadron of warships which left Sebastopol yesterday is expected to arrive off the Turkish coast this afternoon, to support the demands made on Turkey by Russia in connection with the assassination on Aug. 7 of M. Rostkowski, the Russian consul at Monastir. The notification received stated the sailing of the squadron was an unwelcome surprise to the Turkish Government, which had pretended to believe that the Rostkowski incident had been closed with the punishment of the guilty parties. The most recent advices received here from Monastir were forwarded on Sunday night, and announced that the fighting between the insurgents and Turkish troops in the vicinity of Krushevo continued, and that several villages inhabited by Greeks had been set on fire by the insurgents. According to the advices received at the foreign embassies at Constantinople, 800 Mussulmans have been massacred throughout the district of Monastir by insurgents. Emmer Rashed Pasha, who is nominally in command of the Turkish troops operating in the Monastir district, is seriously hampered by the fact that the instructions he receives from here are constantly changed. The Turkish consular department is in a wretched condition. The troops at Monastir, for instance, have not been served with rations of meat for six weeks. Twenty-four battalions of reserve in the Vilayet of Anatolia have been summoned to the colors. The repeated attacks made by the insurgents on the railroads and the inadequate protection afforded by the Turkish authorities have compelled the railroad officials to order a suspension of traffic on the Salonica, Monastir and Uskub lines. Despatches received here from Belgrade, Serbia, says that the Turkish Minister there has secured the

A REIGN OF TERROR.

Castro Has Imprisoned European Merchants in Venezuela. (For Spain, Trinidad, Aug. 24.—Authentic information was received of French, German and Italian merchants at Ciudad Bolivar, Venezuela, for refusing President Castro's demand that they should leave the country during the occupation of Ciudad Bolivar by the revolutionists. A reign of terror prevails throughout the district owing to the extortion, threats and beatings of the Orinoco troops with produce, accumulated during the past two years, for which there are no adequate shipping facilities. The consular firms at Caracas appear to be seeking to control the entire Orinoco import trade. There is no money in the Orinoco country, and the distress is very great. When it is determined, it is said, to destroy the transshipment trade in American and European goods between Trinidad and the Orinoco River country.

BOY'S BODY IN COFFEE CAN.

Appearances Indicate Murder, but Parents Say Accident. Monongahela, Pa., Aug. 24.—The blood-stained corpse of a five-year-old boy was discovered last night by a baggage-master on a Pittsburgh, Virginia & Charleston Railroad train. The little body was packed tightly in a large coffee can two feet high and 18 inches wide, and was wrapped in blood-soaked folds of a woman's dress. The only mark on the body was a bullet hole in the breast. The can was deposited in a baggage car at Waltersburg by a man and woman who said they would take it off at Dravosburg. Their suspicious actions aroused the curiosity of the baggage-master, and when the train started he opened the can and made the startling discovery. When Dravosburg was reached the couple were arrested and taken to the place where they said their names were Mr. and Mrs. Isaac Jubiler, of Tucker, and that the boy was their son, who had accidentally shot himself with his father's revolver. When they found he was dead they decided to keep the matter quiet and bury him privately at Dravosburg.

TROUBLE TO BE SETTLED.

Powers Have Agreed Upon a New Plan for Balkans. London, Aug. 24.—It is learned from the best sources that the Cabinets of Russia, Austria and Italy have arrived at an understanding in regard to the Balkans. The Brussels independence Belge says it hears that the powers have arrived at an understanding regarding the steps to be taken to suppress the revolt and apply reforms in Macedonia. According to this unconfirmed report, Russia will act on the sea, occupying the Bosphorus and the Bosphorus, Austria will act on land, and Italy will exercise surveillance over Albania. After peace is restored the powers are to withdraw and restore a desolate Louve-to-house resistance.

RIVER RED WITH BLOOD.

Murder and Pillage Continued by Bashi-Bazouks. London, Aug. 24.—A despatch from Berlin states that according to the Frankfurter Zeitung the River Drin, near Geyik, Macedonia, is red with blood and nearly choked with the mutilated bodies of women and children who have been massacred by Bashi-Bazouks. Six hundred Bashi-Bazouks, under the command of Ali Pasha, who are notoriously cruel, have pillaged and destroyed a number of Christian villages in the districts of Debre and Okrida. The Turkish authorities, it is added, confined at the outrages, and furnished the Bashi-Bazouks with old uniforms, so that they might appear to be regular soldiers. Confidential reports from Constantinople express fear for the Sultan's personal safety. The Albanian palace guards at the Yildiz Kiosk are much excited over the execution of Halim, the sentry, who shot and killed M. Rostkowski, the Russian Consul at Monastir, because of the

"BILL ARP" IS DYING.

Viceroy Shen Bringing Order Out of Chaos in China.

Germany Profiting by the French Tunnel Disaster—Russias Troops Disobeyed Orders—Would Not Fire on Strikers—Did Genlester Swim the Rapids. Berlin, Aug. 24.—Lessons taught by the recent disaster on the Paris underground railway are being applied by the Ministry of Public Works. Orders have been issued to the officials of the Berlin underground and overhead railway to light all tunnels by wires wholly disconnected with the motor current, enabling train hands to break the traffic current anywhere and thus stop trains approaching the scene of an accident. The officials are ordered to cause overcrowding cars. Bill Arr Dying. Carterville, Ga., Aug. 24.—Major C. H. Smith (Bill Arr), is lying at the point of death at his home here. The physician does not think there is any chance for recovery. Did Genlester Swim the Rapids? Buffalo, Aug. 24.—Although there are many reports as to whether Genlester did swim through the Whirlpool Rapids because to living being could go through that channel of frantic fluid and survive, there are hundreds of others who are firm in the belief that the feat was accomplished as has been stated, says the Courier. It was announced days ago that Genlester would swim the Whirlpool Rapids in the interest of a vitazie graph company and that a flat car with a picture-taking machine would accompany the athlete during the course of his battle with the currents. He and his associates say that he made the swim yesterday morning and assert that the pictures were taken, and that the experiment was eminently successful. There were no pictures taken of the Gorge or the river yesterday by any moving picture machine. There was no flat car moving along the edge of the river at the same time Genlester's manager asserts that the young swimmer went into the cauldron except a work car. Recovering the Bodies. Hanna, Wyo., Aug. 24.—Sixteen more bodies of victims of a recent mine explosion, have been recovered, and the work of the rescuers is nearly completed. Chinese Troops Want Pay. New York, Aug. 24.—At the request of Viceroy Shen, the Yangtze river body of troops to assist in restoring order at Kwangsi, says a Pekin despatch to the Times, by way of London. The administration of Shen is being characterized by remarkable activity and thoroughness. He has followed up the removal of the Governor Wang Chin Chun and Marshal Su by punishing and removing from office many incapable and dishonest officials. Information from trustworthy sources shows that the disturbances have not been caused by an anti-dynastic movement, but have been due principally to large numbers of unpaid troops during Sun's regime joining the turbulent element of the population, and organizing independent bands which preyed upon the trade of the Province. Acting under the Taotai's general instructions, the magistrate of the Nanhui district near Shanghai, have arrested four reformers charged with delivering public lectures contrary to orders of the government. Poor Starving Brothers. London, Aug. 24.—The Daily Mail's correspondent at St. Petersburg declares sensational incidents occurred at the Kieff strike. One occasion, he says, when the troops were ordered by the Governor to fire on the strikers, a young captain stepped forward of his company and forbade the troops to fire upon their "poor starving brothers." The soldiers obeyed the counter order, and the captain made a flaming revolutionary speech to his men. He was immediately arrested and brought to St. Petersburg, where he was tried by court-martial and sentenced to death.

LADY MINTO TO VISIT ORIENT

Will Spend the Autumn Months in a Western Tour. Ottawa, Aug. 24.—The projected visit of Her Excellency Lady Minto and daughter, Lady Ellen and Lady Ruby Elliot, to the Orient will realize a long cherished dream of Lady Minto. Accompanied by Capt. Bell, A. D. C., the Government House party will leave Ottawa on Sept. 2, and sail from Vancouver for the C. P. R. steamer Empress of China on Sept. 7 for Yokohama. Her Excellency will spend upwards of a month in visiting the chief centres of the empire, and expects to return to the capital by the middle of November.

AFTER INSURANCE MEN.

Twenty-Eight Companies Charge With Conspiracy. Ottawa, Aug. 24.—There is going to be an interesting time in insurance circles in Canada. Recently, with a view to getting even with the city of Ottawa for the heavy losses which they have sustained since 1900, the insurance companies ordered the imposition of from 50 cents on each \$100 of insurance premiums taken in Ottawa. This was done through the medium of the Canadian Fire Underwriters' Association. Getcourt, M. P., has expressed the opinion that every company constituting the Canadian Fire Underwriters' Association is guilty of an infraction of the Criminal Code, and to-morrow information will be laid against twenty-eight companies combined in the association. The action will be taken under section 520 of the Criminal Code, which makes any corporation liable to a penalty ranging from \$1,000 to \$10,000 for combining, or conspiring, among other things, to unduly prevent or lessen competition in the price of insurance upon person or property.

BIG HAIL STORM.

Damages a Wide Section of Country at Moose Jaw, Man. Moose Jaw, Man., Aug. 24.—A most destructive hail-storm passed over this section last night, and damaged a section twenty-one miles square. It commenced about four miles north of the town and took in a section seven miles wide, going south. The loss has not yet been figured out, but it got up into the six figures in the town every house with north windows had the glass demolished. It is figured that the damage in glass alone in the town and country was \$1,200. The storm was the worst ever known here in ten years. Hailstones as large as fifty cent pieces were picked up after it had passed.

HAY FEVER.

An Efficient Tonic for its Cure Has Been Found. Sufferers from hay fever will now be receiving no doubt, that their special remedy, which has hitherto made them look forward with something like dread to the approach of early summer, is at last the subject of extensive experimental research at the hands of Prof. Duabar, of Hamburg, and that, so far as his investigations go, judging from Sir Felix Simon's report in the British Medical Journal, there seems to be a reasonable likelihood that in the near future medical men will be in a position to treat the complaint on a basis of rational pathology and therapeutics. Up to the present time the only sure way of obtaining relief from the affection has been to run away from it, and to abide the summer in some place where the balmy pollen is not, a course obviously impossible for the many. Now, however, according to Prof. Duabar, the toxin has been discovered. It is a substance which, when applied in very dilute solution to the eyes or nostrils of individuals who are subject to hay fever, produces within a few minutes the characteristic local symptoms of the complaint. The toxin solution has no effect upon one who is not a sufferer from hay fever. By injecting the pollen of various grasses into the circulation of certain animals—rabbits, goats and horses—Prof. Duabar has succeeded, he believes, in producing an active antitoxin, which, when applied to the eyes and nostrils of hay fever patients in whom the local symptoms have been produced artificially by the previous enjoyment of the toxin, immediately quells the subjective symptoms, and in a few minutes causes the objective signs to subside. Grasses appear to be the chief offenders in causing the affection, for Prof. Duabar has failed to discover the toxin in the pollen of roses and many other flowers. The toxin was obtained in sufficient quantity for experimental purposes by extracting the crushed pollen of maize with saline solutions at the body temperature for about six hours, and by precipitating the toxin from the solution with alcohol. The antitoxin was obtained by injecting the toxin into horses. A full report of Prof. Duabar's investigations will be welcomed with a considerable amount of interest by the medical profession at large.

RUSSIAN WARSHIPS OFF THE TURKISH COAST.

Czar Demands Satisfaction for Assassination of Consul.

Constantinople, Aug. 24.—The Russian squadron of warships which left Sebastopol yesterday is expected to arrive off the Turkish coast this afternoon, to support the demands made on Turkey by Russia in connection with the assassination on Aug. 7 of M. Rostkowski, the Russian consul at Monastir. The notification received stated the sailing of the squadron was an unwelcome surprise to the Turkish Government, which had pretended to believe that the Rostkowski incident had been closed with the punishment of the guilty parties. The most recent advices received here from Monastir were forwarded on Sunday night, and announced that the fighting between the insurgents and Turkish troops in the vicinity of Krushevo continued, and that several villages inhabited by Greeks had been set on fire by the insurgents. According to the advices received at the foreign embassies at Constantinople, 800 Mussulmans have been massacred throughout the district of Monastir by insurgents. Emmer Rashed Pasha, who is nominally in command of the Turkish troops operating in the Monastir district, is seriously hampered by the fact that the instructions he receives from here are constantly changed. The Turkish consular department is in a wretched condition. The troops at Monastir, for instance, have not been served with rations of meat for six weeks. Twenty-four battalions of reserve in the Vilayet of Anatolia have been summoned to the colors. The repeated attacks made by the insurgents on the railroads and the inadequate protection afforded by the Turkish authorities have compelled the railroad officials to order a suspension of traffic on the Salonica, Monastir and Uskub lines. Despatches received here from Belgrade, Serbia, says that the Turkish Minister there has secured the

A REIGN OF TERROR.

Castro Has Imprisoned European Merchants in Venezuela. (For Spain, Trinidad, Aug. 24.—Authentic information was received of French, German and Italian merchants at Ciudad Bolivar, Venezuela, for refusing President Castro's demand that they should leave the country during the occupation of Ciudad Bolivar by the revolutionists. A reign of terror prevails throughout the district owing to the extortion, threats and beatings of the Orinoco troops with produce, accumulated during the past two years, for which there are no adequate shipping facilities. HOW EUROPE MAKES FOOD.

Artificial Snails and Truffles—How They Make Fish Look Fresh. Consul General Richard Guenther, at Frankfurt, Germany, reports an article on the adulteration of food products as practiced in Europe, which is going the rounds of the German press. The article says that an ordinary liver paté de foie gras, by means of horse or mule urine and of finely chopped and cleverly distributed pieces of black silk, representing truffles. Cosmo, a German paper, states that, under the label of canned lobsters, soft parts of the cuttlefish and crabs are sold. In Paris snails are adulterated with lungs of cattle and horses. Even entirely artificial snails are manufactured. The shells, resuscitated with alum, are impaled with lung and then sold as "Burgundy" snails. Cleopatra artificial truffles are made of black rubber, silk or soft leather, and even whole truffles are made out of roasted potatoes, flavored by ether. They are said to sell well. Fish is treated with salts of zinc, aluminum and other metals. Rubbing the fish with vasoline to give it a fresh look, and coloring the gills with coal tar is resorted to. The latter is also used to intensify the red color of inferior crabs. Imparting a greenish color to oysters is another adulteration. The chemists in the Paris municipal laboratories have shown that tomato jelly is adulterated with lunips and powdered pepper contains a large admixture of powdered hardtack.

Athens - Lumber Yard

All kinds of Building Lumber at Lowest Prices.

B. C. Red Cedar and other Shingles in stock.

Athens Grain Warehouse

Grain, Feed, Flour, &c.

Large stock extra quality of Bran and Shorts.

Try a bag of Manitoba Hard Wheat Flour.

Seasonable Goods

PARIS GREEN—One quality—the best. 25c per lb. net weight.

FRUIT JAR RINGS—Ours are extra good quality—pints and quarts, 5c per doz.

CORKS—We have all sizes for pickle bottles and jars.

LIME JUICE—We keep several makes but recommend Brown & Webb's as the best value and finest flavor.

CURRY'S DRUG STORE FULFORD BLOCK BROCKVILLE : : ONT.

Careful Buyers

Realize the importance of the material used in a suit, and so they like to inspect it before it is made up.

Stylish Dressers

Invariably wear tailor-made clothing—clothing that is made to measure and will be sure to fit.

Our Summer Stock

Is open for your inspection, and you will be more than pleased with the display, as it includes materials for suits, pants and vests.

"The Old Reliable"

Always charges only a fair price, and satisfaction goes with every garment turned out.

A. M. CHASSELS

Comfortable Eyeglasses.

A slipping-off Eyeglass is an expensive annoyance, a pinching one is a torture. When we adjust our Eyeglasses with Lasso Clamps it permits neither pinching, tilting, slipping nor falling off.

Wm. Coates & Son, Jewelers and Opticians, Brockville, Ont.

WANTED

By the Kingston Business College, Limited

A number of young men and women to prepare for good positions. Forty-three graduates have been placed in Toronto alone within a few months.

ALL THE NEWS OF THE TOWN

The Events of the Week Chronicled for Reporters Readers

Mr. Charles Crane, of Montreal, is visiting friends in Athens.

Miss V. Steacy, of Warburton, was a visitor in Athens on Sunday.

The high and model schools re-open on Tuesday next, Sept. 1st.

Mrs. Alfred Scott, of Jonetown, is visiting her cousin, Mr. Wm. Mott.

Mrs. Geo. Taylor returned this week to her home in Boston.

Mrs. S. C. A. Lamb has returned from a visit with friends in Elgin.

Born, to Mr. and Mrs. Alpheas Robeson, on Wednesday, Aug. 19, a son.

Mr. M. H. Eyre is to-day attending the S.S. and E.L.C.E. convention at Elgin.

Mr. Burton Taggart, of Westport, spent Sunday with his cousin, Miss Mollie Robeson.

Work on the Gordon hill is drawing to a close and the crusher will soon be put to work.

Mr. and Mrs. Will Morris, of Delta, spent Sunday in Athens, guests of Mr. and Mrs. Frank Kirt.

Mr. C. C. Slack has returned to Montreal, after a very pleasant visit with his family and friends here.

Mr. H. R. Knowlton spent part of last week at Union Park, where Mrs. Knowlton is enjoying a vacation.

Miss Dora Klyne is representing the Athens Epworth League at the convention being held at Elgin this week.

Rev. W. E. Reynolds is on a holiday trip to the Canadian West and is expected to be travelling companion Rev. John Grenfell.

Mr. E. A. Gardiner, of New Haven, Conn., yesterday joined Mrs. Gardiner, who has been for several days visiting her aunt Miss Mary Livingston.

The season for black-berries has arrived, and large parties from Greenbush, Addison, etc., are gathering the harvest on the Charleston Lake ledges.

On Monday afternoon, Mrs. Lydia Phillips fell and severely sprained her arm. She received prompt medical attendance, but has suffered considerably from the injury.

Miss Bertha Lester has returned to Athens from Renfrew. During her absence her duties as organist in the Methodist church were ably discharged by Miss Jessie Tappin.

A consignment of new books for the library arrived this week and members of the committee appointed to make selections therefrom are requested to meet at the reading room on Thursday evening.

Recorder: Miss Dora Lillie has been engaged by Robt. Wright & Co. and will have charge of a first-class dress making department. Miss Lillie leaves on a visit to the Toronto wholesale houses this week.

Mr. and Mrs. Wallace Wright and niece, Miss Wright, of Iowa, are visiting old friends in this section, and were this week guests of Mr. and Mrs. Wm. Mott. Mr. Wright was one time a resident of Elizabethtown, but left for the West forty years ago.

Dr. S. Thompson, V.S., of Warwick, has entered into partnership with Dr. D. G. Peat, and they will be associated together both in the livery business and in the practice of their profession. Dr. Thompson's household goods have arrived, and he will bring his family here as soon as he can obtain a house.

Mr. Burton Brown, of Montreal, conducted the morning service in the Methodist church on Sunday last, and the evening service was taken by Rev. G. H. Williams, of Delta. Mr. Brown is always welcomed here. Many heard Mr. Williams for the first time and were very favorably impressed with his forceful, earnest discourse.

"The singing of Annie Don Cochrane, contralto, at the Oddfellows' concert in Massey Hall, on New Year's night, was a pronounced success. She is the possessor of a magnificent voice of wide range, and sings with a dash and vim that is very taking."—Toronto Globe. This talented singer will sing at the High School concert given in aid of the Public Library on Friday evening, Sept. 4. Miss Irene Mallory, who has before delighted Athens' audiences, will again give several of her selections. Tickets, 25 and 15c.

Reports appearing in our exchanges of the result of the recent departmental examinations indicate that the A.H.S. leads by a substantial majority all the high schools and collegiate institutions in Eastern Ontario, and the same is probably true of Western Ontario. This is not the first time that the Athens school has stood first in the province in point of results achieved, and we trust that the keep-it-dark educationists at Toronto will pardon our reference to the fact. We are not going to say that pupils from far and near should attend this school, because, unlike some other newspapers, we are not paid for saying it, but there is wisdom in the remark of the Crooked Creek Philosopher that "if a person wants to get wet he should go where it's raining."

A branch of the Union Bank has been opened at Newboro.

The village of Vankleok Hill is putting down 2,327 lineal feet of granolithic sidewalk.

Mr. T. S. Kendrick, accompanied by her little daughter, Reina, is visiting her sister at Orwell, N. Y.

Dr. Wm. Dixon, of Burlington, Iowa, and sister, Mrs. E. Stowell, Montreal, are visiting old friends in this section.

Dr. and Mrs. Randoeff, of Yonkers, N.Y., and a party of friends are this week occupying Camp Lookout, Charleston Lake.

Dr. A. W. Bellamy, of Rochester, N.Y., and Mrs. R. J. Perry, of Boston, were this week guests of Mrs. G. F. Donnelly.

Judge Reynolds has postponed the Franklinville sitting of the division court from Sept. 25th to October 2nd, so as to not interfere with the Franklinville Fair.

Miss Jessie Cumbers has a position with A. A. Davis, Brookville, as Steno. and Mr. Geo. Markey has a position in Chicago. Both are graduates of Brookville Business College.

A syndicate has been formed in Westport to erect dwelling houses for the increasing population. The old story that there are "no vacant houses in Athens" is still true, but no move has been made to increase the accommodation.

A meeting of the Temperance Legislation League of Leeds County will be held at the village of Lansdowne on Monday, 14th of September. All temperance people, whether members or not, are most earnestly and cordially invited to attend and assist in the good work.

The prize list of Lyndhurst Fair will be out next week. The date, Oct. 1st and 2nd, places it last in the list of local exhibitions, so that the very cream of other fairs may be seen there, as well as the best that the progressive farmers of rear Leeds and Lansdowne can produce.

Renfrew county has decided to buy out the three toll-roads doing business in the county. The price is \$19,246. Our counties council wouldn't grant even a paltry \$500 to help secure the removal of a number of the gates from one of the principals roads leading to the county town.

They instituted a course of physical culture in a district school not far from here last term. Here's a copy of a note received by the teacher shortly afterward: "Miss blank you must stop learning my Lizzie fiscal torture she needs reading and figers yet sum nor as that if I want her to do jumping I kin make her jump."

North Augusta Citizen: Mr. H. H. Moore, of Addison, has been engaged to teach in the senior room and entered upon his duties on Monday. Mr. Moore comes here highly recommended as a competent school teacher, and our citizens can rest assured that he will give the scholars perfect satisfaction. We welcome him and his estimable wife to our town.

Hugh Wilkinson, who has been mechanical superintendent of the B. & W. railway since the road started business, handed in his resignation to the head office a few days ago. Mr. Wilkinson finds himself getting up in years and desires a rest from active work. He is one of the oldest railwaymen in this section. His position has been given to Samuel Rothwell, for many years engineer on the road.

Toronto Mail and Empire—"But the most pleasing feature of the evening was the singing of Annie Don Cochrane who came from Detroit especially to sing for us. She quite captivated her audience by singing 'Call Her' and 'Annie Laurie.'" Annie Don Cochrane appears in Athens in conjunction with Miss Irene Mallory, graduate of the Emerson College of Oratory, in the H. S. hall, on the evening of Friday Sept. 4.

The board of management of the Methodist church have decided to put a stop to the practice of men and boys gathering at the door of the church during the evening service. Their conduct lately has been such as to disturb the services, and future offenders will have to answer for their conduct before the magistrate. The names of all loiterers, irrespective of age, will be taken and the whole bunch will have to walk the judicial plank. All who attend the church will hope that this decision will be carried out most rigorously.

The annual eight-day camp-meeting of the Holiness Movement opens at their permanent grounds, Lake Elvada, to-day (Wednesday). All preparations have been completed and the comfort of visitors assured. A bus load of young people arrived on the train last evening and were conveyed direct to the grounds. The managers have arranged that a bus shall leave the corner of Wilcox and Elgin streets every day at 9.15 a.m. and 6.30 p.m. for the convenience of Athenians desiring to attend the services.

Mrs. G. A. McClary and sons, Messrs. Kenneth and Claude, are this week visiting friends in Morrisburg.

Miss Lillie Blackburn, who has been combining business and pleasure at Phillipsville this summer, is in Athens to-day and leaves to-morrow for Montreal where she re-enters the General Hospital to continue her course of training as nurse.

The wet weather this summer has not been an unmitigated evil to farmers after all. The production of cheese and butter has perhaps never been so great at this particular time, when usually grass is short and withered. The growth of grass in the pastures this summer is luxuriant, and keeps cattle in excellent milking condition, thanks to the frequent rains.

This is the season in which we hear of smart answers given at recent examinations. Among some made by the candidates for entrance to the high school are noted the following: Chicago is at the bottom of Lake Michigan, Australia exports kangaroo wool, and Egypt exports pyramids.

In Canadian history it was gravely asserted that among the early settlers of Ontario was Julius Caesar, who crossed over from Normandy in the White Ship and settled near Land's End. General Wolfe died just in time to know he had gained the victory. These answers were actually given at the recent entrance examinations at Orillia.

SERIOUS ACCIDENT

On Friday afternoon last Mr. Joseph Knapp, of Plum Hollow, met with a serious accident. The stone-crusher had been at work in the neighborhood and was being moved from one place to another when difficulty was experienced in taking it up a hill. Mr. Knapp went to the assistance of the men and was endeavoring to adjust a rope when his left arm was caught in the machine and terribly crushed. Dr. Dixon, of Franklinville, was hastily summoned and the wounded man was conveyed on a stretcher to his home.

Mr. Knapp has been troubled with his heart, and this renders extra critical his present condition. It is feared that his system would hardly stand to have his arm amputated, and the doctor is endeavoring to save it.

Though still a young man, Mr. Knapp has been for over a score of years prominently identified with the business and social life of the community in which he lived. His pleasant disposition, his readiness to contribute to any public good or private benefaction, the sickness, sorrow and financial losses that he has suffered in recent years, are all remembered now, and the fervent hope of his many friends is that his arm may be saved and that he may be speedily restored to health and strength.

Valuable Time Saved

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. For sale by J. P. Lamb & Son.

Lost! Lost!

On August 14, between the residence of Mrs. Giles and the Bulls Livery, an umbrella. Finder will please leave at the Reporter Office.

Boarders Wanted

A few students desiring a quiet boarding place can be accommodated at the undersigned. MRS. GEO. CHURCHILL, Prince St.

Boar for Service

The undersigned has for service a pure blood Chester White boar at his farm, Lake Elvada. JOHN MACKIE, Athens P.O.

Farm for Sale

Situated within 11 miles of the village of Athens, containing 75 acres of land in good state of cultivation. There is on the place a good stone house and frame kitchen and all necessary outbuildings, and there is a never-failing supply of water on the place and a small sugar bush. Apply to MALVIN WILTSE, Athens.

House for Sale

The undersigned offers for sale her comfortable dwelling-house on Henry street, Athens. For particulars, apply at this office or to CORNELIA A. BROWN, Leithbridge, Alberta.

Boats For Sale

For immediate sale—a canoe (water-tight compartments, unbreakable), row-boat, sailing skiff (water-tight compartments, safe and fast)—all in first-class order and to be had cheap. May be seen at Justus Smith's boat house, Charleston Lake. For terms apply to G. F. Donnelly at Reporter Office, or to Justus Smith, Charleston. 21-94

BROCKVILLE CHEESE BOARD

There was a fair attendance of school men and the usual quota of buyers on Thursday last. The offerings were 2153 colored and 899 white and though the cable showed an advance over last week, being 49a. 6d. for white and 51a. for colored, the buyers would not advance on last week's price of 10c. The opening bid was at that figure made by Mr. Murphy, and never went higher. At first the salesmen would not entertain it on the ground that the condition of the market warranted at least 10 1/2c. The buyers held that the speculative tone was not as strong as appeared on the surface, and quoted in support of this that the market was overstocked, 250,000 cheese to date having gone forward more than during same period last year, which held the record then by 500,000 boxes. The buyers remained firm. Seeing this, ten salesmen accepted 10c. on the promise that no more would be paid on the curb.

An Ancient Foe

To health and happiness is Scrofula as ugly as ever since time immemorial. It causes bunches in the neck, disfigures the skin, inflames the mucous membrane, wastes the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

"Two of my children had scrofula sores which kept growing deeper and kept them from going to school for three months. Ointments and medicines did no good until I began giving them Hood's Sarsaparilla. This medicine caused the sores to heal, and the children have shown no signs of scrofula since." J. W. McGinn, Woodstock, Ont.

Hood's Sarsaparilla

will rid you of it, radically and permanently, as it has rid thousands.

Reduction Sale

STILL CONTINUES

This sale has cleared out a large amount of our summer goods, but we still have some big snaps to offer in Ladies' Blouses, some of which are selling as low as 35c.

Ladies' White-wear in all kinds at bargain prices.

Ladies' Black Saten Underskirts with two trills, only \$1.00.

Do not fail to see our bargains in Ladies' and Misses' Shoes. We are selling some lines of ladies' Oxford tie or Sandal shoes as low as 75c.

A few Boys' Linen Suits left—large sailor collars, regular prices as high as \$1.00, now all one price—50c.

R. D. JUDSON & SON

BLOOD POISON

For over thirty years we have treated and cured all forms of Blood Poison, Ulcers, Erysipelas, Eczema, Eruptions, Itchiness, Ringworm, Scabies, etc. Our New Method Treatment is original with ourselves, and never fails to eradicate the poison from the system. Beware of mercury and other mineral poisons, which so many doctors prescribe for this terrible disease, as they will ruin the system. Other treatments drive the poison into the system, whereas our treatment destroys the virus or poison in the blood and removes it from the system entirely, so the symptoms can never return. If you have any of the following symptoms consult us before it is too late: Itches, eruptions or pimples; falling out of the hair; itching of the skin; stiffness or pains in the joints, soreness in the muscles, sore throat, enlarged glands, running sores, etc.

Our New Method Treatment will purify the blood, heal up the sores, remove all pains; the hair will grow in again, all organs will be restored to their normal condition, and the patient prepared to renew the duties and pleasures of life. We guarantee marriage possible with absolute safety.

CURES GUARANTEED OR NO PAY

We treat and cure Varicella, Mercurial Debility, Stricture, Gleet, Blood Poison, Erysipelas and Loss of Ears, Eyes and Bladder Diseases. READER! Are you a victim? Have you lost hope? Are you contemplating marriage? Has your blood been diseased? Have you any weak spots? Our New Method Treatment will cure you. Consultation Free. No matter who has treated you, write for an honest opinion Free of Charge. Charges reasonable. Books Free—"The Golden Monitor" (Illustrated) on Diseases of men, "Diseases of Women," "Varicella, Stricture and Gleet." All sent FREE sealed.

NO MEDICINE SENT C. O. D. NO NAMES ON BOXES OR ENVELOPES. EVERYTHING CONFIDENTIAL. QUESTION LIST AND COST OF TREATMENT, FREE, FOR HOME CURE
