"NEURITIS" FOLLOWS The epidemic of "flu" left in its train

Mrs. L. Wilson, 63 Ridout St., King Mrs. L. Wilson, 63 Ridout St., Kingston, Ont., writes:—"Over two years ago I was taken very ill with Spanish influenza, followed by neuritis of the head, high blood pressure and congestion of the brain, and I was left in a very weak state. My heart and nerves were so terribly bad I would have weak, fainting spells, sometimes twice a day. It really seemed to me my heart would stop beating. I doctored, and they seemed to do all they could for me, but I grew so bad, day after day, they thought I could not get better. I had given up all hopes of ever getting well, as I was failing very fast. It seemed to us it was a God-send when I looked in the paper and read about Milburn's Heart and Nerve Pills. I thought that there was a little hope.
