And this had been done, as I found the next day, to the letter. Every chair, table, cushion, foot-stool, in her beautiful little boudoir facing the drawing-room, was in the position she had occupied when she lived at the Court. The guitar was thrown up on the couch at the window when she used to lie in the summer ever ings, giving her husband and Captain Nesbitt an occasional snatch of sons as they sauntered up and down the errace finishing their after-dinner eigars. #### A Legend of Agincourt.

For many centuries we English have lumed ourselves upon the victory of Agincourt. Indeed it is from King Henry V's address to his soldiers on that occasion, as given by Shakespeare, that the motto of this journal is taken. "Familiar in their mouths as ousehold words." But the French have an account of the affair not so much to our credit. It was arranged, A. Do according to this fable, by the two leaders that only the nobles on each side were to fight. King Henry V. then artfully ennobled his whole army | S. Ryall and hence got the best of the enemy. Shakespeare unwittingly gives a little H. Brooks countenance to the legend when he makes the king declare in the above I mention address, "Be ye ne'er so vile, this day shall gentle your condition."-London Standard.

Mother never had to be surrounded by a cook book in four volumes or a table of weights and measures. She never had to take the temperature of a veal roast with a fever thermometer or inhale the contents of a domestic science course. Her only recipe was a sense of smell and an unerring faculty for "seasoning to taste." Nothing will embitter a young wife with a carnivorous husband quicker than you to find out about his character to see his mother slap a little XXX flour and a pinch of sal soda into a plain tin receptacle and turn out gation would be distrusting John and baking powder biscuit that is lighter you won't insult him that way. That's on its feet than grandpa in a hoedown. Some/brands of cooking will whet a man's appetite until he can't take a full breath without frescoing the dining table with vest buttons while others have a deep-eyed crimin al record and introduce several kinds of dyspepsia into the family circle The man with a wife who can cook a porterhouse steak so that he won't have to break into it with a jimmy will never waste any time hunting up an affinity. For that matter, we never saw an affinity who wasn't long on platonic friendships and short on nome-made bread. The course of true ove nowadays is directed from the pantry by a gentle stream of buckwheat cakes and coffee that doesn't have to be rimmed out of the cup with an ice pick. Good home cooking has prevented many a man from with four lines of undying love and set of phony initials. There is not much poetry or passion about a plate of corned beef and cabbage, served hot off the bat, but it will never drive a man down to the club to fill up of such fiery stimulants as soda crack-

Duluth, Minn., Feb. 19.-After being prepared for burial and apparentlyy dead two days, the three-year-old daughter of Mr. and Mrs. Michael Maholech, who live near here, was discovered to be alive as the burial service was being held. The body was removed, and by the use of stimulants the child was resuscitated.

### FEARED LOCKJAW

In Badly Calked Horse-But Egyptian Liniment Saved Him

The season of icy roads and sudden heavy snowfalls, is an anxious one for horseowners, because it is so easy for a sharpshod horse to cut himself seriously when floundering in the deep snow.

A bottle of Douglas' Egyptian Liniment on hand then, may be the means of saving a valuable animal for you. It not only stops the bleeding at once, but keeps the wound clean and healthy and quickly heals it.

Read what Mr. G. P. Ashbocker, Evan Mills, N. Y., says about it:

"Egyptian Liniment has made extraordinary cures for me. One of my horses got badly calked, and everyone said he would have the lockjaw. The wound gathered and broke, and there was a great hole between the hair and the hoof. I used only Egyptian Liniment and the horse's foot was soon sound and well. It made a permanent cure. In my estimation there is nothing equal to this Liniment for cuts or sores of any kind."
