CALGARY, TUESDAY, MAY 6, 1913.

TWELFTH YEAR—No. 57

## YOUNG GERMAN CHILD EIGHT YEARS OLD FOULY MURDERED BY FRENCHMAN IN HIS SOLITARY SHACK

Deliberate and Cold-blooded Crime Perpetrated Almost  
Under the Eyes of the Victim's Parents, Who  
Came to Canada Three Months Ago

### ENTICED LITTLE GIRL FROM HER PLAY AND CUT HER THROAT IN DARK CELLAR

Man Had Been Deserted by His Wife and Children Two  
Weeks Ago—Is Native of Montreal and Has Been in  
Calgary Two Years Working as a Laborer

**THE VICTIM.**  
YOSEMA FRICK—8 years old, residing with her parents at 821 Centre Avenue, Riverside.

**THE MURDERER.**  
JOSEPH DIONNE—32 years of age, laborer, residing in shack in rear of 647 Centre Avenue, Riverside.

A most ghastly murder started the peaceful foreign settlement across the river in Northeast Calgary last evening. A German girl, barely six years of age, was the victim while her assailant, a Frenchman, barely six years of age, was the murderer. The crime was committed in a dark cellar, the floor of which was the body of the victim. The murderer, a Frenchman, had been in the city for two years, working as a laborer. He had been deserted by his wife and children two weeks ago. The victim, a young girl named Yosema Frick, was enticed from her play and taken to the dark cellar where she was murdered.

**Missed His Daughter.**  
It was about 5:30 that George Frick, laborer, residing at 821 Centre Avenue, returned from his day's work. Going upstairs to his room he met his wife and his younger girl, who is but three years of age. He noticed the absence of Yosema, his older girl, and told the mother to call her in as it was time for her to be in bed. The mother went out thinking the girl would be playing with some companions on the vacant lot to the east of the house.

On going out, she noticed none of the children about, but after looking about a time or two she saw the new Frenchman, who lives in a small shack on the eastern side of the vacant lot. He was standing at his door and she thought she saw her girl standing there too. She ran across to the shack and found that the door was locked. She beat against the door until all her hands were raw, but to no avail. She then went to the window and saw the man standing in the middle of the room. He was dressed in a dark suit and had a white shirt on. She saw him go down the stairs and she followed him. She saw him enter the cellar and she heard him speak to the girl. She saw him strike her and she heard her scream. She saw him cut her throat and she heard the blood splashing on the floor.

The two were unable to get into the window they saw the man standing in the middle of the room. He was dressed in a dark suit and had a white shirt on. She saw him go down the stairs and she followed him. She saw him enter the cellar and she heard him speak to the girl. She saw him strike her and she heard her scream. She saw him cut her throat and she heard the blood splashing on the floor.

**Great Crowd Follows.**  
By this time the chase had attracted a great crowd and many laborers who were their way to work. The man was seen to enter the cellar and the crowd followed him. The man was seen to enter the cellar and the crowd followed him. The man was seen to enter the cellar and the crowd followed him.

**THOMAS MAWSON, CELEBRATED PLANNER OF  
TOWNS, SEES GLORIOUS OPPORTUNITY**

Says Montreal, Which Might Be One of the Most Magnificent Cities for Natural Beauty in World, Is Being Developed on Utterly Wrong Lines

Montreal, May 5.—Thomas W. Mawson who arrived in the city a few days ago from abroad, and who is on his way to Calgary, whether he is under contract for a comprehensive scheme of town planning, is of the opinion that Montreal, with magnificent birthright, is sleeping on her opportunities. "Montreal today is in an extremely critical period of growth. It depends upon the actions of the next year or so whether the city will develop into an ugly city of stumps, or into one of the most beautiful cities in the world. It is now on the way it is going to be a city that will make future generations look upon their forefathers with loathing."

WHAT THE GREAT WEST DID YESTERDAY  
Vancouver, B.C. It is stated that the Pacific Great Western railway will start construction on its line along the north shore of Burrard Inlet within 30 days of its opening its first passenger trains between North Vancouver and Point Atkinson on Howe Sound within six months.

**POSTMASTER GENERAL OUTLINES TO HOUSE A PLAN OF AN UP-TO-DATE WIRELESS SERVICE BETWEEN CANADA AND MOTHER COUNTRY**

Contract Has Been Entered Into With the Universal Radio Wireless, Which Guarantees to Establish the System

GUARANTEE TO GIVE A SERVICE OF 400 WORDS TO THE MINUTE

Ottawa, May 5.—Hon. L. P. Pelletier, postmaster general, gave to the house this afternoon the details of a new arrangement which has been effected with a British syndicate to provide a thoroughly up-to-date wireless service between this country and Great Britain. The arrangement brings with it a considerable reduction in rates, and is to be in working order within a year after the contract is ratified.

**MILITIA OFFICERS WILL MAKE EFFORTS TO HAVE COMPENSATION OF RANKS INCREASED**

That a determined attempt will be made by militia officers in the west to have the rates of pay of all ranks in the annual camp increased this year, and also to have the allowance for horses increased was the statement made by several Calgary militia officers.

**ALBERTA BOX CO.'S PLANT IS BURNING THIS MORNING**

A fire alarm was rung in at about 10 o'clock this morning from the box factory near the Main Station in East Calgary which was on fire. Two stations responded immediately and the blaze on the first floor was partially extinguished. At the time of going to press the fire department was still fighting and the fire appeared to be centered around or in the boiler room.

**TURKEY'S DELEGATES NAMED**

Constantinople, May 5.—Osman Nizam Pasha, the ambassador to Germany, and Bektas Efendi, minister of public works, have been appointed delegates to represent Turkey at the peace conference. They will proceed to London on Tuesday.

**DELEGATES WHO WILL ARRANGE FOR PEACE CENTENNIARY ARE ARRIVING IN NEW YORK**

New York, May 5.—Representatives of Great Britain, Canada, Newfoundland and Australia reached New York last night to open a conference today with fifty delegates from the United States for framing plans to celebrate the one hundredth anniversary of peace among English speaking people. With them were two representatives of the city of Ghent, where was signed the treaty ending the war of 1813 between the United States and Great Britain. The celebration will be two years hence.

**PRESIDENT FALCONER MAKES PLEA FOR UNITY THOROUGHNESS AND A HIGHER STANDARD OF PROFESSIONAL EFFICIENCY IN THE WEST**

Advocates a Fuller Life for the People of the West in Addressing the Students of the University of Calgary Yesterday.

**G.P.R. WILL BUILD 374 MILES TRACK IN ALBERTA**

Supt. Price, Returning from Tour of Inspection, Makes This Announcement

That close on to 374 miles of new road will be completed by the C.P.R. in Alberta during the coming year, is the statement of General Superintendent A. Price, who has just returned from a trip of inspection over the various new lines being undertaken by that company.

**FRIDAY IS CLEAN-UP DAY**

Friday, May 9th, Arbor Day, has been chosen as a civic clean-up day. All citizens are urged to help in the work of cleaning up the city and raking and collecting all ashes, garbage and inflammable material in three separate piles at the rear of their lots, ready for the teams on Friday morning. By so doing, the citizens will greatly assist in this work.

## STRIKE BREAKERS ARE NOW EMPLOYED IN NELSON SCHOOLS

Board Has Recovered from Trouble Caused When the Teaching Staff Quit

(Special to The Albertan).  
Nelson, B. C., May 4.—Seven certificated teachers have been secured to replace those who walked out on April 3, and are now commencing their duties at the public school, while an eighth teacher, who holds an academic certificate, will arrive here tomorrow, according to reports presented at last night's special meeting of the trustees.

There are two substitutes at the school. Mrs. E. Higginbottom and Miss E. J. Poole. G. L. Parker, who is to arrive tomorrow, is a graduate of Acadia college, and will replace one of those, and the other is substituting for Robert Thompson, principal, who is unable to teach owing to sickness.

**Tragic Double Drowning.**  
Frederick, N. B., May 5.—A tragic double drowning accident occurred on Tuesday evening at the current in the head waters of the St. John river, in which two Nashwaak men, Charles Cameron, of Fredericton, and A. Bernathy, of Durham Bridge, lost their lives. They were crossing the river in a canvas canoe about noon when the craft upset and the current carried down the river by the current to a whirlpool, where they sank and were drowned. They were both strong swimmers, but the current and the whirlpool were too big for them to make a successful battle for life.

**Withdrawn Grain Charge.**  
Montreal, May 5.—A decision to withdraw the transfer charge of 2-10 per bushel on grain for the remainder of the season was reached at a meeting of the harbor commissioners and to delegation from the Corn Exchange association, held at noon today.

**Credit for the Immigrant**

London, Ont., May 5.—The Welfare League has been formed in this city as an auxiliary to the charitably organized society which will furnish credit for necessities for the immigrant arriving almost daily in the city. Sheriff Cameron, Col. Green and Mayor Graham are among the members who will look out for the new arrivals.

**Militant Firebugs**

London, May 5.—Suffragettes set fire to the residence of the editor of The Light at Finchley Saturday night. The fire was quenched before serious damage was done.

**California Stands Pat.**

Sacramento, Cal., May 5.—The alien land ownership bill previously passed by the senate, was passed by the assembly late Saturday night, and awaits the signature of the governor before becoming law.

NEW FOUR STORY ADDITION IS BEING BUILT FOR MATERNITY WORK IN HOLY CROSS HOSPITAL

Work started yesterday for a four story addition to the Holy Cross hospital and it is expected that the new wing which will give 58 new beds will be completed before the end of the summer.

The architect who prepared the plans was J. J. O'Hara and yesterday he stated that the addition would measure 85 feet by 42 feet.

SCHOOL BOARD SANCTIONS LARGE MONEY BY-LAW FOR NORTHERN PORTION OF THE CITY

The school board at a special meeting last evening sanctioned a by-law for the raising of \$150,000 by debentures at an interest of 5 per cent for the work to be done during the present summer.

Two new schools will be built this summer, one at Brdgeland, the contract for which has already been awarded to C. Brocklebank for \$163,000.

TEACHER SHOULD HAVE HIGHER RESPECT FROM PUBLIC

President Falconer Gave an Interesting Address to Canadian Club

A strong plea was made before the Canadian Club yesterday afternoon by President R. A. Falconer of Toronto University for a higher recognition for the teacher, for continued enthusiasm in the West for the cause of education and for better financial support from the powers that be for the cause.

There was no more important question before the public than the character and calibre of those who were at the head of the schools. These people were in charge of the place where ideas were moulded, character begotten, manhood developed, and fibre grown.

Breakfast Ideas Change with the time of year For Health's Sake--

It's a good idea now to change from the heavy winter breakfast to one which includes a dish of

Grape-Nuts and Cream

These crisp, nutty granules provide in attractive form the true nourishment of prime wheat and malted barley. Grape-Nuts is just the food to put brain and body in fine fettle.

"There's a Reason"

Grocers everywhere sell Grape-Nuts. Canadian Postum Cereal Co., Ltd., Windsor, Ont.

ISM FOR EDUCATION. Should the work keep it up they would help the east. Not all the life was in the west yet and the two could well meet one another for the good of the whole country.

President Falconer then gave some account of the progress of the University of Toronto. He said that unfortunately they had been forced to move forward economically. In Canada the people had a great problem to solve in the grants for educational purposes.

PRESIDENT FALCONER MAKES PLEA FOR UNITY

(Continued From Page One) university in the country. In the east the colleges would remain the place where the real education would be given.

POSTMASTER GENERAL OUTLINES A PLAN

(Continued From Page One) had been entered into with a syndicate known as the Universal Radio System, Limited, composed of wealthy British men, who planned to come to this country and establish a system of wireless.

Old People in New Environment

"It has been said that you are an old person. You are an old person in a new environment," he said. "You must keep up your connection with the past, else your life will be impoverished."

THIEVES COMMANDEER AUTO ON PROSPECT AVE.

Mr. A. Price's passenger Cadillac 1912 was commandeered by thieves on Prospect Ave. last evening. The car was driven to a garage on the north side of the city.

#### STRAW ARGUMENT

The Ottawa Citizen (Conventive) has shown commendable courage in differing with party managers on the best method of dealing with the naval question. The Citizen, while condemning what it calls the "unpatriotic tactics of the opposition," is not wholly satisfied with the course of the Borden government. We appreciate the heading of its comment, and the heading of its referendum.

Under ordinary parliamentary circumstances the principle of the referendum as applied to legislation has much to commend it. But this session has brought the principle forward in a way which serves to emphasize its necessity, as well as its advantage.

The advantages of the referendum in relation to the present naval situation are many and of great importance. Two weeks ago the Citizen advised its adoption, and every day since has but served to emphasize the wisdom of such action. Today it may be stated with additional conviction that the referendum is still the factor which would bring order out of chaos, and deliver the country from a rather hopeless situation without anything resembling a satisfactory solution in sight.

The referendum would have saved the country from deadlock and from the seeming need of closure. Of the latter, one is the alleged antidote of the other, and both would be abolished, by the referendum, whereby disputed measures could be referred directly to the people for settlement. Were this done, the issue would become stronger than lung power, and an argument of real value, where today it has none. Had there been a clause added to the constitution stipulating that the bill be referred to the people for approval before any attempt is made to introduce closure to force through any bill and afterwards leave the country at the mercy of any "liberal" who may be so disposed, there would be no doubt as to the referendum would give a direct mandate. Now it has to be obtained by a vote of the House.

Moreover, if the government went to the country now on the naval question, the result would be a public opinion on the question in doubt. It would be a partisan contest, fought for power more than for principle, and involved with other issues than the one now before the country. The referendum would remove all excuse for what would be a party election, and would decide much more surely the very question which was urged as the cause of the present.

Greater of all, the referendum would save the naval bill and Canada's action. Passed under closure, it loses all merit. With the Liberals crying out in protest, it represents a financial loss to Canada more than it means an imperial gain to the Empire. The fact of the gift is the living—a truth just as clear on April 18 as on December 16, and as true of a nation as of an individual. Despite the protests of Liberal politicians, and their partisan heroics, the Citizen believes that the referendum should be held, in preference to accepting the Liberal plan of committing Canada to a national naval programme as extravagant in its cost as it would be deadly in its effects.

This is reasonable comment from a party journal. We believe, with the Citizen, that the people of Canada would favor Premier Borden's proposal. A \$35,000,000 contribution, if passed under closure, will be of little value. Britain, if left to her own will, would rather not accept a contribution passed under a closure act. It is almost impossible to understand the pie-headedness of the Borden government. The present line of action is leading to dissolution rather than union. The right course is so apparent that it is hard to understand the persistency with which the government is following the wrong course.

With a few more journals, possessing the independence of the Citizen, and pointing out the path of duty, the government would have been forced, at this point, to submit the whole naval question to the people in the form of a referendum.

**CONSERVATIVE CONSISTENCY**

The boast that the Conservative party and party make that the reduction which the Democratic party proposes, vindicates their position in the reciprocity controversy sounds hollow in the face of a comparison of the headlines and places them in a ridiculous position when some of their leaders are recalled.

They said that Canada would be ruined by freer access to the American market. Now they hail it as a lowering of the United States tariff. They said our wheat would go south instead of east and thus ruin the railways which we had constructed "at such an enormous cost."

They said our wheat would lose its identity and that would be ruinous to the farmer of Western Canada, and it would be ground in Minneapolis and ruin our hand of Canadian philanthropists—the Canadian millers.

They said our tariff would be made in Washington and that would be dangerous to our loyalty. However, as no one but the hide-bound Tory of the "Bonfire" type believed this in 1910 and no one else believes it now, the only regret is that the reductions in the Underwood proposals are not as great as the reciprocal agreement to say nothing of the loss to Canadian housekeepers who will not obtain the untaxed food or food at greatly reduced rates of duty that they would under the pact.

Here are a few comparisons showing the difference between the reciprocity agreement and the new United States tariff bill:

Reciprocity gave an open market to the south for farm products in their raw state. The Underwood bill taxes wheat, oats, barley, cattle and etc., and the difference is a great and a vital one.

#### THE REASONING VOTER

The Alberta Conservatives' post-mortem finding on the election is to the effect that the Sifton government, while getting only about 55 per cent of the vote, secured about 71 per cent of the ridings and if it gets two of the deferred ridings, it will have a majority of 75 per cent, of the representation. They have a way of claiming that the large majority in Calgary shows that the "intelligent" voting voter was against the government. Of course the "reading" voter referred to is the one that read The Calgary Herald. One of the chaps who went out to get elected in rural ridings came back to say that in the city you can get away with anything if you pack a meeting with a few howlers to start the fireworks, but in the country schools you must know your piece or you will be called in a minute; and this is the truth. The rural voter in the recent election was less wayward by sentiment than in any heretofore.

Indeed it is becoming characteristic of the western farmer and villager that he is voting on reason and reflection and not on political prejudice, either inherited or acquired from the city demagogue.

There are a few Conservatives in this city, who living in a state of perpetual ignorance from a constant and faithful perusal of the same political dope have much to learn from the rural voter who knows what he wants on election day and proceeds to mark his ballot accordingly. It would be a waste of time to call the attention of the defeated Conservatives of Alberta to the fact that the city of Toronto in 1911 gave almost as large a majority against reciprocity as Alberta and Saskatchewan gave for it. Do these Alberta Conservatives think one Ontario city has a right to the same representation as these two great provinces? Incidentally what is the proportion which the number of seats held by the Borden government to the whole bars to the total vote polled in the Dominion election?

#### GREAT MEN AND HEREDITY

About half of all the greatest rulers have been the descendants of comparatively mediocre ancestors; the other half have been the direct and immediate descendants of those as great or nearly as great as themselves.

In other words, the vast horde (say 99 per cent) of the whole—no more like that than the city of Toronto in 1911—is the one per cent, (or less than one per cent) which, from the standpoint of eugenics, we rightly call the creme de la creme. Thus we see why men like Lincoln and Franklin, who spring from the great reservoir of the commonality, do not in the least upset one's belief in heredity, provided they do not occur very frequently. For they are the happy combinations of qualities derived from maternal and paternal sources. All this does not deny that in some ways environment and possibility, free will, play a measurable fate, but it does suggest that the reliance which has been so freely bestowed on these social institutional and metaphysical forces has been an exaggerated one.—Dr. Frederick Adams Woods, in The Popular Science Monthly.

#### Ruthless Rhymes for Martial Militants

Lily smashed the Royal Gema  
And drowned the keeper in the sea.  
Thames' work from Fort. Essex on bay,  
What does this girlish prank denote?  
Oh, just that Lily wants to vote.  
—Brooklyn Daily Eagle.

### Editorial Notes

If The News-Tribune had the placing of three hundred votes just to its liking it says it could have defeated the Sifton government. Three hundred votes properly distributed, would have left the opposition with the same old sacred seven members. The number would have been the same but there would have been a difference in the leadership and in the rank and file.

The same Conservative papers that made the idle claim that Borden's navy contribution is necessary to protect our wheat on the sea, boast glibly that we are going to get the advantage of the United States market for our western grain under the Democratic proposals as under the reciprocity pact. Surely our wheat needs gunboat protection going to feed those horrid Yankees more than when on its way to feed Winston Churchill and Sir Max Aitken.

#### Metropole's Entailment

These words are from the pen of Admiral Sir Reginald Henderson, who in 1910 visited the coast of the Dominion and made an exhaustive report regarding the establishment of an Australian navy. They were read today in Melbourne by Prime Minister Fisher, who responded by a letter to Admiral Henderson asking how the Australian navy was getting on and hoping all was well with the scheme he had proposed, and which is being carried out, under Mr. Fisher's direction. If the admiralty had adopted a more magnanimous attitude and advised Canada to follow Australia's lead by producing and the parties would have been brought together. It certainly seems likely to sacrifice his principles for a temporary end, all for the sake of a few million dollars. Britain can well provide herself with the necessary money to build what ships she requires.

#### How Lily Suffragettes Worry Weyard Waddesses

London, May 5.—"We simply dread them," said a waddess lately, when pressed as to how she liked the suffragettes as guests. "As soon as the Black Maria arrives we know it is time to get ready to receive the 'Marsellaise' cry sound if the 'Tattoo' or shouts of 'No Surrender' fill the court yard."

#### Alas! L'Anglais!

Age-Old Cafe of Paris, Last Famous Vestige of Old Boulevard, Vanishes Before Housebreakers in Old Lutetia.

Paris, May 5.—Paris has just lost one of its most noted restaurants, the Cafe Anglais. For several months past, it has been known that the building in which it was situated was to be pulled down. In its place diverse speculations are putting up large business premises, for shops and offices. The work has already begun. With the Cafe Anglais disappears one of the last vestiges of what was the "Boulevard."

"The militant" won't give up her own garments—no, she won't! Rules are nothing to her, and there she stands at bay, until at last we close on her, and remove every article, to an accompaniment of kickings and wriggles. And the process is worse when we seek to clothe her in prison garments, after we have been soaked to the skin in bathing her.

#### Scandals of Babylon

London, May 5.—According to the Rev. Samuel A. B. Mordaunt, who has lately completed translations of Babylonian inscriptions, divorce with attendant scandal was a common occurrence in Babylon during the reign of Hammurabi, A.D. about 2300 B.C. Prominent members of Babylonian clubs, figures in divorce suits, and scandals furnished the city with gossip. Having been granted a divorce, a man would pay liberal alimony to his wife and publish information that should anyone do so he would marry the divorcee he would not object.

#### DON'T be dependent on the fluctuating prices of coal. A strike in the mines tomorrow may double the amount of your fuel bill for next winter. The increase in the cost of coal would pay for the work of having your home piped for Natural Gas.

The benefits are too well-known to require elaboration. We will quote the price of gas appliances of all kinds. Ask your plumber to estimate the cost of installation.

## Creator of Australian Navy Deplores Naval Situation in Canada; Says We Are Sacrificing Principles For Dollars

Melbourne, May 5.—"I am sorry that Canada is going about the navy business in the way she is. The home authorities undoubtedly made a mistake in giving the Dominion the advice they did for the present scheme, now under discussion at Ottawa, is only helping to create political dissension. If the admiralty had adopted a more magnanimous attitude and advised Canada to follow Australia's lead by producing and the parties would have been brought together. It certainly seems likely to sacrifice his principles for a temporary end, all for the sake of a few million dollars. Britain can well provide herself with the necessary money to build what ships she requires."

## HIGH RIVER DRILLERS LEAVE THE ARGENTINE AND EMIGRATE TO CANADA

Strong Flow Is Discovered at a Depth of 75 Feet—Outlook Favorable

(Special to The Albertan.) High River, May 5.—The work of drilling for gas in High River is being pushed vigorously, and the deeper down, the indications grow more favorable. At the present writing a depth of 120 feet has been reached, and splendid progress is being made. At a depth of 75 feet solid rock was struck, and this formation has continued. When about seventy-five feet down a strong flow of oil was struck, and this "has" continued throughout.

(Special to The Albertan.) Winnipeg, May 4.—An interesting party of Austrian immigrants arrived in the immigration hall. The party is composed of nine Austrian families, who have been farming for ten years in the Argentine.

The men of the party have already left the city to locate their new land in Manitoba, and the women of the party intend to follow tomorrow. "None of the party is able to speak English with the exception of the husband of one of the younger women, who hailed from Texas, and made her acquaintance in South America."

The reason which they give for leaving Argentina and coming to Canada is twofold. The prospects have been bad and the weeds most noxious, and reports had reached them from friends who came to the Dominion when they left for Argentina of the wonderful fertility of the prairie provinces.

Good Type of Settlers. The party, before coming to Canada, paid a visit to their native country, and state that they were twenty-seven days on the water, and encountered very bad weather indeed.

The new settlers are a most excellent type of Austrian peasants, and the party ranged in age from a baby of a few weeks to an aged lady of some sixty years of age.

Although they were entirely ignorant of English, they showed great intelligence, and were well able to read and write their German, and used the English alphabet.

A party of 150 Italians and Swedes, and 351 British passengers of the steamship Ionian and Prætorian, are scheduled to arrive in the city today.

## HUDSON'S BAY COMPANY

### A Bargain Quintette in Buttons

We have recently received a large stock of the season's newest creations in Fancy Buttons, including a wide range of Glass and Pearl Buttons. As an introduction to the new things in this section, we are offering five special values for today's selling.

### New French Veilings, Lovely Beyond Description

SUBTLE influences of fashion have been working in behalf of these beautiful dress accessories for a long time and now they are full into the favor of the well-dressed lady. And it is only natural that they should, for in no department of lace making is such ingenuity and art shown as in these filmy French veilings or so wide a variety of beautiful designs brought out.

Leading in favor are probably the rather neat designs on the Craquele and novelty meshes, which are supplemented with dots of gentile, or outlined with a light cord. Another style specially in favor at present in the fashion centres is the filmy Shadow Veil.

Among the freshest of the novelties are those that are called "beauty spot" or "vanity veilings." These have a plain net ground with a large spot or a group of small spots at intervals of about a yard, so placed as to be brought about to the middle of the cheek when the veil is arranged.

The very latest ideas are shown here in the new French Face Veilings in white, white with black with white, navy blue, and all white; shadow and cobweb effects; chenille dots, Hexagon Craquele, Set Sen, Invisible and Mechlin meshes. Per yard, 25¢ to . . . . . \$1.25

Individual Veils are here in the newest styles in white, violet, navy, black, brown and also the new sage Parlatan tone in bordered Scotch and Chilly lace, Tambour effects and so on. The very newest productions from Paris and Lyons. Each . . . . . \$1.25 to \$3.75

## SALT RHEUM BEGAN WITH SCALY SPOTS

On Arms for Years. Used to Crack, Burned and Itched Terribly, Clothes Irritated the Sores. Completely Cured by Cuticura Soap and Cuticura Ointment.

Woodstock, Nova Scotia.—"I had salt rheum on my arms for years. The trouble began with little scaly spots, which kept crackling and my arms used to crack and bother me awfully. My clothes irritated the sores very much and they would not heal. I tried Cuticura Soap and Cuticura Ointment. I kept them out of water as much as I could, for the water made them worse. I used to rub them, but nothing did me any good, until I tried Cuticura Ointment and Cuticura Soap. I put the Cuticura Ointment on at night and washed next morning with the Cuticura Soap. They soon relieved me and in two months I was completely cured."

(Signed) Mrs. Henry Allen, Nov. 29, 1911.

For pimples and blackheads the following is a most effective and economical treatment: Gently smear Cuticura Soap with Cuticura Ointment, on the end of the finger, do not rub. Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. At other times use Cuticura Soap freely for the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores, the common cause of these facial eruptions. Sold everywhere. Liberal sample of each mailed free with 32-p. Skin Book. Address post card Potter Drug & Chem. Corp., Dept. 45D, Boston, U. S. A.

teligence, and were well able to read and write their German, and used the English alphabet.

A party of 150 Italians and Swedes, and 351 British passengers of the steamship Ionian and Prætorian, are scheduled to arrive in the city today.

## CLAYTON BLEW UP AND BRONCHOS WON THE OPENING GAME OF W. C. L. SEASON

### Three Thousand Edmontonians Saw Their Milk-Fed Pets Humbled by Frink and His Team Mates—The Score Was 5 to 3.

Edmonton, May 5.—All attendance records for this city were shattered today, when over 2,500 people turned out to Diamond Park and saw the locals defeated by the Calgary Bronchos to the tune of 5 to 3 in the opening game of the Western Canada League. The crowd overflowed onto the field and ground rules were necessary, a hit into the crowd going for two bases. The game was played under ideal weather conditions. Lieut. Gov. Bulvay threw the first ball, a perfect strike.

Calgary won the game in the first two innings. Jack Clayton, who started the twirling for the locals, walked two, hit one and threw in a wild pitch for good measure. This, with Vivian's Texas leaguer to centre was good for three runs. After the Bronchos had jumped on Clayton for another run in the second he was yanked out and Dickinson finished the game. After the second inning the game developed into a pitchers' battle between Dickinson and Frink with the local man having slightly the better of the argument.

## FERDY MANNING WON FOR THE QUAKERS

### Defeated Jim Brown's Outfit, 6 to 5, After Desperate Battle

Calgary, May 5.—Saskatoon took the opening game from Moose Jaw this afternoon 6 to 5 after the locals had made a desperate effort to pull it out of the fire by a sixth inning rally which was materially assisted by three errors on the part of the Quakers during which the Robinhoods tallied 2 runs. Both Manning and Northrup were unsteady but lightened up with the sacks populated. Twenty-five hundred fans witnessed the game which was called at the end of the sixth on account of darkness.

## A Great Gala Week of Special Values at Tommy Burns

A host of values without parallel for industrial men at Tommy Burns' old store. Come today and get your share of the bargains that await you here. The balance of my large stock of Shirts, Overalls, Gloves, Coats, Hosiery, Handkerchiefs, Mufflers, Hats, Caps, etc., etc., for industrial men's wear must be cleared regardless of cost, prior to interior structural alterations. This is the first time these goods have been marked at such low prices in Calgary. Call in and see the Latest Suits and Spring Overcoats. Special concessions on prices at both my stores during this great basement sale. The values will please you beyond all question. Call in at your leisure and let me know you personally. I'll open your eyes with the quality and value I give.

### Tommy Burns

WILLIE KETCHEL, of Toronto, who, although not a relation of Stanley Ketchel, has an excellent chance to become middleweight champion of Canada at the next boxing tournament.

## LUTHER McCARTY WILL LEAVE AT ONCE

### For Calgary to Get Ready to Box Art Pelkey on May 24

### Articles Signed and Transportation Sent—McIntyre and Griffith Matched

Any doubt which may have existed as to the appearance of Luther McCarty in Calgary on May 24 has been removed by the promoter, who has received from Billy McCarney, his manager, by Tommy Burns, stating that the articles of agreement were agreeable and that McCarty would be here the latter part of this week to prepare for his battle with Art Pelkey on the big holiday. The transportation for four which was sent a week ago has been taken up in Philadelphia.

The Victoria Day bout will be the biggest boxing attraction ever attempted in Calgary. It will mean an outlay of almost ten thousand dollars before the promoter can realize a cent. Burns is taking a big chance in attempting such a gigantic venture here on Calgary, especially as he has received so little encouragement in the past. But he is determined once and for all to decide whether the fans want really first class attractions, or whether they would be satisfied with mediocre affairs which are less expensive.

McCarty and Pelkey will go ten rounds for a newspaper decision. The bout will settle finally the real status of Pelkey. A great many people are of the impression that the local man is not in the same class as McCarty or any other of the prominent "white hopes." Burns thinks differently, and states that the fans will get one of the biggest surprises of their lives on May 24.

The return of McCarty to Calgary is especially interesting, because of the fact that the famous pugilist made his start here in Calgary only two years ago. At that time he was a big joke, and would have had a hard time convincing any of the local fraternity that he could successfully hold a postage stamp. His rise has been meteoric. Now he is the most talked of "white hope" in the "big top," which will be held in the afternoon.

The bout will be a great convenience to the fans.

In addition to this bout, which was arranged yesterday, Burns came to terms with Mickey McIntyre and Billy Griffith for a return meeting on Friday, June 18. Friday, the thirteenth, is sure to be a hoodoo day for someone. These boys put up the cleverest boxing exhibition ever held in Calgary when they met last week, and the return match will be sure to be a dandy.

## Y. M. C. A. CHAMPIONS COPPED OPENER

### Defeated Youthful Athletics by Score of Seven to Six in Opening Contest

### Mayor Simnett Heaved Ball Accurately Over the Plate to Start Things Off

For the third successive year the Y.M.C.A. champions were returned the winners in the opening game of the senior city baseball league when they defeated the Athletics last night by the score of 7 to 6. The game was witnessed by a crowd of about 400, who are known to have an interest in the contest as though the town's championship were dependent upon the result.

His Worship Mayor Simnett officially opened the lid off the season when he heaved the ball accurately over the plate to start things off. Mayor Simnett heaved the ball accurately over the plate to start things off. Mayor Simnett heaved the ball accurately over the plate to start things off.

Summary: home runs, Pierce; 3-base hit, Ferris; stolen bases, Y. T. Athletics 1; first base on balls, off Boyce 1; off Smith 4; struck out by Boyce 1; off Smith 13; double plays, Harman to Bryson; earned runs, 5; hit by pitched ball, by Smith 1; Time 1:35.

## RUBE WADDELL JUMPS THE NORTHERN LEAGUE

Minneapolis, Minn., May 4.—After 15 years under the banner of organized baseball, Rube Waddell jumped to the Minneapolis Northern League club and signed a contract for \$10,000. That he is a star is beyond question. He has been organized ball. His last appearance in St. Paul was in Friday night's game against the Athletics. He had a hit by pitched ball, by Smith 1; Time 1:35.

Umpires—Turned and Marshall. Attendance—400.

## CREELEY AND DIXON IN WINNIPEG

Winnipeg, Man., May 4.—The National Sporting Club of Winnipeg will open its first boxing show of the season tomorrow night at the Winnipeg Free Press building. Tommy Dixon of Kansas City, will meet in his first round. Both boys are featherweights and a fast bout is expected.

## WINNIPEG BENCH SHOW

Winnipeg, Man., May 4.—The annual dog show of the Western Canada Kennel Club opens Tuesday morning with a record attendance. Many other dogs are entered, including several from Lethbridge, Regina, Moose Jaw and other western cities.

Tynesiders Defeat Gallies. In a friendly game played last night between the Tynesiders and Gallies at the Brewery grounds, resulted in a win for the Tynesiders 1 to 0. Sellers scored the lone goal of the match after 20 minutes play in the first half.

## Sifton's Stable Retains Championship

Toronto, May 4.—Clifford Sifton's stable retains the Canadian championship for high jumping. The winning horse this year was Hercules. Saturday's program at the horse show was by far the best of the week, and the biggest company of people ever attracted to the Armouries remained until the last hurdle had been taken.

## Airman Killed

Paris, May 5.—An army airman named Bellini, of the French military aviation corps, fell while flying at the Versailles aerodrome today and was killed.

## PHILLIES LOST THEIR PROTEST

New York, May 5.—The Giants had no undue advantage over the Philadelphia club in the games played at the Polo grounds late in April by reason of the fact that there was a hole scooped out of the diamond back of the pitchers' box. This is the finding of President Lynch of the National League, on the protest of the Philadelphia club and he ordered that the result of the games shall stand as played.

The Philadelphia club protested the games played April 23 and 24, alleging that a hole 6 inches deep was scooped out back of the pitchers' plate to every base line. New York won the first game 3 to 1, and the second 7 to 1.

## TO COMPETE FOR THE WORLD'S TENNIS HONORS

Winnipeg, Man., May 4.—H. G. Mayne, the Winnipeg tennis expert, and a member of the Canadian team to play in the Davis cup matches, left tonight for England to compete for the world's tennis honors. He is in splendid shape and hopes to get considerable practice before playing the first match against South Africa.

## The Macey System of Most Simple Filing Devices

No tape; no intricate schemes; no confusion. The Macey System embraces the fastest filing known, combined with a simplicity that a child could understand. Among our many satisfied users is the Canadian Pacific Railway, which specifies Macey on every occasion. Such an organization as this, where speed is essential, the economical use of interior absolutely necessary, and accuracy is paramount, must adopt a system where "kicks ups" are impossible; hence the adoption of Macey Filing Appliances.

Interchangeable Interior Cabinet idea, one of the specialties, allows you to select and arrange the cabinet to suit your exact requirements. Consider this in comparison to all other schemes, where your system must be modified to suit the cabinet. There's a Macey for every firm in town. Ask about them here.

### THE NATIONAL LIBERAL CLUB MAY ABOLISH TREATING HABIT

#### Resolution of Dr. Fletcher Little Comes Up for Consideration Tomorrow

#### HAD SUPPORT OF HALF THE MEMBERS

#### Feel That in Political Organization System of Standing Treats Be Abolished

(Special Cable Service.)  
London, May 5.—"Have another with me" no longer be the rule at the National Liberal club, if the proposal to be placed before the annual meeting of the club tomorrow by Dr. Fletcher Little be adopted.

A similar anti-treating resolution two years ago received the support of one-third of the members present, and at the annual meeting last year, one-half voted for it. It is anticipated that this year Dr. Little will receive the support of two-thirds of the members—the number necessary to carry the resolution.

It is not entirely a temperance movement, but a large body of the members feel that the time has come when the old custom, which survives in all clubs, of "standing treat" should be abolished.

The subject of treating is one that has agitated clubland for a long time. Opinions are divided. It is pointed out that the National Liberal club and similar institutions are not clubs in the real sense of the word, but only political organizations, and that clubs whose aims are social are not disposed to impose any such restriction on their members.

A well-known doctor, discussing the subject from a medical point of view, says:  
"It is the system of treating that is responsible for the great majority of ailments which have their source in an overindulgence in the cup which incites. There is no reasonable excuse for a man exceeding the limits of sobriety, but often enough, because he is a 'jolly good fellow,' he drinks in the hope of others doing so, and he is better resolved."

"Personally, I hope that the resolution will be adopted, and that other clubs will follow their lead."

### SCUTARI HAS BEEN EVACUATED

Wiesbaden, Germany, May 5.—Emperor William received a dispatch yesterday evening while attending to his duties. Ferrari had been evacuated by Montenegro.

### The Markets

#### WINNIPEG WHEAT

Winnipeg, Man., May 5.—This being a quiet day, options were closed, and there was little doing on the curb, with prices easier, although a opening was stronger for May on the higher Liverpool cables.

Chicago wheat prices were quarter lower to 5-8c higher and at 115, the selling price of May in curb was 92.1-5, July 94, October 89 5-8. The volume of curb was very small.

Minneapolis opened 3-4 lower. The wide spread between Winnipeg and Minneapolis was 10c. Options continued with apparently no adequate cause for it.

Canadian wheat is nearly five million bushels less than at the same date last year. Stocks in terminals have risen rapidly, the shipments for the week being over 5,000,000.

Receipts for Saturday were 275 cars, but there were 790 in sight today.

Grain Inspection:  
Spring wheat—No. 1 Man. Nor., 10; No. 2 Man. Nor., 37; No. 3 Man. Nor., 9; No. 4, 13; No. 5, 3; No. 6, 2; No. 7, 1; no grade, 62; rejected, 2.

Wheat—No. 2 C. W., 21; No. 3 C. W., 2; extra No. 1 feed, 9; No. 1 feed, 4; No. 2 feed, 1; rejected, 1; no grade, 2; barley—No. 2 C. W., 5; No. 4 C. W., 1; no grade, 1.

Oats—No. 1 N. W. C., 8; No. 2 C. W., 1.

NEW YORK MARKETS  
New York, May 5.—The decided improvement in the European political situation consequent upon Montenegro's decision to yield to the powers, and the resultant strength of securities abroad, exerted the dominating influence of the market today.

Expectations of speedy settlement of problems which have menaced the peace of Europe for months, opened up the prospect of a rapid rise in American securities by foreign investors. London, in fact, has been buying stocks on every favorable opportunity for some time, and before the opening here American stocks in London were marked up sharply. The situation was one which offered no comfort to the bears, and there was spirited bidding for stocks to cover when the market opened. London also was in this market, buying most heavily of steel, Amalgamated and Union Pacific. Operations on the long side were carried on more confidently and in the first hour there was a quick upturn resulting in gains for important issues 1 to 2 points.

The action of the market during the remainder of the day showed that the improving prospects abroad had not produced sufficient effect here to bring about aggressive and sustained buying for the long account. Trading grew dull and prices eased off, although in the final hour the list rose around the top again. Optimistic reports which Wall street has received from Europe have several times proved disappointing, and there was a general disposition to await definite developments before building too strongly upon hopes for peace.

There were several developments at the close which served to take off the edge of any tendency toward enthusiasm. Traders were disappointed at the supreme court's refusal to extend beyond July 1 the time for completing the Harriman dissolution, and Union and Southern Pacific sold off. Announcement that exportation of gold to Paris had been resumed with the shipment of \$1,000,000 for shipment, was accounted a bearish factor.

The rate of exchange suggested that a premium is being paid for the gold and the foreign exchange market was not affected.

Bonds showed an improved tone. Total sales, par value, \$1,707,000. United States bonds were unchanged on call.

### CANADIAN PRINT PAPER ENTER STATES FREE?

Washington, May 5.—The right of print paper made from the woods of the crown lands of British Columbia to enter the United States free of duty under the only operative clause of the Canadian reciprocity agreement is being investigated by the state and treasury departments.

British Columbia is the only province from which crown land paper comes in from Western wood and paper manufacturers have protested to the government that the contract regulations between British Columbia and the Powell River Paper Company, which sends the crown land paper in free, are such as to impose a restraint upon the exportation of lumber and wood pulp. Such restriction would prevent free entry of lumber, wood pulp and paper of the lands affected.

The Spanish River Paper Company of Ontario, has appealed to Secretary McAdoo to reverse the decision of former Secretary MacVeagh, denying them free entry for their contraband relations with Ontario are not questioned.

### At The Theatres

#### "A Persian Garden" at Sherman Grand

Manager Baker promises another bill of special merit, and Calgary theatre-goers have found that Manager Baker keeps his promises. A feature that has become very popular with vaudeville patrons will be the presence of a musical extravaganza in one act as the headline attraction. This is "A Persian Garden," and the two principals in the cast of 18 are Louis Simon and Kathryn Osterman. Patrons of the Orpheum will remember with pleasure the appearance of such miniature musical comedies as "Puss in Boots," "California," and others, and the fact that the producers regard this as the best speaks very well for it. With such a headliner Thursday's bill should be a winner many times over.

The talking pictures will once more be a feature of the evening's entertainment with an entirely new change of program, which rule will be adhered to each week in the future.

Comedy protrudes from every corner of "Handkerchief No. 15," a bright little sketch put across by Bond and Epton, in which mother-in-law figures as the chief object of the jests.

Both members of the team are clever and finished comedians.

Eunice Burnham, late of the team of Burnham and Greenwood, has formed a partnership with Charles Irwin, at one time an officer in the English army. They are united in producing a musical turn which they call "A Song Sketch at the Piano." Miss Burnham is an accomplished pianist and a bright little comedienne.

Louis London is seen in what he terms character song studies, which constitutes the singing of a number of songs in various costumes. His own composition, "Is rendered in a striking Indian make-up, which is accurate from every standpoint."

Montambo and Wells are acrobats and comedians after that. They combine the two elements in a bright sketch, with which they close the program.

### NEW MOVING PICTURE THEATRE

Calgary is to have "the finest moving picture house in Canada and one of the best in the Dominion." The house which will be built on Eighth avenue, adjoining the Victoria hotel, will cost in the neighborhood of \$120,000. Work is already started and will be completed about the beginning of September when the house will be opened.

The work is being done by local firms under the supervision of the Canadian Film Agency, which controls the Rex and Monarch theatres in Calgary, the houses by the same names in Winnipeg, the Monarch and Gem in Edmonton, the Rex in Regina and the Rex in Moose Jaw. The new theatre

### "MERRY WIDOW" DELIGHTS LARGE AUDIENCE

Music that grips the senses and sends one home with delightful melodies hammering through the brain; a display of gowns and millinery, the like of which has never before been seen on a local stage; a continuous round of dancing, classical and otherwise; gorgeous stage trappings and color effects—all combined to give the requisite atmosphere for a most famous of all Viennese operettas—"The Merry Widow"—at the Sherman Grand last night.

One of the largest and most fashionable audiences of the season was on hand to extend a welcome to the "Widow" and her operetta of maidens, for while this is the first presentation of the opera in Calgary, many local people have witnessed performances in other cities, and those who had not have long been familiar with the exquisite strains of Franz Lehár's gipsy music. The enthusiasm of the immense audience apparently inspired the company, and a brisk vitality was evident in the ensemble which made the performance particularly effective.

The theatre will be controlled by a stock company which will be incorporated at a capital of \$125,000 consisting of 250 shares of \$500 each. There will be numerous other features about the theatre as for instance the balcony, which will include a large lobby with marble tiles and inlaid floor. There will be a new style of curved pillar which with its finely rounded capital will give a groined ceiling. Altogether the decorations on a far more superb scale than anything ever before attempted in any picture house in Canada.

In addition to the regular seats there will be about 300 reserved seats which will serve a particular class of the public. There will be a ladies' room on the ground floor and this room may be made use of without entering the theatre and the necessity of purchasing a ticket will not be there.

The Pollards are coming again. Happy thought! We have all learned to look forward to the coming of the clever Australian lads and lasses with the keenest pleasure and most delightful anticipation. This time the youngsters will present a new line of operas and musical comedies, and the management claims that there has never been, in the whole twenty-seven years of Pollard supremacy, a better Pollard company, which is saying a lot. The kiddies of the over-blossomed out into really and truly opera singers, with records behind them that will give a groin ceiling. Along our grown-up mummies, the Pollard Juvenile Opera company, composed of youngsters whom we have all learned to love, will be on at the Sherman Grand for three nights and Wednesday matinee, beginning Monday with "The Boy Maker of Nuremberg."

YOUR AMBITION can be realized. 10 ACRES GIVEN TO YOU FREE OF CHARGE. Write to J. H. B. Kennedy, 697 Grain Exchange Bldg., Calgary.

### YOU sturdy men—whose brawn and nerves of steel made the West—we don't have to ask you what you think of your Stetson—we know.

--and we also know that the West made headway under Stetsons.

But you sons of the men who "roped" and broke the "wild and woolly"—you fellows—who have just as big a battle before you and who are facing it with the same stanch determination of your tan-checked American dads.

—ask your fathers what they think of Stetson hats. They'll tell you mighty quick. Stetson hats crown the world.

They have the greatest sale on earth, and everywhere else.

—in every country; clime and side of the green globe, in the "woolly" wilds, or tamed population centers—anywhere You'd go you'll find the majority of heads 'neath Stetsons.

--are you under one?

Whether it's the "Dakota"—the "Round-up"—or "Texonia" that your daddy likes—or a smart 1913 Spring creation.

—you'll find the shape you want, at its best, with John B. Stetson on the sweatband.

—there isn't an authentic style, in color, shape, weight or finish that isn't presented first and best in a Stetson.

—and you'll find the widest selection, and most expert help in choosing, at "the Store with a Conscience."

### Stetsons, \$3.50 to \$12.00

PRESBYTERIAN
RELIEF CHURCH DEBT
Final plans were completed last evening by the men of Grace Presbyterian church whereby a systematic canvass of all the friends of the cause will be made, the object is to have the new building dedicated free of debt.
Eleven teams have been arranged and a certain number of persons to call on given each team. Two entire days are to be given to the work of canvassing, namely, May 13 and 14. The men will meet at the church each morning at nine o'clock, and after prayer and consultation start out to canvass. The ladies of this congregation are to provide luncheon each day for the workers which will be served in the church at one o'clock, when they will report the results of the work done. A final report will be made at the regular mid-week service on Wednesday evening, when a service of praise and thanksgiving will be held.
The men are very enthusiastic and have reason to believe that the people will make a very generous response.
The new church now nearing completion will be one of the largest in Calgary and will accommodate 1,300 people. The building is situated in keeping with the residential part of the city and is certainly a valuable asset to the community. The Albertan was informed by the new organ, which is the gift of one of the members, will be one of the best in Western Canada. In addition to the large instrument there will be chimes and an echo organ. It is being built by the Canadian Pipe Organ Co., of Hyacinthe, Quebec, and will be installed in time for the opening of the church which is expected to take place about the end of July.
The lack of proper accommodation is being keenly felt by all the organizations of the church more especially by the Sunday school which has an enrollment of 500 pupils. In the new building there will be separate class rooms, also parlors for men and women. A liberal response is made by members and friends of the church the school-rooms will be completed at once as well as the large gymnasium which will occupy the entire space under the main auditorium. A friend of the church (not a member) has very kindly offered to furnish the gymnasium to the extent of \$500. The managers of the church feel that the expenditure which they are incurring in this regard will benefit the whole community, and they expect that many who do not belong to the church will be willing to contribute to such a worthy cause. Members of Grace church are to be commended for providing such a necessary institution for the young men and young women of this district.
The following men are to make the canvass:—D. Hope and E. H. Wallace, G. Brydon and A. Moffat, D. A. Wright and W. H. Bell, G. E. Bell and G. D. Morris, C. E. Robertson and J. D. Chisholm, A. Low and S. H. McCuen, T. Humphries and R. H. McMillan, R. Bell and H. Stewart, W. Little and R. H. Weir, J. W. Keith and J. H. Jamieson.

FALLS UNDER WHEELS
AND NECK IS BROKEN
Ground beneath the wheels of a wagon heavily loaded with building sand, William Wilson, a teamster in the employ of the Whitehead Sand company, was almost instantly killed shortly before 11 o'clock yesterday morning.
The accident occurred at the corner of Ninth street west and Sixth avenue, and according to eye-witnesses of the accident, the unfortunate teamster had stopped his team while he entered a shoemaker's establishment to get a pair of shoes he had left there to be repaired. After securing the shoes he had again returned to his wagon, but on climbing to the seat dropped one of the straps over to the ground. It was covered this he lost his balance and fell beneath the heels of the horses, which immediately became frightened and started off. The heavily loaded wagon passed directly over Wilson's neck; and when picked up a few seconds later he was unconscious. Harrison and Foster's ambulance was called, and the unfortunate man was removed to the General hospital, expiring there fifteen minutes later.
Wilson was about 24 years of age and unmarried, and other than a sister residing here had no relatives in Calgary. He had been in the city for a number of years, and was well known as a careful and competent teamster.
The remains were taken to Harrison and Foster's undertaking establishment, and an inquest will be held today.

DEALERS IN OPIUM DRAW
JAIL SENTENCES
Two months' imprisonment with hard labor was the sentence meted out to Robert Boulware and George Parada by Magistrate Sanders on Monday morning following their arrest on the charge of having opium in their possession for sale.
The arrest of the two men followed two raids conducted by Inspector Nutt on Saturday night, one on a house on Seventh avenue west, and the other on a resort at Sixth avenue west. In addition to the Parada and Parada and Ethel DeFores were gathered in the police drag net, but the women were let go with a fine of \$10 and costs each, while Henry Knowles, who was also caught in the net, was able to prove that he had only gone to the party in order to get a parcel and was released.
In sentencing Boulware, who was charged with having the opium for sale, Magistrate Sanders stated that the man was a menace to the public and dangerous to be at large. The Parada and Parada were charged with possession of opium and were fined \$100 each and sentenced to three months' imprisonment with hard labor.
Among the permits taken out on Friday and Saturday were:
Advance Building Co., Mount View, dwelling, \$2,000.
H. T. Stroud, dwelling, \$2,000.

MANY NEW BUILDINGS
FOR CALGARY
The month of May will apparently keep up the big record for building with which April has started out. Already during the first days the average per day has been kept up, and during the weekend many permits were taken out for dwelling-houses, large and small. These reached a total of nearly 20,000. Yesterday the same was equalled by the big entry of \$40,000 for the extension to the Holy Cross hospital. Going at this rate the permits for the month will far surpass those of the two million dollar mark.
Among the permits taken out on Friday and Saturday were:
Advance Building Co., Mount View, dwelling, \$2,000.
H. T. Stroud, dwelling, \$2,000.
S. W. D. Firth, Seventeenth avenue east, store, \$1,000.
F. Stroud, Ogden, dwelling, \$1,300.
P. A. Smith, 1374 1/2 first avenue, dwelling, \$2,000.
Holy Cross Hospital, Mission foundation, \$300.
Arthur Boardman, Pork Hill, dwelling, \$800.
James S. Gross, Mount View, dwelling, \$2,000.
J. R. Jones, garage, \$500.
John Walker, Capitol Hill, shack, \$180.
Alex. Silverthorn, west portion of lot 15, dwelling, \$2,000.
P. Morsch, Bow Park, dwelling, \$1,300.

ONE TIME HE WAS GLAD
THAT HE WAS
NOT FAT
(Special to The Albertan).
Seattle, May 5.—"This is one time that I am glad I am a fat man," declared L. L. Huffman, a potato peddler, last evening when he was brought into the City hospital.
Huffman was knocked down by a big seven-passenger automobile at Westlake and Pine streets, and although the machine passed completely over him, such was his obesity that a searching examination at the City hospital could reveal no injury except a slight shortness of breath.
Huffman was busy at the back of his potato wagon and started to cross the street just as the automobile was passing.
At police headquarters Huffman said that he was as much to blame as the driver.
