

Watford Guide-Advocate

Volume XLVIII—No. 33

WATFORD, ONT., FRIDAY, AUGUST 18, 1922

\$2.00 PER YEAR IN ADVANCE
In United States \$2.50

LOCAL HAPPENINGS

Big Saturday night specials, drop in if you are in town.—Swift's.

MARKETS.—Wheat 95c, oats 35c, butter 25 to 30c, eggs 17 to 18c.

Have you seen those Men's Everyday Shoes at \$3.50.—P. Dodds & Son.

The vacant lot behind the Methodist church has been fitted up as a basket ball court.

Regular meeting of Peabody Lodge I. O. O. F. next Monday night. Full attendance requested.

The silver trophy of the Lambton county baseball league is on exhibition in the window of Siddall's drug store.

Douglas Fairbanks will be presented at the Lyceum next Wednesday in his new comedy "One Of The Blood."

Ladies' and Men's bathing suits—all to be sold—cotton \$1.00, wool \$3.00.—Swift's.

Ice cream was first made in Japan and reported by travellers to that country as early as the thirteenth century.

Two years ago she showed to me, Her B. A. with an honest pride, To-day she has a new degree— M. A. with B. A. BY her side.

A hostess is giving what she calls "Garden of Eden Party". She calls it that because every woman who was invited said she didn't have a thing to wear.

It pays to advertise! Large shipment of Monarch Tarns.—Swift's.

"One Of The Blood" a big special production featuring Douglas Fairbanks will be shown at the Lyceum next Wednesday at popular summer prices 10c and 20c.

After a woman finds out that nobody believes her when she lies about her age she begins to boast about the beauty and brightness of her grandchildren.

What makes a man annoyed is to have the grocery clerk smile and ask you if you want anything else every time you buy a pound of raisins or a couple of yeast cakes.

The Art Tailored Suits in a class by themselves.—Swift's.

If a person eats plenty of lettuce his hair will stay on his head. Fine, but there's no comfort at all in it for the man whose hair had gone before he heard of this lettuce-stuffing stunt.

During the electric storm on Monday of last week the chimney on Ray Morningstar's house was struck. The lightning travelled down the stove pipes and did some damage to furnishings and decorations.

The professor was showing a young woman the heavens through his big telescopes. He directed her gaze to a bright planet which he told her was Venus. "Oh, isn't it perfectly lovely!" she exclaimed. "Now please show me Adonis."

There are many beautiful flower beds, window and verandah boxes, lovely gardens, well trimmed lawns, and boulevards throughout the town. Former residents and other visitors speak highly of this and other improvements.

Dr. and Mrs. Jas. Newell, Watford Ont., announce the engagement of their adopted daughter, Miss Muriel Taylor, to Mr. Alfred C. Williams, son of Mr. John Williams, of Warwick, the marriage to take place quietly the latter part of August.

Young men we have a fine lot of new Sox. See the window Saturday night.—Swift's.

Provincial coal controller J. A. Ellis says: "There should not be the slightest difficulty in supplying householders with enough coal to meet their requirements. We hope he is right, but most people don't seem to be so optimistic."

A new roof has been put on the Fire Hall this week and other repairs made on the building.

So far this has been the hottest week of the year, the thermometer hovering around the 90 mark during the afternoons.

2 pieces fine weave cheese cotton for curtains, 8 yds for \$1.00.—Swift's.

The statute enacted to prevent the spread of noxious weeds says: "Every occupant of land, or if the land is unoccupied, the owner, shall cut down and destroy all the Canada thistles, ox-eye daisies, wild oats, ragweed and burdock, and all other noxious weeds growing thereon, so often in every year as is sufficient to prevent the ripening of their seed."

"IT PAYS TO BUY ADVERTISED GOODS"—Study the ads. in The Guide-Advocate.

36 inch white flannelette, a fine soft finish, 30c.—Swift's.

At the High School Entrance examinations, Clarence Fralick, of Lochiel School, Sarnia, secured the second highest standing in Lambton county taking 682 marks out of 750, being nearly 91%. This is a very commendable record as Clarence was in attendance only part of the term on account of illness.

The newspaper that carries a good line of advertisements is to the shopper what the time table is to the traveller and the published guide is to the tourist. Busy people will study these advertisements in the home or in the office as they do a time table and before they start out shopping they have determined where they are going.

Have you paid your account? Please let us have it by the 25th. We need the money.—P. Dodds & Son.

California raisin growers are certain that newspaper advertising has made their business all over for them. Some of the firms are spending millions in this way, and are making arrangements for even greater campaigns. If advertising can sell California raisins in Canada, Mr. Merchant, don't you think it can move anything else you have on your shelves.

An old Scotch minister who tried to indoctrinate his congregation with a belief in a fire and brimstone hell was preaching an appropriately heated sermon. His most cogent argument ran as follows: "And on the last day, when ye'll be surrounded by roarin' flames in a sea of brimstone, ye'll cry out to the Lord, 'Oh Lord we did not know, we did not know!' And the infinitely merciful Lord will say 'Weel, ye ken the noo!'"

Newspapers in neighboring towns are calling attention to the neglected state of war trophies entrusted to the care of the municipal authorities by the Militia Department. Dr. Currie, curator of the Royal Ontario Museum called attention to the fact that steel guns will not stand exposure to the weather and pointed out that these machines should either be kept under cover or regularly and carefully painted to prevent rusting else there would be none of these trophies left in twenty-five years. Watford's trophy is standing on the roadside on Ontario street and rapidly going to the bow-wows. Of course our taxes are high but a little care given to this would not effect them and would give satisfaction to many especially to the brave boys who were the means of making it possible to have a trophy of any kind.

The following persons went to Winnipeg on the Grand Trunk-Canadian National harvesters excursion on Monday: L. R. Kadey, A. B. Hart, John Routley, Mrs. Sidney Routley, Miss Sybil Routley, Wm. Ward, Mrs. Wm. Ward, Arch. Moore, Mrs. Arch. Moore, Lance Coristine, Clare Richardson, H. Claxton, Murray Manders, Orville Saunders, Robt. Duncan, G. R. Maylor, Fred McManus, Earl Logan, Edward Lewis, Jos. N. Campbell, Geo. Learn, Howard Clark, Clayton Davidson and about ten others.

The following were ticketed to Winnipeg by W. S. Fuller, agent, C. P. R., on Farm Laborers' excursion, Aug. 14: E. Young, G. Edgar, P. Smith, F. Stevens, G. W. Banks, C. Edgar, Jas. Bryce, C. Davidson, R. Dowling, V. Edgar, F. Willis, J. G. Moore, H. Clark. Next Excursion Aug. 23rd.

While Watford is no worse than the usual run of small towns for tittle tattle, still there is room for improvement in this respect not only here but in places of much larger population. The trouble is that a lot of folks haven't enough to do to occupy themselves properly and so they get talking about their neighbors.

The result is that if a man is seen talking to a lady on the street after dark there is talk, and if it is a married man who is involved, ye gods, how the tongues do wag. Of all the people to be avoided the scandal-mongers are the worst. They create all sorts of trouble and rejoice in doing so. They should be ostracized. If everybody attended to their own business, this would be a happier world and there would be less sorrows and heart-burnings. In our experience it is safe to suspect the person who talks disparagingly about others and relates things to their discredit. Invariably there is taint about the scandal-monger that is easily perceivable, if you take the pains to investigate.

"IT PAYS TO ADVERTISE"

John L. McWatters, contractor and builder, 141 Penrose street, Sarnia, (formerly of Watford) sustained a bad scalp wound, slight injuries to his ribs and suffered severe concussion when he fell off a scaffold on which he was working at a new house on Maria street to the ground below, a distance of about eighteen feet, Friday morning. A physician was summoned and the injured man was removed to the Sarnia general hospital where he is resting comfortably. His injuries will not prove serious. It is believed that he accidentally slipped while moving about on the scaffold and fell head foremost before he could grasp the scaffold or its supports. His fall was broken by contact with the scaffold braces and it is thought that the injuries to his ribs were sustained in that manner. He alighted on his head and shoulders. At last accounts Mr. McWatters was making satisfactory progress.

Members of the Women's Institute and friends to the number of forty enjoyed a picnic meeting at the home of the secretary, Mrs. J. D. Brown, on Wednesday afternoon, Aug. 9th. After a short business meeting Miss Logan charmed all by giving two recitations and Miss Evelyn Hastings gave an interesting talk on "Folklore" of which she has made a special study. Then followed a program of sports. Races of all kinds including a grandmothers' race, a spoon race and a fit ladies' race. Sides were chosen for an old fashioned spelling match and it required some of the worst jaw breakers in the old dictionary to send the contestants down. The picnic supper was served from a long flower decked table on the lawn and was one of those luncheons which the Women's Institute is proving famous for. The meeting closed by all thanking Mrs. Brown for her hospitality and it was agreed that this should be made an annual affair.

Brown started out without a cent; He's rich now and still rising; Some say 'twas luck; some say 'twas pluck; HE says 'twas Advertising!

PERSONAL

Avery Dodds is visiting relatives in Ailsa Craig.

Mr. Joseph N. Campbell left this week for Strathclair, Man.

Miss Stella Williamson is spending a few days with relatives in Brooke.

Mrs. R. G. Kelly and family are visiting friends in Toronto for the balance of the month.

Mrs. R. Harrison, of Petrolia, spent the past week with her daughter, Mrs. W. C. Aylesworth.

Miss Marjorie Stevens has returned to her home in Toronto after visiting at the home of P. Dodds.

Mr. and Mrs. Reg. A. McIntosh and son Leslie spent several days last week with relatives in Toronto.

Dr. E. and Mrs. Kenward, son and daughter, Lacom, Ill., motored here this week to see his parents, Col. and Mrs. Kenward.

Charles M. Fitzgerald and William Y. Fitzgerald spent a few days last week in this week in Detroit, Windsor and Kingsville.

Mrs. J. S. Crawford, Sarnia, Mrs. H. Gandler and son, Strathroy, and Mrs. Barrie, Peterboro, visited at Mr. C. W. Vail's on Monday.

Beatrice and Edwin Macnally are spending a couple of weeks at the home of their brother, William, Wallaceburg, Ont.

Miss Grace A. Avery has returned to her home after spending her vacation with her grandmother and aunt, Mrs. Birch and Mrs. H. Naenally.

Mr. and Mrs. C. W. O'Donnell, Waterloo, are spending part of their holidays with Mrs. Moody. They have just returned from a pleasant trip to Duluth.

Mr. and Mrs. H. C. Cares and children, Sarnia, and Mr. and Mrs. Restorick left today for Meadville Penn., for a two weeks' vacation, going by way of Hamilton, Niagara Falls and Buffalo.

Mrs. W. F. Anderson and her sister, Miss Ella Buckbee, school nurse of Hamilton, have been visiting their aunt and uncle, Mr. and Mrs. T. B. Taylor, who expect to motor back with them to Hamilton this week.

After having spent over a month visiting her sister, Mrs. H. Restorick and other relatives in the vicinity, Mrs. Dan Stuart left Monday for her southern home in Blythesville, Ark. Her mother, Mrs. J. Smith, went with her intending to spend the winter in the south.

BROOKE

Mrs. A. MacLean, Fort William, visited Mr. and Mrs. L. MacLean and other friends in Brooke last week.

Mr. and Mrs. Arthur Shrier spent Sunday and Monday with the bride's cousins, Mr. and Mrs. John Miller, on the 12th inst.

Mr. and Mrs. R. W. Hume, Mrs. J. H. Lucas and Mr. Thos. Higgins motored to Dresden Tuesday and spent the day with relatives.

Sutorville and 10th line boys played an exciting game of baseball Tuesday evening on Richard Lucas' grounds. The visiting team were defeated by a score 9-13.

While approaching his home on the 4th concession one day last week during a lightning storm, Mr. Cecil Campbell had his horse struck with the lightning, killing it instantly.

WARWICK

Miss E. Winnifred Hughes of Strathroy spent last week with her friend, Miss Freida Wiley.

Master Allan Westgate, 4th line east, is spending a week's holiday with friends in Sarnia.

Service in Knox church conducted by Rev. J. Anderson next Sabbath evening, Aug. 20th, at 7.30.

Miss Isabel Annis, of Port Huron, has returned home after spending the past week with her cousin, Orville Jones.

Mrs. W. R. Thompson spent a couple of days this week visiting her daughter, Mrs. Russel Rivers of Kingscourt.

Miss Beatrice Bourne of Alvinston and Miss Mary Woolcox of London were guests last week of Miss Margaret MacKenzie.

Mr. and Mrs. Alex. Westgate and family spent Sunday with Mrs. (Rev.) H. P. Westgate at their cottage at Ipperwash Beach.

Mrs. T. C. McLeod and children, Murray and Marjorie of Waterloo, Ont., are visiting the former's sister, Mrs. W. J. Wiley, Main road.

Mr. and Mrs. Chas. Barnes, Mr. and Mrs. Wm. Barnes and family of North Branch, Mich., with Mr. and Mrs. Hobbs and other relatives.

Mrs. J. McKenzie of Ailsa Craig and Mrs. J. A. McKenzie and daughter Grace of Kingscourt spent the week end with relatives in Leamington.

Mr. J. B. Moffitt attended the funeral of his sister-in-law, Mrs. John Brandon of Cleveland, last Tuesday; also Mrs. George Donald and Ross Brandon of Sarnia.

The Rev. Arthur Shore, rector of Ilderton, will (D.V.) preach morning and evening in St. Mary's church, Warwick, and afternoon in St. Paul's church, Wisbeach, next Sunday, Aug. 20th.

The Barnes Family Reunion was held at Lakeside Park, Port Huron, Mich., on Thursday of last week. Nearly one hundred relatives picnicked there and an enjoyable time was spent by all.

The W. M. S. Auxiliary of Zion Methodist church met at the home of Mrs. Sullivan on Aug. 10th. There were eighteen members and one visitor present. Collection \$2.05.

Next meeting will be at the home of Mrs. A. Tanner Sept. 14th, members are requested to answer the roll with a verse pertaining to consecration. Visitors always welcome.

A very pleasant afternoon was spent at the home of Mr. and Mrs. Geo. G. Lester's on Friday last, when about fifty of the members and connections of the Lester families gathered at their beautiful home to enjoy a family re-union and picnic.

The grounds at this point are unexcelled for such gatherings, with beautiful lake frontage, rocky ravines, cedar cliff, etc. Mr. Lester also has motor launch; row boat, tables, camp stove and every convenience for those who enjoy his hospitality. It was here that young and old enjoyed themselves alike, boating, bathing, games and sports with prizes for the winners. A very interesting part of the program was the wireless concert by radiophone.

Through the courtesy of Mr. Harper, who has erected a radio outfit on the grounds many were permitted to hear the music in the air for the first time. After tea was served John Sciffin, chairman, gave a short address, and a hearty vote of thanks was tendered the host and hostess for their hospitality. Mr. Lester replied in a few words, expressing his pleasure in having so many of his relatives present at one time, and he

hoped also that they would make the picnic an annual event, and extended a hearty invitation to all to come again in nineteen twenty-three. This was unanimously accepted and the following officers were elected for the coming year: Hon. pres., Geo. G. Lester; acting pres., Albin Lester; program committee, Mrs. O. Lester, Mrs. Frank Clark.

CHAUTAQUA PROVING A SPLENDID SUCCESS

Fine Programs with Large and Appreciative Audiences

Chautauqua is here again, and so far the programs presented have been hugely enjoyed, the lectures were inspiring and strong and contained powerful messages, while the music was sweet and the songs will linger on the ear. And the best is yet to come.

The opening preliminaries on Tuesday afternoon were in charge of the Superintendent, Miss Clark, and the Walter Henderson Entertainers furnished the first program. They are a trio of excellent musicians both vocal and instrumental, and their voices blend in sweet harmony. Their comedy numbers, readings and imitations made a hit and were warmly applauded by the audiences. They appeared again in the evening before Dr. Robt. Parker Miles lecture "Tallow Dips". This was a most interesting address. Dr. Miles is not only an orator but a man of vast knowledge and is unique in personality. He makes his audience see the persons he talks about with the eyes of personal acquaintance and recognize that true greatness does not depend on dress and polish but is exemplified in an unconquered spirit, a desire for accomplishment, and an ability to see opportunity that overcomes all selfishness.

Wednesday afternoon the Chavez-Conover Company occupied the boards during the first part of the entertainment and Isabel Piria Beyea gave a very interesting address in a forceful manner. Mrs. Beyea had a message to give and gave it in a wholesome and convincing manner. She had something to say, and when she had said it, we all had a nobler, truer idea of Citizenship, not as a thing of waving flags, and flaming patriotic speeches, but of homely kindly living, rich in love, purity and service—the kind that any and all can render.

Wednesday night the great laugh-making play entitled "It Pays to Advertise" was presented under the direction of Elias Day of Chicago. We quote a contemporary opinion on this performance with which we entirely agree: "If there is anything more ridiculously funny, more uproariously laughable than 'It Pays to Advertise,' we should like to see it. A person who could not laugh at that play must be suffering from lockjaw. There was one mistake in advertising. It was stated that it was the play of 'a hundred laughs'. The man who did that advertising was a poor counter, or else he counted up to one hundred and then could count no more for laughing." And don't 'It Pays to Advertise,' and withal 'It forget it. There is much truth spoken in jest. The finest praise that we can give the Chavez-Conover Company, is that we were so fascinated with the production that we forgot the actors."

More Treats Yet to Come

This (Thursday) is the children's afternoon when will be given a program of fun, music and art, featuring Little Alice Louise Shrode, the child wonder, and Stevens the musical clown; also a short address by Arthur E. Rannels. In the evening Alice Shrode will furnish the prelude and Mr. Rannels will give an illustrated lecture "Naval Defence and Disarmament." This is said to be a most thrilling lecture and the pictures show the surrender of the German fleet at Scapa Flow as witnessed by the speaker.

Friday afternoon's program will be a grand concert of orchestral music featuring flute and violin by the Casford-Reed Violin Girls, an organization that has been given much praise. These young ladies will also appear at the evening entertainment in a musical prelude, followed by a series of character sketches and impersonation by Mr. Noah Beilbarz. This will be as interesting as a play with a large cast.

Whether you have a season ticket or not, do not fail to attend these remaining entertainments.

FRIDAY, AUGUST 18, 1922

NOTE AND COMMENT

Don't complain to the editor because he doesn't print all the news. You'll probably see the time when you will be mighty glad he doesn't.
—St. Marys Argus.

The British Government will build 500 air machines at a cost of £2,000,000 because France is increasing her air forces. This competition is a sad commentary on the war and on the Entente.

Alberta coal is now being used in the homes of approximately the whole of Western Canada, not excepting Winnipeg. American anthracite coal in Winnipeg is rapidly being replaced by Alberta domestic coal.

The President of Germany draws \$21.30 a week salary, or in their money 900,000 marks a year. The average workman receives \$2.50 a week or 2000 marks. How would you like to live in Germany?

A Port Arthur man dug a cellar for a pool room and struck oil. His achievement is, however, beaten by several Toronto sleuths who dug up some tomato plants in a citizen's back yard and struck whiskey.

The Oshawa Telegraph talks right out in meeting when it gets on the subject of the Hotel Commission. "We both saw it and heard it," observes the learned editor, "and our honest conclusion is that it is nothing more nor less than a nice little joy-ride at the province's expense."

The "talking movie" has been developed in Japan, in that the part of every player in a screen play is taken by actors, placed in boxes on either side of the screen. These actors speak the parts of the characters as they would on the legitimate stage.

Chess by wireless is a popular diversion in the Yukon. Telegraph operators on the 2,000 miles of Government telegraph line through the Yukon play chess by wire. Two men tap out their moves to each other and others listen in on the line and make the moves on boards of their own to show the progress of the game.

Premier Drury after a conference with the coal dealers of the province announced Friday that the Government would appoint a Controller of Fuel to distribute coal and ration supplies should the shortage on account of the strike become acute. James A. Ellis, vice-chairman of the Railway and Municipal Board has been named for the position.

One of the paradoxes of the radio is that a speaker can be heard by wireless in a distant city before the words reach the audience whom he is addressing. This is because radio waves travel so much faster than sound waves. Thus radio will carry 1,860 miles in the hundredth of a second, whereas sound travels only a little over ten feet in the same period of time.

In some localities it has been thought the new Assessment Act would become effective in 1923, so that women would have the right to vote next year, but this view is mistaken. When the assessors prepare the lists for 1924 they will insert the names of all men and women entitled to vote as owners and tenants and the names of their husbands and wives as the occasion demands.

It will not be long before it will be possible for consumers to buy seedless and coreless apples, rivaling in many respects the orange. Mason City nursery at Wheeling, W. Va., is developing such an apple. A freak tree was discovered several years ago on a farm in Wayne County, and the nursery has developed it. Shoots have been grafted on other trees. The apple is subacid and grows to a large size, being yellow with large red spots.

The Drury Government has decided to cancel its plan of adding life insurance to the collection of savings. Persons who applied for policies through the savings assurance agency have been notified that after consultation with the Government, the plan has been found to be outside the Government's authority. Moneys deposited will either be returned, left on deposit as an ordinary savings account, or can be transferred to a private agency which is designated, but for which the Government assumes no responsibility.

Dominion and Provincial entomologists who are combating the European Corn borer in Western Ontario admit that the destructive pest still has them puzzled, despite almost two years of observation. Discussing the situation this year, H. G. Crawford, head of the Dominion force, stated that there is a danger of the borers centering in some other district that is not so closely guarded. It is a little too early in the season to make any definite report, Mr. Crawford states. The Dominion entomologists have two square miles of growing corn under close observation this year. In addition scouting parties are being organized to work out all over Western Ontario.

Walkerton Telescope—We were talking to a citizen the other day who had been looking over local census figures and he was greatly impressed by the number of unmarried men and women as shown by the statistics. "We are spending millions of dollars to get foreign immigrants without education or money to come to this country, and populate our great vacant stretches," said our friend, "and here we have thousands and thousands of Canadians who are not following the old injunction to 'replenish the earth.' You can laugh at me if you like," this citizen continued "but I think we ought to seriously address ourselves to this problem, and get more of our population lined up in martial harness before they reach the years of sere and yellow old age. Our ministers should do more from the pulpits to remind their parishioners of their duty, and our government and press should tackle the problem. You may laugh at the idea, but I think that some sort of official matrimonial bureau would be a good thing."

THE GOVERNMENT CONVERSION SCHEME

The attention of the holders of the five and a half per cent war loan bonds maturing December 1, 1922, is directed to the offer of the Minister of Finance to renew the loan on favourable terms. The last Canadian loan was placed in New York at a satisfactory price. The Minister is making his present financial operation entirely a domestic one by offering to exchange the maturing bonds for new bonds bearing the same rate of interest, running for either five years or ten years as the bondholder may prefer. A further inducement to the investor is that he receives a bonus of one month's interest. The terms offered are decidedly favourable to the investor and it is probable that a large part of the maturing loan will be renewed. Arrangements for the exchange of the bonds can be made at any branch of the chartered banks. Holders who do not wish to reinvest will be paid in cash on the 1st December.

"IT PAYS TO ADVERTISE"

Working Funds

Placing additional funds at the disposal of progressive farmers for constructive use is an important part of our banking service. We invite you to have a discussion—in confidence—with our local Manager.

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

W. S. FIELDING,
Minister of Finance.

PETRO

Miss Dorothy Bell holidays at the home of Mr. and Mrs. Robt. street. She has seen Little Current, Manit the coming teaching Messrs. Marshall urday shipped 130 h Glasgow. They were beef cattle averaging and should fetch a g market there. Jno. M the shipment.

Children FOR FLETCHER CASTO

PETROLEA

Miss Dorothy Bell is spending her holidays at the home of her parents, Mr. and Mrs. Robt. Bell, Princess street. She has accepted a grade in Little Curent, Manitoulin Island, for the coming teaching year.

Messrs. Marshall & Maw on Saturday shipped 130 head of cattle to Glasgow. They were a choice lot of beef cattle averaging over 1530 lbs. and should fetch a good price on the market here. Jno. Maw accompanied the shipment.

Mr. W. G. Fraser who was confined to the house for several weeks owing to illness is about again. Although attending to his duties Mr. Fraser does not feel at all well but with his wonderful vitality he should regain his strength within a week or two.

An interesting visitor to Petrolea this week is Miss Grace North of Pithapuram, India, who is the guest of Miss Lydia Pratt. Miss North is an English lady whose life has been spent in India, and is therefore thoroughly acquainted with the manners and customs of the people of that great empire.

Robert W. Parker, a well-known resident of Petrolea, son of the late Robert Parker, died at his home in Eureka street at noon on Monday after an illness extending over ten years, in his 60th year. For the past eight weeks deceased had been confined to bed, suffering from heart trouble. Mr. Parker was born in London, England, and came with his parents to Canada when four years old. When he grew to manhood he learned the drilling trade and was the first Canadian to drill in the oil fields of East Indies some twenty years ago. He was then employed in the oil business in Petrolea, which he continued until 1912 when the natural gas was brought here. Deceased is survived by his widow and one son.

FOREST

Mrs. Orlo Frayne and daughter have returned to Sarnia after visiting in this vicinity.

Malcolm Moffat, of Forest, is spending a month in Toronto, Newmarket and Oakville.

Mrs. Jas. Dunlop and daughter, Mrs. Geo. Fuller, are spending two weeks with relatives in Toronto.

W. W. Wood of Philadelphia is here this week visiting his uncle, John Fraser and other relatives.

Rev. Thomas Doolittle and Mrs. Doolittle are spending a vacation at Victoria, a former charge, and at Norwich.

C. A. Douglas attended the grand lodge I. O. F. in Kitchener, this week, as delegate from Royal Oak lodge, Forest.

The Rev. Dr. Medd, formerly Methodist pastor here, now of Ridgeway, spent a few days with old friends in town and vicinity.

Dr. Stanley Wall, V. S., of Toronto is visiting his parents, Mr. and Mrs. C. Wall. He is recovering from an attack of blood poisoning.

D. L. Weese, head office, Standard Bank, Toronto, is spending a couple of weeks with Mr. and Mrs. R. G. G. Hunter, at their camp at Hillsboro.

Mrs. Dan Johnston and little daughters, Dora and Eileen, have arrived home after spending two weeks with her sister, Mrs. Porter, Niagara Falls.

Rev. Edgar Jennings of Dresden is visiting his sister, Mrs. Wm. Lawrie. Mrs. Lawrie has also Miss Iva Barclay of Columbus, Ohio, as a guest.

Mrs. B. Woodhouse is spending two weeks vacation in Detroit, and other places. Miss Nora Pettypiece is in charge of the library during Mrs. Woodhouse's absence.

Mrs. George Culley left this morning for Winnipeg, after spending two months here with her parents, Mr. and Mrs. Geo. Beaty. Miss Florence Beaty accompanied her to Toronto.

Mr. and Mrs. Stenson left last week for Rochester, Minn., where Mrs. Stenson will receive special medical treatment. They were accompanied from Sarnia by Dr. J. G. Merrison.

Miss Margaret French, who spent the past year in England, has returned, and will spend the remainder of the summer at "The Moorings," with her sisters, Misses Frances and Louise French.

The Forest boy scouts gathered in \$87 from their tag day. This will finance a two weeks outing at Stony Point where they will pitch their tents next week. The boys will be accompanied by scout master A. E. Salisbury, and scout leader, Donald Livingstone.

Children Cry FOR FLETCHER'S CASTORIA

SHRIER—SPALDING

The home of Mr. Albert Spalding was the scene of a pretty wedding on Saturday, Aug. 12th, at 2.30 o'clock, when his eldest daughter, Mary Annetta J. Spalding was united in marriage to Mr. George Arthur Shrier, son of Mr. Arthur Shrier, Strathroy. The ceremony was performed by Rev. T. A. Steadman in the presence of immediate relatives and friends. After the ceremony dinner was served in the dining room. The young couple left on the evening train and on their return will reside in Strathroy.

ROBB—CALDWELL

A very pretty wedding was solemnized at St. John's rectory on Wednesday afternoon, August 9, when Miss Ruby Caldwell of Petrolea was married to Samuel Robb of Wyoming. The ceremony was performed by Rev. F. G. Newton. The bride was attired in grey serge, trimmed with canton crepe with hat of navy taffeta and carried a bouquet of sweetheart roses. The bride was attended by Miss Fanny Caldwell of Petrolea, and James B. Robb, of Sarnia was groomsmen. Mr. and Mrs. Robb left for a trip to Detroit and other points accompanied by the best wishes of their friends.

SAUNDERS—WILLIAMSON

A quiet wedding was solemnized at St. Paul's Presbyterian church Wednesday morning, Aug. 9th, when Mrs. Elsie Selbie Williamson of Sarnia, became the bride of William John Saunders, son of Mr. and Mrs. John Saunders of Watford. The bride was attended by Miss Madge Laing and Mr. and Mrs. George J. Beals. Mr. and Mrs. Saunders left for Niagara Falls, Buffalo and Toronto and on their return will reside at Watford.

WHEATLEY—RAMSAY

A quiet wedding was solemnized at the Methodist parsonage Sarnia, by the Rev. J. N. Clarry, when Marjory Ramsay, daughter of Mr. and Mrs. James Ramsay, Wanstead, became the bride of Charles C. Wheatley, son of Mr. and Mrs. Thomas Wheatley, Blackwell. After the ceremony the happy couple left amid showers of confetti and good wishes for points east, the bride travelling in a suit of navy tricotine with hat to match. On their return they will reside on Wellington street, Sarnia.

McNALLY—McCABE

A very pretty and interesting wedding was solemnized on Monday at high noon, August 7th, at Guthrie Presbyterian church, when Elizabeth Velma, youngest daughter of Mr. and Mrs. George McCabe, became the bride of Mr. Orval McNally, only son of Mr. and Mrs. Owen McNally, both of Alvinston.

Promptly at twelve o'clock to the strains of Lohengrin's wedding march, played by Miss Annie Patterson, the bridal party took their place before an altar banked with fern, pink and white sweet peas. The bride was given in marriage by her father and looked charming in a gown of white canton crepe with pearl trimmings and carried a bouquet of pink bridal roses and fern, with narrow satin streamers. Miss Florence S. McCabe, sister of the bride, made a charming bridesmaid in a pretty dress of white organdy and wore a corsage bouquet of pink roses. Mr. W. G. Tite of London acted as groomsmen. The ring service was used for the ceremony, Rev. Montie officiating. After the signing of the register, the guests were taken to the home of the bride's parents where they partook of a dainty lunch. After a short honeymoon spent in Rochester, Detroit and other points Mr. and Mrs. McNally will be at home to their friends, River street, Alvinston.

Wedding Announcements and Invitations of the finest quality at The Guide-Advocate.

SUMMER HEAT HARD ON BABY

No season of the year is so dangerous to the life of little ones as is the Summer. The excessive heat throws the little stomach out of order so quickly that unless prompt aid is at hand the baby may be beyond all human help before the mother realizes he is ill. Summer is the season when diarrhoea, cholera infantum, dysentery and colic are most prevalent. Any of these troubles may prove deadly if not promptly treated. During the summer mother's best friend is Baby's Own Tablets. They regulate the bowels, sweeten the stomach and keep baby healthy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THE VALUE OF QUALITY

Quality is the standard by which things are judged. The delicious flavor (which means "QUALITY") that has always characterized SALADA has won for it the favor of millions of discriminating tea drinkers. The standard always adhered to has been the keynote of SALADA success, and rather than lower it, the Salada Tea Company would close its doors. You would appreciate the unvarying "QUALITY" of SALADA. Your own Grocer can supply you with this delicious tea. Ask for it today.

IRRITABLE PEOPLE

Are Usually Victims of Poor Blood And Weak Nerves

Irritability is one of the manifestations of nervousness and it becomes worse as the nerves become more unstrung and approach a state of exhaustion. No one is irritable from preference, and this state is often only the outward expression of a great deal of physical suffering which friends do not realize. It is accompanied by headaches, sleeplessness, nervous indigestion and depression. Unless it is promptly checked more serious trouble develops.

The treatment for the earlier stages of nervousness, as well as the more advanced condition, is one of nutrition of the nerve cells, requiring a tonic. As the nerves get their nourishment from the blood, the treatment must be directed towards building up the blood. Dr. Williams' Pink Pills act directly on the blood, and have proved of the greatest benefit in a great many cases of this kind. A tendency to anaemia or bloodlessness, shown by most nervous people, is also corrected by these tonic pills. This is shown by the case of Mr. Kenneth R. McDonald, Tarbot, N.S., who says: "For a long time I was a severe sufferer from nervous trouble, with the result that I grew pale and weak, lost weight, slept badly and always felt tired out. Various medicines I tried had no beneficial effect, until finally I was persuaded to try Dr. Williams' Pink Pills. I found these just what I needed, as after taking them a couple of months I not only gained in weight, but felt stronger, more cheerful and better in every way. I feel that I cannot praise these pills too highly for what they have done for me."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

MONSTER FORD PICNIC AT BRIGHT'S GROVE

Wednesday, Aug. 2nd, was Ford day at Bright's Grove, Lake Huron, when the Lambton County Ford dealers held their first annual picnic. The noisiest, oldest and newest Ford were in vogue. It was one of the most successful and biggest events of this nature ever staged in Lambton. People from every part of the county and from Middlesex, Kent and Essex counties flocked to the lake shore for the big event. The day was ideal and it was estimated that over 10,000 people were present. Over two thousand cars were parked along the lake shore, in Crinnian's and Bright's Groves, and in a ten acre field rear of the latter's grove; of this number twelve hundred were Fords and the balance other makes of cars.

The Petrolea Citizen's Band and a Ford calthumpian band from Forest supplied music during the afternoon.

A Ford moving picture operator was present with his machine and took moving pictures of the crowds and of the different events and prize winners. The picture will be shown in the local theatre in the near future. Don't forget to see yourself in the movies!

An exciting baseball game was played between Petrolea and Watford the former team winning by 12-5. Good ball was in the limelight most of the time and both teams were somewhat hampered by the crowding of the spectators.

All kinds of sports were staged and expensive prizes were given in each event. Lotto Isber, of Petrolea, won the prize for the Ford owner having the largest family at the picnic, he having twelve in his family. H. A. Sitter, Sarnia, won the prize for the owner of the noisiest Ford car.

The committee in charge of the outing merit praise for the way in which the program was arranged. Although the crowd was one of the largest ever present at a Grove, there was practically no confusion, generally conspicuous at an event of this kind.

Everyone reads the "Guide-Advocate Want Column" on page 4.

WHEN USING WILSON'S FLY PADS
READ DIRECTIONS CAREFULLY AND FOLLOW THEM EXACTLY

There is only one way to kill all the Flies

This is it—Darken the room as much as possible, close the windows, raise one of the blinds where the sun shines in, about eight inches; place as many Wilson's Fly Pads as possible on plates (properly wetted with water but not flooded) on the window ledge where the light is strong, leave the room closed for two or three hours, then sweep up the flies and burn them. See illustration below. Put the plates away out of the reach of children until required in another room.

The right way to use Wilson's Fly Pads

Mr. Wm. Gove, 9th con., has sold his farm to Mr. Jones of the 4th of Plympton.

Glencoe is in line for a cut in hydro rates but it will not come into force until October 1st.

W. B. Mulligan, who recently bought out the McCallum garage in Glencoe, has made an assignment.

Mr. J. A. Dalziel has placed a new ferris wheel in the amusement park at Sarnia beach.

Alvinston will vote on a by-law for the installation of a pumping station on August 24. \$7,000 is the estimated cost.

It's about time to stop blaming everything on the war, and start doing a little more work.—Acton Free Press.

A collection was taken in the Ridgetown churches to assist the Chautauqua guarantors to make up their deficit, and \$28 was realized.

Campbellford was without lights or power for over five hours Wednesday last as a result of a bolt of lightning striking the municipal power station.

The Wallace planing and saw mills at Thamesville was burnt down on Thursday with a loss of \$10,000. An overheated planer is said to be the cause of the blaze.

Owing to the small number of pupils attending the class from year to year, the Strathroy School Board has decided to abandon the commercial department in their high school.

Ontario has 577 organized townships, 149 villages, 143 towns, 24 cities, and 38 counties. The rural population is 1,031,054, the urban 640,538 and the city 1,166,815. Total population 2,738,407.

A quiet marriage was celebrated on Saturday evening, August 5th, when the martial ceremony was conducted by Rev. L. W. Hill, between Mr. John Calvin Fountain and Miss McIntyre, both of Parkhill.

Enniskillen Township Council has received from the Government a cheque for \$4280 being its share of maintaining the township roads for 1921. The rebate comes under the Township-Provincial system of good roads.

In Glencoe the domestic hydro rate has been reduced from 8 to 6 cents and the commercial rate from 16 to 12 cents per k. h. The street lighting has been reduced \$5 per light per year. The rate per h.p. has been reduced \$2.35.

"Bud" Brown, son of Ed. Brown, Kingsville, met with an accident yesterday afternoon which will lay him up for some time. He was standing on the running board of Salmoni's delivery van passing up street when he came in contact with a board sticking out from a hay rack. His leg was broken just below the hip.

The death occurred on Saturday at Laekawanna of James A. Finlayson, a well-known resident for many years of Moore township. The late Mr. Finlayson had only been away from home for a few weeks when death occurred. He was born in Moore township, a son of the late Alexander and Mrs. Finlayson.

What might have been a serious accident was narrowly averted Tuesday night by the prompt attention of a physician, when the 14 months old son of W. J. Fowler, Harrow, drank some liquid saturated with poison from a fly pad. The child's stomach was pumped out, and no evil results followed the dose.

Samuel L. Shepherd, 12th line Plympton, who sustained a fracture at the base of the skull, a few days ago is doing as well as can be expected, but will be laid up for some time. While unloading oats in the barn, the rope broke as the last load was being hoisted and Mr. Shepherd who was in the wagon was knocked down.

Greenway community sustained a very great loss on the sudden death of Mr. Wm. Sherritt who was found dead in a well on his farm last Friday morning. It is thought by the doctor that in lifting the pump log he took a stroke and fell into the water. He has lived in this section for nearly forty years and was well-known far and near being held in the highest respect by all who knew him.

The dreaded European corn-borer has spread to Lambton County, according to a statement made by C. R. Twinn, junior entomologist of the department of agriculture, Ottawa, who has been inspecting corn shipments passing Sarnia. Mr. Twinn announced that the pest had been found in the county in small numbers. He could not say whether the number found would warrant a quarantine.

While driving a bull to a pasture field tank Sunday night, James Scafe, a farmer, living two miles south of Blenheim, was attacked by the animal and gored to death. His remains were found later, terribly disfigured. Scafe, who was about 73 years old, went out at 8 o'clock to water the cattle. A search was made for him soon afterwards, but it was not till 11 o'clock that the body was discovered. He is survived by his widow and one son, on the farm.

Services in the Methodist church will be held next Sunday as usual at 10.30 and 7.30. The pastor will preach on the Ninth Commandment in the morning and the subject for the evening will be "The Eye."

Mr. and Mrs. Robert Catt and family and Mr. and Mrs. George Hillborn of Theford called at the Parsonage recently.

A MODERN SOLOMON

Windsor Star—Mr. Justice Mowat a distinguished member of the Judiciary of Ontario, says that the way women dress and bob their hair is none of the men's business.

"Men can't say what women want" his Lordship declared in commenting on an action then in progress before him. "The men know what they want to make themselves appear smart. The way men criticize women's dress and bobbed hair—it's none of their business. Let them dress the way they like."

What a deal of good sense there is in this comment by Justice Mowat. True, it has been said that woman dresses primarily with the object of pleasing the masculine eye. This is a disputed point, however. Some observers think that the object is to create admiration—or envy—by members of their own sex. Be this as it may, it is really somewhat out of place for an individual who wears a heavy, three-piece suit and a high-stiff collar the year round, to find fault with any feature of the modern woman's apparel.

Wedding Announcements and Invitations of the finest quality at The Guide-Advocate.

"IT PAYS TO ADVERTISE"

INWOOD

Mrs. Henry Cox of Dauphin, Man., is visiting relatives in Inwood and vicinity.

Mr. and Mrs. Alex Clark of Detroit are holidaying at the home of his father, Mr. Alfred Clark.

Mrs. Gladys Williams of Windsor is visiting her parents, Mr. and Mrs. Alex. Thompson.

Mrs. Baynton of Newbury spent a few days recently with her sister, Mrs. Wm. Chapman.

Mr. and Mrs. Will Cathers and children of Springfield, Ont., were weekend guests at Mr. Thos. Cather's. Miss Beatrice McCauslan is spending a week's holiday at her home near Sunnyside.

Mrs. Thomas Levitt and daughter of Sarnia were weekend guests at the home of Mr. John Elliott.

Mr. and Mrs. W. R. Dawson with their guests Mr. and Mrs. Cartwright and Miss Helen Cartwright of Louisville, Ky., attended the Conservative picnic at Port Stanley one day last week.

Mr. and Mrs. Forest Gibson and wee daughter, Jean, of Edy's Mills, were recent visitors at Mr. Alfred Clark's.

Miss Lillian Robertson of Decker-ville, Mich., was the guest of her cousin, Mrs. Robt. Dawson for a few days recently.

Miss Irene Morley, nurse-in-training at Little Falls, N. Y., is visiting her grandmother, Mrs. George White and other relatives in town.

Mr. Will Richardson and son Lyle of London visited the former's brother, Mr. R. J. Richardson last week.

Mr. and Mrs. Albert Atkin are holidaying at Leamington, London and other points.

Misses Rose and Lillian Johnson of Bothwell are visiting at Mr. Roy Chapman's and other relatives.

Mrs. Jas. Hill and Mrs. Joseph McClurg left Monday for a visit in Bowling Green, Ohio.

Miss Pearl Dudley of Windsor is visiting her cousin, Miss Marie Dudley.

Mr. and Mrs. Harry Bowen of Blenheim, former residents of Inwood, renewed friends here last Monday.

Mr. and Mrs. Bucke and son of London spent a couple of days recently at the home of Mr. M. S. Crawford.

Mrs. Mitchell Walker and daughter and Miss Christina Orange of Toronto visited Mrs. R. J. Richardson last Thursday.

Mr. and Mrs. S. S. Courtright and Mrs. G. S. Courtright returned Monday from Buffalo, N.Y., bringing Miss Cornelia Archer of Montreal, N. C., for a visit.

Mrs. D. C. Munro of Alvinston called on friends here one day last week.

Mr. Benjamin Richardson returned to Kerwood last week after a month's visit with his son, Mr. R. J. Richardson.

The Wyoming Baseball team were defeated by the Inwood team on the local diamond last Monday evening. A good fast game was played, the score resulting 4-3.

Mrs. W. H. Howbucker returned home to Kansas City, Mo., this week after an extended visit with relatives in the vicinity.

Inwood will hold civic holiday on Friday, August 25th. A good program of baseball and other sports will be held.

The funeral of Mrs. Rolland of Inwood, was held at Alvinston cemetery. Mrs. Rolland's sudden death occurred on Friday night at the home of her cousin, Mrs. Henry Johnston, Euphemia. She attended the Shetland picnic and was seized with illness, followed by a hemorrhage. Mrs. Rolland is survived by her husband and four children. She was 37 years of age.

The death occurred suddenly Monday evening, July 24th, at the family residence, lot 12, concession 9, Mt. Brydges Road, Caradoc, of James W. Collins, a well-known and highly respected citizen of the township. Mr. Collins was not enjoying the best of health for a time, but continued with his work on the farm. He was busy in the field when he suffered a stroke, which caused his death a few hours later. Mr. Collins was the youngest son of the late Jas. and Mary Collins, the parents residing on the same farm for some sixty odd years, and being about the first settlers of Caradoc Township.

ALVINSTON

Miss Olive Tedford spent the week end in Detroit.

Mr. Harold Wheeler of Guelph is spending his holidays at his home here.

Miss Jennie Wallis is spending her vacation as the guest of relatives in Detroit.

Mrs. Genge spent last week in Sarnia the guest of Mr. and Mrs. William Germain.

Mr. H. S. Cottrel, of London, spent the weekend at the home of Mr. and Mrs. George Shaw.

Mrs. Mark Burford, Mrs. Dougal Reader and Mr. Robert Luke motored to London on Tuesday.

Miss Blanche Snell of Toronto spent the weekend at the home of her parents, Rev. and Mrs. B. Snell.

Mr. and Mrs. Madero, of Woodstock, spent the weekend at the home of the latter's sister, Mrs. (Rev.) Snell.

Mrs. Hugh McAlpine and son Jack of London are visiting at the home of the former's parents Mr. and Mrs. Fred Benner.

Mr. and Mrs. Russel Shaw and son Lloyd of Detroit are visiting at the home of the former's parents, Mr. and Mrs. George Shaw.

Mr. George Tedford and Mrs. Louise Tedford spent Sunday at the home of the latter's daughter, Mrs. Stanley Tripp of Oil Springs.

Mrs. Annie Preuce and son, William have returned home after spending the past week as the guest of relatives in London and St. Marys.

Rev. and Mrs. Montieith left this week on their vacation, during Rev. Montieith's absence the pulpit will be occupied by Rev. A. U. Campbell of Chatham.

Mrs. McCree and children, Jean, William and Margaret, returned home on Monday after spending the past two weeks at the home of her sister, Miss Jessie Livingstone.

Miss Reva Welch accompanied by Miss Doris Welch and Misses Jean and Dorothy Bartlett left this week for London where she will spend a few days as the guest of her cousin.

The Women's Institute held a very successful bazaar and homemade baking sale on Saturday afternoon. The quilt kindly donated to the Institute by James Conn and for which tickets were sold was won by Miss Nellie Parker.

During a severe electric storm on Monday morning the valuable farm buildings of John Connor, 9th con., Brooke, was totally destroyed by fire together with the entire season's crops and implements. The loss is heavy, partially covered by insurance.

While returning home one evening recently Mr. Dan McCallum met with a very unfortunate accident. When descending the hill just east of town the brakes on his bicycle refused to work and the unfortunate man was thrown off, breaking his collar bone and sustaining painful cuts and bruises about the face.

AUCTION SALE OF FARM STOCK, IMPLEMENTS AND HOUSEHOLD GOODS the undersigned has received instructions from

BERT CUNDICK to offer for sale by public auction on the premises

Lot 20, Main Road, Warwick

THURSDAY, AUGUST 24th, 1922 the following stock and implements

1 driving mare 4 years old; 1 mare 5 years old H. D.; 1 Jersey cow (due time of sale); 1 cow (due 12 Oct.); 1 cow (due 25 March); 3 2-year old steers; 4 yearling steers; 3 yearling heifers; 2 2-year-old heifers; 400 bus. of oats; 100 bus. wheat; 40 tons timothy hay; 1 Standard separator nearly new; McCormick binder, 6 ft. cut, nearly new; Maxwell hay loader; 1 4-section hook tooth harrow; 1 2-furrow plow; wagon; light wagon with pole and shafts; high top buggy; 1 cutter; set of log sleighs; set of light sleighs; 10 water bowls for cattle; 1 light buggy; McCormick corn binder; fanning mill; 1 auto trailer; 1 2-horse corn cultivator; 1 set of 1000 lb. scales; 1 hay knife; 1 grindstone; wheelbarrow, nearly new; set of light harness, nearly new; set of light harness; set of diamond harrows;

Household Goods—3 table lamps; 2 hanging lamps; 1 parlor table; 1 gasoline iron; 1 vacuum cleaner with attachments; 1 set of bed springs; 1 dresser and wash stand; 1 toilet set; 1 coal oil stove; 3 burners; coal oil stove, 3 burners with oven, nearly new; 1 Lighter Day cook stove, nearly new; 1 Daisy churn; 40 gal. steel oil tank, and numerous other articles.

No Reserve as proprietor is giving up farming. Sale to commence at one o'clock **TERMS OF SALE**—\$10.00 and under, Cash; over that amount 12 months' credit on approved joint notes. 6 per cent. per annum discount for cash on sums over \$10.00. J. F. ELLIOT, Auct.

THE CORN EAR-WORM

Most Destructive Enemy of the Corn Crop.

The Mother Moth Lays Eggs During June, July and August—Egg to Moth Cycle About Forty Days—Deep Fall Ploughing Advocated—Horse's Efficiency Depends on Rations.

(Contributed by Ontario Department of Agriculture, Toronto.)

The moths responsible for the egg laying that produces so many destructive worms appear in June and deposit their eggs on various food plants during June, July and August. The female moths that are attracted to corn lay their eggs on the silks.

The eggs are small yellow circular flattened discs, that hatch three or four days after being deposited. The young worms feed on the silk for a day or two and then work down into the interior of the husk tips, where they continue to feed on the silks and tender kernels at the tip of the ear, gradually working downward as they grow to maturity. When fully developed the Ear-worms leave the ear and the soil, going down about four inches to pupate. Two weeks after entering the soil the transformation is completed, the worm that went down comes up as a moth.

Egg and Moth Cycle Covers Forty Days.

The life cycle egg to moth, is completed in about forty days. The brood that attacks the corn silks is the second brood of the season. The moths are strong fliers, and may fly considerable distance from their birthplace in search of new fields. No satisfactory method of destroying the corn Ear-worm has been devised. Deep fall ploughing to destroy the last brood of the season is in part successful. If all land owners would practice a general clean up and deep ploughing of all lands in the autumn this pest would be reduced considerably.

With many neglected areas scattered through the corn growing sections the insect's presence will be felt for some time.

Date of Planting a Factor In Control.

The date of corn planting is a factor of importance in escaping Ear-worm injury, with the probable date of the second brood of moths emergence, being known with fair accuracy, the planting may be done at a time to insure the corn ears being developed beyond the green silk stage before the moths of the second brood appear. The early planted corn has suffered less injury than the late.

Deep Autumn Ploughing Recommended.

Deep autumn ploughing of all land not in crop by the cleaning up of all materials that shelter insect life, the use of early ripening varieties of corn, early planting on well prepared land at dates well calculated to miss the major portion of the egg laying moths, are ways of reducing the probable injury from Corn Ear-worm.

L. Stevenson, Secretary Dept. of Agriculture, Toronto.

Horse's Efficiency Depends on Ration.

One of the factors that materially affects the efficiency of the work horse especially in hot weather is the feed he receives and the manner in which he receives it. In order that a horse may do a full day's work regularly throughout the summer months and yet maintain a presentable condition he must be fed just about to his full capacity. In order to do this and not injure his health, care and judgment must be exercised in the selection of feeds used.

The feeds best suited to form the principal components of the ration are good bright clean timothy or upland prairie hay and bright, clean, sound oats. The average horse weighing 1,500 pounds will require about 20 pounds of hay and 22 to 24 pounds of oats a day.

There is a wide variation in feed requirements of different horses of the same weight, however. Some do not have the capacity to consume and digest that much feed, and must be fed less even though as a result they cannot be expected to work so hard, while others commonly spoken of as easy feeders will keep up and do well on a little less feed than the prescribed amount. The successful teamster or feeder will study the individuality of his horses and feed accordingly.

Horses that are handled quietly and patiently will do much more work and keep in better condition on a given amount of feed than will horses that are abused and continually kept nervous and in fear of the driver.

The ration given above can be improved upon by cleaning up of all field until December and become quite dry can be successfully ensiled if sufficient attention is paid to wetting and packing thoroughly in the silo. The wetting must be complete and all the air possible pressed out by tramping the evenly spread cut fodder as it goes into the silo. With red clover, alfalfa, peas, oats, vetch, rye, sweet clover, mustard, grasses, sunflower, corn or artichoke stalks, there is little likelihood of overdoing the wetting if a stave silo is used, since such a structure permits any surplus moisture to drain away. With water tight cement concrete or tile silos a little judgment is required in determining the amount of water required to give complete saturation but not flooding. For further information regarding silo building and ensilage apply to the Department for a copy of Bulletin 287.—L. Stevenson, Secy. Dept. of Agriculture, Toronto.

ABOUT THE SILO FILLING

Both Cutting Outfit and Moisture Content Important.

Have Sufficient Horse-power for Cutting—How to Control the Moisture Content—Mustard—Advantages of Dairying.

(Contributed by Ontario Department of Agriculture, Toronto.)

When silo filling is to be done quickly, that is, one hundred or more tons of fodder cut per day, the cutter and the power must be in keeping with the work at hand. An eighteen horse-power engine or motor and a fourteen-inch blower cutter will handle one hundred tons per day. Where smaller silos are used and the farmer desires to, or has to, do the work largely with the farm help, small cutters can be used. Eight-inch cutters will handle three tons per hour if driven by an engine of not less than eight horse-power.

Have Sufficient Horse-power for Cutting.

Claims are often made that two or three horse-power outfits can do effective work, but this is a mistake. If the work is to be done quickly and effectively with the best use of labor the power should be ample. If it is desired to cut forty tons per day the power should be not less than eight horse. Sixty tons per day the power should be twelve horse. One hundred tons per day will require an eighteen horse-power engine. The cutter should be of the proper size for the power used. Carrier cutters do not require as much power as do the blower cutters, but the advantage of easier erection, simplicity and ease of wetting the fodder through the use of the blower offsets the increased power requirement. Cylinder and knife or fly-wheel types of machines are equally satisfactory providing of course that they are equally well built. Low priced, poorly constructed fodder cutters are dangerous. Select a cutter with a good reputation, and one that is as well built as a good steam engine is built.

Moisture Content Important.

It is essential that there should be sufficient moisture present in the fodder at the time it is being put into the silo to provide the water requirement for the ensiling process and leave the surplus necessary to have amply moist well made silage, after the fermentative and cooling processes have taken place. With sufficient moisture present in the ensiled mass there is little danger of the fermentation temperatures running too high, the greater the amount of water present the firmer the cut fodder will pack and the smaller the spaces for air. Corn in the early glazed or denting stage, oats, peas or vetch green enough for high grade hay making carry sufficient water in the natural juices to meet the requirement for ensilage. Frequently it is necessary to use corn, oats, peas or sunflowers that have suffered from drought, or have dried through delays or have been permitted to remain unharvested until long past the best condition for silage making. If so, the shortage of plant juices can be made up by the application of water in quantity sufficient to thoroughly wet the fodder.

How to Apply the Extra Moisture.

Water is best applied by running a stream directly into the fodder cutter while the fodder is being passed through and blown up into the silo. With water under pressure, a valve to control the flow and a section of garden hose the process of wetting the cut fodder is easily accomplished. Corn fodder that has remained in the field until December and become quite dry can be successfully ensiled if sufficient attention is paid to wetting and packing thoroughly in the silo. The wetting must be complete and all the air possible pressed out by tramping the evenly spread cut fodder as it goes into the silo. With red clover, alfalfa, peas, oats, vetch, rye, sweet clover, mustard, grasses, sunflower, corn or artichoke stalks, there is little likelihood of overdoing the wetting if a stave silo is used, since such a structure permits any surplus moisture to drain away. With water tight cement concrete or tile silos a little judgment is required in determining the amount of water required to give complete saturation but not flooding. For further information regarding silo building and ensilage apply to the Department for a copy of Bulletin 287.—L. Stevenson, Secy. Dept. of Agriculture, Toronto.

R. MORNINGSTAR

RURAL LEADERS AT THE O.A.C.

Over one hundred Rural Leaders of Ontario attended the Summer School for Rural Leadership at the Ontario Agricultural College, Guelph from July 24th to Aug. 4th. It was an inspiring sight to see so many interested in the betterment of conditions in rural homes and communities and willing to give up part of their hard earned holiday to the study of problems of Community Life in Rural Ontario.

The mornings began with a Bible study hour commencing at 7.40 a.m. This was under the splendid leadership of Rev. Prof. McFadyen of Queens' University. From 9 a.m. to 10 a.m. were lectures on "The Rural Home—Some Factors in its Welfare" the lecturers including Prof. R. R. Graham B.A., B.S.A., of the O.A.C., Dr. Gordon Bates, General Secretary of the Canadian National Council for Combating Venereal Diseases; and Miss E. M. Chapman, Assistant Superintendent, Women's Institute Branch Department of Agriculture, Toronto.

From 10 a.m. to 11 a.m. lectures were given on "Community Problems—Organization and Administration." These were under the fine leadership of Alexander Maclaren B.S.A., formerly lecturer in Rural Sociology at the O.A.C., and now Community Organization Secretary of the Social Service Council of Ontario.

At 11 a.m. came visits to the various Departments of the College when the Professors in charge would explain the work of their Department.

The afternoons were given over to recreation and instruction in group games, and the evenings to Lectures and discussions on Community Problems and Work, when such subjects as: "Rural Education; Consolidated Schools; Community Clubs; Work of the Women's Institute; etc., were taken up. Among the lecturers were: President J. B. Reynolds M.A., of the O.A.C., and Miss E. J. Guest, Special Lecturer, Women's Institute Branch, Ontario Department of Agriculture.

A number of resolutions were adopted dealing with Consolidated Schools; Improvement of Rural Schools; Supervision of playgrounds; etc.

President J. B. Reynolds M.A., of the O.A.C., will have charge of the School for next year, and the following were elected to serve on the Advisory Committee of the School to assist the President in planning the programme for 1923: Rev. H. Cotton of Copetown; Rev. S. Woods of Morrison; Rev. T. DeCourcy Rayner of Watford; Rev. T. B. Holland of Norwich, and Miss Hopkins.

LIQUOR RECORDS FOR LAMBTON DURING YEAR 1921

In the current report of the board of license commissioners for Ontario are some very interesting facts and figures concerning the liquor records for some years past in Sarnia and Lambton county. It is the sixth annual report covering the operation of the Ontario temperance act.

Statistics for the year closing April 30, 1921, included in the publication show the following concerning Lambton county and the city of Sarnia.

Prosecutions by provincial officers for infractions of the Ontario temperance act in Lambton east, 72 with 9 dismissals; amounts collected and payable to the province for fines imposed under the act, Lambton east \$2,874, Lambton west, \$7,045; expenses of enforcing the act, Lambton east, \$2,341; Lambton west, \$3,241; numbers of standard hotels, Lambton east 13, Lambton west 16.

Another table shows the number of commitments to each goal for drunkenness from 1911 to 1921, and in this table Sarnia is credited with the following figures: 1911, 76; 1912, 90; 1913, 157; 1914, 237; 1915, 138; 1916, 132; 1917, 115; 1918, 42; 1919, 9; 1920, 30; 1921, 38.

HUSBAND'S STORY WILL AMAZE WATFORD

He says: "Adler-i-ka helped my wife for gas on the stomach and sour stomach in TWENTY MINUTES. It works beyond greatest expectations. Adler-i-ka acts on BOTH upper and lower bowel removing foul matter which poisons the stomach. Brings out all gasses and sour, decaying food. EXCELLENT for chronic constipation. Guards against appendicitis. Adler-i-ka removes matter you never thought was in your system and which may have been poisoning you for months." J. W. McLaren, druggist, Watford.

Children Cry FOR FLETCHER'S CASTORIA
"IT PAYS TO ADVERTISE"

VALUE OF CANADIAN MOTOR HIGHWAYS

A remarkable increase in the volume of motor traffic into Canada, in 1921 is shown by the returns compiled by the Department of Customs. According to their registrations, 617,285 automobiles entered Canada for touring purposes during the calendar year 1921. Of these 615,074 remained for less than one month and 2,211 for a period of more than one month and less than six months. The total number for 1920 was only 93,300 or an increase of 523,985 cars in one year. Allowing an average expenditure of \$25 per day including gasoline and garage charges for the first class of car and an average length of stay of seven days, this traffic represents an expenditure of over \$107,000,000 while the 2nd class of car on the basis of an estimated expenditure of \$20 per day for thirty days was worth approximately \$1,326,600. This means that the motor highways of Canada brought in a foreign revenue last year of \$108,326,600. Estimated on a five per cent basis it means that improved roads are worth over two billion dollars to this country without taking into account the service they render Canadians themselves.

The registrations according to provinces were: Nova Scotia, 223; Prince Edward Island, 22; New Brunswick, 1,826; Quebec, 43,264; Ontario, 537,283; Manitoba, 8,020; Saskatchewan, 427; Alberta, 363; British Columbia, 25,957.

Dread of Asthma makes countless thousands miserable. Night after night the attacks return and even when brief respite is given the mind is still in torment from continual anticipation. Dr. J. D. Kellogg's Asthma Remedy changes all this. Relief comes, and at once, while future attacks are warded off, leaving the afflicted one in a state of peace and happiness he once believed he could never enjoy. Inexpensive and sold almost everywhere.

THE SUMMER SHOWER

I beheld the summer rain-cloud charged with moisture cool and sweet,
Dropping down the crystal raindrops on the hot and dusty street.
Falling here and falling yonder, bringing blessing from the sky,
Here, to freshen all the landscape; there to cool the passerby.

How the brown earth drank the rain-drops where they fell upon the sod,
And the grass, it smiled a welcome as they filtered through its sod,
And each tree and plant and flower put on still a fresher hue,
As the breezes shook the crystals from their leaves—like drops of dew.

But the clouds went rolling onward far beyond the dusty town,
Even where the need was lacking precious drops kept falling down—
Some were lost upon the bosom of the river rolling by,
Others sank in dismal marshes where the grass grew rank and high.

Though compelled by law of nature to fall downward from the sky,
Yet an unseen law is working that returns them back on high.
Brief indeed has been their mission—soon their earthly course is run,
Unobserved they climb the stairways mounting upward to the sun.

Though they've washed the filth and litter from thoroughfare and street,
Though they've lain in the marshes where the smell is far from sweet,
Yet, distilled in tiny droplets they mount upward to the skies,
Leaving here all dross and tarnish by a law that purifies.

Though earth-tarnished, we like raindrops that arise in mists from earth,
May be touched by Heavenly Chemist and partake of Royal Birth.
Then from glory unto glory we'll thro' countless ages shine
Clothed in His eternal beauty by a power—all Divine.
—G. D. LEE.

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

100 Per-Cent Pure

"SALADA"

Tea as staple as our daily bread

Sarnia Business College

IT'S A GOOD SCHOOL

GOOD NEWS FOR THE HOUSEWIFE

The last things a woman wants to give her house to are INSECTS!

- The Flies that carry disease.
- The Moths that ruin clothes and blankets.
- The Roaches that creep around the kitchen after dark.
- The Fleas that make dogs' and cats' lives miserable.
- The Mosquitoes that banish sleep.
- And, horror of horrors, bedbugs!

Heretofore, the remedies for these home invaders have been almost as bad as the insects themselves. Insect powders are messy to use. They leave telltale traces of the battle you are waging against bugs. Fly paper isn't a pleasant thing to look at.

WHY FLYOSAN IS SO GOOD:

- 1.—FLYOSAN kills flies, ants, fleas, mosquitoes, roaches, bedbugs, moths, lice on animals,—in short, a great variety of insects.
- 2.—It brings bugs out of their hiding places and then kills them. You see it work. You know when you have finished the job.
- 3.—FLYOSAN is absolutely nonpoisonous to other than insect life. Its action on insects is purely mechanical. It kills them by strangulation. It clogs their breathing apparatus.
- 4.—It is easy to use. You can apply it with a sprayer. Anyone can use it effectively.
- 5.—Its odor is pleasing and aromatic, lasting only a short time after use and quickly dissipated by fresh air.
- 6.—FLYOSAN may be used without fear of injury to wall paper, furniture or fabrics. It evaporates without leaving a trace.

Most liquids, as you know, smell badly, discolor and stain—all unpleasant reminders of the things you are trying to be rid of and forget.

Insects and FLYOSAN simply cannot exist in the same house.

SIDDALL DRUG CO., WATFORD

GOVERNMENT CO-OPERATION REGARDING EX-SERVICE MEN

Co-operation and assistance by the Dominion Government in the burial of ex-service men who die from wounds or sickness contracted in the war has now been authorized by order-in-council. The Imperial Graves Commission has fixed August 31st, 1921, as the termination of the war as regards its operations, and that therefore deaths occurring after that date are not covered by the authority of that commission or its Canadian Agency. Special action has consequently been made necessary by the Canadian authorities as regards war veterans who may die after that date from wounds or illness contracted in service. It is pointed out that the Canadian Government is already co-operating in the matter of personal inscriptions to the extent of bearing the cost of such inscriptions rather than have it borne by the relatives of the deceased soldier or sailor. The action now authorized by order-in-council is that the Government of Canada bear the cost of the erection of a headstone for the grave in Canada for each member of His Majesty's naval and military forces whose death occurred or shall occur during the period between September 1st, 1921, and August 31st, 1923, under such circumstances and from such causes as would have brought the death within the scope of the operations of the Imperial War Graves Commission up to August 31st, 1921. The order-in-council further provides that the cost of the headstone is not to exceed \$50.

If one be troubled with corns, he will find in Holloway's Corn Remover an application that will entirely relieve suffering.

FARMER'S WIFE REGAINS HEALTH

Gives Credit to Lydia E. Pinkham's Vegetable Compound

Fork River, Manitoba.—"I saw in the newspapers where Lydia E. Pinkham's Vegetable Compound was doing so much good to women, and as I needed something I began to take it. I used to be very sick but I am not now. I live on a farm in the home-stead district and we have to do all our own work. I tell all the women I see what Lydia E. Pinkham's Vegetable Compound does for me. I think it saves me from going to a doctor and is the best medicine women can take."—Mrs. WM. COULTAS, Fork River, Manitoba. Lydia E. Pinkham's Vegetable Compound is a medicine for the ailments peculiar to women. It is prepared from medicinal plants, with care and accuracy. It can be taken by women of any age. Women make a serious mistake in allowing themselves to become so weak and nervous that it is well-nigh impossible for them to attend to their necessary household duties. Such symptoms as pains and irregularities, all-gone feelings, backache, headache, hot flashes, nervousness, and a general run-down condition, indicate some form of female trouble. The Vegetable Compound has brought relief to thousands of women suffering from such ailments. Let it help you.

No Crime to Change Your Mind

BY R. RAY BAKER

(© 1920, by McClure Newspaper Syndicate.) Melvin Colter was dressing for the big event of his life when the telephone downstairs interfered. Just why he thought some one was calling him he couldn't explain. Perhaps it was because he feared it. Sure enough, Mrs. McClintney shrieked up the stairs and told him he was wanted; so for the present he abandoned the task of making a refractory bow tie look presentable, put on his smoking jacket, adjusting the collar around his bare neck, and went down, gripped by a feeling of foreboding. "Hello, Mel," said the sweet voice of his bride-elect. "Say, Mel, I can't marry you today." The worst had happened. The foreboding was well founded. For two years Melvin had been trying to marry Evelyn Moyer, and up to two months ago he never had succeeded in even proposing. Always something had intervened at the psychological moment. On one occasion, when he was endeavoring to tell her how dismal life would be without her, the house had caught fire and caused a postponement of the attempt. Another time, in the woods during a spring ramble, a snake had rustled in the bushes and caused Evelyn to flee while Melvin was framing sugar-coated sentences. Again, they were paddling a canoe, which began to leak while he was preparing to unfold his heart's secret. But at last he had succeeded in unburdening himself. Evelyn had made him joyful by consenting, and the marriage date was set. All the time Melvin was apprehensive that the fates would interfere. The cause of this apprehension was his knowledge of Evelyn's volatile moods. She was forever changing her mind about things. She had intended going to a conservatory for a finishing course in music, but at the last moment had given it up. She had a trip to the Pacific coast planned, to visit an aunt in Portland, and at the station, with the ticket in her hand, had decided not to go. It was Evelyn's one big fault, this changeableness, and Melvin feared it would intrude on his matrimonial program. But the day of the ceremony dawned with a bright sky and everything looked serene. The wedding, which was to be simple with only close relatives and friends attending, was scheduled for high noon, and the bride and groom were to leave Jefferson City shortly after for Chicago, there to take a steamer for Mackinac Island, Melvin having obtained a summer position as wireless operator at the new station at the famous resort. The boat trip and the honeymoon. Yes, everything seemed serene at last, until the telephone bell rang. "But Evelyn, what's the matter?" Melvin protested. "I'm all dressed." "I've just changed my mind," said Evelyn sweetly. "It's no crime to change your mind, is it? This is Friday, and it's unlucky to start anything on Friday." Melvin actually was on the verge of tears when he returned to his room. He felt sad, exasperated and angry all at the same time, with each emotion striving to outdo the others. He tore the bothersome tie to shreds, stripped off his best clothes and threw them into a suitcase, and put on a business-like checked suit. He was undecided whether to take the train without going to see Evelyn, but decided not to. She was sweetly adamant over her decision against marriage at present. "I've just changed my mind, that's all. You'll have to go to Mackinac alone, and I'll follow after, and we'll get married up there—maybe." Melvin gave up argument and reconciled himself as best he could. He couldn't postpone the trip without losing his job, so he left that afternoon. The weather was perfect for the lake trip, and he would have enjoyed it if only Evelyn had been with him. "I've a good mind to give her up," he told himself more than once. "She's too changeable. I can't get used to it. When I decide to do a thing I do it, come what may." For several days after his arrival on the island Melvin refrained from writing to Evelyn. He did a lot of thinking and came to the conclusion he had been too lenient. "She needs some bossing," he decided, and he sat down and wrote a letter in which, among other things, he said: "The Mohawk leaves Chicago next Friday morning and will arrive here

A Prime Dressing for Wounds.

In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not scar the skin or burn the flesh. m
