The copy filmed here has been reproduced thanks to the generosity of:

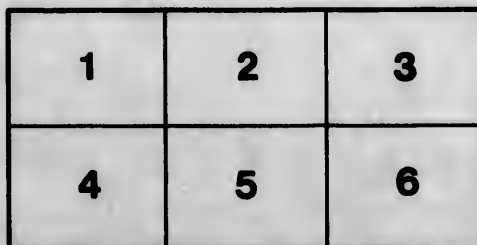

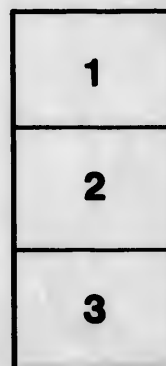

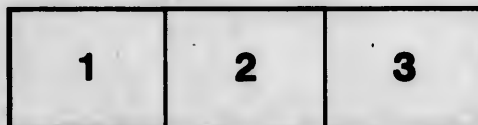

Library of the Public
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol $\longrightarrow$ (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole $\longrightarrow$ signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

TO OUR READERS.

The Publishers, in presenting to the Public this Twenty-eighth annual edition of the Montreal Pocket Almanac, avail themselves with pleasure of the opportunity to thank its patrons for their continued support, and also its numerous friends engaged in public offices and otherwise, for their polite and considerate attention in promptly furnishing them corrected lists of their several departments for the ensuing year; and trust that a strict attention to the accurate insertion of the various items of information it contains, will be found to characterize the present edition to an equal extent with those of former years.

The lists of the Dominion Government Departments at Ottawa, and those of the four Provinces, have been revised at the various offices up to time of going to press. Its increased number of pages, embodying more fully than formerly, the Institutions, Benevolent, Ecclesiastical, Literary and Social, pertaining to the City of Ottawa, will, it is hoped, be found generally acceptable, and an addition not inappropriate to the title and scope of the work, considering the intimate relations, governmental and otherwise, which that city holds to our own, as the Capital of the Dominion of Canada.

REGULATIONS AND RATES.

Letter-Rates.—Letters posted in Canada, addressed to any place within the Dominion, pass, if pre-paid, for 3 cents per half-ounce, but if posted, unpaid, are charged 5 cents per half-ounce.

On letters to Prince Edward's Island, the rate is 3 cents per half-ounce, if pre-paid, 5 cents, if unpaid.

The rates on letters to the United Kingdom will be:

By Canadian Packet, 12 cents per half-ounce.

By Cunard Packet, 15 cents per half-ounce, advancing by one rate for each half-ounce.

Letters for the United Kingdom must be pre-paid, or they will be charged a fine of 6d. sterling in addition to the deficient postage on delivery in England.

Letters for British Colonies and Possessions, beyond sea, and for Foreign Countries, *via* England, must be pre-paid.

The rate on letters for the United States, 6 cents if pre-paid, 10 cents if unpaid.

The following table exhibits the rates to most of the principal countries in postal communication with Canada:

‡To San Francisco only, an additional charge on delivery.

N. B.—With the exception of those marked with an asterisk, all are to be sent by *Canadian Line* only; for Cunard Line, add to the above rates 3 cents for letters.

The British Post Office forwards letters to Canada by the first packet sailing after the letter is posted, unless the letters bear a special direction,—“By Canadian Packet,” or “By British Packet,”—and in that case, they are kept over for the packet designated. “By Canadian Mail” is not a distinctive superscription; for any mail for Canada is a “Canadian Mail,” by whatever packet forwarded.

Registration Charges.—For the registration of a letter addressed to any place in British North America, the charge is 2 cents.

For the registration of a letter to the United Kingdom, 8 cts.

For the registration of a letter to the United States, 5 cts.

France, and other countries for which letters pass through France, an amount equal to the postage.

No letter can be forwarded, as registered, unless postage and registration fee are both pre-paid.

Miscellaneous Charges.—The charge on parcels, by Parcel Post, to any place in Canada, is 12½ cents per half pound, (with 5 cents additional, if registered). No parcel must exceed four pounds in weight.

One cent per ounce, payable in advance by postage stamp, is the rate on printed circulars, prices-current, hand-bills, and other printed matter of a like character; and on books bound or unbound, when posted at a Canadian Post Office, addressed to any place in Canada, British North America generally, or the United States.

The charges upon prices-current, when addressed to the United Kingdom, is 2 cents each, and must be pre-paid by postage stamp.

Postage Rates on certain Miscellaneous Matter passing within the Dominion of Canada, or to and from the United States:—

1.—Packages of seeds, cuttings, bulbs, roots, and scions, or grafts and Botanical specimens, may be posted in Canada for delivery within the Dominion, or to an address within the United States on prepayment by postage stamp of a rate of one cent per ounce; and when received from the United States, addressed to any place in Canada, such packages may be delivered on payment, by the person addressed, of a like rate.

2.—The limit of weight for such packages will be one pound. No letter or communication intended to serve the purpose of a letter must be enclosed in them; and they must be so put up as to be easy of examination, for the purpose of verifying the alleged contents. If put up in bags, the bags must be simply tied at the neck, so as to admit of inspection; and, in the case of such packages mailed in Canada, the nature of the contents, such as “Seeds,” “Roots,” &c., as the case may be, must be marked on the package by the sender, as a statement of the claim to pass at the reduced rate above mentioned.

3.—Book and newspaper manuscript, and printers' proof-sheets (whether corrected or not,) maps, prints, drawings, engravings, photographs (when not on glass or in cases containing glass,) and sheet music (whether printed or written,) to any address in Canada or the United States, may pass in covers open at the ends or sides, and provided that no letter, or other communication intended to serve the purpose of a letter, be enclosed therein, on prepayment, when posted in Canada, by postage stamp of the ordinary printed-matter rate of one cent per ounce; or upon payment of that rate on delivery on such matter when received in the mails from the United States.

Transmission of Patterns of Merchandise and Samples between Canada and the United Kingdom, and certain other countries:—

4.—Patterns of merchandise and samples may be forwarded between Canada and the United Kingdom, and Denmark, France, Italy, Belgium, the German States, Netherlands, Portugal and Switzerland, by the Canadian packet mails, at book-post rates, and subject to the following conditions:

A.—The patterns or samples must not be of any intrinsic value; and this rule excludes all articles of a saleable nature, and whatever may have a value of its own, apart from its mere use as a pattern; nor must the quantity of any material or article, sent as a pattern or sample, be so great that it could have on this ground an intrinsic value.

On this point an explanation in a subsequent Departmental Order, appears as follows:

B.—It has hitherto formed part of the Imperial Post Office regulations that "*samples or patterns must not be of intrinsic value,*" but in consequence of the difficulty that has been experienced in determining what is, and what is not, a pattern or sample of merchandise of intrinsic value, this prohibition has been removed.

The modification is a verbal one, and will not alter nor enlarge in any way, the character of the transmissions permitted to pass by pattern post.

The special prohibition as to intrinsic value has, it is understood, been withdrawn, not because the question of value will not still influence a decision as to whether an article offered for transmission by pattern post is a genuine commercial sample (or pattern) or not, but because as a general proviso it could not well be enforced; inasmuch as every article whether properly a pattern or sample or not, has necessarily more or less of an intrinsic value, and might be held to be amenable to a strict construction of this prohibitory clause in the regulation.

C.—The patterns, &c., must be sent in covers, open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and such like, which cannot be sent in open covers, may be enclosed in bags of linen or other material, simply tied at the neck; or, provided that bags be transparent, they may be entirely closed, if they are for delivery within the United Kingdom. Bags, however, entirely closed, even though they be transparent,

must not be used for the transmission of seeds to foreign parts.

D—The rule which prohibited the transmission through the post, as patterns, of articles of cutlery, &c., has been rescinded; and scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like articles, are now allowed to be forwarded by the post as samples, provided they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags, and to the persons of the officers of the post office. Such articles, however, must be so packed that they may be easily examined; and it is made a rule that any packet containing such articles, which may be found to be insufficiently guarded, shall not be forwarded through the post.

No packet of patterns or samples, posted for delivery within the Dominion, must exceed 24 oz. in weight.

A packet of patterns or samples sent to France or Portugal, must not exceed 18 inches in length and 12 inches in width or depth; a packet to any other place abroad must not exceed 24 inches in length, or 12 inches in breadth or depth.

The limits of weight are as follows:

Canada.....	24 oz.	Belgium.....	8 oz.
Great Britain.....	24 "	Netherlands.....	16 "
France.....	36 "	Portugal.....	16 "
Germany.....	8 "	Denmark.....	48 "
Italy.....	36 "	Switzerland.....	48 "

None of the articles named in the rule D may be sent as patterns or samples to any place abroad, except Germany, Belgium and the British colonies, and not to these places when addressed "via France."

There must be no writing or printing other than the address of the person for whom the packet is intended, the manufacturer's or trade mark and number, and the prices of the article.

Any infringement of the above regulations will render the packet liable to be treated and charged as a letter.

The rule which forbids the transmission through the Post of any article likely to injure the contents of the mail-bags will apply to patterns and samples; any package transgressing this rule is to be sent to the Postmaster-General.

Transmission of Patterns and Samples within the Province of Canada:—

Patterns or samples of merchandise and goods for sale may be posted in Canada to be forwarded to any place within the Province, on prepayment by postage stamp of a rate of one cent per ounce, under the following regulations:

I.—Patterns or samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material, fastened in such a manner that they may be readily opened—or in bags entirely closed, provided that they be transparent, so that the offi-

cers of the Post Office may be able to satisfy themselves as to the nature of the contents.

II.—The packet may bear on the *outside* the address of the sender in addition to the address of the person for whom it may be intended—also a trade mark and numbers, and the price of the articles enclosed—*inside*, there must be no enclosure but the samples or patterns themselves—the particulars, however, of the trade marks, numbers and price, may be marked on the articles themselves instead of on the outside of the packet at the option of the sender.

III.—Any sample or pattern packet containing a letter or otherwise violating the conditions of the preceding rules is to be rated and treated as a letter.

IV.—The rate of 1 cent per ounce is to be prepaid by Postage Stamp,—and if such rate be not fully prepaid by the stamps affixed—the packet is to be rated with the deficient postage and a fine of 5 cents in addition.

V.—Packets of samples and patterns may be registered on prepayment by postage stamp of a registration fee of 5 cents in addition to the postage rate—and provided such packets be duly handed in to the Post Office for registration.

A registration receipt or certificate should always be given for such packets when presented for registration.

VI.—No packet of samples or patterns must exceed 24 ounces in weight; any packet exceeding that weight is to be sent to the Postmaster-General.

Book Post.—Books, bound, or unbound, posted in Canada, and addressed to any office in the Dominion, British America, and the United States, are chargeable with a rate of one cent per ounce which must be pre-paid by postage stamps.

Book packets are forwarded by post from Canada to the United Kingdom *vice versa*, by Canadian steamer, at the following rates:—For each packet

Not more than 4 oz.	7 cts.
Exceeding 4 oz., and not exceeding 1 lb.	12 1/2
“ “ 1 lb. and not exceeding 12 oz.	19
“ “ 12 oz. and not exceeding 1 lb.	25
“ “ 1 lb. and not exceeding 1 1/2 lb.	32

And so on, the scale progressing throughout by a single rate for every four ounces.

And by Cunard packet:—

Not more than 4 oz.	9 cts.
Exceeding 4 oz., and not exceeding 8 oz.	17
“ “ 8 oz. and not exceeding 12 oz.	25
“ “ 12 oz. and not exceeding 1 lb.	33

And so on, adding one rate for every 4 ounces.

5.—No prints or printed matter will be allowed to pass by book post between the United Kingdom and Canada, unless printed on paper, parchment, or vellum.

Book packets addressed to the United Kingdom can be registered on payment of the ordinary registration fee (5 cents) in addition to the postage.

Money Orders on the Lower Provinces.—The Money Order Offices in Ontario, Quebec and New Brunswick, draw also upon Money Order Offices in Nova Scotia, Prince Edward Island, and Newfoundland. The Orders, like those of the United Kingdom, are made payable in Sterling money, and for sums up to £10 sterling. The terms are:—

For Orders up to £5..... 25 cents.

For Orders over £5, and up to £10..... 50 "

The Money Order Post Offices in the Dominion are furnished with lists of all the Money Order Offices in Canada, the United Kingdom, Nova Scotia, New Brunswick, Prince Edward Island and Newfoundland; and the Postmasters are instructed to afford every information in their power, in respect of the places upon which they draw, together with any other information relating to such issues as the intending remitters may desire.

POST OFFICE SAVINGS BANKS.

The Post Office Savings Banks, established by Statute in the last Session of Parliament, commenced operations in Ontario and Quebec on the 1st April, 1868.

2. The direct security of the Dominion is given by the Statute for all deposits made.

3. At each Savings Bank Post Office, the Savings Bank regulations may be read by the public, giving full information with respect to the mode of depositing and withdrawing money, and these regulations are printed on the cover of the Pass Book supplied to each depositor.

4. Any person may have a deposit account, and deposits are received daily, during the ordinary hours of Post Office business, of any number of dollars, from \$1 up to \$300, the total amount which can be received from a depositor in any one year, except in cases to be specially authorised by the Postmaster-General.

5. The Postmasters of the Savings Bank offices will act as agents for the receipt of the money deposited for transmission to the Postmaster-General, and for the payment by the Postmaster-General of money withdrawn by depositors.

6. Each depositor is supplied with a Pass Book, and the sums paid in or withdrawn, are entered therein by the Postmaster receiving or paying the same. In addition, a direct receipt for each amount paid in, is sent to the depositor from the Postmaster-General, and the Postmaster-General will issue a cheque, payable at any Post Office Savings Bank desired, for any sum withdrawn.

7. Every depositor's account is thus kept with the Postmaster-General, and a depositor may pay into his or her account with the Post Office Savings Bank, at any of the Savings Bank Post Offices which at the time may best suit his convenience, and exercise the same choice in drawing out money, subject only to the obligation of producing the Pass Book, in proof of identity—whenever paying in or drawing out money.

8. Interest at the rate of 4 per cent. per annum is allowed on deposits lying in the ordinary deposit accounts, but when a de-

positor has \$100 deposited, he or she may request the Postmaster-General to transfer this sum to a special account, and will then receive a Certificate of such special \$100 deposit, bearing interest at 5 per cent. per annum.

9. Postmasters are forbidden by law to disclose the name of any depositor, or the amount of any sum deposited or withdrawn.

10. No charge will be made to depositors on paying in, or drawing out money, nor for postage on communications with the Postmaster-General in relation thereto.

11. The Postmaster-General will be always ready to receive and attend to all applications, complaints, or other communications addressed to him by depositors or others, relative to Post Office Savings Bank matters.

12. Additional Post Offices will, from time to time, be authorized to act as Savings Bank agencies.

12. No Fishing Boat, or boat used in Ferrying, under 15 tons burthen, shall, except by special license or permission, carry any goods from a Foreign Country, which are liable to duty, under pain of seizure, unless the same (in the case of Ferry Boats) be for the sole use of some passenger then on board.

PROSPECTUS

OF

The Anglo-American Peat Company

*Incorporated by Charter,
Under the Act 27 & 28 Victoria, Cap. 23,*

THUS LIMITING THE LIABILITY OF EACH SHARE-
HOLDER TO THE AMOUNT OF HIS STOCK.

The Capital Stock of the Company is \$200,000. in 8,000 shares of \$25 each.

The principal Office of the Company is in the City of Montreal, with a Branch Office in Hamilton, Ont.

The Company holds the whole of the Great Peat Bog, containing over 3,000 acres, in the County of Welland, Ontario, and has commenced the manufacture of compressed Peat Fuel on a moderate scale, with facilities for increasing the production as may be required.

The price at which the land was purchased, less than \$50 an acre (see estimates within,) is very low, considering the excellent nature of the Peat throughout its whole extent, it having been examined by professional and practical men, and found to possess resinous qualities, which make the Fuel, prepared from it, equal in value to the best Steam Coal. Similar lands are held in the United States at \$100 to \$1,000 an acre, according to their position in relation to a market.

During the past years, an extensive system of draining has been completed, and roads have been made, on which the tram-ways are laid, so as to deliver the fuel on the bank of the Canal at small expense.

The location of this Peat Bed is probably the most favorable on this continent for shipping the fuel when manufactured, being within half a mile of the Welland Canal. The markets of Toronto, Hamilton, Buffalo, Lockport, Cleveland and many other cities, can be reached by water at an expense, for freight, of not over 50 cents a ton.

Many of the Steamboats and Propellers which are constantly passing upwards and downwards through the Canal, would prefer this fuel to coal or wood, and economical arrangements have been made to load vessels at the Canal bank, with the utmost despatch.

A ton of Peat Fuel is fully equal in heating power to one cord of the best Hard Wood.
