HENRY RETURNED BY HANDSOME MAJORITY

East York Electors Did Not Turn Out as Strongly as in Former Years, But Endorsed the Whitney Candidate by More Than Six Hundred Majority.

East York electors again endorsed the administration of Sir James Whitney and his government yesterday by electing Geo. S. Henry as their representative in the legislature. Over 2322 votes were polled, and Mr. Henry's majority, although there are still a few polling subdivisions to hear from, is 616.

Compared with the last election, when Sheriff McCowan was returned, the vote was remarkably light, being 350 votes less than formerly. The results in the various districts were as follows:

Table with 2 columns: District, Votes. Includes entries for Henry Chamberlain, York Township, Richmond Hill, North Toronto, Markham Village, Scarborough, Markham Township, and Scarborough Township.

Result Was Certain. The general feeling of certainty regarding Mr. Henry's return made the voters somewhat apathetic regarding the election, and there is little doubt that had the total vote been larger, Mr. Henry's majority would have been very much increased.

Mr. Henry's Thanks. When interviewed by The World last night, Mr. Henry said: "I don't know that I have very much to say, except to express my sincere thanks to the electors of East York for the handsome majority they have given me at the election today. Many of my friends, I am sure, neglected to poll their votes, feeling confident of my election. Considering the total vote cast, however, I feel that my candidature has been handsomely endorsed, and that the government under Sir James Whitney will feel encouraged to continue to administer the affairs of the province along progressive lines. I trust I shall discharge the duties now entrusted to me, so as to merit in some measure the favor of the large cosmopolitan riding of East York. No Enthusiasm. "The most astonishing feature of the campaign has been the failure of Mr. Chamberlain and myself in conjunction with the newspapers to awaken any enthusiasm one way or another. Evidently the electors of East York did not make Mr. Chamberlain's temperance platform seriously, and are quite content with the progress being made by the present government along these lines."

DUKE OF CONNAUGHT WENT TO IRELAND. Precautions Taken to Prevent the Public From Knowing of Journey.

LONDON, Sept. 8.—The Daily Citizen, a Labor organ, announces that the Duke of Connaught crossed to North Ireland last night and precautions have been taken to prevent the journey from becoming publicly known. It suggests that the visit has some connection with the Ulster agitation, as the Duke of Connaught has been mentioned as the first Veroy of Ireland under home rule.

PLASTERER IS DEAD AS RESULT OF FALL. Walter Walkinson Was Injured on Saturday and Passed Away Yesterday.

Walter Walkinson, aged 35, 47 Swanton street, died in the New General Hospital yesterday of injuries he sustained on Saturday. Walkinson, who is a plasterer, fell from a scaffold and was knocked unconscious. He was taken to the Western Hospital, but died. An inquest will be held.

Three young lads from the western part of the city, working at the Exhibition and on Saturday, decided to follow the King streets yesterday and were arrested by the chief of police yesterday. Their parents will bring them back and they will be sent to school.

FELL FROM MICE WAGON. Robert George, Black Horse Hotel, fell from a Knickerbocker ice wagon at Widmer and King streets yesterday and was injured, and was seriously injured. Dr. McCracken's trained nurse attended him at the surgery, and he was then taken home.

GEORGE S. HENRY, ex-warden of York County, who yesterday defeated Albert Chamberlain in the by-election in East York by a majority of 616.

SWINDLER RAY ACROSS BORDER

Much Wanted Imposter Coolly Returned to Brantford Secured Valise and Departed.

BRANTFORD, Sept. 8.—(Special).—That James Ray, the much-wanted bank swindler, came to the depot of the Grand Trunk railway here on Saturday morning to recover a grip which he had inadvertently left at the depot was the statement of the baggage master here today.

Ray came to the city on Wednesday last and reported to the railway authorities the loss of a handbag. He returned on Saturday and secured his property. No clue was secured as to his destination, although it is thought that he took a train to the border, probably Niagara Falls.

LITTLE ENGLAND IDEAS DISCARDED

Hon. Herbert Samuel Says British Liberalism Now Has Distinctly Imperialistic Tinge.

WINNIPEG, Sept. 8.—(Can. Press).—"If you are proud to be members of the British Empire, as I believe you are, you are in the mother country are no less proud to count you as such," was the declaration of the Right Hon. Herbert Samuel, British postmaster-general, speaking to 1200 members of the Canadian Club at a luncheon in Manitoba Hall today.

Pointing out that the English Liberal party had discarded "Little Englandism," and that "Cobden" had never determined the policy of that party, he emphasized the fact that the age when the dominions or the colonies used to be regarded with indifference in the old country had passed absolutely.

The people of Great Britain were cordially in sympathy with the vigorous and active democracies in the new countries, and he was convinced that when Ireland got home rule we might see the people of that country as proud of the empire, as sympathetic to the great dominions, and rendering as useful service as any other portion of the United Kingdom to the progress and welfare of the dominions over the sea.

While he did not desire to interfere in any degree with the management of their own Canadian affairs, they would believe him, he said, when he stated that at home in Great Britain, Canada was much in the minds of the people.

FELL TO CELLAR SERIOUSLY HURT. Louis Pollard Lies in Western Hospital With Injuries to Back.

Falling down the cellar stairs at his home late yesterday afternoon, Louis Pollard, aged 67 years, 251 Salem avenue, was very seriously injured, and now lies in the Western Hospital in a critical condition. Although Mr. Pollard's injuries are a big handicap, the hospital authorities hope for his recovery.

WILSON TARIFF BILL REACHES FINAL VOTE IN SENATE TODAY FIGHT IS ON WOOL AND SUGAR

Democratic Lines in Senate Hurdled Back Amendments Offered by Opponents of Free Wool and Sugar and Cleared Decks for Final Action This Afternoon.

WASHINGTON, Sept. 8.—(Can. Press).—The senate will vote on the Democratic tariff bill tomorrow afternoon, at 4 o'clock. This agreement was reached tonight at 11:45, when it became apparent that it would be impossible to carry the plan to pass the measure before adjournment.

The party leaders agreed to keep the senate in session until well into the morning, to dispose of as many of the reserve amendments still pending as possible, and then to adjourn until 9 o'clock tomorrow morning. Democratic lines in the senate stood solidly tonight against the final onslaught of the tariff fight. With party leaders urging their colleagues on to approval of the bill, the ranks closed up against the anti-free wool and anti-free sugar forces, and defeated all amendments to the bill as fast as they came to the vote.

Tried to Make Past. Repeated efforts were made to secure a general agreement for a final vote on the bill at some definite hour tomorrow afternoon. Democratic leaders will be willing to adjourn at midnight if such an agreement could be reached, but while negotiations were under way they insisted the senate should remain at work with the prospect of an all-night session if the attempt at the agreement failed.

Among the amendments defeated was that of Senator Norris for a 15-cent tax on inheritances. This was beaten by 58 to 12, the following Republicans joining the Democrats in voting against it: Senators Brandegee, Catron, Clark of Wyoming, Colt, Fall, Gallinger, Jackson, Lippitt, Lodge, Oliver, Penrose, Perkins, Root, Sherman and Sutherland.

Two attempts by Senator La Follette to secure the adoption of substitutes for the Democratic wool tariff failed by strict party votes. There remained the prospect of a final wool vote when the single item of free wool was reached in the free list of the bill.

Sugar and Wool Fight. Senator Randall, in beginning his fight against free sugar, announced that he opposed free wool also, and would join in any attempt to have a small duty put on that product. He had voted against the La Follette amendment, which embraced tariff duty on all classes of woolen goods, and he expected he would support the Republicans in the last fight against the wool item in the free list.

Senator Stinson questioned Senator Randall's right to ignore the agreement reached by the Democratic conference to support the bill. Senator Randall insisted he had reserved the right to vote as he pleased on any section of the tariff bill.

SHUFFLE IN CHINESE CABINET ATTITUDE TO JAPAN FRIENDLY

Regret Concerning Killing of Japanese in Nanking Expressed and Compensation to Families of Victims Proffered—Six New Ministers Will Take Office Under Reconstruction Plans.

PERKIN, Sept. 8.—(Can. Press).—The Chinese Cabinet has been virtually reconstructed. The nomination of six new ministers, has been approved by the lower house. The new members of the cabinet are as follows: Foreign affairs, Sun Pao Chi, former governor of Shantung Province; interior, Chu Chieh-Chien, formerly minister of communications; justice, Wang Chi-Chiao; education, Wang Tai-Shi; industry, Chang-Chi Yen, formerly president of the board of agriculture; communications, Chow Tsz-chai, formerly acting finance minister.

Premier Hsiung Hai Ling will take the portfolio of finance temporarily. The cabinet includes three partisans of the reformer Kang Yu Wei.

The Chinese Government is much concerned over the agitation in Japan in connection with the killing of several Japanese during the fighting at Nanking and, desiring to make reparation, has instructed the Chinese chargé d'affaires at Tokio to express regrets to the Japanese foreign office. The Chinese foreign office here has already expressed regrets to the Japanese legation.

Attitude is Conciliatory. The general command at Nanking has sent a message of sympathy to the Japanese consul-general, and has offered to compensate the families of the victims. The newly-appointed Chinese minister at Tokio has been ordered to Nanking to conduct a full enquiry. Three weeks ago, fearing the possibility of untoward incidents, the Chinese Government withdrew the Japanese legation to withdraw its nationals from the scene of the disturbance at Nanking, and only a few days ago the Japanese legation notified the Chinese foreign office that eight Japanese officers who had served the southern garrisons had been returned to Japan.

Major-General Shiba, who was commissioned by the Japanese Government to investigate the matter, admits in a published report that Japanese officers and soldiers, without their government's consent, acted as local commanders among the southerners.

BOILER DROPPED AND CRUSHED TWO MEN

James McPherson May Not Recover, and Albert Morris Slightly Injured as Result of Accident While Installing Machinery at Toronto Electric Light Company's New Plant.

When a rope running thru a block slipped and allowed the boiler they were raising to drop thirty feet at the plant of the Toronto Electric Light Company yesterday, James McPherson, aged 25, 159 Bloor street, was so seriously injured that he may not live, and Albert Morris, aged 23, same address, was also slightly hurt. Both men had a narrow escape from being crushed to death beneath the huge boiler.

McPherson and Morris were employed by the Babcock-Wilson Boiler Company. They were installing a new boiler in the electric plant and had raised it to the height of thirty feet. The blocks slipped and allowed the boiler to crash to the ground. McPherson was standing on top and fell with the boiler, which partially rolled on him. Morris was holding the rope and the skin was torn from his hands, his back was slightly injured, and he received a blow on the head.

Dr. Riordan attended both men, and because of the fact that the new General Hospital is the one to which all cases must go in the police ambulance he hired a motor car and took the men to Grace Hospital.

U. S. RETAINED PALMA TROPHY

Argentine Marksmen Finished Second and Canada Third—Scoring Was Good Despite Wind.

CAMP PERRY, Ohio, Sept. 8.—The United States won the Palma match today. Its score was 1714. The team from the Argentine Republic was second, with a score of 1684. Nine points ahead of Canada, with a score of 1675. Sweden made 1494 and Peru 1408.

The shooting was on the 300, 500 and 1000 yard ranges. The scores are considered good as a strong north wind blew in the face of the shooters. The winning score was six points below that made by the U. S. team last year, when it captured the prize in Canada.

The Argentine shooters did well, considering that they were not accustomed to long range shooting. When they came here they had learned to locate the targets. They say that when they returned to South America, there will be more shooting at 100 yards.

The Scoring. The individual scores follow: United States—Captain Guy Emerson 221, S. B. Winter 211, Capt. C. G. Duff 212, Capt. K. K. Casey 217, Lieut. L. W. Waller 209, George Chesley 212, Lieut. Robert Sears 215, Maj. P. A. Wolf 214. Totals 1714.

Argentine—Pereyra 210, Mendes 202, Daneri 217, Perreya 214, Yaniz 211, Pugnall 208, Gerosa 214, Barrientos 208. Totals 1684.

Canada: Serg. Freshborn 209, Private W. Hawkins 214, Serg. D. McInnes 211, Capt. Neil Smith 208, Serg. G. W. Russell 201. Total 1675.

JEROME HONORABLY ACQUITTED INDIGNITY REGRETTED BY COURT CHEERS, HISSES GREET VERDICT

Honorably Acquitted

WILLIAM TRAVERS JEROME, who was freed on a charge of gambling at Coaticook.

SOCIETY LEADER IS FOUND DEAD

Body of Prominent Chicago Woman Taken From River With Rope Knotted About Neck.

(Special to The Toronto World). CHICAGO, Sept. 8.—The body of Mrs. Walter B. Smith, society leader, daughter of Hiram R. McCullough, vice-president of the traffic department of the Chicago & Northwestern Railroad, and daughter-in-law of Byron L. Smith, millionaire president of the Northern Trust Company, and granddaughter of Marvin Hughitt, former president of the Chicago & Northwestern Railroad, was found in Lake Michigan near the City Park, Lake Forest, this afternoon. A rope was knotted tightly about the woman's neck. On the beach was a small mound of sand painstakingly decorated with flowers.

Suicide was credited by the police as the only theory for the mysterious death. The body was discovered floating close to the shore about 2.30 o'clock by A. J. Henningsen of Lake Forest. He called a policeman, who rescued it from the water.

For nearly three hours profound mystery shrouded the identity of Mrs. Smith. She was richly dressed, but wore nothing by which the police could disclose her identity. After 5 o'clock, when the police were mad with excitement over the baffling case, Miss Mary Weisman identified the woman as Mrs. Smith.

Aside from the evidence found on the shore of the lake, absolutely no clue was left to substantiate any theory for the strange death.

Mrs. Smith, formerly Florence McCullough, was married to Walter B. Smith, June 6, 1905. The wedding was one of the most fashionable events of the season.

Walter B. Smith, husband of the dead woman, scouted the suicide story. He said: "I believe it is murder, pure and simple. She was the happiest woman in the world, and well pleased. A woman of her mental calibre could not have committed suicide. I intend to have the best detectives in the world to solve this mystery."

CANADIAN GIRL KILLED IN ALPS

Miss Renee Ugster Fell Into Deep Crevasse While Escaping Perilous Climbing Feat.

GENEVA, Switzerland, Sept. 8.—(C.A.P.)—A French-Canadian, Miss Renee Ugster, lost her life yesterday while attempting a difficult climb in the neighborhood of Chamoni. In company with a guide and porter she attempted a crossing from Aiguille de la Perseverance to Aiguille Orientale which overlooks the valley of the Chamoni, and which is well known to Alpinists. The party had almost finished the difficult feat when Miss Ugster fell into a deep crevasse. Her companions were unable to recover the body.

COATICOOK, Que., Sept. 8.—(Can. Press).—William Travers Jerome was acquitted tonight of the charge of having gambled on Thursday last on the station property of the G.T.R. here while waiting for the immigration authorities to pass on the case of Harry K. Thaw. In discharging him the court apologized for the humiliation to which he had been subjected.

The hearing before Magistrate Henry Mulvena of Sherbrooke, lasted less than an hour. It began at 7:55 o'clock, and at 8:50 the court said: "Sir, you are honorably discharged."

An attempt to hold an afternoon session failed, because the magistrate felt he had no authority to take precedence over James McKee, the Justice of the Peace who signed the warrant for Mr. Jerome's arrest. Tonight, however, the magistrate said he was convinced of his authority to act and the hearing moved with despatch.

Joseph Beaulne, a Coaticook lawyer, who said he variously represented justice, the people, and the criminal code, interrupted the afternoon session, but when he endeavored to renew similar tactics this evening he was ruled out of court.

Jerome is Grateful. When acquitted Mr. Jerome thanked the court, spoke flatteringly of his reception in Canada, and added that he did not attribute his arrest and brief imprisonment last week to the thinking of the people of the Dominion. He took a late train from Coaticook tonight, in order to be in New York Tuesday, and will return to Montreal for the argument on the latest Thaw habeas corpus writ to be held before the King's bench, Montreal, on Monday, Sept. 15.

Jerome did not once look at the throng, which plainly showed its hostility in looks and actions. The case opened with the reading of the complaint of Milford Aldrich, a mill hand, who swore that he had seen the defendant playing cards for money at the railway station. Statutes were quoted to show that this was an indictable offence, punishable with a year's imprisonment.

Samuel Jacobs of Montreal, who had been retained by the State of New York in its effort to return Thaw to Mattawan, contended that the statute applied only to gambling on a public conveyance proper. The court took this question under advisement and called for witnesses.

"Little Game of Draw." Michael Knight, white-haired, aged 65, leaning on a blackhorn stick, took the stand. He had seen the defendant playing "a little game of draw" in the station yard, he said. The defendant had been pointed out to him as Jerome of New York.

"Did you see him win any money?" asked the joint prosecutor. "I saw a bill changed," answered the witness. "I could not say who won it." The cross-examination conducted by Mr. Jacobs was very short.

"Why did you stop to watch the game?" he asked. "Because it was in an automobile and a man in front had a little typewriter in his lap a-writing and I was interested."

This was a New York newspaperman writing his story under difficulties.

Other Witnesses Testified Similarly. Summing up in his effort to return Thaw to Mattawan, the prosecution pointed out that a Dominion law had been enacted to protect the public from card sharps on trains, steamships and other public conveyances, and that according to the evidence, Wm. Travers Jerome had violated this law. The vague he continued, the statute undoubtedly applied to railroad yards.

TUESDAY MORNING, SEPT. 9.

GREENBACKERS.

The "Greenback Party," temporarily in the ascendant in the United States, has cast into the new Owen-Glass Currency Bill a provision for "obligations of the United States" to displace all bank note issues. Thus encouraged the prototypes of this party in Canada are appealing to patriotism, prejudice and sentiment for a strictly "national currency," so-called, for this country. Logic and past experience are disregarded by the Canadian "Greenbackers." Their proposals are not even buttressed by specious argument, but are solely dependent for support upon obiter dicta and ex cathedra pronouncements calculated to beguile those uninformed in even the rudimentary principles of money and banking. The chief considerations in Canada are a stable, safe and economical currency in the most convenient form, and granted that, the majority of the people care little whether the paper money bears one particular device or another.

"In Canada," we are told, "the banks to some extent have assumed the governmental function of issuing currency." But why is the issuance of paper money peculiarly a "governmental function"? It would be difficult to maintain that it is such inherently, against the evidence of history. Any work is the function of those best able to execute it to the general satisfaction of the interior involved.

The foregoing comprises the caption and opening sentences of an editorial in The Toronto News, which labors to prove that the money of the country should not be issued by the King or his government, but by private corporations.

We must observe, in the first place, and we hope without offence, that our neighbor, The News, is somewhat misinformed as regards the financial situation in Canada and the United States alike. Thus we are told that the notes of Canadian banks, to be issued under the central gold reserve provisions of the new Bank Act, are to be "gold certificates." Of course they are to be nothing of the kind. Our Ottawa correspondent has stated on the highest authority that no gold is to be earmarked for their redemption. Should a bank suspend specie payments, its deposit of gold in the central gold reserve would be mingled with all its other assets in a general fund for the redemption of all its outstanding circulation.

No less inaccurate is The News in assuming that the "Greenback party" is putting the Owen-Glass Currency Bill through congress. That bill, with some changes, aims to make permanent the temporary legislation now in force, passed by a Republican congress and signed by a Republican president, authorizing the expansion of the "greenback" or national currency by \$500,000,000. No other legislation affecting the greenback has been before congress since 1875. In short, the greenback by common consent has been maintained as the currency of the country.

Even the national bank notes are not at all bank issues as we have them in Canada. They are issued by the government and redeemed by the government. But even these are to be retired. No political party in the United States favors a currency issued by the banks in lieu of a currency issued by the government.

THE BARRONETS OR UNCANONICAL. The Globe takes occasion to give the explanation or correction made by Hon. I. B. Lucas, of the report made by The Globe reporter of his speech at Markham. As a rule, reporters are to be relied upon, but there are exceptions. It is not so very long since The Globe printed a notoriously incorrect report of an address by Rev. George Jackson. It is possible that The Globe reporter is not so sharp in his hearing as he might be, and while he quotes Messrs. Proudfoot, Chamberlain, Inwood, Muir and Munro, in confirmation of his accuracy, they would affirm the same of anything that appeared in The Globe.

"I read The Globe next to the Bible," said an opposition member in Queen's Park, to a newspaper man. "The next thing to the Bible is the Apocrypha," was the retort.

However, outside election times and politics, The Globe is fairly reliable.

PROGRESSIVE INDIA. Part of the unrest among the educated natives of India has been attributed to their desire for government employment. Either the civil service or the legal profession alone appealed to them and the difficulty of finding available opportunities has yearly increased with the output of the universities. It must, therefore, have given the official mind considerable relief to find that of late a marked tendency has developed to turn to scientific and industrial pursuits. This is another of the indications showing that India is coming increasingly un-

der the influence of western civilization. Whatever effect the expansion of Indian commerce and industry may have on British trade it must be recognized as an inevitable result of the awakening of India to her place under the sun. Young Indians are journeying every year to Europe, America and Japan to gain experience and fit themselves for a commercial career. Their return, imbued with progressive ideas and conversant with modern methods, cannot but assist the revolution which is transforming India. The latest proposal is to hold a congress in Delhi, the new capital, for the purpose of promoting Indian commerce and industry, and the prospects are favorable for the taking of another step in the evolution of the great dependency.

IRISH GUARDS TONIGHT. Undoubtedly the outstanding musical attraction at this last and record-breaking Toronto National Exhibition was the Irish Guards' Band. On its previous appearance it at once established itself in popular favor, and the first impression, never forgotten, has been deepened by the visit now nearing a close. The Irish Guards Band is without question one of the finest military bands in the world and its instrumentalists produce effects comparable only to the supreme effort of an indoor orchestra.

This gives added interest to the concert to be given by the Irish Guards Band tonight in Massey Hall. There under the most favorable circumstances, the public will have the opportunity to appreciate the orchestral skills of this admirably drilled aggregate of musicians, one and all of whom are masters of their instruments.

Canada is fortunate in being the only exception to the rule that the Guards' bands must not leave the shores of the motherland, and the splendid program that has been chosen should ensure a crowded auditorium.

THE SINNER'S PLEA.

Editor World: Will you allow me to express my appreciation of the article entitled "Hamilton's Sunday Library," published in the editorial section of your paper this morning. You size up the situation just as we have it at present in Ontario. This committee of forty pious people, who are trying their best to improve the morals of our very, very naughty city, sometimes lose sight of the fact that a God-fearing man can take another view of the situation than theirs, and still keep within the bounds of propriety. We all admit and appreciate the little good that these forty pious people are doing for the sinning public of Toronto, but let us hope that they will make slow and sure progress, and not let their ambition outrun their discretion. Such methods as distributing obscene literature amongst the innocent to illustrate what they call the immorality of our baroque houses, and putting the ban on Sunday sliding, the most healthy and harmless of amusements, are not going to make the Toronto public think the way they do. It does a citizen's heart good to go down to the waterfront on weekdays, and see the crowds of healthy-minded Toronto people taking the water trip across the lake. And yet, this method of obtaining better health and harmless amusement was truly awful to contemplate a few months ago. Would it not be better for us all if this pious forty spent less time learning stock phrases like "Thin Edge of the Wedge," and devoted more time towards the practical improvement of this city's mental, moral and physical constitution?

Again I thank you, sir, for fearlessly expressing yourself in that editorial this morning, and hope you will continue to do so when occasion arises. Your paper is read by sinners as well as the pious.

"Sinner," 18 Borden street, Sept. 6, 1913.

HOW THE JUGGLER JUGGLED

The delusion attempted by The Telegram's valuator of the Toronto Railway Company's property shows a deficit in knowledge of the value of the property to the company, and of the value the property would be to the city when under municipal control and operation. The Telegram's valuator figures out a deficit of \$5,009,357 by 1921 should the city buy the property for \$23,000,000.

Because he is under instructions to gather and publish any statements that might help to block Mayor Hocken making a record thru cleaning up all the franchises in Toronto for public utilities, he has presented a table of figures which mean much to himself, but little or nothing to people who will not accept any juggling with figures as proof that the juggler is not juggling.

Here is where The Telegram's juggler juggles: He adds to the \$22,000,000 cost of the road another \$9,000,000 for extensions and improvements. Then he adds another \$1,550,000 for cost of borrowing at 5 per cent. the purchase money. To all that he adds another \$450,000 for legal expenses, etc. He makes his total cost of the road \$33,000,000. By his system of figuring he would have made it \$56,000,000, or \$99,000,000. But he made it \$23,000,000, an amount he considered sufficient to put a spoke in Mayor Hocken's wheel.

Then to strike the prophesied deficit of \$5,043,461 in eight years from now, he puts the total gross earnings at \$55,689,828. From that he deducts \$23,982,573 for operation, \$9,375,409 for moneys that would have been paid by the city by the company, and \$12,375,000 for interest at 5 per cent. on the assumed cost of \$33,000,000 for the property.

He Could Have Done More.

There is no doubt that all these figures total a deficit of \$5,043,461. The Telegram's valuator could have increased that total considerably. He was instructed to attempt to create.

He did, however, commit himself to the assertion that the value of the physical assets of the Toronto Railway Company "is something under \$8,000,000." Yet he never measured an inch of the iron, or weighed a pound of the wire of the system, nor does he know that the value of the real estate alone is \$2,500,000. It is an egregious mistake he made when he placed the value of the iron, wire, rolling stock and machinery at \$6,000,000. Did he know that the intersection at King and Yonge streets alone cost over \$100,000, and that there are 31 intersections in the city that cost from \$5000 up, he would drop out of the role of expert. Did he know that the whole system is in servicable condition, he would have had to bring the physical assets up to \$12,000,000, and then would have had to reduce the gross earnings to make out a deficit.

How He Juggled.

How he has juggled with figures is best shown by considering his table, item by item, as follows:

- 1. "Cost of the road, \$22,000,000." That is not the price asked. The price asked is \$18,000,000, the other \$4,000,000 is for the ends of the radial franchises.
2. "Costs of extensions and improvements, \$9,000,000." This is a barefaced misrepresentation. Extensions and improvements are to be paid out of net earnings, after sinking fund and interest charges have first been provided for.
3. "Cost of borrowing the money (\$31,000,000) at 5 per cent. discount, \$1,550,000." This is more misrepresentation in sequence. The fact is, about \$8,000,000 will have to be borrowed, and the remaining \$14,000,000 would be in the form of assumed 4 1/2 per cent. bonds.
4. "Legal expenses, carrying charges, etc., on \$9,000,000 at 5 per cent., \$450,000." This \$450,000 has no place as additional cost, as explained in item No. 2.
5. "\$33,000,000." This is the alleged total cost. The real total cost is \$18,000,000, plus usual expenses of valuation and purchase. So far The Telegram's valuation is out close upon \$15,000,000. But \$15,000,000 is nothing to a juggler of figures.
6. "Total gross earnings until the expiry of the franchise, \$55,689,828." It may be that, more or less.
7. "Operating expenses at 70 per cent. (cost recommended in Arnold's reports for nearly all cities), \$39,382,878." The Telegram's valuator admits that the operating expenses of the Toronto Railway Company is only 53 per cent. of gross earnings. He adds 17 per cent. in the interests of juggling to a deficit.
8. "Amount already mortgaged to the city until expiry of franchise \$9,375,409." Here again The Telegram's valuator shows ignorance of the fact that the moneys paid the city by the Toronto Railway Company for right to do business within the old limits of the city have been less in amount than the city has paid out to construct the roadbed and maintain the surface paving where the tracks are laid. The city has no mortgage on even nine cents, let alone nine millions of dollars in the next eight years.
9. "Interest on \$33,000,000 at 5 per cent. until expiry of franchise, \$12,375,000." The Telegram's valuator found the \$33,000,000 in his juggle for a deficit, but nearly half of it is watered.
10. "Deficit instead of net earnings, \$5,043,461." This is so palpably a juggled deficit that it needs no further comment.

Ignorant of the Facts.

What is the fact to date is that the valuator has not reported, and that the proposed purchase of the Toronto Railway Company and Toronto Electric Light Company properties is a business deal, being conducted by business men on a strictly business basis. Until the valuator reports, the deal cannot go on, nor can the valuator be bulldozed. The Telegram's valuator sets up as an expert of equality with Bion

THE TORONTO WORLD

HOW THE JUGGLER JUGGLED

The delusion attempted by The Telegram's valuator of the Toronto Railway Company's property shows a deficit in knowledge of the value of the property to the company, and of the value the property would be to the city when under municipal control and operation. The Telegram's valuator figures out a deficit of \$5,009,357 by 1921 should the city buy the property for \$23,000,000.

Because he is under instructions to gather and publish any statements that might help to block Mayor Hocken making a record thru cleaning up all the franchises in Toronto for public utilities, he has presented a table of figures which mean much to himself, but little or nothing to people who will not accept any juggling with figures as proof that the juggler is not juggling.

Here is where The Telegram's juggler juggles: He adds to the \$22,000,000 cost of the road another \$9,000,000 for extensions and improvements. Then he adds another \$1,550,000 for cost of borrowing at 5 per cent. the purchase money. To all that he adds another \$450,000 for legal expenses, etc. He makes his total cost of the road \$33,000,000. By his system of figuring he would have made it \$56,000,000, or \$99,000,000. But he made it \$23,000,000, an amount he considered sufficient to put a spoke in Mayor Hocken's wheel.

Then to strike the prophesied deficit of \$5,043,461 in eight years from now, he puts the total gross earnings at \$55,689,828. From that he deducts \$23,982,573 for operation, \$9,375,409 for moneys that would have been paid by the city by the company, and \$12,375,000 for interest at 5 per cent. on the assumed cost of \$33,000,000 for the property.

He Could Have Done More.

There is no doubt that all these figures total a deficit of \$5,043,461. The Telegram's valuator could have increased that total considerably. He was instructed to attempt to create.

He did, however, commit himself to the assertion that the value of the physical assets of the Toronto Railway Company "is something under \$8,000,000." Yet he never measured an inch of the iron, or weighed a pound of the wire of the system, nor does he know that the value of the real estate alone is \$2,500,000. It is an egregious mistake he made when he placed the value of the iron, wire, rolling stock and machinery at \$6,000,000. Did he know that the intersection at King and Yonge streets alone cost over \$100,000, and that there are 31 intersections in the city that cost from \$5000 up, he would drop out of the role of expert. Did he know that the whole system is in servicable condition, he would have had to bring the physical assets up to \$12,000,000, and then would have had to reduce the gross earnings to make out a deficit.

How He Juggled.

How he has juggled with figures is best shown by considering his table, item by item, as follows:

- 1. "Cost of the road, \$22,000,000." That is not the price asked. The price asked is \$18,000,000, the other \$4,000,000 is for the ends of the radial franchises.
2. "Costs of extensions and improvements, \$9,000,000." This is a barefaced misrepresentation. Extensions and improvements are to be paid out of net earnings, after sinking fund and interest charges have first been provided for.
3. "Cost of borrowing the money (\$31,000,000) at 5 per cent. discount, \$1,550,000." This is more misrepresentation in sequence. The fact is, about \$8,000,000 will have to be borrowed, and the remaining \$14,000,000 would be in the form of assumed 4 1/2 per cent. bonds.
4. "Legal expenses, carrying charges, etc., on \$9,000,000 at 5 per cent., \$450,000." This \$450,000 has no place as additional cost, as explained in item No. 2.
5. "\$33,000,000." This is the alleged total cost. The real total cost is \$18,000,000, plus usual expenses of valuation and purchase. So far The Telegram's valuation is out close upon \$15,000,000. But \$15,000,000 is nothing to a juggler of figures.
6. "Total gross earnings until the expiry of the franchise, \$55,689,828." It may be that, more or less.
7. "Operating expenses at 70 per cent. (cost recommended in Arnold's reports for nearly all cities), \$39,382,878." The Telegram's valuator admits that the operating expenses of the Toronto Railway Company is only 53 per cent. of gross earnings. He adds 17 per cent. in the interests of juggling to a deficit.
8. "Amount already mortgaged to the city until expiry of franchise \$9,375,409." Here again The Telegram's valuator shows ignorance of the fact that the moneys paid the city by the Toronto Railway Company for right to do business within the old limits of the city have been less in amount than the city has paid out to construct the roadbed and maintain the surface paving where the tracks are laid. The city has no mortgage on even nine cents, let alone nine millions of dollars in the next eight years.
9. "Interest on \$33,000,000 at 5 per cent. until expiry of franchise, \$12,375,000." The Telegram's valuator found the \$33,000,000 in his juggle for a deficit, but nearly half of it is watered.
10. "Deficit instead of net earnings, \$5,043,461." This is so palpably a juggled deficit that it needs no further comment.

The Philosopher of Folly

POOR MEMORY. 'Tis sad to be afflicted with a memory like old Bill Smith's for his remembering outfit's bad—when William was a little lad he never his troubles could forget, and so he carries with him yet a heavy load of ancient woes as thru this vale of tears he goes. Yet strange to say he can't recall the pleasant things in life at all—dawn he rises from his couch enveloped in the chronic growth which year on year he's daily worn from morn to night, from night to morn. As has been previously said, he cannot make his sore old head reflect on bright and cheerful things, but he can tell you all the stings, the jolts, the blows, the jarn and knocks, the disappointments and the shocks he's suffered in the hands of Fate, with details as to time and date, from far-off days of auld lang syne—at this his memory is fine. If old Bill Smith you chance to meet take my advice and cross the street before he catches sight of you or to your sorrowful heart he may pour your unwilling ears his sufferings of sixty years. If e'er you've heard his dreary apoplexy you'll forthwith limber up your heels and head it into the going' good from Bill's immediate neighborhood. Old Bill had wiser been, I wot, if he his troubles had forgot and stored his mind with joy and mirth thru all his years upon the earth.

HER BARGAIN DIVORCE.

Court and Lawyers Chip in Fees and Costs to Woman. DENVER, Sept. 7.—Mrs. Julia Williams, who told Judge Rothgerber she married Charles Williams when she was seventeen, was given a bargain in the way of divorce in the county court. Her decree did not cost her a penny. She testified she had been obliged to make her own way in the world since her marriage. Her husband deserted her a month after their marriage in January, 1911, she said, and she now is earning \$6 a week. Judge Rothgerber ordered his clerk to remit Mrs. Williams the docket fees in the case, amounting to \$10. Her attorney also proved her generosity by returning his fees. Mrs. Williams, a brunette, thanked the court and her attorney, tucked her decree in her handbag and, smiling, left the courtroom.

AESTHETIC BARBER IS REAL BOOH-BAH He Shaves, Teaches Sunday School and Dancing and Quotes Shakspeare.

HONESDALE, Pa., Sept. 6.—William T. Heft has been a barber in this town continuously for fifty-two years, has million faces and has more than half a million of shaves.

After closing up shop at 5 o'clock, Mr. Heft goes to his dancing academy for three hours each night. "I have boys and girls at my academy," said he, "whose parents are taught dancing."

"You don't teach the 'sunny hug,' the 'turkey trot,' or the 'grizzly clutch,'" he said. "No, I teach dancing of the kind their mothers are ashamed of."

Asked how he reconciled his Sunday school class and dancing class, Mr. Heft said: "Shakspeare wrote some pretty good things about dancing, and a charming evening is there in a dance. It's nothing but a game. It can be abused."

When Mr. Heft opened his barber shop he charged six cents for a shave and 10 cents after the war began. He is now up to 20 cents and shaves brought 10 cents. When he opened the dancing academy 25 years ago he charged 10 cents a fixture in the academy. He has a year ago, when Heft installed a player-piano. Heft played the accordion.

SNAKE LEAPS INTO BUGGY. Two Michiganans Have Wild and Busy Time.

MONROE, Mich., Sept. 7.—A battle with a six-foot snake, while a horse attached to the buggy in which a horse riding made frantic efforts to bolt, is the experience of Lee Paf and Alvin Austin of this city. The men saw the snake in the road and attempted to drive over it. The horse reared, with the wheel, was thrown into the air. One man's attention was required to restrain the horse, while the other, after a struggle to keep away from the snake's fangs, finally threw it to the road. A heavy vehicle ran over and killed the momentary foe.

DEER FALLS ON HIM. Hunter's Bullet Fails to Stop Big Buck.

PESCADERO, Cal., Sept. 7.—Two rifles failed to stop the onward course of a buck, and the huntsman, Walter T. Thompson, was injured by being thrown to the ground and pinned under the deer. Thompson was standing near the top of a ridge awaiting the approach of the deer. A buck weighing 160 pounds bounded over the ridge, chased by the dogs, and he fired at fifty yards. The buck did not stop, and at ten yards the hunter fired again. Before he could step aside the buck had rushed into him and Otto Parker pulled the deer's dead body off his companion's body.

IDENTIFIED AFTER SEVENTEEN YEARS

Fred Brosseau, Kidnapped by Gypsies, Restored to His Parents.

CENTERTOWN, N. Y.—Word has reached here that Frederick Brosseau, 24, who was kidnapped by gypsies nearly 17 years ago, has been restored to his parents, Mr. and Mrs. John Brosseau, of Sissonville, N. Y. They had mourned him as dead. On Oct. 14, 1896, when but 7 years old, young Brosseau left home to meet his father at the edge of the village. That was the last seen of the boy in Sissonville. Recently a young man deserted from a band of gypsies in the Canadian wilds and took refuge with the monks of Oka, whose isolated monastery is 40 miles from Montreal. He could remember nothing of his history previous to becoming a member of the band except that he had been called Fred and that his former home was in northern New York.

PLEDGES WEDDING RING. Kansas Widow's Plan of Providing for Son's Education.

KANSAS CITY, Sept. 7.—A widow asked the municipal pawnshop and entered Ralph Perry, municipal pawnbroker, she could pawn her diamond wedding ring. "My husband died two years ago," she said. "My only son wants to complete his education at the University of Illinois. He has been working since school let out and has saved \$100. I want to leave my ring here and give him the money to go to school. He has been promised a position at Champlain, Ill., and I want to give him a boarder's house. If I could get \$125 on my wedding ring he will be able to go back to college," she said. Mr. Perry put the ring thru an acid test and allowed her \$125 on it.

MIMICO WILL NOT SPEND ANY MONEY

Village Council Decide to Let Accounts Stand Over Until Taxes Come In.

The reeve and council of the Village of Mimico evidently intend steering a careful course thru the period of financial depression. At the monthly meeting of the council, held in the school-house last evening, all councillors present, half a dozen of the most trivial matters, involving small expenditures, were laid over, the avowed policy of the council being to "spend no money." Little business of importance was up for discussion; it was carried that an official tax collector be appointed on the same basis as last year, viz., 1-2 per cent commission stationary found, but this year I. W. Royce, if he accepts the terms, will have to furnish his own postage, which is quite an item. Reeve Skilton stated that he expected

the increased assessments to return nearly \$20,000 in taxes; which, if correct, means \$5000 more than in 1912.

The reeve was rather poor at communications from the Western Hospital, to the effect that persons in the hospital from the village were unable to pay their bills, and that it was up to the village as the municipality of their residence to pay for them. Council thought they were called upon to pay for numerous cases which could be well afforded by the parties themselves. The communications were laid over.

A novel method of securing a new sidewalk was introduced by a resident who claimed to have sustained injuries thru the neglect of the corporation to furnish a passable sidewalk on Mimico avenue, north of Station road, and thru a solicitor requested damages unless the walk were repaired. The members declined the responsibility, however, and referred the communication to the village solicitor.

Constable Gee, who was recently dismissed from duty, rendered an account for over \$20, and until it is paid says he will retain the four pairs of handcuffs, the property of the village. The clerk was instructed to notify the ex-constable that he had five days in which to return the articles, at the end of which time he would be summoned.

Rugby Local Teams Start Training

RUGBY TEAMS HOLD INITIAL WORK OUTS

Argonauts at Rosedale, Parkdale at Victoria College, Toronto at Aura Lee.

Last night the first regular practices of the local senior Rugby teams were held, and, although immemorial sports arena, legs will be generally among the early birds today, there was a lot of work done thru by all three teams.

Argonauts were out kicking the ball around last night at Rosedale, but no real work was indulged in. Ross Binkley and Captain Jack O'Connor did some good punting, but it will be Wednesday night before the double blue dip out their moans and go to it. It is rumored that Ted White will be out with the ostramen on Wednesday.

At Victoria College Rink, Parkdale Canoe Club had about twenty-five senior paddlers in uniform, and a host of new material, besides scores of promising talent in the junior line. Hugh Gall and Coach Warren Corry directed the workout and kept the boys at it for about an hour and a half. Some of those noticed were Davidson, Henry, McNair, Dudley, Porter, Haines, Langton, George Adams. Besides these, there were several other newcomers who displayed lots of ginger and snappy play. They will be given a good trial before long, and the west end boys expect to get enough material from these to fill up any vacancies that may occur, and so put as good a team in the field as any in the league. Another practice will be held on Wednesday evening, at 8.30.

T.R. & A.A. held their initial workout at Aura Lee last night, and over twenty ardent artists booted the ball around and loosened themselves up with bowly runs around the field. Some of those who were out were Hal De Graaf, Reg De Gracy, Frank Hefferman, Bill Crawford, Bill Williams, Ted White, Everett Smith, W. Hoare, Morrison, Peterkin, Bert Moore, Babe Burkarot, D'Arcy Smith, Joe Smith, Campbell, the Senior League center of Varsity last year, was on hand, and Smith, an English international player, and a few others whose names are also familiar in Rugby circles were behind, but it will be a few practices yet before the men get down to real work, and the elimination begins for the team places. A score of juniors put in some real hard work. They will practice again on Wednesday.

Frank Shaughnessy thinks that the Tigers will be the team to beat in the Big Four this year.

Hickey, Davies, one of the best goal kickers in Ottawa, will be given a trial with Ottawa University back field.

Chief Garlow, of the Carleton Rugby team, has been playing baseball at Hamilton all summer, and will play amateur football again this fall.

There is bound to be a great old shuffle of players when the senior teams get down to real work, and declare the work for positions open.

The Balmby Beach Canoe Club held their first practice of the season at Scarborough Beach last night, and an excellent showing was made, there being no less than thirty-five aspirants for their teams. A host of material was noticed that were in the high school league last year, and a considerable local talent which promises favorably.

A meeting of section three of the Junior O. R. F. N. has been called by Convenor Dolan at the Broadway Y. M. C. A. for Friday night, to draw up the schedule for the ensuing season. The representatives of the following clubs are asked to be on hand: New Beach A. A., Broadview Y. M. C. A., Don Rowing Club and the Balmby Beach C. C.

PIGEON FLY FROM ALLANDALE.

The Dominion Messenger Pigeon Association flew the first race of the association series on Saturday from Allandale, an all-time distance of 52 miles, 310 birds from 17 lofts competing. The birds had a head wind against them, and slow time was made, only three birds making the distance in two hours, the winner's time being 1:13.42. The following is the result in yards per minute:

1. Carter	924.01
2. Foster	811.55
3. Sharples	781.28
4. Lepp	757.75
5. Bowles	752.07
6. Coy	749.75
7. Maloney	735.50
8. Mackenzie	714.05
9. Castleden	712.21
10. Williams	711.59
11. Sinclair	709.75
12. Vernon	706.45
13. Lawrence	705.55
14. Hines	703.85
15. Sackfield	700.75
16. Green	698.50
17. Jarce	693.90

At least half of them were ladies. Where were all the followers of the game? The plea that it was a mid-week game may have lent some answer. How is that so many can and do get away in the middle of the afternoon to patronize baseball games?

The Winona ball team played six games here and there was no total attendance of over six thousand in the four days. And this was so, the only appearance of the Winona team here this year. They played all the league season and had been here for three seasons previously. There was nothing new in the way of baseball to be shown. They were exhibitions pure and simple.

LOST 18 YEARS IN TEXAS.

Buck Returns to Find He's Been Disinherited.

LA PORTE, Ind., Sept. 7.—After an absence of more than 18 years, Otto Buck, heir to the estate of William Buck, who died in January, has unexpectedly returned to La Porte. General interest is taken in the case because of the world-wide search for Buck and the fact that several false claimants have been presenting claims for the estate of \$12,000.

Among the most persistent was Carl Fletcher of Racine, Wis., found after investigation to be crazy, who had presented claims for large estates in various places over the country. Otto Buck walked into the drug store of his cousin, Otto Tacke, on North Clark street, Chicago, and it was then that he first heard of his father's death.

He went, as he had always entertained a hope of a reconciliation with his father before the latter died. The two quarrelled several years ago, and the father left his fortune to Otto Tacke by the terms of the will, but it is now probable that there will be a contest for an effort to get the \$12,000 estate to the son. This at the moment that a search has been going on for the man he has been within easy reach, presented claim for the use of his father's death and had been in Cedar Rapids, Ia., for the Bell Telephone Co.

Argonaut Rugby Club Annual Smoker Tonight

The Argonaut Rugby Club will hold their annual football smoker this evening in the clubhouse, and, as in former years, the executive have been making great preparations to keep the social side of it on the same level as in the past.

A thorough good time is promised to those who make the journey to the clubhouse at the foot of York street. All members and their friends interested will be cordially welcomed.

West and Penoyer Win Match Game of Tenpins

In a match game on Atheneum alley last night, Joe West and his partner, Herb Penoyer, showed their class by leading Bill Karrys and Eddie Sutherland in a match game. The winners went away to a lead of 81 pins in the first game, which Karrys and Sutherland pulled down to a tie in the last game.

On the play off, West and Penoyer won handsily by 81 runs. A return match will be arranged soon, which is sure to result in a great contest.

Australians Created No Enthusiasm in Winnipeg

Winnipeg Tribune: Why is it that the Australians should arouse so little enthusiasm among the cricketers and the public in general?

As an example of the interest taken in the Australian game, when the victors engaged a team of seventeen players selected from the various city clubs, there were hardly two hundred people on the grounds.

It probably was a foregone conclusion that the Australians would win. Even at that there was the chance to see how the players would compare with the experts. It was a good game to watch, if for no other reason than to see the fine fields and batting.

Out of the two hundred in attendance at least half of them were ladies. Where were all the followers of the game? The plea that it was a mid-week game may have lent some answer. How is that so many can and do get away in the middle of the afternoon to patronize baseball games?

The Winona ball team played six games here and there was no total attendance of over six thousand in the four days. And this was so, the only appearance of the Winona team here this year. One of the biggest upsets in the Ontario lawn tennis tournament so far was the defeat of Mattheys yesterday by Norman Macdonell. Macdonell, who Mattheys played Allen, who was at one time doubles champion of America, a hard three-set match in the Canadian championship, and many figured him on this form to have a big chance for the Ontario. O. A. L. A. FINALS FINISH THIS WEEK

N. L. U. Teams Tied at End of Season—Hanover and Mary's Today.

This afternoon at St. Mary's Hanover met St. Mary's in the first game of the home-and-home series for the intermediate title. They meet in the return game at Hanover on Friday. Frank Doyle will be referee and Alan Kinder will be judge of play.

On Thursday, at Newmarket, the Maitland juveniles will tackle the Bracebridge boys in a sudden-death game for the juvenile title. It will be a great battle, and it is expected that a large number of the north end fans will make the trip, if arrangements are made. The Hub of the North team are reported to be a husky aggregation, and will give the homeboys a great battle. Frank Doyle will referee the game. Special car will leave at 1:30 p.m.

Maitland Juniors, champions of the O. A. L. A., will in all probability play a game on Saturday at Cortisburgh square for the city championship with the Lansdownes.

The Brampton-Almonte game for Saturday in the senior final may be called off, as Almonte realize the hopelessness of their task in trying to overcome a 22-goal lead.

In the N.L.U., Cornwall and Montreal are tied for first place, and a series of home-and-home games have been arranged to decide the championship. They will play in Montreal next Saturday, with the return game in Cornwall the following week. Total goals on the round will be 110.

Maitland, vice-president of the Maitlands, and Duffy Braden of the Toronto entertained the Maitlands, Juvenile B.C. League champions, to a party at Shen's last evening, and the youngsters had a great time. Several prominent men in local lacrosse were also on hand to see that everything went off in great style, and the middle champions did not waste a minute of the whole evening.

It looks as if Brampton would be the winners of the senior O.A.L.A. championship this year, as on Saturday they stumpy routed away from Almonte in the first game of the home-and-home series for the title. The final score was 25 to 2 in favor of the Excelsiors, and there was nothing to it but Brampton all the way. They scored five goals in each of the first three quarters, and then for the last it is hardly likely that in the return game next Saturday at Almonte the caterers will overtake the lead. They are a great team at home, as was seen in their home-and-home games with Ottawa, and can be counted on to give the Bramptonites a good battle. Ernie Doyle of Newmarket refereed the game.

Maitland won the junior final of the O.A.L.A. from St. Catharines at the island stadium Saturday before the big game by the score of 5 to 4. In the early stages of the play, but the north end boys soon got going and clinched the title with a goal. Maitland juveniles will play Bracebridge on Thursday at Markham in the final for that title.

The Maitlands have chartered a special car for Newmarket on Thursday, leaving the C. P. R. at 1:30.

LION IN HIS BED.

ONTARIO, Kan., Sept. 7.—To be awakened to find a mountain lion standing beside their bed was the experience of George Knox, an Ontario boy, and Harry Braderick of Garden City, Kan., who is visiting here. The boys had gone deer hunting to Cedar Canyon to the north of the city, and pitched their camp. About 2 a.m. young Knox awoke and was startled by a growl. Flashing an electric torch he saw a huge mountain lion glaring at him not five feet distant, and in the light he took a step forward.

It was not till then that Knox hastily woke his companion and setting his gun, fired at the beast just as it was crouching for a spring. The animal fled with a cry of rage, but could not have been mortally wounded, as it could not be found.

T. AND D. GAMES AND REFEREES SATURDAY

Monthly Meeting Hears Delegate Cunningham's Report—Pros. to Be Reinstated.

The monthly meeting of the T. and D. Association was held last evening at Occident Hall, but most of the evening was consumed in listening to the report of Delegate Cunningham, who attended the annual meeting of the D.F.A. and the annual meeting of the D.F.A. A lengthy discussion was held on the new rules and constitution of the D.F.A., and the Commaught Cup series; but, as several questions were not clear in regard to the acceptance of the professionals, it was decided to invite President Tom Watson and Secretary Robertson to attend the next meeting, which will be held a week from Wednesday.

With the new ruling in force, the T. and D. have decided to give any professional a chance to become a reinstated member of the association if he applies to the executive before Oct. 1. Blank forms for this purpose can be secured from Mr. Cunningham.

The St. Johns Club of the junior section have dropped out. The T. and D. games for Saturday, and the referees, are as follows:

Don Valley v. Baracas—E. Jovett, 9:07 Dundas.
Sunderland v. Hiawatha—J. Dobb, 10:4 Campbell.
Parkville v. Eatons—C. Dixon, 22 Yarmouth Gardens.
Evans v. Manning, Old Country—L. Edwards, 25 Manning.
Pioneers v. C.N.R.—G. E. Mills, 162 West Lodge avenue.
Overseas v. Thistles—W. Mitchell, 8 Roslin avenue.

ATE GRASS FROM THE JAIL LAWN

Wild Man Had to Be Restrained in His Strange Tastes.

SAN RAFAEL, Cal., Sept. 8.—Deputy Sheriff Jack Donahue has a "wild man" in custody. He was captured near Camp Taylor on Friday. No one could understand the prisoner spoken, not a question has been answered, with the exception of one, and that was when asked to write his name he scribbled the words, "Ant Bey," on a bit of paper. It is thought that these words may be corruption of the name, "Anthony Benko," found on a card when the man's cabin was searched.

The "Unknown's" first attempt at escape was made when newspaper photographers posed him outside the county jail for a picture. He stared wildly at the camera and then broke away from Donahue and dashed toward the hills. He was captured after a short sprint, but protested violently by sign alone against being returned to his cell.

Soon after his attempt at escape he made signs indicating that he wished to sit down on the court house lawn. He was allowed to do so, when he immediately began tearing up grass and dandelions by the roots and eating them. He was allowed to do this, but when he attempted to swallow several small pebbles he was restrained.

Dr. Jusev, county physician, and Dr. Stone made a close examination of the prisoner, and they agreed that he was sane, but neither could account for his evident lapse of memory and his refusal to make his name. The prisoner, who is a white man, is about 35 years of age, and is of medium build. He has a high forehead, and is of a fair complexion. He is a native of the United States, and is a member of the "Unknown's" club. He was captured on March 14, 1882, to "F. Hirth". This also found a wallet containing a card, on which was written the name, "Anthony Benko."

No steps toward disposing of the "Unknown" have been taken as yet, nor will they be until further enquiry has been made into his strange case. Former United States District Attorney John L. McNab, an attorney for the state on which the hermit made his home, filed the complaint on which the "wild man" was taken into custody.

HE'S YOUNG AT 101.

KANSAS CITY, Mo., Sept. 7.—Looking young at 101, J. M. Phipps of Shenandoah, Ia., passed thru Kansas City, traveling alone to Ponce City, Okla. Active and straight as an arrow, Mr. Phipps had the appearance of a well-preserved man of 60.

"I haven't eaten meat in ten years and I take a cold bath every morning. My diet consists of fruits and vegetables," said he. "I have 48 grandchildren, all of whom are in good health and bid fair to make good the family tradition of longevity.

"About a year ago I began to believe that I wasn't seeing enough of the social side of life. Just to keep from going to seed while still young, I joined the Elks. There's nothing like the company of fellows to keep a man from feeling his age.

"How long will I live? Well, I should reach 125 any way. So far as I have been able to observe my own condition I haven't aged appreciably in the last 20 years. Why not live to be 125 or 140?"

CAMPBELL ENTRY RAN LIKE THEY WERE BACKED

Great Britain Defeats Calgary in Mile Race—Second Day at Blue Bonnets.

MONTREAL, Sept. 8.—Perfect weather and track conditions greeted the offerings of the Montreal Jockey Club on the second day of their autumn meeting, and was indicative of close finishes and stirring races. Lacking the running of a state event, the feature of the card turned up in the handicap for horses owned in the province of Quebec. In this event the field was of a lopsided nature, Bruno Tumbo standing out so far over the other that he, coupled with his stable companion, Lindesta, was made favorite, at prohibitive quotations, and they ran 1-2, 1/2 to 10 choices. Favorites accounted for four of the seven events, while the remaining three went to second choices, which were well supported.

An Automobile is Better than an Ocean Voyage

THERE is always something new on the land, every minute of the time. There is never anything new on the ocean unless it is a new alarm. And you can get that just as well in an Auto, if you belong to the Midnight Joy Class.

The first Automobile was invented in 1893, just twenty years ago. Today one family in every twenty-six now owns a machine.

You see there are so many used cars for sale, and they are so cheap that anybody who loves the pleasure of a machine can afford to buy one.

Every day the Want Ads columns of this paper contain wonderful bargains in Automobiles. In some cases you can buy them on very small terms like furniture or pianos. In all cases you can buy them for very much less than the original cost. A little paint and a few repairs and away you go with a new machine.

That doesn't seem hard, does it? Turn to these Want Ads, look up the columns of Automobiles for sale. See the prices at which some of the very best machines are being offered. Investigate these offers. Answer the Ads.

You will simply be amazed at how easy it is to own a car. And mention this paper, please, each time you answer an Ad, for that will help us as we are helping you.
