Men Were Relieved One Hour
When Trench and Eighty
Men Were Blown Up.

EXPERIENCE OF SOLDIER
Amitage Lawton Passed
Forty-Eight Hours on Duty
Tho Injured.

London, March 4.—One of the
best arrivals at Shoreham is Armitage
Lawton, Toronto, who is suffering
from rheumatism and strain thru a
fall while making for the trenches.
Despite his injuries, he did his forty-
eight hours of trench duty along with
the rest. In fact, it was some days
later when his condition forced him to
go sick.

Speaking to a Canadian Press repre-
sentative today, he described how his
platoon went forward to the trenches.
"We had the enemy's machine guns
on us from the start, and we were
moved forward from the trenches,"
said Lawton. "We were advancing in
the dark, but rockets kept going up.
Then we used to fall flat. One day
we were getting into a trench it was
necessary to repeat the falling down
business. Unfortunately, I fell more than
once. However, there I had to stop, and
after forty-eight hours I fired away
with the rest."

Lawton added that he had been in
four different hospitals before reaching
Canada. He emphasized that what
was going on at the front knew what
was going on except in his own immediate
neighborhood.

"All our boys want is for the Ger-
mans to come out," was Lawton's com-
ment when asked as to the spirit of
the Canadian troops.

CAPITAL AND LABOR
SETTLE DIFFERENCES
P. O'Connor Instrumental in
Ending Strike—Referred to
Arbitrators.

Canadian Press Despatch.
LONDON, March 4.—Employers and
workmen, between whom differences
have arisen owing to increased cost of
living and the demand for higher
wages, are quickly finding a
means for settling their disputes.
All the Clyde engineers have returned
to work under the promise that their
demands will be referred to arbitration
and the Liverpool coal heavers,
refusing to refuse to work during a
work and held up the Atlantic liners,
returned to their duties tonight after
an appeal from T. P. O'Connor whose
mediation most of them accept.

A national conference of masters and
men in the steel industry is being held
today on a means to increase the
output of war material.

Glorious Queen Elizabeth
The eyes of all the world today are
fixed on the Queen Elizabeth, the
latest and highest type of the British
flag, now engaged with the allied fleets
in forcing a passage of the Dardanelles!

Never was the British people so inter-
ested in one ship, she has and has
hundreds of sister ships in the long
line of sea power that run from the
splendid times of great Elizabeth half
century ago down to the present.
Never was a ship better named. Be-
cause British sea power had its great
days in the days of that ever-to-be-
remembered Tudor princess.

Let us all hope and pray that the new
Queen Elizabeth and her near sister
ships will for ever settle the su-
periority of the British navy as the
guarantee of liberty, of justice, of the
rights of the smaller nations.

Great Events Are at Hand
We should not boast too soon; but it
is clear that if great events in this world
are to be decided by sea and land are at hand.
Germany approaches her much deserved
Cherubina.

Let Him Go
The Kaiser's phrase may be recalled
with satisfaction in the "top dog" and
"bottom dog" is cleared out of Europe be-
fore the end of this month. His friend
the Kaiser has done the most to help
the Allies. And the Kaiser is helping the
Allies. The Kaiser is helping the Allies.
The Kaiser is helping the Allies.

Allies' Destroyers Sink German Submarine U8

Success of Dover Flotilla Reported By French
Ministry of Marine—Craft Destroyed Was
Sister of Famous U9.

PARIS, March 4, via London.—The German submarine U8 has been
sunk by destroyers belonging to the Dover flotilla, according to an-
nouncement by the ministry of marine tonight. The crew were taken
prisoner.

The submarine U8 was built in 1908 and was a vessel of 800-ton
displacement. She had a speed of 13 knots above water and 8 knots
submerged. Her maximum radius of operations was 120 miles. The
vessel carried three torpedo tubes. Her complement was 12 men. The
U8 was a sister of the famous U9, which early in the war sank the
British cruisers Hogue, Aboukir and Cressy in the North Sea, and in
October sent the British cruiser Hawk to the bottom. Wreckage picked
up late in February off Christiansand was said to belong to the U9,
and it was rumored in Norway that the submarine had been lost.

GUELPH TROLLEY KILLED SOLDIERS

Percy Whalley and J. E.
Guahan Victims of Col-
lision on Tracks.

CAR STRUCK CUTTER
Fell Under Truck When
Horse Bolted—Bodies
Terribly Mangled.

Special to The Toronto World.
GUELPH, Ont., March 4.—Percy
Whalley and J. E. Guahan of Galt, who
were attached to the 34th Battalion C.E.
F., which is stationed here, were the
victims of a terrible accident which oc-
curred on the street car system tonight.
In the morning they engaged a cutter
to go to Galt to see friends, stating that
they would return in the evening. Re-
turning about 8 o'clock along Waterloo
avenue, on the wrong side of the road,
they endeavored to cross over the street,
but failed to notice the approach of a
trolley car, which was traveling south
at a fast rate. The motorman was un-
able to avoid the accident owing to the
suddenness with which the cutter turned
on the tracks.

Not being able to find evidence of a
wrench when the car was brought to a
standstill the street car continued on
its trip until the highway road was reached,
when the conductor and driver were
horror-stricken to see a body dropping from
the truck and another caught in the
motor. Both bodies were terribly
mangled and could not be recognized.
It is believed the horse bolted when cross-
ing the tracks, and that the soldiers
were thrown in under the trolley, where
they were caught by the truck.

On the coroner being summoned the
bodies were removed to an undertaking
parlor. An inquest will be held.

ADMIRE FINE SPIRIT
His Majesty Looks for Glor-

Battle.

Canadian Press Despatch.
OTTAWA, March 4.—Following his
inspection of the Canadian first con-
tingent on Feb. 4, on Salisbury Plain,
His Majesty the King wrote a grac-
ious message to the troops, to be read
to all units on board ship, after their
embarkation for France. The govern-
ment today issued the text of the fare-
well, which followed the King's
"Officers, Non-Commissioned Officers
and Men:
"At the beginning of November, I
had the pleasure of welcoming to the
mother country this fine contingent
from the Dominion of Canada, and
now, after three months of training,
I bid you good-bye on your way to
assist my army in the field.
"I am well aware of the discomforts
that you have experienced from the
inclement weather, and abnormal
rain and I admire the cheerful spirit
displayed by all ranks in facing and
overcoming all difficulties, and
burst into tears in their happiness.
"I have been able to see at today's in-
spection and march-past, I am sat-
isfied that you have made good use of
the time spent on Salisbury Plain.
"By your deeds and achievements
on the field of battle I am confident
that you will emulate the example of
your fellow countrymen in the South
African war, and thus help to secure
the triumph of our arms.
"I shall follow with pride and inter-
est all your movements, and I pray

KHAKI WEDDING IN TORONTO

Dr. Robinson's Free.
Dr. Robinson hesitated a moment,
then gathered up his coat and
walked out of the court room.
Outside his wife took his arm and he
walked up the street in the midst
of his relatives.

T. C. Robinette, K.C., counsel for
the defence, won the victory for the
young physician after the jury had
retired to consider the case. He
arose and asked Mr. Justice Suther-
land that he recall the jury for the
purpose of reciting some omissions of
evidence with which he had had to
deal. The first point Mr. Robinette
asked to have recalled was that
Blanche Yocco walked as if she
were ill that evening outside the
doctor's house. Second, on the
question of motive, defence counsel
asked that it be pointed out that it
was his duty to discharge you; you may
go a free man.

NOT GUILTY, SAY JURYMEAN IN DR. ROBINSON'S CASE

Tamworth Physician Acquit-
ted of Charge of Murdering
Miss Blanche Yorke.

VERDICT POPULAR ONE
Five Hundred Spectators
Break Out in Demonstra-
tion at News.

By a Staff Reporter.
NAPANEE, March 4.—Five hundred
spectators at the trial of Dr. C. K.
Robinson charged with the murder of
Miss Blanche Yorke in Tamworth on
the night of July 8 last, broke into
loud cheers here this afternoon when
the jury returned for approximately
two and one-half hours return-
ed with a verdict of not guilty.
There was no stopping the crowd's
noisy exultation in the verdict, al-
though four constables, a sheriff, and
four henchmen roared "Order!" repea-
tedly, and even roughly handled some
of the more enthusiastic men in an
endeavor to restore the dignity of the
court proceedings. Voices of women
were prominent in the applause. The
court was in the midst of another im-
portant trial when the constable an-
nounced that the jury had returned a
verdict. The order was given to clear
a space for them to return to the
room. This was accomplished only
with difficulty. Robinson sat back to
the dock and folded his arms, prepar-
ed for the worst, while his relatives,
particularly his wife, sister, sitting
alongside of him, showed plainly
the strain under which they awaited
the verdict.

Foreman Made Error.
"We find the prisoner, Dr. Robinson,
guilty—I mean not guilty," stammered
the foreman, and the jury members
gasped at the error, which for a brief
fraction of a second dazed the Robin-
son family. The jurors sat down, and
for a moment, a hush hung over the
court; then a woman at the back of
the hall giggled hysterically and
for a moment the "hush" broke
down in roars of applause.

Robinson sat face slowly relaxed
after the verdict his wife directly be-
side him buried her face in his gowned
bosom, and the young doctor's mother
was the first one to catch her husband's
smile. The wife instantly smothered
him with kisses, and the young doctor
burst into tears in their happiness.

Crowd Reprimanded.
Order restored, Mr. Justice Suther-
land censured the crowd for violat-
ing the dignity of the court. His remarks
were not received nor angry in tone.
"I have found on the evidence that
the prisoner is not guilty. You must
have already suffered punishment;
I shall follow with pride and inter-
est all your movements, and I pray
that God may bless you and watch over
you."

Mounted Rifles Docked At Queenstown Yesterday

"C" Squadron, Which Left Toronto About Two
Weeks Ago, Cabled on Arrival That
All Are Safe and Well.

"All safe. Well." This brief message was received at The World
Office yesterday afternoon, signed "C" Squadron, Canadian Mounted
Rifles. It came in the form of a cable from Queenstown, Ireland, at three
ten o'clock.

The cable is marked "Rush," and this was undoubtedly requested
by the sender in his anxiety to get word to the relatives and friends in
Toronto as quickly as possible.

There are about 120 men in the squadron, under the command of
Major McCall. They left Toronto about two weeks ago, but slight me-
dian was made of their departure. Very few beyond immediate friends
knew that the boys were going, but the boys are apparently very anx-
ious that anxiety relative to their trip should cease.

AUSTRIAN PLAN TO GAIN GALICIA GOES TO PIECES

Grand Duke Nicholas Outgen-
erals Austro-German Staffs
in Spring Campaign.

NEW ARMY IN RETREAT
Endangering of Flank From
Russian Attack Forced
Retirement.

BY FREDERICK RENNETT.
Special Cable to The Toronto World.
PETROGRAD, March 4.—Thruout the
Carpathian front, as far as the bor-
ders of Bukovina, the Russians have
now succeeded in overhauling the
great Austro-German scheme for a
spring campaign in Galicia. After a
conference of the German and Austro-
Hungarian staffs at Breslau in December,
a movement was initiated with great nu-
merical strength, in an attempt to get
under the Russian left wing approach-
ing Cracow. Subsequent operations
extending over a month, enabled the
Russians to distribute a strong army
across the Carpathian passes and to
hold them against four armies which
were attempting to force a passage
northward. At the same time the Rus-
sian force facing the Cracow defences
entrenched itself along the Donajec
and Nida.

Had Terrible Month.
The Austrians had a month of ter-
rible fighting with their German aux-
iliaries, and they suffered appalling
losses during their incessant attempts
from the Munkacs road to pierce thru
the Bukhols Pass, and to enter the
Strzy valley. Instead of making pro-
gress the Austrians and Germans were
steadily forced thru the rocky ravines
into Hungary. With all their new for-
mations that could be raised, and with
a strong backing of Germans, they
brought a great new army thru Buko-
wina, and again attempted to envelop
the Russian left, which lies facing
southward near the Roumanian border.

New Army Driven Back.
This new army under Archduke Joseph
Ferdinand pushed northward thru
Nadworna by forced marches upon
Stanslaw, and Poles, towns of many
historical importance. The Russians,
who have had a small force there for
six months, were reinforced and had
their positions strengthened for a great
battle. They drew outside of the town
and entrenched themselves eight miles
north while another Russian army
crossed to the eastward from the
Wysok Pass against the advancing
Austrians. The earlier fighting along
the River Pruth, suffering terribly under
the magnificent charge of the Russian
troops.

Third Army Used Up.
Austria's third army, which had been
resting exhausted outside the middle
Carpathian passes, was ordered to
bring relief to Archduke Joseph, who
was in a perilous position, by again at-
tacking the difficult passes from the
sources of the Sln River, forty miles
westward to Ondawa. They met the
Russian general, suffering charges
on Monday and Tuesday against the
Russian prepared positions. Each
of the Russian lines and 300
yards which the Russians cleared be-
fore their entrenchments, became
thickly strewn with Austrian dead.
After each onslaught about a thou-
sand prisoners were taken. They threw
their rifles away and ran into the
Russian lines and surrendered. This
third Austrian army has probably

ALLIES BOMBARD FOE IN GULF OF ADRAMYTI SHELL BULAIR FORTS

Forty Turkish Guns Along Dardanelles Have
Been Destroyed—Kavak Bridge Wrecked
by the Fire of French Battleships.

**LONG STRETCH OF STRAITS NOW
CLEARED OF MINES BY THE ALLIES**

Anglo-French Fleet, Tho Hampered by Strong
Wind, Continues Methodical Operations
Successfully—No Further Casualties.

London, March 5, 12.10 p.m.—The British Admiralty issued the follow-
ing statement late last night:
"The attack upon the fortresses in the Dardanelles continued yesterday
(Wednesday). The admiral has not yet reported on the result obtained with-
in the straits.
"Outside, the Dublin demolished an observation station on the Gallipoli
Peninsula and the Sapphire bombarded guns and troops at various points in
the Gulf of Adramyti.
"Six modern field guns at fort B have been destroyed, bringing the total
number of guns demolished up to forty.
"French battleships bombarded the Bulair forts and wrecked the Kavak
bridge."
HAMPED BY STRONG WIND.
The French ministry of marine tonight issued the following communica-
tion concerning the allied attack on the Dardanelles:
"Methodical operations against the defences of the Dardanelles continued
March 3, despite an annoying northeast wind.
"Numerous travelers dragged the entire strait from its entrance to the south
of Derech (on the European side, almost opposite Dardanus) in order to per-
mit the warships bombarding Chanak Kalesi, to move about with security.
EFFECTIVE CANNONADING.
"The observation post at Kaba Tepeh (on the Asian side) has been de-
stroyed by a cruiser.
"At various points on the coast field batteries and formation of troops
have been bombarded by the allied vessels.
"On the Syrian coast the French cruiser, 'Entrecasteux,' demolished
semaphore D. at Aras (on the Gulf of Alexandretta, north of Mitylene Island)
and the battleship Jaureguiberry destroyed oil depots at Saldou (in Palestine,
about 30 miles south of Beirut)."

Outer Straits Cleared.
Relays of battleships keep up an
almost continuous bombardment
against the Dardanelles forts. They
have cleared the outer straits and are
now attacking the forts which line the
narrow and which are considered the
most difficult to deal with.
The destruction of what the British
Admiralty calls Fort No. 3 was a neces-
sary operation before the warships
could move further into the straits, as
it was the fort which was designed
to protect one of the mine depots of
the Dardanelles. It was built at the
water's edge on the European side,
opposite Cape Kephel.

Command Neck of Land.
More important still is the work
being carried out by the French cor-
vettes bombarding from the sea the Bos-
bulair line of forts which stretches
across the peninsula of Gallipoli at a
point where it is only three miles wide.
So long as the guns of the warships
command this neck of land, commu-
nications between the forts on the Euro-
pean side of the straits and Constan-
tinople are cut off.

One of the most welcome effects of
the bombardment of the straits and
is concerned in the reduction in the
price of wheat which sold today in the

BRITISH HEADQUARTERS IN
FRANCE, March 4.—(Via London, 6.20
p.m.)—For the first time accredited
newspaper correspondents have been
allowed to enter that zone where men
in khaki, speaking English, hold a
portion of the allied line.
Where the trench crosses a road the
French and the British are elbow to
elbow facing the Germans. French
peasants and villagers are living and
working under shell fire, neighbors to
the British guns, concealed from Ger-
man airplanes, which shake their
houses as they fire. Signs in English
at the French crossings give direc-
tions to traffic, and all French names
are pronounced according to the Eng-
lish spelling, so that the soldiers or
officers will not fail to understand them.

Great British Resources.
One is impressed with the immensity
of the British resources, the num-
ber of motor trucks and the com-
pleteness and the thoroughness of
the equipment. All food and all sup-
plies are brought from England, while
the French shops are thriving on the
English luxuries which they sell to the
troops.

The French are learning to say "top
dog." That expression was the one
most often heard the first day the cor-
respondent arrived at the front, from
both officers and men. "Top dog now,"
says Tommy Atkins and the general.
One gets it in the broad Scotch, Irish
and Cockney accent, and in broken
French. It expressed the opinion that
a turn in the tide has come, and that
the worst is behind them.

Artillery Superior.
The British artillery fire, which was
weaker earlier in the campaign, now
is stronger all along the line than that
of the Germans. Once the correspond-
ents were permitted to visit the British
line, everybody talked with perfect
frankness concerning the operations,
and instead of the late starts and the
long unbroken lines of German shells,
which characterize such tours, they
are usually awakened at 6.30
o'clock in the morning and kept going
until 8 at night, with the first aid pack-
ages served out at the breakfast table.

One might think from the stability
of all the appointments that the Brit-
ish had no expectation except for a
long war; yet the universal opinion is
that the thin line will see victory and
the end.

The thin line which held in the de-
fence of the Channel ports is deep now.
Efficiency in Aviation.
One is surprised at the excellence of
the aeroplane service, when it is realized
that the corps is only three years old.
This is not due to the superior flying of
the British aviators, but to the thorough-
ness of their equipment and mechanical de-
partment and the prodigality of the ex-
penditure for all necessary material.
Everything but the actual
manufacture of the engines is being done
at the front.

The engines are assembled and the
wings made in different shops near the
aeroplanes base. Successful reconnoit-
rings with air craft have now become
a matter of mechanical care and orga-
nization. The British aviator seems
keenly to enjoy these manoeuvres and
the chance to chase an enemy machine.

Health is Excellent.
The official medical corps showed the
correspondents charts of the sickness
among the soldiers, which is less than
that among the troops at home, despite
the strain the men are under when they
take their turns in the trenches. This is
due to the giving to the men of all the
wholesome food they can eat and plenty
of exercise when they are out of the
trenches and enforcing all sanitary regu-
lations with the strictest discipline.

UNUSUALLY HEAVY PIANO SELLING IS REPORTED IN TOWN

The Bell Piano Company Anniversary Sale Has Proved a Conspicuous Success

These are certainly busy days at the Bell Piano Warehouses, where there are numerous sales of Pianos and Player-Pianos daily.

To some this may seem surprising, but close scrutiny of the conditions of this particular sale will promptly explain the reason. Unexampled price cutting on really high-class instruments and terms that have never previously been approached on this grade of Pianos and Players is perhaps the most pertinent solution.

Of course there are hundreds who have exercised "economy" since war broke out in Europe, and are only now realizing that commercial conditions are daily improving, and they are almost impelled to accept the inducements now offered.

Headquarters of the Bell Piano Company have issued imperative orders that the clearance of these instruments must be immediate to permit of the shipment from the factory which will be on the way in a few days.

There has been considerable over-production caused by the endeavors to keep the factory running full time during the winter months.

A purchase now would certainly be most timely for prices will assuredly rise within the next few months, owing to war tax on raw materials, and increased demand with the coming of normal times. There is a chance of such values or such extraordinarily easy terms of payment then.

Between 200 and 400 delegates to the Dominion Alliance attended a reception given in their honor at Willard Hall yesterday afternoon. They were received by Mrs. Ward, Mrs. Silverthorne, Mrs. Redman, Miss Harris and officers of the local body.

From now until March 15 the committee of ladies at the headquarters of the Ontario Temperance League will be engaged in the work of receiving and packing articles intended for the first shipment of the association to the French. Clothes for men, women and children, boots and blankets are some of the things that will be welcomed. Contributions in cash will be gratefully acknowledged.

LIQUOR LAWS NO PROTECTION

Dominion Alliance Will Send Full Delegation to Premier Hearst.

TEMPERANCE IN WEST

T. H. Miller of Alberta Says His Province Will Be Dry by July.

Great applause greeted the announcement of Rev. Canon Greene of the alliance convention at Massey Hall yesterday afternoon that Premier Hearst would receive the convention delegates in a body as a deputation at the parliament buildings at 11.15 to-morrow.

Rev. Dr. Shearer started the convention when he presented the report of the committee on legislation, which asked for immediate provincial prohibition or another provincial referendum on the question of its adoption.

Spence declared that the people of Ontario were sick and tired of referenda and plebiscites. To ask for another one would lower the standard of Ontario politics.

That this convention respectfully calls the attention of the government to the fact that the Ontario liquor law as it stands today neither protects the people from the evils of liquor selling nor gives them adequate power to protect themselves, and respectfully declares that no legislation can be considered satisfactory that does not provide such protection in practical and effective form.

County Local Option. Rev. William Leckie made an earnest appeal to the convention to ask the government for county local option on a majority basis.

Indication of an old-time split in the convention were manifested, but it was averted by a prompt reference back of the committee's report for an earnest policy to be prepared for this morning's session.

Mrs. May R. Thornley urged the convention to send a petition to Premier Borden to protest against the Canadian troops being given the "wet" canteen once they leave the Dominion.

Alberta Dry. July. "Alberta dry next July is the slogan in my province now," said T. H. Miller of Alberta. He stated that this coming July will see that province vote on a prohibition plebiscite.

H. R. Grant of Nova Scotia said that the license in that province were now confined to Halifax. With seven prohibitionists in the legislature there was reason to believe that a demand shortly to be made on that body for provincial prohibition would be granted, if not obtained, prohibition would be made the issue at the next provincial election in eight months.

Spence Hagarway, President. Controlling devils in the election of officers of the Dominion council at the morning session. The other officers elected were: president, Prin. G. Lloyd, Saskatoon; treasurer, W. H. Orr, Toronto; sec. secretary, J. H. Carson, Montreal; cor. secretary, Rev. Ben H. Spence, Toronto.

A resolution in favor of the dry canteen and commending the minister of militia in Canada for enforcing the law in the Dominion was adopted. Resolutions were adopted authorizing the executive to secure the introduction of a resolution in favor of total prohibition in the house of commons and commending the minister of militia in Canada for enforcing the law in the Dominion was adopted.

Dr. August Ledoux has been given a special appointment by the board of governors of the University of Toronto as lecturer. Dr. Ledoux was professor of mineralogy at the University of Brussels. He took part in the Belgian campaign, and was wounded at Liege. It is expected that much of his time will be devoted to research work rather than teaching.

Advice to Girls

DEAR ANNIE LAURIE: What would you do if you were going with a young lady and she had a sister about the same age who always wanted to go every place you wanted to go, and if you didn't want her along, would you make such a fuss that you would not go either?

WELL, you, what an awful state of mind you're in, to be sure—and all about sister. I don't blame you very much, either, for sister does seem to be a bit of a bore, doesn't she?

What is the matter with the sister with her? How can she bear to wait to go with people who don't want her? What's the matter with your girl; can't she manage her sister? Sister must be a most disagreeable person. I don't see what you can do, unless you get a boy friend to take her out for you, and give your sweetheart and you a chance to be alone.

Miss Laurie will welcome letters of inquiry on subjects of feminine interest from young women readers of this paper and will reply to them in these columns. They should be addressed to her, care of this office.

Beauty Hints

A lovely skin won in the Japanese way. It is well known among those interested in the physical conditions of the different nationalities that the average Japanese woman of the outer world is as perfectly formed as the woman of ancient Greece.

The Japanese woman has many beauty secrets which she carefully guards, but one by one they are coming to other lands. If your shoulders are scrawny, or if the skin is not so smooth and satiny as you would have it, you can manage them with almond oil, as the Japanese women do.

The oil should be heated and placed in a warm bowl, a quantity of it then poured into the neck and shoulders with firm, even strokes, and absorbed by the skin. The supply upon the hands should be renewed. I would not take too much oil at a time.

Here is an excellent skin food, which will fatten your face or neck: Sweet oil of almonds, 3 ounces. Orange flower water, 3 ounces. Valerian, 2 drams. Oil of sweet almond, 1 dram. Spermacein, 2 drams.

Was Troubled for Years With Kidney Disease

And This Treatment Cured Me—This Statement Endorsed By a Baptist Minister.

The great majority of people are familiar with the extraordinary curative powers of Dr. Chase's Kidney-Liver Pills. But for the benefit of those who are not we continue to publish from day to day reports from patients who have been cured.

MR. MOSHER.

Mr. W. H. Mosher, Brookville, Ont., writes: "I used Dr. Chase's Kidney-Liver Pills, and firmly believe there is no medicine to equal them. I was troubled for years with kidney disease, and this treatment has cured me. When I began the use of these pills I could only walk from my bed to a chair. Now I can go to the field and work like any other man. Dr. Chase's Kidney-Liver Pills are an excellent medicine."

MINERS DISCUSS VARIOUS WASTES

Little or No Metallic Loss, But Capital Goes Astray.

GOVERNMENT MILL

If Located Near Claims Would Be Great Help to Prospectors.

At the session of the Canadian Mining Institute yesterday, a resolution was carried asking that the necessary funds be appropriated to every member of the association who has enlisted for active service. There was an important discussion on the "Conservation of Mineral Resources" led by Dr. Frank D. Adams of the Faculty of Applied Science at McGill University. No conservation, he said, would increase the amount of mineral wealth, but by applying this principle was the only possible way to prevent the great waste. At present there was very little metallic waste. But there was a waste when a capitalist secured a large area of land, formed a company, filled it with water, stock and then sold it so as to enrich himself at the expense of the public. There had been a waste of land in Nova Scotia, but this waste was now avoided by methods used by the provincial government. Increase Resources. In speaking on "The Smelting of Titaniferous Ores in the Blast Furnace," Stanley Sloucton, New York City, declared that by using the titaniferous ores, the iron ore resources of the country could be increased by 20 per cent. He cited recent successful smelting experiments in which titaniferous ores in the proportion of 15 per cent were smelted along with the other ores. A. M. Mackenzie, of the mining bureau at Ottawa, said that the experiment spoken of was successful.

COURT REPELIATES SALE AGREEMENT

C. W. Wallace Loses Action to Recover on Contract to Purchase Farm.

GRANTED, INJUNCTION

Medicine Company Restrained From Using Photograph of Mrs. May Wright.

At Osgoode Hall yesterday Mr. Justice Clute gave judgment in the action of C. W. Wallace to recover two instalments of principal upon an agreement for the sale of a fruit farm in the Township of Grimby, from Annie Gummerson. The plaintiff was the owner of the farm and the defendant Gummerson was anxious to purchase a house for convenience. Charles Kirk, an insurance agent, was instructed by the plaintiff to sell the Grimby property, and on June 8 an agreement was entered into between the parties for the sale. The plaintiff further claims the return of the value of some farm implements and harness, which he states were on the property when it was sold.

Jackson

No Hill Too Steep
No Sand Too Deep

JACKSON MODEL 44, \$1500

Duty Paid F.O.B. Toronto

A full 40 horsepower motor is fitted to this car, ample to take it, fully loaded, wherever a vehicle can get traction, or where any reasonable driver would risk going.

The experience and knowledge of twelve years of motor building gives Jackson motors that irresistible power, for which there is "No Hill Too Steep, No Sand Too Deep."

Jackson motors are power-savers. Their big, quick-acting valves permit easy and free passage of the gases. And the use of high quality metals saves the motors from wear.

SILENCE
Here is one of the biggest features of Jackson automobiles—they run silently. A quiet-running motor is an indication of a good motor.

In the Jackson engines every bearing is machined to a perfect fit, and all reciprocating parts are perfectly balanced. Jackson silence is the natural result of experienced design, careful workmanship and thorough testing.

All you hear out of a Jackson motor is that soft, sweet purr that is a sign of power without friction.

COMFORT
First, there is the 41½-inch wheel base, carrying a big, roomy body. Long wheel base means easy riding.

Second, the thick, genuine curled hair upholstery, deep, wide cushions on the seats, high and thickly upholstered backs and sides.

Third, the full elliptic springs in front and rear. This type is the nearest approach to scientific perfection in automobile spring suspension. And it may be interesting for you to know that this is the most expensive form.

Full elliptic springs take up most of the road-shocks and vibrations, saving the passengers and the delicate mechanism of the car.

Big wheels and big tires also add to the comfort and roadability.

SAFETY
Jackson cars are safe in emergencies as well as under the ordinary conditions of road travel.

Jackson brakes are big and powerful enough to lock the wheels instantly.

The motor control is so instantly responsive, so perfectly flexible that no contingency is likely to arise from which a Jackson driver cannot quickly and safely escape.

Even in a position of danger, where the driver might get "rattled" and stall his motor, the electric cranking system is immediately at hand, ready to take up its duty and carry the car and occupants out of danger.

DEPENDABILITY
This is something you don't find in specifications, and you can't see it by looking at the car, but Jackson owners have found it for twelve years.

It is this dependability in Jackson cars that gives you years of extra service. It's that little extra quality, that little added margin of strength which we demand in every piece of material, that greater knowledge that comes of twelve years' experience in automobile building that puts the dependability in Jackson cars.

After you have driven the car thousands of miles, after you have come safely through many an emergency that has tested and strained it in every fibre, you know the dependability is there.

REPUTATION
Twelve years of increasing success have established the Jackson Company's reputation. The reputation of Jackson cars is established on the firm foundation of twelve years of satisfaction-giving to owners. The permanence of the company is your best guarantee.

The most significant fact is this—that the company is owned, controlled and managed today by the same men who started it twelve years ago. All their interests and ideals are centered on this one thing: to maintain the Jackson reputation is their constant aim.

The men who have built up and maintained this splendid reputation are today building the 1915 Jackson cars, and building them better, stronger, bigger and selling them at lower prices.

We will be pleased to arrange demonstrations at any time on request. See the Jackson models at our showrooms.

One Lesson of the Campaign

In this game of see-saw that marks the eastern campaign Germany is bound to be the loser in the end. It is one of the dominant factors in the conflict that the efforts of the Prussian war lords to establish world supremacy have had to be modified by political considerations...

Looking back thru the course of the seven months' campaign it really does look as if the harmonious action of the allies has been dictated by far more than transient considerations. They were caught unprepared for a record-breaking world war—the surest proof that it was not of their seeking...

"I should have told you the other day, when I was speaking of 'Eddy's' Washboards, that it is just as necessary to have an Indurated Fibreware Tub to hold your clothes if you want to make a success of washday."

Mrs. Newlywed Says:--

"I've heard of Eddy's Indurated Fibreware. What's the difference between fibre and woodenware?" "Fibreware is made from compressed fibre, baked at extreme heat. All in one solid piece, it cannot warp or fall apart. No chance of splinters. Wears much longer, looks better, and is light to carry. The latter point you should always take into consideration," concludes Mrs. Wisenelghour.

FORMER U.S. OFFICERS GIVEN COMMISSIONS

Gallant Soldiers of Fortune With First and Second Contingents.

By a Staff Reporter.
OTTAWA, March 4.—Several of the officers who hold commissions in the first and second Canadian expeditionary forces were formerly officers in the U.S. Army. This was shown by a statement issued by the militia department today. Included in the list are the following:
 Capt. Herbert W. McBride, late 3rd Regiment of Infantry, Indiana National State Guard, appointed captain in the Canadian militia and detailed to 88th Battalion, C.E.F., as military instructor at Kingston, Ont.
 Capt. E. C. Huston, late lieutenant in the first regiment of cavalry, Ohio National State Guard, Cincinnati, O., now serving as captain with the 5th Regiment, C.M.R., from Jan. 1, 1915.
 Major Charles W. Stewart, late lieutenant, 6th Regiment U. S. Cavalry, appointed captain with the 5th Regiment, C.M.R., Jan. 15, 1915, and now serving in charge of remnants on voyage to England from St. John, N. B.

FORT GARRY HORSE HAS LOST IDENTITY
 Five Hundred Retained as Cavalry Unit, Training at Salisbury.

Canadian Press Despatch.
WINNIPEG, March 4.—Interesting letters have been received here from members of the Fort Garry Horse, 500 of whom are now stationed at Tidmouth Barracks, Salisbury Plain, where they are going through their training as a cavalry unit.
 This corps, consisting from the social point of view of the elite of Winnipeg, has had its vicissitudes.
 It reached Valcartier, apparently against the wishes of the militia department, and shortly after the regiment reached Salisbury it was broken up. The corps has been carefully hand-picked, until 500 men have been retained as a cavalry unit, while the balance have been drafted into line battalions at the front.
 The Fort Garry Horse went over as the 16th Infantry Battalion, Lt.-Col. W. Patterson of Winnipeg remains in command at Tidmouth.

Ten Thousand Prisoners Taken During Rebellion—Prosecute Leaders.

Canadian Press Despatch.
NEW YORK, March 4.—A news agency despatch from Capetown, South Africa, published here today, says: Ten thousand Boer rebels were taken prisoner during the recent rebellion against British authority in the colony, and the losses on both sides totaled 1000. Finance Minister Smuts announced in the assembly today. The rebels will be imprisoned until the end of the European war, the government announced, owing to the impracticability of meting out adequate punishment at this time. The 293 ringleaders will be prosecuted at once.

GREECE TO DECIDE ON COURSE TODAY?

Second Crown Council Will Deliberate on War Question.

Canadian Press Despatch.
PARIS, March 4.—A second crown council to deliberate on the question of the course Greece shall pursue in the present crisis was called today for Friday, says an Athens despatch to the Balkan Agency.

Holland's Chapter in the Story of the War—Pictured

Expressed more strikingly, more clearly than any pen can tell, Holland's part in the war is told in the double-page of rotogravure pictures that is the feature of the coming issue of *The Sunday World*. That it is a big part, bigger than we realize, is related by photographs from the land whose borders are dyked with soldiers against the full flood of the great struggle, where British sailors and Belgians wait out wary days.

Conferring of Degrees Upon Soldier-Students

Another feature this coming Sunday is a large photograph taken in Convocation Hall, showing the honors of learning being bestowed upon soldiers of the second contingent.

Full Group of 2nd Contingent Officers

This picture, which includes practically all the officers connected with the Toronto Military District's second overseas force, has both topical and historical value. There are dozens of other timely pictures in *The Sunday World*, each one having interest of a special sort.

SOCIETY

Conducted by Mrs. Edmund Phillips.

Mrs. Hendrie is giving a luncheon today at Government House.
 The marriage took place yesterday afternoon in St. Simon's Church very quietly. The Rev. Edward Cayley officiating. Dr. Harrison playing the wedding music of Janet, daughter of Mr. and Mrs. Walter Crowley, Langham House, Wellingdon, England, to the bride, St. George Bond, Royal Canadian Engineers, son of Mr. and Mrs. Hedleigh Bond, who was attended by his brother. The lovely fair-haired young bride was brought in and given away by her cousin, Mr. Wilfred Wilson (Napoleon), assumed a very handsome gown of Mazarin blue velvet, the corsage of blue chiffon over crimson chiffon, with a real lace collar upstanding at the back and turning back from the neck in a long open point, a small hat to match edged with ostrich, and some tiny French flowers completed a very becoming costume. She carried a bouquet of exquisite orchids from the Casa Loma green houses, and on leaving wore a long shawl-like coat trimmed with silk. After the ceremony Mrs. Arthur Wright, sister of the groom, held a reception at her house in Church street for the family and a few intimate friends, when she was looking very pretty in a cream satin, with a hat of white and pink carnations, the groom wearing his service uniform. The upstairs drawing room was fragrant and bright with bouquets of daffodils and tulips, and masses of daffodils, which were carried by the bride, which was the work of the groom's sister, Miss June Allen, who decorated with mauve orchids and put with the groom's sword. Mr. and Mrs. Bond left for Montreal, en route to Quebec, where the groom is stationed, and has a suite of rooms at the St. Louis until he leaves for the front. Mrs. Wilson, who accompanied her, from Napawan, who received with her, were a handsome gown of white and pink green poplin with embroidered chiffon, corsage of the same shade, and a black hat. Mrs. Hedleigh Bond, mother of the groom, looked very handsome in black velvet and chiffon trimmed with shawl, and antique cameo ornaments, and a small black hat with upstanding feathers. Mrs. Peltz wore a very handsome gown of rose broadcloth velvet and plumed hat, and chignon. Miss Allen wore a gown of silk and chiffon and a black velvet hat. Miss Dorothy Bond was in a white and pink gown, with a black hat with one large pink rose. Those present at the reception included Mrs. Miss Miller (London), Bond, Dr. Adams, Mrs. Wright, Mrs. Tucker, Mrs. Norman Matthews, Miss Gifford, Mr. and Mrs. Lorn Mitchell, Mrs. Ambrose Small, Miss Ethel Stanley, Miss Agnes Clark, Mrs. J. F. Smith, Mrs. Bartlett, the Misses Hay, Dr. Stevenson, Mr. Hamilton, Mrs. J. B. Morrison, Mrs. Robert, Mrs. Morrison, Mrs. C. C. Cummings, Miss Cummings.

Receiving Today.
 Mrs. W. J. Wilkinson, 3 Nina avenue.

Meeting.
 A general meeting of the I.O.D.E. will be held this afternoon in the Normal School Hall, Convent street, beginning at 2:45 o'clock. Being the annual meeting of the Municipal Chapter the reports of the primary chapters under its jurisdiction will be read, also reports of I.O.D.E. preventorium. The report and officers of the Choral Society were invited to the college to supper. The chorus continues its work until Easter.

At the annual meeting of the executive of the Mendelssohn Choir, held at the National Club, the committee discussed the financial outcome of the concert given on February 1st and 2nd, the net profit being \$4095.50, which amounted to \$4095.50. As a contribution to this amount the members of the chorus voluntarily surrendered their usual complimentary coupons, thus contributing nearly five hundred dollars to the net results.

In addition to this, in order to ensure the realization of a substantial profit, the committee, at the beginning of the season reluctantly requested the Chicago Symphony Orchestra to consent to a cancellation of their contract for these concerts. This was graciously acceded to by the management. The treasurer of the choir has therefore been instructed to divide the above sum of \$4095.50 equally between the Canadian Red Cross Society and the Belgian Relief Fund.

Papers Prepare People for Loss of Alsace, Lorraine and German Poland.

Canadian Press Despatch.
NEW YORK, March 4.—A London Daily Express despatch to The Herald, dated Amsterdam, Wednesday, says:
 Significant paragraphs appearing in the German daily and weekly press make it clear that the government wishes the people to become accustomed to the notion that the peace Germany will be able to gain will not give her one inch of surplus territory.

Even a pan-German newspaper like The Berliner Post, whose active contributor Gen. von Bernhardi was for years, admits that "it is not wise to

force German nationality on people who are not German and who are not worthy of being turned into Germans."

In several reviews the same notion is impressed on its readers with significant insistence. Suddenly Germany discovers that the Alsatians, the Poles and the Danes have given up their troubles and that a "good peace" must assure for her a "much needed rest for inner rebuilding."

Orillia - 5 Warton 1

ORILLIA EARNED FOUR GOAL LEAD

Easily Beat Warton in First Game of Intermediate O.H.A. H. A. Finals.

ORILLIA, March 4.—(Special).—Warton was defeated 5 to 1 here tonight in the first game of the Intermediate O.H.A. final and the fast Orillia team will carry a four-goal lead to Warton Wednesday night. Warton have nobody but themselves to blame for the reverse. Their team play was away below par. Dad Ashley on the defence and A. Ashley at left wing being the only ones to show form. Warton tried to bore in too much and the close checking of the Orillia defence, aided by good play on the forward, spoiled any chances they had. Warton's shooting was very poor. Warton had considerable weight on the speedy Orillia outfit, but failed to use it, and also had a tendency to rush over the top end, combined with poor passing, spoiled every opening.

Warton Wasted Speed. Warton had a lot of speed, but wasted it all thru and showed absolutely no inside play. The losers best performance was in the second period when they bottled Orillia up at their own end for the biggest part of the period, but penalties and poor range kept them from scoring. The Warton forwards showed up considerably in the last period and Orillia were all over them. The winners always teamed well and their range was perfect. Jupp ran in the first three minutes, but a few bumps slowed him up, and Draper was the most consistent scorer. The Orillia right wing went from bell to bell and was the most effective man close in to the net. The Orillia defence were always strong and they soon sized up the Warton attack and staked them into the corner. Unless Warton show considerable more than they did tonight they will hardly overcome Orillia's lead. Good hockey body work is about the only thing that will stop up the speedy Orillia outfit, and this is Warton's only chance on Wednesday night.

Teams and Summary. Orillia (3)—Goal, Johnston; defence, Harvey and McNab; rover, Jupp; centre, Ross; right wing, Draper; left wing, McDonald. Warton (1)—Goal, Johnston; defence, Giltner and De Santis; rover, McNab; centre, Myers; right wing, Rock; left wing, A. Ashley; Toronto. Referee—L. J. Shea.

Warton broken. Warton broken by the face-off and Corbould turned aside a couple of fair shots. They held the play there for several minutes but Orillia, backed into their end of the rink, checked and blocked effectively. Orillia took a hand at the net, and after allowing a rush, with Jupp and McDonald following in last, just missing the rebound. Ross, in the corner, took a shot with a neat lift best Johnston for the opening score. Orillia here took command. Warton seemed bewildered and bottled up in their own end, unable to break past the Orillia defence and pecked around the Warton net made shooting difficult. Orillia were away off and failed to score. What shots did have a chance alarmed into players' legs or bodies. Orillia showed at the Orillia end at rare intervals. After nine minutes play Giltner produced the equalizer, slipping a long shot at the net when he tried to look it aside. Orillia were preoccupied at the time called time. Score: Orillia 1, Warton 1.

Second Period. Orillia were all over Warton opening the second. Draper started proceedings with a rush down the side, and a shot that missed the goal by inches. Dad Ashley went down, but Harvey checked him, and he slipped to the corner. The latter scored with a raise from the side. Ross came into the game later and shooting from well outside the defence, best Johnston for Orillia's third tally. Warton showed a few signs of form here and commenced to get their bearings. They chased the play to Orillia end and kept them bottled up for fully five minutes. Wonderful goal-keeping by Corbould and the packed quaters alone kept them from scoring. They grew fast and furious toward the end of the second and at one time Warton were on top. Jimmy Myers and Allan Adney, who they watched the game. Johnston made a couple of nice shots and the period. Score: Orillia 3, Warton 1.

Third Period. Warton secured the face-off and Draper nearly all but got into trouble when he shot and on a side missed by inches. McNab was penalized for tripping. Warton looked for a goal, but Johnston had a shot that almost tallied. Warton looked good for the opening two minutes, but they had most of the play, but were short on goals. They tried to work in too close and were generally shooting who they could find. Giltner was laid out with a stiff body check, but after a rest returned. McDonald was hooked for smashing his man into the boards. Orillia had all the play in the last ten minutes and on a rebound following Ross shot. McNab and Dad Ashley were penalized, and with a minute to go Draper found the net for the final score, taking a rebound off Johnston's pads. Score: Orillia 5, Warton 1.

ALL-TORONTO HOCKEY LEAGUE.

President Waghorne has called the annual meeting of all the Toronto Hockey League for Saturday afternoon at 5 p.m. at Central Y.M.C.A., Carlton street. All clubs who are champions of their series in the bona fide leagues are requested to send two delegates; also the officers of the leagues, president and secretary, are requested to attend. Each player must take part in two matches in their league to qualify.

The draws will take place so as to start on Monday night. The president has secured a rink for all games. Last year all O.H.A. players were barred, which proved a success in the means of developing players for the future, and gave all clubs a fair chance. The Ontario Hockey Association secretary, Mr. Hewitt, kindly donated three handsome cups for competition. Any information can be secured from the president, phone Parkdale 4083.

In the M.Y.M.A. Junior League game last night Westmorelands defeated Centre 10 to 0. In an exhibition game last night Stimpson's Mail Order team defeated St. Barnabas 10 to 0. The Metropolitan League will be played at Newmarket tonight between Thornhill and Newmarket. Newmarket have a 3-goal lead on their opponents and a close game is expected.

The Galt Juniors Win Northern League Final

GALT, Ont., March 4.—(Special).—The Galt Juniors won the Northern League final for the 1914-15 season by a score of 5 to 4, winning the round 9 to 3. A crowd representing all of western Ontario packed the rink to witness the contest played here this winter.

The visitors showed great gameness. Galt having the half-time score 4 to 0 in its favor, but in the second period they played loose hockey and missed many opportunities to score.

Galt should have had two more goals, but the referee decided otherwise. He received a very unpleasant reception from the crowd for his poor work. The teams:

Galt (5)—Goal, Dolson; point, Chino; cover-point, Burdette; rover, Dryden; left wing, Tremaine. Ottawa (4)—Goal, Levanah; point, Legate; cover-point, Buhart; rover, Bell; centre, Creighton; right wing, Pallister; left wing, Hicks. Referee—J. Shea of Palmerston.

Wanderers v. Ottawa First Game Wednesday

MONTREAL, March 4.—The directors of the National Hockey Association met this afternoon at the Windsor Hotel and arranged for the home-and-home series which will be played to break the ice in the league standing between Ottawa and Wanderers. It was decided to play the first match at Ottawa on Wednesday night, the second fixture to take place in Montreal on the following Saturday.

It was agreed that most goals should be decided in the first period. Immediately after the championship of the N.H.A. is settled the winning team will leave for British Columbia to play the winners of the Pacific Coast League for the world's championship, the first match to take place on March 30.

A discussion took place on the advisability of sending two teams of the active players to the Maritime Provinces. The necessary arrangements can be made, are Quebec and the Shamrocks.

BOXERS WILL TRAIN.

Riverside Athletic Club boxers will train on Monday, Wednesday and Friday nights for the International tournament, to be held at the Riverside Arena on March 18, 19 and 20.

The directors of the tournament team will be picked to represent the club in the American championship in Boston some time in April. New boys will be made welcome.

The bicycle riders will work out on Tuesday and Thursday until further notice.

TROTTERING CIRCUIT DATES.

NEW YORK, March 4.—At a meeting of the Metropolitan Circuit dates were arranged for nine weeks of harness racing next season on half-mile tracks in New York and New Jersey. The circuit probably will open at the Parkway Driving Club's track in Brooklyon, on Aug. 5. The schedule follows:

Brooklyn (Parkway Track), N.Y., Aug. 5-5.

Morocco, N.Y., Aug. 10-12.

Croton, N.Y., Aug. 17-12.

Middletown, N.Y., Aug. 24-26.

Hoboken, N.J., Aug. 30-Sept. 2.

Orangeburg, N.Y., Sept. 3-5.

White Plains, N.Y., Sept. 10-12.

Minerva, N.Y., Sept. 20-24.

Trenton, N.J., Sept. 27-30.

The next meeting on the dates assigned to Hoboken, but as the two tracks are 150 miles apart the harness race circuit would not injure either.

WHERE TO LUNCH.

Krausman's Grill, King and Church streets, Munsie, 6 to 8 and 10 to 11:30 p.m. Sundays sacred music, 8 to 8 p.m. Private banquets catered for.

OSLER RECREATION CENTRE.

Juniors and juveniles competed in the following events last night: Standing broad jump, high jump, and potato race. Each event was keenly contested and some remarkably good performances were recorded. The juniors and intermediates playground O. B. teams held a strenuous hour's workout. These two teams look like winners in their respective group. Monday night West End meet Playground in an important junior fixture at the Templars' building.

ABERDEENS LAND SINGLE RINK FINAL

Defeating Toronto Easily on Good Ice at Queen City— Prizes Presented.

Aberdeens won the final game last night at Queen City for the single rink championship of Toronto in holiday fashion. The ice was almost keen and seemed to suit the men from East Toronto better than the Tankard champions, especially Wally Booth, who was in rare form and well deserved the victory.

Rinks and scores: Toronto—Aberdeens—E. Lyons, Dr. Snelgrove, C. W. Matthews, W. E. McMurtry, G. S. Lyon, G. S. Lyon, W. V. Booth, sk. 16. Aberdeen, sk. 16. Aberdeen 1 0 0 1 1 4 0 2 1 4 0 0 2 16 Toronto 0 0 0 0 0 0 0 0 0 0 0 0 0 0 7

The last end was not played.

President Charlie Pearson of the Queen City Club and single rink committee presided at the presentation proceedings immediately after the game. E. T. Malone, on behalf of the donors, presented the Canada Life Trophy to the Aberdeens, it being their second win. The individual prizes were also presented as follows: First four, Aberdeens; second four, Toronto; third and fourth four, T. Tom Wilson (Granites) and John Dennis (Granites).

QUEEN CITY HOLD CAREW CUP.

Queen Royal City visited Queen City last night and almost succeeded in lifting the Carew Cup. However, R. B. Rice was there in the punch and won by one shot. Scores as follows: Queen City—Carew—C. Soldiers Play Games At Exhibition Grounds

The final game in the Soccer Football League was played yesterday (Wednesday) between the 44th, team representing the 29th Battalion, and the 12th team representing the 19th Battalion. These teams have fought their way thru the 30 teams which composed the league, and yesterday's game showed the calibre of football they are playing. From the starting whistle both teams entered into the game with a determined and confident spirit and before the long goal was tallied some strenuous play had been included in it. The 44th, after a nice little piece of combination work, succeeded in scoring, making the score 1-0. The St. Catharines boys have played consistent ball all thru the league and deserved to win. Sgt. Beard of the military police handled the whistle in an impartial way, and gave entire satisfaction to both teams. Being a player himself he was in a position to get the fine points of the game.

THE T. EATON CO LIMITED

Grand Fancy Dress Carnival Friday, March 12th.

Pastor Russell's distinguished sermons appear weekly in approximately fifteen hundred newspapers in the United States, Canada, Great Britain, South Africa, Australia and South America...

Clergy Ordination Proved Fraudulent NO DIVINE AUTHORITY FOR IT

Christian People Humbugged — Dignities, False Pretence — Christ's Kingdom Thereby Injured — Shackles of Ignorance and Superstition Forged — The Start of the Error — Its Motive — Its Bad Effects — The Proper Remedy.

Speaking at the New York City Temple, Pastor Russell took for his text "CHRIST LOUD, spare not him; show no people their transgression..." He prefaced his address with some remarks respecting the unpleasant duty implied in the text...

Every unbiased student of the Bible surely will agree that our Redeemer and His disciples manifested great humility, in contrast with the clergy of our day and of centuries past. None were Reverends. Right Reverends. Most Reverends. Very Reverends. etc.

It is but reasonable to assume that many Christian ministers have neither studied deeply nor thought carefully on this subject. They have merely followed the beaten path of their various denominations without enquiring for the Divine authority of their ordination, titles and honor of men as titled ecclesiastics.

The persecutions of the Second and Third Centuries undoubtedly tended to keep the Church humble and free from hypocrites, but the property doctrine of the beginning of the Fourth Century had a bad effect. Many of the bishops, according to the property doctrine, neglected to follow the example of the Lord and the Apostles, and became lords, dignitaries, in the Church seeking to improve the worldly and especially the rulers, with their impotence.

In the year 330 A.D. under the patronage of the Emperor Constantine, all Christians who acknowledged the Nicene Creed were not only protected, but honored, the Emperor seeking to strengthen his political power thereby. By him the Bishop of Rome was granted special honors, and gradually the doctrine of a fiery Hell of torture was one of these, followed later by a theory that men were merely in the Church would never be sent to Purgatory, the tortures of which were merely a church second chance for purification and preparation for Heaven.

The clergy gradually grasped more power in this world and beyond. Their marriage not performed by men would be invalid. Those who married otherwise would be living in sin. The theory of infant damnation made the ministers additionally necessary to sprinkle the babies, to preserve them from eternal torture. Then followed classification of sins and the fixing of penalties and arranging for masses for the souper deity, the culprit from Purgatory. Rites and ceremonies connected with the death of a man were multiplied. All of these served to bind the people to the clergy, and more and more separated them from the simplicity of the original message of the Bible.

A Point Not Generally Known. Favored by conditions prevailing, the Bishop of Rome became more and more prominent, while the Roman Empire gradually went to pieces. The Bishop of Rome took to himself the title Pontifex Maximus, a title previously held by the Caesars. Another step in the wrong direction, which utterly separated the clergy from the laity, was the doctrine still held by the Church of Rome, namely, that the clergy alone constitute the church, and that the common people are the children of the Church. Many Catholics are not aware of this fact, but they are the ordained minister of the Catholic Church. They forget that while they are privileged to call the unordained student by the title brother, all the ordained minister must be recognized as father.

In Fat Classes Only Few Were Choice or Even Good.

EASIER AT CLOSE

Less Activity Prevalled as Day Advanced on Local Yards.

Receipts of live stock at the Union Stock Yards on Thursday were 82 carloads, 778 calves, 1917 hogs, 158 sheep and lambs, 63 calves, and 420 horses.

In the fat cattle classes on sale there were 2853 choice or even good, the bulk again being of common and medium quality.

The market opened up in the morning, dealers paying about steady values with a tendency to quotations, but as the day advanced prices were largely steady.

There was little demand for stockers and feeders, and values were barely steady. Milk and springers were slow sale for any but the choice fresh milkers, and extra quality forward springers.

Choice fresh milkers, 1000 to 1200 lbs., \$7.25 to \$7.50; medium, \$6.75 to \$7.00; common, \$6.25 to \$6.50; in milk, \$5.25 to \$5.50; in milk, \$4.75 to \$5.00; in milk, \$4.25 to \$4.50; in milk, \$3.75 to \$4.00.

Stoppers and Feeders. Sheep and lambs not being plentiful values were firm also.
