Half a Hundred Shocks Felt Since City's Doom But Terror Has Passed

Calamity Occurred Without Warning and Air Became Black as Buildings Crashed—Then Came Conflagration—Over 400 Bodies Were Recovered From Ruins in Short Time—Death List Estimated at 1000.

U. S. MARINES ARE PATROLLING CITY STREETS

THE SITUATION.
The situation at Kingston seems to be improving. Order has been re-established, and the work of burying the dead and caring for the injured is progressing on an organized basis. Canada's parliament have voted \$50,000 for immediate purposes; the people of the British island of Trinidad have sent a first instalment of relief; H. M. S. indefatigable has left Port of Spain, Trinidad, with provisions, clothing and other supplies for the stricken people; the French government has started a cruiser from the island of Martinique with supplies for Kingston; the Mansion House fund in London is growing rapidly; the British authorities are perfecting the details of relief on a large scale; various other steamers are either on their way or about to start for Kingston with food, clothing and medicines. The report that a tidal wave devastated the southern shore of Jamaica has not been confirmed. The total estimates of deaths remain about 1000.

Kingston, Jan. 17.—The streets of this city are now picketed with American guards. Admiral Evans, at the request of the British authorities, landed a number of marines from the battleships Missouri and Indiana.

Six hundred bodies have been recovered, and more are being constantly found. Dynamite is being employed to clear away the debris of shattered buildings.

The whole town is in ruins and the greater portion is still smouldering ashes. The smell of burnt flesh pervades the air.

The earthquake came as a sudden oscillation, not from any particular direction, but up and down.

Thousands of persons were on the streets of Kingston at the time and great numbers of them were crushed.

Without a warning the earth began to shake and tremble at 5:30 Monday afternoon. The shocks, which came from the westward, lasted exactly 38 seconds. The whole city rocked like a ship in a choppy sea and buildings reeled and fell.

Eastward a dense cloud of dust rose and covered Kingston in a gloom of darkness. The shocks were most destructive along the harbor front; four entire streets were leveled and crowds of frightened shrieking people streamed northward toward the racecourse, hundreds with heads and bodies cut and bruises streaming with blood. Those who escaped with slight injuries reported that large numbers of persons were buried under the fallen stores and tenements.

Fire Soon Spread.
As the dust lifted pillars of smoke arose in Harbor-street near the Parish Church, and shortly afterward flames shot into the sky. It was then perceived that fire would complete the work of the earthquake.

In half an hour the flames were spreading from block to block in the business section. The fire council was unable to stay their course, owing to the inadequate supply of water, the earthquake having broken the mains.

Fortunately a northeast wind was blowing at the time, which confined the conflagration to the southern portion of the city. The fire raged all night and ultimately spent its force Tuesday forenoon.

The buildings in the upper portion of the city were uninhabitable, and the residents sought refuge in the

SCENE WAS HELLSH.

London, Jan. 18.—Hamar Greenwood sent an account of the earthquake to The Mail. He says he was just entering the Myrtle Bank Hotel with Jesse Collings when the earth trembled, split into huge fissures, cracked and left a hollow in the street. Fires then started and the scene became hellish. Everyone is now recovering here.

public parks or on lawns adjoining the wrecked houses.

It was a pitiable sight. Thousands of persons were homeless and hundreds were enduring agony from broken heads and limbs under the open sky.

The city doctors were busy all night amputating limbs and dressing wounds. The worst cases were taken to the public hospital, where the staff doctors attended to them, but many expired before morning.

The work of recovering the mangled persons was continued Tuesday and Wednesday and fully 400 corpses were taken to the Myrtle Bank Hotel to be ashes in the fire. Attempts at looting were made by the rabble, but the military guards stationed at the principal corners restored order.

Efforts as this despatch is filed are being made by the government to clear the debris from the streets, but the laborers are afraid of the ruins and of further shocks, and consequently slow progress is being made.

ON MONDAY NIGHT FIFTEEN DISTINCT SHOCKS WERE FELT. ON TUESDAY THERE WERE TWENTY SHOCKS, AND ON WEDNESDAY THERE WERE TEN.

Among the buildings utterly destroyed are the supreme court, Colonial Bank, Nova Scotia Bank, the Merchants' Exchange, the city council's Parish Church, St. George's Church, the Roman Catholic Cathedral, the savings bank, all the shipping offices and the Myrtle Bank Hotel, the Constant Springs Hotel, the Jamaica Club, the Masonic Temple, Training College, Hope College, the railway terminus, customs buildings, cable company offices, all the newspaper offices except The Daily Telegraph, which is severely damaged, but escaped.

CANADA GIVES \$50,000 AT ONCE PREPARES TO FORWARD SUPPLIES

Ottawa, Jan. 18.—(Special.)—At the opening of the house this afternoon, Mr. Fielding said: "A question was asked yesterday with regard to the disaster in Jamaica. Owing to the breaking of the cable it has been found very difficult to get any official information. There seems to be no reason, however, to doubt that the disaster is a very great one; that there has been a large loss of life, a very great destruction of property, and consequently, very much distress."

"I think that, without waiting further for official information, it will be the wish of the parliament of Canada to take immediate steps to express in a laudible way their sympathy to the Canadian people with their brethren in the West Indies by the making of a substantial grant."

"As to what the amount should be, we are not prepared at this moment to say more than this, that we will take the usual steps for asking the assent of parliament for a grant of \$50,000 as a first step, with the understanding that, if further information should show that the disaster is of such a character as to make the needs greater, we shall ask parliament to supplement it with another grant of \$50,000, making \$100,000, if necessary."

A Relief Steamer.
Information has reached us that a steamer is about to sail from Halifax to Jamaica, and the proprietors of the line (Pitcair and Black) have offered to convey free of transportation charges any provisions which the Canadian government or people may wish to send. Instructions are being sent to the collector of customs at Halifax, who is a

gentleman familiar with West Indian conditions, to make enquiries from well informed people as to what it may be desirable to send, and to purchase at once whatever provisions are available, and, in the opinion of those whom he may consult, are suitable for the needs of the people of Jamaica. An endeavor will be made to have these together with a supply of tents from the militia department shipped from Halifax for Jamaica to-morrow.

Opposition Confrontations.
R. L. Borden said: "I am sure that there will be no dissenting voice in the house in the proposal of the government. It seems that the disaster has been even more appalling than we were inclined to think a day or two ago, and that the action which the government and parliament will take will, I am sure, commend itself to the people of Canada. It might not be out of place also to express the appreciation which I am sure, all of us feel at the prompt and generous action which has already been taken by the president and congress of the United States in relation to the disaster."

His excellency has cabled to Governor Swettenham of Jamaica for particulars regarding the losses, and to ascertain the most acceptable form of relief that this country can send.

U. S. MONOPOLY OWNS OUR FISH

Operations of the New England Fish Co. in Canadian Waters Occasion Spirited Protests in the House.

MODOUSVIVENDI PROVES UNFAIR

Liberal Members Criticize the Administration—Mr. Brodeur Says Time is Not Ripe to Abrogate.

Ottawa, Jan. 18.—(Special.)—To-day being Friday, the house appropriately talked for seven long hours about nothing but fish. It was in some respects a remarkable day, for private members on the government benches assailed the government without mercy. Even so faithful a friend as Alexander Johnson informed the house that, in his opinion, the modus vivendi should be abrogated. Mr. Sinclair of Nova Scotia suggested that there should be appointed a select standing committee of the house upon fisheries. Mr. MacPherson of Vancouver urged that large and speedy boats be placed on the Pacific coast to stop poaching, and characterized as ridiculous the present efforts at patrol exercises.

He pointed out, however, that the American market was a large factor in the fishery question. Only about 5 per cent of the output of the Canadian fisheries is consumed in Canada. Mr. Sloan, late of the Yukon and now of British Columbia, but who, it is rumored, is soon to return as governor, went after the modus vivendi in a way that was calculated to make the ministers sit up.

Mr. Brodeur, who spoke for the government, was frank enough to say that the time was not ripe for abrogating the present arrangements. He, too, pointed out our dependence upon the American market and some incidental benefits that flowed to certain districts of Canada from the modus vivendi. He referred to his cold storage for bait and the action of the government in procuring the transportation of fish.

The debate will be continued on Tuesday.

Trouble in East and West.
Mr. Sloan (Liberal—British Columbia) led the debate. The question which had been pending so long respecting the Atlantic coast had now become acute, respecting the fisheries of the Pacific coast. By the treaty of 1818, American fishing vessels were permitted to put in at Canadian harbors for safety, for repairs, and to procure food and water. It forbade the drying and curing of fish. He denounced the present modus vivendi as a monopoly which had built up a monopoly against which

TAF GIVES FAIR WARNING AGAINST POWER COMBINE

Canadian Niagara Power Co. and Electrical Development Co. Amalgamate to Prevent Competition in Prices, They May Lose Privileges Now Accorded.

Washington, Jan. 18.—Secretary Taft to-night said of the approval by him of the recommendation of congress that not more than 15,000 cubic feet of water per second be diverted from the American side, while 100,000 horsepower may be brought from the Canadian side, that with respect to the American falls this is an increase of about 2000 cubic feet a second of what is now being diverted without affecting the scenic wonder of the falls.

In explanation of his allotments of water to water companies on the American side of the river the secretary takes up the case of the Niagara Falls Power Co. and its allowance of 8000 feet a second, which it is now using. He refuses to make an additional allowance for slinking purposes holding that such water must be obtained from the original allowance.

The Niagara Falls Hydraulic Power and Manufacturing Co. is now using 4000 cubic feet of water and had under construction, before the Burton act, a plant to divert 2500 cubic feet. The secretary confirms this company in the allowance of 6000 cubic feet with the same regulation as to slinking.

He approved Captain Kutz's performance, and improve the permit to the Ontario Power Co. for the importation of 60,000 horsepower, but he diminished the Canadian Niagara Falls Power Co.'s allowance from 80,000 to 52,500 and increased the Electrical Co.'s allowance from 37,500 to 46,800.

The Ontario Co., he says, is entitled to a larger allowance than the other two companies because it generates 11,000 horsepower more than the Canadian Niagara Falls Co., and 16,000 horsepower more than the Electrical Co.

Relative to the claim of the Niagara Co. to a preferential right over the other two companies, the secretary says that this claim is based only on priority in taking water from the river and cannot reasonably be extended to rights to transmit water for all. He denies positively the application of the Niagara Falls Power Co. and its Canadian counterpart to have the permits include a provision by which in case of a reduction of the amount of water permitted limit, a corresponding increase beyond the limit permitted for the Canadian side may be authorized.

He refers to allegations that the three companies are really looking forward to an amalgamation of interests, or a combination to keep up the price of electrical power by avoiding competition, and says that "should evidence in proper form of the existence of such a combination be brought to me as a ground for the modification of the action now taken, it will be given careful consideration."

IT'S NICER TO BE FRIENDLY GET ON BETTER, SAYS ROOT

U. S. Secretary of State Reaches Montreal—Visit Without Political Significance.

Montreal, Jan. 18.—(Special.)—"Friends invariably get along better than strangers," was the reply made this evening by Secretary Root of the United States cabinet, when his mission to Ottawa was spoken of.

"There is," he added, "no political significance to the visit."

"But, Mr. Secretary, these social amenities will not preclude the discussion of international questions."

"Well," he replied, "friends get along better than strangers. This is all there is in it."

Captain Newton, A.D.C. to his excellency, was at the station with Lord Strathcona when the secretary arrived, and the party, consisting of Mr. and Mrs. Root and daughter, were driven to the high commissioner's residence. They will proceed to Ottawa to-morrow, and will remain in the capital three or four days.

WHO'S TO BE THE LUCKY ONE?

Ottawa, Jan. 18.—(Special.)—Jacques Bureau, M.P., came in from Three Rivers to-night, and the gossips are busy respecting his appointment as solicitor-general and the bitter opposition thereto from Postmaster-General Lemieux.

The situation has become acute owing to an inspired item in "Le Canada" this afternoon, which goes on to declare that the members from Quebec had recommended for solicitor-general either Lapointe (Kamouraska) or Lachance (Centre Quebec).

With Bureau's arrival there was a lining up of the forces, and both Lapointe and Lachance denied emphatically that they or either of them desired to be solicitor-general, and there was a general denial that any recommendation had been made for the members from Quebec.

It is claimed by the Bureau crowd that "Le Canada" was directly inspired by Mr. Lemieux. The matter has come to the point where the government would gladly abolish the office to get rid of the squabble.

MAY ASK POLICE TO DIRECT CARS

Board of Control Will Meet at Noon To-day to Take Action if Company Continues to Disregard Orders.

100 NEW CARS ARE PROMISED

But They Won't Be Ready Until Next Fall—More Changes and New Routes Contemplated.

If the reports received by the board of control in special session at noon to-day indicate that the street railway has not complied with the city's mandate, that the old routes be restored on the Winchester, Bathurst and Arthur-street lines, there may be doings.

The routing of the cars will be in direct defiance of the city's orders, the validity of which is backed up by decisions given in the courts. To preserve its dignity, the city must be prepared to give effect to its orders, and the only way that appears open is to invoke the aid of the police department.

This is Controller Hooker's program, and, as the mayor has declared for a bold stroke against the railway, to the discarding of legal processes for once at least, it is to be expected that he will fall into line with the aggressive controller. Controllers Harrison and Ward have always been advocates of a "no surrender" policy towards the railway. Controller Hubbard is out of the city and not likely to return for the council of war, which will be attended by Corporation Counsel Fullerton, Solicitor Chisholm and Engineer Rust.

Manager Fleming was genial but non-committal last night.

"There is not any change being made at present," he said, "I would prefer not to say any more about it."

Asked whether the desired change might not be made this morning, he again declined to give enlightenment.

20 COUNTS IN INDICTMENT IN LONDON BRIBERY CASES

Grand Jury Returns True Bill Covering All the Offences Alleged in Famous Elections.

The grand jury of the assizes yesterday brought down true bills against John O'Gorman, William J. Mulloy, Daniel Wilby, George M. Reed and E. J. Griffin, charging them with fraud and corruption in the elections in London, both Dominion and provincial, in 1924-5.

There are twenty counts in all. The first includes practically the same charges as laid in police court, viz., conspiracy to commit bribery, obtaining money for that purpose, money paid, obtaining information as to how people voted, and for communicating such information.

(1) Conspiracy in all foregoing offences in connection with the Hyman-Gray Dominion election in 1924.

(2) Conspiracy in all foregoing offences in connection with the Beck-Rumball, 1925.

(3) Same thing in by-election for the Dominion house, Hyman-Gray, 1925.

The next fifteen counts are subdivided so as to cover the original counts for each election, and the committing of each separate election offence.

The twentieth count charges George M. Reed with conspiring with E. J. Griffin and Spence to open the ballot-box held by Spence as a deputy returning officer in the Beck-Rumball election, with a view of ascertaining how voters voted.

The grand jury have been hearing evidence on the bill for the last three days. Sixteen of the accused, was a witness, J. Collins, H. Ranahan, J. M. McIntosh, H. C. McBrier, H. J. Fritchett, Wm. Spence, Harold Perry, George Ardy, Wm. Trudell, F. Service, George McCoy, M. J. Donohue, F. A. Jones, Alfred Gatecliffe, H. J. Adams and John Cox were also examined.

The trial will not be commenced until the ending of the railway strike.

Mrs. Alice Colledge, Peterboro, attempted to get off a Yonge-street car between King and Melinda-streets. She stepped off, facing the rear end of the car, with the result that she was struck back and leg were injured. Her suit against the company was tried yesterday, and she was awarded \$44 damages.

In the action of Mrs. Fleming against the same company, the jury returned a verdict in favor of the defendants.

CRIMINAL CASES MONDAY.
The criminal work will commence at the assizes on Monday. The first trial will be that of Edmund Brindan for murder, followed by Mrs. Miller, dealing in noxious drugs, and A. W. Rinker, forgery, etc.

HAMILTON HAPPENINGS GETS ANOTHER LAWYER DURING COURT'S SITTING

Odd Turn at the Assizes—Deputation to Visit Berlin—Request for More Pay Refused.

Hamilton, Jan. 18.—(Special.)—The new sewers committee this evening asked a deputation to be sent to Berlin to inspect the plant there in connection with the sewer system. The Ontario government will be asked to help pay for the cost of a west end disposal works that will take care of the asylum sewage. The application of the disposal work employees for more pay was laid over because it was not recommended by the head of their department. A committee will see that the sludge piled up at the Ferguson-avenue works is moved to the North End Park.

J. McGarvin, a newly-appointed teacher at the collegiate institute, has received an offer from Upper Canada college. The Y. M. C. A. junior basketball team defeated the Toronto West Ends by a score of 43 to 40 this evening. G. Company, 13th Regiment, held its annual supper at Stony Creek this evening.

At the assize court this afternoon, in connection with the suit of T. D. O'Rourke against Mrs. Georgina Gage for possession of land in Binbrook, she claimed that the signature to the mortgage was a forgery. Justice Clute held that it was genuine and advised her to accept the \$400 offered in settlement. She refused and the middle of the action dismissed her lawyer, Col. Logie, and engaged H. B. Petrie.

To Cox Industries, a civic industrial committee will be appointed at the next meeting of the council. This morning Thomas Burns was fined \$50 and costs for a breach of the License Act. Chas. Chinn, a Dundas Chinaman, has complained that a Dundas man has run away with \$200 and his Canadian wife. Bank of Hamilton new building, offices to let. The convention of the Dominion Alliance will be held in the city on Feb. 21 and 22.

As anticipated that a deputation will be appointed to wait on the government at that time to make representations on temperance issues.

New Holland-America S. S. Named.
The Holland-America Line has received Federal Life, Fred H. Sharp, twin-screw steamer now in course of construction for the company at the shipyards of Harland & Wolff, Belfast.

The steamer is named "Rotterdam." This new steamer is of gigantic proportions, being 23,700 tons register, and will have six staterooms, smoking room, and 500 first and 500 second cabin passengers. Every inside and outside room on the double track line, has an adjoining private bath-room in addition to spacious and luxurious ladies' boudoirs, reading and writing rooms, conversation rooms, smoking room, elevator, etc., she will have as a novelty a palm court of enormous dimensions and a sunbathing platform, with a promenade deck. It is expected that the "Rotterdam" will be launched in the latter part of this year, and make her maiden trip to New York in the April, 1928.

The Double Track Route to Montreal.

NEW YORKER WON PRIZE.
Received both the Prize and a Bonus From the Foot-rite Shoe Company.

Several months ago the Foot-rite Shoe Company, through their Boston and Montreal offices, offered a prize of \$50 for the best "phrase and design" which could be used to describe the glorious advantages of Foot-rite shoes and their twenty improvements.

Foot-rite
the Napoleon of shoes

Frank Finney of New York won the prize, amongst 250 competitors. His design was a handsome water color drawing of the great Emperor Napoleon, with the caption: "The Foot-rite shoe—the Napoleon of shoes. The design was at once copyrighted and registered in the United States and Canada, and as a trademark it is being registered in both countries and also in Great Britain, where it is the ultimate intention of the makers to open Foot-rite shoe stores.

Already in Canada alone some 21 Foot-rite agencies have been granted—one in each town, and not more than four in each city. Exclusive Foot-rite agencies are doing a thriving business in Montreal, Toronto, Winnipeg and other cities. Vancouver opens in March.

The prize design submitted by Mr. Finney is herewith presented, just as it was taken from a photograph. Its excellent presentation was so apparent that the directors of the Foot-rite Shoe Company awarded a bonus of \$50 in addition to the prize, and the company say they would not accept twenty times that amount for the artist's original drawing.

Montreal, Jan. 18.—The committee of the Canadian Pacific Railway Car Men's Organization, which has been in session in this city for the past week for the purpose of revising the schedule under which they and the company have been working, concluded their labors last night, their decision being to raise in an all round ten per cent. raise in wages.

ANTI-TRUST SUITS.
Little Rock, Ark., Jan. 18.—Suits for alleged violation of the anti-trust laws of the state were filed to-day by the district attorney against Armour & Co., the Waters-Pierce Oil Company, the Hammond Packing Company, Morris & Co. and the Cudahy Packing Company, for amounts aggregating \$1,333,000 each.

Washington, Jan. 18.—The senate today agreed to the Kittredge resolution, instructing the secretary of commerce and labor to investigate the "lumber trust."

School Boy Kills Chief.
Smolensk, Russia, Jan. 18.—The chief of the rural administration, M. Kroilov, was killed last night by a school-boy named Boriookoff, as the chief was leaving a concert hall.

The boy, who fired five shots from a revolver, was immediately shot and killed by an officer.

For people who do not come down town every day, banking by mail is of great convenience. They send their deposits—cheques, money orders or bills—in a strong envelope sealed with wax, and receive an acknowledgment as quickly as the mails can carry it. The Crown Bank of Canada, Toronto.

INDIANS WANT TO VOTE.
Son of Mississauga Chief a Caller on Premier Whitney.

Johnstone, Paudash, whose father is head chief of the three tribes of the Mississauga Indians, called on Premier Whitney yesterday. These tribes are located as he supposed to have been at Rice Lake, Mud Lake and Seagow Lake. Paudash has been representing them in matters coming before the Dominion and provincial governments.

His present errand was in connection with the mention of the Grand Trunk depot on information that he presented a forged cheque for \$200 at the Imperial Bank on Jan. 2 last and received money for it. In police court Paudash was identified by the teller. He left the city in company with a young lady employed in an east ward warehouse for her arrest.

Another bank forgery was committed at the Standard Bank on Wednesday when a stranger presented a cheque for \$50 drawn on a merchant in good standing at the bank.

Sergeant Wallace this morning arrested two Hungarians, Steven Kebac and Curvel Imjena, wanted in Hamilton for alleged theft of \$80 from George Kiss.

ARRESTED FOR FORGERY.
Brantford Youth in Tolls and Warrant Out for a Woman.

Brantford, Jan. 18.—(Special.)—Frank Babcock, a well-known young man, was arrested at the Grand Trunk depot on information that he presented a forged cheque for \$200 at the Imperial Bank on Jan. 2 last and received money for it. In police court Babcock was identified by the teller. He left the city in company with a young lady employed in an east ward warehouse for her arrest.

WAY FOR RELIGIOUS PEACE.
Paris, Jan. 18.—The text of the French episcopate's address to the Pope, made public to-day, contains a protest against the "violations of the most sacred rights of the church," and declares that "religious peace can only be restored by respect for the hierarchy, the inviolability of property and full religious liberty."

A CALL TO CHATHAM.
London, Jan. 18.—Rev. Dr. Daniels of Colborne-street Methodist Church has issued an invitation to accept the pastorate of the Methodist Methodist Church, Chatham. It is understood that Dr. Daniels will accept.

HEART PALPITATION CURED.
Just like purgatory to be startled out of a sound sleep by the thumping of your heart. Don't be scared. It's only the result of acute indigestion, which ten drops of Nerviline cures instantly. Heaps of worry and sickness, saved by keeping Nerviline handy. For stomach and bowel troubles it's a wonder worker. In sick headaches and minor ailments, a doctor can give better advice than just "Nerviline." For general family use stock a bottle of Nerviline is the best; try it for any ache, pain or bruise and you'll never use anything else.

Kingston's Postmaster.
Kingston, Jan. 18.—Capt. J. J. Jarrel, commanding the steamer North King, was married at Port Hope to Miss Lucy Lander.

James Stewart, ex-manager of the Kingston and Montreal Forwarding Co., is slated for the postmastership here.

Can't Watch the Ballots.
New York, Jan. 18.—The Court Justice Leventritt to-day decided that the watchers who have been on duty guard over the boxes containing the ballots cast in the mayoralty election in November, 1925, since Attorney-General Jackson seized them on a court order several days ago, must be withdrawn.

Justice Leventritt denied the motion of the attorney-general to continue the watchers.

PROPERTIES FOR SALE

McConkey & Goddard's List.
\$2600 - EACH SHAW STREET, built, eight rooms, solid brick, modern, in splendid condition, good cash payment required.

"The order would have been given yesterday to the city engineer that the street of 100 more cars, makes it look as if the company were holding out the olive branch. The new street will be of the most modern style with a length over all of about 40 feet."

"There was but a small market for fish in Canada, and we must bear in mind that the Canadian fishermen derived their chief value from the demand in the United States."

\$5000 - GOOD CORNER, on Portland-street, four small houses, well rented; lot 52x100; only \$1000 cash.

\$2700 - WEST OREGON AND DUNDAS, detached, eight rooms, bath and den, all conveniences, side drive, cash \$500.

\$2200 - HAMBURG AVE., DE- detached, eight rooms, well finished, beautifully decorated, new, a bargain for quick sale.

"The board of control yesterday acted upon the decision of the committee of Thursday afternoon by passing a formal resolution as follows: 'The board recommend that the city engineer be instructed to make an application forthwith to the Ontario railway and municipal board to compel the Toronto Railway Company to remedy the overcrowding of their cars, in accordance with the terms of the agreement, by providing sufficient cars for the proper accommodation of their passengers.'"

Mr. Broder's Defence. Mr. Copp of Digby, N. S., resumed his speech in the evening, and was followed by Mr. Kennedy of New Westminister, B. C. Then Mr. Broder, minister of marine and fisheries, gave an exhaustive review of the entire fisheries question. He did not like to express his opinion on it, but he thought whether the modus vivendi should be abolished or whether, if its abolition would be beneficial, it should be done now or later on. The trouble was that there was a divergence of opinion as to the effect such action would have. He dwelt upon the advantage which had accrued to the Canadian fishermen from the establishment of the half-freedom, and defended the concessions given to the New England Fish Company on the Pacific Coast."

\$9500 - JARVIS ST., CLOSE TO WILTON-ave., solid brick house, detached, with two bathrooms, semi-detached, very choice for rooming house purposes. Buyer can purchase furniture throughout, a low figure.

NERVOUS?

Do You Brood? Have Morbid Fears? Toss In Your Sleep?

Your Physical Condition is Below Par and Must Be Built Up. Try Ferrozole. All the vital activities of the body are quickened into new vigor by Ferrozole, which contains all the constituents necessary to make nerve strength. Its first action is upon digestion. It stimulates the secretion of gastric juice, ensures perfect digestion and prepares the food so as to be easily assimilated. This everything you eat is converted into nourishment that enriches the blood and lends new strength to the nerves. By Ferrozole the mind is relieved of those brooding tendencies, of those morbid fears, of those unwillings that should be done. Don't you try Ferrozole? Don't you give it a chance to win you back to health; it will do it just as it did for Mrs. Creighton Zink of St. Catharines, N. S., who says: 'I want to give my thanks to Ferrozole because I believe it was of assistance to thousands of women who need it badly. I was very thin, run down in flesh and lacked color. My nerves were in a dreadful state. If anything fell I would jump and start. At night I would suddenly wake up, heart palpitating and all kinds of things. Ferrozole went right to work. It restored my appetite, gave me self-control, cured my nervousness. Ferrozole increased my appetite, and my weight came up so fast that I simply didn't need to eat any longer. Eight boxes cured me. If any woman will use Ferrozole also, it certainly will do you good in many ways. Sold by all druggists in the city.'

FREEZE TO DEATH IN WEST.

Bodies of Two Scotchmen Found
Partly Eaten by Wolves.

Davidson, Sask., Jan. 18.—(Special.)—That the recent cold snap is the most severe the west has experienced in many years and has cost a number of lives is now certain, as fearful stories of travelers being lost on the prairie and perishing from cold are being brought to town.

To-day news was received here of finding of two bodies in Red Deer Lake district, across Saskatchewan River, and about 60 miles west of Davidson. The bodies were partly frozen and partly devoured by wolves and could not be identified, but are believed to be the remains of two Scotch homesteaders. There was no trace of horses.

It is said a man was lost on the prairie near Long Lake, thirty miles east of Davidson on Sunday night, and was frozen to death.

HEAR, HEAR!

(Canadian Associated Press Cable.) London, Jan. 18.—The News, referring to Root's visit to Ottawa, says it is the highest consequence that the Dominion should be on friendly terms with its great neighbor, but it is not necessary or desirable they should exchange commercial privileges. The News hopes the visit will be productive of lasting good.

McKinley L.O.L.

McKinley L.O.L. No. 275 held its annual dinner in Victoria Hall last evening. W.M. Charles Hermann presided. Among the speakers were Thomas Crawford, M.L.A.; Harry Lovelock, deputy grand master of Ontario W.; Joseph Thompson, deputy county master, and W. R. Seigley.

A handsome past master's jewel was presented to William Gould by Ald. Geary.

ARCHBISHOP'S GENIALITY.

(Canadian Associated Press Cable.) London, Jan. 18.—The Leader says that Archbishop Sweetman takes a warm personal interest in young colonists and with recommendations from the home clergy. His genial hospitality brightens the lot of many a stranger.

The Colonial and Continental Church societies already have raised £14,000, and £20,000, respectively, for work in Canada.

Manufacturers' League. The game in the Manufacturers' League at the King Edward rink last night was a fast exhibition, and resulted in favor of Jones Bros. by a 2 to 2. At half-time it was 1-1. The teams: Jones Bros. (4)—Goal, Bert; point, Kipp; cover-point, McLaughlin; forwards, Walek, P. McLaughlin, Foster, Hewer. Canadian Kodak (2)—Goal, Somerville; point, Sinclair; cover-point, Robinson; forwards, A. Brant, Kars, F. Bryant and Myers. Referee—R. McIntyre.

A good game is on for tonight at the King Edward rink in the Manufacturers' League, between Minister-Myles and Warwick Bros. & Rutter. At the King Edward rink last night South Parkdale defeated Enid 4-3, in a Senior M.Y.M.A. match. The hockey club of Whitby Collegiate Institute would like to make arrangements for games with similar high schools and dress secretary of club.

In the senior series of the Northern League, Westminster and All Saints played a game, 2-2. Ten minutes over time was played, but the teams failed to break the tie.

JAMIESON'S SATURDAY BARGAIN LIST

THE surprising offer we made last week of a Bank Account Free with every purchase of \$5.00 and over brought a generous response. There are some incredulous people who say such things can't be done without adding it on to the prices, but we challenge any store in Canada to show better values in Clothing, Shoes, and Furnishings than we're giving now. We always reduce prices at this season of the year, and this offer of

A BANK ACCOUNT FREE

is in addition to the usual January reductions. The dollars we deposit in the Farmers' Bank to the credit of customers are charged up to the store's advertising account, and anyone sharing in the benefits of this plan won't be likely to forget the store in a hurry. It is a plain, simple, matter-of-fact, business-like way of ingratiating the business into your good wishes, and in order that you may realize how absolutely fair we are we ask you to compare these prices with the very best bargains you know of outside.

With Every \$5 Purchase at These Reduced Prices we Deposit \$1 to Your Credit in the Farmers' Bank

STAND FOR THE CITY.

Has the time not arrived to decide once and for all the question whether the city or the street railway company is to be the master? Notwithstanding the summary order issued by the city engineer the company has made no change in route, and evidently has no intention to do so.

DR. LOUDON'S ELOGE ON MR. JUSTICE STREET.

At the request of the editorial board of the University of Toronto Monthly, the ex-principal contributes to the current number an appreciative and admirably phrased estimate of the work and character of the late Mr. Justice Street.

A JOYFUL NOISE.

The question of rapid and comfortable transit in Toronto has been solved at last.

PILES

Dr. Chase's Ointment is a certain and guaranteed cure for every form of hemorrhoids, itching and protruding piles.

THE RAILWAYS AND THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

Fourty-second Article. We desire to call the attention of our readers to the unselfishness of the Grand Trunk Railway in proposing to share with the Canadian Pacific and the Canadian Northern railways the new route along the lake front from Port Union to Toronto.

The minister of railways is doing his best to help them along, but his secret visit to the City of Toronto, and his ignoring the city officials, coupled with the premature announcement that the proposed plan would receive his approval, has rather hampered him from doing effective work.

The City of Toronto should not allow itself to be placed on the defensive in this matter—that is just what Mr. Emmerson would like to see. The City of Toronto has not made an application for a route of the Grand Trunk Railway, the application for a change came from them, and it is their duty to prove that the change will be beneficial to the Province of Ontario, otherwise it should not be approved by the minister of railways.

It has been clearly demonstrated that the proposed change would cause irreparable injury to the citizens of Toronto. This has been made plain to the minister of railways, consequently he will not approve the plan unless it is evident that it is in the interests of the people generally.

Mr. Emmerson should not forget that the Grand Trunk Railway are mainly responsible for the discriminations in rates that exist throughout the province—that they are responsible for the lack of business at our lake ports thru their refusal to make lake and rail rates for the benefit of traffic which would naturally go that way—that they are responsible for the exorbitant switching charges which are imposed upon the people of Canada.

Mr. Emmerson has plenty of time to come to Toronto to look into a matter in the interests of the Grand Trunk Railway, but he has not made plain to the minister of railways, consequently he will not approve the plan unless it is evident that it is in the interests of the people generally.

G.T.R. Co. Sued. The Grand Trunk Railway Co. are being sued by Solway and Cohen for \$156,990 for damages for the wrongful conversion by the railway of merchandise belonging to them, and for breach of the agreement to carry and deliver the same.

Mr. Ryan's Notes. The Ontario Bank has begun an action against James J. Walsh and Peter Ryan, claiming to recover \$407.50, being interest and amount of three promissory notes made by the defendant Peter Ryan and endorsed by James J. Walsh.

Accident Suit. Francesco Matteo, administrator of the estate of Giovanni Matteo, has begun an action against the Hamilton Road, Electric Railway, claiming \$5000 damages for the death of Giovanni Matteo thru the alleged negligence and carelessness of the company's servants.

Sues the Company. James Burns was in the employ of the Toronto Railway Company when he sustained injuries which he claims were caused thru the negligence of the company's employees. He has begun an action for damages.

Claims to Be a Member. Mr. Mitchell of Toronto claims that he has been unlawfully and maliciously denied the benefits of the Umberto Primo Italian Benevolent Society. He has instituted an action to have it declared that he is still a member and entitled to all the benefits and privileges of the society.

\$400 Security. J. H. Schlund will have to give \$400 security if he desires to continue his action against Clement A. Foster to recover \$66,000 as a commission for the sale on a certain mine. Application was made by the defendant to have Schlund give \$1000 security, but the master in chambers has delivered judgment deciding that the ordinary security is sufficient.

Getting Money Out of Court. Otto Kurz obtained from Justice Mabee an order allowing him to get certain moneys out of court. His uncle, Michael Kurz, of Huettenchauer, sen. Bavaria, was communicated with to see if he had any objection to the moneys being paid out. No reply having been received, the necessary order was granted.

Wants Judgment Entered. An application was made by James Leiper before the judge in chambers yesterday for an order of mandamus requiring the judge of the county court of the County of Huron to hear a pending motion and to enter the judgment rendered by the jury at the trial awarding him \$125.50. Leiper sued one John Storey for \$100 on a contract for certain walls. By consent the judge will enter a judgment for either the plaintiff or defendant and then one of the parties can appeal.

All Night Restaurant Must Close. The application of Louis Campbell, who keeps a restaurant in the City of Stratford, to have quashed a certain by-law of that city, with reference to restaurants and victualing houses, upon the ground that it is a restraint on the trade, has been dismissed with costs. Campbell kept his restaurant open all night, which was found to be a great convenience to travelers and citizens on account of the train service at Stratford, but the city authorities desire him to close within certain prescribed hours.

MOST SUCCESSFUL NEWSPAPER

The Montreal Star

The Montreal Star (Daily and Weekly) has 200,000 subscribers, representing a million readers. To all these it wishes a Happy New Year. The Montreal Star's marvellous success has earned for it the reputation of being the great National Paper of Canada. The Montreal Star has an extensive circulation throughout the entire Dominion. There is hardly a Township, from the Atlantic to the Pacific, that does not receive regularly great bundles of the Daily or Weekly Star for subscribers. No other paper extant can show such a record.

The Montreal Daily Star's circulation is greater than the COMBINED CIRCULATION of any SIX OTHER ENGLISH daily papers in the whole Province of Quebec, and greater by many thousands than any English daily paper in ANY OF THE PROVINCES OF CANADA, including ONTARIO. Only bona fide circulation counted.

The Montreal Weekly Star's circulation is GREATER than the COMBINED CIRCULATION of the WEEKLY editions of any SIX SUCH ENGLISH papers IN ALL CANADA, and 100,000 GREATER than any other such weekly in Montreal, Toronto, or any other city in the Dominion. Only bona fide circulation counted.

The Montreal Star is in the unique position of having its circulation EXAMINED, CHECKED and PROVEN by thoroughly experienced accountants employed by the great advertisers of the continent for the purpose of checking ANY PAPER WILLING TO BE CHECKED.

These accountants announce not only that The Montreal Star has all the circulation it claims, but in every case MORE THAN IT CLAIMS; a condition of affairs they found in no other paper in America. The fact that at no date in its history has the circulation of The Montreal Star been so great as now, is an indication of the esteem in which it is held, its figures being now thousands ahead of last year.

ALEXANDER MURRAY, Secretary, Montreal Star Publishing Co., Limited.

Star is first in Canada, and ranks with the first twenty-five in all America.

From the largest advertisers using Canadian papers hundreds of testimonials are on record testifying to the fact that more results from advertising are traceable to advertisements in The Montreal Star than to any other paper in the whole country.

The circulation of The Montreal Star is living circulation, all paid for, no returns from dealers, and this is the circulation that tells in advertising results.

The circulation of The Montreal Star in the City of Montreal represents ninety-seven per cent. of the English reading families in the City, in addition to the thousands of French Canadian families where English is read. One advertisement in one issue of The Montreal Daily and Weekly Star goes into (200,000) two hundred thousand families. The magnitude of these figures is only realized when it is borne in mind that no other paper in all Canada has one half as many readers.

The Montreal Star is and has been absolutely independent in the best sense of the word. Not once in its career has it been pledged in its editorial utterances to any party, individual or corporation, being absolutely free to espouse or oppose any cause as to it seems best in the interest of its readers.

What Some of the More Prominent Advertisers Have Said of The Montreal Star:

From HENRY MORGAN & CO., Colonial House, Montreal, Can. One cannot have a better advertising medium than The Star, and we are satisfied that there is not another newspaper in any city in America that has a circulation exceeding that of The Daily Star in proportion to the purchasing public.

From SCOTT & BOWNE, New York, N.Y. We believe The Montreal Star to be a newspaper wielding such an immense influence, not only in its editorial but in its advertising columns that we cannot afford to be without it.

From LEEMING MILES & CO., Montreal. Of all the papers in Canada The Star is the most valuable advertising medium in the English language. There are very few homes The Star does not go into. Our opinion of The Montreal Daily Star and The Family Herald and Weekly Star is based upon identified returns. In response to certain special lines advertised, amongst others ROYAL BAKING POWDER and NESTLE'S FOOD, which have been exceptionally satisfactory. We appreciate their guarantee of circulation which lends additional confidence to our dealings.

From FRED T. HOPKINS, Felix T. Gaurand's Preparations. We are sending renewal of our contract in The Montreal Star for another year. We consider The Star the best Canadian advertising medium, and the fact of our being in your medium for so many years proves that we are sincere in what we say.

From JAS. DOUGLAS & CO., Montreal. The Montreal Daily Star with its large circulation, news items, attractive type, well set-up and bright appearance, constitutes a channel for advertising that cannot be surpassed, and we consider

it a necessity to any one who wishes to bring their business before the English public, whether in Montreal or its outskirts. When we make our annual arrangements for advertising, The Montreal Star always heads the list.

From PICKFORD AND BLACK, Halifax, N.S. The remarkably large patronage given our West India excursions this winter is, in our opinion, very considerably due to the advertisements which we have been running in The Montreal Daily Star. We have never used a paper which has brought us so many replies.

From FRANCIS DIEMEL, Diemel Linen Mesh Underwear Co., Montreal. I cannot let this opportunity pass without expressing my appreciation of your valued publication as an advertising medium. During the year now closing the business of the Canadian branch of the Diemel Linen Mesh Underwear Co. has been very successful, and prosperous one, and The Montreal Star has been of valuable assistance to us in attaining the end.

From THE SALADA CEYLON TEA CO., per P. C. Larkin & Co., Toronto and Montreal. We began our advertising by using The Montreal Star and The Family Herald and Weekly Star, and it has helped us to build up a big business, and gave us tremendous impetus. We consider The Star reaches all the English-speaking people, and The Weekly Star is the great medium which covers all Canada.

From EMMANUEL BLOUT, Manager The Berliner Gram-o-phone Co., Montreal. The Daily Star and The Family Herald and Weekly Star are by far the best advertising mediums we have used in Canada. We have results in our office to show that both your publications bring at least one hundred per cent. more

business for the amount expended than any other medium we know of.

From D. M. STEWART, General Manager, The Sovereign Bank of Canada, Montreal, Can. We have much pleasure in testifying to the value of advertising in The Star. It apparently reaches a very intelligent and discriminating class of people, and in our endeavor to encourage thrift amongst the working classes and to interest the wealthier people in the banking business, we have been able to trace direct and satisfactory results to it. As you are aware, it was formerly considered "infradig" for a bank to advertise in daily papers, and I must confess that it was with some misgivings we departed from the established traditions. We had, however, a definite object in view, namely, the education of that portion of the public who were accustomed to shun the banks to open savings accounts, and while we cannot give the newspapers all the credit for what has been achieved, the fact is that we have to-day about 50,000 saving customers on our books, all of whom are readers of the daily papers, and a large number of them believe in The Star.

From THE DODD'S MEDICINE CO., Toronto, Ont. Our prime reason for advertising in The Daily Star and The Family Herald and Weekly Star is that it pays. We would not care to undertake to cover the Canadian field without the use of these two papers.

From T. MILBURN & CO., Toronto, Ont. The reason we advertise so extensively in The Montreal Daily Star and The Family Herald and Weekly Star is that we consider them amongst the best advertising mediums in Canada. Our experience is that The Daily Star covers the English population in your district, while The Family Herald and Weekly Star covers the whole of Canada from the Atlantic

to the Pacific, as we have received answers from all parts in answer to our advertising, consequently we consider them the best advertising mediums in Canada.

From J. HIRSCH, SONS & CO., Montreal. We take this opportunity of expressing our appreciation of the valuable service we have received through our advertising in The Montreal Star. The vast territory which it covers brings us results from every part of the Dominion. We receive every day fresh evidence of The Star's wide spread circulation.

From HUMPHREY'S HOMEOPATHIC MEDICINE CO., New York, N.Y. We have used The Montreal Star for many years, because we believe it to be the paper with the largest possible circulation in Canada, and we always buy the best.

From RADWAY & CO., New York, N.Y. We have advertised our remedies for many years in The Montreal Star, the best proof of its value as an advertising medium, and we attribute our success in Canada in a large measure to its use. We hope to continue in its columns a great many years to come, as it is one of the necessities of our Canadian business.

From JAMES PYLE & SON, Pearlton, New York. We consider The Montreal Daily and Weekly Star necessary for the general covering of their field—their field the largest in the Dominion of Canada.

From EDMONTON BOARD OF TRADE, Edmonton, Alberta. Of the publications in which this advertising very much the most satisfactory results have been received from The Family Herald and Weekly Star. Not only have we received surprisingly good re-

sults from all the provinces of the Dominion, but our advertisement in your paper has produced a surprising number of enquiries from a large number of the States to the south.

From THE JOHN MURPHY COMPANY, Limited. We are glad to say a word in appreciation of The Montreal Star as an advertising medium. We have learned to depend upon it for results. They are both definite and direct. We have also found upon to look after the interests of its advertisers.

From THE TORONTO NEWS CO., Boston, Mass. I fully appreciate the value of book advertisements in The Montreal Star. The sales in consequence have more than realized our expectations, and in similar cases I would have no hesitation in expecting a good financial return from advertising in The Star.

From THE ROBINSON LUCE CO., Boston, Mass. We have never heard of such excellent direct results from advertising as we had from our advertisements placed in The Montreal Star. It created such a demand that we have sold several special editions of our publication and paved the way for introducing others which are also having an excellent sale in Canada.

From STOTT & JURY, Bowmanville, Ont. We consider The Family Herald and Weekly Star the largest and best located display window in Canada. It faces in all directions, and attracts custom from the Atlantic to the Pacific.

From E. W. GILLET, Toronto, Ont. We are very much pleased with the results from advertising our leading specialties in your papers,

The Montreal Daily Star and The Family Herald and Weekly Star. Our representatives in all sections report that both The Daily and The Weekly Star are great favorites, and that our goods are meeting with unprecedented success, owing to the advertising we have been doing in The Daily Star, and The Family Herald and Weekly Star.

From THE DRESSEN SUGAR CO., Dresden, Ont. From the advertising in The Montreal Star we have received replies from our advertising in the Atlantic ocean, from New York State and Pennsylvania and the West Indian Islands, and the writer has never before experienced receiving so many replies from advertisements printed in one paper.

From J. L. ORME & SON, Piano and Organ Manufacturers, Ottawa, Ont. We find the results very satisfactory from our advertisement in The Family Herald and Weekly Star. We have had replies and orders from points reaching from Cape Breton to British Columbia.

From ALBERTA CENTRAL LAND CORPORATION, Dayland, Alberta. We have had very satisfactory results from our advertising in The Family Herald and Weekly Star. The fact is, we received hundreds of letters daily—more than we could attend to.

From CALGARY COLONIZATION CO. As a result of our advertising in The Star for the last four months that we have had a great many satisfactory enquiries from various parts of Canada, and as a result of these we hope to do considerable business.

From T. W. BOYD & SON. The Daily Star is the only English newspaper we use in the city of Montreal. It practically covers

the field. In our estimation, advertising outside of The Star is simply duplicating circulation. The Weekly Star is a great result bringer. We have secured orders from one end of the country to the other—from Newfoundland to British Columbia.

From T. A. SLOCUM CHEMICAL CO., Toronto, Ont. The results received from The Montreal Star amply repay us for using your paper steadily year in and year out. During the past thirty-one days we received 146 answers from our advertising in The Daily and Weekly Star, coming from almost every part of the Dominion of Canada, and Newfoundland. This, we find, is what no other paper in Canada can accomplish.

From SETH W. FOWLE & SONS, Boston, Mass. We have advertised in The Montreal Daily Star and The Family Herald and Weekly Star for many years, and consider them valuable advertising mediums. If we should advertise in only one daily and one weekly newspaper in the Dominion of Canada, we should certainly select The Montreal Daily and Weekly Star, as we are satisfied that no others cover that territory so completely.

From BRENT GOODE, CARTER'S LITTLE LIVER PILLS, New York. I advertise in The Montreal Daily Star, and The Family Herald and Weekly Star, because they pay me better than any other newspaper in Canada. (And hundreds upon hundreds of others.)

The publishers of The Star, in recognition of its great increase in circulation and the unprecedented public patronage bestowed upon it, have in contemplation many improvements in all the departments of the paper during the current year.

All advertising contracts in The Montreal Star are made on the explicit understanding that every advertiser has an inalienable right to test what he pays for. The Montreal Star circulation books and vouchers are open to the advertising public to check and prove, when and how it may be desired. If in every case The Montreal Star does not give more circulation than the advertiser pays for, the advertiser has the right to decline to pay his advertising accounts. This right has been conceded by

Pimples Stopped In Five Days
 Every Possible Skin Eruption Cured in Marvellously Quick Time by the New Calcium Treatment.

Send for Free Sample Package To-day.
 Bolls have been cured in three days, and some of the worst cases of skin diseases have been cured in a week, by the wonderful action of Stuart's Calcium. Water is the main ingredient of the most thorough, quick and effective blood-cleanser known, calcium sulphide.
 Most treatments for the blood, and for skin eruptions are miserably slow in their results, and besides, many of them are poisonous. Stuart's Calcium Water contains no poison or drug of any kind; they are absolutely harmless, and yet do what other remedies fail to do. They are the most powerful blood purifier and skin clearer ever discovered, and they never damage the system.
 No matter what your suffer from, pimples, blackheads, acne, red rash, spots, blotches, rash, letters or any other skin eruption, you can get rid of them long before other treatments can even begin to show results.
 Don't go around with a humiliating, disgusting mass of pimples and blackheads on your face. A face covered over with these things makes people turn away from you, and breeds failure in your life work. Stop it. Read what an Iowa man said when he had a new face.
 "By George, I never saw anything like it. There's been for three years trying to get rid of pimples and blackheads, and I guess I used everything under the sun. I never saw anything like this for just seven days. This morning every blessed pimple is gone and I can't find a blackhead. I can't write you a volume of thanks, I am so grateful to you."
 You can depend upon this treatment being a never-failing cure.
 Just send us your name and address in full, to-day, and we will send you a trial package of Stuart's Calcium Water, free to test. After you have tried the sample and been convinced that all we say is true, you will go to your nearest druggist and get a 50c box and be cured of your facial trouble. They are in tablet form, and no trouble whatever to take. You go about your work as usual, and these you are cured and happy.
 Send us your name and address to-day and we will at once send you by mail a sample package free. Address P. A. Stuart Co., 55 Stuart Building, Marshall, Mich.

STOCK EXCHANGE MEMBERS SUPPORT GAME PROTECTION
 Pass Strong Resolution, Following an Address From A. Kelly Evans.

A. Kelly Evans, secretary of the Ontario Fish and Game Protective Association, addressed the members of the Toronto Stock Exchange yesterday afternoon regarding the protection of fish and game in the province.
 Mr. Evans showed that in 1902 by active statistics 123,000 people went into the State of Maine to fish and shoot, and read a letter which came from the Hon. L. T. Chubb, the chairman of the fish and game commission of that state, giving Col. E. B. Boothby, general passenger and ticket agent of the Maine Central Railroad as an authority for the statement that at least 250,000 people came into the interior portion of the State of Maine in 1906, and that by the same calculation, would mean twenty-five millions of money, which had been earned by the economic resources of other states and countries left in Maine.
 Ontario, Mr. Evans said, was eight times the size of Maine; large industries had been established in Northern Ontario, thru American sportsmen taking the district attracted by the game and fish.
 Mr. Evans drew to the attention of the board the alarming depletion of the food fish of the Great Lakes, and read some quotations from the evidence in the report of the royal commission appointed by the old Conservative government at Ottawa.
 The address was closed by a strong appeal to the stock exchange to help by its influence the association, and that the stock exchange should support the resolutions as passed by the association's convention at the University of Toronto in September last.
 A. P. Durritt then proposed, seconded by W. Gibson Cassels, the following resolution, which was carried unanimously:
 "We, the members of the Toronto Stock Exchange, heartily endorse the platform of the Protective Association, and recognize the great financial importance to the people of the Province of Ontario in the proper protection of fish and game."
 We also view with alarm the rapid depletion of the food-fish of the Great Lakes, and would recommend to the Ontario and Dominion governments, that, as far as possible, the resolutions as passed by the convention of the Ontario Fish and Game Protective Association, be maintained upon which the laws and regulations pertaining to fish and game be framed.

HAD THIRTY-TWO BOILS AT ONE TIME
 Two Bottles of Burdock Blood Bitters Cured Him.

Imperfect organic action makes bad blood, so, too, bad blood, in turn, makes imperfect action of every bodily organ. If the blood becomes impure, poisoned or contaminated in any way from constipation, biliousness or any other cause, some especially weak organ must soon become diseased thereby, or the whole system may suffer in consequence.
 Pimples, boils, blotches, ulcers, festering sores, abscesses, tumors, rashes or some serious and perhaps incurable blood disease may result. There is no medicine on the market to-day to equal the old and well-known remedy,
BURDOCK BLOOD BITTERS
 for all cases of bad blood.
 Mr. Ernest B. Tupper, Round Hill, N.S., says: "I think Burdock Blood Bitters a great medicine for boils. I had them so bad I could not work. I had thirty-two on my back one time. I used only two bottles of B.B.B. and they completely cured me. I cannot recommend it too highly." Price \$1.00 per bottle or 6 bottles for \$5.00.

BUG EATS LEAD PIPE.
 Swarms of Larvae Feed on Insulation of Electric Wires.

Chicago, Jan. 18.—Electric engineers and fire underwriters interested in the Union Stock Yards have become alarmed over the advent of unidentified larvae swarming certain sections of the packing plants and insulating on feeding upon the lead pipe insulation of electric wires.
 These brown, hairy little wigglers, each five-eighths of an inch long, are moving thru the roof storage houses at the yards, gnawing irregular patches of lead, often cutting and short circuiting the electric current.
 Eaten an inch long and half an inch wide, they evidently gnawed through the lead pipe insulation of one-tenth inch thickness of lead pipe.
 "The lead pipe clinch" bug is the factious designator given the creature by Director Fred J. V. Skiff of the Field Columbian Museum, in whose entomological laboratory this little lead eater is under observation.

ARTIFICIAL RUBBER.
 Swedish Invention Which is Better Than Genuine and Much Cheaper.

Ottawa, Jan. 18.—Artificial rubber, better than rubber and two-thirds cheaper, is being made in Sweden, according to C. E. Sontum, agent for Canada at Christiania. He is reported to have succeeded in producing a stuff which in most cases will take the place of genuine rubber, while it costs only one-third as much. The new stuff has been given the name of Zakin rubber, and there are already being manufactured stamps, leather linings, gas tubing, driving belts for machinery, etc., from it. No rubber or caoutchouc is used in its manufacture, the ingredients of which it is made being exclusively of the vegetable kingdom, and it may be produced in unlimited quantities. The name of the inventor is Z. Olson.

 To Messrs. J. R. NEAVE & Co.
 Gentlemen—I send you my little boy's photo as evidence of the manner in which he has improved since taking your Food. Up to about four months old he made no headway whatever, notwithstanding the care and attention bestowed on him. My wife then decided to try your Food, and from that moment improvement began, and now he is as hale and strong as a child for his age (13 months) as you can find in a day's march.
 I am, Gentlemen, yours faithfully,

THE NEW FRENCH REMEDY THERAPION
 a complete revolution has been wrought in this department of medical science, whilst thousands have been restored to health and happiness who for years previously had been merely dragging out a miserable existence.
THERAPION No. 1—The Sovereign Remedy for discharges, suppurating infections, the use of which does irreparable harm by laying the foundation of stricture and other serious disease.
THERAPION No. 2—The Sovereign Remedy for gonorrhoea, urethritis, cystitis, prostatitis, albuminuria, pains and swelling of the joints, and all those complaints which mercury and arsenic are popularly but erroneously supposed to cure. This preparation purifies the whole system, and thoroughly eliminates all poisonous matter from the body.
THERAPION No. 3—The Sovereign Remedy for debility, nervousness, impaired vitality, sleeplessness, distaste and incapacity for business or pleasure, loss of appetite, indigestion, pains in the back and head, and all the ailments resulting from dissipation, early excess, etc., which the faculty so persistently ignore, but which are the cause of all the ailments of the body.
THERAPION is sold by all chemists and druggists throughout the world. Price in England 2/6 per packet. In ordering, state which of the three members required, and observe that the word "THERAPION" appears on British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioner, and without which it is a forgery. Sold by J. Oakley & Sons, Limited, London, E.C. 4, Eng.

FREE TO WOMEN
 Until Robust Health, Strength and Vigor Is Regained.

Perfect Method. The man of courage, of strong heart, firm nerves, good health, self-confidence and undimmed energy, is the embodiment of success, popular in every walk of life, respected and esteemed by all. Such is the many man.
 For forty years I have been making strong, vigorous men out of the puniest weakling. A man comes to me weak, nervous, despondent and discouraged; with Drains, Locks, Impotency, Varicocele, Rheumatism, Lame Back, Kidney or Stomach Troubles. I give him my world-famed Dr. Sanden Electric Belt, with suspensory, absolutely free, to use for two months. Mind you, not one penny in advance or on deposit. A few nights use convinces him that he has found the right remedy. It fills him with new life, joy, vigor, and strength, and at the end of the time he is only too glad to pay me for the Belt and to recommend it to his friends.
 This is the way I cure men. This is the way thousands every year regain their lost strength, without any rest or pain to themselves, for if I fail to cure you nothing what ever. You pay me only when cured, and I cure you in ten days, for only \$5.00; or, if you want to pay cash, full wholesale discount.
 My great success has brought forth many imitations of my Belt, but my great knowledge, gained by my years' experience, to guide and advise my patients, is mine alone, and is given freely with the Belt. Be sure you get the genuine. Call to-day and take a Belt along. I send you one and my two bottles of Electricity and my medical notes which I send free, sealed, by mail.

CURE CATARRH

In Its Most Malignant Forms

SEND FOR FREE ADVICE

If you suffer from Catarrh in any form, do not neglect it another day. You know how distressing it is to yourself and disgusting to others, but do you realize the deadly peril which confronts you if you let it run its course?

Catarrh breeds more consumption than any other disease combined, and leads to most of the fatal maladies which affect the organs. It is the most common cause of deafness, and, in fact, there is no person of the system which the diseased mucous membrane will not corrupt.

Do not wish to drive away this poisonous, loathsome monster, which will undermine your health and sap your vitality, until you are reduced to a mere shadow of your former self?

Don't Believe It Incurable

Physicians may have pronounced your case incurable, patent medicines may have failed, but I tell you Catarrh can be cured, and I can cure it. Send to me for free advice; I will treat you with the most sympathetic and consideration, and show how a radical cure can be effected.

When writing be careful to read and answer each one of the following questions, "Yes" or "No." This is most important, as I must have the information in order to make a correct diagnosis:

1. Is your throat raw?
2. Is your breath foul?
3. Do you take cold easily?
4. Do you have to spit often?
5. Are you worse in damp weather?
6. Do you have a dull feeling in your head?
7. Do you have to clear your throat "on sight"?
8. Do you have a discharge from the nose?
9. Do you sneeze often?
10. Is your nose stopped up?
11. Do crusts form in your nose?
12. Do you blow your nose a good deal?
13. Does your mouth taste "bad" mornings?
14. Do you have pains across your forehead?
15. Is there a tickling sensation in your throat?
16. Does the mucus drop in back of throat?

Write Now—Don't Delay—It's Free

I urge you, for your own sake and that of your family and friends to take advantage of this splendid opportunity. My offer of free advice is honest and sincere, and my ability to perform all that I promise to do is attested by the thousands of patients throughout the country whom I have cured.

My life-work for 20 years has been curing Catarrh, and the experience gained in that long professional career is placed at your disposal without charge. Throw off the shackles which hold you in the power of a merciless foe—receive this advice free to your life and health and vitality. Address

Conservatives Will Nominate Candidate on Jan. 29.

Strathroy, Jan. 18.—(Special).—The executive of the West Middlesex Conservative Association have called a meeting to select a candidate to contest the riding for the local legislature, for 11 a. m., Tuesday, Jan. 29, at the town hall at Mount Brydges.

Hon. W. J. Hanna and Hon. Adam Beck will address the meeting, and it is expected that George A. Stewart, a candidate in the last campaign, will again be the party's choice.

ROUTE THRU QUEEN'S PARK FAVORED BY THE ALDERMEN

In Meantime Company is Ordered to Build a Line to Parallel Yonge Street.

The board of works yesterday concurred in the recommendation of the city engineer, that the street railway be ordered to construct a line from Queen-street to Bloor-street via Teraville, College, Elizabeth, Grenville St., Vincent and Joseph-streets, Chapel-lane and North-street, while turning down the other suggestion of extending the Richmond-street loop to Church-street.

Ald. McChie favored a line up University-avenue and along the eastern Queen's Park roadway, thru to Bloor-street to connect with Avenue-road, as against Mr. Rust's plan for a line paralleling the Yonge-street line, and desiring the city should make request for the necessary power from the government. There might be opposition from the university, but that institution was subservient to the government.

Ald. McBride took exception to the irregular nature of the Rust route, and said Bay-street merchants were opposed to a line on that street. The city engineer said he was ready to support a route thru Queen's Park—a plan he had several times brought forward only to have it turned down. He did not see why Bay-street property owners should be considered more than those on any other street.

Ald. Vaughan was afraid Queen's Park's advantages as a resort would be spoiled by the advent of trolley lines, and Ald. Foster was against the cutting up of Bay-street.

"We are forcing the company to put on more cars and must provide the lines," argued Mr. Rust, who held that a parallel line should be as near Yonge-street as possible and that the people wouldn't go to York-street, an idea shared by Ald. J. Graham.

Sent Over.

Little time was lost in transferring Ald. J. Haler's motion to indict the company for maintaining a nuisance in the overcrowding of cars to the legislative committee, as was also Ald. Lytle's motion to compel the street railway to supply seats to passengers on receipt of fares.

Controller Hubbard's motion to press for a street railway extension along Harbor-street was approved.

Ald. McChie was dubious as to the position in which the city would be placed if it undertook to build a spur line into Ashbridge's marsh, and the

COBALT--Well-Known Expert Makes Comparison of Mining Camps---CO BALT

EXPERIENCED MINER DISCUSSES NEW CAMP

Says No Other Camp on Continent Has Shown Such Wealth on Small Cost.

Samuel I. Silverman, a well-known mining man, is in the city on his way to the Cobalt mining district, where he is largely engaged in the purchase of mining property. While here he is purchasing machinery and supplies for the Argentine Cobalt Company, who are organizing operations on a large scale towards the development of the various properties in both the Argentine and Dutch Townships. The Argentine Cobalt Company is a corporation organized in the United States and holds the rights of six Ontario corporations. These corporations are owners of 530 acres of land in the centre and the outcrop of the Cobalt district.

Mr. Silverman, who is the general manager of the company, is accompanied by W. H. Bell, a mining engineer, who will take charge of the operations. It is the intention to immediately install four compressors on the main shaft, which are now being developed in the Cobalt district. The company is owner of the Argentine town site located half way between Cobalt and Haldenbury, on the line of the York and Ontario Northern Ontario Railway. They will immediately install an electric lighting plant, sewage disposal system, also machine shops, assay office, and a large hotel for the accommodation of the travelling public, intending to take care of the mining camp, which the camp is bound to have.

In an interview with Mr. Silverman he frankly states that in his 20 years' mining experience, pioneering in the northwest, including the trials, including capitalists to invest in the different new sections of mining territory, the Com d'Alenes in Idaho, the Rossland camp, Grand Forks camp, Nevada, Washington, the surface showing of mineral wealth exposed within the past 12 months in the Cobalt district by far surpasses any of the discoveries made on the surface of the named districts. Mining history has shown no such fabulous wealth as is exposed in an area 12 miles in length by 5 miles in width in the Cobalt district.

For example, the Com d'Alenes required years of toil and millions of dollars before they were made to pay. The British Columbia camps were in a measure the same, requiring large outlays of capital in the construction of railroads, the improvement of river navigation, necessitating the opening of lines of steamships, the improvement of combined millions from both continents before any remuneration began. In this fabulous wealth, Cobalt is a veritable oasis of less than one million dollars in actual development and exploitation has produced within the limited time of 12 months a profit to the mine owners of about \$500,000. The mines of Montana, Colorado, Idaho, Utah and Nevada, which are all of British Columbia, which are all of the same nature, require the expenditure of large capital before they were placed on a paying basis. It is unnecessary to go into details and give a description of the operations in the Cobalt district, but suffice it to say that there are now within a radius of 12 by 5 miles 25 producing mines, paying large profits from under the ground, while others are digging out rich silver ore at a depth all the way down to 300 feet beneath the surface, showing no signs of weakening and from a geological standpoint there is no reason to believe that the veins will go to a great depth as any of the

silver mines of the known mining world. Much has been said in the press both on this side of the line, as well as in the daily papers of New York, disparaging to the growth of this district for reasons that the phenomenal wealth of this El Dorado is detracting largely from other mining districts which still require capital for their development. It is also a well-known fact that the prosperity existing in the north and west, as well as throughout the east is now requiring and absorbing a great deal of capital, railroad facilities being entirely inadequate to keep pace with the times. The public as a rule have to furnish the means of war, as well as the necessary money to build up and develop new territory. It is only natural that the large financial interests would discourage capital going into any new field at present, in consequence of the difficulty in raising money. It is also a well-known fact that the heavy support of the investing public, wealth produced from other mining districts, no one but ourselves, but the few individuals engaged in mining, but aids the farmer, the lumberman and labor generally. Mr. Silverman takes issue with Geologist Love's report on Canada's minerals, as published in The World of Jan. 17, wherein Mr. Love is placing himself in the light of a public benefactor, warning the investing public against speculation in the new mining companies, which at present are supposedly over-capitalized. Mr. Silverman will look back and study the early development of mining territory throughout the United States, Australia, South Africa and Canada. He will plainly see that the development and opening up of these new mineral fields was in a large measure done by the small investors, who purchased shares on speculation and while some have lost their money, others have made a great deal and become fabulously wealthy, afterwards investing their money, not only in mines, but in the development of new territory, building large homes and mansions in the largest cities of the continent, and in general, spreading the prosperity throughout the civilized world and are still upbuilding in this western hemisphere an empire that will furnish a livelihood to the laborer for generations to come.

COBALT STOCKS

You can save from ten to forty per cent. by buying non-producers from us. A strong trust company receives and holds all the money you pay and guarantees all dividends until we deliver the stock. If desired, you can pay one-quarter down and one-quarter every four months thereafter. In this way we sell silver, gold, copper, or any other mining or industrial stock not actually shipping ore or paying dividends. The safest and most profitable plan ever devised. Send for price list and full particulars. We buy and sell producers in the ordinary way on the usual commission. It is hard to quote prices in a variable market but on a firm order to buy or sell we will do our best in the interest of clients. Absence in Cobalt has delayed our promised circular. Copies of it, when ready, and of our "Treasure Vault," will be sent on request. In this way we will try to give reliable information, but have no time to give special opinions on particular issues without a fee. We expect a sharp advance in Nipissing, Foster and other stocks of merit within the next 30 days. CLARKE & CO., MCKINNON BLDG., TORONTO. Phone Main 2246.

CONFUSION IN NAMES OF COBALT PROPERTIES

Lawson Cobalt Silver Mining Co. Must Change Their Provincial Secretary Rules.

Half a dozen Cobalt babbles have been mixed in their cradles, so that their friends don't always recognize them, and Provincial Secretary Hanna has decided that some of them must be named over again.

The sponsors of the Lawson claim (owned by Thomas Crum, M.L.A. and J. MacLeod, and now in litigation) object to the Lawson Cobalt Silver Mining Company Limited, having the word Lawson and also to the Kerr Lake Lawson Mining Company, Limited, having the same name. The Kerr Lake Mining Company, Limited (known locally as the Jacobs Mine) object to any company using the words Kerr Lake but themselves, which applies to the Kerr Lake Lawson Mining Company, and the Lawson Cobalt Silver Mining Company, Limited. Hon. Mr. Hanna has ruled that the Lawson Cobalt Silver Mining Company must change its name. This company is capitalized at \$500,000. The Kerr Lake Lawson Mining Company, Limited, must also change its name. It has been suggested that the Lawson Cobalt Silver Mining Co. adopt the name Walter Lawson, as he was the discoverer of the mine. The Lawson claim was discovered by H. G. Lawson and is not yet incorporated. Toronto people speak of the latter as the Lawson claim, while Ottawa people know the Lawson-Cobalt property as the Lawson claim. In New York much confusion has arisen among purchasers who have been misled by the similarity of titles.

Kerr Lake, being a locality, cannot be reserved for one company any more than the name Cobalt or Toronto. The Kerr Lake Mining Company (\$400,000), and the Kerr Lake Crown Company, Limited (\$2,000,000), will therefore probably retain the cognomen.

SYSTEMATIC DEVELOPMENT.

New President of Nipissing Gives His Views on Mines.

Salt Lake City—Samuel Newhouse has received from Boston a message to the effect that he was slated for the presidency of the famous Nipissing company. Mr. Newhouse admitted that during his recent visit to New York a great many Wall-street interests in Nipissing had urged him to accept this executive office with the Nipissing, now held by Captain De Lamar, but he had not given them any encouragement.

"The Nipissing Mines," stated Newhouse, "will not be a systematic course of development by the most expert of talent. I believe that the Nipissing property can be placed in position to yield from \$500,000 to \$1,000,000 a month. In order to do this, however, there will be needed an installing of a great amount of machinery. It will necessitate the driving of at least three different main shafts with a most complete cross-cut development, on account of the scores of rich veins that cross the property. This will also necessitate smelting facilities, which, I understand, the company has not at this time. While the Nipissing enterprise is a very commendable one for its imperative results of importance are to be achieved."

When asked if he was a large stockholder in the Nipissing company, Mr. Newhouse smiled and admitted that he was a stockholder, without, however, prefixing the word "large." Mr. Newhouse is president of the King Edward Company, now operating in Cobalt.

Court Sherwood Forest Banquet.

All arrangements have been completed for the banquet of Court Sherwood Forest No. 3105 I.O.F., for Monday night in the Temple Building. The installation of officers will take place at 7 p.m. sharp in No. 1 court room, and will be conducted by the Hon. Dr. Cronhyatekha, supreme chief ranger, assisted by the Temple Encampment No. 60, Royal Foresters. The banquet will take place in the assembly hall at 8 p.m. sharp.

Among the speakers will be the Hon. Dr. Cronhyatekha, supreme chief ranger; Robt. Mathison, supreme secretary; H. Collins, supreme treasurer; Dr. Millman, supreme physician, and Alex. Cowan, high chief ranger for Court Encampment No. 60.

The musical portion of the program will include D'Alensandro's Orchestra, and Brothers Hartwell De Mille, J. Augustin, and George Robt. Wilson and a number of others.

The members and guests, who are invited to the installation at 7 p.m., will have plenty of time to be at the banquet, which takes place at 8 p.m.

IS 108 YEARS OLD.

And Can Still Thread a Needle and Do Sewing—Lives Near Belleville.

Belleville, Jan. 18.—Prince Edward County, just across the Bay of Quinte from this city, has a resident who has attained a remarkable age.

His name is John Fymer, and he is now in his 108th year. He came out from Ontario in 1837 with his wife and three children. He fought in the battle of the Windmill at Prescott, and is still hearty. He can thread a needle and do some sewing without glasses. If he lives to celebrate his next birthday, the 12th of April, he will be 109.

He was a resident of Hillier for about 40 years, and after the death of his wife about 17 years ago, he has made his home with his daughter, Mrs. L. G. Lovell, Bloomfield.

NO LOCOMOTIVES TO MOVE GRAIN.

The car question with regard to the transportation of western grain to sea-ports has in a measure changed, and the burden of blame is now shifted to the locomotives. At some points in the west, as many as thirty cars loaded with grain are waiting vainly for a train, and as near as Montreal there are three or four hundred cars loaded with grain and merchandise standing on the sidings for the same reason.

Wonderful Power in My Constipation Cure

Mine is a marvelous remedy. There are others, but not one possesses the peculiar merit so prominent in mine.

With my remedy I guarantee to cure constipation.

It is also guaranteed to prevent it; others do not.

My preparation, which is in pill form, gives tone and regularity to the bowels that quickly rid the system of effete matter, accumulations of bile and other injurious results of costiveness.

I call my pills Dr. Hamilton's. I am sure they are safe because composed of such health-giving vegetable extracts as Mandrake, Butter-nut, Hyoscyamus and Dandelion.

My pills are not harsh or drastic. They cause no pain, no distress; they are prescribed by physicians because of their mildness and certainty of cure.

For women and children I know of no better medicine for keeping the system healthy. For men they are perfect.

Every dealer has proved their merit in biliousness, constipation and headache, and can strongly recommend them in these troubles.

My personal guarantee stands behind every box of Dr. Hamilton's Pills; and this means much to you in selecting your remedy.

Every dealer sells Dr. Hamilton's Pills of Mandrake and Butter-nut, 25c. per box or five boxes for \$1.00, and the result I guarantee in sick, bilious or constipated headache, sick stomach and other complaints that arise when the system is clogged and constipated. Better try Dr. Hamilton's Pills.

WHOLESALE DEALING
IN THE NEW YORK STOCKS
Causes Precipitate Disappearance
of Wall St. Bulls—Sharp Declines in Some Locals.

World Office, Friday Evening, Jan. 18.
Holders of local stocks since a dogged determination not to liquidate, and call to this can be attributed the comparative steadiness to many of the issues locally listed. This was about all the factors that were to the market today, as brokers and traders were numbed by the partial collapse of the New York pyramid. The only issue in which actual liquidation was attempted with disastrous results was General Electric. This stock was bought yesterday at 136, without buyers, and this price has done valiant service to prevent further callings of margins by banks for several weeks. To-day two 25-share lots of the stock were forced into the market, and the price broke over six points. There was no more for sale at the close at 130, but one was introduced enough to make a bid for the security. The Montreal syndicate held up Rio common against a few offerings during the morning session, but during the afternoon, which came on the exchange during the afternoon, small sales of C. P. R. were dealt in several points below the last transactions here, and even the Mackay syndicate preferred discretion in the face of possible liquidation. The whole market was exceedingly dull, and closed thoroughly unattractive, even at the low quotations.

Some bear accounts in Erie common indicated. Further decrease in the bank rate possible in the near future. U. S. Steel capacity will be increased 20 per cent., by completion of Gary plant in Indiana. K. T. earnings indicate that over 5 per cent. on the common should be earned this year. Strong demand for stocks in loan crowd, with special enquiry for C. O. Atchison, C. P. R. and N. W.

Charles Head to R. R. Bongard: I have been too busy to follow the market today, and do not understand this morning's movement. I look as if there was more friction between Standard Oil and the Morgan group. We shall have a very good bank statement to-morrow, and I think it ought to have a good rally.

C. I. Hudson to C. Cronin: There has been a moderate improvement in Pennsylvania for several days, but for all that, I look for Pennsylvania to be considerably lower in the course of the next month. The Great Northern Railway Company announces that the time for ascertaining the stockholders who are entitled to subscribe for the new issue of the company is now open. The time has also been further postponed until the close of business in January. The time has also been further postponed for filing with the company assignments of the rights to subscribe to the new issue of the company, and the date for making the first payment of subscriptions has also been postponed to Feb. 1.

New York, Jan. 18.—There has been considerable liquidation in United States Steel common this morning, some of it necessitated, and some by the short interest in it. The dividend will not be increased when the directors meet in the latter part of the month. The market for the stock is a good deal of selling by the professional element on the belief that a portion of the large bull following can be shaken out. The stock fell a half-point from yesterday's close, selling in receiving orders, and the support around this price would undoubtedly recommend the purchase of this stock on moderate work notes, as we think it is bound for very much higher prices within the next few months. Whatever action is taken on the dividend when the directors meet, considerable accumulation of Reading is going on around the present level, and we regard this stock as having excellent prospects of a very considerable rise, as the short interest in it is rather large, and it is believed that the bull pool will shortly aggressively resume operations.

Our Mr. Dineen sails next week for Europe on a buying tour covering all the leading fur centres. His plan and purpose is to place larger orders for fine skins than ever before in the history of the business and give the store a firmer grip on the better class of trade.

These buying preparations, coupled with stock-taking, make us the more anxious to reduce stock on hand. You can judge the entire store by the way we're selling:

- Ermine Muffs at \$65, reduced from \$85.
- Ermine Ties at \$35, reduced from \$55.
- Muskrat Coats at \$35, reduced from \$60.
- Men's Coon Coats at \$35, reduced from \$50.
- Ladies' Astrachan Jackets at \$25, reduced from \$40.

Reductions are genuine and the furs speak for themselves the minute you see them. We're thoroughly in earnest in wanting to turn goods into money quick. This is our clearing time, and you are welcome to a big saving on everything you buy here now.

certainly means something to you, for everybody who knows this house for its high-class goods and its exclusiveness in styles and patterns knows that from \$2.00 to \$3.50 is about the regular run of prices here.

But Big selling is bound to break sizes, and it is just that that puts 25 dozen very fine starched bosom shirts in your way to-day that were \$2.00 to \$3.00, clearing them at 95c.

And there are lots of other little lines of haberdashery marked proportionately low to clear them.

Stores close Saturdays at one o'clock January and February.

YORK COUNTY AND SUBURBS
NORTH TORONTO.

Franklin Stibbard, son of John Stibbard, is doing fairly well after an accident on Thursday evening, when he was struck by a backing up street car near the C.P.R. crossing. When extricated after being dragged about 60 feet his head was within six inches of the car wheel.

The 20th anniversary of the Davisville Methodist Church will take place to-morrow. The Rev. Wesley Dean of Simpson-avenue Church will preach in the morning, and the Rev. Wm. McMillen, assistant editor of The Guardian, in the evening. An old-fashioned tea meeting will be held on Tuesday evening.

Principal Thomson's class at the public school had pleasant recreation yesterday afternoon, when they were permitted to bring their little brothers and sisters to school. A musical and literary entertainment was given.

Mrs. W. J. Thomson and daughter are spending a few days at Markham visiting friends.

The public school board last night received eight applications for the position of principal of the Eglington school. Walter E. Hopkins of Brockville was appointed at \$850 a year, duties to begin Feb. 3. He was principal of the school six years ago. The motion regarding the resignation of Miss Trench was rescinded and she was reinstated. A ratepayer of the Davisville school complained that his child did not receive 1-2 hours of school, but must return at one o'clock. One of the trustees said the teachers ignored the rule.

A code of rules will be printed and posted in the school houses.

The estimates for the year total \$11,675, of which \$685 is for salaries. The Eglington public school hockey team defeated St. Clements yesterday 4 to 1. Last night the North Toronto and York Township teams played, with the former winning 11 to 1.

Wychwood Park.
The fourth annual meeting of the Wychwood Presbyterian Church was held on Wednesday. Rev. W. A. McTaggart, B.A., was in the chair. The most encouraging reports in the history of the congregation were received. The sessions report 49 new members, making a net roll of 215. An increase in the Sabbath school of 125, making a total of 255. The revenue was \$1024, showing a surplus of \$134. The woman's association raised \$132. The Ladies Aid Society raised \$56. The mission box raised \$137.45, besides \$1000 subscription for the debt of 1907. The officers of the mission band for this year are Miss Dinwoody, president; Miss Calverley, vice-president; Miss Lambert, secretary; Miss Lambert, treasurer; Mr. G. Baird, pianist.

Bracondale.
The following officers were installed in Yarmouth Lodge, E. on Tuesday evening: P.P. Bro. A. Edwards; P. Bro. E. Ling; V.P. Bro. H. Sharpley; chaplain, Bro. F. Lucas; Warden, Bro. W. Collins; secretary, Bro. E. Boggis; physician, Bro. Dr. T. J. W. G. Maddaford; R. L. Hawkes; T. G. Strongtharm; O. G. J. Maddaford.

At the meeting of the Bracondale Gun Club the following officers were elected: John O'Brien, president; John Edwards, first vice-president; W. H. Garrett, secretary; J. Colbourne, assistant secretary; W. H. Edwards, treasurer; John Cotterill, first captain; committee, Messrs. H. Peterman, John Easton, Edwards, and H. Garrett. The treasurer showed a balance on hand of \$22.68. Every Saturday, commencing Jan. 26, a spoon shoot will be held on James Heslop's property.

Port Credit.
The Presbyterians held their annual congregational meeting Thursday night in the church. The Ladies Aid raised \$240. A manse costing about \$2000 has been completed this year, and order of plans has been passed. Besides the minister's salary. The managers for the present year are: A. Weir, J. Gray, R. Dunn, G. Baird, P. Thomson, J. Morrison, Superintendent of Sunday School, W. Goggin, Assistant J. Whiddon; treasurer, J. McClelland; organist, Miss M. Gray; assistant, Miss I. Stewart.

Holland Landings.
Holland Landings, Jan. 18.—The results of to-day's elections are: Reeve, G. B. Thos. Foster, A. Lennox, Daniel Pegg.

Thornhill.
The annual meeting of the public library will be held in the town hall on Monday evening.

Richmond Hill.
The W.C.T.U. have entered a strong protest thru the columns of the local press, denouncing the charge by P. G. Savage, the unsuccessful candidate for reeve of the town, that the ladies had resorted to "fraud and slander" in order to influence the election. They also resent the charge that they are an "organized band of liars."

Richmond Hill.
A. F. & A. M. have accepted an invitation to pay a fraternal visit to Rising Sun Lodge, Aurora, on Friday evening, Jan. 25. The attendance at the Richmond Hill high school is now over 100.

escaped the fire; the Salvation Army Temple and the offices of the Presbyterian, Methodist, Baptist and Congregational churches and schools. Not a sound building remains in Kingston and less than a dozen houses can be occupied and the entire business section is wiped out.

The loss cannot fall short of \$5,000, and probably will total double that amount.

Extent of the Damage.
The whole of Jamaica felt the shock, but no serious damage was done beyond a total of 12 miles from Kingston. Some houses were cracked at Spanish Town, the fortifications at Fort Royal were abandoned, the western barracks are in a dangerous condition.

The King's House, the residence of the governor, is badly injured, and all its summer occupants are now living in tents in Trafalgar Park. The residence of General Marshall is totally demolished. General Marshall is growing ill.

Tales of Horror.
Santiago, Cuba, Jan. 18.—The steamer Tomas Brookes has arrived here from Kingston with 17 refugees. They paint a horrible picture of the catastrophe and confirm the reports of the destruction of the principal buildings.

The Machado cigar factory, in which many Cubans were at work, crumbled and 120 of them were killed.

The electric power house was destroyed and many persons lost their lives through the cable office lost a leg. Along the waterfront the cracks in the earth are six inches wide.

The manager of the cable office lost a leg. Along the waterfront the cracks in the earth are six inches wide.

Washington, Jan. 18.—The American state department to-day was furnished with copies of cabled reports the West-ern Union Company has received from its agent in Havana in regard to the earthquake. In one of these it is stated that the latest information from Kingston was that no American was killed or seriously injured up to 7 p.m. on

Jan. 17. The report further says that it was estimated that the number of dead would reach 1000, mostly negroes.

THE CASUALTIES.
Following is a revised and corrected list of persons reported as killed or injured or missing in Kingston. Care has been taken to verify the names. The list may contain duplications, due to the fact that transmission or differences in spelling. The names have been compiled from despatches which have reached the outer world from Kingston.

Reported Dead.
R. W. Bradley, H. Brannel (reported to have been killed in the Myrtle Bank Hotel); H. Burrows, Capt. Constantine, superintendent in Jamaica for the Royal Mail Steam Packet Co.; Edgar Decordova, grain importer; owner of a larger plantation near Kingston; Sir James Ferguson, M.P., deputy chairman of the Royal Mail Steam Packet Co. of London; Gardner, superintendent of posts; W. George, Dr. R. C. Olib, Major W. H. Hardyman, West Indian Regiment; English army (before reported seriously injured); R. D. Hontsall; Lieut. J. Lamont, West Indian Regiment (before reported as killed); Lieut. R. H. Leader, West Indian Regiment; G. McN. Livingston, chief clerk of the audit office of the colonial government; Mr. Livingston, four children (reported to have been killed in the Myrtle Bank Hotel); Miss Lockett, killed in the Jamaica Club (before reported as missing); J. W. Middleton, prominent merchant; Anisley Mordecai, merchant; E. Morris (for Maurice); D. T. Mottia, wholesale merchant; Dr. Motta, J. B. Muden, A. M. Nathan, prominent merchant; J. Perez, Cuban consul-general; Mr. Roberts, Mr. Robertson, Mr. Robertson (probably Dr. O. F. Robertson).

Injured.
Lieut. Col. Dalrymple-Hay, J.R.M., D.S.O., West Indian Regiment; Lieut. G. C. H. Dixon, West Indian Regiment, seriously; Capt. J. J. Lauro, West Indian Regiment; R.R., West Indian Regiment; W. P. Marshall, wife of Brig.-Gen. J. W. A. Marshall, C.B., of the Jamaica command; Capt. Motley, probably Capt. W. P. Marley, West Indian Regiment; Mrs. J. Perez, wife of Cuban consul-general; Kingston; Quartermaster S.H., honorable lieutenant, West Indian Regiment; Mrs. S. H. Price, seriously; Mrs. A. A. Wedderburn, wife of deputy police inspector; seriously; nine officers of the West Indian Regiment; four white non-commissioned officers, West Indian Regiment, and their families.

Missing.
Isaac S. Brandon, prominent merchant; Charles Decordova, importing merchant; Charles Decordova, brother of Charles; —, Sherlock, brother of Charles Sherlock, the merchant who was killed; the native non-commissioned officers and men of the West Indian Regiment; eight Americans, reported missing by Governor Swettenham.

STEAMER ASHORE.
New York, Jan. 18.—The Hamburg-American line received official confirmation to-night of the reported grounding of the steamer Prima Waldemar of Pimpout, Jamaica.

Pimpout is a lightship point about ten miles east of Kingston, where the steamer was wrecked. The steamer presumably lost her way. She exploded in a most of her passengers at Kingston.

90 CHILDREN CRUSHED.
Norfolk, Va., Jan. 18.—The Cape Henry wireless station received the following message after midnight: bearing on the Kingston disaster, the message having come from Guantanamo.

"Have overheard by wireless from steamer Colon that the schooner was wrecked on the island of Jamaica. Ninety children. The City of Kingston is in bad shape, and is still smouldering with about 600 reported killed and injured."

RELIEF FOR JAMAICA.
Port of Spain, Trinidad, Jan. 18.—The legislative council has voted \$1000 as the first instalment from the people of Trinidad for the relief of the sufferers in Jamaica.

H.M.S. Indefatigable has sailed for Jamaica with provisions, clothing and other supplies.

Washington, Jan. 18.—The senate today passed the Jamaica relief bill on the floor of the house without discussion.

ONTARIO MAY HELP.
Premier Whitney stated yesterday that in a probability the house would be asked to vote something to relieve the distress in Jamaica.

But of course, "he informed, "this will depend entirely on the information we receive on the situation there."

The Archbishop of Toronto desires that prayers be offered up on Sunday in all the Anglican Churches in the city and deacons on behalf of the sufferers in the Jamaica calamity.

Up to midnight no further word had been received by Howard Carter of Kingston, a clerk at the Canadian Fire Underwriters' Association, about his relatives. A message was sent New York conveying the intelligence that the family had been wiped out.

There were five sisters and four brothers at home. Mr. Carter fears that not only his father's family, but other relatives that were spending the holidays at his home, are dead.

MORE EARTH SHOCKS.
Inhabitants of Udine, Italy, Flee From Homes in Fright.

St. Petersburg, Jan. 18.—Two violent earthquakes were experienced at Kubba, government of Baku, at 5 o'clock this morning.

Kuba (also spelled Kooaba and Kouba) is a fortified town in the Province of Baku, situated on the south side of the Caspian Sea, 55 miles south-south-east of Derbent. It has a population of over 16,000 persons.

FLEE FROM HOMES.
Udine, Italy, Jan. 18.—A severe undulatory earthquake was felt at Udine on Sunday morning, at 4:20 this morning. The inhabitants were panic-stricken and fled from their houses into the street, but there was no loss of life.
