NO CUT IN CABLE RATES OPPOSITION OF CANADA BLOCKS IMPERIAL PLAN

Ottawa Journal Declares That Hon. Mr. Lemieux Has Been Ignominiously Thrown Down by Cabinet.

FRIENDS OF ONE MINISTER PROFITED BY DECISION

OTTAWA, Aug. 20.—(Special).—The Evening Journal, edited by P. D. Ross, one of the Canadian delegates to the recent Imperial Press Conference at London, to-night prints a sensational story, "on unimpeachable authority," alleging that Canada has effectively blocked the movement for a reduction in cable tolls, that Hon. A. B. Aylesworth and Sir Richard Cartwright are the antagonistic forces within the cabinet, and that Hon. Rudolph Lemieux, postmaster-general, has not only been unable to overcome their influence, but has been ignored in the matter.

The charge is made incidentally that "persons close to one minister of the crown" have profited from recent transactions in cable stock due to a timely hint. Hon. Mr. Lemieux is at present at Murray Bay, Que., Mr. Aylesworth in London and Sir Richard Cartwright at Banff, B. C. (The article reads:—

Negotiations which Canada had entered into with Great Britain and other states of the empire contemplating the establishment of a cheaper cable telegraphic service around the empire are at an end.

Only a fortnight ago Hon. Rudolph Lemieux, postmaster-general, was still under the impression that Canada would certainly join with Great Britain, Australia, New Zealand and South Africa to render a cheap cable telegraphic service possible, but he was rudely disillusioned at one of the last meetings of the cabinet he attended. His dream of accomplishing a great work for the public good is over.

The monopoly of the corporations and the greed of gain of individuals were his enemies. The government of Canada, vanquished by these interests, has refused to allow this country to become party to any such movement for the public weal. A conference of states of the empire was to have been held in the autumn on the subject of cable, telegraphic and wireless communication around the empire, but, as a result of the decision of the Imperial Cabinet, there will either be no conference, or, if it does take place, Canada will not participate, and the full object of the conference will be attained.

A Hard and Fast Monopoly.

This is more extraordinary in view of the recent unanimous resolution passed by the Imperial Press Conference in favor of state action to break the Atlantic cable monopoly. Apart from any question of importance of the press conference, the fact that the decision in the conference disclosed should have been enough to decide government action. It was disclosed there that a hard and fast cable monopoly exists, which maintains rates higher than should be. For instance, Moberly Bell, managing editor of The London Times, was able to tell the conference publicly—and his statement has never been questioned—that the manager of one of the cable companies, the Anglo-American, had told him plainly that he was ready and willing to reduce the Atlantic cable rate, and could do so and still pay a profit, but he was unable to act owing to his agreement with other cable companies.

Mr. Lemieux a week or two ago, when discussing the cheaper cable service question, was extremely laudatory of the work done by the Imperial press conference, and expressed the opinion in strong terms that the decision had gone far to accomplish the object which the various states of the empire had in view. He believed that the direct result would be the immediate lowering of rates under the heel of monopoly, with respect to electric communication with the outside world. Private and public interests are being built to fill the pockets of monopoly. This is a matter of vital importance, not merely to commercial and private interests, but to Imperial unity, for nothing can be a more powerful factor for the mutual information and knowledge to be promoted by cheap and rapid inter-communication. It is said that the South African war would have been prevented had a cable message to Cecil Rhodes at one stage been possible, instead of letter.

Lobbyists at Ottawa. But the tentacles of the corporation seem to have reached members of the federal government. Ottawa had several prominent men here this spring lobbying members of the government and parliament on behalf of the cable companies. The chief opponent of the cheaper cable scheme is stated to have been the minister of justice, Hon. A. B. Aylesworth. Another strong opponent of Canadian action is stated to have been Sir Richard Cartwright.

It is curious that despite the agitation for state cables, and despite the still more immediate danger of Marconi, who is transmitting wireless messages across the Atlantic, at half the companies' rates, the value of cable stocks has been going up. Mackay common (Commercial Cable Co.), has risen ten points in the past five months, possibly in possession of pretty sure information that Canada would not move in cable matter. Persons close to one minister of the crown have speculated profitably in cable stocks.

Mr. Lemieux was, apparently, the last member of the government to learn that Canada would positively not enter

HON. SYDNEY BUXTON.

Postmaster-General of Great Britain, whose plans for the reduction of cable rates may miscarry because of Canada's unwillingness to assist.

DELEGATES DISCREDIT STORY OF INTERFERENCE

Nothing Transpired at Conference to Indicate Official Opposition From Ottawa.

Canadian delegates to the Imperial Press Conference are evidently unaware of the "hidden hand" influence that The Ottawa Journal speaks of. J. A. Macdonald, editor of The Globe, was quite emphatic in stating that the story was without foundation. "So far as I know," he said, "there is no suggestion at any time that the Canadian delegates were a unit in favor of the resolution, and many indeed grew warmly enthusiastic. There was no suggestion at any time that the Canadian delegates from high quarters were at work, either openly or surreptitiously, to sidetrack the proposal, and judging from the attitude of the Canadian delegation I think any man would be a colossal fool to attempt it."

"I might add, however, and this without casting an aspersion upon any member of the conference—that there was an evidence of objection from Australia, which might have been influenced by interests connected with the Australasian cable companies." Mr. E. Nichols of The Winnipeg Telegram wires The World: "It was a matter of fact that the cable companies had interested friends in influential quarters, but there was no suggestion of hostility on the part of Canadian ministers. No doubt the cable companies will proceed to make political friends in this country wherever they can to head off public owned cable and reduced rates."

J. W. Daeof of The Winnipeg Free Press: "I have no private information tending to confirm the statement by The Ottawa Journal and personally do not think its story probable." A. P. Macdonald, of The Halifax Chronicle: "Never heard anything of the kind."

John Nelson, Victoria, B. C. Times: "I cannot believe the Canadian government would thwart the object so earnestly and unanimously desired by the Canadian delegates, and endorsed by the home government and the Pacific cable board."

WOMAN TURNS ON GAS THEN CHANGES MIND

Mrs. William Campbell, Despondent Over Loss of Child, Almost Overcome by Fumes.

The love of life and despondency over the loss of her child combined with jealousy sprung from hearing a tale of romance enacted with her husband as one of the principals, waged a strenuous warfare in the breast of Mrs. Agnes Campbell, wife of Wm. Campbell, 302 Wilton-avenue, yesterday afternoon. The love of life won at the gates of death.

Mrs. Campbell had been despondent and during the afternoon went to her room and turned on the gas, determined to die. Then she changed her mind, and almost overcome by the fumes, she staggered downstairs to her landlady, Mrs. Robina Soutter and begged her to send for a doctor. Dr. Glen-dinning was called and the woman sent to the General Hospital, where she will recover. She is only 18 years of age.

TAFT TO VISIT MEXICO.
BEVERLY, Mass., Aug. 20.—President Taft to-day accepted an invitation to visit Mexico territory on October 10th next, when he will exchange visits with President Diaz of Mexico at El Paso, and Ciudad Juarez.

CRY IS STILL FOR MORE.
WINNIPEG, Aug. 20.—(Special).—Ten thousand harvesters are expected from the east on Sunday. They are urgently needed.

WOMEN ON ROOF THROW BRICKS AT HALDANE

Liverpool Meeting Disturbed—Three Other Suffragettes Foiled in a Darling Plan at Glasgow.

LONDON, Aug. 20.—There were suffragette disturbances at several political meetings in the British Isles to-night.

The women made determined efforts to invade St. Andrew's Hall, Glasgow, and a crowd of their sympathizers came into violent conflict with the police, which resulted in riotous scenes. Secretary for War Haldane, while addressing a meeting at Liverpool this evening was greatly disturbed by a number of suffragettes, who took up a position on the roof of an adjacent building and showered bricks thru the windows of the hall in which the meeting was being held. Seven of the women were arrested.

At Glasgow, three rain-soaked and hunched but still valiant suffragettes were this afternoon dislodged from the roof of St. Andrew's Hall where they had taken up a position for the purpose of attacking the speaker, Mr. Haldane, who was to speak to-night.

Strict orders had been issued to exclude all women from the meeting, but the suffragettes decided to break into the building thru the trap door on the roof.

In the middle of the night the three women secured a ladder and climbed to the roof where they hid behind a chimney waiting to put their plan into operation.

When they were discovered they were nearly perishing from wet and cold, but declined to come down, and much difficulty was experienced in removing them from their perilous position.

CYCLIST, DODGING CAR RUNS INTO AUTOMOBILE

With Fractured Skull Unidentified Man in Hospital and May Die.

A man, so far unidentified, is in the General Hospital, unconscious from injuries sustained near the Gerrard-street bridge yesterday afternoon. His condition is so serious that the doctors have no hope for his recovery. His skull is fractured.

He presumably was going home from work last night. He is about 35 years of age.

He was riding his bicycle behind an eastbound car, as is the rule, the east end of the bridge. He turned out onto the north track instead of to the right side. The automobile, a 1914 model, was on the track and it struck him.

When picked up he was unconscious and he was put into a machine and taken to the General Hospital.

Clifford Yeates, a boy living with his parents at 902 Manning-avenue, was struck by the automobile belonging to Edward W. Cox, 182 Isabella-street, and driven by Mrs. Cox, on West Adelaide-street, yesterday afternoon. He was carried to St. Michael's Hospital, where he was not seriously hurt.

L. B. Lyall of 121 Huron-street tried to pass on his bicycle between a north-bound car and a south-bound car on Yonge-street yesterday afternoon. He got thru, but was badly squeezed. He was taken to St. Michael's Hospital, but went home after.

C.P.R. AFTER THIS POTATO CROP

Millions of Bushels For Transport in a Mainline Country.

BANGOR, Maine, Aug. 20.—(Special).—A strenuous war for the control of the railroad business in northern Maine is being waged by the Bangor and Aroostook and the Canadian Pacific systems.

Potatoes and lumber are the chief commodities in the traffic which these companies are reaching out for, and last year the Canadian Pacific handled at least 42 per cent. of the entire export crop of potatoes.

That the potato business in Aroostook county is worth striving for, and that the Canadian Pacific handles at least 42 per cent. of the entire export crop of potatoes.

LET GOVERNMENT OWN DIESEL ENGINES

Provincial Treasurer Gives Support to Idea at Osler Luncheon—Scores at the O. R. A. Meeting.

LONG BRANCH, Aug. 20.—(Special).—Chaired by the sweet harmonious rendition of "He is a jolly good fellow," from forty military voices, mingled with the ping ping of bullets on the ranges and the strains from the Grenadiers Band, Col. Matheson, provincial treasurer, rose to the occasion at the Osler luncheon here to-day and said it was his cherished dream to see government-owned rifle ranges in every town and city in Canada.

Whether he proposed as a member of the Ontario Government to see that such a boon to military pursuits was brought about, the colonel was not exactly clear, but those present hoped for the best and cheered accordingly.

The people led by those whose business it is to promote the militia, he said, should bring such pressure to bear on the administration as would secure such a boon. He was glad to see prominent men like Major-General Cotton setting an example to the young men of the country, to take an interest in military matters, and the labor of the military men to promote good marksmanship was being well rewarded.

Hon. Dr. Pyne said he was ready to do any effort the provincial secretary might put forth, towards giving more of the rural districts the benefit of a rifle range.

E. B. Osler, M.P., president of the Rifle Association, who gave the luncheon, occupied the central seat at the head table, on the right sat Col. Matheson, while Major Cotton and Hon. Dr. Pyne occupied seats on his left. Mr. Osler regretted the absence of former Lieut.-Col. Sir Mortimer Clark, who had been a familiar figure at similar occasions in the past. He was also sorry that Lieut.-Gov. Gibson, and Major O'Brien, who were unable to attend, Mr. Osler spoke of the benefits accruing both to the nation and the youth, from a well-kept rifle range.

Mr. Osler spoke of the benefits accruing both to the nation and the youth, from a well-kept rifle range. Among those present were Col. Macdonald, Lieut.-Col. Robertson, Lieut.-Col. John Bruce, Lieut.-Col. Goodenham, Lieut.-Col. H. S. H. condition is so serious that the doctors have no hope for his recovery. His skull is fractured.

Third-Class Traffic in England When Will Canadians Wake Up?

The total abolition of second-class travelling on all the principal English railways will shortly be effected.

The Express understands that the change has already been decided upon by the Great Northern Railway Company, and the conversion of second-class carriages into third-class has already begun. The Midland Company, of course, abolished second-class on their line many years ago.

The half-yearly report of the Great Northern plainly shows the reason for the step which the line, in common with all the other leading systems, is taking. Excluding the season ticket passengers, only 1 per cent. of the company's total passenger earnings came from second-class passengers, as compared with about 89 per cent. from third and 10 per cent. from first-class passengers.

Lord Allerton stated at the half-yearly meeting of the Great Northern Railway Company yesterday that the company have under consideration the question of the advisability of running one-class trains for suburban traffic.

"The whole tendency," said Lord Allerton, "is to show that more and more people are travelling third-class. This is due not only to the cheaper fares, but to the constantly-increasing luxury which railway companies provide for third-class passengers."

"I do not know whether the time will ever come when we shall have only one class, but I confess that I hanker very much after trying some third-class trains for suburban traffic."

"First-class carriages are expensive to construct, expensive to haul, and are seldom occupied, except at holiday times. I am sure something will have to be done, and the question is under consideration."

—From The London Express, just to hand.

GAVE ALDERMAN \$500 FOR SERVICES RENDERED

Montrealer, Who Sold the City an Elevator, Quietly Rewarded One of His Official Friends.

MONTREAL, Aug. 20.—(Special).—At the sitting of the royal commission this afternoon, a witness swore that he had left \$500 in the office of an alderman as a return for the support he had received in selling the city the new large passenger elevator that was installed in the city hall last year.

When the last witness of the afternoon, Julius Barrit, of Cote Brothers and Burrit, was called, only a few had any idea of the evidence to come.

At first he was reluctant, but it was drawn from him that he had left, first \$200, and later \$300, on Ald. Lesperance's desk, in return for services Alderman Lesperance had rendered for him.

"I considered it my duty to give that man the money," explained the witness. "Later on, I thought he deserved it, and I gave it to him."

Not a word, however, had passed between the two about the money, the witness said. Ald. Lesperance had not returned the money. Mr. Barrit added, in reply to Commissioner Cannon's question.

At the session in the forenoon, Ernest Belanger of the Modern Paving Company admitted that his company had received \$600 from Ald. Lesperance for the work done on the city's streets.

Belanger only got 10 cents a yard of this, and Brunet was given the other 50 cents a yard.

FOUND BY POLICE

Julia, Pretty Leaves Home Because Family Were Unkind.

Patrol Sergeant Umbach, last night found fifteen-year-old Julia, Pretty, whose parents in Orillia had asked that she be located. The little girl who does not believe her name told the police that she had run away from home to make taken place and few protests resulted.

In a large measure the success was due to the splendid system on which the work was handled, with Col. Marcor on the field to superintend matters thru range officers, Secretary Captain Miller in charge of the office and Col. Wallace handling the statistical department.

The officers were particularly pleased with the degree of success which attended the meet, no accidents having taken place and few protests resulted.

PRIZE-DRAWING ILLEGAL LABOR COUNCIL WARNED

Benevolent Fund Will Be Created to Distribute the Receipts—Bobby Kerr Reception.

HAMILTON, Aug. 20.—(Special.)—The trades and labor council this evening discussed the letter of Sir Thomas Taylor, who pointed out that the holding of prize drawings in connection with their labor day celebration was a criminal offence. C. I. Atkinson, president of the council, produced written permission from the acting mayor for the drawing, and the members of the council agreed that they had a right to hold the affair because it is a process which is legal in order to make sure that the money goes to the fund which will be used for the purpose of the drawing, and the members of the council agreed that they had a right to hold the affair because it is a process which is legal in order to make sure that the money goes to the fund which will be used for the purpose of the drawing.

Kicked by a Horse.
James Teifer, Dundas, 55 years of age, was kicked on the head by a horse this afternoon at the barns of the Hamilton Cab and Bus Co. His face was crushed in and his jaw broken. He is now in the City Hospital in a semi-conscious condition, and it is feared that the injuries may prove fatal.

Arthur Murray, 14 years of age, 121 East Jackson-street, was run down by a bicyclist at James and Barton-streets and his leg was severely injured. The cause of the trouble rode hurriedly away.

Gordon Allan, aged 23, youngest son of the late F. W. Gates, 17 Herkimer-street, died this afternoon after a long illness.

Scarlet Fever Epidemic.
Ten cases of scarlet fever were reported to-day from the east end of the city, and it is thought that the disease has spread from Crown Point to the city.

The Ontario Government's milk commission was in the city to-day, making a thorough inspection of the various dairies, etc. This afternoon they visited the farm where the local commission is getting its supply for bottle-fed babies.

A purse containing \$265 in gold was presented by the Church of the Ascension to Rev. A. B. Higginson, the rector, who has been appointed as rector at Georgetown.

Manager Coleman of the Radial has replied to the mayor's letter notifying the company that it must not use East King-street for its freight traffic. He says it is only to oblige patrons and public.

The detectives who worked up the Toronto handbook cases are said to be working here.

J. Scheffer has bought the Hissop farm in Ancaster.

Joseph Street, who stole a watch and chain from Matthew Brown, was sent

to the penitentiary for a term of six months.

Breaks Thigh in Fall.
Hector Lamont, 190 Lake Shore-road, Centre Island, slipped on the pavement while on the way up town from the ferry yesterday and broke his right thigh. He was taken to St. Michael's Hospital in a taxicab.

Trial of Rioters.
PORT ARTHUR, Aug. 20.—(Special.)—The strikers committed from Port Arthur for rioting will appear for trial next Tuesday.

MAINLY ABOUT PEOPLE.
Fred Ury of the local trades council, Port Arthur, has declined to represent the freight handlers on the conciliation board.

Capt. Joseph Elliott of Beaverton is in town visiting his many friends, especially those of the boat and road. "Joe" ranks premier among those acquainted with the habits and haunts of the finny tribe in the waters of Lakes Simcoe, Couchiching and the present northern terminus of the Trent Valley Canal.

Lord Chas. Beresford says he regards the invitation to Canada as a compliment, not only to himself, but to the navy.

H. W. Davis of Toronto was elected an honorary vice-president at the Christian Burden Bearers' Convention in New Hampshire.

The Canadian Associated Press understands that General French will make only a short stay in Canada. He will visit the chief places of interest, if time permits.

Mr. Asquith, the British prime minister, on June 20 received a denunciation from the imperial press conference, which pressed on him the need of state action against the Atlantic cable monopoly.

Mr. Asquith expressed hearty sympathy with the idea of cheaper electric communication and, while pointing out that it would be desirable to wait until Marconi demonstrated what he could do in the way of increasing the volume of his wireless message across the Atlantic (which Marconi promised to do by September), he (Asquith) said the British Government would be ready then to take into the question. But now the decision of Canada not to even discuss the matter blocks practically any examination even of Atlantic cable issue.

This seems almost incredible, but The Journal has unimpeachable authority for stating it to be the fact.

At Welcome League.
Forty-two immigrants, among whom are 15 children, were quartered at the British Welcome League last night. They are a most desirable class. Upwards of one thousand have passed thru the league since April last.

The "Battle of Waterloo," afforded the grand climax.

The Grand Trunk Railway System offers an unequalled service to the sea coast resorts of the St. Lawrence and Atlantic Ocean on the coast of Maine and Massachusetts. Through Pullmans are run from Toronto to Portland and Boston daily or 9 a.m. train.

Night train at 10:15 p.m. makes connection at Montreal with through train (parlor cars) to Portland and Old Orchard.

Full information and tickets at Grand Trunk City Ticket Office, northwest corner King and Yonge-streets. Phone Main 4209.

Securing the Responsible Clerk.
Cashiers, collectors and other employees who handle cash bonded to the extent of their monetary responsibility and their employers insured against loss by defalcation. Largest bonding business in Canada. London Guarantee & Accident Company, Limited, head-office for Canada, corner Yonge and Richmond-streets. Phone Main 1642. Particulars of policies sent post paid to any address.

Breaks Thigh in Fall.
Hector Lamont, 190 Lake Shore-road, Centre Island, slipped on the pavement while on the way up town from the ferry yesterday and broke his right thigh. He was taken to St. Michael's Hospital in a taxicab.

Trial of Rioters.
PORT ARTHUR, Aug. 20.—(Special.)—The strikers committed from Port Arthur for rioting will appear for trial next Tuesday.

MAINLY ABOUT PEOPLE.
Fred Ury of the local trades council, Port Arthur, has declined to represent the freight handlers on the conciliation board.

Capt. Joseph Elliott of Beaverton is in town visiting his many friends, especially those of the boat and road. "Joe" ranks premier among those acquainted with the habits and haunts of the finny tribe in the waters of Lakes Simcoe, Couchiching and the present northern terminus of the Trent Valley Canal.

Lord Chas. Beresford says he regards the invitation to Canada as a compliment, not only to himself, but to the navy.

H. W. Davis of Toronto was elected an honorary vice-president at the Christian Burden Bearers' Convention in New Hampshire.

The Canadian Associated Press understands that General French will make only a short stay in Canada. He will visit the chief places of interest, if time permits.

Mr. Asquith, the British prime minister, on June 20 received a denunciation from the imperial press conference, which pressed on him the need of state action against the Atlantic cable monopoly.

Mr. Asquith expressed hearty sympathy with the idea of cheaper electric communication and, while pointing out that it would be desirable to wait until Marconi demonstrated what he could do in the way of increasing the volume of his wireless message across the Atlantic (which Marconi promised to do by September), he (Asquith) said the British Government would be ready then to take into the question. But now the decision of Canada not to even discuss the matter blocks practically any examination even of Atlantic cable issue.

This seems almost incredible, but The Journal has unimpeachable authority for stating it to be the fact.

At Welcome League.
Forty-two immigrants, among whom are 15 children, were quartered at the British Welcome League last night. They are a most desirable class. Upwards of one thousand have passed thru the league since April last.

York County Notes.

Isaac Beare of Greenbank from four and a half acres of land is said to have reaped 30 bushels of Aikie. This is a record yield.

N. Forsyth of Stouffville is building a skating rink 50 by 150 feet.

E. A. Miller, principal of Uxbridge High School, has resigned to accept a position in Nanapanee at a salary of \$1200 a year.

The Stouffville and Bethesda Telephone Company will soon connect with the village of Richmond Hill.

A Pickering Village man driving to West Hill recently one afternoon met eight autos and one farmer's rig.

Wm. Logan of Pickering Village bought a barrel of oil from Dr. Sheard and used it for keeping down the dust in front of his own grounds.

Only six pedlars' licenses have been issued in York County since February 22nd.

Markham Township will this year be called upon to pay for county purposes alone, \$220,000. The amounts are made up as follows: General purposes

Baseball

Toronto 2 Montreal 1

Note and Comment

When local rivals meet in an apparently equal struggle, the interest is always more acute than on the occasion of bowling over the visitor. So the clashing of Toronto and Tecumseh on the lacrosse field to-day means a lot extra in different ways. The boys in blue have triumphed twice over the Indians already this season, but sharp as this is the day when the new city champions will have no walk-over. The Tecumsehs are specially keyed up for the match, having enjoyed a two weeks' rest, but in this respect the Toronto game a week ago was only a walk-over.

Rabid supporters on both sides who predict an easy victory are surely shouting wide of the mark, and when the four quarters are finished, the final whistle blows, it will likely be found that only a goal or two will separate winner and loser. It looks a good even-money chance and take your choice.

Defeat means the elimination of Toronto from a chance of the N. L. U. championship this year, but what do Tecumsehs care, as victory will make the Indians sure favorites in the race?

Followers of athletics and games have generally endorsed the movement of Rev. J. D. Morrow to build his new \$90,000 Dale Church at Queen-street and Bellwood-avenue, and the parson who holds the Canadian quarter-mile record, having set his heart on a down-town church, is sure to again run up to expectations. Bobby Kerr, who, by the way, just returned home yesterday from England; George Gouding, and Messrs. Stark and Mack of the C.A.A.U., have letters in Mr. Morrow's circular endorsing the movement.

Joe Kelley looks for Rochester to land the pennant. The last slump of the Huskies he called out like today. The manager deplored the Montreal hoodoo, as much as the lack of pitch hitting in his team, the recent incidents would indicate that both had been removed.

Mr. Kelley and the other managers will tell you that Toronto is the ideal baseball city, where the owners, fans and press always believe in doing his best and say nothing else about it. On the other hand look at Cleveland, where the withdrawal of Lajoie was not wholly unexpected.

This fine French-Canadian ball player has been the target for unwarranted abuse from Cleveland critics and fans all season. Even the owners of the club expressed satisfaction with his management there was no let up in the anvil about it. It is a matter of record that no major league manager ever produced a winner under a withering fire of criticism and unqualified advice. The same state of affairs, a New York writer points out, exists in Brooklyn, St. Louis and Washington, where the heads of Managers Lumley, McAleer and Cantillon are in demand. Even Cincinnati, after a surprising era of defeat, is coming again, for a successor to Clark Griffith. It is conceded that the New York, Chicago and Philadelphia critics and fans are more indulgent than those of any of the other big towns.

NATIONAL YACHT CLUB REGATTA
The annual regatta of the National Yacht Club takes place to-day with 135 entries, including boats from Hamilton, as well as all the city clubs, divided among the classes as follows:
11-foot dinghies.
11-foot Skiffs.
11-foot Special class.
11-foot Motor boats.
11-foot Ladies dinghies.
11-foot Canoes.
Col. Lee of the Queen City Yacht Club will be officer of the day.

West End Y.M.C.A. Handicaps.
The West End Y.M.C.A. held their handicaps last night. A Kitchen, with a handicap of 1.20, won the 24-mile race in 14 minutes and 15 seconds, while Nat Dyment from scratch, was second in 12.51 and Charley Nunn third in 14.23 from 1.20 handicap.

The boys' handball resulted as follows:
10 yards boys—J. Watson 65 yds.; W. Russell 5 yards; J. Irwin (scr.).
Time 11:15.
Running high jump—L. F. Mile (12 ft.), 5 ft. 2 in.; P. Irwin (scr.), 5 ft. 1 in.; W. Russell (11 ft.), 5 ft. 3 in.; J. Watson (7 ft.), 5 ft. 1 in.

Cycling at Scarborough Beach.
The time-table for to-night's cycle Marathon program at Scarborough Beach promises exciting sport. The list follows:
5.30 first heat novice mile; 5.35, second heat novice mile; 5.40, first heat quarter-mile dash (four to heat); 5.45, second heat quarter-mile dash (four to heat); 5.50, first heat quarter-mile dash (four to heat); 5.55, second heat quarter-mile dash (four to heat); 6.00, final novice mile; 6.05, Children's cycle race; 6.10, quarter-mile final; 6.15, cycle Marathon, 25 miles 35 yards. Mayor Oliver will present the prizes.

There are 13 entries in the Marathon, 10 in the quarter-mile dash, 9 in the novice mile, 10 in the three-mile run, and six in the Chink race. The track has been re-banked and is in superb shape.

A New Athletic Club.
A new club is being organized in the west end, called the Shamrocks. Every branch of sport will be undertaken by the new club.

Ontario Tennis Championships.
The Ontario lawn tennis championships, which many consider the most important tennis fixture in Canada, will be played as usual on the courts of the Toronto Tennis Club, starting Saturday, Sept. 4, and succeeding days.

McDonald Hits And Scores Two For Kelleyites

Rochester Has Still Buffalo's Goat—Jersey City Again Defeats Providence—Rain at Newark.

MONTREAL, Aug. 20.—(Special.)—Pfeffer pitched himself to victory in a pitchers' battle with Montreal here to-day, when the Leafs won a hard game by 2-1. In the first innings, with Kelley going to right, and beat the throw to the plate when Mahling filed to Jones. It was McDonald who scored the other run for Toronto also. He hit out a screaming three-bagger in the fourth, and again beat the throw when Mahling filed to Jones. Montreal scored a run in their half of the fourth, when a single by Corcoran, an error by Houser and single by Starnagle scored the Montreal run. The ground was heavy from hard rain all the morning, and the long drive was the only style of batting to fill the bill. Rain fell during the eighth and ninth innings, but Byron refused to stop the game.

ONTARIO HORSE IN SIX HEATS
Rombaugh's Ideal Takes \$1000 Stake at Rockport Meeting.

CLEVELAND, Aug. 20.—John Rombaugh of Ontario won his second \$1000 stake at the Rockport meeting to-day by piloting his horse, Ideal, to victory in the six heats. The contest was a close one, with the first heat and the next two heats in 2:10.4 and 2:10.4. After that it was easy for Ideal. Beauty Wilkes won the fourth heat in 2:15.3 and Waverly the unfinished 2:12 pace. Idle-wild landed the 2:15 trot, despite his lame leg. The race was a close one, with the first heat and the next two heats in 2:10.4 and 2:10.4. After that it was easy for Ideal. To-Day's Games & Races

Lacrosse—3.30, Tecumseh v. Toronto at Rosedale. 5.00, Toronto v. Young Toronto at Scarborough.

Agnetics—National Y. C. annual regatta; Parkdale Canoe races.

Football—Ontario senior final, Stratford v. Thames, at the Pines.

Hounds—6.15 a.m., The Kennels, Scarborough.

Lawn Tennis—Finals at St. Mark's.

Baseball—Toronto at Montreal, two games.

Turf—Closing day at Windsor.

Cycling—8.30, at Scarborough.

Will Torontos Win Or the Tecumsehs? To-Day's Lacrosse

Everything is in readiness for to-day's big lacrosse match at Rosedale between Toronto and Tecumseh. Such is the feeling of uncertainty that backers of both teams decline to give better than even money on the issue. Both teams realize the importance of the match, and both are confident of success. The teams are all trained to the minute, and with the possible exception of Querrie, are in the pink of condition. The Tecumseh manager's sore knee is still bothering him, but he will commence the game, and if forced to retire, either Glen or Yeaman will replace him. The game will start at 3.30, and the gates will be open two hours earlier. There will be a special street car service to the grounds. Wm. McIntyre and Bowers Robertson of Ottawa will handle the game.

Prices of Players Soaring.
The American League players are soaring. Blackburn, the Providence shortstop, cost Charles Comiskey of the White Sox, \$8000. Pitchers in the class A league are being held at \$2000 each, and wonders in class B organizations are being offered on the market at \$3000 apiece, with many clubs willing to pay the freight.

It is always the player who costs the most money who turns out well. This fact is borne out by the experience of major league clubs with the newcomers this season. Every baseball fan in the country knows that John T. Brush drew a cheque for \$11,000 in order to get Marquard, and almost every bug in the country knows that John T. Brush is of the opinion that the Indianapolis club has a real find in Marquard, the \$11,000 beauty, hasn't been of much use to the Giants this year and probably never will be. Arthur Fletcher cost the New York Nationals \$1500, and he is valued at three times that sum now. Big Chief Myers is a \$5000 investment. Scott Heilbroner of the Cincinnati Reds picked up some good ball players for Gerry Heilmann at low rates. Bob Yeager, one of the best and classiest young outfielders in the National League, was procured for \$750 and Jack Rowan for the same sum. Harry Garrison cost more. The Waterloo club received \$200 for his release. Dick Hoblitzel was procured for \$1000.

Stallions Bargains.
George Stallions and Arthur Irwin got some good material for the Highlanders at bargain rates. The Big Chief certainly did not goldbrick Frank Ray when he sold him Ray Demmitt for \$1300 and Clyde Engle for \$1500. Ray's selling average goes up when one knows that he got Willie Cree and Jack Warbon from the Williamport club in 1908—\$2000 for the outfielder and \$4000 for the pitcher Jack Knight, a \$2000 investment and George McConnell, for whom \$3000 was paid, haven't demonstrated thus far that they were worth what they cost. They may do so later.

The Brooklyn club procured some bargains. McEwen cost \$1000 and Hunter \$750. In order to get Tennox, President Fabbeta had to let Rochester have two players and \$1750 besides. Barney Dreifuss is satisfied that some of the money he spent for new players has brought good results. The big surge paid \$2000 for Pitcher Randall, \$2500 for Abstein, \$1500 for Hyatt, and \$1500 for Barbeau. Hyatt

MANY MINOR LEAGUE PLAYERS WILL GO UP

Big Ball Clubs Going Crazy on Subject of Draft These Days—Some Bad Bargains.

All indications point to the major league clubs drafting and purchasing more new players this season than ever and having to pay higher prices for them, at that, predicts an eastern critic. The magazines are mending their fences for the 1910 pennant pursuits, and at the same time thinking about 1911 Marathons for the golfers. It's a mighty handy thing to have a little to the side of the club owners are telling their scouts to grab everybody in sight who shows any of the hallmarks of class.

Many of the players who will be drafted and purchased this fall will be come farm hands next spring, just as lots of the athletes who were caught in last year's dragnet are now out in the minor leagues, with strong ropes attached to them.

Every major league club owner has two or three scouts at work, hoping that one of the gumshoe brigade will unearth a second Christy Mathewson. Honus Wagner or Larry Lajoie. The scouts are everywhere, from Maine to California, and judging from the announcements thus far made of the new players who have been procured, several small leagues will be hard up for talent next spring. The list of players drafted and purchased by the clubs of the major organizations will be of amazingly large proportions and probably the big clubs will spend \$300,000 for new material.

Prices of Players Soaring.
The American League players are soaring. Blackburn, the Providence shortstop, cost Charles Comiskey of the White Sox, \$8000. Pitchers in the class A league are being held at \$2000 each, and wonders in class B organizations are being offered on the market at \$3000 apiece, with many clubs willing to pay the freight.

It is always the player who costs the most money who turns out well. This fact is borne out by the experience of major league clubs with the newcomers this season. Every baseball fan in the country knows that John T. Brush drew a cheque for \$11,000 in order to get Marquard, and almost every bug in the country knows that John T. Brush is of the opinion that the Indianapolis club has a real find in Marquard, the \$11,000 beauty, hasn't been of much use to the Giants this year and probably never will be. Arthur Fletcher cost the New York Nationals \$1500, and he is valued at three times that sum now. Big Chief Myers is a \$5000 investment. Scott Heilbroner of the Cincinnati Reds picked up some good ball players for Gerry Heilmann at low rates. Bob Yeager, one of the best and classiest young outfielders in the National League, was procured for \$750 and Jack Rowan for the same sum. Harry Garrison cost more. The Waterloo club received \$200 for his release. Dick Hoblitzel was procured for \$1000.

Stallions Bargains.
George Stallions and Arthur Irwin got some good material for the Highlanders at bargain rates. The Big Chief certainly did not goldbrick Frank Ray when he sold him Ray Demmitt for \$1300 and Clyde Engle for \$1500. Japanese Education.
(From The London Saturday Review.)
The chief interest of the book lies in the description of Japanese elementary education and the methods used in moral education. The child begins by simple lessons on ordinary virtues, such as order and punctuality; then follows instruction in home relations and loyalty, and then he passes on to more detailed lessons of daily conduct, such as friendship, honesty, kindness, generosity, modesty, courage and manners. All these virtues are illustrated by tales and examples. Later on the children have lessons on the higher social virtues, such as patriotism, co-operation, honor, tenacity of purpose, public duty. It is enjoined on the teachers that, in addition to the formal lessons, every opportunity should be taken of instilling these and other precepts into the minds of the children.

A Paris School of Aeronautics.
In November a high school of aeronautics will be opened in Paris under the direction of Commandant Roche, who will be assisted by MM. Leconte and Painleve and Commandant Renard. The instruction will be on practical flying, the idea being that a pupil after having done his ordinary polytechnic studies will be required to pass an examination. The course of instruction will extend over a year and will cover the whole field of aeronautics, special attention being given to the practical side.

Parkdale Aquatic Club.
The Parkdale Aquatic Club will take place Saturday, Aug. 21, at the club house, Humber Bay. A good program has been arranged for the afternoon, first event to be run off at 2 p.m. There also will be a good time in the evening, dancing etc., in the club's parlors. An invitation is extended to all members and friends.

Ontario Tennis Championships.
The Ontario lawn tennis championships, which many consider the most important tennis fixture in Canada, will be played as usual on the courts of the Toronto Tennis Club, starting Saturday, Sept. 4, and succeeding days.

The best hotel in Brockville, Ont., is "The Stratfordian," 100 modern rooms (30 with baths); furnishings and cuisine complete in every detail. Special rates to commercial men. W. H. BROWN, Prop.

THE ISOLATION HOSPITAL.

When Her Excellency Countess Grey fell ill of scarlet fever a general amazement prevailed, and much curiosity was excited as to where she caught the infection. No doubt remains now that in some way the disease was spread at the Woodbine race course during the last May meeting. Capt. Newton, A.D.C., also was afflicted there. Many citizens who visited the track caught the disease, and strangers from the United States and other parts of the country who came to the races developed it when they returned home.

Some of the local patients just discharged from the isolation hospital have had a good while to reflect on the situation over in Riverdale Park, and the result of their reflections is interesting. There is only one sentiment about the doctors, the nurses and the general staff. They are very efficient. The greatest possible pains are taken with every patient, whatever his position; all are well looked after and treated with the greatest consideration. But the accommodation is entirely inadequate.

A gentleman who spent five weeks in the scarlet fever wards says that when he left there were about 120 patients, 80 of them scarlet fever, 40 diphtheria. These are provided for in separate public wards, divided into four rooms. Children and adults are all together. A little ward is kept as far as possible for measles, but it overflows frequently. There are two private wards for diphtheria and two for scarlet fever and no more. A number of patients are always wanting private wards and cannot get them. A screen is put round a bed and a patient has a private nurse as a makeshift.

Patients who have to spend some weeks in convalescence, as during the desquamant period after scarlet fever, complain bitterly about being caged up, especially in hot weather, with no yard or lawn in which to go.

Dr. Sheard has asked several times for an appropriation of \$40,000 for extensions. The council voted \$30,000 for a morgue, and the living patients still await consideration.

AUGUST APPLES.

Ever fell in a good cause when she ate the apple. If there was not another apple bush in the garden the situation was of a nature which modern jurisprudence would excuse on the plea of contributory negligence. If the fatal pipkin was like that first delight of the season, an August apple, who but a theologian could have the heart to blame her?

When one of the boys comes into the office for the first time in the season with a bag of August apples, yellow and juicy and cool, and says to the staff: "Here, fellows, have one," everybody's heart leaps up even higher than when he beholds a rainbow in the sky. Of course the invitation is accepted and everybody munches. "I pinched 'em," announced the benefactor. "Good boy" is the general verdict.

INVESTIGATE THESSALON'S REQUEST.

The Thessalon Board of Trade is asking for the establishment of a mining recording office at that place.

For some months there has been an extensive and steadily growing movement of prospectors into the vast areas of New Ontario north of Thessalon, and, since this business seeks out a natural base, the enterprising little town has felt the thrill of a new life and a larger ambition.

A recording office seems necessary to the board of trade and the necessity may not have been over-represented. The government should send a mining man to Thessalon to report upon the advisability of establishing a recording office at that place.

CARE OF SHADE TREES.

Nothing beautifies a city more than shade trees, and their care has in the United States been provided for by legislation. In many cities and towns they have been placed under charge of a special commission and severe penalties imposed on any who injure or misuse ornamental trees. Not only this, but supervision is exercised over the kind of tree that is planted, and property owners are not allowed, through ignorance, to select trees that are not adapted to the particular locality. Indeed it is now recognized that to secure the best results each city must have its own nursery maintained by a municipal appropriation. Such nurseries have been established in several large cities such as Chicago, Philadelphia and Washington, and have become valuable municipal assets.

Satisfactory care of shade trees can only be got when exercised through some general authority, possessing sufficient powers to enable its regulations to be enforced. Voluntary action is too uncertain to be relied upon for efficient supervision, and the necessity for special legislation has been recognized by many states of the neighboring republic. The supreme court of Massachusetts has given its decision that wire companies have no right to trim trees without proper permission, and heavy fines are exacted for each case of infringement. It is a question whether Toronto should not adopt a settled policy in regard to the care of its shade trees and place them under the charge of a special commission. Such commissions, as appointed under the laws of Pennsylvania and New Jersey have full power to tend all trees with-

KNIGHT AUTO MOTOR FOR H. R. H. PRINCE OF WALES

King of Spain Also Orders—Famous New Engine May Be Built in United States and Canada.

Mr. F. Lomas of London, Eng., who is looking after the interests of the new "Knight" automobile engine, is greatly pleased with some recent news received of the success of the "Knight" motor in England, viz: His Royal Highness, the Prince of Wales has completed the purchase of two "Knight" engine models for royal use, one of these being a 1909 model and the other 1910. These most recent purchases by His Royal Highness give

the stamp of royal approval to the new "Knight" motor. The King of Spain has also placed his order with the same firm, for a new "Knight" engine car. While not apparently ready to make any definite announcement as yet, it was stated that negotiations were well under way with three of the leading firms in the United States for handling the Knight patents in that country, and, it is also expected that some similar arrangement will be concluded for Canada at an early date.

In their jurisdiction, and an annual appropriation is made from the municipal treasury for the necessary expenses.

WOMEN AND LEGISLATION.

Colorado in 1893 granted women suffrage on equal terms with men at all elections, and it is stated by the legislative committee of the State Federation of Women's Clubs, that never before has such deep interest been manifested as during the recent session of the general assembly of the state. The committee met every Tuesday in joint session with the representatives of other women's organizations, and public officials were invited to appear and explain the nature of pending legislation. As an indication of the classes of reform that appealed to the women of Colorado the following list of bills which they supported and which became law is of interest: Providing for medical examination of school children; declaring the schools for the mute and the blind educational institutions; giving a parole convict money and clothing, as in the case of discharged men; factory inspection with three inspectors, one a woman; creating a state board of immigration; an appropriation for free distribution of diphtheria anti-toxin; creating a home for the feeble-minded; authorizing the donation of state lands for state charitable or philanthropic institutions; making "sweetbox" methods in connection with prisoners a felony; validating the wills of married women; appropriation for state museum; making it a felony to live off the earnings of women of the town; defining the term taxpayer, making it impossible to create them off hand in case of franchise elections; establishing a bureau of labor statistics; a teachers' pension system established.

Two bills, one providing for teachers' certification and the other for an eight-hour day for women, were defeated notwithstanding the efforts of the committee. It is added that the Colorado ladies were greatly assisted by the fact that one of their number is a member of the state house of representatives.

SHORN AND HELD UP.

Editor World: Please investigate the barber shops of the city. I went into one of the best yesterday and had a shave. It cost me 15 cents. The barber looked anxious and I gave him 10 cents. The colored lad who brushed me off made a noise like a man earning 5 cents and he felt it cost me 20 cents to get an ordinary shave. Why do the proprietors of barber shops not pay their help enough to enable them to refuse tips and to assume a cast of countenance that will indicate to the shaves that they are happy in their work? Aug. 20.

NOT TEMPERANCE BEER

Of Nine Samples, Seven Contain Excess of Alcohol.

Of the nine samples of so-called temperance beer which were recently seized in the Cobalt district and sent to the license department at Toronto for analysis, seven have been found to contain more than 2.50 per cent. of alcohol. The two within the amount specified by the act contained .78 and 1.25 per cent. respectively. Those that exceeded the limit showed on analysis to contain the following percentages: 7.51, 7.5, 6.43, 7.01, 6.86, 7.51, 7.37. In the face of these figures the department will confiscate a large quantity of bottled goods, which will be destroyed, and proceedings will be instituted against those persons on whose premises the liquor was found.

POLICEMAN SAVED HIS LIFE

George Bell of Toronto Nearly Fell Over Niagara Precipice.

NIAGARA FALLS, Ont., Aug. 20.—(Special.)—Officer Dart of the city police saved George Bell of Toronto from rolling to his death over the river bank at the foot of Morrison-street this morning. The man was asleep on the bank and within half a foot of the brink of the 200-foot precipice when rescued. On being awakened he rolled towards the brink and Dart grabbed him by the coat. The buttons ripped off and the man was gradually slipping, pulling Dart with him, when the officer got hold of a tree.

"The International Limited," Canada's pride. 365 days in the year, this is the fastest train in Canada, regularly travels between Montreal, Toronto, London, Detroit and Chicago, over the Grand Trunk Railway System (the only double tracked line).

Remember a double-tracked line contributes to safety, and as a traveler remarked coming down on the corresponding fast train, the "Eastern Flyer" No. 16, you have that safe feeling when you look out the window and see the other track.

For Montreal—the best trains leave Toronto 9 a.m. and 10.15 p.m. Detroit and Chicago—At 8 a.m., 4.40 p.m. and 11 p.m.

METROPOLITAN CHARTER TO PRECIPITATE FIGHT

Rev. J. G. Shearer Interviews Premier Whitney on Gambling on Race Tracks.

In all probability the granting of a federal charter to the Metropolitan Racing Association will precipitate a struggle at the next session of the Dominion Parliament to absolutely prohibit all betting and gambling on Canadian race tracks.

Rev. J. G. Shearer, secretary of the Moral and Social Reform Branch of the Presbyterian Church, visited the parliament buildings yesterday and spent some time with Sir James Whitney. While Mr. Shearer on leaving declined to discuss the nature of his conversation with the premier, he intimated that it might be a good thing that the charter had been granted, whether it would be used or not. He thought everyone realizing that the present law, as interpreted by the supreme court, was a laughing-stock, and the fact that many states of the Union had banished gambling, as well as Japan, made the disgrace of Canada all the greater.

"Undoubtedly," said Rev. Mr. Shearer, "an application will be made at the coming session of parliament for legislation prohibiting all race-track gambling."

Thomas Mulvey, under-secretary of state, was also at the parliament buildings. He declined to be interviewed, and merely directed attention to clause 7 of the Ontario Companies Act, which says that an extra provincial corporation may apply for a license to carry on its business or exercise its corporate powers in Ontario, and shall confine its operations in the province to the powers embraced in that license. It is also stated that the statute governing the issuance of license limits the necessity of applying for such license to corporations doing business for gain. Therefore, if the Metropolitan Racing Association is prepared to make a declaration that it is not conducting racing for the purpose of making money, there is no necessity of asking for a license.

Hon. J. F. Joy, attorney-general, when interviewed on this point, said he had not yet gone into the matter, and was not prepared to discuss the question until it was actually presented to him.

NEW COBALT DEPOT

S. F. Whitlam Contractor For Elaborate Structure.

S. F. Whitlam of Toronto was yesterday awarded the contract for building the new Cobalt and Northern Ontario station at Cobalt. The work will be prosecuted without delay. The new station will have a pretentious but substantial appearance. The outside will be finished with a dark red vitrified brick and stone facings, and the roof with a green slate. The extreme length will measure about 148 feet, and width 31 feet. The roof will project along the front and for some distance beyond both ends, to provide ample shelter against the elements.

Considerable attention has been paid to the interior arrangements, the chief feature of which will be the large general waiting-room, 72 feet 6 inches long and 29 feet wide. This room is to be finished in white enameled brick for a height of 6 feet, with a cobalt blue border, and the upper portion with a light buff colored pressed brick. The ceiling will be of an arched design, with natural finish and pressed beams. In addition to the general waiting-room a separate room is provided at the rear end of the building for ladies. The ticket and telegraph office will be between the two, with a wicket opening into each. The upstairs offices are to be fitted for members of the engineering staff of the railway. A 25-foot platform is to be built in front of the building and will cover the entire length, with extensions at each end to accommodate the longest train. In design the building is similar to the one being erected at Cochrane. It is understood that this type will be adopted for all stations along the T. & N. O. as permanent structures are required.

Ald. Church explained that since he had voted for the deal he had learned some unsuspected facts. He had found that the property contained 27 acres instead of 22; also that instead of being in the marsh as he had fondly imagined, it had a harbor frontage. He wanted to see the plan of government lands being adopted before making any sale. Of what use were the sand-pumps if not to fill in the property? The mayor declared that he would desire no better platform on which to face the electors than the transaction, but that for business reasons he could not be a candidate in 1910. He had received only twelve letters of protest along with six in favor, and 500 people had told him of their approval.

Ald. Foster clung obstinately to the idea that the city was making a gift of \$60,000, this amount being the difference between what the city was receiving and the value as estimated by a real estate man for The Telegram. Of Controller Hocken he said, "He has made a speech that has driven a nail in his coffin as far as being mayor is concerned," at which ministerial prediction the controller smiled.

Aldermen in Collision.

Altho there were impatient cries of "Vote," Ald. McGhie insisted on contributing to the discussion. He likened Ald. Church to a curious species of marine monster, so fashioned that it was impossible to say which was head and which tail, and whose course was determined by the current. It happened that his colleague had a-e-d him to vote against the deal, and had given him the impression that he had canvassed widely, an imputation denied by Ald. Church with much warmth. "It's an absolute falsehood, and he knows it," declared the latter who gave out the statement that Ald. McGhie was the "biggest wobbler in the council."

The vote was taken a few minutes after 6 p.m., with the result as given.

Civic Finances.

The city treasurer's statement of current revenues to Aug. 1, showed that there is \$1,242,295 available for the remainder of the year. The total appropriation for the year was \$4,374,270, with other credits of \$81,000, and a balance of \$24,471 from 1908, making a total available of \$4,689,743. Expenditures for the first seven months of the year were \$2,568,948, leaving the balance as stated. In four instances the appropriations have been exceeded, but the total amount is only \$539. Among the larger sums still available are \$435,918 for board of education purposes, \$191,062 for clothing and equipment in the police department, and \$141,984 for the fire department.

Ald. Church gave notice of motion that the site purchased in East Floor-street for the board of education for a technical school be turned into a park to provide a southern approach to Rosedale.

The mayor introduced an English visitor in the person of Mr. Butt, a member of the Somerset council. He occupied a seat on the dais for some time.

MEDAL FOR LITTLE HEROINE.

NIAGARA FALLS, Ont., Aug. 20.—(Special.)—Twelve-year-old Ann Stodd of Chippewa is to receive a life-saving medal from the Humane Society for her bravery in diving into the Welland Canal and saving Mina, the nine-year-old daughter of Detective Thos. Greenwood of the Ontario police from drowning.

CITY RATIFIES THE MULLOCK DEAL 19 TO 2

Continued From Page 1.

ings erected on leasehold property. Naturally buildings on such land would be of the lowest cost. It wasn't desirable to develop an industrial shantytown on the marsh. As to the alleged danger of speculation in freehold property, the same objection applied to leasehold land.

The desirability of Toronto's acquiring heavy industries of the National Iron Company type, which would cause subsidiary industries to spring up about it, was emphasized by the speaker, who pointed out present lack of such industries.

Replied to Objections. Dealing with The Telegram's arguments against the sale, the controller pointed out some plain inaccuracies. The paper's statement was that the viaduct would elevate the 13 tracks which now had to be crossed to reach the property, while the city engineer stated that only two tracks would be raised. The Telegram had disregarded the difficulty and danger of access to the Cherry-street side of the marsh, and the same journal had also suppressed the fact that it would cost the company \$11,500 per acre by the time the filling was done. Regarding Ald. Foster's suggestion of an independent valuation there were the valuations of F. J. Smith and Pearson Bros., real estate experts, that the property was worth \$45,000.

An analysis of results of The Telegram's campaign brought out some illuminating facts. There were only 1844 petitioners, and only 716 of the names appeared on the voters' list which had 70,000 names. The campaign began on July 20, since which time 170 columns of denunciation had been printed. At the voting rate for reading matter the campaign had cost \$11,250, and only produced 1314 names.

Ald. Church Explains.

Ald. Church intimated that since he had voted for the deal he had learned some unsuspected facts. He had found that the property contained 27 acres instead of 22; also that instead of being in the marsh as he had fondly imagined, it had a harbor frontage. He wanted to see the plan of government lands being adopted before making any sale. Of what use were the sand-pumps if not to fill in the property?

The mayor declared that he would desire no better platform on which to face the electors than the transaction, but that for business reasons he could not be a candidate in 1910. He had received only twelve letters of protest along with six in favor, and 500 people had told him of their approval.

Ald. Foster clung obstinately to the idea that the city was making a gift of \$60,000, this amount being the difference between what the city was receiving and the value as estimated by a real estate man for The Telegram. Of Controller Hocken he said, "He has made a speech that has driven a nail in his coffin as far as being mayor is concerned," at which ministerial prediction the controller smiled.

Aldermen in Collision.

EATON'S DAILY STORE NEWS

As in June and July, Store Closes Saturday at One o'Clock during August. No Noon Delivery Saturday.

Consider These Navy Blue Suits, Men

THE material came from England in quantities gigantic—the result of a purchase hardly preceded in the good quality secured for the price. It is a very good English clay twill worsted. The tailoring is our own work, and of very satisfactory character; shoulders well built up; lapels nicely shaped and fairly broad; style—three-button, single-breasted sack; Italian cloth body lining; sizes 34 to 44. We recommend these suits and the price saving they mean to each purchaser. Price \$8.49.

Boys' Durable Tweed Suits \$2.50

Two-piece suits for smaller boys to start school in and wear through the fall; single and double-breasted, plain and box-pleated; Italian cloth-lined; knee pants. Material is a good, weighty domestic tweed. Sizes 24 to 28. Price 2.50

Main Floor—Queen Street.

A Minute After 8 o'Clock Will Witness Big Buying in Men's Shirts

While a second thought must serve to make it plain that such shirts could not be made for the money, we offer hundreds of them to early shoppers Monday morning at 29c each to quickly clear the stocks of odd lots and sizes. Negligé style; materials—fine percales, zephyrs and plain chambrays; various patterns and colorings; sizes 14 to 17. Can't promise to fill phone or mail orders. While they last each 29c.

Men's Working Shirts Extra Good Buying

Our "Eatonia" drill is a substantial heavy quality material, that promises most enduring wear; black with small white stripes. Generously cut with full yoke and large bodies; double sewn seams, extra reinforcing around front of arms; collar attached; sizes 14 to 18. Tremendous buying should be the result of such shirts for so little as each 50c.

Washable Neckwear, Monday, 3 for 25c

We gathered the short ends of a summer's "making" in our own factory and made them up into medium width, French seam washing four-in-hands for special Monday selling. Decidedly worth while, price savings on every tie, buy a dozen. Fast washing colors, polka dots and neat stripes, 3 for 25c, or each 9c. MAIN FLOOR—QUEEN ST.

See Our New "CA-NO" Summer Suit Cases, 3.75 to 7.00.

HEART DISLOCATED

Frank Thomas Has His on Right Side, But May Live.

Suffering from a dislocated heart, Frank Thomas, 23 Hillboro-avenue, is in St. Michael's Hospital. The complaint is, as a rule, fatal, but the doctors say Thomas will recover. It will be the first one on record that did not cause death.

Two weeks ago Thomas entered the hospital, complaining of a severe pain in his chest. Dr. Norman Allan attended him and found his heart had moved over to the right side. About two months before, Thomas contracted a cold, and his left pleura cavity filled with pus, forcing the organ out of place. Dr. Allan pumped out the inflamed matter, but the heart stayed where it was. It seems to be performing its function properly now. The lunge beside the right lung, it does not affect his breathing.

Canadians Spent a Million

Last year in Canada there were one million dollars spent by people seeking an absolute cure for catarrh, throat weakness and bronchitis. Among the numerous remedies the only one guaranteed to permanently cure is "CATARRHOZONE"; its vapor is breathed down the throat, spreads through the delicate bronchial tubes to the lungs. Phlegm is loosened, desire to cough is alleviated, sore membranes heal rapidly, and every case a permanent cure results. The drug is out of Catarrhozone last two months and invariably cures. Smaller size 50c, all dealers or Catarrhozone Company, Kingston, Ont.

MILK COMMISSION BACK FROM YORK STATE TOUR

Model Plants in Leading Cities Visited and Many Ideas Absorbed.

Ontario's milk commission, comprising Dr. R. A. Fyfe (chairman), W. F. Nickle, Kingston, J. R. Dargavel, Leeds, F. G. Madsen, West Elgin, and W. Bert Roadhouse (sec.), returned last night from a tour of New York State which was undertaken in the interests of a pure milk supply. The commission gained much valuable information which will be submitted to the government in the form of a report.

At Rochester the commission saw Dr. George W. Goler, medical health officer, whose work of inspecting milk depots for babies has attracted a wide attention, and has resulted in the decrease of infant mortality by nearly 50 per cent. Dr. Goler's plant was visited and the commission was also entertained at luncheon by Mr. Miner, president of the chamber of commerce.

Dr. Tolman, medical health officer at Syracuse, received the Ontario investigators with marked courtesy as did Mr. Fredericks, acting commissioner of public safety. They then visited the Cully farm, a widely known model institution producing certified milk.

Next Cornell University was visited. The dairy department of the state is located there, and C. A. Publow, an Ontario boy, is one of the officials.

Proceeding to New York City, Dr. Fyfe and his colleagues interviewed Dr. Darlington, health commissioner, and Dr. Park, chief bacteriologist, through the courtesy of Dr. Darlington, the inspectors a visit was made to the leading dairies, and stores in which milk is retailed, as well as to the Searus plant, a philanthropy established by Nathan Straus, where the pasteurization method is seen in its perfection.

Dr. J. R. Greene and W. Wirt Mills explained the system to the commissioners.

On the return trip the commissioners stopped off at Albany, and called on the state department of agriculture. Yesterday was spent in Hamilton where a number of milk depots were inspected. They were established by Dr. James Roberts, M.H.O., after the model seen at Rochester.

It is expected that the commission will go tonight to Chicago, where pasteurization has been adopted as a municipal regulation.

INSANE MOTHER'S CRIME

Chops Off Heads of Two Children; Tries to Shoot Others.

EAST GRAND FORKS, Minn., Aug. 20.—Mrs. Anton Strass, 35, a woman residing at Tabor, ten miles northeast of this city, killed her one-year-old daughter and three-year-old son chopping off their heads with a hatchet. She then ran to the nearest neighbor to borrow a gun to shoot her other four children who were working with their father in a field. The woman was released from the state asylum three months ago.

Band at Island Park

The band of the Governor-General's Body Guard, under the leadership of P. C. Barkey will render the following program this afternoon at Island Park, from 3.30 to 5.30 p.m., Aug. 21, 1909:

March—Royal Prince.....L. F. Miller
God Save the King.

\$11.00 Atlantic City and Return, from Suspension Bridge via Lehigh Valley Railroad, Friday, August 27; tickets good 15 days. Particulars, 54 King-street east, Toronto, 5124.

Customs Receipts Increasing. J. H. Barron, collector of customs at the port of Toronto, reports that receipts for August are a quarter of a million dollars ahead of the same period in 1908, and \$60,000 ahead of 1907, which was the best month in the history of the Toronto customs-house. The average has been over \$50,000 per day for this month.

The honorary governors who will visit Toronto General Hospital during the week are Messrs. D. Coulson, and A. E. Kemp.

The Autonola

A business man said to us yesterday: "I have had the Autonola but thirty days, but I have had more real pleasure musically than in the previous thirty years." With this wonderful instrument everyone becomes a piano player—and plays with feeling and artistic expression. Come and see and play upon the Autonola for yourself. We can take your present piano in part payment and arrange easy terms for the balance.

Bel Piano Warerooms
146 Yonge Street
Toronto

Amusements

During this season the following attractions will be seen at the Royal Alexandra: Mary Manning, John Mason, "Going Some," "The Motor Girl," Eleanor Robson in "The Dawn of Tomorrow," John Slavin, "The Blue Mouse," Lulu Glaser, Wilton Lackaye, in "The Battle," "Gilly," Forbes Robertson, "The Girl in Waiting," "The Witching Hour," Julia Marlowe, "A Lucky Fool," Viola Allen in "The White Sister," William Hodge in "The Man from Home," Marguerite Clark, "The Wolf," by Eugene Walters, Jefferson De Angelis in "The Beauty Spot," Dustin Farnum in "Campana Kirby," Earl Kendall, "The Vinegar Buyer," Madge Carr Cook in a new play, Jas. T. Powers in "Havana," Chas. Cherry, George Paycett in "The Great John Ganton," "Mlle. Mischief," Madame Nazimova, "The Head of the House," "Mrs. Wiggs of the Cabbage Patch," Blanche Ring in "The Yankee Girl," Lew Mladet, "The Midnight Sons," Marietta Oily, Madame Kalich, E. H. Sothorn, "Bernardine," Maxine Elliott, Walker Whiteside in "The Meeting Place," Sam Bernard, "Gilly," "The Manicure Girl," Bertha Galiand, "A Little Brother of the Rich," "The Squaw Man."

Seldom's Venus at Shea's. Seldom's Venus and the most famous "living statue" in vaudeville will be the headline feature at Shea's Theatre next week. Marvelous reproductions from famous statues are shown and justly called poems in marble, triumphs in pose. Three men and one woman, eight beautiful girls, pose the wonderful classic groupings and each is little short of a sensation. "The Awakening of Galatea" is one of the great plastic poses shown with "The Athletes" and "The Rescue."

As the special attraction of the week Manager Shea has secured the best and greatest girl act in Bertie Herron and Company, representing the miniature musical comedy "Behind the Scenes." Miss Herron is well known here for her success of many seasons as a minstrel maid. In this new venture she has gotten entirely away from her former field and has ready created a new success. Eight dainty singing and dancing girls and two clever comedians are included in the company. The act is gorgeously mounted with special scenery by Albert S. Howard, whose artistic work is well known in Buffalo, as he prepared all the handsome sets at Shea's Theatre when the house was opened. The bill also contains a number of other novelties.

"The Talk of New York." Of the personal success of Victor Moore who will be seen in the role of "Kid Burns" in George M. Cohan's greatest musical play, "The Talk of New York," at the Princess this week of Aug. 30, there is no question. In his new incarnation of "Kid Burns," which was originally introduced to the public in "45 Minutes from Broadway," he has become an exceedingly wealthy hero of the betting ring at the racetrack. He plays on the level and is always on the square. The plot is a little more pretentious than is usually found in the Cohan musical play, and concerns a mischief-making woman who puts a report into circulation that the "Kid" is about to marry the daughter of a millionaire. Rumor instantly associates his name with that of his friend, Dudley Wilcox's daughter, who he has only met the girl once. This results in many interesting complications. There are many songs here interspersed through the play, and Mr. Moore will be supported by the original cast and chorus which was seen in this successful piece during its long runs in Chicago and New York City.

Eddie Foy at Alexandra. The opening attraction at the Royal Alexandra will be Eddie Foy, the musical travesty "Mr. Hamlet, of Broadway," which he will present for one week, commencing Aug. 30. The sale of seats for this engagement will commence Monday morning. Mr. Foy's ambition to play "Hamlet," although forewarned by William Shakespear not to debase the classic has been realized. Of course his Hamlet is extremely modern. That it is original need hardly be said. He calls his version of the affair "Hamlet of Broadway," under which title the mammoth musical offering of the Shuberts will be seen here for the week.

The Concert Season. Signor Vegara, the well-known vocal teacher, who came here to spend his summer vacation, has found the conditions so favorable and promising that he has decided to open up a permanent studio in Toronto, and alternate his time between here and New York. Among his most valuable finds is a young Italian, Agostino, Claudio, who he has declared to have one of the greatest operatic tenor voices that have ever been heard. The first performance to be given by the Signor will be in the form of a ballad concert and will serve to introduce this wonderful singer to the Toronto public. Subsequently he will give an operatic concert in costume with full orchestra and Handel's oratorio of "Samson."

Something so far a departure as to bring fresh vitality into the function of negro minstrelsy is said to have been accomplished by George H. Primrose, whose triumphant entry into a new field of the face comedy and pictorial effect ought to fill the Grand Theatre opening week of the season, commencing Monday night. Money, money, is said to jingle over everything, even the expensive kind of voices employed, and the costumes, scenery, huge and successful attempt in the matter of stage production and the fine points of everything until the grand finale in the closing act, is touted of great magnificence, and of the cost variety. Money has been spent in large quantities in the production, and it is safe to assume local theatre-goers will be treated to a genuine surprise in both talent and production. In fact the name of Primrose has never been identified with anything but the best in

McQUARRIE'S
282 YONGE STREET 282

Next Week at Hanlan's. To-day and all next week the principal attraction at Hanlan's Point will be Holden, who has been given the name of "Great" which he well deserves. He is certainly the limit, as far as sensational and startling performances go. Holden, from a small platform, two feet square, erected on quite one in the water, leaps a space of 50 feet and turns a somersault, during his perilous flight and lights on his feet in a small tank of water. Besides this terrific dive, Holden does the most sensational looping-the-loop act that has been seen in Toronto. On a small bicycle he rides down an incline from a height of 150 feet at an angle of 45 degrees, leaps a space of 50 feet and then makes a revolution in a large hoop, and not satisfied with that he then makes another leap of 50 feet, landing in safety. This afternoon and evening the band of the British Welcome League will give concerts, and to-morrow (Sunday) concerts will be given by one of the military bands.

Conservatory Opens Sept. 1. When the Toronto Conservatory re-opens on Wednesday, Sept. 1, after the summer vacation, several improvements on a generous scale in the ready spacious and elegant buildings on College-street will be noted, and probably with surprise by many who imagined that conservatory expansion had reached its culminating point last year.

The faculty numbers to-day ninety-seven.

"Morning, Noon and Night." The attraction at the Star for the coming week is "Morning, Noon and Night," which scored such a decided hit last season at the higher price houses, with an excellent company of players, including Teddy Burns, Miss Virginia Ware, Sid. Braham, Walter Johnson, The Minstrel Four, and the Broadway Ponies, who have become great favorites wherever they have appeared. The chorus have excellent voices and use them unsparingly, the song numbers are entirely up to date, and are of the kind that whistle on the way home. The entire production is under the personal direction of Mortimer M. Theise, whose name has always been connected with some of the best attractions presented at this theatre.

Reward For Recovery of Body. A reward of \$100 is being offered for the recovery of the body of Geo. Evans, the bank clerk, who was drowned at Centre Island on the 15th inst. The reward will be paid by Mark Aykroyd.

To Keep Out Bad Fruit. OTTAWA, Aug. 20.—Mayor Hopewell will bring before the next meeting of the Ontario Municipal Association on Sept. 1, 2 and 3, the question of fruit inspection before its entrance to a city. The fruit division of department of agriculture are also supporting the move and urging it upon the mayors of the chief cities of Canada.

Sea Lions at Scarborough. The open air circus at Scarborough Beach next week will include a unique headliner in an act which has never before been seen in Toronto except in a big circus. It is Captain Webb's troupe of trained seals and sea-lions. These animals were brought from the North Sea two years ago and after a year of training were placed on exhibition in the Crystal Palace, London, from whence they were taken three weeks ago to New York. In the big-podome the chief acts will be the Breakaway Barlowe on the revolving ladder, and the Newell-Shevert trio, an aerial act.

IN SOCIETY

Mr. and Mrs. Ernest Thompson Seton are at Newport for August as guests of General and Mrs. J. Fred. Pierson. A series of dinners has been arranged for them by Newport folk, including Mrs. Kerubian, the Mitchell Clarks, etc.

Mrs. D. Casey and family returned from Beaverbrook and left on an extended trip to New York and Atlantic City.

Mrs. Gordon W. Sanderson has returned from New York having spent a very pleasant vacation with her parents in Parley-avenue.

Miss Florence Smith, Huron-street, and Miss Gladys Alley, Spadina-avenue, together with Miss Hession of Big Catharines have left on a two week's visit to Mrs. D. Carver at Go-Home Bay.

Mrs. O'Neill and Miss Pearl O'Neill of 22 Elm Grove-avenue, Parkdale, have arrived home after spending three months in Europe.

Mr. Victor Kinsman and Miss Hazel Kinsman are summering at Riverside Cottage, Huntsville, Muskoka.

Mrs. T. Miles Kinsman is the guest of Mr. and Mrs. W. J. Robertson, Orchard Beach.

Miss Nellie O'Reilly has returned home after a month's visit to the "Austrian Hotel," Port Dalhousie.

Mr. Edgeworth Reid is staying with his sister, Mrs. Riff.

Mr. Frederick Plumb has gone to Stony Lake for a visit to Mr. Wyly Grier at his gambling place.

Mrs. Fred Stoner and little daughter of Brunswick-avenue are spending a few weeks with Mrs. Stoner's mother, Mrs. Hancock, at Steelton, Algoma.

Mr. Walter Despard is in town from Cobalt, for a visit to his parents on Sussex-avenue.

Mrs. J. K. Price of New York City is visiting the Misses Johnston of Howard-street.

Miss Violet Apted of Admiral-road has returned from Muskoka.

Mrs. Farrand and Miss Burr of 11 College-street, with their guests, Mrs. Nelson and Miss Nelson of Denver, are holidaying at Wellesley Hills, Mass., with their sister Mrs. McCracken.

Mr. Honore S. Davis, who has had charge of the organ at the Church of the Redeemer for the past month is holidaying at the Lake of Bay, Muskoka, and will resume his vocal teaching September 10th.

NIAGARA-ON-THE-LAKE, Aug. 19. (Special).—Mrs. Stephen Haas, who is spending the summer at the Queen's Royal Hotel, now are Mr. and Mrs. E. F. B. Jones and Miss Jessie Johnston, Mr. and Mrs. E. Strachan, Johnston, Mr. and Mrs. Ewart Osborne, Mr. and Mrs. Stephen Haas, Mr. and Mrs. H. H. Snydman, Mr. and Mrs. A. W. Barnard, Mrs. Strithy and Miss Louie Strathly, Mr. A. D. Reid, Mr. W. M. Forrest, Mr. A. V. Forrest, Mr. John Hoskin, Mr. J. J. Boyd, Mr. W. E. Boyd, Mr. Gordon McMillan, Dr. Dutton, Mr. Rud Marshall, Mr. Douglas Young, Mr. W. E. Carter, Mr. Harold Mars, Mr. H. G. Carter, Mr. and Mrs. W. Pemberton, Mr. and Mrs. W. E. Boyd, Mr. W. E. Boyd, Miss Helen R. Smith, Mr. Norman Patterson, Mr. W. Warwick, Mr. W. S. Wetherston, Mr. R. A. Gibson, Mr. Alan McIntosh, Mr. Louis Monahan, Miss Mabel White, Mr. Frank Cairns, Mr. and Mrs. Cruso.

SCHOOL PRINCIPALS
Probable Promotions Owing to Dovercourt Vacancy.

An early meeting of the management committee of the board of education will be held owing to the vacancy caused by the death of Principal George Deacon of Dovercourt public school. The appointment may go to Principal G. H. Armstrong of Borden-street, and does the most important. Ward of Keew Beach may be promoted to the Borden-street principalship.

The superannuation scheme for the Toronto public school teachers is to be actively pushed forward by Trustee Davis, who is just back from a trip to England. He states that in England the superannuation fund is on a compulsory basis, every teacher having to contribute to it.

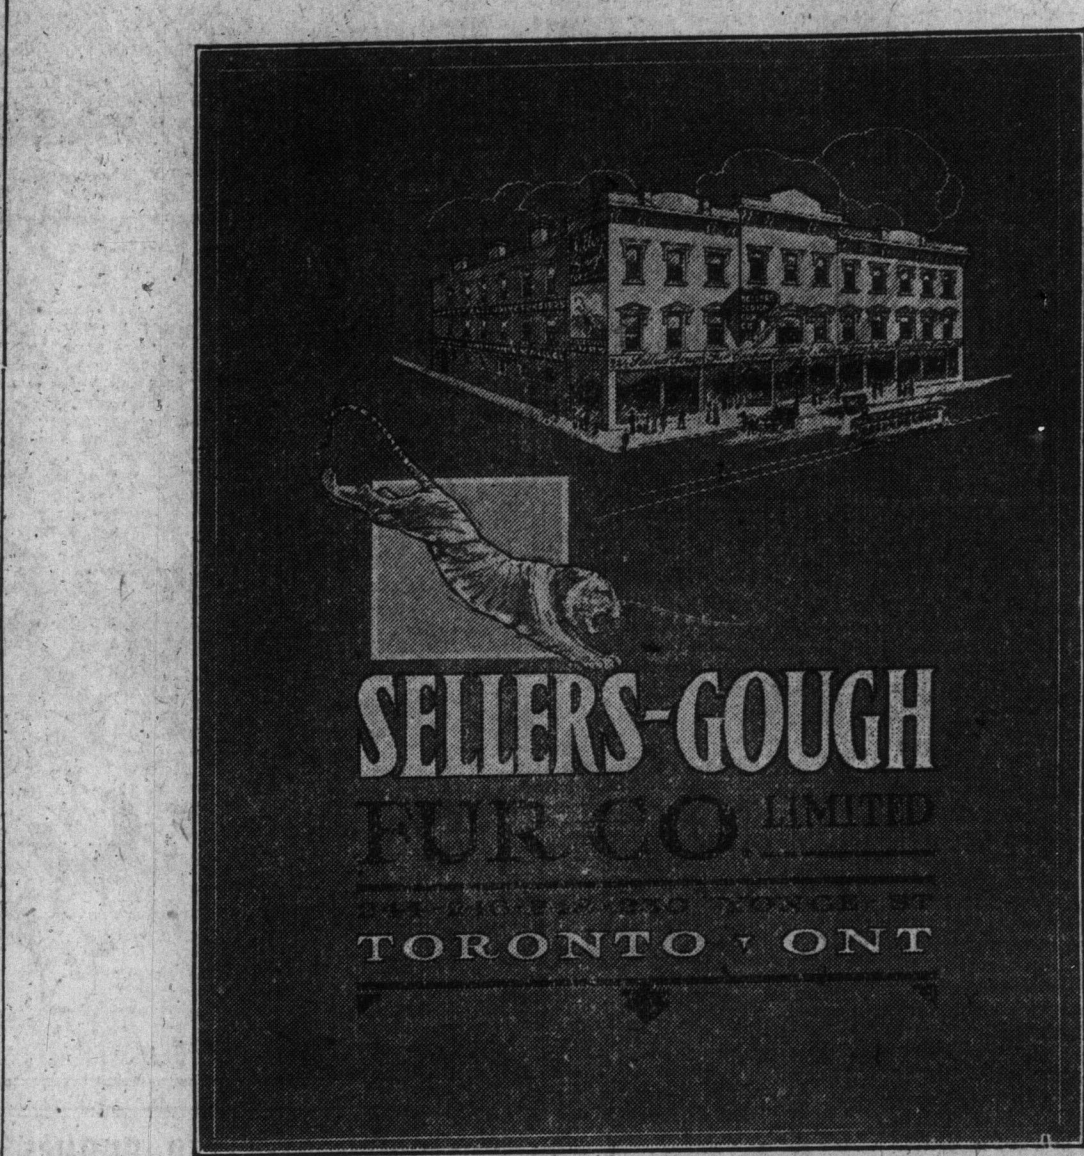

ASBESTOS CURTAIN SAVED THEATRE FROM DESTRUCTION.

BRANTFORD, Aug. 20.—The Grand Opera House, erected one year ago, and formally opened for the second season last evening, had a narrow escape from destruction by fire shortly after 8 p.m. The fire first broke out in the balcony, and spread rapidly to the stage and the large stage was completely gutted of scenery and fittings. The fire burned between the stage and the auditorium saved the latter.

Finest For Assault. A. Pooler was charged in the county police court yesterday with assaulting C. H. Lepine, who said the accused owed him wages and assaulted him when he tried to collect the money. Pooler was fined \$1 and costs. In the suit for \$11 wages, which preceded the assault case, Pooler was obliged to pay \$25 wages and settle the costs of the case.

Oyster Crop Failure. PROVIDENCE, R.I., Aug. 20.—The oyster set in Narragansett Bay this year is a failure and many of the oyster growers will sustain heavy losses.

KILL LITTLE CHILDREN. "If you want to keep your children healthy and full of life during the hot weather months, give them an occasional dose of Baby's Own Tablets. This medicine prevents deadly summer complaints by clearing the stomach and bowels, or it cures the trouble promptly if it comes on unexpectedly. The mother who keeps this medicine on hand may feel as safe as if she were a doctor in the house." Write to Roe, Georgetown, Ont., says: "I can heartily recommend Baby's Own Tablets as a great help to busy during the hot weather months. You have them for summer troubles and am much pleased with the result." Sold by medicine dealers or by mail at 25 cents a box from The Williams Medicine Co., Brockville, Ont.

DEFENCE WANTS PARTICULARS

City of Hamilton Given Leave to Secure Statement From Plaintiff.

The City of Hamilton was granted leave to Osgoode Hall yesterday to serve notice of a motion for particulars at once in the action of Robert S. Morris against the corporation. The Justice Tetzell on June 28 continued until the trial an injunction restraining the City of Hamilton from entering into an agreement with the Hydro Electric Power Commission on the terms of a resolution passed by a special committee on June 26. His lordship ordered that the statement of claim be filed by Aug. 15, and the statement of defence 10 days later. The statement of defence according to the order is due to-day, the statement of claim having been filed yesterday. The defendants, however, want particulars before filing a defence.

FOUR DIE IN AUTO ACCIDENT

Three Girls From Vancouver Victims In Seattle Fatality.

SEATTLE, Wn., Aug. 20.—Three young women and one man, the driver of an automobile, met death, and two young women narrowly escaped a similar fate here last night when a large touring car, going at a high speed, crashed thru the railing of the long trestle over the Tide Flats.

The dead women are: Miss Agnes Cowan, Miss Maggie Paul and Miss J. Cowan.

Miss Mary Paul and Miss Kate Hiscok were rescued by a boatman, who heard their cries, and found them crushed thru the wrecked car.

Round Trip Excursions at Low Rates to Seattle, Wash., Portland, Ore., Tacoma, Wash., Everett, Wash., Bellingham, Wash., Victoria, B.C., Vancouver, B.C., San Francisco, Cal., Los Angeles, Cal., etc. Good going daily until Sept. 30; return limit, Oct. 31, 1909. Will Meet in Toronto. Members of West Indian Commission Heading For Canada. LONDON, Aug. 20.—(C.A.P.)—Lord Balfour of Burleigh, and Sir Dickson, will leave for Canada on Sept. 11, to meet other members of the commission recently appointed with regard to trade between Canada and the West Indies. About two or three weeks will be spent in the Dominion.

The West Indies royal commission, to which Hon. Messrs. Balfour and Sir Dickson were appointed, held a meeting for organization to-day at the colonial office. Lord Balfour of Burleigh presiding. All members who are expected to attend the meeting are: Mr. J. H. Patterson, The British commissioners who sail for New York on Sept. 11 were unable to secure accommodation on Canadian lines. It is expected that the first meeting will be held in Ottawa on the twenty-first and meetings follow of commercial bodies, if they so desire, at Toronto, Montreal, Quebec, Halifax, St. John.

Arrested For Norwegian Police. OTTAWA, Aug. 20.—The Dominion police have been notified of the arrest by the mounted police at Regina of Ole P. Holtan, aged 50, a fugitive from Norwegian justice. He is wanted in Norway for forgery.

Liquor & Tobacco Habits. A. McTAGGART, M.D., C.M., 75 Yonge St., Toronto, Canada. References as to Dr. McTaggart's professional standing and personal integrity permitted by: Sir W. R. Meredith, Chief Justice. Hon. G. W. Ross, ex-Premier of Ontario. Rev. N. Burwash, D.D., President Victoria College. Rev. Father Teefe, President of St. Michael's College, Toronto. Dr. McTaggart's reliable remedies for the liquor and tobacco habits are healthful, safe, inexpensive home treatments. No hypodermic injections, no publicity, no loss of time from business, and a certain cure. Consultation or correspondence invited.

Charge Withdrawn. The street railway company has supplied the city with the information which the assessment department craved respecting certain of the company's properties, and the charge of refusing to give this was withdrawn in police court yesterday.

AUGUST 21 1909 9

Greater Cobalt

The Best and Newest Real Estate Chance.

In the Liveliest Centre of Ontario,

PORT COBALT

Three towns grow into one by a Trolley Line and a Five-Cent Fare,

COBALT, HAILEYBURY AND PORT COBALT

BUT PORT COBALT IS THE GREATEST

BECAUSE IT IS THE CENTRE

It will have branch trolleys to the wharf, to Kerr Lake, to South Lorrain.

Lots that will Double in Value in a Month and Quadruple in a Year.

A lot on the main street of a New Town for \$150. They ask you \$400 for a lot in a prairie village in the west. But Cobalt is to-day a city.

Every Ontario investor should have a Lot in the Greater Cobalt.

From the Vendome Hotel on the waterfront of Haileybury to Cobalt is just five miles. Haileybury has 5000 inhabitants. So has Cobalt 5000. Port Cobalt is exactly midway of the two. A trolley line covering this five miles is now under construction, four miles of it already graded, the ties on the ground, the rails on the way, and the electric power now being lined up to the proposition. The road is under contract to be running by the middle of October. Port Cobalt is all laid out in fine streets and avenues. Lakeview Avenue is 100 feet wide and runs from the T. & N. O. station to Lake Timiskaming, a mile and a half.

Main Street is also 100 feet wide and runs north from Lakeview Avenue to Haileybury. The junction of Lakeview Avenue and Main Street is the centre of Port Cobalt and will be the centre of the newer and greater Cobalt.

The fare from Cobalt to Port Cobalt will be five cents, and a half hour service, beginning early in the morning. Port Cobalt is free of surface rock, is level, allows of gardens and plenty of room, will have a street car line right to the lake, and will be the residential end for workingmen and business men of Cobalt. It will be Haileybury moved nearer to Cobalt.

These lots range in price from \$80 to \$150, payable \$20 and \$25 down, balance on easy monthly payments. Wire, write or phone

MATURING BONDS

Their Reinvestment
There are a great many bonds and other similar investments maturing this year. The present market offers unusual opportunities for investment. We are prepared to make proposals for the retirement of standard bonds falling due within the period of a year in exchange for suitable securities running for a longer period.

High-grade Corporation Bonds yield the investor 4 1/4 to 6 per cent.

May we offer our services for suggestions, which may be used as a basis for exchange?

HARBOR SCHOOL CADETS

O.R.A. Sustains its Reputation as Premier Rifle Corps.

The success of the Harbor Lord Roberts Cadets at the recent O.R.A. meeting sustains the reputation of the institute as the premier school in Canada for rifle-shooting as well as one of the best all round institutions for military culture and the formation of manly character.

Its first team was only two points behind Dundas, making 20 points out of 30, or an average of 66.6. Its second team, which came third in the contest, made 136, the two teams averaging 155, or three points higher than the winning score of last season. Harbor's second team beat its first at 600 yards by a score of 107 to 104. So with teams of eight or ten as at Ottawa, Harbor would easily stand first.

The school holds the Gooderham Challenge Shield won in 1904 and 1905, and this trophy for cadets offered by the O.R.A.

The teams of this year were as follows:

Team 1—Devitt, Hughes, Kellock, Hagarty, Campbell.

Team 11—Rogers, Hall, Ott, Munroe, Walker.

Principal Hagarty leaves this morning for Ottawa, with the following lads to compete at the C.R.A. and for positions on the Canadian team for the Lord Roberts Trophy:

Devitt, Hughes, Kellock, Hall, Galar, Hagarty, Ott, Munroe, Campbell, Rogers and Pappal.

Six hundred cadets have been selected by the Canadian Rifle League to go to Ottawa at the expense of the league, all but two under 16, on Sept. 1st. Lieut. Devitt goes as the best shot in the school.

FILLING UP THE WEST

Large Percentage of Harvesters Remain in Prairie Provinces.

Mr. Hartney, emigration agent for the Manitoba Government, has completed these statistics of the harvesters' excursions. Two thousand and twenty-one emigrants at Toronto on the C.P.R. trains, 1046 joined the C.P.R. specialists at Sudbury, from Teeswater and Owen Sound, and 40 at stations between Toronto and Sudbury. One thousand went west from points east of Sudbury. The Grand Trunk took about 500. The aggregate was about 40 per cent. of the harvesters remain west, and 20 per cent go back there to reside in the following season.

PREACHER DISAPPEARS.

DETROIT, Mich., Aug. 20.—Rev. Carl S. Jones, associate pastor of the Northwood Ward-avenue Congregational Church, disappeared, after preaching a sermon at his church, on Aug. 1. His relatives think that hard work may have unsettled his mind.

Alfonso Grows Whiskers.

LONDON, Aug. 20.—A San Sebastian dispatch says that King Alfonso has paid a brief visit there, to see the Queen and children. His majesty has grown side whiskers, like those worn by his father, Alfonso XII., and most of his hair has disappeared, being now cut very short.

Fire in Garage.

The gasoline tank in an automobile owned by W. G. Tretheway exploded yesterday, the resultant blaze doing about \$150 damage to the machine. It was in a shed at 1286 King west, and before the flames spread to the building the auto was moved into the yard.

Cigaret Caused Explosion.

SHERBROOKE, Que., Aug. 20.—Oscar McLean, 16 years of age, employed by the Rock Company, manufacturers of explosives, had returned from work with a particle of explosive on his clothing. While smoking a cigarette ash dropped on his arm and a terrific explosion followed, tearing and burning the flesh all over his body.

Branch of Traders Bank.

A new branch of the Traders' Bank is being opened at Forget, Sask., with E. W. Bradish as manager.

Wall Street Manipulation Forces Heavy Liquidation

After This Clearance Prices Have Usual Rally—Slump Restricts Business in Domestic Securities.

World Office, Friday Evening, Aug. 20.
Wall-street, continued on the down grade again to-day and the slump had an undoubted effect on trading at the Toronto Stock Exchange. Local speculators are apparently inclined to await further developments on the big market before venturing their faith in any of the domestic securities, and business here suffered in consequence.

Transactions were even more limited than usual and an easier tone was apparent in many of the securities dealt in, the declines, which occurred almost throughout the whole list, were small and unimportant. There is nothing in conditions at this centre to contribute any weakness to the market, but considering the almost panicky feeling on the New York Exchange, local brokers are congratulating themselves that the weakness has not been more apparent here.

Twin City and Sao Paulo were the issues selected by traders to play on the down grade. Most of the offerings of these stocks came from shorts, and dissatisfaction was experienced when prices failed to break.

The light outstanding speculative interest was responsible for the small amount of liquidation and a great portion of to-day's purchases came from those well able to take care of their holdings.

The Bank of England statement issued Thursday and the monthly statement of the Canadian chartered banks showed most favorable conditions and is considered a guarantee against permanent market weakness.

Private funds for all loans are available as low as 4 per cent. and no heavy demand is in sight for money even at this figure.

Wall Street Pointers.

Great Northern Ore declared a dividend of 10 per cent. payable Sept. 15. Books close Sept. 1 and reopen Sept. 15.

Arkansas asks penalties of \$85,000,000 for alleged violations of anti-trust laws.

First instalment of \$5 due to-day on Chicago Great Western assessment.

Chesapeake and Ohio net earnings equal 6.4 per cent. on stock.

Receiver Judson Harmon turns over Cincinnati, Hamilton and Dayton to President Cotto.

American Beet Sugars fall campaign starts hopefully.

Republic Iron and Steel Co. reports for fiscal year ending June 30 net earnings, \$3,582,587, decrease \$345,927.

The known movements of money for the week ending with the close of business on Thursday indicate an increase in cash by the local banks of \$2,210,000.

Republic Steel preferred declared dividend of 1 3/4 per cent. quarterly, payable Oct. 1.

Joseph says: Trade for quick profits. Buy on the slumps, resell on the jumps. They will be quick recoveries in the Chicago and St. Paul, and elsewhere.

Buy Reading for turns. Average St. Paul, Take on American Hide and Leather preferred.

The Financial Bulletin says: Important manipulative interests are looking for a recovery in the stock market. They say important buying orders will soon be effective and a short covering rally may be witnessed.

According to present plans the Union Pacific and Southern Pacific directors will meet next Tuesday to take action on the quarterly dividends. It is not expected that other matters of importance will be acted upon. Altho the home should arrive in time for him to attend these meetings, it is understood that he will not be present, as he will go directly from the steamer to his country home at Arden.

Buying which could not possibly be better has been going on in Atchison since the beginning of the week, and this was coincident with very important selling. There is a considerable outside interest in this stock and in view of stop orders that have been placed, the bears will not hesitate to attack it with the prospect of a sharp decline. At the same time this is one of the issues that may be expected to revive very suddenly and recover all its lost ground about as promptly as any other security in the list. Bearish operations in it should be conducted only for quick turns. Town Topics.

ASBESTOS CONSOLIDATION

Underwriting Successful at Leading Financial Centres.

MONTREAL, Aug. 20.—(Special).—The public flotation of the Black Lake Consolidated Asbestos Company will be made shortly. The underwriters state that arrangements have been effected for simultaneously offering in Montreal, Toronto, Halifax and Boston. A great many enquiries have been received, and everything points to a successful issue.

For the very large area of mineralized territory controlled by the company, the capital is considered to be moderate, amounting to it does to \$1,000,000 of bonds (which have already been underwritten), \$1,000,000 preferred and \$3,000,000 of common. Owing to the large interest taken in the new company by Toronto interests, it is intended that they should be given representation on the board of directors.

On Wall Street.

Erickson Perkins & Co. (Beatty & Glasco) wired: In the last hour stocks gradually rallied and before the close they advanced rapidly to the highest point of the day for some time.

Day's Doings in YORK COUNTY

JUDGE MORGAN HEARS NUMBER OF APPEALS

York Township Assessments Generally Sustained—York County Happenings.

Judge Morgan yesterday afternoon in the council chamber heard a number of appeals against the findings of the court of revision of York Township, held on July 15. Most of the ordinary interest centered in the hearing of these appeals, inasmuch as the Toronto General Burying Grounds Company was actively associated. One of the appellants was Joseph Brown, who owns some sixteen acres in the township to the south of the cemetery grounds. Mr. Brown appeared for himself and argued his own case, but was unsuccessful in securing any reduction. The judge confirming the action of the court of revision which had placed the assessment at \$500 an acre. The next appeal taken up was that of H. Graham & Sons, who claimed that their assessment of \$500 an acre was too high. Judge Morgan, however, confirmed the action of the court of revision and the \$500 figure also stands in their case. George Bigham appealed against a total assessment of \$14,900 on 74 1/2 acres of land, the easterly portion of lot 40, concession 3 and from the bay. In other words, the lands in question are the property of the Toronto General Burying Grounds Company. Mr. Bigham is the tenant of the lands which are used for pasturing his horses. After a long argument as to values Judge Morgan reduced the assessment on the 17-1/2 acres from \$14,900 to \$10,000 even. On 15 acres of land owned by the Cemetery Trust, lying immediately to the west of the belt line railway, the cemetery authorities claimed exemption from taxation on the grounds that the property was used for cemetery purposes. The matter was before the court of revision on July 15, but for obvious reasons the township could not see their way clear at this particular time to grant the request of the trust. The cemetery promptly appealed to the county judge, and the matter was then thoroughly threshed out yesterday, with the result that the township's assessment was fully confirmed. The two acres on the west side of Yonge-street immediately in front of Mount Pleasant Cemetery grounds, and which has for years been assessed and paying taxes for years, was also appealed against by the trust as being cemetery property, and as such exempt from taxation. Council in the July court of revision granted this concession, but yesterday the matter was re-opened by Assessment Commissioner Clarke, who claimed that the two acres in question were occupied by an employee of the company, that there was on the land a good house and garden and for this and other reasons Mr. Clarke claimed the property should pay taxes. Judge Morgan, however, ruled that the Cemetery Trust had a right to keep it exempt, and a lengthy argument, in which Mr. Parsons for York Township and Mr. Davidson for the trust joined, his honor ruled against the township. For manifest reasons, and in view of the fact that the new proposed parallel road runs thru some of the lands under dispute, the finding of the county judge has an important bearing on future values. Appearing for York Township yesterday were Reeve George S. Henry, Deputy Reeve Watson and Nelson, Assessment Commissioner W. A. Clarke and Assessors Goulding and Marsh. Figures submitted by the township yesterday thru the kindness of W. A. Clarke, York Township clerk, will serve to show the marvelous progress made in this, the metropolitan township in Canada. The total assessment of York Township for the year 1909 in exact figures is \$3,706,560, as against \$2,000,948 in 1908, an apparent decrease of \$244,388. When it is considered, however, that in the interval between the taking of the two assessments the districts of Deer Park, Woodhouse and Brimley, with a combined assessed value of \$1,530,000 have been taken away, the recuperative power of the township is clearly shown. The increase in the remaining portions of the township during the year has been nearly 22 per cent. All the finest brands of wines and liquors at E. T. Sandell's, 523-525 Yonge-street. Special delivery to Davisville and North Toronto. Phone 2617.

WEST TORONTO.

Body of Youth, Drowned Week Ago, Still Unburied.

WEST TORONTO, Aug. 20.—Sparks from a nearby factory are supposed to have been the cause of a blaze which broke out at 1.30 this afternoon on the roof of 51 Medland-street, a frame building occupied by John Davies, Peter Moon's house, next door, seemed threatened for a time, but the firemen soon had the blaze under control. The damage to each house amounted to about \$350, covered by insurance in the Commercial Union. The furniture was damaged by water to the extent of \$100. A. B. Rice, collector of customs, and Mrs. Rice leave to-morrow for a trip to the Thousand Islands. Little Harvey Penrice of May-street,

PRIVATE DISEASES

DR. W. H. GRAHAM. No. 1 Clarence Square, Cor. Spadina 2461

West Toronto North Toronto East Toronto

who was so badly burned by sulphur matches last week, is getting better rapidly. His complete recovery is now practically assured.

Baseball fans will be provided with a double-header at the Lambton athletic grounds to-morrow afternoon. The first game will be between Victorias and Ravinas, while Davenport and All-Stan will clash afterwards.

Altho more than a week has passed since little Willie Crabtree of 7 Hannah-avenue, York Township, was drowned in the Humber, his father has not yet returned from Gowanda, and the funeral is still postponed indefinitely.

Numbers of people visit the house, daily and the room in which the body lies is filled with floral tributes. W. E. McCutcheon, night operator at the local office of the Bell Telephone Co., has returned from a two weeks' vacation.

All arrangements have been completed for the grand picnic of St. Cecilia's Church, to be held to-morrow (Saturday) afternoon in the separate school grounds on Edwards-avenue, north of Joyce-avenue. A program of sports is the chief afternoon attraction, followed by a band concert in the evening. The officials who will be in charge of the sporting events are: Controller J. J. Ward, Capt. Robinson of the fire department, J. T. Becher and Chas. W. Buchanan.

T. J. Smyth is chairman of the committee of arrangements and Dr. Heydon, secretary.

HAGERMAN'S CORNERS.

Well-Known Young Man Passes Away After Long Illness.

HAGERMAN'S CORNERS, Aug. 20.—(Special.)—The death of Mr. Harry Hagerman, youngest son of John Hagerman, took place about 9 o'clock last night, after an illness extending over a long time. He was a young man in his 28th year, was a young man of very popular. He is survived by his father, two brothers, Frank of Canada, and Bert of North York, N.Y., and one sister, Ethel, at home. The funeral services will take place on Sunday at 2 p.m. to Hagerman's corner, Cemetery, the family burial ground.

EAST TORONTO.

EAST TORONTO, Aug. 20.—Mrs. Stoba and her son and daughter have returned from a very pleasant visit to her mother at Pleasanton, Ont. Mrs. W. A. Kingston left yesterday to spend a few days at the home of her friend Mrs. Margetts, Niagara Falls, Ont.

Mrs. Donald Cameron and family of Bent Road, Monrovia, are spending a few weeks on the Georgian Bay.

Miss Emma Stahl of Danforth-avenue, East Toronto, is spending a few weeks at her former home, Berlin, Ont.

In connection with the preparation of the Field Day to be held next Wednesday by the Y.M.C.A., the ladies of the Women's Auxiliary are desiring of a whole lot of credit as it is thru them mainly that the refreshments are attended to, and it is these same ladies that will look after the different booths that will sell ice cream, cakes and various other kinds of refreshments will be dispensed.

Magistrate Clay this morning imposed a fine of \$1 and costs each on John Rains and J. Durham, a couple of youths charged with disorderly conduct around the Norway Hotel.

ETOBICOKE IS IN LINE.

Etoobicoke Township will soon be in direct communication with the world at large. The Bell Telephone Company have about completed the arrangements for the installation of a rural telephone system.

A rural system will be in operation in Toronto Township in the near future. A force of 25 men are now at work connecting 125 residents of the township with other and with the rest of Ontario. The telephone lines are being erected on the two-party-per-mile system. When two or more subscribers per mile have telephones the rate is \$15 the year. When there is only one to the mile, the rate is \$20. There are exchanges at Port Credit, Clarkson, Streetsville, and Cooksville. No charge is made to subscribers talking to others in the township, but an extra charge is made for outside calls. The toll to Toronto is 15 cents.

The Bell Telephone Company is extending the system throughout the township. During the past five years the increase in subscribers has been exceedingly large. Approximately, there are 10,000 rural telephones in operation in Ontario today. "We have yet to receive a complaint," said A. T. Smith, district superintendent to The World last night. The Bell Company has right of way, and vice versa, over the lines of independent telephone companies in Ontario. When an independent company build a line they make an agreement with the Bell.

FUNERAL OF MRS. DAWSON.

The funeral of Mrs. Joanna Dawson, widow of the late Wm. H. Dawson of Newmarket and mother of W. H. Dawson, departmental buyer of the T. Eaton Company, and J. M. A. Dawson of Toronto, was conducted at the home residence, 1011-1/2 St. George-st., Friday morning by Rev. Dr. W. F. Wilson, a former pastor of the family. The remains were conveyed to Newmarket for interment. The service at the cemetery was conducted by Dr. W. F. Wilson and Rev. Mr. Neal of Newmarket. The floral offerings sent by the lines of the high esteem in which Mr. Dawson is held. They were: Wreath, Mr. and Mrs. J. C. Eaton; anchor, management T. Eaton Co.; sheaf, managers of department; spray, Mr. and Mrs. Wolfe; spray, Mr. and Mrs. Herod; spray, George Graham of the Winnipeg store; wreath and cut flowers, Hengeler & Co. Buffalo; heart, from family; pillow, brothers and sisters; spray, Mr. and Mrs. Whitman; spray, Mr. and Mrs. A. C. Bolton; spray, J. M. Marks.

ERINDALE.

Garden Party at Mr. Addison's Was a Great Success. The garden party held at Alfred Addison's in aid of St. Peter's Church, was a great success. The total receipts amounted to over three hundred dollars and after deducting expenses, leaves a balance of two hundred and five dollars.
