

GRAVE RIOTING BREAKS OUT AMONG OHIO STRIKERS

STAFF OF TROTSKY MADE PRISONERS

Trotsky Escaped By Clinging to Railway Car and Fleeing in Automobile--Bolsheviks Slow Up Advance on Petrograd.

Copenhagen, Oct. 25.—The entire staff of Leon Trotsky, Bolshevik minister of war and marine of Russia, has been captured at Tsarskoye-Selo, according to a Reval despatch to The National Tidende.

London, Oct. 25.—Rallying under the command of Leon Trotsky, Bolshevik minister of war and marine, troops of the Russian soviet government have savagely attacked the lines of the Russian northwestern army and have succeeded in parrying, for the moment at least, the thrust of the latter against Petrograd, according to reports reaching the city.

Attitude of Berlin. Berlin, Oct. 25.—In the course of a long address before the national assembly, which consisted mainly of a protest against recent addresses by Premier Clemenceau and what was called the "militaristic tendency" of France toward Germany, as well as the "moonstruck spirit" shown in the formation of the league of nations, Foreign Minister Muller insisted today upon the necessity for a speedy German evacuation of Lithuania and Latvia.

Des Moines, Iowa, Oct. 25.—Eight of the nine members of the preceding state, asked by Governor W. L. Harding of Iowa to express their views on a conference at Indianapolis to discuss ways of averting the threatened coal strike, have replied favoring such a meeting.

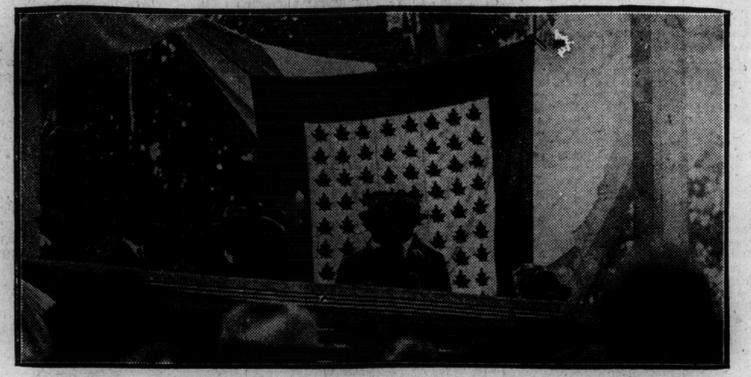

A large real estate deal on the Toronto-Hamilton highway, announced Saturday—a large frontage of the Thomas Jackson estate, immediately opposite the Goodyear Tire plant in New Toronto, was purchased by Canadian Photo-Play Productions.

Des Moines, Iowa, Oct. 25.—Eight of the nine members of the preceding state, asked by Governor W. L. Harding of Iowa to express their views on a conference at Indianapolis to discuss ways of averting the threatened coal strike, have replied favoring such a meeting.

MONDAY TO SEE START OF BIG LOAN EFFORT

Spectacular Opening to Campaign, Including Blowing of Whistles, Dash of Fire Brigade, and Flow of Rhetoric.

Monday is the day and 9 a.m. is the hour when the big Victory loan campaign, the third and final of the series, and which is hoped to be the greatest of them all, will be inaugurated.

London, Oct. 25.—Leon Trotsky, the Bolshevik minister of war and marine, of Russia, in describing the soviet counter-offensive and capture of Pavlovsk, south of Petrograd, and the repulse of the Cossack forces in the Pakov sector, says: "The danger hanging over Petrograd has been driven back, but not yet definitely removed, according to a wireless despatch received here from Moscow."

ANOTHER DRIVE AGAINST HYDRO AND BECK

The real news of yesterday was of the great and successful public enterprise—big new drive against public ownership, with the Ontario Hydro as the centre of attack, the farmers to be coaxed into the capitalist fold, American financial forces being held in readiness as allies, and the Canadian senate as the hope of the Interests.

The Financial Post of Toronto plays again the part of bugle-boy to the army of Financial Privilege. In two articles it speaks in readiness as allies, and the Canadian senate as the hope of the Interests.

MANGIN MAY NOT GO TO BALTIC PROVINCES

Paris, Oct. 25.—The departure for the Baltic provinces of General Mangin, head of the mission which had been constituted to supervise the evacuation of the region by the German troops, now appears very improbable, the chances being that another man will be chosen to represent France.

DAYLIGHT SAVING IS NOW AT END

Clocks Will All Be Turned Back One Hour at Midnight.

With the turning back of the clocks of the city one hour at midnight on Saturday, Toronto once more reverts to standard time. In issuing the proclamation, Mayor Church states that the change of time was made necessary by the intentions of the various railway systems to operate on normal time on and after 2 a.m. on Sunday, October 26.

TO PROPOSE ROLLO AS LABOR MINISTER

Hamilton, Oct. 25.—That the labor party would unite with the farmers for the purpose of forming a coalition government, that Walter Rollo, member of the Ontario labor party, would be slated for provincial minister of labor and that labor would likely make an attempt to secure the portfolio of minister of public works.

THE FARMERS AND BECK

Following Monday's provincial election a growing impression in the minds of many that in some way the United Farmers and Sir Adam Beck should, and will, get together in an attempt to find a working plan of carrying on the government of Ontario.

DEMAND ON MEXICO TO FREE JENKINS

Washington, Oct. 25.—Demands were made on the Mexican government today by the state department that it effect the release of William C. Jenkins, American consular agent at Puebla, unharmed, even tho it is necessary for Mexico to pay the \$150,000 ransom demanded by the bandits who kidnapped him.

REACH AGREEMENT IN POLITICAL CRISIS

London, Oct. 25.—Members of the Lloyd George cabinet conferred with some of their supporters in the house of commons yesterday relative to the situation which has arisen thru the defeat on Thursday of the government amendment to the Petrograd bill.

LABORITE FOR BECK AS PRIME MINISTER

Hamilton, Oct. 25.—Controller Halcrow, M.L.A.-elect, (Labor) interviewed today the ablest statesman in Canada. This was his own personal view, and he was unable to speak for his party, but he would agree that Sir Adam as prime minister.

CONTROLLED BY BECK AS PRIME MINISTER

Hamilton, Oct. 25.—Controller Halcrow, M.L.A.-elect, (Labor) interviewed today the ablest statesman in Canada. This was his own personal view, and he was unable to speak for his party, but he would agree that Sir Adam as prime minister.

VISIT OF PRINCE TO U. S. REMAINS UNDECEID

London, Oct. 25.—The Daily Chronicle says the question as to whether the Prince of Wales will go to the United States is still undecided, but every endeavor is being made to arrange a meeting between the Prince of Wales and President Wilson.

NEW YORK PRESSMEN REFUSE TO END STRIKE

New York, Oct. 25.—A proposition to settle the printing pressmen's strike here, submitted by the foremen at a meeting today, was unsuccessful. Strikers howled down suggestions that they return to work.

NO DIVORCE MEASURE BY PRESENT SESSION

Cwing to Retirement of W. F. Nickle, M. P., Project to Create Courts in Ontario Stays in Abeyance.

Ottawa, Ont., Oct. 25.—Members of parliament during the past few days have been receiving inquiries which indicate that an impression is abroad that some measure is before parliament at this session to establish divorce courts. Some of these inquiries are in the nature of a protest from local branches of soldiers' organizations in Ontario.

# EVENTS OF THE WEEK IN HAMILTON

By JACK LIVINGSTON

LABOR reigns supreme in Hamilton. The workers nailed their flag tight to the standard by returning both Walter R. Rollo and Controller G. Halcrow in the local provincial elections. As a matter of statistics, the Laborites swamped their opponents—among which were Tories, Grits, Soldiers and Independent Soldier-Labor—by such a majority that even the adding machines had to lay off and take a vacation before the complete returns could be tabulated.

Intelligent mass action v. broken-down party machines and personal ambitions! That was the combination that the workers used against, and it certainly was "duck soup" for the boys from the benches. It was merely a reminder to politicians, ward-healers, grafters and other forms of modern parasites that from now on the workers—at least those

who are fortunate enough to reside under the brow of the mountain, are going to rule themselves, educate themselves and shape out their own destinies. It is the awakening.

It is only during the past few years that the workers have become wise to the fact that in the ballot they possess the most up-to-date weapon for turning unnecessary luxuries out of the easy chairs in Queen's Park. They went to the polls on election day with the determination to "put it over," and they certainly did so in good shape. There was never any doubt that Rollo and Halcrow, West and East Hamilton, respectively, would be there when the gong sounded. Johnnie, Jimmie, Sammie, they all looked alike to the sons of "toil," who act as if they were the "sons of swat" when there is an election on the menu.

Here is something else the work-

ers did on election day. They went on record as favoring the sale of light beer over the bar in government agencies, and also the sale of liquor in government agencies. Ain't that awful, Mabel? They let the "drys" win out on the fine question, which, after all, merely wanted to know if you or I were in favor of the repeal of the Ontario temperance act. While the election ran, it would never again see the light of day. However, owing to the fact that the vote as a whole was the deciding factor, the rally of the "drys" was of no avail. Hamilton has got to go dry as the Sahara, whether she wants to or not. That's the majority rule for you.

Now the question is, What part will Labor take in the formation of the new government? We believe that the Independent Labor party will hie its own row for a time, but that is no reason why Walter R. Rollo should not be the provincial minister of education. He would be the "right man in the right spot," and we do not know of any other Labor man in Ontario, not even excepting Tom Moore, prior of the Trades Congress of Hamilton, who possesses the qualifications of Mr. Rollo. He also has the confidence of both labor and capital.

If you are thinking of opening up a restaurant don't come to the Ambitious City, unless you intend to run your grub establishment on a hygienic plan. German, but especially those who wish to take their morning bath in your bowl of Scotch broth and others not so fastidious are now frowned upon by the Hamilton health department. Dr. Shain, one of the health stalwarts, has ordered 50 chop houses to clean up or get out and the soap scrub brush and a few other creations of the twentieth century inventive mind, and you must have an example of these things on the menu. The coffee rolls that are thrown across the banter at a price of one for a dime.

Equalization of assessment, whatever it means, has been approved here informally by the "select four," we mean the controllers, and after this don't be surprised if your assessment is more or less. Anything is liable to happen under the new scheme, but the city should worry. It is going to mean a few more dollars in the depleted civic bank at the big stone pile on James street north. The one pleasing feature—now received upon redemption—is that under the arrangement the burden will be taken from the backs of the "little fellows" and put on the broad and unwilling muscles of the large property owners, who for years have been getting the best of the deal as far as their taxes were concerned.

During the discussion on the equalization system a few shrewds were given to the controllers and the mysterious workings of some of the assessors. Deputy Commissioner John Nelligan went back a few years to remember one assessor who received a nice little Christmas box for favoring a certain property owner. Another assessor looked after his own property so well that the deputy commissioner had to appeal against it. It used to be that "half the world didn't know how the other half lived," but now it should be "half the people don't know the other half of the people."

Anybody who is looking for real money should journey to this big city and throw in their lot with the building and common laborers' union. These jovial chaps have drawn up a schedule of advanced wages which they think should go into effect May 1 next, that simply puts the remunerations of the middle class in the shade. They start off with a minimum of 55 cents per hour for ordinary pick and shovel work, and end up with a minimum of 75 cents per sixty minutes for a labor foreman. If it keeps on the so-called middle class will become as extinct as the dodo, and if you want to end your days as a merchant you will have to look down the first excavation that you happen to pass. But there is a long time between now and May 1, and in the meantime the members of the B. and C. L. will insert a clause calling for motor rides to and from work and afternoon tea at \$30. Why not?

Trafalgar Day was celebrated here Wednesday night by the Navy League and St. George's Society. It was also the occasion for an honest American visiting Hamilton. One of the speakers was Rev. Alfred Wischard, Grand Rapids, Mich., who didn't hesitate to declare that the British navy had saved the world from German autocracy, and that when Admiral Sims said "The British grand fleet was the foundation stone of the cause of the allies," he was voicing the deliberate judgment of the American people. It

is refreshing to hear the plain and unvarnished truth from our neighbors across the line. They have got so far away from George Washington that "George" wouldn't recognize the land of the Stars and Stripes if he could drop in for a few moments.

There is going to be a scarcity of taverns here, owing to the provincial-wide victory of the "drys." The proprietors claim that they can't make a living by selling hot porkless pies and bowls of soup at two bits the pair, and now that all hope of rejuvenating the "old kick" has been dashed to earth, they are going to hang out the "nothing doing sign" and join the building and common laborers' union. They might have kept on tolling if the people had voted in favor of stronger beer, and even then they would have had to go some to make both ends meet. But the landslide of the "drys" was too overwhelming, and now it is a case of selling the footstools and laying out the craps. Many will "quit" in a hard to say just at present, but spare beds will soon be at a premium.

Mayor Booker wants everyone to know that he intends to enter the mayoralty contest next January. His worship has evidently found the big chair so comfortable that he intends to make a life job of it, if he has anything to say about it. Well, we have always found that the final word rested with those who visit the pie, and while Charles Goodenough is ambitious there are others in the Ambitious City who also possess that quality. A change is as good as a rest, and Hamilton is not Toronto, where a mayor is occasionally permitted to grow old in the service of the city. If the Independent Labor party wants Mayor Booker for another year, he will be chief magistrate for 1920, but if they don't it will be back to the John street tailor.

Don't forget that the Victory Loan campaign is drawing near. We don't know of any other source of safe investment for a few bones weekly, and the country needs your money, but just for a loan. Hamilton went "over the top" last year and won the flag, and the citizens intend to do the same this year, especially as the prince's banner is at stake.

## TO PROPOSE ROLLO AS LABOR MINISTER

(Continued From Page 1.)

worth; J. B. Johnson, East Simcoe; D. J. Taylor, North Grey and G. P. Cameron, West Elgin.

A significant fact and one that indicated that the United Farmers are not adverse to wooing Labor, was made plain by the presence of the three Farmers' members, who were appointed during the recent U.F.O. caucus in Toronto to get in touch with the Labor men, here this afternoon, and make an effort to bring both parties together. The three trail-breakers were R. H. Carleton; Rev. W. Watson, Victoria North, and Peter Smith.

Before the session got underway behind closed doors, Mr. Rollo said in the event of the L.L.P. candidates being willing to throw in their lot with the Farmers and form a joint organization for the purpose of taking over the reins of the government at Queen's Park.

Mayor McBride, of Brantford, when interviewed by the Sunday World, declared that he had come to the convention with an absolutely open mind and that he was prepared to stand by any decision that the majority made.

Despite the fact that the majority of the Hamilton labor men, at least those who are now, were against any so-called Labor candidates being allowed to attend the convention, James Simpson, of Toronto, who was beaten in New York, was present and was well in the convention room when the doors were closed to the press.

## STARS AND STRIPES IS HISSED IN FIUME

Fiume, Oct. 25.—The American flag was hissed when it was unfurled last evening in the Phoenician Theatre here, and when the Star Spangled Banner was played by the orchestra the audience cried: "Down with America! Down with Wilson! Long live greater Italy and Fiume!"

Several scores of American sailors who were present and stood up when the American national anthem was played, also were hissed, and slurring remarks were directed at them.

### AMERICANS UNABLE TO OBTAIN SUGAR

to The Sunday World.  
Bridenburg, Ont., Oct. 25.—Not only Ontario is there a sugar shortage, but right across the border in New York State, there is a still greater shortage of sugar than here, and Americans are coming to Bridenburg, Erie and other frontier towns asking for sugar.  
In their quest they are always disappointed, but they still keep coming, trying to get just the pound that will sweetened tea instead of acid. But the customs officials at the border are religiously enforcing the prohibition order absolutely prohibiting exportation of sugar.  
Only that, but the American officials are refusing to allow sugar to enter the country, so that even if he is a "pound" one, the chagrin of seeing his sugar taken away from him even if he does manage to smuggle some out of Canada, United States regulations prohibit the export or import of sugar in any quantity, no matter how small.

### Without An Operation

Wonderful Healing of Rupture  
How a New Jersey Man Got Rid of a Severe, Obstinate, Right Inguinal Hernia Without the Slightest Trouble.

is a picture of Eugene M. Pullen, a well-known carpenter of Manasquan, New Jersey. If you could see him at work, particularly when he handles heavy timber, jumps and climbs around ladders, you would scarcely imagine he had formerly been afflicted with a rupture.

Ruptured in Night Sleep.

at an early age, Eugene Pullen was an express driver. He handled railroad baggage. One day after delivering a heavy trunk on an upper floor he felt pain in the right groin. The suffering ceased and it was not long before the young man noticed the swelling. The doctor told young Pullen that he was ruptured and that he must either wear a truss throughout life or submit to a drastic operation. All surgeons advised that hernia operations, with anaesthetics, etc., are dangerous; they may be fatal. Moreover, it is a well-established fact that many rupture operations are successful; the bowel soon breaks through the sewed-up opening and grows worse than ever.

#### Afraid of Operation.

Most others, Mr. Pullen decided to take the risks of an operation; the loss of time had to be considered. Hoping he might get a little relief, he went to another physician, who, to his sorrow, gave him less hope. It was pointed out to the young man that unless the rupture were perfectly held all the time or a surgeon's knife successfully used, he could expect an increase or doubling in rupture with further complications, the dreaded strangulated hernia which is so many ruptured people.

#### Victim of Trusses.

The victim bought a truss, a hard, stiff one, the best he could get. He tried another—still relief. He was compelled to give up express business. The hard tasks of ordinary men were forbidden him. He became an insurance agent, in which position he did not need to do bodily work. Six years Mr. Pullen dragged along using various trusses, hard, etc., with never any contentment. His mother told him something that just found out. It was a simple, easy thing for him to do. He lost time.

#### Discarded His Truss.

came at once; he almost forgot he had any rupture. Afterward came complete healing—and, although he had passed through the hard work of a carpenter, working on buildings, etc., he is absolutely free from the hernia. He knows he is completely cured. There was no operation, no time, no trouble—comfort and rest from the very outset. He is strong, cheerful-minded man.

#### Valuable Information Free.

The valuable information which Mrs. Pullen read in a newspaper many years ago and gave to her son, together with other important facts will be sent free to any reader of this paper who writes to Mrs. M. Pullen, 7657, Marcellus avenue, Montclair, N.J., enclosing a stamp for mailing the kind of rupture you desire, whether on right or left side and how long you have already done in all to cure it. A legion of cases of all kinds of ruptures in men and women, including (groin), femoral, navel, etc., have been reported and detailed. Age seems to make no difference.

### POLITICAL NOTES

The political parties in Ontario are marking time over the week-end so far as the public gaze is concerned, but they are undoubtedly doing a lot of quiet thinking. Most of the Farmers who have been in caucus are back home for Sunday, to return by Wednesday to announce the name of their leader to an expectant province. Everything in this important respect is all appearances in a state of suspended animation. But everybody will be wise on Wednesday.

If there is one thing more than another at which the Farmers have become adepts during their consultation gatherings in Toronto, it is that of dignified silence. They have kept their own counsel in a marked degree and been content only to issue short bulletins. All really that can be said of the Farmers is that they have been using their best endeavors to find a suitable leader. It is believed that they have really succeeded in nearly solving the delicate and important problem. The Liberals, too, have been in solemn and secret conference in shaping the attitude they will adopt in view of the remarkable political situation.

It was stated at parliament buildings on Saturday morning that Sir William Hearst and his colleagues are prepared to get out of office at the earliest possible moment. They certainly have no arrears of work to clear away. All their docks were cleared for action before the election campaign commenced and their deputies have carried on in their absence. They have also drawn their salaries up to the end of this month, and everything points to their giving up their portfolios by Saturday next.

Wednesday next should, as a matter of fact, decide everything. It is on that day that the Farmers will announce their leader, and probably have a cabinet slate prepared. It is also on Wednesday that all the official election returns will be in the hands of the clerk of the crown in chancery. Sir William Hearst can then resign, the Lieutenant-Governor will know whom to send for, and Ontario should then once more be well on the way to real government.

It is also said on good authority that there is now no possible chance of any Conservative members being invited to the charmed Farmers' circle. Dr. Cody has been repeatedly mentioned by people who do not take the trouble to look facts squarely in the face. It can be said at once that the minister of education is hopelessly out of it so far as the Farmers are concerned. Dr. Cody made them his target on more than one occasion during the election campaign. He spoke of them as men going about with their resignations in their pockets, and said the recall—a plank of the Farmers—was a blow at the basis of British institutions. What would Dr. Cody's chances be after that? Then the Farmers have no use for the other two ministers who survived the elections, G. Howard Ferguson and his machine methods would certainly not be acceptable, while G. S. Henry, minister of agriculture, was only to be mentioned to be put out of court.

The only fairly safe fusion at the time of writing seems to be with the labor party. What will be done as to bringing in any liberal blood is at present problematical.

### RECORD OF WAR WORK BY G.O.R. CHAPTER, I.O.D.E.

The following is a record of war work just fully compiled by the G. O. R. chapter, Imperial Order Daughters of the Empire:

Hospital Ship Day, collected \$1,229. During first year and a half paid 4,000 visits to families of the battalion men overseas, eight or nine visits being paid if there was illness. Groceries, soap, milk tickets, coal and clothing supplied when necessary. Fruit, flowers and magazines sent to the sick, also doctors and nurses in many cases. Fifteen baby outfits were given and baskets of Christmas dinners. Ten quilts and 264 articles of clothing were distributed.

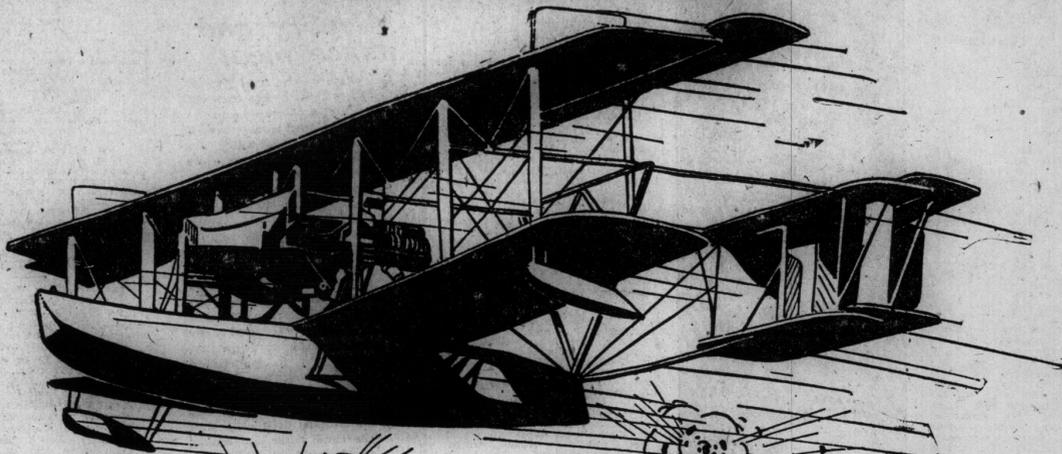

In December, 1914, clothing and \$47.47 cash sent to the Belgians. In May, 1916, cases of comforts weighing 58 pounds each were sent abroad thru the Red Cross. In September, 1914, 1,150 woolen articles were supplied to Valcartier, and in November, 348 articles, including shirts, were given to the guards on duty at the water-works and pumping station, and caps, gloves and mufflers to men on duty at the Armonies. During the war over 8,538 pairs of socks, chiefly handwork, were sent out. In 1915 \$290 was sent to the prisoners of war fund, and \$8 Christmas boxes, valued at \$258, with a list of G.O.R. prisoners to be benefited. During the war \$17,768.38 was used in this work alone. One hundred dollars was given to endow four beds at Shorncliffe Hospital, \$100 to Queen's Military Hospital and \$37 to Dr. Haywood for comforts for the men at Epsom Hospital; \$10 was also given to the Christmas stationery fund, \$100 was sent to Col. McCordick for the purchase of drums for 35th Batt. Twenty-four hospital kit bags were made and equipped at a cost of \$108.

During these years the chapter contributed to various relief societies, some of these being: British Red Cross, \$54.62; Maple Leaf Club, \$100; Soldiers' House, \$50; Overseas Tobacco Club, \$25; British Red Cross, \$50; Pearson Hall, \$55.92; Serbian relief, \$10; Hart House, \$10. Subscriptions of \$500 to the G.O.R. cot at the preventorium, \$15 spent on Christmas stockings for overseas, and a number of sweaters and socks to the Navy League at Halifax. Consignments of clothing to Britain, for which were received appreciative letters; 480 personal property bags were sent to Lady Smith-Dorrien; 66,978 articles were made and sent to the Canadian Red Cross. The members of the chapter helped on all the tag days and brought in subscriptions of \$82,050 to the Victory Loan. The officers of the G. O. R. were most generous, and the sergeants contributed money from entertainments to the chapter funds.

### KING ALBERT CONFERS HONOR ON WEST POINT

New York, Oct. 25.—King Albert flew to West Point in a naval hydro-aeroplane today to review the cadets of the United States military academy. He returned by air, and before landing flew over New York harbor to gain a birdseye view of the shipping. While at West Point, King Albert conferred the order of the crown upon General Douglas McArthur, superintendent of the academy.

Memory and mince meat

Somehow, the thought of Mince Meat brings back old memories. We see again the old-fashioned cook-stove in the kitchen, in which are baking the Mince pies we loved so well.

And what great mince meat mother could make! We used to think there was nothing like it—or ever could be. Child-like, we overlooked the time and labor mother used to expend in making it.

Had Boves Mince Meat been on the market then, mother would have been saved many a perspiring hour. In quality, flavor and in nourishing value she would have realized that Boves Mince Meat was every bit as good as her home-made product.

And the time, labor and money saved would more assuredly have appealed to her.

Boves MINCE MEAT IN TINS AT ALL GOOD GROCERS

Mr. A. B. Boves was married to Miss Gwendoline Haynes. Immediately after the ceremony, Mrs. Boves left on a trip to Florida and California, returning in January thru the Rocky Mountains.

DIPLOMAT AND ORATOR AT THE EMPIRE CLUB

Dr. Henry Van Dyke Tells of Pleasant International Relations.

Dr. Henry Van Dyke, the United States poet, orator and diplomat, addressed a large meeting of the Empire Club at the Saturday luncheon when the ordinary attendance was re-enforced by the lady friends of the members.

Arthur Hewitt introduced the speaker, reading one of Dr. Van Dyke's popular poems. Dr. Van Dyke gratified himself with his audience by hoping that the ladies would not feel inconvenienced by the rule that forbade smoking.

"I lay the maple leaf and the laurel leaf down together in token of their immortal honor," he declared. "What a glorious thing it has been that these great nations have dwelt together so long, not in dull unanimity, but in real solid concord."

"God grant that line may endure and endure as it is," was his prayer. He reviewed the principles involved in the war, and repeated a poem on the "scrap of paper" and paid tribute to the spirit and action of Great Britain in the war against war.

No Apology for War. "What can we find to cheer us in the presence of these threatening clouds on the horizon?" he asked, adding a couplet on the bravery of the soldiers and other war topics. He had no apology for war, human nature being what it was, he might not

avert it, but they could make it more costly and more dangerous. They could reduce war to an anachronism, as they had done the duel. The man who wanted to fight today was ridiculous. They had to place war on the same basis.

Hysteria and overstrained nerves, he suggested as the cause of most of our social troubles. There was no class-consciousness that was not made up of the consciousness of individuals. We have to keep our tempers. We have to keep our memories. We must not forget what has always followed attempts to establish communism. Confusion, busy-burly and social disaster. Nor must they forget what Germany did and so very nearly accomplished.

"Do not forget—are you a Christian?" some would ask. There was not a word about forgetting in the Bible. Forgive, yes, when repentance came. Repentance meant a change of mind, a change of heart, but he saw nothing of this kind in the neighborhood of a place in Schleswig within the zone for the sake of our souls' salvation.

REPLY TO BULGARIANS PENDING IN PARIS

Paris, Oct. 25.—In the supreme council today, the sub-divisions of the Bulgarian reply to the draft peace treaty were assigned to various commissions which will prepare the reports upon which the supreme council will base its answer to the Bulgarians. These reports are to be ready within a week. The council further adopted instructions to the commission, which is to take the plebiscite in the district of Teschen, which will determine whether this region is to go to Poland or Czechoslovakia. It was reported that German troops had been despatched to a place in Schleswig within the zone to be occupied by the allied troops.

MONTREAL READY FOR PRINCE'S VISIT

Quebec Metropolis Also Prepared to Entertain Cardinal-Mercier.

Special to The Sunday World. Montreal, Oct. 25.—One of the biggest weeks in the annals of Montreal begins next Monday, when the Prince of Wales, Cardinal Mercier and the Victory loan committee will figure prominently in the program. The prince will arrive on Monday afternoon at 2:30 o'clock, the cardinal will arrive Friday, the loan drive will start on Monday, but Tuesday will be the big day, when it will combine with the Victory parade for the great send-off.

The city is already gay with color for the royal visit of a week. Over 7600 electric lights have been installed in the decorations the Canadian Pacific Railway is using on the Windsor street station. There will also be the usual dances, dinners, parades and reviews, with the presentation of medals to war heroes.

A u.g. dinner is planned at the Windsor Hotel for Friday, Oct. 31, and the decorations the Canadian Pacific Railway is using on the Windsor street station. There will also be the usual dances, dinners, parades and reviews, with the presentation of medals to war heroes.

On the regulation of the sale of liquor the Quebec government is becoming stricter, especially since some American papers have been picturing the province as the booze centre of North America. One of the latest steps is to place an inspector in each of the twelve government dispensaries in the province. The inspector is to see that liquor is sold only on proper certificates. Montreal gets its seven-cent cash fare Sunday. Two years ago the workmen were getting eight rush hour tickets for a quarter. For the last year he has had six for a quarter. In future he will get only five tickets for 30c. This is an increase of 92 per cent in two years.

Two C.N.R. officials obtain promotion. S. J. Potter has been appointed local treasurer of the Canadian Northern Railway System line east of Port Arthur, with offices at Toronto, vice F. J. Buller, local treasurer, resigning. His appointment is dated as going into effect October 1. A. R. Curran has been appointed paymaster of the Canadian Northern Railway System line, east of Port Arthur, with offices at Toronto. This appointment is dated as going into effect October 1.

This Great Contest is Absolutely Free of Expense. Send Your Answers Today! This great contest is absolutely free of expense and is being conducted by the Consolidated Publishing Co., Limited, one of the largest and best-known publishing houses in Canada. That is your guarantee that the prizes will be awarded in absolute fairness and squareness to you and every other contestant. Canada is intended to further introduce EVERYWOMAN'S WORLD, Canada's Greatest Magazine. You may read and enjoy the prize, whether or not you subscribe. EVERYWOMAN'S WORLD, of course, and, moreover, you will neither be asked nor expected to take the magazine or spend a single penny of your money to compete. Here is the idea. EVERYWOMAN'S WORLD is so popular everywhere that it now has the vast circulation of 100,000 copies a month, but our motto is "Readers Write to Every Woman's Home." We want more Canadian readers to become acquainted with this famous publication. Therefore, we are holding this contest, and we are offering to all qualified contestants a chance to win a prize. In order to qualify your entry to be sent on for the judging and awarding of the big prize, you will be asked to assist us in carrying on this big introduction plan by showing your copy to just one friend or neighbour, who will appreciate this really worth-while Canadian magazine and want it to come to them every month. You will easily fulfill this simple condition in a few minutes of your spare time. How to Send in Your Solution. Use one side of the paper only, and put your name and address (stating whether Mrs., Mr. or Master) in the upper right-hand corner. If you wish to write anything but your answers, use a separate sheet of paper. Mary Pickford, as Honorary Judge and three independent judges, having no connection whatever with this firm, will award the prizes, and the answer gaining 250 points will take first prize. You will get 20 points for every name solved correctly, and 40 points will be given for general neatness, punctuation and spelling; 10 points will be given for handwriting and 100 points for the conditions of the contest. Contestants must agree to abide by the decision of the judges. The contest will close at 5 p.m., May 31st, 1920, immediately after which the answers will be sent to the judges. DON'T DELAY! NEW REO SIX GETS FINE RECEPTION

Complete Method of Lubrication Makes Big Point for Car. "So much favorable criticism has been given the lubricating system on the new Reo Six and such a warm reception has been given the model itself, that I feel less reluctant to say a few words concerning its excellence than I did at first, as I preferred to wait and watch the uninitiated attention that I was sure the public would bestow upon this new creation." F. H. Akers, sales manager for the Reo Motor Car Company. After all is said and done, the public is the real motor car connoisseur; endless experiments may be made with new models—endurance tests conducted for months or even years—inspections made at regular intervals, and all of that, which usually precedes a new innovation, to that degree where it is pronounced by the manufacturer. Yet, if there is a weak point in its construction, it doesn't take the public long to determine the seriousness of it all. We pride ourselves on the complete and thorough method of lubrication in this new Six, which has been received and pronounced by the public as being as near perfect in design and function as it is possible to incorporate in a motor car today. Unreservedly they have referred to this mechanical feature as one that will dwell long on the numerous advantages of this important feature, but suffice it to say that, by this system, every moving part—even spring joints—may be quickly, easily and certainly lubricated and without soiling your hands or clothes. I firmly believe this to be the greatest single improvement made in motor cars in a decade.

FOOD SUPPLY IN NEW YORK LESS THAN NECESSARY

Boston, Oct. 25.—A recent investigation of living conditions in New York showed 75 per cent of the people there were living on a food supply below the minimum requirements for health. Dr. Dorothy B. Mendenhall of the national labor board said today. She was speaking at a milk conference held at the state house. The family allowance for milk, eggs, meat and other essentials, was found to have been cut off entirely in some cases, and reduced materially in many others, the speaker said.

LATE KING EDWARD HIT ON KNUCKLES

Kingston Man Remembers This Early Experience as Drummer Boy.

Special to The Sunday World. Kingston, Oct. 25.—The visit of the Prince of Wales held more than ordinary interest for one Kingstonian, the person of James Delph, who, as a little drummer boy, played before the grandfather of the prince, the late King Edward VII, who, as Prince of Wales, paid a visit to Kingston in 1860, for on that occasion the little drummer accidentally rapped the prince on the knuckles with his drumsticks.

Mr. Delph, now 72, recalls with pride his experiences as a drummer boy. At the time of the tour of King Edward thru Canada, he was then a boy of thirteen, and was a drummer with the Royal Canadian Rifles of Montreal, in which two other Kingstonians, the late W. Carey, former bandmaster of the 10th Regiment, and J. W. Trendell, were members. At this time Mr. Delph was four feet in height and a typical drummer boy. The band was chosen as a guard of honor, meeting the royal party at Quebec and accompanying the prince on a tour thru Canada. Asked as to whether the prince landed in Kingston, about which there has been so much controversy, he gave it as his opinion that the prince did land, making a short tour of the city with members of his party. It was made in secret, however.

"I well remember the night we were in Kingston," said Mr. Delph to The World correspondent. "With some of the other boys we went around the town, the prince must have left the boat or we would not have been allowed to go ashore. However, when we got back to the boat we received orders to remove our shoes before going on board. The prince had then retired for the night, and we must not make any noise."

COMEDY BY BARRIE FOR THEATRE NIGHT

Large Patronage Assured Performance for Women's Press Club.

Theatre night for the Toronto Women's Press Club is billed for Monday at the new Theatre in Toronto, when Frohman's production of Barrie's best and most entertaining comedy will be presented, with Gillette and Elida Moore in the lead roles. The play has had a wonderful run both in New York and London, and is making its initial appearance in Toronto on Monday. The popularity of the event is seen by the large number of theatre parties planned and the number of students and nurses from hospitals who have taken sections of the house. Among those who have arranged for seats are Mrs. C. E. Burden, Mrs. H. D. Warren, Lady Ekton, Mrs. John A. Walker, Mrs. Ambrose Small, Mrs. W. A. Kavanagh, Mrs. Lionel Clarke, Miss Church, Mrs. A. E. Gooderham, Mrs. John Bruce, Mrs. H. F. Thom, Miss Grace Walker, Mrs. A. M. Huestis, Dr. Stowe-Gullen, Mrs. J. J. Allen.

CANADIANS THANKED FOR UNFAILING DEVOTION

Canadian Associated Press Cable. London, Oct. 25.—Sir Edward Kemp, Canadian overseas minister, has sent a message to General MacBrien expressing his sincere thanks to all ranks remaining here for their unflinching devotion in the trying work of closing up the overseas force.

Colonel Harrington, in issuing the message, appends an expression of his deep gratitude for the assistance given him. The lord mayor of London has invited officers of the Canadian force to a tea and religious meeting at the Mansion House on the afternoon of October 23.

HIGH OBJECTIVE SET FOR ONTARIO

Over Two Hundred and Twenty-Five Million Dollars Are Sought.

The official objective for the 1919 Victory Loan campaign in the province of Ontario amounts to \$225,250,000. This sum is slightly in excess of the figure this province was called upon to subscribe for the Victory Loan of 1918, which was \$220,425,000. Of this big total the canvassers' objective comprises \$141,100,000 and the special subscriptions objective \$84,725,000.

W. L. McKinnon, chairman of the Ontario objectives committee, stated that Ontario was divided into 60 units and that an official objective has been set in every unit, both for the canvassers and special subscriptions committees. Each unit is in turn divided into canvassing districts, and in every canvassing district there is a team of canvassers at work. Furthermore, each team has been allotted an objective for the canvassing district in which it works.

Day by day as the campaign progresses the amounts of applications obtained are compared with the objectives.

Charles W. Barton, New York publisher has personally visited the great Texas Oil Fields. Read his article re-published here from the New York Telegraph.

UNDREAMED-OF RICHES COME TO MEN, WOMEN AND CHILDREN IN WONDERFUL OIL FIELDS IN LONE STAR STATE.

By Charles W. Barton. (Assistant Publisher of The Morning Telegraph.)

When I boarded the train for Texas a month ago I was somewhat skeptical about the reports of the fabulous wealth which was coming to oil investors in Texas. I was prepared to meet a lot of smooth-talking, silver-tongued oil stock salesmen. To say the least, I expected that the oil men that I was to meet would show me the bright side of the oil business and put their best foot forward. Thus I was prepared to discount about 80 per cent of what they told me and take what I saw with a grain of salt.

After having spent this month in going over the oil fields, my greatest worry is that if I tell the actual truth—the bare, cold facts—I will be considered a candidate for the presidency of the Ananias Club, or, speaking in the vernacular, the bear liar east of the Mississippi.

I am told that in the town of Ranger a year ago there was hardly a man in the town who had a bank account of \$5,000. Today there are probably twenty-five who have a bank account of \$5,000. Millionaires are so common that nobody thinks anything about them.

Everybody seems to have plenty of money, even drillers making \$12 and \$15 per day.

Men and women have gone to sleep at night only to wake in the morning to find themselves multi-millionaires, because they have struck oil.

With modern machinery consuming an ever increasing amount of oil, and with England, France and Italy and all foreign nations calling upon us for more and more oil, the demand is sure to exceed the supply for a long time to come. Texas today is the Mecca of the world and opportunities there are greater than ever before.

Frankly, I must confess, that I expected to find a lot of crooks in the oil business. All my early training had taught me to shun an oil investment as I would a snake.

However, I must say that in my opinion the great majority of Western companies are absolutely on the level. I never met a finer class of people in my life than the men who are putting out these Western companies. There is no need for an oil company to be crooked. There is an inexhaustible supply of oil in Texas and there is so much money to be made by simply being fair and square that it is not worth while to be dishonest.

Jump on a train and go down and see for yourself, as I did, the wonderful opportunities which are open in every line of business in Texas towns adjoining the oil fields. Talk with the farmer boy of a month ago, who today is a multi-millionaire. Talk with the immigrant woman who invested \$300 and today is worth over a million and owns her own oil well and is getting richer every minute.

When an oil man decides to change operations into a field that is new to him, the first thing he does is to study the drilling records, the averages as applied to the new field. When you put your money into the oil business you should know the drilling records, what the percentages of the business are—for and against you. Records for the entire United States for the month of March show that there were 2534 wells drilled. Only 403 were dry. In the Mid-Continent fields, including Kansas, Oklahoma and North Texas, month of May, 1,504 wells were drilled—273 only were dry. In June, 1417 were drilled with only 262 dry. In North Central Texas alone, 401 wells were drilled in the month of June. Of these 70 were dry. In May there were 283 wells drilled in North Texas with only 57 dry holes. Do you call that a gamble? Yet one good oil well will pay for a dozen dry holes. What matter if you do get one dry hole to every four oil wells?

FACTS AND FIGURES, WHAT THE DRILLING RECORDS SHOW.

A man goes out and buys a lease in territory in which geologists have told him he should strike oil. In some sections the oil lies in shallow fields, and in other sections he must dig much deeper. Barring accidents, such as drilling a crooked hole and having a cyclone destroy the derrick, delay in getting materials because of lack of transportation, within thirty to sixty days he knows whether he strikes oil or has a dry hole. It doesn't take much brains to drill a well right next to another well which is a producer, and strike oil, and if the company's holdings are in a producing territory where geologists state there is oil, the investor has more than an even chance to make a fortune.—From The New York Telegraph.

MILLIONS IN OIL—GET YOUR SHARE NOW

FIVE WELLS TO BE DRILLED---FIVE CHANCES FOR A GUSHER IN THE HEART OF THE PROVEN OIL FIELDS

ROYAL OIL WELLS WILL DRILL FIVE WELLS IN THE DEEP SAND PROVEN OIL FIELDS. EVERY WELL WILL BE DRILLED RIGHT UP AMONG THE LARGEST PRODUCERS IN THE FIELD. NO WILD-CATTING, NO EXPERIMENTING, NO GAMBLING ON TRENDS OR STRUCTURES. EVERY WELL, ABSOLUTELY WITHOUT EXCEPTION, WILL BE DRILLED WITHIN 250 YARDS OF A PROVEN, PRODUCING OIL PROPERTY. THIS POLICY IS AN IRON-CLAD GUARANTEE FOR YOUR PROTECTION, AND THE FIRST ASSURANCE OF ITS KIND EVER OFFERED INVESTORS.

50% FOR DIVIDENDS

Royal Oil Wells is permanently pledged to the policy of substantial dividends—not 3% or 4% or 10%, but a full half—50% of every dollar's worth of oil produced. Do you realize what this means to you? Oil companies frequently earn a full 50% on the capital invested in the short period of 30 days, many of them have earned 100% in 30 days. But the stockholder doesn't get it. Royal Oil Wells will be conducted on a different basis. When the money is earned it is yours. Royal Oil Wells proposes to give it to you and give it to you promptly. Thirty days after a well is drilled in you will begin receiving dividends from the oil produced. If our first well is a thousand-barrel well, 500 barrels a day or \$1,000 a day, will go to our stockholders.

There will be no set dividend rate. The earnings of each month will be split, 50-50. 50% for dividends—50% for expenses and additional wells. On the basis of one-half of our stock outstanding a daily production of 1,000 barrels would net you approximately 12% monthly, 36% quarterly or 144% a year on every dollar invested. We can't guarantee you that you will make a million dollars over night, but we can, and do, guarantee you that you will get every penny to which you are honestly entitled, and that every possible net dollar invested by you will go directly into oil operations—the purchase and drilling of the very choicest locations to be had IN THE HEART OF THE PROVEN, PRODUCING OIL FIELDS OF TEXAS AND OKLAHOMA.

FORTUNES IN OIL

There is an inclination on the part of a certain class to question the fabulous-fortune reports that are constantly coming to light. However, no one will question the above statements by Charles W. Barton, who is one of the most respected and able journalists in the newspaper business.

As a matter of fact, this page could be filled with condensed accounts of the unbelievable fortunes made in oil. Such stories come to light every hour of the day, and yet not the half of them have been told. It is said of Tulsa, Oklahoma, that every member of the Chamber of Commerce is an oil millionaire, and that there are more than one hundred millionaires whose fortunes were made entirely through oil.

The oil business alone is open to the small investor as a possible fortune on a few hundred invested. It has been for years, and is today, the poor man's chance to accumulate large sums through moderate investments.

SIR BERTRAM WINDLE TO RESIDE IN TORONTO

Sir Bertram Windle, F.R.S., who was reported some time ago to have accepted an engagement to lecture at St. Michael's College for three months every year, has just announced in his annual report to the governing body of University College, Cork, Ireland, that his resignation of the presidency of that college would shortly take effect. The war had delayed his resignation, and the certainty of a university in Cork would have delayed it still further.

# MUSIC

CONDUCTED BY ALMA VAN BUSKIRK.

ONCE more Toronto is to benefit by New York's bounty in artistic matters. The latest contribution which the larger city offers to the artistic life here is Lois Landon, a dancer of singular originality and impressiveness. Those who have seen her recognized in various American cities, where she has been intrusted with the arranging, directing and performing of programs given under official recognition, will be sure to find her as aesthetic asuspices. Miss Landon's interpretations are quite unique; beauty of pose and plasticity of motion, mobile play of features, these we have noted separately in one or another figurant, but this gifted dancer combines them all. More than that, her dancing, perfect as it is, is not the whole subject matter; it is like a melody to which harmony gives deeper and subtler interest; her harmony in Miss Landon's art comes from the inner meaning, an intellectual, emotional, and spiritual significance, akin to that which phantoms presents, although far higher and broader in concept. All those who have had the opportunity of seeing this remarkable artist have declared her work to be an amazing revelation.

Maurice Turhan, the exceptionally brilliant pupil of George E. Boyce, is preparing a formidable program for his piano recital, to be given early in the new year some of his numbers are such exacting works as the Bach Tausig, Tocatta and Fugue in D Minor; the Sixth Liszt Rhapsody; the Moonlight Sonata; the difficult Czerny and Variations, Rameau-Leschetzky, and many pieces of Chopin, Scherzer, Ballades, Impromptus, Preludes, Waltzes and Etudes.

At a meeting of the faculty of the Toronto Conservatory of Music, held in the newly appointed studio of this institution on Monday evening last, plans were formulated for the season, and a series of recitals was decided to continue the series of recitals, which had developed so high an artistic standard during recent seasons, and to utilize, in alternate recitals of the series, the Conservatory orchestra, both in its capacity as an accompanying body and as a concert organization. The rehearsal recitals, which have been serving so good a purpose, will also be continued, as well as the weekly intermediate, junior, primary and elementary recitals. The first recital of the monthly series will be held on October 30 in the music hall of the Conservatory. In this recital the Conservatory orchestra will participate and an interesting program of solo and concerted numbers will be presented. A series of ensemble recitals is also being arranged. Invitation cards for the fortnightly ensemble recitals are being issued by the Conservatory. These may be obtained on application at the office of the institution.

In a choral recital on Sunday evening, October 28, the choir of the Street Baptist Church, under the direction of D'Alton McLaughlin, A. A. G. O., will give a recital of "The Peace and Peace, by J. H. Maundrell. The soloists are: Soprano, Lilian S. Wilson; contralto, Mrs. Florence Penton-Box; tenor, Edward C. Johnstone; baritone, Arthur Brown.

The campaign in Philadelphia to enlarge the endowment fund of its orchestra by \$1,000,000 is attracting considerable attention throughout the United States and already half of the objective is reached. The rest of the month to bring up the total, \$1,000,000, by gifts from the general public is lifting the load from the shoulders of a more handful of supporters and putting it where it belongs—upon the community.

English organists, in their agitation for the improvement of their status, are moving toward little sympathy from the churches of their country, are greatly encouraged by the admission of the dignified Bishop of South-organists is in the general case miserably inadequate, and that the only way to bring about reform is by awakening public feeling on the subject. The value of music in churches is admittedly high, but the splendid country places and as high as one hundred pounds a year in towns, large cathedral organists rarely getting more than three hundred pounds a year.

Little Olive Russell, reader and entertainer, the talented pupil of Owen A. Smiley, is meeting with great success in filling her numerous concert engagements, having already made two appearances in Massey Hall this season. She is also booked for several engagements with the All Star Concert Company.

J. Souter Clark, tenor, has been appointed soloist at the "Church of the Redeemer." Mr. Clark went over-land, and the 2nd Battalion of High-country four years, his service in France being with the "Canadian Engineers" with his former teacher, Stuart Barker.

Edward Johnson the Canadian tenor, who has made such a high name for himself in Europe under the name of Edouard di Giovanni, is now in New York, having been one of several celebrated singers who came over on the steamer Dante Alighieri to sing with the Metropolitan and Chicago grand opera companies.

The 100th anniversary of the birth of Henry Vieltemps, according to Musical America, will be celebrated next August at Verrier, Belgium, where the great composer and violinist was born. The festival was arranged by Eugen Ysaye, when he was at his old home in Belgium a few months ago, and will be given under the patronage of the King and Queen of Belgium. So far as it is known, M. Ysaye has arranged for three concerts in which chorus and orchestra will give the "Ninth" Symphony and Jacques Thibaud will play a Vieltemps Concerto. The second day a symphony by Albert Dupuis, seldom avoided.

## GIOVANNI MARTINELLI

Celebrated tenor, who sings at Massey Hall next month.

Leken's "Fantasy on Aveugle Themes," and Theodore Ysaye's First Symphony will be conducted by M. Ysaye, who will play the Vieltemps D Minor Concerto. A feature of this program is that all the composers were born in Verrier. At the final concert, Misha Elman is to play the Vieltemps A Minor Concerto and Beethoven's Ninth Symphony will be repeated. The celebration will last three days, two of which will be devoted to a concert for young Belgian violinists, which has been proposed and arranged for by the Queen of Belgium. The contestants will play three concertos by Vieltemps and the best of which will be Ysaye, Thibaud and Elman.

The cathedral of Queenstown, which has just been completed after fifty years' work at a cost of \$1,000,000, boasts the finest and largest Carillon in the United Kingdom in its own right, adjusted set of bells in the work tuned to equal temperament. The carillon from the station, six miles away, compass extending thru three octaves, half octaves. The great bell weighs 3,715 pounds and the smallest thirteen. At the dedication of the completed cathedral, Anthony Neumeiers, the city carillonmaster of Belgium, played a sonata by Van Hoey, "Ave Maria," Schubert's organ prelude, by Bach, the Adagio of Beethoven's Sonata Pathetique, a "Duet" by Beethoven, and a Neapolitan Song by Alfredo Casella.

Comparatively few people know the southern reaches of the Magnetawan, which is noted for quantity in game. For hunters a good vantage point is down Deep Bay, which is partly visible from the station. Six miles down the river is a portage on the west side of Harris Lake, where deer are as numerous as in any part of the province. During the past few years quite a number of timber wolves were killed in the neighborhood.

From Mountain Dam interesting canoe trips can be taken in the main body of the Magnetawan River, following the river to Ka-She Creek with two lifts out into Lee Lake, thence into Ka-She Lake Superior, offers opportunities for real bush life and long canoe trips. A favorite excursion is down the Mississauga River, which commences at Hartsburg and ends at Blind River. The trip, which is not a hard one, can be made by quick paddling in about two weeks, but four weeks' time should be allowed for full enjoyment and general satisfaction. The district affords excellent big and small game hunting. The bull moose has his home here.

Breeding Pheasants. Quail and pheasants are said to be scarce in Ontario. To offset this shortage the government is endeavoring to rear English ring-necked pheasants, and the experiment was recently tried in Bondson Park, on Lake Erie, in the vicinity of Ridgeway and Blenheim. Last spring the eggs were imported for hatching purposes, and it is anticipated that the birds will thrive in this part of the province.

Fur trappers are increasing, owing to the demand for pelts of every description, and it is feared that the latter when dyed is known as Hudson seal—continue plentiful and large catches have been reported.

Those in close touch with the fur market declare that the cause of the rise in fur prices is attributed to the excessive demand and not to lack of supply. Trappers are as numerous as ever, but present-day styles require more pelts.

The game laws are better enforced than in earlier years. Pines imposed and collected during the past year amounted to about \$15,000. This sum included sales from confiscations. The purchase of licenses and permits is seldom avoided.

## GREAT CONTRASTS IN FAMOUS VIOLINISTS

Joachim and Sarasate Appeal to Audiences Thru Distinctive Channels.

Comparing the two great violinists, Joachim and Sarasate, an English writer says that Joachim is a musician first and foremost and a violinist afterwards. He had no vanity and disdained the art of the showman. He was the embodiment of high seriousness and of complete sincerity of character. He would never dream of playing a showy cadenza or fiddling upon a single string. There was in Joachim breath and monumental calm; even while he stood during the introductory tutti of the Beethoven concerto he stood like an Olympian, giving the key to the concerto's mood, whereas almost all other players are restless during this very trying part before the entry of the solo instrument. So was it about every thing he touched. He never exaggerated or gave special prominence to technical interpretations of the great concertos were so informed and impregnated with his own noble character that he made his hearers feel that he also had a share in the authorship.

Sarasate, equally great in his own way, was so complete a contrast as to serve as a foil to the grave and state-of-mind of the other. He was all brightness and quicksilver, and the he played classical music he was more remarkable for grace and rhythm than for powers of interpretation. Whenever purity of tone and a faultless technique were the chief requirements he showed himself incomparable. It was only when he played Bach and Beethoven that he was superficial. In his own Spanish dances he was inimitable—such speed and rhythm and vivacity were never surpassed by Paganini himself. In volume of tone others excelled him, in purity of quality and unflinching sweetness he stood in a class apart. He was incapable of playing a wrong note or making an ugly sound, and in this respect he was not only a consummate artist, but an inspiration to his contemporaries. Many were the players who sat at his feet and tried to learn by his example. His book no pupils and founded no school. He was merely a perpetuator of what skill in violin playing could accomplish when allied with conscientious devotion to the fundamentals of art.

## FAMOUS ARTISTS AT MASSEY HALL

Celebrated Orchestras and Soloists Will Make Season Brilliant.

The present musical season promises to be one of the most brilliant the city has ever experienced, surpassing even those of the Toronto Symphony Orchestra, when that organization was in its prime, and bringing at least half a dozen great artists to the city every year. The attractions announced by I. E. Suckling for Massey Hall are in themselves a tremendous undertaking, and even if his artists were the only ones to be heard here this winter, the season would be a gala one. For October he has engaged Frances Alda, soprano; Caroline Lazzari, contralto; Charles Hackett, tenor, and Giuseppe De Luca, baritone, all of the Metropolitan Opera Company; for November, Giovanni Martinelli, also of the Metropolitan, assisted by Nina Morikawa of the Caruso Concert Company, Jascha Heifetz, violinist, and the New York Symphony Orchestra, conducted by Walter Damrosch, and for December, Misha Levitski, the wonderful pianist. A very attractive feature of this series of concerts is the prices, which for the whole course are placed at four, five, six and eight dollars. In addition to the series of recitals at Massey Hall, and the various large choruses are being brought on of the great American orchestras, which have brought such fame to this city.

## OPERATIC PROGRAM AT COLUMBUS HALL

Toronto Talent to Appear in Vivid Scenes From Beautiful and Interesting Operas.

The popularity of opera gives evidence of increasing in Toronto. This is in a large measure due to the sympathetic presentations which Signor Carboni has so frequently made of standard lyric works. He has always made a point of emphasizing the human and emotional features of this branch of vocal art, which in the past may have suffered from too impersonal an attitude on the producer's part. This is again apparent in the beautiful program which he is putting on at Columbus Hall next Monday evening, when eighteen of his singers will perform. The program will consist of the moving transformation scene and the romantic garden scene from Bolto's "Mefistofele," sung by Muriel Lomax, Florence Penton-Box, Riley Hanson and Thomas Fielding. The "Mefistofele" act of "Pelleas and Melisande" with its gay gypsies and

### SUBSCRIPTIONS MUST EQUAL LAST YEAR

#### Big Man Expected to Realize Hopes of Dominion Special Committee.

#### TO ATTAIN HONOR ROLL Principle of Victory Loan Organization Not Applied to Small Subscriber.

"Don't take a subscription unless it is for as much or more than last year's subscription."

That is the word that has gone out from the Dominion special subscription committee to all the members of their Victory loan organization. This is the committee that is entrusted with the task of getting the amount from \$25,000 up to the millions. That they will not be faced with the sad task of refusing subscription because they are smaller than they should be is almost certain.

All the hundreds of advance promises indicated, before the loan opened that the big subscribers would not be content with their last year's effort, but would endeavor to better it. Increases are general all along the line. It was estimated at headquarters Saturday that a dozen big subscribers had increased their subscriptions by a total of \$25,000,000. Million dollar buyers in two or three cases, are making it five millions this year. More moderate jumps are frequently noted on the special subscriptions committee list of advance bookings.

Early Monday morning the committee will begin signing up the promises, and a record taking for the first day of the campaign seems assured.

Great Hopes From America. This committee also has charge of all American subscriptions, regardless of amount. A handful of specially selected men are covering the American field, working among farmers, businessmen and among firms having business extending into Canada. Last year, with a Liberty loan on at the time, \$25,000,000 was secured for Victory bonds in the States. Double that amount this year is the target.

Counties that have never yet had a special subscription, that have never climbed into the \$25,000 and over class, this year are hopeful of getting leading citizens to secure this distinction. Dufferin county, for the first time, has signed up a "special." In the Bay of Quinte division optimism is surging high. E. B. Thompson, the organizer, says his division is going to get 200 per cent of its special subscriptions objective. The counties in the division, Hastings, Prince Edward, Lennox and Addington, and Frontenac, will have to get \$2,000,000, or half a million more than last year in big subscriptions to make good the organizer's hope.

Not Apply to Small Man. No such principle will be followed by the canvassers of the big amounts will be acted upon in the collection of the little figures. Altho the big man and the big firm will not come across with as much as last year, they will be left off the honor roll altogether, the small subscriber may do as he will. The campaigners know that he will do his very best, especially when he has the example of the largest investing corporation in the country, who are going the limit in placing the money in 1919 bonds.

### PRICES OF MILK SUBJECT OF PROBE

O'Connor Says Fourteen Cent Charge in Moncton, N.B., is Fair to All.

#### SAY LIBERALS WOULD SAVE SPANISH CRISIS

Madrid, Oct. 25.—Newspapers suggest that a solution of the impending political crisis may be found in the formation of a Liberal government under the leadership of Melquiades Alvarez, the reformist leader. Senor Alvarez, who sits in the chamber for Oviedo and whose attitude during the war was anti-German, has never held office. The papers suggest that he will receive the support of the followers of Don Romanones, Marquis Garcia Prieto and Senor Alba.

#### CEDRIC, IN HALIFAX, ON WAY TO NEW YORK

Halifax, Oct. 25.—The White Star liner Cedric, which arrived last night from England with repatriated imperial soldiers and their families, docked at No. 2 pier at 2 o'clock this morning, and 415 of her passengers, including over 100 children, disembarked at the pier. Col. E. A. Iremonger was in charge of the Canadian military passengers. The Cedric sails at noon for New York for which port she has 432 passengers.

### SKULL FRACTURED BY DYNAMITE CAP

#### Thomas Gray Found Dead in Shack at Port Weller.

Special to The Sunday World. St. Catharines, Ont., Oct. 25.—Lying on the floor of his little shack, with a dynamite cap pushed into his ear and a lighted fuse attached to it, Thomas Gray, 60, is believed to have committed suicide at Port Weller last night.

Ship canal employes living in the locality called in the St. Catharines police, who found Gray lying on the floor in a pool of blood. His right ear was totally blown away and his skull was fractured. Near the body was a piece of burned fuse and a dynamite cap was found on top of the stove.

### PRINCE TAKES PEEP AT TOWN OF NAPANEE

#### Kingston, Oct. 25.—His Royal Highness the Prince of Wales took a peep at the town of Napanee thru the car window as his train was passing thru this morning. On the way to Kingston the train did not stop, but quite a crowd gathered at the station and as the train pulled thru the prince waved his hand and there was loud cheering.

### RUN OVER BY TRAIN WAITING FOR PRINCE

Kingston, Oct. 25.—Geo. Polger, about 24 years of age, a returned soldier, was run over by a train near the Belleville crossing of the Grand Trunk railway at Napanee about 1:30 o'clock this morning and killed. He had been employed doing special duty in watching the railway for the arrival of the train coming thru Kingston with the Prince of Wales.

# STRENGTHEN ONTARIO'S HAND TO HIT HARD FOR BETTER AND CHEAPER FUEL

WHILE all Ontario was voting to elect members of the Legislature, great numbers of people were voting to solve Ontario's fuel problem. Before and after election day show-ers of application forms—like ballots—came in from all parts of Ontario marked for Nukol stock. It was the greatest week since Nukol shares have been on the market. Public opinion is right: Nukol is good fuel and a good investment. Stock is selling fast. Get your shares now while the price is within your reach. Record a vote for better and cheaper fuel. Send in your fuel ballot today.

"Give me Nukol as soon as you can," says the Deputy Fuel Administrator for Ontario. "We are 90% short of furnace fuel."

Nukol has a \$150,000 plant in Toronto soon ready to produce about 15 tons of Nukol per hour. 3,000,000 tons of anthracite screenings have been contracted for. 11 more Nukol plants are planned for construction in other towns and cities. Cooperate with NUKOL FOR FUEL AND PROFITS. Mail the Fuel Ballot today.

### DENIES OPPOSITION TO BRITISH WOMEN

Mrs. Hamilton Declares Female Immigrants Wanted by Canada.  
A recent cable from London stated that Col. Obed Smith, Dominion immigration commissioner, had said that the opposition of women's associations in Canada to female farming was so determined that this class of immigration will not be allowed in Canada. The cable also stated that there are countless applications from members of the demobilized women's land army of Great Britain who wished to come to Canada and that the Salvation Army under Commissioner Lamb was preparing to take part in the immigration of the spring, but would consider none but farm laborers or domestic workers.  
Mrs. L. A. Hamilton, who has been for some time convener of the committee of agriculture of the national council of women, called up The Sunday World Saturday to state her experience, which stretches from coast to coast of Canada, that there is no such opposition among women in this country as is expressed in the cable, and that she knows of no women's society in which such opposition was expressed.

### NATIONAL RAILWAYS SET FIVE MILLION OBJECTIVE

An objective of five million dollars has been set by Canadian National Railways for subscribers to the workers on the national lines in the Victory loan campaign. Mr. D. B. Hanna is confidently calling upon every employe in the system to invest to the limit, and is impressing upon all the fact that the general prosperity of the country, including the railways, depends upon the success of this appeal to Canadians for funds.  
Mr. Hanna has been in conference with the heads of all the great departments of the C. N. R., and a complete organization has been worked out for the canvass of every employe. Every day each canvassing unit on the 14,000 miles of line between Sydney, N.S., and Victoria, B. C., also upon the telegraph and express and other subsidiary systems, will report results to the head office of the C.N.R. here.  
The company, as in other years, is offering both the minister of finance and the company's extended-payment plan for the consideration of those in the service. The company's plan provides for payments monthly extended over ten months. This work is being carried on by the railway company without expense by the Victory loan organization.

HARP ADVANCE IN STEAMSHIPS

Reports of Increased Dividend and Bonus Responsible for Flurry.

Canadian Steamships common towered and shoulders above other stocks in the Toronto as in the Montreal market Saturday morning. For some days the stock had been inactive around 66, but the local opening on Saturday was 70 1/2, an overnight advance of a shade more than four points. So excited was the trading that the price jumped from 71 1/2, back to 71, up to 75, and back to 70, again without intervening sales. The closing price, 71 1/2, showed a net gain of 4, although the maximum price was 79, transactions in Steamships in Toronto totaled 350 shares and in Montreal where the maximum price was 75, more than 700 shares. Reports are in circulation that the dividend on the shares will be raised from five to six per cent, and at a two per cent. bonus at the end of the year is also a possibility. Such reports should be received with a good deal of reserve, but in the present temper of the market rumors, however wild, are seized upon with eagerness. Steamship preferred was comparatively quiet, closing up 1/2 at 85. The violent break in New York had the apparent effect upon the general market that through small gains and losses were scattered. Dominion Iron at 69 1/2 and Steel of Canada at 72 1/2, were each up 1/2. Cement sagged 1/2 to 73, and Canadian nearly a point to 51. On the other hand Excessions rallied, 1/2 to 3 1/2, as sequel to Friday's sharp downturn. The bid for International Petroleum which advanced seven points to 4 1/2 on Friday, held at that level on Saturday 1 1/2 bid asked. The stock is selling on a New York curb around 40, a record for the month. The morning's transactions: Shares, 222; war loans, \$32,150.

COBALT SHIPMENTS

Cobalt, Oct. 25.—During the week ending Friday six Cobalt companies shipped a total of eight cars containing approximately 576,213 pounds of ore. Following is a summary: Buffalo, 2 cars, 175,965 pounds; Nipissing, 2 cars, 146,637 pounds; Niagras, 1 car, 65,811 pounds; Dominion, 1 car, 65,800 pounds; La Rose, 1 car, 60,800 pounds; Penn. Canadian, 1 car, 60,000 pounds.

UNIVERSITY NOTES

The drive for the Varsity memorial fund is well on its way, already over 60,000 having been subscribed. Thursday evening and Friday morning were exciting times for the medicals. Knowing that scrap was coming the freshmen laid in a good stock of eggs. These, the sophs took the precaution of stealing and later delivered at the police court. Next morning the scrap took place in real earnest. Results about even with a general mess. The Hart House swimming tank has last been opened and already a good number of the students have paid it a visit. This tank is one of the most modern construction and one of the finest in America. It is in charge of W. W. Winterburne, who is swimming instructor of the Central for many years. Already learners' classes have been begun and in a short time many more classes for intermediate and advanced swimmers will be under way.

Dean Mitchell, of the School of Practical Science, addressed the Engineering Society last Wednesday on the future of the school. He said that next year they had to look forward to a total enrollment of 1,000. To solve this problem is a severe problem that has yet to be solved, although new buildings were now under construction. He also spoke of the influence such a body of men must have in the future development of Canada. At present chemical engineering is probably the strongest branch, but he expected that in the future the civil engineers would come into their own again.

The Varsity veterans are conducting a great campaign for members. Membership fee of \$2.50 is a bit discouraging, but in spite of that they are enrolling many veterans. They feel that they are entitled to most of the credit for the government committee that is at present investigating the needs of soldier students, and in addition they are planning some wonderful smokes for the winter. The football games have provided most of the excitement, as after their showing here nobody felt any qualms about the outcome of the game with Queen's. Some good rugby has been uncovered at the interfaculty series, but most of the teams show a lamentable lack of form. A little time ought to be given to that, and everyone is looking forward to some good games in the near future.

The University College Literary Society held its first meeting of the year on Wednesday. A progressive program was planned for the year and the party was appropriately ended by singing and music. They have a good organization and are looking forward to a successful year. The military training scheme at the university has fallen down badly. With many it was an option with political economy or religious instruction, and some of the staff are wondering why nearly everyone chose nothing available rather than military instruction. A good guess is that everyone is fed up with the war and with all things military. Probably in a few years, when all the ex-soldiers have returned, there will be quite a success.

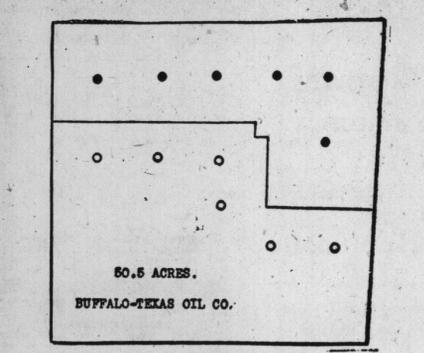

REV. DR. PATTERSON LECTURES. Rev. Dr. Patterson gave a lecture at Thursday evening at Cooke's church on "Ireland, Past, Present and Future," before a large audience. The choir, led by H. Leslie, gave selections of songs. J. R. Robinson presided.

BILLY SPENCE TO SPEAK. "Billy" Spence, the Irish evangelist, will preach at Beulah Tabernacle, 25 Charles street east, Sunday evening at 7 o'clock. "Billy" is one of the old country's outstanding evangelists, being well known throughout Ireland and Scotland. He has a unique personality and has his statements on personal experiences.

CHARGE OF THEFT. St. Catharines, Oct. 25.—Sherwin Smith, aged 17 years, was today committed for trial on a charge of stealing six bags of apples from the farm of E. R. Cole, Louth Township.

Fabulous Fortunes From Texas Oil By Investing \$15 Now You Too Have the Chance to Secure Real Riches!

Marvelous fortunes have been made and are being made today in Texas Oil Fields—even greater fortunes will probably be made in the very near future. Are you going to be one of those envied people who become rich in oil? You must decide—no one can do that for you. You are being offered here the chance to participate in an oil venture, so far advanced that success seems assured—an oil venture in which the speculative feature is almost a minimum—an oil venture where nearly all of the doubtful preliminary stages have been passed—and where producing gushers can be hoped for most any day. Well No. 1 is now down about 1000 feet; well No. 2 was started October 10th; No. 3 to start within a few days; there is no telling when a gusher may come in. And this is in Wichita County—the most famous oil producing territory of all Texas.

Legend: ●—Producing wells in sketch on adjoining lease. ○—Six offset proven locations to be drilled by Buffalo-Texas Company.

A Newly Added Lease of 50.5 Acres in Proven Oil Section in Wichita Co.

In addition to the leases already owned by this company, we have recently been fortunate enough to secure an exceptionally good lease of 50.5 acres in an absolutely proven oil section in Wichita County, Texas.

This lease, as you can see from the sketch above, offsets six producing wells. To those who may not be familiar with the word "offset," we will say that this term is very commonly used throughout the oil fraternity, and means that an offset well is a well drilled or to be drilled within the proven oil area close up to producing wells, with practical assurance of production.

Arrangements are now being made to start drilling on this new lease just as soon as contracts for drilling and material can be completed, which will make three wells drilling, for the Buffalo-Texas Oil Company.

Locations of Our Various Other Oil Properties

The properties of the Buffalo Texas Oil Company are located in and near the Great North Central Texas Oil Area, in known oil bearing centres.

Property "A"—Fisher County—317 acres. Our leases here are well within the area of new wells, and a gusher here would probably mean thousands, possibly millions, to our shareholders.

Property "B"—Wilbarger County—140 acres in three leases, one of 80 acres and two of 30 acres each. It is the belief of many expert oil men and eminent geologists that the oil sands are connected directly with the immense producing sands of the famous Burk Burnett and North West Burk Burnett Extension pool districts, and predict that this is a continuation of one or both of these pools, with enormous production possibilities.

Property "C"—Wichita County—25 acres south of the town of Electra. This lease is surrounded by good wells, giving almost certain assurance of producing wells. It is in this county that the original Burk Burnett developments have taken place, so naturally we anticipate phenomenal results.

"Liquid Gold" is What They Call These Texas Gushers

When oil begins to flow money begins to flow as well—"liquid gold" they call it. You know that many of the world's greatest fortunes are made when oil is struck. We believe that this will be one of those tremendous fortune makers.

Indications Point to a Wonderful Strike

We expect to strike it rich—indications point that way. We confidently believe your investment will bring enormous profits. Why then, you may ask, do we not keep all the stock ourselves, instead of permitting the public to share in these great money making possibilities?

Why You Can Buy 100 Shares of Stock at \$15

There is scarcely any big business in the entire country that you can think of that is not financed by subscriptions of their stock. Even the Standard Oil Company, perhaps the best paying oil company in the world, required money to operate, and is made up of many small shareholders, who are reaping a marvelous reward because of their investment. There is hardly any one man—or even group of men—rich enough to swing alone a large oil company. We have invested our own money in this enterprise, we believe in it, but like any large undertaking, considerable capital is needed. We are therefore selling sufficient stock to cover the required financing.

The Opportunity is Unique

Those who invest in this company now are the ones who will share in the profits that may accrue, regardless of how great they may be. Mr. Rockefeller, reputed to be America's richest man, became wealthy because he was in Standard Oil early—you are being offered the opportunity to get in The Buffalo Texas Company early. When a gusher is struck it will be too late—the real chance is now.

The Men Behind This Company

The officers and directors of this company—a common law company that does business through a Board of Trustees elected by the shareholders—are men of integrity and reliability. They are putting their money, time and experience into this undertaking with the determination to make it a great success. Look up the company and the men behind it through any channel you desire—you will be more than satisfied.

HARRY C. ALBRO, President; Vice-President Universal Oil and Products Co., Buffalo, N.Y. G. M. YUNKER, Vice-President, Real Estate and Oils, Buffalo, N.Y. M. B. SHEPARD, Secretary and Treasurer.

The Time to Act is Now--Not Later

This isn't said to hurry you—it's merely a fact. Drilling has been started—if a gusher is struck, naturally the stock will be withdrawn. We are going to accept only enough subscriptions to finance the work. You can purchase more than 100 shares if you wish. But you must act now—you must grasp the opportunity while you can. Decide today—tomorrow may be too late.

If you prefer, you can buy \$60, \$90 or \$150 worth of this stock.

SUBSCRIPTION COUPON

Buffalo-Texas Oil Co., Dept. 152, 706 Brisbane Bldg., Buffalo, N.Y. (T. W.) Gentlemen,—I enclose \$15 for 100 shares of Treasury stock (fully paid and non-assessable) of your company. If I request within ten days from the date of my subscription, the return of my money, you are to forward it to me without question.

News From The Beach

BY PRISCILLA PRINGLE

The recently-organized Beaches rugby team is winning laurels everywhere, and its success is largely due to the manager, Doc Gloster.

Gordon Ford of the Balmby-Beach Canoe Club has accepted the position of trainer to the Varsity Athletic Association. He left town on Friday morning for Montreal, where Toronto Varsity will compete in the intercollegiate championship rugby match. A beautiful stained-glass window was unveiled in St. Aidan's Church last Sunday. It was given by Mr. and Mrs. E. F. Crossland of Crown Park road in memory of their son, Lieut. Ernest Ford Crossland, R.A.F., 83rd Squadron, Leaside, formerly Lieutenant, 45th Division, R.F.C.

France, who died Oct. 20, 1918. The subject of the window is, "The Reward of the Faithful," and shows the figure of a youth in an attitude of worship before the Saviour. The text inscribed is: "Be thou faithful unto death, and I will give thee a crown of life." Brigadier-General R. Rennie drew the cord, and the Bishop of Toronto conducted the services. Rev. E. A. McIntyre of Wycliffe College gave a lecture in St. Aidan's schoolhouse on Monday evening. The subject was "Some of the Characters of Shakespeare and Tennyson Compared." The lecture was interesting and instructive and was well attended.

The corner-stone of St. Aidan's Church, Agincourt (Anglican) was laid on Tuesday afternoon by the Bishop of Toronto. In spite of the inclement weather many people from Agincourt and neighboring towns, as well as from Toronto, were present. Among the clergy assisting were: Rev. Alfred Clark, rector of the church; Rev. Mr. Durnford, rural dean of Scarborough; Rev. Dr. Gordon of the Presbyterian Church, Agincourt; Rev. Mr. Curless of Markham, and Rev. Mr. Luce of St. Nicholas' Church, Birchcliff. It is expected that the roof will be on

the church and part of it sufficiently completed to hold services in by Christmas. The Home and School Club of Williamson Road School held a meeting on Tuesday evening. The president, Mrs. Russell Harris, asked Mr. Hemphill to act as chairman in the absence of Rev. Dr. Cotton. The speaker of the evening was Henry Gillen of Wellesley manual training centre. He addressed the club on "Hand-Work for Boys and Girls. Both at school and at home." Mrs. A. C. Courtyce and Miss Barry, the new inspector of public schools, were present. The boys and girls of the higher classes were allowed to attend the meeting, and they were greatly interested in Mr. Gillen's address. They thronged about him after the lecture with eager questions, and actually failed to notice that tea and cake were being passed around. Has ever a speaker been paid higher tribute? Miss Isabelle Wingate sang two songs. Mrs. John Hannah accompanying her on the piano.

On Wednesday evening the Athletic Association of St. Aidan's Church gave a concert. Commissioner Roland Harris was in the chair. The program was an excellent one, and was provided by the boys themselves, Miss Winnie Smith and Miss Vera McCann assisting. The association, which has been in existence for only a very short time, is composed of boys in their teens. Already they have beaten every team they have played against, and have won the 1919 championship cup, given by the Inter-Church Baseball League.

The Young People's Society of Kew Beach Presbyterian Church held a masquerade party on Wednesday night. Some of the costumes were unusual and caused a great deal of fun. Already they have been very successful in their efforts to raise money for the Inter-Church Baseball League. The refreshments served were pumpkin pie and coffee. Among those present were: Mr. and Mrs. McLean of Leuty avenue; Mr. and Mrs. Carlyle, and the minister of Kew Beach Presbyterian Church, Rev. Mr. Cranston.

Rev. Mr. Bell, pastor emeritus of Kew Beach Presbyterian Church, is leaving this week for Vancouver. He will be accompanied by his daughter, Miss Bell, recently presented Mr. Bell with an embroidered and monogrammed traveling rug, and Miss Bell with a fitted traveling bag

and a purse of gold. A concert was held on Thursday night by the Young People's Club of St. Nicholas Church, Birchcliff. The program was given by the choir, Mr. Sherlock, Mrs. Wellington Brook, Miss Hawkes, Mrs. Frame and Arthur Brown. Mrs. Luce invited the artists to the rectory for supper after the concert.

Rev. Mr. Cotton of Balmby Beach has just returned from Newburg, N.Y., where he went to attend the wedding of his brother, Rev. J. Lyman Cotton, rector of the Anglican Church, Newburg, to Miss May Marguerite Jacobson, also of Newburg. The ceremony, which took place on Wednesday last, was performed by Rev. Dr. Cotton, M.A., of Balmby Beach. The enterprising linen booth of the bazaar soon to be held in aid of St. Aidan's Memorial Hall raised money in an unusual way last week. The booth was managed by Mrs. F. M. Baker permitted her garage to be used as a polling booth, herself and other women on the linen booth committee acting as poll clerk, and Aid. Baker as policeman. All the money thus made went toward the Memorial Hall fund. A number of women of the York Chapter, I.O.D.E., also acted as deputy returning

officers last Monday and offered their houses for voting centres to raise funds for patriotic purposes.

SIR JOSEPH LAWRENCE HAS SUDDEN DEATH

London, Oct. 25.—Sir Joseph Lawrence, chairman of the International Linotype Company, and a director of the Mergenthaler Linotype Company of New York, died suddenly yesterday. He was born September 23, 1848. Sir Joseph was one of the principal and earliest pioneers in the project for the Manchester Ship Canal and took an active part in the passage of the British patent laws from 1902 to 1907. FARMING is a basic industry in Canada. From the first days of its publication, The Globe has always strongly advocated the development of scientific agriculture.

When the breeding of pure-bred stock in Canada was first deemed necessary, The Globe, by example and precept, showed what could be done.

The late George Brown was a leader in experiment. At Bow Park Farm, near Brantford, he bred from imported cattle so as to place pure-bred stock at the disposal of his neighbors.

From those days to the present, the furthering of the interests of the Farm and Country Life of Canada has been an important feature of The Globe.

The Weekly Farm Department has always been a source of inspiration to the farmers to improve their knowledge of agriculture.

# Parliament Hill

When Louis XVI. learned that an aroused people had taken the Bastille, he spoke of the affair as a "revolt," but a wiser man standing near replied, "Sire, it is a revolution." When the news first came of the Ontario election, the statesmen on Parliament Hill were inclined to treat it as a local affair, a temporary disaster; they are now beginning to fear that it portends a political revolution. Many of them are like a shipwrecked crew marooned on a lonely island. Sooner or later they must make some sort of a raft and trust themselves to the mercy of the treacherous sea. Sooner or later, and probably sooner than some suspect, they will be brought face to face with a general election.

Liberals and Conservatives alike are agitated at the growing power of the farmer and labor parties. These new stars on the political stage are chasing the old performers to the wings. It is significant that in the six by-elections to be held on Monday the two old parties nowhere face each other in combat. It is the government in Glenora, North Ontario and Carlton, N.B. It is a labor candidate in East Quebec, and a farmer candidate, not a government candidate, that is contesting the election of Ernest Lapointe in East Quebec, and a farmer candidate, not a government candidate, who opposes Mr. Mulholland in Assiniboia. Finally in Victoria, B.C., the minister of agriculture finds himself opposed, not by the Liberal party, but by labor candidates.

Some Unionist supporters are really hoping that the senate may throw out the Grand Trunk bill, so that the government may have an opportunity to appeal to the country upon a platform favoring the abolition of the senate, and railway nationalization. It is by no means certain, however, that the government would be able to monopolize the public ownership issue. The farmers of Ontario and the west are strongly in favor of railway nationalization, and might run candidates upon that platform as well as the government.

Yet if this chance goes by, will it be possible to turn the Unionist party into a permanent organization? The Liberals, if they cannot carry the country, may come back to the next parliament with as many members as they have now. Quite possibly Ernest Lapointe may head a solid delegation from Quebec, and quite possibly Hon. T. A. Cramer may head an almost solid delegation from the prairie west. If Ontario at the Dominion election returns a number of farmer and labor candidates, we might have at Parliament Hill a situation not unlike the one that has developed at Queen's Park. In such an event, the Liberal party might be able to form a government. Hence a discussion is quite in order, especially as there is no reason why the government should not be able to throw up the Grand Trunk bill thru the senate. Ministers of the government and members of parliament are not inclined to throw up their jobs too hastily, and a premature appeal to the country might put the national policy in jeopardy.

The possibility of a general election turns upon the attitude showing out of the Grand Trunk bill or emasculating it by amendments. Few think the senators will go this far. Should they do so, the government would be tempted to go to the country for a mandate to reform the Grand Trunk.

Another way out would be to fill the seats now vacant in the senate, and, if necessary, flood the senate by additional appointments. Our constitution practically empowers the government to keep on appointing senators until a majority is secured in the upper house upon any measure which it regards as of supreme importance to the country. The number of senators is fixed at ninety-two, but the King may authorize the governor-general, upon the latter's request, to appoint eight additional senators, or even more if necessary.

The debate on the Grand Trunk is still going on in the house, where the bill has now reached the committee stage. The opposition has not made an impressive fight and some of their number believe they have got in wrong. On the other hand, several members of the government have gained new laurels from the part they have taken in the struggle.

The notable figure in the negotiations for the purchase of the Grand Trunk and in the parliamentary struggle that has followed is Arthur Meighen, minister of the interior. Mr. Meighen proved himself to be a wary negotiator, and in the end brought Sir Alfred Smith to the practically except the terms of the government. Naturally, it became his duty to exploit and defend the Grand Trunk bargain to parliament.

Mr. Meighen has a keen mind, a firm grasp of public questions and has scarcely an equal in parliamentary debate. The way he chewed up and made mince-meat of D. D. McKenzie's arguments greatly delighted the house on Wednesday night. The opposition leader is not strong in figures, and he was completely over his head when he undertook to compute what it would cost the government to purchase the Grand Trunk. The liabilities of this company are big enough in all conscience, but Mr. McKenzie, in a moment of frenzy, added up the liabilities and the assets together and declared the total to be the amount of the debt which the government had to assume.

Mr. Meighen pointed this out, and sarcastically stated that he had no doubt Mr. McKenzie presented his figures in good faith. "If I had presented such figures," he added, "I would consider it a compliment to be charged with dishonesty." There was a roar of

laughter when the judge, almost crying with vexation, called out: "I know the figures are right, because I showed them to the minister of railways and he said they were all right."

One can picture Judge McKenzie carrying over a carload of figures and asking Dr. Reid if he thought they were all right. The doctor is always good-natured, always in a hurry, and always anxious to get rid of a bore. If the judge had asked Doctor Reid what his course was for getting on the supreme bench or being appointed to the senate, the doctor would probably have answered "all right" as he hurried away.

The doctor, by the way, was in fighting form when he came to cross the debate on the second reading of the Grand Trunk bill on Thursday night. He seized upon McKenzie's plea for an early prorogation and the postponement of the bill, to make merry at the expense of the new leader, who after only an hour or two in parliament, wanted to go home. Hansard reports him as saying:

The leader of the opposition, on the first day that he takes his seat in the house, and in his first speech, says to the government: "I have sat in the house only one day, but we want to go home. It will be awful if I have to sit here any longer; please let me go home." That was the position of the leader of the opposition. That hon. gentleman has been here in Ottawa; he knew what was going on, and he did not have to concern his mind with legislation, he had ample opportunity to evolve some policy which he could bring before the house and say: "There is the policy that I want the people of this country to adopt in connection with the operation of railways." But instead of that, Mr. Speaker, his only policy was this: "Please let us go home; we have been here too long."

Mr. King had the misfortune to be laughed at before the finish of his first day in the house, and this is the danger he runs, namely, that he takes himself more seriously than many others are inclined to take him. His speech on the Grand Trunk bill was an amateurish affair. His argument that we could not own the road because it was mortgaged and because no one was going to give us a "deed" was childish in the extreme. It might have impressed a high school debating society, but scarcely a parliament of grown men.

Mr. Foster, Liberal member for North Waterloo, who talked public ownership, but voted against it by supporting the McKenzie amendment, punctuated his argument of his new leader in a few well-chosen words. He said that the matter of taking over the Grand Trunk is not in itself a matter of public ownership. Technically it might be correct. But I would like to point out this, and I think it has been lost sight of very largely in the discussion, that the object of public ownership is not the making of profits; it is the service that may be rendered to the public. Ownership in itself is not the consideration; it is important only because of the fact that it gives control of operation, and by that means the power to give service. I think under the bill which has been presented there can be no real doubt that the government will have absolute control of the operation of the Grand Trunk.

The Liberals have made a poor fist of their fight against the Grand Trunk bill. McKenzie, King little improved on D. D. McKenzie. The only man who seemed to grasp the situation at all was Hoon. W. S. Fielding, who argued with considerable force that the so-called guarantee, a stock which the government treats as a debenture was only preferred stock and probably of no value. The government, however, in this regard followed the recommendation of the Drayton-Ackworth report, which during the whole discussion was relied upon by both sides as tho it were holy writ.

The government lost only three supporters on the second reading of the bill. General McLean had already declared himself, and Mr. Johnston of the Liberal convention at Ottawa, voted against the government. So also did Major Andrews of Winnipeg, who tangled up the question with the soldiers' gratuities and said he would rather give money to the soldiers who succeeded than to the Grand Trunk which failed. It was a catch phrase, but may be used a good deal by the Soldiers' Gratuity League.

Otherwise the government forces stood well together. They included sturdy independent members like John Best of Winnipeg, who is the choice of the west for minister of mines, in case Martin Barrill goes to the senate, rounded up the prairie members for the vote on Thursday night, and the record shows that he did his job exceedingly well.

The western members were no less enthusiastic than their Ontario brethren for public ownership. Dr. M. R. Blake of Winnipeg, who is the choice of the west for minister of mines, in case Martin Barrill goes to the senate, rounded up the prairie members for the vote on Thursday night, and the record shows that he did his job exceedingly well.

Practically the entire week in the house was taken up with the Grand Trunk bill. The chances are it will get to the senate by Wednesday or Thursday next. The Liberals show signs of obstructing, but the government has no desire to use the closure ruling. The senate may also take some time over the measure, but there is a general desire to finish the session if possible next week. The "thirty-one" days are long since past, and the average member, like Mr. King, is saying: "I want to go home."

PEARLS FROM FISHES EYTS. A patent has been taken out in the United States for the manufacture of "pearls" from the crystalline lens of the eyes of fish and sea animals, which are said to be almost indistinguishable from genuine pearls.

# THE RESULTS OF THE TORONTO AND AMILTON GRIDSAFTS

TORONTO SUNDAY MORNING OCTOBER 26 1914

## LOCAL BOWLING LEAGUES ARE AFFILIATED WITH A.B.C.

### Can Now Compete for Medals Donated by the Governing Body Fivepin Leagues Under Full Head of Steam.

For the first time in the history of tenpin bowling in Toronto the leagues have arranged to bowl under sanction from the American Bowling Congress. Just why they never obtained proper sanction in previous years was more a matter of neglect than anything else, for we have had a B.C. for the past eight years, and as practically every bowler became a member of the city association when the annual tournament was held, it would have cost no more to take out the membership cards at the start of the season, as they are doing this year, and then the A.B.C. issues a sanction to the leagues without any charge, and every team and bowler is then eligible to qualify for the special medals given by the A.B.C. to those making the best scores in league or tournament play during the season. No doubt the possible of 300 medals last year by Bob Stewart, and for which he received no recognition from the A.B.C. owing to the failure of the league to obtain a sanction, woke up the few local tenpin leagues that are still doing business, and have been able to fight off the invasion of the popular fivepin game.

The bowling last week showed a general improvement and some nice scores were turned in. The feature among the tenpin artists was George Robson, who with a score of 211, 218 and 223, made an average of 217.3, the Karrys' A. League. Bob Baird, with 198; Eddie Hawkes, 181, and Capt. Ed. Cummings, 174, were the other top scorers in the Athenaeum and the same league, also showed their best form, while George Stewart, with 166, topped the Golden Varnish out. The Athenaeum held their two games of two games over the Karrys' team, as each lost a string, the former to the latter, while the house crowd lost the middle game to the K. of C. team.

The tenpin bowlers are getting down to the nitty-gritty of individual Matinee League and some good scores have been turned in lately. Fred Alkman is leading the procession as a result of taking three straight from last year's champion, Paul Chubb, with 110, 110 and 110, with only one to the bad out of six played; the others are pretty well bunched. Alkman, with 648; Downing, 646, and Howard, 645, were the best totals last week. The twenty-four-team league of the Hydro Commission, after three weeks, led by one game, while five are tied for second and seven others are tied for one game down. Jack Hunter, with 612; E. Eisenher, 578; Laine, 540, and Art Price, 535, were the high men for the Hydro.

The Sleepers are holding their two-game lead in the C.P.R. League; however, they can't afford to weaken, as they are well bunched. Alkman, with 612; E. Eisenher, 578; Laine, 540, and Art Price, 535, were the high men for the Hydro. The Dominion Rubber System League the Prictions, Royal Corda and Nauchahydes were the odd game from the Spring Steps, Dominions and Fleet.

The game commenced with light showers prevailing. The field was sticky and muddy and before play had been under way long it was in bad shape. Playing in the rain, the visitors scored a try on a fumble behind the line and two rouges for total of four points. The score at the end of the quarter being 6-0. Captains put up a stiff defence in the second quarter, but were three rouges for a half-time score of 5-3. Costly fumbles by the Toronto backs and good line plunging by Hamilton held Toronto scoreless in the third quarter. In spite of the rain, the home team, wind, and Hamilton entered the last quarter with the wind to help them to overcome the Toronto defence. Kicking soon enabled Hamilton to make the score 6 to 5. The Capitals took on a fresh lease of life and the backs proved Hamilton from further scoring. Final score: Capitals 5, Hamilton 2.

### TIGERS VS. OTTAWA.

In spite of the heavy rain which fell this morning and the promise of a heavy rain, the game was played. The Tigers fans were on hand this afternoon for the first time in the provincial rugby season. Hamilton's ancient enemy, the Ottawa Rough Riders, were the first to take the field. The result of the game, which depends upon today's game, and both teams know it. The weather conditions proved a heavy disappointment to everybody, but the rain and slippery ground resulted in much uncertainty brought into the game, although the Tigers were confident of victory. The league race in the Big Four this year is so upset that with the rain, it is hard to predict the result. The game was played in the rain, and the result is a draw. The game was played in the rain, and the result is a draw. The game was played in the rain, and the result is a draw.

The bad start the local crowd got away to has proved a blessing in disguise for it forced out several of the old veterans, who had hung up their boots in the previous season. The game was played in the rain, and the result is a draw. The game was played in the rain, and the result is a draw. The game was played in the rain, and the result is a draw.

## WORLD SERIES SHUT OUT LIST

In all 85 games have been played in world championships since 1906, of which 21 were decided via the shutout route. The National League has recorded 15 scoreless victories against five fallouts by the American League. The New York Giants scored more shutouts than any other club. Seven times did they opt to bat first, and in six of these instances they were victorious. The Cubs, who are tied with the White Sox at two each, and then come the Braves, Red Sox, Tigers, Pirates and Athletics, who blanked their opponents one game apiece. The Athletics were shut out six times, the most of any club. The White Sox suffered five shutouts, the Tigers three, the Cubs two and the Reds, Giants, Red Sox and Pirates were vanquished in one shutout each.

Alkman is leading the procession as a result of taking three straight from last year's champion, Paul Chubb, with 110, 110 and 110, with only one to the bad out of six played; the others are pretty well bunched. Alkman, with 648; Downing, 646, and Howard, 645, were the best totals last week. The twenty-four-team league of the Hydro Commission, after three weeks, led by one game, while five are tied for second and seven others are tied for one game down. Jack Hunter, with 612; E. Eisenher, 578; Laine, 540, and Art Price, 535, were the high men for the Hydro.

### ANOTHER VICTORY FOR VARSITY TEAM

#### Defeat Presbyterians in Rugby Game at Kingston on Saturday.

Kingston, Oct. 25.—With a heavy wind blowing the full length of the field, Varsity and the Presbyterians met for the first time in four years, at Queen's athletic grounds in the intercollegiate rugby series, this afternoon. Queen's are looking forward to pulling off a clean sweep in the series, as they were injured in the previous game, they are back in harness again. McKelvey, who made his debut in senior rugby this year, is back again on the half back line. Ferguson, who played a sensational game in the scrimmage, has recovered from the injury he sustained in the previous game, and is back in the line. ## M'GILL ATHLETES WIN MANY EVENTS

### Intercollegiate Track and Field Events Staged at Montreal.

McGill University Grounds, Montreal, Oct. 25.—The intercollegiate track championships took place this afternoon, with the representatives of McGill, Queen's and Varsity competing. The proceedings were opened by the formal dedication of the new McGill stadium, erected at a cost of \$75,000, given by the late Captain Percival Molson, who fell in action July 4, 1917.

McGill men took first and second places in the 100-yard dash. Kennedy made a fine jump at the pistol, and won by two yards from J. C. Hay, his club-mate, in the slow time of 11-5 seconds.

The half-mile was another runaway affair for the McGill runners. D. H. Porter, Toronto, made the early pace, but gave way to R. T. Hamilton, who opened up a good lead after a quarter had been passed, and won by 15 yards from J. D. King, also of McGill, who passed M. J. O'Sullivan, third man, Varsity, 100 yards from home.

A summary of results follows: 100 yards—W. Hamilton, McGill, second; M. J. O'Sullivan, McGill, third. Time, 11-5 seconds.

Half-mile—R. T. Hamilton, McGill, won; J. D. King, McGill, second; M. J. O'Sullivan, McGill, third. Time, 2 min. 7-5 seconds.

## ROUGH RIDERS VISIT FAMOUS TIGERS

Lawson's 25-yard line, and the score 3 to 0 in favor of Hamilton.

**Second Quarter.**  
Tigers showed fine plunging strength in the second quarter and Rosa Craig kicked twice for yards. Craig shot thru again for yards. Ottawa was offside and Tigers were given the ball three yards out. Ishbister tried a buck, but failed. Tigers lost the ball on the sec-

ond down. Stuart was guilty of a dirty tackle and was ruled off. Craig again went thru for yards. Play was hard and Ottawa had few chances to take advantage of the wind. Tigers were successful in retaining possession of the ball, although unable to score. Fickley got away for an end run.

Tigers were playing a strong game in face of the wind. Craig's line plunging being a great factor in the play. The ball was kept in Ottawa territory by strenuous efforts. Ottawa had the ball on a few occasions only, and even then failed to boot as often as they should have with a fresh breeze behind them. Half-time whistle blew with Ottawa pressing and the score: Tigers 5, Ottawa 0.

"Did the mountain air brace you up?" "Wonderfully! Why, after I'd been up there for three weeks I got so I could pay the hotel charges without a quiver."

## BOWLING LEAGUES ARE AFFILIATED

(Continued From Page 1.)

Footers respectively. D. Dixon, with 540, was high man.

The opening of the Lawn Bowlers' League was featured by some excellent bowling, both team and individual, and most of the games being close and exciting. The Helmy team, last year's champions, started off with three straight wins from Granites and put in the high total of 2794, their last game being 987. Bert Hutchison, who has been showing real good form this season, continued to hit the spot, and knocked off a 646 count for high three games. Rushholmes, one of the new teams in the league, also won three, and are tied for first place. Some of the other good totals were: Robertson, 588; Simonds, 573; Watt, 574; Lister, 549; H. Burt, 543; A. Milton, 539; J. Aggett, 535, and T. Simpson, 531.

The All-Stars are out in front in the Beaches League, but they will have to keep right on battling for the next half-dozen squads are on their heels, and it would be hard to guess who the leader will be next week. The best score was turned in by W. Irving, with 597, and Lyon, with 576, was second. Creighton, 558; F. Matthews, 552, and Atherton, 535, were the other high rollers.

With three teams tied for first place and the next one only a game behind, the Bowlers' Cool League is standing a real race. Fred Mayor, for the third straight week, featured with another big game, this time turning in a 268 string and totaling 645; Shields, with 620 and a 250 single, was second.

**ON ROSEDALE ALLEYS.**

The Rosedale bowling alleys are the scene of great activity these evenings when five and tenpin rollers from all parts of the city gather there to enjoy their favorite pastime on the club's drives. The Rosedale Fivewin League, with eight well-balanced teams, is furnishing some interesting sport at present and with the players all rounding to their best form, close and exciting contests are the rule.

The games between the Rosedales and Otto Club resulted in the former winning the odd game, with Capt. Bill Church of the winners putting in the high three games of the season, while Ray Lellis for the losers rolled the highest single to date.

On Monday night the Canadians took three straight from the North Enders. Capt. Dunnett of the latter was decidedly off color, while his main support, Messrs. Peacock and Hayward, were far from mid-season form. Capt. Wood and his teammates were all in good form and were able to make the counts when called.

The Bachelors succeeded in taking two out of three from the Olympics. W. Maloney for the winners showed the best form, and incidentally succeeded in breaking the record for high single game held by Ray Lellis. Capt. Anderson for the losers showed a flash of his best form.

The All Stars succeeded in taking two out of three from the Braves, as they came back strong after losing the first game, and took the last two, E. Reyer for the winners turned in the best score while J. Neal was the leading man for the losers.

The game between the Rosedales and the North Enders resulted in a win for the latter, as Capt. Dunnett's team played to their best form. E. Peacock showed up best for the winners, while Bill Church was at his best for the losers.

The North End Business Men's Two-Man Fivewin League will open the season next Wednesday afternoon, and several of the business men in the vicinity have declared their intention of breaking away from business worries for an hour or two each week, so that they can get some much needed exercise and recreation to keep them in shape for the bigger game.

The Khaki-Label Tenpin League rolled their usual weekly fixture on Tuesday evening, when Tom O'Connor's Kolas continued their winning streak and took three straight from the Hot Cups. Captains O'Connor and Alkman put in the best scores for their teams.

The contest for the cut glass vase, which goes to the high average man including handup up to Nov. 15, is proving an interesting event. At present the Lemon Sours is leading by a slight margin.

The Swiss Club tenpin rollers are having quite a bit of friendly rivalry between themselves at present, as they are all out for the cut glass trophy, which goes to the man having the high three games up to the end of this week. Chas. Fussler is the present leader with a score of 566.

The weekly fivewin prize roll resulted in a win for the veteran, Jack Dunnett, who came from nowhere in the last game and won in rather easy fashion from Jack Bascombe, the latter making a good showing for a beginner, and rolled consistently thruout, but when Dunnett opened the last game with five straight strikes the rest was easy.

**GAS LEAGUE.**

Several changes in the league standing have taken place this week, but the series is young yet and any of the teams in the second division are liable to upset the odds in the next few weeks. "Nolay" Bartlett and his Ledger team have succeeded in reaching the top position and are tied for first place with "Tricky" Parker's Runds. Scotty McGill's Fixtures were helpless against the Ledgers, losing three straight. "Mademoiselle" Struis was the only bowler on the team up to form. Slim Maynard was away off color. "Speed Hall" Pollock, of Ledgers, was right on edge, which helped a lot in beating the Fixtures. Parker's Runds beat G. Hill's Hillerests two out of three. "Heavy" Moore, of Hillerests, was bowled by a slight margin.

## ACTIVE PROGRAM FOR ONTARIO Y'S

### Hexathlon Athletes to Be Speeded Up by All the Branches.

### LEAGUES FORMED

### Basketball One of the Big Items—Officers Are Appointed.

Prospects are bright for a very active season among the Y.M.C.A.'s of Ontario. During the month four group conferences have been held, in which a round program has been decided upon at Ontario Y.M.C.A. Saturday morning a meeting was called by the National Y.M.C.A. secretary for physical, and the following were represented: Toronto Central, Toronto West End, Toronto Broadview, Hamilton, Brantford, Galt, Guelph, St. Catharines, Oshawa, London, St. Thomas, Woodstock, Stratford, Ottawa, Belleville, Peterboro and Kingston. Most of the time was taken up in the discussion of basketball, and ended in the adoption of the following resolution:

"Moved, that we organize a basketball league, name of which to be decided later, to cover senior, intermediate and juvenile series; that the senior and intermediate sections be organized centrally; the junior and juvenile be organized on the responsibility of various physical department committees, and that all sections of the league be open to any club who wants to compete; that a corporate meeting be called of all parties interested at a convenient date to be selected later; to ascertain forthwith how many teams would pledge themselves to enter this league."

Officers elected for term: Chairman, E. M. Dillon; secretary, T. W. Stafford; secretary Toronto district, J. J. Thompson.

T. W. Stafford of the West End Y. Toronto, led a discussion on the national indoor athletic contest, known as the hexathlon, for juniors and seniors. He pointed out the value of this event as an all-round contest, in which 21,000 men and boys of the United States and Canada took part last year. All present decided to have their associations take

part. The contest will take place in March, 1920.

Wrestling clubs are being organized by all the local Y.M.C.A.'s. Ontario championships will be decided in March at the West End Y.M.C.A., under the sanction of the Y.M.C.A. Athletic League. It is likely that the Y.M.C.A. swimming championships will be decided in the Brantford or Broadview pool, both having asked for an option on a date. A committee is working on a swimming contest along the lines of the hexathlon, and the scoring table is to be prepared by George Mosley of Brantford.

The Y.M.C.A. track and field open championships for Ontario will be conducted by Toronto Central in the spring, the date to be decided later.

The boys' Y.M.C.A. championship will be conducted under the joint control of the Hamilton and Toronto Y.M.C.A.s on Saturday, May 23, the Y.M.C.A. Athletic League granting the sanction. Senior and junior meets will be open to men and boys of the province holding amateur cards.

Hamilton Y.M.C.A. have applied for the five-mile team Dunlop road race, and this was granted. The event will take place in Hamilton, October 18, 1919.

A business men's volleyball championship will be decided in the spring by an elimination tournament, either in Hamilton or Toronto.

All clubs interested in basketball are requested to get in touch with T. W. Stafford, West End Y.M.C.A., Toronto.

### AT THE TORONTO CLUB.

The Commercial Fivepin League, the pioneer of the Toronto Bowling Club, opened the season Thursday night, with the new entries including Controller Sam McBride's Lumber Kings, Charley Kimpton's Fruiters, Parkdale Canoe Club and another team from the Wm. Davies Co. Conducted on the handicap system this season for the first time, the league should be a big improvement over past seasons and furnish a race that will give all teams a look-in for the respective series.

In the Wm. Davies Co. League Lakesides went into the lead when they took all three games from Cheltenham, with Donald Levack and Bombardier Wells furnishing the heavy artillery for the Lakesides, with collections of 565 and 553 respectively. Gilmore, for New England, was high for the night, with 569, and with Pearson's 614 count, pulled the team out of the cellar.

In the Apple League it is now a close fight all down the line, with St. Lawrence, the tallenders, breaking the ice for their first win, and promise to be in the race for the rest of the series. On the night John Longo, for Jonathans, was the only big collector, with a 544 total, and featured with a 238 count in the

last game. Dave Spence got into the game with St. Lawrence and although he was the "booby" in the opening struggle, improved with every game.

In the Conger-Lehigh "Big 4" League, McKays pulled away in the lead when they grabbed all three games from Crookstons, while the Charles clan pulled out of the cellar when they took the odd game from the Gibsonsites.

In the Business Men's League it is also close going in the second week of the campaign, with the prospects bright for organized.

In the D. S. C. R. League hostilities were renewed Monday night when Major E. L. Drew went over the top for the first time and shelled the pins so successfully that his team, Administrative No. 1, were declared the winners in all three games, over the Spadina sharpshooters, McKenna, for the D.S.T.B. team, was high, with 592.

In the Casualty Insurance League the night is the closest of all leagues, with the first six of the eight teams in each section being practically deadlocked for Crown, in No. 1 and 2 sections, respectively, are the only outsiders, but both promising a determined fight to the finish. Frank Lamb, for London No. 1, was high for No. 1 section, with 511, while Jack Bennett, for Fidelity Casualty, brought home the bacon in No. 2, with an even 500.

## BAN JOHNSON CANNOT INTERFERE WITH MAYS

New York, Oct. 25.—A temporary injunction against Byron Bancroft Johnson, president of the American Baseball League, restricting him from suspending Pitcher Carl Mays, of the New York American League club, pending disposition of the case by the courts, was granted today by Supreme Court Justice Wagner. The injunction takes the place of a restraining order obtained by the New York club several weeks ago. While it is technically termed temporary, lawyers for the plaintiffs declared that it is in effect a permanent injunction. Mays was transferred to the New York club by the Boston club, and his suspension was ordered by Mr. Johnson as a result of this transfer.

## CENTURIAN CLAIMS TO BE OLDEST VOTER

St. Catharines, Oct. 25.—Claims have been published since the election relative to the oldest voter of the electorate, but thus far none of the aspirants have exceeded the reputation of a St. Catharines centenarian, Daniel Plumsteel, who, at the age of 100 years and four months, cast his ballot on Monday last. Thus far the nearest rival of Mr. Plumsteel is a woman in Sarnia, who is 99. When the local centenarian heard of the aged Sarnia lady voter he said, "And she is only 99." Mr. Plumsteel is in hopes of being able to cast his ballot at the coming municipal election.

## W.H. Gocher's Review of Circuit Races That Closed Last Week

### Fifteen Weeks From Philadelphia to Atlanta—The Champion Single, Double and Triple Winners.

The forty-sixth renewal of the Grand Circuit series closed at Atlanta, October 18, after a run of fifteen weeks, during which there were thirteen meetings at which 270 races were contested. Of that number, 166 were for trotters, in which there were 1163 starters and 104 pacers in which the starters ran up to 727, making a total of 1890 for the season.

For these events the premiums for trotters amounted to \$380,064.49 and for pacers to \$148,378.10, making a grand total for the year of \$528,442.59. Rainy days kept this amount from running over half a million. During the first five meetings the weather was very favorable for racing, but after the horses arrived at Philadelphia someone upset the rain barrel and it never got back into position during the balance of the season. Two days were checked off the list at Belmont Park, as well as at Poughkeepsie and Hartford, while Boston lost almost three and Syracuse almost two, nine races being declared off at that point. The Columbus September meeting was also hampered by the weather, but managed to give all its program, while a colt race was all that was skipped at Lexington. At Atlanta the curtain fell on the series in the rain with the loss of one day's program.

**Purses of Twelve Millions.**

The series of 1919 runs the number of meetings given by members of the Grand Circuit in forty-six years up to 462, at which the premiums amounted to \$12,865,503.22. Hartford was the senior member and Toledo the junior, while Cleveland alone remains of the four which started the organization in 1872. At the start, its meetings were held over the golden oval at Glenville, but were transferred to North Randall in 1909 when the present course made its bow to the racing world.

While the average rate of speed was faster in 1919 than in the past, there has been very few sensational performances, except among the aged, some might call them old horses. Single 3's heat in 1:39 1/2 at Toledo was the only one recorded below two minutes, while Lu Princeson leads the trotters with a time record of 2:01 and a mile in 2:02 in a dash race. All of these are a trifle short of the returns in 1918, when Single G. and Miss Harris M. placed the three heat race record for pacers below the two minute line, while both Mabel Trask

and St. Frisco won heats in 2:04. The injury sustained by Anty Guy in her second race, no doubt, kept the trotters from making a new mark, but all that can be said for the pacers is that they could not step up to the new standard.

**The Old Trotters.**

Of the old trotters, Heir Reaper, Early Dreams, Royal Mack and Mignola were the leaders. The first named, now a twelve-year-old, won in 2:04 1/2 at Kalamazoo. Royal Mack, eleven years old, made his third trip thru the circuit and won in 2:04 1/2 at Toledo and Lexington, where Early Dreams made a new record for horses of that age, when he showed in front unexpectedly in 2:03 1/2. At the same time he also made a new world's record for geldings which was equalled by Prince Loree in the Transylvania, Mignola, ten-year-old, marched like a conquering hero from the opening meeting of the Grand Circuit until he pulled up lame at Hartford, where he was defeated in the Charter Oak Purses by Mariondale. He was started in ten races of which he won nine and made a record of 2:04 1/2. No one ever saw a better trotter than the handsome son of Allerton.

McGregor the Great proved the leading money winner of 1919. He won twelve of his fourteen races. Mariondale also defeated him at the first Cleveland meeting and in the Massachusetts Purses at Boston, but he more than offset those slips by his brilliant race at Syracuse where he won in 2:03 1/2, and followed it by a sweep from that point to Atlanta.

Direct C. Burnett leads the pacers in the dollar column. He won eleven of his fifteen races. After his first start at Cleveland where he was drawn, he looked to be unbeatable until Grace Direct caught him on his second appearance at Lexington. This was followed by two more losing performances at Atlanta, where Frank Dewey, after a run in the field for eleven weeks, flashed out in front in 2:01 1/2, while in his second race he lost to Sanardo, his stable companion.

Mignola and Sanardo each won nine races during the season. As has been stated, the former started in ten events, while the San Francisco pacer took the word in fourteen, his fastest performance being at Lexington, where he defeated Adios Guy in 2:00 1/2, after the latter had won a heat in 2:00 3/4.

Royal Mack made the most remarkable campaign ever placed to the credit of a horse of his age. During the fifteen weeks, he was started in fourteen races, of which he won eight, finished second in four, fourth in one, and was unplaced in one, while in his last race at Lexington, this rugged gelding looked as tho he was good for another season or two in the fastest company.

**The Two-Year-Olds.**

The Laurel Hill filly Natalie the Great made one of the most prolonged and successful campaigns ever credited to a 2-year-old trotter. She took the word in ten races, of which she won seven and finished second in three. None of her rivals could catch her until she reached Philadelphia, where Mr. Dudley won. At Boston she won in 2:10, while Daddie defeated her at Hartford and Daystar at Lexington, where Mr. Dudley dropped dead after winning a heat in 2:05 1/2, the race record of a two-year-old this year, and also in an event which proved the fastest four-year-old race on record for foals of that age.

Grace Direct, Dr. Nick, Goldie Todd and Hollywood Kate each won six races at Grand Circuit meetings. Of this list, Grace Direct defeated all of the best class pacers of the year, including Direct C. Burnett, Sanardo and Frank Dewey, while she was only beaten a few inches by Direct J. at Lexington. Prior to the opening of the Grand Circuit, this mare picked up five races on the half-mile tracks, in one of which Symbol S. Forrest won a heat from her in 2:03 1/2. Also after the close of the

Philadelphia meeting, she was shipped to Springfield, Ill., where she defeated Single G. a number of other high class pacers in the free-for-all in 2:00 1/2.

Murphy did not start Dr. Nick until the circuit horses reached Poughkeepsie. He won six of seven starts, his only slip being at Syracuse, while he also showed a mile in 2:04 1/2 at Lexington after picking up three first moneys at Columbus.

Goldie Todd and Molly Knight were the stars of Geers' stable this year. The General Watts filly won seven of her engagements, while Goldie Todd had six out of nine starts standing to her credit when she was shipped to Lexington. Columbus September meeting. Her most sensational race was paced at the Columbus summer meeting when she defeated Frank Dewey at a time when he was booked for a trip in two minutes, while she also won at Poughkeepsie in 2:02 1/2.

**Walnut Hill Cup.**

The time-honored Walnut Hill Cup was awarded Baron Cegantle, as the time in the first three heats of his division of the event was faster than that in which Selka was awarded the honors. This race, with two at Columbus and one each at Poughkeepsie and Hartford, which was for the year up to five firsts out of ten starts, while he was also awarded second position in two other points.

Hollywood Kate and Periscope are stable-companions. The former won six of ten races and made a record of 2:05 1/2 at Poughkeepsie. Periscope closed his season with a win in 2:04 1/2, which was placed after her name when she defeated Molly Knight and Princess Elizabeth in the Kentucky Futurity race. She also won the National Stallion Stake, The Review and Horseman Futurities, as well as the Kentucky Futurity, in which she made a new five-heat race record for three-year-olds and defeated her rival, Syracuse, in the best of heats, one of them being in 2:04 1/2. This mile, as well as the one made by Periscope at Syracuse, equalled the best three-year-old performance in 1918, made by Hollywood Bob when he defeated Chestnut Peter in the National Stallion Stake.

Prince Loree, Frank Dewey, Louie Grant, Roy Gratton, Esther R. and Directum J. each won four races at the Grand Circuit meetings. Of this group, Prince Loree won at the first Cleveland meeting. He did not show in front again until he reached Hartford, where he won in the mud in 2:05 1/2. He also scored twice at Columbus before he placed his name in the list of Transylvania winners, when he reduced her record to 2:07 1/2 with a mark of 2:03 1/2 after it. The unsoundness of his front legs is all that kept him out while the two-year-old trip over the New England half-mile tracks, while this season he set the ball rolling by winning at Cleveland, Kalamazoo and Toledo. His first bump came at Columbus in August, after which he did not show in front again until the horses reached Atlanta. Notwithstanding his doubtful underrunning, Frank Dewey leads the Grand Circuit brigade down the line, the summaries showing that he took the word in sixteen races.

**Triple Winners.**

Of the other starters which were returned as triple winners, Single G. stood in front at the first three meetings, but did not appear again after he was defeated at Columbus, the week after his driver's arm was broken in a wreck at Toledo, while Fenesta won three races, two of them being trotted at Toledo before she showed lame at Philadelphia.

Jack Keith won three races off the track and dropped out while the two-year-old colt, Daystar, kept trying, notwithstanding the backset caused by his sickness standing the bucket shown in front.

When he did he won at Columbus, Lexington and Atlanta and made a record of 2:10 in third heat.

The three-year-old pacing filly, Goldie King won three of her four engagements and reduced her mark to 2:07 1/2. Her last start was made at Columbus where Louie Grant picked up two races before going to Atlanta for a third, while her stablemate, Louie Gratton, won four, two of them being paced at Lexington, while she made a record of 2:02 1/2. Wilkes Brewer was not so fortunate, as she has but three starts to show for ten starts, in one of which she reduced her record to 2:04 1/2. Jess Y. also won three out of twelve starts and cut her record to 2:03 1/2.

Twenty other Grand Circuit starters were double event winners, the list including Joseph Guy, Little Lee, the two-year-old gelding, Mr. Dudley, Anty Guy, Neddie, Belle Alcantara and Don de Lopez with which Murphy won at Columbus and Lexington in 2:03 1/2.

The returns for the season shows that Murphy again stands at the top of the list of money winners. He won 26 events, Cox stands second with 22 and Geers third with 22. Vacante won 12, which does

not include his sweep thru the Great Western Circuit with Prince Hal, Peter Coley and other members of his stable. Henry Thomas also won 12 with the Leighton Hall horses, J. L. Dodge 11 with Periscope and Hollywood Kate and McDonald 10. In the matter of dollars and cents, Murphy is credited with \$84,265, Cox with \$78,093, and Geers with \$41,139.

## Snug and Warm ---and looks like a Million Dollars

YOU fellows who want a coat to keep you warm and yet like good, snappy style, here's your ideal. A thick imported English nap made up in the popular waist-line model. Not a heavy coat, but a sure enough cold-defier, that will keep you comfortable all through the Winter, and have you looking and feeling real prosperous. A mingling of soft grey and green tones in an overcheck pattern, with the grey shades predominating.

You will wonder how we can sell this good one for \$40. Well, we are doing it every day, and if you don't hurry there will not be one left for you.

Lots of other young men's Coats, especially in form-fitting Ulsterettes, at \$35, \$40, \$45 and \$50. Thick imported English naps in plain Greys, Browns and Greens. Some have plain backs, some belted. Some have vertical pockets, others slanting flap pockets. A big variety.

Of course, we have plenty of Chesterfields and Slip-ons for business men and others of quiet tastes.

Come in and see them all.

way it would give Argos and Tigers four victories and two defeats each at the finishing stage of the season. It is likely, if there is a tie only one game is likely to decide it, the loss of a coin showing whether it will be played in Toronto or Hamilton. Montreal and Ottawa have held the limelight in the Big Four race, but they are figured out of now. Of course, they are liable to come along and upset the dope, and Argos and Tigers can take no chances with them. Many a game has been lost by over-confidence, as Argos well know. It cost them a victory in Ottawa, which was just about have given them the title without any worries.

**T. R. and A. A. All the Way.**

It is T. R. and A. A. all the way in the O. R. F. U. senior race. Neither Capitals or Hamilton Rowing club are likely to upset the apple cart as far as the black and white are concerned. Caps figure they will trim Rose Humphrey's team the next time out, and they may, too, but they are few who would like to wager on it. True "Jimmy" Garlick's team will be a lot stronger in their next engagement.

They had a weak team against T. R. in Thanksgiving Day. Caps play Hamilton Rowing Club at Hamilton today, and no doubt the teams will have a merry battle for second honors. As for the intermediate race, it looks like a stiff proposition to call a winner. Dundas won their group by default, and Caps look to have a struggle for the honors in Toronto, Up west, London, Sarnia and Petrolia are having a merry time of it.

**One Ring for All.**

Up in western Canada they are clamoring for one set of rules to govern the game all over Canada, and one union to control the game generally and to arrange play-offs. True, there is a Canadian Rugby Union, but it really only governs Ontario and Quebec. The C. R. U. seems unwilling to get into action to improve conditions and they should be given a jolt to wake them from their sleep. It would be a good thing for the

C. A. A. U. to ask for a general rugby meeting of enthusiasts from all over Canada. The situation could be discussed and a Canadian union organized on the same lines as in the Canadian Hockey Association. Rugby is played in practically every province. It does not need building up, but it does need one body to take hold of things and handle them so a real Canadian champion could be declared. The Canadian champions at present are only champions of Ontario and Quebec, and are not truly representatives of the entire Dominion.

## JIM SAVAGE HONORS HIS NAME IN MOVIES

How Jim Savage, an ex-pugilist, was gadded into a realistic free-for-all by the wiles of a clever moving-picture director is recounted by Herbert Corey. The writer says: "Savage is an ex-pugilist who had been engaged to do a fight scene for one of the company's pictures. He is a big, powerful man, and it was suspected that he would rely upon his ring knowledge and try to avoid injuring his assailant. The director determined to force Savage to lose his temper and fight in earnest."

"We will rehearse the scene today," he said. "Tomorrow we will shoot it."

"Savage began with a grin. But when six men try their best to hit you wherever it will hurt, even the most even-tempered man is apt to lose his temper. He was completely out of his mind. Before two minutes he had passed Savage with fighting with all his might. At three minutes he had a black eye and a badly swollen lip. At four minutes he was completely out and another was on the floor unable to get up. It took all the strength of the stage hands to pull the now thoroughly angered man apart.

"So that was a rehearsal was it?" asked Savage thickly. "When do we have the light?"

"It is all over," said the director complacently.

"Who is the belle tonight?" asked she. As they stood on the balcony floor. He looked around the room to see if. And she speaks to him no more.
