THE EVENING TIMES, ST. JOHN, N. B. WEDNESDAY, FEBRUARY 19, 1908.

The Evening Times.

ST. JOHN, N. B., FEBRUARY 19, 1908.

The St. John Evening Times is published at 27 and 29 Canterbury street, every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd. A company incorporated under the Joint Stock Companies Act.

THE EVENING TIMES, THE DAILY TELEGRAPH. New Brunswick's Independent newspapers. These newspapers advocate British connection. Honesty in public life. Measures for the material progress and moral advancement of our great Dominion. No graft! No deals! "The Thistle, Shamrock, Rose entwine, The Maple Leaf forever."

SCHOOL BOOKS. For twenty-two years the public school readers have been published, and during that period the public school children of Ontario have been required to use inferior readers, and to pay about \$200,000 therefor more than what, in the circumstances, was a fair price.

DR. PUGSLEY AGAIN. Dr. Pugsley opened his Pandora's Box in Moncton last evening. The I. C. R. is to be doubled tracked to Halifax. Although he said in St. John that the bulk of G. T. P. traffic would come here, he told the Moncton people that he hoped "a very large portion of that traffic will be carried through Moncton to Halifax for shipment."

MORE BUNCOMBE. The Sun says that the news that an expert accountant is auditing the provincial accounts has thrown the opposition into a state of panic. Quite the reverse. The young man who arrived from Toronto last Thursday, and left for Toronto again yesterday is almost as much of a joke as Provincial Secretary E. H. Allen.

TIME IS SHORT. Less than two weeks remains for active work in the provincial campaign. It has been said that the same degree of enthusiasm cannot be aroused by either party in a provincial election as in a federal one.

PURITY CAMPAIGN. It is to be feared that the effort of the Moral and Social Reform League to prevent corrupt acts in the elections is not regarded with sufficient seriousness in some quarters. This is unfortunate, and indicates more clearly than anything else the great need for just such an effort.

IN KINGS COUNTY. The success that is attending the canvass of the opposition candidates in Kings county shows that with the withdrawal of Dr. Pugsley from the representation of the county there is a return to sane views of public policy and a determination to aid in securing a better administration at Fredericton.

they have not received value for the money expended by the agricultural department of the province. Moreover, the government ticket is much weaker than that of 1903, when Dr. Pugsley and Mr. Ora P. King were in the fight, and the majority to be overcome is not large. The government is claiming every thing in Kings as in other counties, but that is a part of the game. The people who read in the government press garbled or untrue reports of meetings at which they were themselves present know how much reliance to place in all reports of meetings emanating from that source.

NOT TIME'S SLAVE. A traveler, finding that he had a couple of hours in Dublin called a cab and told the driver to drive him around for two hours. At first all went well, but soon the driver began to whip up his horse so that they narrowly escaped several collisions. "What's the matter," demanded the passenger. "Why are you driving so recklessly? I'm in no hurry." "Ah, give me your seat," retorted the cabby, "I've got to go to the office for the whole day driving you around for two hours! Gitap!"—Philadelphia Ledger.

CURE FOR SOMNAMBULISM. An old farmer takes a great interest in apple growing. One particular variety in his orchard is the pride of his heart and the despair of his neighbors. Schoolboys and others had sampled these particular apples pretty freely, and the farmer intimated that the next trespasser he found in his orchard would see trouble. One morning a neighboring farmer called on him and, in the course of conversation, casually mentioned the sad case of his son. "He's a somnambulist," he remarked, "sleep-walker, you know." "Sorry to hear it," said the old farmer. "The worst of it is," continued the other, "the boy is passionately fond of apples, and I'm afraid that one of these nights, you'll catch him in your orchard. You see how I'm placed. Now, if you should catch him, don't wake him for the world. It's dangerous." The old farmer rubbed his chin thoughtfully. "Why, you see," he said at length. "I hardly know what to say. I've a bull dog with a what-d'ye-call-'em?—a somnambulist, an if he gets on 'em, he's likely to go bodily 'em on 'em." They never met.

STEAMSHIP MEN WILL CUT WAGES Longshoremen's Rates at Quebec To Be Reduced 12 1/2 Cents An Hour—Slack Trade the Reason.

Montreal, Feb. 18.—A counter blast to the demands of the longshoremen at Montreal and Quebec for increases in pay was fired here today by the steamship interests, when they agreed to combine and temporarily resist further demands for more money, but to make a cut in the present rates of pay. The move was inaugurated by the Shipping Federation but the Canadian Pacific and every other big line that uses eastern Canadian ports joined it.

It was decided that the wages to be offered the Montreal longshoremen for the coming season should be twenty-five cents an hour for day and thirty cents an hour for night work, with a bonus of two and a half cents an hour to be paid to all men who worked steadily through to the end of the season, the bonus to be paid at the close of navigation. This is a cut of two and a half cents an hour and roundly means more than a big cut for the Quebec men, who have been getting 37 1/2 cents an hour for day and 42 1/2 cents an hour for night work, so that they will have to face a decrease of 12 1/2 cents an hour, while at this very time they are considering a demand for five cents an hour more.

MAYOR'S TRIP WAS EXPENSIVE Halifax Mayor Spent \$400 on Trip to Winnipeg—Must Refund It Now.

Halifax, N. S., Feb. 18.—By a decision of the supreme court of Canada, delivered today, Mayor Macleith will have to refund to the city of Halifax the sum of \$400 paid by the city for his traveling expenses in attending the convention of the Union of Canadian municipalities held at Winnipeg in 1905. The suit for the restitution of the money was begun by the late R. I. Hart, who instituted an action in the supreme court against Mr. Macleith, claiming that the payment of the expenses of the trip out of the city treasury was illegal, not being provided for by the statute, and therefore could not legally be assessed for the ratepayers of the city. The action was tried by Judge Meagher who gave judgment dismissing the same, on the ground that the attorney general, who had not been joined, was a necessary party to the suit and as he did not appear on the record as a party to the institution of the proceedings the action should be dismissed.

Mr. Hart appealed to the supreme court, and the full bench overruled the decision of Judge Meagher and ordered that judgment be entered up for the plaintiff, and that Mayor Macleith refund to the city the money paid for his travelling expenses to Winnipeg. From this decision Mayor Macleith carried an appeal to the supreme court of Canada. The appeal was argued in November last and judgment reserved until today, when the court delivered judgment affirming the decision of the supreme court of Nova Scotia. As a result Mayor Macleith will not only have to refund the sum of \$400, but also will be compelled to pay all the costs of the suit in all the courts the matter was heard.

WOMEN'S CLUBS AND THE SUFFRAGE MOVEMENT

Miss Mabel Peters Calls Attention To a Striking Article by a Michigan Suffragist On the Duty of Womanhood In This Matter.

Cocoa, Florida, January 28th, 1908. Editor Times: Sir--Knowing that the Women's Clubs of St. John are to be asked by the Suffragists to endorse their petition to the legislature for full parliamentary suffrage, and knowing, as I do, the avowed "conservative" sentiment of some of the Women's organizations only too well, I feel that the following, taken from an article by Mrs. Rose E. Helme, in the Michigan Patron, of Jan. 1st, is very appropriate to the situation.

MABEL PETERS.

THE "CONSERVATIVE" WOMAN'S CLUB.

There are certain women's clubs, even as there are certain individuals who seem, by some imposed process of reasoning (or lack of reasoning), to have acquired the idea that to call themselves "conservative" is to rate themselves as something superior to the so-called "common class" -- that great army of struggling striving human beings who are doing most of the world's work and who are directly responsible for most of the world's progress and achievement. The universal upward movement of woman-kind today has no stumbling block in its way of so serious proportions as this conservative woman's club. It has no enemy (unless it be the saloons) so crafty and so powerful as this same "conservative" woman. There is no other one thing which would have so powerful an influence in the elevating of our moral standard, as the universal enfranchisement of women, a casting off of the fetters, mistakenly formed, which have since time began bound her--not the body, but the soul--to a life of narrow creeds and limitations. But the circle of her limitation is ever widening by sheer force of necessity, and it is merely a question of time when she will come into her full inheritance. The average man of today means to be just and broad and would, I feel sure, welcome woman to a place by his side, but this "conservative" will not have it so; not only does she insist on staying in the rear herself, but she will use her combined influence to keep the great sisterhood of women in moral slavery. And the very women who are doing this are the women who, in each instance, are of superior intelligence, moral integrity and religious devotion. This is why they who are in the ranks are double edged, and why they

should think seriously before throwing their influence into the balance. In support of my statements I wish to quote the best authorities define "conservative" as "adhering to the existing order of things, opposed to change; hence, often opposed to progress. Look about you, yes, and look backward into the pages of history, who are the ones who have stepped bravely from the ranks and led the procession onward in the great march of civilization. Is it the "conservatives" or is it the thinkers, the solvers, the do-and-dare souls who have lost sight of self in striving for universal betterment. Remember the greatest soul is always the one with the broadest conception of individual liberty. Show me one "conservative" who has marched one mile along the highway of progress and I will show you a dozen anti-conservatives whose influence has belted the globe. To return to the question at issue--the suffrage question--all of the really great men, the great women, the great teachers, the great ministers, the great reformers, the great statesmen, the great poets, past and present, have been, and are, in favor of suffrage for women. It could not be otherwise, for the real student soon discovers that the only real argument in the case is that it is "everlastingly right."

All other puny arguments and excuses are soon swept away in the light of this one great truth. It is not a question of asking for any rights which would be impossible, that would be impossible. It is merely the question of using the rights and privileges bestowed upon us by our Creator. When a body of intelligent and cultured women express a desire to remain in a class with the disfranchised citizen, they are to say the least, seeking society that is anything but elevating; the savage, the idiot, the criminal, the slave (if such there be) the insane. We all know that the most humiliating punishment that our government can inflict upon an intelligent citizen is to take from him the right of citizenship to disfranchise him, and to make of him an outcast and a nonentity. To the women's clubs who have not "studied this subject I would respectfully suggest that they lay aside for a few sessions, the study of ancient history and things remote, and give their attention to the pressing needs of the day, so that they may be prepared to throw their influence without hesitation on the right side of any question submitted to them. LECTURE BY H. A. POWELL

Appreciative Audience Hears Talented Speaker in Stone Church School Room.

An interesting and instructive lecture dealing with Some Forgotten Events in History, was delivered by H. A. Powell, K. C., in the school room of the Stone church last evening before a large and representative audience which followed the lecturer with marked attention. In his subject he included reference to the far reaching effects of the black death in the middle ages, the pathetic incidents in the children's crusade and the recent discovery of the ancient land of Ophar. Mr. Powell dealt with each in a manner which showed his thorough grasp of history, and his well known ability to present facts in a way to entertain his hearers.

J. Roy Campbell, president of the Church of England Institute, under whose auspices the lecture was held, occupied the chair and briefly introduced the lecturer.

The far reaching and lasting effects of the black death on the English people was the first subject dealt with by Mr. Powell. After speaking of the enormous mortality resulting from the plague, by which England lost about 2,000,000 of her population, he went on to show how in 1339 this event led to the passing of the statute of laborers in order to prevent combinations and an abnormal increase in wages. In this connection he pointed out that in Canada the direct result of this legislation to prevent combinations had only quite recently been repealed. The deleterious effect on the clergy from all sorts of undesirable people being rushed into the church was also referred to. The church was also referred to, which England back some 150 years in the scale with the result that it was not until the days of Queen Elizabeth that she recovered.

Mr. Powell then turned to the consideration of an event which he described as one of the most remarkable of city periods in history. He directed his hearers attention to the history of a ruined church on the island of Saint Pietro, off the coast of Sardinia, which was erected by direction of Pope Gregory as a memorial to hundreds of children who perished at sea while bound on a crusade to the Holy Land.

Dealing with the remarkable story of this crusade he graphically told how through the preaching of Stephen, a shepherd boy, 30,000 children banded together in France with the idea of conquering Palestine by the force of their innocence; how in Germany Nicholas, a boy orator, gathered together another 20,000 children and how yet a third band making 50,000 or 70,000 children in all, set out on a march to the Mediterranean. Of the first German contingent thousands died from hardships and starvation; the second embarked from the south of Italy and was never heard of again. The children of the French crusade fell into the hands of two designing villains who, after undertaking to provide ships to convey them to Palestine, landed seven shiploads in Egypt, where the children were sold into slavery. Two other ships were never heard of and years afterwards the Church of the Innocents was erected on Saint Pietro to the children's memory.

The third forgotten event had reference to the gold industry of Ophar, which was carried on by the ancient Phoenicians in the days of Solomon. The whereabouts of Ophar, the lecturer said, had been a mystery until quite recently and he proceeded to give an entertaining account of discoveries of ancient gold workings and cities in Rhodesia which proved beyond question that a large area in that country abounded in unmistakable traces of the presence of the Phoenicians and their predecessors, the Sabeans Arabs.

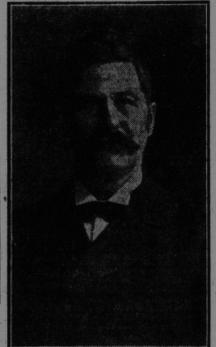

In closing Mr. Powell said the complete disappearance of the highly civilized Phoenicians and the fact that they had been succeeded by a black race in Rhodesia afforded much food for thought.

J. K. FLEMMING'S CHALLENGE TO THE PREMIER

Hon. C. W. Robinson Must Make Good or Retract.

Mr. Fleming Invites the Premier To Hold Joint Debate With Him in St. John On the Provincial Finances.

Hartland, N. B., Feb. 18.--Interviewed by your correspondent as to whether he would let the matter of challenging the premier to meet him on the public platform rest, J. K. Fleming, M. P. P., re-

J. K. Fleming, M. P. P.

plied emphatically that he did not intend to do so.

"Yesterday," said he, "I wrote the premier and as the letter is not a private one The Telegraph is at liberty to print it."

He produced the document and the following is an exact copy:

"Dear Sir:

"On Jan. 1st last you characterized statements made by me which appeared in The Telegraph of Dec. 31 re provincial finances as 'unparalleled misrepresentations and an insult to the intelligence of the people.' I invited you to meet me in St. John and thus give you an opportunity of discrediting me before the people of the province, if your words were true or justified.

"I wish now to advise you that I will be in St. John for a public meeting on Feb. 21st next, when I will refer to this matter and I ask you to come there and on a common platform make good your words.

MONCTON SMALLPOX AND THE BOARD OF HEALTH Because of there being several smallpox cases in Moncton the St. John board of health held a special meeting yesterday afternoon to discuss the situation as affecting St. John. A report from the Moncton board of health was received, stating that there have been seven cases in four houses, that all the cases except one have been placed in isolation hospital, that all precautions have been taken and that the situation is not alarming. Dr. Fisher, secretary of the provincial board of health, was also communicated with. The St. John board had met to discuss the advisability of placing a medical man on the trains but this was considered as unnecessary as matters now stand. John E. Ryan, of Norton, was in the city yesterday en route to Boston, where he will visit for two weeks. Col. D. McLeod Vines, of Woodstock, was in town yesterday.

\$390,606.10.

In the Auditor General's Report, the above amazing sum is alleged to have been expended on Roads and Bridges throughout the Province, during ONE YEAR, 1906:--

Table with 3 columns: Item, Amount, Report Page. Includes Ordinary Bridges, Wharves, etc. (\$94,826.20), Permanent Bridges (79,297.47), Road Superintendents (72,724.41), Special Expenditure Roads (5,339.10), By Roads, St. John Co. (2,410.20), Advance from 1907 on Account (69,999.00), Municipal Grant (66,009.72), Total 1906 expenditure (\$390,606.10).

Remember, this immense sum--representing as it does 44 per cent. or almost ONE-HALF OF THE TOTAL REVENUE OF THE PROVINCE--was mostly given by the Government to its own adherents as PAYMENT IN ADVANCE for such wretched work as our people have seen for themselves and suffered through--or, work that was never done at all! Thus did the Government ruthlessly sacrifice on the altar of Graft, the vital interests of the whole community of friends and foes alike--and this. SOLELY THAT A LIMITED FEW OF ITS INDIVIDUAL ADHERENTS MIGHT REAP A DISHONORABLE REWARD.

Does the present lamentable condition of our roads and bridges yield the slightest evidence of the HONEST expenditure of the above amount by the Government?

FARMERS, what do YOU think about it? COUNTRY PEOPLE generally, what have you to say? Is it not time you had a Government which would consider the interests of ALL, rather than the interests of a few favorites in each constituency? Then

Splendid Opposition Meetings in Centreville, Red Head and Westfield --- Opposition Candidates in Victoria Ward--- Grand Ring of Victory All Along the Line.

In York County

Fredricton, Feb. 18--George W. Dunbar, of Toronto, accountant, who has been here since Thursday auditing the government accounts, finished his task today and left for home this evening.

Where Mr. Flett Stands

T. W. Flett, who has been charged by government soters with having childishly changed his politics because he wasn't nominated, a charge that is libellous, gave the government candidates a bad quarter of an hour at his Nelson meeting.

Dr. Pugsley's Coat-tails

Although two liberals have been placed on the opposition ticket, to meet the demands of the large liberal wing of the party, and although the caucus for government convention was not issued by the liberal executive nor in the name of the liberal party, the hope of getting the election into federal party ruts has not been abandoned.

The Central Railway

Time and again Mr. Pugsley told the public that the N. B. Coal and Rail way Company would before long be taken over by the Grand Trunk Pacific and form part of its route.

"I make this statement, knowing its great importance. I say with the utmost confidence from conversations I have had with the premier, the minister of railways, the minister of finance, and with the manager of the Grand Trunk Pacific, that the road will be taken over by the Grand Trunk Pacific."--Official report of budget speech, 1907.

The intention to be drawn from this statement, and the only inference which Mr. Pugsley intended the public should draw from it, was that the line of the N. B. Coal and Railway Co. was shortly to be accepted the verdict of the president of the Grand Trunk Pacific that the N. B. Coal and Railway Co. line is only a temporary detour from the main line of the Transcontinental road which was completed.

Dr. Pugsley in Moncton

Moncton, Feb. 18--Dr. Pugsley, minister of public works, arrived in the city this afternoon from Chatham and tonight addressed a meeting in the government club rooms. J. D. Phinney, of Fredericton; Premier Robinson and J. T. Hawke, who presided, also spoke.

Mr. Hazen in Centreville

Centreville, N. B., Feb. 18--J. D. Hazen was the principal speaker at an enthusiastic meeting in the interests of the local opposition which was held in Sherwood's Opera House here this evening.

In Victoria Ward

That Victoria ward will swing into the opposition column on March 3 was the keynote of an enthusiastic meeting held in the Victoria rink last evening.

though it was late before the meeting broke up. W. S. Clawson occupied the chair and spoke, telling of many reasons why the government should be defeated and giving the opposition candidates a strong recommendation as men of weight and integrity who as representatives would reflect honor upon St. John.

John E. Wilson was heartily received. He spoke on the school question and criticized a letter in last night's Star, saying it was merely a defence of the combine written by a friend of the 'grawlers' ring.

Robert Maxwell, M. P., spoke at considerable length. He denied the assertion of Hon. Mr. Maxwell that the opposition had adopted the policy of the government. On the contrary, the government had acted upon suggestions by Mr. Hazen.

Mr. Maxwell also spoke of Senator King's speech at Chatham Saturday night and the opposition candidates stated last evening that the prospects for victory increased as the day grew nearer.

Mr. Maxwell left this morning for Chatham, where he will assist the winning forces of the school book extension. He will address a meeting tonight.

Friday Night's Big Meeting The opposition party in St. John city will hold a monster rally in the Opera House on Friday evening, when J. D. Hazen, opposition leader, and J. E. Hazen, M. P., will be the principal speakers.
