EXPLANATORY REMARKS.

In the foregoing table the rates under the head "*Imperial*" are the duties imposed by the Parliament of Great Britain, and those under the head of "*Colonial*" are the duties imposed by the Parliament of Canada. An additional column is given, showing, where practicable, the total amount of duty on articles in dollars and cents, but where one duty is *ad valorem* and the other specific, this column only represents the specific duty.

The duties imposed by Colonial are in addition to those imposed by Imperial enactment. The *ad valorem* duties under the Imperial Act are calculated by adding 10 per cent to the invoice price, and those under Provincial enactment on the actual cost of the articles where purchased, except as respects Eggs, Game Poultry and vegetables, the duties on which are calculated upon the value of the articles at the place of importation, such value being generally ascertained by adding 10 per cent to the actual cost.

Specific duties are taken in Sterling at the rate of 24s 4d Currency to the pound sterling.

Bonds may be taken for the payment of Provincial duties when the amount exceeds fifty pounds currency, excepting those upon the following:—Hay, Hops, Poultry and Game, Vegetables, and the articles which are mentioned under the respective heads of Grain and Provisions.

Goods may be warehoused at any duly constituted warehousing port. and may be entered at any frontier port, under bond, to be passed on for that purpose.

The Congress of the United States recently passed an Act allowing Drawback on merchandize exported to the British American Provinces, but goods imported in this manner pay both Imperial and Colonial duty, whether they were originally the growth, production or manufacture of the United Kingdom or of any of the British Possessions, or of foreign countries.

Hardware is understood to include every kind of goods manufactured from metals.

With reference to the exemptions from duties of persons coming into the Province as settlers, in the opinion of the Law Officer of the Crown, Cattle and live stock of all descriptions, such as Horses, Cows, &c., when brought in for the use of persons coming into the province for the purpose of actually residing therein, do not fall within the meaning of the words, "other personal effects," nor within any of the exemptions specially mentioned in the schedule annexed to the above mentioned Act, and are consequently subject to duty.

POST OFFICE REGULATIONS.

Letters sent by post in Canada, and the other Provinces in British North America, are charged by weight.

The scale of weight for charging postage is the same as that by which letters to and from the United Kingdom, *via*. Halifax, are at present charged, viz:—On a letter not exceeding half an ounce in weight, one rate of postage. Exceeding half an ounce, two rates. Exceeding 1 ounce, 4 rates. Exceeding 2 ounces, 6 rates. Exceeding 3 ounces, 8 rates. And for every ounce above four ounces, two additional rates are chargeable, and every fraction of an ounce is chargeable as one additional ounce.

The *rates* of postage charged on letters conveyed by the post, to and from any of the post-towns in British North America, remain unaltered.

Letters to or from the United Kingdom, *via*. the United States, whether conveyed by packet-boat or private ship, are chargeable with 2d sterling (2½d currency,) the half-ounce, as Colonial postage, to or from the frontier line, and so in proportion, according to the scale above expressed. *Note*.—The American postage on such letters is to be paid, or pre-paid, as the case may require.

For every Colonial newspaper, *not exceeding two ounces in weight*, sent by the post between any places in British North America, the rate is one half-penny currency, *to be pre-paid or not at the option of the sender*.

For every such Colonial newspaper sent from Canada to a British Colony beyond the sea, when not intended to pass through the United Kingdom, or to any foreign country (the United States excepted), one half-penny currency, to be invariably pre-paid at the time of posting. *Note.*—In addition to any foreign or sea-postage to which it may be liable.

For every such Colonial newspaper, sent to any part of the United States, one penny currency to be pre-paid.

United States newspapers, brought by the ordinary post to this country, will be liable on delivery to a provincial rate of one penny currency, in addition to the United States postage which may be due thereon.

Colonial newspapers, addressed to the United Kingdom, or to any British Colony, by way of England, and British newspapers sent by post from the United Kingdom to any part of Canada, are exempt from any postage charge.

With the exception of Colonial newspapers addressed to the United Kingdom, and British newspapers addressed to Canada, which are not limited as to weight, a newspaper, to pass under these regulations, must not exceed the weight of 2 oz.s, otherwise it becomes liable to pamphlet postage.

British and foreign newspapers, including newspapers published in the United States, if posted in this province, are liable to full letter postage.

Every supplement, or additional sheet to any newspaper, is to be deemed a distinct newspaper, and charged accordingly.

Pamphlets and Publications printed in the United Kingdom, or in British North America, or in the British West Indies, posted in Canada, may be sent to another place in British North America, or to the United States, or to a place in the British West Indies, at the reduced inland rate of one penny per ounce in addition to any charge of sea postage, provided they do not exceed the weight of sixteen ounces, beyond which it is expressly ordered that no pamphlet or publication shall be forwarded by the post.

Pamphlets and publications printed in the United Kingdom, and brought by post or otherwise for delivery in this Province, will be liable to the above rate of one penny per ounce for conveyance through the post in British North America. *Note.*—Less weight

than one ounce will be charged as one ounce.

Pamphlets and publications printed in the United States, and brought by post from thence into this province, will be liable, on delivery, to the rate of one penny per ounce, Colonial charge; but if posted in Canada, such pamphlets or publications will be liable to full letter postage.

No printed newspaper, supplement to a newspaper, votes or proceedings of any Colonial Legislature, pamphlets or publications can be conveyed by the post at the reduced rates laid down in these instructions, unless they are sent without a cover, or in a cover open at the ends. If this is not done, or if any writing or marks appear upon the cover, or upon the papers, votes, &c., except the address, the whole packet becomes liable to full letter postage.

2. And be it enacted, That for and notwithstanding as aforesaid, and in addition to the purposes for which the District Councils are by the thirty-ninth section of the said Act empowered to make By-laws, each District Council shall have power by a By-law or By-laws to be passed from time to time, to fix the site of a Town Hall and the place for holding the township meetings in each or any Township in the District; and all Township meetings authorized by law shall thereafter be held at the places so appointed, and not elsewhere.

3. And be it enacted, That for and notwithstanding any thing in the twelfth or in the fiftieth section or in any other part of the said Act, it shall be lawful for any District Council, in its discretion, by any By-law, to be passed for that purpose, to allow each Member of such Council a sum not exceeding six shillings and three pence for each day he shall actually sit in Council, to be paid out of the District Funds in such manner and on such conditions as shall be directed in such By-law; and such By-law may or may not, in the discretion of the Council, be made to apply to the meeting at which it shall be made, but shall not apply to more than four half-yearly meetings after that at which it shall be made, and to such duly authorized extraordinary meetings as shall be held before the last of the half-yearly meetings to which the By-law shall be made applicable, and which shall be therein clearly stated.

FRUIT TREES, & c.

ERIE COUNTY NURSERY.

BUFFALO, N. Y.

The Proprietors of this establishment, offer for sale a large and choice collection of *Fruit and Ornamental Trees, Evergreens, Flowering Shrubs, Roses, Bulbous Roots, Hardy Herbaceous Plants, Grape Vines, Gooseberries, Raspberries, Strawberries, Green House Plants, &c.* Our stock of Fruit Trees now embraces all the leading and best fruits of the country, and a large proportion have been propagated from bearing trees, whose excellence have been satisfactorily tested by the proprietors.

It is well known that trees raised at this point, are perfectly hardy, and are well adapted to the climate of the West and Canada; and situated as we are, at one end of the great Lake Route, we are enabled to forward trees to any port on the lakes at least ten or twelve days sooner than eastern nurseries, whereby much time, risk and extra expense is saved.

Trees, plants, &c., will be labelled and properly packed in bundles or boxes, and forwarded agreeable to order. Persons ordering trees who are not familiar with the different varieties of fruits, may leave the selection with the proprietors, who pledge themselves to send none but those of acknowledged excellence.

Orders accompanied by a remittance or satisfactory, sent direct to us, will meet with prompt attention. Catalogues may be obtained gratis of the proprietors by mail.
