INTRODUCTION.

In presenting our Annual Report we desire to acknowledge our hearty thanks to Almighty God for his mercies and blessing vouchsafed to us in our mission fields during the past year. The Missionaries have gone to their work, in some instances, 'weeping, bearing precious seed,' and they have come up 'rejoicing, bringing their sheaves with them.' Souls have been converted to God. The song of new-born babes has made the wilderness resound with praise; and an increase in members and a growth in spirituality have gladdened the hearts of the laborers, in most cases, more than compensating them for their privations and toil.

Of course, many difficulties have been in the way, and there has not been all the result of our labor manifest that our hearts could have wished; nevertheless, they are no greater than those experienced by our fathers.— They toiled, they endured privation, they suffered, they denied themselves in opening up the frontier of this Province to the Gospel. They have gone to their reward; but they have left to us, their children, as the fruits of their toil, large and flourishing circuits. Shall we then be discouraged? Never. The fields are whitening to the harvest, and with steady persevering efforts on the part of this society and its patrons, with a hearty consecration of its Missionaries to God, and a devotedness to the work, we trust the day will soon dawn when every part of the interior of this land shall enjoy the blessings of the Gospel of peace.

We heartily thank our friends for the increased liberality of the past year, by which the debt has been reduced. Similar extra exertions for a year or two more would free the Society from debt. We remember our privileges and our obligations; we have not merely a Province, but a wide-spread Dominion lies before us for cultivation. Let us, in the name of the Lord of hosts, take possession of this land.

We have subjoined a brief synopsis of some of our fields of labor.

BAY QUINTE CONFERENCE.

HUNGERFORD.

This Mission embraces parts of the Townships of Hungerford, Elziver, Kaladar, Barrie, Anglesey and Kennebec. There are 14 appointments, 12 classes, and 172 members. There is one chapel and a full Board of Stewards. Upon the whole the work is prospering.

TAMWORTH

Is in a flourishing condition. It has enjoyed peace and prosperity during the past year. A good Sabbath School has been organized in the village of Tamworth, and a good revival held, resulting in an increase of twenty-three to the membership. The connectional claims have been met, and with good care we think another year will free it from all embarrassment.

KENNEBEC.

This Mission proper, situated in the Townships of Kennebec and Olden, has been occupied for ten years. The charge is gradually increasing, and a growing attachment to the institutions of our church is manifest. We have a church and parsonage; also grounds for another church. There are nine appointments. This Mission has been extended, since October last, into the Townships of Oso, Bedford, Dalhousie and North and South Sherbrook, thus opening an entirely new field, consisting of twelve appointments. There are two Sabbath schools, upwards of thirty members, and many warm friends. The labors of the missionary have been excessive, but blest and owned of God.

GANANOQUE.

Gananoque has enjoyed a good measure of success during the past year.—The increase in membership has been 15 per cent. All the financial interests of the church have been well sustained—the Missionary Society itself in an unparalleled manner on the charge. The financial claims have all been met. The want of a central church and parsonage in the village of Gananoque is still severely felt. Steps, which it is fondly hoped may prove successful, have been taken in regard to the erection of a church.—The Missionary in closing up his second year cannot present a more correct account of this mission than is presented by the following:—Membership, 115; Preachers' claims, \$400; Presiding Elder, \$27.50; Missionary Money, \$100; for *C. C. Advocate*, \$50; Centenary, \$200; and for Church erection, \$265; Superannuated Fund and Contingent Fund paid,

WOLFE ISLAND.

Wolfe Island is still growing in interest and ability. There are seventy members, six appointments, and a liberal and willing people on this charge. The institutions of the church are well sustained; the missionary made comfortable and happy; and altogether, it is a desirable field of labor.— Both of the above charges are now more than self-sustaining.

ROXBORO.

This Mission is a large and extensive field of labor. The dark clouds which have overhung are gradually being dispersed, and to some extent the reviving showers of grace have warmed the hearts of the brethren and friends. All the demands against the church property have been met, the preacher comfortably sustained, and altogether, an united effort has been put forth to sustain the cause of God.

WESTMEATH

Has enjoyed some prosperity, having added one appointment and class.— Membership 78. There is a church and parsonage at Beachburgh, valued at \$1,000. The congregation has increased, and there are prospects that it will soon become a self-sustaining charge.

ARNPRIOR

Mission is situated in the County of Renfrew, and consists of one appointment, besides the village. The past is the first year of its separate existence from Huntley. The church property, now free from debt, is worth ten or twelve hundred dollars. Improvements, such as the planting of groves, &c., are being made. A very promising Sabbath school has been organized during the past year. The congregations have increased finely; and altogether, the work is prospering. We are looking forward, to no very distant day, when this little society shall have increased sufficiently to become self-sustaining.

HUNTLEY.

Mission is a new field of labor of but one year's existence. It has two appointments in Fitzroy; two in Huntley, and one in March. We have nicely seated our church and commenced the erection of a parsonage during the past year. Owing to the sickness of the missionary's family and other unavoidable circumstances, there has not been many accessions to the church. This we regret; but with proper care and God's blessing, Huntley will soon be a good mission.

RICEVILLE.

We have 4 classes, 53 members, a parsonage, a chapel, and a board of Stewards. This is truly a hard and laborious field. Little can be done during the winter, the lumbering interest taking up the attention of many of the inhabitants. The missionary reports no numerical increase, but an evidently increasing interest in salvation is apparent. Though piety is yet in a low state, tokens of revival are manifest, and the congregations are somewhat increasing. Financially, its condition is fair. May God crown the efforts put forth with abundant success.

EGANVILLE

Extends over two Townships, Wilberforce and Bromley; has six appointments—all on Sabbath—one church, and a parsonage. A slight increase in membership, making the number at present 71. We have some good people on this mission.
