LEAGUE TO SIT ON GRECO-BULGAR CRISIS

BRIAND CALLS COUNCIL MEET FOR NEXT WEEK

Bulgarian Protest to Be Considered On Monday

POWERS WARNED

Meanwhile Hostilities Cease, Greece Holding Positions They Have Occupied

PARIS, Oct. 23—Foreign Minister Briand, as president of the League of Nations council, has called a meeting of the council for next Monday in Paris to consider the Greco-Bulgarian crisis.

In addition to convening a special session of the League Council, M. Briand, as president of the council, has dispatched notes to both the Athens and Sofia governments, reminding them of their obligation under the league covenant to settle disputes amicably.

Bulgaria's appeal to the League was made under articles 10 and 11 of the league covenant.

Article 10 binds the members of the League to preserve the territorial integrity and political independence of all the members against external aggression.

Article 11 says that "any war or threat of war, whether immediately affecting any of the members of the League or not, is hereby declared a matter of concern to the League, and the League shall take any action that may be deemed wise and effectual to safeguard the peace of nations."

HOСТИЛИТИES CEASE. ATHENS, Oct. 23.—Hostilities between the Greeks and Bulgarians appear to have ended for the time being at least. The Bulgarians are said to have evacuated the positions they held on Greek territory and the Greek government has issued orders to its forces to stop their advance and to make no further move against the Bulgarians.

VIENNA, Oct. 23.—The latest advice received here from Sofia regarding the Greco-Bulgarian affair, say that the Greeks are advancing rapidly, and that the main body of them already has penetrated ten miles into Bulgarian territory.

LONDON, Oct. 23.—A despatch to the Exchange Telegraph Company, from Athens, says that the Greeks had four killed and eight wounded, one of the latter a captain, during the fighting yesterday, which ended in the Greeks recouping post sixty-nine, at Demir-Kapu.

SOFA, Oct. 23.—A despatch to that Greek troops bombarded the Bulgarian Telegraph Agency says villages of Marasestino, Maritopolis and Strouma Valley, in addition to Petrich. The Bulgarians are reported to have abandoned Marasestino.

LADIES COLLEGE FOR WINNIPEG PLANNED

Project Under United Church Will be Welcomed, Declares Sir James Aikins.

WINNIPEG, Man., Oct. 23.—Winnipeg may have a ladies' college in the near future, established under the United Church. A motion asking for the appointment of a committee of seven to consider all phases of the question as to desirability and possibility was moved by Principal Mackay of Manitoba College and seconded by Sir James Aikins, and was unanimously adopted by the Manitoba Conference of the church.

Britain's Mystery Plane Is Total Wreck After Crash At Baltimore

MELITA OFFICER PLACED ON TRIAL

Scores Reported Killed And Injured at Egyptian Fair; Million People In Attendance

LONDON, Oct. 23.—Reports reaching London of panic and death at a great religious fair held at Tanta, Egypt, vary in their estimate of the number of killed and injured. While an Exchange Telegraph despatch says 54 were killed and 40 injured, the Daily Express correspondent at Cairo asserts that 54 were drowned and scores trampled to death, when crowds

Nets \$100,000 In Six Months In Land Deals

NEW YORK, Oct. 23.—Broke six months ago, Osborne Cutler Wood, son of Major-General Leonard Wood, says that he has made \$100,000 in Tampa real estate. He declares that the \$100,000 is the first installment he is going to get back of nearly \$1,000,000 which he made in Wall Street and lost at the gaming tables of Athens, Cannes and Deauville. On arrival in Florida from Cuba on a tramp steamer, six months ago, he got a job as real estate salesman at \$500 a week with D. P. Davis, who was selling hot dogs on a street corner a few years ago.

STAY PRESBYTERIAN Influential Nfld. Congregation Rejects Union—Toronto Pastor to Remain.

ST. JOHN'S, Nfld., Oct. 23.—The congregation of St. Andrew's church last night decided to remain Presbyterian. St. Andrew's is one of the most influential congregations in the colony. It includes more than 250 families and last year almost \$20,000 was raised for all purposes. Rev. Robert J. Power, the present minister, came here about five years ago from Toronto and it is understood he will continue as pastor.

Fairly Good Winter's Work For Saint John Dry Dock; Canadian Ports Patronized

BY A. M. BELDING Staff representative of The Telegraph Journal and Evening Times-Star, who is now on an active canvass of the Canadian ports.

TWO large manufacturing concerns told me today that they patronize Canadian ports rather than American at some cost to themselves. James Mayor, for the Sheet Metal Products Co., Ltd., said they had done some export business through New York last year because a much lower rate was offered, but they were given some concession and returned to the Montreal route. All their imports come through Canadian ports. Mr. Mayor recalled that W. S. Fisher had once written him urging the use of our own ports, and the company very strongly favored that policy. Mr. Ferguson, speaking for Palmolive Company, Ltd., said they were using Canadian ports at some sacrifice. They had done some business through American ports, but turned again to our own and were keenly desirous of doing what they could to build up Canadian ports. He was greatly interested in the story of the situation in the Maritimes, and declared my mission is one of real national value.

Further information on the question of importing hides from South America by the American route was given me by J. Liddle of A. R. Clarke Co., Ltd. He said the only basis on which the South Americans would sell hides was that of cost and freight, New York or Boston. There was no alternative. What might happen if a Canadian service were established and Canada went after trade generally in South America he could not say. His company only used American ports because they must.

IN conversation with young business men of Toronto I find they are not at all well-informed regarding the Maritime situation. Two with whom I talked today seemed puzzled to know why our rich resources were not making more headway. When their questions were answered, however, they agreed that the situation was one calling for national effort to improve conditions.

TOWERS FACES 9 MAGISTRATES; IS REMANDED

Alleged Murderer Of Captain Clews Is Dazed

CROWD AT COURT

Large Throng Surrounds Building But Only Few Gain Admittance

SOUTHAMPTON, Oct. 23.—Thomas August Towers, first officer of the Canadian Pacific liner Melita, was arraigned in police court here, today, and remanded for one week on a charge of murdering Captain Arthur Hayward Clews while the vessel was at Antwerp. Towers looked dazed, but made no sign when the charge was read.

The police did not lodge any charge against Towers with regard to the leather dress shoes which were in striking contrast with his gold braided uniform, the uniform being a little the worse for wear.

9 NINE magistrates were on the bench, one of them being a woman. As Towers faced the court he appeared slightly dazed though seemingly self-possessed.

The proceedings occupied only a few minutes. The prisoner made no sign of being concerned when the charge of murder in connection with the death of Captain Clews was read by the clerk of the court.

The prosecuting counsel intimated that he was not prepared to proceed with the trial today and asked that the prisoner should be remanded for a week. No objection to this request was offered by Towers' counsel. No evidence was taken.

MELITA SAILS. The Melita sailed for Canada today under Captain Freer, successor to Captain A. H. Clews, who was shot and killed on board the Melita October 21.

Captain Freer joined the Canadian Pacific steamship services in 1899. He served with the British Admiralty during the war.

NEW YORK, Oct. 23.—Physicians of the Memorial Hospital, New York, announce that by filtering out 90 per cent. of the caustic beta rays emanating from radium and the high voltage X-Ray tube, and using principally the heating and stimulating gamma rays, radiation treatment of cancer of the tongue, lips, nose, ears or other parts of the head, has been greatly improved.

Train Derailed In Iowa; One Injured

WATERLOO, Iowa, Oct. 23.—Great Western train No. 56, St. Paul to Chicago, was derailed at Hudson, Iowa, eight miles south of here, early today. The engineer, Jim Liddel, was the only one injured. His injuries are not of a serious nature.

Returning Officer Declines To Attach Candidate's Deposit

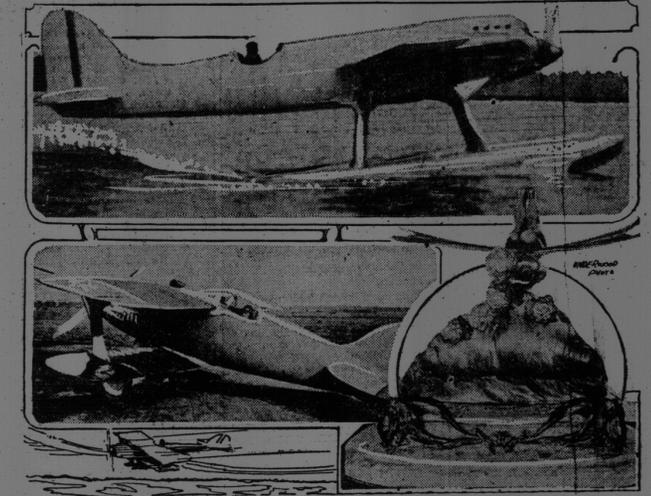

VANCOUVER, B. C., Oct. 23.—Whether the \$200 deposit of a candidate for federal election can be attached for garnishee proceedings is a legal point raised here by Mrs. Maria Isles, who has instituted action against W. E. Banton, announced Independent Conservative candidate for Burrard constituency, who withdrew before the official nominations closed. Mrs. Isles

claims \$100 and damages in connection with a property transaction with Mr. Banton. Armed with a garnishing order, her solicitor confronted J. H. Forrester, returning officer for Burrard, who said he was unable to comply with the order, as the deposit had passed into the federal treasury. For the same reason, it is believed, Mr. Banton will be unable to rove his deposit.

PARIS, Oct. 23.—Reports that Finance Minister Caillaux has resigned or is about to resign his portfolio are circulating freely in Paris. The Ministry of Finance, however, declares that he will stand or fall by his financial plans, and that he will leave office only if Parliament rejects them.

Britain's Hope Shattered; Mystery Plane Wrecked

Above is shown a picture of Great Britain's Mystery plane, the Supermarine Napier S-4, reported to be capable of 300 miles an hour, and one of the strongest contenders for the famed Schneider Cup in the race scheduled to take place tomorrow. The S-4, however, lies a total wreck at Bay Shore Park, Baltimore, as a result of a crash this morning during the navigability trials. Below to the left is one of the U. S. entries, a result of a crash this morning during the navigability trials. To the right is the winner of the Pulitzer trophy, which has been fitted with pontoons for the Schneider event.

\$50,000 LOSS AS OHIO HOTEL BURNS

150 Guests in Cincinnati Building Escape; Some Become Hysterical.

CINCINNATI, O., Oct. 23.—One hundred and fifty guests escaped without injury from the Hotel Newland, where fire broke out, at two o'clock this morning, and for a half an hour, threatened to destroy the entire building. A general alarm brought all fire fighting apparatus to the downtown section, however, and the flames were subdued.

The Newland, a six-story structure, formerly was the Hotel Munroe, and was patronized largely by members of the theatrical profession.

A number of women guests became hysterical, and had to be assisted toward the smoke-filled halls, and down fire escapes.

Police estimated the property loss from fire and water at \$50,000. The cause of the fire has not been determined.

GIRL WILL ATTEMPT CHANNEL SWIM, 1927

Lillian Harrison to Spend Year in London Acclimating Self to Climate.

BOULOGNE, Oct. 23.—Miss Lillian Harrison, the youthful Argentine swimmer, will make her next try at the English Channel in 1927. Her parents made this announcement aboard the steamer Highland Loch, which is taking them to Buenos Aires. Miss Harrison has already made several unsuccessful attempts to swim the channel.

The girl, who is now in a Swedish institute in London, will pass the year in learning Swedish massage and acclimating herself to the European climate, so as to be able to make her next attempt under the best possible conditions.

HERTZOG IS SILENT ON SECURITY PACT

South African Premier Said to be Averse to Having Country Involved.

BLOMFOURTEIN, South Africa, Oct. 23.—(Canadian Press via Reuters)—Prime Minister General Hertzog has refused to be interviewed on the results of the security pact conference at Locarno, but persons in close touch with him, state that while he is definitely of the opinion that the pact makes for world peace, and is undoubtedly to the interest of the British Empire, the government of the Union of South Africa, will refuse to be drawn into European commitments. Therefore, it is added, it is very unlikely that the South African parliament will be asked to ratify the treaty of Locarno.

Zealand Man Is On Trial At Capital

SPECIAL TO THE TIMES-STAR. FREDERICTON, Oct. 23.—Walter Brewer of Zealand appeared before Police Magistrate Limerick this morning on the charge of attempting to steal gasoline, the property of William D. Hagerman of Burt's Corner. The informant alleges Brewer, with a hammer, broke the lock on the gasoline tank and started to draw gasoline for his car. Brewer was given a remand until Tuesday, and in the meantime is endeavoring to arrange for bail.

3 DIE, MANY HURT IN RELIGIOUS RIOT

17 Policemen Among Casualties When Indian Caste Factions Clash.

MADRAS, India, Oct. 23.—Three persons have been killed, and many injured, including 17 policemen, in a riot after a religious procession in the village of Uttung, near Bellary. During the procession, two factions of Lingayats, or members of a caste, clashed and the police intervened. Some 1,000 villagers then attacked the police with stones, and other missiles, and the police replied with bullets. The injured police include a deputy superintendent.

DROPS INTO SEA AND SINKS AS LANDING TRIED

Trouble Develops During Navigability Trial

PILOT IS UNHURT

Accident Will Throw Two Naper 3's Into Schneider Cup Races

BAY SHORE PARK, Baltimore, Oct. 23.—Great Britain's "Mystery plane," the supermarine Napier S-4, crashed this morning during the navigability trials, and is a total wreck. Captain Henry C. Biard, the pilot, is suffering from immersion and shock, but escaped injury.

Captain Biard had just taken off for the navigability and sea worthiness trials and was at an elevation of about 200 feet, when a wing flutter apparently developed in both wings of the monoplane. Captain Biard attempted at once to land. As he struck the water, the supermarine nosed down and somersaulted on her back, pressing the pilot under the surface.

PILOT RESCUED. Captain Biard was wearing a life-belt, and managed to clear himself and reached the surface as the Napier S-4 sank.

Captain Hubert Broad, who had taken the British Gloster Napier out for her tests a short time before, seeing Captain Biard in trouble, started taxiing to ward him as he fell. When Captain Biard freed himself from the wreckage Captain Broad threw him a second life-belt, to which he clung until rescued by boats a few minutes later.

The crash occurred about half a mile off shore from the hangars.

CHANGE IN PLANS. The supermarine's mishap will throw into the Schneider Cup race, tomorrow, both of Great Britain's Gloster Napier 3's, one of which had been held in reserve. Bert Hinkler of Melbourne, Australia, the British reserve pilot, will take the second Gloster into the race tomorrow. Captain Biard intended to make no attempt to take part in the cup race after the shattering of his supermarine.

MISSILES FLY AT NOMINATION MEETS IN P. Q.

Proceedings Enlivened by Demonstrations at Beauce and Loretteville

MONTREAL, Oct. 23—Reports of nomination meeting reaching here today, show that for the most part, while a great deal of enthusiasm was shown on behalf of the various candidates, for the most part, the proceedings were orderly. However, in the Quebec district in Beauce, an open air meeting was stormy at times. Hon. Dr. Beland, speaking on behalf of the Liberal party, saw L. G. Gauthier, Conservative, being interrupted at times by a stone was thrown in the general direction of the crowd, while fist fights among the partisans were frequent.

TWO MEETINGS HELD IN COUNTY

Dr. Murray MacLaren, Thos. Bell and Others Speak

Campaign Rallies by Conservatives in Fairville and East Saint John.

Dr. Murray MacLaren, C. M. G., and Thos. Bell, Conservative candidates in Saint John-Albert in the coming federal election, spoke in the Temperance Hall, Fairville, and in the Plaza, East Saint John, last evening. Dr. MacLaren spoke at the Petersen contract, declaring that it had brought nothing but disaster on its espousers. He also referred to the matter of the Carillon power and said it was the policy of the Conservative party to keep the water power of the country in order to develop home industry.

He arranged for the C. N. B. management for its expenditure of \$181,000 on the chain of radio stations, for the purchase of the Scribner Hotel in Paris and for the purchase of the Union Club in London. He declared that Sir Henry Thornton's former salary of \$50,000 was sufficient and that the recent increase was unwarranted.

SAYS PARTY RESPONSIBLE.

Dr. MacLaren said the Petersen contract had been drawn up by one of the most astute politicians in the Liberal party. W. R. Preston had been appointed to investigate shipping rates and the contract had been signed by the Government before his report was made to the House. He declared the Government had shirked the matter by handling it in committee.

He referred to the Belle River matter and the Prince Rupert terminus question. In referring to the Carillon power controversy, he said that it was only through the determined efforts of the Conservative opposition that the sale of power to the United States had been blocked.

NOT SURE OF SUPPORT.

Mr. King, he continued, had promised the West the completion of the Hudson Bay Railway regardless of the cost, whereas Mr. Meighen had taken a reasonable stand, saying he would complete the remaining 60 miles at a cost not to exceed \$3,000,000. There was no assurance that he, the speaker, would support Mr. Meighen even to this extent in regard to this railway.

CRUISE SPEAKS.

At Fairville, H. P. Crouse told the audience that a federal agent had been canvassing yesterday for the sale of building lots on the ground now occupied by the Martello Tower, a strip of 50 feet only to be left. He criticized this move and was supported by Mr. Bell during his speech.

ARTHUR N. CARTER, REFERRING TO THE PROPOSED SENATE REFORM OF MACKENZIE KING, DECLARED THAT THE MARTINISME WOULD HAVE ONLY 29 SEATS OUT OF 100 IN THE SENATE, THIS BEING GIVEN AN OPPORTUNITY TO OBTAIN BETTER RESULTS IN THE LETTER BODY.

Mr. King had been surrounded by mediocre advisers, Mr. Carter said, four of them having already taken refuge in the Senate. He declared that if the Conservative party were returned, there would be an end to the lavish expenditure of public money.

NATIONALS A. C. MEETS.

An important meeting of the newly-formed Nationals A. C. has been called for 8 o'clock this evening in the Victoria street church hall. Members of all the National teams are requested to be present as important matters will be dealt with.

AT EAST SAINT JOHN.

At East Saint John the candidates were supported by Miles E. Agar, M. L. A.-elect, and Col. W. H. Harrison, D. S. O., M. L. A.-elect.

Colonel Harrison spoke on the public questions of the day, telling the policy of the Conservative party in regard to the various items. He discussed the tariff programs of the present Government and of Right Hon. Arthur Meighen, leader of the Conservatives.

Mr. Agar referred to the conditions in the United States and in Canada during the last four years. The low despondency and had thrown many out of work. The country was losing many of its industries, he declared, while the United States was prospering because of the high tariff on goods entering.

Canada was the only country lessening its protection, the others having increased theirs. The young people of the Dominion were going to other lands in search of livings as a result, he declared.

Mr. MacLaren was chairman of this meeting.

CANADIAN PACIFIC MOUNT COMPARTMENT SLEEPERS

The greatest of satisfaction has been expressed by those who have traveled between Saint John and Montreal in the Mount compartment sleepers, which have been in operation since August last on Canadian Pacific train 16, leaving Saint John at four o'clock in the afternoon, and train 16, leaving Montreal at seven o'clock in the evening.

This class of sleeper has always been operated on the more important lines of the Canadian Pacific, and its adoption lately on the Montreal route has proved very successful, and growing more popular all the time.

The style of compartment sleeper in service here has three compartments, dining-drawing-room, while the balance of the car is given to observation purposes. Of course the car is fitted up in Canadian Pacific style and standard, and all the arrangements tend to the complete comfort of the occupant. The accommodations offer every opportunity for rest and relaxation, and at the same time give ample chance to view the scenery en route. Each compartment contains one lower and one upper berth, and all toilet facilities, etc., much the same as the regular drawing-rooms; they are better termed Private Staterooms, and are considerably less in price than the ordinary drawing-rooms. Patrons desiring strict privacy with all the comforts and accommodations offered in drawing-rooms, or those who heretofore have been unable to secure drawing-rooms, will find the compartment of the greatest benefit.

W. M. S. BIRTHDAY PARTY.

The annual birthday party of the W. M. S. of St. David's church was well attended and proved most enjoyable. The offering, which will be used for missionary work, was a large one.

The programme included violin solos by Mrs. H. H. MacMichael, accompanied by Mrs. J. M. Barnes, and vocal solos by Mrs. Hugh Miller. Delightful refreshments were served.

NATIONALS A. C. MEETS.

An important meeting of the newly-formed Nationals A. C. has been called for 8 o'clock this evening in the Victoria street church hall. Members of all the National teams are requested to be present as important matters will be dealt with.

Wrinkles Vanish Before Your Very Eyes!

Just think! In your mirror, before your very eyes, you see the wrinkles, age lines, and sagging vanish from your face. And it's such a simple and harmless treatment. Just mix a spoonful of lemon juice. Apply to your face and watch the most marvelous change take place—in less than 15 minutes. See the horrid wrinkles, worry lines, creases and bagginess quickly disappear. It is a wonderful, startling sensation. Only the actual experience could make you believe it.

APPLES MOVE OUT OF N. B. STEADILY

Unfavorable Weather Has Caused Some Delay in Packing and Forwarding.

FREDERICTON, Oct. 22.—There is steady movement of apples out of New Brunswick. Shippers will continue to send their apples out for the rest of the month and all of next. Montreal is taking the fruit, although that market is not very active just now. The early varieties, Duchess and Dudley, were cleared by New Brunswick growers at fair price. The varieties now moving are wealthy, Alexander,

Indigestion

When chronic, is best relieved by Dr. Chase's Kidney-Liver Pills.

In most cases, indigestion results from torpid liver and sluggish bowel action. Tablets for the stomach and aids to digestion fail in this chronic form of indigestion. You must get the filtering and excretory organs right before you can expect permanent relief and this is best accomplished by the use of Dr. Chase's Kidney-Liver Pills. Chronic indigestion is a very common condition. On this account many suffer for years not realizing that relief is at hand in the form of Dr. Chase's Kidney-Liver Pills. Headaches, biliousness, spells of constipation and diarrhoea are among the accompanying ailments. What a relief it would be to be free of this condition which makes one feel so miserable and it is so easy by using this well-known regulator of the liver, kidneys and bowels.

WEATHER CAUSES DELAY.

There has been delay in the movement of the apple crop because of the unfavorable weather for picking. Too much rain has fallen as well as a little snow in some places. The weather also has been colder than usual.

The Horticultural Branch, New Brunswick Department of Agriculture, reports that the crop is being marketed in good condition. The opinion expressed early in the season by a Montreal buyer that the crop had been allowed to be seriously infested with scab is said to have been unduly pessimistic. New Brunswick apples are said to be as good as the average crop, as far as scab is concerned.

TWO PRIZES OFFERED

G. N. C. Hawkins, manager of the Fredericton branch of the Bank of Montreal, has donated two prizes for students taking the next course at the N. B. Agricultural School at the Experimental Station. The first prize will be a medal for the student making the highest general standing and the second prize will be a gift of books.

ANCIENT 'VENUS' FOUND.

VIENNA, Oct. 23.—A severe winter is predicted for 1925. A fossilized hand of a 40,000-year-old has been found near here in the "Mammoth" caverns at Pollau. The "Venus" is six inches high and made of fine-grained sandstone. This remarkable piece of craftsmanship is supposed to represent the perfect woman of that period, which, if estimates are correct, was during the Old Stone Age.

SAINT JOHN, N. B., OCTOBER 23, 1925.

CHARLES G. D. ROBERTS.

Saint John to-day welcomes once more Charles G. D. Roberts, in many respects the most distinguished of Canadian poets and writers, who has returned after many years of wandering, after a varied experience in peace and in war, to his native province. He is a striking example of the truth of the famous saying that poets are born, not made.

been painted in colors altogether too dark. All that he says should be valuable in giving Canadians a clearer view of conditions than they have hitherto received.

Not a single shot of the day goes by unaccompanied. There are five candidates in the field, of whom only four are women.

Odds and Ends

The Wilson Snipe

(Bystrander in Toronto Globe.) Early in October most of the Wilson or English snipe, that have bred farther north, arrive in this locality on their way southward to the Gulf States and South America, where they spend the winter. It is customary to call all the shore birds, or waders, with long legs and slender bills, snipe, whereas this is the only true snipe.

Correcting Canadian Opinion

During the Great War many civilians far from the fighting zone formed a much more gloomy view of the outlook for the Allies than did the men in the trenches. These gloomy critics have heard recently from Sir Robert Borden, from Mr. Strachan, editor of The Spectator, and from other public men, and now there is further testimony from British members of Parliament who were delegates to the recent Interparliamentary Union conference at Ottawa.

The snipe is particularly fond of places where the soil is soft enough to permit probing with its sensitive bill, for it finds much of its food beneath the surface in the shape of succulent worms.

STANDING STILL IS MOVING BACKWARD.

Change is constant. All things must change to something new, to something strange.

EVERYTHING that is created is changed by the LAWS OF NATURE.

THE more we learn of the nature of things the more evident it is that what we call rest is only unperceived activity.

History teaches us that he prefers overturning things, and destroying the equilibrium of the whole world for a time, to submitting to constant, inevitable change.

Timely Views on World Topics

Ghandi Says Love, Not Hate, Should be Ruling Factor in Relations Between Individuals and Nations—Force Has No Place in World Affairs.

I DO NOT want my India to rise on the ashes of other nations; I do not want India to exploit a single human being; neither do I want my country to be exploited by others.

said Mahatma Gandhi, leader of the non-resistance movement in India, in a recent interview.

"I want India to become strong in order that she can infect other nations also with her strength. But other nations are not bent to follow this creed."

"Not one single nation in Europe today is willing to adopt this creed as a national policy. They do not want to infuse strength to others. We are not receiving strength from our rulers. Their rule, even when it is paternal, is simply weakening us."

"Of course, I am a Hindu by religion, but I declare to my Christian colleagues throughout the world that I think I have a right to speak on the 'brotherhood of man.'"

"For I myself have tried on many occasions to find out whether it is possible for me to hate—I don't say love—my persecutors, and I must honestly, but in all humility, confess that I have not succeeded even in hating my enemies."

"Not one single occasion can I recall when I have felt constrained to hate a single human being. I often admit that I have failed. But it does not matter. I simply cannot hate."

"Perhaps it is a life-long experience. There never passes a day when I do not receive letters from Hindus, from Moslems and from Christians, asking how can the Hindu love the Moslem, who kills the cow who is as dear to him as his life, or how can the Christians love the Hindu, who so ill-treats the Christians?"

SAY FUTURE OF CANADA GOOD

Two New Zealand Government Officials Here on Dominion Tour

Are Investigating Rural Credit Systems in Canada and United States.

Percey H. Cox, former vice-president of the Australian Bank, and W. J. Polson, president of the New Zealand Farmers' Union, members of a Royal Commission appointed by the New Zealand Government to investigate and report on rural credit systems in Canada and the United States, arrived in Saint John yesterday after having crossed the continent from Vancouver, visiting en route all the larger cities of the Dominion.

They were appointed to survey systems in this country and across the border with a view to ascertaining whether or not the system at present in use in New Zealand could be profitably modified. When asked last night, Mr. Cox said that the information received had been largely confidential and that any deductions from it were for his Government. After leaving the city they will go to Halifax and then through the United States, visiting Toronto on the way home.

IMPRESSED WITH CANADA.

Mr. Cox said that he had been greatly impressed by Canada, and especially by the fine wheat lands. He thought that the country had a great future and he thought that the plan advanced twenty years ago by Joseph Chamberlain in his book "The Future of the Empire" had been adopted, millions would have remained in the Empire instead of going to foreign countries.

Canada, Australia and New Zealand could all absorb a good many of the right type of men to help build their prosperity. He thought that the plan advanced twenty years ago by Joseph Chamberlain in his book "The Future of the Empire" had been adopted, millions would have remained in the Empire instead of going to foreign countries.

CONDITIONS IN NEW ZEALAND.

Conditions were good in New Zealand, he said, the country having pretty well recovered from the slump of trade. There was more mixed farming than in the past and large amounts of dairy products and wool were being produced.

They were unable to grow all the grain they wanted and there was no reason why they should not do a considerable amount of business with Canada in this commodity. He could see no reason why Canada should not sell New Zealand a good part of the boots and shoes and other manufactured articles it needed. New Zealand would probably always be more of an agricultural than a manufacturing country, he said. He believed there was much it could buy from Canada and much it could supply the Dominion that was lacking here.

The party is at the Admiral Beatty Hotel. Mrs. Polson is accompanying her husband.

Deaths

Sergt. T. D. Popham Many in Saint John will hear with regret of the death at Oromocto of Sergeant T. D. (Dolly) Popham, one of the originals of the Fighting 20th, in which he did splendid service overseas. He and Mrs. Popham resided for some years in Duke street, and Sergeant Popham was widely known here before the war as a painter with Fred Edlinton.

After the war, because of serious wounds and ill-health, he returned to Bermuda, where he came from originally. Nearly three years ago they moved to Juniper, Carleton county, and later to Oromocto, where his death occurred last Sunday. His wife was a prominent worker in Centenary United Church here and has many friends who feel deeply for her in her bereavement.

HELD IN HIGH ESTEEM.

The esteem in which he was held was attested by the beautiful floral tributes sent for the funeral which was held on Tuesday afternoon from the residence of his son-in-law, Samuel Kelly, at Oromocto, with service conducted by Rev. A. E. Chapman, pastor of the United church at that place. The tributes were as follows: Crescent, Mr. and Mrs. Earle Simpson; wreath, employees of the River Valley Lumber Company; spray, Mr. and Mrs. Chester Smith and family; cross, Mr. and Mrs. Jack Kimball; wreath, Mrs. Chapman; wreath, grandchildren; cut flowers, Mrs. Martin Kimball and Mrs. Kelly; spray of poppies from officers and members G. W. V. A., Saint John; spray, wife and daughter.

Joseph Stone

Joseph Stone died yesterday at the residence of his daughter, Mrs. Mary Arsenault, 277 Tower street, West End. He leaves four daughters and two sons. The daughters are Mrs. Adelaide Foley, of Carleton, N.B.; Mrs. Elizabeth Peart, Mrs. Maurice Daley and Mrs. Arsenault, all of Saint John. The sons are Andrew and Benjamin, of Des Roche, Chatham Head, N.B. The funeral arrangements have been made for Saturday morning at 11:15 o'clock from his late residence to the Church of Assumption.

George Burgess

After an illness of several months, George Burgess, third son of the late James Burgess and Mrs. Burgess, of Grand Falls died on Oct. 20. He was a member of the lumber and mercantile firm of James Burgess & Sons. He was over 40 years of age and unmarried. Six brothers, James, former M. L. A., John, Alfred, Charles, Allyn and Frank, and two sisters, Mrs. J. P. Kelly and Mrs. Nellie Adams, survive.

Weddings

Williams-Leggett

St. Columba Presbyterian church, Fairville, was the scene of a pretty wedding on Thursday evening at 6:45 o'clock, when Miss Cathryn Mae (Dolly) Leggett, daughter of Mrs. Catherine and the late James W. Leggett became the bride of Gordon Merritt Williams, son of the late Mr. and Mrs. William H. Williams of North End. Rev. W. M. Townsend, pastor of the church officiated. The church was prettily decorated with autumn leaves, rowan berries and ferns by girl friends of the bride. The marriage ceremony took place under a wedding bell, beautified with autumn foliage and rowan berries. The bride, who was unattended was given in marriage by her brother, Charles E. Leggett, and was becomingly attired in a suit of navy blue polka twill, a hat of burnt orange, a fox fur brocade tussah with pink rose bud trimmings and a bouquet of pink gerberas and carried a bouquet of white and pink roses. As the bride party entered the church Miss Katie Fox played the wedding march from Lohengrin, softly modulated music while the register was being signed, and Mendelssohn's wedding march as they left the church. While the guests were arriving the organist gave a program of music.

Auto Strikes Pole and Upsets on Worcester to Boston Highway.

WORCESTER, Mass., Oct. 22.—Peter McGulgan, formerly of Charlottetown, P.E.I., was killed near here this morning when the automobile in which he was riding with a number of friends, grazed a tree, struck a telephone pole, snapping it off close to the ground, and then overturned on the main highway to Boston.

One of McGulgan's friends is dying of his injuries, while two others were treated in hospital for severe lacerations and bruises. Mr. McGulgan came to this city from Charlottetown a year ago, and was employed for a time at the Lyman School for Boys. Recently he had been in the contracting business at Westboro, a suburb.

Burberry Weatherproof Warmth Without Weight

The pleasure and benefit derived from open-air pursuits depends largely on the clothing that is worn. Burberry overcoats although dependably weatherproof maintain the ventilation natural to woven fabrics, which is essential to health and comfort. Then there is the feeling of exclusiveness derived from wearing a garment that for quality, appearance and workmanship is famous the world over. We have a splendid range of colors: Dark greys and fancy heather mixtures. Many of the models are being shown for the first time this season.

Have You a Cake of Soft Soap in Your Home?—The Wife Whose Husband Flatters and Admires Her Considers It a Privilege to Housework for Him—And the Man Whose Wife Makes Him Feel a Hero in Her Eyes Never Finds Marriage a Failure.

THE greatest need in matrimony is for soft soap in unlimited quantities, and yet it is the very commodity with which most young couples never think of stocking themselves up when they start housekeeping.

DOROTHY DIX

FOR IT isn't enough for a married couple merely to do their duty and be faithful to each other. They must breathe marriage about with flowery words and gracious observations. Some of the best-hated wives in the world are women who are models of thrift and patterns of housewifery, but who feel that their sacred duty to keep their husbands continually reminded of all their faults.

And many a reconciled widow pulls her veil down over her face to hide how glad she is to be rid of a husband who was as straight as the moral law, but who never paid her a compliment or mentioned the word love in her presence on the far side of the altar.

On the contrary, the happy homes are those in which diplomacy reigns, in which husbands and wives put the load pedal on each other's good points and gumshoe around each other's weaknesses, instead of vainly attempting to do it by brute force.

When you meet a disgruntled complaining married woman, or hear a married man making cynical and bitter comments on matrimony, or you are forced to listen in at a sordid quarrel, you do not need to be told that nine times out of ten the whole trouble is just the result of the lack of a few words of praise, a little spreading of the olive of praise and appreciation.

TAKE the case of John and Sally, whom we all know. They are honest and honorable. True as steel. Kind and good. Warm-hearted and affectionate. Married for love and still love each other, but they fight like the Kilkenny cats because they are too proud, or too stupid, or too lazy and self-indulgent to take the trouble to rub each other's fur the right way. Sally takes the joy of life out of all about her by lamenting over instead of just a comfortable living, and because John hasn't made a fortune having to do her own housework, and because John can't have limousines and pearls and the things that millionaires have.

And John is grouchy and grumpy at home, and says, "By Jove, a man is a fool who gets married and sells himself into slavery for a family that is never satisfied, no matter what you give it."

Now, the trouble with Sally and John is that they are both heart-burnery. They are starved for praise, for appreciation. They are furnished for a little warm, vital love. Each is crying to the other for bread, and each is handing out to the other the same old stone.

Sally doesn't really object to doing her housework. She doesn't really pine for costly luxuries. What she does crave is flattery.

IN her youth she was a beautiful girl, admired, courted, feted, and she simply ate up the adulation that was lavished on her. Marriage hasn't changed her taste. She still hungers for praise, and if John would only tell her that she is the handsomest woman in the world to him and notice when she has a new frock or does her hair another way, and if he would tell her what a marvellous cook she is, and that he couldn't possibly get along without her, he would never hear another discontented peep out of her. She would consider it a privilege to work her fingers to the bone for him and pity the poor rich women whose husbands gave them nothing but money.

And John suffers from the same complaint. The thing that takes the heart out of him is the utter lack of appreciation that his wife shows him. He spends his life toiling for her. He gives to her with both hands and she never says so much as "Thank you." She only reproaches him because he cannot give more.

NOW, the man has his vanity as well as the woman, and he wants above everything else for his wife to admire him, to give him the glad hand, to celebrate his achievements and for her to tell him how grateful she is to him for standing between her and the world.

No man whose wife makes him feel every day, in every way, that no matter what a blind world thinks about him, he is a hero in her eyes, ever finds matrimony a failure or wanders about in home seeking a soul mate.

Most husbands and wives do admire each other, and why they are so afraid of telling each other so is something that passes comprehension. It is pitiful and tragic and exasperating to think how many marriages could be changed from a failure to a success by a few words that husbands and wives are too dumb to utter. Which is why I contend that the great need in matrimony is plenty of soft soap applied with a liberal hand.

All Are Sisters Under The Skin World Survey of Women Shows

EDUCATION is the great leveler, as well as the uplifter of women. It makes real sisters out of the Colonel's Lady and Judy O'Grady. This is the opinion of Grace Thompson Seton, author, organizer and feminist, who was one of the leaders in the recent fight for suffrage, whose interest in feminism and women's problems generally did not abate when the vote was secured.

Mrs. Grace Thompson Seton.

she believes, to the caste system which prevails and keeps both sexes bound by insurmountable barriers. "Above the marriage customs which betroth little girls of five years of age

or less, and which are responsible for there being 300,000 Hindu widows in India under 15, and more than 3,000,000 girl wives not more than 10 years old, keep the status of women down," says Mrs. Seton. "But in spite of this condition, the hope of India lies in its women. In her home service the woman of India is as true as steel, constant to the end and absolutely dependable and unselfish. These are marvelous traits to give to the service of her state when it is ready to grant her the privilege of serving it."

"Only a few women of India are in the professions, and practically none in business. There are a few lawyers and doctors and more teachers, but these represent an infinitely small proportion of the women of that empire, and only a very small percentage of the educated women. Only about eight per cent. are educated to the point of being able to read and write. But they show that the seeds of feminism are sprouting."

Her extensive travels taught her that when you get a group of educated women together in any oriental country, you have practically the same type of educated woman we have in America or Europe.

"The barriers which keep women apart," she concludes, "are not geographical or social, but are a matter of mental development. Give women all over the world equal educational advantages and East and West will meet."

LOYALIST TEMPLE HAS NOTABLE TIME

Three Grand Lodge Officers Are Honored at Meeting—Good Program.

Loyalist Temple, No. 12, Pythian Sisters, held a memorable meeting last night, when it gave grand honors to three Grand Lodge officers, Captain J. A. Mowry, Grand Chancellor of the Knights of Pythias, who is also a member of Loyalist Temple; Mrs. F. L. Greason, Grand Chief, who was formerly a member of the Loyalist Temple; and Mrs. Phoebe Ellsworth, Grand Senior, who is one of the Loyalist Temple's present members.

It is a rare occasion when three Grand Lodge officers are entertained at one time. "For He's a Jolly Good Fellow" was sung heartily as a greeting when the Grand Chancellor appeared.

ADDRESS OF WELCOME. Mrs. Everett Watters, M.P.C., gave the address of welcome to the honored guests and Captain Mowry replied fittingly expressing his delight at being present. Mrs. Greason and Mrs. Ellsworth both spoke briefly.

A short programme was given in which Mrs. Amland was heard in a vocal solo, Miss Mabel Currie gave a reading and Mrs. Fred Brookings and Mrs. Myles Saunders rendered a vocal duet.

Refreshments were served and a social time was enjoyed. Special guests were members of Moulton Temple and Miss Besie James, an officer of Harmony Temple of Advocate, N.S., and a member of the Tidal Wave Temple, of Moncton. There were about 114 present and the gathering was held in Temple of Honor Hall, Main street.

"Brother Syd's" Comedy Work Again Excels

By JACK JUNGMEYER.

IN HIS "Man on the Box," Syd Chaplin continues the hilarious pace he recently set in his screen version of "Charlie's Aunt." And, as in that farcical comedy, Syd adorns woman's clothes, so that he is by way of becoming the Julian Eltinge of the movies.

He appreciates and caters to the fact that men still are laughing at the same things that tickled the first humans as they wise-cracked over brown October ale — simple, common, crude antics done largely in pantomime.

In this piece there is some rare pantomiming, and Syd shows himself on a par with Brother Charlie in this gentle art.

MINISTERS.

PRESBYTERIAN ministers are to get retiring allowances, after they reach the age of 65, ranging from \$600 to \$2,000 a year. Which is a lot better than nothing.

But if the Protestant churches are to continue their spiritual leadership, they must solve their business problem, also. That problem is to have only as many churches and ministers as are required to serve the people, and to support those churches adequately.

The movement for church unions, which is timidly beginning, is based in part on the tolerance of the age. It has become absurd for like-thinking persons to maintain separate churches whose grounds of difference long since ceased to exist. It is based even more imperatively on business grounds. Preachers must eat, like other

MENU HINT.

Breakfast: Grape Fruits, Cereal with Top Milk, Sausage, Coffee. Luncheon: Corn Souffle, Stewed Fruit Hot Biscuits, Milk. Dinner: Pork Chops, Baked Potatoes, Sweet Tomatoes, Celery, Stewed Potato Pie, Coffee.

TODAY'S RECIPES.

Corn Souffle—Two cups new corn, cooked, one tablespoon butter, two tablespoons flour, two eggs, one cup cream or milk, one and one-quarter teaspoons salt, pepper. Make a white sauce of the flour, butter and milk. When smoothly mixed to the boiling point, add the seasoning, beaten yolks of eggs, the corn, and finally the stiffly beaten whites of the eggs. Bake in a buttered casserole.

Sweet Potato Pie—Made in the same general way as pumpkin pie, sweet potato pie is subject to many variations of flavor and tops. Here is a good recipe for the foundation mixture: One-half pint hot milk, one cup mashed sweet potatoes, two tablespoons butter, two tablespoons cream, four egg yolks, one-third cup sugar (brown or white). Beat the egg yolks, add sugar, cream, butter, potatoes and hot milk. Turn into deep pie plate lined with pastry and bake in moderate oven until of the consistency of custard. Before turning into the pastry shell one of the following flavors may be added: Three-fourths cup seeded raisins, grated yellow rind of one orange, grated lemon rind, fresh grated coconut or one tablespoon of finely chopped preserved ginger. The top may be covered over with a latticed crust—never a solid one—with meringue made from the egg whites or with a thick sprinkling of corn-flakes.

Building Steamship Of Much Greater Power

By DAVID DIETZ.

WORK has been begun upon a steam turbine ship on the River Clyde, England, which will utilize a steam pressure twice as high as the pressure ever used before in a marine steam turbine. The vessel is being built by the same group which in 1901 built the first commercial steam turbine vessel from the plans of Sir Charles Parsons. Construction of the vessel has been undertaken to counteract the opinion which has been gaining ground that the Diesel oil engine is the engine of the future and that all efforts by efforts by marine engineers should be centered upon the development of this type of engine.

A number of British experts, such as Sir John Biles, insist that the turbine-driven ship has not been carried to perfection and that with the construction of higher pressure turbines, economies in fuel consumption and operation can be obtained. From the British point of view, the Diesel oil engine is not entirely satisfactory because England must import all its oil. But even nations which have their own oil supply must bear in mind the opinion of many experts that

FISH find healthy and unhealthy localities in lakes just as men find certain portions of a piece of land more favorable to life. Professor Frank Smith of the University of Illinois made a study of Douglas Lake, a small lake in northern Michigan. He found that fish stayed out of a number of deep places in the lake where the water did not circulate. These places were colder than the rest of the lake and deficient in oxygen. Dr. Smith found that fish taken from these colder parts in wire cages died as a result of the experience.

Adventures of the Twins

By OLIVE ROBERTS BARTON.

MISTER DRAKE BUYS A CAR.

One day Mister Drake stopped at the "Twin Garage" and said that he would like to speak to Nick on some very important business. Nick gripped his hands (for he was putting some oil into Mister Woodchuck's car, after its bath in the pond the day of the race) and said that he would be pleased to talk to Mister Drake about business or anything else. Nick was very polite to customers, although you couldn't say that Mister Drake was a customer exactly. He hadn't any car at all, so he never came to the filling station for anything except advice.

"I want you to go with me to the automobile store," said Mister Drake to Nick this time. "My wife and I have decided that we would like to have a car, and we've been saving all summer so we could buy one."

"That's just fine," said Nick. "I'll go right away. Nancy, you look after things here while I'm gone, will you?" Nancy said she would, so Nick went to the automobile store with Mister Drake to help him to buy his automobile.

"I want an automobile that isn't too expensive," said Mister Drake to the man at the store. "I only want to pay about four dollars and a half."

"Here is a nice one for six dollars," said the man, "and it is the cheapest I have. It is a lovely car, all yellow and white and would just match you, Mister Drake."

Mister Drake looked the car all over carefully. "Yes, it is a fine car," said he, "but it is too expensive. What makes it so expensive?"

"Just look at all the things there are on it," said the automobile man. "Lights and a horn and—"

"There! There!" quaked Mr. Drake. "We don't need lights. My wife and I don't. We never would have it out at night. We go to bed with the chickens, my wife and I do, and as for a horn, how is this?"

"How much do you want?" Nick was asking Mister Drake, when suddenly he caught sight of the brand new horn on the left side of the car.

"So you decided to buy the horn after all, did you, Mister Drake?" he said. "I think you were very sensible."

"I had to," whispered Mister Drake. "I caught cold last night and it settled in my voice and I can't speak. I nearly ran over Granddaddy Frog, for when I went to quack I couldn't make a sound. If I had run over him, nobody ever would have believed that it was an accident, now would they?"

"You're right, Mister Drake, they wouldn't," agreed Nick. "Two pints of gasoline did you say?"

Gratifying Reports on Booths
Conducted at Fairs
Presented

N. B. Council of St. John Ambulance Association in Session Here.

Gratifying reports of the first aid booths, conducted under the auspices of the St. John Ambulance Association at the three provincial fairs, Saint John, Fredericton and Chatham, were received at the meeting of the New Brunswick council of the association held yesterday afternoon in the board room of the Saint John Health Centre with Dr. James Magee, president, in the chair. All three booths were conducted without any cost to the council. Miss Irene Barber, secretary, was on duty at each of the booths and gave a report.

In Saint John 60 cases were treated and Miss Barber and Miss Dorothy Purdy were assisted in taking charge by L. L. Johnson and Lawrence Pincombe, and members of the council, under Mrs. J. Boyle Travers' convalescence, attended each day, while guides and scouts gave valuable assistance.

AT FREDERICTON.
At Fredericton Miss K. M. Stewart, R. N., was in charge and was assisted by Miss Barber and Mrs. A. McFarlane and Girl Guides were faithful attendants. While in Fredericton Miss Barber spoke with the Council of Ashburnham and Dr. G. G. Melvin in the interests of the association's work. The arrangements for the Chatham booth were made by Mrs. F. Jordan through Mrs. T. N. Vincent, of Saint John. Miss Barber was in charge of the booth and the Miramichi Hospital Aid, as well as many individuals, gave much assistance. Between 60 and 60 cases were attended to and some were of a serious nature. Cadets were on duty throughout the exhibition. Mrs. Jordan entertained Miss Barber while in Chatham.

It was reported also that Dr. G. G. Corbet, vice-president, had made the presentation of the awards to the Saint John scout leaders' team which had been second in the Dominion Wallace Nesbitt general first aid trophy. The local team was only a quarter of one point behind the winning team.

SCANDAL BARED IN
AUSTRALIAN STATE

New South Wales Cabinet Loses
Heavily in Corn Sale
Deal.

British United Press.
SYDNEY, N.S.W., Oct. 22.—A political scandal has occurred in the State Labor Government here following disclosures that Agricultural Minister Dunn had purchased 6,000 bales of corn sacks in July for \$840,000 without consulting the departmental officers. It was anticipated that a bumper harvest and increased acreage would force high goods prices sky-high. A dry season intervened, resulting in the estimate wheat yield being cut in half and about a fortnight ago the minister discovered that there was no demand for the sacks and consequently cancelled the contract. The loss to the Government amounted to \$62,250 and in the Assembly today opposition Leader Bevin hotly attacked the Government, alleging that the minister had bought the sacks through a bankrupt broker without calling for tenders. He said he was not impugning the minister's honesty, but that he had shown gross incompetence and was unworthy of being a minister. Premier Lang defended his colleague, but agreed to the appointment of a commission.

TO SPEAK TONIGHT.
A continuation of the fourteenth anniversary of the Men's Brotherhood Class of the Ludlow street Baptist church will be tonight in the school room of the church when Rev. H. Boyer, general secretary of the Baptist denomination of the Maritime Provinces, will be the principal speaker. The social meeting is open to the members of the congregation and friends and at the conclusion of Mr. Boyer's address there will be a musical and literary programme carried out.

RUB IT IN!

Mr. Chas. A. Berryman, Green, Wilson & Emerald Sts., Hamilton, says:

"A badly sprained shoulder put me out of business for a time. The least turn or twist of the body caused torturing pain and I couldn't raise the arm, even to use the phone.
"Three different liniments were used for bathing and rubbing my shoulder, but for all the good, I might just as well have used water. At last I tried Zam-Buk. My wife rubbed this balm well into the shoulder morning and night. In a couple of days I felt great improvement. In a week Zam-Buk drove out all pain and made the shoulder sound and strong as ever."
Used for anything from minor pimples and rashes, cuts or burns to stubborn cases of eczema, or poisoned wounds, Zam-Buk gives equally good results.

St. Monica's Guild Hostesses at
Very Pleasant and Successful Event.

To raise money for the charitable work of the Mission Church of St. John the Baptist, St. Monica's Guild of the church held a bridge last evening in the cosy parlor of the Pythian Castle. More than 80 tables were played in the room where the suggestion of Halloween was carried out in the tastefully arranged decorations, with orange candles in brass candlesticks on the side tables and orange candles in silver candlesticks on the prettily decorated center serving table at which Mrs. John V. Young and Mrs. Roderick MacKenzie presided. Greenery was introduced, making picturesque surroundings for the evening's enjoyment. A huge lantern of the Halloween shades hung in the centre of the room. Mrs. W. B. Horstman and Mrs. Roderick MacKenzie were the decorating committee.

THOSE IN CHARGE.
Mrs. Garfield H. Stevens, president, with her general conveners, had charge of the successful event. Miss Alice Schofield, tickets; Mrs. T. Carleton Lee, supper; Mrs. W. D. Forster and Mrs. C. E. Whitcomb, refreshments. The waitresses, who were prettily gowned and who added to the brightness of the scene, were Miss Portia MacKenzie, Mrs. Charles Williams, Mrs. W. B. Horstman, Mrs. Robert Wood, Miss Frances Ewing, Mrs. Charles Christie, Mrs. T. P. Ritson, Mrs. Herbert Phillips and Miss Lois Friars.

Headmaster Given
Deanship of York

LONDON, Oct. 22.—Rev. Lionel Ford, headmaster of Harrow School since 1910 and previously headmaster of Repton School for ten years, has been appointed Dean of York.
Rev. Mr. Ford succeeds Very Rev. William Foxley Norris as Dean of York, the latter having been appointed two days ago as dean of Westminster in succession to Right Rev. Herbert E. Ryle, who died on Aug. 20 last.
The new dean of York is 60 years of age. He was ordained deacon in 1893 and priest in 1895. Previous to his appointment as headmaster of Repton School, Rev. Mr. Ford was assistant master at Eton School for four years.

MEMORIAL SERVICE ARRANGED.
Arrangements for holding the Sons of England annual memorial service on Nov. 8 in St. Mary's church were made at the meeting of Marlborough Lodge, No. 207, last night in Oddfellows Hall, Market Building, with the Worthy President, W. Roberts, in the chair. The D. D. George H. Lewis, was seated on the platform. Members from Portland Lodge paid a fraternal visit and included in their number were W. P. A. Galbraith, P. P. E. Brittain, T. H. Crabbe and J. Christie. At the memorial service Rev. C. Gordon Lawrence will give the address. Last night a second degree meeting was held.

Driver Is Killed
As Horses Bolt

MINTO, N. B., Oct. 22.—John Campbell, of Hardwood Ridge, was almost instantly killed about 1 o'clock today when he fell beneath a heavy wagon injured with gravel and received terrible lacerations to the back and legs. The accident happened on the Newcastle Stream road when the team of horses which he was driving suddenly bolted as he was getting down to hitch the wagon which had become unfastened. Mr. Campbell was 55 years of age and was employed hauling gravel for road repair work. He leaves a widow but no children.

Family of Joseph Pearson of
Pearsonville Aroused
From Sleep

Bucket Brigade, by Hard Work,
Saves House From
Destruction.

APOLLOQUI, Oct. 22.—Seven cows, a horse and many hens perished in a fire which last night destroyed two barns, hay, grain, farm machinery and other equipment of Joseph Pearson, of Pearsonville. The loss will be total as he carried no insurance. Only the hard work of the neighbors saved the house from the flames. The origin of the fire is unknown.
At 8 o'clock Mr. Pearson had finished up his work, which he had done by the light of a lantern, and it is thought a spark from the light may have started the conflagration as no other cause is suspected.
The family had retired early and were all sound asleep, and had it not been for the timely alarm of neighbors they might have perished, as the barn was very near the house. At the time the fire was first noticed by Arthur Creak, a neighbor, the flames were bursting through the roof.

SAVED THE HOUSE.
Mr. Creaklock and others rushed to the scene and aroused Mr. Pearson and his family. By the aid of the telephones the residents of the surrounding community were quickly summoned. By hard fighting the bucket brigade saved the house.
The barns were large and in good repair, and contained the entire year's crop of hay and grain, also seven cows, and one horse, a valuable animal five years old, all the farm machinery and carriages. A double wagon standing outside also fell a prey to the flames.

POULTRY BURNED.
The hen house adjoining with all the hens was also burned.
By the appearance of the outbreak when first viewed the surrounding community were quickly summoned. By hard fighting the bucket brigade saved the house.
The barns were large and in good repair, and contained the entire year's crop of hay and grain, also seven cows, and one horse, a valuable animal five years old, all the farm machinery and carriages. A double wagon standing outside also fell a prey to the flames.

MORE HOME NURSING
CLASSES FORMED

Miss S. A. Barrington Organizes
Eight in Ten-day Province
Travel.

Miss S. A. Barrington, organizer of home nursing classes for the Red Cross Society in New Brunswick, returned yesterday to the city late in the afternoon of her first day trip in the province during which she organized eight classes. Six of the classes were formed in Bathurst and one large class was organized in Bass River under the auspices of the Salmon Beach Women's Institute, and this will be held in the home of Mrs. Petrie. Another class was formed at Carleton Place under the auspices of the Carleton Place Women's Institute, and there are two nurses who have consented to be instructors.

CLASSES IN BATHURST.
Of the Bathurst classes three are in the basement of the Glebe hall, the kindness of Rev. Father Allan, who was much interested in the formation of the classes. Different women will supply some of the equipment and the remainder will be provided by the Gloucester hospital.
The community home nursing class organized in West Bathurst, to hold its meetings in the Dunn Memorial Hospital, of which Miss Roy is superintendent. The nurse instructor of the hospital, Miss Cooledge, will teach the classes to be held in the hospital.
A community class organized in South Bathurst will also meet in the Gloucester Hospital. These last two classes will be taught by Mrs. Legere, a graduate nurse, who has just returned from a post-graduate course in New York.

HAD BUSY TIME.
Miss Barrington addressed four large meetings and at one meeting where 120 were present there were 78 of those in the audience who enrolled for membership.
Miss Barrington last night spoke most gratefully of the assistance given her by Mrs. White, president of the C. W. I., Mrs. J. P. Byrne, Miss Petrie, Miss Gammon and Mrs. Pepper.

WINS FIRST HONORS.
The Kilburn Red Cross Society gets first honors in the provincial drive for funds and members as it has been the first to send in the provincial deposit a contribution towards the campaign objective of \$5,000. The Kilburn branch had a community social which realized \$55 and the whole sum was forwarded to the provincial office recently where it made the first entry on the provincial campaign list. The dues from membership fees of the Kilburn branch are to be forwarded later.

MORE WORKERS WELCOME.
The committee in charge of the Health Centre tag day have found an energetic convenor for the tagging in East Saint John in the person of Mrs. W. J. Bevil. Organization for the tag next week is going forward most encouragingly but more workers will be gladly welcomed.

The Great Breathable Remedy
PEPS
FOR
COUGHS, SORE THROAT,
COLDS & BRONCHITIS

As you dissolve a Peps tablet on your tongue, certain healing fumes are released which are immediately taken with the breath down into the furthest recess of the lungs where liquid medicines cannot penetrate. These Peps fumes on their way bathe the whole of the breathing passages with their healing potency, soothing the throat, allaying inflammation in the bronchi, and relieving the chest. Liquid medicines are simply swallowed into the stomach and cannot act in this direct Peps way.

While Peps are an expensive remedy to produce, the demand has become so great that it has now been found possible to have the PRICE REDUCED TO 25c. box
New obtainable of medicine dealers everywhere, or direct from Peps Co., Dupont St., Toronto.

Social and Personal

Mrs. Daryl Fairweather received at her home, 278 Princess street, yesterday afternoon from 8 to 6 o'clock. The table was covered with refreshments, being assisted by her husband's sister, Mrs. J. S. Hunter Wurtelle, of Montreal, who is his guest. The bride wore a white georgette, heavily beaded and Mrs. Wurtelle was smartly gowned in brown chenille, trimmed with fur. The room was brightly decorated with yellow chrysanthemums and lighted candles of the same shade, which predominated everywhere and seemed to bring into the house the glow of the autumn sunshine.

Mrs. J. F. H. Teed and Miss Portia Mackenzie presided over the tea cups. The table was brightly decorated with yellow chrysanthemums and lighted candles in silver stands. Those who acted as waitresses were Mrs. H. Bryant Fairweather, Miss Viola McAvity and Miss Barbara Fairweather, of Rothesay. Mrs. H. Russell Sturdee ushered the guests, and Miss Little Master James Donald Telfer was a very successful attendant at the dinner of 160 guests which was held on the bride, who was formerly Miss Dorothy Ross, of Sault Ste. Marie, Ont.

Mrs. Norman Gregory entertained at an informal drawing-room tea one afternoon this week in honor of her sister, Mrs. A. E. Palmer, of Toronto. The room was decorated with yellow and white, and Mrs. Gregory, of Westport, N. S., who was visiting her daughter, Mrs. Hugh Gregory. Among others who entertained for tea and dinner were Mrs. J. B. Palmer, Mrs. C. P. R. of Brownville Junction, who gave a delightful luncheon at the Admiral Beatty Hotel for his colleagues in the C. P. R., Mr. Palmer, Mrs. Palmer, their hostess and a few other friends.

Mrs. W. I. Fenton, president, was in charge of the meeting in St. Jude's church hall this week, West Saint John, when the Women's Auxiliary met to discuss the plans for their Forward Movement campaign. The ladies are planning to make outfits for the children of the Indian Mission schools and began some of them at the meeting, while discussing business.

Mrs. and Mrs. E. W. Dunham, of Toronto, have returned home, after visiting relatives here.

Mrs. W. J. Finlay was the occasion of a delightfully informal party at the home of her former girl friend, Mrs. Walter B. Brown, 64 Watson street, West Saint John, on Tuesday evening, prior to Mrs. Finlay's departure for Montreal. The party was given by Mrs. Finlay and was enjoyed with a guest prize being given to Mrs. Finlay and won by Mrs. D. W. Newcomb and Mrs. James MacBennell.

Mrs. M. L. Bonnell, who left here a few days ago for Montreal, is visiting her sister, Mrs. Bonnell and Mrs. Bonnell there, arriving on Sunday. She will remain until the end of October, before proceeding west.

Miss Nan McCoombs, of Montreal, and Miss Jane Bealstro, of Fredericton, are guests of Miss Margaret-Lands, 161 Princess street.

Mr. Norman Smith has returned to his home in Horsfield street after an absence of six months from the city.

Mrs. H. M. Parlee, of 120 Main street, entertained at her home at a charming drawing room tea one afternoon this week in honor of Mrs. G. M. Ferris, who is leaving with her husband for Sierre Madre, Cal. The rooms were very pretty with rose effects produced with flowers of that shade and brightly shining candles in silver stands. Mrs. Murray Sinclair presided over the tea and Mrs. Parlee assisted in serving by Miss Olive Compton and Miss Norma Parlee. Those present were Mrs. L. Ferris, Mrs. Blake Ferris, Mrs. C. Flower, Mrs. J. Stephenson, Mrs. Chas. Parlee, Mrs. Fred Dean, Mrs. B. Barnhill, Mrs. Joseph Needham, Mrs. W. H. Gunter, Miss Belle Singer, Mrs. S. Foshy, Mrs. H. Cole, Mrs. H. Taylor, Mrs. Fred Colwell, Mrs. B. Dykeman, Miss Annie Gunter and Miss Reta Dykeman. Mrs. Blake Ferris generously sang several selections for the company.

Mrs. A. W. Woods, of Fredericton, wife of the Inspector of post offices for New Brunswick, entertained the east and chorus of "From Afar Off" at her home on Tuesday evening. The performers were received by Mrs. Woods,

22 CANDIDATES IN FIELD FOR FEDERAL HONORS IN PROVINCE

Straight Contests in All N. B. Constituencies Except in Victoria-Carleton, Where Woman Independent Opposes Conservative and Liberal-Progressive

THE first woman ever nominated in New Brunswick for the House of Commons has tossed her headgear into the ring with the derbies and fedoras of the 22 men candidates for federal honors. She is Mrs. Minnie Bell Adney, who was nominated at Woodstock yesterday to run in Carleton-Victoria as an independent candidate. Mrs. Adney's agent is Helen McGibbon who put up the necessary \$200 deposit required of the aspirants for political distinction.

With the entry of a woman into the contest came the departure of a man, namely James Robinson, of Millerton, who had signified his intention of running as an independent Conservative in Northumberland but who yesterday announced that, at the request of Rt. Hon. Arthur Meighen, leader of the party, he would retire. This leaves just one three-cornered fight, in Carleton-Victoria, where Mrs. Adney is opposing T. W. Caldwell, Liberal-Progressive, and Hon. J. K. Flemming, Conservative. In all other constituencies there are straight party fights.

23 CANDIDATES.

Twenty-three seekers after the 11 seats to which the province of New Brunswick is entitled in the House of Commons of Canada were nominated yesterday, nomination day. In many of the constituencies there were public meetings in connection with the formal proceedings and the candidates gave addresses.

A misunderstanding regarding the arrangements for Charlotte county made the meeting at St. Andrews a one-sided affair. The report had gone abroad that there would be no speaking and, as a result, W. A. Holt, the Liberal candidate, was not present. His opponent, R. Watson Grimmer, however, gave an address.

SPECIAL TRAIN.

A special train over the International Railway brought many from Madawaska and along the International Railway to hear the candidates, Hon. Pius Michaud, Liberal, and Arthur Culligan, Conservative, speak at Campbellton. There was a big meeting at Bathurst, where J. G. Robichaud, the Liberal standard-bearer, and J. B. Hachey, the Conservative, gave addresses. At Newcastle Charles E. Fish, the Conservative standard-bearer, and F. M. Tweedie, the Liberal, spoke and at Richibucto the Kent county opponents, Louis Robichaud, Government, and A. J. Doucet, Opposition, spoke.

SECRET OF HAPPINESS

The greatest menace on earth to happiness is the ill health with which so many women are afflicted. The young woman is subject to pain and irregularities, the mother to the tortures of displacements with consequent pains, aches and nervousness—the middle aged woman to the uncomfortable conditions caused by this critical age. The one remedy to control these conditions and restore the system to a normal healthy condition is Lydia E. Pinkham's Vegetable Compound, which for fifty years has been restoring sick and ailing women to health and happiness.

"Then, I Learned How to Shave."

"I had developed the habit, like lots of fellows, of shaving year after year with the same old "safety".

"I was out camping with a chap who used a Valet AutoStrop Razor and was very enthusiastic. 'Just try it,' he urged.

"Results! What a difference! It is all in the stropping, I learned.

"I'll never go back to the ordinary "safety" because I'll never be content with the blade giving only a few shaves, the blade getting duller with every shave. Believe me, those two weeks convinced me that I had been in a rut as far as shaving is concerned."

This is the experience of many men. Maybe you are in a habit rut. Have you tried the Valet AutoStrop Razor which automatically sharpens its blades without removal—cleans too, without removal?

HARVARD MAN AT SUSSEX MEETING

Dr. W. S. Carter, Mayor Murray and Others Also Speak.

SUSSEX, Oct. 22.—The forty-first annual session of the Teachers' Institute for the counties of Kings and Queens opened here this morning in the assembly hall in the school building. There was a large enrollment, the attendance being somewhat above the average.

HARVARD PROFESSOR SPEAKS

A public meeting was held tonight commencing at 8 o'clock in the assembly hall of the school, at which there was a large attendance. W. J. Mills, chairman of the Sussex Board of School Trustees, occupied the chair. Mrs. Blake Ferris, of Saint John, sang two solos in splendid voice and was obliged to respond to encores. Addresses were delivered by Prof. D. G. Davis, of Harvard University; Dr. W. S. Carter, chief superintendent of education; His Worship Mayor Murray and others.

MORNING SESSION

The first session began at 10 o'clock this morning. After a violin solo artistically rendered by Miss Hazel Sharp, enrollment took place. Then followed the appointment of committees.

AFTERNOON SESSION

The afternoon session was opened with a charming trio by Misses March, Ross and Stephenson, of the Hampton Consolidated School. A lesson on intermediate teaching by Miss Mary Mosher, principal of Sussex Corner school, brought out many points of value and caused favorable comment. The rest of the afternoon session was taken up with exercises, answering questions and general discussion.

SERVED 400 SUPPERS

The Church of the Assumption high tea and fair had another bumper night last evening when there were 400 served at supper and all of the booths and attractions had very generous patronage. The prizes were won as follows: Bean boards, Ladies, Miss Susie Murphy; men's, T. L. Morrissey; ten pins, Edward Owens; door prize, a ton of coal, Edward McGinnis, City Line, West Saint John.

ST. MARY'S BAND WINS HIGH PRAISE

H. J. BARTON, secretary of St. Mary's Band, has received a very gratifying tribute of praise for the band and its soloist, Ernest Till, from W. G. George, assistant broadcasting manager of the CNRA. In his letter Mr. George refers to the concert by the band, and Mr. Till, which was recently broadcast from that station, and he says that the concert was one of the most successful ever broadcast from CNRA. He writes, "I had heard an excellent report of your band before I asked you to broadcast, but the program last evening exceeded my fondest expectations."

HAVE ENJOYABLE CONCERT

The St. David's Old Country Club held a greatly enjoyed concert last night in the Sunday school room as the opening event of its season's activities. Rev. Hugh Miller was chairman. The program included vocal solos by Miss M. Aird, W. Trafton, Mrs. Hugh Miller, Miss Bessie Smith, G. Wallace and Mr. Harris, piano solos by Miss T. Parlee and Master J. Wilks; pipe selection by A. Campbell; Scotch dance by Master J. Robertson; readings by Miss H. Marshall and R. Shaw, and selections by an orchestra composed of C. Woolley, C. Baxter, J. Willis and P. Reid. During the evening ice cream and candy were sold and the committee in charge consisted of Miss Bertha Smith, Mrs. A. M. MacGowan and Mrs. Jesso. The entertainment committee consisted of Percy Reid, George James and D. McCartney.

WILL SELL LAND AT MARTELLO TOWER

Government Agent Places Placards Asking For Bids For Lots.

Placards were placed on the Dominion Government land surrounding the Martello Tower in West Saint John yesterday stating that the land was for sale in building lots and tenders were asked. The placards were put up by a representative of the Department of the Interior, who was in communication with W. C. Dunham, parish clerk of Lancaster, and from Dunham he secured information concerning the ownership of adjoining land.

SPACE MARKED OUT

A space of 60 feet on each side of the tower was marked off and reserved for the tower surroundings. The remainder of the land on the south side of Charlotte street was divided into 10 lots and with these lots there was also offered for sale a block of land about 200 feet by 400 feet to 500 feet, which is the old block house site and is located on the hill to the north of the tower where the old canon still rests today.

The agent of the federal department marked out a road also to run from Charlotte street to Whipple street.

PROTEST MADE

H. P. Crouse, of DeMonts street, last night in speaking to The Telegraph-Journal strongly protested against the action of the Federal Government in offering the Martello Tower lots for sale and said the residents were very indignant that this historic spot should be treated so slightly. Mr. Crouse felt that the Government could more graciously have given the city of Saint John a deed of the property and had it made a public park.

NATIONAL FISH DAY

B. B. Brittain, fisheries overseer here, received notification from the Canadian Fisheries Association yesterday afternoon that Oct. 23 had been designated as national fish day in Canada, an occasion on which the association requests that all will assist the fishing industry in the Dominion by having fish on the family table.

3 MARITIME PREMIERS URGE NECESSITY OF SOLVING ALL LOWER PROVINCE PROBLEMS

Dr. Baxter Sounds Co-operation Need as Key-note, Wants Sectional Dissensions Ended; 3,000 Hear Leaders

STEWART SEES ENLARGED P. E. I. MART

Rhodes Instances Countries Now Enjoying Prosperity Under Proper Customs Duties and Stresses Advisability That Canada Manufacture Much of Its Raw Material

AMHERST, N. S., Oct. 22.—The Maritime case and the necessity of a solution of the transportation and other problems were fully discussed here tonight when the three Maritime Premiers, Hon. E. N. Rhodes, of Nova Scotia; Hon. J. B. M. Baxter, of New Brunswick; and Hon. J. D. Stewart, of Prince Edward Island, made their appearance upon the one public platform. It was a historic meeting, and the three speakers, together with Robert K. Smith, the Liberal-Conservative candidate in Cumberland County, delivered their addresses to nearly 3,000 persons.

With the exception of the occasion when the late Hon. Sir Wilfrid Laurier concluded his final Maritime tour, it was the largest political meeting ever held in Amherst.

The Premiers, in their addresses, dealt with the Maritime and Federal issues, referring more particularly to problems peculiar to the Maritime Provinces, including transportation, immigration, and the necessity of protection.

NATIONAL UNITY URGED. At the same time a strong plea for a national unity threaded their utterances, and they urged the abolition of all sectional dissensions.

Hon. Percy C. Black, Minister of Highways for Nova Scotia, presided, and on the platform with the three Premiers were members of the municipal council as well as representative citizens of town and county.

Hon. Mr. Black in his preliminary

minion of Canada from being a dumping ground for the surplus goods of the United States and foreign countries.

DR. BAXTER SPEAKS.

Premier J. B. M. Baxter, of New Brunswick, who was the next speaker, sounded the necessity of Maritime co-operation as the key note of his address. At the same time he urged the national unity of the Dominion with an avoidance of sectional dissensions and differences, pointing out as a glowing example the bitter flame of rivalry that at one time had existed between the Maritime Provinces and the rest of the Dominion. "Let us find out what to say with that one voice," he said.

1,000,000 REPRESENTED.

Tonight the three Premiers of the three Maritime Provinces represent one million of people no inconsiderable proportion of the Dominion. "Let us find out what to say with that one voice," he said.

Premier Baxter then referred to the Maritime Mission that journeyed to Ottawa some months ago, and he claimed that an attempt had been made by the Liberals of Halifax to undermine the work that his committee had planned at Ottawa. He furthered his remarks with the contention that Premier King had been quite cognizant of this effort.

BIGGER THAN PARTY.

"We need good government in Provincial affairs, and the day has passed when the Provincial Government can serve as a tool for the Federal House; my province is bigger than my party," Premier Baxter then dealt with the attempt to form a Maritime Party at Ottawa to secure proper recognition for the three provinces. In this conference the five Conservatives of New Brunswick, elected in 1921, took an important part, but the measure was not successful, due to the unwillingness of the solid 16 of Nova Scotia to render real assistance.

MARITIME ISSUE AT STAKE.

Robert K. Smith, the Conservative candidate, who was the first speaker, asserted that the Maritime leaders could not avoid taking part in the present electoral campaign, with an issue of "Maritime Rights" at stake. If they had stood aloof they would have been delinquent in their duties to the people of these provinces. Mr. Smith pledged himself to place the interest of the Maritime Provinces before his party. Mr. Smith in a general way dealt with the different problems that are being fought as issues in the campaign. Mr. Smith made reference to the industrial situation in Amherst, claiming the cause to be entirely due to lack of adequate protection upon certain commodities manufactured in Amherst.

PREMIER STEWART TALKS.

"The people of Prince Edward Island are solid in their stand for Maritime Rights," was the salient remark of Premier J. D. Stewart. The benefits that would result from higher protection for the industries of Nova Scotia and New Brunswick would mean a ready market for the big export of P. E. Island farm produce. Halifax, Saint John and New Glasgow, and the mining towns of Cape Breton form a great market source for the P. E. I. farmer, with these centres alive with industry the island farmers would reap a speedy benefit. "The people of Prince Edward Island are in this 'Maritime Rights' fight to the finish and they will see it through to a successful conclusion."

FULL CONTRIBUTION.

The Maritime Provinces have made a full contribution to the railway systems, canal systems, the land purchases, governmental costs, immigration and to the construction of Canada as a nation, with a price of gallant blood. The return in benefits has been lacking, he said. Premier Stewart in conclusion pleaded the cause of adequate protection, to prevent the Do-

Would Give Booze Buyer Same Sentence As Bootlegger

BOSTON, Oct. 23.—The bootleggers' customers ought to go to jail and stay there as long as the bootleggers, the Rev. Dr. Daniel Polling, president of the Christian Endeavor Society, speaking in place of the Rev. S. P. Cadman, told the Men's Conference of the Bedford Young Men's Christian Association, Brooklyn, N. Y., and a large radio audience. Halsey Hammond, executive secretary of the Bedford branch, Y. M. C. A., explained that the Rev. Mr. Cadman was unable to appear in accordance with his schedule, but that he would be in his accustomed place on the platform a week hence, when he is listed to speak on "The Force of Civilization."

The Rev. Mr. Polling's onslaught against bootleggers' customers came during the question period of the conference. The customer, the speaker said, is abetting in the crime and should be punished accordingly. "If I buy the stuff I trade with the man who sells it," he said, "and he would not sell it if I didn't buy it. My crime is practically equal to his, and I ought to be kept in jail as long as he."

day and told his audience some of the difficulties that he was experiencing in government duties at Halifax.

ADEQUATE PROTECTION.

Premier Rhodes advocated an adequate policy of protection, not necessarily a policy of high protection, but a policy that would safeguard the business, industrial, mining and agricultural interests of the Dominion. He stated that Canada was in a most peculiar position, the wage scales here being governed by the rates paid in the United States, naturally creating a difficult situation, when the population of the two countries were pitted in comparison. He made specific mention of countries that today were enjoying prosperity under protection.

EXODUS HELD ALARMING.

The exodus of citizens of Canada to the United States, he declared, was most alarming, and he remarked upon the changes that had been wrought in his home town in recent years, due to an industrial depression which, he charged, had been engendered by a low tariff. He stressed the need of Canada's manufacturing much of its raw material now being exported and manufactured in the United States. The new industries thus created would give employment to Canadians, many who are now in idleness.

OFFERS MEIGHEN PLAN.

Hon. Mr. Rhodes in a clear cut manner went into the question of the Maritime case, making mention that the transportation problem was one of the leading points.

IMMIGRATION URGED.

In advocating a strong immigration policy for the Dominion, Premier Baxter urged that the Maritime Provinces be given the opportunity to secure settlers for the vacated and deserted farms. He stressed the necessity of having colonists like the Hebrideans settle on the shores of these provinces rather than in Western Canada, remote from their natural element, the sea.

ISN'T HIGH PROTECTIONIST.

Continuing Premier Baxter remarked that he was not a high protectionist in the full sense of the word, but stood for a policy that would provide protection for the Dominion, a policy that could be enunciated in Vancouver as well as in Halifax. In suggesting a solution of the transportation problem Premier Baxter asserted that there must be no hostility felt towards the people of the West. He advocated year to year rates that would give the different sections of the Dominion a proper chance to compete in national markets.

DUBLIN HOUSING CALLED WORST IN ALL BRITAIN

Trinity College Chaplain Tells of Trials Of Poor

MUCH CONGESTION

21,000 Families Totalling 90,000 People, Live In One-Room Dwellings

DUBLIN, Oct. 23.—The Rev. Robert Malcolm Gwynn, chaplain of Trinity College and member of a Dublin family noted both in literature and sport, paints a grim picture of the conditions in which the poor of this city live. Housing conditions here, he says, are worse than anywhere else in the British Isles.

The Rev. Mr. Gwynn spoke at a conference in connection with housing week. He said that 21,000 families comprising 90,000 persons, lived in one-room dwellings in Dublin, and that of every 1,000 persons in the city, 223 lived in the one room tenements.

GLASGOW SECOND

Glasgow was second to Dublin, he said, in its crowding, and there 182 persons out of every 1,000 lived in one room dwellings.

The speaker declared that 6,800 families in Dublin lived in houses unfit for habitation, and that between 1,700 and 1,800 houses had six to 10 families living in them. He said that although considerable progress in building had been made by the corporation, this was not within measurable distance of overtaking the requirements of the situation, since allowance must be made for deterioration.

MANY GET LOW WAGE

George Beckett, who presided over the conference, said that in 1917, there were 8,000 families in Dublin with incomes of less than 28 shillings a week and that there were almost as many such families now. This meant, he said, that these families could not pay enough rent to meet the cost of decent living quarters.

Janisse Is Cleared Of Murder Charge

WINDSOR, Ont., Oct. 22.—After deliberating 15 minutes a jury in Mr. Justice Grant's court in Sandwich acquitted Arthur Janisse on the charge of murder today.

Janisse is the husband of Ruth A. Janisse, now awaiting sentence on her conviction for manslaughter.

Mrs. Janisse, self-confessed slayer of Clayton McMullin, Windsor service station proprietor, was originally charged with murder. In dismissing Janisse, the judge scored him severely for allowing intimacy between his wife and the slain man.

Noted Writers Plan To Fish In Province

Looking ahead to the fishing season next year, C. B. Allan, secretary of the New Brunswick Tourist Association, has already secured two prospective visitors for this province. Rex Beach, noted writer, has expressed his desire to return to New Brunswick, this time to enjoy a fishing trip, and Kenneth Roberts, whose stories appear in the Saturday Evening Post, has written that a fishing trip in New Brunswick appeals to him greatly.

Mr. Allan wrote to Mr. Roberts suggesting that he would find in this province natural beauties to delight him and such good hunting and fishing as could hardly be equalled. In his reply Mr. Roberts said that big game hunting did not appeal to him so much as a fishing trip and that Mr. Allan's letter had made him think seriously of coming to this province to hook some of the famed trout and salmon of New Brunswick.

COULD CAUSES GIVEN

WASHINGTON, Oct. 23.—Causes for colds, attributed to hundreds of different atmospheric and physical disturbances, is chiefly due to over-fatigue and stale air, according to a bulletin issued by the U. BROTHERS FEATURED

LONDON, Oct. 23.—Two twin-brother solicitors, G. H. Young and C. H. Young, appeared in a recent case at Thames Police Court, one for the prosecution and the other for the defence. The two prosecutors were also brothers, as were the three prisoners who figured in the case.

having to submit a legal document to the judge, endeavored to get into communication with him. Being unable to do so, the clerk came to Joyce. The snuffers of the judge's home were drawn and the clerk, alarmed, notified the police.

Breaking in a door, the police and the clerk found the judge hanging from a hook in his office, and the bodies of his wife and niece on a bed upstairs. Physicians were unable to say what was the exact cause of death, but they expressed the belief that it was due to strangulation. The judge's pension would have been 4,000 francs a year, less than \$200. He was too feeble to add to this sum by work.

GERMANY SEEKING TRADE TREATIES

Negotiations Resumed With France; Arrangements Made With Other Powers.

BERLIN, Oct. 22.—With the political and economic situation somewhat cleared by the Locarno Treaties agreement, Germany is striving now to conclude commercial treaties with various European countries.

Franco-German negotiations have been resumed; negotiations with England are expected soon, and Germany has also to conclude arrangements with Italy and with Spain. Official circles are very hopeful regarding the further development of the Franco-German negotiations after a period of 12 months of spasmodic dealings between the two countries. Expiration of the effectiveness of certain Versailles Treaty clauses dealing with economic matters on Jan. 10 last gave rise to the necessity for new arrangements, but no treaty could be concluded.

Now, however, it is felt that there is a chance for the "de facto" application of the most favored nation clause and for application of the French minimum tariff to German imports of machinery, chemicals and toys, since Germany is now willing to make important compensations to France.

"It was not age that lined her face"

KNOW THE TRUTH ABOUT BRAN. To be effective, bran fiber must go through the various digestive processes without submitting to any of them. It must pass through the entire alimentary tract without its form being changed. What happens when a bran food is eaten? After the saliva has acted upon it, it passes through the stomach and into the intestine, where every part which is not fiber is absorbed. In ALL-BRAN the quantity of fiber is so great that it furnishes bulk enough to prevent and relieve constipation. In a part-bran food, the quantity of fiber is so small that there is only a puny amount to do a herculean task. ALL-BRAN brings sure results. Demand it.

O'BRIEN-ROUYN LINE WILL COST \$300,000

Separate Company and Not C. N. R. Will do Work, Says Thornton. MONTREAL, Oct. 22 - A statement was issued by Sir Henry Thornton, Chairman and President of the Canadian National Railways from the headquarters of the system here today. He said in part: "There has been more or less discussion in the press with respect to the construction of a railway from O'Brien, on the National Transcontinental, to Rouyn, Que., for the purpose of serving a large mining development which important interests propose to make. An investigation made some time ago by the experts of the Canadian National Railways disclosed the importance of the district, and the necessity for the provision of transportation facilities for new enterprises and the development of the traffic interests of Canadian National Railways system. More than one project for the construction of a railway into the Rouyn district seemed to be under promotion, and prompt action was essential if the National Railway system was not to find itself eliminated from the field. For these reasons it was decided that a line should be built by a separate company and financed without calling upon the resources of the Canadian National.

Man Is Shot Twice, Farm Hand Is Held

NIAGARA FALLS, Oct. 22 - Robert Ellerington, Visary Road, Stamford, was shot twice with a double-barrelled gun this morning, but was unhurt. The assailant, William Lawton, employed on the farm, formerly of Uxbridge, Ont., is under arrest. According to the police, Lawton is only 19 years of age and was working through the window from inside the house. He then tied himself with ropes and had a gag in his mouth when the police found him.

Germany Observes Disarmament Terms

PARIS, Oct. 22 - Germany is carrying out her promise to destroy war material and otherwise is observing the disarmament programme imposed by the Conference of Ambassadors, Premier Painleve, Foreign Minister Briand and military experts were told Wednesday in a report from the Allied commission of military control of Germany. The statement and experts conferred regarding the report.

The small cost of a "Want Ad."

A "Want Ad." is a secondary consideration. The object is results. Therefore, never cheapen here and there to save an odd cent or two. By doing so the value of the entire ad. may be destroyed.

When writing your "Want Ad."

put yourself in the place of the reader, and answer the questions you yourself would naturally ask. If you have a flat to rent, the home seeker wants to know more than a plain statement of the fact. He wants to know how many rooms there are; if there is hot water; bath; electric lights; garage, etc., and the amount of the rent.

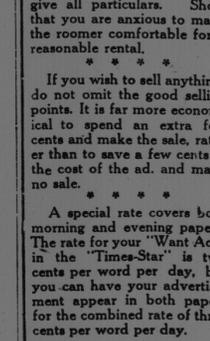

Your flat may be a \$60 a month home, but if you don't say so in your ad.

the \$60 a month tenant may not reply, thinking perhaps it is a \$15 a month flat. To get the right tenant quickly, give full information.

STOCKS AGAIN MOVE UPWARD IN WALL STREET

Motor Shares Lead Broad Climb, Selling in Large Blocks

ALCOHOL SMELTERS ARE ACTIVE AND FIRM

Rest of List Receives Little Attention at Montreal Opening

NEW YORK, Oct. 23.—Stock prices resumed their broad upward movement today under the leadership of the motor shares, which were again taken in large blocks. Mack Trucks opened two points higher, and General Motors, Studebaker and Jordan showed initial gains of a point or more. Bethlehem street showed a large fractional gain in apparent reflection of the earnings report showing a substantial increase in net income for the first nine months of 1925 over the same period last year.

and firmness of Canadian Industrial Alcohol and Consolidated Smelters were the outstanding features of the first half hour's trading on the Montreal Stock Exchange this morning. The former opened unchanged at 15 1/2, but later, as the demand increased, it jumped 3-8 to 15 7-8. The latter came later with an overnight gain of 2 1/2 points at 187-4. The balance of the market was quiet, and firm.

OUTLOOK FOR COAL TRADE FAIRLY GOOD

If U. S. Order Booked Cape Breton Pits Will be Busy Until Feb. 28.

GLACE BAY, N. S., Oct. 22.—Dunlop Coal Company officials here stated this morning that the outlook for the coal trade was fairly good for the next few months.

Provided an order for 50,000 tons a month, which was expected from the United States, materialized, the collieries of the British Empire Steel Corporation in Cape Breton would be kept busy until the end of February, it was stated.

With reference to the matter of certain classifications of mine workers leaving the United Mine Workers, a general official said today that the number affected would be about 500. These, with the men who broke away from the union in Pictou county, would make a total of about 1,000 altogether.

APPENDIX TO ROMAN RITUAL WILL BE READ

Exhorts All To Refrain From Perjury And Dishonesty

MONTEAL, Oct. 23.—At all masses in the Catholic churches, throughout Canada this Sunday, exhortations will be made to the people, to refrain from perjury and all dishonest acts in the forthcoming election.

The appendix to the Roman Ritual, which is to be read at every election, it is in the appendix to the Roman Ritual.

It reads as follows: "During the course of this week you will be called upon to elect a deputy to represent you in the division in the Federal Parliament. Realize this, that Almighty God will require you to render an account of all your thoughts, words and actions, during election time, as well as at other times. While giving to the political interests of this country all the attention which they deserve, while trying to appreciate their true worth, the persons and principles involved, be ever mindful lest the business of this world, which passes like a shadow, should cause you to forget the one necessary business of preparation for the Eternity which shall never pass and which is your ultimate end."

OLYMPIC CHAMPION IS DUE HERE SHORTLY AFTER CHRISTMAS

THUNBURG MAY COMPETE FIRST AT NEWBURGH

Word Expected Daily From The Finnish Skating Ace

THUNBURG, Finland's great Olympic champion, is expected to arrive in this city shortly after Christmas and his first appearance in competition on this side of the water probably will be at Newburgh, N. Y., at the annual meet opening there on New Year's Day. That is according to present tentative plans of the Saint John Amateur Skating Association, which is handling arrangements for the appearance on this side of the water of the acknowledged peer of the amateur skaters of the world. Word is expected daily from Thunburg in regard to conditions and when they are known, the local association can shape its plans with definiteness. As November is at hand and only two short months remain to prepare for the big meet, the situation has been thoroughly canvassed for definite action when Thunburg's wishes are known. There was some talk of sending Thunburg to New York and from there to Newburgh, but it has been practically decided to land him in Saint John and have him work out and train at Lily Lake, and then go to Newburgh for the opening meet of the season, coming back here for the world's meet. It is expected that he will be accompanied by a compatriot, Scottaband, and a great deal of interest has been aroused over the reported coming of these two famous Finlanders.

BOWLING TOURNEY ON Y. M. C. I. ALLEYS

There is every indication of a boom in bowling in the Y. M. C. I. during the coming season. The House League is already in operation with four teams of good bowlers. The Diamond League, composed of the Sparrows, Owls, Falcons and Hawks, was formed at a large attendance of leading bowlers last evening. The officers of this league are: President, Thos. Cosgrove; vice-president, Jas. McNully; secretary-treasurer, L. Wall.

BADMINTON WILL START TOMORROW

The Saint John Garrison Badminton Club will start the season's play tomorrow. The opening date has been advanced by one week because of the requests of members. The date originally planned for the opening was Oct. 31, and on that day the afternoon teas will commence.

Harry Wills Should Meet Gene Tunney Or Withdraw His Challenge To Dempsey

By HENRY L. FARRELL (United Press Sports Editor). Gene Tunney, former American light heavyweight champion, is rapidly forcing himself to the front as the outstanding challenger for the heavyweight championship—if he hasn't already. Harry Wills, because he was the first to drop a challenge and a forfeit with the New York Boxing Commission, is the official challenger, but Tunney is becoming the popular choice. The claims of Wills to first shot at Dempsey are bolstered by sentiment and sympathy, but it would seem that if Tunney is to be treated fairly that records should receive the first consideration. Tunney has done infinitely more in the last two years to deserve consideration than Wills has and records surely ought to count. In two years Tunney has knocked out Erminio Spalla, European champion; Georges Carpentier, Tom Gibbons and Bartley Madden. He has beaten Jimmy Delaney and Harry Greb, and a victory over Greb means something. In the last two years Wills has knocked out Kid Norfolk, Jeff Clark, Buddy Jackson, Tom Jackson, Homer Smith, Jack Thompson and Charley Weinst. He won from Bartley Madden and Luis Firpo, although he failed to stop them. Tunney stopped Weinst three times and Weinst was a much better

SAINT JOHN'S second annual track and field meet for girls will be held tomorrow afternoon on the South End grounds and any one looking for an afternoon's enjoyment can do worse than going down and watching the fair young athletes emulate the deeds of the Olympic heroes. Some of the marks, they say, made at last year's meet are going to fall this time. Here are some of the targets set up last year: Running broad jump, 11 feet, by Miss D. Norwood; running high jump, by Miss G. Fowler, 8 feet, 11 inches; hop, step and jump, Miss Norwood, 24 feet, 7 1/2 inches; shot put, Miss Fowler, 29 feet, 2 inches; throwing the basketball, Miss Fowler, 29 feet. The senior girls' class of the Y. W. C. A. won the meet with 31 points with the Boosters second with 19. Those marks, we might say, compare very favorably with those set up by Toronto girls at their big meets. What we should like to see next year would be a New Brunswick championship meet with entrants from all parts of the province competing here for the provincial titles. It can be done, provided the movement is started early enough in the spring. Moncton, Fredericton, Woodstock, St. Stephen and other centres should have some good material to send up. How about it?

AND NOW it's the Swedes. They have a heavyweight champion boxer by the name of Harry Persson, known as the "slugging stonecutter" who announces he is going to New York early next year and fight under the tutelage of Tex Rickard. He is 6 feet tall and weighs 190 pounds, wearing nothing.

THE BALKANS, we note, are at it again. Whenever they start tearing up the mud and making faces at each other down there, we are always reminded of the advice handed out by a well-known local sportsman, now long since retired but still interested in the game, particularly boxing. In his day, he was one of the best Saint John ever had. The conversation one day turned to riots and on the sporting field. "The cause for all this trouble at these affairs," he says, "is because the crowds persist in interfering with an honest-to-goodness fight. Whenever two youngsters square off at each other and one lets drive a blow that gets in the way of the other fellow's face, immediately the fans rise up on their hind legs, rush down on the field and try to separate them. Maybe, I'm tough but it is my idea the proper way would be to form a ring, appoint a referee and let them go to it. In FIVE MINUTES, yes and less, they'll get all the fighting they want for a while. Let them go to it, I say, and it will be such a tame affair that the crowds will turn away in disgust. This 'hold me, or I'll kill him' stuff makes me tired. Maybe, I'm wrong but it seems to me that would be an effective way." Now if they applied that to the Balkans and let them go to it, we don't think it would last long. But the trouble starts when one nation interferes. That drags in another—and so on down the line. Perhaps, the analogy is not quite perfect but it is not a half bad idea at that. The next time the experiment should be tried out. The future peace of the world depends on it.

HAD WALTER JOHNSON won that last game of the world series he would have been faced with the job of accepting or rejecting a \$2,000 week theatrical contract at the Hippodrome. He lost and the offer was void.

SOME of our friends of the City Intermediate League have taken us to task for a suggestion made in this column last evening to the effect that to create a reserve from which material could be drawn for the High School eleven, the local High should enter a second team in the Intermediate League. It appears that we have reflected on the dignity and standing of the Intermediates by making a suggestion. It was the last thought in our minds when presenting the idea that some might hold up their hands in holy horror at the thought that the High School would have a second team as good as the teams now in the City Intermediate League. Obviously, such a thing is about as possible as selling refrigerators at the North Pole for the very simple reason that even the High School first team would have quite a job gobbling up the present intermediates. In fact, there are some who believe the gobbling would go the other way. The point we made was "what about the future?" It must be plain that the boys now in the present Intermediate League will be ripe for senior company, quite probably next year, because a senior league here would put football back on its feet. They can't be intermediates all their lives. That is fact No. 1. This being so, Juniors will take their places. Here is the chance for the High School second team. The time was, boys, if you will believe us, when High School DID have a real second team that was quite a capable bunch. And what has been done can be done again. If history is any good at all, it should make clear the path of the future. The ideal state would be to have every school in the city represented in a schoolboy league but we haven't the facilities in the shape of grounds. The next best thing is to create a reserve and to do that, High School must have a second team in a league, whether they call it Junior or Intermediate; whether they get trimmed or whether they win. The main thing is EXPERIENCE. If they are so weak they get beaten 80 to 0 every time, that won't hurt the league or the team. It's a funny thing in football that the greater the score, the greater the fame. Is this clear? The present intermediate teams are well-balanced and powerful and put up some wonderful games and as an honorary officer of the intermediate league executive we are proud of their efforts to revive rugby football here.

U. N. B. SWAMPS MT. ALLISON BY 27 TO 0 SCORE

Sackville Boys Never Had Chance Against Red and Black

DAZZLED by the appearance of the University of New Brunswick's rugby fifteen in brilliant scarlet and black new uniforms, Mount Allison's squad of pigskin chasers fast in their tracks while U. N. B. ran wild on the college campus at Fredericton yesterday afternoon and when the seance was over and the spell broken, U. N. B. had won, 27 to 0. This crushing defeat compares very favorably with the one administered to the Trojans and stamps the present U. N. B. outfit as one of the greatest in many years. The red and black trio were made by concerted back field movements with one exception. The latter was by Currie, receiving half, who when opportunity presented himself went over himself. Seely at left outside on the three-quarter line scored four times and McCaffrey at right outside scored once. Captain Paul Fraser's educated toe accounted for nine points as he kicked the penalty goal and made three conversions.

MANY ROOTERS. Mount Allison brought the biggest crowd of rooters which had been seen here at a college football match many motoring over from Sackville. They gave their team all the support they could but it was without avail. The red and gold team, however, fought to the last and gave a good exhibition of gameness. They were up against a better fifteen. They often got away on three-quarter line runs but U. N. B. tackling smothered them. Captain Ray Smith, of Woodstock, played an exceptionally fine game at flying half, but he was collared before he could get away. Had he been in his former position at outside three-quarter he would have had greater opportunity.

The University of New Brunswick sprang a surprise on everyone by taking the field in brand new uniforms in which scarlet predominated with narrow stripes of black on sleeves and stockings. Mount Allison wore garnet and gold, and stocks and jerseys of garnet and gold.

U. N. B. WON TOSS. The U. N. B. team won the toss and placed with backs to the sun. Later in the game there was no advantage from the sun.

Norman Ralston, of Halifax, blew for the kick-off at 3:15 and for a time neither team showed any superiority. Lister of Mount Allison, left but Wills for him to fight. There are, however, if he would be reasonable in his demands, H. is reaching the stage of perfect development now and if he went out for ordinary purposes he could keep himself right at the proper edge by fighting. Wills would have to fight him to fight him, there are King Solomon, Berenbach, Jack Sharkey, Jim Maloney, Bud Gordon, Hot Fitzsimmons and others who would be good cards with Tunney and he could make a lot of money by going out after them and he could get himself so much notice that Wills would have to fight him or withdraw his challenge against Dempsey.

Andrew J. Oberlander is a halfback. He weighs two pounds less than a carload of pigiron and is about three times as tall as a table. He is the proprietor of the meanest straight-arm in the pop-eyed nation and he always swings into action shouting his famous battle cry—"Ten thousand Swedes jumps out of the woods at the battle of Copenhagen."

Against season opponents last year, Obie crashed like a brick through a window. He was the fifth horseman Notre Dame didn't have—the Old Wild Bull of the Campus, himself. Came the Yale game, as they say in French, and the Big Express Train from Everett was making that Bulldog line look like a bench load of perfume. Pomeranians, when some Yale man accidentally kicked Andrew J. in the head. The report that the Yale man broke his foot in three places was later found to be wrong. He broke it in only two places. Asking a football player to spend his odd moments at personal football practice is something like asking a ditch digger to bury an elephant on his day off, or Earle Sande to spend Sunday on a merry-go-round, but big Obie punted and passed and practiced starting and straight-arming before work and after and between times. When he broke loose for his first long run up here this year, the Adams applies of the audience hopped up and down like gold-fish trying to hurdle the rim of their bowls. For, to the uninitiated astonishment of the congregation, Obie could hip-leave and slide-step. He could dodge and wriggle and writhe. He could still lower his neck, shouting his famous battle cry, of course, and divide a line like Moses divided the Red Sea. He could do that last year. It was the new staff that captured the attention and gave it a galvanic thrill. And he could out-cut any man on the squad and throw a pass from the step of Robinson Hall clean through the Bell Tower on top of Old Dartmouth. Obie considers that he's done a bad day's work anytime he fails to run half the field at least three times a game. At least he must feel that way. He never says anything—in fact they stop Obie after a mere 30 yards or so, he arises from the sward with a wistful look at the goal posts and takes his place in the line as if badly pleased with himself.

Laugh This One Off, Boys

For a piece of ballyhoo about the Harvard-Dartmouth game this Saturday that hits 100 per cent. on what a ballyhoo should be, "Bill" Cunningham in the Boston Post, takes No. 1 prize and head of the class with the following: HANOVER, N. H., Oct. 19.—In the murky black corners of newspaper offices, those quaint spots where handsome young men are tailored each fall for their All-American regalia, more than one editor is already dusting off a spare halo or three for the possible use of Andrew J. Oberlander of this Dartmouth team. Andrew J. Oberlander is a halfback. He weighs two pounds less than a carload of pigiron and is about three times as tall as a table. He is the proprietor of the meanest straight-arm in the pop-eyed nation and he always swings into action shouting his famous battle cry—"Ten thousand Swedes jumps out of the woods at the battle of Copenhagen."

All Set For Girls' Track Meet Saturday

FINAL arrangements for the girls' track and field meet on the South End grounds tomorrow have been completed and the girls are hoping that the weather man will be kinder to them than to the West Side schoolboys who were compelled to postpone their meet three times in succession owing to bad weather. In case tomorrow's meet is called off, it probably will be run off next week. The first event tomorrow is called for 2 o'clock.

Out-Jockeys Men In Race

on the throw out used a long throw which often was not straight and brought his team back for a scrim. In the loose play the U. N. B. forwards soon showed themselves able to gain ground. Soon the red and black was within three yards of the Mt. Allison goal line on a long run by the three-quarters. Mt. Allison relieved by kicking. On the punt which was received by the U. N. B. back, the garnet and gold were flagrantly off side and a free kick was given. This started the scoring, as Paul Fraser put the ball over cleanly on a 40 yard kick.

IN INTERMEDIATES' CARD SATURDAY IS GOOD ONE

Nationals to Play Wanderers on West Side Grounds

ELECTION DAY on Thursday next being a half-holiday, Moncton city's rugby football squad will play the Trojans here on the Allison grounds, this being the last game for the one to be played between the two teams tomorrow at the railway centre. Moncton has not been here for some time now and as they have a heavy, powerful outfit and capable of running away with a game if allowed to get started next Thursday's game should be a good one. Tomorrow's game at the railway centre should also produce some good football. Both teams are practically in the same box when it comes to securing practice as the members work during the day and there is very little of daylight left for them to try-out new formations after work. Despite these disadvantages compared with the college teams, both Moncton and the Trojans can put up some hefty arguments and it will be interesting to note the result of two so evenly-matched teams. On Saturday, October 31, University of New Brunswick will be the attraction here against the Trojans. The Red and Black goes to Wolfville for the game there with Acadia on Thursday of next week and on the return trip will stop over here for a game. This will probably be the last meeting of the two teams this year and Trojans are going to make a big effort to wipe out the sting of that 29 to 0 defeat. The big game of the year here will be the Moncton-Dartmouth game at Fredericton on the Saturday preceding. Tomorrow's football game here are scheduled for the West Side grounds and the Allison On the West Side, the wanderers and Nationals, November 9, when Dalhousie University's squad, conquerors of Acadia, play the Trojans here. Dal will play U. N. B. at Fredericton on the Saturday preceding.

At the running of the Newmarket Toon Plate at Newmarket, England, Miss Eileen Joel, shown on "Hogler" came in first in a four-mile race, beating the male jockeys to the finish. Another woman came in second, the men finishing well in the rear.

Pirates Uncertain Over Series Gift

CHICAGO, Oct. 22.—The Pirates, having won the world's baseball championship, can't decide on the emblem they want in recognition of their prowess. Commissioner Landis said tonight that \$100 has been set aside to award each Pirate with a suitable personal gift. At first the Pirates suggested a ring; then it was decided a watch chain would be preferable. Now they don't know what they want.

ST. STEPHEN TEAM WINS

ST. STEPHEN, Oct. 22.—St. Stephen High School football team went down to defeat here this afternoon at the hands of the Calais boys by a score of 7 to 6 in a very hotly contested game.

HURLEY WON

NEW YORK, Oct. 22.—Twelve sensational rounds were fought here tonight by Edouard Mascart, the French featherweight champion, and Lew Hurley, aggressive New York boxer, the latter earning the decision of the judges by a strong finish in the final three rounds. The pair slugged toe to toe without a letup in the first four rounds, then slackened their pace until the tenth, when the American swept Mascart to defeat with a furious rally. The Frenchman weighed 123 pounds; Hurley half a pound less.

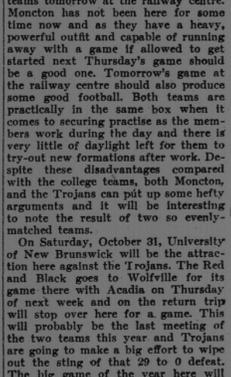

STRIBLING WON

COLUMBIA, S. C., Oct. 22.—W. (Young) Stribbling tonight knocked out Tommy McKiernan, of New York, in the second round of scheduled round bout at the State Fair Grounds.

Scandinavian-American Sailings May Be Every Three Weeks

Percy Turcot Makes Announcement of Sailing Plans for This Port

The Head Line and Scandinavian-American Line will operate again from this port this winter with at least as numerous sailings as last year. This was announced this afternoon by Percy Turcot, local manager of McLean Kennedy Ltd., agents for these lines.

The Head Line sailings will be fortnightly and the ports of call will be at Belfast, Dublin and Cork with one freight steamer, he said, additional steamers would be available.

Regarding the Scandinavian-American Line he declared that it was now sailing every month as last season and there was strong possibility that there may be a steamer every three weeks. These freighters will operate to Copenhagen and other Baltic ports.

Regarding the new Canada-Cuba line Mr. Turcot said he had been working on the matter of this service while in Upper Canada recently but that at present there was nothing further to add to what had been published.

FAREWELL SAID TO MISS EVELYN BLACK

Shower Given Her at West Saint John Home—Goes to New York.

A farewell shower was tendered Miss Evelyn Black at the home of her parents, Mr. and Mrs. G. P. Black, 4 Champlain street, West Saint John, on Wednesday evening, when a large number of young people, including many from the Ludlow street Baptist church, assembled to present gifts and good wishes before she leaves for New York. Games and music passed the time most enjoyably. Solos were sung by Ralph Rupert, Miss H. Sylvia Mills and Miss Ruth Carrell, a vocal duet by Fred Lucas and Kenneth Black and a violin solo was given by Delbert Black, and a reading by Edwin Rupert. The accompanist of the evening was Mrs. A. D. Makenney. Heavy chorus singing was also indulged in. R. H. Parsons was in charge of the programme.

EXPRESS APPRECIATION

Short addresses of appreciation of Miss Black's leadership in the Ludlow street Baptist Sunday school were given by Rev. W. E. Piper and R. H. Parsons. Mrs. E. A. Black of the Narrows, grandmother of Miss Evelyn Black, came to the city to attend the party. Refreshments were served. The committee in charge consisted of Mrs. Newton Sterritt, Mrs. E. S. Waters and Miss Ruth Walters. Heavy wishes for her future happiness and success were extended to Miss Black.

GOES TO ENGLAND

Rev. W. E. Piper of Grand Manan Likely to Remain in Motherland.

The following items are from the Maritime Baptist:— Rev. W. E. Piper who has served the churches at North Head and Castalia, Grand Manan, N. B., as pastor for the last year has closed his work there. Mr. Piper has been obliged to return to England because of family conditions. He will sail with Mrs. Piper from Quebec soon for England. Mr. Piper writes that he is likely to remain permanently in England.

Rev. L. E. Nunn, Mrs. Nunn and young daughter, have returned after their visit to England. We presume that Mr. Nunn is ready to accept service as pastor at once. On a recent Sunday, Mr. Nunn preached at Smith's Cove, N. S.

On Oct. 4 and 11, Rev. George D. Hudson, pastor of the First Cornwallis Church, Canard, N. S., was the preacher at the West End Church, Halifax. The West End pastor, Rev. H. T. Wright, has been doing excellent evangelistic work at Centreville, on the Canard field and preaching for Mr. Hudson on those Sundays.

St. George's Church Organization Enjoys Halloween Event—Debate Next.

The Young People's Society of St. George's church, West Saint John, met for the first time this season in the church hall last night, and enjoyed a Halloween social. The hall was gaily decorated with black cats, witches, spoons etc. and the evening was pleasantly spent in games and music, following which delicious refreshments were served by the program committee. The gathering closed with the singing of the National Anthem and benediction by the new rector, Rev. John Unsworth. The next meeting, on Nov. 2 will take the form of a debate. The program committee has drawn up an attractive card for the winter season and the society looks forward to one of the most successful years of its existence.

SOCIAL ACTIVITIES

The social season in town bids fair to be a particularly lively one, judging from the bookings in several of the popular resorts, including the new hotel. One of the first dances is that of the Loyalist Temple, Pythian Sisters, in the vicinity of Hallow's and another is that of the Fair Vale Cotting Association. Several formal balls are on the lists and fraternal get-togethers in which the ladies will be invited are also being arranged.
