HARDING ADDS TO STRENGTH; HAS 390 ELECTORAL VOTES

Tennessee for Him and Solid South No More

But Fourteen Seats in Doubtful List This Morning—Champ Clark Among the Fallen—Bryan Distributes Blame Between Wilson and Cox.

New York, Nov. 4.—Tennessee has swung into the swelling Republican column, shattering Democratic tradition of a solid south, so unofficial, but nearly complete, returns from the volunteer state showed early today. Her shift from the Democratic ranks, coupled with a similar upset in Oklahoma, reported late last night, assured Warren G. Harding of 386 electoral votes as against 127 definitely in the James M. Cox column and left in doubt but eighteen seats in the electoral college, divided among Arizona (3), Montana (4), Nevada (3), New Mexico (3), and North Dakota (5).

In all of these states, save New Mexico, Harding was in the lead on available returns and even in New Mexico Republican managers were claiming a Harding plurality though available returns showed a Cox lead.

Tennessee so far gives Harding 199,790 votes, and Cox 189,789. Governor Roberts, Democrat, was swept out and Alfred A. Taylor, unsuccessful candidate for governor against his brother in 1916, was elected.

No further actual upsets were reported from the "bell" states, although several towns in Florida and Louisiana and several counties in Georgia and Alabama broke precedents by piling up Harding pluralities.

Further House Gains. The Republican congressional sweep assumed larger proportions as related returns continued to come in. The victory of Samuel D. Nicholson, Republican candidate for senator from Colorado, assured Harding a majority of at least ten in the upper house and of five states where senatorial choices had not been determined. The Republican lead in the lead in four—Arizona, Oregon, Nevada and North Dakota. In the fifth, Kentucky, Republican leaders are clinging to the hope that late returns would overcome the advantage held by Senator Beckham over Richard P. Ernst, his Republican opponent.

The Republicans had secured 237 seats in the House of Representatives to 142 for the Democrats. Four seats went to miscellaneous, including one Socialist and one prohibitionist. Forty-two districts were unreported. On the returns so far the Republicans had a plurality of 181 for the Democrats and four for other prohibitions. On the returns so far the Republicans had a plurality of 119, with forty-three contests in sixteen states undecided. Thirty-eight of these contests were in states which gave Harding pluralities or whose uncompleted vote showed the Republican candidate in the lead.

Late returns also indicated possible turnovers in cases of some Democratic representatives reported elected. A notable instance was in New York where three Republican candidates reported elected—Ryan, in the 15th district; Anson, in the 21st and Rosedale, in the 23rd, had forged ahead of Dooling, Donovan and McKinley, earlier reported elected.

Champ Clark Beaten. The house will have one Socialist member, Meyer London of New York, who defeated Henry C. Grogg, a former candidate in the 12th. The prohibition party lost its lone representative, but an independent prohibitionist, Milton W. Shrew, was elected from the 26th Pennsylvania district.

Several notable upsets occurred in the congressional race, among them the retirement of Former Speaker Champ Clark in Missouri and the election of a Republican representative, Henry Wauz, back in Texas.

Post election developments within the ranks of the beaten Democratic party included a tart statement from William J. Bryan in which he divided blame for the defeat between President Wilson and Cox, asserting that the former had "laid the foundation for the disaster," and the latter "completed the structure."

Wayne B. Wheeler, legislative counsel of the anti-saloon league of America, issued a statement declaring a check of the congressional election states showed a "substantial majority" in both houses against any beer or wine amendment.

Figures by States. Returns early today showed the following states had given their electoral votes, a total of 386, to Harding: California 13, Colorado 6, Connecticut 7, Delaware 3, Idaho 4, Illinois 29, Indiana 15, Iowa 12, Kansas 10, Maine 6, Maryland 10, Massachusetts 18, Michigan 11, Minnesota 12, Missouri 10, Nebraska 8, New Hampshire 4, New Jersey 14, New York 45, Ohio 24, Oklahoma 10, Oregon 5, Pennsylvania 38, Rhode Island 5, South Dakota 5, Tennessee 12, Utah 4, Vermont 4, Washington 7, West Virginia 8, Wisconsin 18, Wyoming 8; total 386.

For Cox. Governor Cox had safely the following: Alabama 12, Arkansas 9, Florida 6, Kentucky 10, Louisiana 10, Mississippi 10, North Carolina 12, South Carolina 9, Texas 20, Virginia 12; total 127.

States still in the doubtful list, lacking sufficient returns, were: Arizona 3, Montana 4, Nevada 3, New Mexico 3, North Dakota 5; total 18.

Election Briefs. New York, Nov. 4.—Revised returns from all but 121 of the 7,808 districts of the state early today gave Miller, Republican, a plurality of 88,275 over Governor Smith, in the gubernatorial contest.

U. S. PRESIDENTIAL ELECTION.

Governor Cox of Ohio, candidate of the Democrats for the presidency, who was defeated.

The vote was: Miller, 1,819,856; Smith, 1,226,811.

Juneau, Alaska, Nov. 4.—Returns reporting the larger portion of the vote in the first, third and fourth divisions of Alaska indicate a Republican landslide in the territory. The vote for delegate to congress was: Grigsby, (Dem.), incumbent, 2,428; Sutherland, (Rep.), 8,715.

LATER. Montana gives to the Harding column making his total electoral votes 890. It is no longer in the column of incidental returns, leaving the latter total fourteen instead of eighteen.

The Prohibitionists. Chicago, Nov. 3.—The election of Senator Harding is more pleasing to the prohibitionists than the election of Cox would have been, said Virgil Hinshaw, chairman of the prohibition national committee yesterday. He said this was because of Mr. Harding's recent public statements made to the National Temperance Council that he would use whatever power he possessed to prevent the re-establishment of intoxicating liquors and also his statement that his future action on prohibition should be interpreted by his vote upon the eighteenth amendment and the Volstead law.

New York, Nov. 4.—Franklin D. Roosevelt, defeated Democratic candidate for the vice-presidency yesterday sent a telegram to Calvin Coolidge, his successor in the White House, expressing congratulations and trusting that under the administration of Mr. Harding and yourself, the nation will grow in prosperity and in the unselfish ideals of Americanism, which unprejudiced citizens of all parties desire.

SHOOTING NEAR FREDERICTON

Arthur Noble Gets Bullet in Lung—Herbert L. Stevenson Arrested.

Fredricton, N. B., Nov. 4.—Arthur L. Noble, a local lumberman, was shot through the back by one of four shots fired at him from behind a barn while he walked along a road leading from the highway to the residence of Richard Donald at Penniac, 9 miles up the Nashua River valley from Fredricton, between 8:30 and 9 o'clock last night. The bullet passed through his left lung and he is now in Victoria Hospital in a critical condition but with Dr. C. P. Holden, his family physician, expecting his recovery within a few days.

This morning Herbert L. Stevenson, who resides at 412 Argyle street, Fredricton, was arrested by Sheriff Hawthorn upon information given to the sheriff by his wife, who said that she and her sister were walking with Mr. Noble at the time and declared the shooting was the result of her husband's jealousy.

This afternoon the character of the charge to be laid against Stevenson was discussed. Sheriff Hawthorn said that Stevenson entered no objections to being placed under arrest but declared he did not do any shooting and it is understood that no firearms were found upon him.

Stevenson is a returned soldier, who went overseas with the 10th battalion. He won the Military Medal and his decoration was presented to his wife at a formal function at the office of the assistant governor here, Hon. Wm. Pugsley, making the presentation.

PITIFUL FAILURE WILSON TASK

Strong Comment by Manchester Guardian

Analyzes U. S. Election and Sees Europe "Snarling, Grabbing and Jockeying in the Old Slime."

London, Nov. 4.—The Manchester Guardian's political motto for the week for the election's choice is by general assent accumulated dislike of Wilsonism and not love of Harding and his party. The national realignment is a tragic change from those weeks in the autumn of 1918 when the material power of the United States was deciding the world's fate. EIGHT DEATHS IN RACE CLASH

Twenty-five Houses Burned—All Outgrowth of U. S. Election Incident.

Orlando, Fla., Nov. 4.—Police services men patrolled the streets of Orlando, Ocoee and nearby towns throughout the night to prevent renewal of a race clash which is known to have resulted in the death of two white men and six negroes on Tuesday night. Quiet prevailed early today and the authorities said they did not expect any further outbreaks.

Deputy sheriffs who were called to Ocoee by the riot, which was the outgrowth of the election, said they believed the death toll would exceed eight. They said they were convinced that the bodies of several negroes would be found in the ruins of twenty-five houses destroyed by fire.

A battle between white citizens and negroes followed an attempt on the part of a negro to enter the church. The church was set on fire and the bodies of several negroes were found in the ruins of twenty-five houses destroyed by fire.

Five negroes were burned to death and the sixth was hung to a tree. Two white men were wounded. The negroes burned to death in houses in which they had congregated and which were taken from a jail early this morning by a mob.

HERO OF RUT IS UP FOR COMMONS

London, Nov. 4. (By Canadian Associated Press)—The coalition party is not running a candidate in the Wrekin division, vacant through the death of Charles Palmer, newspaperman. The fight, therefore, will be between General Townshend, the defender of Kut, and an independent candidate, the Charles Danes labor, but it is believed that a coalition vote is expected to go to Gen. Townshend.

MAY AGREE TO NON-UNION LABOR FOR TIME BEING

London, Nov. 4. (Canadian Associated Press)—The ministers concerned with the housing shortage have had a friendly discussion with officials of the building trade unions concerning the proposed employment of non-union ex-service labor on housing schemes.

The unions have hitherto shown great hostility to the employment of such great numbers of the ex-service labor, but it is believed may modify their attitude if guarantees are given that non-union labor will be withdrawn when the slump comes in the building industry.

PORT MATTERS

A meeting of local steamship agents was held in the Board of Trade rooms this morning and a discussion took place regarding the labor situation affecting steamship traffic at this port. No important news was taken from the meeting, but it is believed a hope was expressed that at a meeting to be held in the near future with the longshoremen's representatives a satisfactory arrangement would be made.

DISPUTE OVER A HORSE SHUTS PART OF N. S. COLLIERY

Glace Bay, Nov. 4.—Because he could not have his favorite nag, which was required in another part of the mine, a young driver yesterday caused a strike in the Phalen colliery, which tied up one section of the mine, kept fifty men idle, and reduced coal production by scores of tons.

The boy was hunting from two miners only and for this purpose was given another horse, his own animal being required where there was more hauling. The driver first took the horse, he wanted away from the stables, whom it was assigned. Then when some officials interfered, he caused a strike in his section.

The men are working today and union officials are investigating the present guilty of the out-laws strike.

LITHUANIAN PRUSSIANS HELP

Operation of Zeligowski's Troops Checked

Varying Reports of the Fighting in Territory Where General Wrangel is Battling With Reds.

Riga, Nov. 4.—Offensive operations by irregular Polish troops commanded by General Zeligowski have been checked along the entire front by the Lithuanians during the last few days and the evacuation of Kovno has been postponed. The only point where the Poles have not been defeated is on the northern sector of the line, where they have occupied the railroad station at Dashti.

Reports from Kovno attribute the Lithuanian successes to assistance given by Prussians who are said to have been joining the Lithuanians. Whole units, it is declared, have crossed the frontier with their arms and ammunition, large quantities of which are said lately to have disappeared from German government arsenals. It is asserted the Lithuanians are now in possession of the mean peninsula, and that the Prussians may later turn to mauling them.

The Latvian government is massing troops south of the Drinsk frontier, fearing an advance in that direction by Zeligowski's forces.

London, Nov. 4.—Reprise by the Lithuanians of Gen. Zeligowski's troops is reported in a wireless message from Moscow today. It says the towns of Porecva and Vitsebski have been recaptured from the Poles.

Schaerhau, Nov. 4.—Russian Bolshevik troops are unsuccessfully attacking the line held by General Wrangel's army south of the Perekop. The Soviet army is battering at the seven mile trench system which extends west across the narrow neck of land leading to the peninsula. Zeligowski's position is quite strong. It has on its left the Gulf of Sivass, or Putrid Sea. Back of the line he has heavy naval guns and other artillery. The town of Perekop, which has been occupied by the Bolsheviks, is a mass of ruins.

Wrangel's troops in South Russia are reported in Wednesday's official statement from the Soviet war office in Moscow. It reads: "In the Crimean sector we are continuing to drive back the enemy, who is retiring to the peninsula, fighting ferociously."

Halifax, N. S., Nov. 4.—Archbishop Worrell, president of the Ministerial Association of Halifax and Dartmouth, announced today that at a meeting of that body on last Monday a resolution was passed endorsing the attitude of the British government towards the hunger strike of the late Lord Mayor, MacSwiney. The resolution was as follows: "The Ministerial Association of Halifax and Dartmouth, which represents the Protestant population of these places and a considerable majority of the whole, have followed the events which have taken place in Ireland for some time past. They are profoundly shocked at the reports of murders and outrages which are a disgrace to any nation and a regret to all law-abiding people. "They feel it is a duty of the British government to do all in its power to check these outrages and overcome the lawlessness which now exists. "While they sympathize with the relations of the late Lord Mayor of Cork in their personal loss and while they recognize his honest determination to be true to his convictions, they think he was mistaken and voluntarily and unnecessarily sacrificed his life for the cause he championed. "While, therefore, we regret the necessity, we feel that the British government was justified in its action in this most distressing case, for no government could continue its existence if the decisions of its recognized courts were liable to be overturned by the action of individual prisoners. "This association ventures to suggest that some rule, such as that which we know in Canada, would give to Ireland all the benefits of self-determination which Canadians now enjoy without the evils which would be developed if a complete severance from the British Empire were accomplished. "The association affirmed their loyalty and devotion to His Majesty, King George V, and their conviction that the peace of the world will best be preserved by maintaining the integrity of the British Empire."

ANGUS McLEAN ON PULP SITUATION

In New York on Return from Abroad

Quoted as Saying Canada Will Take Care of U. S. Supply—Why Beaverbrook Did Not Buy Paper Mill.

New York, Nov. 4.—(Canadian Press) Angus McLean, vice president and general manager of the Bathurst Lumber Co., Limited, Bathurst, N. B., pulp and lumber producer, declared on his arrival here from abroad that Canada will take care of the United States in supply of paper, because of easy transportation and on account of her proximity to Canada's logical market.

England will get her paper and pulp from the Scandinavian countries in greater quantities than heretofore, he said.

"While abroad I discussed the paper situation with Lord Beaverbrook, and it is his opinion that pulp will ease up," said Mr. McLean.

Lord Beaverbrook did not carry out his intention of buying a paper mill in Canada because of "excessive prices asked for property," according to McLean.

FEAR SETTLEMENT
WILL NOT HOLD

What They Think in England About the Strike of Miners.

London, Nov. 4.—(Canadian Ass'n. Press)—Commentators on the coal settlement today almost unanimously doubt its permanency in its present state. Its terms are too much complicated for discussion in a cable, but it can be said that expert opinion shows nervousness because they do not appear to provide favorable conditions for the increase in output which the governing ministers is, the country's crying need. Final figures of the ballot, showing as they did an actual majority against settlement, have given cause for disquiet. The miners' federation, however, took the responsibility for calling off the strike, several members declaring that the men would return to work willingly.

OXO GENERATES HEAT

Concentrated Beef Cubes Fortify Body Against Chills. An Oxo cube dissolved in a cup of hot water is a splendid thing to take before going out in the cold or damp, or on coming in, if one feels the slightest ill effects. Besides its nourishing and invigorating properties, Oxo acts as a fuel in the body, generating heat that the system requires. Oxo cubes—in tins of four and ten—have endless possibilities. For soups, sauces, gravies, savory dishes and meat jellies, they do all that meat could do, and do it quicker and with less trouble. Use Oxo cubes with "left-overs" and odds and ends for new, delicious dishes. There is nothing better than Oxo for building sturdy boys and girls.

SUGGESTS POLICY FOR COAL EXPORT FROM THE STATES

Washington, Nov. 4.—Limitations on the export of coal to insure an adequate supply for home industries are to direct the trade to countries that are natural markets for United States coal and to those to which United States ships sail in ballast, were advocated today by Secretary of Commerce Alexander in a discussion of a national coal export policy. When conditions return to normal, he said, there is little possibility of United States producers obtaining a permanent foothold in Europe and competing with the mines of Great Britain, Germany and France. For South American countries, however, he declared the United States is a logical and natural source of supply. "Our national prestige in these countries would be increased," he continued, "if the United States were looked to as a friendly and certain source for such indispensable raw materials and our influence would be correspondingly increased if any drastic action was taken to hinder the free movement of coal to these countries." He said coal would be exported advantageously to countries on trade routes where American ships lack cargoes for the outward voyage. He urged producers and shipping interests to co-operate to this end. Coal supply for home industry, however, should first be assured, the secretary declared, before any determined effort is made to obtain foreign markets.

A Wonderful Discovery Cures Catarrh Permanently

Formerly doctors prescribed stomach treatment for Catarrh and Bronchitis. They seldom return to normal, but became a national disease. Today the advanced physician fights Catarrh by medicated air. He fills the lungs, nose and throat with the antiseptic vapor of Catarrhoxone. It is easy then for Catarrhoxone to cure. It contains the essences of pure pine balsam, reaches all the germs and destroys the disease. Every case of Catarrh, Bronchitis and Sore Throat can be cured by Catarrhoxone. The dollar outfit lasts two months and is guaranteed to cure; small size 50c; trial size 25c, all dealers or Catarrhoxone Co., Kingston, Ont.

An Important Letter

BRAMPTON, ONT.—"About five years ago I began suffering with woman's trouble. I became run-down, weak and nervous. I was so completely down and out that I could not do anything, could scarcely dress myself. I had the doctor and took other medicine but without getting better until I began taking Dr. Pierce's Favorite Prescription and his Golden Medical Discovery. It was only necessary for me to take about three bottles when I was completely restored to health and strength and I have been in better health than I ever was before. I have had no use for medicine since, but should I need it, I would take these same remedies, knowing them to be excellent."—Mrs. HARRY KNIGHT, Jessie Street.

Dr. Pierce's Favorite Prescription is a non-alcoholic remedy that any ailing woman can safely take because it is prepared from roots and herbs containing tonic properties of the most pronounced character. It is not a secret remedy for its ingredients are printed in plain English on the wrapper. Also Jack Pickford in O. Henry, Story—Serial Story and Canadian Pictorial. Following the delightful engagement of the "Dumbbells" at Imperial Theatre the big Keith house will tomorrow, (Friday) return to its policy of photoplays with a feature warranting to attract adults and children in especially large numbers. This is a story by no less a favorite author than O. Henry, being an entertaining Texas comedy-drama, "A Double Dye Deceiver." Jack Pickford essays the role of hero in this piece and it is one of the best productions of the Keith house that this favorite star has yet given.

The Imperial will also show the evening schooner races of Halifax between the victorious "Paperino" of Gloucester, Mass., and the "Delawanna" of Lunenburg, N. S. These are the first motion pictures of the international races to reach St. John and will contain the element of interest for everybody. The serial story, "The Lost City" will be included in the Friday-Saturday bill, which is a splendid programme throughout and includes the Canadian Pictorial filled with news items from all over the Dominion.

Tonnage However Shows Increase—Some Figures from Ottawa. (Special to Times)

Ottawa, Nov. 4.—The number of steam vessels on Canadian registry has decreased from 4,437 to 4,485 during the last year but the gross tonnage has advanced from 890,867 to 1,060,477. Sailing vessels in the last year decreased from 4,220 to 3,887. Here, too, there was an increase in gross tonnage from 512,662 to 618,806. The reason for this is that a large number of small steam and sailing vessels are going out of existence, to be replaced by vessels of larger tonnage. For example, in September eighteen vessels of a total gross tonnage of 9846 tons were added to the registry and the tonnage bureau of statistics found that there had gone out of commission during the same period forty-five steamers with a total gross tonnage of 6,481. Eighty sailing vessels of 4721 gross tonnage disappeared and nine vessels of 2151 gross tonnage were added. In August and previous months the same situation existed. This registry covers all vessels, ocean, coasting and inland from ten tons up.

PRIVATE J. H. CLARKE (late Royal Field Artillery) British Expeditionary Force.

"I was at Givenchy, Festubert, Neuve Chapelle, Arras and Loos before I got the wound which necessitated the amputation of my left arm. The Hospital I was in was bombed every second day for two whole months. A comrade advised me to take Phosferine, but I did not feel anything would put me right, for I was suffering from rheumatism through sleeping on damp ground. I gave Phosferine a trial, and it proved a very effective remedy for rheumatism, and also put my nerves in a far better state than before I entered Hospital. After that I was put on a Hospital ship which went down the same day it sailed. I am positive certain that but for Phosferine I should not be able to boast of the good health I am now enjoying." This stout-hearted artilleryman declares that without the re-vitalizing aid of Phosferine, he would certainly have been permanently disabled by his terrible experiences—Phosferine sustained and strengthened his nerve system when his natural forces were exhausted, and thus assured the extra vitality to outlast all the shock and strain he underwent.

PAY CLAIM FOR KILLING BRITON

Mexican Government Settles the sum of \$10,000 and \$2.50 a Day on Widow.

Washington, Nov. 4.—The Mexican government has agreed to a settlement with the British government of the claims for the murder of William S. Britton, a British subject, who was killed on Feb. 17, 1914, by Francisco Villa, his agents at Villa's headquarters near Cuernavaca. The settlement consists of the payment of \$10,000 cash to Britton's widow, a Mexican woman, and a daily stipend of \$2.50 as long as she remains a widow.

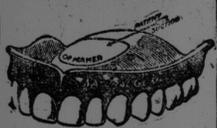

The United States government is especially interested in this settlement, aside from the fact that this is the first move made by the present Mexican government to settle the claims of foreigners, because Great Britain had asked his government to look after British interests in that part of Mexico where the murder occurred. Also it is noted that Britton was the only Englishman killed during the ten years of revolution, while several hundred Americans have been killed and an indemnity has been granted in but one single instance.

The one occasion of an indemnity paid for the killing of an American since he overthrew of Porfirio Diaz was in the case of John B. McManus in Mexico City, killed by Zapatistas, who broke into his home and murdered him. That was on March 11, 1915, and three weeks after the Aguascalientes convention and an indemnity of \$20,000 to his widow.

Britton was killed when he went to Villa's headquarters to protest to the rebel leader against abuses in the territory under the latter's control. The British government, through the Ambassador at Washington, asked the United States to conduct a thorough investigation. The United States called Carranza to investigate for Carranza and Villa were then operating against the Mexico City government, and Carranza exonerated Villa. Other investigators sent by the United States government, including Consul Edwards at Cuernavaca and George G. Carrothers, American consular agent, and for twenty-five years a resident of Mexico, proved that Britton had either been murdered by Villa himself or unjustly executed. The case has been the chief reason for the withholding of recognition from Mexico by Great Britain from that time to the present.

Our Travelling Salesmen Enjoy Selling Red Rose Orange Pekoe Tea

Travelling salesmen work very hard as a rule. They put in long hours, and the pleasure of travelling is not so great as to those of us who mostly live at home.

Naturally, therefore, these men must get a great deal of their pleasure and satisfaction from their work—they like to sell the finest of products and represent a good "house".

Our travelling salesmen are exceedingly critical of the products which they are asked to sell, and when we told them last January that we wanted them to sell a new tea of extra quality—much finer than has usually been sold in Canada—they were keenly interested, put the new tea to many tests amongst their friends, and gave it a lot of time and thought.

Having convinced themselves of the extra fine quality of Red Rose Orange Pekoe Tea, they started on their trips full of enthusiasm.

Their satisfaction, however, has been much greater on their later trips, because of the splendid renewal orders which are following their first sales.

Like good merchants, our salesmen enjoy selling the very finest tea—Red Rose Orange Pekoe.

Try the tea which has met with so much success.

I shall arrive at Elgin Tuesday, 26th inst., Havlock 27th inst., Pettitodiac 29th, for one day only. Whoever failed to get glasses fitted on my last trip may call and be fitted with glasses by S. Goldfeather, expert optician of St. John.

JOHN BARRYMORE TO REST.

He Will Not Reappear on the Stage Until Next Season.

New York, Nov. 4.—John Barrymore it is learned, will not make his reappearance on the stage until next season. Mr. Barrymore, who has been slowly recovering from his breakdown of last Spring will pose for one or two motion pictures during the present season, but the work on these will be done slowly, so as not to tire him. The expenditure of energy necessary to the stage, particularly in "Richard III," has been forbidden by his physician.

Arthur Hopkins said that Mr. Barrymore probably would spend all of the season of 1921-22 in New York. He will be seen in revivals of "Richard III" and "Redemption" and then will come the long-awaited production of "Hamlet."

THE 'TEEN AGE YOUTH.

The education act passed by the legislature of Ontario, to be put in force at such time as may be proclaimed by the lieutenant-governor, pays particular attention to the needs of the boys and girls between fourteen and eighteen years of age. It provides that every boy and girl between the ages of fourteen and sixteen shall attend school regularly unless excused for the following reasons:

- (1) Sickness, infirmity or other physical defect;
(2) Is granted a home permit or employment certificate;
(3) Has passed matriculation or its equivalent;
(4) Is in attendance at some other recognized institution.

If it is essential that the boy or girl remain at home to work, a permit from the authorities must be secured, and if it is necessary to go out to work for wages an employment certificate must be secured.

The German press expresses satisfaction at the Republican victory in the United States. The French press agrees that it is a defeat for the League of Nations as established by the Wilson covenant.

The province of Alberta has discovered a new source of revenue. An exchange says "All furs caught in Alberta after November 1st, will be subject to a five per cent royalty, which will go into the provincial treasury as a new form of public revenue."

There are 1,100,000 head of cattle in Alberta, a large percentage being of dairy breeds. The sale of cattle from the province annually is about 200,000 head.

When this law is proclaimed and its provisions fully carried out, there will be little danger of illiteracy in Ontario, and the boys and girls will be far better equipped for their life work.

Later returns seem to swell the Republican victory in the United States. It is overwhelming. The Democrats take their defeat gracefully, and the country will now settle down to business with the knowledge that for the next four years the policy of the Republican party will rule.

The British coal strike has been settled. If the result is an increase in production the owners can afford to pay the advanced wages as well as they could afford to pay the old scale for a less production.

LIQUOR IN THE WEST.

Manitoba will follow the recent referendum with more drastic regulations regarding liquor. Hon. Edward Brown, provincial treasurer, was in Vancouver just before the referendum was taken in his own province, and in an interview he said:

"The Manitoba government will at once bring into effect several amendments which have passed the legislature and are awaiting proclamation. One of these cuts the maximum amount of liquor on one prescription from 24 ounces to 12 ounces.

HOW EDITORS OF EUROPE VIEW TUESDAY'S VOTE

Comment in London, Paris and Berlin.

Blow at League of Nations Under Wilson Covenant, Says French Capital—Mexico Interested in the Matter of Recognition.

Paris, Nov. 4.—Paris papers agree that Senator Harding's success as a distinct defeat for the League of Nations as established by the Wilson covenant.

Berlin, Nov. 4.—The Lokal Anzeiger says:—"We have got rid of Wilson, who in the last analysis was to blame for our misfortune. Mr. Harding will play politics and mix in world affairs only so far as they concern the United States' interest."

The Zeitung Am Mittag says:—"It would be premature to regard the end of the Wilson era optimistically."

The Vossische Zeitung says:—"It is not Harding's victory or Coe's defeat, but the complete disavowal of Wilson."

London, Nov. 4.—The Morning Post compares President Wilson with Lenin. It says both are idealists, with identical methods, though different aims and thinks that rejection by the United States of such autocratic idealism will bring relief to the world.

The Daily Chronicle admits that the battle raged around the body of the League of Nations, but not in the sense that the United States is hostile to concerted measures to preserve peace and believes that now the domestic problems loom large the average citizen desires above all things "a policy the opposite to a policy of adventure."

The Daily Mail says:—"In electing Mr. Harding the people of the United States declared emphatically for a spell of conservatism in home politics and cautious Americanism in the world outlook."

The Daily Telegraph, assembling the result of the election to "national impatience and resentment against Wilsonism," thinks Senator Harding and his colleagues have yet to discover how far they can reckon on the support of Republicanism, for its own sake, in dealing with the serious difficulties they have to face.

ON NOVA SCOTIA.

A 70-page booklet entitled "Natural Resources of Nova Scotia" with 16 illustrations and a map has just been issued by the Natural Resources Intelligence Branch of the Department of the Interior, Ottawa.

This is the latest of a series dealing with various sections of the Dominion, the booklets previously issued having dealt with New Brunswick, the Peace River, New Manitoba, Saskatchewan, etc.

The opening paragraph clearly indicates the object of the series when it says "The facts in this booklet are compiled for the use of the home-owning capitalist and visitor. They purpose to be up-to-date, authoritative, concise. Each booklet forms a basis of standard official information and is revised as each edition is exhausted."

In the booklet a welcome absence of verbiage allows space for valuable facts. Thus there is a list of products shipped from Halifax which could easily be manufactured in Canada; a special section on West Indian, British, Guiana trade, details about oil-shales, coal, limestone and iron, aeronautics, inebriant marine, clays, salt, land prices and wages—all subjects of present interest.

Statistics are made palatable by an interesting style and suggestive touches.

Nova Scotia is crossing the threshold to great activities, and both to the many native born who left the land in the last generation and to the many about to sail from overseas the booklet will be a reminder that the chances in Nova Scotia now seem as bright as in its summer beauty.

The "Natural Resources of Nova Scotia" will be sent free by mail on application to the Superintendent, Natural Resources Intelligence Branch, Department of the Interior, Ottawa.

McTIGUE VS. BLOOMFIELD.

Montreal, Nov. 4.—Mike McTigue has returned to Montreal to train for a return bout with Jack Bloomfield at Mount Royal Arena on the night of November 11. Bloomfield will not reach Montreal until the day previous to the bout. He still holds the opinion that he had the better of McTigue. There was a marked division of opinion as to the winner of the last bout and both men will have a good following in this meeting.

DUPLICATE THEIR FIRST SUCCESS

The Dumbells Score Again Before a Packed House at the Imperial—A Bright Show Teeming With Wholesome Comedy.

For two hours and a half last night the Dumbells put an intensive barrage of music and fun across the footlights of a packed house at the Imperial Theatre and it is safe to say that, like the great Jiminy Gooch, that were not killed with mirth were taken captive by the charm of the "female" portion of the cast. The success scored by the soldier-actors in their initial appearance before a St. John audience this summer was more than duplicated last night.

With the exception of type, the favorites of the original productions, last night's show was entirely new. By the man repeated his howling success, "Oh, Oh, Oh, It's a Lovely War," with all the trimmings and he got even a more hearty reception than on his former appearance. The screamingly funny satirical skit, "The Duchess Entertains," was again used to close the show, and the house rocked with laughter at the antics of the blue uniformed hospital cases.

The show opened with a spectacular front line piece during which Fred Fenwick and the company sang "Good-bye Khaki." In the rendition of "The Girls Are Lovely By The Sea," Jack McLean introduced a quaint variety of bathing girls who might cause even Mark Senne some concern as to his reputation.

Marjorie (Ross Hamilton) was given an ovation on his first appearance with the boys of the show in "A Dream of Delight." His make-up and costume were excellent. He is looked upon by the ladies as one of the marvels of the stage. Both in the solo and in the concerted numbers his female voice was faultless.

Arthur Holland and Red Newman were heard in solos in the first half and Newman and Chas. McLean gave a clever Dutch song and dance number. Hans and Gretchen, which was a very realistic way the life behind the lines. The scene is laid in an estaminet, the madame's part being taken by Charles McLean; her daughter Marie, by Fred Fenwick, while Allan Murray, Alvan Plunkett, Jack McLean, Bill Fildon, Bill Tennant and Jiminy Gooch were soldiers of varied ranks and colors. The comedy was excellent and some humor was given. This skit was first produced by the Princess Pats Co-Operative in France in 1916.

Perhaps the gem of the show was the latest version of "H. M. S. Pinafore," given at the opening of the second part. The whole story is told in less than forty minutes and is a very complete condensation of the original opera. A production of this opera by the Dumbells in aid of the ambulance poor of Brussels soon after the armistice received recognition from King Albert and Queen Elisabeth recently.

A very dainty song and dance number was that given by Fenwick and Fenwick, entitled "Didst Know the Way to Scotland songs and dancing by Arthur Holland and the boys were also well received.

Taken as a whole the show is a good clean, bright and wholesome picture of music and comedy and the members of the Dumbells are assured of a welcome at any time they care to return to St. John. The play will be repeated twice today.

SO FAR FAVORS BONDS FOR BONUS TO N. Y. SOLDIERS

New York, Nov. 4.—Scattering returns up to late last night indicated a large majority for a proposal for a state bond issue, of not more than \$45,000,000 for payment of bonuses to former soldiers.

SAY PENITENTIARY IS NO PLACE FOR YOUTH

Montreal, Nov. 4.—Among radical improvements in penitentiaries advanced yesterday in a memorandum to be submitted by the Canadian Prisoners Welfare Association to the Royal Commission, which is now investigating conditions, are the following:

That the veil of secrecy which envelops these institutions be lifted by the appointment of public advisory committees and that no youth under the age of twenty-one except for very grave offences, shall be committed to a penitentiary.

It was reported that the recent committal of a boy of sixteen to St. Vincent de Paul penitentiary had been protested against and that enquiries had been promised by the department of justice.

Those Nasty Little Pimples That Come On The Face Are Caused By Bad Blood

Many an otherwise beautiful and attractive face is sadly marred by the unsightly pimples and various other skin troubles caused wholly by bad blood.

Many a cheek and brow cast in the mould of beauty have been sadly defaced, their attractiveness lost, and the possessor of the "pimply face" rendered unhappy for years.

Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends.

There is an effective remedy for these facial defects and that is Burdock Blood Bitters, the old reliable medicine that has been on the market for over 40 years.

It drives out all the impurities from the blood, and leaves the complexion clear and healthy.

N. B. FISHERIES SHOW DECREASE

Figures for 1919 for All Canada Show \$3,000,000 Less Than in 1918.

Ottawa, Nov. 4.—(Canadian Press)—A statement by the fisheries department shows that Canadian fisheries yielded a total revenue of \$56,485,579 in 1919, a decrease of more than \$3,000,000 from the previous year.

The Nova Scotia fisheries showed a slight increase over 1918, producing a revenue of \$15,179,929. Prince Edward Island, Ontario, Saskatchewan and Alberta showed increases in value, while British Columbia, New Brunswick, Quebec, Manitoba and the Yukon produced decreases.

Of the principal products canned salmon was valued at \$18,842,140 the quantity being 1,394,216 cases. This is a slight decrease, both in quantity and value.

The year 1919 was very successful for lobster canning, 128,769 cases, valued at \$3,086,834 being put up, as compared with 109,812 cases, valued at \$2,254,690 in 1918.

The sardine industry was a comparative failure. A total of 119,225 cases were packed, but they brought a revenue of only \$889,811, while 17,193 cases packed in 1918 brought \$1,227,998.

Increases in quantity and marketed catches are noted in dried cod and salted mackerel, and decreases in green salted cod and pickled herring.

HANNA STICKS TO HIS ORDER

No Political Office for C. N. R. Employees—Liberal Leader Condemns This.

Toronto, Nov. 4.—Speaking here last night, President D. B. Hanna, of the Canadian National Railways reiterated his pronouncement against employees of the railway running for political office.

He said: "There has been no attempt on my part to prevent an employee exercising his franchise as a citizen, but when he decides to become a politician, the whole country is open to him. We employ men to work and not for the purpose of a divided interest. It is not camouflaged by so many people saying that the liberty of the employee has been usurped you can readily see the foolishness of it. As long as I have the power to say—and the board of directors backs me up—we will not permit politics to interfere with the operation of the Canadian National Railways or the Canadian Mercantile Marine."

In a speech in Dauphin, Manitoba, last night, Hon. W. L. Mackenzie King, Liberal leader, aroused enthusiasm when he condemned the Hanna order. A member of the Manitoba house of commons, George H. Haines, is a railway despatcher, and anticipates an order to resign his seat or his job.

Havana, Nov. 4.—The electoral board, which is tabulating the vote on the provincial election, last night changed the government reports on the province of Santa Clara and gave the Liberals, headed by General Gomez, their candidate for chief executive, a majority of 191.

The government report had given the province to Dr. Alfredo Zayas, Coalition candidate, by 3,000.

A Blood-Food Discovered That Entirely Overcomes Anaemic Weakness

CAREFULLY INVESTIGATED REPORTS ESTABLISH TRULY WONDERFUL RESULTS.

Heretofore it has often been a hopeless task for a bloodless person to gain either strength or weight. Neither food or medicine in many instances had beneficial effect.

What is practically a perfect blood-food, containing such elements as iron, has at last been produced, and when taken after meals will put new life and vigor into people that have despaired of ever being strong again.

This truly wonderful working treatment consists of taking two small, chocolate-coated Ferronize Tablets at the close of every meal.

This wonderful blood-food supplies nourishment, vim, energy—sends a stream of vigorous, strength-making blood to every nook and corner of the body, makes every muscle and fibre tingling with new-found life and health.

That gnawing tiredness leaves you—Feronize drives it away. Sleepless nights are turned into periods of rest and you pick up fast. Day by day your appetite improves—this means more food is transformed into nutriment that will build and energize weak organs.

The inclination to worry passes away because Feronize imparts nerve-tonsics and bodily strength that prevents depression.

Think it over—Feronize is a wonderful tonic, in fact, it is stronger than tonic because it establishes health that lasts. Thousands use it and thereby cleanse and restore the entire system to a perfect condition.

You'll feel the uplifting power of Feronize in a week—it's bound to help you if you only give it a chance. Sold by all dealers, in a box or six boxes for \$2.50; be sure of the name Feronize. Forwarded by mail to any address if price is remitted.

At the afternoon session of the circuit court in Hampton yesterday, John Wilkinson, who missed his train yesterday morning, arrived on the noon train and the manslaughter case against Messrs. Beverly, Ross, Wilkinson, Dean, Kennedy and Cursey was resumed. George N. Colby, Gilbert G. Davidson, Harold Climo, Jr., W. E. Gunter, A. G. H. Peters, Patrick J. Biddecombe, Ada M. Corley, H. Wilson Dalton and Frank Corley, were present.

Your Pay Envelope

HOW about it? Are you able to keep up to your prescribed task? Is the boss watching your time sheet? Has he reason to think you are slipping back?

The efforts put forth to keep up to the new scale of work in conjunction with "high pressure" mode of life these days soon tells on the strongest system, shatters the nerves and weakens the heart.

Thousands are finding life a burden and others an early grave. The strain on the system causes palpitation of the heart, nervous prostration, sleeplessness, faint and dizzy spells.

Milburn's Heart and Nerve Pills have helped hundreds just in such a condition by making rich new blood, strengthening and regulating the heart, renewing the nerve centres and infusing new life and energy into the system.

This remedy builds up and maintains a healthy, vigorous constitution, according to the testimony of hundreds who have used them.

Mr. Alfred Arsenault, Lot No. 6, P.E.I., writes:—"I was very nervous and run-down, and was so bad I could not sleep at night. I used two boxes of Milburn's Heart and Nerve Pills, and I was relieved. That was one year ago, and I have been well ever since."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Company, Limited Toronto, Ontario

ST. PETER'S Y. M. A. CELEBRATE 33RD ANNIVERSARY

The twenty-third anniversary of the organization of St. Peter's Y. M. A. was fittingly celebrated last evening in their rooms in Douglas Avenue. One of the largest crowds that attended a function in years was present and it was evident that all thoroughly enjoyed the occasion.

It was unanimously agreed that it was one of the most successful celebrations held in recent years and a credit on Arthur Walsh and his efficient assistants, who are in charge of the literary and dramatic committees, as well as all the officers who united their forces to make the event a banner one.

When the meeting was called to order the president, Frank Burke extended a hearty welcome to all after which he gave a brief address touching on the occasion and explaining that the celebration would be the forerunner of many such events, which will be held during the season.

The following programme was then carried out: Selection, by St. Peter's Y. M. A. orchestra, under the direction of Eugene McBride; recitations by a quartette consisting of Andrew, Cyril, Joseph and Paul Moore. They made a decided hit and were forced to respond to repeated encores. Several dance numbers were then enjoyed, some of the more graceful dancers officiating in the capacity of the fair sex. A forceful and interesting address was then given by John J. McDonnell, past president of the society, who spoke on co-operation, harmony and unity. The president, Mr. Burke, rendered a piano solo "The Minuet" by Paderewski in a manner which would have done credit to an artist.

The piece was well chosen and the beautiful chords and technique of the player were not lost on the appreciative audience, who insisted on an encore. A duet was sung by Andrew and Joseph Moore, after which dancing was resumed with orchestra accompaniment. The programme was brought to a close by singing the National Anthem. During the evening lunch was served and the smokes liberally passed around.

THE RENFORTH CASE. At the afternoon session of the circuit court in Hampton yesterday, John Wilkinson, who missed his train yesterday morning, arrived on the noon train and the manslaughter case against Messrs. Beverly, Ross, Wilkinson, Dean, Kennedy and Cursey was resumed. George N. Colby, Gilbert G. Davidson, Harold Climo, Jr., W. E. Gunter, A. G. H. Peters, Patrick J. Biddecombe, Ada M. Corley, H. Wilson Dalton and Frank Corley, were present.

SHOWGIRL SCALPED AS AUTO HITS TREE

Stepson of Late Morton F. Plant and of Col. Hayward Also Severely Hurt.

(New York Times.) Miss Helen Jesmer of the chorus of "The Greenwich Village Follies" was at the point of death last night in Fordham Hospital as the result of a motor smashup early yesterday in the New Rochelle Road, near Hunters Point Bridge in Pelham Bay Park. She was seriously hurt when an automobile driven by Philip Morgan Plant, stepson of the late Commodore Morton E. Plant, multimillionaire, and now a stepson of Colonel William Hayward, swerved from the path of another car and went head on into a tree.

The chorus girl's skull was fractured, her jaw broken and the top of her scalp was torn off. Young Plant, who is 19 years old, suffered a fracture of the right leg and was cut deeply on the face. Norman L. Hussey, 19 years old, of Norwalk, Conn., suffered contusions, and Charles L. Morehead, 20 years old, of Chicago, received a broken nose. The two other young men in the car, David Calhoun of St. Louis and Edward Hershey of St. Paul escaped uninjured.

According to the stories told to the police, Plant and his party were en route to this city from New Haven. It was said the car was proceeding at a moderate speed when it came to the sharp turn in the New Rochelle Road, the site of many other accidents. There it met two other cars, and some difficulty with the steering gear sent the Plant machine crashing into a big "button ball" tree.

The occupants of the car were flung in all directions.

Detective Sergeant George Booth of the City Island Station and other motorists were attracted by the cries and Miss Jesmer and the others were taken to the Fordham Hospital.

Shortly after the accident, Colonel Hayward, who led the 15th New York Infantry overseas, and was decorated for bravery, came to the hospital with Mrs. Hayward. They directed that five nurses be assigned to the injured.

Miss Jesmer is the daughter of Mr. and Mrs. H. B. Jesmer of 1414 First Avenue, Seattle, Wash. She came to this city two years ago when she was 17 years old. Her first engagement was in a dancing act at the Hotel des Artistes, in West Sixty-eighth Street, an act in partnership with Lubovska. Then she was in the Ziegfeld "Follies" and finally went with the "Greenwich Follies."

More Revisions In Luxury Tax Regulations

(Canadian Press Despatch.) Ottawa, Nov. 3.—It is announced here by the officers of the Dominion board of the Retail Merchants' Association of Canada that through the representation they made to the government, pointing out the injustice that existed in compelling many lines of retail trade—among them merchant tailors, furriers, milliners, hardware merchants, etc.—to take out a manufacturer's license, or to pay the manufacturers' sales tax of two per cent, as well as a retail license, that the government has granted them their request by discontinuing the same, and an order-in-council will shortly be passed to confirm this. This will be welcome news to the retail trade in all parts of Canada.

PROVED TO BE A FRIEND IN NEED

"I've Never Seen the Equal of Tanlac in All the 72 Years of My Life," Says Bussieres.

"I am now seventy two years of age but in all my life I have never seen the equal of Tanlac, for since taking it I am enjoying good health for the first time in years," declared Joseph Bussieres, of 8 Fullum St., Montreal, who was for thirty-five years traffic clerk of the Canadian Pacific Railroad, now retired.

"For ten years my stomach was so badly disordered, I couldn't eat anything without severe pain. My back also hurt me nearly all the time and I never knew what it was to get a good night's sleep, but was forced to get up again and again and walk the floor on account of the pain I was in. I tried dozens and dozens of medicines, but nothing did me any good until I got Tanlac. But as soon as I started on Tanlac I saw I had at last found the right medicine, for it began to straighten me right up, and now I am clear of all my troubles.

"Why I can eat meats, or just anything else I want now, even candles, and nothing ever hurts me. I sleep soundly all night long and never have a pain of any kind. Tanlac has certainly proved a friend in need for me, and since taking it I feel all of fifteen years younger. I intend to always keep a bottle on hand in fact I wouldn't be without it for any consideration."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; Wilford Colwell, Evans; C. V. Parsons, Highland; John F. Meagher, Debec; O. D. Hanson, Lepreau; E. LOCAL NEWS

Doris Tremain, of 89 Barker street, was admitted to the General Public Hospital yesterday afternoon suffering from a broken arm received Tuesday afternoon when she was struck by motor car 6778, while crossing Main street.

Rev. H. R. Nobles, pastor of the First Baptist church, Port Arthur, who recently received a call to the First Baptist church, Winnipeg, with a salary several hundred dollars a year larger than he is receiving at Port Arthur, told his congregation that he had decided not to accept the invitation to Winnipeg.

At a meeting of St. David's Missionary Society yesterday the programme was on Japan, Korea and Formosa and was in charge of Mrs. Jamieson, who was assisted by Mrs. D. W. Harrell Magee, Miss Jessie Milligan, Mrs. Vanwart and Mrs. F. MacGowan. Plans for a thank offering meeting were made and Miss Blackadar, a missionary in Trinidad for thirty-eight years, will address the meeting. A box with contents valued at \$50 was sent to Mr. Sottage, a missionary in South America. Mrs. Robert Cruikshank presided.

The latest donation to the Natural History Society is a magnificent specimen of albino skunk, the gift of Mr. Henderson of Holderville. The animal will be stuffed and, as it is extremely rare, it is a valuable addition to the society's collection of native animals.

The executive of the Canadian Imperial League held a meeting last night at the office of the president, Charles Robinson, Canterbury street. Matters pertaining to the season's programme were considered and it was decided to have an opening social evening about the middle of the month, the place to be announced later.

Before leaving to take charge of his diocese in Charlottetown, His Lordship Bishop Louis J. O'Leary, D. D., addressed a farewell pastoral to the people of the Chatham diocese, and George M. McEade presented to him a purse and address on behalf of the members of St. Michael's congregation.

Mott and James Myles.

IRISH POLICE HEAD RESIGNS
 London, Nov. 4.—Sir Thomas James Smith, inspector of the Irish constabulary, has resigned, says a despatch to the Daily Mail from Dublin. His resignation is attributed to "disapproval of undisciplined action and destruction of property by armed forces of the crown, which are now virtually all controlled by the military."

PROGRESS AT ACADIA.
 (Fredericton Gleaner.)
 Acadia will soon have a new \$125,000 gymnasium, with better equipment than anything to be found east of Montreal, in use and is making big strides in everything pertaining to physical and athletic development, according to Dr. DeWitt, the University physician, who is here with the Acadia football team for today's intercollegiate match.

Dr. DeWitt is an Acadia graduate, and a former football star at the University. He is now exclusively engaged as the physician at the University and finds it keeps his time pretty fully taken up to look after the health of the large number of students who matriculate at Acadia educational institutions. He is enthusiastic over his work and believes the health of the students at the institutions is much benefitted by the modern methods employed.

The campus at Acadia is also being enlarged so that instead of one there will be two or perhaps three fields available for football or other sports in season.

ICE CREAM IS FOOD

"Every time that you eat a dish of good, wholesome Ice Cream, you are adding a rich supply to the materials with which the body is fed and repaired.

"For Ice Cream is made almost wholly of rich, pure cream and milk and therefore contains the very things that help us to grow and to build up our bodies so that they are strong and active and capable of resisting disease. Ice Cream also is excellent as a food because it can be used in place of the many greasy, heavy meats and other things that are so different for us to digest; and for this same reason, doctors frequently prescribe it as a food for invalids and convalescents.

"Once upon a time, Mother on special occasions gave you a nice dish of Ice Cream as a treat, but now she knows its true food values and serves it more frequently because it is good for the mental and bodily health and strength of her little ones, and grown-ups, too.

Therefore eat PURITY ICE CREAM.

In compliance with the order of Mr. Justice Barry of the Supreme court His Honor Judge Armstrong this morning resumed the matter of the recounting of ballots in the St. John county election, but at the request of Roy A. Davidson, solicitor for Dr. J. B. Baxter, K. C., the count was postponed until this afternoon at 2:30 o'clock.

After opening to the judge took the appearance. Hon. W. P. Jones, K. C., J. McM. Trueman and R. E. McLeod, appeared for A. F. Bentley; W. M. Ryan and E. Milton Smith, for Dr. L. M. Curren; Roy A. Davidson for Dr. Baxter and G. L. Ingram for T. B. Carson.

He was in his seventieth year of age and was born in Birmingham, Eng., was a musician by profession, a graduate of the Royal College, Birmingham, Eng., served twelve years in the Imperial Army and on three occasions played a cornet solo before the Queen Victoria and was personally congratulated by Her Majesty. Prof. Adams was well known in maritime Canada having filled the position of organist in several towns in the provinces. He was a Presbyterian in religion and beloved by all who knew him. AVENUE CROSSING TO COST \$100,000
 Expense to be Shared by Four Interests

Progress in Lancaster Ferry Matter—Recommendation for Humane Treatment of Children and Animals—City Hall Meeting Today.

Some headway was made this morning at a committee meeting of the common council towards getting into operation the Lancaster-Indiantown ferry, when members of the commission were told to proceed with the purchase of necessary equipment in order to have the inspector's certificate obtained. Commissioner Bullock, chairman, George Mullin, secretary, and Councilor John T. O'Brien, member of the Lancaster-Indiantown Ferry Commission, spoke on the matter of the ferry. A letter was read from Captain Bennett stating what equipment was required before a certificate could be granted, and costing \$384.50. Commissioner Bullock stated that the original motion of the council authorizing a bond issue of \$2,500 for the purchase and equipment of the boat be rescinded and that an issue of \$3,415.51 be authorized. As Commissioner Thornton was not present and an unanimous vote could not be obtained, the matter was not decided, but the commission was advised to proceed with the equipment of the boat and to hold the bond matter would come up on Tuesday.

Overhead Crossing.
 Reporting on the cost of the proposed overhead crossing at the end of Douglas avenue, G. G. Hare, the city engineer, made the following estimates:
 Concrete arch \$40,000
 Retaining walls 12,000
 Filling 25,000
 Excavation 20,000
 Engineering 3,000
 Total \$100,000

He said that the land required for the crossing would be taken from the properties of H. G. Weeks and Isabelle M. Kingston, but in his opinion the land would be enhanced thereby. The mayor said that 25 per cent of the cost would be borne by the board of railway commissioners and the board would apportion the balance among the C. P. R., the N. B. Power Co., and the city. He said he was taking the matter up further with the railway commissioners. Mr. Bullock expressed the opinion that the city would assume its share of the expense, which was less than he had anticipated.

Advocate Humane Treatment.
 A letter was read from the National Council of Women of Canada asking the council to approve resolutions passed at the recent annual meeting against the exhibition of deformed freak children and the caging of wild animals. On motion of Commissioner Frink the letter was received and recommended to the council.

On motion of Commissioner Frink a bill for \$276.35 for a new yoke for the city's large steam roller was ordered paid to the Union Foundry. The commissioner explained that the roller had been loaned to the Stephens Construction Co. at \$150 a month and it was while with them that the break was discovered. George Waring, however, reported that the break was one of thirty years standing and the Stephens company was not held responsible.

FATHER KILLED IN DUBLIN SHOOTING
 Sad News From Ireland Comes to F. A. Corringham Here.

To be looking forward to a visit from his parents in a short time and to receive word that his father had been killed in a riot in Dublin was the sad experience of F. A. Corringham, who is employed at Manchester Robertson Allison's Ltd., and resides at 94 Wall street. Mr. Corringham came to this country at Christmas 1916 and has been in St. John since. It was planned that his parents should come to Canada from their home in Dublin and pay their son a visit in the latter part of the winter. Having been separated from them for four years, Mr. Corringham quite naturally, with great pleasure, was looking forward to seeing them.

On Monday he received word that his father had been killed. From the meagre information available it appears that Joseph Corringham, the father, who lived at 27 Lower Gardiner street, Dublin, was passing along the street when he was struck in the abdomen by a bullet and almost instantly killed. He was a wholesale tobacconist and newsagent at Eden quay near Liberty Hall, and was fifty-three years of age. He had emigrated from a store into Talbot street when he was struck. The body was conveyed to the Jervis street hospital where it was later identified.
