British Would Re-open Question of Reparations

Peace Treaty Has To Be Re-written

NO CHANGE IN PRINCIPLE

Necessary to Incorporate Matter Because of Counter-Proposals—Recognition of Kolchak Government With Furnishing of Munitions and Supplies

Paris, June 12.—The British representatives have made an eleventh hour attempt to reopen the question of reparations. They have submitted proposals introducing into the functions of the permanent reparations commission that principle of the control of raw materials, furnished Germany, enabling the commission to control Germany's economic development during the period it operates.

The British effort has not met with a sympathetic reception by the reparations committee, to which it was referred. It seems improbable that the proposals will be accepted, but they constitute one of the causes of the delay of the reply to the Germans, which it was reported today, probably would not be presented until Monday.

Re-writes Treaty.—The British representatives have made an eleventh hour attempt to reopen the question of reparations. They have submitted proposals introducing into the functions of the permanent reparations commission that principle of the control of raw materials, furnished Germany, enabling the commission to control Germany's economic development during the period it operates.

Paris, June 12.—The reply to the German counter-proposals will be printed in French and English and will cover about fifty pages. It is expected it will be published in full after it is handed to the Germans.

Re-writes Treaty.—The peace treaty with Germany will be entirely rewritten and reprinted for the incorporation of the explanations and modifications contained in the Allied reply to the German counter-proposals.

While unchanged in principle, virtually a new document will be presented to the Germans.

The Council of Four, it develops, decided to simply ignore the reply to the original document was impracticable, important clauses would be left obscure and imperfect.

It was said in peace conference circles today that this action renders obsolete the text published abroad.

New York, June 12.—The Associated Press last night issued the following: From Paris comes the almost definite statement that the reply to the German is complete, and that all that now is required to end the tense situation is to draft the answer, present it to the Germans and await five days for their final reply.

According to a statement made in a "responsible quarter" in Paris, agreements in principle on all the disputed points have been reached by the council, even on the question whether Germany should be allowed to become a member of the League of Nations, and as regards the holding of a plebiscite in Upper Silesia.

Russia.—The Supreme Council has informed Admiral Kolchak, anti-Bolshevik leader in Russia, that his reply to its offer of Allied support in the campaign against the Bolsheviks is satisfactory. This is regarded as meaning de facto recognition of the Omsk government lead by Kolchak, by the Allied and associated powers, and the furnishing of munitions and supplies for Kolchak's campaign.

The British government denies that British troops are operating against Petrograd.

Tokio advices are that serious anti-Japanese agitation is spreading in China which may develop into a general "anti-foreign movement."

Paris, June 12.—The Council of Foreign Ministers continued yesterday to examine questions arising in the work of finding the boundaries of Hungary and Czechoslovakia and Roumania and Roumania. An agreement was reached regarding the Czechoslovakian frontier, but M. Briand, Roumanian prime minister, was not altogether satisfied with the proposed boundary between his country and Hungary, and asked that a decision be delayed so that he might be able to go to Bucharest to consult with his government.

Rome, June 12.—(Havas)—Premier Orlando of Italy left for Rome last night, intending to confer with the parliament, and to return to the capital to attend the peace conference and to settle urgent questions, notably those concerning military precautions contemplated on the Carinthian frontier. General Diaz, commander-in-chief of the allied armies, accompanied Premier Orlando, and will be in personal control of the frontier.

PRINCE MAY NOT COME TO CANADA UNTIL NEXT YEAR

Montreal, June 12.—The Gazette publishes the following from Ottawa: According to a report current in the capital, the visit of H. R. H. the Prince of Wales to Canada may be postponed until next year. No reason is given for the postponement, but it is believed that it has been found that his presence in England required this year.

Ottawa, June 12.—So far as official notices are concerned, there is no intimation that the proposed visit of the Prince of Wales is likely to be postponed. Arrangements for the visit are in progress, and it is expected about the middle of August.

HALF HOUR LATE.—The Montreal train was half an hour late reaching the city today, owing to fine trouble.

FIVE NOW IN THE SUPREME COUNCIL

Japan's Representative, Baron Makino, Admitted—Conditions on Which Germany May Enter League of Nations

Paris, June 12.—Baron Makino, Japanese delegate, today joined Premier Lloyd George, Clemenceau and Orlando, and President Wilson, and the council known as the Big Four will hereafter be styled the Big Five.

The decision adding Baron Makino to the council is explained by the fact that his government must be given an opportunity for full conference if full adherence is expected. His entry into the council meeting necessitated re-arranging the entire reply, article by article.

The conditions for the admission of Germany to the League of Nations were embodied in the report of Lord Cecil and Col. House are—

First—The signing of a stable government.

Second—The signing of the treaty of peace.

Third—The loyal execution of the peace treaty.

A proposed fourth condition, relative to Germany abolishing compulsory military service was finally omitted on Premier Clemenceau's suggestion. It was considered that the treaty sufficiently provided for Germany's disarmament.

Paris, June 12.—The peace treaty with Germany will be entirely rewritten and reprinted for the incorporation of the explanations and modifications contained in the Allied reply to the German counter-proposals.

While unchanged in principle, virtually a new document will be presented to the Germans.

As Hiram Sees It

"Well," said Mr. Hiram Hornbeam to the Times reporter this morning, "I had a good laugh last night. I wasn't feelin' just right, so I took a little nip. When the gal showed me I had to get around a spell till he got through with a feller that was in ahead of me, an' bimby in comes another one to set down with me. I tried to find out what ailed him, but I guess it must have been his liver—the way he looked at me when I tried to be sociable. Then the doc. he called me in an' went at me. He made me open up my shirt, an' he could get at my chest, an' after he'd poked me he put two things in his ears an' went pokin' around as if he had a mineral rock lookin' for iron in my system. I ask him if it was soap or water he was tryin' to locate, an' he said he was listenin' for my heart. Well," says I, "he's movin' now, an' she's pokin' around under my arm an' up to my neck as if he wasn't quite sure about it. 'No,' says he, 'it's there all right—but what her you been doin' with it?' I lost it six times afore I was twenty-one," says I, "but I found it every time, an' I'm in a casual sort of way now. I'd better help the old woman look after it for a spell or it might go on strike. He said I mustn't get excited over politics or things like that. 'You let Mrs. Hornbeam fight the battle next time,' says he. 'She's got a vote now, an' she'll take your place. That's when I laughed—for it was only last week she told me if I went makin' a fool of myself next election she'd be in a casual sort of way on her side to the bed-post an' do the votin' herself—Yes, sir. Howsomenow, this mornin', fell down the hatch on a pile of coal. The ambulance was called and he was taken to the General Public Hospital. It was found that he was only slightly shaken up."

Dr. J. A. L. Henderson was a passenger through the city today on his way from England to Moncton. He is interested in the development of oil fields in Moncton, which he was one of the first promoters. While not a great deal has far passed the stage of exploration, he said, he was hopeful of developments which would some day result in supplying gas for St. John.

C. P. R. WORK.—Good progress is being made with the construction and laying of new rails along the C. P. R. from St. John to Madam. Altogether twenty-two miles of rails are to be laid over this section, as follows: From St. John to Morra, from Epworth Park midway between Bagdad and Welsford and from Cork to Madam.

DRUGGIST'S PRESCRIPTIONS.—Rev. W. D. Wilson, chief liquor inspector for the province, left at noon for Sackville, where he will speak before the Methodist ministers' convention regarding the working of prohibition. He will deal more especially with prescriptions granted by physicians and filled by druggist vendors, a compilation of which he has made and which he thinks is much in excess of what it should be. He is now considering ways to deal with this problem.

UNREST LESSENING.—F. B. Ellis, accompanied by Mrs. Ellis, returned home at noon today after a trip to the old country. Mr. Ellis said that conditions there seemed to be improving and that the unrest prevalent recently was lessening considerably. The people were disappointed that peace was not signed, but entirely contented that the Allies would insist on satisfactory terms as possible from Germany.

DIED IN ST. STEPHEN.—Dr. F. X. Morris of Fairville was called to St. Stephen this morning on account of the death of his sister-in-law, Mrs. Henrietta Morris of Morrisville. Mrs. Morris, wife of the late Daniel Morris of Morrisville, died this morning. She was formerly Miss Bradshaw of this city and is survived by one son, Harry, of Boston. A large number of friends in this city and elsewhere will extend sympathy to the bereaved ones.

One May Get Away On Saturday, Other Sunday

St. John's, N.B., June 12.—The start of the Vickers-Vimy machine on an attempted trans-Atlantic flight, expected this afternoon, may be postponed until tomorrow, mechanics having found that the axle of the wheels had been sprung in landing last night. The damaged part must be replaced.

The Handley-Page machine, which made a successful trial flight over the water today, is expected to hop-off on Sunday. Favorable weather conditions are predicted for that day.

BOARD WILL HELP

Major C. H. McLean, by G. W. V. A. Presently Unemployment Matter Before Board of Trade Council

The Great War Veterans' Association have taken up the matter of unemployment of returned men in the city and Major C. H. McLean, D. S. O., representing the association, met the council of the board of trade this morning to discuss the question and put forward the claims of the discharged soldier with the object of having the board co-operate with the agencies organized by the government in the employment of the unemployed.

These agencies, it was pointed out, have been established so as to bring the jobless man and manless job together, but that their work would be in vain unless the new organization was kept in close touch with the labor situation throughout the country. It is the intention of the employment agency to acquire this information by obtaining from employers of labor by means of a post-card return each week a statement of persons on the pay-roll, anticipated additions and reductions for the following week and the willingness of the employer to use the Dominion Provincial Employment service in securing the needed additions. The Canadian Manufacturers' Association has already promised hearty co-operation in this, as they term it, "good work."

Large Sum Taken

IN DAYLIGHT ROBBERY IN NEW YORK STREET

New York, June 12.—Six hold-up men operating at the entrance to an elevated station in uptown Manhattan attacked two messengers of the Colonial Bank House about noon today and made off in an automobile with a large sum of money which was being carried to the Federal Reserve Bank.

One of the messengers shot one of the robbers, who was carried to the automobile by his companions.

The schedule demands \$6 for an eight-hour day for linemen and wiremen and \$2.30 for their helpers. The street car motormen ask for \$4.50 for an eight-hour day time and a half for overtime and double time for Sundays and holidays. The men work ten hours a day now.

Halifax, N. S., June 12.—By two o'clock the Olympic had not arrived, because of fog, nor had she been signalled off the coast.

Montreal, June 12.—Negotiations today by the Canadian Railway War Board with the representatives of division No. 4 of the Railway Shoppers of America in an attempt to prevent 30,000 men striking for higher wages failed.

The railway war board asked that negotiations at least be carried on during the remaining days of the week and the first of next week before the ultimatum goes into effect on Wednesday. The union officials answered that they had decided to retain their former position that unless the railway board was willing to talk wages negotiations would not be re-opened.

President Beatty of the C. P. R. has returned after his western tour and it is reported that he and President Kelly of the Grand Trunk Railway and high officials of the Canadian government railways were in consultation this morning.

MONCTON BALL GAMES.—Transcript, Thursday.—Officials of the Moncton Amateur Athletic Association said today that the grounds are in excellent condition, new bleachers have been erected. The diamond has been rolled and put in good shape for the two games, which will be played on the grounds this Saturday with the baseball team of St. John. The afternoon game will commence at three o'clock and the evening game at seven o'clock. The management requests the ball players of this city to be at the grounds this evening when a strong team will be chosen for Saturday's games.

BISHOP LEBLANC IN MONCTON.—In St. Bernard's Church, Moncton, on Thursday morning, His Lordship Bishop LeBlanc administered confirmation to more than 100 children, in the vicinity of Lake Superior. Local thunder storms have occurred in Manitoba, while in all other parts of the dominion the weather has been fine.

Fair and Warm.—Maritime—Light to moderate winds, fine and warm today and on Saturday. Lower St. Lawrence, Gulf and North Shore—Moderate southwest winds, fine and warmer today and on Saturday.

New England—Fair tonight and Saturday; slightly warmer in the interior of Massachusetts and Connecticut, gentle shifting winds.

FATHER DONAHOE TO JOHNVILLE; FATHER LOCKARY TO RIVERSIDE

His Lordship Bishop LeBlanc announced today that Rev. W. M. Donahe of Riverside, Albert county, will be transferred about the first of July to the parish of Johnville and Father Lockary, who recently returned from overseas, would succeed Father Donahe at Riverside. Both priests were formerly stationed at the Cathedral here. Rev. P. Walker has been temporarily acting pastor at Johnville.

New Phase of the Strike in The West

McCULLOUGH'S LIFE FORFEITED

Was Hanged in Toronto This Morning—Turbulent Crowds Outside Jail

Toronto, June 12.—Frank McCullough, an Oswego, N. Y. county farm lad, was hanged at the jail here this morning for the murder of Detective Williams.

Demonstrations of sympathizers and curious people continued all night outside the jail. Between midnight and 3 a. m. the crowds were quite turbulent. Reserves of mounted and foot police were called out, for it was feared that an attempt to rescue the condemned man might be made.

In the rush that followed the arrival of the police one mounted constable was knocked from his horse with a brick. Several arrests were made.

Toronto, June 12.—The execution took place at 7:37 a. m. and jail officials say that McCullough went to his death with a smile on his face, calmly praying for himself and for the chaplain, Rev. Bertus, who officiated at the service during his incarceration.

Frank McCullough, whose real name, according to a statement made two days ago, is Roy Ward Kaye-Wart, was born in Oswego county, N. Y. On November 19 last, while being arrested in a livery stable here, he shot and killed Acting Detective Frank Williams. Sentence of death was made by the governor-general until today. McCullough was recaptured in Toronto near the scene of the murder on May 18.

Interest in the case has been widespread and scores of petitions for clemency have been sent to Ottawa. In addition strong legal efforts were made to have the sentence commuted to penal servitude for life.

Vers De Lavalle, his sweetheart, convicted of assisting McCullough to escape, having escaped from the same jail recently and is still at large.

MONCTON STREET CARS IDLE; STRIKE IS ON

Moncton, N. B., June 12.—A strike of electrical workers took place at ten o'clock this morning. The street car men ran their cars into the barn and handed over their punches. The street cars are not running and the current is not on.

The employers arranged with the men and their men are working, but will go out at the end of week if the strike is not settled. Only one firm outside of the tramways and Electric Light Company is affected. The engine and power men did not strike and the current is still on.

The schedule demands \$6 for an eight-hour day for linemen and wiremen and \$2.30 for their helpers. The street car motormen ask for \$4.50 for an eight-hour day time and a half for overtime and double time for Sundays and holidays. The men work ten hours a day now.

Railwaymen May Take Part

REPORTS FROM WINNIPEG

First Step is Taken Towards Settlement of Nation-Wide Strike of Telegraphers in the United States

Winnipeg, June 12.—Although no official announcement would be made, it was learned on fairly good authority late last night that at a meeting of locomotive firemen and engineers employed on the three railroads—Canadian Pacific, the Canadian Northern and the Grand Trunk Pacific—a decision was arrived at to take part in the sympathetic strike. It was said that a deputation will wait upon the city council today to demand the reinstatement of the old city police force and if this is not done the strike will take place at four o'clock.

The meeting was attended by delegates from points in the west. At the conclusion of the joint meeting of the local trainmen unions, it was announced by the delegates that decision had been made to join the sympathetic strike. No statement was made as to when the walkout would occur, but it was said that an official statement would be handed out later.

Winnipeg, June 12.—It was said positively by members of the switchmen's and trainmen's unions at noon today that the switchmen and trainmen had definitely decided to join the general strike tonight at 6 o'clock. Officials of the unions refused to confirm or deny this. Winnipeg, June 12.—Several arrests were made yesterday, arising out of the disturbances on Tuesday. Last night Sam Steinberg, a German Jew, was taken to the police station under suspicion of being concerned in Tuesday's affair. It is said by the police that when he was arrested some stones were found in his car. Carl Bousse, a Russian Pole, who, it is said, has been identified as having attempted to drag from his horse a mounted constable about the time that Sgt. F. C. Coppins, V. C. was beaten up, has been arrested.

Captain Dunwoody, in charge of the mounted squadron, yesterday afternoon got information of an undesirable alien who is alleged to be implicated in the Coppins case. He was arrested.

Western Railway Men.—Winnipeg, June 12.—A joint meeting of the local unions of the Canadian Pacific and the Canadian Northern Railway trainmen is again in session, the general strike situation being under discussion. During the meeting a newspaper man of the unions informed a newspaper man that there was no suggestion of a sympathetic strike vote.

On Wednesday night these unions held a long meeting, lasting until late in the morning.

Saskatoon, Sask., June 12.—A special despatch to the Phoenix from H. B. Bailey, labor delegate to Winnipeg from this city, states that the Canadian Northern and Canadian Pacific locomotive firemen and engineers gave an ultimatum last night that if the strike is not settled by today noon they will quit at 1 p. m. in support.

The Telegraphers.—The Telegraphers, June 12.—First steps toward a settlement of the nation-wide strike of commercial telegraphers were taken today by the Commercial Telegraphers Union of America today submitted to the Postal Telegraph Company conditions upon which an agreement could be based.

The conditions, in effect, provide that the strike would be called off so far as the Postal is concerned, if that company will agree to wage adjustments immediately after full control has been given the company by the wire administration.

Chicago, June 12.—At the opening of the third day of the commercial telegraphers' strike, leaders of the union today professed to be encouraged, asserting that additional men had gone out during the last twenty-four hours, and that more would join the ranks during the day. On the other hand, officials of the Western Union and Postal Telegraph companies said that some men who left their keys on the first day of the strike had returned to work, and that only slight inconvenience had been caused by the walkout.

Union officials said the order issued yesterday to members of the Order of Railroad Telegraphers to refuse to handle commercial business of the two

POLITICAL CONVENTIONS IN WEST

Edmonton, Alb., June 12.—Hundreds of Liberals from practically every section of Northern Alberta yesterday assembled in five conventions representing the federal constituencies of East and West Edmonton, Strathcona, Victoria and Battle River and after resolutions in every instance scoring the federal budget and affirming adherence to Liberal principles and the platform laid down at the Calgary convention, delegates to the national Liberal convention at Ottawa, August 5 and 7, were selected. In but two of the ridings were Liberal candidates nominated. Practically all the delegates were unanimously in favor of a grant to soldiers and widows to this effect were passed. Moose Jaw, Sask., June 12.—Grain growers of the Moose Jaw seat did not nominate a candidate at their political convention here yesterday. Although there was opposition to the action to defer nominations, it was carried by 68 to 40. The convention decided to telegraph Hon. J. A. Calder, saying the farmers disapproved of his budget speech and also wired Hon. T. A. Cregar praising his attitude.

AT SYDNEY MEETING

Sydney, C. B., June 12.—Besides J. C. Walters, others spoke at a meeting of workers here last night. Silby Barrett, president of the A. M. W. Glace Bay, said labor wants to cut out profit and receive the full product of its work, and said that a man who was willing to compromise with the lion, capital. If the government did not get the big fellows off the coast, there might be a revolution in this country. "I'm prepared to take up either the British system of evolution or the Russian revolutionary system of setting up a Bolshevik government."

J. B. McLaughlin, secretary of the Mine Workers' Union, said: "As the government is deporting all those who sympathize with Bolshevism and shipping them home we must be careful of what we say. Personally, I would like a trip to my home in Scotland and I can't pay my own fare. The government has given away more land to railroads than is contained in all the farms from here to Vancouver. He condemned Borden's attitude on collective bargaining and said that no government could take away freedom of the press and freedom of speech from a free people."

At the conclusion of their meeting the members paid a fraternal visit to the Sussex Orange Lodge which is holding the proposed Protestant Orphans' home were discussed.

ST. JOHN OR HALIFAX?

The new booklet for the summer season on the C. N. R. was issued to subscribers yesterday, entitled for the "suburban train service of the Canadian National Railways between St. John and Sussex. On the back, however, are given a list of "rules governing the handling of parcels on suburban trains," and the name of the latter station appears on fewer than eight times. On enquiry today it was said at the local offices that St. John was intended.

SIR LOMER GOULD

Sir Lomer Gould, who is appealing to the C. N. R. to be made a regular station of power, has been premier of the province since 1903. Sir Lomer was born at Grandis in 1862, educated at Sorbus and Leval. He was called to the bar in 1884, and practiced his profession in Montreal, attaining a very high place. For a time he was in the municipal council, and was then elected to the local house for the St. James Division of that city. He was minister of public works in the Parent cabinet, but since 1905 has been premier and attorney general.

It was advertising that built up Southern California," said a speaker, "and in spite of the fact that the railroads have curtailed their publicity funds let us hope that the business men of our city will put their shoulders to the wheel and keep up the good work. But do not let us err as did the Californian who raised the giant potatoes.

"An easterner who had just arrived here had heard of the wonderful potatoes this man raised, so he sent his hired man over to buy a hundred pounds.

"You go back where you came from," snorted the Californian, "and tell your boss I won't cut up a good potato for any one!"—Rehoboth Sunday Herald.

OUTING FOR CHILDREN.
Thirty-eight children from the Union street free kindergarten and the children's aid home were entertained by Misses Minnie and Madeline Lawlor at the home of their parents, Mr. and Mrs. W. Y. Lawlor, Brookville, yesterday afternoon. The children, under the care of Miss Lou Eddy and Miss Poole, were taken to the suburbs in motor cars, provided by Charles O'Regan, Philip Granman and Colin Clark and, after spending a delightful afternoon romping about the grounds, were given a delightful supper. Thoroughly happy and happily tired they returned to the city about six o'clock.

Customer (angrily)—Waiter, there's a dead fly in my soup! This is the second time such a thing has happened.

Waiter (sympathetically)—Ah, poor thing! It's bollin' 'em as kills 'em.

RECENT DEATHS

Dr. Silas Alward, K. C., one of the best known and most highly esteemed of St. John's citizens, died at his home, "Stansbury's Mount Pleasant, at 5 o'clock yesterday afternoon. Dr. Alward, who was in his seventy-ninth year, had been ill for many months past, and of late had been gradually sinking. News of his death will be heard with much regret here and throughout this province in the public life of which he long occupied a prominent place.

He was born at Brunswick, Queens county, nearly seventy-nine years ago. He was a son of the late John Alward and a grandson of Benjamin Alward, a New England Loyalist, who came from New Jersey at the close of the American revolution.

Dr. Alward was educated at Acadia College and Brown University. He entered Acadia in 1856, and graduated B. A. in 1860, and M. A. in 1862. In 1862 he received the degree of D. C. L. from the same college. He graduated from Brown University—ad eundem—in 1869.

He also received the degree of D. C. L. from King's College, Windsor, in 1895.

Dr. Alward began the study of law in the office of C. N. Skinner, and was called to the bar in 1865. He was appointed an advisory member of the commission on law and practice and constitution of the courts in 1887. He was created Q. C. by the Earl of Derby in 1891. Long an eminent figure in the legal profession, Dr. Alward was for several years president of the St. John Law Society and was dean of the St. John Law School, a branch of King's College. He was well known both as a lecturer on law and on popular subjects. Dr. Alward was prominently identified with political life until a few years ago, having been twice elected to the provincial legislature by acclamation. He went through three contests, being defeated in 1900. He was first returned as a representative of the liberal party in 1887, but from March 1888, up to 1897 was in active opposition to the Blair government. He was re-elected by acclamation in 1904 and served until 1909. Among his contributions to political literature have been two brochures, "The Issues of the Day" and "The Record of the Tory Party," both published in 1887.

While in active politics, Dr. Alward was recognized as one of the ablest public speakers in the ranks of his party. After a period of political inactivity he took part in the Dominion campaign of 1911, speaking to large audiences here and in other counties.

Dr. Alward was twice president of the Mechanics' Institute, was a member of the school board, and for a number of years was a governor of Acadia College. He was one of the directors of the Home for Incurables.

Dr. Alward married in 1869, Emeline, daughter of P. Wickwire, of Canimau (N.S.). She died in 1878. He was married Miss Sarah Edith Turnbull, daughter of the late W. W. Turnbull. His widow and three sons survive him—Ernest, Wallace and Cedric, the two latter having recently returned to Canada from service overseas.

Ex-Senator Spoozer.
New York, June 13—John Colt Spoozer, former United States senator from Wisconsin, died at his home here after an illness of several weeks.

INDIA AND PROHIBITION.
Calcutta, India, June 13—The action of the United States in the matter of prohibition is having its effect in India. It is announced that the Maharaja of Bhopanagar, one of the principal Kathiawar chiefs, has directed the preparation of a scheme to be brought into force on his next birthday, for the abolition of a very large majority of the existing liquor shops in his state, and for the eventual total extinction of the trade in intoxicating liquors. His highness, it is stated, has been contemplating this step for a long time, and by way of preliminary approached the other princes in Kathiawar some time ago with a view to joint action. Apparently he has decided not to wait until his brother chiefs are converted to his point of view, but to launch out for himself, with a view to convincing them, by a practical demonstration, of the benefits to be derived from a sober state.

RECENT WEDDINGS

Stopp-Purdy.
William Stopp, a returned soldier, who left St. John in 1914 with the First Canadian heavy battery, was married Wednesday evening at 8 o'clock to Miss Saddle Olive Purdy, daughter of Mr. and Mrs. George Purdy, of St. George street, West St. John. The ceremony was performed by Rev. W. H. Sampson in the rectory of St. George's church in the presence of only immediate relatives. The bride looked charming in a traveling suit of navy blue and wore a black picture hat with touches of yellow ostrich and racoon furs. The groom's gift to the bride was a substantial cheque and set of furs. After the ceremony the bridal party went to the home of the bride where a reception was held in honor of Mr. and Mrs. Stopp.

Fullerton-Reid.
An interesting home wedding took place at the residence of the bride's uncle, Long Reach, Kings county, when Frank S. Fullerton and Mabel M. Reid were united in marriage by Rev. G. B. Traflet. They will reside at Long Reach.

Schlew-Bornstein.
(Moncton Transcript, Wednesday.) An event of much interest to the Moncton Jewish community and their friends took place last evening at 8 o'clock in Windsor Hall, which was especially decorated for the occasion, when Rabbi Chaisson united in marriage Miss Annie Bornstein, only daughter of Mr. and Mrs. Samuel Bornstein of this city and Nathan Schlew, one of Moncton's most enterprising merchants. The ceremony was performed with all the Hebrew rites.

The young bride looked charming in her gown of white duchess satin, trimmed with silver overlace, and carried a bridal bouquet of carnations and sweet peas. The bride was attended by Miss Edith Cohen and Miss Lena Sherman of Boston and Miss Rosie Ross of Moncton, who were also beautifully gowned in pink satin with silver trimmings. The groom was supported by Boris Ash of Boston and Louis Mendelson, manager of the Royal Hotel, of this city. The flower girls were the little Misses Ruth Selick, daughter of Mr. and Mrs. Isaac Selick of this city, and Sophia Kirsh, daughter of Mr. and Mrs. Harry Kirsh, also of this city.

There were many guests from out of town, including Miss Fannie Levine, St. John; Abram Garson, St. John; Louis Reuben, Bathurst; John Russell, Newcastle; Miss Sadie Day, New Glasgow; Louis Day, New Glasgow; A. Hans, Antigonish, N. S., and Mrs. Sam Abrams, Amherst.

The entire Jewish community of this city were present at the wedding, as well as many other citizens.

A sumptuous supper was served after the ceremony and the evening spent in dancing until a late hour. Crandall's orchestra was present and provided music for the occasion.

During the evening some fifty telegrams were received from different parts of Canada and the United States, congratulating the happy young couple. During the evening a collection was taken up by Isaac Selick, in aid of the Moncton City Hospital, when a sum of money in the vicinity of \$25 was realized. The sum of \$115 was collected, which will go to the Jewish relief fund, and will be forwarded direct from Moncton to Palestine. The collection was made at the home of the bride, when a number of guests gathered for the wedding celebration at the Windsor Hall. Rabbi Chaisson spoke fervently for the relief of the brethren during the war, and at his suggestion a collection was taken up.

McNulty-Gallagher.
In St. Vincent de Paul church, Oromocto, Tuesday morning, Peter D. McNulty, daughter of Mr. and Mrs. William L. Jones of Oromocto, were united in marriage by Rev. Father Hannigan.

McNutt-Gallagher.
At the Presbyterian manse, Stanley, on Tuesday afternoon, Rev. M. J. Macpherson united in marriage Arthur R. McNutt of Williamsburg, son of Mr. and Mrs. Samuel McNutt, and Mrs. Jennie Gallagher, daughter of Mrs. Harry Ward of Williamsburg.

Barker-Crowley.
Frederick Gleason: The many friends of Ray V. Barker, son of Mr. and Mrs. L. W. Barker, and Miss Ethel Crowley, daughter of Mr. and Mrs. G. Fred Crowley, were surprised to learn today that these two young people were married some time ago at the parish church.

Shea-Frawley.
Houlton, June 11—One of the prettiest weddings to take place in Houlton for many a day occurred on Tuesday morning when Miss Edith Shea, daughter of Mr. George Shea, was united in marriage to Francis Frawley of Bangor. The wedding took place at St. Mary's Catholic church, Rev. M. Sills officiating. The bride was beautifully gowned in white silk voile, wore a large white picture hat and carried a white rose. She was attended by Miss Marie Frawley of Bangor, a sister of the groom, as bridesmaid. Miss Frawley's gown was of orchid silk voile and she carried a bouquet of pink roses. Kenneth Shea, brother of the groom, acted as best man. Immediately after the ceremony a wedding breakfast was served at the home of the bride to which relatives and close friends of the couple were invited. The Shea home was beautifully decorated.

Manchester Robertson Allison Limited KING STREET GERMAIN STREET MARKET SQUARE

Many costly and beautiful gifts were received by the bride and groom. Among the out-of-town guests present were: Mr. and Mrs. John P. Frawley and two daughters, Misses Isabel and Marie Frawley of Bangor, Mrs. Ella Carroll of St. Stephen, N. B., Rev. John Hogan, of Millinocket, Miss Hogan of Bangor, Mr. and Mrs. Ross of Woodstock, N. B., Mr. and Mrs. Titus of Bangor, Judge and Mrs. Carleton and Mrs. Gallagher of Woodstock, N. B., and Mr. and Mrs. J. B. McMann of Bangor. The happy couple left on the late afternoon train for a wedding trip which will include New York and Atlantic City.

On their return they will reside in Bangor where they have a very attractive new home.

The freshmen of the Montana State School of Mines laboriously, under supervision of the seniors, carried 4,000 gallons of water and 800 pounds of lime up the mountain-side to keep their annual custom of painting a white M on Big Butte. The letter is 100 feet square, made of closely packed rocks. The freshmen do the hauling, the sophomores and juniors apply the lime and the seniors arrange for the tools. This year the solitary crew at the School of Mines helped gallantly.

FORECASTS OF WORLD'S COMING CEREAL CROPS
American Crop Greater But That of India Smaller—Some Recent Data From Official Sources
Several very important states have communicated to the International Institute of Agriculture forecasts of their coming cereal crops. These data will be found in the Bulletin of Agricultural and Commercial Statistics of the Institute for the month of May, just published. The United States, taking as a basis the condition of the winter wheat crop on May 1, 1919, as 100.5 per cent of the normal, estimates this crop at 244,920,860 quintals as compared with 22,623,023 in 1918 and 151,987,480 in 1917, or 101.1 per cent and 162.1 per cent of the two last mentioned yields respectively.
The United States also, taking as a basis the condition of the rye crop as 95.3 per cent of the normal on May 1, 1919, estimates this crop at 31,229,518 quintals as compared with 22,623,023 in 1918 and 12,700,754 in 1917, or 138.9 per cent and 246.9 per cent of the two last mentioned yields.

respectively. If the weather remains as favorable as it was on May 1, until harvest time, a very large surplus in the American yields may be expected, from which the importing countries of Europe may profit largely when, as may certainly be expected shortly, the current of international trade again becomes normal.
British India, on the other hand, will realize a yield below those of 1918 and of the average from 1913 to 1917. The government of India estimates the 1919 wheat crop at 76,669,020 quintals as compared with 103,342,140 in 1918, and with an average of 95,884,353 quintals, or 73.9 per cent and 78.9 per cent of the two last mentioned yields respectively.
With respect to the extent of areas sown in 1918-19, the countries furnishing data since those published in April, are Spain, Greece and Italy. The figures communicated by these governments are as follows:

QUAINT PHRASES.
How Term "Pin Money" Got Its Present Meaning.
The term "pin money" dates back to the seventeenth century, when the modern pin was invented. After that time the maker was allowed to sell them only on Jan. 1 and 2, so that court ladies and fashionable dames alike were compelled to buy a large quantity to last them over the year. So extremely important was this yearly purchase that husbands gave their wives large sums of money for the pins. By and by pins became cheaper and cheaper, and women spent their allowance on other vanities, but the term "pin money" remained in use for all "spending" money.
The expression, "salt money" is another such. This dates very far back when the Roman workers in the salt mines were paid in salt. The salt they got in return for their labor was called in Latin "Salarium," or salt allowance. The word salarium later on was applied to the fees men got for odd jobs. When we say "a man is not worth his salt" we mean that he is not worth his salary or wages.—Philadelphia Inquirer

Obregon Agrees to Run For President
General Who Has Never Lost Battle in Mexico Will Guarantee Foreign Safety
Mexico City, June 11—General Alvarez Obregon, ex-minister of war, in a statement published here, accepted the nomination for the presidency of the republic of Mexico. Obregon is known as the only general of the revolution who never lost a battle. Due to Obregon's victories over Villa, the revolutionary movement became the present government with first chief Carranza as president.
The part of his platform relating to foreign politics read:
"I demand absolute respect of our sovereignty as an autonomous country, and the absolute respect of the sovereignty of our institutions by all the countries of the world. We must give facilities to foreign capital which wishes to invest in our country for the development of our national riches, seeking always practical means to conciliate the advantages obtained by capital and labor in the state.
We shall completely acknowledge all legitimately acquired rights in our country, with absolute adherence to our laws by all foreigners. We shall guarantee all resident foreigners in Mexico the same rights and prerogatives as those of our own citizens. We recognize a frank tendency to reinforce and establish our international relations within the same basis as before."
As regards the economic problem, he says a favorable solution cannot be found by increasing taxes, but only by reducing expenditures, but this cannot be done until the country is at peace. Addressing members of the army, he states:
"I am, and will be, a faithful friend to those who with blood and brains answered the call of the country against Huerta, but I will be the enemy of those who pretend that their services must be paid for with the same liberties that Huerta usurped and which we swore to return to the country."
Statisticians have figured out that there is a wedding every thirteen minutes in New York city, but in June there is a wedding every ten minutes.

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m. (old time) and advertisers are requested to save their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

LOCAL NEWS

INSPECTOR ILL. Inspector Merryfield, of Chief Inspector Wilson's staff, is confined to his home today by illness.

EARLY SESSION. It was announced this morning by Magistrate Ritchie that the police court would be held at nine o'clock on Saturday mornings during the summer months.

THE PUBLIC HEALTH. The Lieutenant-Governor-in-Council has approved of certain additional regulations to be added to The Public Health Act of 1918. These regulations name a large number of diseases as considered contagious and are to be notified to the board of health in order that precautionary measures may be taken.

FIRE AT GRAND BAY. Thomas Shute's Grand Bay, a two story wooden building, was destroyed by fire yesterday afternoon about five o'clock. Most of the family were out at the time, only one daughter being at home. Nearly everything in the house furnishings were destroyed, but the fire did not spread to the main house. Mr. Shute is an employee of the Thompson Manufacturing Co. It is understood he carried no insurance.

FOR THE "DOWN AND OUTS". During the session of the police court this morning, Magistrate Ritchie made an appeal to the spectators in the court for small contributions, if not more than ten, fifteen or twenty cents, for the "Down and Out Fund," or as he said it had been called, the "Ritchie Fund." It is for the purpose of sending unfortunate persons to their homes. Several instances have been cited where the fund has been a benefit.

TO INSPECT NEW SUBURB. Commissioner Bullock has invited the other members of the common council to accompany him to Lancaster this afternoon to look over the home building area which is being laid out there, according to the town planning commission's scheme. The city's new suburb possesses strong attractions for those seeking building lots, and the commissioner of lands and municipal affairs is interested in citizens who are looking for an opportunity to erect homes of their own.

JACK REDFERN IN CHARGE. The new bath houses and swimming scows at Marble Cove are to be opened next Monday. They are to be in charge of Jack Redfern, who is an excellent swimmer and instructor, and who has had considerable experience in this line. In 1914 he was in charge of the scows in West St. John, but resigned and enlisted in the first Canadian contingent, and only recently received his discharge. While in the army he was engaged as a physical instructor and trainer. The scows last year were patronized by hundreds of people, young and old, and the opening will be awaited with no small degree of interest.

AUTOMOBILE CASE. Dr. J. A. McCourt was reported by Policemen Killen and Corner for exceeding the speed limit in the city. He said that when signalled to stop he did so, and explained that he was not aware of the speed he was going. He was fined \$10.

Edward Kearns, reported for refusing to obey the signals of a traffic policeman at the corner of Sydney and Union streets. He is a mail driver between the city and St. Matthews.

There is a report against Harry H. Rouse, Price Bros., James J. Jeffries and Wallace Stevens operating their automobiles without a city license. None appeared in court. It was explained that Price Bros. and Mr. Jeffries have since taken out licenses.

CHIEF INSPECTOR VISITS DISPENSARIES

Rev. Mr. Wilson Speaks of Ontario System, Which May be Introduced Here. Rev. W. D. Wilson, chief inspector, returned yesterday from Toronto. While there he visited the Ontario government dispensaries, operating under the new system enacted in that province which is that all liquors both wholesale and retail are handled exclusively by the government and high prices for liquor for medicine overcome. The inspector said that he made three visits to the dispensaries in Toronto and that they were doing as he termed it, "a rushing business." On the first day they opened in one dispensary \$5,000 worth of business was done and in another \$1,000 worth. In two days of from three to four hours each, it is reckoned that from 1,400 to 1,600 customers bought liquor in these places. The inspector says that this is only the amount of business done in the retail places. No estimate was given as to the business done in the wholesale dispensaries. One of the chief advantages of the new system, he said, is that one price prevails throughout the province and prices are comparatively low. The dispensaries are selling Hennessy's One Star brandy at \$1.25 an imperial quart and Irish whiskey at \$1.25 a reported quart. They also handle all kinds of Canadian whiskies, which are sold at \$1.85 an imperial quart and \$1.25 a reported quart. The inspector said that an act of similar nature had been passed in this province, also that all licenses have been issued for only six months. The inference is that the system now in force in Ontario will probably be in force in New Brunswick.

FOUND SOME 65 EMPTY LEMON EXTRACT BOTTLES

Detectives Tell of Visit to Langford Coram's House

Four Men Placed Under Arrest—Three Bottles Found in Coram's Pocket—A North End Case and Others

In the police court today Langford Coram pleaded guilty to being drunk. He also is charged with keeping a disorderly house on the corner of Canterbury and St. James streets, and pleaded not guilty. Thomas Murray, Joseph Riley and James Coyle, were charged with being frequenters of this house. Detective Hildesheim said that last night about 9:30 he and Detective Donahue went to the corner of St. James and Canterbury streets, in consequence of complaints received. They then went to Prince William street, where they saw a man coming out of a beer shop apparently under the influence of liquor. They arrested him and found it was Coram. They found three bottles of lemon extract in his pocket. While waiting around the corner of St. James and Canterbury streets they heard loud talking in the defendant's residence. They took the defendant to the police station and with Sergeant-Detective Power, again proceeded to the place. Hildesheim went through a window and says he saw Murray on a couch, drunk and they found Riley and Coyle lying across a bed under the influence of liquor. They found about sixty-five empty lemon extract bottles in the house. Hildesheim said that Coram's wife left his home about a week ago and since then he had been keeping this house. Sergeant-Detective Power and Detective Donahue gave corroborative evidence.

The magistrates told the defendants that they were liable to imprisonment of nine months without a fine and also that they were liable to a fine of \$100. The case was postponed.

Coyle is about seventy years of age and is from Woodstock. The magistrates said that arrangements were being made to have him examined by a doctor as he appeared to be ill and that eventually he would be put in a home, as he is very feeble.

North End Case. The case of James McKenney, charged with having liquor in his possession illegally was resumed. Inspector McKee said that he and Inspectors Merryfield and Linton and Policemen Gibbs, went to the residence of the defendant in Adelaide street, which is the wind flat in a three tenement house. Merryfield found two bottles of liquor and three cool boxes of bottles containing liquor. Inspector Linton also testified.

Mrs. Fred W. Day of Main street said that on Saturday afternoon of her quantity of liquor was delivered to her husband in the kitchen by the defendant, whose voice she recognized. She said she took the liquor and gave it to Inspector Merryfield. After the search by the inspectors the defendant came to their house and asked Mr. Day to go with him till they saw a lawyer. Mrs. Day also said that the defendant told her husband that if he was fined he would pay the fine.

The case was postponed until Mr. Day could appear in court. He is now unwell. J. Starr Tait appeared for the prosecution while J. A. Barry appeared for the defendant.

The case against John Hayes, charged with assaulting Sheriff Wilson in court recently, was resumed. By request of the defendant's counsel, Daniel Mullin, K. C. who is out of the city, the case was postponed until Tuesday. The defendant was remanded to jail.

The case of Wallace Stevens charged with having liquor in his possession illegally and with interfering with the liquor inspectors in the discharge of their duty, was postponed until Wednesday morning at 10 o'clock. E. S. Ritchie appeared for the defendant.

One man was charged with drunkenness. He said he bought a bottle of gin from a man, but he did not know the seller. He was remanded.

PROBATE COURT. In the probate court, Judge McInerney presiding, letters of administration have been granted to J. Roy Campbell in the matter of the estate of J. K. Percy. There was no real estate and personality was not in excess of \$1,000. R. A. Davidson is proctor.

In the matter of the estate of Daniel J. Doyle's letters of testamentary were granted to his son, D. J. Doyle, and daughter, Mrs. Alice M. Burns. He left no real estate, and his personality was valued at \$1,200. C. H. Ferguson is proctor. Letters testamentary were granted to A. P. Barnhill as executor, in the matter of the estate of Jane Matilda Gauld, widow. There was no real estate. The personality was valued at \$600. C. F. Sanford is proctor.

FOR BRIDES-TO-BE. On Wednesday evening the summer and winter residents on the property of Magistrate Adams, Brookville, arranged a novelty shower for Miss Gertrude Adams, in honor of her approaching marriage, and to express to her the love and esteem in which she is held by the folks "on the hill." The gifts to Miss Adams were all handsome and useful. With music and refreshments a happy time was spent. Friends of Miss Gertrude Sparks tendered her a novelty shower on Wednesday evening at her home, 122 Queen street. Miss Sparks was the recipient of beautiful gifts. During the evening music and games were enjoyed and refreshments served. Miss Sparks is to be married in the near future.

The Home Can Be Transformed By Proper Furniture Choosing

At this time of year, when all nature is aglow with newness—when meadows are blooming, trees budding and birds singing—it is logical that the home, too, should take on a new atmosphere. However beautiful the home may be, it is human nature to desire occasional change of environment, and if the home is to continue to be the shrine of devotion it must continue to hold new charms and new attractions. Inasmuch as furniture contributes to making a home, a change in its treatment means a change in the atmosphere of the home; and changing the atmosphere of the home involves a responsibility which should be entrusted to only the ablest experts. This store places at your disposal the sincere helpfulness of furniture men of specialized training, who have at their command the most unusual productions in this country. There are many new things here that will appeal to those who are interested in home beautifying, and when the transformation effected by their proper use is taken into consideration they represent the most practical sort of economy. CALGARY STRIKE NOW RECORDED BEING FAILURE

Total Situation Practically Only Unsettled Element

LABOR MINISTER IN WINNIPEG

Hon. G. D. Robertson Again Holding Conferences There—Critical Situation Again at Toronto Packing Plants—Returned Soldiers to See Government

Calgary, June 12—With the postal situation practically the only unsettled element of the sympathetic strike in Calgary, the strike here is regarded as a failure. Express business in Calgary is now going forward as usual, the Dominion Express workers being on the job with the exception of half a dozen. The Canadian Northern Express workers who voted yesterday to return to work were on the job as usual this morning.

Press telegraphers have returned, freight is being handled with despatch under normal conditions, and the postal employees who were served with notice of dismissal by the government for going on a sympathetic strike are now making a strong effort to get their positions back.

Labor Minister in Winnipeg

Winnipeg, June 12—Hon. G. D. Robertson, minister of labor, soon after his arrival here this afternoon, went into conference with the provincial government, but declined to make any statement as to the subject discussed or the result of the meeting. Premier Norris also said that he had nothing to say.

Mr. Robertson also conferred with members of the railroad brotherhoods mediation board. On being informed that the efforts made to get the metal trades employers and their employees to agree upon a basis of settlement had failed, the minister of labor expressed the hope that the members of the mediation board would remain in the city for some time yet. Mr. Robertson appeared to be hopeful of developments of a more favorable nature.

In Toronto

Toronto, June 12—A critical situation has again developed between the packing house managements and the local union of butcher workers through the failure of the recent board of conciliation, which were unanimous.

So said E. N. Compton, fair wage officer of the dominion government yesterday after a day of effort to straighten out the difficulties.

Take Case to Ottawa

Montreal, June 12—A committee of five returned soldiers from the workers at the Canadian Vickers plant will soon leave for Ottawa to lay their case with regard to the strike before Premier Borden and several cabinet ministers. This was announced last night at a meeting of the returned soldier employees of the works.

In Vancouver

Vancouver, B. C., June 12—With its street cars snugly tucked away in the big car barns of the British Columbia Electric Company's plant as the only outward visible sign of something unusual, Vancouver entered upon the ninth day of the general strike called here by the Trades and Labor Council.

While the strike has been general among the building trades it was said last night that so far as the metal trades were concerned, the strike has practically failed at least fifty per cent of the men being back at work.

Preparations for a lengthy turmoil have been taken by a citizen's committee of 10,000. Meetings have been held by both strikers and citizens but they have been of the most orderly character. The most serious phase of the strike is related in the position of many settlers at coast points, who have been cut off from provisions on account of the seamen's strike and refusal to take vessels from docks. Much privation is reported on this account.

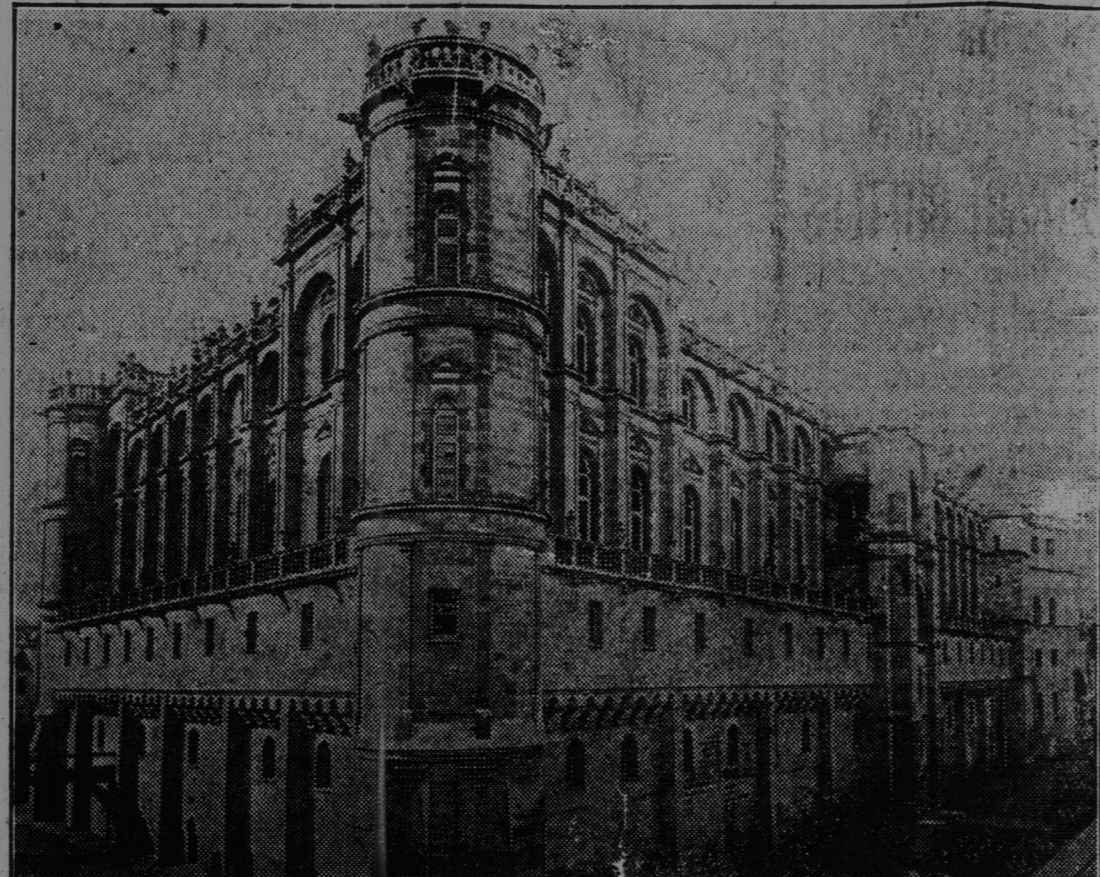

J. C. WATTERS SPEAKS TO SYDNEY WORKERS

Sydney, N. S., June 12—Any fool who starts a strike, said J. C. Watters, president of the Dominion Trades and Labor Council, to an audience of Sydney workmen last night. He advised labor to strike unless there was a reasonable chance of success. "If you are going to strike," he said, "then strike, but consider this, that when you go out you analyze the very life of the nation. You ripple industry—and what results? In a few days comes food shortage and always it is the worker who goes hungry. Before you act, remember this, that the government has to protect the people, the owners of food, and to that the military must carry out the nation's laws. That means perhaps civil war. What we want is joint control of industry."

SUNBURY HEALTH MATTERS.

The semi-annual meeting of the board of health of the sub-district of Sunbury, was held at Oromocto on Tuesday, June 10. Dr. Wade, D. M. H. O. of the western health district occupied the chair. Besides the ordinary routine business, the board divided the sub-district into two medical school inspection areas, one consisting of the parishes of Northfield, Sheffield, Maugeville and Burton front, of which Dr. Kierstead, of Sheffield, was appointed medical school inspector; the other area, consisting of the parishes of Lisville, Gladstone, Lincoln and Burton rear, of which Dr. Bailey, of Fredericton Junction, was appointed inspector.

LEUT. D. B. HOLMAN IS BEING WARMLY GREETED

Made Fine Record in the War and Won Military Cross

Leut. D. B. Holman, who returned to his home on Wednesday of this week, is being warmly greeted by many friends. He left here with the old 6th C. M. R. and was overseas from July 1915 till June 1919. He enlisted as a signaller and got his first step of promotion just after the Third Battle of Ypres in June 1916.

He was made a corporal and put in charge of lines and in that position learned much that was of great benefit later on. He went through the Somme and Vimy as a corporal and then, as a reward for service, was returned to England and given a commission. After qualifying as an officer he was made an instructor of signalling in the Canadian Signal Depot. This was too tame for him, however, and he returned to France. Great was his disappointment and that of his former pals to learn that he was being sent to the fourth division instead of the third.

However, he never lost an opportunity of looking up the old boys of the 6th and they were always welcome at his quarters wherever they might be. The writer has pleasant and lasting memories of the dinners he had on each occasion he visited Holman. He returned to France early in 1918 and was through every engagement from that time till the signing of the armistice. At the Battle of Amiens on August 8 he took charge of his company and handled them so efficiently that he was given the Military Cross. After the signing of the armistice he returned to England and attended the Khaki College. His many friends are congratulating him on going through all the campaign without any serious injury. It is understood he will return to college. Mr. Holman is a son of F. E. Holman.

Vatican Denies It

Rome, June 11—Reports that the Holy See might participate in asserted attempts at a monarchical restoration in Austria are officially denied at the Vatican, according to the semi-official organ of the Vatican.

CALL ON CATHOLIC FAMILIES OF THE CITY NEXT WEEK

At a recent meeting of the St. John Knights of Columbus it was decided that the council would participate in the province-wide movement to raise funds for the rebuilding of St. Thomas' College, Chatham. This progressive seat of learning was totally destroyed by fire on March 3 last.

Throughout the province organizations are already at work endeavoring to render all possible financial assistance. The local knights have also formed active committees to visit the various Catholic families of the city during the week beginning Monday, June 16.

THINK THEY'RE AWAY FROM WORK TOO OFTEN

Likely More Stringent Regulations in the Civil Service

Ottawa, June 12—It is not unlikely that the special committee of the commons, which is conducting an inquiry into the civil service will recommend to the House the drafting of more stringent regulations governing sick leave and absenteeism.

Evidence given before the commission by deputy heads and other officials has indicated that, in addition to their regular holidays, civil servants are frequently absent from their posts on sick leave and for other reasons.

A. W. Tunney, secretary of the post office department, who appeared before the committee yesterday said that forty-six of the forty-eight members of his staff had been absent for various periods in addition to their regular holidays.

Members of the committee were inclined to the opinion that these figures represent conditions which do not prevail in the average business house.

FINDING IT HARD TO PICK WINNER OF TOLEDO CONTEST

Toledo, Ohio, June 12—With the heavyweight championship between Jess Willard and Jack Dempsey set for three weeks from today, sporting authorities are frankly at a loss to select their favorite. All are agreed that probably no heavyweight championship contest since the Corbett-Sullivan battle, has created such a variance of opinion. Sentiment seems to change every day.

"Wait till we see how Willard works in his training bouts the week before the match," invariably is the answer of all accredited boxing experts.

Willard is finishing the second week of his serious preparation vastly improved, and there seems little doubt in the opinion of experts that he will be in first class condition within two weeks.

BRING MANUFACTURERS AND THE FARMERS TOGETHER

Conference to be Held in Hope of Solution of Differences

Toronto, Ont., June 12—At the closing session of the Canadian Manufacturers Association President Howard announced that arrangements would be made for a round table conference between the farmers of Ontario and the west and representatives of the manufacturers with a view to arriving at a solution of the differences between the farmers and the manufacturers if possible.

TO PENITENTIARY FOR FIVE YEARS

Montreal, June 12—Fifteen years in the penitentiary was the total of terms allotted to three Italians arrested on May 16, as they were, it was suspected, about to shoot-up the branch of the Home Bank at Hochelaga and get away with the cash.

The accused, Francis Delto, Dominico Laversa and Frank Carlo, were sentenced to five years each on the conviction of having been found in the possession of concealed weapons, carried for criminal purposes.

The fourth, Tjka Manansky, was found not guilty.

PRESBYTERIAN COLLEGES.

Hamilton, Ont., June 12—At the closing session of the Presbyterian general assembly yesterday afternoon, Rev. Dr. Stewart presented the combined report of the eight theological colleges. There were ninety-seven students on the rolls, including thirty-two in their final year. Sympathy and regret was expressed for the death of Rev. Dr. Pollock, Halifax College.

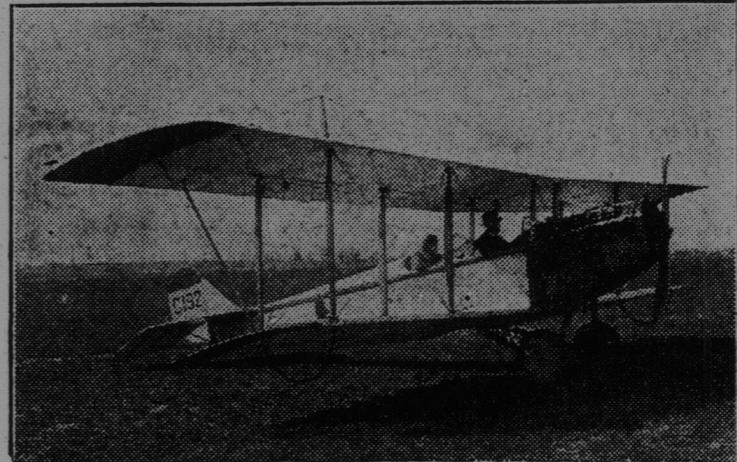

RUTH LAW OUTDONE IN AIR CLIMBING BY FRENCH WOMAN

Paris, June 12—It is announced that Baroness De La Roche, French aviatrice, driving a small biplane in which the late Jules Vedrines landed on the roof of a department store here last January, has reached an altitude of 18,700 feet. This is a record for altitude by women flyers and is more than 1,000 feet higher than Ruth Law's best.

FIGHTING NEWSPAPER MAN.

Edgar Kelley, formerly of the Halifax Herald and one of the best known newspaper writers in the maritime provinces, arrived here yesterday. He has seen much service overseas with the 80th Nova Scotia Battalion and returned home last Sunday. While in the city he is the guest of his sister, Mrs. J. H. Lang, Princess street. He will leave today for his home in Glace Bay, accompanied by his nephews, Masters Jack and Adam Lang, who will spend the summer in Cape Breton.

ST. PETER'S Y.M.A. IN AMATEUR PLAY

Crowded Houses for Both Performances of "Forty-Five Minutes From Broadway"

For an amateur production, the presentation of "Forty-Five Minutes from Broadway" at the Imperial Theatre yesterday afternoon and evening, was made with outstanding cleverness and ability by members of St. Peter's Y. M. A., and young ladies of the parish. It had quite a professional touch and the large audience at both performances were amply repaid. It was a very ambitious undertaking for comedy with amateurs is one of the most difficult of stage endeavors and when it is a musical comedy one can see that there is an increased call on the abilities of the performers. However, the production last evening went with a fine, jaunty swing, each member of the cast being well fitted for the part. The chorus capably trained, the scenic fixtures well attended to, and other features of the play in keeping with its success.

This play, in which George M. Cohan scored such a success on the American stage several years ago, demands a certain alacrity and brightness which do not come easily from amateurs, but both these characteristics marked yesterday's presentation and all situations were well handled. In all there were some fifty performers, which will give an idea of what a pretentious enterprise the presentation was for amateurs, and that they gave so successful a production speaks most highly for themselves and for those responsible for the direction of the piece, in which Rev. Father Moran, C. S. S. R., was largely instrumental. There was a fine volume of good voice production in the choruses which proved very pleasing and a hit was also scored in the dancing. Each member of the cast acquitted himself or herself to the entire satisfaction of the audience and it is felt that the piece could stand repetition because of yesterday's success.

The cast was as follows:— Mary Jane Jenkins, the housemaid; Miss Jean W. Walsh; Flora Dora Dean, a spotlight favorite; Mrs. David Dean, her mother; Miss Isabella Gormley; Miss Purdy, a resident of New Rochelle; Miss Evelyn C. Walsh; Tom Bennett, the hair-at-law; John U. Haggerty; Kid Burns, his secretary; Arthur B. Walsh; James Blake, public administrator; Daniel Cronin, in the mining business; Frank T. Doherty; Andy Gray, the butler; Howard Station agent; Fred C. Joyce; Police sergeant; Frank E. O'Donnell; Coachman; Frank C. Howard; Baggageman; James Duffy; Reporters—Andrew Moore, Jr., Harry L. McQuade, T. Michael Howard; Robert L. Butler; Policemen—Harold McNulty, James Duffy, Frank DeGrasse; Danes—Misses Dorothy Hansen, Margaret T. McEllinney, Teresa McCormack, Theresa Maxwell, Helen Corvick, Catherine McBriarty, Messrs. A. Simon Martin, Arthur Phillips, Alexander McCluskey, Daniel McLaughlin, John Gormley, J. J. Comeau; Chorus—Misses Helena Doherty, Mary McDonald, Helen McDonald, Ems Higgins, M. GOOD EFFECTS OF PROHIBITION

Crime Lessened in New Mexico and Arizona Under Enforcement of the Dry Law

Albuquerque, New Mexico, June 12.—Prohibition has lessened crime in New Mexico and Arizona, according to reports received by A. D. Stroup, superintendent of the legal department of the New Mexico and Arizona branch of the Anti-Saloon League of America. In a statement to a representative of the Christian Science Monitor on the effects of prohibition in New Mexico and Arizona, Mr. Stroup gives a summary of a number of letters received from sheriffs. One of these county officials estimates that the effect of prohibition in his county and in the state of Arizona has been to lessen crime at least 75 per cent. Replies from six sheriffs in New Mexico indicate that prohibition has been effective in lessening crime. One sheriff estimated that crime has been lessened at least 25 per cent in his county. Another stated that there had been only three or four prisoners in his county since last November, while before that time there were from three to five cases of drunkenness a month. Another official stated that there had been a remarkable falling off in the number of petty crimes committed, and that only one arrest had been made under a charge of drunkenness since the saloons closed. Giving his personal knowledge of conditions, Mr. Stroup declares that the results have been startling. The Albuquerque city jail was without a prisoner from May 17 to 21, something unheard of in the history of Albuquerque, according to Mr. Stroup. All storehouses in Albuquerque used for saloons are now occupied by other businesses, and so far as he has been able to learn, there are no complaints from owners of the buildings on account of the closing of the saloons. Mr. Stroup stated that a few weeks ago he visited the Navajo and Apache counties in Arizona and found not a prisoner in either jail at that time, and only two criminal cases on the Navajo county docket. Mr. Stroup had talked with a large number of judges in Arizona, he said, and they, without exception, said that business had been better since the state went dry.

Still Advocating Juvenile Court

The monthly meeting of the Children's Aid Society was held in the board room of the Children's Home, 88 Garden street, last night. The president, A. M. Belding, was in the chair. During the evening he urged upon the members the necessity of getting ready to lay a request before the municipal council at its next meeting to consider making a grant for the establishment of a juvenile court in St. John. Another matter which should be urged upon the attention of the local government, it was said, was the necessity of having a home for the feeble-minded in the community. This could be either provincial in its character or purely local, but clearly the wider scheme would be the better one. The report of the agent, Rev. George Scott, showed that during the month seven children have been admitted to the home. Of these two were taken out by their parents. One was sent to the hospital and four were placed in foster homes. Seventy-nine visits were made investigating cases, and seventy-one letters and post cards were written. Sixteen people called at his house to consult him about various matters, and forty-two telephone calls were received in connection with the work. There was one case before the county court in which the society was interested and another came up before J. King Kelley, K. C., and J. L. Thorne, J. P. Two sets of adoption papers have been duly signed and filed, and two other sets of papers have been made out. Two of the wards are now in a prospective foster home and arrangements are being made to send another out. Two of the report were particulars of twenty-one cases investigated. Five applications for children were received. One letter was read at the meeting which was especially pleasing. This was from a foster home in which one of the wards was placed about three years ago. It was to the effect that the young woman in question had been married to a fine young man just a few days previous. The lady expressed her regret at parting with her foster daughter to whom she said the whole household had become attached during her stay with them.

CHOIR MEMBERS WERE HOSTS The members of the Ludlow street Baptist church choir entertained the congregation in the vestry of the church last evening. During the evening Rev. W. R. Robinson, the pastor, presented a purse of gold on behalf of the congregation. The following persons took part in the programme, Miss Hilda Beaty, Miss Lillie Rose, Mrs. Murray Long and daughter, David Allen, Miss Pearl Wayne, Miss Breen, Miss Muriel Stewart, J. V. Kelstead and C. Rupert. After the programme refreshments were served.

SCOUT TROPHY PRESENTED Senator W. H. Thorne presented to the Trinity troop of boy scouts last evening the Thorne trophy for the best all round troop in the city. The presentation was made at Trinity church in the presence of a great many friends of the boys. A. C. Skelton, president of the local Boys' Scout Association, presided, and Rev. D. H. Loweth, scout master of the troop also was on the platform and accepted the cup on behalf of the troop. Senator Thorne also gave each of the boys a handsome knife and Rev. Canon Armstrong after addressing them, presented a small compass to each of the four boys who are King Scouts. The young lieutenant of the church served refreshment after the ceremony.

Pimples Broke Out All Over Face, Arms and Neck

Pimples are a sure sign that the blood is not in its proper shape. While the skin is the seat of the irritation, pus-filled pimples, the real disease is in the blood. Medicinal lotions and powders may soothe the itching and irritation, but never cure so much longer and faithfully continued, and the condition is often aggravated and the skin permanently injured by their use. The disease is more than skin-deep—the entire circulation is poisoned. Purified Blood Bitters quickly and effectively cure blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous accumulations. B. B. B. cures permanently because it leaves none of the original poison to ferment in the blood and cause a fresh attack. Miss E. M. Davidson, Des Moines, Iowa, writes: "Last summer I was greatly troubled with pimples breaking out all over my face, arms and neck. I was advised to try Purified Blood Bitters, and after taking two bottles, the pimples had almost all disappeared. I shall always recommend this remedy to anyone afflicted with skin troubles."

WINNIPEG WOMAN GAINS 24 POUNDS

Mrs. A. W. Odger Was Unable to Find Relief From Seven Years Trouble Until She Tried Tanlac.

"I have more confidence in Tanlac than any medicine I have ever seen, and I will tell you why I say this," said Mrs. A. W. Odger, who lives at 1848 Logan street, Winnipeg, while talking to a Tanlac representative a few days ago. "I had been trying for seven years to find a medicine or treatment that would overcome my trouble," she continued, "but I never got any relief. I commenced taking Tanlac. I was in a very nervous, run-down condition which was brought on by my stomach being out of order for such a long time. Everything I ate disagreed with me, and I would be in agony for hours at a time on account of my food settling and causing gas to form on my stomach. My kidneys must have been in bad condition also, for I would have a terrible pain in the small of my back that I would actually sit down and cry. Why I was so weak and run-down that I couldn't walk as much as one block without being completely exhausted, and I just kept on getting worse until I reached the point where I had to stay in bed for weeks at a time. When I began to read in the papers about this new medicine—Tanlac—and I just somehow felt that it was just what I needed, so I got my son to bring me a bottle of it. Well, I was right in the way I felt about Tanlac, for I am not only well and strong again, but I have actually gained twenty-four pounds, and can do every bit of my household work without the least trouble. I believe my stomach is in as good condition as it ever was, for I have a fine appetite and eat just anything I want, and I never suffer a particle afterwards. That pain has left my back and my nerves have improved so much that I sleep like a child every night. I have regained all my strength, and can keep on the go all day now, and I hardly ever feel tired. Yes, Tanlac has done for me what all other medicines and treatments I had for seven years failed to do, and that is why I tell you that I have more confidence in this wonderful medicine than any other I have ever seen."

YOU MAY BE SKEPTICAL

About What Dr. Chase's Nerve Food Will Do for You, But Here is the Evidence.

When the blood gets thin and watery, when the nerves become weak and exhausted, when your vitality is run down and you feel weak and tired it is because nourishment is lacking as usual but your digestive system fails to obtain from the food you eat the elements from which new blood and nerve force is created. Because Dr. Chase's Nerve Food supplies this element to the blood and nerves it is the most successful of restoratives. While personal experience with a medical treatment is the only authentic evidence, it will benefit you, still we are all so constituted and what we will help one another under similar conditions. This is why it is so interesting to read the experience of other people, and many will find in this letter their own conditions described. Mrs. Thomas Williamson, Pictou, (N.S.), writes: "For the last twenty years I have had trouble with my nerves, and, of course, my system was often in a run-down condition from nervousness. At different times when I would have severe attacks, I was under the doctor's care, but this only gave me temporary relief. Twice I was to a sanatorium in Toronto, where I secured some relief at the time. This past summer I suffered from another nervous breakdown, and it was then that I commenced using Dr. Chase's Nerve Food. I took a treatment of this medicine and now get up in the morning and do my work, which was something I could not do previously, because I used to get so weakly confused. My appetite is good, and I can sleep well, too. Generally speaking, I am proud of my improvement. I cannot speak too highly of the splendid results I have secured through the use of Dr. Chase's Nerve Food."

GAS IN THE STOMACH IS DANGEROUS

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion." Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ailments. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

Pinkham's Vegetable Compound advertised in the newspapers, and I took six bottles, and am a well woman. You can use my name to tell the world the good your medicine has done for me. I shall praise it always."—Mrs. A. L. DeVine, 647 St. Paul Avenue, Los Angeles, Cal.

WHY CAN'T I GET TO SLEEP?

Thousands of people all over the country ask this question, but still continue to toss night after night on a sleepless bed, and it is impossible for them to get a full night's refreshing sleep. Some constitutional disturbances, or some disease has so debilitated and irritated the nervous system that it cannot be quieted except by the persistent use of opiate or narcotic. Or again, you have heart palpitation, and sensation of sinking, a feeling you are going to die, or perhaps you wake up in your sleep feeling as though you were about to choke or smother, and the only way you can get relief is to sit up in bed. To all who suffer in this way, Milburn's Heart and Nerve Pills offer an inestimable boon. They bring back the much-needed night's rest by improving the tone of the nerves, strengthening the heart, enriching the blood and making the whole organization act in harmony with you sleep as peacefully as a child.

WILL APPEAL TO OTTAWA

London, Wednesday, June 11.—(Canadian Associated Press, delayed)—The general court martial in connection with the Kinross Park disturbances has now heard its last case, which is the fiftieth on trial. There have been twenty-six acquittals on the charge of mutiny, and nineteen on all charges, while seven who were accused men intend raising the matter of acquittal of mutiny were convicted of less serious charges. There have been twenty-three convictions for mutiny. In three cases the court martial found the accused guilty and sentenced them to imprisonment. Counsel for the accused declined to offer any evidence, alleging that the crown had not made out cases of mutiny. These cases were referred to the judge-advocate of Great Britain, who sustained the opinion of the court's counsel. The convictions, were, therefore, not confirmed. Appeals have been lodged against some other convictions. It is understood counsel for the accused men intend raising the matter further at Ottawa.

LORD BRYCE ON THE LEAGUE OF NATIONS

In reply to a request from the Christian Science Monitor for an expression of his views on the League of Nations, Lord Bryce writes: "In reply to your letter, I have to say that the events which are now passing on the European continent show how great is the need for the intervention of some strong and impartial authority, such as the League of Nations is meant to be, to mediate between and to adjust the rival claims of states and nationalities. These claims have raised sharp issues and angry feelings, and may, unless settled on the sound principles which the league stands for, threaten that future permanent peace it is intended to secure. Some of such issues cannot be properly settled without an impartial local inquiry into the boundaries of races and languages; and it is only the league that can be trusted to direct such local inquiries. Needless to say that America's participation is an essential condition of the league's success. It is strong, she is impartial. All Europe recognizes her as disinterested, and those who know her people best, know how sincere is their devotion to the ideals of freedom and peace." (Signed) "JAMES BRYCE"

HONORS FOR ARMY AND NAVY LEADERS

LONDON, June 12.—For the first time since the war, Vice-Admiral Sir David Beatty, commander of the grand fleet, today appeared publicly in London. With Field Marshal Douglas Haig he attended an investiture at Buckingham Palace, where King George decorated each of them with the Order of Merit. Afterwards they drove to the Guild Hall where they received the freedom of the city and were presented with jewelled gold swords. They then proceeded to the Mansion House to a luncheon given by the Lord Mayor, where members of the government also were guests. In their drive through the streets the naval and military chiefs were heartily acclaimed by the crowds. The ceremony at the Guild Hall was a brilliant one. Among those who took part in it were the Duke of Connaught and the Marquis of Cambridge. Speaking at Mercer's Hall, where the freedom of the Mercer's Company was conferred upon him and Admiral Beatty, Field Marshal Haig emphasized the completeness of Germany's military surrender. He said that to have pressed forward after the great culminating defeat of the Germans on the Somme, November 4, 1918, would have meant further loss of life, destruction of property and expenditure of money, while it could not have rendered Germany more helpless in a military sense than she was today, with her army dissolved, her guns, transport and airplanes surrendered and the crossings of the Rhine held by the Allies. The surrender of the German fleet was not more abject and complete than the surrender of the German army.

Whitman, Mass. "I suffered from a nervous, run-down condition and loss of strength so it was hard for me to get around and do my work. After other medicines had failed to help me Vinol restored my health and strength and I heartily recommend it to anyone suffering from a nervous, run-down condition."—Mrs. R. M. Little. Cleveland, Ohio. "I kept house for my husband and myself and got into a weak, run-down condition: no strength, languid and no ambition. After doctoring for awhile and getting no better I tried Vinol and to my surprise it built me up and strengthened my whole system. It is certainly a good tonic."—Mrs. Wm. D. Dawson.

RETAILERS NOT RESPONSIBLE FOR COST OF LIVING

Denial By The Retail Merchants Association

REFLECTIONS UNFAIR

Would Welcome Investigation by Parliament if Conducted by Those Who Understand Retail Conditions

Retail Merchants' Association, and said it fairly expressed their position. That statement, taken from the Ottawa Journal, is as follows:

Regarding the statement at meeting of the house special committee on the cost of living, E. M. Trower, Dominion secretary of the Retail Merchants' Association of Canada, gave the following statement to the Journal Monday evening:

"In order to correct a wrong impression which might be left on the public mind, regarding a report which was published in your paper concerning the proceedings of the special meeting of the committee of the House of Commons, who are investigating the cost of living, we desire to make the following explanation:

"The Retail Merchants' Association of Canada welcomes the most thorough investigation into the subject of the cost of living and all the particulars in connection therewith. We have asked the government repeatedly to appoint a proper tribunal, capable of taking the evidence on the subject from all classes of retail merchants, and we wanted whoever was appointed to be chosen from the elected representatives of the people so that they could be held personally and collectively responsible for their report, and so that it would be of an official character. We strongly object to presenting our case before any committee of miscellaneous persons, who cannot be held responsible for their decisions and who do not understand the retail problem.

"The entire retail trade of Canada has been suffering for a long time because all sorts of opinions have been expressed concerning our position and our profits by government officials and others who have had absolutely no practical experience in the retail trade. It looks as though the blame if any for what is termed the 'high cost of living' had to be placed upon some one and in order to dispose of the subject we, as retail merchants, were selected to take the blame. We strongly resent the accusation and we have been urging ever and over again that a proper government in-land trade commission, composed of reliable persons, be appointed to not only take evidence on the subject but place a check on any unfair methods that may be found among either manufacturers, wholesalers or retailers, their functions to be similar in trade to those adopted by the railway commissioners respecting railroads.

"In lieu of the above the government appointed a special committee of the House of Commons which we consider was the next best thing to do and we greatly favor their action in the matter as it will give us an opportunity of presenting our case. At the first meeting of this committee in order that they thought to save time, they decided to appoint committees from the leading cities in Canada, consisting of the president of the Board of Trade, the president of the Trades and Labor organization, the president of the Great War Veterans Association, and two representatives of women's associations. A committee of this character, in our opinion, is neither qualified nor responsible to take the necessary evidence to enlighten the public on the conditions of the retail trade and for that reason we strongly object to appearing before them, but any retail merchant in Canada, and every member of our association, will gladly appear before the committee of the House of Commons at Ottawa, and we will do everything in our power to assist them and give them all the information we have in our possession concerning the retail trade, and we feel certain that the manufacturers and the wholesalers will do the same thing.

"As retail merchants we have nothing against a committee of the representatives of the people delegating their powers to those who have no government authority and some of whom should themselves be investigated.

"We would like the public to secure all the facts and follow the evidence and come to no conclusion on any partial statements that may be made through any department of the government or by any other person who is not qualified to give evidence until all the facts are put in and we will then as retail merchants leave our case for the public to decide."

MANUFACTURERS PROTEST AGAINST LOWER TARIFFS

Toronto, June 12—Numerous resolutions were submitted to the Manufacturers' Association covering a wide range of subjects and with one exception, they were carried unanimously, dealing with labor legislation.

A resolution was carried by which the association went on record against the enactment of legislation which would place Canadian industry at a disadvantage in international competition until such time as similar legislation becomes effective in the chief industrial countries of the world. Endorsement of the policy of the government to create a Canadian merchant marine was made in another resolution which also urged the government to obtain sufficient ships to satisfy the demand for tonnage.

The removal of tariff on certain farm tractors evoked a warm discussion culminating in the unanimous adoption of a motion urging the government to enact legislation "which will restore to Canada tractor business transferred to the United States through the removal of the tariff, and permit the development

of an industry suited to the economic needs of the country."

The adoption through the empire of substantial customs preferences for empire products, corresponding to the preferences now provided in the customs tariff of Canada, was also urged upon the government. Another motion urged the government to appoint a permanent tariff board, acting in an advisory character which would make a scientific study of the Canadian customs tariff and the tariffs of other countries endeavoring to frame a tariff that would serve the best interests of Canada.

In view of the fact that the fire loss per capita is much greater in Canada than any other country, the association advocated the appointment of a commission to investigate the causes contributing to national fire loss. Other resolutions were carried condemning the government on passing the technical education act, creating a central research bureau and for the steps taken to extend export trade.

That all persons who "attempt to undermine the existing form of government in Canada and substitute some other form of government should be summarily punished and if aliens, be immediately deported," was the decision of another resolution dealing with industrial unrest. The association was opposed to the "operation of any more railroads by the government."

Labor conditions in Canada particularly in the western provinces were discussed at this morning's session. W. J. Bulman, the retiring president, replying to a vote of thanks, declared that Canadians did not recognize the national importance of the association and the fact that possibly it is the most necessary body in Canada at the present time.

"When labor understands the organization they will come to the conclusion that it is the best friend they have," he said.

"We should make it clear to the public that we are performing a national and not a selfish service."

Slurs and attacks on the C. M. A., he added, were simply made in ignorance. The association should be interested in getting labor's point of view changed. In

and probably break out again if settled. It all points to a general strike in Montreal, I must frankly confess. The complexion of the affair is that there is a combination on the part of some people to drive organized labor out of existence and to take advantage of the worker when he is disorganized.

"I have mixed among them and talked with them and I tell you frankly that it is the general feeling among the average workman in the city that I have come in contact with."

MRS. THOS. WALKER
AGAIN PRESIDENT

Fredericton, June 12.—The Fredericton diocesan branch, Women's Auxiliary, concluded its annual meeting here this afternoon. After the final session a reception was held for the delegates at the desaney, Brunswick street, by Very Rev. Dean and Mrs. Nesles.

Officers for the ensuing year have been elected as follows: Honorary president, Mrs. Richardson; president, Mrs. Thomas Walker; first vice-president, Mrs. George F. Smith; second vice-president, Mrs. L. R. Harrison; third vice-president, Mrs. Robert Fitzrandolph; corresponding secretary, Mrs. W. F. Foster; recording secretary, Mrs. H. J. Roberts;

treasurer, Mrs. McIntyre; treasurer extra-cent-a-day fund, Mrs. J. M. Robertson; Dorcas secretary, Mrs. John M. Hay; convener literature committee, Mrs. J. F. Robertson; secretary-treasurer literature committee, Mrs. Chas. Foster; junior secretary treasurer, Miss MacKenzie; babies' branch secretary-treasurer, Mrs. Hammond Evans; leaflet editor, Miss J. G. Sadlier; girls' secretary, Miss Gladys Frink; Pickett memorial secretary, Miss E. R. Scovill.

The opening of the question box at the final session provoked several interesting discussions. One was on the question, "When is a girl not a girl?" The point was the age at which a girl could be admitted to the senior branch of the W. A. It finally was left to the individuals to decide. Another question was why there was so great a proportion of St. John women on the executive. The answer was that it was considered advisable to have as many members on the executive as possible within easy distance of one another at

UNION JACK OR RED FLAG?

Ottawa, Ont., June 12.—The budget debate again occupied the day in the house and promises fair to continue well into next week. Hon. N. W. Rowell, president of the privy council, and Dr.

Clark, the free trader from Red Deer, were the principal speakers, although speeches by Mr. Stacey of Westminster district (B. C.), and Mr. Canon, were followed with close interest.

There was not a thoughtful man in the house, Hon. Mr. Rowell argued in his contribution to the debate, who would say that it had been possible,

since the armistice, radically to change the tariff. He was glad the budget went a little farther along the line of British preference. He hoped, when the revision of the tariff took place, it would be possible to go a little farther. Mr. Rowell concluded with a plea for unity of all parts of the Dominion. "On fiscal questions," he said, "neither east nor west can hope to have its full

way. Both should be patriotic enough not to press matters to an extreme issue."

Mr. Stacey contended that the tariff was not the vital issue in the west. "The one great thought," Mr. Stacey declared, "is whether the Union Jack will fly over Canadian cities or the red flag of revolution."

The game in the St. John baseball league last evening was a bit one-sided. However, the Fairville boys deserve credit for fighting hard from the beginning to the termination of play. What they need badly is pitchers and unless they secure one or two it will be hard for them to make a good showing. They have a good ball club, but handicapped as they are it is hard to expect them to win games. If necessary one of the other teams should trade them a pitcher if they wish to keep the league well balanced.

Eddie Ramsay's many friends are sorry to learn that he sustained an injury during the game. The boys may feel a bit sore, but once off the field they show a friendship, which is highly commendable. It is up to the league to see that Eddie lacks for nothing during his lay-up. He has worked hard for the success of the league and the Carleton team in particular and deserves every attention. Tomorrow afternoon, weather permitting, the high school boys will go to Rothery to compete in the interscholastic sports. They have been training faithfully and expect to bring the silver trophy, emblematic of the championship, home with them. A large number of school mates as well as relatives and friends are expected to be in attendance.

The St. Peter's baseball team will play in Moncton tomorrow afternoon and will be met by the Carleton team.

On the grounds of Moncton Amateur Athletic Association Saturday St. Peter's ball team of St. John, will meet a Moncton team, afternoon and evening.

Would Discipline Players.
Ban Johnson has reinstated This Speaker of the Indians and Chick Garfield of the White Sox, who were suspended a week ago for ragging in a rough and tumble fight.

Speaker and Gandil were not only suspended, but were fined \$50 each. "If had my way," said Mr. Johnson last week, "I would have disciplined the players of both teams. Instead of separating the men these players gathered around, yanked umpire Nallin out of the way when he tried to interfere, and insisted on the fight going to a finish. All those who so acted were deserving of punishment for the American League will not stand for such rowdism, but it was not possible to find out just who showed that spirit and who did not.

"As it was, however, I have sent reprimands to the two teams collectively, and severe reprimands in personal letters to both Speaker and Gandil."

Red Sox Miss Lewis.
New York, June 12—The present low position of the once invincible Red Sox is worrying Boston fans, who, it is said, partially attribute the slump of the world's champions to the trading of Duffy Lewis to the Yankees, declares Joe Villa in the New York Evening Sun.

Boston critics say that Lewis has not been replaced and that it was a big mistake to let him go.

There is nothing to substantiate rumors of disunion among the members of the Red Sox. But the enforced absence of Joe Bush from the box and the failure of Sam Jones to show last year's effectiveness have handicapped the Red Sox tremendously. A losing team at Fenway Park not only is something new but also illustrates the uncertainty of baseball.

GOLF. Wins Championship.
New York, Mass., June 12—Walter Hagen of Oakland Hills today won the national open golf championship. Playing off a tie with M. J. Brady of Oakley, Hagen led his rival by one stroke in eighteen holes. He was around in 77, and Brady in 78.

AQUATIC.
Will Try to Swim Channel.
London, June 12—James Hoff, a famous swimmer, who has made many gallant and nearly successful channel swims, is once more in training for the event, after recently accomplishing a fine long distance swim in the Thames. It is possible that T. W. Burgess, who swam the channel in 1911, may venture to establish a record by accomplishing the feat a second time. Burgess, who has long been a resident in France, has been pretty hard by the war. Both his wife and daughter are dead but his son came out all right through the fighting. If Burgess does make another attempt to swim the channel he will start from the French coast.

THE RING.
At the Big men's Camps.
Toledo, Ohio, June 12—Working under the rays of a midsummer sun, that seemed to effect everybody except the champion himself, Jess Willard boxed six rounds today after reeling four miles on the road early in the morning. Willard stepped three full three minute sessions with Jack Hempel and then Walter

evening, and another St. John team, under the management of James McNulty, will play in McAdam.

In the American League the New York Yankees ousted the White Sox from first place. The Yankees have a strong line-up and will either win the pennant or make a strong bid for premier honors. There are many local fans pulling for New York to win as it will give them an opportunity of going to see some of the games in the world's series. If the western teams win they will miss this big attraction.

The baseball critics contend that the loss of Duffy Lewis is being keenly felt by the Red Sox. Duffy was one of the best fielders in the major leagues and was a dangerous hitter. It is hard to understand why a manager will let players of his calibre go to strengthen another club. Reports that disunion is in the club are being denied, but those who know maintain there was discord. However, there is always a certain amount of squabbling on a losing club.

Baltimore and Toronto are still fighting for first place and are establishing a record. Some speak of being the champion for the strain must be felt by both clubs. They are both drawing away from Binghamton and Rochester.

Alexander is back in form and has started on his string of shut-outs. He has three to his credit since he started on a winning streak.

Manahan donned the gloves for a similar length of time. Half a dozen times the champion dropped his hands to his sides and permitted his boxing partners to hit him when and where they pleased.

He appeared to be a better judge of distance than in any previous workouts and used a left jab with effect. Manahan's nose was bleeding as a result of coming into frequent contact with the champion's left.

Ray Archer, Willard's business representative, announced tonight that a heavyweight named Ketchel would report in camp tomorrow to relieve Dempsey and Monahan. Archer said Ketchel, a product of the navy, is a 192 pounder with an offensive punch. He is a challenger. He crouches and rips his way into close quarters as Dempsey does, and is expected to be of valuable aid in conditioning the champion.

Soldier Star, who was all but knocked out twice by Willard, was dismissed today, after he had scratched the champion's back until the blood flowed, while wrestling yesterday.

Dempsey, who is being nursed by a healing nicely, will not be permitted to do any boxing until Sunday. He went through his usual exercises before a big crowd this afternoon, but he was hurt for seven miles in the morning.

There were no new developments in the fight situation. It is certain that Ollie Pecora, official referee of the Toledo A. C., will officiate in some capacity, either as alternate referee or one of the judges in the contest.

Boxing control decides to appoint two judges in addition to a referee.

Winnipeg, Man., June 7—Flag snatching was not so popular Tuesday in Winnipeg as during the two former parades engineered by the strikers, whose scores of citizens were forced to remove the empire's emblem from their coats or submit to a beating and some lost their flags and got beat up at that by the crowds, in which Austrians and Germans predominated. Harold Lloyd and Walter Hastings, both prominent men, suffered most, but Tuesday the robust scrags that greeted every attempt to trample the flag in the gutter met with such swift reprisals in the way of bloody noses that the sport, which had its inspiration among the alien enemy, became rather unpopular.

A FUNNY LAWSUIT.
(Montreal Herald.)
Mr. Justice Marchal, deciding the issue between two brothers, Gustave and Preloin Monette, farmers of St. Constant, for damages done to animals and crops on their adjoining fields, dismissed the contentions of both in superior court this morning. He found that the damages, if caused, was due to the fact that the brothers had by mutual arrangement, up to the time of the arrangement, maintained no fence between the properties and that the animals of both wandered at will.
For a moment the two men were struck dumb. The girls were equally nonplussed. Then, common sense asserted itself. "Solely, you son-of-a-gun," said the cousin pleasantly, after the formal introductions. "If we were a couple of soldier guys now I suppose brother, owner of the geese, answered by saying that the buckwheat was frozen and of no value, claiming in addition that the owner of the buckwheat had looked up his thirty-six geese in a stable one day and as a result eight of them died. He urged his claim against his brother for the price of the geese. Mr. Justice Marchal dismissed the claims of both on account of joint negligence in maintaining the fences.

AMERICAN LABOR FOUGHT FOR IDEALS AND PRINCIPLES

Will Not Tolerate Political Or Industrial Tyranny

Warning by Gompers—Convention of American Federation of Labor Will Deal Largely With Reconstruction Problems

Atlantic City, N. J., June 11.—Tyranny, whether it be in the political or industrial life of the nation, will not be tolerated by organized labor, Samuel Gompers, president of the American Federation of Labor, told delegates at the opening of the thirty-ninth session of the organization here.

"Men and women shed their blood and made great sacrifices during the war because they were fighting for principles and ideals," said Mr. Gompers. "Now that the war has been won, workers—the bone and flesh of the nation—don't intend that those principles and ideals shall be lost sight of."

He warned that "if any employer believes that industrial autocracy is going to prevail in America he is counting without his host."

A message of greeting from President Wilson was read during the opening session. In it the president paid high tribute to Mr. Gompers and the work he had accomplished for the country in general and the workers in particular.

The convention, which will last two weeks, will occupy itself principally with reconstruction problems.

Report of Executive.

Important projects for the advancement of labor and improvement of working conditions, as well as comprehensive outlines of what has been accomplished on labor's behalf during the last year, are set forth in the report of the executive council of the federation.

The advent of peace is taken by the council to hold out bright prospects for labor. Of the peace treaty, itself, the labor executives forming the council, after endorsing the "triumph of freedom and justice, and democracy as exemplified in the covenant of the League of Nations," says that the labor sections are a compromise.

"Whatever of compromise appears, was made because of the claim that other nations of the world could not pledge themselves to an immediate and definite acceptance of the standards maintained by the American labor movement as the established practice of our day."

Considerable attention is devoted by the report to labor legislation. The executive council suggests that the convention authorize the printing and wide circulation of a list of measures in which the American Federation of Labor is interested, among which are the bill forbidding immigration for four years during the period of industrial reconstruction, a bill for an old age retirement system for federal employees, and the classified service, a bill providing a minimum wage of three dollars a day for federal employees.

Secretary Lane's bill to furnish land for soldiers and sailors, a bill to give states the same power over the products of convict labor from other states as they exercise over the products of their own prisons, industrial vocational education for persons crippled in industry, increased pay for teachers, and educational bills designed to end adult illiteracy in the United States.

Ownership of Railroads.

The council recommended to the convention the endorsement of government ownership of the railroads, after setting forth in great detail various suggestions about the railroads from different sources.

Discussing what is called the "meat packing monopoly," the council quoted the report of the Federal Trade Commission to President Wilson, and said that hearings by the House Interstate Commerce Committee "seemed to show conclusively the existence of a combination which not only controls and regulates the prices of beef, lamb, hogs and other meats, but also eggs, butter, poultry, cheese, rice, fish, canned goods of all descriptions, leather and wool."

It is then stated that insofar as "this combination restricts the supply and enhances the cost of these necessities, the laboring people of the country are adversely affected, and the matter becomes one of vital concern to the American Federation of Labor." It is charged in the report that the packers "during the war shortage of leather, when it was difficult to furnish shoes to soldiers, hoarded such quantities of hides that it was impossible to find proper storage room for them."

Considerable progress was reported in the matter of securing a shorter work day for various trades and occupations, it being added that "the rapid trend toward the general establishment of the shorter work day developed during the war must not be allowed to wane during the period of reconstruction."

Regarding wages, the report says—"The position of labor must be maintained and advanced at all hazards. It is the opinion of your executive council that no wages paid to American workmen today are too high, but that on the contrary wages far too low still are paid in many industries. Progress is the word today and the progress worth most and best understood is the kind that reaches the individual in the form of a better life, a freer and larger opportunity and more of the things by which life is sustained and enriched. The progress of our movement in realizing these things for the workers is not to be denied by any influence or obstacle."

Should Lady Godiva Be Clothed In The Coventry Pageant?

London, June 12.—Coventry is proud of its tradition of Lady Godiva and Peeping Tom. A thousand years ago the countess rode naked through the city's ancient streets to redeem a tax under which the people were starving, and it is recalled that the only individual who gazed out upon the heroic woman was a tailor, since known as Peeping Tom, who was struck blind for his audacity.

Lady Godiva appears in flesh-colored lights, with long flowing hair. The old custom and the proposal to reinstate it has been held from time to time on occasions of national rejoicing, and it is to be revived on the occasion of the peace celebrations.

Lady Godiva appears in flesh-colored lights, with long flowing hair. The old custom and the proposal to reinstate it has been held from time to time on occasions of national rejoicing, and it is to be revived on the occasion of the peace celebrations.

"We were talking recently with a Coventry man, who declared that out of every ten people who would turn out to see the Peace-Godiva show, nine would be Peeping Toms. In plain speech, if there were no semi-nude woman on exhibition, the pageant would long since have become stale. If this Coventry man is within five miles of the truth, not only should the bishop and clergy hold aloof from the modern Godiva procession, but, with the Free Church ministers, ought to bring down the chimneys on the city in opposition to this debasement of womanhood."

"Anyhow, to clear out the Peeping Toms, we suggest that the next Godiva should be fully clothed, and we say that if she is not, she will not be in her right mind; while the authorities who assent to anything approaching feminine nakedness in the public streets will be guilty of a worse crime than that of the Peeping Tom of the legend."

"Had Godiva of history foreseen that the Coventry people would expose a woman to the awful indignity which she took upon herself or to any kind of imitation of that indignity, we believe for the sake of the womanhood of Coventry and the morality of the people she would have allowed the people of her Coventry to have groined under the oppression."

"It is the greatest possible insult to the memory of Godiva to faze up any woman to portray to a gawking crowd a condition which a vile man stipulated as part of the ransom."

The Bishop of Coventry has expressed his approval of the Lady Godiva procession, for which the town is famous.

In reply to the committee which is arranging the pageant, Dr. Yeatman-Biggs has written to say that, in his opinion, no procession in Coventry would celebrate anything without including a representation of Lady Godiva, who legend proved correct, made a great sacrifice in the interests of her subjects, and did something for democracy, and was a woman far in advance of her time.

In his view, Lady Godiva should be so represented as a historical character in an historical pageant in such a way that she herself would have been proud to appear.

The local sub-committee has passed a resolution to the effect that the representative of Lady Godiva should be fully clothed in the most magnificent apparel in which a Saxon countess could have been clothed for some great state occasion.

INVOLVES ANOTHER IN MURDER CASE

Montreal, June 12.—In connection with the St. Sulpice murder case in August, 1917, Henri Poirier was arrested today by Detectives Thibault and Pigeon. The arrest followed the statement made by Patrick Delorme, alias May, to Judge Cusson yesterday. Delorme, who is accused of murdering Aristede Payette, the St. Sulpice farmer, denies the crime and implicates Poirier in his statement.

Chief of Detectives Lapage and two of his men went to St. Sulpice yesterday afternoon to make further inquiries into the case.
