

# INTERRUPTIONS, PERSISTENT AND LOUD, FAILED TO PREVENT PREMIER MEIGHEN SPEAKING

Efforts of Well Organized Gang at Three Rivers, Quebec, Could Not Swerve Canada's Premier from His Determination to Discuss Political Issues as He Sees Them—He Was Not Defiant, Nor Did He Apologize for Policies Sponsored During the War.

Three Rivers, Que., Nov. 7.—(By Canadian Press)—For the first time in the history of this election campaign, Premier Meighen was tonight subjected to interruptions which became so loud and insistent that he drowned out his voice, forced him at intervals to stop speaking altogether and made it very difficult for a large portion of the audience to hear the latter part of his speech. The interruptions emanated from a group of men at the rear of the armories where the meeting was held and were resented by the Premier who ceased speaking. Refused to Curtail Speech—Mr. Meighen refused to curtail his speech because of the yells and whistles which interrupted him, and he did not allow the noise to interfere with the exposition which he was making. At one time the chairman rose to make a plea for silence, but the Premier waved him back and waited quietly until the noise had subsided. At another point, when disorder prevailed, he drank a glass of water while his own supporters cheered. Toward the close of his speech he remarked that "whether the intelligence of this city prevails or whether the noise of this city prevails my duty is simply to lay the matter before you and that is what I have tried to do."

6000 People Present. The meeting was a large one, the armories being crowded with a gathering which probably numbered about five thousand people. There were no seats in the body of the hall and, with the exception of those on the platform and in the gallery, which surrounded the building, the people had to stand. It was evident practically from the first that there was an element in the building which was bent upon making a noise, because the second speaker, J. E. Lacombe, who was subjected to interruptions whenever he mentioned the name of Jacques Bureau, former Liberal member for Three Rivers in the House of Commons and candidate of the same party in the coming election. The Premier followed Mr. Lacombe, and for the first half of his speech, the audience was all attention. He declared that he had been called the enemy of the French race and he insisted that he had said or done nothing which could justify such a name. No Spirit of Apology. "While I come here in no spirit of defiance," he said. "He was aware that he had favored and sponsored policies which were not popular in Three Rivers, but not out of enmity to the French race, and they had been

# NEWFOUNDLAND STORM DAMAGE GROWS HEAVIER

Belated Reports Show at Least Six Men Lost Their Lives, Probably More.

HARROWING TALES FROM OUTPOSTS  
Waterfront Denuded of Wharves and Buildings and Ships Buffeted About.  
St. John's, Nfld., Nov. 7.—At least six men lost their lives in recent great storms, and "tears for the safety of others are entertained," according to news filtering in from outposts.  
David Stroud, of Ross Blanche, was driven to sea in a small boat, and two brothers named McDonald of La Poile, were lost when their boat capsized in the harbor. At Little Bay Islands, wreckage bearing the name of the schooner Helen G. Morst has been picked up and it is feared she has been lost with her crew of six men.  
Waves invaded Graveyard at Carmanville, the tide rose ten feet above the usual level, and the waves invaded the graveyard, washing coffins out of the earth and scattering them about in the general wreckage. Twelve schooners, and scores of motor boats were driven ashore there, and smashed to kindling wood, according to the sounding steamers, which arrived here today after a protracted trip along the North coast. At every port of call the Suro found the waterfront denuded of wharves and buildings, while the shores were littered with the wreckage of dozens of schooners and large numbers of motor boats.  
Schooner On Breakers. The schooner Venetia, which sixty men and women on board, sought refuge in the harbor of Seldom Cove but dragged anchors and drifted towards the breakers. She was within a few feet of destruction when the crew cut away her spars. All night she lay on the edge of the breakers in imminent peril, and her crew of passengers had about given up hope when a large tug noticed her and plucked her out of her dangerous plight.  
Schooner Chintola, enroute from St. John's to Quebec, with a cargo of fish, was driven ashore and beached for three days, becoming waterlogged. Her crew was rescued at great hazard by the schooner Jean Walkley.

# Prisoners Escape From Guelph Jail By Knockout Route

Slug Jailer and Turnkey Into State of Helplessness and Make Getaway.  
Guelph, Ont., Nov. 7.—After slugging Jailer McNab and Turnkey Iverson into a state of helplessness, three prisoners, awaiting transfer to Portsmouth penitentiary, made their escape from the county jail here at 5 p.m. this afternoon and one of them named John Bedard, is still at large and is believed to be heading toward the Niagara border in a stolen motor car.  
The other two prisoners, Joseph Hobson and Samuel McArdie, were hiding a few blocks away from the prison and were back in their cells fifteen minutes after they escaped.  
The getaway had apparently been planned and was carried out just as the two jail officials visited the prisoners' corridor about 5:15 o'clock to riva them their supper.

# Masked Bandit Holds Up Train On Oregon Short Line

Relieves Passengers of Their Valuables, Leaves Mail and Express Untouched.  
American Falls, Idaho, Nov. 7.—A masked bandit held up train No. 17 westbound, Oregon and Washington Limited on the Oregon Short Line Railroad, eight miles west of American Falls tonight. The passengers of their valuables, but no attempt was made to enter the baggage or express cars.  
The bandit is believed to have boarded the observation car here. After robbing the passengers, he ordered a brakeman to stop the train at Cook's, a small station twelve miles out of American Falls, where an automobile was waiting for him.

Many Irish Political Leaders and Officials Called Into Monday's Parley.

LONDON, Nov. 7.—The League of Nations states that it has been incorrectly announced that Great Britain and overseas dominions are carrying forty per cent. of the expenses of the League.  
"Under the new allocation, Great Britain and the dominions pay approximately 24 1/2 per cent. Great Britain's share is 1,994,000 gold francs, and Canada's share 775,000 gold francs. The assessments against the other parts of the Empire are: Australia and South Africa 332,000; India 1,440,000, and New Zealand 221,000, all in gold francs.

# FRANCE READY TO JOIN IN EVERY ENDEAVOR THAT WILL AVERT POSSIBILITY OF FUTURE WARS

Premier Briand Lays Bare Policies of French Government in Reference to Arms Conference—Must be Assured of Her Own Security Which Remains One of the Most Solid Guarantees of the Peace of the World.

New York, Nov. 7.—France is ready to join in every endeavor to avert a new war "provided she has nothing to fear for her own security, which remains one of the most solid guarantees of the peace of the world," said Premier Aristide Briand upon his arrival today, to attend the Armament Conference at Washington. "Just because she had to suffer from the war more than any other nation," he added, "she is ready to approach the problems of the conference in the most favorable spirit for the maintenance of peace."  
"Between France and the United States of America there is no room for any difference, however slight. Both our countries only endeavor to lead the men and peoples of good will to peaceful and fruitful work and to reduce more the risks of war. Today, the world which is in such need of safety and rest wants not only soothing words but realities."

Hastens to Washington. A great crowd assembled at the dock and gave the Premier and his party a rousing welcome as they stepped ashore from the steamship Lafayette. Official welcoming ceremonies, which marked the arrival of other delegations to the Conference, were curtailed to allow M. Briand to go to Washington at once. Premier Briand was accompanied by former Premier Rene Viviani, a companion of Marshal Joffre during his visit here in 1917, and Albert Sarraut, French Senator and Minister of the Colonies, Jules Jusserand, French Ambassador to the United States for the past several years, and the fourth French delegation to the conference, arrived here ten days ago.

Here Twelve Days. Premier Briand, who said he would reserve formal comment on the Conference until he had seen President Harding, comes with the purpose of assisting during the first twelve days of the Conference in determining the principles upon which subsequent details and results will rest. He comes without instructions. The French Ministry gave him none. The French Senate and the Chamber of Deputies gave him a free hand. He will enter the Conference with general policies clear in his own mind and in the minds of other members of the delegations. These included:  
Policies Laid Down  
First—The French Government's obligations to the League of Nations do not preclude France from joining other powers inside or outside the League in limiting armaments or settling other questions that the League considers within its jurisdiction.  
Second—French policy favors equal commercial opportunities in China.  
Third—The restriction of sea armaments offers no difficulties peculiar to France. Her navy is already below any formula likely to be adopted.  
Fourth—French interests concentrate upon land armaments. Their strength is conditioned by Germany's payment of non-payment of reparations. German reparations and military questions are considered to be closely related to when and how France can begin to meet her United States debt. Therefore, if Washington desires to raise the question of the debts in the Conference, the French delegation would be prepared to discuss them.

Mind Receptive. These may be considered as the broadly drawn boundaries within which the French delegation's thoughts are moving, but M. Briand goes into the Conference with his customary philosophic attitude of not holding too closely to prepossessions, keeping a receptive mind and disposed at any time to examine fresh proposals, or to re-examine old ones under new aspects. His intimate associates during the voyage found that he had put aside the pre-occupations of home politics and lived for the time in the thought of the Conference alone. He had long frequent conversations with Viviani, with Sarraut before he was taken ill with an affection of the throat, with Barthélemy, Cassagne, Buaud, DeBon and other members of the mission and newspaper correspondents both French and American.

# Sir Robert Borden Calls, Officially, On Pres. Harding

Attended Small and Informal Party in Evening at British Embassy.  
Washington, Nov. 7.—Formal calls on President Harding, the vice-president, and cabinet officers and other high officials made up the programme today of Sir Robert Borden in Washington. Tonight there was a small informal party at the British Embassy. At Canadian headquarters, today it was stated the early part of the week, apart from official calls, would be taken up with informal conferences and preparation for the Conference. Until the entire British delegation here, little can be done in the way of dealing with the most important problems which it will have to consider. The French delegation here to the Conference was completed tonight with the arrival of M. Aristide Briand, Premier of France, at the head of several delegates from that country. He, with the other members of the party, were greeted by officials representing the United States Government and cheered by thousands gathered about the railway station.

# Explosion Wrecks Small Coal Mine

Pittsburgh, Kans., Nov. 7.—The small mine of the Burgess Coal Company, one mile south of Mulberry, was wrecked by two explosions early today. The tipples were destroyed, the mouth of the slope caved in and motors and other electrical machinery were ruined by the explosions. The mine has been operated for several weeks in spite of a strike of miners. Eight men comprise the company, all of them miners, and they have done all of the work at the mine. Six of the men have been working regularly at the mine, it was said today.

# BELFAST POLICE DISCOVER PRISON MAINTAINED BY THE REPUBLICANS

Belfast, Nov. 7.—After raiding a place in Kent street last night, the police reported that they had discovered a prison maintained by the Republicans. A young man who was found confined in the place, they said, had been committed to execution this morning. Three armed men who were acting as guards were arrested and a quantity of equipment was seized including a complete wireless set, telephone apparatus and signalling flags.

### All Militia Units Attended Church

#### Church Parade Sunday Viewed by Crowds Along Route of March.

The Armistice church parade of all the militia units in the city was held Sunday morning under the command of Brig. Gen. A. H. Macdonnell, C. M. G., D. S. O. The units taking part were the 3rd N. B. Heavy Brigade, C. G. A.; No. 6 Signal Company, C. S. C.; St. John Fusiliers, No. 1 Company, 7th C. M. G. brigade; No. 7 Company, C. I. A. S. C.; No. 14 Field Ambulance, and No. 7 detachment, R. C. O. C.

The parade formed up at the armoury at 10.30 and marched along the following route: Garmarshon, Mecklenburg, Sydney street, south side King Square, Charlotte, Coburg and Garden streets to City road. When Knox Church was reached, the Catholic detachment marched via City road, Haymarket Square and Waterloo street to the Cathedral. The two parades returned to the Armoury independently after the services. In addition to the militia units, there were officers from headquarters staff, unattached officers and members of the Great War Veterans' Association in civilian attire also in the parade.

The services in Knox church were conducted by the Rev. Moorehouse Legate, chaplain of the 8th Princess Louise Hussars, Col. W. H. Harrison, D. S. O., read the 1st lesson, and Col. G. G. Corbet, the 2nd lesson were presented by Col. Alex. McKillop, D. S. O.

The Fusiliers Band was stationed in the gallery of the church and played the voluntary while the offering was being taken.

The musical selections during the service included "The Ninety," and "For All the Saints," the service was concluded by the singing of the National Anthem.

The Catholic detachment attended the 11.30 Mass at the Cathedral, the Virgin's Chapel being especially reserved for them. They were under the command of General Macdonnell, going to the church, and marched back to the armouries under Major C. J. Morgan.

### WAS TROUBLED WITH HER LIVER FOR OVER 4 MONTHS

When the liver becomes slow, sluggish and torpid it is not working properly and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow among which are, sick or bilious headaches, heartburn, water brash, jaundice, floating specks before the eyes, pain under the right shoulder, coated tongue, bad breath, yellow eyes, etc.

**MILBURN'S LAXA-LIVER PILLS** quickly remove the secretions, clear away the effete and waste matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood.

Mrs. Alice Mahill, Napawan, Ont., writes:—"I was very badly run down for over four months. I tried several remedies, but got no relief. One day my husband brought me home a box of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials and I am a different person today. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Price, 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## THOUSANDS NOW TAKE IRONIZED YEAST

Sickly People Soon Regain Health and Strength by Taking Yeast and Iron in Convenient Tablet Form.

If you are weak, thin, pale, sickly, or generally run down, you owe it to yourself to try Ironized Yeast, the new vitamin tonic treatment in tablet form.

Through this remarkable preparation, thousands of run-down people have been helped to regain rugged strength and sparkling health.

The reason for this splendid result is that Ironized Yeast is rich in vitamins, which science has found to be absolutely essential to health. Most people's systems lack vitamins, for due to our modern methods of cooking many of our best foods are robbed of their vitamin elements before reaching the table.

Ironized Yeast supplies your system with the necessary amount of vitamins, and in addition contains organic or vegetable iron, which is readily assimilated by the system, and which is one of the best known blood builders.

Ironized Yeast is pleasant to take, keeps indefinitely, and is packed in convenient sun-tight packages. Each package contains 10 days' treatment and costs only one dollar. Thus, Ironized Yeast costs only a fraction more, per dose, than common yeast (only 10c. a day), but is much more effective as it contains highly concentrated brewer's yeast, which is far richer in vitamins than ordinary baking yeast.

Get Ironized Yeast from your druggist today. You will no doubt be surprised at the quick results it will bring. Special directions for children in each package. Made by the Ironized Yeast Company, Atlanta, Ga.

### Laurier Home TO KING WITHOUT ANY CONDITION

#### To Him Also Are Bequeathed Historic Gifts Made to Late Sir Wilfrid.

Ottawa, Nov. 7.—(Canadian Press)—Hon. Mr. Justice Brodeur, one of the executors of the will of the late Lady Laurier, has authorized publication of that part of the will which relates to the Laurier residence at Ottawa. From the terms of the will quoted below, the property is bequeathed without condition to the Hon. W. L. Mackenzie King, the successor of Sir Wilfrid in the leadership of the Liberal party, to whom are also bequeathed the historic gifts made to Sir Wilfrid in the course of his journeys to England. These include gifts made at the time of Queen Victoria's jubilee, the coronation of King Edward VII., and of King George V., as well as the gifts symbolizing the freedom of the cities of London, Edinburgh and other cities of the British Isles.

The property will be accepted and held in trust by Mr. King as an executor of the will of the late Lady Laurier, as implied in a paragraph in which Lady Laurier mentions the circumstances under which it came originally into the possession of Sir Wilfrid and herself, and in which she expresses the opinion that it ought to be used by Mr. King as his official residence as the leader of the party.

Extracts From Will.

The extract from the will, as given to the Canadian Press by Justice Brodeur, is as follows:—"I give and bequeath to the Honorable William L. Mackenzie King my property of Ottawa, bearing municipal number 235, on Laurier avenue, east, and the historic gifts that were made to my late husband, Sir Wilfrid Laurier, in the course of his journeys to England, and which are to be found in the said residence.

"This residence having been given to me by the political friends of my husband, I am of the opinion that it ought to return to the Liberal party represented by its leader, the said Mackenzie King, to be used by him as his official residence."

### Window Decoration Attracts Attention

#### Beautiful Memorial at Macaulay Bros. Evokes Much Favorable Comment.

One of the large windows of Macaulay Bros. and Co., Ltd., King St., attracted considerable attention and evoked many favorable comments during the week-end by reason of its decoration in honor of Armistice Day. The window was arranged in an artistic and well designed manner with a statue on one side emblematic of Britannia, holding in her right hand a bunch of poppies and a sword with her left. Nearby was a representation of an English bull dog beside the Union Jack, and a slate bearing the words "What We Had We've Held With Honour."

### Banquet Held In St. George's Hall

#### Rev. Dr. J. H. Morison Was Speaker Last Evening—Reports Presented.

At a banquet held last evening in St. George's Hall in conjunction with the Centennial Services about 200 members of the church were present. The banquet was conducted entirely by the vestry, and the rector, W. H. Sampson, acted as chairman. The Rev. Dr. J. A. Morrison of the First Presbyterian Church was the principal speaker. During the course of his address he paid a glowing tribute to Dean Sampson whom he counted as a very dear friend. He also remarked that he always felt at home among a gathering of Anglicans as his mother was a member of the Church of England.

### Emerson. The hall to date has cost about \$10,000 on which remains a \$2000 debt. Mr. Martin felt assured that this amount would soon be cleared.

A detailed account of the building was given by Isaac Ketchum, who has been supervisor of the building committee.

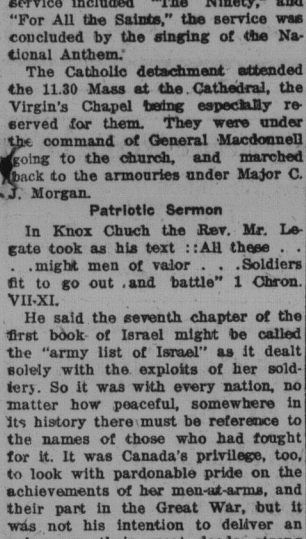

In closing Rev. Mr. Sampson acknowledged the obligation the vestry had been placed under by Mr. Ketchum, J. C. Martin, Fritolf Meuring and many others.

The meeting closed with the National Anthem.

### Australian Team Plays In Canada

The Australian Rugby team, now playing the Northern Union series in England, will play a series of matches in Canada on its way home next spring. Dal Thomas, former Welsh international star, now resident in British Columbia, has been asked to arrange and manage the tour. He expects to stage a game each in Montreal, Winnipeg, Vancouver, Victoria, Seattle and possibly in Philadelphia. The visitors will be opposed to local teams where the excess of professional Rugby players makes this possible. Elsewhere exhibition matches will be played. The Australians having enough men to make up two teams. It is understood that the Australians will leave England early in March.

### Bar Women Golfers At Bob o' Link Course

Action by the Bob-o-Link Golf Club, Chicago, in barring women from its course is not spreading to other golf clubs. In fact, women have started such a campaign that it would be exceedingly risky to even suggest forbidding them to play at other clubs. Bob-o-Link formulated its rule, put it over and got clear away before there was any opportunity for a fight, but the others are hesitating to give assent to the farthest thing from their minds is the barring of women.

"The women are just as important as the men at our club," said Miss Gloria Chandler, head of the women's golf activities at Glenview. "Of course, we never try to play on holidays or Saturday afternoons until after three o'clock, but there isn't a man in the club who ever considered excluding us."

### FEATHERWEIGHT KING, DEFEATS HONEYMAN

At the National Sporting Club, London, Eng., last week in a 20-round boxing contest for the featherweight championship of Great Britain, Joe Fox, of Leeds, outpointed Mike Honeyman, the previous holder of the championship. It was an uninteresting bout. Honeyman scored well with left leads to his opponent's face and body, but Fox, who was always boring in, did better in infighting. In the 13th Fox drove Honeyman to the ropes and floored him, with heavy left and right jabs. The bout proved a very even struggle, the referee deciding in favor of Fox after the judges had disagreed as to their decision.

HISTORY REPEATS ITSELF
The following is an extract from a speech delivered by Sir John A. Macdonald in 1876. It shows that from that day to this from Macdonald to Melchior the Conservative Party has not changed in the tariff policy.

majority of the people of Canada. Their mistake is fatal to their influence with the people of Canada, who are not so easily deceived as they were in 1876. Gentlemen, there is another issue between the present Government and the Opposition. We are in favor of a tariff that will incidentally give protection to our manufacturers, that will develop our manufacturing industries.

Notwithstanding the colder weather, Lloyd George feels that he must be able to put aside his Ulster before coming to America. I notice that Mr. Mackenzie King is doing a good deal of his speaking in the House which provides him with an opportunity of stating roundly the tariff issue.

WOMEN AND POLITICS. Admitting that last night was not a very good one for holding a meeting of women voters for organization purposes, for several reasons, it is nevertheless to be regretted that more interest was not shown on the occasion.

THE NATIONAL VIEW. The election campaign finds public opinion in a healthy state. A year or two ago when unrest prevailed over the whole world, public opinion was by no means so impressive as it is today.

people as very unreliable. If the Globe can forecast results one month before polling day it should do well with the ponies. But it will be admitted that Globe editorials, based on election guesses, are no more logical nor convincing than Globe editorials on most other subjects.

As the Kingston Standard points out Canada imported from the United States in 1920 \$110,000,000 worth of foodstuffs of a kind produced on Canadian farms, and \$78,000,000 worth in the last fiscal year. Who says that the farmers of Canada do not need protection?

There is more truth than poetry in the assertion that white patriots are a beautiful virtue, it is the woman who stamps her feet and yells, "Come here, run," who gets results.

Spellman And O'Brien Sent Up Charged With Robbery of Whiskey from Person and Violence.

Thomas Spellman and Edward O'Brien were sent up for trial in the police court Saturday on the charge of robbing Albert Norris of Barraville of a bottle of whiskey with violence.

G. Earle Logan appeared for Spellman, and E. M. Ryan for O'Brien. Mr. Logan contended that according to the English law the confession of an accomplice is not admitted against the other.

The case of Joseph Neaves, held on the charge of stealing a quantity of clothing and a watch from the store of William Jacobson, Mill street, was resumed.

Eastern Ontario And Quebec Suffer From Sleet Storm

Ottawa, Ont., Nov. 7.—The big wind, snow and sleet storm which travelled over Eastern Ontario and Quebec on Friday night last, caused damage estimated at \$250,000.

While the storm was general in Eastern Ontario, the St. Lawrence suffered only slightly, and Ottawa and Montreal received the brunt of it.

Says Her Friends See Change In Her

Sydney Woman Had Been Going Down Hill for a Year—Now on Road to Health.

"When I began taking Tanlac I was worried and miserable woman just on the verge of a breakdown, but now I'm well and happy," said Mrs. Charles Dobbsin, life long resident of Sydney and living on Prince Street.

"I had stomach trouble in a bad form and no matter what I ate I was sure to have indigestion. I got to the point where I got up in the morning tired, went to bed tired and felt tired all day.

"Tanalac proved to be just what I needed. My appetite is splendid now, everything agrees with me, I sleep like a child all night long and I feel well and happy. It's no wonder that so many people praise Tanlac, for it deserves every good thing that can be said about it."

Tribute of Praise For Canada's Warriors

Rector of Stone Church Preaches Eloquent Sermon in Honor of Armistice Day.

"Today our glance sweeps across the three years that have closed since hostilities ceased, and we lift up our hearts to God in humble thanksgiving and praise that the bloody strife is over and that peace, through victory, has been achieved."

It was with these words that Rev. A. L. Fleming, rector of St. John's (Stone) church, began an eloquent sermon preached on Sunday morning in celebration of Armistice Day.

"We think of the men who went from our strong and well but returned broken and maimed for life. Such men by their quiet courage and true fortitude are a constant inspiration to us. May God bless and keep them and make His face to shine upon them and give them His grace—and may they ever be led to feel by look and word and action that a grateful country never forgets."

"We think of the others, brave and true and free, who have returned to us out of that hell of fire and have again taken up the common duties of life in civilization with quiet endurance. We think with glowing pride of our young womanhood who tended our heroes when broken in war, and like ministering angels, nursed them back to life again.

"Yes, and we think of those parents, wives and sweethearts, who putting the cause before all else participated with their dearest and best—and by labor and love encouraged them in the awful days of conflict. Finally we think of Him, who is our God—the God of our fathers, and bless and magnify His Holy Name for all these and for His mercy and love."

The text of the sermon was taken from Rev. 21: 10. "That great city, the holy Jerusalem, descending out of heaven from God."

The preacher mentioned the phrase coined during the war, "Carry on," saying that today we do not hear so much about it, and yet it is just as necessary now as during the war.

Indeed, he said, the blood of our heroes cries aloud to us to "carry on" and establish the great work which they gave their lives so freely. It was said that the men gave their lives for civilization, but it was pointed out that that was not sufficient, it must be for a Christian civilization.

Here is the truth of the Apostle John—the vision of a new earth and a new heaven on earth. The city of God coming down from out of heaven, so that the old city is re-created by the power of the Eternal. There is the key to the whole situation "the City of God on earth has been planned in Heaven."

There are three reasons why men should be interested in seeking to finish the great warfare that is in our midst—the fight against evil—the establishment of peace and the coming of the new Jerusalem on earth. First, our Faith in the Eternal God; second, the Righteousness of our Cause; and thirdly, the Character of our Leader.

Strength

Strength of muscle does not indicate strength of nerves. On this account many people who look healthy enough suffer from nervous troubles and cannot understand what is ailing them.

Read this letter from an Ontario man: Mr. W. L. Gregory, Charles St. E., Ingersoll, Ont., writes: "I had been bedridden for quite a while with indigestion. At times there would be a twitching of the nerves of my stomach; and I also found it difficult to get a good night's sleep. I am a moulder, and owing to the nature of my work my system became run-down. I took a treatment of Dr. Chase's Nerve Food, and found great benefit from the medicine. They did me a great deal of good. I have not been bothered at all with indigestion since, and can sleep much better. I have recommended Dr. Chase's Nerve Food to many of my friends, as I think it splendid for anyone run-down and needing a tonic."

COMMEMORATE VALIANT ACTS OF CANADA'S ARMY

Ottawa Citizens Gather on Parliament Hill and Pay Tribute to Gallant Men.

Ottawa, Nov. 7.—Armistice Day here was made the occasion for a solemn commemoration of the part Canadians played in the Great War. Men who had fought and came back, mothers and widows of those who made the supreme sacrifice, and little children of the public schools met together on Parliament Hill and paid silent tribute while wreaths of flowers were laid at the foot of the cenotaph which has been erected in front of the Victory tower of the House of Parliament.

Sick soldiers from the hospitals attended in automobiles and once again they sang as in the old days on a Sunday morning before moving "up the line." "Oh God Our Help in Ages Past," thrilled to the sadness of the "Piper's Lament," played by the United Empire Pipe Band; and finally left the enclosure to drying notes of the "Last Post."

There were no speeches only the atmosphere created to evoke for each man and woman in the vast crowd the sadness and triumph of those four years of war. On the arrival of Lord Byng on the scene, at 2:30, the G. W. V. A. and Salvation Army bands played the National Anthem. Major H. I. Horsey, recited the Lord's Prayer, after which Father Desjardins, formerly chaplain of the 23rd Battalion, pronounced the benediction.

The Governor General placed the first wreath on behalf of the Government, then followed wreaths placed by the Speaker of the Senate on behalf of the Upper Chamber, and by the Speaker of the House of Commons on behalf of the Lower Chamber, by Mrs. G. D. Robertson, on behalf of the women of Canada, by Major Plant on behalf of Ottawa, and by representatives of various associations.

## FOR WOMEN

### Helen Rowland Says:-- Being the Reflections of a Bachelor Girl

By HELEN ROWLAND

When a Man Says that "Conscience" Bids Him Break Off a Flirtation  
You May Be Pretty Sure That "Conscience" Has a Per-  
manent Wave and Pretty Awkies.

The difference between a man's love and a woman's  
love is a matter of dimensions; a woman loves  
too long—a man loves too widely.

Of course, a motor-car is as fractions, capricious,  
and expensive as a wife; but it can't answer back when  
you swear at it, and it never gets a red nose and a  
marty-complex and goes home to its mother.

Ancient Persian lovers inscribed their love-sonnets  
on their pottery—but no doubt they railed just as sar-  
cassically, after marriage, at the things the bride cooked  
in that pottery.

Nothing so firmly convinces a man that "woman's  
place is in the home" as the anguish of having to en-  
dure a lot of them around the golf-course on Sunday  
morning.

From the day, when a man falls in love with a woman old enough to  
be his mother to the day, when he falls in love with one young enough to  
be his daughter, his love never changes; it is merely the age of his object  
that keeps on changing in inverse ratio to his bald-spot.

Love is what makes one kind of woman rush to powder her nose, and  
another woman rush to the door and forget to powder her nose, at the sound  
of her husband's key in the latch.

Marriage is the venal which quiets the hearts and sends the emotions  
into an artificial coma, from which nothing but the fire-alarm of jealousy  
can awaken them.

When a man says that "Conscience" bids him break off flirtation, you  
may be pretty sure that "Conscience" has a permanent wave and pretty  
awkies.

### Ladies! Secret To Some Resolutions Darken Gray Hair Very Hard To Keep Bring Back Its Color and Lustrous With Grandma's Sage Tea Recipe.

Common garden sage, brewed into  
a heavy tea, with sulphur and alcohol  
added, will turn gray, streaked and  
faded hair beautifully dark and luxu-  
riant. Mixing the Sage Tea and Sulphur  
recipe at home, though, is troublesome.  
An easier way is to get the ready-to-  
use preparation, improved by the addition  
of other ingredients, a large bot-  
tle, at little cost, at drug stores.  
Known as "Wyeth's Sage and Sulphur  
Compound," thus avoiding a lot of  
mess.

While gray, faded hair is not en-  
tirely desirable to retain one's youthful  
appearance and attractiveness. By  
darkening your hair with Wyeth's  
Sage and Sulphur Compound, no one  
can tell because it does it so natu-  
rally, so evenly. You just dampen a  
spunge or soft brush with it and draw  
this through your hair, taking one  
small strand at a time, by morning  
all gray hairs have disappeared. Af-  
ter another application or two your  
hair becomes beautifully dark, glossy,  
soft, and lustrous, and you appear  
years younger.

### Mackenzie King Will Sidelstep British Columbia

Changes His Itinerary so as to  
Keep Out of That Prov-  
ince.

OWSA, Nov. 7.—(Canadian Press)—  
Hon. W. L. Mackenzie King, leader  
of the Liberal Party, will be unable  
owing to lack of time at his disposal,  
during the balance of the campaign,  
to go to British Columbia, as he had  
planned to do during his western trip.  
Announcement to this effect was made  
this afternoon. The speech saved to Mr.  
King by the change in his itinerary  
will probably be spent in Ontario and  
Quebec centres, where a series of  
meetings will be arranged during his  
absence on the tour of the Prairie  
Provinces. The Liberal leader's west-  
ern tour will take him as far west as  
Calgary and Edmonton and he will ad-  
dress a number of meetings at various  
cities both going to the West and re-  
turning.

### THE WOMAN'S THANKS.

There is so much strong man are  
thankful for—  
A nation's progress, or a slow strifes  
And, though I join my praise with  
theirs today,  
Grave things are these I scarce can  
comprehend,  
So vast are they,  
And so a part, dear God, I pray Thee  
take  
My thanks for those Thy little bless-  
ings' sake.

The little common joys of every day,  
My garden blowing in an April wind,  
A linen's greeting and the morning  
fall  
Of happy sunshines through the opened  
blind,  
The poplars tall  
That guard my threshold, and the  
peas that fall  
Like Sabbath stillness from my  
humble wall.

The little simple joys that we forget  
Until we lose them; for the lamp that  
lights  
The pages of the books I love the  
best,  
The hearth red welcoming on winter  
nights,  
The kindly fire  
That moves within its circle, and the  
Companionship of those the heart  
holds dear.

The dear accustomed joys we lightly  
take  
Too much for granted sometimes, as a  
child  
Spills father's gifts; and, so remember-  
ing  
For these my thanks, for these my  
treasures piled,  
Each I want to touch, each  
Whom wisest may forget, dear Father,  
take  
My thanks for these Thy little bless-  
ings' sake.

—Theodosia Garrison.

### WEDDING VEILS.

It is a fact worth noting that styles  
in wedding veils change. The veils  
worn during the season of 1921-22 will  
be longer, and much more simple than  
in former seasons. The correct  
length is to be worn by the bride  
as she stands at the altar. The  
bride wears a long veil, and with  
two and one-half yards, while the new  
numbers are two by three yards in  
length, and it is said that the length  
may be increased later in the season.  
The earliest styles sponsored formerly  
"California Fig Syrup" which has di-  
rections for babies and children of all  
ages printed on the box. Mother! You  
must say "California" or you may get  
an imitation fig syrup.

### Woodstock Dedicates Memorial Monument To Heroic Soldiers

Solemn Ceremonies Witnes-  
sed by Hundreds of Visitors  
—Impressive Programme.

Special to the Standard.  
Woodstock, N. B., Nov. 7.—To per-  
petuate the memory of the 150 sol-  
diers from Carleton county who made  
the supreme sacrifice in the great  
war 1914-18, the citizens of Wood-  
stock, assisted by people from dif-  
ferent parts of the county and the  
members of the county council, un-  
veiled a handsome monument on the  
court house lawn this afternoon. It  
is probably the finest monument yet  
erected in Canada in memory of the  
fallen soldiers of the late war. The  
solemn ceremonies were witnessed by  
hundreds of people from town and  
county. The guard of honor was fur-  
nished by the G. W. V. A., who had  
charge of the exercises, and the  
music was supplied by the Wood-  
stock band.

Warden E. W. Melville, of Peel,  
presided; Rev. M. E. Conroy, an  
overseas chaplain, of Woodstock, of-  
fered the opening prayer, and little  
Miss Harmon, whose father, Burdette  
Harmon, lies in Flanders Field, un-  
veiled the monument. The speakers were  
Hon. J. L. Carleton and H. A. Powell,  
K. C. The following was the pro-  
gramme:

Parade of G. W. V. A. from the  
Armory by Cannon street, led by the  
band, at 3 p. m.  
Selection by band.  
Prayer by Warden Melville.  
Address by Rev. M. E. Conroy.  
Reading of names of departed sol-  
diers by J. C. Hartley, G. C. secretary,  
treasurer of Carleton county.  
Crowning by Miss Harmon.  
Presentation of wreaths from the  
G. W. V. A., I. O. O. F., town coun-  
cil, county council, I. O. O. F., and  
Knights of Pythias.  
O Canada, by the band.  
Firing salute, three rounds.  
Last Post.  
Selection by band.  
Address by Judge Carleton of Wood-  
stock, H. A. Powell of St. John.  
Maple Leaf, God Save the King.  
The band then headed the veterans  
to the Armory.

Major J. J. Bull had charge of the  
parade, Captain R. V. Jones had  
charge of the firing party, and Cap-  
tain W. B. Manser was in charge of  
the color party. A supper was given  
at 8.30 this afternoon in K. of P. hall  
to the visiting veterans.

### Fredericton Spends Quiet Thanksgiving

Fredericton, Nov. 7.—Thanksgiving  
Day was quietly observed in Frederic-  
ton. The students of the various  
educational institutions took the op-  
portunity to spend the week-end and  
holiday at their homes, in large num-  
bers.

The chief local sporting event was  
the clay pigeon shoot of the Frederic-  
ton Gun Club. Tonight the G. W. V. A.  
and York Regiment Band held a  
festival in the Armory for the pur-  
pose of raising funds. The program-  
me consisted of a variety of numbers.  
Charles J. Burman, of Port Arthur  
and Frederick Shubley, of Halifax

who are walking around the world,  
arrived here today from St. John. They  
will go to Woodstock Tuesday, leav-  
ing in the morning.

Hawking-Ancient and Modern.  
A couple of cockneys visiting the  
Royal Academy came to a painting  
entitled "Hawking in the Olden Days,"  
and stood gazing at it with great in-  
terest.

"Hawking in the Olden Days," said  
one. "Well, they didn't 'ard do it, eh?  
My word, 'oreback an' all!"

"Rather!" agreed his female com-  
panion. "But wot are they 'awking,  
'Erry?"

"Blessed if I know," responded the  
puzzled "Erry," unless they're tryin' to  
sell their 'bloomin' parrot."

### Physicians Recommend Castoria

YOU know the real human doctors right around in your neighborhood: the  
doctors of flesh and blood just like you; the doctors with souls and  
hearts: those men who are responding to your call in the dead of night as readily  
as in the broad daylight; they are ready to tell you the good that Fletcher's  
Castoria has done, is doing and will do, from their experience and their love  
for children.

Your physician knows that Castoria is purely a child's remedy. It was sought for  
and discovered as a substitute for Castor Oil in the ailments of Infants and Children.  
Your physician will tell you this for he knows that preparations put on the

Is Baby Well and Strong?

Your heart aches when your baby falls sick. You feel so anxious  
where it feels bad. But, if you are wise, you know that generally  
baby sickness comes from a disordered stomach or bowels. You  
tell yourself that baby is constipated or has pain, eruptions, flatu-  
lence, diarrhoea, is restless, feverish, wakenful, fretful. Good mothers use  
Fletcher's Castoria, a wonderful remedy, purely vegetable, discovered  
by a family doctor and used in the best families for over thirty years.

Children cry for Fletcher's Castoria. It is a comfort to babies,  
the mother's unfailing friend. Any Mother who has used Fletcher's  
Castoria will advise you to use it for your baby. Give your sick baby  
a dose of it and note how soon baby begins to feel better. A few doses  
and you will realize what a wonderful remedy Fletcher's Castoria is  
for babies, what a comfort it is for mothers to depend on.

### Premier Hara's Assailant Had An Accomplice

Station Agent, Where Japan's  
Leader Was Struck Down  
Under Arrest.

Tokyo, Nov. 7.—Eigoro Hashimoto,  
assistant station master at the Orinchi  
railway station where Premier Hara  
was assassinated Friday, night has  
been arrested charged with complicity  
in the crime. About 20 other em-  
ployees at the station were released  
after being questioned.

Roichi Nakota, the assassin, testifies  
the police say, that he had no accom-  
plices. The police believe, however,  
that the stationmaster's death was  
brought about through a conspiracy.  
This belief is strengthened by the fact  
that a well dressed unidentified man  
was seen hurrying from the station  
at the moment Nakota thrust his  
sword into the Premier's breast. The  
authorities are of the opinion that the  
youth's statement that he alone com-  
mitted the crime was made in an ef-  
fort to shield his co-conspirators.

CAN THE DEAF  
BE MADE TO HEAR?

This question can be answered  
both ways. If the deafness is due to  
Catarrh, success is general if the ear  
is kept clear. If it is due to Catarrh-  
some and thereby drives Catarrh out  
of the system. Penetrating through  
the passages of the ear, the soothing vapor  
of Catarrh-relieves the inflamma-  
tion, destroys the seeds of Catarrh  
and thereby allows Nature to reassert  
herself. For Catarrhal Deafness, pain  
over the eyes, plugged nostrils and  
other symptoms associated with Cat-  
arrh, use Catarrh-relieves. You'll be  
more than pleased with the quick im-

### ST. JOHN GARRISON WERE HIGH

Announcement of Brig-Gen  
Senatorship Cheered—  
Wrestling, Bayonet Fight  
Thrillers.

The St. John Garrison Sports  
and Entertainment Association staged  
their first big programme in the  
Armories last night and to say that  
it was a success was only putting it  
 mildly. There was not a hitch from  
start to finish and the fifteen hun-  
dred spectators were fully satisfied  
with every event and it looks as if  
this was only to be a starter for more  
successful athletic events during the  
winter months.

A guard of honor attended by the  
25th team was drawn up near the  
main entrance and shortly after eight  
o'clock were reviewed by Brigadier-  
General Macdonell who was accom-  
panied by His Worship Mayor Scholfield,  
and the Mayor addressed the associa-  
tion. The General stated that he  
regretted that His Honor the Lieu-  
tenant-Governor was unable to be  
present, but in his absence there was  
a very good substitute in His Wor-  
ship Mayor Scholfield.

Mayor Scholfield after a few re-  
marks stated that he had something  
very important to tell those assem-  
bled. He said that the news had just  
been received over the wire that the  
retired General Macdonell, who was  
commanding the 25th Brigade of the  
Garrison Sports and Entertain-  
ment Association and urged all young  
men in the city to sign up and obtain  
a chance of a military training as  
well as an athletic. His Worship  
then offered a prize for competition  
to be given in any manner that the  
association would wish.

The Mayor says given a grand ovation,  
and just as soon as he retired the  
25th band started in on an exten-  
sive programme of music and  
athletic programme was commenced.

ST. JOHN GARRISON SPORTS WERE HIGHLY SATISFACTORY

Announcement of Brig-Gen. Macdonell's Appointment to Senatorship Cheered—Track and Field Events, Boxing, Wrestling, Bayonet Fighting and Tug of War Were All Thrillers.

The St. John Garrison Sports and Entertainment Association staged their first big programme in the Armories last night and to say that it was a success was only putting it mildly. There was not a hitch from start to finish, and the fifteen hundred spectators were fully satisfied with every event and it looks as if this was only to be a starter for more successful athletic events during the winter months.

A guard of honor attended by the 26th band was drawn up near the main entrance and shortly after eight o'clock were reviewed by Brigadier-General Macdonell who was accompanied by His Worship Mayor Schofield, who took the place of Lieutenant Governor Pugsley, who through illness was unable to be present.

After the review General Macdonell and the Mayor addressed the association. The General stated that he regretted that His Honor the Lieutenant-Governor was unable to be present, but in his absence there was a very good substitute in His Worship Mayor Schofield.

Speaking on the evening's programme the Mayor said that all the citizens greatly appreciated the efforts of the military men in forming the association and giving the public such an excellent programme of athletics.

St. John had done last winter in skating and last summer in rowing, and it was the intention of St. John next summer to capture the championship single sculling event of America if not of the world, and that St. John was going to make Hilton Bell, who had championed the sturdy oarsman could stand the strain.

The Post Office team won the first pull by about an inch. The Garrison team won the second pull by about half an inch, and also captured the final pull by about the same amount.

The officials were as follows: Referee—A. W. Covey. Boxing referee—James Power. Wrestling referee—James Power.

Field judge—Dr. A. Malcolm. Field judge—Fred. Coombs, Capt. E. J. Cronin, D. P. C. Hilton A. Bell, Harry Ervine.

Inspectors—Dr. E. Stanley Bridges, Charles Gorman, Frank McCafferty, Sgt. G. L. Landry.

The excellent programme was brought to a close about 11 o'clock by the singing of God Save the King, and the spectators were fully satisfied that they had spent a most enjoyable evening.

The committee in charge of the sports wish to thank the officials and the different athletic organizations in the city for their hearty support in making the evening such a success.

Rothesay Wins The Championship

Playing Scoreless Tie With Fredericton Gives Them Inter-scholastic Rugby Honors

Special to The Standard. Fredericton, N. B., Nov. 7.—Rothesay Collegiate School won the title of the N. B. Inter-scholastic Rugby League by playing a scoreless tie here Saturday afternoon with the team of Fredericton High School. The game was played on a field covered with about three inches of snow and snow fell all the time play was on.

The first half saw the home team having the better of the territory throughout Rothesay defending successfully. The second half saw Rothesay take the offensive and keep Fredericton High defending except for brief periods. The local backs showed a weakness in not finding touch in their kicks. The lineup: Rothesay C. S. 1 2 1 4 3 1 3

Fredericton H. S. 1 2 1 4 3 1 3

Boxing. The first boxing bout was between P. R. Wines, S. J. G. and Hayes, the latter being disqualified and Wines given the decision.

Second bout—W. Bennett defeated R. Wines. In the finals, Wines won.

Tug-of-War. In the tug-of-war two teams pulled the best out of three, six men to a team. The teams were composed of the following: Post Office—A. Stevens, J. K. McDonald, Frank Napier, Wm. Mackin, Wm. Tynar, Fred. Joyce.

St. John Garrison—A. Strachan, H. Macaulay, B. McLennan, J. S. Nettell, G. Mallman, J. Powers. The Post Office team won the first pull by about an inch.

THIRTY-THREE THREE-YEAR-OLDS MADE RECORDS OF 2.10 OR BETTER

Despite the greatly reduced number of young trotters in the country the three-year-olds campaigned this season were the fastest ever seen on the Grand Circuit.

Play was not good, conditions were divided. Play of the backs was divided. Play of the backs was divided. Play of the backs was divided.

The black fly Rose Scott, bred and owned by Henry Oliver of Pittsburgh, was probably the pick of the lot, though Nelson Dillon, bred and owned by A. B. Cox of Philadelphia, and Guardian Trust, the property of Mrs. H. Hanna of Cleveland, fairly divided the honors of the season.

Coming out green at the Kalamazoo meeting in July, Guardian Trust took a record of 2.07 in winning his maiden race against a field of great horses. Two weeks later at Toledo he won the Matron Stakes, the first of the season's futurities in 2.06, and the next week the badly named Championship Stallion Stakes at Cleveland, but this time he was a two-year-old, not a three-year-old.

Rose Scott was saved for the late futurities this year, just as she had been in 1920. Her first start was when it came to the big purse at Columbus and Lexington she was ready and fresh enough to win them in 2.10 and 2.07, respectively. Her first start in this year was late in August at Poughkeepsie, where she finished second to Millie Irwin in 2.07 in a third heat.

St. John Garrison—A. Strachan, H. Macaulay, B. McLennan, J. S. Nettell, G. Mallman, J. Powers. The Post Office team won the first pull by about an inch.

English Women Know Hockey Game

Philadelphia, Nov. 7.—All-English women's hockey team added another game today to its string of victories over the United States eleven by defeating All-Philadelphia fifteen goals to three.

It was the first of three matches arranged between the two teams. Although decisively beaten, the Philadelphia girls gave the British players the hardest battle they have so far had on their tour, and scored more goals than any other opponent has been able to do.

Records six of the three-year-old trotters, most of which are at the head end of the list. Walter Cox and Harry Fleming are credited with four each.

Walnut Hall, 2.08, the contender in the Kentucky Futurity of '20 years ago, comes into the picture as the sire of the dams of David Arworthy, 2.06; Mary Kenna, 2.07, and Lord Risco, 2.09, while his great son, The Harvester, 2.01, is the sire of Peter Harvester, 2.07, his daughter, Rosa McKinney, 2.07, dam of the star performer of 1921, his son, Belwin, 2.06, sire of Guardian Trust, 2.06, and his other son, San Francisco, 2.27, (sire of Mary Kenna, 2.07, and Lord Risco, 2.09), and Zombro, 2.11; (sire of the dam of Peter Harvester, 2.07, and Baron Wilkes, 2.18, among the sires of fast three-year-olds in 1921. Silko, son of Moore, 2.14, sire of Baron Wilkes, is the sire of Sylvia Brooks, 2.04. All of these prominent sire lines run back to Rysdyk's Hambletonian, that of Peter the Great through Harry Medson, the Arworthy, McKinney and Baron Wilkes lines through George Wilkes, 2.22; those of Bingen and Walnut Hall through Electioneer and that of Belwin through Arthur 2.15.

S. A. Fletcher of Indianapolis and Mr. Dickerson share the breeders' honors of the season, the former having reared five of the seven fast three-year-olds by Peter the Great and the New York breeder having to his credit Asytra, 2.06, Sakura, 2.06; Finvarra, 2.08, and Himelie, 2.09.

Thomas W. Murphy drove to the top of the list in 1920. He won seven out of nine.

Failure to nominate him in any of the futurities or other early closing races of the Grand Circuit obscured the prominence of Cedar Works, per se, the fastest three-year-old of this or any other season. He won some good races in the Orange County Circuit before he trotted against time in 2.03 at Syracuse, but he never took the work in a race on a big track. That he might have beaten Sister Bertha's champion record of 2.03 if Murphy had gone on with him was the opinion of some keen observers who saw him finish at Syracuse.

Returns for 1921 about that 3 three-year-old trotters have made new records of 2.10 or better this season. The number believed to be unexampled. Certainly the showing made by the family of Peter the Great 2.07, is without a parallel. This wonderful old horse is the sire of Peter Pluto, 2.07; The Great Volo, 2.03; The Horse 2.08; The Laurel Hall, 2.06; Evelyn the Great 2.05; Marge the Great 2.08, and Peter the Brewer, 2.09; seven in all. Then his son, Peter Volo, 2.02 got Asytra, 2.06, and Eunice Bell, 2.08. Peter Scott, 2.05, another son, got Rosa Scott, 2.03, and Cedar Peter, 2.09, got Cedar Worth, 2.03, while daughters of the old horse are the dams of Miss Willoughby, 2.05; Nelson Dillon, 2.05; Sakura, 2.06, and Peter Harvester, 2.07.

"Some Smoke" To This Indian's Stride

Nineteen Starters Take the Word in Annual Road Race at Hamilton Bay.

Hamilton, Ont., Nov. 7.—Albert Smoke, the Peterboro Indian today won the annual race around Hamilton Bay. The race was over a distance of 19 miles 188 yards. Smoke finishing in 1:50.04. The record for the run is held by James Duffy who made the run in 1:31.14 in 1886.

Today there were nineteen starters, Arthur R. Scholer, Toronto, taking second place, James Dellow, Toronto, who won the race last year, came in third.

While the day was pleasant enough overhead for the runners, recent rains had made the route hard to negotiate, and the time was considerably good under prevailing conditions. The winner finished as fresh as though he had only been out for a short sprint.

Puritan Owners Much In Earnest

New Fisherman Being Designed by Burgess—Contract Awarded. Boston, Mass., Nov. 7.—The Gloucester contingent that took shares in the proposed fishing schooner, the Puritan, are very much in earnest and desire that work on the vessel be started at the earliest possible moment. They have attacked the matter in business fashion, possibly through the initiative of Captain Ben Pine, who in Halifax on October 22 when the Yankee schooner Elsie was defeated by the Bluenose, the Canadian flyer in the first race of the international series and it was apparent that the Elsie was no match for the bigger and newer craft, Captain Pine and others determined to build a schooner for next year's contest and within a short time the necessary funds were subscribed.

Wanderers Won From Acadia

Halifax, N. S., Nov. 7.—Playing on a slippery snow-covered field today the Wanderers senior Rugby team defeated Acadia University, of Wolfville, by a score of 13 to 0. The Wanderers were such that good football was out of the question. The Canadian Navy team defeated the Junior Wanderers 6 points to nil.

St. John High And Moncton Play Tie

Moncton, N. B., Nov. 7.—St. John High School and Moncton High School played a tie game at Rugby here Saturday afternoon, neither side being able to score. St. John was forced to touch for safety twice. St. John and Moncton Soccer teams played a two fifteen minute periods on the Moncton field after five o'clock this afternoon. Neither side scored.

## Holiday Prospects Caused Diminution In Stock Trading

### Bonds Only Issue to Show Any Life on New York Market.

New York, Nov. 7.—Tomorrow's noon (election day) and prospects of another holiday (armistice day) in the latter part of the week caused a visible diminution of business on the stock exchange today.

There was fairly active trading in bonds, however, some of the Liberty issues mounting to new high records for the year before realizing sales by speculative interests caused a moderate set back. Other incidents of an otherwise professional session included the renewed firmness of money rates, call loans ranging from the initial 5 per cent. rate to 5 per cent. in the afternoon, and the further acute collapse of German marks to a level below three for one cent.

## Efforts To Raise C. G. M. M. Ship May Be Fruitless

In the St. Lawrence river, the C. G. M. M. steamer Canadian Recruit is still lying where she sank on August 18 last, at the entrance to the Traverse, near Stone Pile, and shipping men, who have recently viewed the wreck, express the opinion that it is likely she will never be floated again. The efforts of Leachance Limited, the Quebec firm, which was given the contract to raise the vessel, have been hampered by the strong winds prevailing recently, and it is thought that if better success does not attend the work in the near future the cold weather will intervene and make further effort impossible this year. If the wreck remains under the water during the winter, it is believed she will not be worth raising next year.

The Canadian Recruit, while bound from Lewis, Que., to Sydney, C. B., was run into while at anchor near Stone Pile by the coal steamer Mackinac on the evening of August 18 last and sank immediately. The wreck was abandoned to the underwriters by her owners, the Canadian Government Merchant Marine, but it was understood that if redoubled she would rejoin the latter company's fleet. Leachance Limited, constructed from tanks and sank three alongside the vessel, one is to be used to each side of the 10-m being that their buoyancy when pumped out would cause the wreck to rise to the surface. Unfavorable weather, however, has so far made successful work impossible.

The Canadian Recruit was twice wrecked, having been caught in the ice fleet shortly after leaving Montreal on her maiden voyage towards the close of 1919. The vessel was cast on to the Isle-aux-Vaches, near Tadoussac, and remained on the beach and rocks throughout the winter. In the following spring she was refloated and taken to Montreal, where she was repaired by Fraser, Bruce and Company. Until her recent accident, she was engaged in carrying coal between Sydney and Lewis.

Berlin, Nov. 7.—From his watch tower in the Pacific the Tokyo correspondent of the Vossische Zeitung sends a survey of Anglo-Japanese relations which that paper prints under the heading "Kind of the Anglo-Japanese Alliance." The heading summarizes the conclusions of the correspondent, who as a German assumes the role of a disinterested observer, and as an old resident is closely in touch with Japanese public opinion.

He declares the events of the last three months have left no doubt that the alliance has ceased to exist as a solidified factor, and that England has adopted a new policy in response to pressure of the dominions and a desire for closer and more harmonious co-operation with the United States. The conviction that Great Britain had abandoned her former policy of activity in the Pacific, under which Japan was assigned the dominant role in the affairs of the Far East, is as far as the Anglo-Japanese partnership was concerned, and that she henceforth would adopt an Anglo-American rather than an Anglo-Japanese alignment has made a deep impression upon

## Material Upturns In Wheat Prices

Chicago, Nov. 7.—Material upturns in the price of wheat took place today owing more or less to frost reports from Argentina and to indications of export demand for Japan and other non-European countries. The market closed unsettled at 1 3/4 to 2 cents and higher. Corn gained 5/8 to 3/4 to 1 cent, and oats 3/4 to 1 cent. In provisions there was a set back ranging from 10 to 22 cents.

## Layer of Paper Over Field Increases Yield

### New Plan is Boon to Hawaiian Sugar and Pineapples.

Honolulu, Nov. 7.—Hawaiian sugar and pineapple planters, hampered by a shortage of field workers, have turned to science for a solution of their difficulties. "With encouraging results," it was revealed here recently.

A paper mulching process, invented to aid sugar cane cultivation by smothering weeds and reducing the number of necessary laborers, has proved successful in the cane fields and has been applied to pineapple culture in experiments during the last two years, with resulting indications that the use of the process will increase pineapple production by more than three tons an acre, it was stated by the Hawaiian Pineapple Company, the original concern in the industry here.

The paper mulching process is simple, and to a layman it would appear to be a simple expedient. It consists of covering the field with a specially prepared paper strong enough to prevent the growth of weeds but not sufficiently potent to retard the cane, which bursts through the blanket. C. F. Eckart, former manager of the Oahu sugar plantation, invented the process and experimented with it on the sugar cane fields of Lia. The process resulted in increased production, considerable decrease in the expense of labor and improvement in the quality of the cane, he said.

Shouts of "Disarm" Embarrass Envoys At Conference

U. S. Administration Has Shown It Cannot Allow Negotiation to be Without Security.

Washington, D. C., Nov. 7.—The Administration is beginning to feel considerable embarrassment because of increasing propaganda being spread by individuals and organizations that want the United States to enter on a programme of disarmament.

This propaganda is becoming more pronounced as the conference on armaments approaches. Several organizations are already at work in Washington and there are indications that by November 11 Washington will be flooded with agitation.

The possibility of such a thing has been apparent to officials ever since the call for the conference was issued. Hints have been dropped that such activities on the part of individuals and organizations are not desired.

These hints have been accepted in some quarters, but not in others. It is expected that President Harding and Secretary Hughes soon will find a way to be more outspoken on the subject. In taking this position it will be made clear that each propaganda, however well meant, possibly may do more harm than good to the cause of limiting armaments.

It is of course, the American desire as indicated many times in public speeches by those who formulate the national policy, that armaments should be limited to an extent which seems safe and reasonable. At the same time it has been emphasized often that the United States must not be led into a position of disarmament on its own account while other nations are building up their armies and navies and menacing American security.

Officials insist that the representatives of foreign countries must not get the idea that the United States is not going ahead with any programme of disarmament on its own account even if the conference comes to nothing.

Such a belief on the part of the foreign delegations would deprive the United States of "trading points" besides being incorrect. It will be recalled that soon after President Harding invited the nations to participate in a discussion in Washington, the popular idea gained ground that it was a "disarmament" conference. The gathering was referred to in some newspapers and it was general in conversation.

The authorities say instantly that this must be corrected. As a result of the conference a formal statement declaring it was improper to refer to the conference as a "disarmament" conference. The New York Herald editorial stated that the error. It was explained that the conference was "for the limitation of armaments."

The underlying purpose in correcting the name was to correct any popular idea that might follow that the nations were intended to bring about the abandonment of the Navy and the demobilization of the Army. The officials wanted the people of the country to realize that it would be unwise for the United States to discard its weapons of national defense. Thus they precipitated a more complete understanding of what was possible and what impossible.

Those who have been calling for complete disarmament and the number being to arrest any popular belief. The fear rests with the officials that unless they are called off, their propaganda may win for them a still greater following. Sentiment might grow to such an extent that a policy of complete disarmament might actually be developed.

Several organizations in Washington are sending out prepared articles to correspondents and newspapers of the subject of the conference. These organizations, whose officers are pacifists, urge that the United States as an object lesson to the world go in for a policy of disarmament. Hardly a day passes that some such article is not received.

In addition, a number of meetings have already been held for discussion of the question. Speakers representing all sorts of organizations, some never before heard of, are delivering addresses urging disarmament. It is this sort of thing, exactly that the Administration is opposing.

What a Dog! "My friend Hendrige had a most intelligent retriever," said Mr. N. R. Johnson.

"One night Hendrige's house caught fire. All was instant confusion. Old Hendrige and his wife ran for the children and bundled up with them in quick order. Alas, one of them had been left behind!

"But up jumped the dog, rushed into the house, and soon reappeared with the missing child. Every one was saved. But Pongo dashed through the flames again. What did the dog want? No one knew. Presently the noble animal reappeared, scowled and barked, with—'What do you think?'"

"Give it up!" cried the eager listeners. "With the fire insurance policy, wrapped in a damp towel!"

NEW STEAMER LINE SERVICE FOR PORTLAND

Fleet Under American Flag to Run from That Port to Antwerp and Hamburg.

Portland, Nov. 7.—According to information received by Jas. M. McDonough, local manager of the Robert Reford Company, ships flying the American flag and operated by Rogers & Webb will have a regular freight service between Portland, Rotterdam, Hamburg and Antwerp the coming winter season.

The first ship of this service is the Western Plains which is scheduled to sail from Fowey, Eng., within a few days for this port and after discharging her cargo here will load a full cargo of grain and general cargo for Rotterdam, Antwerp and Hamburg.

At the present time Rogers & Webb are operating several ships owned by the United States Shipping Board between Montreal and Rotterdam, Hamburg and Antwerp, and it is expected that this fleet of ships will be transferred to the Portland service with the closing of navigation on the St. Lawrence River.

Mr. McDonough said today that steamship service to the United Kingdom through the United States Shipping Board by the Cunard Line, the Anchor-Donaldson Line and the Thomson Line the coming winter will be largely governed by the movement of grain. There is a decided slump in this commodity at the present time because European buyers are not buying as they are waiting a drop in prices. Unless conditions improve Mr. McDonough believes that sailing schedules will be modified.

In the meantime the Cunard Line will operate a weekly freight service between this port and London. The Anchor-Donaldson line plan to have a steamer every ten days from Glasgow and the Thomson Line hope to have a ship every ten days from Newcastle, Eng.

The first ship of the Portland-Glasgow service for the season is the Garcia which will sail from Glasgow on Nov. 19 and leave here on the return trip Dec. 3. The first Cunard Line freight ship on the Portland-London service to sail from London will probably be the Venusita and it is expected that she will sail for this port about Nov. 19.

Large Dredge Near Completion One of the largest dredges in the world is now nearing completion at the yards of Canadian Vickers, Limited, and is expected to be handed over to her owners, the Department of Marine, by about two weeks time. It will probably be put to work on the channel below Quebec and will leave for the latter port immediately on delivery.

The dredge is considerably larger than any hitherto built in the Dominion, being 284 feet long between perpendiculars and 393 feet long over all. The moulded breadth is 48 feet and the depth 24 feet 8 inches.

The construction of the dredge was commenced by Vickers in 1914 but owing to the pressure of war work had to be temporarily abandoned. It was then taken to Borel, where it lay until brought back to Montreal during the past summer.

Self-Defence. "Why is it," said Mrs. Nagessen, "why what is it that men like you always snag and bite my wives?" "I should think," said Nagessen, "discussing it is the best self-defence that makes a dog growl at his feet!"—Richmond Times-Dispatch.

THE WEATHER

Toronto, Nov. 7.—Forecast is high over the Western Provinces and Great Lakes and low both east and south. The weather continues cold in the west and is becoming colder in Ontario and Quebec.

Forecast: Maritime—Fresh to strong northwest winds, partly cloudy and colder with snow showers.

AROUND THE CITY

Word was received by the Warden of St. John's (Stone) Church of the safe arrival in England of D. Arnold Fox. Mr. Fox's many friends in the Stone Church congregation and elsewhere will be glad to learn that he stood the journey quite well.

MORE EELS.—The workmen of the water and sewerage department are still making war on the eels in the water pipes and yesterday took two out of the fire hydrant at the upper end of Chesley street. One was a regular waterhob, measuring two feet, eight inches in length.

A DIVORCE GRANTED.—After many years of patient suffering, you can be divorced from your wife. This wonderful old remedy acts in 24 hours and never fails. Refuses a substitute and remember "Putnam's" is the only Painless Remedy. See every where.

THANKSGIVING DINNER.—A very successful Thanksgiving dinner was given in the Tabernacle church yesterday by the Ladies' Sewing Circle, under the convalescence of their president, Mrs. William Foster. The dinner was well patronized, and the considerable sum realized will be devoted to the general church fund.

SPECIAL THANKSGIVING SERVICE.—A special Thanksgiving service was held last evening in the Main street Baptist church. The pastor, Rev. Dr. Hutchinson referred to the many things for which Canadians especially should give thanks to God. As the day also commemorates the signing of peace the memorial tablet of the church was decorated with a wreath of poppies in memory of the boys who lie "in Flanders' Field."

BOYS' DEPARTMENT MIKE.—Some fifteen members of the boys' department of the Y. M. C. A. had a glorious hike yesterday under the leadership of the secretary of the department, E. A. Morton, and his assistant, Elmer Smith. The boys left early in the morning and hiked out to way of Rockwood Park. They took their dinner and were gone the best part of the day.

M. S. Benson.—Word was received yesterday that M. S. Benson of Chatham had suddenly passed away. Mr. Benson was taken ill last week with paralysis of the brain and although hopes were held for his recovery he died yesterday. He was a barrister and a man prominent in business circles in the province, and leaves a host of friends to mourn their loss.

PERSONAL.—Dr. Maxon Case, who has been taking a holiday trip, visiting a number of American cities, will arrive home today. Mrs. S. K. Smith has returned home after a month's visit to Montreal, the guest of Mrs. J. G. Embley, at the Dudley. F. E. Neale, of Chatham, is a guest at the Royal Hotel.

Orangemen Attend Divine Service

Sons of England Take Part in Parade—Inspiring Sermon by Rev. Neil McLaughlin.

Members of the Orange Order and Sons of England attended divine service at Queen Square Methodist church Sunday afternoon, and listened to an inspiring address by Rev. Neil McLaughlin. The service was arranged as a public Thanksgiving service by these orders for the many blessings conferred on the Empire and especially that victory had been won on her banners in the great war of the service was under the immediate direction of Dominion Lodge No. 141, L. O. L., and Lodge Portland, & O. E., and other lodges of both orders took part in the parade and service. The ladies of the L. O. E. A. did not parade but they were present at the church in large numbers and took part in the service.

They met at Dominion Lodge Hall, Simonds street, and headed by St. Mary's Band, marched by way of Main, Mill, Union, Sydney, Queen Square to the church, where seats had been reserved in the body of the building. The church was filled to the doors with the members of the societies and their friends were true to their promise. The offering, which amounted to about \$75, will be equally divided between the Memorial Home and St. John Protestant Orphan's Home.

Rev. Mr. McLaughlin took as his text Judges 7: "And the Lord said unto Gideon, by the three hundred men that lapped will I save you, and deliver the Midianites into your hands." It was a critical time in the history of Israel when this was spoken. For seven successive years the Midianites had raided the land and carried off the harvests and now they were threatening to make another raid. Gideon had gathered together an army of 32,000 men, but the enemy had 137,000 trained, fighting men opposed to them. Of this 32,000 only 10,000 started for the battle field, the other 22,000 having turned homeward through fear. But the army of defiance was still further reduced by the test when they passed through the brook and only 300 met this test.

But this 300 won a great victory because they had in their hearts the real spirit of victory. The 2,700 failed because they lacked the sacrificial and enthusiastic spirit. This was true of life today. It was the men who had this spirit that won great victories.

This was true of the order which was addressing the Orange Order, for they had played a large part in preserving the religious and civil liberties of the Empire. The order was born in 1698, and was instituted to help William Prince of Orange in his fight to uphold the freedom of worship which James II. wished to take from them. Ever since that time the order has stood for freedom for all men and special rights for none.

Gideon won his fight because God was with him, and the Orange Order won its fight only as God was with them, and if they were true to their principles they were the best friends any country could have. The Orange lodges taking part in the service were the Black Knights, Scarlet Chapter, Nos. 1, 2, 3, 7, 24 and 141, and No. 11, L. O. E. A.

Motorists Provided Some Amusement

Cars Without Skid Chains Had Difficulty on the Steep Hills.

Yesterday was a hard day for the motorists, and many humorous happenings were seen on the steeply rising hills. Some of them very nearly ending in tragedy. Mill St. hill and King St. were the most difficult spots and the fellow who was caught out with smooth tires and no chains had a nerve racking time of it for a while.

Several turned completely around while coming down King street, and one took to the sidewalk, not however, of his own free will. This gentleman was making for the Union Club, he tried to turn into Germain street but skidded, turned half way round and backed gracefully down the sidewalk for some distance before he could bring the car to a stop.

Yesterday afternoon a car was seen trying to get up Chipman Hill, but even got out and tried several times but no avail. They had to go around and come down the hill. After a time those coming from the North End to the city got wise and most of them went around Smythe street and North Wharf.

Fire Destroyed Tug Lord Beatty

Deckhouses Burned and Hull Badly Damaged Saturday Evening.

Fire of unknown origin practically destroyed the tug Lord Beatty on Saturday evening. Captain Beatty and crew lost all their belongings in the flames. The loss could not be ascertained definitely yesterday as the survey of the portwardens has not been held. The loss to the members of the crew will run well over \$1,000, as all their clothing, blankets, clothes on their backs and the engine room, in addition to his clothes his entire kit of tools, but managed to save fifty dollars which had under his mattress in his bunk.

The boat tied up at her berth, McAvity's wharf, Saturday afternoon and about 10:30 p.m. the fire broke out. About half past six the other members of the crew left the boat for a run up town and everything was in apple pie order at that time, no sign of fire anywhere. About eight o'clock the flames were seen bursting out and an alarm rung in from box 25. The fire quickly responded but the fire flood had gained such headway that before the blaze was extinguished the whole interior of the craft was a wreck. After the flames had been conquered the boat was towed around into the slip and now lies submerged up to high water, waiting for the portwardens survey, which will probably be made today. In addition to the deckhouses and the work room the hull of the boat being destroyed it is thought the machinery is ruined as well.

Thankful Allies Made Peace Terms

Presbyterians Unite With Knox Church in Service of Praise and Thanksgiving.

The Presbyterians of the city held a united Thanksgiving service, yesterday morning, in Knox church, and the gathering was truly representative of the various Presbyterian churches of the city. Rev. R. Moorhead Legate, pastor of Knox church, presided and conducted the service and the sermon was preached by Rev. J. A. Morrison, D. D., pastor of the First Presbyterian church.

The speaker based his remarks on 1 Chronicles 29:13: "Now, therefore, our God we thank Thee." After taking his hearers back to the days of the early colonists in 1691, three centuries ago, when Thanksgiving was inaugurated and reviewing world happenings since that time, he pointed out the need for optimism today, asking the congregation to consider that, while it was true we did hear of unemployment, of the loss of our capital and labor and various other unpleasant things, what would have happened had the Hun been victorious in the late war, and to return thanks to God that it was the Allies who had won the terms of peace. A feature of the service was the number of ministers in the congregation. All the Presbyterian ministers were seen. Rev. Dr. Steel representing the Methodists and Rev. Dr. Hutchinson, representing the Baptists.

Today we cannot deny that opportunity is with us, that the ability to do good is ours in National and International affairs. Never has opportunity been so great as this. Opportunity never has revealed her ability as today.

We are confronted with tremendous difficulties, and the question is, "Have we the qualities which will help us to overcome to the end?" We have, if we live our lives according to God's plan.

In carrying on to completion what our gallant but only began we know that we do so under the banner of the King of kings, The Saviour Christ is our Leader and Commander. He who out of us all appeared the most hopeless defeat rose triumphantly victorious. He has never failed to lead the weakest soul that cried to Him for help on from strength to strength and to victory.

The morning hymns were chosen with reference to Peace, and "In Flanders' Field" was very beautifully sung by Mrs. George K. Bell. The evening service partook more of the nature of National Thanksgiving, the subject of the sermon being "Losing Life." A prayer for the International conference on Disarmament was read by the pastor.

FIVE MEN IN FOR SHELTER

Although the cells were occupied by five inmates Saturday night, none of them were in for arrest, they simply applied to the city for a shelter from the wintry blasts. On Sunday, Joseph Holchuck was arrested for being drunk on St. James street, and also for breaking the shop window of E. Libby, 233 St. James street. Flammer Shaw and August Smith were arrested for lying and hitting on the property of the O. P. R. Three protectionists were sheltered Sunday and also four plain drunks.

Brig.-Gen. Macdonnell Appointed Senator

Appointed to Senate to Succeed Hon. Claude Macdonnell, Resigned.

Ottawa, Nov. 7.—Brigadier-General Archibald Hayes Macdonnell, C. M. G., D. S. O., of Toronto, has been appointed to the Senate to succeed Hon. Claude Macdonnell, who has resigned, it was announced today. The announcement in St. John of the appointment of Brigadier-General Macdonnell to the Senate was made by his Worship Mayor E. A. Schofield, during the holding of the indoor sports meet at the Armories yesterday evening. The newly elected Senator, who was present for the witnessing of the contests, and made the opening address, was loudly cheered, and he received many congratulations from his numerous friends. While the appointment fills an Ontario vacancy, caused by the resignation of his brother, Senator Claude Macdonnell, it is also the elevation of Brigadier-General Macdonnell to the Senate is a very popular one in New Brunswick from every standpoint.

Grand Military Career.—Brigadier-General Macdonnell was born in Toronto, on February 6, 1868. He joined the militia in February, 1888. In 1893 he was appointed to the permanent force and was posted to the Infantry Station at Fredericton.

On the outbreak of the South African war, he went to South Africa with the 1st Canadian contingent, and shortly after his return to Canada, Brigadier-General Macdonnell proceeded to the permanent force and was posted to the Infantry Station at Fredericton. He was on seven expeditions for which the medals and decorations were granted for his service there covered a period of two and one-half years. Immediately on his return to this country, he was selected for the Staff College in England, where he spent two years at military studies extending from 1905 to 1907.

Early in January, 1907, the newly appointed Senator was employed on the staff at Halifax, and was sent to Toronto as Chief Staff Officer for Western Ontario Command in 1910. At the time of the rearrangement of the military districts Brigadier-General Macdonnell was transferred to the staff at London, Ont., where he was in service when the war broke out. He was immediately appointed to the Staff of the 1st Canadian Contingent. After serving for six months in that capacity, Brigadier-General Macdonnell resigned from the Staff to take command of the Royal Canadian Regiment with which he served in the trenches for seven months. Sometime afterwards he was appointed to command of the 1st Infantry Brigade, and was in charge for fifteen months.

Was Decorated.—On his return from the European War to Canada, Brigadier-General Macdonnell was detailed to come to New Brunswick to organize the military districts. He was mentioned six times in the field, and is the holder of an enviable military record. Brigadier-General Macdonnell was granted the D. S. O. at the capture of Crotoy in the South African war, and was awarded the C. M. G. during the recent European conflict.

Car Turns Turtle With Occupants

Two Ladies and Man Have Narrow Escape from Serious Injuries.

Two ladies and a man had a narrow escape from death, or serious injury, on Sunday afternoon when the automobile in which they were riding turned turtle with them, but fortunately they escaped with minor bruises. In order to avoid hitting a car in front the driver of the car made a swift swerve into Stanley street and over the top of the car. Several of those who saw the accident at once hurried to the scene and it was found the driver of the car was suffering from cuts about the face, and the ladies from shock. They were taken into a nearby house and after a short time were able to proceed to their homes.

First Snowfall of The Season

Two and Three-Tenths Inches Dropped Yesterday—Streets and Walks Slippery.

The weather man decided he would take a hand in the celebration of Thanksgiving this year and sent the first snow storm of the season as his share. The snow started coming down about nine o'clock in the morning and kept it up until about eight o'clock in the evening. The streets were very slippery and the kiddies sliding on the sidewalks, made the footing very uncertain for the pedestrians. The snow started coming down to "watch your step" if they wished to remain upright. The automobile had a hard time of it all day unless they were equipped with chains. During the day the thermometer never got above the freezing point, the lowest reading being 23 above and the lowest 24 above. At the weather bureau last evening the instrument showed that during the day there had

A united Thanksgiving service of all the Methodist congregations in Centenary church, in the morning, under the direction of Miss Alice Hea, who presided at the organ, rendered with great effect a special programme of Thanksgiving music, notable amongst which was Woodward's "Te Deum" in E flat.

LIVELY BLAZE IN BISHOP'S PALACE An alarm was rung in from box 54 at about 10:30 Sunday morning for a fire in the Bishop's Palace. It is believed the fire was caused by spontaneous combustion in a coal bin. It is a considerable portion of the floor in the Reverend Father Dale's library to reach the blaze, but other than that but little damage was done.
