Curator of Museum.*

WM. R. BEAUMONT, M.D., F.R.C.S., ENG.,  
*Dean.*

**Session, 1852-53.**

Courses of Lectures in the Faculty of Medicine will commence on October 20th, 1852, and end on March 31st, 1853.

Five Lectures in each week will be delivered on each of the following subjects, viz.:-

Materia Medica and Pharmacy.....	9, A.M.
Midwifery and Diseases of Women and Children.....	10, A.M.
Chemistry .....	10, A.M.
Anatomy and Physiology.....	11, A.M.
Theory and Practice of Medicine... ..	2, P.M.
Practical Anatomy.....	3, P.M.
Theory and Practice of Surgery.....	4, P.M.
Medical Jurisprudence.....	6, P.M.

Three Lectures in each week on Practical Chemistry.

Clinical Lectures on Medicine and Surgery twice in each week, at the Toronto General Hospital, by Professors King and Beaumont, at 1 o'clock, P.M.

Clinical instruction in Midwifery, at the Provincial Lying-in Hospital and Vaccine Institution, by Professor Herrick.

The Sessional Examinations will commence one week after the termination of Lectures. They will be conducted by means of printed or written questions and written answers.

PRIZES.

Two prizes in each subject will be open for competition at the Sessional Examinations to those students who have regularly attended the Lectures; one of which will be for the Senior division, the other for the Junior division.

The Senior division will comprise those students who have attended more than one course, here or elsewhere, on the subject of examination.

The Junior division will comprise those who have attended but one course in this University.

Prizes will also be given for the best Clinical Reports of Cases in the General Hospital.

A prize will be given for the best Dissection.

---

CERTIFICATES.

Certificates of attendance will be given to those students who shall have attended three-fourths of the Lectures.

## DEGREES.

The requisites for the degree of M.D. are as follows, viz.:

(A). Having taken a degree in Arts in this University, or in a University or College, the degrees of which are recognized by this University, or having passed the Mátriculation Examination.

(B). Having attained the age of twenty-one years.

(C). Having been engaged in Medical studies not less than four years; having attended not less than two courses of Lectures, each of six months' duration, on the subjects marked 1, 2, 3 and 4; one six months' course on the subjects marked 5, 6, 8 and 9; and one three months' course on the subject marked 7, in this University, or in a University or College or School of Medicine recognized by this University.

1. Practical Anatomy, with Dissections.
2. Anatomy and Physiology.
3. Principles and Practice of Medicine.
4. Principles and Practice of Surgery.
5. Materia Medica and Pharmacy.
6. Chemistry.
7. Practical Chemistry.
8. Midwifery and Diseases of Women and Children.
9. Medical Jurisprudence.

Provided always, that one year at least must be spent in attending Lectures in this University; and, provided also, that certificates of attendance upon more than four or less than two of the above subjects in one year be not received.

(D). Having attended the Medical and Surgical practice of a recognized Hospital for eighteen months, and Medical and Surgical Clinical Lectures during six months of the above time.

(E). Having passed examinations in all of the above subjects. The examinations to be conducted by printed questions and *viva voce* examinations on the written answers, at the discretion of the examiners.

(F). Having performed the appointed exercises, which shall consist of a thesis on some medical subject chosen by the candidate and approved by the Dean of the Faculty, and the performance upon the dead subject of such capital operations as may be required by the examiners.

### Subjects for Examination—1852.

#### FOR CANDIDATES FOR ADMISSION.

Homer, *Iliad*, B. I.  
 Xenophon, *Anabasis*, B. I.
